Post office here to take over sale of food stamps

Change will begin Sept. 4

The Post post office will sell food stamps as well as postage stamps, beginning Sept. 4. Postmaster A. J. McAlister announced today.
McAlister told The Dispatch that U. S. Postal Service has contracted with the state to handle the food stamp sale. He said some 163 local families and now eligible for food stamp purchases. Actually, the takeover of the food stamp sales by the postoffice had been scheduled for this month, but for some reason was delayed.
The postmaster, who attended a postal meeting in Lubbock Monday afternoon at which the food stamp sale plan was explained, said the food stamps will be offered for sale between 10 a.m. and 3 p.m. Mondays through Fridays of each week.
He said to be able to purchase food stamps, the eligible recipient needs to have a purchase card which will be issued by the state and show an identification card.
The Dispatch was told by the welfare office in the county annex at 115 North Avenue N that the new postoffice sales method should greatly benefit clients as heretofore they could only purchase the stamps on two specific days each month in each county.
Now they can buy the stamps when they want them as soon (See Stamps, page 12)

GIBSON EXECUTIVES AND MANAGER: Lamar H. Moore, Jr. of Abilene, center above, president of Moore Brothers Company, announced Tuesday his firm was opening its tenth Gibson Discount store in Post. Pictured on his left is Roy White of Sweetwater, general manager of Moore Brothers, and on his right, Larry Holt, manager of the new Post store. (Staff Photo)

Gibson discount store to Post

A Gibson Discount Store is coming to Post.
Lamar H. Moore, Jr. of Abilene, president of Moore Brothers Company, announced Tuesday that his company will open its tenth Gibson Discount Store in the former United Super Market building in the 100 block North Broadway, probably about mid-September.
"We're a company which prefers smaller towns and Post certainly meets all our requirements as a solid, economic community," Moore told The Dispatch Tuesday.
The Moore firm now operates stores in Sweetwater, Snyder, Andrews, Brownfield, Levelland, Littlefield, Borger, Beeville, and Breckenridge, with a 25,000 square foot distribution warehouse operation in Sweetwater.
"I prefer to go where we can fill a demand for this type of store," Moore told The Dispatch. "We propose to bring to Post a typical Gibson Discount store that offers the most merchandise for the least amount of money."
Moore said the firm which he owns with his brother, Ray, also of Abilene, offers discount merchandise with small store service at attractive prices.
He said at present the Gibson Discount family now numbers approximately 650 stores.
The new Post store will be a "full line discount store" and will offer departments in housewares, hardware, automotive, sporting goods, toys, jewelry, electronics, drugs, men's and boys' wear, ladies' and girls' wear, lingerie, and boots and shoes.
Remodeling of the building was completed last week and store fixtures are being moved in this week. Stocking will begin next week.
Larry Holt, who already has moved to Post with his wife and two year-old son from Andrews (See New Store, page 12)

This is the "picture edition" of The Post Dispatch.

The First National Bank has the most—19 pictures—on page 3 in its big, traditional page-ad welcoming the new teachers to Post and the entire faculty back to another busy school year.
Editor Charlie Didway is up in Oklahoma this week having a "pow wow" with relatives and he mailed all of us postcards picturing Indians in full tribal dress with reports of his family reunion.
Before he left he got us "a couple or three pictures ahead" as he is the official Dispatch (See Postings, page 12)

Monthly cost changes on gas sought here

Pioneer Natural Gas Company made application yesterday to Post and all incorporated cities and towns served by its system customers. Fortunately, Pioneer has pipelines into two areas of good potential gas supply, and since the acquisition of new gas will be necessary to continue serving existing customers, this advantage should not be lost to Pioneer's service area by failure to meet going prices," Watson said.
If approved, the effective date of the new rate adjustments would be Oct. 1, and the first adjustment would be applied to all bills rendered on (See Gas Rates, page 12)

CLIFF KIRKPATRICK GETS SADDLE TOO

Young Garza roper wins world's title

Cliff Kirkpatrick, 12-year-old son of Mr. and Mrs. Jack Kirkpatrick, won the "world champion calf roper, age 12 and under" title at Odessa last weekend.
He won a saddle in winning the American Junior Rodeo Association title in his division at the four-day AJBA finals Wednesday through Saturday.
The Garza youngster broke his arm the first day of summer and was unable to compete in the junior rodeos for a seven weeks period, but he didn't let that stop him.
He competed in three junior rodeos, besides the finals at Odessa, and went into the finals in the lead.
At Odessa he won the first of the two regular go-rounds of tiedown calf roping with a 21.26 second roping time and finished first in average with a total time of 31.13 seconds for his two calves.
In the junior rodeo finals, Cliff also was third in the first and second go-rounds of ribbon roping and finished second for the average in that event.
He also won fourth place in the second go-round of the breakaway roping event.

CHAMP AND SADDLE: Cliff Kirkpatrick is pictured with the saddle he won at the American Junior Rodeo Association finals in Odessa last weekend as the world's calf roping champion for 12-year-olds and under. (Staff Photo)

LIBRARY EXPANSION CONTRACT SIGNED: Jim Cornish, chairman of the Post Public Library trustees, signs the contract with Wardroup and Associates, Lubbock construction firm, for the local library's final expansion. Also pictured are, back row, left to right, David Newby, who designed plans for the new addition, Trustee George L. Miller, and Librarian Pee Wee Pierce; front row, Trustees Rosemary Chapman, Cornish, and Ruth Young. Trustee Patty Kirkpatrick was out of the city vacationing. (Staff Photo)

Contract is let for library expansion

Post Public Library trustees, with nearly \$25,000 in their three-year-old memorial building fund, entered into a contract with Wardroup and Associates, Lubbock construction firm, last Thursday to construct the final library addition as planned, even though this means several thousand dollars worth of additional fund raising still lies ahead.
The contract is for \$29,222 plus the cost of air conditioning and heating which is expected to run somewhere between \$2,400 and \$3,000.
Trustees agreed that if plans were cut back to equal the availability of the funds, the items put aside probably never would be built in the future.
Joe Hensley, vice president of Wardroup, told trustees construction could get started late this week.
The only holdup at present remains working out an agreement with Commonwealth - Frontier Theaters, which owns the Tower Theater, to permit the library roof to be "flushed" into the theater's west wall to (See Library, page 12)

CONGRATULATIONS—Mrs. Mattie Hays of 509 South Ave. H shows an autographed picture of Gov. Dolph Briscoe, which the Governor sent her with the message, "Congratulations to Mattie Hays and her 12 children."—(Staff Photo)

Local mother of 12 honored by governor

Mrs. Mattie Hays, widowed mother of 12 children, has received an autographed picture of Gov. Dolph Briscoe with the message, "Congratulations to Mattie Hays and her 12 children."
"The picture came as a complete surprise, but I have an idea Herbie might have had something to do with it," Mrs. Hays said.
Herbie, the eighth of Mrs. Hays' nine sons, is chief accountant for the Criminal Justice Council in Austin.
"I think Herbie might have said something to his boss about his mother and her 12 children and his boss passed it on to the Governor," Mrs. Hays said. "I voted for Briscoe," she added.
An oddity in the birth line of the 12 children of Mrs. Hays and her late husband, Jim Hays, is that the births of their nine sons alternated by threes between the births of their three daughters. "Our first born was a girl, then came three sons, a second daughter and three more sons, then our youngest daughter and three sons after her," Mrs. Hays said.
"We used to kid the girls (See Honor, page 12)

School repairs not completed

Repair of the fire-damaged Post elementary school will not quite be completed in time for next Monday's opening of school so Principal Jack Alexander today announced the following temporary plans for handling fourth and fifth graders.
The fourth graders will attend classes in the primary building with the fifth graders holding classes in the elementary school gym under "the open concept of education"—open by necessity, Alexander adds.
Fifth graders are to enter by the side door near the gym.
Two kindergarten classes will be held, a half day class from 8:35 a.m. until noon for non-disadvantaged with a separate full-day class for the disadvantaged.
Classes will take up Monday at 8:35 a.m. in all three buildings.
Alexander expects the elementary school building to be ready for classwork again within two weeks.

ONE FAMILY: The busiest reader in the Post Public Library's reading program for boys and girls was Melissa Morrow, center, who read 134 books. Her brothers, William Morrow, right, who read 54 books, second and Daniel Morrow, who read 52, left, was third. They are children of Mr. and Mrs. Charles Morrow and were presented their award certificates in a party Monday afternoon at the library. Of the 94 children enrolled in the reading program, 34 read 12 or more books required for certificates. (Staff Photo)

Two plead guilty in pickup theft

John Emfinger, 17, and Janet Robinson, 18, both of Gladewater, Tex., pleaded guilty to charges of theft over \$50 before District Judge George Hansard here Tuesday in connection with the theft of a pickup truck Aug. 5 belonging to C. O. Smedley.
The vehicle was recovered three days later in Gladewater.
Hansard handed out two-year prison sentences to each and probated the sentences.

Library Bookshelf

Among new non-fiction books at the Post Public Library are "The Thoroughbred World" by Walter D. Osborne; "The Citizen Kane Book" by Pauline Kael; "Tennis: It's History, People and Events" by Will Grimsley; "Fifth Avenue" by Theodore James; "The Brandywine Heritage" by Richard McLanathan; and "Ladies in Distress" stars of the silent screen, by Kalton C. Lahue.
Several Nancy Drew mysteries have been received for the juvenile readers given by Judy Norman.
The library's thanks to Boo Olson and Clara Holan for their Book of the Month editions after they have finished with them.

Dispatch Editorials

The Post (Tex.) Dispatch Thursday, Aug. 23, 1973

On meat, Antelopes Cowboys

One thing about America we especially like—it manages to keep both its sense of humor and its ingenuity.

