## Lubbock resident first 1969 traffic fatality

Garza County's first traffic fatality of 1969 occurred shortly after 4 p. m. Tuesday when Mrs. Cornelia Johnson, 38, of Lubbock, mother of four, was killed in a one-car turnover two miles southeast of town on U. S. Hwy. 84.

Mrs. Johnson, a driver for the Lubbock-Amarillo Armored Car Company, was pronounced dead on arrival at Garza Memorial Hospital. She was the only occupant of the car.

Highway patrolmen said the car hurtled nearly 400 feet down the four-lane highway after Mrs. Johnson apparently lost control. Skid marks showed that the automobile swerved into the median of the divided highway, where it flipped over and traveled some 24 feet through the air before hitting the ground at the highway shoulder and skidding on its top across the pavement into a barrow ditch, where it landed right side up.

The investigating officers said Mrs. Johnson's body was lying on the ground about two feet from the car.

The car was en route to Abilene after having made a stop at the First National Bank here, with other stops scheduled at towns between here and Abilene, the officers said they learned.

Armored cars such as the one driven by Mrs. Johnson carry non-negotiable checks, photographic film, and other valuables.

Highway patrolmen investigating the accident were Sgt. Hal Pirtle of Brownfield and Jon Robbins and Gene Posey, both of Post. The Garza County Sheriff's department and city police department also assisted in the investigation.

Mrs. Johnson, a member of the Church of Christ, had lived in Lubbock County most of her life. She is survived by two daughters, Donna and Leslie; two sons, Ricky and Jay, all of Lubbock; her mother, Mrs. Ruby Hammit of Lubbock, and her father, Foy Cline of Levelland.

Funeral services for Mrs. Johnson were held at 10 a. m. today (Thursday) at Franklin - Bartley Funeral Home Chapel in Lubbock. Burial was in Resthaven Memorial Park.

**DRIVER KILLED IN WRECK**

A 38-year-old Lubbock woman was killed Tuesday afternoon when this armored service company car she was driving hurtled 400 feet off U. S. Hwy. 84, two miles southeast of Post.

# The Post Dispatch

Partly-Second Year Post, Garza County, Texas Thursday, January 16, 1969 Number 34

The Dispatch office henceforth is going to be operated on a five-day week, Mondays through Fridays.

This means that it is going to be closed all day Saturday rather than just Saturday afternoons.

Our back shop hasn't operated on Saturday for several years and Editor Charlie has no "regular hours" after Friday though he works as necessary to get the news pictures printed and off to Sender over the weekends.

Mr. and Mrs. C have been the only regulars for office duty on Saturday mornings for quite some time.

Mrs. C proposed the plan to give us a day to get things done at home so Sunday can really be a day of rest.

She didn't get any argument out of us. If we haven't got the week's work done Friday afternoon, we'll probably slip down and finish it up at night.

We're looking forward to some free Saturdays and a lot more golf than in recent years.

Mrs. C also is looking forward to this weekend for another reason. The TV football season ends Sunday afternoon with the all-star games. Mrs. C says it will be nice to have her husband back.

## Smith rites are held Wednesday

Funeral services for Arvil Monroe Smith, 53, who died of a heart attack about 7:45 p. m. Sunday at his home in the Close City community, were held at 10 a. m. Wednesday at the Trinity Baptist Church.

Mr. Smith had been ill for the last several weeks and had returned home recently after two weeks in a Lubbock hospital.

Born April 21, 1915, in Post, he had been a lifelong resident of this vicinity except for the time he spent in the Army just prior to World War II and 14 months he and his family lived in Arizona.

Mr. Smith, who farmed in the Close City community, was a long-time member of the board of the Close City school district before its consolidation with the Post district several years ago. He was a clerk and treasurer of the Friendship Baptist Church at Close City and taught an adult Sunday School class.

He and Mrs. Eula B. Mason were married here Dec. 22, 1936. Survivors are his wife; three sons, Harry Lee of Knox City, Sunny Noel of the home and Clinton Smith of Odessa; three daughters. —(See Smith Rites, page 8)

Letters to go out in February

## School trustees to crack down on delinquent taxes

Post school trustees took the first step last night at their second meeting of the week to crack down on delinquent taxpayers.

Last night's special session was called to approve a letter to be sent to all school district delinquent taxpayers on both real and personal property.

Trustees decided at their January meeting Monday night to send out the letter in a few days, following a long discussion on mounting tax delinquency totals.

Trustees voted to put into the letter the board's position that it did not want the schools doing business with those who don't pay their taxes.

The board Monday night in checking over the delinquent tax

rolls discovered a few instances in which this has unknowingly occurred.

School trustees also discussed meeting with the city council, the county commissioners' court, and White River directors to join together to employ an attorney to bring legal action for delinquent tax collections as necessary.

In other actions, trustees voted to give Supt. Bill Shiver a pay raise, his first in three years; decided to leave the decision on the future of Post's invitational basketball tournament to the coaches; approved the new breakfast program to be reimbursed by the state, and approved the request for added state and federal assistance for the school lunchroom in the form of new equipment and more reimbursement from the state.

The trustees also approved incentive supplementary salaries to nine Post teachers with the understanding that the money would be used by the teachers to pay their expenses to education subject mat-

ter conferences.

Teachers were selected for the supplemental salaries through elections by the teachers themselves. Originally six were to be selected, but four tied for one position and rather than conduct another election the four agreed to accept equal salary shares with which to attend educational conferences in their respective fields.

The five teachers who were elected to receive \$596.33 each year were Mrs. Lucile McBride, grades 1-3; Mrs. Sue Cornell, grade 4-5; Mrs. Mary Wristen, junior high; E. A. Howard, high school, and Mrs. Ida Jones, third grade. The four who tied for the sixth position were Georgie Willson, Gordon Lee, Mrs. Florence King and Mrs. Ruby Lobban.

The supplemental salary plan to be used for improving professional knowledge was proposed to the board by Supt. Shiver several months ago to give local teachers the incentive to continue to improve their teaching abilities.

Supt. Shiver was voted a \$927 salary increase from local tax funds for 1967-70 school year, beginning July 1, and his contract as superintendent extended an additional year through the 1971-72 school year.

The increase will boost his salary to \$14,325 next year of which \$11,325 will come from state support funds. The hike would be an increase from \$2,071 paid the administrator from local taxes to \$3,000.

The school district was paying considerably more of all school administrators' salaries as recent (See School Board, page 8)

## Addition begun to Jackson Cafe

Work began last week on construction of a 30 by 30 foot dining area extension on the north side of the Jackson Cafeteria & Cafe.

Ben Owen of Post is the contractor for the addition. The cafe property is owned by Mrs. Helen Wrestler of Tahoka.

Approximately five weeks of good weather will be needed to complete the work. Owen estimates. When the dining room addition is completed, the cafeteria parking lot will be paved.

Mr. and Mrs. L. D. Jackson who operated the cafeteria, explain their business has grown to the point where more seating room is needed for peak dining periods.

## Post Rotarians hear talk by Bob Nash

Bob Nash of Lubbock's Radio Station KFYO and a former president of Lubbock's downtown Rotary club, spoke at the weekly luncheon of the Post Rotary Club in City Hall Tuesday noon on public relations and communications.

He defined public relations as "doing what people like or making people like what you do." He emphasized to business men to remember there "is no general public" or "average man."

## Thursday night opening set for Post Library

The Post Public Library will reopen on Thursday nights from 7 to 9 o'clock after being closed on that night for the last several weeks.

