All-Out War Bond Ads Featured By Post Advertisers

In cooperation with the Garza County War Bond Committee who opened the Third War Loan Drive in this county this morning, a majority of the regular advertisers of the Dispatch devoted their entire advertising space this week to Bond Advertising in preference to merchandising ads.
Dispatch readers are requested to read each ad for the message it contains. Without the merchant and business man who supports all progressive measures, the little town would be lagging in many phases of advancement. They give and are called on to give and support all types of drives whether it be for school, church or civic causes, some of them with reason and some without. They help build the town. It is our duty to give them our support and business. They are backing the Third War Loan Drive in every way possible... let us do the same.
Special attention is called to the Dispatch readers in connection with the page ad sponsored by a large group. On the ad is news of interest to every person who has a member of their family in service.
Read the ads this week. They have a message for you... then "Back the Attack" by buying bonds "til it hurts."
Mr. and Mrs. J. B. Thaxton and daughter, Carolyn, of Sunday spent Saturday night and Sunday as guests of relatives here. The Thaxtons have bought the Texaco Oil agency in Stamford and moved there last week.

PROCLAMATION

Realizing the tremendous importance of the Third War Loan and realizing the seriousness of the task ahead of us and the urgent necessity of putting it over, I, Walter W. Hyde, Mayor of the City of Post, do hereby proclaim that the week of September ninth, 1943—the beginning of the Third War Loan Drive, be observed by the citizens of Post as a day of consecration and rededication to the cause for which our sons, our husbands and our fathers are risking their all... the winning of the war.
The need for money by our government for carrying on the war is greater at this stage than ever before. We, therefore, sincerely urge each and every citizen of Post to co-operate wholeheartedly in this drive by buying bonds to the very limit. We can not afford to let our boys down.
WALTER W. HYDE,
Mayor, City of Post

Erosion Plans Talked By Garza, Lynn Farmers

Lynn county farmers of the Gordon vicinity have agreed to co-operate with their neighbors across the line in Garza county in erosion control work.
Twelve farmers living near the Lynn-Garza county line met with H. E. Mather, Work Unit Leader, for the Soil Conservation Service, at Gordon store Monday morning of this week to discuss plans for controlling erosion on their farms. This meeting was called by C. H. Lester, one of the local farmers, after R. W. Saunders and other Garza county farmers had complained that they could handle their water from heavy rains in Garza county if Lynn county farmers would co-operate by taking care of the heavy rains falling in Lynn county.
Lester stated that he had been farming in Lynn county only four years. "I farmed in Taylor county for twenty years before coming to Lynn county," Lester said, "and I don't want to see Lynn county farms washed away like they have in Taylor county. We'll see to it that Lynn county farmers take care of their own water to grow more crops to help win the war, instead of letting it run over into Garza county to damage our Garza neighbor's farms," said Lester.
The Lynn County Soil Conservation District was organized to assist groups of farmers in controlling erosion on their farms, Mather explained.
T. H. Basinger, farmer in the Gordon-Hackberry vicinities and Southland merchant, was contacted following the meeting. Basinger had an important part in organizing the Lynn County Soil Conservation District. "We may be handicapped for equipment now," said Basinger, "but if we lay our plans now we'll be ready to go when the war is won."
The district has received applications from sixteen farmers in the Gordon vicinity. These applications will be presented to the Board of Supervisors for approval at their next regular meeting, Saturday of this week.
Farmers present at the meeting were C. H. Lester, W. P. Lester, J. A. Ward, Noble Wynn, C. L. Mason, Dwight Corbell, J. C. Johnson, George Baker, Wilson Baker, J. A. Shelton and J. W. Rudman.

Ration Book No. 3 To Be Put In Use September 12th

The first brown "point stamp" in War Ration Book III will become valid September 13. This stamp, A, is good for 16 points through October 2. Brown stamps will become valid on successive Sundays and will always expire on the Saturday nearest the end of a month. They will be used for rationing meats, fats, oils, canned fish, cheese, canned milk, and all other commodities now rationed with red stamps in War Ration Book II. The small stamp bearing pictures of field guns, tanks, ships and airplanes are not yet in use.
Anyone who has not received Book III may obtain one by applying to his local ration board.

Fine Beginning Is Reported For '43-'44 School Term

Everything is running along in a very smooth fashion Superintendent L. V. Bearden asserted Wednesday while commenting on the opening of Post's schools for the 1943-44 school year. The enrollment has shown a slight decrease over last year due to the fact that many families have moved. Several rural schools have been absorbed into the Post system due to the lack of teachers for rural schools. Enrollment for the entire system on Wednesday morning showed a total of 555. Two hundred and fifty-four were enrolled in High school; 301 in the Elementary school.
Barnum Springs school children are coming in to Post and all children above the fifth grade from Verbena are coming into Post.
No last-minute resignations from the school system were turned in as they were last year. Bearden feels this factor has played its part in the successful opening of the school term.
F. F. Keeton, janitor of the High school, however, has tendered his resignation. His place has not yet been filled, Bearden asserted.
No announcement in regard to the school lunch room can be made at this early date.

