POLLY O'NEAL TO MAKE FILM IN HOLLYWOOD

Post Girl To Make Polio Movie Short

A six-year-old Post girl, who was stricken with polio when she was three years old, has been chosen to make a movie short in Hollywood for use in connection with the annual motion picture theater fund drive for the Texas Foundation for Crippled Children.

Polly O'Neal, pretty blonde daughter of Mr. and Mrs. Oscar O'Neal, will make a movie short with Greer Garson, according to information received Monday by Mrs. O'Neal from the Gonzales Warm Springs Foundation.

Polly's mother received a telegram Monday morning asking her to call the office manager of the Foundation at Gonzales. In the telephone conversation, the Post woman learned that her daughter had been singled out for the movie from a group of young polio patients who were at Gonzales this summer. She was told that a representative of the Foundation would be here within the next few days to make arrangements for Polly's trip to Hollywood.

Polly, who is a second grade pupil in the Post Grade School, was at Gonzales two months this summer after undergoing surgery at Temple. The surgery succeeded in straightening her back, which had been left crooked by a simultaneous attack of bulbar and lumbar polio.

"Naturally, we are thrilled over Polly being chosen for this honor," Mrs. O'Neal said Tuesday. "It's something you read and hear about happening to other people, but which you never dream of happening to you."

Garza County Fair Opens Here Friday Morning

Community Chest Plans Being Made By C. Of C.

In a meeting Tuesday afternoon, directors of the Post Chamber of Commerce discussed plans for a Community Chest organization, voted to underwrite the Garza County Fair in the amount of \$100, and agreed to sponsor the State Health Department's mass chest x-ray survey here this fall.

The Community Chest, which members went on record as approving at the annual membership banquet last February, is to be set-up for operation in 1955. Powell Shytles is chairman.

Purpose of the Community Chest would be to coordinate fund-raising drives now being held separately each year, Mrs. Ira Greenfield, secretary of the Chamber of Commerce, said a study has been made by the Chamber of operation of Community Chests in other towns and cities.

The \$100 being contributed to the county fair is the same amount given the project last year by the organization.

In agreeing to sponsor the mass chest x-ray survey, the Chamber of Commerce is repeating its performance of last year, when it assumed sponsorship of the first such survey ever held in the county. E. R. (Buster) Moreland, one of the directors, will serve again this year as general chairman for the survey, the C. of C. secretary reported.

Enrollment In City's Schools 824 Tuesday

Second-week enrollment in the Post schools Tuesday was running slightly lower than at the same time last year, according to figures released by officials.

Tuesday's total in the high school, grade school and Negro school was 824, six less than the 830 enrolled on the same date last year.

Grade school enrollment was 573 Tuesday, a few more than were enrolled during the second week of the 1953-54 term. High school enrollment was 321, a few less than last year, and the 30 pupils enrolled in the Negro school was reported "about the same."

No breakdown on enrollment by grades was immediately available at the high school Tuesday. See ENROLLMENT, Page 8

Livestock Judging Begins After Noon On Saturday

From the standpoint of quantity and quality of exhibits, the 1954 Garza County Fair opening Friday morning and continuing through Saturday is expected to be the most successful of any held here in recent years.

Members of the Post Lions Club, sponsoring organization, devoted their regular meeting time Tuesday evening to getting the fairgrounds in shape and were joined by a number of other workers. Tents for concessions and exhibits have been erected and other construction work completed.

The Lone Star Amusement Co. carnival has been set up and operating on the midway since Monday night and is expected to attract overflow crowds on the two fair nights—Friday and Saturday.

Judging in all departments except livestock will be completed Friday. Judging of exhibits in the women's and girls' sewing divisions will begin at 9 o'clock Friday, and judging in the culinary division is scheduled to get under way an hour later.

Poultry judging will begin Friday morning, and judging of agricultural products—all divisions—late that afternoon. Livestock judging will begin shortly after 1 p. m. Saturday.

Charles A. Taylor, Dickens County agricultural agent, will judge the livestock. Judging of the agricultural products, poultry and rabbits will be by George (Scotty) Samson of Post.

Mrs. Kie N. Collins and Mrs. Eleanor Woodson will judge women's and girls' culinary products, and judging of clothing and sewing will be by Ruby Butts of Snyder, Scurry County home demonstration agent, and Edith Hughes of Gall, Borden County home demonstration agent.

Ribbons will be awarded winners in all classes of the various See COUNTY FAIR, Page 8

Stage Band Is Featured On Club Program

Post High School's stage band, the "Modernaires," directed by W. B. (Bill) Parks, presented the program Tuesday at the regular weekly luncheon of the Post Rotary Club.

The stage band, organized early this summer, has been heard in a number of public appearances recently and is to play at 9 o'clock Saturday night at the Garza County Fair.

Members of the band are: Tommy Mayfield, Mozelle Edwards, Boyd Dodson, Lexa Acker and Janie Gossett, saxophones; Gene Young, Walter Didway, Jimmy Short and Jimmy Bowen, brass section; Kenneth Mills and V. A. Dodson, rhythm section, and Frances Dietrich, pianist.

Marvin Hudman was program chairman at the luncheon. Visiting Rotarians were H. R. King of Slaton and Frank Walters of Dallas. John P. McBride of Canyon was a guest of Dick Woods; E. H. Boulter of Lubbock, a guest of Dean A. Robinson, and Charles H. Annett of Amarillo, a guest of Ted R. Hibbs.

Swim Pool Nets Around \$1,500

Post's municipal swimming pool, which was opened last June, closed its first season Monday.

City officials report that the pool netted a little more than \$1,500, which was about as expected for the first season. The profits will be put back into pool improvements for next season.

During June and July and the first week of August, receipts were good at the pool, but dropped during the last three weeks of August and the first week of September.

The pool had the best possible sanitation record during its first year of operation, City Supt. R. H. Tate reports. He said two samples of the water were sent to the State Health Department laboratory each week and that not a single sample tested impure.

Road Needs Are Talked By Group

Garza County's needs in the way of farm-to-market roads under the 1955-56 federal aid program for secondary roads were discussed in Lubbock Tuesday at a meeting of the county's commissioners with S. C. McCarty, district engineer for the State Highway Department.

No definite road project for the county was decided on at the meeting, although several possible ones were discussed.

Approximately five miles of road construction is to be awarded Garza County under the program.

The commissioners meeting with the highway engineer were R. F. Evans, Precinct 1; Elva Peel, Precinct 2; Ozell Williams, Precinct 3, and Sid Cross, Precinct 4.

First 'Plains' Bale Is Ginned Friday

Garza County's first 1954 bale of "plains" cotton was ginned Friday afternoon at the Basinger-Hambright Gin in Southland.

E. F. Parker, grower of the first bale, received a \$50 premium from the Post Chamber of Commerce in addition to a \$40 premium subscribed by Southland business firms.

The premium received by Parker was the second paid for a first bale by the Post Chamber of Commerce. The first was paid Aug. 25 to Bill Powers, grower of the county's first 1954 bale of "brakes" cotton.

Ginned free by the Southland gin, Parker's bale weighed 475 pounds, and the seed amounted to 950 pounds. The cotton graded seventh-eighths middling, according to L. D. Hambright, Southland ginner. Parker grew the dryland cotton on his farm, one mile east of Southland.

Up to Monday afternoon, Parker's bale was the only one ginned thus far this season by the Southland gin, which last season turned out 1,555 bales.

Hub City Group Visits In Post

A caravan of Lubbock businessmen, boosting the Panhandle-South Plains Fair, made a brief stop in Post Tuesday afternoon on an 11-hour tour of the area.

