

Oil price boost has leveled Garza fields

By an oil price increase from \$12.22 a barrel for most Garza oil, the county's oil is full of hustle and this Oil Progress Week...

JOSEPH HICKOX

Hickox to speak to Lions

The Lions Club will have a guest speaker, Major Joseph E. Hickox, of Reese...

Joseph E. Hickox is assigned to the 64th Flying Wing as the Chief of Education and Evaluation...

Major Hickox made 62 speaking appearances on the radio and also the television...

Major Hickox is an Assistant Air Attaché at the U.S. Embassy in London...

Hickox draws upon his experience as an Assistant Air Attaché to contrast the dreary life of the average citizen with the tremendous freedoms enjoyed in the States...

Hickox emphasizes the military buildup with particular emphasis on the fact that it poses to American peace and security...

Major Hickox has made 60 more speaking appearances in the past year, and more television appearances...

Major Hickox is an individual who has been assigned to Reese AFB in the South Plains area...

Major Hickox would be interested in the meeting, please contact either Johnny Kemp or Kay here in Post and arrangements will be made for attendance.

Chamber plans 29 breakfast Post Chamber of Commerce will hold its first quarterly breakfast for Chamber members only at the Community Center, Friday, Oct. 25, at 6:30 a. m.

Breakfast will be sponsored by Harold Lucas Motors and Hudson's Furniture Co. Chamber member will go in a box for a cash giveaway, and must be present to win...

Some cooked meal of scrambled eggs, gravy, butter and jelly will be served by the Women's Division of the Chamber of Commerce. The breakfast will be held in the Chamber members of the Chamber are encouraged to attend.

factors which has given Garza oil production a boost this year was finally obtaining recognition of 90 percent of Garza oil as West Texas semi-sweet crude.

This has brought a boost of about \$2 a barrel. Garza producers have been trying for years to get this classification for their oil but only new buyers coming into the area market has made it possible in 1974.

Between five and six oil rigs continue to stay busy drilling for new oil in Garza County. Oilmen estimate there will be another 15 new locations announced before the year is out.

George R. Brown oil interests report their current water floods as quite successful and are now doing "the paper work" preparatory to new water flooding.

The George R. Brown interests are now drilling in Kent County and plan to do more drilling again in Garza County in the future.

Last year Garza County produced a record 6,800,000 barrels of oil worth \$53,200,000. This was a gain of over a million barrels of oil produced from 1974 and an increase in value of some \$13,200,000.

Although drilling didn't amount to much in Garza County until a few years after World War II, the first county well was drilled in 1926 which makes this the 50th anniversary of Garza oil production.

And the way things are going it may be the biggest one yet.

Burial services for Voda Baker

Burial services will be held in Terrace Cemetery for Mrs. Roy (Voda) Baker at 11 a. m. today (Thursday) in the Terrace Cemetery under direction of Cate-Spencer Funeral Home of Sweetwater.

Robert Elliott, Church of Christ pastor, will assist with the burial. Mrs. Baker passed away Tuesday morning in a Sweetwater hospital following a short illness.

Chapel services were held in the Sweetwater Funeral Home at 3 p. m. Wednesday. Mrs. Baker, a former Post resident moved to Sweetwater approximately 14 years ago.

She was preceded in death by her husband in May of 1962. Survivors include two sisters-in-law, Mrs. B. E. Young and Mrs. Margie Dietrich of Post; one sister, Mrs. Wanda Rutledge of Sweetwater and three nephews, Glyndol Ammons of Sweetwater and Joe Ammons and Thomas Ammons of San Angelo.

Ivy plant has 60-ft runner

Some of you plant enthusiasts in Post might like to know that lots of loving care does pay off when you are growing plants and adding to your collection. Mrs. V. M. Stone who lives on Avenue S was presented with a variety of Ivy, Devil's Ivy, eight years ago on her birthday by Maurice Hudman.

The plant not only is thriving, but has a runner that is now 60 feet long. The Stones have guided the Ivy around the kitchen and den area with stays and it is really a decoration and conversation piece.

By the way, the plant will have been in the Stone's possession nine years this coming January 22.

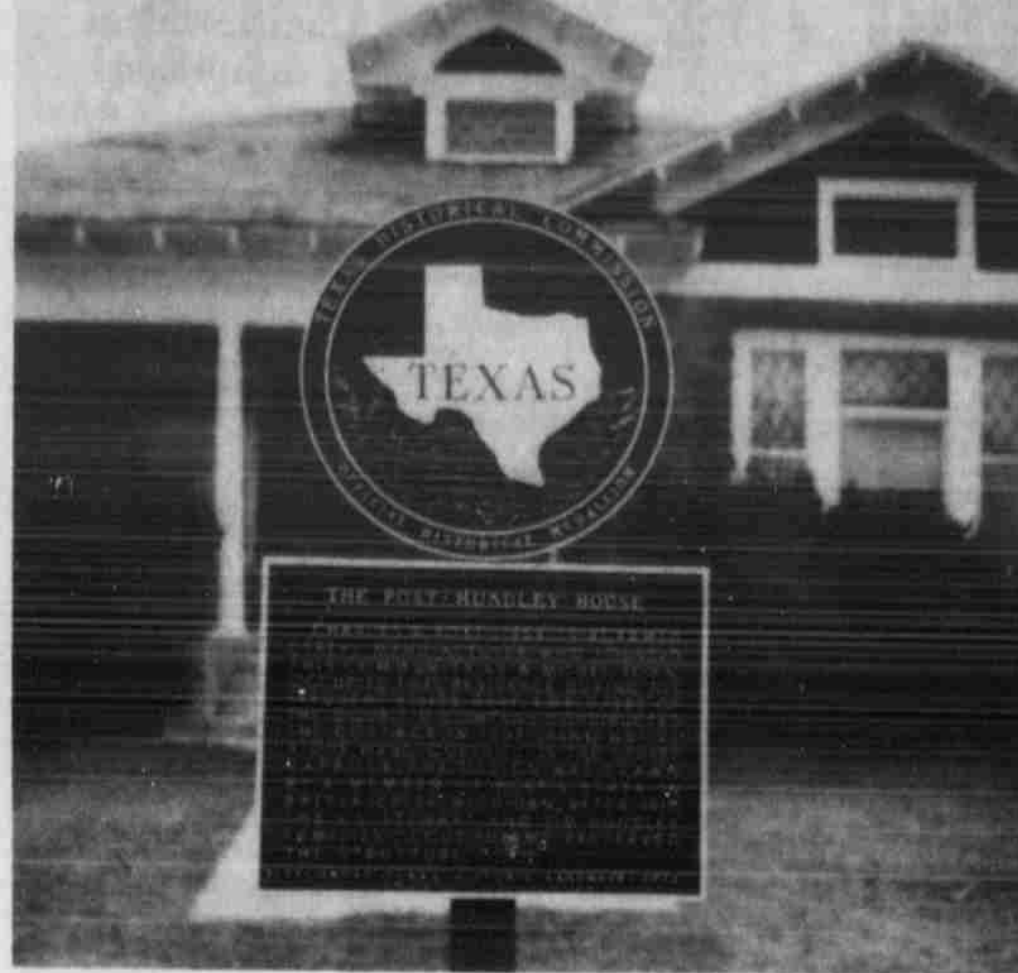

Garza County to swear in new sheriff in 2 weeks

The most unusual aspect of the upcoming general election Nov. 2 is that it should put Jim Pippin as the newly elected Garza sheriff into office in just about two weeks.

While elected county officials normally are sworn in Jan. 2 following the general election, the Texas election code provides that when a county office is elected to fill a position then being filled by appointment he will take office immediately.

Since Pippin is the only candidate on the ballot for sheriff, there probably will be no need to even wait for the official canvass of the vote by the commissioners court. The Dispatch has been told.

In any event, Pippin is expected to be sworn in early in November. Sheriff Gene Gandy is presently filling the office by appointment. He was defeated by Pippin the Democratic primary.

NEW HISTORICAL MARKER — Pictured above is the Post-Hundley House historical marker which was unveiled Friday afternoon at the Jim Hundley home, 111 East 11th Street.

This week's oil progress edition is proof indeed that Garza's oil industry is still zipping right along.

Certainly, if time were available, The Dispatch could have done a much better job in covering the oil news. It isn't easy to get, because the oil business — thank goodness — remains a highly competitive free enterprise.

It doesn't keep office hours. Try and find anybody who runs an oil production or service business after daybreak and you'll usually have to catch him on the run or out in his part of Garza's oil patch.

But the facts on Garza's oil business for 1973, as presented in the George R. Brown ad on page 17 of this big 20-page edition, is that it was the best year ever. And we can guess that 1974 due to price increases in oil may be even better.

The Veterans Day holiday comes up again Monday and will inspire a few office, bank and postoffice closings, but little organized celebrating of what the holiday truly stands for — recognition of all those who have served in this nation's armed forces.

The veterans we lost in U. S. wars are remembered on Memorial Day in the spring. Veterans Day ought to be a real holiday for all those who came back, but it isn't.

Do you know that in this nation's 290 years, 40 million Americans have put on the uniform to help defend it? Today, living veterans and their families, plus the living dependents of deceased veterans number about a half of America's total population. More than 29 million Americans, one out of every seven persons in the United States today, has served his or her country through the military.

Many are serving today. You'll note in the Dispatch's election story, 33 persons in the armed forces from Garza County have been mailed (See Postings, Page 12)

the commissioners court. The Dispatch has been told. In any event, Pippin is expected to be sworn in early in November.

Sheriff Gene Gandy is presently filling the office by appointment. He was defeated by Pippin the Democratic primary.

The county clerk's office reported yesterday that eight persons have voted absentee in person to date. Ballots have been mailed on request to 33 Garza servicemen in the armed forces and eight college or university students.

Post-Hundley home marker is dedicated

Ceremonies were held Friday afternoon to dedicate another in a long series of historical markers in Garza County. The marker, along with a state medallion, is located at 111 East 11th Street in Post, and marks the Post-Hundley home.

Rev. Eugene Prevo offered the invocation. Mrs. Gwen Boren, chairman of the Garza County Historical Commission, gave the welcome address and introduced special guests. Mrs. Maxine Blankenship, chairman of the Texas Historical Commission, cut the ribbon and unveiled the marker. Context of the marker was then read by Winnie Tuffing who presented it to the Hundley family. Jimmie Hundley accepted the marker and gave a brief history of the property.

Following the ceremony, refreshments were served approximately 35 guests who toured the home in which was displayed family quilts, and coverlets, early-day Post City photographs and many antiques art and artifacts.

Out of town guests included Mrs. Blankenship, Mr. and Mrs. Vivian Clark of Gail, and M. L. Sanders of Ralls.

The context of the marker reads as follows: THE POST-HUNDLEY HOUSE — "Charles W. Post (1854-1914), famed cereal manufacturer who founded this community as a model town, occupied this residence during his frequent visits here. Employees of the Double U Company constructed the cottage in 1907 using native stone quarried in the nearby caprock. The design was drawn by a member of Post's staff in Battlecreek, Michigan. After 1917, the J. L. Stewart and Jim Hundley families occupied and preserved the structure."

"Recorded Texas Historic Landmark — 1976."

Banquet date to be March 12

March 12th was set for the date of the annual Chamber of Commerce banquet when Chamber directors met for a meeting Thursday, Oct. 14 at noon.

Directors also announced that Don Newbury, humorist speaker of Fort Worth would be banquet speaker. The banquet will be held in the new community center.

Another new item for the banquet will be the selection of the "Outstanding Citizen" of Post, to take the place of Man and Woman of the Year. Members of the chamber are being contacted to submit names for this honor and also are asked to submit names for new directors.

Those attending the meeting were Charles McCook, president; Lewis Heron, Robert Cox, Walter Didway, Lee Norman, Sharron Morris, James Dye and secretary Joy Greer.

Powder Puff game Nov. 13

The Antelope Booster Club has scheduled their second annual Powder Puff Football Game to be played Saturday, Nov. 13, with the kickoff to be at 8 p. m.

Ladies or girls who would be interested are asked to meet at the football field Tuesday evening, Oct. 26 at 6 p. m. to organize the teams. Also if any men are interested in coaching a team, they are asked to be at the meeting at the same time.

The game held for the first time last year was a great success for the Booster Club.

Merchants plan trip giveaway

A Christmas promotion was discussed and again was decided to give a choice of two trips away, when the Chamber held a merchants meeting Tuesday, Oct. 12 at 7:30 p. m. in the community center.

City to pay \$7,571 for compensation insurance

Insurance is getting to be a mighty big item in Post's municipal budget. City dads voted Monday night at their "work session" meeting to spend \$7,571.45 for required workmen's compensation for their 21 city employees.

The only bidder for the workmen's comp coverage was the Texas Municipal League Workmen's Compensation Joint Insurance Fund.

In fact, the TIL telephoned to offer their services and thereby the city learned of the state's deadline for municipal workmen's compensation coverage was fast approaching.

Of course, the city dads didn't have \$7,571.45 in the budget for workmen's compensation. Some \$5,500 was budgeted, so the council voted to cancel out a 24-hour accident policy it carried on city employees, which they contended really offered more protection, so they could afford the workmen's comp.

No local insurance agencies entered bids although all were advised of the opportunity. The city will continue to carry a major medical hospital insurance program for all city employees and is about ready to get into a retirement program for its employees as well.

After considerable discussion, the council voted to advertise in today's Dispatch for bids for a (See City Council, Page 12)

Rob Robinson new cashier

D. O. "Rob" Robinson, formerly of Odessa, assumed his position of cashier at the First National Bank Monday morning when the bank opened for business.

Robinson who was assistant vice-president of the American Bank of Odessa is 28, married and has a daughter, Stacy who is five years old. They will be living at 711 West 6th in Post when his wife, Debbie and daughter join him here in Post around the first of November.

He has five and one half years of banking experience and fills the vacancy left recently by Will Parker who moved to El Paso.

Robinson is a graduate of Odessa High School and has attended several special banking schools where he received his formal banking education. He served in the United States Army, joining in November of 1966 and serving with the 101st Air Borne Division in Viet Nam, as a paratrooper in 1967 and 1968.

McCook gives slides, talk on western art

Dr. Charles McCook gave Post Rotarians an impromptu slide lecture on the progress of western art at the club's weekly luncheon in the city hall auditorium Tuesday.

The dentist had intended to show slides of a recent hunting trip, but the slides hadn't come back from the developer in time so he gave his program on western art instead.

He explained he and his wife became very interested in western art about six years ago.

Cotton harvest will be less than 1975's

Low guess is 21,000

Predictions ranging all the way from 21,000 to 28,000 bales are being offered by experts for Garza's 1974 cotton harvest.

Most of the predicting agencies have pinned a 26,000 to 28,000 bale tag on the crop outlook. But one local source, who has been watching cotton crops come and go for a lot of years, has his estimates down at the 21,000 bale level, and another figures something in the 26,000 bale range.

At 26,000 bales, this is little more than a half bale to the acre, which is nothing really to brag about.

The county has 48,660 acres planted to cotton this year. The 1976 crop estimates compares with 30,544 bales harvested in 1975 from 42,452.3 acres on 383 Garza farms on an average yield of 353 pounds.

The county's harvest is just getting under way with some farmers defoliating their fields and others claiming recent freezes — especially one Tuesday night — were hard enough to "get the cotton."

As usual, the early cotton is grading well. Planters Gin manager Buck Craft reports receive some "white cotton" grades on his first bales ginned. Hackberry Coop also reports the "turnout" is good on its first few bales.

