

**RODEO PLANS BEING MADE HERE**

The Post Stampede Rodeo office is a busy place this week as time for the annual rodeo nears. Shown during a lull in office activities are, left to right, Bobby Davidson of Ralls,

a contestant; Red Whatley of Crosbyton, the rodeo producer; Post Stampede Secretary Johnny Kemp, and Cluff Grigsby, a director. Seated is Jerry Hester, rodeo bookkeeper.

# Contestants, fans poised for rodeo opener tonight

**Today's parade is official 'opener'**

Cowboys, floats, musicians, decorated automobiles and bicycles, the fire truck, and no telling what else, will parade down Post's Main street at 5:30 p.m. today (Thursday) to officially open the 31st annual Post Stampede Rodeo.

The floats — and at the last count there were seven of them — will be competing for first, second and third place prize money of \$100, \$50 and \$25. That's about twice as much float prize money as has been paid here in any recent year.

Cash prizes of \$10, \$7.50 and \$5 will be awarded the first, second and third place winners in the decorated bicycle division. The sheriff's posse and other riding clubs will be competing for first, second and third place trophies.

The parade will form west of the courthouse. The owners of decorated bicycles are asked to line their bikes up behind the city fire truck so they can be registered.

The parade will proceed east on Main Street to just this side of the railroad crossing, where it will turn and head west back up Main Street.

Bill McBride, parade chairman for the Post Chamber of Commerce, said the order of the parade will be as follows, subject to last-minute changes:

- Color guard
- Post fire truck
- Decorated bicycles
- Senior Class float
- Dawson County Sheriff's Posse
- Mason & Co. automobile
- Floydada Riding Club
- Garza Memorial Hospital float
- Idalou Saddle Pals
- San Angelo Jaycees "Clyde"
- Gaines County Sheriff's Posse
- Women's Division, Post Chamber of Commerce float
- Scurry County Sheriff's Posse
- Stanley Mathis automobile
- Lubbock Rangers
- Church of God of Prophecy float
- New Deal Riding Club
- Hudman automobile
- Scurry County Junior Riding Club
- Graham 4-H Horse Club float
- Graham 4-H Horse Club riders
- Postex Plant float
- Lubbock Saddle Club
- Fisher County Sheriff's Posse
- Wacker's float
- Fisher County Junior Sheriff's
- Poor Boys Riding Club

## City tax rate down a dime

The Post city council reduced the city tax rate by 10 cents and tentatively adopted a new budget at a special meeting Monday night.

The 10 cents reduction drops the tax rate from \$1.35 to \$1.25 per \$100 of assessed valuation.

"The tax reduction is the one the city council promised the citizens for their support of a city sales tax in last year's election," Mayor Giles C. McCrary said.

The council set the public hear-

ing on the proposed new budget for its next regular meeting, which will be Sept. 7.

The general fund budget tentatively adopted by the council anticipates revenue of \$211,050 and expenditures of \$222,488. The unbalanced budget is due to anticipated purchase of new equipment if additional revenue is available.

The water and sewer department budget tentatively adopted anticipates revenue of \$146,649 and expenditures of \$145,617.50.

**Full entry list in every event**

**BULLETIN!**

At 8 o'clock this morning (Thursday), rain still had not "washed out" plans for the opening tonight of the Post Stampede Rodeo. Johnny Kemp, rodeo secretary, told The Dispatch at 8 a. m. that the word from Stampede president J. L. Hedrick was "We're going ahead with it." Kemp said the arena grounds were in "good shape" Wednesday night despite the rains.

The 31st annual Post Stampede Rodeo will get under way at 8 o'clock tonight (Thursday) with full entry lists assured for all events.

"We have enough contestants right now to hold a rodeo," Johnny Kemp, Post Stampede secretary, said at 9 a. m. Tuesday. And entries were still coming in at 1:45 p. m. with the deadline not until noon Thursday.

Tonight's rodeo action will start at, or shortly after, 8 o'clock following the grand entry, scheduled for 7:45.

The rodeo secretary said the number of contestants is not being limited to calf roping, team roping, barrel race and saddle bronc riding. Bareback bronc riding is being limited to about 14 riders each night and bull riding to from 18 to 20 riders a night. "Overflow" roping will be held Thursday and Friday nights only.

Three teams are entered in the men's Pony Express relay races. Two of the teams will race each other the best two out of three Thursday night, with the other team drawing a first night bye and racing the Thursday night winner the best two out of three Saturday night for the championship.

The two women's Pony Express teams that are entered will race each other the best two out of three at the Friday night performance.

Red Whatley of Crosbyton, the rodeo producer, will also bring the clowns for the rodeo. Nat Fleming will be the announcer.

A dance will follow each night's rodeo performance, with music by Edna Lee and the Westernaires.

**Stabbing follows tavern dispute**

Larry Johnson, 19, of 810 Pine St., was stabbed in the right side about 11:45 p. m. Saturday following an argument with another youth at the Log Cabin tavern on the Clairmont highway.

W. C. Sapp of Post, charged with simple assault in connection with the stabbing, pleaded guilty to the charge in justice of the peace court and paid a fine and costs.

Johnson was dismissed Wednesday morning from Garza Memorial Hospital, where he had been a patient since the stabbing.

The investigating officers on the case were City Patrolman Jerry Jolly and Deputy Sheriff Jim Pippin.

**Rotarians meet coaching staff**

The Post schools' new coaching staff was introduced and the season's prospects discussed at the Post Rotary Club's regular weekly luncheon Tuesday.

The personnel and football work-out schedules were discussed by Bobby Davis, athletic director and head coach, after he introduced himself and Coaches Joe Giddens, Lane Tannehill, Don Black and Jack Alexander.

The coaches returned last Friday from the annual state coaches' school in Fort Worth.

**Law enforcement course is held**

Approximately 40 law enforcement officers attended an in-service training course held from 6:30 p. m. to 10:30 p. m. Monday at the county courthouse.

The training course was organized by the Texas Alcohol Beverage Commission and the Federal Alcohol, Tobacco and Firearms personnel to acquaint the officers with some of the new liquor and firearms laws.

Sponsor of the training course was the South Plains Association of Government's (SPAG).

## Election Aug. 19 on consolidation

Voters of the Justiceburg and Post school districts will go to the polls next Thursday, Aug. 19, to decide whether or not the two school districts are to be consolidated for the 1971-72 school year.

The consolidation proposition must be approved by a majority of voters in both school districts for the consolidation to be carried out.

Justiceburg school district voters — approximately 50 to 60 are eligible to cast ballots — will vote at the Justiceburg school house with John Boren, president of the Justiceburg school board, as election judge.

Post school district voters will vote in the Post High School library here with Mrs. Elizabeth Hart as presiding judge.

County Clerk Carl Cederholm, who has been appointed clerk for absentee voting, told The Dispatch yesterday that no absentee ballots had been cast up to that time.

Deadline for absentee voting at the county clerk's office here for voters from either school district is 5 p. m. Monday, Aug. 16.

The proposition is expected to carry easily in Post as the consolidation would add \$10,500,000 valuation to the combined school

district.

Boren told The Dispatch this week that oil companies and utility firms pay 71 per cent of the total Justiceburg school district tax bill, which would go up an estimated \$26,000 a year in a consolidated district as the Post district sets its rate at 75 per cent of real value as compared with 25 per cent of real value at Justiceburg. Real values of the two districts are closely comparable although ranchland in the Justiceburg district is "real value

**43 immunized Aug. 4 at Well Baby Clinic**

Forty-three persons received inoculations Wednesday night, Aug. 4, at the Well Baby Clinic. Dr. Charles G. Tubbs, Dr. William C. Wilson, Ann Tubbs, R.N., and Bessie Strawn, R.N., were the medical personnel on hand to supervise and give the vaccine.