Directors and other members of the Post Chamber of Commerce gathered at the buses' stopping point to welcome the group of 60 Lubbockites to Post.

The visitors passed out pencils, balloons, copies of the Fair News, novelties and free tickets to the fair at Lubbock, which begins Sept. 27 and continues through Oct. 2.

The entourage included two chartered buses, two smaller buses with public address systems, a station wagon and a private auto.

Chest X-Ray Unit To Visit County

Plans for a State Health Department mass chest x-ray survey in Garza County will be outlined at 1:30 p. m. Wednesday, Sept. 22, at a meeting in the City Hall, Dr. D. C. Williams, county health officer, announced this week.

Philip W. Gauss, Jr., field representative for the Tuberculosis Division of the State Health Department, will attend the meeting to assist in plans for the mass chest x-ray survey, which has been requested by the County Medical Society.

The survey will be the second conducted in Garza County. At the first one, Aug. 8, 1953, 906 chest x-rays were made. The mobile x-ray unit was in the Double U Company building from 8:30 a. m. until 5 p. m.

The survey was sponsored by the Post Chamber of Commerce, with E. R. (Buster) Moreland as general chairman.

MOD Fund At \$653; Report Incomplete

With complete reports not yet in from the Postex Mill and Southland community, contributions to Garza County's Emergency March of Dimes totaled \$653 up to Wednesday noon, according to Bob Poole, drive chairman.

Contributions from the two places not yet in with complete reports may boost the total up near the \$1,000 mark, the chairman said.

The MOD coin containers yielded a total of \$125, Poole reported.

Work Under Way On New Tower Screen

Waller & Allen, Lamesa contractors, began work Monday on installation of a new 34-foot screen at the Tower Theatre. The new screen, which will replace the present 24-foot one, will enable the theatre to show Cinemascope productions and other films made for wide screens.

During the two weeks' time required to install the new screen, matinees will be shown only on Tuesdays, Saturdays and Sundays, according to John N. Hopkins, theatre manager. Upon completion of the work, the theatre will resume its regular schedule of matinees every day.

Concert Tickets Are Being Sold

Sale of season tickets for the Garza Town Hall Concert Association's 1954-55 season got under way Wednesday afternoon following a meeting of officers and other members Wednesday morning.

First report on the progress of the membership campaign is to be made Monday night at a meeting of officers with M. C. Turner, Jr., of Dallas, representing the Southern Town Hall and Concert Association. The concert program for the season probably will be mapped at that time, Clint Herring, president, said.

Bill DeWalt, newly elected membership chairman, is directing the season ticket sale.

Graham's Condition Is Still Critical

County Judge Oscar Graham, who is critically ill with a heart condition in Methodist Hospital at Lubbock, was reported to have had a restful night Tuesday, although his general condition was said to be unchanged.

Judge Graham was taken to the hospital Wednesday morning of last week after suffering a heart attack in his office at the courthouse.

Tickets Are Available For Honor Barbecue

Ticket purchases for the Oct. 7 barbecue honoring George (Scotty) Samson are expected to be completed shortly after Oct. 1 in order that the catering service may know a few days in advance how many it will be called upon to feed.

Tickets were distributed this week to block captains in Post and are to be furnished rural area chairmen within the next few days.

Wednesday, Sept. 22, has been set as the date for a first report from the ticket salesmen.

Technician Assumes Duties At Hospital

Jimmy Eiland of Galveston this week assumed his new duties as x-ray and laboratory technician at Garza Memorial Hospital.

Eiland, who is single, trained in the office of his brother, Dr. E. C. Eiland, at Munday for three years and attended the University of Texas. He has been employed in a hospital at McAllen; by the State Health Department; with the blood bank department of John Sealy Hospital at Galveston, and by St. Mary's Infirmary in Galveston.

Since Aug. 31, the hospital here had been without a full-time technician, following the resignation of Jack Rex, administrator-technician.

\$13,360 Interest Saved By Board

Action by the board of the Post Independent School District Monday night in voting to use an accumulated surplus from its interest and sinking fund to pay \$40,000 on a \$57,000 bond debt will save the school district \$13,360 in interest between now and 1966.

Supt. D. C. Arthur said the \$40,000 is being paid on \$57,000 being held in bonds by the State Permanent School Fund as the outstanding indebtedness on an \$83,000 bond issue voted here in 1938. The final payment on the bond issue is due in 1966.

The only other business at Monday night's regular meeting of the board was of a routine nature, the superintendent said.

District Court Term Opens Here Monday

A new grand jury will be convened Monday following opening of the September term of 1954th Judicial District Court before Judge Louis B. Reed.

A few civil cases are set for hearing during the court session, and 38 petit jurors have been summoned.

AUTO SUPPLY is proud to have the world's most pick-up Dodge "Job-trucks." The new Dodge has 145 h. p. power-domes, thus giving them more than any competitor's 1/2 and 1-ton trucks. MAIN STREET, Page 8

A pep rally for the purpose of generating enthusiasm for the Post-O'Donnell game will be held at 7:30 o'clock tonight at the gymnasium. The senior band will play.

GOLD STAR GIRL AT WORK

Miss Oneita Jones, 15, Garza County's 4-H Gold Star Girl for 1954, is shown here at work on a few of her club projects. At the left, she is trimming a hedge, which, along with flowers and a fence, make up her landscaping project at the home of her parents, Mr. and Mrs. Barney Jones, who live five miles north of Post. In the next picture, she is shown at work in the kitchen, where she has gained skills which have enabled her to win high honors in dairy foods de-