The current "meat crisis" for a while threatened to strain both traits, but we are happy to report the danger appears now to be past.

Instead of a "black market" in beef, they are now holding cattle auctions for the consumer so he or she can purchase an animal on the hoof and then contract to have it butchered all legal like.

Take the Jackson brothers packing plant here. This has not only kept them in business, it has put them so far ahead you have to "get an appointment" to have an animal butchered and cut up for you. The "new way" has only been going on for a few weeks and already they are a few weeks behind their orders.

But there is a growing danger out here in West Texas and other beef production areas which we haven't faced before. If you have beef on the hoof, it is getting harder and harder to get it custom slaughtered.

That's because most of the small meat plants have been forced to close by the economics of new government regulations on inspections of such plants. Jim and Bo Jackson to stay in business have remodeled and gone into debt so Post still has its meat plant, but few surrounding communities do anymore.

One local business man was telling us last week he was having a hard time getting his wholesale orders filled on "deep freezes" because all of a sudden everybody is trying to buy them so they can buy beef in quantity before the price freeze comes off in September.

He said one merchant in Denver City ordered 35 deep freezes the previous week, but couldn't get the order filled.

Pretty soon, the bank will come out with "beef loan plans" in their personal loan department.

The school lunch program appears

threatened. It took quite a loss last spring and can't afford continued losses through the new school year at taxpayers expense. It seems federal money is paying for so many of the youngsters' lunches as economic underprivileged that the schools can't just up the price to solve the problem.

Somewhat has suggested that the way farm prices are all shooting upward maybe they ought to take the farm subsidy money and start making consumer subsidy payments.

Seriously though, except for the war years in the 1940's our farm industry has struggled for 40 years to rid itself of low prices and surpluses. As one lady asked the congressman at his reception in the community room last week, "Don't you think it's time the farmers made a profit for a while?"

The current situation has its bright side. To us, this is it. The farmer is really back in business again. That's going to help us all economically in this country.

Ten years ago the experts were saying someday we were going to need all the farm production we could get. Well, someday is here. This is it.

Despite this nation's high standard of living, it just is not possible for every American—or even most of them—to buy his or her own personal beef on the hoof during the current "shortage". For most of us, we are going to have to "make do" with what shows up on the meat counters or in other shortage areas.

It probably will do us all good in the long run too. We've got to substitute a little more ingenuity and humor for steak on the table and just about everything else which today all of a sudden carries a big price tag or is in short supply, or both.

Personally, we're glad the football season is almost here. Then the important things will be how the Antelopes do on Friday nights and the Cowboys on Sunday afternoon.—JC

Dispatch supports Amendment 1

Most Texans probably are going to be quite confused by the general election coming up in November to vote state-wide on nine proposed amendments to the oft-amended Texas constitution.

"I thought we were going to get a new constitution next year," they are going to say when the election realization becomes clear to them.

The answer to that is: Well, maybe.

The plain folks get a yea or nay and if the nays have it—and that well might happen—the present constitution will remain in force until the day they vote for a new one.

That is why Texans will vote on nine constitutional amendments this fall. Right now, we've only got the "old" original constitution, and we can amend that.

Probably the most controversial of the nine amendments which will be voted on this November will be No. 1 on the ballot. It provides for annual sessions of the legislature and a \$15,000 annual salary for state legislators.

Legislators have been working for years to get pay raises through and this one percentage-wise seems highly unwise—a better than 200 per cent boost from \$4,800.

The people almost every year pay hike constitutional amendments are submitted to

them reject them by thumping majorities, you can be sure that something better than \$4,800 will be provided in the new constitution next year.

Governor Dolph Briscoe, Attorney General John Hill, Lt. Gov. Bill Hobby and Speaker of the Texas House Price Daniel, Jr., have joined in support of this No. 1 amendment.

While not really predicting passage of the amendment, The Dispatch will add its small measure of support to the amendment. We too believe legislators' salaries are quite unrealistic and need to be boosted.

As for the annual sessions of the legislature, the off-year session would be strictly for budgetary action and "emergency matters." Texas' state bureaucracy is much too vast and expensive for budgeting now to be done by two-year projection guesswork.

It is getting so we're having emergency sessions every off-year now anyway so they would be better planned. But the constant emergency sessions point up the failure of the present once-every-two-years sessions to get the legislative job done.

Now Texas is spending billions for its state operations a few more million dollars in lawmaking costs probably would prove quite prudent.

Give all this some thought. The decision is yours in November.—JC

THIS IS another one of those hurry-up columns, being written right on the heels of last Thursday's, since if everything has gone well, I'll be in the Indian Nation (some folks call it Oklahoma) when this appears in print.

—O—
If I can dodge the arrows and tomahawks, I won't be gone long. My No. 2 daughter-in-law at Muleshoe always warns me before I go over there to "be careful, because those Okies are tricky." Okies are about all that will be at our family reunion except myself and a brother from Maryland. Between us, perhaps we can come out of it unscathed. There's usually a sister from Oregon there to help us other out-of-staters balance the scales, but she has made the trip the last two summers and won't be there this year.

—O—
ONE OF THIS column's readers asked me if I planned to go see any of my Hemphill relatives I sometimes write about. Actually, I don't plan to go anywhere except Stillwater, where the reunion is to be held, but I expect some of the Hemphills will be there if they hear about it in time. Most of them are still "way back in the hills and hollows of eastern Oklahoma and western Arkansas. If one of the Hemphills does happen to show up, I'll get his autographed picture and bring back, so my readers won't think I'm just making them up.

—O—
Coach Bobby Davis has turned out to be a big help to me in getting this week's column written by bringing me three books he brought back from the coaching school in Dallas. One of the books is a press brochure on the coaching school, one is a Texas all-time Sports Record Book, and the other contains the 1973 football schedules of all high schools in the Texas UIL program.

—O—
THERE ARE ALL sorts of things of interest to a football fan in all three books, and the fact that the football season is upon us makes them doubly interesting.

—O—
One thing I learned in looking through the 1973 schedules book is that Post is in good shape as far as home games are concerned, although I've heard a few fans complain about the 'Lopes playing three consecutive games on the road. That isn't bad at all, compared with some teams' schedules. I noticed that Tulia, up in District AAA, has to play FIVE consecutive games away from home this season.

—O—
Tulia opens at home against Olton, but after that it will be five more weeks before they'll get to play again before a hometown crowd. After opening with Olton, the Tulia team makes trips to Morton, Frenship, Panhandle, Shamrock and Abernathy before once again playing at home against Idalou.

—O—
COACH DAVIS didn't tell me

Remember When . . .

10 Years Ago

City council adopts new budget, holds line on tax rate at \$1.50; Mr. and Mrs. Dalton Coppel announce the birth of a son, David Wayne; Mr. and Mrs. C. M. Foster Jr. announce the birth of a son, David Lee; Dejuana Hays honored with birthday dinner on 9th birthday; Mike Mitchell wins first flight in the Aspermont Golf

so—I had to find it myself—but the thick press brochure he brought me on the coaching school contains his picture and a biographical sketch, since he is one of the directors of Texas High School Coaches Association, Inc. So is Pete Murray of Lubbock Estacado, a former Post coach.

The all-time sports record book is what interested me most, even though the Post Antelopes' old rivals, the Denver City Mustangs had a big edge in Class AA records among teams in this area. The Mustangs can't be faulted for having built up the winning tradition they've had going for them year after year, and when you've got that, you're going to set records.

—O—
IN INDIVIDUAL rushing, for instance, Bert Gravitt of Denver City chalked up 2,443 yards in 1960 when the Mustangs won the state championship, and that's good for second place all-time. The leader is Charles Franklin of Haskell, who rushed 2,710 yards in 1970.

—O—
Bert Gravitt also holds the all-time Class AA scoring record for one season—333 points while playing for that 1960 state championship Denver City team.

—O—
SOMEONE HAS slipped up, however, in leaving the name of Post's Randy Hudman out of the record book. The records list Johnny McKinney of Leonard, with four, as the leader in all classes in most field goals in one game. Under McKinney, they list eight others with three field goals in one game, but Randy's name is not among them. Not many local fans will forget the night he booted three field goals to help Post beat Lockney.

—O—
Stamford holds the Class AA record for most consecutive victories—35, running from the 1954 through the 1966 seasons. Denver City is fifth on the list with 29 consecutive wins. The Mustangs also hold the all-classes record for most consecutive regular season wins—43.

—O—
IN MOST points scored in one game, Denver City stands fourth in Class AA with 90 points against Slaton in 1960, 90 against Spur in 1963 and 90 against Post in 1967. No Class AA team has ever shot over the 100 mark in points scored in one game, but Clifton almost did it against Grandview with 99 points in 1969. Mt. Vernon beat James Bowie, 97-0, in 1970, and Kaufman rolled over Wills Point, 94-0, in 1959.

—O—
But, as Hank Aaron says about Babe Ruth's home run mark, records are made to be broken.

Tournament; Jimbo Meat Market advertises, Swiss steak 55 cents, seven bone steak 49 cents lb., arm roast 55 cents lb., sausage 2 lbs. \$1.18; Elvis Presley showing at the Tower Theater in "Girls, Girls, Girls"; new speed limit 70-65, goes into effect on all U.S. highways and farm-to-market roads.

15 Years Ago

Burglars ransack five firms; residential-type structure going up at high school to house two classrooms; Mr. and Mrs. Tommy Puckett announce birth of son, Raney Ray; Donald Ray Blair and Bonnie Ann Evans exchanged wedding vows; Mr. and Mrs. C. B. Davis announce the marriage of their daughter, Charlyse Lynn, to Billy Lee Smith; Susan Cornish honored with party in Lubbock on her birthday.