Members of the Women's Division of the Post Chamber of Commerce present were: Ramona Brockman, Mrs. Grant Lott, Maxine Marks, Bessie Strawn and Sue Shytles.

**FEATURES WATERCOLORS**

## Art exhibit at bank draws many viewers

Post Art Guild member Marie Neff reported "a marvelous turnout" Monday at the art exhibit held at the First National Bank on the occasion of the bank's 62nd anniversary.

The exhibit of approximately 30 paintings is sponsored by the Post Art Guild and the Baker Gallery of Lubbock and features paintings by New Mexico artist John Meigs.

The exhibit will continue through Saturday, Aug. 14.

Meigs, whose home is in San Patricio, N. M., was at the exhibit all day Monday, but could not stay longer because of other commitments, Mrs. Neff said.

In addition to Meigs' watercolors, there are paintings of other artists on exhibit, most of them from this area of the state.

Mrs. Neff said a number of the paintings on exhibit have been sold. She said many out-of-town visitors have registered at the exhibit.

A member of the Post Art Guild is present at the exhibit this morning (Thursday) and will also be present Friday morning to help show the paintings, Mrs. Neff said.

**Pre-registration under way here**

Pre-registration is under way here for all students who will be in grades 1 through 5 and who did not attend school in Post last year.

These students may register by going by the primary school office between the hours of 9 a. m. and 4 p. m., Jack Alexander, elementary school principal, said.

First grade students must be six years old by Sept. 1, 1971.

**CROPS NORTHWEST OF POST HIT**

## Damaging hail comes in along with rains

Crop-damaging hail in the Close City and Pleasant Valley areas and, possibly, in other sections of the county somewhat offset the beneficial results from Monday's heavy rain, which was reported general in Garza County, although light in spots.

Hail is reported to have "beaten" cotton and feed north and west

of Close City, coming in with heavy rains that measured up to four inches or more in some places. Water flooded across U. S. Hwy. 84 between here and Lubbock and roadside lakes stood full following the downpours.

From two to three inches were reported in the Southland area, but it appears that the Close City and

Pleasant Valley areas got the bulk of the rains—along with the hail—which fell intermittently from Monday night through late Tuesday afternoon.

Don Robison, who lives eight miles east of Justiceburg, reported Wednesday that he had received some three inches of rain at his place over the weekend and through Tuesday. The rain was considerably lighter in the immediate Justiceburg area, he said.

The east and northeast parts of the county failed to get as much moisture from the Monday and Tuesday rains as was recorded in other sections. Jimmy Bird, whose ranch is about 18 miles east of Post, said their rainfall measured 20 of an inch Monday afternoon and 70 of an inch Monday night.

"Added to what we've already had this year, that makes about three and a half inches," the rancher said. "But it looks good now," he added.

Monday and Tuesday's rains were spotted in Post. The rain gauge at the Southwestern Public Service Co. office showed .69 of an inch when read Tuesday morning and .11 of an inch when checked Wednesday morning. Some rain

## Lions install Didway as 1971-72 president

"Your club can be the guiding light for this community," the Post Lions were told Tuesday night by District Gove. Bill Levo of Brownfield in a talk on Lionism after he had installed the new club officers.

Walter Didway, personnel manager at the Postex Plant, was installed as the new president, succeeding Bill Crane, also a Postex employe.

Others installed were: Pete

Smith, first vice president; Weaver Moreman, secretary; Bernard S. Ramsey, Lion tamer, and Charles Adams, talltwister.

The district governor emphasized the officers' importance to the club and to the community by having each officer screw a light bulb into a board as he was installed. Levo screwed in the first bulb to represent the club itself, which cast only a dim light by itself. As each new bulb was turned on, more light was cast—"just as your club will throw out more light in the community through the work of the officers and the rest of the membership," Levo said.

The installation meeting was held at Jackson's Cafeteria as a ladies' night affair, with wives of the Lions attending.

Immediately after he took office, the new president presented a Certificate of Merit to his father, Charles Didway, editor of the Post Dispatch. The certificate had

**Seven apply for job of Post city manager**

Seven applications for the position of city manager of Post had been received up to noon Wednesday, according to Mayor Giles C. McCrary.

Applications for the position will be received through today (Thursday).

The position was made vacant by the death of City Manager Bobby Pierce on July 29.

## City dog bounty in effect again

It's open season on stray dogs again.

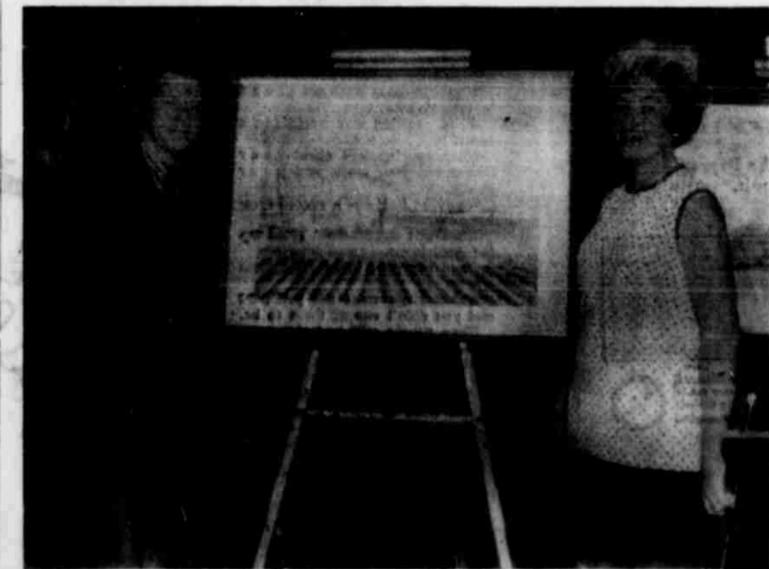

Starting today (Thursday), the City of Post will pay a \$2 bounty on each stray dog picked up and turned over to the city police department.

To turn in a stray dog they have picked up, bounty hunters have only to call the police dispatcher at the courthouse — telephone

3201 — and ask that the police department be notified.

Mayor Giles C. McCrary said the dog bounty will be in effect for a week or ten days.

The city council agreed at its regular August meeting to reinstate the bounty program on stray dogs, which has proved effective in the past.

**ARTIST AND GUILD MEMBER**

Artist John Meigs and Marie Neff of the Post Art Guild are shown at one of Meigs' watercolors included in the art exhibit at the First National Bank here Monday through Saturday.

## It's 'Western Week'; attend the Rodeo

One of the few throw-backs to the genuine Old West is under way this weekend out at the rodeo arena. It is the 31st annual presentation of the Post Stampede Rodeo, which has long ranked as one of the Southwest's most outstanding rodeos.

Some of the top amateur talent in the country is competing at the rodeo in saddle bronc, bareback bronc and bull riding, tie-down and team calf roping and girls' barrel race. Those are the regular rodeo events, but there are also added attractions in the Pony Express relay races and wild mare races, both of which are thrilling and crowd-pleasing events.

The Stampede Rodeo barely made it un-

der the wire this year because of the VEE epidemic and quarantine. Many rodeos, booked earlier than the one here, had to be canceled or postponed because of the quarantine. Many people did not realize how much their town's annual rodeo meant to them until it was cancelled.

The mayor and city council have designated this week as "Western Week in Post." Join in with the spirit of the occasion by attending the rodeo. If you missed the first night, you still have two nights left, and if you didn't get around to reading this editorial until Saturday morning or afternoon, you still have time to catch the final performance of the rodeo.—CD

## Down-with-science wrong attitude

Even here in Garza County we occasionally come across someone who is an adherent to the antisience cult and advocates a return to a more simple life in order to preserve the environment.