Several hundred acres of cotton were sprayed with defoliant in the Graham area last week and two or three Justiceburg farmers also have been defoliating.

Most cotton growers, however, are waiting for a freeze to do that work for them. There is considerable difference of opinion as to the probable yield of this year's crop. Some farmers who have already started are getting a half to almost a bale to the acre and are hopeful of doing as well as last year, which was an average one.

Garza's first cotton bale was ginned at the Southland Gin on Sept. 23. It belonged to Julio Valdez of Post. The Southland area got .45 to a half inch of rain Monday night and that is delaying the start of the harvest in that area, but it was expected to get under way in some fields before the weekend.

The Graham Gin reported no ginning yet, but expects to be ginning by the first of next week. Planters Gin already has ginned 54 bales, all of it either from the Justiceburg area or from Pat Blacklock, northwest of Post. Ginning began last week with 16 or 17 bales a day coming in.

"It looks pretty light," Craft said. "The farmers say it also is grading well." Craft reports not much defoliation in his area.

The Close City Gin will be ready to go in two or three days, Manager W. H. Childs reports. He reports only a little defoliation in the Close City area by farmers who want to get their cotton in before it is down-graded by bad weather.

The Pleasant Valley gin expects to get operations under way by the first of next week. Its personnel reports that some farmers are defoliating and others believe they received a hard enough freeze Tuesday night or early Wednesday to do the job.

The Southland gin has ginned only 16 bales through in its ginning area and the Monday night rain has slowed things down. Cotton in the area is reported "too green."

The Hackberry Coop had ginned only 16 bales through Wednesday morning, 14 of them Monday and the first two last Thursday. More are expected daily. Farmers in the area are differing on the yield prospects, but the turnout on the first few bales has been good.

United Fund kickoff nears

A delayed Garza United Fund drive now appears heading for a kickoff in the first week of November.

County UF directors met late Monday afternoon in the community room of the bank and discussed plans necessary to get the 1977 drive under way before it is caught by the approaching holidays.

The drive has gone over the top here for the last seven consecutive years. Jack Alexander again accepted the role as chairman of the United Fund's budget committee.

The committee will meet Monday afternoon at 4:30 p. m. in the community room to consider budget requests from representatives of all participating agencies.

The full board will then meet at 6 p. m., at the conclusion of the budget committee meeting to approve budget recommendations, set a goal for the drive, elect a new treasurer to succeed Ronald Simpson who has moved to Denver City, and name a drive chairman.

Any organization that desires to participate in the United Fund this year which hasn't in recent years is asked to contact Alexander for a presentation of such a request at the budget committee meeting Monday afternoon.

Details of the drive will be announced in next week's Dispatch.

The Garza County United Fund with all bills paid now has a balance of \$1,022.04 in the bank here at the present time.

Prather to be presented cultural award Oct. 28

BROWNWOOD — For the 11th consecutive year, the West Texas Chamber of Commerce will honor distinguished West Texans in presenting the WTCC Cultural Achievement Awards.

Honorees this year will include Mrs. O. C. Armstrong of Fort Worth, Jim Prather of Post, and Robert Summers of Glen Rose.

The awards will be presented at a banquet next Thursday night, Oct. 28, in the Brownwood Coliseum here during the mid-year meeting of the West Texas Chamber of Commerce.

The WTCC Cultural Achievement Award honors individuals or groups who contribute measurably to the culture of

workmen's compensation. Some \$5,500 was budgeted, so the council voted to cancel out a 24-hour accident policy it carried on city employees, which they contended really offered more protection, so they could afford the workmen's comp.

No local insurance agencies entered bids although all were advised of the opportunity. The city will continue to carry a major medical hospital insurance program for all city employees and is about ready to get into a retirement program for its employees as well.

After considerable discussion, the council voted to advertise in today's Dispatch for bids for a (See City Council, Page 12)

Prather is a professional steer roper who originated the OS Ranch Steer Roping as a fund raising event for the West Texas Boys Ranch at San Angelo in 1970, and then added the art exhibit and sale to the steer ropings. In 1975 over \$100,000 worth of art was sold with 500 collectors and buyers coming from all parts of the country. Over \$40,000 was donated to the West Texas Boys in 1975 from the Steer Roping and Art Exhibit.

Robert Summers is an artist from Glen Rose. He was named Texas Bicentennial Artist by Governor Dolph Briscoe and the Texas Legislature in July of 1975. Paintings and bronzes by Summers are being sought and commissioned by many museums and institutions. Now dividing his time equally between painting and bronzes, Summers has worked with oil, dry brush watercolor, pencil, egg tempera, and acrylic tempera.

NEW BANK CASHIER — D. O. "Rob" Robinson is shown at his desk as he took over duties as cashier in the First National Bank here Monday morning. He replaces Will Parker who moved recently to El Paso. — (Staff Photo)

Dispatch Editorials

Heading for a new record

This is Oil Progress Week in Garza County — and if the size of this week's Oil Progress Week edition of The Dispatch is any indication, the oil business is pumping right along, thank you.

Coming off a record production year in 1975, Garza's oil business may be headed for even higher achievements in 1976.

Four or five rigs continue to stay busy much of the time in the county. Drilling continues. Water flooding has been highly successful and more "floods" are planned. It is estimated another 15 tests will be drilled

before the year is out.

The oil industry is spread pretty thin all across the oil producing areas of the county. You get a better idea of its size, at least during Oil Progress Week, by just looking through The Post Dispatch and seeing all the private businesses we have here who have a piece of Garza oil production in one way or another.

Though today's Dispatch is a big one, it is still not possible to see everybody involved in Garza's oil progress for an oil progress week edition. These days they are simply too busy for that.

Damaging publicity over-dose

The swine flu vaccination program has been virtually killed by an overdose of publicity.

In the first place, while the immunization of millions of Americans seems like a tremendous physical task a months-on-end press build-up hasn't helped. It has been in the news so much it appears to be a major concern.

Then, when the immunization finally was about to get off the ground — running weeks late anyway — there was a terrific foul-up over who could be sued for "bad doses" should the vaccine do something bad instead of something good.

More delay while a law was shoved through Congress letting good old Uncle Sam absorb all the legal dangers.

But finally, when the first shots were administered and some oldsters who got them died of heart attacks, the whole program was shutdown while it was checked out to see if the heart attacks were normal occurrences or whether they were triggered by the vaccine.

Medical authorities quickly decided the vaccine was not at fault, but the twice-alarmed public may now think several times before

those right sleeves are rolled up.

The Dispatch checked this week and still couldn't find any date when the swine flu vaccine will be available in Post.

All these things might have happened in the sequence in which they did without too much difficulty if the spotlight of publicity hadn't been so dazzling.

The Texas Department of Health Resources got out a long statement last week after the decision was made to reinstate the vaccination program in Texas after the heart attack deaths.

It said in part an average of 270 Texans were going to die of heart attacks every day and most of them would be over the age of 65. It said the swine flu vaccine is safe and has been manufactured for over 30 years in this country without any difficulty whatsoever.

The only difficulty to date, it seems, has been with jumpy publicists who easily could have anticipated what happened in Pennsylvania before it happened.

We think the flu vaccine is safe enough, but a lot of old folks who probably need it the worst probably will refuse to take it now.

Another famous name

Come the general election in a little more than two weeks and Texas voters will have the opportunity of correcting a "name identification" mistake they made in nominating Donald B. Yarbrough of Houston for a seat on the Texas Supreme Court without Republican opposition.

Yarbrough, a Houston attorney who currently has some 16 law suits against him, has created a huge public outcry by being confused by voters with such well known names in state politics as Donald Yarbrough, who ran for governor, and former U. S. Senator Ralph Yarbrough and thereby getting nominated.

Since his nomination, lawyers looked around to see who they could find to run in a write-in campaign against him — as Donald Yarbrough will be the only name on the ballot Nov. 2.

Since the search began not one, but two write-in candidates have announced, which in effect will even split the write-in vote and confuse the voters who obviously are easily confused in the first place.

These two candidates are Judge Sam Houston and Tom Lorange. Both refuse to withdraw from the race for the other. We would guess that makes it virtually impossible to beat Yarbrough, but we offer two suggestions.

First, if you do not like somebody seated on the Texas Supreme Court on name mis-identification, do not vote for Yarbrough even if you can't remember the name of either write-in candidate against him when you get in the voting booth.

Second, we would suggest Sam Houston for your write-in candidate. First, he too has a famous name that is easy to remember. But second, and more important, because this Sam Houston is a district judge in Denton and has spent the last two and one-half years on the bench of the 211th District Court there.

Houston was appointed to the district court bench by Governor Briscoe in 1974 and since has been elected to a four-year term of his own. He was elected mayor of Lewisville in a write-in campaign and is 41 years old. He is a past president of the North Texas Bar Association and also the Denton County Bar Association.

He has the editorial endorsement of the Lewisville Daily Leader and the Denton Record Chronicle, the two newspapers which should know him best.

So there you have it. A state-wide write-in campaign is almost impossible. This one appears to have no money. But at least the name Sam Houston is pretty easy to remember and the guy who is offering the name is at least qualified for the office.

Remember When

10 YEARS AGO

Post 14, Denver City 0 as 'Lopes end reign of 'Big Red' gridders; last district crown in 1948; bedlam rules in 'lopes dressing room; Denver City paper gives Post credit for fighting team; Post on trail of 4AA title, to play at Frenship; 1,400 invitations go out for homecoming; Jim Hundley is awarded a plaque as a loyal Antelope fan; Deputy Sheriff Gordon is employed as police chief.

15 YEARS AGO

Post, Garza County to honor Norm Cash Friday, big event to tie in with '61 homecoming; Post Office event to round out week with dedication; late cotton crop's off to 'slow move'; Betty Bradford and John Boren are married; Tahoka Bulldogs are Friday night's homecoming foe; Antelopes lose conference bidifier to Denver City; Norm Cash Day consists of Norm Cash Parade and Free Norm Cash bar-b-que.

25 YEARS AGO

Garza County joins nation in observing Third Oil Progress Week; county cotton ginnings

slow; labor situation tight in some sections; local PTA unit to sponsor Halloween Carnival; Mrs. Bill McMahon to entertain Thursday club; birthday party fetes Mrs. M. J. Malouf; Tahoka blasts Antelopes 20-6 for second conference loss.

Garza wildcat is completed

Two new Garza oil completions have been announced, one of them a 112 barrel-a-day wildcat five miles southwest of Justiceburg.

The wildcat is Burk Royalty Co.'s No. 1 Nance, located 900 feet from north line and 2,173 feet from east line of Section 51, Block 6, H&GN Survey.

It's a deep test, producing from an interval of 8,054 to 8,088 feet, and being drilled to a total depth of 8,294 feet.

The other new producer is Bonard Stice's No. 1 H. V. Wheeler in the Forbes field 12 miles north of Post. It produced five barrels of oil daily on test with 50 barrels of water from an interval 3,706-3,716 feet.

Revival here next week

The Trinity Baptist Church will conduct revival services next week, Oct. 24-31. The services will be held each evening, Monday through Saturday at 7:30 p. m., preceded by prayer services and choir practice at 7 p. m. The Sunday Services will be held at 11 a. m. and 7 p. m. with Sunday School at 9:45 a. m. and Church Training at 6 p. m.

There will be a special Sunday School emphasis of "Great Day in the Morning" with a goal of 110 in Sunday School on October 31st.

The evangelist will be Rev. Carroll Green, pastor of the First Baptist Church of Hale Center. Mr. Green has preached in revivals in Texas and Colorado. He is in great demand by the churches.

The evangelistic singer will be Willie Meyers from Lubbock. Willie led the singing at the Trinity Baptist Church for both Sunday's in the spring revival this year. The youth will love him, as well as everyone who loves good Gospel singing.

The members of the church are expected to be here and the public is cordially invited to these services.

A nursery is provided for each service.
Gene Prevo is pastor of the Trinity Baptist Church.

Stockholders of Post Stampede to meet

There will be a stockholders meeting of the Post Stampede Rodeo Nov. 1 in the community room of the First National Bank beginning at 8 p. m.

LOST HEAT BITES THE DUST

When you lose heat fast... you save money on heating bills. The best way is with an electric heat pump. The heat pump is an electric heating system that squeezes warmth from outside air even at very cold temperatures. The electric heat pump is the most efficient way to have clean, modern heating and also save energy. And when you save energy, you save money. Call the Electric Company for complete information on the heat pump.

RECUPERATING HERE the Lubbock Methodist Hospital is now recuperating in the Garza Memorial Hospital and here in Post.

Oil Well? Maybe!

The search for oil is one of the world's riskiest businesses! For every successful oil well drilled in new territory eight prove to be costly dry holes. That's why it's always great news for everybody when an oil producing company like ours brings in a successful oil well.

Yes—good news for everybody! You see, every new oil well means more gasoline for your car, more heating fuel for your home and more of the hundreds of oil products that make today's living so much more comfortable.

In America's competitive and progressive oil industry, everyone has a special job. It's our job to produce ample oil supplies for your future.

Completing A Decade of Service to Garza's Oil Industry

ROUSTABOUT CREW of Rudy Castro, Eddie Holly and Maxie Long on Sun Oil Co. lease.

ROUSTABOUT CREW of Tommy Cole, Tim Owen and Larry Scrivner on Edwin L. Cox lease.

ROUSTABOUT CREW of Jesse Partlow, Weldon Burns and Bill Cooper on George R. Brown lease.

H&M Construction began with two men and one roustabout truck in 1967 and now in its tenth year has grown into a sizable operation of manpower and equipment as it continues to serve the Garza oil industry.

Not all of the firm's men or equipment are pictured here due to time limitations and the task of the photographer in trying to find them at their work.

Included among personnel not pictured are dozer operators Cliff Grigsby, Curtis Haynes and Antonio Martinez, and maintainer operator Ocie Bell, Sr., as well as loader operator Isidor Castro. Dump truck drivers Toby Torres and Charles Johnson are not shown either.

We build roads and prepare locations and do all kinds of maintenance and repair work. Of course we have radio communications and offer 24 hour service.

We are proud of our growth and truly appreciate the opportunity we have had to serve the Garza and area oil industry over the busy years.

MRS. WEAVER McKAMIE, office manager, keeps communications open and paper work moving.

MRS. MARCELLA HAIR, assistant book-keeper.

JACK HAIR, who owns and operates H&M, isn't caught at his desk very often. Usually, he's on the go.

RAY LITTLE, dirt construction supervisor, and Dale Hair, roustabout supervisor.

ROUSTABOUT CREW of Kelly Duren, Jackie Hair, and Doyle McClellan, on R. S. Anderson lease.

SOME OF HEAVY DUTY EQUIPMENT, including three dozers and loader. Not shown is firm's maintainer.

JIM MASON, backhoe operator, building a tank pad on the Edwin L. Cox lease.

Card of Thanks

We would like to thank each one for their prayers, flowers, cards, visits, calls, food and the ladies that served the food and for every kindness shown us during the loss of our loved one.
 The Family of Mrs. S. W. McCrary Sr.