25 Years Ago

The Storie Motor baseball team beats Wolforth, 17-15, and ends its season; football fans invited to see Antelopes scrimmage; a daughter Rebecca Carol, born to Mr. and Mrs. L. J. Richardson; crops suffer from lack of moisture; Miss Betty Williams entertains at bridge party; Miss Margaret L. Anderson married to R. G. Bauchi; coffee will honor Mrs. Lewis Nance in the home of Mrs. Kelly Sims; Mrs. Lonnie Peel entertains Merry-makers Club.

Hospital Notes

Those admitted to Garza Memorial Hospital since Tuesday of last week were:

Rosie Collins, medical
Lucille Windham, medical
Jan Davidson, obstetrical
Addie Bratcher, medical
Nellie Redman, medical
Virginia Wilson, medical
Joe Mullis, medical
Troy Barron, medical
Guy Rinker, medical
W. W. Thorne, medical
Rosalind Curtis, medical
Glenn Phillips, accident
Bill Smith, medical
Sara Gonzales, obstetrical
D. C. Roberts, medical
Gladys Self, medical
Ethel Williams, medical
Lefty Davis, medical
Carrie Breshears, medical
Althea Caylor, medical

YOUR
TICKET
TO SERVICE

When you join Farm Bureau in this county, you are automatically covered by these two programs:

GROUP ACCIDENTAL DEATH INSURANCE. Benefits — \$1,000 for member, \$1,000 for member's spouse, \$500 for each unmarried child under age 19. No exclusion provided that accident occurs within policy period and death occurs within 90 days after the accident.

PROPERTY PROTECTION PROGRAM. In order to post your property under this "rural crime fighter" program you are required to place a reward sign at the main entrance to your property. These metal signs are available at the county FB office at a nominal cost. Reward decals for your vehicles are provided free of charge. Farm Bureau will pay a reward of \$200 to the person furnishing information leading to the arrest and conviction of person(s) committing trespass, felony theft, arson, or malicious mischief on posted property owned or rented by a member of the County Farm Bureau.

These membership service programs are included in your membership dues. Other economic services are available to Farm Bureau members: Fire, crop hail, auto, liability and life insurance, and Blue Cross/Blue Shield medical benefits, and Safemark tires and batteries.

HOME OWNED AND HOME OPERATED

Welcomes the
Southland School Staff
FOR THE 1973-74 SCHOOL YEAR

TEACHERS, ADMINISTRATORS AND STAFF: Ray Simmons, superintendent and typing; Don Windham, principal, coach, social studies, home and family living; Terry Kohnhorst, coach, biology, chemistry, 7th and 8th grade science; Henry Hunter, algebra, related math, plain geometry, math and economics; Laura Jo Wheeler, English and journalism; Mrs. Betty Hall, comprehensive education; Ruth Hall, fifth and sixth grade; Diana Watts, fourth grade; Ann Chaffin, third grade; Carolyn Courtney, second grade; Peggy Wheeler, first grade; Jan Hunter, kindergarten; Mildred Simmons and Julia Arguello, teacher aides; Tommy Cheak, custodian; and Joanie Adamek and Doris Lester, cooks.

Welcome Teachers

Introducing 19 Newcomers to Post's School Faculty

Jackie Brown is the new coach of math related in school. He and his wife, Julie, have two children, Julie, 1, and Jackie, 3. Jackie has a B.S. in education from West Texas State University. He is a Baptist.

Donna Caughron, who has her bachelor of science degree from West Texas State University, will teach eighth grade English. She and her husband, Larry, live at 207 N. Ave. L. She is a member of the Church of Christ.

Alexia Collier will teach seventh grade language arts in junior high. She and her husband, Bill, live at 707 W. 13th. She has a bachelor of science degree in secondary education from Texas Tech.

Kathleen Doherty, who will teach second grade, has one year teaching experience in Tahoka and a BS in elementary education from Texas Tech. She lives at 108 W. 6th and is a Catholic.

Barbara Downes, who lives at 509 W. Main, will teach high school math. She has a BA degree from the University of Texas at Austin. Her church preference is Unitarian. She has a daughter, Betty, 19, and a son, Robert, 18.

Susan Glenney will teach junior and senior English in high school. Her husband, Richard, is a graduate student at Texas Tech. They live at 605 W. 10th and are Catholics.

Dianne Lewallen will be the speech teacher in high school. She is a 1971 graduate of Texas Tech University and has had two years teaching experience in the El Paso schools.

Rebecca Lott will teach physical science in the ninth grade. She has a BS in secondary education from Texas Tech and lives with her husband, Gary, at 816 W. 5th. He is a student at Tech. They are members of the Church of Christ.

Paula Miller, wife of Ben Miller, Justiceburg rancher, has a bachelor of science degree from M. & M. University. She is a Methodist and lives at 606 1/2 W. 10th.

Keryn Morris, who will teach seventh and eighth grade math in junior high, holds a bachelor of science from the University of Texas at Austin. She is a Methodist and lives at 606 1/2 W. 10th.

La Verne Murphy will teach life science and Spanish in junior high. A graduate of the University of Texas at El Paso with a biological science degree, Mrs. Murphy lives with her husband, Geoff E. Murphy, an elementary teacher, at 114 N. Ave. Q. They are Baptists.

Marsha Norman will teach special education in junior high. She has a bachelor of science in education from Texas Tech and has one year teaching experience in Waco. Her husband, Lee, is employed by Higginbotham-Bartlett and they live at 115 S. Ave. S. They are First Baptists.

Scott A. Rombokas, who will teach history and reading in junior high, has a bachelor of science degree in education from Texas Tech University. He and his wife, Rochelle, live at 615 South Ave. M.

Donna Spivey will be a fourth grade teacher. She has a bachelor of science in education degree from Lubbock Christian College and is a member of the Church of Christ. She is living in the West End Trailer Court.

Vicki Stice, who is the wife of Bob Stice, minister of music and education at the First Baptist Church, will be a fifth grade teacher. She has her BA degree from Wayland Baptist College and taught one year at Ralls. The Stices, who live at 615 W. 11th, have a daughter, Sheri, 3.

Jim Swofford is Post's new band director. He and his wife, Linda, and their three children, Jimmie Lynne, 8, Melody Lee, 6, and Christy Ruth, 3, live at 914 W. 7th. Swofford has 16 years teaching experience at Uvalde, Lubbock, Winters, and Floydada and holds both bachelor and master of arts degrees from Sul Ross.

Gary Thomas is the new high school physical education teacher. He has one year of teaching experience at Orlando, Fla., and is a graduate of Tarleton State University. He is unmarried and lives at 316 West 5th. He was raised in Mexico.

Nancy Vaughn, who lives at 116 N. Ave. S, has a bachelor of science degree from Angelo State University and will teach third grade. She is a Methodist.

Lila Hoobler will teach world history, American history and English III in high school. Holder of a BS degree from West Texas State University she has taught for four years at Childress. Her husband, Tom, is employed by the Texas state department of health. They live with their infant daughter, Katherine, at 316 West 5th. They are Methodists.

Card of Thanks

WE wish to thank our friends for their kind expressions of concern and sympathy during the illness and loss of our Father. We appreciate more than words can express the prayers, cards, food, flowers and friends that remembered us at this time. May the Lord bless each of you.
 The Frank J. Brewer family

I would like to express my appreciation to everyone for their concern, prayers, calls, flowers, and gifts during my stay at the hospital. Also, a special thanks to Dr. Wilson and the staff of nurses. May God bless each of you.
 Faye Maddox

Ascher accepts circuit post

The Rev. George Ascher, pastor of Faith Lutheran Church here and St. Paul's Lutheran Church in Wilson, has accepted the position of circuit counsellor from Circuit III. The area includes three congregations in Lubbock, the University Chapel at Texas Tech, Littlefield, Post and Wilson.

Texas has 38 circuit counsellors with each one serving seven to ten churches. Rev. Ascher attended a seminar for the counsellors in Austin last week, where the theme was "Ministering to Ministers."

This week, Rev. Ascher is serving as senior Bible instructor at the children's camp at Ceta Glen, near Happy Boys and girls from 8-13 years of age are attending the camp.

STOP FOR VISIT
 Mr. and Mrs. Bud Short and two daughters of Houston stopped in Post one day last week en route home from a vacation trip. Among those they visited here was Mrs. Tillman L. Jones, one of Bud's teachers when he went to school here. En route to their home in Houston they planned to stop in Post for a visit with his parents, Mr. and Mrs. Lowell Short, former Post residents.

'Together Plan' is to organize new Scout units

LUBBOCK—U.S. District Judge Halbert O. Woodward of Lubbock has accepted chairmanship of the "Together Plan" for organizing 59 new packs, troops and posts in the South Plains Council of Boy Scouts of America.

The announcement was made by J. C. Chambers, council organization chairman.

The "Together Plan" is designed to secure sponsoring institutions for units in all phases of Scouting. Sponsors are needed throughout the 20 county South Plains Council for Cub packs, Scout troops and Explorer posts.

"The sponsoring institution", said Judge Woodward, "can be churches, PTA's, civic clubs, businesses or any other group which has an interest in serving today's youth".

Each of the eight districts within the council has established a steering committee to seek potential sponsors.

On Oct. 4 at the Together Dinner, the council wide new unit effort will officially kick off at Reese Air Force Base Officers Club. All potential sponsors will be invited to the 7 p.m. dinner.

Promotion goes to Post airman

SAN ANTONIO—Michael D. Hays, son of Mrs. Bernice Hays, 208 South Ave. D., Post, Tex., has been promoted to airman first class in the U. S. Air Force.

Bill Hays, is a communications analysis specialist at Kelly AFB, Tex. He is a member of the U. S. Air Force Security Service. The airman is a 1972 graduate of Post High School.