Mrs. Pee Wee Pierce will be the volunteer librarian on duty. George L. Miller, librarian, announced that the library schedule will also be continued from 4 to 6 o'clock in the afternoon on Thursdays.

## Members Interact Club hold party

Members of the Rotary-sponsored Interact Club were presented their membership cards and lapel pins at a party Monday night in the City Hall.

The club, which is for boys of high school age, was organized last September, with Rotarian Bill McBride as its director.

Bob Collier was master of ceremonies and principal speaker at the party. "Stop spinning your wheels" was the general theme of the talk he made to the boys.

There were also talks by McBride and by Neff Walker, Interact Club president. McBride's talk was on the Rotary motto, "Service Above Self."

The membership cards and lapel pins were presented the members by Curtis Lee, Rotary Club president.

Refreshments of cold drinks and cookies were served.

## 1,023 voters signed up as deadline approaches

Voter registration in Garza County totaled 1,023 up to 3 p. m. Wednesday, according to T. H. Tipton, county tax assessor-collector.

Jan. 31 is the registration deadline for voting in 1969 elections.

## 'OLD YALLER' IS POISONING VICTIM

Old Yaller, one of Post's better-known dogs, died late Sunday afternoon, evidently the victim of a dog poisoner.

He died despite all a veterinarian could do after his owner, Wayne Thomas, took him to Slaton when he became ill Friday night.

Old Yaller was the subject of a feature story in The Post Dispatch a few years ago after he "adopted" Thomas, a city mail carrier, and accompanied him daily on his mail route.

The Thomas family thought a lot of Old Yaller. So did a number of other people, including Thomas' sister, Mrs. Lois Floyd, who is offering a \$25 reward for information leading to the arrest and conviction of the person who poisoned Old Yaller.

Per acre production may be record

## Biggest cotton crop in years about 'in'

Garza County's 1968 cotton harvest stood at 27,098 bales today by actual gin count for what County Agent Syd Conner called "the biggest county crop since the allotment program began in the mid-50s" and probably "the biggest per acre production in Garza County's entire farm history."

Area gins, now in the "just sitting stage" waiting for the final stragglers to hit the gin yards, aren't expecting much over 150 bales total still to come, but that a usual will take a little time.

The county agent said per acre production is over 100 pounds over the 393 pound per acre 10-year average.

Graham Co-op gin led the way this year with 7,050 bales ginned, the most for that gin since "one year back in the 30's when there was no acreage restrictions."

Other gin totals, reported in yesterday's Dispatch gin roundup included 3,000 bales for Planters Gin, 1,608 for the Storie Gin, 4,225 for the Close City Co-op, 1,450

bales for Basinger which was closed by mechanical difficulties back in December, 4,250 bales at Pleasant Valley, 2,913 Garza County bales at Hackberry, which counts only half its ginning as Garza cotton, and 1,852 Garza bales at the Grassland Co-op, which counts only one-third of its bales as Garza cotton, and 750 bales at Kalgary Gin, which estimates only 30 per cent of its production as Garza cotton.

The Kalgary Gin figure is a new addition to The Dispatch's gin count.

## Cafe's kitchen is destroyed by fire

Fire destroyed the kitchen at the Hi-Way Cafe, 701 North Broadway, during the noon hour Sunday, forcing the cafe to remain closed for several days while repairs are being made.

The fire, believed to have caught from a hot water heater, caused heavy smoke damage to the front of the cafe in addition to destroying the kitchen, according to Mr. and Mrs. Shorty Bland, owners.

The cafe is closed on Sundays. Mrs. Bland said the fire evidently started shortly before 12:30 p. m., since the electric clock in the kitchen had stopped at 12:28 when the wires burned.

Firemen began fighting the blaze about 12:35 and were able to keep it from spreading to the front of the cafe.

On hospital district

## County to hire advisor for proposed election

The Garza County Commissioners' Court at their January meeting this week voted to employ C. N. Bunt & Co. of Lubbock as its financial advisor for the proposed election to create a Garza County Hospital District.

No date for the election was set, however. It isn't expected to come before March or April.

The court unanimously approved the employment of the Lubbock firm and authorized it to retain the legal services of Elmer V. East, Lubbock bond attorney, to prepare and furnish all necessary legal proceedings incident to the election, canvassing returns of election and appointing a five-man hospital district board of directors.

The county will pay the Bunt firm a \$1,000 fee should the election carry and \$350 should it fail. The Lubbock firm is to pay all attorney fees involved.

The Garza Memorial Hospital trustees and the commissioners' court agreed several months ago to support an election to establish such a hospital district which would have limited taxing powers.

In the first session of 1969, the court took a number of required

annual actions.

The court voted to grant law enforcement radio operators a five per cent salary increase effective Jan. 1 and to up the pay of relief operators to \$1.27 an hour, also effective Jan. 1.

The court then established the salaries of county elected officials and county employes for 1969 with no other increase over 1968.

Travis Thomas was awarded the installation of fluorescent lighting in the county - district courtroom at an approximate cost of \$600.

The court voted to purchase an (See Commissioners, page 8)

## Former resident dies in Snyder

Dew Grady Davis, 64, a retired Scurry County farmer and a former resident of Post, died at 8 a. m. Wednesday in a Snyder hospital following a brief illness.

Funeral services will be held at the Church of the Nazarene in Post at 3 p. m. Friday, following services at 10 a. m. at the Church of the Nazarene in Snyder. The Rev. Charles E. Peters, pastor, will officiate at the services here.

Burial will be in Terrace Cemetery here under the direction of Bell-Seale Funeral Home of Snyder.

Mr. Davis lived in Post for 16 years before moving to Snyder several years ago.

Survivors include his wife, Myrtle; three sons, Charles of Palestine, Grady of Post, and Calvin Davis of Snyder; six daughters, Mrs. F. M. Reep of Shafter, Mrs. D. G. Crawford of Cartwright, Okla., Mrs. C. W. Blacklock of Rockdale, Mrs. Harold France of Abilene, Mrs. Wayne Thomas of Post and Mrs. Willard Erwin of Snyder.

Three brothers, Simmie of Alamogordo, N. M., Raymond of Spur and T. F. Davis of Post; three sisters, Mrs. J. W. White of Lamesa, Mrs. Joel Black of Alamogordo and Mrs. T. J. Luther of Cleburne; 43 grandchildren and 16 great-grandchildren.

Legal action set

## White River moves on delinquent taxes

The White River Municipal Water District is moving to legal action to collect delinquent taxes of the water district.

Directors at their January meeting last Thursday night authorized Al O'Brien, water district manager, to employ an attorney to collect the taxes.

Post, only one of the four member cities, has \$39,000 worth of delinquent taxes.

Directors also gave the White River Golf & Recreation Club permission to drill a water well at the clubhouse construction site un-

til the water district lays pipe into the recreation area to furnish White River water.

Construction on the nine hole golf course and the clubhouse, which will be situated in the "v" between the lake's two channels on the north end, began about a month ago.

Already dirt work has been completed on several of the grass greens.

Arnold Parrish of Post was sworn in as a new director at the start of the meeting. Parrish and Harold Lucas were the Post directors attending the session.

## We believe jail decision correct one

Post's city council voted at their January meeting last week to build a small jail to house city prisoners who are now being taken to Slaton for safekeeping.

The Dispatch believes the decision to be the correct one.

This community has watched the county and city law enforcement arms in an almost continuous hassle over the last decade. It has been an expensive show.

Where some taxpayers could envision the savings of having county and city law enforcement in close cooperation, we have instead witnessed almost constant turmoil.

