

# Sheriff given authority over police department

## In action taken by city council

The Post city council voted unanimously at a special meeting Monday night to turn the city police department over to the "full authority and supervision" of Garza County Sheriff J. A. (Jimmy) Holleman.

The council's actions followed an informal meeting late last Friday afternoon at which the shift in supervision and proposed authority was discussed separately with City Patrolmen Jerry Jolly and Walter Vines and Sheriff Holleman.

Mayor Giles C. McCrary told The Dispatch at Monday night's meeting that the move was "another step" toward ultimate consolidation of the two law enforcement arms.

The mayor also said that each patrolman when talked to by the council at Friday's meeting had agreed to "go along" with the change, and that the sheriff had said he was willing to take the police department under his authority and supervision.

Between the Friday and Monday council meetings, the sheriff talked the proposed change over with the city patrolmen and said they were responsive to the idea, the mayor told The Dispatch.

The city will continue paying the police salaries and they will continue wearing their present uniforms and operating the police cars. "The police department will be kept as a separate entity from the sheriff's department except that the personnel will be under the sheriff's authority and supervision," Mayor McCrary said.

The sheriff will set the work schedules for all officers, including himself, his one deputy, and the two city patrolmen and the relief man, who normally works two nine hour shifts — Friday nights and Sundays.

In the same motion that the police department be placed under the sheriff's supervision, the council voted that the two full-time patrolmen's salaries be reduced to \$450 a month.

The council voted the salary cuts in order to bring the city patrolmen's salaries "more in line" with that of the sheriff's deputy.

The reduction to \$450 a month will bring Jolly's salary down \$75.

## Offices, schools close in mourning

All government offices here were closed today on the National Day of Mourning for President Lyndon Johnson whose funeral will be conducted in the nation's capital this morning with burial in the small Johnson family cemetery near his ranch in the Texas Hill Country this afternoon.

Post schools also will be closed for the day.

The postoffice windows will be closed and no mail deliveries made but mail will be dispatched as on Sundays this afternoon.

City, county and state offices here will close.

Local business firms are not involved. The First National Bank and local business firms were expected to open as usual this morning.

from the \$525 a month he now receives, and will bring Vines' monthly pay down \$35 from the \$465 he now receives.

Mayor McCrary said he sees the change as an improvement in that we will now have a full-time four-man law enforcement unit instead

of two two-man units. The mayor told The Dispatch Wednesday morning that Garza County has made application to the Criminal Justice Department through SPAG (South Plains Association of Governments) for a grant of approximately \$9,000 to

pay someone to "come in" to make a study of the city and county law enforcement needs for the future; to determine if consolidation of the two law enforcement entities is feasible and, if so, on what basis the consolidation should be completed.

MUSEUM OFFICERS, TRUSTEES

Some of the officers and trustees of the Garza County Museum Association are shown at Sunday's second annual meeting. From left tonight are Mattie Belle Fluitt, trustee; Mrs. Ruby Kirkpatrick, president; Mrs. Maxine Marks, trustee; Miss Henrietta Nichols, trustee; Mrs. Vada McCampbell, secretary; Pearl Nance, trustee; and Tom Bouchier, trustee.—(Staff Photo)

## Funeral held for Mrs. Scarborough

Last rites for Mrs. Ruth Elizabeth Scarborough, 91, who died about 3 p.m. Saturday in Garza Memorial Hospital, were held at 3 p.m. Monday in the First Christian Church.

Mrs. Scarborough, who had been a resident of the Twin Cedar Nursing Home, was admitted to the hospital only the day before her death.

A native of Bosque County, she was married to J. S. Scarborough on Nov. 22, 1900. They moved to Garza County nine years later and he preceded her in death in 1964.

Mrs. Scarborough had been a Church of Christ member since she was 12.

She is survived by two daughters, Mrs. Lois G. Crump of Oxnard, Calif., and Mrs. Opal Wright of Post; a sister, Miss Ollie Mickey of Post; a grandchild, two great-grandchildren and three great-great-grandchildren.

Bernard S. Ramsey, minister of the First Christian Church, officiated at the funeral services.

