Soldier home on convalescent leave

3 Purple Hearts tell only a part of story

TS Joe Sanchez, son of County Commissioner Ben Sanchez who "earned" three Purple Hearts in nine months in Vietnam, didn't have to go back to complete his year's tour of duty in that war zone.

Instead the army has flown him home on a 30-day convalescent leave.

Sergeant Joe may have to undergo a foot operation to repair damage from a foot wound, but he

exercising it daily on leave may do the trick without the operation.

Sanchez was wounded for the third time last Jan. 28 when he was leading his 18-man squad across a river in the Mekong Delta. They were returning from a search mission and their Ninth Infantry Division base camp was only 2,000 yards away.

It was the third trip out since

Joe became squad leader. He had commanded them through a 12-day and a 6-day search operation in the 45-day period without a casualty—and they were almost "home" on this one.

All 18 men were in the river when one hit a trip wire down in the water which he couldn't see. This exploded two anti-personnel mines set by the Viet Cong and every member of the squad was hit by the flying shrapnel.

Four were killed and the other 14 wounded. Joe was hit in eight places but directed the evacuation and the calling in of helicopters to fly the wounded out.

Joe was on a stretcher being loaded onto one of the helicopters when a tetanose girl tending only 15 yards away pulled out a 45-caliber and fired at him.

The bullet smashed into his right foot.

The girl, a Viet Cong agent, was killed instantly in answering fire by the GIs. "If she'd taken time to aim, she would have had me," Joe told The Dispatch. "We thought at the time she was just an interested civilian. Then the gun was in her hand."

The mines actually are the Viet Cong's best weapon in the watery delta region, according to Sanchez, and account for most of the American casualties.

Joe received his first wound, Aug. 7, 1968, when he got a shrapnel. (See Sanchez home, Page 8)

He was on welfare

John Beggs inherits fortune in Ireland

Three generations of a Post and Snyder family — John Beggs, his son, Dickey Beggs, and Dickey's six-year-old son, Chris, will leave in about a week for Belfast, Northern Ireland, to claim a large estate inherited recently by the elder Beggs.

The Gihon Estate, which includes 169,000 English pounds (more than \$400,000 in U. S. dollars) and two large houses in Belfast are included in the inheritance.

The Beggs family, which has been in this country for 78 years, owns the Beggs Ranch east of Post. John Beggs was a resident of Post for many years before moving to Lubbock several years ago, and Dickey is a graduate of Post High School. They live in Snyder now.

The inheritance came at a good time, Dickey told The Dispatch. "At the time we got word of it a few weeks ago from the family's lawyers in Belfast, I was roughnecking in the oil fields and Dad was on welfare."

Cunningham & Dickey are the Beggs family's lawyers in Belfast and have been for many years. Dickey Beggs was named after one of the law firm's members.

Dickey said one of the houses inherited in Belfast has 32 rooms. Dickey, his father and his son, Chris, will leave Lubbock by plane for New York and from there to Ireland.

"I don't know just how long we'll be over there," Dickey said, "but it will be for as long as it takes to settle the estate."

Rotary seeks new home for scout troop

The Post Rotary Club asks that any property owner willing to donate houses or buildings to be torn down or moved for a new home for the Rotary-sponsored Boy Scout Troop 316 to contact a member of the club's committee on the problem.

The Scout troop's present meeting place — two old box cars behind the American Legion home — has holes both in floor and roof and needs replacing.

The Rev. Curtis Lee, Rotary president, named Harold Lucas, Julian Smith, Bill Pool and Dick Tanner as the committee to work up a project to get the troop a new home.

CLEAN-UP CORNER

You're invited to a "weed party" at 9 a. m. Saturday in the 100 block North Broadway. Please wear your working clothes and bring your own Coke as no refreshments are planned.

The "weed party" is the means by which a group of local citizens who care plan to attack Post's downtown blight by eliminating the present No. 1 eyesore along busy US-54.

If enough help turns out at least three properties will be cleaned up.

Youth's leg is broken in freakish accident

Danny Dozier, Post High School senior, broke his left leg in a freakish accident in the high school gym Monday morning.

Coach Glyn Gregg said Danny suffered the broken leg when he sat down on it while waiting for volleyball practice to start. Both bones were broken just above the ankle.

Danny, son of the Rev. and Mrs. Dale Dozier, was taken home after having the injury treated at a local doctor's office.

Post to hear how Snyder won All-America honors

Local cleanup interest sought

City Manager George Patterson of Snyder will tell the story of how Snyder became an "All American City" here Friday night at a public meeting called by a group of local women to arouse interest in a real community clean-up of Post.

Every interested person is invited to hear City Manager Patterson explain how Snyder developed an all-out community effort. The meeting will be held in the Primary School auditorium, beginning promptly at 8 p. m.

The meeting is the planned first step of what has been named "Operation Clean Sweep" by the women's group which met Monday night in the home of Mrs. Helen Cornish to consider how to go about organizing a real all-out community clean-up.

They chose "some good neighborly advice" as the proper starting point and invited Patterson to come to Post to talk to everyone interested on how Snyder converted a 1964 community clean-up effort into a broad four-year campaign which culminated in the securing of a new major industry and the winning of one of the 1968 All American City awards presented jointly by Look Magazine and the National Municipal League.

Among Snyder's many accomplishments in winning the All American City award was its "Operation Sparkle" in which 19 clubs and 700 citizens joined in a gigantic clean-up, paint-up project in which 5,000 truckloads of debris left from the oil boom were hauled away, along with 314 junked cars. More than 200 delapidated

buildings were razed and 75 other eyesores painted.

City Manager Patterson told The Dispatch Monday after accepting the invitation to speak here Friday night that Snyder united to attack its community problems on four fronts — removing blight, adding beautification, developing new industry and entering into needed social projects. He has been at the municipal helm in Snyder for the last six years.

Mrs. Cornish told the women's group Monday night that a block by block survey she has completed of Post's original townsite

shows three particular problems besides the need for a general residential and business district clean-up.

The worst, she explained, were 62 "abandoned houses" which she has marked on the city map. These are empty houses which she rated as unrentable without major overhaul.

In her survey, she also had marked 217 vacant lots in the square-mile original townsite which have not been kept mowed since last year and 62 junk cars scattered over town which are both unsightly and unsanitary.

Meeting with Mrs. Cornish Monday night were Mrs. Helen Livingston, Ruth Ann Newby, Pee Wee Pierce, Sandra Alexander, Willie Cross, Rosemary Chapman and Applane Ammons.

Among the organizations represented at the first exploratory meeting were the Jayceeettes, Xi Delta Rho of Beta Sigma Phi, and Gamma Mu chapter of Epsilon Sigma Alpha.

The group decided that arousing public interest and getting some tips on how Snyder succeeded in "putting it all together" was the logical starting point.

Approved by voters, 380 to 202

Hospital district to be created Monday

The new Garza Hospital District will be officially created Monday by Garza County Commissioners Court action following approval by county voters, 380 to 202, in a special election Saturday to create such a district to operate Garza Memorial Hospital.

County Judge J. E. Parker said at a special meeting of the court Monday the special election ballots will be canvassed, a five-member hospital board to operate the district will be appointed by the court and hospital funds transferred from the county to the new hospital board.

Virtually all of the present hospital trustees are expected to be appointed to serve until the first board in April, 1970.

The special state law creating the new hospital district requires that hospital trustees be real property owners. It is understood by The Dispatch that one member of the present trustees does not meet this legal qualification.

Judge J. E. Parker told The Dispatch that the remainder of subsidy funds promised by the county will be transferred to the new hospital district account Monday as will the balance in the county's hospital sinking fund.

The hospital has not needed much of its 1969 subsidy fund to date but is entering the summer season of usually light hospital usage.

Judge Parker said the new hospital board will be sworn in Monday at the special session of the commissioners court.

The new hospital district will fall for 1970 use and the county levy a 25-cent tax of its own this will reduce its county tax rate from 95 to 80 cents, which is the amount of current hospital subsidization with tax funds.

Voters approved the creation of the hospital district in Saturday's special election at eight of the 12 county voting precincts, including every one of the city's six voting precincts.

Three of the four voting boxes which brought in "no" majorities were Southland, Verbena, and Pleasant Valley, most of whose residents probably use out-of-county hospitals because of closer proximity. Close City returned only a one-vote majority against the dis-

trict. Justiceburg and Graham boxes returned majorities in favor of the new hospital district. Justiceburg by almost a 6 to 1 margin.

Five of the six voting boxes in Post returned majorities ranging from better than 3 to 1 up to almost 5 to 1.

A total of 587 voted in the special election.

The results by voting boxes with the "yes" vote appearing first:

Teen Town 150 to 46; Southland 4 to 40; Verbena 4 to 11; Justiceburg 17 to 3; Close City 12 to 13; Graham 23 to 14; Pleasant Valley 8 to 19; South Post 80 to 26; Valdez Station 16 to 4; Lutheran Church 39 to 8; Postex office 7 to 2; and City Hall 18 to 16.