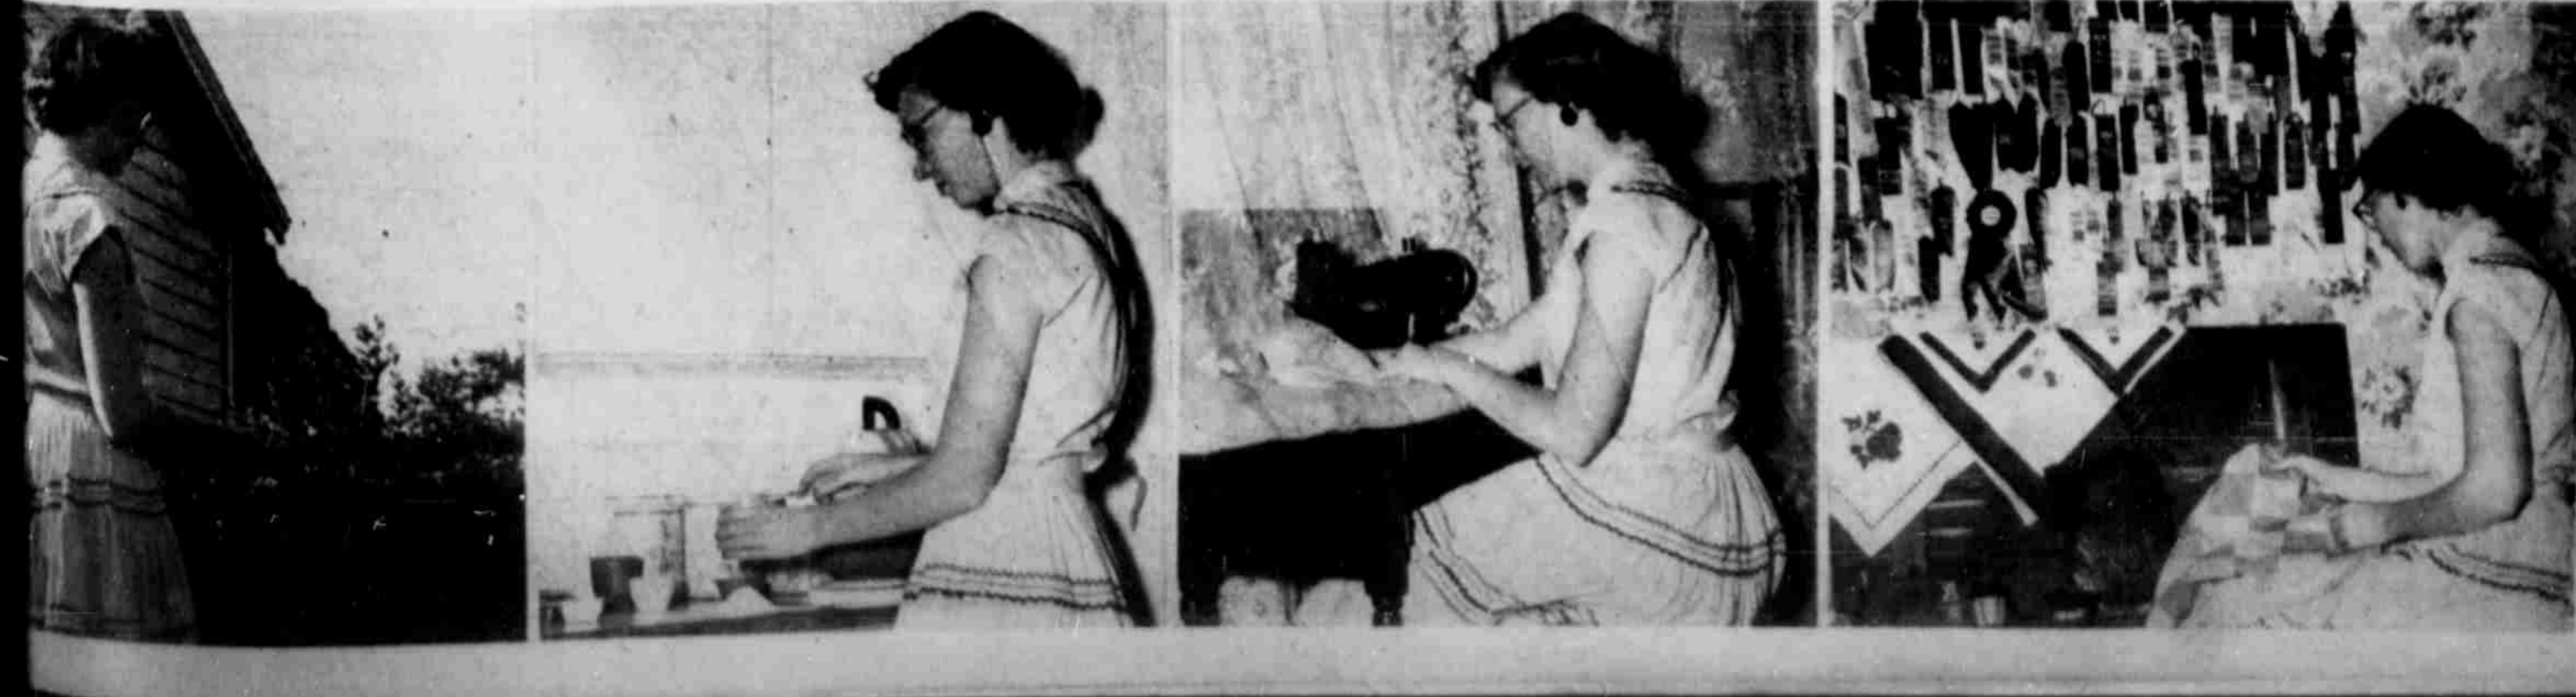

ADOPT BUDGET

Garza County's 1955 budget was adopted by the commissioners' court Monday following a public hearing at which no one appeared. The budget estimates expenditures for the coming year at \$367,844.94. The 1955 tax rate has been set at 95 cents, the same as last year.

Thursday to Thursday

By CHARLES DIDWAY

THERE'LL BE "BIG DOINGS" Friday and Saturday at the annual Garza County Fair, sponsored again this year by the energetic members of the Post Lions Club.

THE LIONS, WHO REALLY have something to roar about in this year's fair, have been hard at work the past few weeks getting everything in shape for the two-day event. Their efforts in sponsoring such a worthwhile project for the entire county certainly merits the interest and attendance of the rest of us.

THROUGHOUT BOTH DAYS of the fair, there'll be all sorts of exhibits to view, and at night there'll be a carnival on the midway, and other attractions, including music Saturday night by Director Bill Parks' 14-piece stage band, which is fast winning a name for itself as an entertainment group.

WANT AD: "Farmer, age 38, wishes to meet woman around 30 who owns a tractor. Please enclose picture of tractor."—The Texas Outlook.

THIS EPIGRAM ON WOMEN recently appeared in an exchange:

WOMEN!
O, the shrewdness of their shrewdness, when they're shrewd,
And the rudeness of their rudeness when they're rude;
But the shrewdness of their shrewdness and the rudeness of their rudeness
Are as nothing to their goodness when they're good,
O, the gladness of their gladness when they're glad,
And the sadness of their sadness when they're sad;
But the gladness of their gladness and the sadness of their sadness
Are as nothing to their badness when they're bad!

POST RESIDENTS WHO haven't lived here more than two years are hearing for the first time the hum of a cotton gin within the city limits—and it sounds good! The Planter's Gin, which did not operate last year, now is ginning right along, under the management of Buck Craft, Jr.

OTHER GARZA COUNTY gins are also reported to be in operation and even while they're turning out the few early-season bales, predictions are cropping up on the size of this year's cotton crop. The highest estimate we've heard is between nine and ten thousand, the lowest, five thousand. Last year's yield didn't quite reach the five thousand mark. What's your guess for the 1954 crop?

EXCEPT FOR POSSIBLE visits to an area fair or two, the Post Stampede Cowboys have concluded another season—one in which they added some more trophies to their hefty collection. At last Thursday's picnic supper, the group decided to pass up invitations to appear in parades at Henrietta and at Albuquerque, N. M. This is a good spot to thank President Phil Boucher and other members of the riding group for inviting us and our family to attend the picnic. The food and fellowship were wonderful.

WERE ALWAYS GLAD to see the week.

LET'S GO TO THE FAIR!

There isn't a much better way you could spend your spare time this weekend than to go down to the fairgrounds, conveniently close, and take in the annual Garza County Fair.

Because of economic conditions, brought on by bad crop years, fairs have become casualties in most counties during the past few years, but are slowly beating their way back. The Garza County Fair is a good example. Last year, there was a great deal of pessimistic talk right up to opening day in regard to the event, but the number and quality of exhibits changed the tune of most of the "doubting Thomases."

Much of the success for the 1953 event is due the Post Lions Club, which took over the sponsorship of the fair and expanded it from a strictly club boys' and girls' event to one with departments for other exhibitors. This year, the fair has been expanded even more, with open, as well as club, divisions in every department.

We can help make this year's fair another big success by our interest and attendance. It'll be well worth our time in helping to assure a continuation of the event through the years ahead.

NOT THE PROPER WAY...

Like 99.44-100th per cent of all other Americans, we love youngsters and it almost breaks our heart to see one in serious trouble. For that reason, we are adding our plea to that of law enforcement officers and other officials in asking that those responsible for the current outbreaks of vandalism divert their excess energy to other channels before it is too late. Excessive speeding, chunking automobiles, houses and other buildings with rocks, watermelon rinds, etc., petty thievery just for the heck of it, and other misdemeanors are not the proper way for anyone, especially youngsters, to spend their idle time.

Wisdom is knowing what to do; skill is knowing how to do it, and virtue is doing it.—David S. Jordan.