If the city is to have an efficient law enforcement operation it is obvious that it needs its own jail, just as it has established its own court. This will remove one of the prime sources of friction and place the city's entire law enforcement op-

erations under full control of the city council.

City prisoners are not the dangerous criminal type because those charged with more serious offenses are not handled through the city's corporation court but through the county and district courts. When the charge is filed in a higher court, the prisoner is turned over to county authorities for safekeeping.

Thus tight jail security isn't the issue at the city level as it has been at the county level.

In building a jail, the city assumes new responsibilities in the proper handling of its prisoners. Certainly, the council needs to keep its eye on the establishment and maintenance of good operational jail procedures.

The council has not been eager to take the jail building step but under the present set of circumstances sees no alternative. This newspaper reluctantly agrees.—JC

## How low is a dog poisoner?

If measuring sticks were used on human beings, a dog poisoner would be right down at the bottom of the stick—lower than a snake's belly, we'd imagine. We can't say for certain just how low, since we've never, to our knowledge, met a dog poisoner. They're the type of people who don't have the intestinal fortitude to identify themselves as such.

We can understand people who want to get rid of dogs or other pets that are making nuisances of themselves, but we can't understand the actions of those who instead of getting rid of them embed a deadly poison and let them crawl off somewhere to die an agonizing death. That's being inhuman, even when dumb animals are the victims.

Dog poisoners are also the type of people who never give a second thought to the possibility of a child not old enough to know better getting hold of poison intended for a dog or cat. That would be tragic—to anyone except a dog poisoner.

We think that law enforcement officers should make every effort to find out who poisoned a number of pets here last week and to invoke whatever law is on the books against such a practice. It shouldn't take any high-powered sleuthing to find out who the dog poisoners are. Poison, when purchased, is easy to trace. Let's not let it go on and on until an unsuspecting child, instead of a dog or a cat, is the innocent victim.—CD

## Still time to help United Fund

As announced in last Thursday's Dispatch, a renewed effort to put Garza County's 1969 United Fund campaign over the top will be made within a few weeks.

Post residents who have not yet contributed to the fund will have an opportunity to help put the drive over the top in this final stage of the campaign. The \$10,000 goal is still some \$2,000 away, according to R. L. (Lou) Marks, United Fund secretary.

Mr. Marks, Drive Chairman Bailey Mayo and other United Fund officials urge everyone who has not contributed to their 1969 United Fund to do so by contacting one of the workers or by making their contributions at the First National Bank.

The renewed effort to be made soon will be our final opportunity to help assure the success of this year's United Fund drive. Let's not let it down!

## When they have something to hide

It is nothing a dangerous precedent when public officials assume the prerogative of seeking to control by criticism or innuendo what a citizen or newspaper should write or print.

We have a "method used" in the U. S. quite frequently—so far it has not passed the stage of dirty words used by candidates for office, or public officials seeking notoriety. It reminds one of black liquid that the devilish that can squirt out black liquid to "water to cloud" the water and hide his own ulterior motives.

Unopposed, this official desire to consider or control free speech and press grows, because freedom of expression is one thing that political opportunists fear most. Without freedom of expression there is no freedom for the individual.

Nearly 11,000 country weekly and smaller daily papers scattered throughout the 50 states of this nation are one of the greatest guarantees of freedom U. S. citizens enjoy. Most of these newspapers are locally-owned, and they are edited by individuals dedicated to fair and accurate news reporting and the expression of ideas in which they believe. They are not susceptible to being told what to do. They make their own decisions.

Whenever an editor sees political attempts to impugn his motives, he can be almost sure that the critic seeks to control expression. That is why U. S. public officials must not be allowed to forget that they are after all public servants, not the public's masters. When they try to muzzle an editor they have something to hide.

IF YOU DON'T get to attend either one of the inaugurations—President Nixon's or Governor Smith's—don't give up; perhaps there is something else going on somewhere that you'll be able to get around to. Chases' Calendar of Annual Events lists more than 1,500 special days, weeks and months for 1969.

Many of these special days and events will be coming up before the end of January, in case you have a few days off to spend somewhere away from home. The Swamp Cabbage festival will be held Jan. 17-18 at La Belle Fla. You've also time to prepare for Cuckoo Dancing Week starting Jan. 19, and the San Ildefonso Day Buffalo Dance in San Ildefonso, N. M., Jan. 23.

UNLESS YOU WERE on the ball you've already missed out on a couple of special weeks. Save the Pun Week and Silent Record Week both started on Jan. 1. You have the rest of January, however, in which to observe Break - a - Cold Month and National Burglar and Fire Alarm Month.

The man up the street says live within your income and you'll live without worry—and a lot of other things.

WITH MORE THAN half of January gone, many of our New Year's resolutions have already been broken. They can still serve a useful purpose, however, for it is better to seek to resolve to do better and not achieve, than to just accept the fact that we won't even try. Here, is a list of resolutions that we still have time to coordinate into our way of life during 1969:

- Courtesy — Instead of sharp retorts.
- Enthusiasm — Instead of blank looks.
- Response — Instead of indifference.
- Warmth — Instead of coldness.
- Understanding — Instead of a closed mind.
- Attention — Instead of irritation.
- Sincerity — Instead of sham.
- Consideration — Instead of annoyance.
- Remember — Instead of overlook.
- Facts — Instead of argument.
- Creative ideas — Instead of humdrum chatter.
- Helpfulness — Instead of hindrance.
- Giving — Instead of taking.
- Appreciation — Instead of apathy.
- Smiles — Instead of frowns.
- I Will Help — Instead of "Let George do it."

A woman asked me Sunday if the Super Bowl game was the last of the football games on TV for a while. I told her I thought so. She said it was hard to believe.

IS OUR GOVERNMENT getting too big, or is our alphabet getting too small? That's the question the Louisville (Ky.) Times asks in noting that there are three FHAs all three separate and distinct. The initials FHA are used to identify the Federal Housing Administration, the Farm Home Administration and the Federal Highway Administration. "Even to an old New Dealer this is confusing," says the Times.

Well, to be here at The Dispatch office, it is even more confusing, since we work with still another FHA — Future Homemakers of America which isn't an agency of the federal government, but which is a big newsmaker in its own right, since it is an organization of energetic girls at Post High School which regularly furnishes us with news releases.

ACTUALLY, THE only one at The Dispatch office who has had much trouble with the FHA (Future Homemakers of America) news is the headline writer, who more than once has correctly used FHA in the news story, only to botch it by writing it FFA in the headline. Now the FFA has nothing to do with the FHA quadruplets, since it stands for Future Farmers of America which is an organization of energetic boys at Post High School which also regularly furnishes us with news releases.

Our headline writer has been tolerably fair, however, in botching the job. He has written "FHA" over an FFA story about as many times as he has written "FFA" over an FHA story. The headline writer's No. 1 daughter-in-law, who used to teach homemaking and was an FHA advisor at the high school, worked diligently to help the headline writer to overcome his trouble by editing it to his attention every time he wrote FFA when it should have been FHA.

FOUR FHAs, though. That's enough to make any newspaperman mutter in his "ah-hah" soup.

## Interstate Highway designations climax year of highway progress

AUSTIN — The addition of 138.5 new designated miles of Interstate Highways climaxed 1968, another year of highway progress in Texas.

As the year closed, two additional routes — from Lubbock to Amarillo and the northwest quadrant of the Interstate Loop around Fort Worth — were approved for addition to the system.

It made a fitting close to a year of superlatives for the motoring public in Texas.

Throughout the State, more people were driving more miles in more vehicles over more and better highways than ever before.

The Interstate additions brought the total mileage Texas will have when the IH system is complete in the mid-1970s to 3,165 miles about 900 miles more than any other State.