To Tri-State Festival

Band and choir ready for trip

More than 150 Post High School band and choir members, their directors and chaperones will leave at 8 a. m. Wednesday, April 30, for the Tri-State Music Festival at Enid, Okla., May 1-3.

Because of the band and choir trip, the Post schools will be dismissed Tuesday afternoon, April 29, for the rest of the week. The band and choir will travel in four chartered buses and are scheduled to return to Post at 8 a. m. Sunday, May 4.

Accompanying the 75 choir members will be their director, George M. Willson, along with Mr. and Mrs. Jim Strawn, Mr. and Mrs. Garland Davies and Mr. and Mrs. Bob Baker.

The approximately 80 band members will be accompanied by their director, Herb Germer, Mr. and Mrs. Bob Collier, the Rev. and Mrs. O. Curtis Lee, Mrs. V. O. Raskby, Mrs. Maxine Cummings, and possibly one or two other adults.

The choir will stay in Kingfisher, which is 35 miles from Enid, at the Broadway and Copa motels. The band will be quartered at motels in Hennessey, which is also near Enid.

At the Tri-State Music Festival, which is one of the nation's largest high school music events, members of the Post band and choir will participate in various contests and some of the members of each group will sing with the festival's honor choir and play on the festival's honor band.

Financing of the trip has been a year-long project of the band and choir and their adult organizations, the Choir Parents and Band Boosters.

Jimmy Holmes is new cashier; Myers promoted

J. B. Potts, president of the First National Bank, today announced the appointment of one new officer to the bank staff and the promotion of another.

Jimmy Holmes, a certified public accountant who operated his own accounting firm in Lubbock for 14 years before selling it last year, has been named to succeed Vernon Scott as the bank's cashier, effective May 1.

Fred Myers, assistant vice president since 1964, has been promoted to vice president.

Myers joined the bank's staff of officers in 1962 as assistant cashier and was promoted to assistant vice president in 1964. Holmes is a 1948 Texas Tech graduate and a battalion sergeant major with the 101st Airborne Division during World War II, and his wife, Rita, has two sons, Rod. (See New cashier, Page 8)

Jail differences said ironed out

The "jail differences" between the county sheriff's department and the city police department have been ironed out, Sheriff L. E. (Fay) Claborn Jr. told The Dispatch Monday.

The ironing out of the differences between the two departments over the use of the county jail for city prisoners came as a result of meetings between the city council and the commissioners' court and the city council and the sheriff.

The sheriff also announced that Walter Crider has been hired as night jailer and will be on duty from 10 p. m. until 6 a. m. daily. Mayor Giles C. McCrary said Wednesday that use of the county jail for city prisoners is scheduled to become effective today (Thursday) after he meets with the sheriff and Police Chief Bill Gordon.

\$800 worth mops and brooms sold

Approximately \$800 worth of brooms, mops and other household products was sold by the Post Lions Club at its annual Caravan Sales for the Blind here last Saturday. It was reported at the club's Tuesday night meeting at Jackson's Cafeteria.

The Post Lions will retain 25 percent of the sales proceeds for use in their local sight improvement projects.

J. B. Crane, a "rising golf amateur," presented the program at Tuesday night's meeting, giving tips in the use of clubs, stance, grip, swing, and so forth.

The Lions express their thanks to all who helped make the broom sale a success.

Musical 'Carousel' will be presented May 9-10

No sooner will the Post High School band and choir return from their trip to the Tri-State Music Festival at Enid, Okla., than they will start making final preparations for the musical, "Carousel," which they are to present Friday and Saturday, May 9-10.

The musical will be under the direction of George M. Willson, with Herb Germer directing the band. Mrs. Thomas B. Hamilton will be in charge of the stage direction.

Mrs. R. E. Cox dies Thursday

Mrs. R. E. Cox, 86, of 302 West 10th St., a resident of Post since 1917, died about 5:30 o'clock this morning in the Garza Memorial Hospital.

Funeral services for Mrs. Cox will be held at 2 p. m. Friday at the First Baptist Church, of which she was a longtime member. The body will lie in state at the Hudman Funeral Home chapel until 1 p. m. Friday.

Born Stella Oliver on April 3, 1883, at Bowie, Tex., she was married to R. E. Cox on July 31, 1904, at Mt. Vernon. The couple moved to Post in 1917 and Mr. Cox, who died in March of 1966, established the R. E. Cox Lumber Co., now owned and operated by their son, Robert Cox.

Mrs. Cox is survived by three sons, Robert of Post, Morris of Dallas, and Bill Cox of Pinetop, Ariz.; three daughters, Mrs. Mabel Green of Waco, Mrs. Jess Hendrix of Post and Mrs. Rene Jones of El Paso; 12 grandchildren and five great-grandchildren.

The Rev. Joe Vernon, First Baptist pastor, will officiate at the funeral services.

Burial will be in Terrace Cemetery under the direction of Hudman Funeral Home. Pallbearers will be Clint Herring, Ray N. Smith, L. G. Thuet Jr., Dowe Mayfield Sr., Bland Tomlinson and Henry Edwards.

34 cents doesn't tell the story

This is National Library Week in Texas and the main concern being voiced across the Lone Star State by library patrons is the "shamefully low state average" of \$1.24 per capita by which Texans support their public libraries.

This obviously is bad. In California the figure is \$3.89 and back in Massachusetts where culture has flourished for almost two centuries now it's \$4.61.

When you consider the fact that tax support of the Post Public Library is not even a third of the low Texas average—only 34 cents to be exact—you'd probably expect The Dispatch, which has always fought for library development here, to be outraged.

But we're not.

That 34 cents doesn't tell the story.

You simply can't measure the love and devotion of local book lovers who have created and nurtured the Post Public Library into being and then pushed it forward to rather amazing accomplishments in tax dollars and cents and per capita average.

As far as The Dispatch knows, the Post Public Library is the only public library in Texas now being operated solely on volunteer help.

Just look at what we have.

We have a volunteer librarian who devotes a portion of each working day to the library. We have volunteers who work behind the checkout desk and keep the library operating, devoting a portion of each week to this assignment. We have others who can scan book catalogs and keep abreast of the new book market to purchase books. We have others who catalog books so the proper record can be made before placing a book upon the shelf. We have others who with "do it yourself" book repair kits repair books still "good enough" for reading if they can be put back together.

But this isn't all.

Our library has its own "booster club," composed of from 300 to 500 dues paying members, who support our library development and actually give of their own time and efforts to "work at the job." Friends of a Public Library has raised hundreds of dollars for the purchase of new books through its 1968 Book Fair, its big gifts drive, and its contributions made out of its own membership funds.

But this isn't all.

The general public has been most cooperative. Hundreds of books have been given to the library by individuals. Clubs and organizations have made cash gifts, participated in the book fair, and made other contributions towards the library's success.

But this isn't all.

The 34 cents per capita in public funds (\$1,500 from the city and \$500 from the county) does not represent all of the governmental contribution. The city provided the space in City Hall and paid the bill for the complete remodeling of the main library room. It is heated in winter and cooled in summer just like the other rooms in the city hall. Even a telephone extension puts a telephone right on the librarian's desk.

You can do a lot with figures. Some people say you can do anything with figures.

But here is something you can't do with figures. You can't transcribe all the volunteer work, the organizational support, and the community help into a "per capita" contribution for library support.

No, that 34 cents per capita "contribution" figure the state library organization has placed alongside the Post Public Library's name doesn't bother us a bit.

We only wish we could accurately measure the "love and devotion" of local book lovers and put that alongside the 34 cents.—JC

Tourism continues to expand

"Travel should be sold as any other commodity," Dick Roberts of the Texas Highway Department told the more than 100 people who attended the regional meeting of the Texas State Historical Survey Committee here April 15.

It is to be hoped that those who heard Mr. Roberts left the meeting convinced that any city or town which does not sell itself to tourists is missing out on something big.

Tourism continues to be an expanding source of income in Texas. It has doubled in the last few years. More outsiders came to Texas in 1968 than during any previous 12 months. HemisFair was a big factor, but all across the state more vacation attractions, places of interest, lakes, parks and historic sites drew their share of tourists.

Nearly 17 million people arrived in automobile last year. About six million came by planes, buses and trains. Many and varied were their reasons for coming. Some will return because they didn't get around to the things that interested them.

These visitors left approximately \$1.5 billion in Texas last year, a major source of income for

the state, where for a long time the financial importance of tourism was apparently unrecognized. Officially Texas did not encourage outsiders for decades prior to the turn of the century, and for years afterwards state laws prevented the expenditure of public funds to attract visitors.

This was a mistake. It was not corrected until the last decade. Results of official promotion of tourism with the expenditure of state money and a big increase in advertising budgets of private enterprises catering to travelers have been far-reaching.

Facilities and inducements for expanding the attractiveness of Texas are being added in large numbers throughout the state. In addition opportunities for outsiders to establish themselves here are very extensive and cover a vast range of vocational interests.