We would like to thank everyone who helped make our Cancer Aid and Research Barbecue and dance a success. A special thanks to George Sneed for the beef he donated, to all the men who helped, ladies who made salads and helped and to Jackson Bros., for killing the beef for us.
 Ladies Auxiliary 6797 Post, Texas

I would like to thank everyone who remembered me in any way while I was in the hospital. The beautiful flowers, gifts, cards and visits were all deeply appreciated and most of all your prayers. It's good to have so many friends.
 Opal Williams

We would like to thank our many friends for their prayers, visits, flowers, cards, and food during the illness and loss of our loved one. We are especially grateful to Dr. Tubbs for his care, the ladies who served the food at the church and to those who had a part in the beautiful memorial service.
 The Leonard Askins Family

We wish to express our thanks to many friends for the visits, flowers, cards, and food during the illness and death of our mother and grandmother, Mrs. Gladys Presson. Our special thanks to the Methodist Women for the lunch at the church, the Rev. Conrad Ryan, Dr. Wilson, the nurses, pallbearers and Mason Funeral Home. We will always treasure your kind expressions of sympathy.
 The Family of Mrs. Gladys Presson

INTS FOR HOMEOWNERS

FIRE SAFETY
 Keep the possibility of fire in your home down to a minimum by following these essential fire safety tips:
 1. Make frequent checks of your electric wiring system to make sure it's adequate, especially if you've recently added large appliances.
 2. Don't allow grease to build up on stove tops.
 3. Don't let rubbish accumulate.
 4. Don't empty ashtrays into waste baskets, as a smoldering butt can start a blaze.

Federal grants aid libraries

LUBBOCK - Twenty-four libraries in the 29 counties served by the Lubbock Area Library System have qualified for system membership in the new library year that began Sept. 1. The system will receive a grant of \$266,756 to carry out programs to improve the library service in the area.
 Ten regional systems have been organized under provisions of the Texas Library Systems Act that is administered by the Texas State Library. Funds are available to the systems to carry out cooperative activities to improve library service to users, system member libraries. Like other systems, the Lubbock Area Library System is developing service programs particularly suited to the library needs of its region. These include special consultant services to libraries, books-by-mail for residents of the five counties that have no library service, collection development, and purchase and circulation of films and strip-cassettes.
 Lubbock City-County Library serves as the Major Branch Center for the system. The Public Library is one of the member libraries.

Community Study Club has Americanism program

The Community Study Club met for its regular meeting in the Club House at 7:30 p. m. Oct. 12. Mrs. Jerry Linn presided over the meeting with the following members present:

Members answered roll call with "I'm Proud to be an American because..."

Program for Rose City HD

Bebe Boren and Becky presented a program on Swine Flu Vaccine at the meeting of the Close Home Demonstration club, Oct. 19 in the center.

Mrs. Dickson gives program

Mrs. Joy Dickson presented a program on "New Directions in Education" assisted by comments by Mrs. Lillian Potts at the regular meeting of the Woman's Culture Club Monday, Oct. 13.

Merrymakers meet

Merrymakers Club met at home of Bertha Printz for regular meeting Oct. 12. Refreshments were served to the following members:

Workshop

Caprock District of the Federation of Women's held their 17th annual fall meeting and workshop in Oct. 16.

District Theme for this year is "Volunteers with Action with Goals." Those attending were Mrs. M. Kirkpatrick, M. J. Williams, and Lee Davis Sr.

Woman Then." "The Right to Vote" was presented by Inez Hartel.

Carolyn Sawyers and Margaret Bull served as hostesses. The following members were present:

Dedra Adams, Barbara Babb, Margaret Bull, Sharon Bruton, Mattie Collier, Jane Davis, Inez Hartel, Iva Hudman, Linda Linn, Dorothy McCook, Janey Middleton, Anne Nelson, Janet Peel, June Peel, Margaret Price, Carolyn Sawyers, Marion Wheatley, Ida Mae Wilks, Jr., Boo Olson and Betty Posey.

The next meeting will be held in the foods lab at Post High School. Members will bring Christmas gifts for patients at Big Spring State Hospital.

Mrs. Buena Bouchier presides

Mrs. Buena Bouchier presided in the absence of the president, Mrs. Ruby Kirkpatrick. Roll call was answered with "Outstanding Club Women and Why." The meeting was held in the Woman's Clubhouse.

Lois Williams reported on Federation Projects and "Hands Up," on how to fight crime today.

Mrs. Bouchier paid a tribute to Mrs. Gladys Presson, who gave the club a painting of Two Draw Lake which is displayed in the clubhouse.

Hostesses for the meeting, Anna Lou Clinesmith and Loree Thaxton served refreshments to members present, including:

Buena Bouchier, Estelle Davis, Joy Dickson, Ruth Duckworth, Maggie Mae Jones, Linda Malouf, Geraldine Ryan, Pearl Storie, Lois Williams, Doll Haire and Lillian Potts.

Pam Carpenter is honored

Miss Pam Carpenter, bride elect of Fred Humble, was honored with a miscellaneous wedding shower in the community room of the First National Bank Oct. 9 from 7 to 9 p. m.

Approximately 130 guests were registered for the occasion by Mrs. Marsha Hart and then presented to the receiving line which included Pam, Mrs. Ruby Carpenter, Mrs. Faye Buck, grandmothers of the honoree, and Mrs. Patsy

MRS. RONALD TICER

Moss-Ticer vows exchanged

Wedding vows were exchanged between Rebecca Margaret Moss and Ronald Ticer, in a 6 p. m. ceremony Saturday, Oct. 16 in St. Joseph's Catholic Church in Slaton.

Officiating the ceremony was Rev. Monsignor Peter Morsch, pastor.

The bride is the daughter of Mr. and Mrs. Charles Tate, and the bridegroom is the son of Mr. and Mrs. L. O. Ticer all of Post.

Honor attendants were Mr. and Mrs. Marshall Ticer, brother and sister-in-law of the groom.

Following a short wedding trip, the couple are residing in Post where both are employed at Burlington Industries.

Those attending the ceremony from Post were Mr. and Mrs. Marshall Ticer, Jant, Jimmy and Jayla, Mr. and Mrs. L. O. Ticer, Mr. and Mrs. Charles Tate, Mr. and Mrs. Ray Warren and Joey, Mr. and Mrs. Delroy Odom, Mr. and Mrs. Dwayne Odom, Mrs. Chester Warren, Mrs. Tom Johnson, and from Lubbock, Mrs. Joe Dockery, Diane and Nancy, and Mr. and Mrs. Gary Trammell.

Those attending from Plainview were Rev. and Mrs. Stanley Nixon and Rev. and Mrs. Randy Nixon, and Mr. and Mrs. Blaine Whaley, Lance, Allen and Susan attended from Perren, Tex.

Garden club meets here

Mrs. Thelma Epley was hostess for the Green Thumb Garden Club when it met in the Reddy Room, Oct. 14 at 7:30 p. m. with 13 members present.

Mrs. Iva Hudman presided over the business meeting in the absence of president, Eleanor McCrary.

New business discussed was the introduction of a new member Faye Mathis, and a discussion of sending money or gifts to the State Hospital for Christmas.

The program for the evening was "Burpee Celebrates its Centennial" presented by Ida Jones. She included in her talk the company's growth, Hall of Fame seeds, and the company awarding \$10,000 for a pure white marigold, which was awarded to a lady who had been trying to produce this flower for 17 years and succeeded.

Refreshments were served by the hostess to members, Fannie Ballentine, Ada Buchanan, Sybil Cockrum, Wanda Cox, Glayds Hendrix, Iva Hudman, Maurine Hudman, Roberta Herron, Shorty King, Alma McBride, Irene Mitchell, Billie Windham, Ida Jones and Epley.

The next meeting will be Nov. 11th with Maurine Hudman, hostess and Nita Burress with the program on "Snow Crocus."

Whole fryers are good budget saver this week

COLLEGE STATION — Whole fryers save the food budget this week in Texas grocery stores, Mrs. Gwendolyn Clyatt reports.

Consumers who are looking for ways to save money will buy fryers whole and cut up their own chicken. Turkeys are showing reasonable price tags on parts as well as whole birds, she added.

Mrs. Clyatt is consumer marketing information specialist with the Texas Agricultural Extension Service, the Texas A&M University System.

"Fork specials in the spotlight include smoked cuts — semi-boneless hams, picnics and bacon — along with Boston butts, end chops and quarter loins cut into chops.

"Fish continue to offer an excellent protein value in cost per serving," the specialist added.

Check beef counters for better value on tender steaks as T-bone and rib roasts, Ground beef, round steaks and beef liver are other economical choices, she said.

"Since head lettuce is staying in the high price range, cabbage is a likely choice for salads. Other greens, such as

young tender leaves of collards, mustard and turnip tops, go well in a tossed salad, too.

"Good quality cauliflower is available now with moderate prices. Also, eggplant, broccoli, Brussel sprouts, rutabagas, acorn and butternut squash, along with potatoes and dry yellow onions are the most economically priced fresh vegetables," she said.

New crop Texas fresh grapefruit has made its appearance on the market. It is medium to small in size and sugar content is not as high as most prefer, but both conditions will improve as the harvest advances, Mrs. Clyatt noted.

"Other good fresh fruit choices at reasonable prices are several varieties of grapes, cantaloupe and honeydew melons, cranberries, apples, oranges, bananas and pears."

CONSUMER WATCHWORD: Best prices are on smaller-size oranges. Size numbers indicate the number of fruits fitting into a standard shipping container. The larger the number, the smaller the fruit.

Lubbock art sale Nov. 5-7

LUBBOCK — The Lubbock Jaycee-Ettes would like to invite all community artists and craft persons to enter the fifth annual Lubbock Jaycee-Ette Starving Artist Sale. This year's event will be held Nov. 5, 6 and 7, at the former Woolworth's building in the Monterey Shopping Center at 50th and Elgin Avenue.

Last year over \$48,000 in art works and crafts was sold, over 40,000 people attended, and over 350 artists were entered. Bank Americard and Master Charge to further enhance the salability of the art work will be accepted. All works are attractively displayed for public inspection. A charge of 20 percent commission on all works sold. All proceeds from this commission are given to local charities and service organizations.

Any type of art work or craft from painting, pottery, needlework, jewelry, to macrame and weaving is acceptable. Entries must be received no later than November 1. Please contact Janice Gott, 4802-43rd St., Lubbock, Tex., 79414, Phone (806) 795-6532 or June Weatherby, 9106 Akron, Lubbock, 79423, Phone (806) 745-2521. These ladies will be glad to provide entry blanks and further information.

More information on protection against fraud is available from the County Extension Office. Contact Mrs. Paula Cawthon for a free series of 10 leaflets, "Be a Smart Shopper." Phone 495-2050 or write Court-house, Post, Texas.

Graham HD has flu program

The Graham Home Demonstration club met Oct. 15 in the center. Roll call was answered with "Have I Had My Annual Check Up?"

Nona Lusk gave the council report.

Mrs. Bebe Boren, of the Texas Department of Public Resources gave the program on swine flu vaccine. Mrs. Boren is working out of Tahoka.

Louelle Morris was hostess and served refreshments to eight members, one guest and Mrs. Paula Cawthon, extension agent.

The club will not meet Nov. 5 because of conflicting dates with the Bazaar that will be held in the 4-H building on Nov. 5 and 6. This is sponsored by THDA Council.

The husband was annoyed because his wife had extended her vacation, so he sent her a copy of the local newspaper with one item clipped out. She was home on the next plane!

Focus on Home Economics

By PAULA CAWTHON County Extension Agent

GUARD AGAINST FRAUD

Consumers in the United States lose about four billion dollars a year through gyps and fraud warns, Mrs. Paula Cawthon, County Extension Agent. Guard your money against fraud. Learn to recognize gimmicks the swindler uses to get your attention.

A popular gimmick is the promise of a "free gift." Remember, very few things are really free with no strings attached. Businessmen who make a habit of giving away free goods can't make a profit or stay in business long.

Shower honors Pam Carpenter

Pam Carpenter, bride-elect of Fred Humble, was honored with a bathroom shower in the home of Mrs. Margie Pennell, Wednesday night.

Pam's chosen colors of orchid and white were used in decorations on the serving table.

Special guests were Mrs. Ruby Carpenter, Mrs. Elbert Humble of Kalgary, Mrs. Elaine Griffin, Lisa and Sherry of Ralls.

The couple will be married Nov. 13 in the First United Methodist Church of Post.

Mrs. Maudie Smith is honored on her 80th

Mrs. Maudie Smith was honored on her 80th birthday with a supper in the Gridiron Restaurant in Lubbock, Friday, Oct. 15.

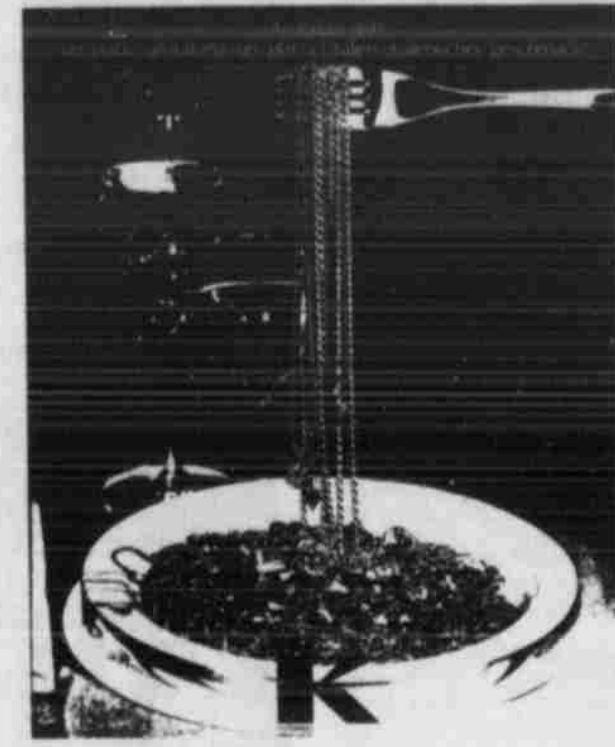

Hosts for the occasion were her three children, Mason Justice of Post, Maxine McNabb of Ropesville, and Cameron Beth Price of Lubbock.

All 21 descendants of Mrs. Smith's were present for the affair including children, grandchildren and great-grandchildren.

Young Republicans campaign in Post

Bill Orr and several other Young Republicans from Lubbock visited in Post earlier this week, making several stops in the community on behalf of President Ford's reelection campaign.

EDGE FRENSHIP 24 to 18—

Scott Walker scores all 4 TDs in frosh victory

Coach Lane Tannehill's Post freshmen gridders moved over the 500 mark at Frenship last Thursday night by winning a wild 24 to 18 decision from the Frenship freshmen for their third victory in five starts.

Scott Walker scored all four of Post's touchdowns, getting the game winning points when he intercepted a Frenship pass out in the flat with little more than six minutes left in the game and running it back 25 yards for a touchdown to break an 18-all tie.

Neither team could score any conversion points on a total of seven efforts.

Post opened the scoring when Walker broke through for an

80-yard touchdown run in the first. Frenship came back with a TD to knot the score at 6-6.

Frenship returned the second half kickoff for a touchdown to take a 12-6 lead. Walker knotted the score for Post by scoring on a 15-yard end sweep to cap a drive.

Frenship again moved into the lead with its final touchdown, 18 to 12.

Early in the fourth, Walker tied the score again with a 12-yard scoring run. Then came his interception and winning touchdown run.

"The offense was pretty good, but neither team showed much defense," Coach Tannehill commented.

The freshmen will open a doubleheader with Slaton's freshmen in Antelope Stadium at 5:30 p. m. tonight.

Frenship breaks 8th graders win string

After six straight victories, Coach Mickey Long's eighth grade football team finally tasted defeat in Antelope Stadium here last Thursday night. Frenship did the honors by a 20 to 14 score.

