

Song Festival will usher in Christmas season Saturday

No lights to go up

The nation's energy shortage has brought a lot of changes to the musical opening of the Christmas season here in Post Saturday evening, but the basic ingredient of the singing of Christmas carols remains the same.

The Festival of Lights, sponsored by the Women's Division of the Post Chamber of Commerce, has been changed in name to the Christmas Song Festival and the time has been moved up to 5 to 6 p. m. because of the lack of lighting to hold the event any later.

The song festival will be held on the courthouse lawn with the Community Chorus, directed by Bob Stice, singing the carols and a combination of the high school and junior high band on hand under the direction of Jim Swafford.

The public is cordially invited.

At the end of this year's caroling, the group won't move east down Main Street while Post's downtown Christmas lights are turned on for the first time.

That is because there won't be any strings of Christmas lights over Main Street this year, in response to the President's Sunday appeal to conserve energy, including outdoor Christmas lighting.

The Retail Promotions Committee of the Post Chamber of Commerce, headed by Keith Atkins, at a special meeting Monday afternoon reversed itself in response to the President's appeal and voted not to put up the lights this year. City employees were to have begun to string the lights over Main Street Monday.

Post stores have been requested by the committee to remain open until 7 p. m. Saturday night for Christmas shoppers after the conclusion of the Christmas Song Festival.

Mrs. Inez Hartel, chairman of the Women's Division of the Chamber, told The Dispatch that all local church choirs have been invited to participate in the song festival and that amplification for the event will be provided by Fernie and Weldon Reed.

The Christmas Song Festival, as last year, is the first event of Post's Christmas promotional season.

Mrs. Feagin's rites are held

Services for Mrs. Geraldine Feagin, 51, of 510 North Ave. P were held at 2 p. m. Wednesday of last week at the Calvary Baptist Church with the Rev. Leon Smith, pastor, officiating.

Mrs. Feagin died Nov. 19 in Garza Memorial Hospital following a lengthy illness. She was born June 20, 1922, in Oklahoma and moved to Post about eight years ago from Wilson.

Survivors include her husband, Z. E. Feagin; three sons, Robert of Post, Mike of Carlisle and Joe Feagin of Houston; two daughters, Mrs. Nita Smith of Post and Mrs. Pam Long of Odessa; a brother, J. B. Thomas of Madill, Okla.; two sisters, Mrs. Lorene Clark of Oklahoma City and Mrs. Rumina Cole, who lives in France; and five grandchildren.

Burial was in Terrace Cemetery under the direction of Hudman Funeral Home. Pallbearers were Jimmy Don Myers, Bill Hughes, Marvin Williams, Raymond Walker, Raymond Rudd and Ray Bagby.

Les Brown to state meeting

Garza County Probation Officer Les Brown has been chosen one of ten juvenile probation officers from throughout the state to attend a conference in Houston on Friday, Nov. 30.

The meeting has been called for the purpose of finding what problems juvenile probation officers are having implementing the new Texas Family Code (juvenile law), which went into effect Aug. 27.

Brown is to represent the rural probation officers who work both adult and juvenile probation cases.

The conference is sponsored by the Texas Probation Training Project. Information obtained at the conference will be used in setting up a workshop for all probation officers statewide, to be held in Austin Jan. 31-Feb. 1, 1974.

On Saturday, Dec. 8, Santa Claus will pay his annual pre-Christmas visit to Post and will visit with local youngsters downtown between the hours of 2 and 4 p. m. The Post Volunteer Fire Department will escort Santa into town on that occasion. He will have candy treats, too, for all his small friends.

That same Saturday, Dec. 8, at 4 p. m. will be a downtown Merchants Christmas Gift

drawing with participating local merchants putting up a host of valuable prizes for the occasion. Signups for this and two Yule Drawings to follow will begin in local stores this Saturday.

Thursday, Dec. 13, will be Post's traditional "10 Per Cent Off for Cash Night" with local stores being open to shoppers from 7 to 9 p. m.

To aid parental shoppers, the Retail Promotions Committee is

attempting to arrange an "old-fashioned 10 cents admission" movie at the Tower Theater that night for local kids with the committee helping to finance the show.

The Yule Drawings will be held on Saturday afternoons, Dec. 15 and Dec. 22, and are open to all 16 years of age and older without obligation except they must be present to win.

The drawing format has been

changed this year in one significant respect. At each drawing, names will be drawn until a winner is present.

Prize for the Dec. 15 drawing will be \$50 in a gift certificate good as credit in any participating Post store, and the prize for the Dec. 22 drawing will be \$100.

The drawings will be conducted at 4 p. m. this year instead of later in the afternoons.

HEARING DATE

Southland annexation issue as commissioners court

County Commissioners set 1 p. m. for the time as the time for the hearing on the petitions of independent property owners of between nine and 10 acres of land from the district for its annexation to the Post Independent District.

Walker then objected and was given more time.

Both parties agreed that all facts, statistics and records pertinent would remain "frozen" as of Wednesday, Nov. 21.

The Post school trustees recently voted to accept such property for annexation but only with the stipulation that the Post district would accept no Southland school district debt obligation on the annexed land.

torney, Pat N. Walker, request additional time to prepare for a hearing on the petitions.

County Judge Giles W. Dalby granted two weeks for additional preparation.

Petitions were received by the court Monday from S. M. Lewis, R. H. Lewis, C. C. Lee, H. J. Edwards, Zoe Helm, Jean Basinger and Ronnie Dunn for detachment of their land from the 131-square mile Southland school district.

Attorney Tom Griffith of Lubbock, representing the petitioners, requested the court

Snyder woman is killed by trailer truck

Mrs. Judy Gonzales, 50, of Snyder, was killed about 3:45 a. m. Monday 10 miles southeast of Post on U. S. 84 when she was struck by a trailer truck driven by an Amarillo man.

Mrs. Gonzales' car had run off the road and she was walking to seek help when struck by the truck, according to the Highway Patrol, which investigated the accident.

Millie Tutor, also a resident of Snyder, was injured when Mrs. Gonzales' car ran off the road, but was released after receiving emergency treatment at Garza Memorial Hospital.

Mrs. Gonzales' death was the second traffic fatality this year in Garza County and the 122nd traffic fatality in the 20-county South Plains area.

Services for Mrs. Gonzales were held at 10:30 a. m. Wednesday at the Bell-Seale Funeral Home Chapel in Snyder with the Revs. Tony Moran and Leonard Gallogos officiating. She was a member of St. Elizabeth's Catholic Church. Burial was in Hillside Memorial Gardens.

Survivors include a daughter, Mrs. Vira Ubando of Snyder; three sons, Abe Gonzales of Big Spring and Ruben and Mickey Gonzales, both of Snyder; three sisters, two brothers and nine grandchildren.

