

TOUR POSTEX MILL—Thirty-two foreign visitors, observing agricultural operations in the United States, the Postex Mill here Saturday morning and saw how sheets and pillow cases are manufactured. In the first

picture, a group of the visitors are shown at one of the looms, and in the second picture inspect another type of machine. In the third picture, George "Scotty" Samson of Post explains an item of interest to Michele Frevosto of Italy (left), Adem Kar-

aelmas of Turkey, and Isabel Giampietro, interpreter for the group. Shown between Samson and Karaelmas is Walter Duckworth, president of the Post Chamber of Commerce. In the fourth picture, Miss Giampietro and a group of the visitors show

an interest in one of the mill's operations, and in the final picture, Karaelmas watches a worker at the mill thread a loom. At Karaelmas' right is Marshall Mason, Post businessman and a member of the reception committee.—(Staff Photos).

JUNIOR RODEO QUEEN—Miss Janie Gossett, 16, daughter of Mr. and Mrs. L. E. (Buck) Gossett, was presented as queen of the seventh annual Southwestern Championship Junior Rodeo here recently. Other candidates, who served as the queen's attendants after results of the election were announced, were Sherry Taylor, Hazel Lancaster, Jeanette Storie, Minnie Lee Mothis and Jennie Lou Redman.

260 Votes Are Cast Tuesday In ASC Election

Approximately 260 votes were cast Tuesday in the election of Agricultural Stabilization and Conservation committees for three communities of Garza County.

Voters in each of the communities chose the committees from a slate of ten nominees.

The one receiving the highest number of votes in each community will serve as committee chairman, in addition to attending the county ASC convention at 9 a. m. Monday as a delegate.

At the county convention, a county ASC committee will be elected by the delegates from the three communities.

Those elected in Tuesday's voting were:

Community "A"—George Sartain, chairman and convention delegate; Aubrey McNeely, vice chairman and alternate delegate; Roy D. Williams, member.

73 Garza Countians Vote Absentee

With 73 votes cast here, Garza County shared in the state's unusually heavy absentee ballot turnout for the Aug. 23 Democratic runoff election.

County Clerk Ray N. Smith reported Wednesday morning that 73 absentee votes had been cast at his office or mailed in, and that three mail ballots would be counted if they arrived bearing a postmark of earlier than midnight Tuesday.

The heavy absentee ballot turnout is attributed to the gubernatorial campaign, in which Gov. Allan Shivers and Ralph W. Yarborough are waging one of the most heated political battles in the state's history.

Robert L. Johnson, director of the Texas Election Bureau, said the large absentee vote indicated the approximately 1,350,000 votes cast in the July 24 primary battle.

If the second primary vote in Garza County is higher than the July 24 turnout, it will have to go well above the 1,000 mark.

Only the other runoff race appears on the Garza County ballot that is the one in which Fred Brewer and Alvin M. Scott are campaigning for nomination for associate justice of the Supreme Court, Place 1.

Garza County's nine voting places for Saturday's election and the possible judges were as follows:

North Post (schoolhouse), Greenpoint, Doris Metzger; South Post (schoolhouse), Sam Ellis; Verbeno (schoolhouse), Julius Tinsull; Chico (schoolhouse), L. H. Teel; Graham (schoolhouse), J. W. Bill; McMahon.

Pleasant Valley (Map 11st church), Clark Barton; South Post (courthouse), S. E. Culp; "Two Draw" (Pat Walker residence), Hall Drake; Zittelsburg (school house), Mrs. Pearl Nance; Mrs. N. R. King is chairman of the special canvassing board for absentee votes.

Only One Faculty Post Is Vacant As Opening Nears

Employment of two new grade school teachers leaves only one faculty vacancy to be filled for the 1954-55 term opening Monday, Sept. 6, Supt. D. C. Arthur said Tuesday.

The new grade school teachers are Mrs. V. A. Lobban, who has been principal at Justiceburg for the past few years, and Mrs. Joe Callis, who has been teaching at Justiceburg.

The faculty vacancy to be filled is that of choral music instructor in the high school and grade school.

Mrs. Lobban will teach sixth and seventh grade arithmetic, and Mrs. Callis will teach a second grade section.

Student registration for the new school term will be held Thursday and Friday, Sept. 2 and 3, with classwork getting under way Monday, Sept. 6.

A general faculty meeting has been set for 9:30 a. m. Sept. 2 in the high school library. Following this meeting, Chant D. Lee, high school principal, and See **FACULTY POST**, Page 8

Saturday's Rain Measures 1.45

Post's 1954 rainfall total passed the ten and one-half inch mark Saturday and Sunday night when 1.45 inches fell to boost the year's total to date from 8.96 inches to 10.51 inches.

With four months of the year remaining, the 10.51 inches measured through Aug. 22 is only .76 of an inch below the 1953 total of 11.27 inches.

Saturday's precipitation was the first of the year in which as much or more rain has fallen within the city limits as elsewhere in the county. No more than an inch and a half was reported anywhere in the county, and the area south of Pleasant Valley received only about .40 of an inch.

The rain proved a big help to late-planted feed, and to dry-land cotton by maturing the large bolls, County Agent Lewis C. Herron said.

"But we still need a whole lot more rain," the agent added.

Saturday night's rain was accompanied by a short, but severe electrical storm. A Brown Bros. rig, just west of town, was struck by lightning, although damage was reported as negligible. Lightning also disrupted electrical service for almost an hour in a section of the north-west part of town.

First 1954 Bale Is Ginned Here

Garza County's first bale of 1954 cotton, grown by Bill Powers on the Guy Price farm, 13 miles northeast of Post, was ginned here Wednesday afternoon at the Planter's Gin.

Buck Craft, Jr., gin manager, ginned the 530-pound bale free and paid Powers 36 cents a pound for it. He also purchased the 960 pounds of seed from the load of cotton at a rate of \$55 a ton.

For bringing in the first bale of "breaks" cotton, Powers was paid a \$50 premium by the Post Chamber of Commerce. A \$50 premium will also be paid for the first bale of "plains" cotton.

Powers, who has 175 acres of dryland cotton, gathered the first bale from about 25 acres. The load of seed cotton, which arrived at about 2:30 p. m. Wednesday, weighed 2,025 pounds.

Last year's first Garza County bale, grown on the plains, was ginned Sept. 3.

New Teachers Listed At Four Rural Schools

There'll be new teachers at four of Garza County's five rural schools when the 1954-55 term opens next week.

The only school at which there isn't a faculty change is at the one teacher school at Gramburg, where Mrs. Cora Belle Scoggin was re-elected for another year.

New teachers at Garnella, a two-teacher school, are Ivan McWhirter of Tahoka, principal, and Mrs. Susie Locke of Windom. They replace Mr. and Mrs. A. T. Nixon, who will teach this year at Clove City, another Garza County rural school.

There are two new teachers at Justiceburg, where Mrs. Emma Schuler and Mrs. Cleo Messer have replaced Mrs. V. A. Lobban and Mrs. Joe Callis. Mrs. Schuler has taught in Kent and Scurry counties for a number of years. Mrs. Messer, whose home is in Atoka, Okla., has been teaching at Klondike, in Dawson County.