The 125-mile Lubbock-to-Amarillo route will be known as IH 27 and will put Lubbock on the system. Lubbock had been one of the largest cities in the nation without an Interstate connection.

The additions will result in more flexibility for the entire system and will permit it to meet tremendous development and population changes which have occurred since the original 41-thousand-mile Interstate system was mapped.

### HERBICIDE VALUE INFLUENCED BY WEATHER

Can weather conditions in a crop year affect the value of herbicide use in controlling unwanted weeds and grasses in grain sorghum?

"Yes, they can," answers Ben R. Spears, Extension agronomist at Texas A&M University. And it just happens that 1968 was such a year at the Stiles Farm Foundation in Central Texas.

Favorable conditions for cultivation and growth of grain sorghum naturally diminish returns from the added expense of herbicide treatment. But unless a farmer has an effective way of reading the stars or gazing into a crystal ball, he cannot assume that the year will be favorable.

FOR EXAMPLE, the expense of

a hand application of herbicide at planting time was about \$3 per acre on the Stiles farm compared to cultivation costs of 60 cents per acre.

On demonstration plots this year at the farm near Thrall, there was no significant difference in yield between areas treated with herbicide and those cultivated. Both cultivation and pre-emergence herbicides gave good control of weeds and grasses in the medium maturity hybrid grown. Post-emergence treatments, however, did not give control of grasses.

The same pre-emergence herbicide under test at A&M, explained Spears, made a 2,500-pound per acre difference in yield in a location where cultivation was delayed due to weather. Extended rainfall had prompted growth of a high population of weeds and grasses which limited production to only 1,070 lbs. per acre. However, a plot treated with the pre-emergence herbicide yielded 3,750 lbs. per acre.

The two instances show that weather noticeably affects the relative value of herbicide use in controlling weeds and grasses. Contrasting situations such as these can occur in separate fields of the same production area during the same year, Spears added.

**HOW THEN can a farmer determine** whether or not to use herbicides? Spears says there are at least four factors one should consider: his overall cropping plan, the texture of the soil, the normal occurrence of grasses and weeds in the area, and the expected yield levels of the crop to be planted.

If a farmer plans to follow his sorghum crop with cotton, then naturally he'll have to be selective in choosing a herbicide to avoid residue effects on cotton. A heavy textured soil allows more choice of herbicides in the seedbed, whereas a sandy or oamy sand soil limits herbicide placement.

If grasses or weeds normally occur where grain sorghum is planted, then placement of a pre-emergence herbicide may be a wise step, particularly if the expected crop yield is sufficiently high to justify herbicide cost.

Spears emphasizes that herbicide treatments are not the only answer to weed problems, but they are the most effective in many cases. Farmers should analyze their individual problems thoroughly before adding just any herbicide to the land.

**MISUSE OF herbicides can give** producers a greater problem than elimination of weeds. Spears urges herbicide users to follow label instructions or to obtain information prepared by A&M specialists on the proper application of herbicides. Wrong applications can give yield loss in sorghum and following crops. Misuse often causes stand reduction and decreases the general vigor of the plant.

Generally, pre-emergence herbicides have been more effective than post-emergence ones where both weeds and grasses are a frequent problem. Post-emergence

# NEW FANGLED WAYS

### TEEN PASTIMES

In Grandma's day, teenagers were seen and not heard mainly because they were always busy amusing themselves with the stereoscope. This popular instrument combined the images of two slightly different pictures thus giving a three-dimensional effect.

Teens of the Forties were avid movie magazine readers, and cutouts of the famous faces appeared on their walls. Radio listening was a favorite indoor hobby and home parties swung to the "Swing" sounds of the Big Bands.

Today's teens are the go-go generation—and they are propelled by cars; over 25 percent own their own automobile. Whether it's the latest sporty model, or a refurbished psychodically-painted jalopy, many teens have discovered that Handi Wipes is an invaluable cleaning aid. This all-purpose reusable cloth is perfect for cleaning windshields, buffing up chrome, and putting a shine on the exterior.

## Drop continues in teacher pay

AUSTIN — Texas this year dropped from 33rd to 38th among states in the average annual salary earned by its public school teachers according to a national survey.

Results of the survey, conducted among state departments of education by the National Education Association, were released Tuesday by L. P. Sturgeon, executive secretary of the Texas State Teachers Association.

The Texas figures are official estimates of the Texas Education Agency.

Texas' 38th-place ranking is the lowest it has held since the Gilmer-Aikin school program began in 1949. Lowest previous ranking was 34th in 1960-61.

Average salary paid Texas classroom teachers during the current (1968-69) school year is estimated at \$6,619. This leaves Texas \$1,289 below the estimated national average of \$7,908.

Texas teachers can earn more in three neighboring states: New Mexico (\$7,133), Louisiana (\$6,975), and Oklahoma (\$6,641).

**MARCH DRAFT CALL**

WASHINGTON — The Pentagon has called for the drafting of 33,000 men in March for the Army and Marine Corps. Of the quota, the Army will get 31,000 and the Marines 1,500. The call compares with 33,700 announced for February and 26,500 for January.

## OUR READERS

### MAYOR MAKES STATEMENT ON JAIL SITUATION

My Friends:

I will go along with the sheriff's letter in the Jan. 9 issue of The Dispatch. I, too, think that our radio should operate from the courthouse and that we should use the jail that we already have no matter what the conditions are. But, this move is beyond my power.

I think that the City going into the police department business is going to be too costly to the taxpayers. We are too small a town and there is very little chance for us to grow. I believe in law enforcement, but I believe in economy, too.

The City has too much to do besides looking after police, especially when you have elected a department to take care of this. The police department is costing us \$25,000 a year and if we have to build a jail, it will be much more. I am not for this sort of operation. I don't believe you are either.

I may not be elected for another term, but then I wish for you to know just how I feel about this matter. I am for the County to furnish us with law enforcement and I think they will. We have doubled up on this law enforcement for some time and I think it is time to discontinue this great expense.

We were doing all right until they asked us to move the radio station down town, which we did. Now we cannot use the jail, for reasons which were stated in the sheriff's letter, which I don't think is asking too much. What difference does it make who rules that it may be run, just so it is operating.

I think we have a good city. Let's keep it that way. We should operate our affairs without any differences. The sheriff is running his department as the law provides. So we, too, should abide by our laws.

John N. Hopkins  
Mayor of Post

## Tax help going to one million aged in Texas

AUSTIN — About a million Texans are receiving tax-supported old age pensions, the Department of Public Welfare reported Thursday.

State-federal Old Age Assistance grants were going to 231,708 as of last March, and another 831,451 were receiving old age retirement through the federal Social Security system.

This represented an increase of about 10,000 in the total receiving state aid, compared to 1950 and a gain of nearly 800,000 in the list of Social Security recipients.

The department said Aid to Dependent Children had increased from 25,190 families with 85,490 children in September, 1967, to 30,454 families with 108,488 children in August of last year.

Aid to the disabled rose from 11,576 cases to 15,692 cases in the same period.

A total of 2,847,334 cases were handled in the year under the new federally financed medical care program for welfare recipients. The cost of the services totaled \$9,640,621.

## 'Coogan's Bluff' coming to Tower

A thrill-packed manhunt that takes an Arizona lawman, extraordinarily gifted for his duties in the mountains and canyons of his native state, to Gotham with its concrete- and-steel canyons — with plenty of romance along the way — is the exciting story premise of Universal's "Coogan's Bluff," showing at the Tower Theatre on Friday, Saturday and Sunday.