Frenship scored in the first period, but failed to make its extras to take a 6-0 lead.

But Post bounced back to take the lead when Fullback Gary Baker capped a scoring drive by diving in from four yards out. Halfback Noel Penan ran in the extras for an 8-6 Post lead.

Frenship went back ahead by getting their second touchdown just before the halftime intermission.

The visitors got the winning points when they ran the third period kickoff all the way back for their third and final touchdown.

Post scored the second time at the start of the fourth period

with Baker breaking off tackle for the final 10 yards.

Late in the game, Post launched a final thrust but lost the ball on downs on the Frenship 30 as the game ended.

The eighth graders will try to get back on the winning track at Slaton tonight with a 7:30 kickoff against the Slaton eighth graders.

Bobby Davis' team drops 14-13 game

Coach Bobby Davis' Corpus Christi Calallen team dropped a tight 14 to 13 decision to Gregory-Portland in AAA play Friday night.

It was the first known loss here for Calallen.

The age of discretion is when you learn that nothing is as important as you once thought it was.

Lunch Menus

The Post school lunchroom menus for the coming week are as follows:

Monday — Green enchilada casserole, buttered corn, lettuce salad, plum cobbler, garlic bread, half pint milk.

Tuesday — Cheese sandwich, tamales, blackeyed peas, cabbage slaw, funny cake, half pint milk.

Wednesday — Chicken and dressing with gravy, green beans, whipped potatoes, chocolate pudding, hot rolls, cranberry sauce, half pint milk.

Thursday — Corn dogs, pink beans, cabbage slaw, peanut butter surprise, half pint milk.

Friday — No school.

The Post schools sandwich menus for the coming week are as follows:

Monday — Ham and cheese sandwich, carrot sticks, orange, cookies.

Tuesday — Bologna sandwich, celery sticks, prunes, cookies.

Wednesday — Tuna salad sandwich, lettuce wedge, apple,

Scott's run, Looney's kicks bring 10-0 JV win

Wingback Shawn Scott broke over tackle for 60 yards and the game's only touchdown in the first period to give the Post Junior Varsity a 10 to 0 victory over the Frenship JVs at

Frenship last Thursday night. Kicking specialist Leatie Looney added the other four.

He kicked a 36 yard field goal with only 13 ticks still on the game clock in the fourth, as well as adding the conversion point after Scott's touchdown.

Jimmy Couch intercepted a Frenship pass at the gun to stop a final Frenship threat in a hard hitting ball game.

Post was stopped on the Frenship two-yard line in the final period and then came back to be halted on the 19 which brought in Looney for the field goal with the ball being spotted on the Frenship 26.

The JVs will entertain the Slaton Junior Varsity in what should be a headline attraction in Antelope Stadium at 7:30 p. m. tonight.

The flowering plant found at the highest altitude is the "Stellaria decumbens," which grows 20,130 feet up in the Himalayas!

Human beings are different and no rule can be applied to them en masse.

Why is it women notice things about others that men never see?

Sidelines

Our congratulations to Coach Ed Cook and his Slaton Tigers on finally beating Denver City 6-0 for the first time in 14 meetings last Friday night at Denver City.

It was a great victory and not hard to remember the emotional peak the Post Lopes reached here in October, 1966, when they accomplished the same difficult task.

Dalton Wood, publisher of the Slaton Slatonite and a grid fan all the way, published an excellent four-page "extra" last Saturday morning to celebrate the victory.

The huge two-line, 8 column headline across the top of the front page in red ink read: "How Sweet it is! Tigers Whip DC 6-0."

While we congratulate the Tigers on beating Denver City, we're predicting the Lopes are going to skin the Tigers one way or another Friday night and go west next week to face DC at DC with a title on the line.

The Slaton-Denver City game was a defensive struggle with neither offense able to move.

Slaton got its touchdown in the first after recovering a fumble on the DC 21 and moving in to score on their only pass completion for the final 10 yards. The Mustangs got their chance in the fourth when they recovered a Tiger fumble on the Slaton 21. They moved it to the one foot line but couldn't get it across. Incidentally, those were the only two fumbles of the night.

The Denver City paper in its story of the game reported that the headlinesman missed a call as a Slaton linesman jumped the snap on a play which saw the Tigers pick up a first down on the DC 11 en route to the game's only score.

State tax man to visit Post monthly

State Comptroller Bob Bullock will have a representative from his Lubbock district office in Post on the second Tuesday of each month, beginning Nov. 9, to aid any Garza Counties with problems about state taxes.

The tax man, Phillip Land, will be in the district courtroom at the courthouse from 9 a. m. to noon, and longer if necessary.

Almost anyone can tell you how the election will come out in November.

Dishonest people are quick to suspect other individuals.

It's Our 25th Anniversary

In Business In Post

A large segment of the oil industry is composed of independent business men, like ourselves, working in a very highly competitive field to make America bigger and better.

Two injured in Garza wrecks

The Texas Highway Patrol investigated two accidents on rural highways in Garza County during the month of September 1976 according to Sergeant Ken Evans, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and two persons injured.

The rural traffic accident summary for this county during the first nine months of 1976 shows a total of 39 accidents resulting in two persons killed and 29 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of

Public Safety Region for September 1976, shows a total of 567 accidents resulting in 15 persons killed and 306 injured, as compared to September 1975, with 551 accidents resulting in 29 persons killed and 314 persons injured. This was 16 more accidents, 14 less killed, and eight less injured in 1976 at the same period of time.

The 15 traffic deaths for the month of September, 1976, at the same period of time.

The 15 traffic deaths for the month of September, 1976, occurred in the following counties: Three each in Potter; Two each in Wise; one each in Donley, Deaf Smith, Lubbock, Dallam, Gray, Moore, Wilbarger, Knox, Parker, Wichita.

Wilson high to stage melodrama

A melodrama is an old-fashioned, exaggerated, sentimental face — and that's what the Senior Class of Wilson will display on October 30 at 7:30 in the Wilson High School Auditorium. "The Angel of Wilson" or "How Much Good can a Good Girl Do if a Good Girl Can Do Good?" is an original and wacky farce with the standard villain, heroine, and hero plus an assortment of characters that will never be in any award-winning play!

The cast is a large one, 19, with a crew of seven others to assist with tickets and stage management. Cost for this family fun night is \$1.50 for adults, \$1 for high school students, 75 cents for elementary students, and a special ticket of \$5 for any family of five or more.

The answers all appear October 31 at 7:30 at W. H. S. Be sure to attend if you'd like a good time for the entire family.

Hospital group attends 1st perinatal seminar

Several members of the staff of Garza Memorial Hospital attended a workshop in Odessa Women's and Children's Hospital in Odessa, Oct. 14 and 15. It was the first annual Perinatal Seminar held with Laverne Jones, RN, Director of Nurses at Garza Memorial, Lina Walker, RN, Lorene Shepherd, RN and Helen Flores, RN attending from Post.

The program was designed for physicians and nurses who are directly involved with the care of the obstetrical patient and the newborn.

Topics discussed were: Clinical Fetal Monitoring; Classification and Interpretation of FHR Patterns; Identification of the High Risk Patient; Physical Assessment of the New Born; Respiratory Distress in the New Born; Transportation of the Sick Neonate and Maternal-Infant Interaction.

Speakers included Susan Brewer, RN Neonate Nursing Consultant at Baylor University Medical Center, Dallas, Tex.; Sandra Bryant, RN Perinatal Specialist of Corometrics Medical Systems of Newport Beach, Calif.; Dolores Carruth, MD Neonatal Consultant of Baylor University Medical Center of Dallas and also Clinical Assistant Professor of Pediatrics of the University of Texas Southwestern Medical School of Dallas; Edgardo Dujon, MD, Chief of Neonatology of Odessa Women's and Children's Hospital in Odessa; William Furst, MD, Chief of Pediatrics of Odessa Women's and Children's Hospital in Odessa; Anita Guinn, RN Supervisor of Labor and Delivery of Odessa Women's and Children's Hospital in Odessa; Norma Hirsch, MD assistant Professor of Pediatrics of University of Texas Southwestern Medical School of Dallas; Robert King, RN Head Nurse of Nursery, Odessa Women's and Children's Hospital; Charles Nicoletti, MD, Radiologist of Odessa Women's and Children's Hospital of Odessa and Charles Stephens, MD attending physician, OB and GYN of Odessa Women's and Children's Hospital.

Tech to install Mackey Tuesday

LUBBOCK — Dr. Cecil Mackey, president of Texas Tech University and its School of Medicine, will be inaugurated in formal ceremonies Tuesday, Oct. 26.

The inaugural convocation will be at 2:30 p. m. in the Lubbock Municipal Auditorium. It will be followed at 4:30 p. m. by a reception in the Museum of Texas Tech University. The public is invited.

Dr. David A. Mathews, secretary of the U. S. Department of Health, Education and Welfare, will deliver the inaugural address. Dr. Mathews is on leave from the presidency of the University of Alabama to serve as HEW's top administrative officer.

Dr. Mackey assumed the presidency of Texas Tech University Sept. 1 from Dr. Grover E. Murray who resigned. Dr. Murray remains at Texas Tech as a University Professor.

Dr. Mathews will be introduced by Dr. Kenneth H. Ashworth, commissioner of the Coordinating Board, Texas College and University System. Dr. Judson F. Williams, chairman of the Board of Regents of Texas Tech and the School of Medicine, will install Dr. Mackey as the new president.

There's more to being a good teacher than a knowledge of a subject.

Politics is the art of blowing up issues to collect the most votes possible.

Some institutions of learning will lose prestige this fall on the football field.

High Potency Vitamin E

Sexual Potency Quickly Improves With New 'E-Pill'

NEW YORK, N.Y. (Special)—An amazing new "super-charged" vitamin E-Pill has recently been developed that reportedly "quickly increases and rejuvenates sexual drives and potency for both men and women of all ages. It also makes them feel healthier and more youthful." It is now available to the American public.

The new high potency E-Pill not only seems to increase sexual ability of both sexes but also "actually perks up sexual interest and stimulates a person's desires," according to a spokesman for the manufacturer.

ALSO IMPROVES GENERAL HEALTH
This new, easy-to-take E-Pill contains newly formulated, highly concentrated vitamin E. It tends to quickly build up and strengthen the natural physiological processes of the body that are believed to be basically responsible for its potency, youthfulness, health and long life.

HELPS 4 OUT OF 5 PEOPLE
Indications are that the new E-Pill gives quick and effective results to as high as 4 out of 5 people (80%) who have used it. Some people report no great change but feel the high potency of vitamin E in the pill does quickly make them feel better from a general health standpoint.

Other reports also show it tends to "lessen daily tension and give a more relaxed, happier outlook on life."

NOW AVAILABLE
The use of these high potency (one-a-day) E-Pills is perfectly safe and are now available without prescription from the manufacturer by mail order only. To get your supply, send \$6.95 for a 2 week supply, or \$10.95 for a 30 day supply, or \$17.95 for a 60 day supply) cash, check or M.O. to: E-Pill, Dept. 316, 447 Merrick Road, Oceanside, N.Y. 11572. (Unconditional money-back guarantee if not satisfied.)

Blanket pardon for all draft evaders?

Carter says yes.
 Ford says no.
 What do you say?
 Say it on Nov. 2nd.
 Vote for President Ford.

THE PRESIDENT FORD COMMITTEE, JAMES A. BAKER, II CHAIRMAN, ROY STONIC, ALICEA, TREASURER

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — Two important water measures — one controversial, the other generally accepted — will be on the general election ballot.

Proposition 1 would amend the state constitution to authorize another \$400 million in water development bonds.

Proposition 2, by constitutional amendment, seeks to authorize another \$100 million in bonds for water quality.

Under Proposition 1, no more than \$35 million in proceeds from bond sale could go to any one project without approval of the legislature. None of the money could go to developing water resources from the Mississippi River.

The additional water quality bonds would go to grants and loans to local governments to improve sewage treatment systems.

Gov. Dolph Briscoe and other statewide officials, including Lt. Gov. Bill Hobby and House Speaker Bill Clayton, support both issues.

Proponents argue the water development fund is almost exhausted and adequate water supplies may be jeopardized in the future unless more money is provided. The fund has financed about \$300 million in development projects and about \$100 million is left.

Environmentalists argue against giving Water Development Board uncontrolled authority to spend on water projects. Opposition spokesmen claim there is no plan, environmental study or economic assessment to guide the \$400 million bond authority.

Courts Speak

The State Supreme Court is pondering latest arguments over constitutionality of a law prohibiting sale of 46 items on both Saturdays and Sundays by the same store.

The high court held sheriffs have no power to force lawyers to put up

security as a condition for making bail for clients.

A yacht owner must pay \$141,760 in damages for taking property from a \$35,000 craft, the Supreme Court held.

Upholding a \$1.8 million judgment in a products liability suit growing out of an alleged carburetor defect on a 1970 Chevrolet pickup would leave manufacturers without defense in such actions, General Motors attorneys told the Supreme Court in a Houston case.

Funds Approved

The House Higher Education Committee approved increased funds for tuition

equalization grants.

Under the program, students can get as much as \$600 a year toward educational expenses. TEG received \$16 million in legislative appropriations this year.

The House committee recommended the legislature appropriate 50 per cent of funds for 150 new family medicine residency programs in 1977 and 50 additional places in 1978.

An increase of about \$4,950,000 would be required for the additional assistance aimed at increasing the number of physicians in Texas.

Another recommendation of the committee would require graduate students who serve as teaching assistants to complete internships first and would limit the number of assistants to the number of fulltime faculty members on each campus.

At the same time, the committee lamented sharp increases in state spending for Texas colleges and uni-

versities during the last decade.

Crusade Helping

Atty. Gen. John Hill claims efforts of his office under the Deceptive Trade Practices-Consumer Protection Act have been successful in curbing fraud.

Since January 1973, the attorney general's office has filed 250 lawsuits and processed 35,000 complaints, collected \$305,000 in civil penalties and \$3 million in restitution to injured consumers.

Hill said preventive lawsuits to stop fraud before it harms consumers afford more effective protection than action to recover money already taken.

According to U.S. Chamber of Commerce estimates cited by the attorney general, short term direct costs of white collar crime run to \$42 billion.

TAC Issues Bonds

Texas Aeronautics Commission authorized issuance of \$1.2 million in 1977 Texas Airport Aid

program funds for construction and improvement of facilities in 47 communities.

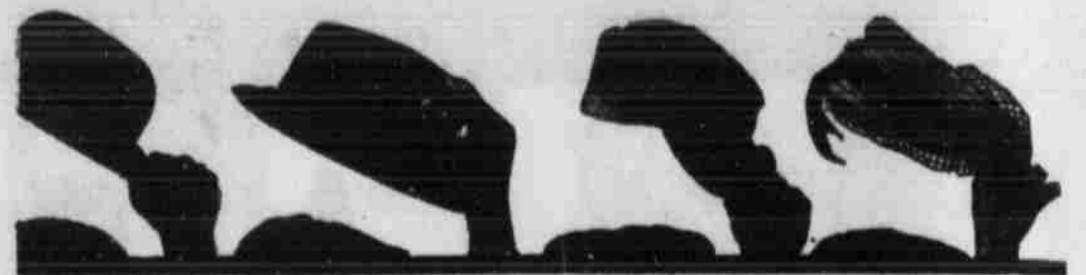

TAC also elected officers and approved the application of Metroflight Inc. to provide scheduled air passenger and cargo service to Greenville and Paris.