The former Justiceburg teachers, Mrs. Lobban and Mrs. Callis, have accepted teaching positions in Post Elementary School for the new term. Mrs. Lobban had been at Justiceburg for 11 years and Mrs. Callis for three years.

New teachers at the Graham School, west of Post, are Mr. and Mrs. G. L. Hamor. They replace S. E. Brightwell, who was principal last year, and Mrs. Mary Lee Weisner, who will teach this year in Post Elementary School. Elected for another year at Graham was Mrs. Bob Lusk.

Gossett Employed As Hospital Head

L. E. (Buck) Gossett, who has served as Precinct 2 county commissioner for the past seven and a half years, was employed as administrator of the Garza County Memorial Hospital Tuesday night at a special meeting of the hospital board.

Gossett is to take office Wednesday, succeeding Jack Rex, who has resigned to accept a similar post at a hospital in Graham.

Gossett, who has been a resident of Garza County for the past 40 years, was remunerated for a

Housing Obtained For Fair Exhibits

Three 20 by 30-foot tents have been secured to house the exhibits at the annual Garza County Fair here Sept. 17 and 18. H. W. Schmidt reported at Tuesday evening's meeting of the Post Lions Club.

Two of the tents will house livestock and poultry exhibits, and a Caproek Chevrolet, Inc., exhibit will be in the other, Schmidt said. There will also be two 20 by 30-foot tents to house the concession stands.

The city warehouse will be used for the women's and agricultural exhibits.

John Perry of the Southwestern Public Service Company reported that transformers have been placed at the fairgrounds and that the "juice" is ready to be turned on. The fairgrounds are east of the locker plant and south of Hudman Furniture.

Bob Collier, a guest at Tuesday night's meeting, showed a film he made while on a fishing trip near Taos, N. M. Other visitors were Malcolm Bull and N. W. Stone.

M. S. Nichols and Bob Howell were introduced as new members.

Quarterbacks Club To Meet Monday

Members of the Post Antelope football squads and their parents will be special guests Monday night at a meeting of the Post Quarterbacks Club in the school lunchroom.

Charles R. Gates, president of the quarterbacks club, said a football game film will be shown and Coach V. F. "Bing" Birmingham will explain his program for the season for the benefit of the players, their parents and club members.

Gates said almost as many quarterbacks club membership cards had been sold to women as to men and he urges all women to attend Monday night's meeting and all other meetings of the organization this season.

"The women, especially the mothers of the players, are just as ardent team boosters and football fans as the men, and we need them in the club," Gates said.

Rodeo Shows \$1,481 Profit

This year's Southwestern Championship Junior Rodeo showed a profit of \$1,481.40, it was reported Tuesday by L. E. (Buck) Gossett, secretary, who had just completed balancing expenditures against income after gathering in all outstanding bills.

The \$1,481.40 profit from this year's show is a big gain over last year, when the profit amounted to only \$138.12.

Income from this year's rodeo totaled \$8,916.09, and expenses amounted to \$7,981.29.

Income was itemized as follows: Gate, \$3,568.40; con-

Dog Believed Rabid Killed Here Monday

A seven-month-old German Shepherd female dog, believed to have been rabid, was killed in the southwest part of town Monday by City Marshal F. M. Reep, and the animal's head sent to the State Health Department laboratory at Austin for examination.

Reep said Wednesday that he expected a report from the health department by Saturday. Meanwhile, he reminds dog owners of the city ordinance requiring that pets be vaccinated against rabies and licensed.

The marshal said the dog killed Monday was owned by a family living at a trailer court in that part of the city. He said neighbors called him after noticing the dog acting strangely.

After the dog was destroyed, city officials made an effort to learn if any person or any pets in that part of town had been bitten by the animal. "As far as we could learn, no one was bitten," Reep said.

Since tags were received early in July, 53 dogs have been vaccinated and licensed, the marshal said. About the same number of animals have been taken to the city pound since that time and all except one, which was claimed by its owner, have been destroyed.

Owners may have their dogs vaccinated by taking them to Reep or calling him. License tags may be obtained at the City Hall on payment of a fee of \$2.50 for females and \$1 for males.

Party Date Set

The annual get-acquainted party for trustees and their families and teachers and their families of the Post Independent School District will be held at 8 p. m. Thursday, Sept. 2, in the school lunchroom. The program will include music by the high school orchestra, directed by Bill Parks.

Three Wildcat Locations Staked in Garza County By Lubbock Physician

Locations for three wildcats have been staked 10 miles east of Post by Dr. Sam G. Dunn of Lubbock, who also reports completion of two wells in the same area.

Dr. Dunn has asked the Railroad Commission to name the field in that area "LouSamBob," after his three children.

The wildcat locations are:

Dr. Sam G. Dunn No. 2-Davis, 990 feet from north and 330 feet from east lines of southwest quarter of Section 80, Block 5, GH&H Survey, 10 miles east of Post, rotary operation to 3,000 feet.

Dr. Sam G. Dunn No. 8-McRary, 990 feet from south and

east lines of northeast quarter of Section 79, Block 5, GH&H Survey, rotary to 3,000 feet, 10 miles east of Post.

Dr. Sam G. Dunn No. 9-McRary, 330 feet from south and east lines of northeast quarter of northeast quarter of Section 79.

The completions were:

Dr. Sam G. Dunn No. 1-Henderson, in the same area where the new locations were staked, pumped 33.02 barrels of oil. Gas-oil ratio was not big enough to measure. Top of the pay was 2,678 feet. The well produced from open hole at 2,678 to 2,1747 feet. It was fractured with 4,000 gallons. Location is 282 feet from west and 842 feet from south lines of northeast quarter of Section 82, GH&H Survey, Block 5.

Dr. Sam G. Dunn No. 2-McRary, pumped 63.88 barrels of oil. Gas-oil ratio was 37.2. Production was from open, 2,764 to 2,836. The well was fractured with 1,000 gallons. Location is 330 feet from north and west lines of Section 61, Block 5, GH&H Survey.

Southland Schools To Open Aug. 30

The Southland Public Schools will open Monday for the 1954-55 term, Supt. F. W. Callaway has announced.

School busses will run at the regular times Monday, and student registration will follow a brief assembly period. Serving of school lunches will begin on Tuesday, the first day of regular classwork.

The faculty for the new term is as follows:

High School—Callaway, science and mathematics; J. L. Swindle, commercial subjects; Louis Denton, coach and social science; Miss JoAnn Stowe, English.

Grade School—Mrs. J. L. Swindle, first grade; Mrs. Nina C. Lindley, second and third grades; Mrs. Dixie Roberts, fourth and fifth grades, and Mrs. Claude Key, sixth and seventh grades.

VA Questions And Answers

Q. A veteran friend of mine forgot to pay his GI insurance premium when it was due, and he died during the 31-day grace period. Will his beneficiaries receive his insurance proceeds, or are they out of luck?

A. Inasmuch as the grace period had not expired, his beneficiaries will receive the insurance proceeds, minus the unpaid premium.

Q. I am enrolled in a two-year business course under the Korean GI Bill. I understand I am entitled to 30 days' absence a year. If I don't use up all my absence the first year, can I carry over the rest to use in the second year?