Most folks are about as happy as they make up their minds to be.—Abraham Lincoln.

end roll around, for then, with another paper laid by, we have time to visit with folks who drop by the office. A caller Friday was J. B. Elliston, realtor of Hereford, who has been made a "Goodwill Ambassador" by the Chamber of Commerce at Hereford—"the town without a toothache."

ELLISTON, WHO IS WELL acquainted with Post's "Scotty" Samson—having helped him prepare numerous area fair exhibits—said he recently left 50 cases of his Indian relics and fossils at the Texas Christian University museum. He's been collecting them for years and has more than 20,000 pieces. A Hereford resident for 52 years, he currently is serving as a member of the board of the Palo Duro State Park.

POST'S THREE BAPTIST Brotherhoods are to be commended for establishing a Mexican center here in the former Teen-Town building at the corner of Main and Avenue H. Not only will the center be a good thing for the Mexicans, both local and transient, but also for the town.

LET'S GO TO THE FAIR!

Roger W. Babson Writes This Week:

'Bait' Advertising Complaints Are Pouring Into The Nation's Better Business Bureaus

BABSON PARK, Mass.—I wonder how many of my readers have been misled lately by the rash of exaggerated claims and bait advertising on radio, television, and in certain magazines. Yes, and in mail-order advertising also.

Exaggeration Magniloquent!

How glowing should the adjectives be that a company uses to describe its product? When do these superlatives trespass upon the bounds of good taste? How far can the truth be stretched and still resemble credibility? At what point does the customer lose his faith not just in some product, but in businessmen as a whole? All gasoline can't be the best! All tobacco can't be the mildest! All cars can't give the greatest number of miles per gallon. All detergents can't wash the whitest. Or, is something happening to the English language—or to our ethics, maybe?

Take toothpastes, for example. First, it was ammoniated; then it was chlorophyllated; tomorrow, it will be fluoridated! And, at this point the American Dental Association doesn't think it at all funny. The doctors have been carrying on their own research with the claims of various manufacturers. Their findings were keynoted at their 94th Annual Convention when they said that any influence that ammoniated or chlorophyllated cleaners are effective against decay is pure speculation. Certain sales and advertising claims were branded as "ridiculous" and recommendations were made that they be considered by the Pure Food & Drug Administration.

Certain Automobile Salesmen

Complaints about bait advertising are currently flooding Better Business Bureaus across the country. Only a short time ago our Secretary of the Interior made a blistering attack on the ethics of automobile salesmen in a declining market. Boldly dishonest and scare-head advertising has appeared in recent weeks from coast to coast.

Unfortunately, even a few large-city, thoroughly reliable newspapers have been used to promote questionable ethical practices.

For instance, one electrical appliance was recently advertised for sale. Salesmen were instructed to use the "on sale" merely as bait. The sales technique was to upgrade the customer to a more expensive model. If the salesman failed to do this, and was forced to sell the "on sale" model to his customer, he was fined. This fine was placed in a kitty and was given to the salesman who sold the greatest number of the more expensive models. The sales manager who conceives this kind of sales gimmick either has a hole in his head, or ought, maybe, to have one put there! There is nothing that will kill a customer's faith faster in a company or a product than that kind of misrepresentation.

Ethics And Discounts

"Bootlegging" is not always a fair term. What is illegal about an honest laissez-faire policy? Free trade has always been held to be both legal and beneficial, and the law of the land has heretofore protected this free enterprise. It strikes me that the kind of selling that some people are calling "bootlegging" or "discounting" may be more in keeping with American free enterprise than price-fixing and the legislation of profit margins. However, I may be wrong.

These are times to weigh advertising, to question certain salesmen, and to buy cautiously. A buyer's market does not mean the end of good business or of good business ethics. It does mean, apparently, that the boys in business will try the tricks of boys. The true businessmen will survive because they know that a fair deal, courteous service, and honesty today are bound to return in the form of loyal customers and better sales tomorrow.

Ninety per cent of the newspapers know this and are seeking to help such honest businessmen. These newspapers turn down all advertising which they feel will not benefit their readers. Yet, these newspapers like dollars as well as you do. I appeal to you to help support these local papers in every possible way.

That circular ads will never do
And folks won't cuss and frown at you!

THE AMERICAN WAY

How True!

Our Contemporaries Are Saying

Half And Half

Sobbing on the shoulder of night a melancholy violin spoke the things men's lips never speak; the mystery and loneliness of the soul, Danvers moved in mirthless unison beneath swinging lanterns, and hoist heels scraped rough pine flooring like the regular beating of waves on a rocky shore. Tall cowboys dropped coins into the musicians' hats while their eyes spoke appreciation and deft fingers lifted plaintive notes from inspired strings; only the violin cried. It peeled away layers of the heart with a knife of painful beauty and left tender dreams drifting in a sea of futility. Odors of dust and sweat and the smoke of camp fires clung to men's rough clothing, but the night wore its own special fragrance. Against the cheek of circumstance the violin breathed its song—half prayer, half music.—Matador Tribune.

Always Something!

We kinda hate to see water rationing lifted. It provided a pretty good excuse for not watering that old lawn. Seems like every time we get it fixed so that we can sit and watch TV rather than mow that bloomin' lawn, someone has to spoil it for us. Maybe a good freeze or cold snap will stop the thing from growing in a few more weeks.—The Andrews County News.

Who Thought It Up?

I wonder what bright boy (it must have been a man) brought forth the idea of naming Atlantic hurricanes after the fair sex and why. The one which cost 28 lives and a half billion dollars in property loss was named Carol. A new one now forming is tagged "Dolly" or something. In spite of their terrible power, they are mild affairs compared with the tempest that is possible when the ladies decide there is some significance in giving a hurricane a feminine appellation. And I wouldn't want to be the guy who brought up this gimmick.—The Hamilton Herald-News.

To Resume Fair

Lynn County Fair will be resumed this fall, officers and directors of the Fair Association decided at a meeting last week. Exact date of the event has not been set, but the Fair will be held some time preceding the Panhandle-South Plains Fair, which opens this year on Sept. 27.—The Lynn County News.

Mother Goose In Texas

By RAY WOOD

I had a little hen,
The prettiest ever seen;
She washed up the dishes
And kept the house clean.
She went to the mill
To fetch me some flour,
And always got back
In less than an hour.
She baked me my bread
And brewed me my ale,
Then sat by the fire
And told a fine tale.

It has been speculated that the "little hen" in this old country rhyme did not refer to a bird at all, but was a term of endearment for a woman or wife, and these words have been substituted in some editions of the classic Mother Goose Rhymes.

There is no exact parallel to this rhyme in American child lore, but the "Little Hen" has always been one of the favorite subjects for child rhymes in this country. Pioneer kids in Texas, now old and grey, will doubtless recall:

I had a little hen,
I called her Blue.
Every time she laid an egg
She laid two.
She laid in the oven,
She laid in the fire,
She laid a dozen eggs
In granpa's shoe.

Next Week: More about "critters."

Variants of these or similar rhymes will be recorded in the permanent collection of Mother Goose in Texas if sent to Ray Wood at Raywood, Texas. Copyright 1954, by Ray Wood.

Comprehensive
Program

of
FOOTBALL
Broadcasts and Telecasts

There is no real substitute for a "seat in the stands" at a football game. Neither radio nor television can capture the full flavor of the game, with its dramatic moments, its color, its crowds. You will want to see as many football games as you can.

When you can't, you're invited to enjoy Humble's comprehensive program of football on the air:

RADIO:
Southwest Conference games will be brought to you every weekend. The schedule includes broadcasts of both non-conference and conference games. Kern Tips gain heads Humble's staff of able announcers.