We're as much in favor of preserving the environment as the next fellow, but we are also of the opinion that those who lead the antisience cult never stop to realize what lies at the end of the down-with-science road. They are like the weekend camper who takes off for an idyll in the woods with nothing but his toothbrush. By Sunday night, if he has not died of exposure, he can hardly wait to get back to a snug home with all the conveniences of our technological civilization.

By the year 2000, if the antisience cult

has its way, the U. S. environment will be virtually unfit for habitation. Strife, poverty and declining food supply will make of our country one great hovel for the containment of the miserable masses.

Dr. Wernher von Braun of the National Aeronautics and Space Administration, a pioneer of the age of rockets and space flights, warns: "The antisience and antitechnology voices making blanket attacks on science and technology in the name of conservation, a clean environment, or improving the quality of human life, are doing the nation and all of us a great disservice. The problems they are rightly anxious and concerned about cannot be solved by a return-to-nature cult. That course leads only to disaster for multitudes of people."—CD

## What our contemporaries are saying

There is far more danger in public monopoly than private monopoly. When government goes into business, it can always shift the losses to the taxpayers. If it goes into the electric power business, it can always cover up its losses. The government never really goes into business, for it never makes ends meet, and that's the first requirement of business, it just mixes a little business with politics and nobody ever gets a chance to find out what is actually going on.—Scott County Democrat, Benton, Mo.

The annual style derby for U. S. automobiles may be coming to an end. Uniquely American, this system has meant extensive changes, or massive advertising campaigns, to convey that impression, every model year. For many years the style derby has reached its debut climax in September and October when new models have been closely guarded secrets and curiosity about how each car would look has been considerable. Now, however, the high cost of these yearly changes, which often add nothing to the car's safety or mechanical merit, may be ending.—Ephrata, Pa., Review.

The way the legislators spend our tax

money makes you think they are using a credit card.—Tri County (Mo.) News.

The trouble with staying home from work is that you have to drink coffee on your own time.—Thermopolis (Wyo.) Independent Record.

And, speaking of words, isn't it strange how the meaning of some words has changed through the years? Back in Mark Twain's day, the meaning of "square" was one of the best in our language. Then, somehow, that good, honest word got bent all out of shape and its meaning twisted. Now, the word "square" means "a man who never learned to get away with it. A Joe who volunteers when he doesn't have to. A guy who gets his kicks from trying to do something better than anyone else. A dummy who gets so lost in his work that he has to be reminded to go home. He doesn't fit too well in the current crop of angle players, corner-cutters, sharpshooters and goof-offs. He doesn't want to fly and pay later. He's burdened with old-fashioned ideas of honesty, loyalty, courage and thrift." If you're called "square" now you don't know whether you're a pretty good guy or just a plain boob!—Randolph, Iowa, Enterprise.

## The Payroll Savings Plan is for people who hate to think about saving.

If you're one of those people who needs to save but doesn't like to think about it, the Payroll Savings Plan is a perfect solution to your problem.

You only have to think about saving once and that's when you join.

After that, money is added to your savings every payday. Whether you remember or not.

While you're thinking about other things, your money will be adding up faster than ever before. Now there's a bonus interest rate on all U.S. Savings Bonds. E Bonds now pay 5 1/2% when held to a maturity of 5 years, 10 months (4% the first year). That extra 1/2% is payable as a bonus at maturity. This applies to all bonds

issued since June 1, 1970... with a comparable improvement for all older bonds.

Start building a nest egg the easy way:

Sign up for the Payroll Savings Plan. Then forget it.

Read on and find out what, when, and how to invest your money. You may be offered a special way to save.

Take stock in America. Now Bonds pay a bonus at maturity.

"WESTERN WEEK" isn't starting off true to form this Monday morning. It is rainy-looking and a little damp, which is good — just as long as it doesn't rain out the Post Stampede Rodeo this week end.

For a typical "Western Week" in Garza County it should be dry and dusty, but we'll take all of this kind of weather we can get.

THREE OF MY sisters and a brother, all from Oklahoma, visited the wife and I over the weekend, and said they couldn't see why folks out here complain about dry weather. I told them they should have been here earlier in the year... anytime up until a couple of weeks ago.

The visitors and I drove to Muleshoe Sunday to visit our No. 2 son, No. 2 daughter-in-law and No. 3 grandson. It rained on us between Post and Southland, and then really let loose the other side of Littlefield. After that, it was harder than ever to convince them that this part of the country is bone-dry most of the time.

THE MAN UP the street says a compromise is a deal in which two people get what neither of them wanted.

Mayor Giles C. McCrary has informed The Dispatch that the city will start paying the stray dog bounty again — \$2 a dog for every stray picked up.

I KNOW THERE are people out in our neighborhood who would like to see the Didways' barking dog, Snoopy, picked up, and I can't say I blame them.

Here of late, Snoopy has been doing most of his barking late at night or in the wee hours of the morning when most people are trying to sleep. Many a night I've heard the wife say she wouldn't care if somebody shot him, and most of the time I agree with her.

SNOOPY ISN'T a stray dog — except when he starts barking and then he strays a block or two in every direction — most of the time to bark at prowling cats.

We'd like to keep Snoopy, since we're almost as attached to him as he is to us, but we are going to have to get rid of him unless we can figure out a way to silence him at night. Before writing "Dear Abby" and asking her what we should do, the wife and I are wondering if any of my readers know of a solution.

THE COST OF the first trip of Columbus was some \$7,250, of which he received \$320, the ship captains \$180, and sailors \$29 each. That \$7,250 cost for Columbus to discover America probably wouldn't pay for one of the wheels on the dune buggy the astronauts left on the moon this last trip. But then, of course, one can't argue against the fact that cost of most everything has gone up since 1492.

Down at Snyder, again this year, they are advertising the Scurry County Rodeo as "the fastest show in the west." Up at Post, we can't see it that way. It takes them four nights to run off the Scurry County Rodeo, while we'll be through with the Post Stampede Rodeo in three nights.

YOU ARE OLD enough to remember the good old days if you can remember:

When you left your front door open.

When you went to church and the preacher preached from the Bible.

When a girl was a girl, when a boy was a boy, and you could tell them apart.

When even the word "socialism" was a dirty word.

When the poor were too proud to take charity.

When a nickel was worth five cents.

When you bragged about your hometown, your state, and your nation.

When the flag was a sacred symbol.

When this Government stood up for Americans.

When everyone knew right from wrong.

When things were not perfect and you didn't expect them to be.

When people still had the capacity for indignation.

When sick meant that you were not feeling well.

When people expected less and valued what they had more.

When everyone was not entitled to an annual wage whether he worked or not.

When a man's word was his bond.

When America was the land of the free and the home of the brave.

# Fawver-Criswell vows read at Trinity Baptist Church

Miss Anne Fawver became the bride of James Michael Criswell Saturday, July 31, in the Trinity Baptist Church in Post.

The Rev. James A. Criswell, father of the bridegroom, performed the ceremony at 4 p.m. before the immediate family of the couple.

The bride is the daughter of Mr. and Mrs. R. C. Fawver of Floydada and the bridegroom is the son of the Rev. and Mrs. Criswell of Post.

Escorted in marriage by her father, the bride wore a white silk organza gown over peau de soie, featuring a wedding ring collar, long bishop sleeves and a pyramid skirt. Her silk illusion veil was attached to a headpiece of orchid and white carnations highlighted by baby's breath and satin streamers. She carried a bouquet of white roses and orchid carnations with orchid satin streamers.