Shipping delay on histories

The "Wagon Wheels" autograph party which had been tentatively set for Dec. 2 will have to be held later, it was learned this week.

Pioneer Publishers, which is publishing the Garza County history, notified Mrs. Vada McCampbell, secretary of the history book committee of the Garza County Historical Survey Committee, that the bindery in San Antonio has promised to ship the books "either Dec. 3 or Dec. 7."

The local historians are still hopeful of the books arriving in time for delivery to purchasers in time for Christmas gifting. It is expected that a definite date of the books' arrivals will be known in time for announcement in next week's Dispatch.

Rodeo group elects Myers as president

Fred Myers was elected president of Post Stampede, Inc., at a recent stockholders meeting. He succeeds C. F. Johnson, who was elected arena director.

Others elected by the rodeo group were: Bob Macy, vice president; Tommy Young, secretary-treasurer; James Dye, manager; and Jay Hart, Ronald Simpson, Johnny Kemp, Jimmy Moore, J. L. Hedrick, Dewayne Gannon and Royce Hart, directors.

The Post Dispatch

Forty-Sixth Year Post, Garza County, Texas Thursday, Nov. 29, 1973 Number 26

Governor Dolph Briscoe has put his foot in his mouth as far as Post is concerned and Chamber President J. B. Potts has written the governor a letter to straighten him out.

The governor said a couple of weeks ago that a new West Texas plant to be built by a Japanese firm will be the first in Texas to process cotton from "bale to finished product."

The governor needs better researchers on his staff.

The Postex Plant in Post has been doing just that since about 1912 or 1914.

But the Dallas News of Nov. 18 beat Potts to the task of correcting the governor. It reported Mrs. Toledo Kemendo, whose father, H. W. Fairbanks, designed and supervised the construction of the Postex Plant here, "politely disagreed" with Briscoe.

In the Dallas News story, Mrs. Kemendo recalled that she lived here in Post for two years while the mill was being built. "It had a cotton gin and a cotton mill. In the early days the plant manufactured thread and cloth and very fine sheets and pillow cases, bleached and hemstitched. The Marshall Field Store in Chicago offered to buy all the plant could make," she said.

We remember the day Governor Briscoe came to Post campaigning for his present office. He was so far behind schedule he didn't have the opportunity to see the Postex Plant or he might not have made his recent "boner."

Here's a good one for the "did you know department."

Did you know a former Postite, who grew up here and was graduated from dear old Post High, has just completed

TOTAL CLIMBS TO \$8,750

Clean-up drive starts today on United Fund

With the Postex Plant employees division reporting an impressive gain over a year ago to \$1,324.75 in cash and pledges, Garza County's 1974 United Fund drive climbed to \$8,750 yesterday with an all-out drive cleanup slated to start today.

Walter Didway, personnel manager at Postex Plant, reported employees this year pledged \$112.75 over their \$1,212 total of last year.

Saluting the Postex effort, Drive Chairman Jim Cornish pointed out that with Burlington Industries' own contribution — the largest single one each year in the campaign — the local cotton mill and employees are contributing almost 20 per cent of the \$10,000 goal for 1974.

Cornish also saluted the farm and ranch division workers — a group of enterprising rural women co-chaired by Patty Kirkpatrick and Orabeth White — for achieving the largest rural contribution ever received in a county United Fund drive to date — \$823.25 — and that

doesn't count the \$149.50 given by the Justiceburg area folks or several hundred dollars from ranching interests which are solicited annually through the business division.

Last year the farm and ranch division raised \$721. Contributions from the country are continuing to come in.

Cornish praised Mayor Giles

C. McCrary for "a truly outstanding job" of fund raising in the business division.

The United Fund chairman said McCrary had solicited 15 firms and secured contributions totaling \$915, ranging from \$5 to \$150.

This was an increase of \$235 over the giving of the 15 the

Funding check presented Junior Historian chapter

The newly-organized Texas Junior Historian chapter of Post Junior High School was one of 16 area chapters presented funding checks at a charter banquet at 7:30 p. m. Monday in the Lubbock Christian College cafeteria.

Approximately 500 students and sponsors were in attendance to witness chartering of the Texas Junior Historian chapters, which are sponsored by the South Plains American Heritage Program, whose 21-member board of directors includes J. B. Potts and William F. Shiver, both of Post.

The program was established by a Texas Bureau for Economic Understanding (TB-EU) grant.

Officers of the Post Junior High School Junior Historian group, elected at a recent meeting, are: Ronald Braicher, president; James Bilberry, vice president; Connie Percy, secretary; Vickie Allen, treasurer; Lisa Cowdrey, reporter; and Melinda Adams, historian.

Sponsors of the local chapter are Miss Sarah Holder, Miss Keryn Morris and Bud Davis.

Law merger meeting set

William Carr of Fort Worth, the county's law enforcement consultant, will meet with the Garza County Commissioners Court here at 10 a. m. Friday over questions the commissioners have concerning the proposed city-county law enforcement consolidation.

The court announced it wanted to talk to Carr, who recently underwent back surgery, before taking final action on any law enforcement merger.

Since that time, Sheriff J. A. (Jimmy) Holleman has handed control of the police department back to the city.

There still remains a strong possibility that the consolidation plan will now be worked out.

The purpose of the chapter is to contribute to the recording and preservation of the history of Garza County and to the county museum.

Tax meeting to be Dec. 6

"Tax management," says County Agent Syd Conner, "sometimes is more important than the many other management tools a person uses in managing his business or personal finances."

Some of these tax choices will be the topic of discussion by Marvin Sartin, area economist for the Texas Agricultural Extension Service, at a county meeting in the district courtroom at 9 a. m. Thursday, Dec. 6.

Sartin will present about an hour-long program and then will be available for any questions or discussion afterward, the county agent said.

Ballots mailed for ASCS elections

Persons eligible to vote in ASCS community committee elections were mailed ballots Nov. 23. To be counted, these ballots must be returned to the county ASCS office in person by Dec. 3, or postmarked by that date.

Ballots will be tabulated at the Garza County ASCS office Dec. 6 at 9 a. m.

Library Bookshelf

Five junior fiction books have been added to the shelves at the Post Public Library. They are: "The Great Brain" by John Fitzgerald; "Stevie and His Seven Orphans" by Miriam Mason; "The Mysterious Bender Bones" by Susan Meyers; "Danny Dunn and the Fossil Cave" by Jay Williams; "Good Old Archibald" by Ethelyn Parkinson.

