

The Post Dispatch because of its name is often mentioned with the St. Louis Post Dispatch, a Pulitzer prize winner if there ever was one. Same only, of course, being the basis of association, although we try to print the local news even when it angers some hereabouts.)

Well, today on pages 10 and 11 and 14 and 15 it takes on that dull wishfulness of another famous paper, the New York Times.

That is because all four pages and over a half page more on page 16 are filled up with lengthy legal notices, either Sheriff Sale Notices, or Citations by Publication, all involving the current delinquent tax collection campaign being waged by Attorney Pat Walker.

If there are any doubters remaining that Pat isn't going that last mile and right into the courtroom all these gray pages should dispel such doubts. (They'll be gray for more weeks too.)

In fact, the only doubt remaining in the case belongs to The Dispatch publisher as the state law provides means of payment for any of these legal notices until enough funds are raised through individual property sales to meet the court and publication costs against each property.

We hope to be able to report how we made out on all this—say before 1974, maybe by 1973, and if you are a born optimist like us (who would own a weekly newspaper) by 1972.

Our regrets if any correspondence from our rural writers fails to make it into print this week, or if their stories are either trimmed or left out until next week. All this "gray matter" has forced us to a tight news budget and we were even turning away advertisers yesterday with cash in hand—truly one of those "very sad days" for The Dispatch publisher.

We were delighted to learn that Shelley Camp is going to be a "guest coach" for the Texas University Longhorns Saturday against Rice. We told him to get Royal and those "hookers" straightened out. We confidently predict that Shelley come Saturday will get Texas started on another long and profitable winning streak.

### Rites conducted for Mrs. Voss

Funeral services for Mrs. Mary Voss, a resident of Post from 1928 until 1966, who died quietly in her sleep early Sunday in a nursing home in Amarillo, were conducted at the Hudman Funeral Home here Tuesday afternoon.

For the last five years, Mrs. Voss had been a resident of King's Manor, a retirement home in Hereford.

Mrs. Voss had been active in the church for more than 65 years and had been a member of the Methodist Church in Post since her marriage to the late Charles M. Voss Sr., prominent retired farmer of Garza County who preceded her death in 1953.

Surviving Mrs. Voss are two daughters. (See Voss Rites, page 8)

### Rites pend for Mrs. Jim Keel

Funeral arrangements were pending in Dadeville, Ala., late Wednesday for Mrs. Lois Barbara Keel, 55, of Post, who died about 10 p.m. Tuesday in Garza Memorial Hospital after a lengthy illness.

Mrs. Keel, who had been a resident of Post for 13 years, was an employee of Postex Plant. She was born June 22, 1916, in Randolph County, Ala.

Survivors include her husband, Jim Keel of the home; three sons, Edward Keel of Big Spring; two daughters, Mrs. Cora Bowman and Mrs. Judy Price, both of Post; three brothers, Morgan, Marvin and Joe Harvey McCormick, all of Opelika, Ala.

Also four sisters, Mrs. Edna Harney, Mrs. Jean Spraggins and Mrs. Mable Hollis, all of Opelika, and Mrs. Maudine Norris of Florale, Ala., and nine grandchildren. Hudman Funeral Home was in charge of local arrangements.

### 1971-72 PHS FOOTBALL SWEETHEART

Nancy Cook (second from right) was crowned Football Sweetheart at Friday night's homecoming game after her selection for the honor by members of the Antelope squad. Other candidates, left to right, were Jackie Moore, Melvena Stewart and Sue Parrish.—(Staff Photo)

### BAND SWEETHEART CROWNED

Dejuana Hays (center) received the crown of Band Sweetheart between halves of Friday night's homecoming game. Runners-up were Deborah York (left) and Wilma Bullard.

### Flea market Saturday

Those Post Chamber women are planning on organizing the biggest garage sale in the city's history here Saturday—only it won't be in anybody's garage but all congregated together on the parking lot of the First National Bank.

They call such things "flea markets", and this will be Post's first flea market ever.

If it is successful there will be more of the same.

The sponsoring women's division of the Chamber will rent space for \$3 for individuals to sell their wares, hawk some of their own, and use the money on some of the women's community projects.

If you're looking for bargains—try the Post flea market Saturday. If you want more information, see the flea market ad on Page 5.

### HD agent here to transfer Nov. 16

Mrs. Janis M. Choate, Garza County home demonstration agent, will transfer to the same position in Mitchell County effective Nov. 16.

The transfer announcement was made by Mrs. Catherine Crawford, district home demonstration agent in Lubbock and Mitchell County Judge Bill F. Carter.

Mrs. Choate, who has been in Post since June, 1970, at her current post, will replace Mrs. Janet Moore, who recently resigned from the Colorado City position.

## Two Kennedys win 4-H Gold Stars

Brother and sister Jay Kennedy, 14, and Phyllis Kennedy, who was 16 Tuesday, received the 1971 Gold Star Boy and Girl award at the annual Garza County 4-H Achievement program held Saturday night at the 4-H building.

The children of Mr. and Mrs. Gene Kennedy, both Jay and Phyllis have been 4-H members for five years, during which time they have been active in all phases of 4-H work.

The Gold Star awards were presented by R. S. (Syd) Conner, county agricultural agent, and Mrs. Janis Choate, home demonstration agent. They were two of the many awards presented at the program, which followed a banquet, "4-H Bridges the Gap" was the banquet theme.

Achievement awards were presented by County Judge Giles W. Dalby, assisted by 4-H member Tony Conner. They were awarded as follows:

Achievement: John Chaffin, Steve White, Mark Terry, Melanie King, Agricultural: Donna Shelton.

Beef: Nancy Cook, Stephen Myers, Randy Conner.

Citizenship: Jay Kennedy, Laura Bevers. Clothing: Karla Kennedy, Nancy (See 4-H Awards, page 8)

### COUNTY'S GOLD STAR WINNERS

Jay and Phyllis Kennedy, brother and sister, were named Garza County's Gold Star 4-H Boy and Girl at Saturday night's achievement banquet. Also shown are Tom Bouchier, who received one of two Friends of 4-H awards made, and Mrs. Bouchier.

## Garza flood results so good, unit is expanded

### 20-year effort here predicted

The George R. Brown oil interests are so pleased with results so far in their Garza field waterflood, begun three years ago, that they are moving to bring all remaining wells they own or control into the new City of Post unit to save some legal down-time.

R. P. Haddox of Houston, vice president and manager of production for Highland Resources, made this announcement here Tuesday in an enthusiastic talk before Post Rotarians in which he used field maps stuck to the wall to illustrate progress of the big waterflood.

This will boost the present City of Post waterflood unit — which began receiving in-take water last Wednesday for the first time — from 89 wells to between 160 and 170 wells.

Haddox said the expansion of the waterflood unit will include all of Highland's holdings west of Post and north of the city. Their remaining wells in the San Andres A zone already are included in waterflooded well under way.