Clint Eastwood stars in the color-photographed adventure drama, assisted by co-stars Susan Clark, Don Stroud, Tisha Sterling, Betty Field and Lee J. Cobb.

This picture has been designated "Suggested for Mature Audiences" by the office of Code Administration of the Motion Pictures Association of America. The purpose of the designation is to alert and inform parents so that they may decide for themselves whether the picture will be one which their children should or should not see, or may not understand or enjoy.

On April 23, 1950, Congress established the Medical Reserve Corps. The U.S. Army Reserve was born. Today over one million Americans are serving their Country in the U.S. Army Reserve.

## Chapter to sell Zip Code books

Zip Code books will be sold by Xi Delta Rho chapter members as a money-making project, it was decided at the Monday night meeting of the Beta Sigma Phi sorority.

Members also made plans to assist with the immunization program at the Post schools Jan. 14 under the direction of the school nurse, Mrs. Beattie Strawn, and were asked to think of ideas for the Valentine party and crowning of the chapter sweetheart, Frankie Robbins.

The club met at the home of Lorrye McAlister with Joyce Teaff as co-hostess. They served refreshments to a guest, Karen Callaway, and the following members: Ginger Carlisle, Brenda Cooper, Jan Smith, Frankie Robbins, Vee Gordon, Lora Blanton, Suzanne Clifford, Willie Cross, Lois Kennedy, Sue Dormer, Sylvia Shipp, Sammie Maddox and Janey Middleton.

Mrs. Bausman, who lives at 909 West Main, is the mother of two children and a sophomore at Texas Tech. She has served as scrapbook chairman, "Jonquil girl" and has had many volunteer hours in philanthropic work.

## Three new members in VFW Auxiliary

Three new members were initiated at a recent meeting of the Ladies Auxiliary of the VFW in the home of Mrs. Dave Cheshire. They are: Mrs. Hoyt Bland, Mrs. Jo Jennings and Mrs. Joyce Baker.

Mrs. Johnnie Rogers will be hostess at the Feb. 11 meeting.

# Oil worker, family moving to Malta

By MARY LEE LAWS  
W. G. McCleskey returned home Sunday from West Texas Hospital after undergoing surgery last week. He is reported to be doing fine.

Jimmy Warren came home last Thursday from Libya, North Africa, where he has been for the past nine weeks working in the oil fields. He and his family were scheduled to leave Wednesday to go to the Island of Malta where they will live for the next two years. The Warrens were supper guests Thursday of the Dean Laws.

Mrs. Ed (Pauline) Horn was a tonsillectomy patient next door to Mr. McCleskey. Pauline was in the hospital two days and her mother, Mrs. Riley, stayed with her. Pauline and son, Sidney, are staying with the Rileys while Ed is in the service.

Mr. and Mrs. Tom Murray kept their granddaughter while the son-in-law and daughter, the Rev. and Mrs. Kenneth Rogers, were in Kansas City, Mo. The Earl Rogers kept the two boys.

The Rev. and Mrs. E. L. Tyler were Sunday dinner guests of the W. E. Pierces and Calvin Mensch of Lubbock was a supper guest.

Vera Fairweather of Lamesa visited with the Dean Laws from Monday until Thursday. Donnie Fairweather came after her.

Mrs. R. L. Craig had a checkup in Tahoka Thursday.

The Rev. and Mrs. E. A. Rawlings, Rocky Gribble and Terry and Clifford Laws attended an area quiz for the Nazarene Teenage Bible Study Saturday in Abernathy.

Mr. and Mrs. Kelly Laws went to Wichita Falls over the weekend to visit Mae Lewis who is in the hospital there. They plan to put Mae in a nursing home there so the doctors can keep her under observation for about three weeks. Mae was been pretty sick for some time now.

**MR. AND MRS. Alvin Bradshaw** and children are new in our community and we would like to welcome them. They are living in the J. B. Greer house, northwest of Grassland, and Mr. Bradshaw is working on one of the Greer farms.

Mr. and Mrs. William Young were Sunday dinner guests of his parents, the Jurd Youngs.

Vivian Craig is on the sick list. Hope she is feeling better by now.

**West Texas Art Show to have 300 paintings**

**SNYDER** — More than three hundred paintings have been entered in the first West Texas Art Show scheduled for Feb. 18 in Snyder, according to Wacil McNair, general chairman of the event. Sponsor of the all-West Texas show is the West Texas Chamber of Commerce.

The one-day show will be held in connection with the annual WTCC Tourist Development Conference at the Scurry County Coliseum. Judging will be done on Monday, Feb. 17 and the pictures will be on public display on Feb. 18.

## Chapter to sell Zip Code books

This "first continued" column could be the shortest on record.

Floyd Tillman, who made this column last week, is not listed in the Houston telephone directory and I still get no answer at the George Tillman residence.

Those of you who read this column last week know what I'm talking about and those of you who did not are left in the dark.

I was impressed with a bit of mail we received a couple of weeks ago from two boys, Tim and Dave Stacey, students at Trinity University in San Antonio. They have formed a business called "Survival Kits". The "kits" are to be sent to university students suffering through first semester exams. Ingenious, what?

**CLOSE CITY SOCIAL**  
The regular monthly social of the Close City community will be held at the community center Saturday night. Everyone is invited to attend the potluck supper which is planned for 6:30 o'clock.

A letter from the two young men explains what the "kit" is for, suggests one might like to include a personal note and lists the contents of the "kit."

Contents, which cost the parent \$3.90 (a buck below retail price) are: three large navel oranges, three red delicious apples, two six ounce cans of V-8 juice, two six ounce cans pineapple juice, three dozen Ritz crackers, four ounces Kraft whipped cheese, one dozen Oreo cookies, three packages Sun Maid raisins, one dozen Kraft caramels, a four ounce slice of Rainbo fruit cake, six large paper napkins, one can opener and two Hershey bars.

The boys point out in their letter "that it's a refreshing reminder of you and your good wishes when the pleasures of studying give way to the pressures of exams, when dinner is a dim memory and breakfast an abandoned hope."

I said I was impressed and I said I thought the boys were ingenious but I didn't take advantage of their offer. I have the feeling Miss C. would be about as impressed with such a "packaged" deal as she would be if I sent her some store-bought cookies or some such item.

The boys will face a lot of competition from the vending machines which fill most college lounge rooms. They will also face competition from the social clubs on campus. They regularly take advantage of hungry students by selling hot buttered bread (imagine that aroma floating down a dorm

## Church of Nazarene shows gains in all fields during past year

KANSAS CITY, Mo. — A strong stewardship advance, membership gains and the opening of two new liberal arts colleges made 1968 a year of growth in the Church of the Nazarene which maintains world offices in Kansas City, Mo. The Vietnam war also was felt in a new measure in 1968.

The two new Nazarene colleges — Mid-American at Olathe, Kas., and Mt. Vernon at Mt. Vernon, O. — combined to add 454 more students to Nazarene college enrollments. This pushed the total in the 12 Nazarene educational institutions to a record 9,026, or a net enrollment gain of 712 students in 1968.

Reflecting the heavy war cost, 39 more names of Nazarenes killed in Vietnam were added to the memorial plaque in 1968. These made a total of 55 gold stars on the Vietnam roll. At year-end more than 8,250 Nazarene young men were in the Armed Forces.

World membership reached 464,962 persons — a net gain of 11,154 over 1967. Domestic membership was 377,706, a net gain of 6,589 persons or 1.78 per cent increase. The net gain in members in mission churches abroad totaled 4,565.

Nazarenes had a domestic net gain of 24 churches, plus an overseas gain of 49 churches, making the denomination's world total 6,211 churches.