Committees And Volunteer Workers to 'Back the Attack' In Drive For \$362,300.00

With the do-or-die spirit, the Garza County War Bond Committee joined the millions of other volunteers over the United States this morning in the tremendous task of raising 15 billion dollars in the 3rd War Loan Drive. The drive opened this morning and will continue through September. It is hoped that Garza folk will respond readily to the call for munitions, guns, tanks, planes, and other equipment that our boys need. "It's a big job and our quota, \$362,300.00, is a 'whale of a lot of money,' but Garza folks always have met the issue, no matter how difficult, and I know they will this time," Marshall Mason, general vice-chairman declared.
John Herd, chairman of the Garza War Finance Committee, has been in session daily with various members of the committee and plans have been mapped for taking the drive to every section of the county. Plans were formulated for a "Door Knocker" campaign and workers expressed an eagerness to do their bit in this task. A booth will be established on Main Street each Saturday and "Uncle Sam" in person will promote the sale of bonds. Other promotional features will be announced as the drive progresses.
In connection with the drive this week, citizens are being warned that they will be Bombed. On Saturday afternoon, September 11, gliders from the South Plains Army Flying Field in Lubbock will Bomb Post with leaflets. These leaflets will be of interest to every person in the county so don't "duck and run." Read the news.
Members of the War Finance Committee who have assisted Mr. Herd in mapping plans for the tremendous task ahead are: General Vice-Chairman, Marshall Mason; Vice-Chairman, B. J. Edwards; and Vice-Chairman Clint Herring.
The Advisory committee is comprised of Lee Bowen, Ira Lee Tankworth, T. R. Grosfield; Dr. A. C. Surman, O. L. Weakley, and Rev. W. Williams.
Individual Report Sales chairman are: W. V. Roy, Tom Williams, George Ramage, John Nichols, Julius Siewert, Bailey Matisler, Lewis West, L. J. Richardson, Mrs. H. H. Hurre, B. J. Edwards, Claude Wiley, J. A. Stallings, and Vachel Anderson.
Members of the Publicity committee are Rex Everett and Mrs. M. Warren.
Circular letters were mailed to every farm family in the county by the County Agent Walter K. Kumborg and listed in the other war vital information on War Bond drives. Circulars compiled by the War Bond committee and approved by the Post Chamber of Commerce were also mailed to every citizen in the county. They need the Post Dispatch in promoting bond news and almost every merchant and business man in Post is using the columns of the paper to advertise the 3rd War Loan Drive. They are "Backing the Attack" in every way possible for the campaign that is so important to the hundreds of Garza county boys who are in service.
Names of these boys and a supplementary list of those who volunteered or registered in other towns are printed in this issue. "Read the list then go buy a bond for that boy of yours, or your neighbor's boy and show him you are 'Backing the Attack'" is the slogan of the county chairman.

High Points On The 1943-44 Garza AAA Farm Program

The 1944 Food for Freedom plan will be announced James A. Boyd, secretary Garza County FFA.
Plans should be made now for the 1944 crop year. The production of food on our home front will be more important in 1944 than ever before, due to many disturbed agricultural sections in the world that will not be able to produce.
The first 1944 goal has been announced for Garza county but it only affects a few producers. Garza wheat farmers are being urged to plant 5 million acres in 1944. The 1943 wheat acreage was 4,186,674 acres. The requested increase in wheat acreage over the 1943 is 26% more than 1943 plantings, which would mean 68 million acres compared to 54 million acres in 1943.
There is not a big wheat shortage because the carry-over on July 1st was 600 million bushels. We do need more wheat since it has also gone to war. Wheat is being used in three ways—(1) Wheat being fed to livestock for the production of meat and milk and (2) Wheat that is going into industrial alcohol to make rubber and explosives.
There are some war crops that are more badly needed than wheat which are grown in the wheat areas and compete for land, farmers' time and equipment, and we should make plans and preparations now for those war crops that can be grown more successfully in Garza county.
Notices have been mailed to all Garza county producers to file 1943 applications for payment, however, insufficient supplies and forms will prevent the preparation of all applications at this time. The forms are expected within a short while and notices will be mailed all producers as quickly as possible, stated Boyd.
Plans for carrying out 1944 production practices should be begun now, continued Boyd. Payments are set aside for each and every farm, and this should be provided to assure you of maximum production in years to come.

Garza Visited By Fine Rains Last Saturday Night

"There are smiles that make us happy, there are smiles that make us glad."
Garza county folk are wearing that type of smile this week.
One inch and one-half of rain would make anybody happy but especially so since there hasn't been any rain for, in these many months. The rain gauge at the Double U company office registered 1.57 inch for Post.
The two-month drought was broken here Saturday night when a heavy rain fell for several hours, accompanied by wind and a blazing electrical display. Scattered showers were reported in some sections but enough moisture fell to be of help to late feed crops and to revive the cotton already on its way to maturity.
Forecasts for this week are scattered showers and many old-timers predict that this immediate section will be visited by additional rains within the next few days. The rain was a godsend to farmers. The moisture will permit planting of oats, wheat and barley for October grazing.
Precipitation ranging from a fourth inch to two and one-half inches was reported from communities in this county.
Cross Roads, 1-4 inch; Southland, 1 inch; Graham, 3-4 inch; Gordon, 2 1-2 inches; Justiceburg, 1-4 inch; Verbena, 3-4 inch; Close City, 1.50; Pleasant Valley, 1.3 and Crossbar, 3-4.
Mrs. Calvin Middleton has returned to her home in Amarillo.