More money will be spent on advertising Texas this year than ever before and when the results are tabulated, it will probably be revealed that tourism in 1967 had again surpassed the billion-dollar mark.

Nine amendments up for vote

Garza counties, along with other Texans, will have to wait until Nov. 3, 1970 to vote on legalization of liquor-by-the-drink, but they'll get to vote on nine other proposed constitutional amendments on an Aug. 5 ballot.

None of the nine amendments to be voted on in August are as controversial as the liquor-by-the-drink proposal, but all are important—as what proposed constitutional amendment isn't.

Heading the nine amendments that will face the Texas voters in August is a recommended boost in the welfare ceiling from \$60 million to \$80 million and a \$3.5 billion water bond proposition.

Voters last November rejected a raise in the welfare ceiling to \$75 million (which has resulted in two cuts in benefit payments).

Hospital district vote decisive

Those who were in favor of the creation of a Garza County Hospital District have reason to rejoice over the outcome of Saturday's election in which a majority of those casting votes gave a stamp of approval to the hospital district's creation.

The vote was 380 for a hospital district and 282 against. The proposal carried in eight of the county's 12 voting boxes and in three of the four where it was defeated, folks are nearer other hospitals than they are the one here.

Something for the girls, too

There is a move under way here to organize a softball league for the younger girls of the community, with the hopes being entertained that it can be organized in time for play this summer.

A girls softball league would fill a big void in the community's recreational program for youngsters, since there is at this time no form of organized recreation for girls. We've had boys baseball leagues for well over ten years now, but

nothing for the girls.

The Post Jaycees' softball diamond at the baseball park is nearing completion and, we understand, would be available for girls softball play.

As it exists now, with everything being done for the boys and nothing for the girls in the way of summer recreation, the program is off balance. A girls softball league would help balance it.—CD

What our contemporaries are saying

The honeymoon for President Nixon is just about over. The daily press, just about every day, lists someone differing with him on some major issue. Soon they will blast him. Then, when the fire really gets hot, we will see what kind of president he is going to make.—Afton Richards in The Ralls Banner.

The quickest way to take the starch out of a man who is always blaming himself is to agree with him.—Al Hinds in The Haskell Free Press.

Law of improvement: Your best today isn't good enough tomorrow.—The Ellicottville (N. Y.) Post.

DON'T FORGET to set your clock forward an hour before you go to bed Saturday night, for 2 a. m. Sunday marks the beginning of Daylight Saving Time. Be sure to set your timepiece forward instead of backward, or you'll be two hours behind time when you get up Sunday morning. To set your clock wrong would be worse than not setting it at all, since you'd be only an hour behind time if you didn't set it, whereas you'll be two hours in arrears if you set it back instead of up.

All the above sounds confusing, and that's just what Daylight Saving Time is. The best rule to go by in setting your clock at the beginning and at the end of DST is—"Spring forward, Fall back."

THE MAN UP the street says anyone who doesn't worry about the world situation these days ought to have his television set examined.

The handful of Post men who give generously of their time and efforts to get the boys baseball leagues going and keep them going every summer are having their usual troubles finding enough adult help. There are plenty of boys ready and raring to go as the start of the Little League and Babe Ruth League seasons approach, but still not enough grown-ups volunteering their assistance. Here is something some of us might think on when we are asked to help with the baseball programs:

WHAT IS A BOY? He is a person who is going to carry on what you have started. He is to sit right where you are sitting, and attend to those things you think so important—when you are gone.

You may adopt all the policies you please, but how they will be carried out depends upon him. Even if you make leagues and treaties, he will have to manage them.

He is going to sit at your desk in the Senate, and occupy your place on the Supreme Court bench. He will assume control of your cities, states, and nation. He is going to move in, take over your prisons, churches, schools, universities and corporations.

All your work is going to be judged and praised or condemned by him. Your reputation and your future are in his hands. All your work is for him, and the fate of the nation and of humanity is in his hands.

So, it might be well to pay him some attention.

WOMEN CAN drive as well as men, says a traffic safety expert. When you think about it, though, that isn't such a great achievement.

One of the big town baseball writers who covered his team's spring training activities in the South, says one of the difficulties of coming home from two weeks down there is you suddenly can't understand a word anybody is saying.

The writer says if you're ever down upon the Swannee River (pronounced "Raver"), or in the hickory country of Carolina, here are a few Yankee definitions of the language you will encounter.

"Ah": First person singular.

"Yawl": Second person singular.

"Snow": What you do when you're asleep, as in "Ah caln't stand that man's snowin'."

"Hall": That place you go when you die. "Go to hall," is a favorite designation to someone who has displeased you. Also, "The hall with it," is used for something which has frustrated you.

"Far": External combustion.

"Bone": Given birth to—like that lion. "Bone Free."

"Raid": one of the primary colors, as in "raid China" or "raid roses."

"Heel": What you climb up. A high mound of earth. A historical battleground as "Bunker Heel."

"Row": What a lion does.

"Foe": Number after three.

"Raffle": What a soldier, or a hunter, carries.

"Par": What turns electric lights on. Also applied to a hitter in baseball who hits the ball a long way. We say of him, "He has good par."

"Moll": 5,280 feet. Atlanta is 200 "molls" from Augustus.

"Tone": Ripped. As in a "tone" cartilage.

"Tre": What you breathe.

The writer says whenever in doubt about how to speak Southern, just stick a yam in your mouth or cotton in your ears. And remember, there is no one-syllable word below the Mason-Dixon line. For example, if you want hominy, ask for "gray its."

Gasoline tax is large 'provider'

NEW YORK — The gasoline tax, 50 years old this year, brings in \$1 million an hour, Oil Facts reports.

The first gasoline tax, called by some the "painless penny," was levied in Oregon in February, 1919, to provide money for highway construction. The late Loyal M. Graham, the legislator who sponsored the tax measure, said he never thought the idea would spread. But by 1929 every state and the District of Columbia had gasoline taxes, and the federal government joined them in 1932. The average state gasoline rate today is 6.8 cents a gallon; the federal levy 4 cents.

Total state and federal motor fuel tax collections for 1969 will come close to \$9 billion—more than the revenue derived from any other commodity. The cumulative total during the past half-century was more than \$120 billion.

INSECT CONTROL PART OF SPRING CLEANING

Protection of clothing and household furnishings during summer months against insect damage can be a part of the spring cleaning job.

Entomologists at Texas University say two of the destructive pests of fabrics at home are clothes moths and carpet beetles. The beetles are abundant in most localities and do the damage blamed on clothes moths. The larvae of clothes moths feed on anything fibrous or other animal fiber. The adults do no damage, except to the entomologists.

LARVAE of the clothes moths are white with a brownish head. They are about one-half inch long and can be found feeding in a silken feeding tube or in a protective case often on carpet beetle larvae crawl and often are found on cotton or other things on which they feed. They are carrot-shaped with very long hairs at the tail end of the body. They reach almost a half-inch in length, say the entomologists, and feed on wool, mohair, bristles, fur, feathers, and down.

Household articles commonly attacked include blankets, comforters, rugs, carpets, drapes, pillows, hair mattresses, brushes and up holsters.

THE USE OF preventive measures is recommended by the entomologists. These include the application of protective treatments to susceptible articles, practicing good housekeeping and when needed, spraying insecticides on surfaces over which the insects are likely to crawl.

Paradichlorobenzene crystals or naphthalene flakes are effective against both pests provided the container in which the articles are stored is absolutely air tight. The mere odor of the chemical does not repel the insects. Oil-soluble insecticides containing DDT, methoxychlor, Strobane or Perthane are fine for protecting clothes and blankets.

Rugs and carpets may be treated with a 5 per cent DDT oil-solution every 12 to 13 months, using 1 1/2 to 2 quarts of spray on a 9 x 12 rug. Special attention should be given to the parts of a rug or carpet under furniture not often moved and around heat registers and under radiators, emphasize the entomologists.

Furs should be stored only in commercial facilities where they will receive professional care and can be insured against damage.

THE ENTOMOLOGISTS recommend a spray containing 2 per cent chlordane, 3 per cent premium grade malathion or one-half per cent diazinon for the treatment of surfaces over which insects may crawl. These and other recommended sprays may be purchased in ready-to-use pressurized containers or as liquids for application with a hand sprayer. All hard-to-clean places should be sprayed. Closets may be treated after clothing has been removed.

The entomologists advise cleaning the home often enough to prevent the accumulation of lint, dust and hair. Close attention should be given to rugs and carpets, drapes, upholstered furniture, closets, baseboards, cracks and moldings and other hard-to-reach areas. Rotation, if possible, of rugs and carpets is suggested since insects usually feed under heavy furniture where cleaning is difficult. Woolen articles in the home which are not worth protecting should be removed since they often harbor infestations which can spread. The vacuum cleaner, say the entomologists, is the best tool for doing most of the necessary cleaning.

