**RECEIVES AWARD** — J. D. McCampbell, left, is shown receiving his Oklahoma City District One Million Mile Safe Driver Award, from Elmer J. Reed Jr., of Lubbock. The award is based on a total of 1,000,000 miles, or an equivalent of 25,000 hours driving without a preventable accident. J. D. qualified for this award with 27,500 hours of accident free driving. J. D. had his hat on because he was already late for his route and was not too happy about being delayed. — (Staff Photo)

## Rural carrier joins 'million mile club'

By BETH SHORT

Thirty-four years, 27,500 hours and 1,000,000 miles all add up to lots of dedicated service for J. D. McCampbell who was honored by the Postal Service for his untiring efforts, Friday, Nov. 12.

J. D. is now a member of a very unique club, having completed his 1,000,000 miles of safe driving and was presented a service award by Elmer J. Reed, Sectional Center Manager and Postmaster of the Lubbock Post Office.

J. D. was nominated and selected to receive the Oklahoma City District One Million Mile Safe Driver Award by completing a 1,000,000 miles or an equivalent of 25,000 hours of driving without a preventable accident. J. D. qualified for this award with 27,500 hours of driving.

This is the third consecutive year of the program, with 17 drivers becoming new members in the club this year, bringing the total membership to 71 who have received the award. The exclusiveness of the club is substantiated by this fact.

J. D. has been in post office work for 34 years, and has been rural route carrier for Route 2 for 22 years and four months. He also stated he had not taken even one sick day off, just vacation days.

In talking to J. D. he claims

to have the best rural patrons there can be, and stated that he had been pulled out of ditches and many other things too numerous to name. He also said he never wanted for good fresh vegetables during the

summer months, thanks to his patrons.

J. D. not only carries the mail, which he does religiously, but he also offers his services to those who are not

(See Award given, Page 10)

## Garza's swine flu shots will be given Nov. 30

Free swine flu vaccine shots will be given Garza Countians in the Post Community Center here Tuesday, Nov. 30.

Giving of the shots will begin

### Alarm systems program Nov. 22

A "Security crime prevention" program will be given in the Post Community Center Monday, Nov. 22, beginning at 7 p. m. with everyone invited.

Supported by local officials, including Sheriff Jim Pippin, the three-hour program will include films and explanations of how both home and business alarm systems operate.

This is not a sales presentation. Securities Protection Systems of Lubbock, which will present the program and demonstrate various alarm systems, tell The Dispatch.

at noon and continue until 9 p. m. for all county adults, 18 years of age and older, who want them.

There will be an ample supply of the vaccine.

Instructions sent here are that those who have colds, who cannot eat eggs, or who have had other flu shots within the month should not take the swine flu shot.

Check with your physician if you have any doubt about taking a shot is the advice given, according to Mrs. Maxine Marks who heads up the effort here to obtain volunteers for the vaccinations program.

Mrs. Marks said there will be enough volunteer workers at the center that the required procedures should go rapidly and no one will need to wait for over a few minutes.

All volunteers who have agreed to work are being called, Mrs. Marks said, "but should you fail to get the call, then come to the center anytime that is convenient and plan to stay as long as you can. More Spanish speaking volunteers are needed, she added.

### Brown to drill within city

The George R. Brown oil interests are planning to drill two new wells inside the Post townsite.

Everett Windham, manager for George R. Brown here, said the first well will be a San Andres A zone test to 3,150 feet in the northeast portion of Post close to the Santa Fe railroad right-of-way.

A public hearing on the application to the city for a drilling permit on this one is scheduled for 2 p. m. Thursday, Dec. 2, in the Post city hall.

A notice of hearing for the permit is published on page 4 of today's Dispatch.

Windham said the other well will come later in the south-western part of the city. There may be others after that, but the first two are definite.

He said drilling will begin immediately after the hearing if the permit is granted.

### Break-in try at Piggly Wiggly fails

Burglars apparently tried to break into the Piggly Wiggly super market sometime Tuesday night.

Store employees reported damage to the market's west door when they came to work Wednesday morning. Entrance was not gained, however.

Sheriff Jim Pippin said apparently those trying to break in were frightened off by the sheriff's department night patrol.

## Pippin aids manhunt for friend's slayers

get under a fence, the blast probably would have caught him in the chest and killed him, too," Pippin said.

After their capture the pair

told officers that Sheriff Wilson had identified himself as a peace officer, but they said they didn't believe him and thought

## Lopes ready for Stamford in bi-district at Snyder

### 7:30 Friday kickoff set

Coach Jackie Brown's Post Antelopes, representing District 5AA, will clash with the Stamford Bulldogs, District 6AA champions, in Snyder's Tiger Stadium at 7:30 p. m. Friday in the first, or bi-district round, of the state AA football playoffs.

According to veteran Post fans, it will be the first meeting ever between the football teams of the two schools.

It also will be the fourth time

### PEP RALLY

A pep rally is scheduled for 2:45 p. m. Friday in the high school gym to give the football team an enthusiastic sendoff for the bi-district game that night. Townspeople are invited to attend the rally and help form the victory line for the squad and coaches when it enters the gym at the start of the rally.

for Post high school gridders to reach the playoffs — the others being in 1928, 1948 and 1966 — and they have yet to be beaten in a bi-district game.

Coach Brown reports the Lopes are ready and in good shape physically.

"They've got a good football team, and we're going to play as hard as we can," Coach Brown said. "This is our biggest game of the season."

Running ace of Stamford is Don Earl, big 185 to 190 pound senior speedster who runs the 100 in something under 10 flat, some say away under. In Earl, the Lopes will be facing the best back for piling up yards they faced all season.

Earl runs as the tailback out of Stamford's I formation and strong set attack.

In Stamford's crucial 9 to 0 win over Coahoma two weeks ago, Earl carried the ball 38 times for a total of 175 yards, had one nifty 51-yard scamper called back, kicked a field goal, and twice punted out of bounds setting Coahoma back deep in their end of the field.

In the first half of that game, he carried on every play except on six in which Quarterback Bryan Tabor ran or threw the ball and on one other play when Rory Mays carried.

The week before the Coahoma win, Earl rushed for 157 yards, all but five of that coming in the first half, and included a 52-yard touchdown run in the first two minutes of play and a 46 yard off tackle run.

Against Colorado City last week, Earl tallied all of Stamford's points breaking loose on an 80-yard run and then kicking the extra point for what turned out to be the district championship margin over the Wolves, 7-6, in the snowstorm.

In Tabor, Stamford, has a good quarterback adept at both passing and running. While his completion percentage is not high — 3 of 11 against Wylie and 3 of 7 against Coahoma he

netted 85 and 49 yards through the air respectively in those two games.

Stamford uses what the Lopes haven't seen since Slaton used it in 1973 to beat them — the shotgun spread formation made famous by the Dallas Cowboys.

According to the Stamford

American, Tabor is a real scrambler off the spread when he can't find receivers. He got a touchdown against Wylie on a 26-yard scramble from the shotgun.

It was in the Wylie game that Tabor not only passed for 85 yards but picked up 73 yards

rushing and scored two touchdowns.

Stamford has an 8-2 season record, being undefeated in six district starts. They opened slowly losing two out of the first three and then rang up seven in a row.

(See Bi-district, Page 10)

## Tickets on sale here

Tickets for the bi-district playoff game between Post and Stamford high school teams Friday night went on sale Wednesday in Post at a reduced price over what admissions will cost at the Tiger Stadium gate in Snyder Friday night.

Adult tickets purchased here will cost \$2.50 each and student tickets \$1.

If fans wait until their arrival in Snyder to buy duets they will cost \$3 for adults and \$1.50

for students.

The tickets have been placed on sale here at Bob Collier Drug, Hundley's, the First National Bank and both the high school and junior high school principal's offices.

High School Principal Billy Hahn announced that the advance ticket sale will close at noon Friday here so fans should not wait too long before getting them.

According to the only coin flip

made at the Saturday meeting between officials of the two schools, Post will be the home team for the bi-district game and Post fans will thereby sit on the home side or west side of 8,000-seat Tiger stadium.

The stadium is located in the southwest part of Snyder near the high school. The stadium has a large paved parking lot on the south side of the stadium.