SPECIAL FOR WEST TEXANS:
Humble will again sponsor broadcasts of Texas Tech's football games over a network of West Texas radio stations.

TELEVISION:

Live! Humble will bring Texans live telecasts of outstanding college games every Saturday afternoon during the season, and on Thanksgiving Day. These are telecast under the program of the National Collegiate Athletic Association. Tentative schedules include four Southwest Conference teams.

On film! Humble's weekly television program, *Texas in Review*, will feature highlights of Southwest Conference play. This appears on Monday or Tuesday nights over 14 Texas television stations. Special arrangements enable you to see Saturday's action as early as Monday night.

drive to as many as you can; tune in Humble's broadcasts and telecasts of those you can not see.

ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. Had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me, I will reply at once and tell you how I received this wonderful relief.

IT'S A FAIR PRIZE—A few of the several thousand prize ribbons which will be given at this year's Panhandle South Plains Fair in Lubbock make a colorful background for Sandra Castevens, 18, daughter of Mr. and Mrs. R. H. Castevens of Brownfield. Approximately 4,500 ribbons and banners will be given during the regional fair from Sept. 27-Oct. 2. Fair officials pointed out that the attractive young blond is not one of the special awards.

One Completion And Six Locations Highlight County's Oil Activity

One completion and six locations, five of them in an undesignated field, have highlighted recent oil activity in Garza County.

The completion, in the Huntley-3400 field, is Seaboard Oil Co. No. 3, L.D. Huntley, 330 feet from west and 1,183 feet from south lines of Section 1214, A-447, TTRR Survey.

The new locations are as follows:

Huntley-Glorietta — Continental Oil Co. No. 2-A Ted Shults, 330 feet from north and 1,081 feet from west lines of lease, also 360 feet south and 1,111 east of the northeast corner of Section 1402, but in Section 4, SF-1441, Horace Brannon Survey, four miles northwest of Post; rotary to 4,200 feet, at once.

Undesignated Field—Dr. Sam G. Dunn No. 10 McCrary, 990 feet from north and west lines of Section 61, Block 5, GH&H Survey, 10 miles northeast of Post; rotary to 3,000 feet, at once.

Undesignated Field—Dr. Sam G. Dunn No. 4 Davis, 330 feet from north and east lines of the southwest quarter of Section 80, Block 5, GH&H Survey, 10 miles northeast of Post; rotary to 3,000 feet, at once.

Undesignated Field—Dr. Sam G. Dunn No. 12 McCrary, 1,650 feet from north and west lines of Section 61, Block 5, GH&H Survey, 10 miles northeast of Post; rotary to 3,000 feet, at once.

Undesignated Field—Dr. Sam G. Dunn No. 11 McCrary, 330 feet from north and 900 feet from east lines of the northwest quarter of Section 61, Block 5, GH&H Survey, 10 miles northeast of Post; rotary to 3,000 feet, at once.

All-Star Cast In 'Executive Suite'

What is probably the greatest all-star cast ever to have been assembled for a single motion picture appears on the Tower screen Friday and Saturday in M-G-M's absorbing "Executive Suite."

The picture's pivotal roles are enacted by William Holden, June Allyson, Barbara Stanwyck, Fredric March, Walter Pidgeon, Shelley Winters, Paul Douglas and Louis Calhern, with Jean Dagger, Nina Foch and young Tim Considine heading the supporting cast.

These are the artists who breathe life into the fascinating, contrasting characters presented in Cameron Hawley's best-seller novel of a big business dynasty and the men and women who become enmeshed in a dramatic web of intrigue and emotional conflict when the president of a giant corporation dies without having named his successor. In the lives of the ten people closest to him, his sudden death brings out a parade of human emotions, including love and hate, loyalty, fear, sorrow, envy, honesty and greed.

Between 1940 and 1952 farm employment in the south declined one-fifth, and the number of sharecroppers dropped one-third.

School Property Fire Loss Heavy

AUSTIN (Sp.)—Almost a million dollars worth of Texas school classrooms went up in smoke in 1953.

Norris W. Parker, manager of the Texas Insurance Advisory Association, said that statistics kept by this fire insurance trade association showed that fire destroyed \$984,662 worth of school property last year. Records show that 71 Texas schools were damaged by fire in 1953.

To help reduce school fire losses, the Texas Insurance Advisory Association will distribute thousands of posters to schools this month as a part of the nationwide observance of Fire Prevention Week, Oct. 3-9, Mr. Parker said.

Henderson County Reunion Sept. 26

The third annual reunion of former residents of Henderson County will be held Sunday, Sept. 26, at Mackenzie State Park in Lubbock, Juanita P. McKissack, secretary of the Henderson County Reunion Association, announces.

Each family is asked to bring a picnic lunch, and drinks will be furnished. It will be an all-day meeting, with lunch being served at 1 p. m. Directional signs will be posted at both entrances of the park.

'Her Twelve Men' Is Coming Attraction

"Her Twelve Men," at the Tower Theatre next Wednesday and Thursday, presents a robust, humor-filled, skylarking story of the experiences of the only woman teacher at a boys' boarding school.

Greer Garson, Robert Ryan and Barry Sullivan are the stars of the new M-G-M Anesco Color offering, with Miss Garson happily cast in a tailor-made role as Jan Stewart, who faces her charge of a group of high-spirited, mischievous and sometimes homesick boys with considerable trepidation.

Car Is Pelted With Watermelon Rinds

Law enforcement officers' warnings following a recent outbreak of vandalism apparently are bringing results, although a few other cases have been reported.

One of the most recent came last Friday night when John L. Streets' automobile was pelted with watermelon rinds while parked in front of his home at 116 North Avenue H.

Officers this week repeated their warning that those found guilty of such acts will be prosecuted.

Band Boosters Club Holds First Meeting

The Band Boosters Club held its first meeting of the new school year at the band hall Tuesday night, with a large number of parents of senior and junior band members attending.

Mrs. R. B. Dodson, president of the club, reported that attendance at the meeting was believed to have been the largest in the history of the booster organization.

Plans were made for the school year, including fund-raising projects for the two organizations. Brief talks were made by W. B. (Bill) Parks, band director; D. C. Arthur, superintendent of schools, and Ellis M. Mills, Post Grade School principal.

Post Man's Canines Score High In Show

Two dogs exhibited by H. J. Dietrich, breeder of high grade German Shepherds, made excellent showings last week in the Lubbock show of the Heart of the Plains Kennel Club.

Diersburg's Pal won first places in the novice dogs and winner's male classes, gaining two points toward his championship. Princess V. D. Dietrichaus, a young female, won three classes—scoring first in novice and second in open class and being adjudged reserve winner.

Dietrich's dogs were handled by L. F. Williams of Grassland. Both of the local man's entries competed against 14 other dogs.

40 Students Playing In Beginners' Band

The Post schools' new beginners band has about 40 members. Director W. B. (Bill) Parks reported Wednesday.

Parks said the band members will elect a drum major and majorettes at an early meeting, and will be ready to perform at a junior high school football game here in about two weeks.