The annual statistical report by Dr. B. Edgar Johnson, general secretary, showed per capita giving at \$203.02 — a new peak \$12.89 over the 1967 record \$190.13. Giving for all purposes totaled \$76,681,000 — an increase of \$6,119,000 over last year.

The number in Nazarene Sunday schools kept rising. The total enrollment at year-end 1968 was 1,049,775 with 149,000 of this total in churches abroad.

The notable stewardship gain apparently assured the Nazarene church of remaining in first place in the nation in per capita giving among all major denominations with 200,000 or more members.

**FIRE DEATH KNELL**  
 NEW YORK — Fire in the U. S. claims an average of one life every 43 minutes, the Insurance Information Institute reports. In 1967, 12,200 persons died by fire.

# BEGINNINGS

By Bernard S. Ramsey

A friend of mine was telling me the other day that, one time, he had a 7:00 A. M. breakfast on Monday morning with another man to discuss a common business venture. As they met at the restaurant, he said: "Joe, How are you?" And Joe replied: "It is 7:00 A. M. on Monday morning, and already I have had a lousy week."

Monday mornings are notorious for producing such feelings (ask any preacher), but do we not do ourselves much harm by assuming that the feeling represents any more than a

passing moment and a very small part of the week?

The New Year will be great or small according to our attitudes, and let us not begin with a spirit of expecting it to be bad all the way.

The morning headlines may not cheer us up too much, but the Bible will, and attending church every Sunday will help immeasurably in keeping our weeks from being "lousy".

The new year is another chapter in a story with a great ending. We do not know all the intricacies of the plot, but we know the Author.

# Vietnam View

as reported by  
Marine Corps Combat Correspondents  
and edited by  
GySgt. Bob Montgomery

Freddy is an 11-year-old Vietnamese boy who has adopted the name of "C" Company, 9th Engineer Bn., and Freddy has been adopted by the engineers.

Originally, Freddy became friendly with an artillery unit at the Tam Ky compound, but when that unit moved out, Freddy became friendly with the Seabees.

Then "C" Company moved into the compound and Freddy began to hang around with his new-found Marine buddies. Soon he became accepted by the Marines.

Freddy's plight is not unusual in Vietnam but he was lucky to have found friends in the Leatherneck compound. Freddy comes from a large family that is extremely poor. Consequently, he couldn't attend school. When the 1st Platoon of "C" Company heard this they immediately made room for him "in their hearts", and set about remedying the situation.

Now Freddy eats with his Marine friends and through them is provided transportation to and from school.

However, the Marines don't stop at just providing Freddy with some of the comforts of life and the means to go to school. Each evening, six days a week, Freddy is taught in the English language and the subjects he studied in school that day.

In return for the love and understanding the Marines give to him, Freddy returns his presence, his love and his trust and confidence in them.

A young Vietnamese woman from a small village south of Cua Viet is waging her own private war against the Viet Cong.

Hoang Thu Mai, who three years ago was forcefully inducted into the service of the Viet Cong, is now aiding American advisors and Vietnamese forces to search out the enemy its hiding places and arms and supply caches.

The letters arrived at "C" Co., 3rd Tank Bn. in a large manila envelope along with a letter from Mr. Ted Ritchie the youngsters' teacher, who explained that the letters were written by his students as part of their studies.

"They're great kids and are really excited about the possibility of getting mail back from some of you. We want to share your letters in class during our language and social studies. We've discussed the war in class and feel that you guys are doing a tremendous job," wrote the teacher.

One little girl, Teresa Franklin asked in her letter, "What is the phonen umber down therec Maybe I can call you to see how it's going down there."

All the youngsters' letters were full of concern for the Marines and with wishes for their safe return home.

In a response to a little girl's question, "Would you send me something from the Marines, like a doll?" Sgt. Allen Bragunier, North Syracuse, N. Y., said, "We're going to buy a Vietnamese doll and send it to her."

The company's first sergeant, James L. Langford, Hayward, Calif., said that he and the company commander plan to answer the letters and that many of the men are already writing to the students.

As the letters passed from Marine to Marine, they all agreed that this was the best mail call they have had in a long time.

One of the favorite letters received by the Marines was written by young Bruce Woerr. He wrote in part, "Wish that you and the other Marines could come home safely and see your wife and family. I know that you can't come home from your fight in the war... But don't surrender."

The Marines have assured Bruce that they, indeed, will not surrender.

## Rural traffic accidents take heavy toll in '68

The Texas Highway Patrol investigated eight accidents on rural highways in Garza County during the month of December, according to Sgt. H. E. Pirtle Highway Patrol supervisor of this area.

These accidents resulted in 10 persons injured and an estimated property damage of \$8,460.

The rural traffic accident summary for Garza County during the calendar years of 1968 shows a total of 55 accidents resulting in three persons killed, 40 persons injured and an estimated property damage of \$59,475.

The final date of the 1969 motor vehicle inspection period for all motor vehicles registered in Texas is drawing near.

"Since the beginning of the inspection period, Sept. 1, 1968, only about one and one-half million vehicles have been inspected, and approximately five million more remain to be inspected," Sgt. Pirtle stated.

Texas law requires inspection of brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, steering, rims and wheels, and front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment.

The inspection fee is \$1.75. This does not include the cost of repairs and adjustments necessary to enable the vehicle to pass inspection.

## Families to pay average \$3,927 in 1969 taxes

NEW YORK—Total tax collections in fiscal 1969 will be equivalent to \$3,927 for each U. S. family, the Tax Foundation, Inc., has reported.

This would be an increase of \$370 over 1968.

The foundation said that 13 years ago taxes collected by federal, state and local governments combined were equivalent to \$1,897 a family.

The foundation, a private research organization, estimated total tax receipts in fiscal 1969, ending June 30, at \$24 billion, up \$147 billion from fiscal 1966.

It said federal government tax receipts of \$170 billion in fiscal 1969 would exceed those of 1968 by \$24 billion and will have more than doubled since 1966.

State and local government tax receipts were estimated at \$7 billion for fiscal 1969, an increase of \$5 billion over 1968.

## Karen's Korner

By Karen Hundley

Next week is THE week. We have semester exams. And that means that we will have survived one-half of the year with only one-half more to endure at The Institution. (That makes mathematical sense!) Although it drags sometimes, time flies. (?)

The Seniors and the Juniors each had a class meeting last Friday at school. Each class elected their representatives for the Future Homemakers' of America Valentine Sweetheart contest which occurs in early February. Jackie Rich a newcomer to PHS, was chosen by the Senior class, with Beth Peel representing the Junior class.

Bits and Pieces: Debbie Dickson and Debbie Eubank endured their SAT (Scholastic Aptitude Test) at Texas Tech last Saturday morning, while Ben Miller took his SAT at Snyder. Donna Stewart is back in school after a long fight with the flu, and Marsha Tipton has also been very sick. Poor Brenda Lee can't even type because her wart she had burned off is healing by forming a large blister. Then there is David Hamilton, who is forgotten. He only has HIS name on his ID bracelet.

DO NOT FORGET the dance this Saturday night with "The Third Story" playing from 8 to 12 at Teen Town. Incidentally, did you know that ice melts?

VICTIMS OF FIRE  
NEW YORK — Fire tends to victimize the very old and very young. The Insurance Information Institute notes that the highest death rate by fire is among persons 65 years of age or older; the second highest rate among children under five.

## PAY BILLS To Enjoy Continued CREDIT

The credit bureau's message to the consumer is simple. Pay promptly. Spelling it out clearly—never let an account go past due without payment or immediate contact with the creditor.

