Albert Power To Seek Re-Election As Representative

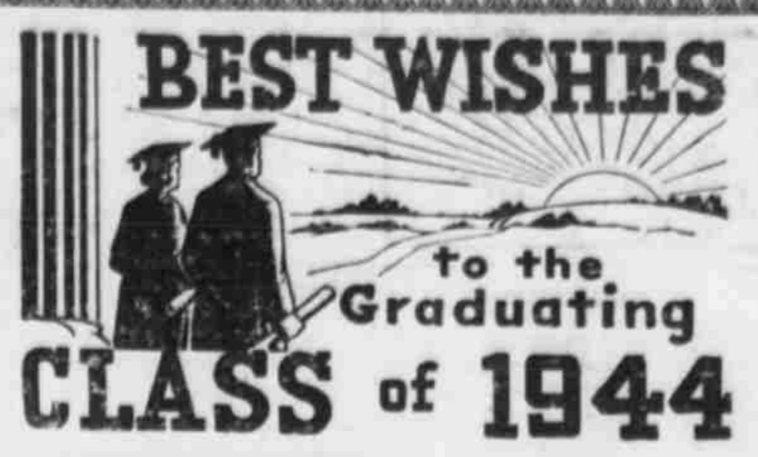

To The Citizens of the 118th Representative District of Texas: In January, 1942 you were considerate enough to elect me as your representative in the Legislature of the State of Texas. In the same month of the same year, and within a few days after the election, a regular session of the State Legislature convened at Austin, Texas. I went to Austin as your representative without obligation to any person or group of persons except the obligation to do my utmost to do what was best for you and the other people of the State of Texas. I still am not under obligations to any special group, but I remain duty bound to continue to serve you and our great State. My constant attendance to the daily meetings of the Legislature and my constant watch over your interests is reflected in the records of the last session. I have studied constantly the workings of our government and at this time I am in far better position to return to the State Capitol and do a greater service for you and our State.

Garza Combines Needed For Harvest; Survey Being Made

A survey is being made by the county agent this week on the harvesting situation. There seems to be a great need for combines both for the harvesting of small grains and for grain sorghums not only in the Panhandle but in the South Texas area. Any combine owner who would like to take his combine, either with a crew or without to either of these harvest areas should get in touch with the county agent and fill out a form giving proper information needed to fit this problem. This information will also be used in the grain sorghum harvest of Garza county.

Sears 'Cow-Hog-Hen' Contest Winners Announced Tuesday

WHAT WILL THE END BE?

Writing in the Saturday Evening Post of April 15, Ed Will, the operator of a small farm near Odessa, New York, shows how the grip of bureaucracy is tightening on the farmer.

A subsidy which independent farmers do not want, is forced on them to offset the cost of feed which the price of milk is not allowed to cover. It has grown from pin money to one-fifth of the dairyman's income, thus making him dependent on political hand-outs.

The inevitable conclusion to be drawn from Mr. Will's article is that the farm subsidy is a political expedient to hold the price of food below its production cost, at the expense of the taxpayer, at a time when the consumer is best able to pay the true cost of the food.

As the subsidy program increases its hold on the farmer, he becomes less and less a free man, and government grows in its position of overlord toward him. This is indeed a "new order" for the United States.

GRATUITIES COME HIGH

"American workmen are watching their pay checks and today they find a substantial and growing difference between their rate of pay and what is taken home," says David B. Robertson, President of the Brotherhood of Locomotive Firemen and Engineers. "We wonder if such government procedure will eventually give a rate of pay of \$60 a week to the man in the cab of a locomotive and permit him to take home only \$10 a week."

Brother, you have asked a question which has a simple answer: The more the man in the cab or the man on the street or the farmer asks the government to do for him—in other words, the more handouts he seeks on the theory that the government can do something for him which he cannot do for himself, or which cannot be done by his fellow citizens—the less he will have left in his pay check or income, regardless of its size.

Government can give the individual nothing in the shape of gratuities, which it first does not extract from him by the taxation route. The more it gives, the higher the taxes.