Presbyterians will visit Methodists

The First Presbyterians and their pastor will go to the First United Methodist Church Sunday morning for joint worship services with the Methodists while the Rev. Bob Ford and his family are vacationing.

The Methodists and Mr. Ford came to the Presbyterian church for two Sundays earlier in the summer while the Rev. George Miller and his family were on a vacation trip to California.

Rev. Miller will conduct the joint service at 11 a.m. A Railroad Commission hearing is examining proposals to restore declining pressure in the East Texas oilfield.

IT CAN SAID (OF A TRUTH) "THAT THE LIGHT OF FRIENDSHIP DOES SHINE THROUGH THE DARKNESS OF SORROW."

The Cheshire Family acknowledges the sheltering friendships that have been extended to us - before - during - and after the loss of our Loved One. Dave lived long enough to know that the Community he loved and the Organization (VFW) he took such pride in, cared enough to hold a benefit in his Name. He was Humbled and Proud, as we all were, by this act. May God Bless, and we do realize the hard work involved. Thank you for everything. Personal contact will be made to each for the hundreds of cards, flowers, food, Thoughtful Contributions and the Tender Loving Care with which James Minor and Staff laid our Dave to rest. Dave loved us all - so pass it on in the proper manner.

Gaynell King, Gary Workman Wed in First Baptist Church

MRS. GARY EUGENE WORKMAN
(Deana Gaynell King)

SOC: Gaynell King 3-30

The First Baptist Church was the setting for the double ring wedding of Miss Deana Gaynell King and Gary Eugene Workman, Saturday, Aug. 18, at 8 p.m.

The Rev. Jimmy McGuire, pastor of Arnett-Benson Baptist Church of Lubbock, performed the ceremony before an altar of candelabra and baskets of greenery.

The bride is the daughter of Mr. and Mrs. Robbie G. King, Mr. and Mrs. Norris Workman are parents of the bridegroom.

Given in marriage by her father, the bride wore a formal gown of white rayon acetate over satin with a bodice featuring an empire waistline, stand up collar and a yoke of flowered embroidery to match waist and cuffs. The skirt fell into a long train having a large ruffle around the bottom. The caplet veil had a matching bow of rayon acetate to match the sleeves of the gown. The bride carried a bouquet of phalaenopsis orchids. The tradition of something old, new, borrowed and blue was carried out.

Maid of honor was Melanie King, sister of the bride. She was attired in a gown of mint green searsucker having a three tiered skirt and wore a white picture hat with green ribbon and carried a nosegay of white daisy pom poms. Bridesmaids were Jackie Moore and Melvena Stewart. Their gowns were of green dotted swiss with three-tiered skirts and they wore green picture hats with white ribbon and carried bouquets of white daisy pom poms.

Flower girl was Lorry Ann Meur, niece of the bridegroom. She wore a gown matching that of the maid of honor, and carried a basket of petals.

Michael Shane Bartlett was ring bearer and candlelighters were Danny Lee and Ricky King.

Herbert Props of Guthrie was best man. Groomsman were Pee Wee Johnson, Gary Lester, and D'Wayne Gannon of Lubbock.

Jay Hart and Robert Harris were ushers.

Mrs. Margie Pennell sang "Twelfth of Never", "We've Only Just Begun" and "The Wedding Prayer", accompanied by Mrs. Jan Bartlett, organist.

A reception was held following the ceremony in the community room of the bank.

The bride's and bridegroom's tables were centered with silver candelabra.

The bride is a 1973 graduate of Post High School and is attending Commercial College in Lubbock. The bridegroom is a 1971 Post graduate and is employed by Dalby Cattle Co.

After a wedding trip to Ruidoso, N.M., the couple will reside at 504 West 6th St.

LIBRARY Listening Post

By GEORGE L. MILLER

Since June of 1966 a dream has been abuilding down on Main Street. Hundreds of folks have put their hearts into that dream. And with their hearts they put their effort and their money. They knew that we needed a library, and they were willing to see that we got a library, by their own efforts if necessary.

You saw the start of it all. You remember the Friends of the Library and their campaign to raise some money to get things going. You remember the one room library and the borrowed books, the staff of volunteers and the pictures in the paper of smiling faces pointing with hope and pride to the new desk, the new shelves, the birth of a real library for the City of Post.

The next few years went by in a blur. Countless people came forward and lent a hand. Some worked at the desk, some mended books, some raised money. Each year that passed saw another room added to the library until four rooms later there was no more room.

Slowly the shelves filled, space got more and more scarce. People from the State Library began to take note of what was happening. Word got

Swim party honors five new teachers

Mrs. Sue Cornell entertained late Wednesday afternoon with a swimming party at her home for elementary teachers to honor the five new elementary teachers on the Post staff this year.

Assisting Mrs. Cornell were Jean Gandy, Rowena Pierce and Ida Jones.

Refreshments were served.

BACK FROM VACATION

Two Post families, Mr. and Mrs. Gene Hays and children and Mr. and Mrs. Dwayne Capps and children, returned last Wednesday night from a vacation trip to Los Angeles, Disneyland, and Las Vegas.

60th wedding date will be observed

On Aug. 24, 1913, Luther Harper and Miss Beulah Genoway were married in the home of her parents in Desdemona, Tex. This Sunday, Aug. 26, they will celebrate their 60th wedding anniversary in the Sun Room at Twin Cedar Nursing Home, where Mrs. Harper has been a resident for the last few years.

The couple's son, Merrill Harper of Mt. Pleasant, Iowa, and daughter, Mrs. Lodesca Cobb of Dallas will be hosts at the reception.

The Harpers moved to Post in November of 1915 and made their first home here in a tent while waiting for their house to be built. Harper assisted in the construction of the Algeria Hotel, which was one of Post's landmarks until destroyed by fire several years ago. During 1917-18 he was city water pumper for Post, leaving here after that. They returned in 1923 and entered the construction business, but left again in 1942 and Harper was employed at Fort Hood, Tex., as a water engineer. He retired in 1958 and returned to Post. The family home is at 216 North Ave. 1.

The Harpers have six grandchildren and eight great-grandchildren.

Friends and acquaintances are invited to attend the reception in their honor Sunday, but Mr. Harper says, "No gifts, please."

around that Post had a fine little library. They were particularly impressed with our books, their good condition and attractiveness, their usefulness in a well-rounded collection that would appeal to many tastes and satisfy a variety of needs.

The time came when we reached our goal of 10,000 volumes and a paid librarian. We were a true library, by anybody's standards. We joined the Library System and sent one of our board members to the Lubbock Area Library Advisory Council.

The last dream was still unrealized - the completion of our library. Land had been given next door by the Malouf family. Money had been given by many friends to go toward a building fund. The need was growing more pressing by the month. The final addition would have to be made soon.

And now the day has come. This week the work begins. The plans have been drawn, the contract let, the workmen are here.

Most of the money is raised. There's still more to go, we're not quite sure how it will be paid, or when, but the end is in sight. Two months from now you'll see what it all was about. The library will be done.

Of course there will be finishing touches added later. More shelving will be necessary and plans are already being made for their gradual addition, as the acquisition of books makes them necessary. No doubt there will be an awkward stage when we're half in and half out of our present facility.

No matter - the big job will be done.

I've wondered what words would be most fitting to crown this accomplishment. Words of congratulations, words of commendation, words of delight and admiration. Finally only these come to mind.

Thank you friends, thank you one and all!

NAMED WINNER—Ginger Rodgers was named winner of the Miss Texas Rural Electrification Contest during the 33rd annual meeting of the State Association of Texas Electric Cooperatives in Houston. Miss Rodgers represented the electric cooperatives in the lower Rolling Plains section of Texas. The state winner is a graduate of Mozelle High School and is the daughter of Mr. and Mrs. R. V. Rodgers of Coleman. She served as a member of the basketball, volleyball and track teams, as well as 4-H and Future Homemakers, and plans to attend Texas Tech. The new Miss TRE will represent Texas during the Miss National Rural Electrification competition next year in San Francisco.

CLEAN AIR RATING

Of all the 18 largest metropolitan areas in the country, the Urban Institute in Washington, D. C., rates Fort Worth as having the cleanest air.

Potluck by Rosemary Chapman

There are as many ways to quit smoking as there are smokers. However, the two most widely used methods are "the cold turkey" and the "let's do this thing gradually". Each has its own variations.

The "cold turkey" approach is used most often by people who have either a great deal of confidence or very little confidence. The former have great determination and character and they know that they aren't going to let a little thing like a cigarette get the best of them. (These are the people who shout "I DON'T NEED A CRUTCH", as the perspiration rolls off their foreheads.) The latter are the ones who just looked at a picture of someone with lung cancer and decided that it could just as well be theirs.

The idea behind the "cold turkey" approach is you quit. Just like that. Quit. Many people feel that this is the best method because if you can just get through the first three days you've got it made. The trouble is, getting through those first three days can be hell, and here's where those variations come in.

One of the most common techniques is an attempt on the smokers part to replace the craving for a cigarette with something else. The substitute—whatever you pop in your mouth instead of a cigarette—is often food or chewing gum and the outcome is predictable. You wind up fat or you wind up with a habit that's worse than the original, or both.

Another popular method is making lists. The smoker writes down all the optimistic points about not smoking and everytime he wants a cigarette he reads the list instead. "No more coughing, no more spitting, no more garbage-can taste in the mouth every morning, no more yellow teeth, no more tobacco stained fingers," etc. These lists can be endless and one runs the risk of making them so long one accidentally lights up while reading it.

Men who are old enough to remember "The Man With The Golden Arm" often lay on the floor and toss, churn and scream. Unfortunately, Kim Novak hardly ever helps anyone other than Frank Sinatra.