Rex Cauble of Denton, rancher and oilman, was re-elected chairman. Lucien Flournoy of Alice was selected for another term as vice-chairman and David Witts of Dallas as secretary.

Short Snorts

The Railroad Commission denied two of three requests of Common Cause for promulgation of rules for regulation of gas utilities. It accepted for consideration a set of proposed rules pertaining to quality of service performed by the utilities.

The 29th annual Texas Conference on Teacher Education at San Antonio, October 24-25 will examine current teacher programs and problems.

POST, TEXAS

Mrs. Davis talks about her travels for FHA

FHA held a program Monday night. The speaker was Mrs. Lee Davis. She talked about her travels around the world and in other countries. She commented about the transportation so important in the development of a country. During the ceremony, songs were sung. The songs were by Julie Compton and Shedd. The group talked about the selling of Stanley which will end the month. Twerp night was also a topic of discussion, but was decided to be postponed till later in the year. Christie Conner had the reading of the minutes, and Tracy McAlister introduced the speakers. Refreshments were served after the meeting by the junior members. Mrs. Wheatley and Mrs. Sawyers directed the ceremony. Mrs. Sawyers brought a guest with her this week. The guest was Mrs. Sawyers mother, Mrs. Henderson. It was nice to have her.

Tickets go on sale for all school play

Drama Club held a meeting last Friday to hand out advance seat tickets to the school play. The tickets are on sale from row A to row C. Tickets will be on sale Oct. 29. Drama Club members are: Randy Hud, Darlene Johnston, Susan Leana Davis, Kerri Dana Giddens, Nancy Clary, Nancy McCowen, Becky Beggs, and Patricia Posey. Also Vickie Darling, Julie Compton, Debbie Wyatt, Dan Sawyers, Evans Heaton, Rodney Teaff, Tiana Shiver, Jalena Bilberry, David Gandy, Donna Josey, Tracy McAlister, Terry Smith, David Morrow, Jay Young, Mike Dye, and Pat Mitchell. The play, 'Life with Father', will be presented Nov. 5.

CREED CONTEST WINNERS — Johnny Owen and Mike Tatum are pictured above with their awards they earned in learning the FFA Creed. They are both Vocational Agriculture I students. Johnny won first place and an FFA jacket, Kim Trammel, (not shown in the picture) won second and a ring and Mike won third place and the notebook he holds. — (Staff Photo)

Timmy Dudley likes HECE for many reasons

United Super Market is keeping Timmy Dudley pretty busy this year. Timmy sacks groceries, stocks up on items and checks customers out. Timmy says, "I like my job because I can learn something new everyday. Timmy thinks that the HECE program is worth while because some people like him like to work, and this is a good chance. He also enjoys meeting new and different people. He says that he has also learned what it is like in the working world. Timmy is a senior this year at PHS, and isn't real sure of his future plans.

PRICING FOOD ITEMS — Timmy Dudley, shown above is working hard at United on the HECE program. — (Staff Photo)

Junior high band goes to festival

The junior high band went to Brownfield Saturday to the harvest festival. The band was entered in a marching contest. The junior high students didn't place, but had a real good time. The festival included rides, sidewalk sales and a whole lot of fun. The junior high band is looking forward to next year. The band is under the direction of Mr. Stringer.

Friendless are men who try to divide their acquaintances into assets and liabilities.

Youthoughts

By TRACY McALISTER

At the pep rally, the seniors won the spirit stick this week for their loud vocal chords. Coach Tannehill was the speaker and really had the students going. The crowd was really high with enthusiasm, and so were the antelopes.

Coach Giddens health classes have been working on eye perception this week. Each student, during the week, had to wear a blindfold in and while going to class. The kids were to experience "being blind." A lot of kids easily learned how to find their ways around. Others had to have it knocked into them. Right Vickie?

A poll is being taken in all grades on who they would vote for for President. Only two choices, Ford and Carter, are offered. The students also have to give a reason for voting for who they did. More about the poll later.

(Based on an idea from Mr. Tom Lewis.) I am running for President of the United States, and if I am elected I will do a lot of things to help the American citizens. Here are my promises:

1. I will only give an interview to Humpty Dumpty Magazine, and then will only talk about the fifth of Little Red Riding Hood.
2. I will say that Eastern Europe is under communistic rule and there's nothing we can do about it.
3. I will start wearing corrective shoes so that I will not fall frequently and embarrass the country.
4. I will fire Earl Butz next time he's put into office, which I promise will be under my rule.
5. There will be no taxes. Instead, I just ask for the first born male of each family. I will sell them to the Soviet Union for money.
6. I promise that there will not be any televised presidential interviews during my favorite programs.
7. If I am to debate I will not try to avoid the issues. I will just disregard them all together.
8. I promise to capture the country of Texas and add it as the 50th state to the union.
9. Peanuts will be banned from all Americans, and will be sold instead to Congressmen.
10. I will ban honesty, justice, and civil rights from all factual movies.
11. Going to war is the only way to increase employment, so at my o. k., atomic bombs are to be dropped on Peoria, Ill.
12. I will sell New York to China to decrease government spending. I promise to do all these things if elected, and even more. Give me one chance, and you will never forget it. Why? Because you know life's funny that way.

PSAT given here Tuesday

The PSAT was administered Tuesday to those seniors and juniors wishing to take it. A lot of students took the test. The PSAT is a preliminary test for the SAT. The SAT is a test nearly all colleges require before enrolling. Many colleges give scholarships for good grades on the SAT. Also all students who may be an honor student their senior year are required to take the SAT. Coach Tannehill was in charge of the PSAT test. Scores on the tests will be in later in the year.

Help Post Day is October 25th

The Post High School Student Council is sponsoring a "Help Post Day" Monday, Oct. 25. The community appreciation day is to say thanks to all town people for sponsoring the annual, athletics and various club activities.

The three committees in the appreciation program are wash windows, park clean up, and sidewalk sweepers.

The program is for all students, not just student council members. So all students please go and sign up.

Lopes whip Frenship, 24 to 12, with spurt in third

Once behind, Post scores three TDs in short order

Scoring three touchdowns in the third period, Coach Jackie Brown's Post Antelopes came from behind to knock the Frenship Tigers out of the undefeated ranks, 24 to 12, in Antelope Stadium Friday night in an important 5AA clash for both clubs.

The two teams had gone into the dressing rooms at the intermission with the Lopes nursing a 3 to 0 advantage on Buddy Britton's 34-yard field goal in the first quarter.

GAME STATS

Post	Frenship	
14	First Downs	10
195	Net Yds Rushing	207
2	Passes Attempted	5
2	Passes Completed	1
54	Yds Passing	16
5	Penalties	4
31.5	Yds Penalized	50
2	Punts	6
41	Average Kick	25
7-3	Fumbles-Lost	2-1

But on the first scrimmage play after the second half kickoff, Frenship Halfback Weldon Brooks popped clear and ran 80 yards for a touchdown and a 6-3 Tiger lead.

That appeared to shock the Lopes into drastic action.

Wingback Jimmy Dorland returned the Frenship kickoff to the Lope 39 and in two running plays, he moved it to a first on the 50.

Quarterback Brad Shepherd then hit Halfback Randy Baker with a little flare pass on about the Tigers' 45 and Baker ran it down the west sideline for 40 yards to the Frenship 5.

Fullback Randall Wyatt got one and then Shepherd kept on a keeper up the middle to score standing up and put the Lopes back in front.

Britton, who had a near perfect kicking night, booted the first of three consecutive conversion kicks.

The second touchdown came within two minutes with the defense picking it up.

The Lopes held Frenship after the next kickoff. On fourth down, Punter David Gutierrez got a low snap that rolled between his legs and on back into the end zone where Randall Wyatt fell on it for a Lope touchdown.

The final Post touchdown came on the Lopes' next possession after forcing the Tigers to punt to the Frenship 47.

Dorland ran it to the Frenship 12 on five carries, aided by a 15 yard penalty against Frenship for unsportsmanlike conduct on a tackle.

Shepherd lost three before handing off to Halfback Koben Joney who swept the final 15 yards around left end to score standing up.

In the fourth, Frenship drove 75 yards to the Post one-yard line where the Lopes put on a great defensive stand and took the ball on downs.

But an end zone fumble gave Frenship their final points. On third down, Shepherd pitched to Dorland in the end zone who was trying to get outside. The pitch missed connections and End Jerry Henly recovered for Frenship and a touchdown.

A pass for the conversion points bounced off a Lope's chest.

Frenship successfully pulled off an inside kick to gain possession on the Post 44 after its TD with a couple of minutes left. But Post held for downs on its 35 and was driving on the Tigers' 31 at game's end.

The first half was a defensive battle with neither team able to move the ball consistently, although the Lopes had the most opportunities.

Britton's superior kicking made a big difference in the game.

The locals won the coin toss and chose the wind instead of the ball. It proved to be a good decision because Frenship never started with field position all night. On all kickoffs, Britton either put the ball through the end zone, or so deep in the end zone that Tiger backs never got out to their own 20 in attempted runbacks.

In his only punt of the first half, Britton kicked a 44-yarder out of bounds on the Frenship one. Unable to move consistently, the Tigers never crossed midfield with the ball in the entire first half.

Post got its field goal on its first possession of the game.

In the second period, Shepherd fumbled away one scoring opportunity on the Frenship 29 after he had reeled off a neat 19-yard run two plays before.

The Lopes got another chance when Frenship punter Gutierrez failed to get off a fourth down kick when Evans Heaton got in on him and a group of Lopes swarmed him down.

That gave Post the ball on the Frenship 42. The Lopes drove it down to the Frenship two where they lost it on downs with 29 seconds left in the half.

Post had difficulty holding onto the football, especially Shepherd. The Lopes fumbled the ball seven times and lost three of them.

Dorland had the biggest night for the ballcarriers getting 73 yards in 14 carries.

The victory left the Lopes with a 2-1 district record with games with Slaton, Denver City and Roosevelt left.

Frenship beats 7th graders

The Frenship seventh graders handed their Post counterparts a 24 to 0 whipping in Antelope Stadium last Thursday night to open a junior high doubleheader.

Coach Bill Unberhagen's club gave up three touchdowns to the visitors on three long runs and did not seriously threaten the Frenship goal.

Frenship got a 60-yard touchdown run off tackle in the first period, added the extras. In the second period, a 40-yard run off tackle brought the second score. Frenship led 16 to 0 at the intermission.

A 50-yard scamper off a pitchout in the last half for Frenship completed the scoring with the visitors running off tackle for the extras.

The seventh graders will journey to Slaton tonight to play the Slaton seventh graders at 5:30 p. m. tonight.

ALMOST LOSES PANTS — An unidentified Frenship ball carrier almost loses his pants as Lope defensive back Jimmy Dorland, on ground, gets a one-handed grip on his pants as he goes by. Four other Lopes are closing in as well. — (Staff Photo by Don Ammons)

LORRY CHAPMAN

Lorry on TWU tennis team

Lorry Chapman, daughter of Mr. and Mrs. Earl Chapman, and Pat Miller of San Antonio are the first freshman girls to make the six-woman tennis traveling squad at Texas Women's University at Denton.

Lorry and Pat team together to play No. 1 doubles. The university's regular tennis season doesn't start until spring, but the team has been playing meets regularly each weekend this fall and hopes to be ready to go in the spring.

The team has played Cook County and North Texas State so far. Their meet with Midwestern in Wichita Falls last weekend was rained out.

Lorry is a psychology major.

Archery club holds journey here Sunday

The Post Archery Club held a tournament Sunday, Oct. 17.

The results are as follows: A-free style, first, Donny Stelzer; A-bowhunter, first, David Gary, second, Jr. Stelzer; B-bowhunter, first, Charles Fields, second, Leslie Seals; and C-bowhunter, first Perry Tillson.

The next tournament will be held October 24th.

Lopes to skin Slaton Tiger

Your football prognosticator offers you readers the "upset special of the week" to start off with.

He's picking the steadily improving Post Lopes to surprise No. 3 state-ranked Slaton Tigers right in front of their home folks Friday night.

The Lopes have a lot of revenge getting from last year to spur them on. Of course, it won't be easy. It will be a real bone cruncher, but when the Lopes put six points on the board look for Buddy Britton to kick through the seventh. And that might be the difference.

The grid menu has three open dates this week which ought to help the old average. You can't make any mistakes there. Lockney, Colorado City and Cooper will be resting and recuperating.

Here's the other Friday night picks:

TULLA at FLOYDADA: The Winds are getting every bit of mileage out of every player. This will be a real toughie, but Floydada should find somebody to rise to the occasion.

TAHOKA at ROOSEVELT: It's about time these Bulldogs broke through again after convincingly outgaining Denver City in losing two weeks ago, but they do have trouble scoring.

DENVER CITY at FRENSHIP: The Mustangs after dropping a heartbreaker to Slaton will be hopeful Post can get them back in the race with the "upset special". Slaton still has improving Tahoka and who knows?

COAHOMA at BALLINGER: Colorado City knocked the Bulldogs out of their undefeated season and probably the district 6AA crown by plastering them, 33 to 0 Friday night at Coahoma. But the Bulldogs

should have enough left for Ballinger.

Your prognosticator missed last week on two of the three "crucial district games," not seeing either Slaton's 6-0 win over Denver City or Colorado City's thumping of Coahoma 33-0, but managing to get the Floydada edging of Lockney. With three out of five right, that's a total of 39 right in 56 picks for the season for a .696 percentage.

Results of last week's games: Post 24, Frenship 12. Slaton 6, Denver City 0. Roosevelt 37, Cooper 0. Floydada 7, Lockney 6. Colorado City 33, Coahoma 0.

Wilson romps to win No. 7

WILSON — Wilson High School's Mustangs made it No. 7 in a row Friday night by putting their brand on the Borden County Coyotes by the score of 29-6. Though only 6-0 at halftime the game soon turned into a typical Wilson game of the 1976 season with quick runs and completed passes spelling doom for their opponents.

Wes Wilke recorded his 1095th rushing yard as he plunged to paydirt three times. Senior Wilke scored from the 6, the 15, and the 17 yard lines and carried the ball 16 times for 195 yards rushing. He now ranks among the leaders of area schoolboys in both scoring and rushing averages. Senior Carlton Henderson, also at the top in passing yards, completed a timely eight yard toss to Senior Philip Bednarz for the fourth Wilson score.

Wilson is now 3-0 in District 3-B West play with three more opponents to face

Lopes invade Slaton still very much in 5AA title race

Coach Jackie Brown's Post Antelopes can win their way into the post season football playoffs as the 5AA representatives by sweeping their final three league starts.

The toughest assignment of the three will come in Slaton Friday night when the Lopes take the field against the undefeated state-ranked Slaton Tigers who are coming off their first ever win over Denver City.

The Lopes hope to catch the Tigers a good ways off their emotional peak of last week when Slaton won a 6 to 0 defensive struggle with the Denver City Mustangs out there in the Mustangs' home corral.

The odds, of course, heavily favor Slaton in this renewal of a traditional rivalry.

But the whole picture looks a good deal like the picture here in 1975 — only in reverse.

In that game, a defensive-minded Slaton team came up with two touchdowns in the final minutes to defeat the state-ranked Lopes and hand the locals their only loss of the campaign. The Tigers went on to win a coin flip after the two clubs and Denver City had finished in a three-way knot for the district title and advanced into the playoffs, where they did very well for themselves.

You can be sure Slaton Coach Ed Cook will be reminding his Tigers though not to let any similar thing happen this year.

Physically, the Lopes are ready.