Miss Rhonda Criswell of Post, sister of the bridegroom, was maid of honor. She wore a floor-length gown of angel's breath over orchid peau de soie, decorated with white shell lace accented in orchid and green. She carried a single long stemmed white rose.

Steve Collazo of Post was best man, with Clinton Fawver of Amarillo as usher.

A reception followed the ceremony in the church fellowship hall. Misses Paula and Rhonda Criswell served at the bride's table, using milk glass appointments. The table was covered with an orchid net over satin, centered by a white orchid and purple floral arrangement.

Mrs. Criswell attended South Plains College this year where she was cheerleader. Criswell graduated from South Plains College in May. Both plan to attend West Texas State University this fall.

# Paula Turner and Ben Miller wed in Fluvanna ceremony

Wedding vows were exchanged by Miss Paula Turner and Ben Clyde Miller on Wednesday, July 28, at the United Methodist Church at Fluvanna before tall white candelabra holding cathedral tapers and an arrangement of white gladiolus and pink carnations centered on the communion table in the tapers at the beginning of the front of a lighted cross. Miss Linda Jordan of Fluvanna lighted the ceremony.

The Rev. Howell Watkins of the Wesley Methodist Church in Amarillo officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Paul Turner of Fluvanna. Parents of the bridegroom are Mr. and Mrs. Riley Miller of Justiceburg.

Given in marriage by her father, the bride chose a formal gown of white imported organza and French Chantilly lace over peau de soie. The lace overlaid bodice featured a high scalloped beaded neckline and long fitted sleeves. The A-line skirt and full chapel-length train were adorned with lace motifs. A white satin ribbon and back bow marked the empire waistline. Her tiered veil of imported illusion was attached to a Camelot hat of sheer Chantilly lace and seed pearls. She carried a bouquet of cymbidium orchids and white carnations on a white Bible, which was a gift from the bridegroom.

The bride wore a new penny in her shoe and a blue garter. For something old and borrowed, she wore a gold locket belonging to her grandmother, Mrs. Ida Turner.

Miss Robertanne Turner, sister of the bride, was maid of honor. Bridesmaids were Misses Sherry Meyers of Midland and Jenny Miller, sister of the bridegroom, of Justiceburg. The attendants wore identical gowns of pink tulle with short puffed sleeves, high rounded neckline and a band of hot pink

satin and a back bow accenting the waistline. They wore pink picture hats of sheer nylon braid, trimmed with hot pink ribbon and flower clusters. Each carried a nosegay of light and dark pink carnations with purple accents and hot pink streamers.

Ronnie Williams of Post was best man. Groomsmen were Charles Dromgoole of Sourlake and Bruce Reed of Justiceburg. Ralph Miller of Fluvanna, Johnny Seay of Dallas, and Randy Carmichael of Snyder were ushers.

Traditional wedding music was presented by Mrs. Bill Stansell, with Mrs. Emmitt Hataway of Snyder singing "The Twelfth of Never" and "We've Only Just Begun."

Mrs. Joe Thell Belew of Fluvanna registered guests.

At the reception following the ceremony in the Fluvanna Community Center, the bride's table was covered with sheer white cloth trimmed in lace. A bouquet of pink carnations centered the table. Clusters of pink roses and satin wedding bells topped the three-tiered wedding cake. Crystal appointments were used to serve. Presiding at the table were Misses Martha Jo Walls of Post and Janice Lucas of Lockney.

Chocolate cake and coffee were served by Mrs. Jackie Flutt of Arlington and Mrs. Johnny Seay of Dallas at the bridegroom's table, which was covered with a gold decorator burlap cloth.

A 1969 graduate of Fluvanna High School, the bride attended West Texas State University in Canyon the past two years. Miller is a 1969 graduate of Post High School and attends Texas A&M University at College Station, where he is a business management major.

The couple will make their home in College Station.

CLEARVIEW COMPANY OF POST

Chuck Kenny 714 Chantilly Lane

50 years ago, the year Southwestern Public Service Company was born, raising transmission poles was, literally, a matter of horse and man power as pictured above. In the company's golden anniversary year, it's just a question of lift, set and tamp, as seen at right, nearly all of it done mechanically.

# 50th anniversary is under way for SWPS

How does a company decide when it is going to celebrate its 50th anniversary year?

In the case of Southwestern Public Service Company, the decision was made late last year by the simple expedient of impressing the corporate seal on a piece of plain white paper.

When the resulting impression read, "Incorporated, 1921", 1971 became the electric company's golden anniversary year.

Up until that decision making moment, five different years could make some kind of a case for being the birth year, with one of them going all the way back to 1894. The others were 1904, 1925 and 1942, and the winner, 1921.

1921 won the battle because, in addition to being the year that came up on the seal, it was also the year of organization of the company which, four years later, took on the name of Southwestern Public Service Company.

The 1921 company which became today's Southwestern, was the Roswell Public Service Company. Included among its incorporators was H. I. Dow, well-known New Mexico pioneer and a director and general counsel for Southwestern Public Service Company until his death in 1969.

The name change to Southwestern Public Service Company came in 1925, which also was the year that expansion began with the purchase of electric systems in Artesia and Carlsbad.

1925 was also the year the company first began operations in Texas, with the purchase of the electric systems in Amarillo, Pampa and Panhandle.

The 1920's are the most interesting years in the electrical development of this region.

The region was then, basically, a cluster of small towns, each of which had its own inadequate, and

usually antiquated, electric supplies. There were few, if any interconnections, with other communities or electric systems. Most of the towns were only large enough to be served by a single circuit, and if something happened the whole town was out of power until it was repaired.

This was an era which also brought some communities electric service for the first time. In late 1926, for example, Southwestern built a transmission line from Amarillo to Pampa and brought electric service to White Deer, Texas for the first time — on Christmas Eve.

There was still considerable fragmentation insofar as electric service was concerned and parts of seven companies, each of them a subsidiary of at least one holding company, were serving throughout

## Youth camp is being held at White River Lake

The White River Bible Encampment, a youth camp, opened at the White River Lake on Monday and will be held through Saturday, Aug. 14. A number of Post youngsters are enrolled in the camp.

This is the first time an organized camp has been held at the lake, and it is planned to make it a permanent encampment to be held every summer.

The camp is located just west of the Church of Christ building on land owned by Arnold Sanders on of Post. C. A. "Pop" Farley of Lubbock and Joseph Johnson, minister of the Church of Christ there, are director and assistant director respectively. Larry West of Post is one of the teachers and Mrs. Bessie Strawn, also of Post, is a camp nurse.

Boys and girls in 11th grade through high school are attending the camp, which is open to everyone, regardless of religious affiliation or race.

### RODEO RESCHEDULED

TULIA — The Swisher County rodeo which was cancelled during the county's birthday celebration due to the VEE outbreak has been rescheduled for Aug. 19-21.

the area.

It was apparent, then, that the electric service needs of the area could be met even more efficiently and economically if it were served by a single, independent, operating company, devoid of holding company ties, locally managed and immediately responsive to area needs.

In short, the region, which had fairly common agricultural and business bonds, lent itself to integration, in the electrical sense of that word.

The Public Utility Holding Company Act of 1935 and cooperation between government and business made this integration possible.

The holding company subsidiaries which had been serving the region were merged into a single entity, Southwestern Public Service Company, an independent, integrated operating company. It was the first such company, incidentally, to result from the application of the Holding Company Act.

Thus it was, as the area embarked on the most rapid period of its growth — immediately following World War II, it was served by a single electrical supplier prepared to meet the electric service needs that growth brought on.

Southwestern serves a 45,000-square mile area which starts in the southwestern corner of Kansas, crosses the Oklahoma and Texas Panhandles, moves down onto the South Plains of the Lone Star state and then moves westward to include the Pecos Valley and Clovis-Portales regions of New Mexico.