New Law Requires Registration Of Cattle Brands

A bill was passed on August 10 requiring the registration of brands and marks being used in this county, according to a release from the County Clerk's office.
Every person who has cattle, hogs, sheep, or goats shall have his mark and brands recorded or re-recorded in accordance with the law.
The legal owner of a brand or mark shall have a preferential right to record such brand or mark for a period of two years from the first day of October 1943, but if such preferential right is not exercised within two years the same shall be forfeited and such brand or mark shall be subject to registration by any person, and the first person to record same shall be owner of the same.
This act shall not apply to any county which shall have recorded all brands and marks within the past five years. All laws or parts of laws in conflict herewith are hereby repealed.

New Mill Manager To Arrive After September 15

Wurd was received here a few days ago from D. V. Prodason, newly named manager of the Postex Cotton Mills, Inc., that he would arrive in Post soon after the 15th of September. Mr. Prodason is in Narberth, Penn., where he has been serving as manager of the mills in that city. He will be accompanied by his wife and two children, two and five years old.
He sent word to B. J. Edwards, Chamber of Commerce official, that he was in search of a two or three bed-room house and Mr. Edwards has been making inquiries in order to assist the new manager.

Draftees Report To Induction Center

Six persons from Garza county were accepted last week for induction into the armed forces. Edd Edwards was the only white inductee all other were colored. They were: James M. Patterson, M. E. Collins, Luther Dickson, Burns, William Lester Crawford, and Charles Leslie Walker, Jr.

Many Men In Service Not Credited To Garza County

A number of Post and Garza county boys who are serving in the armed forces have not been credited to this county as they registered or volunteered in other towns. This group includes a large number of college boys and a few who have been in service since before Pearl Harbor as in the case of Phil Foreman. Phil has been in the Navy for over three years but his name has not been credited to this town.
An incomplete list of these servicemen is printed here. If names are omitted it is purely unintentional.
Ralph Brant, Vernon Cearley, Orville Cearley, William Lee Cook, Lewis Coleman, Bill Edwards, Harry Evans, James M. Mason, Phil Foreman, Mike Mize, Charlie Lee Pruitt, Ken Presson, Frank W. Smith, George E. Seif, Kenneth Wright, Merle L. Spence, Kermit Parr, A. C. Surman, Jr., David Gossett, Harvey Herd, Bill J. Davis, Grady Crowley, Homer Thompson, Herbert Boelter, Vernon Giles, Curtis Neal, Bryan Mathis, Jr., W. B. Jones, Darrell Jones.

SEPTEMBER TERM OF COURT TO OPEN ON 20TH

The September term of court will open on the 20th, according to an announcement made early this week by County Clerk Ray Smith.
The grand jury will be called on that date. New rules of procedure for the calling of petit jurors has been announced. Jurors will be called only as they are needed, it was learned.

Views of Neighboring Editors:

Lubbock Avalanche—We grown ups can read the warning signs and we know from experience. Children haven't any experience. They are explorers.

There's a whole unknown world ahead of them. Mystery around every corner, new wonders every day.

Don't blame them if they go wrong. Blame yourself.

For every boy who grows up to be a criminal there is a mother or father who was too busy, too careless, too ignorant to teach the child.

All human beings come into the world good. They'll stay good if they are taught goodness.

It isn't the child that throws the switch—it's the parent who furnishes the crowbar.

Scurry County Times—Unity "for keeps" should be the watchword of every Scurry County family for the remainder of the war, a well posted observer declared Monday, because Scurry county folks will have plenty of "fight" on their hands to keep the home front functioning smoothly—what with a record breaking drought drying up water wells, surface tanks and crrps, and everyone concerned with the imminent feed shortage.

Unity "for keeps" should also be our watchword. The Times might add, in renewing spiritual and community ties, and keeping our civilians on the royal road of accomplishment. If we maintain our churches and schools, for example, on a high plane we shall reap rich dividends despite the pinch of economic conditions in wartime; we shall reap only in proportion to the good deeds done along the way and shall see our faith living only in proportion to our belief that everywhere will see out all right—and for the best.

Colorado Record, Conversation Corner—It's a matter of geography. For instance, when that A and M glorifier "We've Never Been Licked" was shown in that hot bed of Texas U. crooners (Austin, wouldn't you know it?) any time a scene was trying to get over the idea that we Aggies are the ones that show the "red old light fight," the Texas "legation" would rise and shout "The Eyes of Texas Are Upon You." As if this wasn't enough to drown out all possible dialogue that might otherwise have seeped into the Texas zone, the Aggies scattered through the audience would courageously rise and sing "So Long to the Orange and the White." But it was no go, and this one time the Aggies were licked. Teller of this tall tale is Ronald Prichett, here between summer terms at—yep, you guessed it, Texas!