Miss Thaxton, Charles L. Prather Repeat Vows In Church of Christ

Helen Laura Thaxton, daughter of Mr. and Mrs. Cecil Thaxton, and Charles L. Prather, son of Dr. and Mrs. Charles L. Prather of Austin, exchanged wedding vows Sunday evening in the Church of Christ at the Broadway Church of Christ in Lubbock, with Horace Babb as soloist, offered "The Prayer," "At Dawning," "The Lord's Prayer" and the wedding prayer. Carrel Anderson, assistant minister of the Broadway Church of Christ read the double service at 8 o'clock, beginning with a prayer and altar decorated with arrangements of pink and white flowers. The bride wore a white gown with a fitted lace bodice featuring a portrait neckline outlined in lace. The sleeves, completed by long sleeves, were trimmed with white tulle. The tulle skirt was trimmed with scalloped lace at the hem. A tulle pillbox, with a pearl trimmed braided veil and her fingertip illusion veil carried a white orchid corsage with matching satin shoes and stephanotis. Her hair was styled in a new, borrowed style. Gifts were from Mrs. L. A. Babb.

A Coke party is being planned soon, at which time the group will make curtains for the hospital nursery.

Large Crowd Attends First P-T-A Meeting

Approximately 100 attended the Parent-Teacher Association's first meeting of the year Thursday evening in the school cafeteria.

The Rev. Almon Martin directed group singing and faculty members and their husbands and wives were introduced by Mrs. Sherrill Boyd.

Music was presented by the school stage band, under the direction of Bill Parks, and refreshments were served.

Church News

Billy Phillips, youth director of Lubbock, met with the local Methodist Youth Fellowship last night at the home of Dr. and Mrs. B. E. Young.

Mrs. Ted Hibbs and Mrs. J. R. Durrett were hostesses for the WSCS meeting Monday at the Hibbs home. Mrs. H. H. Bledsoe had charge of the program. She was assisted by Mrs. Cecil Ramsey, Mrs. Jim Hundley and Mrs. Durrett. Mrs. J. E. Parker gave the devotional.

The Rev. Charles Gates, pastor, reported that the revival which closed at the Methodist Church Sunday night was a success and that there were several additions to the church.

The Rev. Roy Shahan, First Baptist pastor, reports: "Attendance in our services is increasing and this is encouraging. Decisions are being made each Lord's Day. The favorable comment the pastor is receiving on the series of messages being brought is greatly appreciated. The subject Sunday morning will be 'The Smitten Rock' (Ex. 17:1-7; 1 Cor. 10:1-4). At the evening hour the theme will be 'Cooperation In Christian Service' (Ex. 17:8-16; 1 Cor. 3:9; 2 Cor. 6:1). Your presence in these services will be appreciated."

Rev. Gates spoke on "What is in Thine Hand" at Monday night's meeting of the Methodist Men. Ted Hibbs, Ralph Welch and Carl Cederholm were in charge of the food committee for the meeting. Others present were Cliff Clark, Harold Voss, J. E. Rogers, Percy Parsons, Bill Powers, B. F. Evans, Joe Haire, C. R. Smiley, Jack Carpenter, John Parrish, Bob Collier, A. B. Casey, N. W. Stone, Malcolm Bull, Jack Dale and Edsel Cross.

The Post Church of Christ was host for an area young people's meeting at the church Tuesday evening. Supper and a program were enjoyed by approximately 250.

Howdy Folks: In this weather, you can't keep a good golfer down—town.

We like to play golf, but the trouble with our golf is we seem to stand too close to the ball—after we hit it.

Did you ever stop to think that a golf ball is about the only thing that has to be hard to get anywhere?

Golfers, roughly speaking, play golf, roughly speaking.

One of our friends says that when a golfer misses his drive he expresses himself to a tee.

A certain party told us it was a sin the way we play golf on Sunday, but why just pick on Sunday?

FAIR TO FEATURE WESTERN STARS—One of the featured attractions to appear at this fall's Panhandle South Plains Fair will be the Wilburn Brothers of Grand Ole Opry fame. They will join Webb Pierce and other outstanding Western stars in shows twice daily at the Lubbock regional fair Sept. 27 through Oct. 2. The Grand Ole Opry show will be held in the huge new Fair Park Coliseum which is being constructed this year.

Post High School Band Invited To Compete For Parade Prizes

LUBBOCK (Spl.) — The Post High School Band, along with other high school bands from throughout West Texas and Eastern New Mexico has been invited to enter the competition for \$600 in cash prizes which will be offered in conjunction with the gala Parade of Bands marking the opening day of the Panhandle South Plains Fair here Sept. 27.

Letters have been mailed to approximately 50 schools in the area inviting the bands to participate in the parade. In addition, each school has been invited to enter floats which will follow the school band in the cavalcade.

Judging of the many bands will be according to regular interscholastic classifications — Class AAA, AA, A and B. The first place winner in each class will receive \$100 and the second place band in each class will win \$50. This will be the first time such cash awards have been offered by the Fair.

This year's parade, opening the 37th annual Fair, will begin at 10 a. m. Sept. 27 and move through downtown Lubbock to the Fair grounds. Awards will be presented immediately following the parade at ceremonies in the new 5,500-seat Fair Park Coliseum.

The opening day will also be School Day for thousands of school children throughout the area. Every school student will be admitted to the grounds without charge. This is the first time School Day has been observed on opening day and came after requests for such a plan were received from many school superintendents.

Last year's opening day Parade of Bands attracted between 60,000 and 75,000 persons—the largest crowd ever gathered in Lubbock for a single event.

Prof. D. O. Wiley, band director at Texas Tech, and Paul Brantom, director of the Lubbock High School Band, are co-chairmen of the parade. The Lubbock

Judges Had Difficult Time Picking Winners In Last Year's County Fair

If competition in this year's Garza County Fair, to be held Friday and Saturday, is as keen as it was at the 1953 event, then the success of this weekend's exposition will be practically assured.

Judges in every department at last year's fair reported difficulty in choosing winners from among the unexpectedly large number of exhibits.

Some of last year's winners were:
Ned and Fred Myers, 4-H Southland — Grand champion steer.
Dean Huddleston, 4-H, Post — Reserve champion steer.
Bowen Stephens, FFA, Post —

VA Questions And Answers

Q I have an unused certificate of entitlement for Korea GI training, but it states I must have started by August 20, 1954. Now that a new law gives me another year to begin, is this certificate still good?

A The unused certificate still is valid. Present it to your school when you enroll, along with a photostat of your separation paper. The school will admit you under the Korea GI Bill, so long as your separation paper shows you are beginning within three years after your discharge.

Q I was discharged from service on July 1, 1951. Will the new Korea GI Bill extension help me get into school this fall?

A No. Under the new law, veterans separated before August 20, 1951, must have begun Korea GI training by August 20, 1954.

Q Under the new law signed by the President, do all disabled veterans get an extra four years in which to complete Public Law 16 training?

A No. The added four years apply only to disabled veterans who (1) were too severely disabled to begin in time; (2) were late in establishing that they have service-connected ailments, or (3) who originally received discharges barring them from training and later had them changed so that now they are eligible.

Q I am a disabled Korean veteran, already out of service. I am not in any of the special categories listed in the new law having to do with training deadlines. By what date must I complete Public Law 16 training?

A Training for disabled Korean veterans, out of service before August 20, 1954, must be completed no later than August 20, 1963.

'Drums Across River' Is Coming To Tower

Thundering conflict will erupt from the screen of the Tower Theatre when Universal-International's Technicolor adventure "Drums Across the River" shows Sunday and Monday. A stirring tale of renegades and Indian revolt in the Colorado territory, the picture literally explodes dramatic dynamite from start to finish.

It is a hard-riding, fast-shooting Audie Murphy who becomes the center of the dangerous cross-currents that motivate "Drums Across the River." His own father, Walter Brennan, mistrusts the bitterness he knows Audie bears for all Indians. Even Lisa Gaye, his sweetheart, must believe in him blindly while the town turns its hate on him.