Interment was in Terrace Cemetery under the direction of Hudman Funeral Home. Pallbearers were Lester Josey, Wayne Carpenter, Marvin Williams, Carroll Light, Jimmie Redman and Johnny Hair.

## Survey being made of livestock storm losses

County Agent Syd Conner yesterday began a survey of Garza cattlemen at the request of the state to determine actual cattle losses for this area's early January storm.

Believe it or not, in a third action, the directors voted to name the big lake dam, the White River Dam. This was done at the request of state authorities who requested an official name for the dam as well as the lake.

The water district now has a total of \$743,920 in investments. Directors decided to study the investment schedule monthly in an effort to obtain the best interest possible on their investment money.

Lake revenue for December of 1972 included \$28,294.96 from water sales, almost equally divided between sales to outside interests, mostly to oil firms for water flooding, and sale of water to the four member cities.

Attending the dinner meeting from Post were White River Directors S. E. Camp and Julius Stelzer and Publisher Jim Cornish.

## Officers and trustees named by museum unit

Three officers and one trustee were re-elected and one new trustee elected at a second annual meeting of the Garza County Museum Association held from 2 until 4 p.m. Sunday at the museum building.

Re-elected were Mrs. Ruby Kirkpatrick, president; Mrs. Vada McCampbell, secretary; Lewis C. Herron, treasurer, and Mrs. Maxine Marks, trustee. Miss Henrietta Nichols was elected as a new trustee to replace Giles W. Dalby.

Holdover trustees are Mattie Belle Fluitt, Pearl Nance and Tom Bouchier.

Mrs. Kirkpatrick's report on the progress of the museum said the outlook was encouraging, but it "as with so many other things it takes time."

Reports were also heard from the secretary, Mrs. McCampbell and from Mrs. C. K. "Pee Wee" Pierce, who is in charge of museum miniature tile sales.

The program consisted of showing and description of family heirlooms and other items of historical interest brought by members of families whose surnames begin with the letters A, B or C.

Mrs. Tom Bouchier displayed number of items which had been owned by her mother-in-law, M. A. W. Bouchier, some of which had been in the family's possession for 100 years or more. C was a U. S. history school building dating back to 1829.

Mrs. Walter Boren showed items which had been owned by Boren and the Coleman family. One was an iron cooking which Walter Boren's family brought with them when they moved by covered wagon to Texas from Berryville, Ark.

Another item shown by M. Boren was a game table which had been owned by her family the Colemans. She said the table was over 100 years old.

Also displayed during the meeting was a plaque of medals won by Mrs. Tillman L. Jones, long-time resident of Post and prominent clubwoman, had received for her help in organizing the American Legion Auxiliary in Terrell soon after World War I and her work with the organization since that time.

Refreshments were served at close of the meeting.

## Meeting tonight hot meal program

All persons interested in setting up a "hot meal" program here in Post asked to attend a meeting at 7 p.m. tonight in the First United Methodist Church.

Representatives from the L. Bock Meals on Wheels program will present a film on their operation and answer questions concerning the operation.

Federal funds are available to set up the program but unpaid volunteers are needed to deliver the meals.

The Garza County Community Action Committee is sponsoring a meeting. Two earlier meetings were poorly attended due to weather. If possible, eligible elderly who want the meals are asked to attend.

## PROGRAM ON ECONOMICS

Tom Bouchier devoted his Rotary Club program at the Tuesday luncheon to a discussion of the nation's current economic outlook. He asked various club members their opinions on various economic questions.

## POST MAN ON RIVER AUTHORITY BOARD

Post businessman Bryan J. Williams of 1005 West 11th St. has been named to the 21-man board of directors of the Brazos River Authority and attended his first meeting in Waco Monday. Here Williams (second from left), is flanked by Col. Walter Wells, authority general manager; Russell

Bean of Lubbock, also a new director and A. L. Brooks Jr. of Bellville, president of the board. The authority is a state agency charged with conserving, improving and putting the waters of the 44,000 square-mile Brazos watershed to beneficial uses for Texans.

Kathryn Wynona Taylor, operator of the Gateway Motel here, was charged with two counts of receiving and concealing stolen property.

More rain, snow hits area today

Rain, turning quickly to wet snow, early today was adding to the wettest Januarys in recent years and promised an additional long delay in the stalled cotton harvest.