A. No. Unused absences may not be carried over from one year to the next. During your second year you still will be allowed no more than 30 days' absences—regardless of how many days you used up your first year.

Q. I bought a house with a GI loan. Recently my house was completely gutted by fire. Would it be possible to have my GI loan rights restored, so that I can buy another house?

A. Yes. It is possible, under the law, to restore your GI loan rights. However, VA must be free from liability on the original loan. Your nearest VA office can advise you with all the details.

Q. I have just been separated from service, and I intend to apply for Korean GI term insurance. What's my deadline?

A. You must apply and pay your first premium, within 120 days after the date of your separation. Remember, 120 days is not always four calendar months, so be sure you apply within the 120-day period.

\$288 Scholarships Offered Students

PLAINVIEW (SpL) — Wayland College is announcing this week sponsored scholarships in the amount of \$288 to the highest ranked Baptist boy and girl in each 1954 high school graduating class, according to President A. Hope Owen.

Conditions of the sponsored scholarship grants include: certification by high school official that student is in upper quarter of class and is highest ranking Baptist boy or girl; and student must meet all admission requirements of Wayland College.

The sponsored scholarship of \$288 will take care of average tuition cost and fees. These are made possible by a special fund. Application for admission and scholarship should be made at once to President Owen as fall registration for all new students begins at 8 a. m., Sept. 13. Dormitory space is already at a premium, according to Bryan Robinson, dean of students. Completion of new Hattie Mays Ferguson Hall, a residence hall for 30 young women is being rushed. This is the second girls' dormitory at Wayland College to be completed in two years and a third is on the architect's drawing boards.

DO IT YOURSELF
LYNN, Mass.—Sewers Superintendent Edward F. Carroll says a number of heavy gratings from catch basins have been disappearing. One of them was found on a homemade barbecue set up in a nearby backyard.

BOSTON.—Boston's Museum of Science displays what it claims are the two largest lobsters on record. Caught off the Virginia Capes, they weighed 42 pounds, 7 ounces, and 38 pounds, 12 ounces, respectively.

Billions Tied Up In Oil Industry

If you were in business, how would you like to tie up a billion dollars worth of goods constantly so you could guarantee customers the night-and-day, year-in-and-year-out service they expect?

Doesn't sound very attractive, does it? That's one of the things the oil industry does to keep the public supplied with petroleum products, according to E. R. Moreland of the Garza County (Oil) Industry Information Committee.

"Few people realize the supply stocks that oil men have to maintain," Moreland said. "For example, we know that water won't come out of a hose until it is filled from one end to the other."

"Similarly, crude oil and petroleum products won't pour out of a pipeline until it is filled. With more than 170,000 miles of petroleum pipelines in this country you have a fair idea of the stocks that must be tied up constantly."

Other forms of transportation, as well as refineries, bulk stations and other facilities must be kept filled to insure continuous movement of stocks.

Moreland, who is general superintendent for Brown Brothers, Et Al, said 65 per cent of the industry's crude oil inventories, 40 per cent of its light products and 42 per cent of its residual fuel oil are unavailable for sale continuously, because of this factor.

He said the value of crude oil and major products tied up in this process is substantially in excess of one billion dollars.

By CHARLES DIDWAY

BOTH ALLAN SHIVERS AND Ralph W. Yarborough have expressed confidence of winning Saturday's runoff election. One of them, and a whole of a lot of voters, are going to be disappointed after all the votes are counted, or even before, if there is a landslide in either direction.

INDICATIONS ARE THAT SATURDAY'S election will be a close one, but it'll have to be closer than Dick's husband to be any tighter than the second primary election of 1932, when Ma Ferguson edged Ross S. Sterling by a vote of 477,644 to 473,846—a difference of 3,798 votes.

THE DOUBLE PRIMARY ELECTION system went into effect in 1918, with the first runoff being held in 1920, when Pat M. Neff beat Joseph W. Bailey, 264,075 to 184,702. In 1922, Neff was re-nominated without the necessity of a runoff election, and in 1924, Ma Ferguson defeated Felix D. Robertson, 413,751 to 316,019.

DAN MOODY WAS THE WINNER in the 1926 runoff, beating Ma Ferguson, 495,723 to 270,585, and in 1930 Ma entered the Texas political picture again by losing to Sterling in the runoff, 473,371 to 384,402, after leading him in the first primary.

THE YEAR 1932 BROUGHT THE "tight" runoff election between Ma and Sterling, and in 1934, James V. Allred was a second primary winner over Tom F. Hunter, 497,808 to 457,785. The 955,593 votes cast in the runoff election set a new record for the state.

NO RUNOFF ELECTIONS WERE necessary from 1934 until 1946, with W. Lee O'Daniel and Coke R. Stevenson each winning two nominations. The next second primary came in 1946, when Beauford H. Jester defeated Homer P. Rainey, 701,018 to 355,654. Jester won again in 1948 and Shivers in 1950 and 1952 without being forced into runoff elections.

THERE IS A POSSIBILITY OF two records being shattered in Saturday's election. It's unlikely that the close-race record of 1932 will be smashed, but there is a good chance of the total-vote record of 1934 being broken. We'll wait and see.

THE 32 FOREIGN VISITORS who toured the Postex Mill here Saturday morning made an unexpectedly good impression on the Chamber of Commerce reception committees by "bringing a rain with them." There was a light sprinkle before the visitors' special bus arrived, and the downpour started while they were being shown through the mill. If the visit really did have something to do with Saturday's rain, let's hope more of them are scheduled—a few weeks earlier in the future.

Roger W. Babson Writes This Week.

Poor 'Sales Performance' Is Keeping Us From Selling America To Other People

GLOUCESTER, Mass.—I am disturbed by the recent trend in our foreign relations. Despite the expenditure of billions of dollars abroad in military and economic aid, we have not been having much success in selling America and American ideals to other peoples.

Our foreign relief and rehabilitation programs, including the great Marshall Plan which, together with Point Four, did so much to put Western Europe back on its feet, were good ideas. They stimulated economic activity here at home and they aided countless millions of people in Europe and Asia. But they served also to antagonize some people abroad and to create misanthropes.

Poor Sales Work
In other words, our Government spent much time, effort, and money on a big promotional campaign that almost fizzled. Why? I think we failed because our official personnel abroad—our salesmen, if you will—did not know exactly what they were selling and did not trouble to ascertain the real needs of the foreign countries which were their "customers." That was not good diplomacy, or good politics, or good business. Although we are a mighty nation, we cannot afford such poor "sales performance."

Our foreign policy has been directed by a number of very capable men. I do not blame them for the fact that it has backfired so often in recent years. They have had hard sledding, with crisis following upon crisis. They improvised, and perhaps did the best they could. Meanwhile, the State Department has provided good berths for generous contributors to political party "war chests."

More Efficient Foreign Service Needed
We need more efficiency and ability in the State Department, AND PARTICULARLY IN THE CONDUCT OF ITS OVERSEAS OPERATIONS. Next year, Congress should give careful study to effecting improvements. It could provide for recruiting Foreign Service personnel by establishing scholarship training programs somewhat like the one which has worked so well for the Navy's Reserve Officer Training Corps.