Center Mark Kirkpatrick suffered a sprained ankle in

Haire is Farmer golf winner

Johnny Haire won the Farmers Golf Tournament at the Caprock Golf Course over the weekend shooting a low net score of 141 strokes for the 36 holes, aided by a seven stroke handicap.

Pete Lancaster was runnerup with a 143, two strokes behind. Other finishers in order with their handicapped scores were W. H. Childs 148; Happy Beavers 150; Buddy Hall 151; Jerry Thuet 152; Jimmy Bartlett 153; Charles Morris 153; Gene Williams 156; Mack Terry 170; Henry Wheatley 171.

Jerry Thuet won the driving contest with a 275 yard drive and Johnny Haire won the putting contest with a 33.

last Friday night's win over Frenship but is expected to be in the starting lineup.

Coach Brown sums up the situation very well, the way the Lopes see it.

"Slaton has a good football team. They're well coached. But we feel like we have a good team too."

Should the Lopes rise to the occasion and bump both Slaton and Denver City on the road and then come home to defeat Roosevelt in their finale, they will represent District 5AA in the playoffs.

The loss to Tahoka won't affect the situation in the slightest.

It would simply mean that Post probably would share the league crown with Slaton but would go on to the playoffs because they won the game between the two schools.

In 170-pound senior quarterback, Mike Tomlinson, the Tigers have what Coach Brown terms "the finest high school quarterback we've seen."

It was a short Tomlinson pass in the first period which brought the only touchdown in

the clash with Denver City.

That throw turned out to be his only completion of the game with three other throws intercepted by Mustangs.

Coach Brown told The Post.

"We definitely have to be ready for the best pass attack we will face all season. Coach Brown told The Post.

Brad Eblen is the 160-pound Slaton tailback who runs the same deep position as "Bill" did last year in leading the Lopes. Brown calls Eblen "a good, strong runner made out."

Quarterback Tomlinson is fast but he is a good screener when forced to run.

The Tigers have a very balanced attack. They play five-man front and are hard run against as all their 1975 can attest.

The Lopes have been very hard this week.

"Our kids definitely are we're still in this thing," Coach Brown said.

A big hand of Post roster expected to accompany team to Tigerland.

POST ANTELOPES

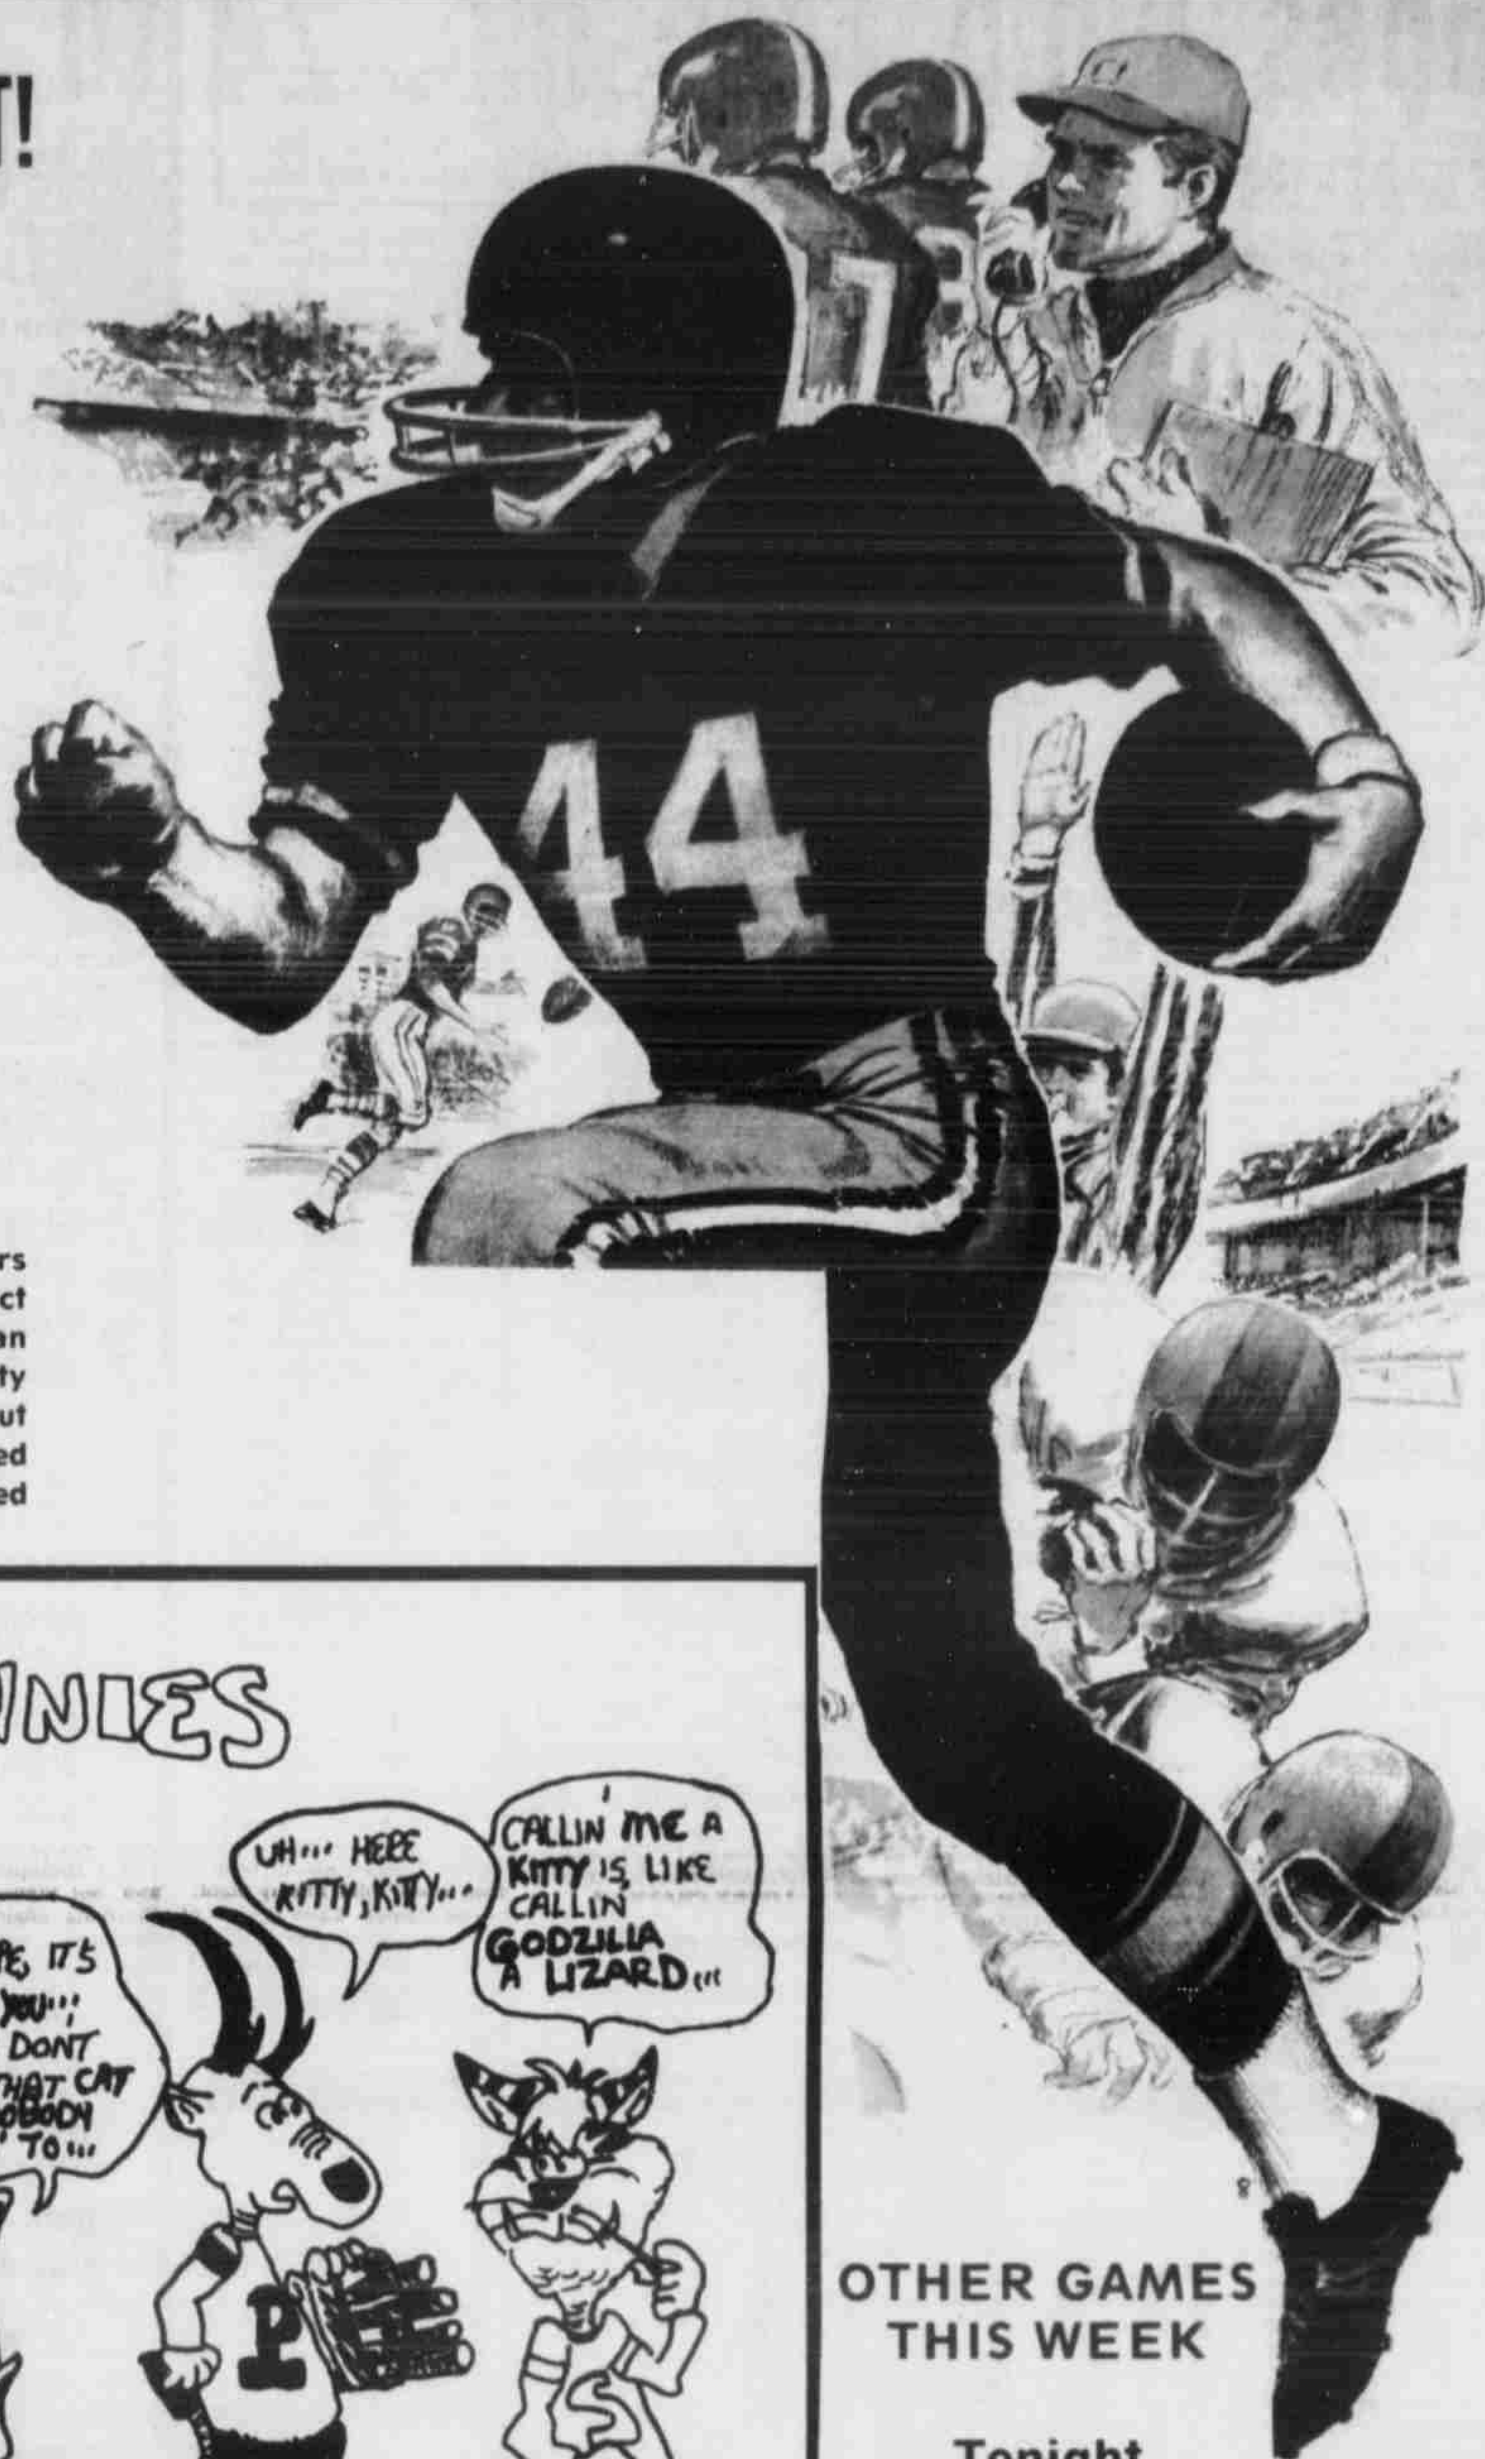

VS.

SLATON TIGERS

7:30 PM Friday,

OCT. 22

AT SLATON

The Slaton Tigers who defeated Denver City for the first time in 14 years last Friday night with a 6-0 victory at Denver City figures to win the District 5AA crown. But despite the fact the Lopes have a loss on their record, Post can win their way into the playoffs themselves by beating Slaton and Denver City on the road and then Roosevelt at home in the windup. The game is just about the exact reverse of last year when it was the Lopes who were state-ranked and riding high only to be upset by Slaton. That is a loss still well remembered here too.

City Council—

(Continued From Page One)
 new police car.
 The county's joint law enforcement arm at present is down to one operational vehicle with the sheriff reportedly using his own pickup truck for his transportation and officers using their own cars when they have to go out of town.

The county is in the process of purchasing one or more new sheriff's cars.
 Although the city and county are sharing all joint law enforcement expenses they are continuing to purchase their own law enforcement cars separately.

Both councilmen Jim Jackson and Lewis Holly expressed dissatisfaction with the fact the council is not now receiving any law enforcement reports and are concerned with the maintenance program on city police vehicles used by the department.

The city now has two police cars at the law enforcement complex without engines.

"If the department would come over here and give us regular reports we would know what is going on and would know if lack of maintenance is the cause of the problem or whether the two old cars just wore out," Jackson said.

Both men pointed out with the election coming up Nov. 2, Jim Pippin, who is unopposed, will be taking office in three weeks or less, as officials elected to fill offices held by men with appointments do not wait until Jan. 1 to take office.

There was quite a discussion as to whether the police department needed a big car or

a medium sized car. The council decided to take specifications on both kinds and by the time they met to open the bids they would be able to confer with Sheriff Pippin on the matter.