(See Tickets on, Page 10)

## Harris system rates Post 2-pt. favorite

Post is a two-point favorite in the well known Harris statewide high school football rating system to defeat Stamford in its bi-district game.

The Lopes have a 127 point power rating and the Bulldogs a 125 power rating.

The margin between the two teams' power ratings determines which team is favored and by how many points under the Harris system.

The winner of the Post-Stamford game will meet the winner of the Ozona-Alpine bi-district games for Districts 7 and 8. Harris rates Ozona with a 132 point power rating and Alpine with 120, giving Ozona a 12 point spread.

On this basis, under the power ratings change, Ozona if

it wins would be a five-point favorite over Post, if it wins its bi-district.

On the sports page, page 8, The Dispatch prints a bracket of the 32-team Class AA post-season football playoff.

Childress, which ranks No. 3 in the state in the Harris poll, has a 140 point power rating and is favored to sweep into the quarter-finals against the winner of the bracket in which Post is in.

Childress has a 140 point power rating, as compared to 126 for Spearman, thus being a 12-point favorite in its bi-district game; and Floydada has a 123 power rating to 119 for Dimmitt, thus being favored by four in its bi-district clash.

(See Harris poll, Page 10)

Maybe you'll find it hard to believe but the weather bureau told us Tuesday afternoon in a long distance call that a cold front would be rolling through Texas Friday — but the forecasters weren't sure whether it would be before, during, or after the Post-Stamford bi-district game at Snyder Friday night.

On Tuesday, the cold front was then somewhere out in the Pacific.

Although it may be cloudy and the temp down into the 30s at gametime, no precipitation was forecast at the time of the call, although the weather man added Tuesday afternoon, "Of course there is always a chance for snow in one of these fronts."

With temperatures climbing back into the 60s and 70s on Wednesday and Thursday, this seems a bit hard to believe, doesn't it?

But if that white fluffy stuff does come, the Lopes should be in good shape. They've played the last two games in the snow now, won both with shutouts and didn't lose the ball once by a fumble.

The weather man patiently explained to us that they update the five-day forecast every 24 hours. So by the time you read this it may have been changed considerably. But the word we have right now is not to put those woolies away.

On today's sports page, you're going to find a very sporting ad from the Slaton Booster Club. It's a message to the Lopes that Tiger fans, coaches and players are pulling for the Antelopes to go all the way as the District 5AA

(See Postings, Page 10)

### Barnett rites held at Jayton

Services for Mrs. Noel Barnett, 77, of Post, were held Monday, 2:30 p. m. in the Jayton United Methodist Church with the Rev. Gene Louder, pastor, officiating.

Burial followed in the Jayton Cemetery under the direction of Hudman Funeral Home of Post.

Mrs. Barnett died Saturday at the Twin Cedars Nursing Home here. She is survived by one sister, Mildred Dickens of Socorro, N. M.; and three nieces, Katherine Rankin of Post, Zella Huffines of O'Donnel and Helen Fay McQuien of Plainview.

### Unique Thanksgiving service here Sunday

The First Presbyterian Church is going to have a unique Thanksgiving service at their 11 a. m. worship hour.

Church members will all sit down to Thanksgiving dinner together at this hour and worship around the table, following the order of worship of an early Thanksgiving service.

**POWDER PUFFERS READY** — Here four starters of the Broadway Gang pose with Coach Wild Willie Patterson in the gym as they complete preparations for Saturday night's Powder Puff football clash at 8 at Antelope Stadium between the Gang and the Gold Rushers. Over the ball is Doyleene (Super) Shumard with backs, left to right, Shirley (Jaws) Josey, Terry (Pigskin) Patterson, and Cheryl (Blaster) Blair. Proceeds from the game will go to finance Antelope Booster Club projects. — (Staff Photo)

### Dispatch to be early next week

The Dispatch will publish its annual Thanksgiving edition Monday evening, Nov. 22, with the paper being distributed on city and rural routes Tuesday morning.

The Dispatch office will be open through Tuesday, but then will close for the remainder of the week to give Dispatch employees and publisher a five-day holiday vacation before the start of the Christmas rush.

The early holiday edition means that the advertising deadline has been moved up to 5 p. m. Friday. Want ads will be taken until 10 a. m. Monday.

The Dispatch office will be open Saturday morning and news items will be acceptable until noon.

### SPAG committee to meet here Friday

A SPAG advisory committee on aging will hold an 11 a. m. meeting in the Post Community Center Friday and then have a noon luncheon with turkey and all the trimmings. Mrs. Maxine Marks, center director, reports.

# Dispatch Editorials

Page 2 The Post (Tex.) Dispatch Thursday, Nov. 18, 1976

## How big the line

The free swine flu vaccination shots finally have been scheduled for Post — on Tuesday, Nov. 30 — with plenty of the vaccine available for all who want the shots.

It remains to be seen whether the nationwide vaccination program will actually reach a high percentage of the population or not, without a fatal swine flu epidemic first starting somewhere in the country and scaring folks into it.

The Dispatch hopes Garza adults will take advantage of the free shots and protect

themselves, just in case. According to all reports, they appear safe enough.

But human nature being human nature, we seriously doubt if the results here will be very satisfactory.

The entire Swine Flu vaccination program has had a publicity overkill from the very beginning months ago including all those many headlines about the government guaranteeing against suits in case something does go wrong.

Anyway — the "shooting" here is scheduled for a week from next Tuesday.

## Garza has uranium future

The November issue of Texas Energy Report, published by the Governor's Energy Advisory Council, provides The Dispatch with new information on uranium mining in Texas which we want to pass on to our readers.

As you will recall, Garza County was one of the first areas of Texas from which a load of uranium ore was ever mined and geiger counters, carried both by foot and by plane, have "worked" virtually every county acre looking for that precious energy source.

That's why The Dispatch tries to keep its readers up to the minute on progress of uranium mining around the state — in the hope that some day our veins of low grade uranium ore will be economically worth getting and economically profitable to this county. The first time it wasn't because the closest uranium plants were out in Grants, New Mexico, a mighty long truck haul from here.

Anyway, and back to the present, Texas today ranks third in the nation in uranium reserves with the largest known uranium deposits in Texas in the South Texas Coastal Plains Region.

It is in this coastal region that a fairly new technique called "in situ leaching," or solution mining is being developed to extract uranium from ore bodies. In fact, the world's first in situ leach uranium production plant is operating near George West, Texas. Starting production in April of last year with a 250,000 pounds per year capacity it is now undergoing expansion to 1,000,000 lbs. year.

As we read it, in situ mining is a lot like waterflooding the Garza oil field. Injection wells are drilled into the uranium bearing formation in a suitable design formation around one central production well.

To start production, a non-toxic solution of bicarbonates and oxidizers is injected at relatively low pressure into the upper sandstone layer (150 to 600 feet). Because the mineralized zone consists of approximately one third void space and is open to flow, the body of underground water moves horizontally and the injected leach solution dissolves the deposited uranium. This dissolved solution is then pumped out and carried by pipeline to a production plant where the uranium is extracted.

Environmentally, the air quality problems are minimal in uranium solution mining

operations because the process requires no hauling, grinding or crushing of ore.

In the South Texas Coastal Plains, there are currently six in situ leaching uranium facilities either in pilot or production stages, producing up to 250,000 pounds of uranium per year. At least three more in situ leaching projects, either pilot or production, are planned for operation by 1977.

Uranium mining also continues unabated in other forms despite passage of the Texas Surface Mining and Reclamation Act of 1975.

Continental Oil Company has filed a permit application for the surface mining of 32 sites — 13 of which are now or will be in operation by the end of 1976.

Also this month Chevron Oil Company announced plans for the construction of a \$40 million uranium mining and processing facility to be located in Karnes County. Construction will get under way next year and be completed in early 1979. Capacity of the processing plant is planned to be 2,000 tons of uranium ore per day.

The ore will be mined from reserves located 50 to 200 feet below the surface of some 2,000 acres already leased. The mining and milling operation will employ about 200 people.