An alternate measure would be the founding of a Foreign Service Academy to train men and women especially for overseas serv-

AN INOPPORTUNE TIME . . .

The request of General Telephone Company of the Southwest for higher rates seems to us to have been made at a most inopportune time. With area farmers and businessmen faced with a struggle to make ends meet, it just doesn't seem the right time for any type of business to step in and ask for higher rates in order to make what they term a fair profit on their investment.

Practically all our farmers and businessmen have sizeable investments on which they'll be extremely lucky to show fair profits during the coming months, yet they're not asking for higher prices in order to pull out of a hole in which bad crop conditions have placed them. That would be an easy way out for them, but it would be a strain on others—a strain that would move in a cycle and make itself felt on those who sought the price boosts in the first place.

Economic conditions is only one of the reasons why we think the City Commission should not at this time grant the telephone company's request for higher rates. Another is that although the telephone company has made some improvements in service during the past few months, it isn't worth as much in some ways as it was when we were paying less for telephone service than we are now. Perhaps it's one of their ways of modernizing, but the telephone company has less to offer now than it did a few years ago when one could call "Central" and find out the time of day or the location of a fire. These little "extras" are a thing of the past with the telephone company, although other types of business are still offering such courtesies and, at the same time, not seeking any increase in rates or prices.

Perhaps the telephone company has modernized too much for the size of the town. Post is a comparatively small place, and while each of us wants it to grow, we want it to do so in a normal manner and not at the expense of having to pay top-heavy rates for service not worth them. If the telephone company has made too big an investment on its holdings here, let it figure out a way of its own to make a profit instead of asking the customer to pay more for its service than it is worth.

HURRAY FOR SENATOR Price Daniel! On behalf of himself and Senator Lyndon Johnson, he has introduced in the Senate a bill providing for the establishment of a National Library of Weekly Newspapers.

In a speech on the Senate floor Daniel said that the bill would help to preserve that great portion of the true history of our Nation which is recorded in pioneer weekly newspapers and in currently published weekly papers of the United States.

"During the early years of our Nation's history we had only weekly newspapers," Daniel said. "Even today, the educational, social, political and religious history of a great portion of our population can be found only in the files of these weekly publications."

Daniel said that the only such library now in existence was established by Garland R. Farmer of Henderson, Texas, owner and publisher of the Henderson Times. Farmer, a weekly newspaperman for over twenty-five years, has with his own funds established a library and collection of weekly newspaper files and is carrying on a national campaign in support of the proposed legislation. He has offered to make his collection and library available for this purpose.

Cong. Brady Gentry of Tyler, Texas, has introduced a similar bill in the House of Representatives. The purpose as stated in the legislation is to establish a library under the management of a director to be appointed by the President. His job would be to collect, catalogue, file, duplicate, preserve, and make available for interested citizens, schools, libraries, and others interested, the original files or microfilms of weekly newspapers throughout the Nation. It would apply to newspapers printed before and after the date of the enactment of this legislation.

Daniel said that action on the legislation would not be possible until the next session of Congress, but he urged the Congressional committees and Executive agencies to study the proposal in the interim so that it may be acted on when Congress reconvenes next year.

THE RACE IS ON in every West Texas county to see which farmer harvests the "rounty's first bale." At least three counties on the South Plains had harvested first bales up to this weekend, with Garza County sharing in Crosby County's honors, since that county's first bale was grown in the northeastern corner of Garza.

We're probably the only county in the state where two first bale premiums are paid, since there's one for the first bale harvested above the caprock and an identical premium for the first

Termites At Work

Slivers from shattered youthful dreams grind beneath my worn sandals and weariness has come to the heart that once rejoiced at the adventure of life. The termites of necessity have eaten away the ladder from which I planned to touch the stars.—Matador Tribune.

Experts Are Stumped

The experts are stumped. Normally in the summer the number of unemployed persons increases, which means, of course, that more people are out of work and fewer people have money to spend. But this was not the case this summer. Nationally, the number of unemployed remained about the same all summer, 5.1 per cent of the total force, while employment in July alone rose 50,000 to a total of 62.1 million people employed in gainful operations. That will be good news to all, since the national employment level will eventually and indirectly affect us all.—The Lockney Beacon.

Women And Angles

I haven't sufficient acquaintance with the terminology of the feminine fashion world to write at length about the changes proposed by one Christian Dior of Paris, but in general it seems that this gentleman would delight in seeing our women draped in tugs which would make them look like something out of a plane geometry book. And I'm suspicious of anyone—man or woman—who professes enthusiasm with the Dior scheme of things. Woman's graces are not best displayed in a rectangle, nor even in an isosceles triangle.—The Slaton Slatonite.

How Much More!

The maxim, "One picture is worth ten thousand words," is attributed to the Chinese sage, Confucius. Probably brought on

brought in below—known as "plains" cotton and "breaks" cotton.

First bale premiums is a custom that originated back in the early days of the South's agriculture when cotton was the "cash" crop. In fact, about the only cash crop for a large portion of the farming population.

It was the time of the year that many of the merchants and bankers had looked forward to, the same as the farm families because it signaled the beginning of the "debt paying" period when the year's accumulations of bills began to be liquidated.

It was also the period of the year when new wardrobes would be purchased for the entire family and some of the more "frivolous" desires of the family could be indulged.

In times like these, with conditions setting back the farmers, those first bale premiums seem more justified than ever.

Mother Goose In Texas

By RAY WOOD

I had a little dog, his name was Rover. I sent him to the shop for a hap'orth of snuff. He broke the bag and spilt the snuff. So take one cuff, and that's enough.

The "little dog" was a common subject for rhyme in the old World Mother Goose lore, being represented by numerous rhymes, only a few of which ever became known in this country. To say that the rhyme quoted above or similar rhymes in the classic inspired pioneer kids in America to make rhymes about their "little dogs," as well as the "houn' dog," would be just guessing. It would have been strange if they had not done so. Best known of all "little dog" rhymes in American children's is:

I had a little dog, his name was Rover; When he died he died all over; All but his tail and it turned over; Over and over and ten times over.

The little dog, like the houn' dog, was generally a subject for ridicule, being always affectionate, loyal and somewhat stupid, as well as being often more than a little of a nuisance. This rhyme seems of recent origin:

I had a little dog, his name was Tim; I put him in the tub to see could he swim. He drank all the water and et all the soap.

And He blame near died with a bubble in his throat. Next Week: "I Had a Little Pony." Variants of these or similar rhymes will be recorded in the permanent collection of Mother Goose in Texas if sent to Ray Wood at Raywood, Texas. Copyright 1954, by Ray Wood.

Wide Choice Of Army Jobs Open

In an effort to fill its ranks with qualified and career-minded personnel, the Army continues to authorize enlistment and re-enlistment in a wide choice of initial assignments, according to Sgt. J. L. Groner of the U. S. Army Recruiting Station, Lubbock. Sgt. Groner listed the following choice of assignments as being available, on a quota basis, to qualified applicants for enlistment in the Regular Army: Adjutant General's Corps, Armor, Army Medical Service, Artillery, Chemical Corps, Corps of Engineers, Finance Corps, Infantry, Military Police Corps, Ordnance Corps, Quartermaster Corps, Signal Corps, Transportation Corps, Regular Army unassigned, and Airborne unassigned. It was pointed out by Sgt. Groner that the Army maintains service schools to train personnel in all these branches.