Never allow an account to become an item charged off to profit and loss. This means that the merchant has given up hopes of collecting and has changed your account from an asset to an expense item. The item is automatically recorded in the files of the credit bureau. There it cannot be changed or altered unless subsequent dealings with the same firm results in a better record.

Never allow an account to be listed in the collection department of the credit bureau. Payment in full will result in better credit reports, but the item must remain on file for many years to come—perhaps for the rest of your life.

Your credit record is a picture of your character and has been found to be an extremely accurate guide to your future actions, particularly pertaining to whether you will pay future contracts and debts.

Keep your picture bright and shining and enjoy all the conveniences of the machine age. You can cut off the advantages of credit buying by disregarding the ignoring warnings of your merchant friends.

# Outdoor opportunities many for Boy Scouts

LUBBOCK — With the opening of summer camps now only 20 weeks away, Boy Scouts and Explorers of the South Plains Boy Scout Council are reminded by the camping committee that they have several special outdoor opportunities open to them this year.

Thirty Explorers, or Scouts who will be 14 years old by Sept. 1 will make up two groups to attend Philmont Scout Ranch at Cimarron, N. M., from July 20 to Aug. 1. The groups will travel together by bus, but will hike and camp on different trails while at Philmont.

## 245 pheasants in Panhandle bagged

DALHART — Wildlife personnel of the Texas Parks and Wildlife Department checked 354 hunters in five counties during the first two days of the pheasant season in the Panhandle. Their harvest was 243 birds.

In Dallam, Deaf Smith, Hartley, Moore and Sherman counties, project leader Richard DeArment said these hunters, the only ones checked out of the many participating, spent 1,696 man-hours seeking pheasant, and fired 1,350 shells. Each hunter averaged almost five hours of hunting.

Young birds outnumbered older ones at a ratio of about six young to four adults.

Burial was in Terrace Cemetery under the direction of Hudman Funeral Home. Pallbearers were Billard Morris, Sam Sanders, Robert Craig, Bernie Jones, Jim Barron and Douglas Tipton.

## School board—

(Continued From Front Page) as 1961 than it is today due to an increase allowed from state funds. In 1961, the school district paid \$3,244 of the superintendent's salary.

Trustees' action on the request for new lunchroom equipment came at Shiver's suggestion who said that federal funds will pay 75 per cent of the cost of the \$4,880 worth of new equipment sought with the provision the schools use the equipment at least five years.

Supt. Shiver reported to the board that the Post Invitational basketball tournament held during the Christmas holidays lost \$141.56 and that all coaches agreed that the tournament does not add to the schools' athletic program.

The superintendent asked the board if it wished to continue the tournament as work had to be started immediately to schedule enough teams for the event.

Trustees decided that the future of the tournament should be left to the coaches for decision.

Toward the end of the meeting, trustees witnessed a 15-minute film, "The Improbable Master Strum," which showed the operation of a "non-graded high school."

Shiver told the board that many good ideas could be taken from the film for use even though it might be a number of years before Post high school students were not graded on their studies as they are now.

At the short special meeting last night to approve the letter to be sent to tax delinquents, board members were each given for study a report on details of the consolidation plan recently released by the governor's school study committee which will go to the present session of the legislature for action.

Included were explanations of in-consistent aid to those districts which consolidate prior to passage of the consolidation proposal and financial estimates on how it would affect the Garza County situation in which the state plan proposes consolidation of the three existing districts into one.

## Annual dinner is scheduled by area Boy Scout group

LUBBOCK — The Annual Recognition Dinner of the South Plains council, Boy Scouts of America will be held on Feb. 3 at 7 p. m. in the Student Union Building at Texas Tech, according to Council President Jack Strong.

An entertaining and inspiring evening is promised by Strong who reports that the guest speaker will be Dr. Tom Haggai of High Point, N. C. Dr. Haggai is a minister who can communicate with both teenage rebels and conservative gray-suited businessmen.

As the Scout Council brings this outstanding speaker to this area, Strong is asking every Scouter in the Council to share this rare opportunity by inviting a non-Scouter to be his guest at the annual meeting. The wives of Scouters are also invited to participate.

A special recognition will be given to unit leaders and their wives who attend. In addition, other recognitions and awards will be presented to local Scouters, including the annual presentation of Silver Beaver awards for outstanding service to Boyhood.

Tickets for the dinner are in the hands of district and Council leaders throughout the 20-county Council area, Strong said. Additional tickets can be obtained from the Scout Service Center in Lubbock. Strong asked that all tickets be purchased and reported by Jan. 31.

## Wildcat cagers among loop's favored teams

The Post High School boys' and girls' basketball teams, the Antelopes and Does, journey to Idalou Friday, Jan. 17, where they will open District 4AA play against the Idalou teams. The girls' game tipoff is scheduled for 6:30 p. m.

Following Idalou, the Post girls go to Slaton Monday, Jan. 20, for a non-conference game, while the Antelopes play the Morton Indians here Tuesday, Jan. 21, in a district contest, with both "A" and "B" boys' games scheduled.

Friday night, Jan. 24, the Post teams take on the Frenship boys' and girls' teams in district games here.

## Post's freshmen down Crosbyton

Coach Bill Smith's freshman basketball team came through with a 45-32 win over Crosbyton, on the latter's court, recently for their first victory of the season.

The Post team trailed, 11-7, at the end of the first quarter, but outscored Crosbyton by 15 to 4 in the second period to hold a 22-15 halftime lead, and were in command the rest of the way.

David Woods took scoring honors with 13 points. Kelly Duren finished with 10; Kyle Josey, six; Ricky Hair, five; Vargas and Hays, four each; Rosas, two, and Rose, one.

The freshmen lost to Lamar of Snyder, 61-19, last Thursday, and to Slaton, 45-28, Monday night. Josey, with seven points, was the high scorer against Lamar, while Vargas, with six points, led the scoring in the Slaton game.

## One-point margin in boys' game 'Lopes and Does win Cooper doubleheader

The Post Antelopes came from behind with a stirring finish in the final period here last Friday night to edge the Cooper Pirates, 40-39, in a game that was close all the way.

The Post Does won the girls' game by a score of 64 to 53.

The Cooper games were the final non-conference action for the Post teams before opening District 4AA play at Idalou Friday night.

The 'Lopes trailed Cooper, 13-7, at the end of the first quarter, but Boyd Noble hit seven of his eight-point total in the second quarter to help pull up to within 1 point of Cooper, 21-20, at the half. The 'Lopes trailed by three, 29-26, going into the fourth quarter.

Ray Altman was Post's high scorer with 14, while Neff Walker finished with 11. Louder's 15 points paced the Cooper scoring.

The Does led all the way in the girls' game. They were ahead 12-8 at the end of the first quarter, 32-16 at halftime, and 47-33 at the end of the third quarter.

Sharon Windham's 20 points took scoring honors for Post. Others scoring were Karen Lee, 15; Sherry Bird, 14; Karon Windham, 10; Jan Wilks, three, and Benita Noble, two. Judy Dunn of Cooper was the game's high scorer with 28 points.

The Post guards were Kay Altman, Glen Ann Barley, Thresa Sims, Kay Herron, Pam Petty, Janet Ray and Nina Young.

## Southland youth makes flying weekend journey

By MRS. EDMUND WILKE

Hello out there in newspaper land. Here is a little food for thought for this day. Make fairness one of the strong points in your relations with other people. Try to find at least one nice thing to say or do every day. Take the blame you deserve, but be fair with yourself, too. Let the other fellow shoulder what is clearly his responsibility. Work in harmony with others, so that honest differences of opinion can be settled without being disagreeable.