The daily 8 a. m. moisture reading was 1.5 of an inch of moisture and a half inch of snow, with the snow continuing as The Dispatch goes to press.

Gen Barley of Southwestern Public Service Co. reported to The Dispatch this morning that the moisture total for January, through 8 a. m. today, was 2.62 inches compared with only a quarter inch of snow last year.

Billberry rites conducted here

Funeral services for L. D. Billberry, 66, who died Saturday at the Garza Administration Hospital in Big Spring where he had been a patient for six days, were held at 2 p. m. Monday at the Calvary Baptist Church.

Billberry was born Jan. 23, 1912, near Pecos in Stonewall County and had been a resident of this community since 1930. He farmed before entering the armed forces during World War II, but since 1946 had been a welder for Crown

was charged along with the motel operator on one of the two counts. One of the receiving and concealing charges concerns a camper shell which Holleman said was recovered from her pickup. The sheriff said also recovered at the motel were an Admiral portable color TV, valued at \$400, a Loyd's stereo system, valued at \$250, and several cases and miscellaneous cans of foods and soups. The canned food was stolen during an \$8,057.50 Lubbock warehouse burglary, Nov. 11, according to Holleman. The stereo, TV, and gun were missing from Lubbock home burglaries.

FOR LIBRARIAN'S SALARY

## Library will ask for revenue sharing help

Post Public Library trustees voted Tuesday night to ask the city and county to use either federal revenue sharing funds, or respective tax funds, to pay the librarian's salary when the federal program under which it has been paid for almost two years expires this fall.

Trustees will visit with the Post City Council and the Garza County Commissioners Court at their February meetings on this subject.

Trustees Tuesday night also took their first look at a preliminary sketch by David Newby for the new library addition and expressed themselves as very pleased with his ideas.

The trustees received a \$3,900 check from the Burlington Foundation for the library's memorial building fund. Mrs. Patty Kirkpatrick said this brings the building fund to \$17,900.

A vacation and holiday policy for the librarian was established providing a two weeks vacation and setting up a holiday schedule for library closings.

When the librarian is on vacation or attending workshops, her substitute will be paid on the basis of the hours the library is open to the public.

Mrs. Rosemary Chapman reported that she spent exactly a dollar less than the \$1,500 allocated for the 1972 purchase of new library books. Trustees authorized a similar amount for book purchases in 1973.

Trustees approved a Lubbock area library plan whereby Post library cards can be used to check

out books in any other area library and cards from other libraries will be recognized here. This means a local library patron can check out books from the main Lubbock library on his Post library card and even return the (See Library board, Page 8)

RESORT DEVELOPERS MAY BUY WALKER LAND

# New lake housing is proposed

The possibility of a new housing development near White River Lake surfaced at the January meeting of the White River directors, and that lot buyers would have to agree to all of the lake's sewage restraints.

The development would not be a big one from the water use standpoint. Lake Manager Al O'Brien estimated the recreational development would not use but about 10,000 gallons daily when fully developed.

Included in the development plan is 22.2 acres on the lake front itself now owned by the Walker Estate in a final agreement reached in the early 1960's at the time of the lake site purchase, part of which involved Walker land.

Most of the proposed development would be along a highline ridge back from the lake and in possible "two acre tracts" behind that. The "lake front area" involved would be severely restricted by developers and would meet all

A good, old-fashioned head cold is good for something.

At least we think we've found a use for it. It's an awful easy way to give up smoking cigars.

One feels so nasty that he couldn't light a cigar anyway, so a week with a cold—our once-a-year bout with the stuff usually lasts that long—should be ample time to get over the "light up a cigar" desire.

We received two boxes and a jar of good cigars as Christmas gifts and knew as long as a single one of them was in the house we would be a "loser." So we went around for four weeks in a cloud of thick cigar smoke.

The last cigar was puffed as the cold arrived. How's that for timing?

You're probably wondering what The Dispatch is doing with only an eight-page edition. Well, to tell the truth there wasn't any more advertising than we could handle in eight and when our Intertype machine broke down for most of Monday we decided that an eight-pager was the best way to catch up.