And it makes no difference whether the gratuity be called social security, free electricity, farm conservation programs, food subsidies, socialized medical care, or whatnot—the cost will come out of the pay check, and the less the individual will be able to do for himself.

The price of financial dependence on government is the loss of individual independence.

LET'S SHOW APPRECIATION

Is America appreciative of its servicemen? When a man comes home from the fighting front, for a brief furlough, under existing regulations he is allowed a paltry five gallons of gasoline. He can't go fishing, he can't go hunting, can't visit friends, can't renew himself by trips to the country.

He may well doubt our interest in him when he sees countless civilians and public officials allowed ample gas rations because of their "essential" activity. What is more "essential" than relaxation for a weary serviceman when he is on leave, and freedom from petty official annoyance?

Views of Neighboring Editors:

Slaton Slatonite—The strain of war and the influence of women in every phase of life is being felt in Slaton. Last Monday night Mrs. Sy Wilson went so far as to have a tea to which she invited members of the school board and their wives, as well as members of the graduating class and their parents and what's disturbing me is the fact that the men of Slaton were at the tea. Ray Hickman told me confidentially that he went because he wanted to see what kind of hullybaloo his wife had been getting so excited over, every week or two, over many years. He seemed very much disappointed as he held a small cup full of fruit juice in one hand, tried to balance a fancy plate on his knee and dived at a paper napkin that he had placed between his feet.

Scurry County Times—With the days of a full-blown spring here in all their glory, people of Scurry county communities still find time, during the stress of these crucial days, to stage annual cemetery workings to keep our silent cities of the dead in the state of beautification which those gone on before would desire. Proper keeping of the cemeteries not only reflects our true respect to those now resting who helped make this trade zone what it is today. We should count ourselves fortunate to live in a land where we can keep our cemeteries beautiful and know, in our hearts, that rain and snow and other distillations of nature will be all that will fall from the skies above.

The Lynn County News—The U. S. Supreme Court has refused to consider the plea of Texas for a re-hearing and a reversal of its decision that Texas Democrats can not bar Negroes from the Democratic primaries. Texas will be compelled to admit the Negroes or abolish the primaries. She will hardly abolish the primaries this year. So, Negroes who are qualified voters and who appear at the polls to vote should be permitted to do so without molestation or hindrance of any kind. If they are to have this privilege permanently, our laws against political corruption should be enforced rigidly against white and black alike.

OUT IN FRONT

The oil industry has always been out in front when it came to being ahead of demand. If it had been as unprepared to meet the needs of this war as was our own government, one hesitates to say what would have happened to our nation. Fortunately, oil, in order to meet the demands of consumers, kept abreast of the times.

And now, while the political managers who caused our country to be so wholly unprepared for war, are dreaming up fantastic ideas for employing our armed forces when they return, the oil industry is again out in front with its plans to have suitable jobs for each returning former employe. They are studying ways to utilize the added training and experience which will have been gained by these men and women who have grown in experience, judgment and leadership while serving the fighting forces. Those in the service from the petroleum industry can feel that top oil executives consider this one of their most important postwar obligations.

Reduces Heavy Hogs Ceilings

The ceiling price of live hogs weighing over 240 pounds has been reduced by 75c per hundredweight, effective May 15, Office of Price Administration announces. The action was taken to discourage feeding of grain, especially corn, to heavyweight hogs and to encourage marketing of hogs before they reach 240 pounds.

ARE WE DOING OUR BEST?

Two more states have joined in the movement to put a ceiling on the peacetime taxing power of the Federal government. In addition, proposals are before Congress to simplify the tax laws. Both are constructive and necessary steps.

In the meantime, the Federal debt is rising so rapidly that other than a few fiscal experts, no one knows the debt total unless they read a Treasury report each morning. Moreover, no one expects the rise in debt to halt for years to come. These are facts.

It is also a fact that the country is enjoying a peak of prosperity without precedent in the history of the nation. A visitor from Mars could not be blamed for concluding that as far as most Americans are concerned, "total war" is still a catch phrase.