Joe E. Basinger left Town and Country Airport in Lubbock Saturday and flew to Fort Worth where he landed at Mitchell Airport. He visited with Mr. and Mrs. Irby Metcalf and spent the night. Mr. Metcalf is a former president of the First National Bank in Post and is now president of the Continental Bank in Fort Worth. Joe visited the campus of TCU where he plans on going to college after he graduates from high school. Sunday morning he flew to Sulphur Springs and then returned to Lubbock. Joe has his flying license and is now working on his commercial license.

Mrs. Carl Wartes spent several days in West Texas Hospital in Lubbock recently. She had a cold, then the flu for over a week and then it finally developed into pneumonia. She is at home now and feeling much better. May God restore her to complete good health very quickly.

Patsy Gindorf and Mr. and Mrs. Milton Gindorf and Shelly from Dallas spent the weekend here visiting Chris Gindorf Jr. and Joan and Mr. and Mrs. Glen Wheatley and other friends and relatives.

MR. AND MRS. ROOSEVELT HOLLS went to Bryan recently to visit a sister, Malinda Lee, and other relatives. While there, they went out to Somerville Dam and fished, catching around 50 pounds of fish. They also visited in Houston with their daughter, Annie Lee Banks.

Mr. and Mrs. Don Harlan Pennell visited friends in Muleshoe last weekend.

Mr. and Mrs. Donald Pennell visited the Royal Pinnells in Mesquite last weekend.

Mr. and Mrs. Calvin Klaus of San Angelo visited his parents,

## 7th, 8th grade clubs sweep four at Slaton

Post's four junior high basketball teams made a clean sweep of four conference games at Slaton Monday night, but the 7th grade girls were forced into two overtimes before they won their game, 29-27.

The 8th grade girls won by a score of 16-12, the 8th grade boys, 42-26, and the 7th grade boys, 37-15.

The 7th grade girls' game was tied, 20-20, at the end of the regulation playing time, then tied again, 24-24, at the end of the first two-minute overtime before the Post girls finally came through with their two-point triumph.

Coach Billy Hahn said he thought his 7th grade girls' team played real well under pressure in their overtime victory, and that he was pleased with the work of his guards in both the 7th and 8th grade games.

Cindy Bird's 18 points led the Post scoring in the 7th grade game, with Lindy Bird getting nine points, and Eva Raymond and Rita Morales, one point each.

Others seeing action for Post in the 7th grade game were Sue Cowdroy, Susan Solis, Eva Vargas, Becky Dalby, Jan Hall, Mary Salinas, Jo Beth James, Phyllis Kennedy, Sherry White, Della Witcher, Susie Smith, Melody Rose and Deb Johnson.

Trena Jackson and Pat Johnson scored all of Post's points in the 8th grade girls' 16-12 win, each girl hitting eight. Other forwards were Anita Criado and Mary Cheshire. Seeing action at guard were Janyce Brockman, Phyllis

Eckols, Pam Feagin, Deborah Hundley, Gaynell King, Jo Beth Gandy.

Coach Bud Davis' 8th grade boys' team, which is undefeated in conference play, led Slaton 9-3 at the end of the first quarter, 20-11 at the half, and 28-21 at the end of the third period.

Robert Mindieta was Post's high scorer with 10. Jerry Saldivar and Mike Hughes scored eight points apiece; Roger Pace and Reggie Moore, four apiece; Danny Lee, three; Robert Torres and Steve

Hays, two each, and Mike Huff, one.

Coach Gary Parnell's 7th grade boys' team, which is undefeated in conference play, led Slaton 16-4 at halftime, and 28-9 going into the fourth quarter.

Scoring for Post were Johnny Jefferson, 14; John Redman, nine; Jay Pollard, six; Ronnie Ammons, four, and Mark Bevers and Steve Sawyers, two each.

The junior high teams play conference games with Frenship here Monday night, Jan. 20.

## Altman's 183 points is tops for 'Lope scorers

Through the Post Antelopes' first 13 basketball games, Ray Altman is the leading scorer with 183 points and David Pierce the leading rebounder with 90, according to statistics released by Coach Kenny Poole.

Altman's 183 points in 13 games gives him a 14-point average. He has hit 74 of 227 field goals attempted and has cashed in on 35 of 57 free throw attempts.

The second highest scorer is Neff Walker with an 88-point total in 13 games on 36 field goals and 16 free throws for a 6.3 scoring average.

Second to Pierce in rebounds is Kenneth Mitchell with 77. Other rebound totals are: Altman, 69; Walker, 63; Boyd Noble, 42; Steve Newby, 21; Larry Johnson, 17; James Pollard, 10; Dennis Dodson, 10, and Jay Bird, five.

Walker is the leader on assists with 11, followed by Altman with seven. Altman and Walker each have 21 steals in the 13 games they have played. Pollard, with nine, ranks third in this department.

The scoring totals are as follows:

	G	FG	FT	TP
Altman	13	74	35	183
Walker	13	36	16	88
Johnson	13	27	12	66
Pierce	13	21	19	61

## New producer in Rocker A field

Midland-based operator R. S. Anderson has completed a new producer, the No. 11 Spalding-Stoker, in the Rocker A (Glorieta) field of Garza County.

An open hole section from 3,008-3,230 feet produced 20 barrels of 34-gravity oil plus 61 barrels of water on the pump in 24 hours. Gas-oil ratio was too small to measure.

Location is 330 feet from north and 2,310 feet from east lines of Section 579, Block 97, H&TC Survey. It is three and one-half miles west of Justiceburg.

## Post family moves to North Carolina

The Jim Poer family left Post Tuesday to make their home in Durham, N. C., where Mr. Poer will be assistant superintendent of finishing and fabricating at the Durham Plant of Burlington Sheet-Ply Division.

Mr. Poer was sewing room overseer at Postex plant here.

The Poers, who lived in Post almost seven years, have three children, Becky, a junior; Jim, a sophomore, and Bryan a 7th grader.

Mrs. Poer was an active member of the Post Music Club and the Post High School secretary for a number of years. Mr. Poer helped in the Little League baseball program.

## ATTENDS BOARD MEETING

Mrs. Howard Kolb, Texas Home Demonstration Association secretary, attended the January board meeting of that organization at the Baker Hotel in Dallas. The Baker Hotel was chosen as the site for the state meeting and the May board meeting.

little teams are really going to have to work hard! Come on out to the ball games and let them know that you are behind them 100 per cent.

Billy Lester went to Commerce last week to help his brother, Winston, get ready to move back to "good old West Texas."

How about giving me your news? See you next week.

## Test completed in H&L field

Thompson Operating Co. has completed its No. 1 Dezzie Gordon as a producer in the H&L (Glorieta) field of Garza County, nine miles northeast of Post.

The well potentialed to pump 55 barrels of 40-gravity oil plus 60 barrels of water in 24 hours. Gas-oil ratio was 50-1. Perforations from 3,250-3,325 feet were stimulated with 500 gallons of acid.

Location is 660 feet from north and west lines of Section 6, Block 8, H&GN Survey.

## HERE FOR WEEKEND VISIT

Louis McMahon of Kankakee, Ill., flew back to his Illinois home Monday afternoon after a weekend visit here with his parents, Mr. and Mrs. O. V. McMahon. Louis, who was born and reared in Post, is director of state planning wills, and annuities for Olivet Nazarene College at Kankakee, 60 miles south of Chicago, and travels the states of Illinois, Indiana, Michigan and Wisconsin on behalf of the college.