And Lyle Bettger, lusting for plunder and power, uses Audie to provoke war with the Utes by inveigling him into leading a wagon train into the forbidden San Juan Mountains. And once the fuse is lit, Audie has all he can do to root out the traitors and renew peaceful relations with Jay Silverheels and his warriors.

Gilt, Boar Shown By Garza County Club Boys Place In Lubbock Show

A gilt and a boar shown by two Garza County 4-H Club boys placed in the annual Lubbock store area Sears Pig Show Saturday at the beef cattle center of Texas Tech.

Jerry Stone's gilt placed fourth and Lewis Mason's boar won an eighth place.

Dale McEachern of Hale County showed the first place gilt and Denver Ford of Lynn County exhibited the first place boar.

Winners of 13 county shows competed in the district event, sponsored by the Sears Foundation. The two first place exhibitors each received \$50 prizes.

Thirteen gilts and 11 boars were entered in the district competition.

W. C. O'Mara of the Lubbock Sears Roebuck store was host at a barbecue luncheon to exhibit.

Despite Drouth, 1953 Recorded As Year Of Advancement In State's Agriculture

COLLEGE STATION (Sp.) — Drouth slapped hard last year. But Texas farmers turned handicaps into a challenge and 1953 goes down as a year of advancement in the state's agricultural history.

This summarizes the recently published 1953 Annual Report of the Texas Agricultural Extension Service.

Drouth prompted the greatest expansion in irrigation of any single year, says the report. More than 5,000,000 acres of farmland were irrigated in 212 Texas counties.

Twenty-three million dozen eggs were sold on a graded basis. This meant an additional \$1,150,000 in pockets of producers.

Soil judging gained popularity. Organized 4-H clubs made up the greatest number in attendance at soil judging schools.

Despite adverse weather, Texans planted and cultivated 505,846 home gardens—50,000 more than in the year previous.

But for many livestock raisers, 1953 meant "just staying in business." The report says county agricultural agents probably were asked more questions about livestock feeding than in all their years of service.

Cattlemen in the 102 designated drouth counties were determined to store feed for future use. As a result, beef cattlemen and dairy operators stored more feed in silos than possibly ever before.

Copies of the 23-page report, which give interesting highlights of Texas farming activities last year, are available from the Agricultural Information Office, College Station, Texas.

STYLE NOTES

You can't tell a sweater from a shirt these days. Latest sweaters are shirt-styled, even to the French cuffs. Some have button-down collars, and you can pick your weight, from light to very heavy.

The "EGYPTIAN" seems to be as popular in ready-to-wear as it is in movie circles. Some new cotton blouses have Egyptian print patterns and there is a wide selection of cuff-links decorated with hieroglyphics. What they say, we can't imagine, but then no one else will know but the long deceased Egyptian.

Collars seems to be featured in knit suits this year. Styles range from blouse-style sailor collars to an over-grown turtle neck that rolls up to form a hood.

Now there is a stocking for women that solves the problem of size. It's elasticized to fit general sizes. They are of nylon and are said to retain an extra good fit.

There's Plenty Of Fertilizer For '55

COLLEGE STATION (Sp.) — If rain was as plentiful as fertilizer, Texas farmers would be sitting pretty.

Domestic fertilizer supplies were adequate last year and even more nitrogen, phosphorus and potash is ready for future crops, M. K. Thornton, extension agricultural chemist, says.

This does not mean, however, every farmer will get all he wants just when he wants it, Thornton continues. Transportation and shipping facilities can't handle the large volume at one time. So, it won't be hoarding to buy next year's supply early.

Any farm shed that is dry and well ventilated will do for storage.

Early purchases will ease the strain on manufacturing and shipping and will spread the demand throughout the year.

Stepped up production from every acre of farmland, whether in crops or pasture, can be achieved if fertilizers are used along with other recognized farm management practices, Thornton adds.

Officers Named By Post Senior Band

Officers for the 1954-55 school year were elected by members of the Post High School band Wednesday morning at the band hall.

The new officers are: Walter Didway, president; Tommy Mayfield, vice-president; Carolyn Hudman, secretary-treasurer; V. A. Dodson, reporter; Mozelle Edwards, Student Council representative, and Margaret Moreland, band sweetheart.

st, Morton Play To 7-7 Tie; Donnell Eagles Are Next

be a number of changes in the Post Antelope starting Friday night when they will play the O'Donnell Eagles at their first away-game of the season. V. F. (Bing) Bingham, who has been himself as dissatisfied with the team's showing in the first three quarters, is promoting some of the changes to starting positions to start a new effort to get more out of the team.

had a much better showing in the Roscoe game, but we should not be misled by the fact that he is trailing 7 to 0, but the Morton boys just outlasted us and beat our ears in the fourth quarter."

the fact that O'Donnell is leading 26 to 0, Friday night in the season's opening game is expected to be a close one. "We are more than ready to do on paper than never amounts to anything," says O'Donnell. "Last year, after

losing to Class B Meadow by a one-sided score, O'Donnell came here the following Friday and fought us all over the field before losing, 19 to 13."

Bingham said his starting lineup on offense for Friday's game probably would find Ted Tatum, junior, and Noel White, sophomore, at ends; Homer Cato, junior, and Leon Davis, sophomore, tackles; Dickey Beggs, junior, and Andy Schmidt, sophomore, guards; Novis Pennell, junior, center; Tommy Murray, junior, quarterback; Raymond Gary, sophomore, left halfback; Jackie Morris, sophomore, right halfback, and Ronnie Kennedy, sophomore, fullback.

Following is a play-by-play account of the Morton game:

First Quarter

Morton receives and Sidney Harrison returns Novis Pennell's kickoff 20 yards to the Morton 37. Jerry Don Mills fakes a hand-off and gets 4 yards at the line. Ted Tatum stops Richard Greer after a 3-yard pickup at center, but Donnie Waller goes for 3 yards and a first down on the 18.

Murray receives and Sidney Harrison returns Novis Pennell's kickoff 20 yards to the Morton 37. Jerry Don Mills fakes a hand-off and gets 4 yards at the line. Ted Tatum stops Richard Greer after a 3-yard pickup at center, but Donnie Waller goes for 3 yards and a first down on the 18.

Murray gets 2 on a quarter-back sneak, then loses a yard after faking a handoff. Murray goes back to pass, but can't find an open receiver and is tossed for an 11-yard loss. Murray punts 32 yards to the Morton 29, where the ball is fumbled, but recovered.

Billy Meeks stacks a line play after a 5-yard gain, and Harrison spins for 5 more, but Morton draws a 5-yard penalty on the play. A crack at center gains 4, but Tatum stops a play at his side of the line for a 1-yard loss. Terry takes Coats' punt on his 28 and returns 11 yards to the 39.

Gary streaks 10 yards for a first down on the Post 49, and Norman recovers his own fumble for a 2-yard gain. Kennedy fails to gain in a try at center, and Murray, running from punt formation, gains 5 to the Morton 44. The Indians decline a 5-yard penalty on the play, and Murray's kick goes out of bounds on the Indian 23.

Davis breaks through to throw runner for 5-yard loss, and Tatum repeats the performance on another attempted run. Terry gathers in Coats' punt on the Morton 48 and returns 16 yards to the 32.

Floyd Roland, Indian tackle, recovers fumbled pitchout on the Morton 45. An attempted run loses 2, and Post declines a 5-yard penalty. A fumble in a play at the line is recovered for a 1-yard loss, but Coats takes Mills' pass on the Post 38 for a 20-yard gain and a first down.

Mills runs with the ball when he can't find an open pass receiver and gains 8 to the Post 30. Tatum and Davis smear the next play for a 14-yard loss, but Mills gains 10 of it back on a run as the half ends.