Two other Highland Resources officials from Houston — I. W. Norman, a vice president, and Jim Batt, a land man for the firm — also were at the luncheon, along with Sam Richardson, the company land man here, Billy Joe Dorner, and Neal Clary, all local employees of the firm. They were introduced by E. R. (Buster) Moreland, who heads local operations for the firm, and who was in charge of the program.

Haddox told Rotarians 50 million barrels of oil have been taken from the big Garza (San Andres) field and geologists estimate another 75 million barrels of oil still remain in the pay zone.

The Highland official said that the company expects to spend the next 20 years here trying to float out as much of that 75 million barrels of oil as possible and hopes by that time the oil industry will have some new know-how to extract what is left of it.

(Accepted waterflood rule of thumb is that as much oil possibly can be recovered by secondary waterflood methods, which in case would mean another 50 million barrels of oil from the Garza field. Due to differences in formations this does not always hold true.)

Haddox said Highland Resources is using White River Lake water for its big waterflood. In answer to a question he said the firm has contracted to purchase up to 30,000 barrels of water daily from the White River water district.

(At the present time, the firm is (See Waterflood, page 8)

### PICKUP RAMS INTO CHURCH

Workmen lost no time starting repair work at the First Presbyterian Church Tuesday morning after the west wall of the building was struck by a pickup that rammed a foot and a half inside the sanctuary.

### TO 'GUEST COACH' TEXAS LONGHORNS

Shelley Camp, one of Post's most ardent University of Texas football fans, will be one of the two "guest coaches" on the bench with Coach Darrell Royal at the Texas-Rice game in Memorial Stadium at Austin Saturday afternoon.

The other "guest coach" will be Astronaut Allen Bean.

Camp and Bean will have breakfast Saturday morning with the University of Texas players and coaches and will sit on the bench with the team during the game.

Camp was invited to be one of the "guest coaches" early this week in a telephone call from Royal's secretary.

Mr. and Mrs. Camp already had planned to attend the Texas-Rice game. From Austin they will go to Houston for Shelley's periodic checkup at the M. D. Anderson Clinic.

### HOSPITAL HIT BY CAR

## Pickup smacks hole in church

Public buildings caught the brunt of two traffic accidents here Monday with the First Presbyterian Church at 910 West 10th St., the heaviest loser.

The church received a damage estimated at \$5,000 when struck by a pickup truck driven by J. F. "Boots" Storie, 47, after his vehicle collided with an automobile driven by Mrs. Andy Stelzer at the intersection of West 10th Street and North Avenue S.

In the other accident, the Garza Memorial Hospital building was only slightly damaged when struck by a glancing blow by an automobile driven by Mrs. O. V. McMahon, 72, after the car "jumped" the curb in front of the hospital.

Beyond being shaken up, no one was hurt in the two accidents.

City Patrolman Jerry Jolly, the investigating officer, said that after colliding with the car in the intersection, Storie's pickup spun around, jumped the curb and struck the church near the south end of the west wall. The impact knocked a gaping hole in the wall, with the pickup coming to rest with the front end about a foot and a half inside the sanctuary.

Mrs. Stelzer, who the officer said told him she had swerved in an attempt to avoid the collision, lost control of the car after its right rear fender was struck by the pickup. The car crashed into a utility pole at the Vic Slater residence, cutting the pole in two.

Damage to the church was estimated at \$5,000, to Mrs. Stelzer's automobile, which was "totaled" at \$5,000, and to Storie's pickup at \$750.

Patrolman Jolly said he gave Storie a ticket for failure to yield right-of-way.

The patrolman, who also investigated the accident at the hospital, said Mrs. McMahon apparently hit the accelerator instead of the brake with her foot as she parked in at the hospital.

After jumping the curb and side-swiping the hospital building Mrs. McMahon's car struck a station wagon, owned by Mrs. Dayle Nelson, at the curb and knocked it into a car owned by Mrs. Albert Harper.

Mrs. McMahon's car was extensively damaged, but there was only slight damage to the other two cars according to the officer.

### DRIVE OPENS NOV. 1

## Garza United Fund sets 1972 goal of \$9,500

The 1972 Garza United Fund drive is scheduled for a Nov. 1 kickoff with a goal of \$9,500 for its 11 participating agencies.

The fund's new board of directors approved the fund budget and set the kickoff date in a meeting in the bank community room late last Thursday afternoon.

The only three participating agencies to request more received increases and one agency, the Post Day Care Center which was closed last spring, was of course withdrawn from the Chest Budget.

As the day care center was receiving \$1,600 annually, fund directors were able to increase the three agencies asking for boosts by \$600

and at the same time come up with a final budget a thousand dollars lower than the 1971 goal of \$10,500.

The Girl Scouts received an increase of \$300, the boys summer baseball program an additional \$200 and the Boy Scouts an additional \$100. Each of the three agencies had requested more of a boost than they received.

The 1972 United Fund budget for participating agencies — as recommended by the budget committee and adopted by the board of directors — is as follows:

Red Cross \$900, Boy Scouts \$2,100, Girl Scouts \$1,800, USO \$100, Youth Center \$1,000, Summer Base (See Unit Fund, page 8)

## One campaign that's paying off

Demolition now under way of the old filling station building at the corner of Broadway and 8th street removes another eyesore and adds another "gold star" to the city council's record for its campaign to rid the city of such long-vacant and dilapidated structures.

For several months now, the city council's campaign to eliminate eyesores—also including junked automobiles—has been reaping tangible results, much to the city's benefit from the standpoint of improving the environment.

The city council is also to be commended for going about such a "touchy" campaign in the right manner. Everything is being done "according to Hoyle," with the old buildings and junked cars being condemned as fire

and/or health hazards before being disposed of and the owner, in each instance, being notified and given the opportunity of a hearing.

It is also to the city council's credit that it has "bent over backwards" in giving owners of the property on which condemnation proceedings are under way every opportunity to do something about their building or their junked car if they want to save it from demolition or removal.

It is a case of the city council not wanting to work a hardship on any property owner, but simply wanting to rid the town of old buildings and junk that constitute fire or health hazards and that detract from the town's appearance.—CD

## A case of two-way benefits

A rural development program, seen as the only salvation for the small town, also could well be the only thing to save the big city.

Texas Agriculture Commissioner John C. White spoke, in our opinion, words that made sense when he said recently that big cities will benefit the most from a rural development program. White's statement came at a combined meeting of the Dallas Agriculture Club, the Fort Worth Farm and Ranch Club and the Wichita Falls Farm and Ranch Club.

In calling for a massive rural redevelopment program in the state, which, he said, "is absolutely essential if our cities and rural areas are to survive," White predicted big cities will continue to receive untrained rural residents who will end up on city welfare rolls.