IS THIS YOUR SON?

This is from a young boy who is finishing college in the Navy:

Everything is going fine. I am always hungry. I am always behind. I am always overworked. And I have a wonderful time.

This is not school anymore. It is the Navy. I'm beginning to catch on—and to think Navy and school. The "intellectual" atmosphere is gone. Scholastic work remote. You understand.

I don't like this inefficient, obstinate, in-discipline, but I swallow it any way. You just have to and try when you become an officer to make your discipline as intelligent and efficient as discipline can be.

To the People of this Community:

ARE YOU REALLY AT WAR?

What does being at war mean to you? Less gasoline for your auto? Less sugar in your coffee? Higher prices for your food and clothes? Separation from your husband?

3rd WAR YEAR
3rd YEAR
Sure, it has meant all those things, some serious and some really trivial for a period when your actual safety is at stake.

But has the war meant BLOOD, SWEAT AND TEARS to you? In many instances YES. The first stage of invasion has already pushed our casualties over the 100,000 mark.

The gold stars which decorate thousands of our homes today are a challenge to the vast majority of us to do our best in the Third War Loan. No good American wants to see one more gold star added to the firmament of glory. We educate our youth for life, not for death. If they die, they die so that we might live. Every extra War Bond you buy today will back the invasion so that the war will be shortened and so that there will be less blood, sweat and tears for you and your friends.

PORTABLE PIPE LINE

A portable pipe line was one of the "secret weapons" which American forces employed in their swiftness advance through Tunisia and Sicily, it was disclosed. Constructed of a light steel so flexible that it can be snaked around trees, the pipeline can be laid at the rate of 10 to 30 miles daily right up to the fighting fronts.

ARE WE AS COURAGEOUS AS OUR BOYS IN SERVICE?

Garza county boys like John Miller, J. E. Robinson, "Doc" Thomas gave their lives for the greatest cause on earth . . . Freedom.

These boys provide plenty of reason why Garza county folk should roll up their sleeves, dig deep into their pockets and really get into the Third War Loan Drive which opened here today.

Our boys who are prisoners of war or who are fighting in Guadalcanal, New Georgia, Italy, and other parts of the world are not giving up and they never will as long as there is life in them . . . are we on the home front any less courageous?

If our boys can bleed and die we can surely jump in and make that county quota of \$320,000.00 melt away the first week of the drive . . . to keep weapons and ammunition going to the battlefronts.

Garza county has ahead of it the biggest job yet assigned to it in the tremendous program and it will take all our extra dollars and time to put it over. We have a big job to do and one that we can well be proud of, and one that will be indeed worthy of our supreme sacrifice.

Every person in Garza county has an obligation. Every person who can will be expected by our boys to buy bonds. The Axis powers are hoping that we will not meet our quota in the drive . . . they will chuckle with glee if we should fall. Falling short of our goal would not only be playing into their hands, but would prove that we couldn't take it . . . couldn't raise the sum needed to keep our men in arms and ammunition.

We are going to have to give until it hurts this time, but remember that we are fighting for a far greater cause than money . . . than property. We are fighting for the right to live and nothing short of our best will be acceptable to our boys in service, and to our own conscience.

Engineer Troops Train Under Combat Conditions

American Engineer troops and American construction equipment are establishing a worldwide reputation for building bases overseas. From the ranks of the construction industry come skilled workers to build and fight for the U. S. Army. Before shipment to battle zones all over the world, these recruits receive training in the construction work they will do under combat conditions. At the Desert Training Center in California, for example, they are trained in airport building, port

Letter From Joe Moss

A letter from Joe Moss to the Dispatch force gives an interesting account of his new training base and sidelights on things that have happened since he entered the army in June. The letter in part follows:

Well, last Thursday I was snipped from Sheppard Field to school here at the Dakota State College of A & M Arts, where I am attending an army administration school. The course will last eight weeks, and then I'll be sent to some line outfit for duty as an office flunkie. This is a beautiful place. The college facilities are at our disposal, and we certainly make use of them. Normally the school has about 3,000 enrollment (co-ed) and with about 800 soldiers here it remains at that figure, however the balance are mostly girls. We live in the dormitories, which are modern in every detail. We have Saturday evenings and Sundays off. The town has about 5,700 people, and they are nice to us. Outside of the fact that they keep us very busy during the week, this is a dream. The discipline is strict, and they give us demerits almost every day. Thus far I have received none, but look for some any day now. We eat in the dormitory mess hall, with girls to wait on tables. We drill on the grounds. We do no KP duty here. The show is fine—quite an improvement over that at Sheppard Field—how I hate that place.

However, I do notice that Sheppard Field men up here are the best drilled men. We seem to outshine all of them on that. I drilled some men the other day, and most of them had never heard of some commands I gave which I learned at Sheppard Field. Furthermore, we seem to be in better physical shape.