The council also gave a tentative okay to a proposal by the Women's Division of the Post Chamber of Commerce to put a rotating sign atop the city building to advertise upcoming events at the Post Community Center.

The council said it wanted to approve the final design and understood the women's division would take care of the cost of the sign.

 absentee ballots.

—O—
 Too bad, Veterans Day isn't a real holiday of remembering and honoring, instead of just another work day for most or a day to lounge around the house for the ones who do get the day off.

America's bounty seems to have given a lot of scientists and engineers something to be cheerful about. From the 1950s to the 1970s funds spent on research and development rose from about \$6 billion to about \$30 billion, according to reliable statistics from the U.S. National Science Foundation.

CANCER ANSWER LINE

American Cancer Society
 M. D. Anderson Hospital
 and Tumor Institute

A simple preventive fluoride procedure now makes it possible for cancer patients receiving radiation treatments to the head and neck area to avoid many serious dental problems that until several years ago were inevitable.

According to Dr. Thomas E. Daly, an associate clinical dental surgeon at M. D. Anderson Hospital, "While radiation treatments can be very effective in destroying head and neck cancers, they often create numerous dental complications resulting from damage to the saliva glands in or near the field of treatment."

"In the normal mouth," explains Dr. Daly, "saliva serves the important function of removing food particles that lead to plaque and eventual cavities."

For the patient who receives radiation treatment near the salivary glands, damage to the glands is often permanent and results in an extremely dry mouth. Without proper care, rampant tooth decay and acute sensitivity of the teeth are ever-present complications.

To offset these harmful side effects, Dr. Daly and fellow researchers began in 1966 to explore the use of flexible mouthguards which could be coated daily with a near neutral, 1% sodium fluoride on all surfaces of the teeth.

The results were impressive. The risk of developing cavities was virtually eliminated for patients who once would have lost most of their teeth to rapid decay. Of those patients who were not part of the fluoride treatment program, only about a third remained free of cavities, says Dr. Daly.

Today the preventive program is used by all patients at M. D. Anderson who undergo radiation treatments that will involve dental structures or salivary glands. In cancer centers throughout the country the procedure is gaining recognition and enables thousands of cancer patients to protect their teeth and maintain good oral hygiene.

The protective regimen actually begins at the start of radiation therapy, explains Dr. Daly. Working together, the radiation therapist, dentist and patient's physician evaluate radiation dosage, length of therapy and where the radiation will be directed in planning the dental program for each patient.

In many cases, dental work is done before radiation treatment to avoid expected complications before they arise.

Each patient in the program, he says, receives a plastic mouthguard made from impressions of the teeth. The mouthguard is much the same as any Texas high school football player would wear and fits comfortably around the teeth.

Spreading a few drops of fluoride gel into the guard with a cotton-tipped applicator to completely coat the inside, the patient wears the mouthpiece only a few minutes a day after brushing and flossing.

Because dental decay begins quickly if the procedure is discontinued it is important that the patient not grow lax in following the regimen, says Dr. Daly.

Close follow-up is mandatory to assure no areas are being missed and that the patient is following the procedure properly.

For radiation-treated cancer patients who have not received preventive dental care and suffer from progressive tooth decay, studies have shown that the mouthguard can be worn for longer periods to effectively stop decay already in progress says Dr. Daly.

Do you have further questions? Call your local unit of the American Cancer Society or call M. D. Anderson Hospital & Tumor Institute's Cancer Information Service, 1-800-392-2040 toll-free in Texas, 792-3245 in the Houston area.

Texas farmers and ranchers have had too few friends in Washington in recent years. Now, it's time to support a friend who's fought for us, Senator Lloyd Bentsen.

Beef Price Ceiling. Bentsen opposed Nixon's beef price ceiling, successfully fought for exemption for Texas cattle buyers and voted against controls.

Grains and Oilseeds. Bentsen vocally opposed the Administration's export embargos and introduced legislation to create a process to avoid the controls in the future.

Beef and Dairy Imports. Bentsen has repeatedly called for restrictions on the increasing imports of beef and dairy products and has introduced legislation to reduce imports.

Cotton. Bentsen has supported higher loan and target prices, strongly opposed cotton export controls and stood up against the payment limitations.

Agricultural Research. Bentsen launched a two-year effort to reverse the decline in Ag research funding and is credited with an \$11 million increase.

Federal Land Use Planning. Bentsen is fighting against the bill his Republican opponent has authored — the Steelman-Udall Land Use Planning Act.

Federal Permits. Bentsen fought to protect farmers and ranchers from bureaucratic red tape in making ponds and landfills.

Personal Experience. Bentsen understands the problems of the farmer and rancher; he has personally engaged in row crop, cattle and citrus production.

Let's keep our Democrat in the U.S. Senate. Vote for the winning combination... Texas and Lloyd Bentsen.

Two shade trees suffer from fungus diseases

COLLEGE STATION — Two Texas shade trees, the mimosa and the mulberry, are suffering from fungus disease. Dr. Wendell Horne, a plant pathologist for the Texas Agricultural Extension Service, says the mimosa tree is being removed from the Texas landscape by Fusarium wilt. The fungal organism that causes the disease had its origin on the eastern seaboard and has spread westward in recent years. The wilt, which also occurs in

cotton, peas and watermelons, results from spores that become airborne after lying dormant in the soil. It affects plant vitality and the leaves. The tree later shows symptoms of color loss and droopiness and cracks along the bark soon appear, emitting a foul smelling sap.

Two resistant varieties of mimosa trees, Charlotte and Tyrone, are currently being used but not to a great extent in Texas, notes Horne. Furthermore, chemical controls for the disease are not profitable at this time. About all homeowners can do is to give the trees good cultural care and to avoid mechanical injury.

The mulberry tree is afflicted with a fungal leafspot disease during the autumn months. This shade tree loses its leaves as a result of a windborne fungus that produces the disease, explains Horne.

Fungal leafspot can be contained by applying two fungicide applications during the year. Since the disease is predominant in the fall, the first application of Benomyl or a liquid broad spectrum fungicide should be applied in early fall and the final application made three weeks later.

The disease does not kill mulberry trees but defoliates them prematurely, bringing on a wintery appearance, notes Horne.

New Arrivals

Mr. and Mrs. Orlan Criswell announce the birth of a daughter, Mandi Ranae, born in Garza Memorial Hospital and weighing 7 lbs., 3 1/4 ozs., and 19 1/2 inches long.

Mr. and Mrs. Robert Williams announce the birth of a girl, Robin Gayle, born in Garza Memorial Hospital, weighing 7 lbs., 10 ozs., and 20 1/2 inches long.

MONDAY GUESTS

Visiting in the home of Mr. and Mrs. W. B. Sanders Monday evening were Mr. and Mrs. Dennis McKinzie of Cameron, Okla., Mr. and Mrs. Johnny Cheyne of Jayton, and Hiram Sanders of Carlsbad, N. M.

Twin Cedars Nursing Home News

By INA COX

Sorry I haven't had a chance to visit with you for a couple of weeks.

Our Oct. 10 Sunday services were enjoyed by everyone and brought to us by Bro. Harrison of the Assembly of God Church. Bro. and Mrs. Harrison sang for us. This past Sunday, Bro. Ryan of the First United Methodist Church held the services.

Our appreciation to Mrs. Pierce at the Public Library and to Tom Pass of the First Presbyterian Church for showing a lovely film recently.

Mrs. Bratcher has been in the hospital and we are happy to have her back and doing fine. Mrs. Barnett is in the hospital in Lubbock and Mrs. Crump is here in the hospital. We hope to have them back soon.

We enjoyed the banana nut loaf cake that Mrs. Gist brought us. Martha Compton brought some fresh vegetables.

Mrs. Williams is visiting her daughter, Mrs. McAfee for a few days. We welcome Mrs. Ethel Brown to our home.

Edna Franklin's younger brother and wife, Mr. and Mrs. Fred Cornelius visited her over the weekend.

Other visitors include Jim Hundley, Paula and Billy Carmen, Gus and Mary Sherrill, Inez Huntley, Edith Clary, Cluty and Lucile Walker, Mrs. Douglas Buchanan, Myri Mathis, Lillie Kitchen, Latha Porterfield, Mrs. T. A. Stone, Louis Keybidall, Ruby Stanley, Mary Tillman, Nina B. Chapman, Bill Clayton, Inez McGrew, Glenice McGraw, and Thelma Epley.

Little Known Facts About America's Greatness

American lovers of the outdoors have something to be cheerful about. There are over 28 million acres of land which have been set aside for national parks.

We Appreciate Your Business, Mr. Oilman!

Whether it's hauling fresh water to your drilling rig, acidizing your well, or hauling salt water away to a disposal well!

We are radio equipped to serve you most effectively and we're on call to help you 24 hours of each and every day. Of course we are fully insured.

Thanks for your patronage and helping us to grow.

Two new practices in '77 conservation program

The Garza County ASCS has developed the 1977 Agricultural Conservation Program and will begin taking applications Nov. 8-19.

The practices offered will be same as last year's practices. They are as follows:

Establishing permanent vegetative cover; improving permanent vegetative cover, constructing water impoundment reservoirs, constructing diversion terraces, constructing terraces, reorganizing irrigation systems, constructing wells for livestock water, installing pipelines for livestock water, subsiding and chiseling.

The cost shares offered on the above practices are set at 50 percent of the flat rate established by the county committee.

Also offered will be two special practices for the purpose of providing permanent protection to farm or ranch land by preventing or controlling wind erosion. Sign-up for these practices will be Nov. 8-19, with completion to be by June 30, 1977.

The practices offered are WE-2, Establishing permanent vegetative cover. Cost shares are set at 90 percent of the flat rate established by the county committee; WE-3, Livestock water facilities, cost share on this practice is set at 50 percent of the flat rate set by the county committee.

If everyone worked as hard as he described it, there would be no undone work.

Turkey day is set for Nov. 4

FREDERICKSBURG — Texas turkey producers will hear topics ranging from management and disease control to promotion and marketing during the annual Texas Turkey Industry Day at Fredericksburg Nov. 4.

The featured speaker will be Walter Russell, Extension turkey specialist at the University of Missouri, who will discuss management practices for cutting production costs. He will join specialists with the Texas Agricultural Extension Service and researchers with the Texas Agricultural Experiment Station in providing information on many aspects of turkey production. Officials of the Texas Poultry Federation, National Turkey Federation and Texas Department of Agriculture will also be on the program.

Ample supply of ducks, geese on way

LUBBOCK — Reports from the northern nesting areas of the United States and Canada indicate ample numbers of ducks and geese for Texas waterfowl hunters with flocks of birds already on many of the Panhandle-South Plains lakes.

The High Plains mallard season gets underway Nov. 2 and continues through Jan. 23, 1977. This zone encompasses all of the South Plains and Panhandle counties plus all of West Texas from Del Rio through Abilene to Vernon and the Texas-Oklahoma line.

The daily duck limit is reached when the point value of any bird taken reaches or exceeds 100 points. Possession limit is the maximum number of ducks which could have been taken legally in two days.

The daily bag limit could vary from one to ten (10) ducks in the aggregate based on the following 100-point system; 100-point ducks — canvasbacks; 70-point ducks — hooded mergansers, mallard hens, redheads and wood ducks; 10-point ducks — gadwalls, pintails, scaups, shovelers, and all species of teal (blue-winged, cinnamon, green-winged); 20-point ducks — all other species of ducks not listed herein which include mallard drakes, American widgeon and ring-necked ducks.

The goose season west of U. S. highway 81 is set for Nov. 2 — Jan. 23, 1977. The daily bag limit is five, not to include more than one Ross' goose nor more than two Canada or white-fronted geese in the aggregate. Possession limit of geese is also five, not to include more than one Ross' goose nor more than four Canada or white-fronted geese in the aggregate.

One fully feathered wing must remain attached to dressed migratory game while being transported between the place taken and personal abode of the hunter. Texas hunting license requirements apply to all waterfowl hunters plus they require a federal waterfowl stamp which is purchased at all U. S. offices.

Shooting hours for the duck and goose season are one-half hour before sunrise to sunset daily.

A retrieving dog is required when a hunter wounds or kills a bird in the marsh or on a body of water. An assist from a helper could mean the difference between a full bag and no ducks.

Waterfowl hunters can forward to a good season plenty of ducks and geese northwest Texas

Every Saturday Night

Sponsored by
Men's Society of Holy Cross Catholic Church

LUBBOCK — Borrowed money may have to be used this year for the first time since 1967 to complete the 1976 High Plains Boll Weevil Control Program.

This possibility was revealed October 13 at the quarterly board meeting of Plains Cotton Growers Inc., the organization responsible for the program. The PCG Board responded by giving its officers authority to borrow, if necessary, up to \$250,000, the loan to be repaid from 1976 crop collections.

Ed Dean, PCG Field Service Director, told the Board that weevil population pressures this year have been and continue to be greater than at any time since the first few years of the program. "If weather favorable to weevil reproduction continues," he said, "we will be faced with either borrowing money for continued insecticide applications or seeing weevil numbers reach intolerable highs."

Dean went on to point out that cutting this year's program short would lead to heavy migration of the pest into previously uninfested areas, permit high numbers to go into hibernation, and make control in 1977 extremely difficult.

The program is jointly funded by High Plains cotton producers, the U. S. and Texas Departments of Agriculture. USDA matches, dollar for dollar, producer and TDA contributions. "Fortunately," Dean said, "USDA also realizes the importance of a complete and effective program this year and has agreed to provide its part of the necessary funds."

The producer contribution in 1975, paid as a part of compress receiving charges, was 25 cents per bale. This rate, set before the size of the 1975 crop could be known, failed to produce sufficient funds to carry out the unexpected bigger and more expensive program this year, Dean explained.

An aggregate of almost 900,000 acres already has been sprayed with insecticide this year and the final tally may go as high as 1,250,000. Weevil

control in 1975 required spraying less than 750,000 acres for the entire season.

The producer contribution for 1976 is set at 50 cents per bale, and program officials expect collections will cover this year's deficit and the cost of the 1977 program as well.

"With adequate funds," Dean assured the PCG Board, "the weevil can be kept under control again this year and hopefully the program can be returned to more normal proportions in 1977."

The PCG Board also discussed projected 1977 government cotton program provisions, farm labor developments, the upcoming referendum on increased funding of Cotton Incorporated, and laid advance plans for work toward the development of a government program to serve the High Plains industry after 1977.

This is Texas railroad crossing safety week

AUSTIN — To renew public awareness of the dangers of railroad grade crossings and emphasize the importance of obeying warning signs, Governor Briscoe has proclaimed October 18-24 Texas Railroad Grade Crossing Safety Week.

All of the 13,800 railroad crossings in the state are guarded by automatic gates, flashing light or other warning signals, notes Fred Paul, vice president of the Railroad Section of the Texas Safety Association. But it is up to the individual motorist to look out for — and obey — warning signs.

Familiarity seems to be a major cause of car-train accidents. Crossing the same track daily — perhaps without ever seeing a train — tends to make people forget the possibility that one could be approaching. "Expect a train on any track at any time," advises Paul. "Drivers should always approach crossings with care, look in both directions and be

prepared to stop."

Air conditioning, car radios and stereos can lead to your unding at crossings too. If the noise inside your car blocks out sounding train whistles and warning bells outside, turn down the volume and or roll down the windows when approaching tracks.