Spur man heads area chamber

ABILENE — J. Fike Godfrey, Spur rancher, has been elected to the presidency of the West Texas Chamber of Commerce to succeed Beverly W. King of Graham. Godfrey was elected Tuesday morning in the final business session of the 51st annual convention of the regional chamber of commerce in Brownwood. Along with Godfrey, other officers elected were: F. V. Wallace of Amarillo, president-elect; Harlan Bridwell, Bridgeport, vice president; W. Lee Watson, Brownwood, vice president; John Freeman, Fort Worth, vice president, and Richard Moore, Abilene, treasurer. Godfrey is a graduate of Texas Tech, a registered Hereford breeder, former auto dealer in Spur, a graduate engineer and an active civic leader of West Texas.

Big Spring Rodeo to be June 25-28

BIG SPRING — June 25-28, 1969 are the dates set for the Big Spring Rodeo and Cowboy Reunion, according to Charles Creighton, president of the Rodeo Association. There will be five major events: saddle bronc riding, bareback riding, bulldogging, bull riding, calf roping and girls barrel racing.

Tommy Steiner, veteran rodeo producer, will furnish the stock this year, which is always an assurance of a lively show.

Sheriff's posse and riding clubs from far and near are invited to participate in the downtown parade, at 4 p. m. June 25.

10 calf roping contest at Big Spring May 4

BIG SPRING—An event of interest to calf ropers and fans is a 10-calf matched roping contest between Barry Burke, Duncan, Okla., and Ronnie Sewalt, Chico, Tex., sponsored by the Big Spring Rodeo Association, May 4, 1969, at 2 p. m., in the Rodeo Arena west of Big Spring adjacent to the Webb Air Force Base area.

In addition to the 10 calf roping contest, 30 top ropers from throughout the country will be featured in a two-calf roping contest—best average wins.

Book review is given at meeting of Culture Club

Mrs. B. E. Young reviewed Perry Wolf's book, "Tour of the White House" at the April 16 meeting of the Women's Culture Club at the Community Room.

The club's study program for the year is "Presidents of the United States" with the book review tying in with the study. Mrs. Young commented that wives of the early presidents were referred to as "hostesses", the term "first ladies" coming at a later date.

Special guests at the meeting were Mrs. Idolph Crooks of Snyder and Mrs. Victor Slater of Post. They were introduced by Mrs. Young and Mrs. F. R. Adams, respectively.

Spring flowers in purple and white adorned the serving table. Mrs. M. J. Malouf, president, presided. Silver appointments were used.

The social committee and president were hosts for the event.

Those attending were: Mmes. R. T. Dickson, R. L. Marks, Joe Irons, Ralph Welch, C. D. Morrel, Lee W. Davis Sr., Kent Magness, Herman Davis, Tillman Jones, Ira Lee Duckworth, Jack Burruss, Bailey Mayo, J. H. Haire, Young, Adams, Slater, Malouf and Crooks.

The next meeting will be April 30 in the Marks home with Mrs. Jack Myers and Mrs. Burruss as co-hostesses. The programs of April 2 and 30 will be given at this meeting, the early April study having been postponed.

UNDERGOES SURGERY

Kirt Robison, son of Mr. and Mrs. Johnny Robison, entered West Texas Hospital a week ago Tuesday where he underwent a tonsillectomy on Wednesday. He was dismissed to his home on Thursday and is doing fine.

Garza County HD Club News

NEW MEMBER WELCOMED

The Graham Home Demonstration Club welcomed Mrs. Iva Edwards as a new member at last Friday's meeting in the community center.

"A Careless Habit I Have" was the roll call response.

Members discussed the historical markers and homecoming which are being planned and are a club project.

Mrs. Reecie Bush and Mrs. Lucille Bush were hostesses and served refreshments to a guest, Mrs. Duff Green, and 15 members.

MEETING RESCHEDULED

The county-wide meeting which was to have been held April 15 has been set for Tuesday, April 29.

The Close City HD Club will host the all-day event which will begin at 10:30 a. m. at the Close City Community Center. A salad luncheon will be served at noon.

The meeting was rescheduled due to the death of Mrs. Faye Payton's father-in-law and Mrs. Payton's program leader. She will speak on "Family Life" and "Safety" and Mrs. Loucille Morris will speak on "4-H Work".

Three novels reviewed for Post Jaycee-ettes

The Rev. George L. Miller reviewed three novels that have been the most popular on college campuses during the last 15 years at last Thursday night's meeting of the Jaycee-ettes.

The books were "Catcher in the Rye" by J. D. Salinger, Golding's "Lord of the Flies" and Tolkien's "Lord of the Rings".

The meeting was held at the Jaycee office at 7:30 o'clock with Mrs. A. J. Baumann and Mrs. Tommy Young as hostesses.

Others attending were: Mmes. Joe Bailey, Jimmy Smith, Dan Rankin, Ed Blanton, Frank Blanton and Don Ammons.

Mrs. Pearl Storie is Merrymakers hostess

The Merrymakers Club met Tuesday afternoon in the home of Mrs. Pearl Storie.

It's My Turn
— By MRS. C.

Hey, we haven't had a ride down West 10th Street yet this year and most of it is looking rather pert due to all the rains. This glorious weather we're having and hard work.

For the edification of any new (?) readers let me explain that Mr. C and I take many trips per day (at least four times a day five days a week which by rapid calculation adds up to 260 trips per year) up and down West 10th.

While Mr. C drives, I observe and it's interesting to note the changes and activities taking place along the route.

One of the most exciting bits taking place is that Mr. and Mrs. Oscar Gordon have purchased the property at 304 West 10th and are quite busy with planting a lawn and brushing things up. I've always thought that house had possibilities and here is someone that evidently thinks that way also. Glad to have you on the route, Mr. and Mrs. G.

I watch Kate and Doug Morrel with amazement — the things they accomplish in their year. They seem to work from dawn to dusk and their lovely corner shows the results of all this labor.

Mr. C and I have enjoyed their hyacinths and tulips and are anticipating what might bloom next. (A trip home at noon showed me that we can now enjoy iris and peonias.)

I don't believe that either Kate or Doug would be offended if I point out that they are a year or two older than Mr. C and I but I believe they can work circles around us.

The Marvin Hudman residence is abloom with flowers as always and help brighten our way. I hope Marvin won't be offended when I point out that most of the credit here lies with his wife, Jimmie. Anyway, she is the one that I see "working at it."

One can always tell when Mattie Belle Fluitt is out of town. One occasionally sees a weed rearing its ugly head at that time. When she is there the yard and flowers are beautiful. It takes a lot of hard work to keep it that way. I know everyone in town enjoyed her Johnny - jump - ups and crocuses a few weeks ago. They roared their bright heads before the big snowstorm and it didn't deter them from blooming afterwards. We are now gazing at the pansies in that yard.

Year-after-year we can count on the J. E. Parkers' lilacs to out-bloom all the other 10th street lilac bushes. Ah, that heavenly smell!

We probably see as much of the John Brokman family since they moved to West 10th street as we did when they were our "northern" neighbors on Osage. That's the trouble with being "working people", it's not easy to visit with neighbors.

PAY BILLS To Enjoy Continued CREDIT

The credit bureau's message to the consumer is simple. Pay promptly. Spelling it out clearly — never let an account go past due without payment or immediate contact with the creditor.

Never allow an account to become an item charged off to profit and loss. This means that the merchant has given up hopes of collecting and has changed your account from an asset to an expense item. The item is automatically recorded in the files of the credit bureau. There it cannot be changed or altered unless subsequent dealings with the same firm results in a better record.

Never allow an account to be listed in the collection department of the credit bureau. Payment in full will result in better credit reports, but the item must remain on file for many years to come — perhaps for the rest of your life.

Your credit record is a picture of your character and has been found to be an extremely accurate guide to your future actions, particularly pertaining to whether you will pay future contracts and debts.

Keep your picture bright and shining and enjoy all the conveniences of the machine age. You can cut off the advantages of credit buying by disregarding or ignoring warnings of your merchant friends.

TV SETS AND TORNADOES

Dear Editor: The use of a television set to detect tornadoes is new and easy to understand.

I live in Gage, Okla., which with much of the rest of Northwest Oklahoma, lies in what has sometimes been called tornado alley.

We are fairly well accustomed to possible severe weather warnings, possible tornado and damaging wind warnings and tornado sighted warnings. We know that tornadoes can, with about 50 per cent accuracy, be picked up and located on radar. They can also be picked up on an instrument called an oscilloscope and be partially located directionally and as to place. Other very sophisticated equipment is also available for making a tornado's presence known.

Certainly one should pay heed to warnings being made using some of the methods just mentioned.

Within the past three years another method of knowing a tornado is in the area and close has been discovered. It was first announced Sept. 22, 1968 and was discovered by Newton Weller of West Des Moines, Iowa. It is called the Weller Method after him. It makes use of television and works on the principle that lightning and the severe electrical disturbance associated with a tornado are near the 55 megacycle frequency found on Channel 2 of one's television set.