This newspaper can foresee the day when uranium will replace oil as this nation's greatest energy source. Now that uranium price controls are off and power plants fueled by uranium are being built in many areas, the big oil and gas companies are moving into the uranium field, which strengthens the viewpoint. Pioneer Gas for example has rather extensive uranium holdings in the South Texas Coastal Plains area.

When the day comes when our oil has been depleted, we don't know whether we will be running coal burning cars. But we feel sure our heating, lighting, airconditioning all will come from atomic power.

And when that day comes, Garza County may provide the same kind of a uranium source as it has for oil. Today we are "independent country" with hundreds of little stripper wells (10 barrels or less) but a highly profitable oil business by any count.

We know we have some uranium deposits. They may not be worth getting out of the ground today, but they will be in one of our tomorrows coming up when every pound of uranium will become mighty important — and mighty expensive.

## Pair attends 2-day seminar

Mildred Shumard and LaDell Warren, employees of Garza Memorial Hospital, attended a two-day symposium on "infection control within the hospital" Nov. 4 and 5. It was sponsored by the High Plains Baptist Hospital of Amarillo and presented by the Education Department of AMSCO at the Hilton Inn, in Amarillo.

Eleven hours of instruction was included in the program.

Recommendations and new techniques presented at the seminar will be reviewed by Garza Memorial's Infection Control Committee. This group is actively functioning and meets once a month to establish and provide guidelines for the control of infections to patients, personnel and visitors within the hospital.

## HOSPITAL NOTES

Those admitted to Garza Memorial Hospital since Tuesday of last week were:

## Farm Topics

BY DONNER  
Garza Extension Agent

Some 75,000 Texas farmers and ranchers will receive a crop or livestock questionnaire during the period from mid-November to early January.

This roundup survey of crop production and livestock numbers is made annually by the Texas Crop and Livestock Reporting Service, The Texas Department of Agriculture and the Statistical Reporting Service, U. S. Department of Agriculture, work together to provide comprehensive information on Texas agriculture.

Producers from each of the 254 counties in Texas are selected proportional to size of operation. The small producer sampled represents many others of comparable size while the very largest producers will represent only themselves. It is equally important for all farmers and ranchers receiving a questionnaire to complete and return it promptly. The individual report is confidential — available to no

other government agency or anyone except the few persons required to process the data. The state and county estimates published are available for everyone at the same time. County statistics for 1975 and January 1, 1976, are available

Any theory is interesting accomplishment is interesting

# CAPTURE LOST HEAT WITH

## heat pump and save money...

The heat pump is a home heating system that actually captures heat that would otherwise be wasted. The electric heat pump actually squeezes warmth out of cold outside air and uses that warmth inside your home. The Lost Heat you pay for is a real villain, but you can turn him into a good guy with an electric heat pump. Call The Electric Company for complete information on the electric heat pump. It saves energy, saves money.

**AUTOMOTIVE MACHINIST**  
This is a fine opportunity for a  
good, reliable automotive  
machinist or mechanic. While  
we prefer an experienced  
machinist we will consider  
training a good mechanic on the  
job. This is a well established  
and profitable machine shop  
and the salary will be in  
keeping with your qualifications.  
We will also consider the  
sale of this machine shop to the  
operator and will finance the  
purchase on very reasonable  
terms. Please reply to P. O.  
Box 9, Brownfield, Texas 77816.

the chill of their bodies.

## Legal

**NOTICE OF HEARING FOR  
OIL AND GAS WELL PERMIT  
CITY OF POST, TEXAS**  
Notice is hereby given that  
George R. Brown, acting under  
and pursuant to Ordinance No.  
238, which ordinance amended  
Ordinance No. 89, passed on  
February 14, 1950, and relating  
to the drilling for, mining, or in  
any manner engaging in  
operations for the purpose of  
extracting oil, gas or other  
petroleum products from the  
City of Post, and correcting  
exhibit B in Ordinance No. 89,  
and allowing additional drilling  
within the territorial limits of  
the City of Post as same existed  
on February 14, 1950, made,  
passed and entered on the 29th  
day of March, 1966, filed with  
the city secretary of the City of  
Post an application for a permit  
to drill a well for oil and or gas  
upon Lot Number 8, in Block  
Number 38, of the Town of Post,  
Garza County, Texas, according  
to the map or plat of said town  
of record in Volume 13, Page 1,  
of the deed records of Garza  
County, Texas, reference to  
which is here made; such well  
to be in Drilling Block Number  
B-35-CP, as shown in said  
Ordinance No. 238.

A hearing upon said applica-  
tion will be held at the City Hall  
in the City of Post, Texas, on  
the 2 day of December, 1976, at  
2:00 o'clock P. M., at which  
time and place all persons  
interested may appear and  
contest said application.  
GEORGE R. BROWN  
2tc 11-18

**NOTICE**  
A hearing will be held  
December 6, 1976, 7:30 P. M.,  
at City Hall for the purpose of  
amending the budget as  
follows: Water & Sewer bud-  
get, sewer maintenance project  
11,680.14, sewer cleaning  
machine-11,871.00, flowmeter-  
3896.00. General budget to sub-  
stitute the purchase of a flat  
bed truck for a patrol car.  
CITY OF POST  
Wanda Wilkerson, City Sec.

## Card of Thanks

I would like to thank all our  
relatives and friends for the  
food, flowers, visits, calls and  
prayers while I was in the  
hospital and since I have  
returned home and for the ones  
that was with Bernie while I  
had surgery. God bless all of  
you.  
Ruth Martin

Dear Friends,  
To say thanks is not enough  
to express the way I feel for all  
of your expressions of kindness  
to me while in the hospital and  
since my return home. The  
cards, flowers, phone calls,  
visits and your prayers will  
always mean so much to me.  
The food brought was really  
appreciated. Thanks again. I  
love you all.  
Jane Mason

The family of Marvin Dunlap  
would like to take this  
opportunity to express our  
sincere gratitude to all of you  
good people in the many  
different ways you expressed  
your love and concern during  
the illness and death of our  
loved one.  
To Dr. Wilson and the Garza  
Memorial staff who did every-  
thing possible for Marvin. And  
to those who repeatedly ex-  
pressed your love and concern  
with your cards, prayers, visits  
and phone calls to our home  
after his death.  
The food and flowers brought  
to our house and at Trinity  
Baptist Church was wonderful.  
Thanks to Margie Pennell, Lee  
Ann Hodges and Bro. Prevo for  
a lovely service. Also to  
Maurine Hudman for the  
beautiful floral arrangements.  
All of these things truly helps  
to bear the grief at a time like  
this.  
May God richly bless each of  
you.  
Mrs. Marvin Dunlap,  
Bob Dunlap and Family,  
Geraldine King and Family,  
Mrs. Mattie Dunlap

## New over-50 club to elect name, officers

There will be a meeting today for interested citizens over 50 at the Community Center for a community meal and program. The group will follow the election of officers and the dates for the new year. Officers also will be elected.

The group recently met at the Community Center for a meal and program, at which time a nominating committee was elected. The nominating committee will bring recommendations today for the officers to be elected by the group.

There is a need for 50 songs for some church or group to be appreciated. The group will need to be in good condition, so that they can be used regularly.

Transportation is available for those who might need it for the meeting. Call the Community Center at 3140.

## Prepared dish luncheon held

The Needlecraft Club met for a prepared dish luncheon on Nov. 12 at 1 p. m. at the Community Center. My Plans are for giving. A motion was made to send Mrs. Boone some flowers, since she is in the hospital, following a

Malouf gave a short recipe for Thanksgiving. The four steps are (1) repent, (2) thankfulness, (3) self knowledge, (4) all in a heart Colossians 3:15. She

with Matthew Henry's of Thanks. The club set their Christmas plans for Dec. 10 in the home of Sadie Storie.

Each member is urged to be prepared for the Christmas exchange gifts and names for the coming

members present were Mrs. Callis, Annalou Clinesmith, Selma Graeber, Selma Kennerly, Margie Dietrich, Linda Inis, Inis Thuet, Helen and one guest, Lucille

## Meeting held for Glen Williams

Glen Williams and twin Jay and Clay were present with a layette shower in the community room at the First National Bank on the hours of 7 and 8 p.