"This has happened hundreds of thousands of times in Texas during the past 20 years," he said. "It can only continue to increase unless all of us—city and rural people alike—work together to reverse this trend."

White said rural areas now amount to

"a vast open-air home for old folks." City people, meanwhile, he said, have their own subculture. They imprison themselves at night in maximum security apartments and they look out of their barred windows at the decaying blight and fail to see the solution before them."

That solution, White believes, is a rural development program which joins together city and rural programs augmented by federal and state aid.

It is, in fact, a two-way street. City officials must learn and realize how a new attitude toward rural development will be to their cities' advantages as compared with continued efforts, as in the past, to all-out efforts to attract industries to their cities, which they are unable to adequately serve.

The officials of the small cities must also realize that they, too, will have to cooperate in providing the services to attract and keep people. These include such things as jobs, topflight educational facilities, recreational areas, adequate housing, and adequate medical care.—CD

## Political priorities set early

Regardless of whether you are on their side or against them politically, you've got to give organized labor credit for setting their political priorities early.

Organized labor leaders of Texas have added fuel to the flames that are heating the political pot by making two of their 1972 objectives the defeat of President Nixon and support of former U. S. Sen. Ralph Yarborough for any office he seeks.

AFL-CIO State President Roy R. Evans announced the above goals were adopted by his organization's executive board and the COPE administrative committee in a recent meeting in Austin.

The state labor leader said it is "quite possible" the AFL-CIO will make no endorsements in next year's governor's race unless Yarborough is a candidate. Lt. Gov. Ben Barnes and Dolph Briscoe of Uvalde are announced gubernatorial candidates.

The lieutenant governor's race is listed

as the No. 3 priority of labor, the House Speaker's race No. 4, and congressional state Senate and House contests No. 5.

In a September poll of AFL-CIO convention delegates, Hubert Humphrey was the choice for president, getting 313 straw votes to two for Alabama Gov. George Wallace and none for President Nixon.

And a random poll of rank and file union members showed 87 for Humphrey to 51 for Wallace and 38 for Nixon. The convention delegates gave Yarborough 350 votes for senatorial office for Sen. John Tower in the poll.

As we said, whether or not you agree, you must give labor credit for getting off to a fast start in building up interest in the 1972 political races, which already had taken on early zip and zing through the fact that there'll be thousands of 18 to 21-year-olds voting in Texas for the first time ever.—CD

## What our contemporaries are saying

The nation's newspapers should be somewhat pleased with President Nixon's price-wage freeze. Price on the newspaper's most vital ingredient—newsprint—was scheduled to go up another \$8.75 ton this fall. The industry already absorbed an \$8 per ton raise earlier in the year. This spring's raise was the one that caused post daily newspapers to raise single copy prices to 15 cents

each. The postal raise in May added more problems to us all and if the price-wage freeze doesn't head off inflation, readers can guess what will have to come in the very near future.—Horton, Kans., Headlight.

It's about time for us to realize that the protection of the law is for the innocent, not the guilty.—Southwest Virginia Enterprise.

## The Abundant Life...

### SIN A WRECKER

"And he said, A certain man had two sons; and the younger of them said to his father, Father, give me the portion of thy substance that falleth to me, and he divided unto them his living. And not many days after, the younger son gathered all together and took his journey into a far country; and there he wasted his substance with riotous living. And when he had spent all, there arose a mighty famine in that country; and he began to be in want, and he went and joined himself to one of the citizens of that country; and he sent him into his fields to feed swine. And he would fain have filled his belly with the husks that the swine did eat, and no man gave unto him."

Luke 15:11-16

There is a sneaking suspicion among many people, especially youth, that the concept of sin is outdated and it is the cause of unhealthy guilt feelings and undue mental suffering. They theorize if we would only get rid of acts being right or wrong we would be freer and happier. Of course religion, Christ, the New Testament and the church is often blamed for inventing the idea of sin or at least for spreading its doctrines.

The Bible and Christ did not introduce the concept of sin. Hate, murder, lying, stealing, adultery, drunkenness, etc. were in the world before the Bible was written and Christ came to the earth. Jesus came to liberate man from sin and not to enslave him to it.

All civilized nations not only recognize that sin is wrong but have laws making it illegal. Sin and trouble are companions making public sin.

The prodigal son thought sin would be fun. But sin is always a wrecker. It destroys lives and relationships. Jesus can help man live a happier and better life.

## Catfish farming workshop slated

COLLEGE STATION — A catfish farming workshop and fish harvesting demonstration will be conducted at the VFW Hall in Katy at 8 a.m. on Nov. 10.

The event will be sponsored by the Catfish Farmers of Texas, an organization which was formed only last year. Registration fee is \$10. The fish harvesting demonstration will take place in the morning followed by a noon fish fry and an afternoon program, points out Dr. Sterling K. Johnson, fish disease specialist with the Texas Agricultural Extension Service.

The afternoon session will feature a wide array of topics dealing with the production of catfish. Included will be discussions on diseases, water quality, pond construction, economics of fish culture, feeding and nutrition and marketing. Literature on numerous facets of fish farming will be distributed as part of the program. The event is open to anyone in-

## Rural accident toll in September is one killed, nine injured

One person was killed and nine were injured in nine accidents during September, according to H. E. Pirtle, Highway Patrol supervisor for this area.

The rural traffic accident tally for Garza County during the first nine months of 1971 shows a total of 61 accidents resulting in three persons killed and 46 injured. The rural accident toll for the 60 counties of the Texas Department of Public Safety for September shows a total of 499 accidents resulting in 82 persons killed and 288 injured, 82 less accidents, eight fatalities, and 132 more than during August.

Interested in catfish farming? Johnson. Those planning to attend are encouraged to pre-register by sending their checks to Catfish Farmers of Texas, Stresemann East, Suite 906, Dallas.

### Vocational program added at Post High

By PATI ALLISON  
You noticed anything new at school this year? If you do, it's probably the classes of Economics Cooperative Education (CO-OP) or Co-op Home Economics (CO-OP HOME EC) that have been added for the first time in high school this year.

Classes are made up of students and on-the-job training concerning a variety of occupations. Each student is provided with a practical experience through part-time work at some cooperative in his or her field. The course is set up for one or two years and carries two or three credits. The student's salary which is comparable to beginning workers in the same occupation. Occupations in the program include: child care aide, companion, fabric coordinator, floral designer, food service and housekeeping-management.

The program operates under the supervision of Mrs. Marion Wheatley, who is responsible for the selection of each student and

is the classroom instructor. An advisory committee of local business people has been set up by the school to assist Mrs. Wheatley in organizing and operating the program. The addition of the program will do much to provide the students with a well-rounded educational program that will fulfill the need for practical and useful training. It is hoped this will enable a large number of students, who desire to be occupationally competent to enter full-time employment upon graduating from high school.