Promotion, addition at First National

The promotion of Ronald Simpson to a vice presidency of the First National Bank and the addition to the bank's staff of officers of Ben Clyde Miller, son of Mr. and Mrs. Riley Miller of Justiceburg, both effective Monday, were announced this week by J. B. Potts, president and chief executive officer of the bank.

Simpson, who has been associated with the bank since February of 1972, moves up from assistant vice president, to fill a position left vacant by the recent resignation of Fred Myers.

Miller, a May, 1973 graduate of Texas A&M University, with a degree in business administration, and a 1969 graduate of Post High School, moves into Simpson's former position as an assistant vice president.

His wife, the former Paula Turner of Fluvanna, also is a Texas A&M graduate and is a teacher in the Post school system.

They will continue to live on a ranch near Justiceburg where Miller had been associated in ranching with his father since his graduation.

following his college graduation as an officer trainee and was promoted in 1971 to assistant cashier and in 1972 to assistant vice president. He is a director of the Post Chamber of Commerce and former president of the Antelope Booster Club.

Potts said he was pleased to have such a qualified man on the bank staff as Simpson to promote to vice president and felt the addition of Miller will prove an excellent choice.

2 injured in road mishaps for October

LUBBOCK — The Texas Highway Patrol investigated eight accidents on rural highways in Garza County during the month of October, according to Sgt. H. E. Pirtle, Highway Patrol supervisor of this area.

These crashes resulted in two persons injured.

The rural traffic accident summary for this county during the first ten months of 1973 shows a total of 66 accidents resulting in one person killed and 37 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for October, 1973 shows a total of 66 accidents; resulting in 31 persons killed and 377 persons injured as compared to October, 1972 with 605 accidents resulting in 20 persons killed and 280 persons injured. This was 59 more accidents, 11 more fatalities, and 97 more injured in 1973 at the same period of time.

The 31 traffic deaths for the month of October, 1973, occurred in the following counties: Moore, Lubbock, Wichita, Wise, three each; Dallam, Hale, Jack Lamb, two each; Carson, Castro, Deaf Smith, Donley, Gray, Oldham, Randall, Wheeler, Bailey, Clay, Knox, one each.

500,000 bales cotton ginned

LUBBOCK — The South Plains cotton harvest passed the 500,000 bale mark during the past week and is nearing peak activity, according to Paul R. Dickson, in charge of the USDA Cotton Classing Office in Lubbock.

Sample receipts at the four South Plains classing offices have reached a seasonal high of approximately 40,000 daily.

The cotton classing offices at Lubbock, Brownfield, Lamesa and Levelland classed samples from 214,000 bales during the week ending Friday, Nov. 23. This brought the total classed this season to 572,000.

Estimates indicate that approximately one-third of this season's crop is now out of the fields.

At this date last year only 126,000 samples of the 1972 crop had been classed.

Quality of cotton continued excellent and is considerably higher than last year.

Positive approach is needed

The call Sunday by President Nixon for all Americans to make some personal and voluntary sacrifices to help close the current gap between supply and demand in this nation's energy crisis is the first step of what may prove to be a long road we should resolutely travel together.

The alternative, which may come anyway before spring, is severe governmental restrictions and a lot of knot-tying by federal bureaucracy which would probably bring us both a black market and some disastrous blows to our overall economy.

How much the closing of service stations on Sunday will trim gasoline consumption is debatable, but obviously the political experts prefer to try this method as a starter rather than rush headlong into gasoline rationing at the pump.

Turning the thermostat down, restricting outdoor lighting, and driving at 50 miles an hour are obvious energy savers.

The retail promotions committee of the Post Chamber of Commerce met Monday afternoon after the President's TV and radio appeal Sunday and voted to not put up the downtown Christmas lights this year. It will be a very small energy saver, true, but it is in keeping with what should now be called the "temper of the times."

You will note that one Dispatch advertiser this week in her weekly ad notes that her store is complying with the President's recommendations in the energy crisis.

This is the kind of positive approach to the energy problem we should all take.

Complaints and grumblings will help nobody now. Nor is there time for a \$100 million political "investigation" in Washington to try to place the blame on you-know-who.

Right now is the time for America to pull itself together and climb out of the hole.

Certainly, it must be done with the least damage possible to the many working segments of our economy.

At the citizen level, we need full cooperation with governmental efforts. At the top is the need to combine business, political, and scientific leadership to find a long range solution which will provide in the years ahead an America dependent upon no one for its energy sources.

The nation is going to have to make some hard decisions involving environment, now opposed strong and successfully as was the Alaskan oil pipeline by this nation's well organized environmentalists. Our remaining big new oil deposits we know about now lie off the Florida and East coasts and we must find through the same kind of scientific knowhow which sent man to the moon how to use our large coal reserves as better energy sources in this modern world.

The environmentalists long ago blocked quick development of atomic power because of the catastrophic dangers inherent in any plant accidents. But new developments on the atomic power front make it appear that atomic power is now within reach — within a few years at least.

America today is a highly complicated economic society, but this crisis is made to order for American ingenuity. Let's get with it — both the short-term inconveniences and the long-range planning and development to insure the energy future of this nation. We all knew this energy crisis was on the way. It's been no secret. It just took the Mideast War to move it overnight from "the future" to today. — JC

Don't treat 'em rough

According to Monday morning's newspaper, Texas is getting criticism from some quarters because it is the only state that still uses bloodhounds to track down reformatory escapees.

It appears to us to be just another case of the hue and cry to make it easy on the

malefactor, since he is the victim — not the man he robbed or killed.

So, when a wrongdoer escapes from the reformatory, don't go to any such inhuman lengths as to use bloodhounds to track him. Give him every chance to go his way and rob or kill again. — CD

Our contemporaries say . . .

The "do-more-for-the-poor" politicians don't seem to have thought about what they will "do more" with after they get everybody's taxes up over 100 per cent of income. Actually, the "do more" disease is double-barrelled. Politicians who catch it have a compulsion to (a) do more for the poor, and (b) do more for themselves. So they spend like a man with an inexhaustible golden-egg-laying goose that can't find a stopper. But the taxpaying goose may tighten up when the "do more" gang starts demanding more than he produces. — Hartwell, Ga., Sun.

Most countries of the world use the metric system for measurements. The notable exception is the United States and it probably won't be many years until this country does. It is actually a much simpler method than ours and it will be a great advantage, especially with companies who engage in foreign trade. There are many other advantages as well. The bad feature about it is that we will all have to educate ourselves to a new system of measurement. — Elk Point, S. D., Leader-Courier.

er-Tudbury vows are read at First Baptist Church

Butler and Tudbury III pledged vows Saturday, 11 a. m. in the First Baptist Church.

Minister of Music performed the ceremony with yellow gladioli and either side of the bride are Mr. Stanley Butler of

Post. The bridegroom is the son of Lt. Col. John Leslie Tudbury Jr., and Mrs. Tudbury of Garden Grove, Calif.