Food and punch were served from a table laid with a cloth and featuring a centerpiece filled with

guests for the occasion were Mrs. Faye Horton and Sara Robinson and great-nephew, Lucy Clary. The affair was

happening, June Kiker, Jean Cross, Maxine Tipton, Ruth Pate, Eva Margie Higgins, and

presented individual gifts to the honorees.

## Fashion showing to be Tuesday

All interested homemakers are invited to attend a fashion workshop presented by the Garza County Family Living Committee under the direction of the Texas Agriculture Extension Service.

Fashion and home sewing are the major points to be covered. The fashion showing will be Tuesday, Nov. 23, 2:30 p. m. in the Reddy Room in Post.

## Shower honors Becki Dalby

The ranch home of Mrs. Robert Macy was the scene of a bridal shower held Tuesday, Nov. 9 honoring Miss Becki Dalby, bride elect of John Whitmore.

Hostesses for the occasion were Mrs. Macy, Mrs. Frances Camp, Mrs. Jim Prather and Mrs. Lynette Thuett.

Guests were greeted by Mrs. Macy and presented to Mrs. Giles Dalby, mother of the honoree and her sister, Mrs. Liz Dalby Gannon.

The guests were registered by Miss Charlicie Dalby and Miss Charla Williams.

The serving table was centered by lalique swans surrounded by white gardenias. Coffee was served from a silver service by Miss Jan Hall of Lubbock. Miss Cindy Bird served punch. Assorted heart shaped finger sandwiches, candy and cookies were also served.

Also serving were Mrs. Gaynell Workman and Mrs. Charles Morris.

Approximately 100 guests called between the hours of 7:30 and 9 p. m.

## Graham book is reviewed

"Freedom to Learn More of God's Word" was the program for the Nov. 10 meeting of the Woman's Culture Club.

Ruth Duckworth, program leader, gave a book review on "Angels, God's Sacred Agents" by Billy Graham.

Maggie Mae Jones spoke on "Why Federation" and Ruby Kirkpatrick presented the song "Hark the Herald Angels Sing."

A guest, Mrs. Bobbie Moore, presented two songs, "Today's Mine, Tomorrow May Not Come" and "My God and I."

Hostesses Estelle Davis and Pearl Storie served refreshments to Ruby Kirkpatrick, Joy Dickson, Ruth Duckworth, Lela Williams, Annalou Clinesmith, Maggie Mae Jones, Loree Thaxton, Linda Malouf, Maxine Marks, Buena Boucher, Geraldine Ryan, Marcie Lee Deming and guest Bobbie Moore.

The next meeting will be Nov. 24 at 3 p. m. in the clubhouse.

## Music club winner of district attendance

The Post Music Club, member of the National Federation of Music Clubs, won the attendance award at the 10th annual District II conference in Crosbyton, on Nov. 6. The local club's Achievement Record Book and Yearbook took third place with a total of 1800 points.

Post Music Club president, Maxine Marks, taught a workshop on "Membership Growth and Club Extension."

District II President, Mrs. E. D. Barnes of Levelland, presided at the official opening ceremony.

The following is a part of the program, which included several from Post: "Patriotic Medley" by Connie Zeigler, soloist, accompanied by Sharla Wells both of Post; and on the afternoon program, "The Impossible Dream" solo by Jack Gordon of Post; "Pop vs. Country" a musical skit sung by Margie Pennell and Jack Gordon, accompanied and arranged by Boo Olson; and the "Benediction" was sung by Lee Ann Hodges.

Members of the Crosbyton Music Club were conference

hostesses. Other clubs represented were Levelland, Lubbock, Lubbock Allegor, Plains, Seagraves and Seminole.

Special guests were Mrs. C. E. Christmann of Lubbock, president of Texas Federation of Music Clubs, Mrs. Rex Brown of Marshall, Texas who is the advisory to the Young Artist Committee.

## Hobby workshop will be today

Are you interested in hobbies? Have you been wanting to learn tole painting, macramé, crewel, needlepoint, country carving or ceramics?

Well now you have a chance. The Garza County Home Demonstration Clubs are sponsoring a hobby workshop, Thursday, Nov. 18, at 10 a. m. in the 4-H building. Bring a salad and stay for lunch.

Instructional classes for each item listed above will be given free of charge. Contact Oneita Gunn or Paula Cawthon for information or the equipment you will need. Everyone is invited to attend.

## Priscilla Club has tasting bee

The annual "Tasting Bee" was the event when the Priscilla Club met in the Woman's Club House Friday, Nov. 12 with Stella Brashear as hostess.

A Thanksgiving motif was used in the table decorations. Each member brought a special dish and the recipe for that dish.

A short business meeting was held following the luncheon with entertainment dates and Secret Pals' names drawn for the upcoming year. Stella Brashear, outgoing president was presented with a gift.

Those attending were Mes. Evelyn Neff, Maudie Smith, Nettie Barrow, Wanda Cox, Vada McCampbell, Irene Mitchell, Marjorie Compton, Thelma Epley, Lillian Nance, Gladys Hendrix, Sybil Cokerum, the hostess and two guests, Mrs. Sweet Sims of Truth or Consequences, N. M., and Miss Vada McBride.

Aim to spread a little bit of sunshine daily — give it priority in the inventory of life.

# Does open season with 66-51 win at Crosbyton

## Karen Williams pours in 41 points to lead club

Coach John Morrow's Post Does opened the 1976-77 basketball season Tuesday night at Crosbyton with a 66 to 51 victory over the Crosbyton girls as Karen Williams put 18 fielders through the hoops and scored 41 points.

Karen won the individual honors' battle with Barbara Berry of Crosbyton who scored 34 of her team's points, 20 of them at the free throw line.

In fact, Crosbyton wouldn't have been in the game at all except for their ability to can charity tosses. They netted 31 out of 48 while hitting only ten times from the field.

Post on the other hand got most of their points from the floor and had only 22 free throw opportunities, cashing in an even dozen times.

The Does jumped into a 16 to 4 lead by the end of the first quarter with Crosbyton failing

to score from the field. Post was never headed.

It was 33 to 21 at the half and 50 to 44 at the end of the third period. Coach Morrow used his entire 13 player squad in the game.

Five of the six forwards used got into the scoring column for Post but the eight points by Brenda Weaver was the most by any of them.

Any Cowdrey had five, Debbie Wyatt four, Cindy Kirkpatrick five, and Kerri Pool three.

The Post team was whistled for 35 fouls compared to 21 infractions called on Crosbyton. Guards Christi Conner and Sharon Johnson fouled out of the game with five personals.

The Post JV girls team also opened with a victory, taking the first game of the twin bill, 53 to 36.

Nancy Clary was "the gun" in this one, scoring 25 points for the winners who jumped out in front in the first period, 14 to 6, and led all the way. It was 25 to 14 at the half and 41 to 25 at the end of the third period.

Dana Bird and Karla Duren each scored eight points for Post. Karla Kennedy added six, Larisa Shiver four, and Beth Green two.

Sylvia Curtis fouled out of the game with five personals.

## Wilson bows to Forsan 8-6

The Wilson Mustangs were defeated 8 to 6 by Forsan's Buffaloes in a heavy snowstorm in Snyder's Tiger Stadium Friday night in a playoff for the District 3-B title.

Both teams entered the district championship game with 10 straight victories and very impressive statistics.

Wilson got its touchdown on its first play from scrimmage shortly after the game began with Quarterback Carlton Henderson squirting through the right side of his line and racing 78 yards untouched for the score.

It was the only time this season Forsan had been scored upon.

A Wilson fumble on its 24 in the second period set up Forsan's touchdown. Randy Cregar, sophomore halfback, went 30 yards for the tally to tie the game. Gary Martin successfully ran over what turned out to be the winning conversion points with a little under two minutes left in the half.

Forsan, who ran for 195 yards and 13 first downs compared to Wilson's 85 and 3, will face the Balmorhea Bears, champions of District 4-B in the bi-district playoff.

The blinding snowstorm kept attendance to a minimum with an estimated 200 to 250 hearty fans huddling for warmth to watch.

## Powder Puffers clash Saturday

The Broadway Gang will clash with the Gold Rushers in Post's second annual Powder Puff football game Saturday night in Antelope Stadium.