### Meet the Seniors

BY WANDA HEINTZ  
On May 23, 1954, Mr. and Mrs. Rex Allison became the proud parents of a daughter, Patricia Suzanne. Today, some 17 years later, she is finishing her last year in Post High School.

Some of Pat's favorites are: Subjects, history and science; songs, "Yesterday's Wine" and "Once More with Feeling"; actors, Glenn Corbett and Robert Redford; actress, Marlo Thomas; colors, green and red; foods, watermelon, liver, turnip greens.

After high school, Pati plans to go to nursing school to become a registered nurse. Her activities in high school include Future Homemakers of America, Future Teachers of America and pep squad.

Pati has two brothers, Matt, 12, and Eric, 8.

Mr. and Mrs. Sam Bevers Jr. became the proud parents of a son, Sonny Lynn, on Dec. 22, 1953 — just three days before Christmas.

A senior in high school this year, some of Sonny's favorites are: Subject, agriculture; song, "Hello, Darlin'"; actor, Jimmy Dean; actress, Barbara Stanwyck; color, blue; food, steak.

Sonny plans to attend college after finishing high school. His activities in high school have included football and vocational agriculture. He has one sister, Glenna, 14.

Johny Minor won the "Mr. Legs" contest sponsored by the Future Homemakers of America during Homecoming Week.

As winner, Johny received a gold key chain with "Mr. Legs 1971-72" engraved on it. He will also be guests of honor Monday night at the annual FHA Halloween party.

Four boys, one from each class, had a picture of their legs, from the knee down, on a jar in which votes could be cast at a penny a vote.

The other candidates were Eddie Gannon, freshman; Jay Pollard, sophomore, and Mark Hays, senior.

Ronald Simpson is pep rally speaker.

The Homecoming pep rally was really something else. The whole junior high student body was present, and Ronald Simpson was the guest speaker.

The week's captains were introduced by Coach Davis. They were Kim Owen, Kenny McKemie, David Woods and Ronald Tyler, all seniors.

Only 13 muscles are required to smile — fifty to frown.

Parade band winners to get cash prizes.

SLATON — For the first time, cash prizes will be awarded winning high school bands in the annual Veterans Day parade here Nov. 11.

Fifty dollars will go to the band winning first place, with the second place winner receiving \$25.

Prize money for floats in the parade will be \$150, first place; \$100, second place, and \$50, third place.

The Veterans Day celebration is sponsored by the Chamber of Commerce, VFW and American Legion.

HOMECOMING VISITORS

Dee Justice and James Morgan, both attending school in Dallas, and Tommy Cole, student at Western Texas College in Snyder, were home last Friday for the Post High School homecoming activities.

Goldfish originated in China.

Big bonfire blazes

By LANITA JUSTICE  
On Oct. 14, a bonfire was held on the corner between 3rd and 4th streets. To the students it was the biggest fire since Wacker's. There were many tons of junk set on fire to celebrate Homecoming. Many thanks to all who turned out and made this a big success.

Boston is nearer Europe than any other American city.

## Card of Thanks

God bless each of you who made Reece's time in the hospital so much easier by every kindness, thought and prayer.  
 Reece and Josephine Hodges

My heartfelt thanks to each and everyone for their prayers, cards, flowers and visits while I was in the hospital and at home. Also the kind deeds that were done in my behalf. God bless you all.  
 Garland Davies

We want to thank each and everyone who visited me while I was in Garza Memorial Hospital and the Methodist Hospital in Lubbock. Thanks for the cards, flowers and prayers. We especially thank Billy Lester, Jimmie Altman, Hoyt and John Bland and all the others who helped with the feed. May God bless you all.  
 Cecil and Alma Bland

We would like to express our sincere appreciation to the Post Fire Dept. and all the others who helped us when our garage caught fire.  
 Mrs. Edna Cass and Harold

We wish to thank all the contributing members, those who gave contributions to the carpet fund and to the ones giving to the memorial fund at the hospital. You have made it possible for us to purchase the carpet for the hospital lobby. We would also like to thank those who sent flowers to our open house Tuesday.

## Historical marker is to honor first agent

**COLLEGE STATION** — A historical marker commemorating the hiring of the first county agent in the nation will be dedicated at ceremonies Nov. 11 in Tyler, Tex. The program will begin at 1:30 p.m. on the city's courthouse plaza.

The historical marker, sponsored by the Smith County Historical Survey Committee and the Texas County Agricultural Agents Association, has been approved by the

## Soldier finishes training phase

FT. ORD, Calif. — Army Pvt. Larry D. Lockridge, 20, son of Mr. and Mrs. Clarence W. Lockridge of Route 1, Post, Tex., recently completed the first phase of training under the Modern Volunteer Army Field Experiment at Fort Ord, Calif.

The new concept, called VOLAR, combines basic and advanced individual training into a single 16-week program. Decentralized instruction at the unit level and a reduction of formations and inspections gives the soldier more time to train and increased off-duty time. Fewer restrictions on off-duty travel and improved living facilities are other benefits of the VOLAR concept.

Pvt. Lockridge, whose wife, Brenda, lives at 3812 37th St., Lubbock, Tex., is a 1970 graduate of Southland High School.

## Teachers to hear Dr. C. L. Kay

Dr. C. L. Kay, assistant president of Lubbock Christian College, will speak on "Americanism" at a meeting of the Garza County unit of the Texas State Teachers Association at 7 p.m. Tuesday, Oct. 26, in the high school library. The public is invited.

Dr. Kay was nominated for membership in the Joint Civilian Orientation Conference and from there became a member of the Defense Orientation Conference Association, of which he is a member of the board. In this capacity, he has been given the opportunity of inspecting military bases throughout the world.

Texas State Historical Survey Committee. The marker designates Smith County as the birthplace of the county agricultural agent concept.

## Lynn, Garza farmers, ranchers may apply for emergency loans

J. Lynn Futch, state director of the Farmers Home Administration, has announced that all counties receiving losses as a result of adverse weather (hail, drought, excessive winds, etc.) have already been designated by the Secretary of Agriculture for the making of emergency loans to farmers and ranchers who have sustained substantial losses due to disaster.

Garza and Lynn are among the designated counties.

The engagement of Miss Nancy Basinger, daughter of Mr. and Mrs. Virgil Smith, and the late Melvin Basinger, to Dicky Wallace, son of Mr. and Mrs. Harley Wallace, is being announced by the bride-elect's parents.

Miss Basinger is a 1970 graduate of Slaton High School and is presently employed by Citizens State Bank in Slaton. Wallace is a 1970 graduate of Post High School and is attending South Plains College in Levelland.

A December wedding is planned by the couple.

**Library LISTENING POST**

**By GEORGE L. MILLER**  
Good news, readers! More new books are rolling in, and some of them come from authors who have gained wide popularity.