Presented in marriage by her father, the bride wore a formal gown of candlelight silk organza over bridal satin. The bodice was accented with a high cape collar of French re-embroidered lace. The bishop sleeves were gathered at the elbow into tightly fitted lace cuffs, ending

at the wrist and closed with satin buttons. The softly gathered skirt fell from a fitted midriff into a deep flounce of lace applique. The finger-tip, triple-tiered veil of silk illusion was attached to an Anne-of-Cleves crown of pearl embroidered lace surrounding tiny white rosettes.

In keeping with tradition, she wore for something old, a cameo pin which had belonged to her paternal great-great-grandmother, something new, was her dress, something borrowed, was a gold wedding band which had belonged to her maternal grandmother, something blue, a garter, and for luck, a six-pence in her shoe. The bridal bouquet was a cascade of gardenia and pearls with sweetheart satin ribbon.

Mrs. Larry Welch of San Antonio, sister of the bride, was matron of honor. Her dress was fashioned similar to that of the bride, and was yellow checked dacon over yellow satin. She carried a single yellow carnation with trailing yellow sweetheart ribbon.

Col. Tudbury served his son as best man.

Flower girl was Miss Duana Welch, niece of the bride. She wore a miniature version of the bride's-matron dress and carried a nosegay of yellow and white daisies.

Ushers were Erik Tudbury, of California, twin brother of the bridegroom, and Graydon Howell Jr., San Antonio, brother-in-law of the bride.

Wedding music was provided by Mrs. Glen Norman at the organ and Mrs. Graydon Howell Jr., sister of the bride, who sang "Wonderful One."

A reception followed the ceremony at the home of the bride's parents. The serving table was laid with lace over yellow and the bride's bouquet formed the centerpiece.

Members of the house party were Mrs. John Cearley of Pecos, Miss Patti Nelson, of San Angelo and Miss Quay Williams of Post.

After a short wedding trip the couple will reside in San Antonio where both will be serving with the U. S. Air Force.

The bride is a graduate of Post High School, and attended Southwest Texas State University in San Marcos and is a graduate of Commercial College in Lubbock. She is presently employed with the U. S. Air Force Security Service.

The bridegroom attended schools in Turkey and California, and is a graduate of Garden Grove High School, and attended Golden West College where he majored in law enforcement and physical education.

Out-of-town guests were from Pecos, San Antonio, San Angelo, Lubbock, Carlisle, Slaton and California.

Mrs. John Patrick Trainor Jr. (Judith Anne Evans)

Miss Evans becomes Mr. Trainor's bride

Judith Anne Evans and John Patrick Trainor Jr., were united in marriage on Nov. 17 at St. Michael's Episcopal Church in La Marque. Rev. Don Neumann of St. Paul's Church in Nassau Bay and Rev. H. Raymond Kearby of St. Michael's performed the double ring ceremony.

Parents of the couple are Mr. and Mrs. Joe W. Evans, 1408 Houston Drive West in La Marque and Mr. and Mrs. J. P. Trainor of Seabrook.

N. C. Outlaw of Post is the bride's grandfather.

The bride, who was given in marriage by her father, wore an Alfred Angelo original gown of silk organza and Alencon lace of empire silhouette design. Long Edwardian sleeves of lace with deep lace cuffs ended in points at the wrist. The softly gathered skirt, deeply edged in lace, swept to a chapel length train.

Her three tiered veil of

illusion flowed from a lace cloche of flower clusters of Alencon lace.

She carried a bouquet of phalaenopsis orchids, white roses and stephanotis.

Mrs. R. M. Crofoot of Wichita Falls was the matron of honor. The maid of honor was Miss Mary Elizabeth Evans, sister of the bride, of La Marque. Bridesmaids were Miss Mary Wilkerson of Houston and Miss Vera Tomlinson of Portland, Texas.

The best man was James P. Vorwald of El Paso. Groomsmen were Daron Howard of Killeen, Richard Martin of Nassau Bay and Ray Kelsey of San Antonio.

Ushers were David N. Evans, brother of the bride, of Ft. Carson, Colo., Paul B. Evans, brother of the bride, of La Marque and Gary Welch of Houston.

A reception was held in the church parish hall following the ceremony.

After a wedding trip to New Orleans, the couple will live in Cleveland, Texas.

A rehearsal dinner was given by the groom's parents Nov. 16 at the Putter Club in Clear Lake City.

Out of town guests included N. C. Outlaw of Post, Texas, Mrs. J. H. Webb of Mt. Enterprise, Texas and Mr. and Mrs. John Akerman of Middletown, N. J.

The bride is a 1970 graduate of La Marque High School and was graduated from Stephen F. Austin State University in 1973. The groom was graduated from Clear Creek High School in 1969 and from Stephen F. Austin State University in 1973. He is employed with the Texas State Department of Public Welfare.

Amity meeting is on Indians

The Amity Study Club held a regular meeting in the bank community room with Mrs. Charles Adams and Mrs. V. L. Peel sharing hostess duties.

Roll call was answered with "An Indian Folklore."

The theme of the program was "Religious Sacrifice of the Indian." The program was presented in three parts, "Indian Thanksgiving," presented by Janet Peel; "Visions and Personal Power," by Mrs. Bob Collier; and "Religion of Purification," by Mrs. Ed Sawyers.

Eighteen members were present for the meeting. They were: Mmes. Charles Adams, Ronald Babb, Margaret Bull, Bill Carlisle, Wayne Carpenter, Bob Collier, Lee Davis Jr., C. H. Hartel, Tom Middleton, George Miller, Lonnie Gene Peel, V. L. Peel, Bill Pool, Thomas Price, Edwin Sawyers, Russell Wilks Jr., Jack Burrows and Thelma Clark.

The next meeting will be the Christmas dinner and will begin at 6 p. m.

Gift stockings are prepared

Ruth Ann Young was hostess at her ranch home Monday evening for the regular monthly social of the Gamma Mu Chapter of Epsilon Sigma Alpha.

Members prepared Christmas gift stockings to be presented to the residents of Twin Cedars Nursing Home when the sorority members meet to decorate a tree at the nursing home.

Several money making projects to help raise money for the badly needed civic center for Post were discussed. Plans are being made for a West Texas Barrel Race event to be held in the spring. Proceeds from the event would go to the civic center or for furniture, etc.

Those attending were: Jane Mason, Julia Prather, Jodi Ammons, Jan Davidson, Judy Bush, Helen Mason, Orabeth White and the hostess.