There haven't been any power shortages in this area in the past and the folks at Southwestern don't envision any in the future. To make their visions become reality, the company is adding to its investment at an average annual rate of \$20 million. The total investment will pass the \$500 million mark in the early 70's. Incidentally, it was \$39 million dollars, the total investment that is, when the company took its present form in 1942.

The crystal ball gazers are saying that the American people are going to demand as much electric energy in the next ten years as they have used in the last 90. That would be 18-trillion kilowatt-hours, and it looks like this when you put all the zeros on it — 18,000,000,000,000.

Southwestern's share of that load

## Area farmers, ranchers borrow \$21.5 million from Lubbock PCA

LUBBOCK — Area farmers and ranchers borrowed more than \$21.5 million from Lubbock Production Credit Association during the first six months of 1971, according to Alton Strickland, president.

This figure represents an increase of more than \$900,000 over the same period last year.

Texas' 34 Production Credit Associations loaned more than \$448 million the first half of 1971, an increase of \$33 million over the same period last year.

Lubbock PCA has offices in Lubbock, Brownfield, Levelland, Ralls, Seminole and Tahoka. The association makes agricultural loans in Cochran, Crosby, Gaines, Garza, Hockley, Lubbock, Lynn, Terry and Yoakum counties.

# Prayer—The Channel of Power

By Robert Griffin

We are constantly striving to devise new methods, new plans, new organizations to advance the Church and secure enlargement and efficiency for the gospel.

This trend of the day has a tendency to lose sight of the man or sink the man in the plan or organization. God's plan is to make much of the man, far more of him than of anything else. Men are God's method.

The Church is looking for better methods; God is looking for better men. "There was a man sent from God whose name was John." God's plan for preparing the way for His Son was bound up in this man called John. When Paul appeals to the personal character of the men who spread the gospel in the world, he solves the mystery of their success. The glory and the efficiency of the gospel are staked on the men who proclaim it. When God declares that "the eyes of the Lord run to and fro throughout the whole earth, to show Himself strong in the behalf of them whose

heart is perfect toward Him," He declares the necessity of men and His dependence on them as a channel through which to exert His power upon the world.

This vital, urgent truth is one that this age of machinery is apt to forget. The forgetting of it is as detrimental on the work of God as would be the striking of the sun from the sky. Darkness, confusion, and death would ensue.

What the Church needs today is not more machinery or better, not new organizations or more and novel methods, but men whom the Holy Spirit can use, men of prayer, men mighty in prayer. The Holy Spirit does not flow through methods, but through men. He does not come on machinery, but on men. He does not anoint plans, but men; men of prayer.

"You know the value of prayer; it is precious beyond all price. Never, never neglect it." —Sir Thomas Buxton

## Schoolman learns of drugs, crime

Dan Rankin, assistant principal of the Post Elementary School, returned last Friday from Midland where he attended a jointly-sponsored four weeks' seminar on Drug Abuse and Crime Prevention.

The Midland seminar, attended by approximately 300 persons, was one of four held in Texas. The seminars were for law enforcement personnel as well as for teachers.

Each of those who attended the seminar will do educational work in the prevention of drug abuse and other crime in his own area through his area's Education Service Center. They will meet four times during the year to report on progress in their respective communities, with one of the meetings to be held in Austin.

Rankin is available in this area as a speaker to explain the Drug Abuse and Crime Prevention program to civic clubs and other organizations.

## School election—

(Continued from Page 1)

If Justiceburg doesn't vote to consolidate, the district will have to move quickly to get their students to school somewhere about two weeks later.

If it "contracts" for the education of all scholastics for two years, the Justiceburg district automatically would be annexed into the school district which held the contract.

This route would cost that consolidated district an estimated \$80,000 over the next ten years in state consolidation incentive payment which the state won't pay unless consolidation is actually voted.

The Justiceburg school district does not have enough students to meet minimum requirements to hold school this year and as of now does not have a teacher. Whether the state would grant special permission for the Justiceburg district to hold school this year after falling well below the minimum in average daily attendance last year is considered very doubtful.

Post school district trustees have offered to let the Justiceburg community keep both its schoolhouse and lake, and to put the new bus route on order on the Justiceburg route if the two districts are consolidated.

## Rains come—

(Continued from Page 1) gauges in the city showed up to .90 of an inch from the early Tuesday morning downpour.

The SWPS rain gauge showed .02 of an inch to have fallen in Sunday's light shower.

## Timely Tips from CHDA

By JANIS CHOATE

### FALL SEWING WITH LEATHER

Sew excitingly for fall — a sew leather.

Buckskin, suedes and chamomise skins are readily available in a variety of colors. And, great new patterns have been planned for leather sewing.

First, make a trial muslin. Remember leather garments cannot be altered; stitching marks remain when threads are removed.

To begin working with the leather, convert each pattern half into a full pattern, then lay the pattern pieces in one direction on the skin underside. Tape pattern pieces to the skin and cut with sharp shears.

Necessary markings can be transferred using wax, chalk or ball point pen.

When ready to stitch, hold seams in place with paper clips or cellophane tape. Core spun or silk thread makes a stronger seam. Adjust the machine for 8 to 10 stitches per inch, and loosen the thread tension. Use a size 16 leather needle.

Thread ends should be tied, rather than backstitched, to avoid marring the leather.

Stay seams to keep the leather from stretching. Open seams, apply rubber cement to the underside and pound the seams flat with a wooden mallet. Hems also are cemented and pounded into place.

Jumpers, jackets, shorts, skirts

been awarded Diction by the publishers of the Dictionary of International Biography in London, England, for "outstanding work in surname research."

The certificate also included the information that the Post man's accomplishments in surname research will be "given notice in Volume VIII of the Dictionary of International Biography" being published this year.

Other guests present included Mrs. Charles Didway, James Culver third vice president of the Brownfield Lions Club, and Mrs. Calver; Tom Butcher of Brownfield, public relations manager for the district governor, and Mrs. Butcher; Billy Bob Beck of the Southwest Lions Club of Lubbock, Mrs. Beck and the latter's mother. Following the dinner meeting, the district governor met with the officers and directors of the club.

### VISITORS FROM OHIO

Mr. and Mrs. Charlie Dice of Dayton, Ohio, spent several days last week visiting Mr. and Mrs. A. P. Hedrick, the Everette Windhams and the Glenn Sheltons. Mr. Dice was the husband of the Hedricks' daughter who passed away two years ago.

and all types of accessories can be made with leather. Add a special touch to your leather sewing to get the fashionable hand-crafted look — tool it, stencil it, paint it (use shoe paint), or lace it.

### YARNS FOR FALL SEASON

No more fashion absolutes! Fall fabrics prove it.

Yarns of all fibers will be made into chifons, corduroys, denim s, challis and silk broadcloths. Cotton, wool, silk and all the man-made fabrics will span the seasons.

Fall has a variety of moods. You can choose from the ethnics, batik-inspired prints, natural looks, all-important denims, country look s, tapestries and the quilts — all interpreted into a variety of fabrics for daytime and evening wear.

Cottons make the fall scene in muslins, soft twills, denims, or embroideries. All-cotton tapestries also will be available, with a flat weave or a deep pile furry hand.

Fashionable woollens will include the print-on-texture, softly-brushed looks with a blanket feel and challis or classic paisley prints. And, solids are still important in a fluffly jacquard weave that is machine washable.

Acrylic fabrics for fall come in tapestries, challis and a kitteny single knit. These fibers will be blended with wool and other synthetics. Keep an eye on the acrylics, as they have great growth potential.

A dimension of mystic beauty will in fall fabrics be created with transparent nylons, sheer velvets and organza and silk chifons.