As for instance, Alistair MacLean. This gentleman, who gave us the breathless adventure of "The Guns of Navarone" has come up with a new yarn called "Bear Island." It takes place on an icebound island in the Arctic Ocean and — from the description of the tale on the bookjacket — it sounds like a return to his former quality. It's hard to beat Alistair MacLean when he is in good form.

And Helen MacInnes, her books are always good. She's never written a poor one that I know of. Her newest is called "Message from Malaya", which means intrigue and suspense in Spain. I'm sure you'll like it.

Dorothy Eden fans, she's done it again. This time the story is called "An Afternoon Walk." It concerns a woman, her insensitive husband, an old abandoned house and unearthly screams. It sounds like a

winner. Bernard Malamud achieved critical acclaim with his novel "The Fixer." Now he's written "The Tenants" and the critics are raving again. Malamud is not everyone's cup of tea, but he is a master of his craft for those who can appreciate him.

Speaking of master craftsmen, Georges Simenon is revered as one of the greatest — if not the greatest — of all mystery writers. Not only is he considered an exceptionally fine writer, he is a very prolific one. He may have published more books than any other living author. His most recent is "Maigret and the Killer", and we have it on our shelves at the library.

In 1964 Shirley Ann Grau won the Pulitzer Prize for her outstanding novel "The Keepers of the House". She has now written another major novel, her first since 1964. It is called "The Condor Passes" and it has received mixed reviews. This means critics can't make up their minds whether it is a masterpiece or a dud. It's rather nice to have mixed reviews be- up our own minds about a book cause a mixed review lets us make — which is something we don't get a chance to do very often.

Last week I reviewed a very important book called "Go Ask Alice." This week we've added yet another title on the same tragic subject of drug abuse. This one is called "The Last Fix." It is the account of a young man who died from heroin, written by his mother. This kind of book is not pleasant reading but it is important for it stands as a warning — perhaps the only kind of warning to which attention will be paid by the young people who are experimenting with drugs.

These are a few of our new books — further proof that the Post Public Library still is keeping up with the newest and the best in reading. If you doubt me, come see for yourself.

**New Arrivals**

Mr. and Mrs. Billy Gay Terry of Tahoka are the parents of a daughter, Emma Marie, born Oct. 16, at 3:47 a.m. in Garza Memorial Hospital, weighing 8 lbs., 3 ozs.

**'Snow White' is to be presented**

The Post Music Club will present a musical adaptation of "Snow White and the Seven Dwarfs" taken from the classic written by the Brothers Grimm with music from Walt Disney's cartoon, on Nov. 4 and 6 at 7:30 p.m. in the primary auditorium.

Margie Pennell will play the part of Snow White and Jim Wells will be the prince. Maxine Marks will narrate.

Mrs. John English is in charge of the costumes, with Joe Taylor designing the set.

Cast members began rehearsals Sunday.

**Open house and coffee is held**

The Garza Memorial Hospital Auxiliary was host for an open house and coffee at the hospital on Tuesday morning with 50 guests attending.

**Class of 1956 holds reunion**

A reunion of the Post High School graduating class of 1956 was held Saturday night in the home of Mr. and Mrs. Walter Didway during homecoming.

Those attending were: Mr. and Mrs. Ted Tatum and Mr. and Mrs. J. W. Rogers, all of Post; Mr. and Mrs. V. A. Dodson of Abernathy, Mr. and Mrs. Bob Tidwell of Lubbock, Mr. and Mrs. Homer Cato of Edmond, Okla., Mrs. Betty Sue Dann and Neda of Lubbock and Mrs. Jo Ann Miller of Big Spring. Former teachers attending were N. R. "Jiggs" King and Mrs. G. E. Fleming, both of Post.

The group plans to meet again in 1973 during the July 4th holiday.

**Halloween party planned by club**

The Graham Home Demonstration Club met in the community center last Friday, with Mrs. Charles Tubbs presenting a program on special diets.

Roll call was answered with "improvement hints." Viva Davis gave a short council report and reported on a meeting attended in Lubbock.

The club voted to have a Halloween party in the community center Oct. 30 beginning at 7:30 p.m. Each family is to bring a cake, for a cake walk and games will be played. There will be a penalty charge at the door for those not wearing a costume.

Refreshments were served to one visitor and 11 members. The club will meet again Nov. 19 at the center.

**CONSUMER RIGHTS AND RESPONSIBILITIES**  
Consumers have a number of rights, but these also entail responsibilities. This was the theme of the program as the Consumer Education Task Force of the South Plains Development program initiated the first of a three-part effort to inform the consumer. The meeting was held at Texas Tech University Center Thursday, Oct. 14.

Mrs. Leona Alliman, consumer specialist for the Food and Drug Administration, was featured as speaker for the morning session. Mrs. Alliman said, "We are living in a time of consumer action." She discussed the rights of every consumer: The right to safety, the right to choose, the right to be informed, the right to be heard and the right to regress. In addition she pointed out what responsibilities the consumer has in exercising these rights. She cited examples of research done by the FDA in insuring consumer rights.

After lunch and a style show by Hemphill-Wells of Lubbock, the topic for discussion concerned consumer codes and legislation of interest to the consumer. Robert Giddings and Ronald Luna from the office of the Attorney General of Texas discussed the Texas Deceptive Trade Practices Act of 1967. Case studies provided examples of what is being done to enforce the act.

Sen. H. J. "Doc" Blanchard joined the other speakers and Mrs. Bonnie Fowler, home management

**Club program is on environment**

Mrs. Russell Wilks Jr. and Mrs. Daymon Ethridge presented a program entitled "The Creative Woman Protects Her Environment" at a recent meeting of the Amity Study Club in the home of Mrs. Charles Adams, with Mrs. Bob Collier as co-hostess.

During the business meeting, presided over by Mrs. Henry Wheatley, Mrs. Tom Price asked the support of all members in educating the public to the needs of the mentally retarded.

Those attending were Mmes. Bill Pool, Anne Leake, Tom Middleton, Collier, J. R. Bell, Ronald Babb, Wayne Carpenter, Price, Lee Davis Jr., Wilks, Wheatley, Ethridge, Thurman Francis, Adams, Bill Carlisle, and Miss Thelma Clark.

It is only 18 miles across the English Channel from Dover, England to Calais, France.

**Two accept pledges at chapter coffee**

Nell Morris and Jan Cornwell accepted their pledges into the Gamma Mu chapter of Epsilon Sigma Alpha at a pledge coffee Monday.

Louise Green, hostess, served coffee and cake to Genay Bertran, Anita Blanton, Judy Bush, Helen Mason, Thelma Mason, Jane Mason, Loveta Norman, Carolyn Norman, Johnnie Norman, and the pledges.

**Birthday party held for Matt Pennell, 1**

Matt Pennell was honored on his first birthday with a party Saturday given by his parents, Mr. and Mrs. Don Pennell.

Cupcakes and ice cream were served to Sharla and Mike Macy, Amy Thuett, Myrna Jolly, Kim Pennell and Molly Prather.