The kickoff is scheduled for 8 p. m.

Proceeds will go to the Antelope Booster club to help finance projects boosting the athletic department.

The two teams have been working out at the stadium several nights a week for the last two or three weeks, working on trick plays, strategy — and getting into condition for a whole lot of running.

The first meeting between these two clubs last year the Broadway Gang won 12 to 6.

## Wilson bows to Forsan 8-6

The Wilson Mustangs were defeated 8 to 6 by Forsan's Buffaloes in a heavy snowstorm in Snyder's Tiger Stadium Friday night in a playoff for the District 3-B title.

## Cotton prices holding steady

LUBBOCK — Grower prices remained steady to firm during the week ending Nov. 12, according to Paul R. Dickson, in charge of the Lubbock Cotton Classing Office.

The USDA's Agricultural Marketing Service reported trading was moderate to active. Growers offered small lots of cotton in moderate volume.

They sold small mixed lots of mostly grade 31, staple 32, mike 3.5 through 4.9 at about 74.00 cents per pound. Mixed lots of mostly grades 32 and 42, staples 31 through 33, mike 3.5 through 4.9 brought 71.50 to 72.50 cents.

Demand was good, Dickson said.

Prices paid growers for cottonseed ranged from 80.00 to 100.00 dollars per ton.

Some motorists go along as if they though reckless driving was a demonstration of skill.

## Sidelines

By JIM CORNISH

Our sports extra Saturday morning was quite a success, even though that bad road to Snyder threw us off schedule and we didn't get back in time to get it in the Saturday morning mail to subscribers. Sorry about that.

—O—

We decided right after slipping over the railroad overpass — and you can take that literally — that we didn't want to miss the bi-district game with Stamford so we slowed down to be sure we could be present.

—O—

We thought we just were out there with the trucks until a big bus slammed around us — on the wrong side.

—O—

Our thanks to Ed Neff, a real pro, for the extra's pictures. He not only weathered the snowstorm to make those action pix of the game and then pushed inside for a shot of the dressing room victory celebration. He also went out to his photo lab and worked until between 2 and 2:30 a. m. to develop them for us.

—O—

The staff — in this case Norma Baumann and Don Ammons and yours truly — worked until around 3:30 a. m. to get it all wrapped up.

—O—

The highway department had reported earlier the highway was open as long as we didn't leave right after the game. They explained a truck had "jack-knifed" right in the middle of it blocking traffic for a while, but they were in the process of getting it off the overpass.

—O—

Twas the first time in a while we had stayed up all night but we fell it was to commemorate a worthy event in Post's sports life — and honor our kids.

—O—

By the way, the goof in the extra in reporting Tahoka had beaten Frenship 12 to 6, you can chalk up to the Lubbock Avalanche-Journal. They gave us the line scores on the other SAA games when we called in the Post-Roosevelt game to them before going to work on the extra and gave us the twisted around one on Tahoka and Frenship.

—O—

We don't think they did it on purpose.

—O—

Frenship won it over Tahoka 12 to 6, which dropped the Bulldogs to just above Cooper in the final standings.

—O—

A worse goof in the extra was leaving Sophomore Halfback Cliff Kirkpatrick's pix off the two-page congratulations spread. Looking back on it now, this came about because we thought Cliff's picture was in the football program and the only other pix we had to add was Bryan Compton, also a sophomore. But all of us were wrong. Both Cliff and Bryan were moved to the varsity after the program was printed and neither was in the program. Sorry, Cliff!

—O—

Somebody asked us the other day if Denver City was going to play girls basketball this year. The answer is sort of yes and no.

—O—

They have hired Harold

## Pairings for Texas Class AA Grid Playoffs

## Morrow sees a good team for Post Does

Coach John Morrow's Post Does are opening their 1976-77 basketball campaign this week with ten returning letter players guaranteeing plenty of depth with scoring the major concern, and a prediction by opposing coaches of a third place district SAA finish.

"I feel like we will have a good team, be well balanced with plenty of depth," Coach Morrow told The Dispatch, following the team's opening Monday night scrimmage against Coahoma's girls at Coahoma.

Coach Morrow said he was pleased with the scrimmage although the girls were nervous and the offensive players did not hit a very good percentage of their shots.

Karen Williams, a senior who will draw the post assignment this winter, is the only experienced shooter returning. She averaged over 20 points a game last year.

Starting at forwards will be Debbie Wyatt and Amy Cowdrey, with Lisa Cowdrey, Cindy Kirkpatrick, Kerri Pool and Brenda Weaver all getting plenty of playing time. All of these but Cindy and Kerri are returning letter players. Lisa will play both forward and guard.

Morrow has a corps of six guards, all of near equal ability with five of them having lettered last winter.

Starters will be Jodine

Tipton, Christi Conner and Hope Johnson with Kelly Mitchell, Brenda Price and Sharon Johnson also seeing plenty of action. All but Mitchell, who played with the junior varsity last year, won varsity letters.

Coach Morrow plans to carry a 13-player varsity squad with three managers, Nita Jo Gunn, Melani Holly and Jarita Norman.

The squad has been working out since Oct. 15, the first day the UIL permits such workouts.

After the team's opener with Crosbyton at Crosbyton last night, the Does will travel to Spur Thursday where the freshmen, junior varsity and varsity girls teams of the two schools will play a tripeheader, beginning at 5 p. m. These games originally were scheduled for Friday but were moved up because of the bi-district football game at Snyder.

In a pre-season poll, Slaton was picked to win district 5AA again, followed by Roosevelt, Post, Frenship, Cooper and Tahoka in that order.

Coach Morrow said that the varsity girls squad will attend the girls basketball clinic in Snyder Saturday, sponsored by Western Texas College, with the junior varsity girls and freshmen girls participating in the Plainview basketball clinic the same day. The Plainview clinic is sponsored by the Wayland Flying Queens basketball team.

On Monday, the Post Does and junior varsity will play at Silverton in a twin bill, beginning at 5 p. m. and the same night, the seventh, eighth and ninth grade girls teams will play at Cooper with the first game at 5:30 p. m.

Next Tuesday the varsity and junior varsity will play at Floydada, with the JV game starting at 5.

The junior varsity girls coached by Greg Eubank and Lu Allen, have 19 players

working out.

They are Melinda Adams, Dana Babb, Dana Bird, Lynn Bullard, Nancy Chubb, Sylvia Curtis, Karla Duren, Belinda Flaitt, Dana Green, Beth Green, PEGGY JACKSON, Karla Kennedy, Nancy Kowen, Theresa Orr, Kay Perkins, Larisa Shiver, Lisa Steel, Karen Taylor and Christi Terry.

Managers are Jerri Haskins and Dawn Fielder.

Nineteen also are out for freshmen girls squad coached by Joan Bearden.

Freshman candidates are Linda Abraham, Lea Baumann, Donna Baumann, Jalena Berry, Deanna Bridgman, Leanna Davis, Crystal Dierker, Julie Dunlap, Susan Jones, Linda Martinez, Melissa Peraja, Carolyn Pringle, Tammy Reece, Margaret Reed, Sara Sawyers, Jody Thomas, Christie Workman and Robin Warr.

Managers are Gina Lee, Guthrie and Donna Nelson.

## Picker winds up season .683

The Dispatch sports prognosticator had his worst effort of the season last weekend for the final week of the season.

He picked only three correctly in six tries for a miserable .500 mark.

He had the District 5AA choices all right, but missed on Stamford's win over Colorado City, Merkel's upset of Coahoma, and Lockney's douring of Idalou.

That totals up 54 correct out of 79 picks for a still winning percentage of .683.

The results of last week's six games involving the Lopes and seasonal opponents:

Post 34, Roosevelt 0.  
Slaton 28, Cooper 0.  
Frenship 12, Tahoka 6.  
Stamford 7, Colorado City 6.  
Merkel 28, Coahoma 14.  
Lockney 6, Idalou 0.

## Davis wins final game

Coach Bobby Davis' Corpus Christi Calallen team wound up its season with a 20 to 14 victory over Rockport-Fulton Friday night and a 7-3 record.