Finally, motorists should keep in mind how powerful their competition for right of way at a road-track intersection is. While a car weighs one to one and one-half tons, a train weighs as much as two hundred tons. And braking distance at fifty or sixty miles-per-hour for a train can be a mile or more.

If you lose the race, you probably lose your life. "It is hoped," said Briscoe in his proclamation, "that Texans will join the Texas Safety Association to its efforts to renew public awareness of the message of railroad crossing signs, signals and markings as vital signs of life."

Sanderson's pen is first

Sanderson who presented with the Verbona Com... place trophy for his pen of sticker-feeder heifers which were placed for sale in the first of this nature in the back Stock Yard.

Each cattleman placed in a heifers or steers that were judged on a whole as the quality of the whole pen.

Ralph Durham of Texas judged each pen of stock.

Our Salute . . . To Garza County's Oil Men

Oil is a mighty important industry for us all. It's spread over so much area it's hard to realize how much it does include. We congratulate you oil men on the vital economic contribution you are making every day to our community.

Pinkie's

**If it tastes like oil...
it's good news for YOU!**

When a drilling foreman tastes oil on a core sample from the depths of a well, it usually means that he's about to bring in a successful oil well. That's great news for a production company like ours because drilling for oil is mighty risky—there are many costly dry holes for every producing well.

But it's good news, too, for you and your family because every new oil well means more gasoline for

GRAHAM AREA NEWS— Cotton fields looking white in Graham area

By VIVA DAVIS

Winter weather has come early to this part of the country. There has been frost twice or more. The cotton fields are looking white.

Carl Fluitt is still doing well after his heart surgery. Mr. and Mrs. Quannah Maxey visited them Saturday evening. The Fluitts had lunch Sunday with the Delwin Fluitt family.

Mr. and Mrs. Mack Ledbetter visited in Lubbock Sunday afternoon with Mr. and Mrs. K. T. Lofton.

Mr. and Mrs. Harvey Fairchild and two children of Lubbock visited Sunday afternoon with Mr. and Mrs. Elmer Cowdrey. Mr. and Mrs. Jake Sparlin and Mrs. Brenda King. They are long time friends of the Sparlins.

Mr. and Mrs. Melvin Williams visited Mr. and Mrs. R. L. Simpson and family Friday evening. They took Joe Barr back to the Children's Home Sunday afternoon after he spent the weekend at home. They visited Sunday evening with Mr. and Mrs. Jessie Edwards and family in Hurlwood.

Mr. and Mrs. Fred Gossett visited in Post Saturday afternoon with Miss Bonnie McMahon and with Mr. and Mrs. Virgil Stone.

Mr. and Mrs. James Stone spent last Friday night in Abilene with Mr. and Mrs. Ed Brady and son. They returned home Saturday. Mrs. Lois Huddleston came home with them and they met her daughter, Mrs. Florene Stener of Nampa, Idaho at the

Lubbock airport. They visited Sunday afternoon in Slaton with Mrs. Jim Eblen and family and in Tahoka with Mr. and Mrs. Orville Stanley. The visitors spent Sunday night and Monday with the Stanleys.

Amy and Sue Cowdrey attended the homecoming at ACU in Abilene and spent Saturday night there. Donna Wright of Girard spent Saturday night with Lisa Cowdrey.

Mr. and Mrs. L. H. Peel visited Sunday afternoon in Littlefield with her brother and sister-in-law, Mr. and Mrs. Gus Clark. They visited another brother, Bill Clark in the hospital on their way home.

Mrs. Viva Davis visited in Brownfield Saturday afternoon and Sunday with the Alvin Davis family. We saw the fair exhibits. The fair was real nice and has been a number of years since the last fair was held.

Mr. and Mrs. Dave Oakley and family have been visitors of Mr. and Mrs. Bryan Maxey and attended church services Sunday evening at Graham. Mr. and Mrs. Don Maxey have moved back from Wyoming. He is working in Slaton.

Mr. and Mrs. Homer Jones of Wellman and Mr. and Mrs. Homer Jones Jr. and son were Sunday luncheon guests of Mr. and Mrs. Bobby Cowdrey.

Mr. and Mrs. Lewis Mason and family had Sunday lunch with his mother, Mrs. Willie Mason.

Mrs. Johnnie Rogers visited in Post one day last week with Mrs. L. W. Kitchen.

Chamber group tours Girlstown

Joy Greer, Chamber of Commerce secretary, and other Chamber of Commerce managers and secretaries, throughout the South Plains, last Wednesday held a special area association meeting at Girlstown, U. S. A. campus at Whiteface.

The South Plains Association of Chamber Executives, referred to as SPACE by its members visited Whiteface facilities as the special guests of Marshall Cooper, the executive director of Girlstown.

Cooper gave the chamber visitors an informative presentation of the Girlstown program and explained the needs of the organization.

Following the tour, the SPACE organization elected new officers and held a planning meeting for future association activities.

Mrs. Greer reports that kitchen and bathroom linens are badly needed at Girlstown, and if you care to donate you may send them direct and bring them to the Chamber office.

These Oil Facts Tell Garza Story!

Garza County had its "best year ever" in oil production in 1975 with 6,800,000 barrels of oil produced at a total value of \$53,200,000.

This compares with 5,700,000 barrels produced at a total value of \$40,000,000 in 1974, and an economic stimulation by oil of \$20,800,000 for the county in 1973. This is a gain of 1,100,000 barrels of oil over 1974 with a value increase of \$13,200,000.

The 1975 production brought total oil production for Garza fields to 141,955,945 barrels since the first discovery well a half century ago in 1926.

Oil and gas developers and producers spent an estimated \$9,300,000 last year drilling 91 wells. Some \$2,400,000 of that was lost in drilling 23 dry holes, but the year's drilling netted 68 new oil producers.

Garza's exploratory effort included the drilling of 17 wildcat wells seeking new oil and gas fields, the biggest total in many years.

According to the Texas Employment Commission, 189 oil and gas industry employees worked in the county in 1975 and shared a payroll totaling \$1,700,000.

Garza ranks 58th among 200 oil and gas producing counties in the state in the total value of petroleum produced last year. It was 62nd in 1974.

Garza's royalty owners received as their share a total of \$6,700,000.

Besides paying a high percentage of school and county taxes, the oil and gas industry paid state taxes of \$2,400,000 on oil output in the county and \$57,430 on gas production.

SOIL SAMPLE TIME
Any time after crops mature in the fall is an ideal time to take soil samples.

Once plants reach maturity, he says, they virtually stop taking up nutrients. Therefore, the soil's nutrient state will remain about the same until planting time next spring.

There are many advantages to soil testing at this time.

For one thing, you can now readily identify problem areas in a field. If you think fertility caused reduced yield or unusual symptoms in some areas, sample these areas separately so that a comparative evaluation can be made.

Other reasons for soil testing this time of year include pleasant weather and more favorable soil conditions.

Although overall shortages of fertilizer are not anticipated, there can be a big advantage in having time to make plans with your dealer for the material needed.

The possibility of fall application of all or part of next year's fertilizer soon after harvest is another important consideration, he adds.

Information on how to collect representative samples can be obtained from the county agent's office.

This material should be carefully read for suggestions and precautions because only a properly collected soil sample can adequately reflect the existing plant nutrient levels.

It is important to provide the soil chemist with information about your land use plans for next year so that fertilizer-use suggestions can be made on your soil test report. A choice can be indicated on the

information sheet accompanying soil samples whether regular tests or regular tests plus the micronutrients iron, zinc and manganese are desired.

Producers are urged to get this job done before the rush next spring. It's a step in the right direction for more profitable fertilizer use in 1977.

SALES TAX EXEMPTIONS
Texas farmers and ranchers no longer have to pay sales taxes on certain purchases to be used in the production of food and fiber.

The Texas sales tax law will exempt agricultural producers from sales taxes on such items as baling wire, fencing supplies, and machinery and equipment, points out Don Parks, area economist with the Texas Agricultural Extension Service.

"However, a farmer or rancher does not automatically qualify for exemption from the sales tax," notes Parks. "Producers must file an exemption certificate with each firm or business with which they deal. These certificates are available from the Comptroller of Public Accounts in Austin or from local branch offices of the Comptroller."

"To qualify for an exemption, the item purchased must be used exclusively on a farm or ranch. A farm or ranch is defined as land used entirely or partially in the production of crops, livestock or other agricultural products. Home gardens are not considered a farm," explains the economist.

Certain items are exempt without the use of an exemption certificate. These include feed for farm and ranch animals, fertilizer, seeds and annual plants, and animals.

Items requiring the use of an exemption certificate include fungicides, insecticides, herbicides, defoliants, desiccants, all medications for farm and ranch animals, and machinery and equipment used in food, grass and feed production, including such expendable supplies as hand tools, baling wire, fence wire and posts, gates and storage facilities for bulk commodities.

Natural gas or electricity used on a farm or ranch is also exempt with the appropriate certificate if used for pumps for livestock or irrigation water, dairy barn operations, welding machines, electric fences, and lights for barns, pens and poultry houses.

To request exemption certificates, producers may write or call the Sales Tax Division, Comptroller of Public Accounts, 111 East 7th St., Austin, Texas 78774, (800-292-9687;) after Aug. 1, 800-252-5555.

Stiff fines for two hunters

PERRYTON — A lot of footwork, cooperation between law enforcement agencies, and a DWI traffic violation has ended in a stiff fine for two Panhandle residents.

A routine stop for a possible DWI Oct. 1 by a Lipscomb county deputy sheriff also started an investigation into a possible game violation as the deputy noticed an excess amount of blood on the vehicle in question.

Further investigations by the deputy and state game warden James Wikson, Perryton, lead to the arrest of the vehicle driver and his friend for hunting without permission and possession of antelope without a permit.

A local judge accepted a plea of guilty and assessed a fine of \$305 for each individual. The antelope meat was confiscated by the Texas Parks and Wildlife Department.

Garza has 29 students at WTC

SNYDER — Twenty-nine Garza County students are enrolled in Western Texas College this fall, Dr. Duane Hood, Dean of Student Services and Registrar, said.

Fifty-eight Texas counties are represented in the school's current enrollment. There also are 18 students from states outside Texas and four students from Iran.

Freshmen outnumber sophomores by 77 to 266, and a large number of students (417) are attending college for the first time. Male students outnumber female students by eight. Only one time in its six-year history has WTC had more female than male students. That was in 1975 when female students outnumbered male students by 37.

There are 160 veterans attending WTC this fall, a decline of 15 from the previous fall when veteran enrollment reached its highest level.

Scurry County has 492 students enrolled and Nolan County 180.

ATTEND MARKET

Mr. and Mrs. James Pollard and Mr. and Mrs. Jay Pollard returned Sunday from Chicago where they attended the spring hardware market for some 5,000 Tru-Value hardware dealers throughout the United States. They flew to Chicago last Wednesday.

LETTERS To the Editor

A SOLDIER WRITES

Dear Editor
Now every morning I can look at myself in the mirror and say that I am a soldier. When I told people that I was going in the Army, they said, "You won't make it." "If I can't, you can't."

The first two weeks were hard in Boot Camp. Now that I'm in advanced individual training (A.I.T.) I have learned a lot of things.

For three days we were taught about explosives, the next day we used the real stuff. I could go on, but I just want to say hi to all of my friends in Post and say drop a line if you got time.

Sincerely,
Pvt. Michael Jo Snow

MORE ON DOG POUND

Dear Editor
After receiving my last week's copy of The Dispatch in the mail my attention was drawn to Kay Haworth's letter. Her concern was the inhumane treatment of animals in the city pound. Her concern is now and has in the past been shared by

many residents of Post but I am sorry to say that these few who were willing to speak up about the mis-management of all duties at the pound did not have voices loud enough to make a dent in the political "machine" which makes the decisions. We were thankful to have adopted a new animal ordinance but it is not enforced on a daily routine, basis so it is not as effective as it could be.

The problem then and now is that the pound duties are left up to anyone, everyone or no one depending on what else is to be done by the city employees. This way no one is responsible for what is not done . . . and

If you really want to get your dander up, go down and visit the pound some day when the old pickup is rigged up with a garden hose and half a dozen dogs are being gassed in a metal box. You'll have plenty of time because it usually takes at least 45 minutes for the animals to die this way. Five minutes is maximum for humane euthanasia. Another excellent, professionally designed, inexpensive method of euthanasia was presented to the city long ago but it was shelved after the furor died down.

The point of all this is that every town has it's priorities and it's pet projects. Those causes that are on the top of the list are those that are supported by the hardest working, most demanding citizens and those who are consistent in their efforts. The City Pound and it's method of operation is deplorable and quite out of character in a town with the pride and energy that Post exhibits in connection with it's other goals.

The pound is locked behind city yard gates and is never seen by most . . . maybe it should be. Couldn't this cause be someone's next "Beautification Project?"

Respectfully yours,
Torjie Sweeten
Brownwood, Texas

LOST PURSE

Dear Editor
Will the person or persons picking up red vinyl draw string purse about one mile north of Herleigh on hiway 84 Sunday, October 10, 1976 between 4:30 and 5:00 P. M. PLEASE return it to owner? I need my keys, credit cards, pictures and money; but will give reward if everything is returned. Had you have lost your purse or billfold you would very muchly want it back just as I do.
One of the pictures in my

billfold is the last picture taken of my brother, he died one week later with cancer.

I have adopted children and the money was to be used getting the youngest one (8 years old) teeth fixed.

I know there are some honest christian people left in this world and if one of them found it I know I will get everything back, but if you are dishonest and keep it, you are lower down than a snakes belly, and I certainly feel sorry for you, because you need help VERY, VERY badly. I will pray for you to learn about OUR Savior, Jesus Christ, He died for your sins just as He did for mine and everyone elses. Jesus loves you even tho you do not return my things; I will pray you learn about HIM before it is too late and when your life is over here on earth you can be with him instead of burning in HELL with Satan.

PLEASE, PLEASE return my purse and all the contents, Thank you.

Sincerely
Mrs. T. W. Burleson

Hermleigh, Texas 79526
Phone 915-863-2291

Screwworm up in September

A total of 6,870 cases of screwworms from 141 Texas counties were identified during September here, according to Dr. James E. Novy who is in charge of the screwworm eradication program.

September samples brought Texas' total for the year to 19,975 cases. This compares to 9,381 by the same date last year, and 71,651 the first nine months of 1972.

On the basis of samples submitted by ranchers during September, heaviest Texas screwworm populations are in the hill country and west into Pecos and Brewster counties.

Case reporting has declined drastically in most of south Texas.

Garza has 12 screwworm cases reported in September to bring this county's total for the first nine months of the year to 19.

Cases reported in surrounding counties in September with the total for the year in parenthesis, are:

Borden 14 (28); Scurry 1 (8); Lynn 3 (7); Lubbock 4 (12); Crosby 8 (11); Dickens 13 (13).

SALUTING Garza's Oil Industry

GIVEN UNDER my hand and seal of office this 11th day of October, 1976.

Notary Public
 Notary Public, Garza County, Texas.

My commission expires
 June 1, 1977.

That's the question an independent oil operator asks himself every time he drills into the earth. Yes, drilling for oil is risky business.

Exploring and producing is the part we play in America's progressive oil industry. Like thousands of other independent companies—large and small—we compete to supply you with the oil products you need.

America's future growth—in both population and prosperity—will be so great that today all producing and exploration companies are hard at work searching for new supplies of oil. You and your family will need more oil than ever in the future and we're determined that you'll get all you need . . . when you need it.

R. S. ANDERSON, INC.

MIDLAND—INDEPENDENT PRODUCER