Others attending were Mrs. Jerry Thuett, Mrs. Jim Prather, Mrs. Jerry Jolly, and Mr. and Mrs. Jerry Pennell of Lubbock.

**TFWC to present Diamond Jubilee**

In conjunction with President Nixon's environmental protection agency and the EPA regional office, Region 6, Dallas, the Texas Federation of Women's Clubs will present its Diamond Jubilee Environmental Conference Nov. 14-16 in Dallas.

Representatives of business, manufacturing, civic organizations, schools, and all levels of government will be called upon to examine the current status of our environment and to make recommendations for improvement and acceleration of control efforts throughout the state.

A few of the special speakers and guests will be Gov. Preston Smith; Wes Wise, mayor of Dallas; Dr. Alvin F. Meyer of Washington, director of noise abatement; Sen. John G. Tower; Judge Sarah T. Hughes; Miss Phyllis George, Miss America of 1971; and others.

# Post Antelopes Vs. Tahoka's Bulldogs

**Friday Night, Oct. 22  
7:30 P. M. Kickoff  
In Tahoka**

This is the other of Post's two area grid rivalries and it should be a humdinger. Tahoka's Bulldogs with one of their best teams in years shut out Denver City two weeks ago 10-0 in what has to be their best game in several autumns. But surprisingly enough, their district record is no better than the Antelopes' 1-2 slate. They have dropped games to Frenship by two points and Idalou by seven, after scoring three opening non-league wins against Olton, Stanton and Crosbyton. By the record, their defense is tougher than their offense, which is also what you could say for the 'Lopes.

### OTHER TEAMS' SCHEDULES

Thursday, Oct. 21: Post freshmen vs. Tahoka freshmen, at Post; 5:30 p. m.  
Tuesday, Oct. 26: Post 7th grade vs. Idalou 7th grade, at Post; 5:30 p. m. Post 8th grade vs. Idalou 8th grade, at Post; 7 p. m.  
Thursday, Oct. 28: Post freshmen vs. Idalou freshmen, at Idalou; 5:30 p. m.

### Chamber to sponsor crime prevention clinic

The Post Chamber of Commerce is sponsoring a Crime Prevention Clinic for local merchants Thursday night, Nov. 11.

Directors of the Chamber approved plans for the clinic at their October meeting Monday night in the Chamber office.

Jack B. Haire of Lubbock, Small Business Administration official, will bring films on hot checks and shop lifting here for the clinic to be held in the bank community room.

Local authorities will be invited to lead discussions on both subjects.

Chamber directors agreed at the request of Mayor Giles C. McCrory to name a committee to study the updating of Post's fire zone ordinance.

Bryan J. Williams was named chairman of the study committee by Slater with other members being Harold Lucas, Charles Cooper, Robert Cox, Neal Clary and Mrs. Maxine Marks.

Asked to nominate a member of the Chamber to the Garza County Community Action board, directors selected Walter Didway, personnel manager of the Post Plant.

Chamber secretary Wynonne Kennedy reported the Dallas zone manager of the Ford Motor Co. has written the Chamber seeking a qualified person to open a new Ford auto agency in Post.

President Vic Slater named a nominating committee composed of Jim Cornish, James Mitchell, Mrs. Ruby Kirkpatrick, Bill McBride and himself to select a slate of candidates for the Chamber membership for 1972 directors of the Chamber and for candidates for the 1972 presidency of the organization.

They are to make their report to the board at its November meeting. Voting is by ballot prior to the annual Chamber banquet next February.

Slater welcomed Merary to the board as a new director filling a vacancy left on the board.

With everything going so well, the firm has changed its plan to develop other units and now to save time is expanding the City of Post unit to include remaining wells in the entire additional area in which Highland Resources has a major interest.

Pointing to the success of the flood to date, Haddox said the first 640 acres south of Post waterflooded through cooperative agreement with other oil companies included 15 wells, which at the time the flood was begun in 1968 were down to a total of 2,800 barrels monthly production.

Today, Haddox estimated water is floating out about 10,000 barrels a month.

He said the City of Post unit area is down to 8,500 barrels production monthly now as the waterflood actually begins with water injection in the first 10 wells to be converted. Using the pattern developed virtually every other well will in the big field will be used for water injection.

By expanding the City of Post unit, the firm also will save in the construction of additional pumping plants for water.

Haddox told The Dispatch after the luncheon that while the new City of Post unit water plant can handle the expansion area too, a eastern edge of Post to make it side of Highway US-84 and the smaller pumping plant probably will be built somewhere on the easier to reach lines on the east Santa Fe tracks.

The expansion plan also will lead to "a bit of beautification" for the Haddox said.

The Houston official explained his company now has 59 tank batteries in the Post area. He said these will be consolidated down to just two tank batteries for the waterflood, thus removing a lot of unsightliness from the local scene.

### Council approves library request

The city council voted at its regular October meeting last Thursday night to approve the request of Post Public Library trustees for necessary changes to permit the local library to qualify for federal library aid for the current and future years.

Jim Cornish, library board chairman, presented and explained the request to meet federal requirements. Other library board members, who were attending a special board meeting to plan the federal fund request, sat in on the presentation. They included trustees Ruth Young, Paity Kirkpatrick and Pee Wee Pierce, and volunteer librarian George L. Miller.

The council also voted to release for demolition and removal the old filling station building at the corner of Broadway and 8th streets and a vacant house, both of which had been condemned as fire hazards. They also condemned four junk cars which had been designated as health hazards by the city health officer.

The council postponed action on appointment of a five-member Public Housing Authority board until a later meeting.

### Guilty plea in shooting entered

Alvin Watson pleaded guilty in district court here Tuesday to a charge of assault with intent to murder with malice in the Feb. 1, 1969, shooting here of Paul Soto.

He was sentenced by special judge Truett Smith to not less than two nor more than eight years in the state penitentiary, the sentence to run concurrently with the ten years in prison given Watson by a district court jury here in the assault case.

Raymond Jefferson pleaded guilty to robbery by assault, for the same crime in which Watson drew his 10-year prison term last week, and received a five-year probated sentence.

### Waterflood—

(Continued From Front Page) using only about half this much water, or 15,000 barrels daily.)

In announcing expansion of the City of Post waterflood unit, Haddox said operators in areas west and north of Post already have approved the unit's expansion.

"Mechanically, this means that everybody will have a smaller interest in a much larger unit," he explained.

New pay zones in the Garza field which have been developed in recent years are not affected by the waterflood, Haddox said.

"If we can get anywhere near the tremendous response to our unitization expansion proposal we got from you Post people we'll be very pleased," Haddox said.

He said even the Texas Railroad Commission was amazed at the results when the hearing was held in Austin to consider the City of Post unit, Haddox said.