It didn't have a thing to do with our cold.

## He left his brand on America

Lyndon B. Johnson, 36th President of the United States who was scheduled to be buried today in the family cemetery on the banks of the Pedernales River near his ranch home, probably will have written on his personal page in history a fitting epitaph, "The tallest Texan of them all."

Literally hounded from the White House by national discord over the Vietnam War, President Johnson will be best remembered as the master legislative craftsman of all time.

He took the program of assassinated John Kennedy, after Kennedy could not move it through Congress, and pushed it through into law, and, on top of that, added the "Great Society" programs of his own.

He was a folksy disciplinarian who played the game of Texas politics well until he climbed to the presidency, at which point

his sweeping program of social legislation almost rivaled that of Franklin D. Roosevelt three decades earlier.

We heard him speak in Snyder on the lawn of C. M. McLaughlin's Diamond M Ranch not too long after his first heart attack in 1955, and again in 1960 when McLaughlin organized a huge Snyder rally when he was bidding for the Democratic presidential nomination with Kennedy.

We had the feeling when we first heard him that someday he would ascend to the presidency, although on that afternoon in 1957 he did not seem capable of the physical stamina to go on.

He did though.

LBJ climbed from the bottom to the top of the American heap and left his brand on America for all time to come.—JC

## To help us understand Congress

It is pretty well known here in Post and Garza County, as well as everywhere else, that many Americans have not been given sufficient information about Congress and how it operates.

A recent public opinion survey found that a serious and widespread gap of understanding exists regarding Congress' responsibilities, functions and procedures.

Another national poll found that over three-fourths of our voting-age citizens know little about this basic American institution. In this poll, for example, only one-half of those questioned knew the name of their Congressman.

Now something is being done about it. A group of former members of Congress and other concerned citizens have found the National Foundation to Increase Public Understanding of Congress.

This independent, non-political, educational organization is dedicated to one purpose: helping people become better informed about and more interested in their Congress.

Support is drawn from business firms, grants from private foundations, labor and trade organizations, and individuals. President Nixon has hailed the Foundation as an "important undertaking" and noted that, as an "alumnus" of both houses, "I would agree that the story of Congress needs telling."

We can all benefit from listening.

And now if someone will just come along and found a similar foundation to increase public understanding of our Texas Legislature, we'll have it made.

It stands to reason that those of us who are not sufficiently informed about our national Congress and how it operates are in the same fix when it comes to our state legislature.

At this session of the state legislature, for instance, Garza County has a new senator and a new representative. How many of us know who they are? And getting back to Congress, how many of us know our new congressman is in the House of Representatives?—CD

## Who was it said 'Eat More Honey'?

Someone is always debunking something. Among the more recent victims of the debunkers is honey, which all our life we've been led to believe is good not only as an energy-builder, but for most anything that ails you.

Not so, says "Today's Health News", a column released by the American Medical Association.

Contrary to popular belief, says the AMA, honey won't do much to relieve a sore throat. In fact, honey as a "cure" for anything is just another old wives' tale, according to the AMA.

It says honey gained its long-standing reputation as a medicament because it does taste good and was used to make many of the old preparations palatable.

Actually, honey is nothing but a solution of sugar with not enough vitamins or minerals to be nutritionally important. On the minus side, says the AMA, honey also contains sufficient pollen to cause allergic reactions in some people.

So the next time our wife tells us to eat more honey, that it's good for us, we're going to tell her that it's only her word against the American Medical Association's.—CD

I'm like the fellow in Sunday's comic section. As far as I'm concerned, the President's address last Saturday was the same old thing—1600 Pennsylvania Avenue, Washington, D. C.

The Slaton Tiger basketball team can be given credit for making both Denver City and Post, the first half leaders in District 3AA, go all-out for the leadership. The never-give-up Slaton team forced Denver City into overtime before losing to them Tuesday night of last week, then came to Post Friday night and turned the same trick against the Antelopes—forcing them into overtime before they could win and go into a first half tie with Denver City.

AND THE CHANCES are better than even that Slaton will also make it rough on the two district favorites in second half play. The Tigers have to go to Denver City, but play Post at Slaton in second half competition.