Mrs. Green is club speaker

Mrs. Harold Green, first vice president of the Caprock District, presented a program on "America the Beautiful," when the Woman's Culture Club met Nov. 13 at 7 p. m. in the home of Mrs. Willard Kirkpatrick with Mrs. Lee Davis as co-hostess.

Mrs. Green showed slides of scenes of trees and flowers and read a poem pertaining to each scene.

It was announced that Mrs. Tillman Jones has been voted a statewide life membership in the Federated Club.

Guests of the meeting were the Amity and Texas Study Clubs.

FROM LUBBOCK

Mr. and Mrs. Claude Wortham and son, Cleve, of Lubbock were Thanksgiving Day guests of her parents, Mr. and Mrs. James Dietrich.

but out of hell when I got out on the road. I'd feel worse about making this confession if I didn't have a pretty good idea that about 99 per cent of the rest of the country had been kidding themselves in the same manner.

At any rate, since the day I read the "Time" article was the same day that the president gave his second energy crisis speech, there's no point in feeling guilty about it now. Come Dec. 1, we'll all be driving 50 MPH together.

When I drove Lorry to the orthodontist in Lubbock yesterday, I decided to practice the new speed limit. (New things should be worked in gradually.) We drove 60 MPH from Post to Southland, 55 MPH from Southland to Slaton, and 50 MPH from Slaton to Lubbock. It was horrible. We hated it. We drove 85 MPH all the way home to make up for it.

Gotcha that time, Posey!

How can an ordinary, fun-loving 38-year-old person find happiness driving at 50 MPH anyway? Richard Nixon, it had better be worth it.

Jamie Norman to wed Dec. 8

Mr. and Mrs. Jim R. Norman of Route 3, Post, announce the engagement and approaching marriage of their daughter, Jamie, to Robin Harvick, son of Mr. and Mrs. Robert Harvick of Tahoka.

Chapter makes party plans

Ada Lou Bird presented a program on Christmas decorations and gift ideas at the recent meeting of the Gamma Mu Chapter of Epsilon Sigma Alpha. The meeting was held at the community room of the First National Bank.

President Orabeth White presided over a short business meeting at which a number of money-making projects were discussed and plans were made for the Christmas party. The party will be held at the home of Jane Mason on Saturday, Dec. 8, with a buffet supper to be served for members and their husbands.

Plans were also made to decorate a Christmas tree for the nursing home and to provide small gift stockings to each of its residents.

A special event of the evening was the presentation of First Degree Pallas Athene Awards to Helen and Jane Mason.

Hostess for the evening was Louise Greene who was unable to attend. Jane Mason served the pumpkin bread and cokes to: Johnnie Norman, Laveta Norman, Jody Ammons, Julia Prather, Ruth Ann Young, Jan Davidson, Helen Mason, White and Mason.

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

Progress is being made in an effort to standardize, insofar as possible, the basic provisions of cotton contracts for 1974 and future years. But it is generally agreed that this will not solve the contracting problem of most concern to cotton producers — the problem of contract performance.

The Texas Cotton Association, the American Cotton Shippers Association and a committee of the National Cotton Council all are working toward a standard contract. Donald Johnson, executive vice president of Lubbock-based Plains Cotton Growers, Inc. and a member of the NCC committee, stated recently that "This is something we need as an aid in promoting better understanding of each party's contractual obligations, but it is not something that will assure producers that buyers can and will live up to contract terms."

It is also noteworthy that the Food and Fibers Marketing Subcommittee of the Texas House Agriculture Committee is holding hearings to determine if buyer licensing or other means can be found to protect producers against loss in the event buyers default on contracts. But the Texas Legislature doesn't meet again in regular session until 1975.

Meanwhile Johnson is advising cotton producers in PCG's 25-county area that their best protection for 1974 will be a thorough investigation of any party with whom they consider contracting.

"It is foolish for producers to assume that everybody in the cotton contracting business will have the ability to pay contract prices should the market go against them," he says, "and odds are that any producer who contracts in such a careless manner sooner or later will find himself party to a one way contract under which he has all to lose and nothing to gain."

Before signing a contract to deliver cotton at a specified price the producer should take special pains to assure himself that he is not the only party with the ability to abide by contract terms. Johnson advises.

"First, the producer should learn as much as possible about the man with whom he is doing business. He should consult with his banker, and with the buyer's banker. He should ask the merchant for the names of producers with whom he signed contracts last year, for example, when contract prices generally were above market prices at harvest time. And he

should personally check with those producers to find out whether those contracts were fully honored by the buyer.

"If a buyer purports to be representing one of the large and reputable cotton firms, the producer should make certain that he, the buyer, in fact has written authority to bind that firm to contract terms."

Johnson also believes that these precautions on the part of producers will always be worthwhile whatever licensing, bonding, arbitration or other requirements may be written into law at some future date.

"While some measure of legislated protection for producers is definitely needed and will probably be forthcoming, no amount of legislation can ever substitute for the good practice of exercising caution in all business dealings," he concludes.

Potts named to ABA post

WASHINGTON — J. B. Potts, president, First National Bank, Post, Texas, has been appointed to a position of national leadership in the banking industry.

Potts was appointed to the Executive Committee of the American Bankers Association's (ABA) Insurance & Protection Division by ABA President Rex J. Morthland.

The ABA is the national association of the banking industry. Its membership totals more than 13,000 banks — nearly 96 per cent of the nation's total.

The committee works closely with law enforcement agencies, government and regulatory agencies in improving preventive measures against bank crimes. Its work includes statistical computations of bank personnel training in thwarting external crimes and publishing bank protection guidelines. Since banks must pay for insurance against robberies, ransoms and embezzlement, the committee also works to provide insurance information to ABA members.

News from Post High School

The Post (ex.) Dispatch Thursday, Nov. 29, 1973 Page 8

2 freshmen selected week's top citizens

This past week's "Outstanding Citizens" at Post High School are Karen Williams and Randell Wyatt. Congratulations, Karen and Randell!

Karen is classified as a freshman. She participates in basketball, choir, and is a member of the Student Council. The most Karen likes about school is seeing all her friends every day and playing basketball. Karen thinks the best quality a person can have is honesty. If you are honest, you

know that you'll always have close and loyal friends. The most worthwhile contribution that Karen can make to PHS is by supporting the school in everything she does. By this, you show everyone what kind of school we have and so we can also be proud of it.

The person that Karen admires most is Coach Jay Wilson. She admires Coach Wilson because he teaches basketball and that is Karen's favorite sport and he's taught her a lot! Karen's future plans are to go to college at McMurry after graduating from Post High School.

Mrs. Wheatley is 'Teacher of Week'

By PAT NELSON

Mrs. Marion Wheatley was chosen as the "Teacher of the Week" this past week. Mrs. Wheatley has been teaching for 13 years, 12 with the Post school system. She enjoys working with young people and being connected with the public through their activities.