The weather is cool. There are lots of beautiful pine and oak trees on the campus and the most beautiful grass I have ever seen. It is so thick that we don't even dent it on the drill field. The drill field has to be mowed twice each week.

I am fine—never felt better in my life. I now weigh 210, which is 45 pounds less than on June 9th, when I took on the status of a rookie soldier.

CANADIAN SOLDIERS GET "COAL FURLOUGHS"

NOVA SCOTIA—Passed by Canadian Censor—Threatened with an acute shortage of coal, the Canadian Government recently issued a decree requiring all former coal miners, regardless of their present wartime jobs, to return to the mines. Photo shows, nearly five miles under the sea in Nova Scotia Pvt. J. C. McDonald, on a three months "coal furlough," is back at his old mining job. The main shaft of this large bituminous mine is on the mainland, but the Poles extend from three to five miles out under the water.

Leslie Hill Fought In Battle Of Tunis

Leslie H. Hill sent an interesting letter to his mother from his station in Africa. Leslie is a member of the Armored Infantry Division. Parts of his letter are reprinted.

"Still in North Africa. Like it here fine but it is certainly not like the old USA. The girls are swell especially the French girls. I am having a good time over here now but it was tough when we were in battle. I was in the battle of Tunis and we certainly had to watch out for the bombs. Starved too. I was in the parade following the battle. I sure do miss Wright Hinson. He was a real good buddy and he certainly was brave and nifty. He deserves all the medals he got. I like all the boys in my company. They call me "Smiley." Tell every one around Post hello for me. I think of them often and would like to see everyone. I never saw anyone from Post but Clyde Hodges. Hologed at him but he did not see me. I am still driving a truck like I did back there. Wish Deannie was over here to ride the camels and donkeys. They are sure plentiful here. Wish you would send me the Post Dispatch and I wish everyone would write me. My address is: T-5 Leslie H. Hill, 38060854, Co. H, 6th Armored Inf., APO 251, c/o Postmaster, New York, N. Y.

Corporal and Mrs. Kendrick Cash arrived here from Bryan, Texas, Sunday night to visit in the homes of their parents. Kendrick has been promoted to truckmaster of the motor pool of Bryan Field. They returned to Bryan Tuesday.

Major George H. Tracy of Fort D. A. Russell of Marfa arrived here this week to visit with his wife and baby and his parents, Mr. and Mrs. H. H. Tracy. The younger Mrs. Tracy and baby have been here several days.

Red Cross

Directors for some months have known that no materials for sewing or knitting would be available for the Garza county chapter since Congress again did not make any appropriation to cover this phase of Red Cross work. Mrs. T. L. Jones, chairman of the Woman's Production Unit of Garza Red Cross announced this week. An appeal, however, has been made to the Army and Navy for materials. If this appeal is granted, materials will be sent to make kits for soldiers and the resumption of work in the sewing room will then be announced. The work will begin as instructions arrive.

Since no money was appropriated for sewing or knitting, the Red Cross is emphasizing the importance of continuing work of some nature and is pointing to the need of more Home Nursing and Nutrition classes. It is pointed out, too, that perhaps Canteen classes will be held later on.

Quilt Tops Need To Be Quilted

Several quilt tops that have been made from Red Cross sewing room scraps and a number that have been donated need to be quilted. Mrs. Jones said. If any organization or Sunday school class is interested in quilting these quilt tops they are asked to contact either Mrs. J. P. Manly or Mrs. Jones and arrangements will be made for opening the Red Cross room.

Appreciation

A note of appreciation is expressed to the rural women for their loyal support in the Red Cross sewing and knitting program. Many rural communities in the county devoted a majority of their club hours to quilting for the Red Cross. Their untiring efforts are certainly appreciated, the chairman asserted.

Twenty-four quilts made from Red Cross scraps were sent to the St. Louis flood district from this chapter and numerous baby quilts as well as others have been completed by the club women in the rural communities. Several groups here in Post also assisted in swelling the total in the number of quilts credited to this chapter.

This chapter has thousands of garments, including the quilts, to its credit and was given recognition from the area office on its splendid report. For all who worked on these articles, the Red Cross chairmen, express thanks.

Women are advised to watch for announcement concerning Red Cross work.

Scott King and family of Amarillo visited in the Williams' home last week.

Mr. and Mrs. Ed Gossett spent the weekend in Wichita Falls with a daughter, Enid. Their son, David, who is in the medical unit of the army and who is stationed at Camp Maxey, Paris, Texas, met them there for a short visit. David said he expects to be transferred at a very early date to some specialized training center.

Wagner W. Johnson returned to Clovis, New Mexico, after spending a three-day pass here with his parents. He is a member of the Air Force.

Mrs. Tom Sims returned a few days ago from the hospital in Lubbock where she underwent an operation.

Mrs. Jess Cornell and little Jess Michael, returned from hospital in Lubbock last Wednesday.

Mrs. Martha Thomas spent the week end as a guest of Amarillo friends. She returned Monday afternoon.

Mrs. Andrew Jackson and Billie of Merkel spent the week end with Post friends.