As for fall colors, they are clear and bright — blue, plum, pink, burgundy, terra cotta, papaya, green and red. Black, white, cream and gray will be the great neutrals.

### Rites for father of Post woman

Mr. and Mrs. Joe Marshall were in Shamrock Wednesday to attend funeral services for Mrs. Marshall's father, J. E. Throckmorton, 75, who died Monday morning in an Amarillo hospital following an illness of a few months.

The funeral service was held in the First Baptist Church at Shamrock and burial was in the Shamrock cemetery.

Besides the daughter of Post, Throckmorton is survived by his wife, three other daughters and two sons.

### TEXARKANA VISITORS

Mr. and Mrs. Claude Cranford and children of Texarkana visited her parents, Mr. and Mrs. Thebert McBride, and David this past week.

## Double mugging two-man event

Two cowboys with lariats in their hands sit on restless cow ponies in the roping alley and joke nervously. The man in the arena asks, "Ready?" Both nod.

Out of the chute bounds a yearling Brahma, old enough to be plenty mean and ornery, and young enough to be frisky. Both cowboys begin the chase after the steer has crossed the barrier. If either of the riders jumps too soon, there is a 10-second penalty.

The roper is allowed two loops. If he misses with his first, he may throw his second, or his mucker may throw it. The man who catches the yearling must tie him.

When the yearling is caught, both cowboys leap from their horses. The mucker attempts to throw the animal while the roper is getting in a position for a swift tie. The rules say any method may be used to throw the animal, and they've all been tried.

When the animal is down, the roper loops his pigging string around one leg and ties three of the yearling's feet together. He then throws up his hands to signal that the tie is completed. For his time to be official, the steer must remain tied for six seconds.

## Wildcat staked in Garza County

A 4,300-foot wildcat, No. 1 Walter Stolle, has been scheduled three miles southeast of Southland in Garza County by D. M. Norman, operator.

The drillsite is 990 feet from south and 1,680 feet from east lines of the southeast quarter of Section 1260, Abstract 169, John H. Gibson survey. It is two miles east of the Suniland (Glorieta) field.

## Bareback riding unlike canter on bridle path

Bronc riders in the Post Stampede Rodeo Aug. 12-14 will tell you that riding a bronc is a far cry from a Sunday afternoon canter in the park.

It takes a lot of nerve on the part of the rider to lower himself down on the back of a frightened, wild bronc in the narrow confines of a rodeo chute, particularly when the bronc is on the prod anyway and has been fighting everything in sight, trying his best to break away from his handlers and head for the open spaces.

Bareback riding is a one-handed contest with a surcingle furnished by the management. The rider must ride with one hand on the surcingle and one hand in the air

and must not touch the horse with his free hand.

The rider has no saddle on his bronc in this event.

The rider is scored on his performance—how well he handles the animal in its many gyrations and how thoroughly he rakes the snorting bronc with his spurs—and the performance of the horse.

The brons are drawn for each performance and a rider must take the horse assigned to him.

From the moment the chute door is opened until he is spilled off or taken off by the pickup men, the bareback bronc rider has a busy time. He must constantly be able to shift his weight to match the twisting, pitching, and sunfishing of the outlaw bronc. How well he is able to do this determines whether or not he will land on the ground or stand in the pay line for day money.

## 744 books checked out during July

Circulation of the Post Public Library for July was 744 books checked out by readers, according to the monthly report of Volunteer Librarian George L. Miller.

This brought the number of books checked out for the first seven months of 1971 to 4,783, 3,144 of which were adult books and 1,639 juvenile variety.

Total acquisitions for the month were 11 titles to bring the total number of new volumes added to the library this year to 368.

This does not include, however, a large shipment of children's books which are now being processed for shelving.

## Sweetwater site of AJRA finals

**SWEETWATER** — Les McFadden, secretary-manager of the American Junior Rodeo Association, announced today that the national finals of the AJRA Rodeo scheduled for Aug. 18-21 in Sweetwater will be held as previously announced.

McFadden informed Donald Moore, local AJRA chairman, of the plans to continue the national event following uncertainty due to the VEE epidemic.

Six hundred AJRA event entrants are expected from a multi-state area.

## Wild mare race always thriller

What pro football is to athletics, the wild mare race is to rodeos. The thrills come thick and fast and every minute is full of excitement. Most spectators pick out a favorite to root for, too.

There is nothing put on or fake about this rodeo event. Young mares fresh from the range are brought in for the event. The sight of so many people is enough to get them excited—to say nothing of having some eager cowboys trying to ride them.

These wild horses, wearing only a halter to which is attached a long rope, are released simultaneously from the chutes and its is the object of each three-man team to saddle, mount and ride to the far end of the arena and return. First man to do this is declared winner.

Most cowboys have learned that by biting the mare's ear, they can make her remain still for saddling, but there is mounting and riding to be done—and, of course, the riding must be in the right direction.

# Football drills to start Monday for Post Antelopes

## Shoes issued gridders; physicals to be Friday

Candidates for the 1971 Post Antelopes football team were issued shoes Monday by the schools' new three-man coaching staff and immediately started running to get used to the grid footwear. Physicals will be held at 6:30 p.m. this Friday for high school and freshman football players and two-day practice sessions for the varsity candidates will start Monday.

Head Coach Bobby Davis said. Drs. William C. Wilson and Charles G. Tubbs will be on hand at the fieldhouse at 6:30 p.m. Friday to give the physicals, for which there will be no charge. All boys who will be out for the high school or freshman squads are urged not to miss getting their physical Friday. If they do, they will have to arrange and pay for their own physical exams, Coach Davis said.

Practice will officially open for the high school players at 8:30 a.m. Monday, Aug. 16, with the gridders going through their paces in full pads. There will also be a late evening practice, starting around 8 o'clock, each day.

The freshman grid candidates will start one-a-day workouts on Monday, Aug. 23. The freshmen are requested to go by the fieldhouse during the high school workouts to check out their equipment.

Coach Davis said he expects 41 or 42 varsity candidates to report for the practice opener Monday, and about 32 freshmen the following Monday.

Eleven-varsity lettermen are due back, Coach Davis said. The Antelopes open their season at Hale Center on Sept. 10.

Other members of Post's new coaching staff are Joe Giddens, John Alexander, Don Black and Lane Tannehill.

## Hightower takes Kress position

Cliff Hightower, a Post assistant coach during the 1970-71 school year, has accepted a position as assistant football coach and head girls basketball coach at Kress High School, where he will also teach general science.

Kress is picked to win the District 3A championship in football.

While at Post, Hightower coached the 8th grade girls' basketball team to a district championship with a 20-1 record. His 7th grade girls tied for second place in the district with a 16-4 mark. His junior high girls' volleyball team won the district tournament. Hightower also assisted Bud Davis in coaching the freshman football team, which had a 5-4 season.

Coach Hightower and his family have moved to Route 1, Kress, Tex. 79052.

## Winning golfers get 14 birdies

The team of Jim Hundley Sr., Felton Gatlin, Wiley Hill and Jack Kennedy turned in 14 birdies in winning the best-ball tournament held Sunday at the Caprock Golf Course.

The 14 birdies are believed to have set a record at the course. A birdie is one stroke under par for a hole.

The winning team's best-ball score was 56, which was five strokes ahead of the second place team of Charles Doss, Jim Doss, James Amons and Jackie Hays.

Other teams finished as follows: 64 — Bill Crane, Bill Clapp, Donnie Hays. 65 — Harold Lucas, Doris Lucas, Sid Pierce, Sexton Huntley. 65 — Mike Mitchell, Don Black, Charles Morris, Tommy Young. 67 — Gene Martin, Glenn Potts, Clovis Tucker, Gerald Clayton.