Mrs. Wheatley graduated from West Texas State University. She teaches Homemaking II, Home and Family Life, and Cooperative Homemaking. She participates in the First United Methodist Church and Amity Study Club. In her spare time she likes to read, sew, cook and visit with her friends and family.

Randell is also classified as a freshman. He is a Greenhand officer in FFA and a member of the Student Council. The most Randell likes about school is being in the Drama Club and being in athletics. Randell thinks the best qualities in a person is honesty, looks, and dependability.

He thinks the most worthwhile contribution that he can make to PHS is by being the best athlete that he can and you are also representing your school more than any other way. The person Randell admires most is George Patton. He fought for his country in a way that no other man did. Randell's future plans are to finish high school and go to college.

Grandmother dating panel held by FHA

By JAMIE NORMAN

The FHA met Monday night, Nov. 19, in the speech room of Post High School. The meeting was called to order by Christy Davis, and all participated in the opening ceremony.

The program was a grandmother panel. There were questions asked of the grandmothers about dating, dress and other youthful topics as they were in their days.

The grandmothers were: Mrs. Lee Davis, Mrs. E. H. Britton and Mrs. Nona Rogers.

Refreshments were served to our guests and to Hope Johnson, Carolyn Cruse, Brenda Price, Darlene Gunn, Tina Dodson, Carla Britnell, Charlotte Medlin, Shirley Hambrick, Dianna Collier, Janice McDonald, Cynthia Morris, Melba Wynne, Cecilia Cade, Kathie Morris, Pam Carpenter, Becky Heaton, Elizabeth Hubble, Joni Hays, Christy Davis, Sandy Odom, Susan Gary, and the FHA sponsors Mrs. Ed Sawyers and Mrs. Henry Wheatley.

We would like to extend our heartfelt thanks to our panel for a very informative and fun meeting.

Steve Hays on Region Choir

By WAYNE BELL

Steve Hays, a senior in Post High School, went to Lubbock this past Saturday and tried out for the All-Region Choir for the surrounding towns of Lubbock.

Steve has been preparing for this event since this school year has started. He loves to sing and wants to represent, in any possible way, Post High School and all the talent that the Post school faculty can bring out in any student that tries his or her very best in anything that they want to do, but it does take work and practice.

Congratulations to Steve and the fine work he has done this year for Post High School and all the excellent work he has done in the past for the choir, band, and athletic department in basketball.

Good luck in the future, Steve, in any field that you go into.

Lunch Menus

The Post schools lunchroom menus for the coming week are as follows:

Monday: Stew, mixed greens, sweet rolls, cornbread, half pint milk.

Tuesday: Meat loaf, green beans, whipped potatoes, red velvet cake with icing, cornbread, butter, half pint milk.

Wednesday: Tuna casserole, sweet peas, buttered corn, apple goodie, orange and grapefruit juice, rolled wheat batter bread, half pint milk.

Thursday: Corn chip pie, lettuce salad, baked beans, jello with fruit, half pint milk.

Friday: Cheeseburger, lettuce, tomato, onion, pickle, blackeye peas, pineapple cobbler, home made buns, half pint milk.

A number of outstanding speakers have been engaged to speak at the conferences.

Varsity girls start season

By BECKI DALBY

The Post Does started off the 1973-74 basketball season Tuesday, Nov. 27, playing Spur at Spur. The Does had a scrimmage last Tuesday where Coach Wilson said the defense was looking real good, but the shooting was inconsistent.

There is a change in the Does schedule. Instead of playing in the Spur tourney, they will be playing in the Meadow tourney Nov. 29 through Dec. 1. The first game will be Thursday, Nov. 29, and if they win this game they will possibly play Sunday at 4 o'clock Friday. Other teams in the tourney include Seagraves, Meadow, Gail, New Home, New Deal and Wilson. The junior varsity will start their season on Dec. 4, at Abertathy.

Bagging, bale tie rules to continue

WASHINGTON, D. C. — Cong. Omar Burleson called attention today to a U. S. Department of Agriculture announcement that detailed specifications applicable to bagging and bale ties used in packaging cotton tendered to the Commodity Credit Corporation under its Cotton Loan Program will be continued for the 1974 crop of cotton.

This will provide for the same specifications that were in effect for the 1973 crop and withdraws the action to discontinue these specification requirements as announced Sept. 13, 1973.

Good News Is Coming!

By George L. Miller

Have you seen the Christmas trees for sale—already? so many rooms to clean; so many dollars to be spent; so many parties to go to.

And store windows? Holly leaves are painted on them, and reindeer prance around their edges.

We end gasping "Merry Christmas!" at the exhaustion.

Santa Claus has landed in his balloon to the tune of "Jolly Old St. Nicholas".

But in the midst of all this busy rush, save now and then to remember to wait. Wait for Good News to come.

That time is here again. You know what time that is, don't you?

Waiting means looking forward, it means "Hopes!", it means seeing beyond this present—moment to something special.

Christmas cards to address? Toys to buy? Houses to decorate? Trees to trim and drape in tinsel? Plaster of Paris figurines set on the mantel or the TV set?

Waiting means there is more to life than what you have, or know. Because more is coming it makes a difference how we choose right now. Waiting means you can't cop out—drop out—shrug off responsibility. matter. We count. Because life matters. There it is in a Manger if it didn't count.

Or relatives coming home to a big dinner?

Good News is Coming! Happy Waiting!

Yes—that time. It's here again.

Christmas is coming. And we have to get ready.

Oh how busy we'll be! There's so much to do; so many packages to wrap and mail; so many cookies to bake;

5th among states most war veterans

Veterans Administration indicates that 2.23 million men and women earned its position in 1973 as the state with the most war veterans. Second with 1.75 million, Texas is followed by California with 1.56 million, Florida with 1.53 million, and New York with 1.49 million. States with the largest number of war veterans are Alaska, with 49,000 and Hawaii with 48,000. The average age for all war veterans is 45 years, with the largest number, 4.79 million, clustered in the 50 to 54 years age group. There are 4.46 million veterans aged 45 to 49 years old, 3.55 million aged 40 to 44, followed closely by 3.54 million aged 25 to 29 years old. The few remaining Spanish-American War veterans are the oldest, an average 93.7 years old. There are 41,000 Vietnam Era veterans who are under 20 years of age. There are 59,000 veterans 85 years old or more, 330,000 aged 80 to 84, and 749,000 who are 75 to 79 years old, according to the VA pamphlet.