Gwen Rae Hodges Honored On Fifth Birthday Tuesday

Gwen Rae Hodges was honored last Tuesday afternoon when her mother, Mrs. Ray Hodges, entertained with a birthday party at the home of Mrs. T. F. Caffey.

After playing many out-door games the group went into the living room to watch Gwen Rae open the packages.

While Gwen Rae blew the 5 candles out that were on the beautiful birthday cake the guests sang "Happy Birthday To You."

The cake was served with soda pop and ice cream to the honoree and Oneta Jones, Hazel and Mary Ann Shults, Imogene and Geneva Jo Resenbaum, Lois Jean and Claudia Lee Caffey, Darrel Lee Jones, Jim Bob Shults, Travis Altman, Larry Curry and Wylie Dee Hodges.

Betty Williams Honored With Dance At Country Club

The Lubbock Country club was the scene of a formal dance last Wednesday night when Dr. and Mrs. D. C. Williams entertained for their daughter, Betty, on her sixteenth birthday. The affair was one of the highlights of the late summer season for the younger set.

The guest list was made up of the following: the honoree and Jack Wright, Iris Parker, J. H. Peede, Maggie Graham, Johnny Thomas, Wanda Thomas, Holmes McLash, Marion Edwards, Don Shirley, Marion Hodge, Marshall Mason, Mary Carpenter, Ed Kelly Sims, Bess Corbell, Winifred Carpenter, Mary Beth Roddy, Johnny Malouf, Matilda and Buddy Malouf, Mary Helen Robertson, Jeff Justice, Peggy Sue Robinson, E. Miss Callie Nelson Pvt. Harold Strafer Married Aug. 28

Miss Callie Nelson became the bride of Pvt. Harold R. Strafer in a quiet wedding service held on August 28 in Clovis, New Mexico. The impressive ring ceremony was performed in the home of the officiating minister, Rev. Bailey pastor of the First Methodist church of Clovis.

The couple was unattended. Mrs. Strafer is the daughter of Mr. and Mrs. H. E. Nelson, prominent family of the Clovis community. Pvt. Strafer is the son of Mr. and Mrs. Strafer of Fort Sumner, New Mexico.

The bride wore for her wedding a becoming navy blue sheer frock with white accessories. Her corsage was fashioned from white carnations.

The groom is a member of the Field Artillery of the U. S. Army and has been in training at Fort Bragg, North Carolina. He left Tuesday for a new camp in Virginia. Mrs. Strafer resumed her work at the American Cafe.

The couple visited with the groom's parents in Fort Sumner several days before returning to Post where they were guests of the bride's parents.

Bill Clark Given Party On His Second Birthday

Wednesday afternoon, Sept. 1st, was a big event in Bill Clark's life. It was his second birthday and in celebration his mother entertained in the home of Mrs. Carl Clark.

With much excitement the presents were opened and Bill's eyes were big indeed. "Bill see" and "Bill have that" were his comments on each package.

As always, the cake and the blowing out of the candles was a highlight. The cake was iced in white with two blue candles. Ice cream and cookies were served to Bill and his guests: David McCampbell, Victor Eugene Hudman, Danny Cockrum, Bob Nance Evans, Mickey Priddy, Sharon Jobe, Flora Ann Hagood, Sonja Sue Cass, Martha Cearley, Carolyn Hudman, Bonnie Ann Evans, Jo Ann Moreman.

Bill's grandmother and uncle from Slaton, Mrs. Gordon and Gene, spent the day with him and enjoyed his party. Also in attendance were Mesdames Jobe, Hudman, Cass, Hagood, Cearley, McCampbell and Cockrum.

Change In Ration Points Announced On Meat Supplies

Reflecting an improvement in civilian meat supplies, the ration cost of most lamb and bacon cuts, sirloin steak, and rib roasts has been reduced from one to two points for September. In addition, several variety meats also have lower point values. Creamery butter increased two points to 12 points per pound. Country butter, however, has been assigned a value of six points per pound. The purchasing power of meats-fats stamps in September will be a little larger than in August because the decrease in meat point values more than cancels the higher ration cost of creamery butter.

Farmers Are Given Quota In Third War Loan Drive

Farmers have a war bond quota of 15 billion dollars in the 15 billion dollar third war loan drive which begins September 9 and continues through the month. During the campaign, canvassers expect to call upon at least 3,600,000 of the nation's 6 million farm homes. Farmers' income figures point to big bond subscriptions. It is estimated that their cash income from marketings will be 19 billion dollars this year.

Garza farmers will be solicited in the 3rd War Loan Drive.

Bank deposits in this county are the largest in history and records reveal that a large per cent of the deposits are credited to the farmers.

Mr. and Mrs. Frank Nease and son Bobby of Plainview spent Sunday visiting in the home of Mr. and Mrs. Walter Clark. Their daughter, Mary Evelyn, who has been the houseguest of Hazel Louise Cash returned with them.

Tent Revival

A tent revival is being conducted just west of the post office by Rev. Robert Owens and Rev. Glen Mitchell doing the preaching.