This method has detected the presence of a tornado as far away as 30 miles, though 20 miles is usually about maximum and five miles

should be considered average. It has warned of the presence of a tornado when no other warnings of any kind have been given. Using it one has a maximum of 15-20 minutes to reach shelter. It will work with any television set, black and white or color. It will work with a set using a high antenna or with a built-in "rabbit ears" type antenna. The higher the antenna the farther away a tornado can be detected is all.

To use this method of learning of the presence of a tornado one first turns the set to Channel 13, which is 211 megacycles and as far from the frequency of lightning as is possible on most television sets, and turns the brightness control down to the point that the screen is black. Then he turns to Channel 2 and if there is no storm in the area Channel 2 should also be black. Lightning will be seen on this channel. If the lightning of an approaching storm produces wide white bands which linger on the television screen, the storm approaching should be considered dangerous enough to seek shelter. If the screen becomes completely white a tornado is definitely in the area and one should seek shelter immediately. This is true whether there are programs on channels 12 and 2 or not.

A portable battery set is probably most satisfactory for use in warning of the presence of a tornado because it will remain on even though there is a power failure. One should, of course, pay attention to severe weather warning

The Rev. Charles E. Peters, pastor, and a delegation of leaders in the Church of the Nazarene will take part in the annual assembly of the West Texas district to be held at the First Nazarene Church in Lubbock on Wednesday and Thursday, May 7-8.

Annual reports will be made by all 99 pastors of the district.

Dr. Lyle Eckley, Lubbock, will give his first message as district superintendent. He will outline plans for the 1969-70 years. District officers will be elected.

The presiding general superintendent will be Dr. Orville Jenkins of Kansas City, Mo., who was chosen to the highest elective office in June, 1968. He formerly was executive secretary of Home Missions.

ADVISORIES

The preceding information has appeared in a number of news media. The immediate source of this writer was an article by Henry and Vera Bradshaw on page 93 of the March 1969 issue of Popular Mechanics magazine and persons interested in more detailed information and in the technical details should consult this publication. What if we told you to cough up \$18.75 or else?

A little over 4 dollars for every 3 you invest. Plus, the privilege of buying the new 5% Freedom Shares along with your Bonds.

But these are the selfish reasons for buying Bonds. Good, but selfish.

There's one other very important reason why Americans already own over \$52 billion in Bonds.

It's called pride. It just so happens that most Americans still choose to think this is the best piece of real estate going.

If you happen to be one of these Americans who thinks there's something to this country of ours, why not buy into it.

Sign up for the Payroll Savings Plan where you work.

Or go to your bank. And cough up that \$18.75. Please.

You wouldn't like it, of course. You see, one of the nice things about buying U.S. Savings Bonds is that you don't have to.

That's because you happen to live in a free country where nobody forces you to do anything.

Rather, your country asks that you simply consider the many advantages of Savings Bonds.

First of all, if you think they're a get-rich-quick scheme, forget it. Bonds aren't for you. They only pay off in the long haul. For a quick return, there are a lot better ways to make a buck.

They do pay off, however. Handsomely, as a matter of fact.

WE HAVE A PROBLEM

by Curtis Lee

We are sending a group of young adults out into the world again soon. Most of them will never return to Post to live their lives. We will be sending a group like this each year for an untold number of years.

The world these young adults enter is a very complex reality. Our problem is: how to help these people meet the demands that will be made of them? Will they have the resources to evaluate the world they enter? Will they have the intellectual capacity to "make the grade" in life? Will they have the moral stamina to be able to live "straight"? Will they have the psychological balance and freedom to be productive in their chosen fields? Will they have free, joyful, compassionate spirits?

Our problem is being worked on from several angles. Our schools are seeking to equip the young adults with intellectual power. Where the homes are healthy, the home is giving moral stamina and psychological support.

But can any home be really well balanced, morally strong, and mentally healthy without a good strong faith in God?

The churches are to give these very important people their basic understanding. Here they will find that life can have meaning, purpose, freedom, joy and compassion.

How are the churches going to fulfill their role in the lives of these our young adults without you? Friend, they can't!

Cheerleaders and walks discussed at meeting of PHS Student Council

By Thresa Sims
The Student Council of Post High School opened their April 18 meeting with the discussion of the cheerleaders. The Council would like to have a limit of five cheerleaders if it is possible. The motion was passed that the whole student body elect all of their cheerleaders, with the cheerleaders that are elected for next year electing their own head cheerleader. These suggestions were brought up at the meeting and have been passed for next year.

The next discussion was about the cross-walks for the high school. The walks will be put in front of the school and in back of the school crossing over to the gym. These will be put there for the students' safety in coming and going from the buses and the gym. After these discussions, the meeting was adjourned, and the next meeting will be held May 13.

4-H girls' imagination and skill make clothes project great fun

What a year for the home sewer! What an array of fabrics! What a choice of patterns! And how much fun to let imagination guide nimble fingers in adding touches of embroidery, appliques, medallions, metallic trims, beads and daisies. The "in" things for 1969. An estimated 43 million women and girls make their own clothes—one-third of all garments worn.

Among these confirmed home sewers are nearly three-quarter million 4-H girls. They are enrolled in the national 4-H clothing program supervised by the Cooperative Extension Service, and sponsored for 29 years by Coats & Clark, Inc. These young seamstresses not only learn to sew, but learn what basic styles, colors and accessories are best suited to their figure, pocket book and needs. They make every kind of garment from shifts and shorts to coats and party dresses. Some accessories are knitted or crocheted.

And this year, reports Homesewing Trade News, the home sewer will determine the "new look" for herself. Freedom is the key word. All colors are permissible. Decorative adornments including jeweled belts, metal bibs, chains and zodiac buttons tend to spark creativity in the novice designer.

Proof that 4-H girls hold their own with the best of them comes with the completion of their projects when garments are judged by extension clothing specialists and other persons. Individual ability to achieve desired results also is considered. Awards are offered annually by Coats & Clark. Last year alone some 10,000 girls throughout the 50 states earned the county clothing medal. Only four are given to a blue award group in each county, and there are scores of entrants. Competition at the state level must meet more exacting requirements. This top award is a week's trip to the National 4-H Congress held in Chicago in late fall. The girls then are considered for six national scholarships of \$600 each. So the 4-Hers gain a lot: more and better clothes, sewing skills, a chance to be creative, how to be wise shoppers, recognition and awards.

Girls from 9 to 19 who would like to join a 4-H clothing group can get the necessary information from the County Extension office. Women experienced in sewing who would like to volunteer as a clothing project leader also are urged to contact Mrs. Karen Farnell, County Home Demonstration Agent, at her courthouse office.

Sanchez home—

(Continued from Page 1)
 nel wound in his left hand. Then on Dec. 7, a flying bit of shrapnel slashed him in the throat barely missing his voice box. He was in the hospital three weeks that time.

Sanchez told The Dispatch that "we were getting southern Vietnam pretty clear of the Viet Cong until President Johnson ordered the bombing halt. "Up until then," Joe said, "we kept them on the run."

Joe thinks the South Vietnamese army eventually will be able to take over its warrior country without United States troop support. He said the South Vietnamese army is showing lots of improvement after intense training in recent months.

The Post GI said the Chieu Hai program of amnesty in South Vietnam also is making a world of difference.

Under this program, Viet Cong who defect from the enemy are permitted to return home without government reprisals. In recent months more and more Cong are deserting.

To emphasize the strangeness of this war, Joe said that his squad shot and killed a seven-year-old sniper who had them under fire from the top of a tree.

"The Cong use old men and women, animals, and children to approach American troops. They are hooby - trapped and the Cong set off the concealed bombs when they get into the troop area blowing up youngsters, oldsters and animals to get some GI casualties."

"We have learned to keep animals and civilians away from us," Joe said.

Sanchez didn't meet any Post GIs in his months in Vietnam's Mekong Delta with the 43rd battalion of the Ninth Infantry Division, but he did have a buddy to come home with.

Joe Stone of 24th, who went through basic and advanced infantry training at Fort Benning, Ga., was wounded the same day Joe was although serving with the First Cavalry Division farther north.

The two were flown to an army hospital in Japan together then flown to Travis Medical in California, and finally to the William Beaumont Hospital in El Paso, on to Fort Bliss together, and finally home on convalescent leave together.

Joe never got to take an "R&R" - rest and recuperation - leave from the war zone. He was coming up for an R&R in Hong Kong in February before being knocked out of action in January.

Joe says he will take "home to Hong Kong anytime."

NEW MEXICO VISITORS

Mr. and Mrs. Dickie Vardiman of Clovis, N. M., were in Post for a few days this week visiting her parents, Mr. and Mrs. Eugene Martin. Mr. Vardiman is in the Air Force and stationed at the air base at Clovis.

Card of Thanks

We want to thank everyone who was so kind and thoughtful to send flowers and cards to us at the Twin Cedar Nursing Home and for all the expressions of sympathy during the death of our daughter and sister, Mrs. Zuella Thomas. Mrs. Fox and Gladys

We wish to express our deep appreciation and gratitude to all the people of Post who have been so kind and hospitable to us and have had so many happy times with during our six months' living here. We will greatly miss our new found friends and regret we have not visited with all of our old acquaintances. Our wish to all of you is "may the blossoms of friendship and love perfume your days and may happiness walk with you now and always."