He said 1,550 people had been contacted prior to the hearing, including many living in states clear to California, and that 97 1/2 percent of all royalty owners in the city had contracted to participate in the waterflood.

The Houston official reviewed the history of the Garza Field flood, pointing out it was begun in 1967 by another firm with the Brown interests starting a waterflood on 640 acres south of Post in 1968. Then the first unitization was the Post-Montgomery unit, followed by the City of Post unit.

The Rev. Bob Ford, chairman of the fund's budget committee which met a week earlier to consider all agency requests for next year, presented the committee's recommendations to the board headed by Mrs. Paity Kirkpatrick.

Jim Cornish, who will be the drive chairman again this year, asked that the drive date be set for Monday, Nov. 1, pointing out that at least that much time will be required for organizing and planning the all-in-one financial campaign.

Due to a later organization start than a year ago, the drive will come about two weeks later than last year.

Cornish said the big advance gifts division, which he also will operate again, will kick off about a week ahead of the main drive.

### Christmas Seal drive date set

Nov. 10 has been set as the kickoff date of the 1971 Christmas Seal campaign in Garza and the 22 other counties of the West Texas area of the Texas Tuberculosis and Respiratory Disease Association.

Jack Lemmon, the renowned actor, comedian, and humanitarian, has been named the national chairman of the 1971 Christmas Seal campaign.

Incidental expenses were through the courtesy of Lyntegar Electric Cooperative, Inc.

# 'Lopes will try to spoil Tahoka homecoming Friday

Both teams are 1-2 in 4AA competition

The Post Antelopes, held scoreless in their last two outings while holding 61 points to the opposition, will be trying to "put some thing together" Friday night when they go against the Tahoka Bulldogs at Tahoka in a District 4AA game.

Tahoka has the same district mark as Post, 1-2, having won the "big one" against Denver City in 1969, but losing to Frenship, 4-12, and to Idalou, 17-7. In non-district competition, the Bulldogs have won from Slaton, Crosbyton and Olton.

## Denver City bus trip scheduled

Football fans wanting to save wear and tear on themselves and their automobiles can ride a chartered bus to Denver City on Friday, Nov. 3, for \$4.75 — round trip, of course.

The Denver City game will be the last for the Post Antelopes this season and the longest road trip of them all.

Fans wanting tickets for a seat in the 39-seat chartered bus can reserve one by telephoning one of these Antelope boosters not later than Monday, Nov. 1: Ronald Simpson, 2035; Katherine Johnson, 2665; Mally Conoly, 2332.

## SECTION TWO Sports The Post Dispatch

# Post, six other 4AA teams moved to 5AA

The Interscholastic League's newest realignment, to take effect next fall, changes the designation Post's district from 4AA to 5AA, takes away Idalou and Ralls and adds Lubbock Cooper.

The switcheroo makes the Antelopes' new district a seven-team instead of an eight-team conference, and will send next fall's district winner into a bi-district playoff against the 5AA representative instead of the 3AA titlist, as is the case this year and has been for the last several years.

Lubbock Cooper, the newcomer to the district, is up from Class A. Ralls and Idalou will remain in District 4AA, which will also have Abernathy, Floydada, Lockney and Tulla, the latter down from Class AAA.

With Post in District 5AA besides Lubbock Cooper will be "old friends" Tahoka, Slaton, Frenship, Denver City and Roosevelt.

Teams in District 6AA, which will send its loop champion against the 5AA champ in 1972, are Anson, Hamlin, Haskell, Merkel and Stamford.

Coach Bobby Davis said today that the only change in Post's schedule will be the dropping of non-district foe Hale Center and the scheduling of new district opponent Lubbock Cooper.

The coach said other non-district games on the 1972 schedule will be Lockney and Ralls away from Post and Floydada and Idalou at home, in that order.

A district meeting was held last night at Tahoka to draw up the District 5AA schedule for the 1972 season.

Lubbock Cooper, the newcomer to the district, has been one of District 5A's strongest teams the last few years and is favored to win this season's championship. Their non-conference victories to date include a 14-7 win over Roosevelt, the current leader in District 4AA.

Coach Bobby Davis said today that the only change in Post's schedule will be the dropping of non-district foe Hale Center and the scheduling of new district opponent Lubbock Cooper.

TIGERS WIN, 28 TO 0

# Slaton rips Post in Homecoming battle

The Slaton Tigers, with 150-pound junior quarterback Steve Nieman showing the way, wrecked the Post Antelopes' hopes for a homecoming victory Friday night with a 28-0 decision before a large crowd at Antelope Stadium.

The Tigers spread their touchdowns out — one in each quarter — with Nieman passing for two and running over the other two.

The final score doesn't tell the whole story, since Coach Bobby Davis' Antelopes battled the Tigers valiantly and gave up each touchdown grudgingly. It was just another of those nights when nothing seemed to go right for the sophomore-laden Post team.

There were flashes of brilliance for the Post team, including a few outstanding individual performances, but once again they were unable to put it all together.

Two other sophomores — tackle Jay Pollard and end Ricky Shepherd — played good games defensively, along with junior Danny Lee at a defensive halfback position.

The Tigers scored their first touchdown on an 11-play, 71-yard drive after receiving the opening kickoff, with Nieman passing 20 yards to Clyde Kitten and Randy Davis kicking the extra point.

The Slaton drive was helped along by a 15-yard penalty against Post for hitting late. After getting to the 12-yard line, the Tigers were momentarily halted when Kim Owen dumped Nieman for a yard loss, and defensive end Rusty Conner trapped Ron Bartley for a seven-yard setback to the 20. It was from that point that Nieman hit Kitten with the TD pass.

The 'Lopes came right back with a 52-yard drive to the Slaton 25 that used up the remainder of the first quarter, but the Tigers recovered a Post fumble on their 25 on the first play of the second quarter to chill

The Post drive was kept moving by a 12-yard pass from Tyler to Randy Kennedy and two offside penalties against the Tigers. The rest of the yardage came the hard way on short gainers by Mindieta, Tyler, Kyle Josey and David Woods.

The fumble recovery was turned into a Slaton touchdown 12 plays later with Nieman and Davis collaborating on a 43-yard pass play, after a pass interference ruling had kept the drive going for the Tigers. Davis' extra point kick sailed wide to leave the score at 13-0.

Following the kickoff after the second TD, Post went from its 19 to the Slaton 44, with a 29-yard pass from Tyler to Josey by the big gainer. A fourth down gamble failed on the Slaton 44 to give the ball back to the Tigers.

The visitors roared down to the eight-yard line, where Owen pounced on Nieman's fumble, with 1:47 of the first half showing on the clock.

The 'Lopes were forced to punt, giving Slaton the ball on the 50. Nieman passed to Bartley for 15 yards, but Pollard nailed the Tiger quarterback for an eight-yard loss, and Mindieta added insult to injury by intercepting Nieman's pass at the line and racing it back to the Slaton 44.