# Rodeo lingo may be unfamiliar to fans

Rodeo contestants have their own language, as fans attending the 31st annual Post Stampede Rodeo Aug. 12-14 can learn by listening to some of the talk around the arena.

Following is a glossary of rodeo terms:

**ADDED MONEY:** The total prize money in any event is made up of the entry fees paid by contestants and the purse put up by the rodeo committee; the purse is called added money.

**ARENA DIRECTOR:** Person who has responsibility to see that the rodeo goes off smoothly and according to the rules. He supervises all jobs and details in and connected to the rodeo arena itself, such as loading the chutes, keeping the arena clear, etc.

**ASSOCIATION SADDLE:** A by saddle built to definite RCA specifications and design and used in saddle bronc riding. It may belong either to the contestant or the rodeo producer.

**AVERAGE:** Contestants in rodeos with more than one go-round are paid off in prize money for the best ride or time in each go-round and for the best average of all the go-rounds. The winner of the average is the winner of that event at the rodeo.

**BARRIER:** A rope stretched across the front end of the box from which the roper's or steer wrestler's horse comes when the barrier flag drops. According to the arena conditions, the stock is given a predetermined head start, or score, marked by a scoreline.

**BREAKING THE BARRIER:** If the contestant rides through or breaks the barrier before it is released, a penalty of 10 seconds is added to his time.

**DAY MONEY:** The amount of prize money paid to the winners of each go-round.

**ENTRY FEE:** The money paid by a contestant to the rodeo secretary before he can enter an event or rodeo. The size of the fee varies with the amount of the rodeo purse, ranging from \$10 at the small set rodeos to a maximum of \$100. Contestants must pay a separate entry fee for every event they compete in.

**FISHING:** A common expression used in rodeo when the roper has thrown an animal but has missed, and then by accident, or by flipping the rope, turns it into a legal catch.

**FLANK OR FLANK STRAP:** A sheepskin lined strap with a self-

holding buckle passed around the flank of the bronc or brahma bull. The strap is pulled tight as the animal leaves the chute. In an effort

## Riding of bulls most dangerous of rodeo events

The wild Brahma bull riding, such as that to be seen at the 31st annual Post Stampede Rodeo here Aug. 12-14, is probably the most exciting and dangerous event of the entire rodeo. It is also the one that everyone waits to see. These bulls are extremely powerful and offer many possibilities for injury to the rider.

Bull fighting clowns, besides thrilling and amusing spectators with their comic and daring antics, are the bull rider's "lifeguards." Pickup men are not used in this event because the bulls will attack the men on horseback.

As fearsome as they look, a bull's horns seldom inflict injury. Bull riders are more concerned with a bull's sharp hoofs, backed by tremendous weight occasionally reaching a ton.

This event draws a large number of contestants, many of them beginners in rodeo. Riders are not required to spur bulls, so a newcomer has a better chance of winning than in the other riding events.

Bulls are ridden with plaited "loose rope" pulled tight around the bull's girth and a "daily" taken around the rider's hand, held only by his grip.

The rider will be disqualified for touching the bull with his free hand or bucking off before the eight-second signal. The rider must have one hand free at all times and must use a rope with a bell attached as his rigging.

## Calf roping is one of oldest rodeo sports

Calf roping is perhaps one of the oldest of all rodeo sports. From the time he is able to walk, a West Texas ranch boy tries his hand at roping.

He progresses upward from fence posts to the family dog and then the mild calves. Later, perhaps, he takes part in roping clubs or kid rodeos. Usually there is in the back of his mind the determination to rope in a bona fide rodeo. And many, many of these boys fulfill this ambition.

Sufficient evidence of this is the large number of entrants each year. It makes morning roping or "overflow" night roping necessary in order to give every contestant a chance. Ropers draw for roping time. Some get to perform before audiences and some do not.

A good horse is an absolute necessity in this sport and it is as much pleasure to watch the horse as the roper.

Since the calf is given a head start, the horse must have good breaking speed. If, however, the horse jumps too soon, the rope barrier will be broken and the roper will be assessed a 10-second penalty. Once the calf is caught, the horse will back up and hold the rope taut, making for an easier throw and tie.

## 'Coaches' Corner' to be telecast

"Coaches' Corner," a series of interviews with Post High School coaches and football players, will start at 7 p.m. Thursday, Aug. 19, on Channel 2 television.

The interviews will be conducted by Antelope booster Bill McBride every Thursday night.

Plans are to telecast one of the "Coaches' Corner" interviews and are to be presented through the courtesy of Clearview of Post.

**SISTER & BROTHER VISIT** Visiting in the home of Dr. and Mrs. William C. Wilson are her brother and sister, Billy and Susie Casteel of Sierra Vista, Ariz.

## Saddle bronc riding had start on range

Saddle bronc riding, such as that to be unveiled at the 31st annual Post Stampede Rodeo Aug. 12-14, is the classic event of rodeo. It had its beginning in actual ranch work. Before the rodeo hands started doing it for prize money, many cowboys made the precarious ride as part of their everyday job.

Many cowboys have a healthy fear of being hung up in their stirrups. When a cowboy gets in a storm, the cattle and swells in the saddle can bat him around unmercifully. For this reason the entry list in this event is small.

Bronc riders spur in a raking motion, fore and aft. From neck to cantleboard is a full stroke requiring delicate timing, balance and rhythm.

The judges mark the ride on how well the rider uses his feet spurring from the horse's shoulders to the saddle cantle. The judges also mark the horse on how hard the animal bucks.

A plain halter, one rein, and an approved saddle are used by each rider. With nothing but the rope rein in his hand, the rider's horse-

breaking experience, if any, is invaluable.

A rider must have his spurs over the break of the shoulders and touching the horse when front feet hit the ground first jump out of the chute. The rider is disqualified for being bucked off before the eight-second signal, changing hands on rein, losing a stirrup or touching the animal, saddle or rein with his free hand.

## Archery shoot to be Sunday

The Post Archery Club will hold its second shoot Sunday, Aug. 15, at 1 p.m. on the club range at Two Draw Lakes.

All members are urged to participate in the shoot, as plans are to present trophies to the first place winners in each class. The public is invited.

The archery club will hold a board meeting Monday night, Aug. 16.

By GEORGE L. MILER  
 summer won't last much longer. A few weeks, and it's school time again, and an end to the Summer Reading Club.  
 The club hasn't been as large as last year. But there still have been a lot of books checked out, by young and old alike, who know the best way to beat the heat is to climb

into a good book.  
 We've just loaded up our book cart with a host of new books for children. Rosemary Chapman, our expert on juvenile reading, selected the titles, and she and I have been busily processing those new titles for the public.  
 I don't know much about children's books, other than the ones I

read years ago. One that I remember with particular fondness was called "To and Again" by Walter Brooks. It was the story of a group of farm animals that decided to migrate to Florida for the winter. One animal in particular, Freddy the Pig, was very lovable. I never did understand what the title meant though, and it seems the author thought it needed changing too. One of our new books is called "Freddy Goes to Florida". It's my old favorite with a new name and should be a favorite for many more young readers.  
 Another author who never disappointed me was Kate Seredy. She

was from Hungary, and her stories—which she illustrated herself—were usually about her homeland. Two of them, "The Good Master" and "The Singing Tree" are considered among the finest ever written for the junior set.  
 In our new books we have another book by Miss Seredy called "Philomena". I glanced through it quickly and found the same delightful pictures I would expect from this lady. I know nothing about the story, but if it's anything like her other classics, it's bound to please. Will James' enthusiasts will want to read "Young Cowboy". I'm told that nobody writes a western quite

like Will James writes one. And he does his own illustrations also. They make for good reading, and handsome appearance as well.  
 Does the name Cornelia Meigs mean anything to you? I first discovered her when my teacher in school read us her book called "The Willow Whistle". She writes Laura Ingalls Wilder. Her best-known work, and my favorite, is of pioneer days, somewhat like "Caddie Woodlawn". "The Willow Whistle" is every bit as good, and we now have both in the library.  
 Frances Hodgson Burnett was a lady from England who settled down in America and wrote some

classics for children. She earned the unjust hatred of millions of little boys, for writing "Little Lord Fauntleroy". I say unjust, because she didn't illustrate the book, Reginald Marsh should get the credit for that indignity.  
 But Miss Burnett has given us some wonderful stories, one of the best being "The Secret Garden". We have a new edition of it illustrated by Tasha Tudor which enhances the story beautifully. It's an old-fashioned story but still good reading.  
 I'm going to let Rosemary Chapman tell you about some of the other books. In the meantime, en-

First Christian Church to start new series

Bernard S. Ramsey, minister of the First Christian Church, will begin a new series of messages this coming Sunday entitled "The Church in an 'L' of a Condition."