"Another unusual incentive, the Army is now offering prospective enlistees in the Army Technical School Training Program, which allows high school graduates to actually select the training school of their choice and have their attendance guaranteed before they are required to enlist," Sgt. Groner concluded. The U. S. Army Recruiting Station, located at 204 Federal Building, Lubbock, is open daily, except Sunday, to furnish expert assistance and advice to both men and women interested in a military career.

First Garza Bale Ginned In Crosby

Crosby County's first bale of 1954 cotton, ginned at the West Texas Gin in the Kalgary community, was grown in Garza County. The bale was ginned Aug. 18 from cotton brought in by W. W. McArthur, who lives near the four common corners of and owns land in Garza, Crosby, Kent and Dickens counties. The 2,010 pounds of cotton hauled in by McArthur yielded a 485-pound bale and 850 pounds of seed. H. B. Seitz, manager of the gin, paid McArthur 44 cents per pound for the bale on behalf of the gin and did the ginning and wrapping free. McArthur grew the cotton on unirrigated land and the early harvest was laid to premature opening of bolls. A noise of 150 decibels is enough to cause pain in a human ear.

WARNING! TEXAS FARMERS-RANCHERS WARNED OF CIO LABOR PLANS. AUSTIN, Tex., Farmers and ranchers of Texas were warned this week that the CIO plans to organize the farm workers of Texas if its candidate wins the Governor's race. This warning came from Governor Allan Shivers who charged that the backers of his opponents "want to turn the state government over to the same bunch that is trying to wreck Port Arthur." "One of the first things they would do is put one of their red-hot organizers from Port Arthur in as labor commissioner. Then every time a farmer or rancher wanted to hire someone he would have to go through the CIO." Governor Shivers said there was no doubt in his mind that the aim of the CIO after the job of organizing industry in Port Arthur and along the Gulf Coast is finished is to begin organizing farm labor in all parts of Texas. "You can imagine what will happen when the CIO starts dictating how many laborers are needed to plow ten acres of land, refusing to allow a man to work more than thirty-five hours a week during the harvesting season and telling how much a farmer can charge for his crop," he said. The Shivers administration, the Governor said, has worked hard to help preserve and protect the rights of the working man. "But as long as I am Governor, the professional labor bosses who have been sent to Texas from the East—specifically those in the CIO and its Political Action Committee—are not going to run our State Government," Shivers promised. Shivers said the average working man in Texas appreciated good government and that they were not going to let CIO bosses and professional organizers from the East do their thinking—and voting—for them. A VOTE FOR ALLAN SHIVERS IS A VOTE FOR TEXAS. TEXAS COMES FIRST WITH ALLAN SHIVERS

C. Of C. To Help On Fair Booth

Directors of the Post Chamber of Commerce voted Monday afternoon for the organization to contribute \$25 to the Garza County booth at the Panhandle-South Plains Fair in Lubbock Sept. 27 Oct. 2.

Garza will be one of a number of South Plains counties with agricultural booths at this year's fair. County Agent Lewis C. Heron will be in charge of the Garza County booth.

Very little other business was on the agenda at Monday's directors' meeting, according to Mrs. Ira Greenfield, Chamber of Commerce secretary. The phone request made by General Telephone Company of the South-west was discussed, and a brief report was heard on the tour of the Postex Mill Saturday morning by 32 foreign visitors.

New Opening Time At Swimming Pool

Effective this week, the municipal swimming pool will open at 3 p. m. weekdays instead of 1:30 p. m., according to Vernon Ray, manager. The pool will continue opening at 1:30 p. m. on Saturdays.

Half the proceeds taken in Friday will be contributed to the Emergency March of Dimes, Ray said.

All swimming courses have been completed at the pool, with the exception of the adult women's class, which is meeting Wednesday and Friday evenings. Approximately 40 youngsters have completed swimming courses since the pool was opened last June.

Lunchroom To Serve First Meal Sept. 6

Post's school lunchroom, which served a daily average of 233 children last year, will serve its first meal of the new school term on Monday, Sept. 6, E. E. Pierce, supervisor, has announced.

Mrs. E. E. Pierce is beginning her fifth year as manager of the lunchroom. Other employees are Mrs. Lowe White, fourth year; Mrs. Wayne Pennington, third year; Mrs. Billy Blacklock, second year, and Mrs. H. G. Carey, first year.

Lunch prices will be 30 cents for students and 35 cents for teachers and other adults—the same as last year—Pierce said.

Band, Orchestra Are Rehearsing

Bill Parks, new band director in the Post schools, reports progress in band and orchestra rehearsals, but adds that the time is short for getting the band ready for the first football game Sept. 3.

Approximately 45 students have been reporting for band practice each Tuesday night. There are 14 members in the orchestra, which practices on Thursday nights.

Standards have been ordered for the orchestra and a name is to be selected within the next few days to be painted on them.

A new horn outfit has been purchased for the orchestra and will also be used by the band if possible.

The orchestra's first public appearance will be Thursday night, Sept. 8, at a Parent-Teacher Association party, Parks said.

The orchestra is in need of a vocalist, and high school students wishing to try out are asked to contact Parks.

United States and Texas flags have been ordered for the band.

Close City School To Open Sept. 2

The Close City School will open Tuesday, until noon, and begin classes at 8:30 a. m. on Wednesday, Sept. 2, for the 1954-55 term. Principal A. T. Nixon has announced.

Buses will run both days and lunch will be served at the school Friday, Nixon said.

Nixon and his wife are returning to the Close City School this year after teaching last year at Garmonia.

Mrs. Florence Calvert, nurse at Garza Memorial Hospital, will leave this weekend to make her home in Snyder where she will be employed by the new hospital.

FLOZELLE JONES

Student Speaker At Club Meeting

Miss Flozelle Jones of Sweetwater, Foundation Fellowship student of the 133rd District of Rotary International, was guest speaker at Tuesday's Rotary Club luncheon.

Miss Jones, who has just returned from a year's study at the University of Manchester, gave some of her impressions of England and of continental Europe, where she visited 13 countries.

J. H. Lawrence, a member of the Sweetwater Rotary Club, accompanied Miss Jones to the luncheon.

Other visitors were the Rev. Gerald Tinsell of Warren, Ark., C. Kenneth Hill, Jr., of Abilene, James R. Tubbs of Florence, S. C., and Eugene Bouchier of Post.

V. E. "Big" Bingham, Post High School football coach, will discuss the Antelope prospects for the 1954 grid season at next Tuesday's luncheon.

The attention of movie-goers is called to a program "mix-up" in the Sunset Drive-In Theatre advertisement on page one of the second section. The feature-length cartoon Hit Carnival is to show tonight and Friday, and Gary Cooper in "The Westerner" is billed for Sunday and Monday.

Swimmers To Aid March Of Dimes

Half the day's proceeds at the municipal swimming pool Friday will be contributed to the Emergency March of Dimes now under way here. Bob Poole, drive chairman, announced Wednesday.