That's the name of the game, though—competition—and basketball wouldn't be the popular spectator sport it is if all the games were runaways.

IT DIDN'T ORIGINATE with me, but someone suggested last week that I call the Post coaches and ask them to put a sign on the front of the high school gym reading: "No Kittens Allowed Inside Gymnasium."

The joke was, of course, that one of the Slaton Tigrette forwards is named Karla Kitten and she was selected as Most Valuable Forward in the recent 24-team West Texas Girls Basketball Tournament at Slaton. Since she proved the most valuable forward the Slaton girls brought over here Friday night, scoring 25 points to lead her team to the first half championship, the sign, "No Kittens Allowed," might not have been such a bad idea—except for the fact that the Kittens are one of the nicest families in Slaton. Down through the years, they have furnished perhaps a dozen or more fine boys and girls to Slaton athletic teams, and Karla is one of the finest.

AND, BY THE way, there is also an Angela Kitten on the Slaton Tigrette squad and she, too, saw action before the game was over.

No Boy Scout himself, the man up the street says the best way to make a fire with two sticks is to make sure one of them is a match.

THE HOLIDAYS ARE long-gone, but a Dispatch subscriber in Kansas has sent us this clipped Texas version of a favorite Christmas song which it would be unfair of me not to share with my readers:

I read something about two former Post school teachers in last week's exchange newspapers we receive here at The Dispatch office. ## 64 racing days set at Ruidoso

RUIDOSO DOWNS, N. M.—The 1973 season at Ruidoso Downs will get under way on Saturday, May 19 and extend through Labor Day, according to Al Rosa, president and general manager.

The season will cover 64 race days—one more than last year. Total purses are expected to reach nearly \$3½ million. Starting on June 7, racing will be offered in a basic Thursday-through-Sunday pattern, Rosa said.

There are two Wednesday dates—July 4 and Aug. 29. In addition, there are two Monday dates—May 28 (Memorial Day) and Sept. 3 (Labor Day).

Morton paper carried a picture of Richard Souter, Whiteface High School principal, pointing to one area of damage done by heavy burglary tools in the break-in. Richard was head basketball coach here several years ago and married a Post High School graduate, Danelle Bateman, daughter of the Junior Hagins.

THE OTHER STORY about a former Post teacher isn't exactly a story, but it's a Crosbyton Review column item, entitled "Wrong Line," and reads as follows:

"Bill Bennett tells about registration at Texas Tech when it was even more hectic than today.

"The CHS science instructor needed to see the dean and get his schedule approved, so he fell into this long, long line.

"He discovered, to his dismay, after standing in line for what seemed an eternity that it actually was leading to the water fountain.

"I was so disgusted by this time that I just stuck it out and went ahead to get a drink of water," he sighs."

# Post beats Slaton to tie DC for first half crown

## Lopes win in overtime; Does lose to Tigerettes

Three throws, five of them by Shepherd, in a three-minute period enabled the Post to beat the Slaton Tigerettes in the first half of District 5A play with Denver City, 46-44.

Phil Whaley's field goal regained the lead for Slaton, but Pace hit, also from the field, to put the 'Lopes back in the lead at 39-38.

With 2:11 remaining, Slaton had built its lead back up to five points but were ahead by only two, 46-44, with 48 seconds remaining on the clock.

Conner's free throw on a two-shot foul gave Post a 47-46 lead as the overtime period opened, and Shepherd made good on both ends of a one-and-one after being fouled by Bruce Scott to up the Post lead to 49-46 with 1:25 remaining.

The Post Does, trying hard for an upset victory over the Tigerettes and the first half championship, got off to too slow a start to pull it off. They were down, 11-2, at the end of the first quarter, but played Slaton on fairly even terms the rest of the way.

The second quarter ended with the Tigerettes ahead 27-15 and they had increased their lead to 40 to 23 going into the final period.

Melanie King and Jenda Gilmore hit 15 points each to pace the scoring, with Becki Dalby scoring 10.

The scoring summary for the boys' game follows:

SLATON: Lewis 2 0 4; Thomas 1 0 2; Scott 2 0 4; P. Whaley 7 1 15; Washington 9 3 21; J. Whaley 0 0 0. TOTALS 14 4 46.