Statistics, compiled by peacetime standards showing why the Federal debt cannot be brought under closer control, are an insufficient answer now to the question of whether the people are doing their tax best and the government its thrift best to save the nation from bankruptcy and preserve a framework upon which individual opportunity and enterprise can flourish after the war.

Troy L. Dean, 24, son of Mrs. Bettie Justice, is among those receiving training in precision flying, aerial gunnery theory, night cross country flying and other phases of advanced piloting with the new class at Foster Field, Texas.

This group of fledgling pilots moved closer to the cockpits of Uncle Sam's swift pursuit ships last week as the latest class of aviation cadets, representing 38 states of the Union reported to Foster Field for advanced training—their last step before becoming flying officers.

Ten weeks from the date of their arrival at Foster Field, successful students, with more than a year and a half of intensive pilot training behind them, will be presented their just reward—silver pilot "wings" and commissions of second lieutenants or appointment as flight officers.

Pvt. Guy T. Harrison MAKES RECORD AT CAMP MAXEY, TEXAS

Mrs. T. H. Harrison, Stephenville, received a letter from Major General Walter E. Lauer, Division Commander at Camp Maxey, Texas stating that her son, Private Guy T. Harrison, has been adjudged one of the outstanding soldiers in his company of 300 men in the training regiment.

This regiment was set up within the Division to provide intensive training for about 3,000 new men, like Private Harrison, who came to the company from various Army Specialized Training Program units. This was done so that they could complete this training—well prepared to take their places in the units of the Division to which they have been assigned.

General Lauer says, "We are proud of the progress of these men, and are particularly pleased with the splendid record of your son. I know you will be gratified to learn that he has been doing outstanding work as a daily habit. It is especially gratifying to me, as the Division Commander, to have him in our Division."

Guy T. Harrison graduated from Post High school in 1941 and moved with his parents to Stephenville in the summer of 1941. Two years later he graduated from John Tarleton at Stephenville.

JOIN GULF'S "Anti-Breakdown" Club TODAY...

BEFORE THIS WAR IS OVER, there may be only two kinds of people in America...

- 1. those who can still get to work in automobiles.
- 2. those who are forced to walk.

If you want to be in the fortunate group who will still be riding to work in automobiles, join Gulf's "Anti-Breakdown" Club today. How do you do it? Just come in for Gulf's Protective Maintenance Plan!

This plan was conceived by experts in car care. Gulf developed it because car maintenance is a most important civilian job.

1 It protects your car at 39 danger points!

GULF'S Protective Maintenance Plan includes Gulfex Registered Lubrication which reaches up to 39 vital points with six different Gulfex Lubricants that reduce wear, and lengthen your car's life.

2 It helps keep your motor in A-1 shape!

IT'S IMPORTANT to give your car a good motor oil and change regularly. Gulf offers two outstanding oils... Gulfpride, "The World's Finest Motor Oil," and Gulfube, an extra-quality oil costing a few cents less.

3 It stretches your gas coupons!

AIR-FILTER and spark-plug cleaning, and radiator flushing help give better gas mileage. A clean air filter makes gas burn more economically; clean plugs increase power; a clean radiator prevents overheating.

GET AN APPOINTMENT TO HELP YOUR Gulf Dealer do a thorough job on your car—and to save your time—make an appointment in advance. Phone or speak to him at the station. Then you should encounter no delay when you get Gulf's Protective Maintenance Plan... 13 services in all!

PAUL IN CORINTH

LESSON TEXT—Acts 18:14: I Corinthians 13:13

GOLDEN TEXT—But now abideth faith, hope, love, these three; and the greatest of these is love.—I Corinthians 13:13

Who is a Christian? One might answer in a number of ways. He is one who has been saved by the redeeming grace of Jesus Christ. He is one who seeks to live a life in accord with the will of God. He is a witness for God, and so on. But the answer that the whole world understands is a life in which the redeeming love of Christ begets a true love for one's fellow man.