Let's go on to something else. Let's look at the "let's do this thing gradually" approach which should be self explanatory. Those who advocate this particular method are generally calm, reasonable, and highly intelligent folk compared with the excitable "cold turkey" bunch.

There's the one-an-hour guy. He carries a timer with him and only smokes one cigarette an hour on the hour for a week. The second week he plans to smoke one every two hours. The third week one every three hours, etc. This is a good plan but you can really bog down if you forget your timer.

Here's another favorite. If you usually start smoking at 7 a.m., you can't have your first cigarette until 8 a.m. Then you can smoke as much as you want the rest of the day. This lasts a week. The next week you can't have your first cigarette until 9 a.m. but then you can smoke as much as you want the rest of the day. Next week comes ten, then eleven, and so on down the line. This plan keeps you smoking for months. In fact, forever, usually.

The "Smoker's Kit" is something relatively new and is especially appealing to the "let's do this thing gradually" set. It allows one to cut down methodically week by week for six weeks with the help of six special filters. Then you throw them away and start over again.

No matter which method you use, any smoker will tell you the same thing: It's easy to quit smoking. Most of us have done it hundreds of times.

Shower honors Gaynell King
Miss Gaynell King, bride-elect of Gary Workman, was complimented with a kitchen gadget shower last Thursday evening in the home of Mrs. George W. Miller.

Guests called at 7:00 o'clock. Refreshments of chips, dips, and cold drinks were served to approximately 15 guests from a table covered with white lace and centered with an arrangement of white carnations.

Mrs. D'Wayne Gannon and Mrs. Jay Hart were hostesses for the occasion.

Guild members show projects

Lucille Richardson, program chairman, conducted the program entitled "Show and Tell", in which the members participated by displaying art objects that they had completed this year, at a meeting held by the Post Art Guild in the Reddy Room Aug. 13.

Marie Neff presided at a short business session. Committees were appointed to begin preparations for the fall Art and Craft Sale.

Refreshments were served to the following members by Boo Olson, hostess: Mmes. Marie Neff, Inez Hartel, Lucille Richardson, Iva Edwards, Bill Craig, Mineola Stewart, Jan Bell, Ada Lou Bird, Ann Bishop, Polly Cravy, Evelyn Neff, Lois Williams and Lil Conner. Guests attending were Mrs. Bill Craig of Tahoka and Mrs. Ruby Pournier of Herber, Calif.

VISITS SON

Victor Hudman flew to Kansas City Friday for a weekend to visit his son, Joe Hudman and family at Lawrence, Kan., and while there saw the televised football game Saturday night between the Kansas City Chiefs and the Minnesota Vikings. His son is an assistant professor in chemistry at the University of Kansas and working on his doctor's degree at that school.

Mrs. L. H. Peel has surgery on her foot

By MRS. GLENN DAVIS

Mrs. L. H. Peel underwent major surgery on her foot Monday in West Texas Hospital. She will be a patient in the hospital for several days. We wish for a fast recovery.

Mr. and Mrs. Robert Johnson and family of Pasadena, are visiting his parents, Mr. and Mrs. Willie Johnson, his brother Allen and family in Lubbock and his grandmother, Mrs. Ada Oden.

Mrs. Clovis Tucker, Bobby, Joy her grandson, Mark Drake, a daughter and son-in-law, Mr. and Mrs. Carl Militello visited last Friday with their mother and grandmother, Mrs. Pearl Wallace.

Mrs. Johnnie Rogers returned home last week from visiting relatives in Besbee, Wilcox, Safford and San Simon, Ariz. She also visited the Frank Blanton family in Silver City, N. M., and in Lovington with relatives.

Mr. and Mrs. Homer Jones of Wellman, Rickey Jones and a friend from Lubbock were Sunday luncheon guests of Mr. and Mrs. Elmer Cowdrey.

Mrs. Willie Mason spent Sunday and Sunday night with Mr. and Mrs. Ray McClellan. Other Sunday visitors were Mr. and Mrs. Harry L. Mason of Andrews.

Debbie Ledbetter rode the bus to Amarillo last week for a visit with her sister and brother-in-law and a baby son, Mr. and Mrs. Kenneth Cook. She returned home Sunday.

Virginia Booth flew home last week to California after spending most of the summer here visiting relatives. Mrs. Noel White and her grandmother, Mrs. Bryan Maxey took her to Lubbock to catch the plane.

Mr. and Mrs. Ray McClellan recently visited in Waco with Mr. and Mrs. Walter McClellan as they came home from the lake.

Mrs. Ada Oden visited Sunday afternoon with Mrs. Viva Davis.

Mr. and Mrs. Ray McClellan entertained relatives last Thursday with a fish supper.

Those enjoying the supper were the Raymond Thane family of Mortourville, Pa., the Jess Chedister family of Brownfield, Mr. and Mrs. Morris McClellan and the Mason McClellan family.

Mr. and Mrs. Fred Gossett accompanied Mr. and Mrs. Jason Justice to Lake Brownwood for a few days last week. They met a granddaughter and family there from Austin.

Rev. and Mrs. Douglas Gossett of Matador visited with the Fred Gossett's Monday and Monday night. They canned beans.

Mr. and Mrs. James Stone attended the graduation last Friday night of their son-in-law, Edd Brady from ACC. He received his masters degree. The Stones visited in Lubbock on Sunday with Mr. and Mrs. Pete Pierce and family.

LEAVES FOR THAILAND

Airman First Class Dan Rogers left Post last Thursday en route to an assignment in Thailand in the U. S. Air Force as a hydraulics mechanic on C-5 cargo planes. He was here visiting his mother, Mrs. Iris Rogers.

Subscribe to your hometown paper—The Post Dispatch.

FROM CALIFORNIA

Mr. and Mrs. Deniz Laurence and children of Napa, Calif., left last Friday after a few days' visit here with his mother, Mrs. D. H. Bartlett. The Laurences will visit relatives at Taylor and Corpus Christi before returning to Napa, where Deniz is employed by the city.

AT LIBRARY WORKSHOP
Post Librarian Pee Wee Pierce is attending a three-day library workshop in the Texas Tech Library, yesterday, today and Friday on "Management of Small Libraries." The workshop is sponsored by the Texas State Library.

Jack Lott named in Round-Up

ABILENE—Jack Lott has been named one of the area chairmen for the 1973 Cattle men's Round-Up for Crippled Children. Charlie Morris of Abilene, general chairman, announced this week.

Over the past 13 years the Round-Up has raised well over one million dollars to help the non profit West Texas Rehabilitation Center in Abilene carry on a comprehensive program of rehabilitation and diagnostic services for the handicapped of the Southwest.

The center's budget this year is for \$324,500 with the Round-Up expected to raise \$130,000 of this amount.

During the Round-Up, leading ranchers throughout Texas and other southwestern states donate cash and livestock of all kinds to be sold at one of the special auctions. The Cattle Sale is set for Sept. 24 at Ranchers and Farmers Livestock Auction in Abilene, with Horse and Sheep Sales set for early October in Abilene and Coleman.

ROSEBUD SERVICE SUNDAY

A beautiful rosebud dedication of children service will be held during the 11 a.m. worship at the First Christian Church Sunday. The Rev. Bernard Ramsey's sermon topic will be "Heaven on Mother Earth." No evening service will be held.

Post airman goes to Keesler AFB

SAN ANTONIO—Airman David C. Rogers Jr., son of Mr. and Mrs. David C. Rogers Sr., Rt. 3, Post, Tex., has been assigned to Keesler AFB, Miss., after completing Air Force basic training.

During his six weeks at the Air Training Command's Lackland AFB, Tex., he studied the Air Force mission, organization and customs and received special instruction in human relations.

The airman has been assigned to the Technical Training Center at Keesler for specialized training in communications-electronics systems.

Airman Rogers was graduated in 1973 from Post High School.

Dispatch classified ads work while you sleep.

Highway week Sept. 23-29

AUSTIN—Terming the Texas highway system "the basic transportation resource in Texas," Governor Dolph Briscoe has designated September 23-29 as Highway Week in Texas.

The event coincides with National Highway week which this year is under the honorary chairmanship of television personality Loren Greene. Theme of the observance is "Better Roads—Better Living."

Speeches, highway dedications, open house and other special events activities at many Texas Highway Department facilities across the state are planned for the week.

The Governor singled out citizen support as an important factor in highway progress.

LEARNING FIRST AID: James Browning, kneeling, applies a closed spiral bandage to Tommy Hill, lying on blanket, while instructor Bob West watches during eight-hour first aid training course yesterday at First Presbyterian Church for insurance customers of Bryan J. Williams and Son. A similar course was given for another group Monday. OSHA require first aid qualification after Sept. 1, in group field work.

LUBBOCK — The new cotton program which will govern the industry for the years 1974 through 1977, as it is being explained to High Plains farmers at county meetings around the area by officials of Lubbock-based Plains Cotton Growers, Inc., shapes up as "considerably less than is needed, but if properly administered a program with which we can continue as the nation's leading cotton producing area."

Major provisions of the program, with PCG comment as to their application on the High Plains, are as follows.

—A minimum national allotment of 11 million acres, compared to this year's 10 million acre allotment. Allotment for the 25 PCG counties surrounding Lubbock therefore

should be about 10 percent more than this year's 1,488,145 acres. And, generally speaking individual farm allotments will be up 10 per cent also.

—Price support payments equal to the difference between 38 cents per pound and the national average price paid to all farmers for all cotton during the calendar year in which the crop is planted, meaning all farmers will get the same payment regardless of the price at which their personal crops are sold. If the national average price paid to farmers for all cotton, January through December of 1974, for example, comes to 30 cents a pound, then all farmers would get a payment of 8 cents per pound times their projected yield times their base allotment. Of course if the average market price comes to 38 cents or more, there will be no payment. Projected yield is to be calculated as under the present program—a three year average of actual yields adjusted for adverse weather factors.