The series topic for this Sunday will be "The Church at Ephesus: Lovelessness." The Lord's Supper will also be observed.

Other topics will be "The Church at Smyrna: Long-Suffering"; "Persepolis: Laxity"; Thyatira: "Libertinism"; "Sardis: Lifelessness"; "Philadelphia: Loyalty"; Laodicea: "Luke-Warmness".

joy these last days of summer vacation with one of the new books available at the library. For those in the Summer Reading Club, we'll be honoring those who have read 12 books or more on Saturday, the 21st, at 10 a.m.  
 Happy reading!

# Weather brings out coat for crop work

By TOMMIE WILKE

Hello out there! This past week has certainly been an unusual one, cool and cloudy. Don't know when ever Edmund has worn a jacket to the field to plow in the month of August, but he did last week. Have enjoyed the cool days, but the cotton really needs just the opposite. It needs a lot more of this wonderful Texas sunshine!

Recent visitors in the D. D. Pennell home were Mr. and Mrs. John Fleming of Tahoka and Don Harlan and Matthew Pennell from Post.

Mr. and Mrs. Jim Mason and Mr. and Mrs. D. D. Pennell recently visited in the Arthur Smallwood home in Slaton. The Smallwoods have recently moved into a beautiful new home in Slaton.

Mrs. Jim Mason and Joy Jean from Southland and Mrs. Monroe Rowden and children from Brownfield recently attended "Texas" in Palo Duro Canyon.

Stacy Callaway was honored on her eighth birthday Aug. 3 with a party. Friends helping her celebrate were Cynthia Wheeler, Rita, Julie and Terry Smallwood, Kelly, Jerry and Donna Baumann, Kim Pennell from Lubbock, Heath Pennell from Plainview, Joy Jean and Kim Basinger and Jan Rowden of Brownfield, and Stacy's big brother, Jay Callaway. They had a swimming party, so I know they had fun. Here's a belated Happy Birthday, Stacy.

August 3 was a very popular day for birthdays, because Ed Denton celebrated his 88th birthday and Mrs. Horde celebrated her 89th birthday. How about that? Hope each of you youngsters had a very good day. Mr. Denton had several of his children helping him to celebrate. They were Mrs. Myrtle Louise Carson from Slaton, and Cleo Johnston from Southland. Mrs. Denton was in the Mercy Hospital several days having some tests made and she went home on the 3rd, so I know that made the birthday even happier for Mr. Denton.

Also celebrating his birthday on the 3rd was Rev. C. T. Jordan, Southland Baptist minister. Belated birthday greetings to you too!

Yours Truly had a birthday on the 4th, and as usual, my family was very good to me. They really spoil me on that day—every year! Mrs. Stonewall Jefferson and daughter, Faye, recently went to Fort Worth where they picked up a granddaughter, Doreen's, and then went on to Corpus Christi where they attended the wedding of another granddaughter, Darlene Hill. Doreen was to be the "rice girl" in the wedding. Doreen will live in Southland with her grandparents and go to school.

Mrs. Aslee Hollis' nephew and family, Mr. and Mrs. James Foster and four children from Bryan recently visited in the Hollis home. Mrs. Hollis recently spent two weeks in Bryan with her sister, Melinda Lee and other relatives. Congratulations to Mr. and Mrs. Robert Lee Mock on the birth of a daughter at 11:52 a.m. Friday, Aug. 4, in the West Texas Hospital in Lubbock. She weighed 3 lbs., 15 ozs. This makes two little girls for the Mocks.

Mike Flores spent a few days in Mercy Hospital recently.

Mrs. Paul Winterrowd, Bronne and Jerry, returned home last week after spending two weeks at Lake Whitney with Mrs. Winterrowd's sister and brother-in-law.

Congratulations to Mr. and Mrs. Sidney Stengel who were married on Saturday afternoon, Aug. 7, in a double ring ceremony in St. Joseph's Catholic Church at Slaton. Mrs. Stengel is the former Jeanette Brosch, daughter of Mr. and Mrs. E. L. Brosch and Sid is the son of Mr. and Mrs. G. C. Stengel of Panama City, Fla. May God grant this couple many, many years of happiness together.

Mr. and Mrs. James Roddy of Dallas spent the weekend here

## Southland school starts new term Monday, Aug. 23

SOUTHLAND — School will start Monday, Aug. 23, at Southland, with teacher in-service meetings preceding the first classes. Teachers will meet Aug. 19-19, according to Supt. F. W. Callaway. Registration for all grades is scheduled for Friday, Aug. 20. Buses will run on Aug. 20 and registration is expected to be completed during the day.

Supt. Callaway said enrollment in the Southland schools is expected to be about 140 this year.

Only one new teacher has been added to the staff this year. She is Mrs. Carolyn Courtney, who will teach the second grade.

Other teachers are as follows: Mrs. Peggy Wheeler, first grade; Ann Chaffin, third grade; Bill Mathis, elementary principal and fourth grade; Mrs. Ruth Hall, fifth and sixth grades; Mrs. Betty Hall, seventh and eighth grades; Mrs. Irene Kuykendall, English and Spanish; Mrs. Laura Wheeler, social studies and math; Rod Callaway, science and math.

with their nephew and family, Mr. and Mrs. E. L. Brosch, and attended the wedding of their daughter, Jeanette. They returned to their home on Monday.

Capt. and Mrs. D. L. McInturff and Leanne are now living in Quantico, Va., where he is going to

school. Their address is Qts. 3078-B MCB, Quantico, Va., 22134. Capt. McInturff just recently returned to the states from Vietnam.

Last week's guests in the home of Mr. and Mrs. G. D. Ellis were her grandson and family, Mr. and Mrs. Bobby Murray, Danny and Johnny, of Laveen, Ariz. Also visiting on another day was another grandson, Leslie Jackson, from Muskogee, Okla. Leslie is studying for the ministry.

Guests in the Alva Albright home over the weekend were Mr. Albright's sister and family, Mr. and Mrs. W. R. Babb and son, Johnny, from Austin.

Mr. and Mrs. Willie Becker went

to Lake Stamford recently and took their three grandsons, Joe Don Becker of Brownfield, and David and Dennis Becker of Southland. Bet those three little guys had a "ball!"

I am writing this on Monday and we had another pretty good rain this afternoon here in Southland. The cloud kinda blew in pretty fast and it looked real bad, but it didn't do any damage, only knocked out the lights. I am typing this column by candlelight, so if I make a bunch of mistakes, blame it on the lack of light. Ha!

Mrs. Otto Klaus, who is a resident of the Slaton Rest Home, became ill last week and had to be