The biggest headline in the Denver City Press Sunday wasn't about football. It read "Volleyballers win district crown." The Denver City girls volleyball team won the District 5AA volleyball crown from Slaton 15-1, 15-3 at Slaton Thursday afternoon before the entire Slaton student body who were let out of class for the clash.

Girls volleyball was switched from a spring to a fall sport a year ago in Texas because of the growing prominence of girls track. Post and the majority of district schools don't play girls volleyball. In fact, Slaton and Denver City are the only two schools who do, so the one match represented the league season.

So the Denver City Fillies were scheduled to go against Colorado City Tuesday night in Big Spring in the bi-district playoff.

Congratulations, 'LOPES!

Beat Stamford!

### Award given— Two burglaries over weekend

(Continued From Page One)

able to be up and about due to illness or just not able to drive. He has delivered medicine to elderly or sick and also has delivered groceries to those who could not get out during bad weather. J. D. said he had had only one really close call during his 22 years on Route 2. "One morning on my route, a small boy about five came running out to the mailbox screaming that his mother was sick. For me to come quick, I ran to the house and met his mother at the door. She told me hurriedly that she was going to have a baby and that her husband was about three miles up in the field, and would I go get him. I ran back to my car and made a quick trip to the field, and luckily he was there. I learned later that the baby was born in their car before they could get to the hospital in Tahoka. What really scared me was that if her husband had not been where she thought he was, I would have gone back and taken her myself."

If you are a patron on Route 2, you can appreciate J. D. more, because you know that the mail will be there if there is any way possible for him to go. You can set your clock by the time he comes to your mailbox, he never varies over five minutes. It's a nice feeling to know that you can count on someone.

J. D.'s route covers parts of three counties, Garza, Lynn and Crosby, amounting to 125 miles he drives six days a week.

Just an example of how seriously he takes his work, he was stomping and having a fit Friday when the Dispatch photographer went to the Post Office to get his picture, he was 15 minutes late for his route and he didn't like it one bit, honor or not.

Along with the plaque presented in J. D. he was also given a silver medallion, designed by the Oklahoma City District and minted by the Hamilton Mint. There was a total of 200 of these medallions struck and the dies destroyed.

### Wanted man is booked as drunk

Sheriff department officers arrested three men for drunkenness at 2 a.m. Wednesday near one of the local lounges.

At presstime Wednesday, Sheriff Jim Pippin revealed the department had information one of the three is wanted for armed robbery in another state.

One of the other two men paid his fine for drunkenness in JP court and was released. The second is still in jail awaiting money to pay his fine.

The sheriff said his department is continuing its investigation of the third. All three are from outside Texas.

### Pueblo wedding is announced

Mr. and Mrs. Wilburn Wheeler of Pueblo, Colo., announce the marriage of their son, Brian K. to Teresa Ann Monroe, daughter of Mr. and Mrs. Raymond Monroe, also of Pueblo.

Wedding vows were exchanged November 6 in the Pueblo Avondale Methodist Church.

Mr. and Mrs. Wheeler are former Post residents and Brian is the nephew of Mrs. Jimmie Lee of Graham and is the grandson of the late W. Clyde Wheeler.

The couple are residing in Pueblo where Brian is a sophomore at the University of Southern Colorado.

The cost of high living is the reason a big salary won't meet the high cost of living.

Two burglaries have been reported here during the past week, according to the sheriff's department.

The Mason and Company furniture store was entered Saturday night and from \$40 to \$50 and a \$100 check taken from the cash register. Also missing is a new recliner chair.

The other burglary was that of the ASCS office between the bank and the postoffice, where a plate glass door was kicked in but nothing taken and nothing but the door disturbed.

### Sheriff slaying—

(Continued From Page One)

he was a rancher.

Wilson lived long enough to give a description of his attackers.

In throwing up the net around the area, Pippin was asked to man the junction of FM-651 and the Spur cutoff at which point he stopped all cars for about 30 minutes.

When he got a radio report the fugitives had stolen a blue car some distance away he picked up Deputy Shankles who was manning a roadblock on the Crosbyton road and they searched on into Crosbyton.

They arrived there just as the two fugitives who had been captured by State Highway Patrolman Kenneth Witt after a high speed chase toward Lubbock of up to 130 miles were being brought into the Crosby county jail.

The two Garza officers helped process the fugitives into jail and then went with other officers to search along the highway between Crosbyton and Matador for the two sawed-off shotguns the two had said they had thrown out of their stolen car.

One of the two guns was found, but the other weapon wasn't.

The wounded Rogers was returned to Crosbyton by ambulance from the hospital a short time after the fugitives were captured and without hesitation picked the two out of a lineup as the ones who had killed Sheriff Wilson and shot him.

The pair, Stacy Albert Carter, 25, of Olivia, N.C., and Larry Fortenberry, 28, of Mt. Hermon, La., were taken to Matador Monday and arraigned on a capital felony of murdering a peace officer, denied bond, and returned to the Crosby County Jail.

Sheriff Pippin reported the pair said they had been "on the run" for two weeks. They are believed to have pulled a holdup in Amarillo the morning of the slaying. Investigation into the possibility of a wild two weeks crime spree is now being conducted.

"They have to have everything their way," Pippin told The Dispatch Tuesday with anger still in his voice. "They threw their guns away and later hopped out of their car with upraised hands shouting 'don't shoot!' When they shot it was at unarmed men — with everything on their side."

The slaying took place three miles east of Matador on US-70. Wilson, 61, was only 49 days away from retirement at the end of his present term.

"I don't know how they did it," Pippin said. "I don't know how they got away with it. I don't know how they got away with it."

"I don't know how they did it," Pippin said. "I don't know how they got away with it. I don't know how they got away with it."

"I don't know how they did it," Pippin said. "I don't know how they got away with it. I don't know how they got away with it."

"I don't know how they did it," Pippin said. "I don't know how they got away with it. I don't know how they got away with it."

"I don't know how they did it," Pippin said. "I don't know how they got away with it. I don't know how they got away with it."

"I don't know how they did it," Pippin said. "I don't know how they got away with it. I don't know how they got away with it."

## CANCER ANSWER LINE

American Cancer Society  
M. D. Anderson Hospital  
and Tumor Institute

### Inheriting Cancer 'Not That Simple' Says Genetics Expert

Can you inherit cancer just as you might inherit blue eyes or brown hair?

While a few rare exceptions do exist, for the majority of over 100 types of human cancer, the role of heredity in cancer is far from being that simple, says an M. D. Anderson expert.

"I can't really say a person inherits cancer directly. Instead, some people inherit a predisposition or higher risk for cancer," explains Dr. Louise C. Strong, director of the Medical Genetics Clinic at M. D. Anderson.

For almost every cancer, she adds, it is believed that there are at least two forms—one with inherited implications and the other without.

While the inheritance factor varies in significance for each cancer site, in almost every instance those heredity-related cancers are in the minority, she says.

"Even if one inherits a predisposition to cancer," explains Dr. Strong, "apparently something else has to happen. That something else might be exposure to environmental agents such as suspected cancer-causing chemicals, exposure to a physical agent such as radiation or possibly be the involvement of a virus. It could also be a spontaneous occurrence that has no known cause at this time."

What cancers are most commonly known to be influenced by genetic factors?

"We think a large percentage of childhood cancers are genetically determined—maybe as high as 40 percent for some forms—even though in most cases there is no family history of a similar cancer," says Dr. Strong.

"In some of the more

common adult cancers such as colon cancer or breast cancer, we estimate maybe 25-30 percent in this country may be genetically determined," she notes.

The old argument, heredity vs. environment, is no longer heard, notes Dr. Strong. Instead, genetic and environmental factors seem to be complementary, she says.

Some people, she notes, may be genetically at risk to cancer only because they are uniquely affected by certain environmental factors.

For example, some people might be genetically predisposed to lung cancer but would actually develop cancer only if they smoke cigarettes or come in contact with other environmental agents that cause lung cancer.

Heredity is known to play a role of some kind in every major disease. High blood pressure, heart disease and diabetes (to name a few) are all known to have genetically predisposed subgroups as does cancer, she says.