Generally speaking, the average High Plains cotton runs approximately three cents a pound below "average of the crop." Therefore the total "guaranteed" return on the High Plains from allotted acreage should average in the neighborhood of 35 cents. PCG emphasizes, however, that this calculation is based on average market conditions and average crop quality and might be totally in error under a given set of conditions.

—Target price will be adjusted in 1976 and 1977 to reflect any changes in cost of production and or production efficiency as evidenced by yields.

—In cases of natural disaster which prevents planting, destroys crop or reduces yield below two-thirds of a normal crop, payment will be one-third of the target price (12.66 cents in 1974 and 1975) times projected yield times allotted acres.

—Loan is to be set at 90 percent of the three-year average price of American cotton in world markets, based on Middling-inch cotton. Loan can be adjusted to 90 percent of the current year's world price if 90 percent of the three-year average is above the current world price. USDA's method of calculating the average price of American cotton in world markets has not been determined.

—Sale and lease of allotments will be permitted, even to farms with no allotment.

—Payments will be limited to \$20,000 per person, total for all crops. Rules for determining whether corporations and their stockholders are to be considered as "persons" will be in accordance with regulations issued December 18, 1970.

Present skip-row rules remain in effect.

—Authorization for annual transfer of \$10 million from CCC funds to Cotton Incorporated is continued, but use of funds is restricted to research efforts.

—In the event the Secretary sees prospects of oversupply he is given authorization to limit planting of cotton beyond base allotments.

—Provision which prohibits grazing on cotton set-aside during five principal months of growing season under the present program is removed, and the Secretary is specifically authorized to permit hay, triticale, oats, rye, wheat, and feed grains to be planted on cotton set-aside.

DRIVE BY THE RULES

SAVE SCHOOL CHILDREN'S LIVES

Mr. & Mrs. Motorist
POST SCHOOLS WILL OPEN
MONDAY, AUG. 27

It isn't that children mean to be careless . . . it's just that in their zest and vitality they sometimes forget to stop, look and listen before crossing the street. It isn't that we mean to be careless, yet the very car we drive may be considered a lethal weapon and the consequences of our negligence could be fatal. It is our moral obligation to be extra alert these days when school children crowd the crosswalks!

ADVISORY CAPACITY
Judge Dalby appointed
Alcoholism council

Judge Giles W. Dalby has been appointed advisory council on alcoholism (TCA) for the 15 County Planning Region of the South Plains.

The 56-member Council will advise the Commission on the implementation and administration of the Texas State Plan for the Prevention, Treatment and Control of Alcohol Abuse and Alcoholism.

Nineteen of the advisory council members serve by virtue of their positions with state agencies. Other council members are appointed as representatives of consumers of alcoholism services, nongovernmental organizations or groups or public agencies concerned with the prevention, treatment and control of alcohol abuse and alcoholism.

The governor has designated the Texas Commission on Alcoholism as the state agency to administer the state plan, which was developed in compliance with "The Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act" passed by Congress in 1970.

Judge Dalby also serves as chairman of the Alcoholism Advisory Committee to the SPAG board of directors. SPAG was designated as one of the 24 Regional Alcoholism Services Planning Authorities within Texas by TCA in 1972. As a planning authority, SPAG is charged with the responsibility of assuring the orderly development of a network of services designed to combat alcohol abuse and alcoholism.

In addition to his ranching and business interests, Judge Dalby served on the Post Independent School district board of trustees from 1961 to 1973 and served on the board of directors of the Post Chamber of Commerce from 1967 to 1973. Other activities of Judge Dalby include directorship of the West Texas Boys' Ranch and the First National Bank of Post.

VISIT IN DENISON

Mr. and Mrs. Jerry Osborne and sons visited in Denison recently with the Bill Dixon family and also visited in Arkansas.

? Your Name ?
WHAT'S IN IT?
By CHARLES DIDWAY

HOWARD
While the aristocratic family name of Howard is one of the most distinguished in English history, it has many possible derivations since the numerous families of that name arose in many different places.

The founder of the most distinguished Howard families in England was a Norfolk lawyer, William Howard or Howard, who was summoned to parliament as a justice in 1295, being appointed a justice of common pleas in 1297. The head of this family in England is the duke of Norfolk, who is also the hereditary earl marshal of England.

The name is a common one and, of course, not all the people named Howard are of aristocratic lineage. The name is especially numerous in the eastern counties of England.

Howard was a regular Christian name in England in the Norman period, survived as a surname, and has now in modern times come back into fashion as a first name again.

The name Howard could mark the descendants of men with such names as Hughard, Heward, Hereward or Hayward. Or it could designate the descendant of the original Howard, which meant "keeper of the swords." Hayward, which in many instances has been changed to Howard, meant a manorial official who guarded the hedges to protect the cultivated land from straying cattle.

The Howards in Ireland are said by some authorities on surnames to be descended from a French Huguenot family named Ouard. The Ouardes fled France to escape persecution for their religion. They settled and prospered in County Cork, Ireland, and in later generations some members of this family emigrated to Canada.

Catherine Howard, who was a member of the original Howard family in England, was the fifth wife of Henry VIII and was beheaded upon her conviction of the charge of adultery.

There have been many famous Americans named Howard. One of them, Col. George W. Howard, built the first ocean pier in 1881. It was known as Howard's Pier and extended 650 feet into the ocean. The pier was destroyed by a severe storm two months after it was completed. Rebuilt to 865 feet, it was again destroyed by a storm and washed away in 1884.

Howard is the 62nd commonest surname in the United States today, with approximately 230,000 people by the name. The name has also been "left on the land" in this country, there being Howard counties in several states and a number of towns of the same name.

Fair box office to open Friday

LUBBOCK—The box office in Fair Park Coliseum opens Friday when tickets for the Panhandle South Plains Fair's "Shower of Stars" officially go on sale. Tickets also will be available at four other locations here.

The box office will be open from 9 a.m. to 5 p.m. Monday through Friday, according to Steve L. Lewis, fair general manager, and Earl Kerr, finance director. Mrs. Betty Putman will handle ticket sales. Box office phone number is 744-0701.

The 56th annual renewal of the big exposition has carded what many observers have termed its "best show ever" for the expanded eight-day run this year.

Texas lease sale set for Oct. 2

AUSTIN—The biggest oil and gas lease sale on Texas public lands in a quarter century is scheduled October 2.

Land Commissioner Robert L. Armstrong said 1,348,610 acres in 1,712 tracts will be offered for lease consideration.

Most of the state tracts are submerged acreage in the Gulf of Mexico. Nine hundred and 40 Gulf tracts totalling 998,610 acres have been nominated, plus 563 tracts in Texas bays and inlets including 267,678 acres.

Oil and gas firms and individual bidders offer bonus payments via sealed bids on leasing of the state-owned tracts.

The Old Timer

"The successful person is more interested in positive objectives than negative objections."

For a period of five years to explore and develop minerals, Armstrong said a record high interest is indicated in potential oil and gas production on state lands.

Experiment Station field day Sept. 11

LUBBOCK—The 64th Annual Field Day and Open House of the Texas Agricultural Experiment Station has been set for Sept. 11. A review of new developments in agricultural research on the South Plains will highlight the special occasion.

The field tours will begin at 1:00 p.m. and will include new research developments in cotton physiology, environmental effects on grain sorghum, cotton diseases, irrigation studies, cotton varieties, soil fertility, weed control, grain sorghum insect resistance, narrow-row cotton, sorghum varieties and oil-seed crops.

Stephens family all here Sunday

Mrs. W. W. Stephens had all her children, grandchildren and great-grandchildren home Sunday.

They were all here to visit with Mrs. Stephens' daughter and family, Mr. and Mrs. Bob Burch of Newark, Ohio, who arrived Wednesday.

Those attending from Post were Mr. and Mrs. J. D. Windham, Mrs. Maud Pearce, Mrs. Delia Bilberry and her daughter Mrs. Pete Cooper of Carlsbad.

Mr. and Mrs. Burch and son returned home this week after a 10-day visit.

VISIT FROM DALLAS
Mrs. Ricky Paire and daughters of Dallas visited last week with their parents Mr. and Mrs. J. D. Windham. They plan on moving to Abilene soon where Paire will be employed.

Lopes scrimmage Buffaloes here 6:30 Friday night

Squad in good shape after week of work

Off to a fast practice start for the 1973 season, the Post Antelope football squad will give fans their first real "look see" at 6:30 p.m. Friday when they scrimmage Petersburg's Class A Buffaloes at Antelope Stadium.

Coach Bobby Davis gave his gridders their first taste of action Saturday morning when

Boosters meet Friday night

The Antelope Booster Club will hold its organizational meeting for 1973 at Antelope Stadium immediately after the end of the Petersburg scrimmage Friday night.

Ronald Simpson, 1972 president, made the announcement this week and urged all fans not only to turn out for the scrimmage but to stay and participate in the booster club session.

Officers will be elected for the year at this meeting, so a big turnout is desired, Simpson said.

he divided up the squad for a scrimmage after only two days of contact drills. It was a 12-12 standoff with each side scoring two touchdowns.

"It was so early we didn't permit any kicking, punting or conversion kicks," Davis said.

The Antelope mentor said coaches thought the Saturday scrimmage was an outstanding one considering the squad had held only two prior workouts in pads. He said mental errors were at a minimum.

The scrimmage with Petersburg is expected to last two hours or more and probably will finish under the lights.

Although Lorenzo is picked by coaches to win the District 4A crown en route to a forecasted challenge for high state honors, Petersburg is rated as a strong contender against Lorenzo.