REV. OWENS

Rev. Owens and Rev. Mitchell come from Big Spring. Everyone is invited to attend this old fashion revival. Children's service begins at 8:15. Evangelistic service at 8:45 p. m. Come and worship with us.

Prunes - Raisins Put Under Ration Regulations by OPA

Dried and dehydrated prunes and raisins were restored to rationing September 5. Values were placed at four points per pound. Allocations of dried prunes and raisins to Government agencies will be large. However, the balance of raisins and dried prunes available from the year's production for civilian distribution is expected to be over 90 percent of the average annual civilian supply for a five-year period preceding rationing.

Small Engines To Be Issued To Farmers With Certificates

Distribution of about 37,000 air and liquid-cooled internal combustion engines of 20-horsepower and under will be controlled by county farm rationing committees. Preference rating certificates will be issued to farmers or operators of farm machinery for hire, based on the need for the engine in essential production of crops, livestock and livestock products, poultry and eggs, and bees. When the farmer receives such a preference rating certificate, he can

Miss Clare Patterson, Former Post School Teacher, Joins WAVES

Miss Clare Patterson, known to her many friends here as "Pat," was here for a short time Friday on business and visited a few friends. She was en route to her home in Snyder from Lubbock where she offered her resignation as a school teacher since she is now a member of the Waves. Pat taught in the Post schools several years before going to the Lubbock system.

She reports next week to Hunter col. 2 in New York for several weeks indoctrination training. She has asked to be placed in the hospital corps.

And another thing, son, please quit worrying about the business. Your mother and sister are pitching in and helping me no end. Remember, motor oil, greasing, and all my other services are not rationed. Honest, our business is pretty good—thanks to Conoco No. 1 motor oil. Remember how you quined when they first called me a "Mileage Merchant?" Well, that's come to mean something very real these days. Sure, I'm keeping the engine in your car oil-plated and a lot of others around here, too. Just hurry up and get that job of yours wrapped up and when the band meets you at the train, the parade can head in this direction and you'll find this business here for you to carry on.

Some day, if God is with him, he'll come home.

And when he does, you'll get the biggest thrill of your life if you can look him squarely in the eye and say, "I couldn't help you fight—but I did everything in my power to help you win!"

There's only one way you can say that... honestly say it. And that is to help him win now... when he needs all the help you can give him.

Today's particular job for you is to scrape together every dollar you can—and buy an extra \$100 worth of War Bonds! That's your job in the 3rd War Loan!

It's not enough to buy your regular amount of Bonds. It has to be more. It has to be an extra

buy—a little more pressure for the shoulder that's against the wheel.

REMEMBER THIS—you aren't giving your money. You're lending it to the government for a while. And you're making the best investment in the world.

Joe Hayes had the misfortune of breaking one of his legs several days ago. Hayes has been working in Sundown, Texas, but was taken to the Levelland hospital for treatment. He was brought to his home here in Post until he is able to return to his work in Sundown.

Mrs. Bryan Williams and Mrs. Belle Fairbanks returned last week from ten days visit in Colorado. They visited while there Mrs. Giles Connell who is spending the summer near Denver.

ABOUT THAT GARDEN
... the Scotchman

Some like it hot, and some like it cold; that is what makes storing vegetables more difficult than it sounds. You'd better know which are which before you start storing them for the winter. Squashes, pumpkins, and sweet potatoes would be happy in warm dry places. In fact, a decorative arrangement of them on the mantel or window sill will last all winter. Root vegetables like carrots, turnips, beets, and kohlrabi like it decidedly cool—near freezing—dark, and close. They are usually kept in covered boxes so that they will not dry or shrivel. Onions and garlic are stored dry and cold. Cabbage, potatoes, apples, and pears like it cool, dark, and slightly damp. Potatoes will turn green if left in the light.

Don't plant grass seed too late. If behindhand, wait until early spring, and thus save seed and disappointment. Use healthy sod for small areas.

Scotch kale may not be as thrilling as the first mess of peas, but it is the hardiest and latest of all green vegetable crops. Its vitamin content is not to be sneezed at, either.

For healthier rose bushes next year, prune your hybrid teas almost to the ground this fall. Burn the old tops and even the leaves that fall to the ground, for diseases live over winter on them.

Try gladiolus bulbs any time after the foliage starts to dry. Let them lie a few days in the sun before storing.

Climbing roses are fickle about winter weather. Some years they will back and other years they don't. They drying effects of winter sun and wind are most to be avoided. Plants may be wrapped or covered in place, or they may be laid upon the ground and covered with boards or soil.

Put some parsley for your kitchen window sill.

Army was transferred several days ago to New York.

Miss Loyce Hill returned to Oklahoma City after spending a few days here with her parents, Mr. and Mrs. E. C. Hill and her brother who has been very ill but is better.

First Bale From "On Top the Cap" Ginned Tuesday

The first bale of cotton from on "top the Caprock" was brought in Monday, September 8, by P. H. Buford. He grew the cotton on the Perry Graham place.

The bale was ginned by Planter's Gin company. It weighed 542 pounds and was ginned from 1800 pounds of snapped cotton.