Carl George and Dorothy Harp

We wish to thank those who brought food for the men who dug the graves, and the many acts of sympathy during our recent bereavement.

The family of Joe Richard Vicks

I wish to thank everyone for the cards, flowers, food and visits while I was a patient in West Texas Hospital.

Mrs. Wayne Carpenter

Child is injured by falling frame

Sixty Guthrie, 12-year-old daughter of Mr. and Mrs. Charlie Guthrie of Slaton, was critically injured Wednesday of last week when a 1,300-pound steel trailer frame fell on her while she and other children were at play.

The child had not regained consciousness early this week, relatives here said. She is in Methodist Hospital at Lubbock.

The trailer frame was leaning against a tree and reportedly was knocked over by a youngster who was trying to swing through it. The frame struck the Guthrie girl on the back of the head and neck and pinned her to the ground. The frame was lifted off the girl by some of the older children.

The injured girl is the granddaughter of V. G. Guthrie of Post. Her parents are former residents here.

Cub Scouts to stage hobby and pet show

Cub Scouts will hold a hobby and pet show at the county 4-H building Saturday, April 26, starting at 5 p. m. Cubmaster Garland Huddleston announces.

The public is invited to attend the show. There is no admission charge.

All dens of the Cub Scout pack will participate, with ribbons being awarded the winners, the Cubmaster said.

Spring roundup for beginners

The annual spring roundup for first grade for the school year began children who will enroll in the beginning in September of 1969 will be held from 3 p. m. to 4 p. m. Friday, April 25.

Room assignments for all pupils will be posted in the hallway near the east entrance on the north side of the primary building, said Jack Alexander, elementary school principal.

Parents are requested to enter the east door of the primary building, locate the room their child will be in for that day, take their child to the assigned room, then go to the auditorium in the primary building.

While in the auditorium, parents will receive a school supply list, a public health record form and general school information, Mr. Alexander said.

Calvary Baptist slates revival

A revival will be held at the Calvary Baptist Church from Monday, April 28, through Sunday, May 4, according to the pastor, the Rev. Dale Dozier.

The Rev. T. R. Bedford of Abilene will be the evangelist and the Rev. Lee R. (Tut) Jones of the Union Baptist Church of Snyder will direct the singing.

The schedule of services will be as follows: Monday through Friday, 10 a. m.; Monday through

Next stop state meet in Austin Kippy Payne captures regional tennis title

Kippy Payne became Post's only state meet qualifier Saturday when she won from Jean Mostad of Winters, 6-2, 6-2, in Class AA girls singles at the Region I tennis tournament in Lubbock.

Saturday's victory was doubly gratifying to the Post High School sophomore, since the Winters girl had defeated her in the 1968 regional finals.

Kippy won her first round match from DeAnna Sheets of Spearman Friday morning and then outlasted Jeri Combs of Iowa Park, 6-2, 6-4, Friday afternoon to advance to Saturday's finals match.

The Winters girl had advanced with easy wins over Wendolyn Toolley of Floydada and Irene Lujan of Canutillo.

Kippy will represent Post High School in the state meet at Austin May 2-3.

Other Class AA regional winners in tennis were:
Girls Doubles: Sheila Patterson and Jyniece Callaway of Spearman.
Boys Singles: Jackie Box of Crane.
Boys Doubles: P. A. Lyon III and Richard Booth of Spearman.

Lions charter 23,000th club at Brook, Ind.

CHICAGO — Maintaining its position as the world's largest service club organization, Lions International has announced the chartering of its 23,000th club. This will place the Lions close to 10,000 clubs ahead of the next largest service group, according to Lions International President David A. Evans of Texas City, Texas.

Evans officially welcomed the Brook, Ind., Lions Club at the Charter Night celebration April 18. Brook is the 412th Lions Club in Indiana, with some 19,900 members in that state.

Lions International is probably best known for its work with the leader dog schools throughout the world. However, they have been responsible for the building and equipping of schools, hospitals, wards, rehabilitation centers, playgrounds, parks and civic centers.

The Lions Internationally famous motto, "We Serve", takes form in hundreds of thousands of projects each year within the ten major categories of Lionistic activities: agriculture; boys and girls; citizenship and patriotism; civic improvements and community betterment; education; health and welfare; international relations; safety; sight conservation, and youth exchange.

Well over 500,000 humanitarian projects are completed each year by the 23,000 Lions Clubs. Today there are more than 900,000 members in 145 countries and geographic areas throughout the world.

First Baptist to hold open house services

Open house services will be held next week at the First Baptist Church, the Rev. Joe Vernon, pastor, has announced.

The services will be at 7:15 a. m. and 7:30 p. m. daily, with a supervised nursery available for all of the services.

"You owe it to yourself to come and be a part of the open house," said the Rev. Mr. Vernon.

'69-70 basketball slate is announced by coaches

The Post Antelopes will play in tournaments at Colorado City, Lubbock and Jayton, and the Post Does in tournaments at Abernathy and Jayton, according to the 1969-70 basketball schedule.

Since each varsity team is allowed to enter three tournaments under Interscholastic League rules, the Post Doe girls team probably will enter another tournament yet to be scheduled.

The Lubbock tournament in which Coach Kenneth Poole's Antelopes will play is the annual Caprock Tournament held during the Christmas holidays period.

The schedule is not yet complete, but is nearly so, the coaches said. The tentative schedule follows:

Nov. 18: "A" and "B" girls at Crosbyton.
Nov. 25: "A" boys and girls at Cooper.
Nov. 28: Lorenzo at Post, "A" boys and girls.
Dec. 2: Slaton at Post, "A" boys and girls and "B" boys.
Dec. 9: Crosbyton at Post, "A" and "B" boys.
Dec. 11-13: girls at Abernathy tournament; boys at Colorado City tournament.
Dec. 16: "A" boys and girls and "B" girls at Slaton.
Dec. 19: Asperment at Post, "A" boys and girls and "B" boys.
Dec. 29-31: Boys in Caprock Holiday tournament at Lubbock.

Jan. 8-10: Boys and girls at Jayton tournament.
Jan. 16: Idalou at Post, boys and girls (district).
Jan. 20: Boys at Morton (district); girls at Tahoka (district).
Jan. 23: Boys and girls at Frenship (district).

Post sailor completes training course at sea

Fireman Claude H. Taylor, USN, son of Mr. and Mrs. Jim H. Taylor of 119 North Ave. L., Post, Tex., has completed three weeks of training at sea aboard the guided missile cruiser USS Albany in the Caribbean.

During this time, he participated in numerous drills designed to further his duties and familiarize him with his duties in the ship's battle organization.

The Albany, one of the Navy's most modern warships, is equipped with both long and intermediate range surface-to-air guided missiles as well as mounting the Navy's ASROC—an anti-submarine rocket.

VISIT IN KANSAS CITY

Mr. and Mrs. W. B. Sanders returned last Thursday from a five-day visit in Kansas City, Mo., with their son-in-law and daughter, the Rev. and Mrs. S. L. Downey, and daughters.

Post Antelopes' track season comes to end

Post High School's 1969 track season ended Saturday with the Region I track and field meet in Lubbock, where the Antelope regional qualifiers scored a total of six points.

Steve Collazo placed fourth in the mile run, Larry Scriver sixth in the 100-yard dash, and Steve Newby sixth in the mile run. Failing to place were Pat Ayala in the mile run, Randy Hudman in the shot put and Neff Walker in the high jump.

Collazo's time in the mile was 4:39.5, which was several seconds above his best time for the year. Winner of the event, whom Collazo had beaten in an earlier meet, was Steve Stallings of Stanton in 4:31.8. Mike Parsons of Olton, formerly of Post, placed second and Dan Bell of Boys Ranch, fourth.

The 100-yard dash in which Scriver placed sixth was won by Mike Leifeste of Brady in 10.2.

Parker McCullough of Panhandle won the 380-yard run in which Newby placed sixth. McCullough's time was 2:00.5.

None of the District 4AA regional qualifiers qualified for the state meet in Austin. Idalou scored eight points and Denver City, one.

The Region I qualifiers in Class AA are as follows:
100-yard Dash: Mike Leifeste, Brady; David Jones, Stanton.
220-yard Dash: David Jones, Stanton, Mike Leifeste, Brady.
440-yard Dash: James Miller, Brady; Eddie Wilson, Stamford.
880-yard Run: Parker McCullough, Panhandle; Roger Fowler, Memphis.
1 Mile Run: Steve Stallings, Stanton; Mike Parsons, Olton.
120-yard High Hurdles: Charles

McClain, Olton; Daniel Labus, Panhandle.
330-yard Intermediate Hurdles: Charles McClain, Olton; Randy Grigsby, McCamey.
440-yard Relay: Stamford; Brady.
1 Mile Relay: Brady, Phillips, Broad Jump: James Greer, Winters; David Jones, Stanton.
Pole Vault: Steve Pettit, Crane; Dick Little, San Saba.
Shot Put: Steve Martin, Seymour; Craig French, Iowa Park.
Discus Throw: W. Washington, Lockney; Ernest Ledbetter, Hamlin.