Third Quarter

Post receives and Norman runs the kickoff back 15 yards to the Post 35. Paul Cox, Morton center, recovers Post fumble on the 36, and Mills gains 6 to the 30 on a straight plunge through center. He pulls the same play two more times for 7 yards and a first down on the Post 23.

Beggs stacks a line play for no gain, but Neagles, in at quarterback for Mills, hits Harrison with a pass, good for 7 yards. A line play loses 2, and a pass fails to connect, Post taking the ball on their 18.

Murray picks up 12 on a nice run to the 30 and another Antelope first down. He hits center for 2 more, and Norman gains 2 after taking a handoff. Kennedy wheels for 12 yards and a first down on the Post 45.

A center buck gains 2, and Gary makes 13 more before being forced out of bounds on the Morton 40, where it's a first down for the Antelopes. Murray, back to pass, is smeared on the Post 49 for an 11-yard loss. His long pass to Tatum fails to connect, and Kennedy gains 1 at the line. Murray's punt goes to the Indian 22, from where it is returned to the 35.

A line play picks up a yard, and Harrison gains 15 yards to the Post 49 for a first down. Tatum stops Miller after a 4-yard gain, and Harrison loses 1 on a pitchout. Coats takes Mills' pass for a 14-yard gain to the Antelope 32 as the third quarter ends.

Fourth Quarter

Waller gets loose for 14 yards to the Post 18, where he is stopped by Gary, and it's another first down for the Indians. Two runs net only a yard, with Tatum stopping one and Pennell the other. James Holloman, Indian halfback, gains 12 to the Post 5, but a clipping penalty on the play sets the ball back to

Parking Easier At Tech Games

LUBBOCK (Sp.)—Fans driving to Texas Tech football games will have an easier time of it this fall.

Besides improved parking facilities, they will also find traffic problems alleviated.

Store owners in the Town and Country Shopping Center, just north of Jones Stadium, have announced that persons attending football games will be free to use their large black-topped parking area which will still be available, also.

A new four-lane highway should help persons coming from the west particularly. It begins at a traffic circle junction with roads from Levelland and Brownfield and 19th Street and extends to the intersection of 4th Street and College Avenue, northeast of Jones Stadium.

SPORTS Post Scripts

Through their first two games the Post Antelopes have scored 14 points on two touchdowns and two extra points. Both those extra points have come the hard way—the ball, in each instance, striking the crossbar and then bouncing over, which counts just as much, but is harder on the nerves. In the Roscoe game, it was Murray's kick which bounced on over, and in the Morton game it was Darrel Ray Norman's. Such a break is something rarely seen during the entire season, and when you get two in successive games, it's really something.

The O'Donnell Eagles, Post's opponents for Friday night, opened their season on a sour note last Friday when Petersburg took them into camp, 26-0. That doesn't mean, however, that they won't provide a rough time for the Antelopes this weekend. The Eagles will be playing on their home field and seeking to avenge a 19-13 defeat handed them here last season by the Post eleven.

The Roscoe Plowboys, Post's opening opponent this season, had an open date last week. Friday night, they play their second game, tangling with Rotan. The Rotan eleven, which plays host to the Antelopes on Oct. 8, lost their season opener to a strong Albany eleven by a score of 40 to 13.

The Morton Indians, who tied Post, 7-7, here Friday night, will have their hands full this Friday night against the potent Olton Mustangs, who last week defeated Abernathy, 21-0. Abernathy plays Friday night at Tulsa against a team which lost its opener to Memphis, 18-0.

The Hamlin Pied Pipers, who come to Post for a game on Sept. 24, were downed, 27-0, Friday night by the Winters Blizzards. This week they'll try to bounce back against Haskell, who lost their first game to Stamford, 41-0.

Although the Crosbyton Chieftans are short on manpower, they seem to have what it takes as long as they can keep any of their starters from getting hurt. They downed Meadow, 32-13, Friday night, and are expected to win over Whitharral this week. The Chieftans play host to the Antelopes on Oct. 1.

The Tahoka Bulldogs, picked along with Slaton as favorites to win the District 2A-5 title, lost to the Littlefield Wildcats, 28 to 13, at home Friday night. The Bulldogs journey to Denver City Friday night to meet a team which was trampled by the Seminole Indians, 43-14, last week.

Norman runs Coats' kickoff back 10 yards to the Antelope 20. Gates gains to the 25, and Norman makes 5 more, but Post is penalized 5 yards for backfield in motion. Terry takes Murray's jump pass for a first down on the Antelope 35, and Gary gains 4 to the 39, but the play is nullified and Post is penalized to the 30. Norman takes Murray's pass on the 50 and gets to the Morton 39 after shaking off several tacklers, and it's a first down for the Antelopes.

Gates picks up 4 yards as the game ends.

TEAMS TO RALLS

Post's grade school and "B" teams journey to Ralls tonight for their first games of the season. Olin Reddell is "B" team coach, and Herman F. Raphael coaches the grade school team, composed of seventh and eighth graders.

Assembly Programs To Feature Clown

The first Southern School Assemblies program of the new school year will be presented Monday at both the high school and grade school.

Lew Hershey, the noted circus clown, will present a program at the high school at 9 a. m., and at the grade school at 11 a. m.

In the assembly program, he presents here, Hershey will take his audience back in the dressing room (so to speak) and show all about how the clowns get ready to work, such as putting on the make-up, showing little tricks in how to change the looks of his face, explaining how the different gags are fixed, etc.

A special stage setting with amplified music and a myriad of clown "props" or equipment is carried and an unusual program is presented.

Child Traffic Safety Program Is Seeking To Lower 4,400 Death Toll

"A total of 4,400 children under 15 years old were killed in traffic last year," Col. E. B. Tilley of Houston, president of the Texas Safety Association, and services advisor for the Gulf Oil Corporation said today.

He said that this terrible child death toll in itself would be reason enough for the child traffic safety program which his group is sponsoring this month in Texas in cooperation with the Texas Department of Public Safety and the National Safety Council.

"But the number of fatalities is only part of the picture," he said. "In addition, approximately 225,000 children were injured in traffic accidents in 1953, according to the National Safety Council."

Many of these injuries, Col. Tilley pointed out, will leave the youthful victims maimed or scarred for life.

"There is no quick, easy remedy for this deplorable situation on our streets and highways," he said.

"Instead, it will take a long range program of public education to bring about a lasting improvement. Motorists must come to realize their responsibility for the lives of unpredictable children and must exercise extra caution when driving in areas where youngsters may be walking or playing. And parents, too, must be made to understand the serious danger involved, and teach their children safety precautions.

"Many people today do not realize that traffic is the number one killer of children between the ages of one and 14.

"Traffic accidents kill more children in this age group than any one of the highly publicized childhood diseases," Col. Tilley said.

"Figures for 1951, the most recent year for which complete statistics are available, show that for the one to 14 age group, there were 3,888 deaths due to motor vehicle accidents," he said.

"This was five times as many child deaths as were caused the same year by polio, and three times as many as were caused by tuberculosis. There were 800 fewer deaths from pneumonia and 600 fewer from cancer, in all its forms, than from traffic accidents in this age group."

He said that if we are to improve this tragic situation we all will need to remember and act on the traffic safety slogan being featured this month in the program of the Texas Safety Association, the Texas Department of Public Safety, and the National Safety Council: "Watch Out for Kids."

TIM LOST
PETERSBURG, Va.—The town clock on the courthouse steeple had been showing the correct time on three faces and was an hour late on the fourth side. The city's building superintendent, James A. Sanford, who likes to know what time it is, climbed the steeple and found the cause—pigeons. He evicted them, plugged the port of entry, and the clock is again on time on all sides.