Community Action--

Twenty-eight are now enrolled in the adult educational classes and two have received their GED finals. The well baby clinic is now being conducted at the center on the last Thursday afternoon of each month. One hundred and twenty-seven are now active in the family planning program. Attending the action meeting were Pat Cruse, Delores Harper, Kenneth Metzger, Dana Feaster, Pee Wee Pierce, Jim Wells, Sue Shytles, Liz Menchaca, Socorro Storie, Molly Conoly, Alexander, and SPCAA director Howard Madera of Levelland.

SOMETHING MORE
Farmers and ranchers are the mainstay in the pipeline for providing food and fiber to consumers. But other segments of the agriculture industry also play a vital role, says an economist for the Texas Agricultural Extension Service. Our food and fiber distribution system is complex, so consumers are encouraged to take a look at it. And what better time to do this than during November - Food and Fiber Appreciation Month in Texas. Marketing costs are increasing and now take in more than 60 cents of each dollar a consumer spends for food.

Post's varsity cagers in tournaments this week

New Home, Plainview are sites

The Post Antelopes and Does, who got their 1973-74 basketball seasons under way Tuesday night at Spur, will be playing in tournaments this weekend, with both teams slated to see action today (Thursday).

Coach John Alexander's Antelopes are to play Phillips at 4 p. m. today in a first round game of the annual Plainview tournament, while Coach Jay Wilson's Does will be going against Smyer at 11:15 a. m. today in a first round game of the Hub of the Plains tournament at New Home.

If the Lopes get past Phillips, they will play their next game at 7 p. m. Friday against the Rails-Dimmitt winner. If Post loses to Phillips, they play at 1 p. m. Friday against the Rails-Dimmitt loser.

Other teams in Post's division of the two-division Plainview tournament are Lockney, Lorenzo, Tulia and Frenship.

If the Post girls are successful in their first round game against Smyer this morning, they will play the O'Donnell-Sundown winner at 4 p. m. Friday. If the Does lose to Smyer, they will play the O'Donnell-Sundown loser at an earlier time Friday.

Other teams in the New Home tournament are New Deal, Wilson, Seagraves, Meadow, Borden County and New Home.

Both the Antelope and Doe teams and the junior varsity girls go to Abernathy for games this coming Monday night, then next weekend, the girls will be in a tournament at Meadow and the boys in one at Colorado City.

The freshman and 7th and 8th grade boys' and girls' teams are to play district games with Frenship this coming Monday night, the girls here and the boys there.

7th, 8th girls losers Monday

The Post 7th and 8th grade girls' basketball teams lost district games at Slaton Monday night after having divided a pair with Cooper Monday night of last week in the season's openers.

Coach Sherry Woods' 8th grade team lost 38 to 26 at Slaton and her 7th grade team, 31 to 11.

Cindy Kirkpatrick, with 11 points, was Post's top scorer in the 8th grade game, with Nancy Clary getting nine points, Debbie Wyatt, four, and Karla Kennedy, two. The starting guards were Nancy McCowan, Sharon Johnson and Stacy Starcher.

Dana Bird scored eight of Post's 11 points in the 7th grade game, with Kerri Pool getting two and Karla Duren, one. Starters at guards were Lisa Cowdrey, Karla Scrivner and Katherine Bullard.

In the 8th grade team's 38-13 win over Cooper, Wyatt scored eight points; Clary and Kirkpatrick, seven each; Kennedy, six; Peggy Jackson and Gloria Martinez, four each, and Sheri York, two.

The 7th grade lost to Cooper, 18-17, with Bird scoring 11 points; Pool, four, and Beth Greene, two.

4 grididders end SHS careers

SOUTHLAND — The end of the football season at Southland High School recently also ended the high school grid careers of four senior boys — Jerry Winterrowd, Gregg Lester, Steve Buxkemper and Ray Garza, all four of whom were the Eagles' captains.

This season, Buxkemper,

tailback and linebacker, carried the ball 69 times for a total of 834 yards and an average of 8.34 yards per carry. He also completed five passes for a total of 61 yards.

Lester, who played halfback and defensive end, had 71 carries for 429 yards, an average of 6.04 yards.

Garza, whose position was fullback, carried the ball 30 times for an average of 7.0 yards, and had four pass completions for 210 yards.

Winterrowd, an end, carried the ball nine times for 40 yards, an average of 4.4 yards. He led in pass completions with 25 for 404 yards — an average of 16.16 yards.

Other members of the Eagle football squad were: Juniors Larry Koslan, Randy Thomas and Mark Bevers; sophomores Luis Bernal, Kendon Wheeler and Anthony Shankles; and freshmen Junior Buxkemper, Bobby Flores, Curt Wheeler, John Chaffin, James Kitchens and Tommy Torres.

Girls win, boys lose cage lidlifters on Spur's court

Three Post High School basketball teams opened their 1973-74 seasons at Spur Tuesday night, the varsity girls winning, 46 to 16, and the junior varsity boys, 39 to 38, but the varsity boys losing, 58 to 42.

Despite the Antelopes' defeat in their first game, Coach John Alexander said he was well pleased with their hustle. "And that's what we are going to have to have all year long," he added. This season's "Lope team is lacking in both size and experience, with only two regulars back from last year's quintet.

Coach Jay Wilson's Does had an easy time of it in their 46-16 triumph, and the coach said he was pleased with the girls' performance, especially the defense at both ends of the court.

Texans prep for loop play

LEVELLAND — Following the Thanksgiving holiday tournament in Wyoming, the South Plains College Texans are on the road again for another tough tournament before opening Western Junior College Conference play.

On Nov. 29 to Dec. 1, the Texans are in Pasadena, Tex., for the San Jacinto Invitational Tournament. Clarendon College comes to the Texas Dome on Dec. 3 for the first conference game for SPC.

The Texans are the defending WJCC champions after winning all 15 conference matches last year. It was the first time any team had gone undefeated since the conference was organized in 1960.

The Texans finished with an overall record of 38-4 — the best in SPC history.

In the varsity boys' game, the teams were tied, 10-10, at the end of the first quarter, but the Bulldogs scored 19 points in the second period to Post's 10 for a 29-20 halftime lead. Spur doubled the score on the Antelopes, 22-11, in the third quarter to lead, 51-31, going into the fourth.

Ricky Shepherd was the only Post player to score in double figures, getting 16 points. Jimmy Patterson and Terry Rainbolt led Spur with 17 and 14 points, respectively.

The Post girls led 8-4 at the end of the first quarter, 25 to 8 at halftime, and 40 to 10 going into the final period.

Melanie King led the Post scoring with 20 points, Becki Dalby hitting 13; Jenda Gilmore, 11, and Sandy Bullard, two. Other forwards were Sandra Dudley and Jodi Norman.