A \$25.00 War Bond was given by the Post Chamber of Commerce as a premium to Mr. Buford.

The first bale from "below the cap" was ginned on August 24 and was brought in by Ray R. Henderson. The Henderson bale weighed 460 pounds.

Several bales have been ginned since the first bale date.

Local Girls Sing For Patients At SPAFF Hospital

The Victory trio and their accompanist comprised of Misses Hazel Louise Cash, Mary Evelyn Nease, Iris Parker and Betty Williams were featured on the anniversary program of South Plains Army Flying Field last Thursday night. The program was under the sponsorship of KFYO of Lubbock and was presented in the Field hospital. Mrs. Marjorie Lee Mason Minor who is associated with the broadcasting station made arrangements for the presentation of the local girls.

The trio sang "I Never Mention Your Name," "Taking A Chance On Love," "Skylark," "Smilin' Through," and "In the Blue of Evening." The girls were well received by the hospital patients and were given much applause following each number.

Programs, open house, parades and demonstrations were featured throughout the week as the largest glider field in the United States observed its first birthday. Many army visitors from other branches of the United States army were among the noted visitors who were present for the review.

Rotarians To Go To Inter-City Meeting Tonight In Lubbock

The Post Rotary club will attend an Inter-City meeting of clubs in the district tonight in Lubbock. The regular Tuesday luncheon was postponed. President W. F. Pession, announced early in the week.

Representatives of 38 towns are expected to attend the 19th annual inter-city meeting of Rotary International at the stock judging pavilion on the campus of Texas Technological college.

D. D. Monroe, past district governor of Rotary, of Clayton, N. M., will be principal speaker. He is secretary-manager of the Clayton Abstract company; is active in the American Association of Title Men and the National Association of Insurance Agents. Since 1924 he has been school budget commissioner for Union county; is a member of the Clayton Civilian Defense council, is conciliation commissioner under the Frazier-Lempke farm mortgage act, and is appeal agent for his county's draft board. He is a member and past president of the Rotary club of Clayton, and has served Rotary International as district governor and committee member.

Attendance is expected from an area roughly bound by Canadian, Graham, Abilene, Odessa, Texas, and Portales, Clovis and Hobbs, New Mexico.

Texas Produces Food For Freedom

An avalanche of Food for Freedom is being turned out by Texas' 418,000 farmers on the farm front, according to B. F. Vance, chairman, state USDA War Board.

Citing the July 1 crop report of the Bureau of Agricultural Economics on crop conditions and indicated yields, he said Texas farmers would harvest 7,195,000 acres of sorghums, 92,106,000 bushels of corn, 33,170,000 bushels of wheat, and 14,190,000 bushels of Irish potatoes and sweet potatoes.

Other important crops include fry edible beans, 52,000 one-hundred pound sacks; oats, 15,694,000 bushels; and barley, 3,682,000 bushels.

The acreage of soybeans for beans is placed at 52,000 acres according to July 1 crop conditions while the peanut crop from the same report approximates 1,114,000 acres.

Aggregate crop production for the nation will be about six percent lower than last year but five percent higher than in any previous year.

"Although crop production is down slightly, animal products will bring the total food production up above last year's all-time record," Vance said.

Mrs. Floyd Stanley left Friday for California where she will make her home for the time being. Her parents are now living in Long Beach and she plans to visit there for a short time before going on to Camp Elliott where her husband is stationed. Her husband met her in Long Beach.

Mr. and Mrs. Odell Stanley and children left Friday for California where they will make their home. Odell, who has been associated with Hundley's Cleaners, will begin work in a defense plant.

Texas Department Stores Did Good Business In July

Despite declining supplies of civilian goods, Texas department stores did a rushing business in July, showing a 32.4 per cent gain over the same month of last year, the University of Texas Bureau of Business Research has reported.

The story of Texas business during three years of world war has been one of steady growth, with business almost double that of 1940. Since 1940, Texas business has shown an over-all gain of nearly 90 per cent, statisticians say. During the month of July, the Bureau's composite business index—composed of half a dozen industrial and trade factors—showed a gain of 2.6 points over June and of 39.3 points over July, 1942.

Index figures on industrial payrolls and department store sales showed large gains, it was pointed out.

Mr. and Mrs. Jack Martin will move into the home recently occupied by the Elmer Longs. The Longs moved to Slaton where Mr. Long will be connected with a grocery store in that city.

Their Eyes Need Good Lighting

NOW, MORE THAN EVER, their eyes need good lighting. Tests show that 35 per cent of all children develop defective eyesight during school and college years . . . due largely to insufficient light. Don't let this happen to your child because you failed to provide good light for him to study by.

Although there will be no more I.E.S. lamps manufactured for the duration, we give you these five points for protecting precious eyesight.

1. Keep lamp bulbs and fixtures clean.
2. Avoid direct glare from electric light globes. Use indirect reflectors whenever possible.
3. Don't work in your own shadow, especially on close work.
4. Use the right size globe to supply enough light and the proper kind of light.
5. Don't waste electricity.