By understanding the relationship of heredity to a disease like cancer, those people who are at the higher risk can better be alerted to early warning signs. Found early enough, most cancers today can be successfully controlled.

### \$50,000 injury suit filed here

Two Dickens County men, Horace and Benjamin Maynard, have sued a Dickens County woman, Marsha Martin, in Garza County district court here for \$50,000 damages in a personal injury suit.

The Maynards contend they were riding in the car belonging to the defendant at her invitation when she lost control of it on FM-651 in Garza County, Jan. 23, 1976 and it overturned several times.

They are asking \$50,000 jointly for personal injuries, past, present and future pain and suffering, medical expenses and lost wages.

### New Arrivals

Les and Pam Hair of Mineral Wells, would like to announce the birth of their sister, Melissa Sue, born at 2:21 a. m. Nov. 15 weighing 5 lbs., 14 ozs. Parents are Mr. and Mrs. Leslie Hair, maternal grandparents are Mr. and Mrs. Paul Foster and paternal grandparents are Mr. and Mrs. S. W. Hair. Maternal great-grandparents are Mr. and Mrs. A. O. Rosenbaum.

Mr. and Mrs. John D. McCandless announce the birth of a daughter, Leslie Rain, born Thursday, Nov. 11 in Garza Memorial Hospital at 8 a. m., weighing 6 lbs., 2 ozs.

Twelve U. S. Presidents were elected with less than a majority of the popular vote.

### Bi-district—

(Continued From Page One)

Hambler beat them 13 to 7 in the opener. Stamford came back to defeat Anson 26 to 0, but then lost to Class AAA Sweetwater 21-20. They defeated Haskell 26 to 20 and then opened district with a 9 to 7 win over Ballinger.

After that it was 20 to 13 over Winters, 14 to 0 over Merkel, 19 to 8 over Wylie, 9 to 0 over Coahoma, and 7-6 over Colorado City.

Coach Bill Anderson of Stamford had pegged his club a 20-point underdog to the Colorado City team last week.

Stamford last won its district title in 1971.

Officials for the bi-district game will be assigned by the UIL. This means they can be assigned from just about anywhere.

The Post team did its conditioning work outside Monday afternoon but then completed its "normal Monday workout" inside the high school gym.

Fans are reminded of playoff rules to prevent ties.

Should the score be tied between the two teams at the end of the game, then the team with the most penetrations (moving the football inside the other team's 20 yard line) will be declared the winner.

Should the number of penetrations be even, as well as the score, the team with the most first downs will be declared the winner.

In case the two elevens are also tied in first downs too then the team with the most total yardage gained will be designated the winner.

There is an extra paid official for the playoff games. He is designated as the game statistician and keeps the record of penetrations, first downs and yardage gained.

Some districts use this UIL method to break ties in district games as well, but the choice is left to each district. Local fans are not familiar with this because in SAA the district for a number of years has counted a tie game a half win, half loss for each team involved and does not go by penetrations, first downs, and yardage gained to break tie scores.

### Postings—

(Continued From Page One)

representatives in the playoffs.

"You're carrying the banner for seven schools now and we know you'll do a good job" the ad concludes.

It's this kind of sportsmanship which has been the Post-Slaton relations on such a high plain, even if "during the football war" each school take turns of knocking the other's state-ranked team "kerplunk."

On page 3 you'll find another unusual ad as Gibson's Discount Center announces its Midnight Sale set for tonight. It lasts from 9 a. m. to midnight with a different group of bargains each of the three hours.

We still have a good number of the Dispatch extras left at the Dispatch office if anybody wants one to save and didn't get one. We printed 2,000 copies, made regular mail distribution and had a lively sale in stores Saturday despite the lousy weather.

### Harris poll—

(Continued From Page One)

Rockdale ranks No. 1 Class AA in the state in the Harris poll and has a current power rating of 146.8.

Comanche, which is in the upper bracket with the Lopes, is ranked No. 2 in the state and has a 145.9 power rating.

Of course it is impossible to rank every high school football team correctly and determine game outcomes in advance.

## Watch out for speeding turkeys

## Odds are they won't make it through Thanksgiving

They're your holidays. Slow down and enjoy them.

News from Post High School  
BY EDITOR TRACY MCALISTER

Page 14 The Post (Tex.) Dispatch Thursday, Nov. 18, 1976

## Apologies to Student Council

The Student Council Clean-Up committee are all owed an apology for this article being so late. A special apology goes to Tiana Shiver who kept trying to get me to put it in the paper.

Here are the kids who helped with Post Appreciation Day. They were Julie Dunlap, Tammy Reece, Matt Lemon, Daniel Morrow, Nancy McCowan, Deana Bridgeman, Bobby Gene Thompson, Tiana Shiver and Juanita Hernandez.

Also Tony McDougal, Beth Elliott, Chris McDougal, Bryan Elliott, Robin Stewart, Darlene Gunn, Vickie Gannon, Nita Joe Gunn, and Susan Sawyers.

All these kids deserve to be congratulated for their outstanding service to the community.

## Lunch Menus

The Post schools lunchroom menus for the coming week are as follows:

**Monday** — Frito pie with cheese, lettuce salad, buttered corn, apple cobbler, cornbread, half pint milk.

**Tuesday** — Turkey and dressing with gravy, green beans, whipped potatoes, pineapple salad, hot rolls, cranberry sauce, half pint milk.

**Wednesday** — Cheeseburger, lettuce, tomatoes, onions, pickles, pork and beans, pear halves, home made buns, half pint milk.

**Thursday** — Thanksgiving Day, no school.

**Friday** — No School.

The Post schools sandwich menus for the coming week are as follows:

**Monday** — Chicken salad, lettuce and carrot sticks, apple, cookies, potato chips, half pint milk.

**Tuesday** — Bologna sandwich, lettuce wedge, pineapple slices, cookies, half pint milk.

**Wednesday** — Peanut butter and jelly, celery sticks, sliced peaches, cookies, half pint milk.

**Thursday** — Thanksgiving Day, no school.

**Friday** — No School.

## Youthoughts

By TRACY MCALISTER

The student council held a luncheon in the high school library. All members were asked to bring a sack lunch. The topic of discussion was what the council plans to do in the future months.

Donna Ammons lost her haton last week during the ball game. Any student finding it is asked to return it to her. She can't go to state without it.

The pep rally really got going last week. All students were there to cheer the Antelopes on to a district championship. And they did it! That a way, Lopes!

A blind-date. Have you ever been persuaded to go on one? Well take my advice — don't ever go on a blind date unless you're blind.

I have gone on a couple of blind dates in my lifetime and that was enough! It is better to leave a bad thing alone than to have it turn to be worse.

The person that persuades you to go on a blind date usually exaggerates a little. A LOT! The girl is usually described as fairly good in the face, about as tall as you are, and oh! what a body. Wow!

Well if you swallow that you haven't got a brain. The girl probably doesn't have a face, is a midget, and her body is about as flat as a tire.

The blind date that I had was a lulu! The girl was described to me as fetching. Shoot, the only thing she could fetch would be a pack of wolves. They would probably think that she was dog food.

She was supposed to be a girl with long blond hair that shined like gold, pearly white teeth, about my size, and her skin as tan as anyone he'd ever seen.

The truth was that the girl had long blonde hair that

shined because it was oily. She had white teeth if you could find them between the cracks in her braces. She was about 6 foot 3, and her skin was kind of tan if you didn't pay any attention to the zits all over her face. My gosh, this girl looked like Zit City, U. S. A.

When I first saw the girl, I wanted to hide, but I couldn't find any place. So I was pleasant to her. We talked about things like the weather, who's going to win the superbowl, and her family and friends.

I decided it was time to go eat, so I asked her where she wanted to go. She picked the most expensive place in town. But I thought, "She probably won't eat much. Girls just like to nibble." I was wrong.

The girl ate like a horse! I'm surprised she didn't eat the tablecloth. She probably would have, if I hadn't given her the rest of the food on my plate. She also liked to belch between courses.

I asked the girl where she wanted to go next, and she said the show. She didn't want to go to any old show, though, it had to be a drive-in.

Well, I nearly threw up. I told her that I didn't like drive-ins because they got cold at night, but I wouldn't mind going there in the daytime.