Also assisting in the fund campaign is the management of the Tower Theatre, where a short subject is being shown on the drive and where coin boxes have been set up in the lobby.

Contributions dropped in the coin boxes, which have been placed in business and public places throughout the city, are expected to make up the bulk of the proceeds from the emergency drive, Poole said.

The chairman also announced the appointment of Mrs. R. D. Williams as drive chairman in the Southland community. Officers include: Mrs. Bill McMahon and Mrs. John Wallace Graham; Mrs. O. F. Bennett, Barnum Springs; Mrs. Billy Johnson, Pleasant Valley, and Mrs. Burney Francis, Garmonia.

The emergency drive, which officially opened Aug. 16, is scheduled to close Tuesday, but the chairman said he expects to get a week's extension for Garza County because of a late start here.

RECIPE OF THE WEEK
By Mary Lee Taylor

Nut Frosted Layer Cake

1 lb. 3-oz. package white or yellow cake mix (see note)
1 1/2 cups fat
1 1/2 cups Evaporated Milk
1 cup finely cut nuts

1 1/2 cup water
1 egg
1/2 cup sugar
1/2 cup milk
1/2 cup oil

Turn on oven and set at 375 (high moderate). Grease well, then dust with flour two 8-inch round layer cake pans. Put cake mix into a 2-quart bowl. Add half of a mixture of 1/2 cup milk and the water. Beat 1 min. Stir in rest of milk mixture, then beat 1 min. Put into greased pans. Bake 30 minutes, or until cakes pull from sides of pans. Let cakes stand in pans 5 minutes, then turn out to cool. Meanwhile, mix in a separate the nuts, cornstarch, eggs, milk and 1 cup milk. Cook and stir over medium heat until mixture is thickened, about 10 minutes. Cool thoroughly. Spread between the layers and on top and sides of cake.

Note: Use a well-known brand for calls for milk on the package.

TEXANS . . .

Do You Doubt It Now?

Here is conclusive proof of the link between Parr, Yarborough and C.I.O.

This news story, appearing in the Dallas Morning News on Sunday, August 22, 1954, will convince all TRUE TEXANS that there is a conspiracy by the Parr-Yarborough-CIO Machine to TAKE OVER TEXAS.

Remember the CIO-PARR link has been repeatedly denied by Ralph Yarborough.

PARR AGAINST GOV. SHIVERS

Staff Special in The News

SAN DIEGO, Texas.—George B. Parr, the Duval County political power, said Ralph W. Yarborough would get his vote for Governor.

Parr interrupted a coffee-shop conference with Roy Harcales of Austin, secretary-treasurer of the CIO State Conference, to say that he was not particularly for Yarborough.

"It's just that I'm against Allan Shivers," said the political boss.

Parr said that on Wednesday night he went to Wednesday to hear Yarborough make a campaign speech. Parr said he sat in the bleachers at the school stadium where Yarborough spoke and did not speak personally to the candidate. Some Parr-backed local officials sat on the platform with Yarborough.

"We haven't talked since before he announced," said Parr.

Antelope Grid Squads Drills Under Way

Forty-five grid hopefuls Monday to the Post High School staff and were through their paces in preparation for the game here Friday night. The candidates against Roscoe. The number of candidates for this year's teams is expected to increase slightly after school opens. All except two of the returning lettermen were on hand for opening drills Monday, and one of those—Bowen Stephens—showed up Tuesday. Junior Smith, the other letterman missing early drills, is expected to report within the next few days. Other returning lettermen are: Moody Graham, quarterback; Novis Pennell, center; Darrel Ray Norman, fullback; Mack Terry, halfback; Tommy Murray, quarterback; Homer Cato, fullback; Ted Tatum, end; Billy Meeks, tackle; and Dickey Beggs, tackle. Stephens is a letterman guard and Smith lettered at center. Those from last season's "B" squad who are candidates for this year's varsity team include: Charles Kilpatrick, center; James Gibson, end; Noel White, end; V. A. Lobban, tackle; Jerry Key, end; Damon Ethridge, end; Bill Stephens, guard; Jerry McCampbell, tackle; Ronnie Kennedy, back; Jackie Carpenter, center; Leon Davis, tackle, and Andy Schmidt, guard. Don Gates, who was ineligible for the "A" squad last season following his transfer here from Idalou High School, is one of the leading candidates for a starting backfield berth on this year's Antelope team. He played on the "B" team last season. Out for the first time this year is Don El Dale, candidate for a backfield position. He will be a senior this school year. Boys who have reported to Coaches Reddell and Raphael for the eighth grade and "B" squads are: Larry Lishman, George Graham, Don Norman, Don Clary, Joe McCowen, Don Ammons, Robert Carlton, Troy Cartmill, James Brewer, Gary Welch, Darrel Davis, Kenneth Martin, Don Greer, Mike Ray; Jerry Martin, Butch Wilson, Arlin Ford, Jimmy Redman, Jerry Hayes, Leslie Welch, Billy Long, Sammy Martin, Howard Jones, Paul Wheatley and Kenneth Williams. Jimmy Hutton is student manager for this season's Antelope squads.

Three Whitewashings

The St. Louis Cardinals have not been getting the pitching this year, but when they shut out the Giants, 8 to 0, July 29 it was their third whitewashing of the league leaders. Quite an achievement, inasmuch as the Giants had been held scoreless only two other times. Outside of Redbird pitchers, only Murry Dickson of the Phils and Harry Perkowski of the Reds have turned the trick.

Even-Break Champs

The Cincinnati Redlegs are still the even-break champions of the majors. On the home stand they ended July 25, they broke even at seven and seven. And that gave them an even split on the season with 49 games won and 49 lost. It was the fourteenth time this season that their percentage was an even .500.

For The First Time

Something that has never happened in the major leagues, and perhaps never before in the minors, occurred recently in Welch, W. Va., in the Appalachian League. Two triple plays were pulled in consecutive innings. As related in The Sporting News, in the seventh inning of a game between Welch and Johnson City, men were on first and second when Welch Third Baseman Lee Heffner grabbed a grounder, stepped on third and threw to Second Baseman Ed Redmond who then relayed the ball to First Baseman Bob Brown. In the very next inning, Heffner snared a line drive with two men on base and once more teamed up with Redmond and Brown to erase the side.

Attendance Record

The Boston Red Sox have drawn more than one million fans annually since 1946. To preserve that record against a possible August and September slump, they have scheduled two more night games. Their games with Detroit Aug. 20 and with Chicago Aug. 31, originally scheduled for daytime, will be played under the lights. That will make 16 night games this season, a radical departure from the Red Sox's policy of only 14 night games at home.

Home Run Record

A new record for home runs hit by pinch hitters has been set in the National League. When Sid Gordon of the Pirates rapped one against the Redlegs at Crosley Field July 23, it was pinch home run Number 21. The Sporting News says the old record of 20 was set nearly a quarter of a century ago—in 1930, Gordon, Preston Ward of the Pirates and Joe Frazier of the Cardinals have each hit two pinch home runs this year. But Bobby Hofmann of the Giants is ahead of them. He has hit three.