And Idaho's Dean Oliver is on his way toward a record eighth world calf roping championship. Oliver and Toots Manfield of Big Spring, Tex., have each won seven calf roping crowns.

In the past week, Oliver, 39, has pocketed \$925 in rodeo competition at Vancouver, B. C., and Red Bluff, Calif., increasing his roping earnings to \$11,519. Close behind is Ronnie Sewalt, Chico, Tex., with \$10,997.

Some 13,000 spectators saw the Red Bluff action Saturday and Sunday, where 164 entries competed for \$12,605. All Around winner there was Ken Stanton, Weiser, Idaho, who claimed \$1,067 in bareback bronc and bull riding.

Bull rider Larry Leal, Sacramento, Calif., was hurt at Red Bluff when the pitching bull smashed him in the face. Leal received a concussion, head lacerations and broken teeth.

Red Bluff event winners: Saddle bronc riding, Jerry Hixon, Okadale, Calif., \$395; bareback bronc riding, Ken Stanton, Weiser, Idaho, \$674; bull riding, Bill Stanton, Indian Valley, Idaho, \$599; calf roping, Ned Tietjen, Fair Acres, N. M., \$564; steer wrestling, Walter Wyatt, Lakeview Terrace, Calif., \$508; team roping, Tiny and Bucky Bradford, both of Tucson, Ariz., \$229 each.

Oregon cowboy leading for 1969 championship

DENVER, Colo.—Oregon's Doug Brown continues to hold a slim lead in the race for the 1969 All Around Cowboy title, the Rodeo Cowboys Association said today.

Brown, 22, has won \$13,820 this year in saddle bronc and bull riding, only \$45 more than fellow Oregonian Larry Mahan.

Mahan, 25, has been All Around titlist the past three years, garnering \$141,453 from 1966 through 1968.

Trinity revival to start Sunday

Revival services will begin at the Trinity Baptist Church this Sunday and continue through May 4 in cooperation with the "Crusade of the Americas" and simultaneously with other local Baptist churches.

The Rev. Sherman Irvin of Lubbock, pastor of the Pleasant Valley Baptist Church and a graduate of Hardin - Simmons University, will preach each evening at 7:30 o'clock.

Dove Mayfield Jr., of Lubbock former Post resident, will direct the singing.

The pastor, the Rev. James Criswell, extends a cordial invitation to the public to attend the services.

Important meeting set at Close City Monday

By MRS. BARNIE JONES
 Another rain! But it brought more smiles to the farmers so I guess we should all be happy about it even though it might have upset some plans for some. They say farther north on the Plains they are needing rain badly.
 The Close City Community Club met Saturday night at the center and made plans for the tour of our community and the program at the center in the District Contest for Better Improvement of our Rural Communities. We are to meet at the center Monday, April 28, at 1:30 p. m. The judges of the contest, county officials and historical survey committee are to be special guests.
 Danny Bostick, Billie Little and Mike Midkiff enjoyed a fishing trip recently at Breckenridge and they reported pretty good luck.
 Sue Cowdrey, Phyllis, Sherry White, DeAnn Williams, Janet Childs and Sylvia Smith enjoyed a slumber party Friday at Sylvia's home.
 Mr. and Mrs. R. H. Sappington and Macky, Mr. and Mrs. Bon Longshore, Mrs. Ethel Redman, Mr. and Mrs. Jimmie Redman and the Irvin Cross family attended the funeral services for Randal Ray Martin in Ropesville recently.
 Mrs. Aubrey Ritchie, Mrs. Wade Terry and Mrs. Rena Perrin visited in Lubbock last Thursday with several from our community that were in the hospital there. We are glad to report that Mrs. Wayne Carpenter and Bobby Terry have come home. Mrs. Will Williams is still in West Texas Hospital. We hope she will be home soon. Shirley Ann Sappington is a patient at the University Hospital.
 Mrs. Lonnie Peel and Mrs. Viva Davis attended the regional historical meeting last week.
 Miss Phyllis Eckols was a Saturday dinner guest of her grandparents, Mr. and Mrs. Glenn Shelton.
 Mr. and Mrs. Dillard Morris, Mr. and Mrs. Lonnie Peel, Mr. and Mrs. Bon Longshore and Mrs. Ollie Sappington attended funeral services for a former resident, Archie Millsap, at Plainview Sunday.
 Mr. and Mrs. Douglas Tipton received word Sunday that Floyd Verner, a former resident of our community and Post, passed away in Phoenix, Ariz., Saturday. Funeral services and burial were on Monday in Phoenix.
 William Dayton Ingle of Brownfield died Saturday of a heart attack while working near Wellman.

He married the former Hazel Mae Shaw of this community. Funeral services were held at the Southside Church of Christ in Brownfield Monday afternoon at 2 o'clock and burial was in the Tahoka Cemetery. Those from the area attending the services were Mrs. Mike Matthews, Mrs. Skinny Stewart, Mrs. Ambrose Parrish, Mr. and Mrs. Darrell Jones and Mr. and Mrs. Barnie Jones.
 Mr. and Mrs. Will Teaff and Mr. and Mrs. Delbert Cockrell visited Mrs. Teaff's brother, Albert Maddox, in Snyder Sunday afternoon.
 The Rev. R. E. Bratton went to Snyder last Thursday and he and his daughter and son-in-law, the Marshall Boyds, went to Burleson to visit another daughter, Mrs. Bud Warden and family and a son, Austin Bratton.
 Mrs. Ed Bates of Live Oak, Calif., and her mother, Mrs. Finnis Mitchell of Cutler, Calif., visited with Barnie and me Tuesday. They also visited other families. The Rev. Tower Theatre here joins national campaign to save free television

The national campaign to SAVE FREE TV has enlisted the local support of the Tower Theatre, in Post. It was announced by John N. Hopkins.
 Few people, Hopkins stated, are aware that the Federal Communications Commission has authorized Pay TV beginning June 12, 1969 and that unless Congress enacts legislation prior to such date amending the Communications Act,

prohibiting the FCC from authorizing Pay TV, Pay TV will become a reality on that date and mark the beginning of the end of the public's right to free television viewing.
 Hopkins pointed up that Pay TV, in any form, is a massive giveaway to private interests and that unless the public registers its protest to their U. S. Senators and Congressmen, they will find themselves having to subscribe and pay for the same type of television programs they now receive on free television.

Legion post is to be honored

William C. Cole Post 270 of the American Legion will be among the 13 posts honored at the annual 19th District spring convention of the American Legion to be held Friday, Saturday and Sunday, April 25-27, at Plainview.
 The 13 posts will be presented citations for attaining their 1969 membership quotas. Ira "Dad" Greenfield is local post commander.
 Other posts to be honored for attaining their membership quotas are: Anton, Brownfield, Colorado City, Crosbyton, Hale Center, Lamesa, Lubbock, Muleshoe, Petersburg, Plains, Seminole and Slaton.

Mardi Gras is theme at Southland High banquet

By MRS. EDMUND WILKE
 Here it is Monday again, and a most beautiful Monday too. Hope it is equally so wherever YOU are!

The Southland Junior class was host to a banquet Saturday night for the 1969 graduating Seniors. It was held at the Johnson House in Lubbock and the banquet room was decorated in a Mardi Gras motif. Different colored "boy and girl" face masks were used as the plate favors, along with confetti and streamers. A large orange basket filled with big yellow daisies was used as a centerpiece for the VIP table and huge handpainted posters of dragons, court jesters and masks covered the walls. A delicious menu of filet mignon, baked potatoes, cut green beans, tossed salad, raspberry icebox pie, hot rolls, tea and coffee were served to five teachers, three guests and 16 students.

After dinner, David Mock, president of the Junior class gave the welcome address and the response was given by Joe E. Basinger, president of the Senior class. Dayneen Dunn gave an amusing account of the school history of the graduating class and Darrell Wilke followed with the Senior will. Gary Lester gave the prophecy.

Attending were: Mr. and Mrs. F. W. Callaway, Coach and Mrs. Bob Dyess, Mrs. Irene Kuykendall, Mr. and Mrs. F. D. Wheeler and Mrs. Betty Hall. The Junior class consists of David Mock, Gary Lester, Norma Eckert, Larry Lockridge, Larry Bevers, Sherri Wilke, Rosemary Davila, Louis Flores, Dessa Dodd, Stanley Abshire, Lucy Cardenas and Pearl Flores. The Senior class members are Joe E. Basinger, Mike Mason, Darrell Wilke, Dayneen Dunn, Curtis Lancaster, Betty Lockridge and Hortensia Cardenas.

CHEERLEADERS FOR 1969-70 were elected last week with the following results: Sherri Wilke, head cheerleader; Laura Bevers (second year) and Breonne Winterrowd, Good luck, girls.