POST: Hays 3 0 6; Pace 2 1 5; Moore 6 0 12; Shepherd 2 7 11; Lee 6 5 12; Compton 0 0 0; Conner 0 1 1. TOTALS 19 14 52.

# Post's next two games on road at Roosevelt, Tahoka

The Post Antelopes and Does, off to good starts in second half district play with wins over Cooper, hit the road for their next two games, traveling to Roosevelt Friday night and to Tahoka Tuesday night. The next home games will be Friday, Feb. 2, against Frenship.

The Denver City Mustangs, who tied Post for first half championship, also got off to a good second half start Tuesday night with a 78 to 37 bombing of Roosevelt.

The district's seventh team, Tahoka, played outside the conference Tuesday night and lost to Muleshoe, 57-54, in overtime. For Tahoka, it was the fourth overtime tilt in as many outings.

The Slaton Tigerettes, first half champions, opened second half play Tuesday night with a 53-41 decision over Frenship. Roosevelt's girls played outside the conference and beat Anton, 53-47.

Post Coach John Alexander, in explaining the first half tie status between Post and Denver City, said if either team wins the second half title outright, it will be the District 5AA representative in bidistrict play, or that if either team finishes in a first place tie with any team except each other, it will be the district's playoff representative.

Coach Alexander said the 'Lopes are sadly missing the services of guard Johnny Jefferson, who is out for at least a month because of a calcium deposit in his leg.

Thursday night, Post's junior high and freshman teams will play make-up games with Tahoka, the girls playing here and the boys at Tahoka. Thursday night, Feb. 1, the junior high and freshman cagers will play make-up games with Roosevelt, the games having been moved up from Feb. 8 because of the 8th grade tournament to be held in Post.

# Post cagers capture 3 from Cooper here

The Post Antelopes and Does opened second half district play with a bang here Tuesday night by scoring victories over the Lubbock Cooper boys' and girls' teams. The junior varsity Does also won to make it a clean sweep for the Post teams.

Both teams started off at a snail's pace in the boys' game and the Pirates led 3-2 before the 'Lopes finally started finding the range late in the opening period.

Rusty Conner, who had gone in for Reggie Moore after the latter picked up three quick fouls, hit from under the basket at the buzzer to give Post a 9-3 first quarter lead, and Conner hit from the field again just as the second quarter opened to make it 11-3.

Post held a 26-10 lead at the halftime intermission, and was ahead 36-19 at the end of the third quarter.

Both of Post's big men, Moore and Steve Hays, were shut out under the basket, with the two Post guards, Ricky Shepherd and Danny Lee, again taking up the scoring slack. Moore scored only four points on two field goals, both late in the third quarter after he had sat out the entire second period.

Hays failed to score. He was off balance on the few field goals he put up and missed on six of six from the free throw line.

Lee scored 17 points and Shepherd 14. They were the only Antelopes to score in double figures. Steve Henderson led Cooper with 16 points on eight field goals, all except one from outside the Post zone defense.

The JV Does to their 47-24 win over Cooper's junior varsity. Carol Davis scored 11 points; Sandy Bullard, 10, and Sandra Dudley, six. The Post guards were Nancy Reno, Jana McKamie and Sherri Compton.

Mrs. Marks, Mrs. J. H. Haire and Mrs. Lois Williams were appointed to a committee to have the park landscaped and a master plan drawn up. If there are other interested organizations that would like to help with this project, they are asked to contact one of these women.

The meeting was opened by the president Mrs. Jack Burress, with roll call answered by "Hints From Heloise."

The program topic for the day was "The World Is Ours Through Life". Mrs. Ira Lee Duckworth, program leader, spoke on "Family Economics," with Mrs. Willard Kirkpatrick, speaking on "Religion in the Home". Mrs. Jack Myers, gave the group her version of "Discipline in the Home", and the program was concluded with Mrs. Bob Ford's piano selections.

Refreshments were served to Mmes. Burress, Lee Davis, R. T. Dickson, Duckworth, Kirkpatrick, Tillman Jones, Marks, Donald Pennell, Ralph Welch, C. D. Morrel, C. R. Thaxton, D. C. Williams, Helen Richards, J. W. Potts, Jack Myers, M. J. Malouf, Ford, and Myers.