Quite A Race

There's quite a race on between Phil Cavarretta of the White Sox and Mickey Vernon of the Senators. They are both aiming at the 2,000-hit mark. As of July 25, both men had the same number of hits—1,952.

POLITICAL BAROMETER?

QUIET, PLEASE!

BEDFORD, Pa.—Burgess H. A. Clark has issued an order for the arrest of any persons "participating in noisy, impromptu parades for newly married couples."

Lawton—Ronny Love, Jerry Bell.
Purcell—Jimmy Clary.

Frederick—Billy Ray Stewart, Travis M. Akin, Marlow—Bobby Joe Littrell.
New Mexico
Hobbs—Buck Jones, Bobby Burnett.
Tularosa—Gerald Marr, Lovington—Kenny Smith, Tommy Hester.
Tatum—Tommy Pae, Joel Black.
Elida—Dillard Nuckolls, Travis Nuckolls.
Ruidoso—Ronny Chastain.
Kansas
Ashland—Kenneth W. Wood, Meade—Jimmy D. Fisher.
Louisiana
Sulphur—Cotton Kinney.
Wisconsin
Wisconsin Rapids—Mel Potter.
Montana

Post Man To Get Master's Degree

V. F. "Bing" Bingham, Post High School football coach, is a candidate for a Master of Education degree at commencement exercises Friday night at Texas Technological College.

Other candidates for degrees from Post are Daisy Nell Holly, Bachelor of Arts (speech), and Orlin Lowell Sweeten, Bachelor of Science in mechanical engineering.

There are 317 candidates for degrees at Texas Tech.

The services will be at 7:15 p. m. on the Administration Building Green. Dr. James P. Cornette, president of West Texas State College at Canyon, is the commencement speaker.

Of the 317 candidates for degrees in the summer class, 141 are candidates for graduate degrees and 176 are candidates for bachelor's degrees.

The first doctor of philosophy in history will be awarded to Zane Allen Mason, Lubbock, who will go to Lincoln Memorial University, Harrogate, Tenn., to be head of the department of history and government. Four doctorates in education (Ed.D.) will be awarded bringing the total number of earned doctorates from Tech to 12.

Education doctorates go to C. B. England and James S. Nicoll, both of El Paso, Merial C. Stuart of Lamesa, and Robert J. Hoey of Lubbock. A total of 110 master of education degrees are included in the 141 graduate degrees.

Puppeteers To Show At Fair In Lubbock

LUBBOCK (Spl.)—The Lessell Marionettes, famed American team of puppeteers, will appear at the Panhandle South Plains Fair in five free shows daily which will include some of the outstanding circus and vaudeville acts which have been presented at children's theaters from New York City to San Francisco.

The specially prepared puppet show will be given in Puppet Palace, located next to the new Fair Park Coliseum. The free shows will be presented five times each day during Fair week, Sept. 27-Oct. 2.

REVIVALIST—The Rev. Gus Hayworth, pastor of the East Side Baptist Church, Temple, will conduct a week's revival at the Grassburr Baptist Church, beginning Monday and continuing through the following Sunday. Services will be held each evening at 8 o'clock. "Everyone is invited to attend and pray for a good revival," said the Rev. Herbert Aduddell, pastor.

We regret to lose the Vernon Lobban and Joe Callises from our community. Both families have moved to Post. Mrs. Lobban will teach sixth and seventh grade math until the new junior high building is completed, when she expects to transfer to an eighth grade section. Mrs. Callis will teach one section of the second grade. The Lobban family moved to Post during the weekend and the Callises will move soon.

Mrs. Virgil Streety was a guest in the Cisco home of her sister last week. Another visitor there was their mother of Hawkins.

Carolyn and Eddy McCowen underwent tonsillectomies in Slaton Mercy Hospital Tuesday morning.

Mrs. Herman Messer and children were in Snyder Saturday.

Bill Mize's father has returned to his home in Conroe after a visit here.

Promise Speed-up On Drouth Relief

Gov. Allan Shivers has urged the State Drouth Committee to expedite the inclusion of Garza County in the state's drouth disaster area, County Judge Oscar Graham was informed by telegram Tuesday.

The telegram came from William L. McGill, state coordinator of Defense and Disaster Relief.

Inclusion of Garza County and eight other counties "below the Caprock" in the emergency drouth relief feed program was requested in a telegram to the governor last Thursday following a meeting of farmers and ranchers in the Motley County courthouse at Matador.

Judge Graham said that no one from Garza County attended the Matador meeting, but that he requested by telephone that this county be included among those seeking emergency drouth relief.

Beef On September's Plentiful Food List

COLLEGE STATION (Spl.)—Beef is featured on September's plentiful foods list. It gets top ranking because supplies are heavy and prices are about the lowest so far this season.

Beef, however, will not be the only major food on next month's list for at least 15 others are listed by the USDA's Agricultural Marketing Service in the southwest.

Homemakers will find plenty of medium and small eggs; milk and other dairy products; turkeys; hens, broilers and fryers; honey and rice; peanuts and peanut butter; fresh and processed lemons and limes; salad oils and vegetable shortenings when shopping in September.

If the old adage, "Variety is the spice of life" be true, then grocery shoppers next month by taking advantage of the "best buys" should be able to give the family a pleasing and nutritious variety of food eating.

TWIN CARS CRASH

BEDFORD, Va.—A 1950 green sedan collided here with a 1950 green sedan of the same make. There was \$1,200 damage to one car, \$700 to the other. No one was hurt.

WINDOW JOB
LANSING, Mich.—City officials estimated at least half a million windows in Lansing area homes had to be washed. Airplanes spraying 104,000 acres in three counties around Lansing to kill the midwest's first invasion of the gypsy moth left an oily film on the glass.

SIGNALS CROSSED
ANDOVER, N. J.—A house went up in flames while firemen directed traffic—they mistook the fire alarm for an air raid alert.

SERVICE SINCE 1915

The Gubernatorial Campaign In Review

You were warned in the early days of this campaign that the Shivers' forces were boasting that they were going to buy the election. They have now proven that as a fact by the enormity of Shivers' Television, Radio, and mailing programs, each costing enormous amounts of money. BUT, you have seen nothing yet . . . watch all these and your picture shows the remainder of this week. HISTORY WILL SURELY RECORD THE SHIVERS' CAMPAIGN AS THE GOLD RUSH OF 1954.

Let's Show Them The Governor's Office Is Not For Sale By Electing Ralph Yarborough.

They are circularizing you about "what would you have done," etc. Is it asking too much that a man be honest . . . he owed us, and even the Republicans, that; but why didn't he tell us honestly instead of in "double-talk."

Shivers goes up and down the State saying and circularizes you that if he is not re-elected the farmers will be unionized. Just how ignorant does he think the farmers are? SUCH STUFF AS THAT IS AN INSULT TO THE INTELLIGENCE OF TEXAS FARMERS.

LET US LOOK AT THE GOVERNOR'S RECORD. HE SHOULD BE RUNNING ON:

SCHOOLS:

Only 78% school-age children in Texas enrolled in public schools. Average classroom teacher salary nearly \$300.00 below average of country as a whole. In this Texas ranks 27th.