Joe E. Basinger participated in the Regional Track meet which was held at Texas Tech last Friday. Joe kind of had tough luck because he only jumped 5 feet, 7 3/4 inches once this year, but nevertheless, he won second place and will therefore get to go to State the first week in May. Congratulations, Joe, and we are hoping that you come home the winner of "first place" when you go to the state meet. We know you can do it!

Mr. and Mrs. Cecil Stolle and Beth spent the weekend in Sweetwater.

Several couples from this community attended the Mercy Hospital Auxiliary Spring Benefit Dance in Slaton last Friday night.

Aubrey Bryan of Farmington, N. M. and Wallace Saage of Lubbock were Saturday luncheon guests in our home.
 Mr. and Mrs. Donald Pennell were Sunday dinner guests in the home of Mr. and Mrs. Arville Ferguson. Other guests were Mr. and Mrs. Jack Bishop of Wilson, and Mr. and Mrs. Carl Cederholm and their son, Sterling Curry, from California who is on his way to Frankfurt, Germany, for three years with the Civil Service.

Mr. and Mrs. Onis Huff were visitors at the Southland First Baptist Church Sunday. They are former members of the church.

Several Lutheran women from this community will be attending the Northwest Conference American Lutheran Church Women's Spring Convention which will be held in Slaton Grace Lutheran Church this Friday. They are: Mmes. Willie Becker, Junior Becker, Loyd Hagens, Selma Klesel, C. J. Miller, Douglas Neugebauer, Arthur Stolle, Cecil Stolle, Edmund Stolle, Walter Stolle and Yours Truly.

Mr. and Mrs. Loyd Hagens attended the Wilson Athletic Banquet Monday night.
 Mrs. David Dabbs, the former Linda Johnson, will be honored

President elected by gas company

AMARILLO—The board of directors of Pioneer Natural Gas Company, following the annual meeting of the stockholders held today in Amarillo, elected a new president

of the corporation. In addition, new vice presidents were named and two officers were elected to new positions.
 Burton P. Smith, member of board and formerly executive president and chief financial officer, was named president and executive officer of Pioneer.
 Smith succeeds C. I. (Sho) Wall as president. Wall, who served as the company's president since 1965, was re-elected chairman of the board and will serve as chairman of the company's executive committee.

"The objective of the national committee," Hopkins declared, "is to join with local, civic, fraternal, labor, social, old age, school, hospital and other groups in soliciting a minimum of 25,000,000 signatures on petitions urging their Senators and Congressmen to take immediate action to preclude the FCC from authorizing Pay TV, in any form."
 "There are many people in our community," he added, "who depend on free television as their main source of entertainment, recreation, education and information, who would be unable to pay for programs on Pay TV. Some of these people are shut-ins, aged or sick. In some cases where there are children in the family the parents would be hard pressed to pay the children's viewing bills, no less their own. These people as well as all members of the public, have the right to the free airwaves, which should not be usurped for the benefit of special interests."
 "We are collecting signatures on petitions at our theatres and welcome the participation of all public-minded citizens who wish to join in this campaign to keep television free," Hopkins concluded.

SERMON TOPIC
 The sermon subject for the 11 a. m. worship at the First Christian Church Sunday will be: "For Such a Time As This." The pastor, Bernard S. Ramsey, cordially invites the public to attend this service. The Lord's Supper will be observed and a nursery is provided.

WHAT'S NEW UNDER THE SUN

HUNDREDS OF YEARS AGO, ESCAMOS WERE DAZZLED BY THE GLARE OF SNOW AND ICE. THEY DEVELOPED CRUDE SUNGLASSES—MADE OF BONE OR WOOD WITH THIN SLITS TO PEER THROUGH.

IN THE HOT SUN OF THE HIMALAYAN PLATEAU, TIBETANS WORE THEIR OWN VERSION OF SUNGLASSES: SCREENS OF WOVEN YAK HAIR. ALTHOUGH THEY HAD NO LENSES, THESE SCREENS LOOKED VERY MUCH LIKE OUR EYEGLASSES.

TODAY AMERICANS SPEND MORE THAN 150 MILLION DOLLARS ON SUNGLASSES EACH YEAR. WHEN BUYING SUNGLASSES, THE EXPERTS AT BAUSCH & LOMB'S RAY-BAN DIVISION RECOMMEND LENSES OF SAGE GREEN OR GRAY OPTICAL GLASS. THESE, UNLIKE OTHERS, DON'T DISTORT VISION AND COLOR PERCEPTION.

Instrumental program given

Post Rotarians were presented with a program of six instrumental numbers by high school and junior high musicians at their Tuesday luncheon in City Hall.

David Hamilton introduced the numbers in the absence of Band Director Herb Gormer who was involved in a junior high band clinic evaluation.

The program included: Junior High Flute Trio, composed of Maxine Collazo, Judy Heimtz and Joni Huffman; snare drum solo by Hamilton; trombone trio, composed of Ken Herron, Ronald Martin and Larry Moreman; a flute trio, which received a I division rating at the UIL contest, consisting of Carol Davies, Stephanie Davis and Karen Potts, and a flute solo by Carol Davies.

The Bud Schlehbers of Snyder and Preston Proole were Saturday guests of the John Borens.

Mrs. Don Robison was in Lubbock Wednesday with her grandson, Kirt Robison, who underwent a tonsillectomy. She and Mr. Robison visited him at his home on Thursday and report he is doing fine.

Church meeting on at Lubbock

Members of the First Christian Church will be attending the 82nd Annual Assembly of Christian Churches of Texas in Lubbock this week which opened Wednesday and will continue through Saturday.

The assembly is made up of some 500 Christian Churches (Disciples of Christ) and will be held in the Lubbock Municipal Auditorium with the theme "For Such a Time As This."

Some of the highlights will be addresses by Dr. Jorge Lara-Braud, director of the Hispanic-American Institute, Austin; Dr. Thomas J. Liggett, president of United Christian Missionary Society, Indianapolis, Ind.; Dr. William C. Howland, minister of the University Christian Church, Austin, and president of the Texas Association of Christian Churches, and Dr. Kenneth L. Teagarden, Fort Worth, who is to become executive minister of Texas Association Churches, July 1.

Other features include a formal musical concert Friday evening presented by the Texas Tech Symphony Orchestra, Choir and Singers. The Covenant Players of California will appear at intervals throughout the four-day assembly in a variety of dramatic settings.

SEA-LEVEL CANAL: CONSERVATION PROBLEM?

For many years the possibility of a sea-level canal somewhere in the vicinity of the Isthmus of Panama has been under discussion. Most of this discussion so far has centered upon the economics of the project and its feasibility from an engineering viewpoint. The only factor involved which has drawn the attention of most biologists is the possibility of radiation damage in the event that nuclear devices are utilized in the excavation.

John C. Briggs, writing in a recent issue of "BioScience", warns that we may be planning a biological catastrophe of enormous scope and international implications.

Professor Briggs, a zoologist at the University of South Florida, predicts that the inevitable "mixing" of marine life from the Eastern Pacific with that of the Western Atlantic, and vice versa, will result in a serious conservation problem. The marine life in the Eastern Pacific may be temporarily enriched, but the ensuing competition will quickly result in the widespread extinction of some species already in the area.

The transfer from the Eastern Pacific into the Western Atlantic will be smaller and the invaders will probably not be able to establish permanent colonies. The damage in this instance will be minimal.

At a time when many countries are expending considerable time and money in an effort to save a few endangered species from extinction, Professor Briggs questions whether the sea-level canal should be undertaken at all.

There are alternatives. The present Panama Canal can be improved or a second overland canal could be considered if a better canal would provide economic benefits.

Briggs believes that the public should know that this proposed project may have serious international repercussions. The coast of Ecuador, Colombia, Panama, Costa Rica, Nicaragua, Honduras, El Salvador, Guatemala, and Mexico all abut the tropical waters of the Eastern Pacific. It is these countries which will be most directly affected.

FHA loans for income-producing recreational projects available

The Farmers Home Administration can now make loans to farm and ranch owners or tenants for outdoor income producing recreational enterprises according to Billy H. Stewart, county supervisor.

Loans to individuals can be made to convert all or a portion of their farms to recreational facilities. The recreational enterprise may supplement regular farm income or, in some cases, replace farm income by converting the entire farm to recreation.

Public recreational areas are increasing in number each year; however, the demand for such facilities still exceeds what is available. The purpose of this loan program is two-fold in that it will provide more recreational areas and help farmers and ranchers to increase their income, stated Stewart.

Loans may be made for camping, picnicking, and hiking facilities, swimming, boating, skiing and fishing facilities, golf courses, riding stables and other forms of outdoor recreation. Funds can be used to purchase necessary materials, supplies and animals, acquire and develop land and water resources, construct or improve modest essential buildings, and to purchase and install needed equipment and fixtures.

Each loan will be scheduled for repayment over a period not to exceed 40 years at 5 per cent. Interested individuals should contact Billy H. Stewart at Tahoka for further information.