"They've won a state title, lots of district crowns, and have a great football tradition," Davis commented in discussing the Petersburg scrimmage.

Davis is pleased that the Lopes reported for workouts in such good condition and went through the first week of drills and the first Saturday scrimmage without serious injuries.

He reports Jerry Tyler is slowed with a hamstring pull and Randy Josey has a leg muscle injury bothering him, but outside of those two the squad is in good shape.

Coach Davis has shifted Tyler, a senior who has played quarterback the last two seasons, to tailback to take advantage of his running ability.

Contesting for the starting "man under" are Randy Josey, a junior who looked good throwing in the 1972 finale at Tahoka, after becoming eligible late in the fall and Bryan Davis, a 6-2 sophomore who guided the undefeated freshman team last fall.

"We hope to get more balance in our attack between running and passing this year," Davis commented Monday night. "We have five boys on the squad who can throw accurately and we want to make use of their talent."

By shifting Tyler to tailback, Jerry will be a threat to throw as well either Josey or Davis in the same backfield at quarterback.

Davis said two-year letterman, senior David Conoly, who appears the starter at halfback again "looked good, the best of all the ball carriers during the first week of drills."

Joe Moore, a junior, is running at both tailback and behind Conoly at halfback. Sophomore Edward Price is the third candidate for tailback and Sophomore Garland Dudley is looking good working at halfback.

At fullback, Donnell Harper, a senior who started five games last season, right now is "a little ahead" of Sammy Gutierrez, a junior. Both are lettermen.

Offensively, up front, Sophomore George (Shorty) Hester and Junior Roger Taylor are battling it out for starting center.

The guard assignments are settled. Jay Pollard, the 235-pound all-district choice both ways last year, will be at left guard and Richard Dudley, another senior letterman at right guard. Behind them, Mark Terry is doing what his coaches term "a real good job."

It's a four-way "dogfight" for the two tackle slots among

New basketball coach at Slaton

SLATON—Jim Bales has been named new head basketball coach at Slaton High School.

Two other new coaches have been added to the staff of Head Football Coach and Athletic Director Bill Curry. They are Gary Mosier, 25, new varsity assistant coach, and Jim Edwards, 26, new seventh grade coach.

Bales, the new head basketball coach, is 40 years old. He is a graduate of Borger High School and McMurry College. Bales has coached the last two years at Graham, Okla., High School, where his cage team last season went to regional.

Graying Johnson, Tim Owen, and Randy Babb, all juniors, and Dale Odum, a sophomore.

On the flanks, Ricky Shephard, a senior and a starter for the last two seasons, is a fixture at left end. Junior Tony Conner appears to have the inside track right now at right end where Chris Wyatt, a junior, and Mike Harris, a sophomore, are contesting him and where both are expected to play regardless of who wins the starting nod.

Many of the "Lopes will be playing both ways again this fall, as Coach Davis declares: "We're going to keep the best 11 players on the field, although we'll try to rest them when we can."

Coach Davis points out that Antelope depth this year is in young boys—it's sophomores.

"But this sophomore bunch is a good one," Davis emphasized. "They won district last year as freshmen in football, basketball, and track. If they develop fast enough, they are going to help us a lot."

In fact, the coach indicated if the sophomores can come through in a big way the club may be a whole lot better than many of the experts expected.

Western Texas College offering golf program

SNYDER—Western Texas College in Snyder, is a fully comprehensive community college with a balanced curriculum of both occupational and academic subjects.

Golf courses being built at the rate of about 1,000 per year in the United States creates a tremendous demand for qualified managers. Realizing this need, Western Texas College has developed an innovative program in Golf and Grounds Operations to start in the fall, 1973.

A nine-hole golf course is planned with greens and fairways surrounding a beautiful 12-acre lake on the 160 acres of the two-year-old campus.

The beautifully landscaped golf course, chipping greens, driving range, and putting greens will be used in conjunction with the college's own greenhouse as laboratories for the numerous courses offered in the curriculum of the Golf and Grounds Operations program.

There are very few programs of this nature in the nation, and WTC is the first in the state of Texas with a course in Golf and Grounds Operations. The two-year program in turf management is arranged and taught in such a manner that a student who has completed the work will receive an Associate in Applied Science degree and will be well qualified to accept a position as an assistant, or in many cases, as a superintendent of parks, cemeteries, golf courses, or to establish a turf

business in his community. The student will study the principles of plant growth; nature and properties of soils and fertilizers; pest control; design, operation, and maintenance of modern irrigation systems; and landscape design. Practical experience will be gained by the student in the use of major lines of equipment, welding, concrete work, carpentry, and swimming pool maintenance. Under the supervision of a qualified employer and the instructor, the student will be employed in actual field training during the summer months.

Lunch Menus

Post schools lunchroom menus for the coming week are as follows:

Monday: Chicken salad on lettuce, blackeye peas, pear halves, biscuits, potato chips, one-half pint milk.

Tuesday: Barbequed weiners, buttered corn, green beans, corn bread, orange juice, half pint of milk.

Wednesday: Cheeseburger, lettuce, tomato, onion and pickles, pork and beans, jello, fruit, home made buns, half pint of milk.

Thursday: Chili con carne with beans, mixed greens, cabbage slaw, chocolate pudding, corn bread, half pint of milk.

Friday: Fish sticks, English pea salad, whipped potatoes, peanut butter brownies, hot rolls, half pint of milk.

ATTEND REUNION
Mr. and Mrs. Ralph Welch attended the Welch family reunion last week in Wimberley at the 3A Resort Ranch. A total of 103 relatives and friends were on hand for the reunion.

Archery club to hold ribbon shoot Sunday

The Post Archery Club will hold a ribbon shoot this Sunday Aug. 26, starting at 2 p.m.

A novelty shoot will follow with a special prize being awarded to the winner.

For anyone interested in the location of the range, it is located one-third mile north of Post on FM651 on the Two

Draw Lake Development. Everyone is welcome.

The results of the trophy shoot held Sunday, Aug. 19, are:

Freestyle Class A, Walt Wesley, first; Class B, Danny Heath, first; Wendell Lamberon, second; Women's, Gayle Wesley, first.

Bowhunter Class B, Joe Gary, first; Bobby Snow, second; Will Parker, third; C Class, Ed Fahsholtz, first; Dale McGill, second; Troy Baker, third.

Open Class, David Herring, first; Women, T. V. Hampton, first; Youth, Raymie Holly, first; Evans Heaton, second.

Archery Instruction Classes will be held if enough are willing to attend. If you are interested, please call 495-2143. There will be no charge for these classes.

Gridders to get pads Saturday

Pads will be checked out to seven and eighth grade football candidates Saturday morning.

Coach Bobby Davis asked that boys going out for either squad to report at the fieldhouse at 9:30 a.m. to get their equipment.

First junior high practice sessions won't come until the first week of school next week.

Ralls has five new coaches

RALLS—The Ralls Jackrabbits, who play the Post Antelopes at Post on Sept. 14, have five new coaches, with Head Coach Lonnie Carraker the only holdover.

The new Ralls coaches are: Dale Butler, offensive line coach from Ringling, Okla.; David Sims, junior high from Petersburg; Ed Bigbee, junior high from Hobbs; Gene Barnes, defensive secondary from Garber, Okla.; and Roy Neff, defensive line and head basketball coach from McAdoo.

HOLIDAYS IN BRITAIN
Britain has fewer public holidays than nearly all other European nations.

Post players lose in final

Two Post tennis players lost out Sunday in the Wimbledon tennis tournament.

Lubbock Country Club Bob Macy, who had dropped the finals of men's doubles to Bob Gene Waters 6-7, 4-6.

Macy-McKenna team seeded.

Svd Wyatt, Post's outstanding player, with Keaton Grimes, dropped the finals of men's doubles to E. and Junior Arterberry.

The tourney was benefit the Clinical Fund at Texas Tech and drew a large crowd for the finals in the doubles divisions.

We know several are employed, working.

Overcoming Faith

By Rev. Glenn Reece

Without faith there is no way one can experience the power of the Christian life. It would be like a hamburger without any meat. Faith is the instrument we use to appropriate the victory of the overcoming life there is in Christ. I John 5:14 the Amplified Bible says, "And this is the confidence (faith), assurance and boldness which we have in Him; we are sure that if we ask anything or make any request according to His will he listens to and hears us."

Just what does faith mean to you? Many think of faith as being a feeling of desire so strong that if they believe hard enough and without doubt that the thing they desire will come to pass. This is what someone has called hope standing on its "tip-toes". Faith is not something that brings about every selfish and self-centered desire that our hearts might have.

To me, faith is believing in and accepting who God is and what He is and believing that He will do what He says He will do in His Word. Faith is directly connected to the Word of God. Faith is believing without a doubt that God will honor His Word and do what He says He will do. There are 7,000 promises in the Bible; and faith is claiming and believing that God will keep these promises. So, to me, faith is believing God will do what He says He will do regardless of the seeming situation.

Romans 10:17 says that faith comes by hearing and hearing by the Word of God. If you are ignorant of the

Word of God you will be in the dark about what things should pray for and can expect God to do. Eph. 6:16 that our faith is the shield which protects us from the of Satan. An army of soldiers in the ancient world helpless without shields to protect them; even a Christian without his shield of faith is left helpless to the path of Satan and all his evil host. An overcoming faith is an essential part of the secret to victory in the Christian life.

So much of the time we, being the intellectual that we try to be, will not accept anything that we can't reason out and understand with our minds. From the story of Naaman, the leper, in the book of Kings we can learn a wonderful story. The reason he grew so disturbed was angry over Elisha telling him to do seemed foolish and illogical. To many people, what God says in His Word seems just as foolish and illogical. Paul says in I Cor. 1:20 "But the natural, nonspiritual man does not accept, welcome or admit into his heart the gifts or teachings, revelations of the Spirit of God, for they are (meaningless nonsense) to him; and he is incapable of knowing them."