He says he got them a \$402.00 raise. You will remember that he agreed to this only as a compromise. Why didn't he agree to this in regular session last year instead of waiting until he was fixing to announce for a third term to perpetuate himself in office and then call a special session of Legislature at \$100,000.00 expense to the tax payers of Texas to do what could have been done in regular session at no extra cost to tax payers.

OLD AGE ASSISTANCE:

During Governor Shivers 5 1/2 years in office the only help for the aged has come from the Federal Government. State assistance has not increased one penny during his tenure and Texas ranks in the low position of 37th in aid to aged.

NEEDY BLIND:

In 1949 when Shivers took over the Governor's office Texas ranked 32nd in this and has now dropped to the low of 38th.

DEPENDENT CHILDREN:

During the present Governor's tenure Texas has dropped from 38th to 42nd place among the states in its aid to dependent and neglected children.

PUBLIC HEALTH:

For public health Texas is spending a little less than half as much per capita as the average state. Texas spends \$4.64 while the average state spends \$8.47.

JUVENILE DELINQUENCY:

In 1953 the number of girls committed rose 45% above all previous figures. In 1953 the number of boys committed rose 25%. Faced with these facts the present administration has failed to provide us with a parole supervisory system and has cut the budget of our youth development almost in half.

MENTAL HOSPITALS:

Mental patients are packed 14,420 into space for 8,846. In Rusk, 143 of them sleep on the floor and are forced to sit on hard wooden benches to wait their days out. Our Doctors should rise up in arms about this.

TUBERCULOSIS HOSPITALS:

Fewer than 4,000 beds, including private beds, are available in Texas for 19,000 persons with active tuberculosis. And still some of our doctors support Shivers.

STATE HOSPITAL AND SPECIAL SCHOOL STAFFS:

The shortage of physicians, workers and trained psychiatric nurses is 300 per cent below requirements set by Public Health Department. And still some Doctors support Shivers.

RETARDED CHILDREN IN OUR STATE SCHOOLS:

Our retarded children are crowded two to a bed, and in some buildings 104 where there is room for 50 (Sources of foregoing are: 4th annual report of Texas State Youth Development Council to the Governor, U. S. Office of Education, Public Welfare Dept. 1953)

SALES TAX:

Allan Shivers says he is opposed to a sales tax and accuses Ralph Yarborough of being for sales tax. When Shivers was Senator he voted twice for a general sales tax. Did you read 1st page of section 4 last Sunday's Star Telegram (Shivers mouth-piece)? Headline at top of that page says "NEW TAXES IN TEXAS PICTURE" and Austin date line stated "THE TEXAS HIGHWAY COMMISSION" (they are Shivers appointees who are out campaigning for him) "says a tax increase is absolutely necessary," and quotes Mr. Shivers' main boy on the Highway Commission as follows "Chairman E. H. Thornton, Jr., of Galveston says the law makers will be asked to add 2 cents to the State Tax." 2 cents per gallon on gasoline. IF THIS IS NOT A SALES TAX, THEN WHAT IS IT?, and from Shivers camp, too.

Why did Mr. Shivers change his birth place. In the first primary he told us he was born and reared in Lufkin—Yarborough beat him overwhelmingly there, was that because the people there knew Shivers? Now he tells you he is from Port Arthur.

Port Arthur is the town Shivers told you in the first primary was CIO and would go for his opponent, but Shivers carried Port Arthur, his own labeled CIO town, and now claims it as his home—isn't that peculiar? If that is Shivers home town then he must be the same kind of person as those who are this week distributing a scurrilous booklet called Port Arthur story and containing such phony pictures as to be self evident amateurishly doctored to make them appear as Mr. Shivers wishes they were.

WHY ARE THOSE WHO DISTRIBUTE THEM ASHAMED TO SIGN THEIR NAMES TO THEM. Usually pictures of a town show its leading citizen among them, the \$64.00 question is "which ones of those pictures is of Shivers?" Their 'slip is showing' because it is too evident they are fictitious. **That stonerous book of falsified pictures is typical of the Shivers campaign. It is the 'dead give-away' that he and his followers are desperate and willing to stoop to a depth of degradation never before reached in a political campaign in order to continue their control of Texas Government.** Shivers says if you will re-elect him he will break up the strike in Port Arthur. It has been going on for more than 10 months and he has done nothing but shout about it—he has four more months of this term of office—is this a threat that he will continue to do nothing unless re-elected. Mr. Shivers refers to a communist deal at Port Arthur. There is a law on

our books against communism which he is charged with the duty of enforcing. Why doesn't he do that? Do you suppose he doesn't know how? Or could it be that he is not sincere and is using that issue as a smoke screen to cover up his own record.

Mr. Shivers says he will keep the labor unions out if he is re-elected. It seems like they have thrived pretty well in Texas under his administration because we are hearing a lot about them for the first time. Were you hearing anything about labor unions in Texas 5 years ago? The truth is they seem to thrive only where Republicans are in power.

Shivers shouted loud about a 'mess in Washington' could it be that he was doing that to cover up the MESS IN AUSTIN. Ralph Yarborough has already uncovered LAND SCANDALS, INSURANCE FRAUDS, PRINTING CONTACT CORRUPTION and many other acts of deception in our State government under Allan Shivers reign of greed. When Ralph Yarborough is Governor we can expect him to complete the job of uncovering corruption in office, he will then have access to the records which are now denied to him and other citizens of Texas.

After 5 1/2 years in office Shivers says he wants to complete a program. He does not tell us what that program is, could it be that he has not had enough land deals, insurance manipulations and printing contracts to satisfy him?

Mr. Shivers' big daily papers have published a list of 59 representatives in the last session of the legislature who are supporting him. What they do not tell you is that there were 150 representatives—that leaves 91 supporting Ralph Yarborough. Who could know Mr. Shivers and his record in office better than those who serve in the legislature. They are nearly 2 to 1 against him. Do you need any more proof?

Ralph Yarborough has exposed corruption to the benefit of the people of Texas. He has offered a program which Allan Shivers has tried to copy. Ralph Yarborough as only a candidate for governor has forced Allan Shivers to get the drought program working. The only beneficial thing Shivers has done for Texas are those which Ralph Yarborough's of Texas have made him do. Ralph Yarborough has been forthright in his exposure of corruption and Allan Shivers cannot and will not try to deny them because the record in black and white speaks for itself. They can only yell MUD-SLINGING, finally we know the definition of "mud-slinging," it is the culprits answer to facts of record which he cannot deny but cannot afford to admit.

LET'S ARISE AND TAKE THE GOVERNOR'S OFFICE OFF THE MONEY AUCTION BLOCK BY ELECTING RALPH YARBOROUGH GOVERNOR.

LET US ELECT RALPH YARBOROUGH GOVERNOR FOR AN HONEST AND HONORABLE ADMINISTRATION OF OUR GREAT STATE'S AFFAIRS.

ELECT RALPH YARBOROUGH GOVERNOR AND RETURN THE GOVERNMENT TO THE HANDS OF THE PEOPLE, RESTORE DECENCY IN GOVERNMENT AND RECOVER SELF RESPECT—THUS MERITING THE RESPECT OF OTHERS.