She replied, "I'll keep you warm."

Have you ever gone to the drive-in with a girl 6 foot 3? I'm only five foot 3, so the girl nearly smothered me. She would have if I hadn't spilled my Coke on her blouse. I guess my hand slipped. But you know, my hand is funny that way.

## Over supply no beef problem

COLLEGE STATION — A livestock marketing specialist for the Texas Agricultural Extension Service says that beef producers shouldn't worry too much about the amount of beef they supply to consumers, but neither should they expect profits to increase unless retail prices go up.

Dr. Ed Uvacek points out that beef per capita consumption in several foreign countries is considerably higher than that of the U. S. "We, therefore, are probably nowhere near our ultimate limit in U. S. beef consumption," he contends.

Uvacek notes that higher prices paid for beef by U. S. consumers do not necessarily constitute a profit for producers, unless consumption levels are maintained or increased. "Producer profits can only come from increased consumer demand for beef and higher retail prices," points out the economist.

## Alliance lists what's right with America

EDITOR'S NOTE — The following is another monthly article by the Post Ministerial Association entitled, "What's Right with America?"

We believe freedom is right, and thank God, we still have it. It is still possible in America to express ourselves by word of mouth or the printed page without being sent to jail. It is still possible for every child to have an education and to seek out opportunities of his own choosing without being regimented by a government which makes the individual subservient to it. It is still a land where people may read the open Bible, interpret it for themselves, obey it according to their understanding and worship God without interference.

During World War II, one of

the chief Nazis stated that America could certainly be conquered because people didn't believe in anything. God wasn't considered necessary and the Bible was no longer read. He found he was wrong.

Non-Christians are pursuing the way which has led to the downfall of all the great empires of the past, but there is still enough real Christianity to counteract these influences and keep in the hearts of men ideals that are high and noble.

Brotherhood and good will are right. Here in our land are those from every nation under heaven living and working together, and finding the realization that men of all nations can do just what their representatives are doing here if they only have the right attitude toward each other. This we believe.

LUBBOCK — Three spray planes in the High Plains Boll Weevil Control Program settled to the ground in Spur November 5, winding up another year in the world's biggest most successful coordinated control effort on crop insects.

The last three planes, part of a 20-plane squadron that periodically rained insecticide on weevil-infested cotton in the eastern High Plains over the past three months, were returning from a final attack on hungry weevils in still-green cotton in Dickens and Garza counties.

The 1976 program began in early September with an initial spraying of 245,000 acres. It closed out the season after 1,161,356 aggregate acres had been sprayed with almost 110,000 gallons of malathion.

Cost of the program when all figures are in will approach \$2 million, paid on a matching fund basis by High Plains producers and the U. S. Department of Agriculture.

"Thanks to good weather and good performance by spray contractors," commented Ed Dean, Field Service Director of Plains Cotton Growers Inc., "we were again successful in killing the maximum practical number of weevils before they could go into winter hibernation and in preventing excessive migration."

PCG initiated the program in 1964 after entomologists warned that unless controlled, boll weevils would in a very few years, "sweep across the Plains like a prairie fire."

Looking ahead to 1977, USDA and PCG officials are calling for help from farmers and ginners in reducing the number of hibernation sites available to weevils.

"It will be especially helpful," Dean says, "if ginners and farmers will distribute gin trash around the gin yard and in pastures in layers no more than a foot thick."

Weevil trapping around burl piles in the spring of 1976 proved that up to six times as many weevils emerge from these man made hibernation sites than from natural habitat. Spreading out these piles will permit cold to penetrate and kill a great many more weevils than will be killed in conventional trash disposal, officials point out.

"We fully realize the difficulty with gin trash disposal when burning is prohibited," Dean said in a letter to

ginners in the weevil control zone," "but we believe your cooperation in this matter will be of great help in the effort to control weevil populations."

Farmers who apply burrs to cultivated fields are being asked to help also by plowing burrs under as early as possible.

"We had to spray about half again as many acres this year as in 1975 because of the mild winter and weevil-favoring spring weather," Dean notes, "and we need to take every measure possible to prevent that necessity from recurring in 1977."

## Amoco finds new pay zone

HOUSTON — Amoco Production Company announced today it has discovered a new oil productive pay which indicates the potential for substantial new reserves in the Abo Reef Trend in West Texas.

The new pay was discovered in the recently completed W. G. Frazier No. 87 in Hockley County, Texas. Tests indicate the well, drilled below 7,900 feet, has the capability to produce in excess of 160 barrels of oil per day, the top discovery allowable. Core operations in the Abo formation recovered more than 180 feet of oil productive section in the well.

Amoco owns 100 percent interest in the well and the acreage on which it was drilled. A confirmation test, the W. G. Frazier No. 88-A is currently drilling about one-quarter-mile north of the discovery well. A two-rig development drilling program will be underway in the new field before year-end.

Amoco holds substantial acreage position in the Abo Reef Trend, a geological province which underlies a portion of West Texas and New Mexico. Amoco drilling operations are in progress on several other prospective new field areas in the trend.

## New weed poses cotton field threat

LUBBOCK — A weed scientist with the Texas Agricultural Experiment Station says a tough, prolific new weed pest is invading West Texas cotton fields, and may be as tough to live with as any weed farmers have encountered.

Dr. John Abernathy says the weed, Rough Blackfoot, is a native of the Trans Pecos area of Texas, and has been steadily moving up the state over the last three years.

According to the Experiment Station scientist, there were several severe infestations of the weed in Hockley county near the Whitharrel community, where it is sometimes called Duckweed.

"During the past year the plant has spread eastward into Lubbock county where several plants were seen along roads north and northwest of the city," Abernathy says.

"Rough Blackfoot is a very prolific seed producer," he adds, "Equally important, the seeds are resistant to the preplant incorporated herbicides normally used in cotton."

"Rough Blackfoot can emerge either early or late in the growing season, depending on available soil moisture," he says. "The flowers on the plant are very distinctive in that they appear as yellow clusters at the junction of the branch and the stem. The plant can become four or five feet tall by harvest and turn very woody upon maturity. This can severely interfere with the stripper harvest of cotton."

In research tests conducted by Abernathy and his research assistant, Wayne Keeling, the only treatments giving acceptable results for controlling the weed pest were herbicides such as Caparol and Sancap when applied preemergence and in combination with a preplant incorporated herbicide. However, the researcher cautioned that enough rainfall must occur to activate the preemergence herbicide treatments.

"Farmers should be aware of Rough Blackfoot and do everything possible to dispose of isolated plants," he says.

## Barnie Jones home from real fun trip

Mr. and Mrs. Barnie Jones have just returned from a visit with Mr. and Mrs. Dennis F. Gore of Westminster, Maryland. They flew out and then reported they drove over 900 miles just sightseeing while visiting with their friends.

They took a tour of Washington, D. C., Baltimore and Baltimore Harbor, Chesapeake Bay Bridge and then made a tour of the skyline drive in Virginia and West Virginia. They also visited the Gettysburg Battlefield, and the Amish Village in Lancaster, Pa.

**HEAD START**  
THAT'S WHAT WE GIVE YOUR COTTONSEED NOW, SO NEXT HARVEST HAS A BETTER CHANCE

We can do a couple of things: 1) fungicidal and insecticidal treatment of saved cottonseed. 2) Germination testing of saved seed... a scientific report for future production. We want your business. Details won't cost you a cent.

WHOLESALE & RETAIL SEEDS

SEED & DELINTING CO.  
403 E. Brakins Road Lubbock, Texas 803-785-8844

32 / OLD ENOUGH TO KNOW WHAT WE'RE DOING.  
YEARS / YOUNG ENOUGH TO KNOW WHAT YOU WANT.

**Wilson State Bank**  
Come in and road-test an Automobank loan

You road-test a car before you buy it, so why not test our Automobank loans before you put it on the road? We think you'll find them considerably lower in rates and higher in flexibility. We'll tailor an Automobank loan to fit your pocketbook. So go ahead. Road-test that beauty you and your family have dreamed of owning. Then let an Automobank loan put you in the owner's seat.

A good bank has more answers than questions.

**THE BEST OF ALL POSSIBLE BANKS.**