Post's starting guards were Jan Hall, Ann Mitchell and Darla Baker, with Phyllis Kennedy and Sylvia Smith also

Volunteers big help in area Boy Scout program
LUBBOCK — Men and women who serve as volunteer leaders in the Boy Scouts of America are responsible for a special type of educational impact on youth, according to Max Tidmore, South Plains Council training chairman. "The Scouting program provides a type of training for boys 8 through 20," Tidmore said, "that is difficult to duplicate in other kinds of youth activities." Tidmore pointed out that an adult who volunteers to serve in the Scouting program may become a leader of boys in a Cub pack or Scout troop; serve as a merit badge counselor in one or more of the more than 100 vocational and hobby fields; help BSA units as assistant leaders or unit committee members. Volunteers also serve in Scouting by organizing new units, taking part in special activities, administering scout camps or offering training. In the South Plains Council consisting of the 20 counties around Lubbock, there are 3,500 adults serving in positions related to the Council's 10,000 members. "As part of our Council program, we are making a special effort to invite more adults to give leadership in the Council or to serve boys through the 300 plus organizations that are chartered to use the BSA program," Tidmore said. All adults of good character have something to offer boys in Scouting. Information about the Boy Scouts of America can be obtained from the Council Service Center, Box 3055, No. 30 Briercroft, Lubbock, or phone 747-2631.

? Your ? Name ?
WHAT'S IN IT?
By CHARLES DIDWAY

MAYFIELD
One of the many ways in which our present day surnames came about was from the identification of a person by the place where he lived, owned land, or from where he came. This is known as the place-name classification and it is in this group that the English surname Mayfield belongs. Mayfield meant "one who lived at, or near, a field where mayweed grew," or "one who came from Mayfield," there being places of that name in Staffordshire and Sussex, England. Mayweed, also known as madder, was used in medieval England for dyeing cloth and was also used for medicinal purposes. The plant was widely cultivated in the south and west of England, in Wales and in the east and north of Ireland. A Richard atte Mayvyle (an early spelling of the name) appears on the Assize Rolls for Sussex in the year 1219. The "atte" indicated the Richard who lived at the mayvyle (mayfield). The earliest English record of the name in its present form dates back to 1350 when Gilbert Mayfield is listed on the Tax Rolls of London. In this case, the "de" preceding the Mayfield indicates that Gilbert had moved to London from one of the places named Mayfield. People of the name were among the earliest settlers in America. Today, Mayfield is the 1057th commonest surname in the United States, where there are an estimated 26,000 persons by the name. There are places named Mayfield in ten states.

FIVE SHORT COURSES
The first Texas Animal Agriculture Conference at Texas A&M University Jan. 21-23 will feature five short courses and a symposium. Livestock production short courses will be offered in beef and dairy cattle, horses, swine, and pastures and forages. Several joint sessions will feature some of the nation's outstanding leaders in animal agriculture, according to a beef cattle specialist for the Texas Agricultural Extension Service. A Latin American Animal Agriculture Symposium will also be held.

Cornish reports ten of the 16 fund divisions already have reported returns above those of a year ago.

These include, with the 1973 total in parentheses:

Private Citizens \$406 (\$344); farm and ranch \$823.25 (\$721); Justiceburg \$149.50 (\$102.50); Post teachers \$475 (\$436); ASC and SCS employees \$78 (\$63); downtown employees \$111 (\$106); hospital employees \$136.50 (\$38); Postex Plant employees

\$1,324.75 (\$1,212); state employees \$77 (\$60); ministers \$110 (\$96.25).

Still to turn in are chairmen of the city employees, postal employees, and county employees divisions, with the bank employees and George R. Brown employees incomplete.

Biggest money still out is in the big business division but Cornish hopes to push that close to the \$6,000 mark before the final windup.

"We're now within range of our fifth consecutive successful campaign," Cornish said, "if we don't lose out completely on some of the late stragglers or suffer some unforeseen major contribution cuts in what is left in the business division."

He hopes to have the \$10,000 goal within "just a few hundred" by weekend. Last year it took until Dec. 10, coupled with an earlier start, to barely get the fund over the top.

TRAFFIC TOLL UP

AUSTIN — A total of 3,208 persons have died in Texas traffic accidents this year — 79 more than at this time a year ago, the Department of Public Safety said Saturday.

Essay contest set by Soil District

Bob Arheiger, district conservationist with the Soil Conservation Service, announces the Garza Soil and Water Conservation District will hold a conservation essay contest again this year.

The district board voted to award cash prizes of \$15, \$10 and \$5 for the top three essays written in Garza County.

The top essay in the district will be entered in the 1974 Texas Conservation Awards Program to be held in Fort Worth. The state winner will receive \$100 cash and a trophy.

Arheiger says the contest is open to boys and girls 18 years of age and under. The essay subject is "Our Soil — Our

Strength," to be written in 300 words or less.

Entries must be in to the Garza SWCD by Jan. 15, 1974. They will then be judged by the board.

Arheiger says the district board feels interest in the

contest will be as strong as it has in past years. Last year's winners were Peggy Jackson, first place, with Cindy Kirkpatrick and Lisa Potts tying for second place.

For further information, interested contestants should contact the local SCS office.

Nuggets of moon matter have been found in Southeast Asia, Australia, the Ivory Coast, Czechoslovakia and the United States.

the bond financing for the \$18,000,000 Sports Arena for the City of Houston?

He is Roger Camp who is with the Municipal Finance Department of that bullish firm of Merrill Lynch, Pierce, Fenner and Smith Inc. of New York City. Roger is the son of Mr. and Mrs. Shelley Camp, who recently spent quite a bit of time in Houston for a totally different reason.

The new Sports Arena to be built in Houston's V. Greenway Plaza, will seat 18,000 in air-conditioned comfort of basketball, hockey, tennis, rodeos and just about every other sport imaginable but baseball and football where the Astrodome still reigns supreme.

We'd say it's quite a financial feather in Roger's cap.

We returned Sunday night in a real "cloud of sand" from Denver with David and Ruth Ann Newby where we took over one of the neatest little restaurants in that "mile-high city" for our Thanksgiving dinner with our daughters.

Their daughter, Mindy, and her husband, Joe Blackman, own and operate, Fagan's, a cute-as-a-button little dinner place out in the Denver University area. Since they were closed for the holiday, Mindy put a big turkey in the oven and came up with all sorts of side dishes to go with the bird. Mr. and Mrs. Jim Carson, — she's the former Meredith Newby — also was in attendance to eat by candlelight as was our Susan, a graduate student at DU. 'Twas a great trip.

NOTICE

The fluorine in our city water supply from white River Lake has reached a percentage that makes it advisable all pre-school age children use bottled or distilled water. The present fluorine content can cause some brown staining of the enamel of permanent teeth as they begin developing at birth.