## Potluck

By ROSEMARY CHAPMAN

Now is the time to ask not what your library can do for you but what you can do for your library. We've got sort of a fun problem and we could use some help.

Our Major Resource Center in Lubbock recently asked that each of the 30 libraries in our area give some thought to starting a "special book collection." That way, all the libraries in the area could call upon a particular library when books in their special subject were needed.

A small library in the Panhandle was given as an example. They had over 300 books on cattle which Post or any of the other libraries in our area are welcome to borrow through interlibrary loan.

Librarian Pee Wee Pierce and I got our heads together and tried to pick a subject for Post Library's special collection. We already had a good start in craft books and movie books and since both of these categories are popular with Post patrons, we decided that one or the other would be a good choice.

Pee Wee got a letter off to Mrs. Betty Arper, the Major Resource Center Coordinator in Lubbock and received a reply a couple of weeks ago. Mrs. Arper said that craft books were in great demand but there are so many of them that a really good collection would take a long time to acquire. She thought that books about movie stars would be a better category for us to work with because there are not as many published and we could work up a good collection in less time.

Mrs. Arper suggested that after we have quite a few titles in our collection, we write up a description that she can have published in "In The Wind", a monthly library magazine. She also is mentioning in the next issue of the magazine that we are beginning a special collection and hopes that this will encourage other libraries in our area to start theirs.

Since receiving Mrs. Arper's letter, we've been busy getting all of the moving picture books together and changing call letters, making lists, etc. We've got about 35 books on hand, and here's where you good readers could make yourself useful.

Our book budget is \$1,500 a year. That breaks down to \$125 a month, or about 25 books a month. That isn't very many books, especially since that 25 books is further broken down into adult fiction and non-fiction and junior fiction and non-fiction.

We feel that we are severely limited in the amount of funds that we can spend on our special collection. We would want to buy no more than two a month. At that rate, it would be several years before we could build up a comprehensive collection for the MRC.

So, if you're interested in helping, please go through your own book collection and see if there are any books on the movies or movie stars that you could spare us. If you have any, get them to Pee Wee at the library or bring them by my house—1015 Crest Drive. I'll also be glad to come by and pick them up. Just give a ring at 495-2984.

# Science Fair set in Post schools

By MARK LEMON  
This year's Science Fair, most people hope, will be bigger and better than any before.  
There are three classes you will be able to enter projects under: Physical Science, Mathematics and Biology. This is done so that the person entering a project will have a wide choice in three different fields.  
You can either enter projects individually or in groups, if you think you can do better this way.  
The Science Fair will cover elementary, junior high and high school work. Although the date has not yet been set, the science fair will be held sometime in March.  
We are hoping to have lots of individual and group projects this year.

## Frosh girls and boys win games

Post's freshman basketball teams won conference games from Frenship Monday night, the girls on their home court and the boys at Frenship.

The Frenship team made the boys' game real close in the second half, coming within four points of catching up after Post had led by 10-22-12—at halftime.

Mike Hair and Mike Shepherd tied for scoring honors with 12 points apiece. Bryan Davis scored eight points and led the team in rebounds with 14. Other scorers for Post were Garland Dudley with four and Ray Martinez with two.

The Post girls had a much easier time of it, winning their game, 53 to 35, after getting off to a 19-4 first quarter lead.

Joni Hays scored 23 points; Kim Mitchell, 20, and Pat Bilberry, 10.

## Phillys' Phrases

By PHILLYS ECKOLS

The second semester is finally under way, and it has already established its presence as a busy and exciting time for all of us. To really get off on the right foot—Friday night the varsity boys beat Slaton in a three-minute overtime (Post 52, Slaton 46), making them tied for district for the first half of the season with Denver City. For years Slaton has been our number one rival, but it seems as if the rivalry is beginning to swing over to Denver City. We are hoping that everyone will come out and support the Antelopes and watch them win the second half district play.

The girls team was not quite as fortunate as the boys, and they were defeated for the first time in district play by Slaton. (Slaton 54, Post 46). Even though they didn't win they didn't really let us down; no one, including Slaton, knew who would win until the very last minute of the game.