With time fast running out, Slaton drew a 15-yard penalty to their 27, then were penalized half the distance to the goal line — to the attempt.

13 — for another infraction, Tyler's pass to Josey was incomplete, and the Post quarterback was nailed for a 12-yard loss to the 25 on his next

With only nine seconds showing on the clock, Johnny Minor went back for an apparent field goal attempt, with John Johnson holding, but the snapback got away and bounded all the way to the midfield stripe on the final play of the first half.

The teams saw-sawed back and forth between the 30-yard lines in the third quarter until with 4:30 of the period remaining, the Tigers held for downs on their 48, when Post lost a gamble for two yards on fourth down.

Slaton pushed down to the Post 38, then on to the 23 on a 15-yard penalty against Post. Bartley swept end for 20 yards to the three, and Nieman sneaked across from the one on his second attempt. Davis kicked the extra point to make it 20-0.

Late in the third quarter, Post held for downs on its 38 after Kenny McKamie stopped Nieman for a five-yard loss.

Tyler passed to Price for 21-yard to the Slaton 41, but four plays later the Tigers had pushed the 'Lopes back to their 43 to take over on downs.

Two short gains carried to the 38 from where Nieman kept a zig-zagged for the TD behind good blocking. Nieman passed to Tom Roche for the extra point to give the scoreboard a rest for the night at 28 to 0.

Neither team made a serious threat the rest of the way, but the hard-hitting action proved costly to the Antelopes when senior end Larry Hair was carried from the field on a stretcher and admitted to the hospital with a head injury.

## Fearless Fosdick says Post to win

Five right and five wrong for an unimpressive 500 percentage was The Dispatch crystal gazer's football forecast record for last week.

Fosdick missed the Olton-Abernathy tie, along with the Texas Tech-Boston college, Post-Slaton, Denver City-Roosevelt and Dimmitt-Morton games. As a native Arkansawyer, he counts the week a success, however, with his 'okay' pick of the Razorbacks over Texas.

Here are his selections for this week, his choices capitalized:  
POST at Tahoka. 'Lopes had their Homecoming spoiled, so why not spoil Tahoka's?  
DENVER CITY at Ralls. It could not be three straight setbacks for Mustangs — or could it?  
IDALOU at SLATON. More on a hunch than anything else.  
Frenship at ROOSEVELT. Eagles keep rolling (did you ever see an Eagle roll?).

**ABERNATHY** at Friona. These particular Antelopes picking up speed.  
**LITTLEFIELD** at Dimmitt. Wildcats to outclaw Bobcats.  
Floydada at OLTON. The week's upset.  
Morton at LOCKNEY. Home field to make the difference.  
Texas Tech at SMU. He had to capitalize SMU anyway, so why not?  
Rice at TEXAS. Longhorns down, but not out.

**ATTEND FUNERAL**

**Election held by Jr. Leaders 4-H**

The 1971-72 officers were elected Tuesday night by the Junior Leaders 4-H Club at their first meeting of the new club year. John Johnson, outgoing chairman, presided.

Officers elected were Junior Stelzer, chairman; Nancy Cook, vice chairman; Tony Conner, secretary-treasurer; Jan Bilbo, reporter, and Rusty Conner and Jan Bilbo, county council representatives.

It was decided that the officers would plan the programs for the year. Suggestions were taken from members as to meeting time and place, and program topics. A time was set for the program committee to meet.

Tuesday night's meeting was also attended by County Agent Syd Conner and Mrs. Janis Choate, home demonstration agent.

# Group attends family reunion at Columbus

By TOMMIE WILKE

Dear Friends, it is a beautiful day here in Southland (Monday). Calm after the storm, so to speak, because we had some rain last night along with wind, thunder and lightning! We have had some beautiful fall days this past week and let's hope that we have many more. The cotton still isn't opening up very fast and the only one that I know of that is pulling any cotton

around Southland is Stonewall Jefferson. I would like to share with you a part of a letter that I received from a lady that I have never met, but one that reads our Southland news. "My Dear Mrs. Wilke, Ray and I are concerned about you. We haven't seen your column in the paper for several weeks now. Not only do we miss it, but we miss you. We depend on the Graham Chapel column and yours to keep us in touch with all of our old friends. We do try to get back that way at least once a year but even

so, we can't get around to seeing all of them. We plan to be in your vicinity in November and so I hope to meet you then. Let's have the news again. Sincerely, Maxine and Ray Farrar, Ontario California." I think this was a very nice thing for Mrs. Farrar to do, and I appreciated the letter so very much. As I have said so many times, it is the ones that live away that really appreciate the hometown news, so let's all try a little harder to give them something to read, call this "little 'ole reporter" and give her your news.

The Stolle reunion was held in Columbus, Texas, at the American Legion Hall recently with 122 members present. A barbecue dinner was served at noon by the Mikeska Catering Service. New officers were elected for 1972 and they are: Roy Stolle of Shallowater, president; Edmund Stolle of our community, vice president; and Mrs. Jerry Melcher, also of our community, secretary-treasurer. The oldest member present was Mrs. Annie Stolle Bruedegam, former resident of this community and now of Slaton, who is 85 years young. Traveling the longest dis-

tance were Mr. and Mrs. Leo Stolle and Roy Stolle of Shallowater, both former residents of this community. Towns represented at the reunion were Rosanky, Moore, Post, Shallowater, Slaton, El Campo, La Grange, Cleburne, Houston, Lubbock, Wharton, McAllen, Fayetteville and Bryan. The 1972 reunion will be held in Slaton. Recent guests in the G. D. Ellis home were Mrs. Ona Marie Betenough of Andrews, Mrs. Leonard Fox of Idalou, Mrs. Bob Bowren of Lubbock, Mr. and Mrs. Ralph Motheral of Olustee, Okla., H. H. Vernon of Houston and Mr. and Mrs.

Ben Vernon of Lubbock. Mrs. Ellis, Mrs. Motheral, H. H. Vernon and Ben Vernon are brothers and sisters. Mr. and Mrs. Glen Kiesel and girls recently returned from a trip to Irving where they visited with Mrs. Kiesel's parents, Mr. and Mrs. Dub Williams. They also attended the State Fair. Mrs. Docia Copeland of Mesquite recently visited here with some of her friends. As some of you will remember, Mrs. Copeland was the mother of Mrs. Jean Hargrove, who lived here for many years and who died several years ago. Her grandson, Joe Neil, was through here a

couple of weeks ago and he was on his way to visit her. She rode back with him. Mr. and Mrs. H. C. Dunn traveled to Dallas last week for a visit they visited the State Fair, which held a special attraction for them, E. L., who works for Brodsky, Fogel & Adler architects and engineers. Pavilion which shows just how the new International Airport will look and function when it is completed. E. L. was chosen by the Air Ways City Board. It was quite an honor and quite an accomplishment. (See Southland news, Page 12)