The acceptable Christian attitude of faith is given Proverbs 3:5, "Lean on trust and be confident in the Lord with all your heart and mind and do not rely on your own insight or understanding." An overcoming faith is a gift for you to "LET GO AND LET GOD".

United Fund to seek more unity

The Rev. Bob Ford, president of the Garza County United Fund, told Post Rotarians Tuesday noon that his organization is interested in getting all separate fund drives under "the United Fund umbrella."

He pointed out that the UF organization here last year became a funding organization in its own right to help with emergency financing of projects as they came up during the year.

"But we haven't been diligent enough this year," he declared, "to put that money to use."

In a talk about the benefits of the United Fund effort and how it helps the community, Mr. Ford said the UF organization has decided to contact those who have held separate financial drives here during the past year.

Pointing to the upcoming 1974 United Fund drive, probably around mid-October, Mr. Ford told Rotarians, "We're going to ask busy men to do the fund raising because its busy folks who get things done for themselves and their community."

CAROL CONRAD

Carol Conrad to job corps

Miss Carol Conrad, daughter of Mrs. Francis Conrad, will return to Guthrie, Okla., Aug. 28 to join the job corps, where she has served for six and a half months.

Miss Conrad, who attended the Post Schools, is learning a trade with the job corps and continuing her education.

Honor-

(Continued From Page One) about each of them having three brothers." Mrs. Hays recalled with a chuckle.

The 12 Hays children are Liberty Anthony of Post, James of Anaheim, Calif., Bill of Lubbock, Eugene of Post, Gloria (Sis) Gilmore of Post, Jesse H. (Buddy) of Austin, Jackie of Lubbock, Robert L. (Pete) of Post, Rhea Propst of Olathe, Kans., Jerry of Post, Herbert of Austin and Donnie of Post.

The two oldest children, Liberty and James, graduated from high school at Texline, but the others are Post High School graduates.

Mrs. Hays moved to Post as a girl with her parents, Mr. and Mrs. A. Lee, from Erath County in a covered wagon in 1915. Two years later, she married Jim Hays, who had come here as a boy in 1913 from Antlers, Okla., to work on construction of the Postex Cotton Mill.

Hays, who died in 1966, was employed in the grocery store owned by W. R. Graeber before 1924, when he moved to Texline and bought a Magnolia Agency. He later sold out and bought a grocery store there. In 1937, he moved his family back to Post and worked at the cotton mill until about 1945 when he again became a grocer.

All of their lives together, Mr. and Mrs. Hays were ardent church workers, and Mrs. Hays has carried on in the same work since her husband's death seven years ago. They were members of the Calvary Baptist Church and Mr. Hays was Sunday School superintendent for a number of years. Both were Sunday School teachers.

Mrs. Hays said they always attributed much of the happiness in their congenial home to the common interest that the entire family found in the church.

In addition to the 12 children, Mrs. Hays has 32 grandchildren and 11 great-grandchildren. "Getting the autographed picture and congratulations from Governor Briscoe was a thrill as well as an honor, and makes me that much prouder of our family," Mrs. Hays said.

Library-

(Continued From Page One) prevent water seepage. Present library plans call for pillars to be erected to support the weight of the roof of the library addition.

Plans for the addition include expansion into the 20-foot wide vacant lot between City Hall and the theatre which has been given to the city for library expansion by the Malouf family.

It also includes removal of several of the partitions now in present library rooms to provide single large library area with full vision from the librarian's checkout desk.

A new decorative and recessed library entrance is planned for the new part of the library with brick pavers extending from the librarian's desk clear to the Main street pavement in front.

The entire library area will be carpeted and new recessed lighting installed throughout the entire library, new addition and old part. A librarian's work room also is planned.

A decorative middle-of-the-room fireplace is planned for the rear portion of the new addition the library where a reading area and small meeting area is planned.

David Newby did the designing for the library addition and rearrangement.

When completed by mid-November, (75 working days are allowed in the contract.) library trustees are hoping that the reading public then will be able "to see" what has been in the planning stage so long.

They are hopeful too the addition will bring in lots of new contributions as well as compliments. After all, the board is looking forward to the day when its fund-raising efforts are finally completed.

Vote reset-

(Continued From Page One) acting tax assessors for the school district.

For these three reasons, Judge Hansard ruled that such defects and irregularities render the current roll "null and void and wholly unenforceable."

In appointing Adcock master in chancery, Judge Hansard ordered him to prepare a correct and legal tax roll and report his findings to the court on or before Sept. 25.

The judge in his order instructed Adcock that if Adcock's findings increases the liability of any taxpayer, Adcock by ordinary mail must notify such taxpayer of the variance in his appraisal and the time and date the court will hear objections to such report.

Meanwhile, from Southland, comes the report that "things have sort of cooled down." Robert Mock, president of the Southland school board, told The Dispatch Tuesday night that taxpayers will be asked to render additional personal property because of the suit brought against the district and not because of the district's own action.

Pat N. Walker, attorney for the school district, advised parents of Southland school children upset by the prospects of their children being sent to other schools within a few weeks if the majority vote to abolish the school district that Southland schools will go on. He said the Southland school district has the legal right to appeal the election results if need be.

Rites held-

(Continued From Page One) an Dam, and Gary Brewer of Snyder, his mother, Mrs. Etta Brewer of Seminole, 11 grandchildren; two great-grandchildren; two sisters, Mrs. Ruby Cox of West, Tex., and Mrs. Odessa Beatty of Carlsbad; and three brothers, Jess Brewer of Meeker, Colo., W. C. Brewer of Santa Fe, N.M., and T. J. Brewer of Seminole.

Burial was in Terrace Cemetery under direction of Mason Funeral Home. Pallbearers were Bill Hall, Syd Pierce, Leon Clary, Durward Bartlett, Spencer Kuykendall and Martin Nichols.

Garza UF names Budget group

Jack Alexander was appointed chairman of the United Fund's budget committee to guide the determining of financial needs of participating organizations by the Rev. Bob Ford, UF president, at a United Fund directors meeting last Thursday night at the First United Methodist Church.

Named to the committee with the school administrator were Mrs. Allene Ammons, Dwayne Capps, and Jim Cornish. Mr. Ford named the Rev. George Miller, artist Jan Bell, and himself to a publicity committee for the upcoming campaign.

Directors decided to invite all organizations who had held separate financial drives here this year to meet with the United Fund board and discuss joining the united effort for an "all in one" drive.

The budget committee must meet with participating agencies and rule on financial requests to come up with a 1974 budget to serve as the goal for the fall drive.

FHA group plan work program

By CINDY ROBINSON Post High School's FHA officers met Aug. 16-17 in the homemaking department with Mrs. Wheatley and Mrs. Sawyers to help plan the program of work for the 1973-74 school year.

"Impact", a program of action, has been adopted by the national FHA officers for all local Fha groups to participate in. Impact is a program of work in which each chapter determines its own projects according to what it feels are community needs.

Local FHA officers decided the two concerns here this year will be to work with people older than the members, and to inform the young generation of the effects of drugs.

The first FHA meeting will be a picnic for freshmen to get acquainted with the senior chapter.

Those attending the planning sessions were Christy Davis, Susan Gary, Cindy Robinson, Elizabeth Hubble, Debbie Ledbetter, Dianna Collier and Susan Solis.

Budget hearing for Schools set today

Post school district trustees will hold their annual public budget hearing at 1 p.m. this afternoon in the board room in the high school and at its conclusion adopt the 1973-74 school district budget and set the tax rate.

In the only other item of business on the agenda, trustees will be asked to employ seven additional new teachers for the school year starting Monday.

Screwworm cases on rise

Texas has recorded over 800 cases of screwworms for July, and indications are that the year's total will climb rapidly in the next few months, according to County Agent Syd Conner.

Word from the screwworm eradication operations at Mission, Conner said, are that the hot summer weather and recent rains have spurred the spread of screwworms in South and Southwest Texas.

"From now until Nov. 1 is considered the crucial time in the screwworm program," the agent noted. Thus, he urged livestock producers to be especially alert for screwworm infestations.

About 80 per cent of the screwworm cases have been occurring in the southernmost 11 counties of Texas. However, El Paso and Hudspeth counties in Far West Texas have also recorded cases.

Stamps-

(Continued From Page One) as they receive their authorization cards from the state welfare department.

Postmaster McAlister said the postoffice will handle only the actual sale of the stamps and the postoffice "will have nothing to do with determining eligibility for stamp purchases."

The Dispatch was informed by the welfare office here that low income families who are eligible, or families on welfare will continue to be processed through the same welfare channels here as before.

The big difference is that the two-member "issuing team" for the food stamps who have served four counties out of Post are having their positions terminated after three years on the job.

Emphasis given to pond safety

Ponds, like any body of water, attract people. When the two come together, there is always the chance of a drowning or boating accident.

"Ponds are an asset to the environment and have many uses," Bob Arheiger, district conservationist for the U.S. Soil Conservation Service in Post, said this week.

"During the past 30 years, Texas landowners have built more than 350,000 ponds as part of their soil and water conservation plans. Some 1,000 ponds have been built in Garza County.

"Families and friends are attracted to ponds because they are nice places to picnic, swim,

boat or fish," Arheiger said. "But the small boy passing by who is attracted by the water may do almost anything. This is why keeping ponds safe is so important."

"Your farm or ranch pond can be a source of enjoyment as well as profit, but only if it is safe," Arheiger concluded. A helpful leaflet, "Make Your Farm Pond Safe," PA 396, is available from your local soil conservation service office.