The Juniors have started working on their play. For their grand performance they have chosen the play, "The Stuck Pot." Tryouts should be sometime soon. I'm anxious to see how talented their class is.

Last Monday night Coach Tannehill gave the program at the FHA meeting. His program was about preparedness.

The people who took their SAT exams in December have received their scores. I hope everyone did well. Seniors, if you haven't taken your test to enter college, you should start thinking about doing it sometime soon.

The Junior class had a meeting last week. They discussed their Junior play and chose their class song, motto, color, etc. Their song is "El Compre Pasa." Their class colors are silver and purple. Their motto is "The Serenity Prayer." They hope to have chosen a theme for their banquet and prom, soon. But, of course, since I am a Senior it will be kept secret from me.

The photographer was scheduled to take the activity pictures, Tuesday, Jan. 23.

**HINT TO THE WISE:** If you are sad remember, happiness is not a possession, but a state of mind.

**THOUGHT FOR THE DAY:** If everyone thought as well of others as they do themselves, there would be no enemies.

Congratulations to the high point scorers last Friday night, Melanie King and Jenda Gilmore 15 each and Danny Lee with 17 points.

**Large antique show is scheduled for Lubbock**

LUBBOCK — One of the largest antique shows in the South Plains area will be held Friday, Saturday and Sunday, Jan. 26-28, at the National Guard Armory here.

Persons are expected from all over the nation for the showing of furniture, pottery, jewelry, pewter, dolls, Indian artifacts, paper goods, oriental items, cut glass, primitive works and books which will have a total value of about \$2 million.

Show hours will be from 1 to 10 p.m. Jan. 26-27 and 1 to 6 p.m. Jan. 28.

### Bounties on dogs will be resumed

The City of Post will resume paying its \$2 bounty on stray dogs this Friday, according to Pete Maddox, superintendent of public works.

There have been numerous complaints recently of stray dogs, many of them traveling in packs, the city official said.

There have been complaints from the areas of 10th, 11th and 12th streets of a number of large dogs running at large. Under a city ordinance, dogs must be vaccinated, licensed and kept at home.

Those picking up stray dogs are asked to telephone the city police department, 2122, and advise the dispatcher. The dog will be taken to the city pound by a policeman. The bounties will be paid at the city hall.

### Library board—

(Continued from Page 1)  
Lubbock books to the Post library.

The Rev. George Miller, who served as volunteer librarian before Mrs. Pee Wee Pierce was hired as librarian, recommended to the board that Mrs. Pierce be given full librarian status and no longer requires such supervision. The board authorized this change.

Mrs. Pierce reported that January circulation for the library appears headed for a new record and pointed out that 1972 library circulation topped the 10,000 mark for the first time.

Attending the session were Trustees Mrs. Ruth Young, Mrs. Chapman, Mrs. Kirkpatrick, Miller, and Jim Cornish, and Librarian Pierce.

**81 DOGS VACCINATED**  
RALLS—The Ralls Future Farmers of America chapter sponsored its annual dog vaccination here Jan. 13, with 81 dogs brought in for vaccination.

## 'Historic Sites of Texas' published

DALLAS — What does La Salle's Fort St. Louis look like now? When was Sam Houston defended by Francis Scott Key? How did the Glen Rose dinosaur tracks remain intact for a hundred million years?

These are some of the questions answered by the recently published "Historic Sites of Texas." The author, June Welch, is chairman of the History Department of the University of Dallas.

"Historic Sites of Texas" contains recent photographs of 72 places of importance in the state's history and accounts of what happened at each of them.

The sites range from the Paluxy Valley where dinosaurs left their tracks 120 million years ago; to the two century old aqueduct (which still works) that Spaniards built to serve Espada mission; to the Monsanto plant where the explosion of the French ship Grandcamp devastated Texas City; and to the Texas theater in Dallas where Lee Harvey Oswald was captured after the death of President John Fitzgerald Kennedy.

The subjects include the surgery done by Cabeza de Vaca four centuries ago, Jean Lafitte's pirate operations at Galveston, Three-Legged Willie Williamson's judicial style, the capture of Cynthia Ann Parker, the death of Sam Bass, and the location in Austin of a presidential library.