I. An Example of Christian Love (Acts 18:1-4)

Teaching and preaching are God's ordained way for presenting the truth. They are effective, but only when done by one whose life exemplifies the truth. In his letter to the Corinthians Paul gives the greatest discussion of love known to the world, but before he wrote it he had lived that truth before them. The Holy Spirit spoke through him of love, because He had already lived the truth out in the preacher.

Two things appear here: Paul was:

1. Working (vv. 1-3). The world's most distinguished missionary and preacher had arrived in Corinth. Where was the welcoming committee of local dignitaries? There was none. Whose comfortable home would receive him? None was offered. His was the lot of the pioneer for Christ. He had to hunt up a Jewish fellow craftsman and go to work to earn his bread.

Paul, like every other Jewish boy, had learned a trade, something he could do with his hands. He was a tent and sail maker, and was not ashamed to work at his trade. A more recent follower of Christ put it thus: "My business is to preach the gospel, but I pack meat to pay the expenses."

But notice that Paul did not let this work become the chief thing. As the Lord prospered him he did not decide to "go back into business." No, for his real business was:

2. Witnessing (v. 4). He began, as was his custom, in the synagogue, presenting Christ to Jews and Greeks. The Jews opposed him (see v. 6), and then Paul addressed himself to the Gentiles.

God prospered that ministry and encouraged Paul by a vision, assuring him that the Lord had "much people" (v. 10) in that wicked city. The love of Christ in Paul thus shone forth as a light in the darkness of sin and superstition.

II. An Explanation of Christian Love (I Cor. 13)

This is one of the outstanding chapters of all Scripture. Its magnificent discussion of the greatest of all themes has drawn forth many choice expositions.

The thought centers around the emptiness of the loveless life, the glory of the life of love, and the eternal unchangeable power of love. We gather it up in three words.

1. Indispensable (vv. 1-3). Without love man's attainments are empty. He may become an orator with a "heavenly" gift of speech, but unless he truly loves, his elegant and persuasive talk is just a meaningless noise. How true!

One may also have marvelous gifts of prophetic insight and a wonder-working faith, and find that it is all a vain and empty experience without love. Our world leaders could well study that verse just now.

Sacrificial interest in the needs of mankind is a fine trait in man, but it must have the love of Christ in it or it too is profitless. As we think of feeding the hungry nations of the earth, let us not forget to make it worth while by doing it in Christian love.

2. Incomparable (vv. 4-7). The standard for the life of a Christian is a very high one; in fact, it is impossible of attainment apart from the grace and power of Christ. Naturally, we find ourselves to be impatient, proud, suspicious, resentful, etc. The new nature in Christ is just the opposite, for love rules.

Note that phrase "endureth all things." We need that in these days when it is so hard to keep on going, or as someone said, "to keep on keeping on." Love endures all things.

3. Immutable (vv. 8-13). All things in life change and pass away. Love is eternal and unchangeable. Even the spiritual gifts have their fulfillment and pass from view, but love shall endure through all eternity. God, the Eternal One, is love (I John 4:8, 16).

When we shall come to that perfectness of understanding which is to be ours one day, when we shall know even as God now knows us, then we shall see love as the supreme gift, eternal in its power and validity.

PROTECTION for Your Family!

Mom Says: "I always manage to find time for several glasses of Teal Dairy milk during the day. Surprising how it makes me feel better and gives me more energy."

Sis Says: "Nothin' like a glass of Teal Dairy milk with some of Mom's cake! It seems like all the kids at school drink it. Miss Brown, our teacher, says milk gives us good teeth and solid bones and is just about the best all round food there is."

Billy Says: "I want to grow up to be strong like Uncle Jim. He says milk's the best thing for every fella' that likes to play baseball and football the way I do! Mr. Smith—that's my gym teacher—tells all us kids to drink a quart a day."

Dad Says: "I wasn't much of a milk fan until I tasted Teal's Dairy milk. After that, I drank it regularly. Seems like I feel better, too."

Teal & Son Dairy Milk rates first with Post families. It contains the minerals and vitamins that are necessary in every diet. It is vital protection against sickness—and it promotes body growth. Serve it to your family daily.

Gretta Bilberry - Pvt. Calvin Cooper Marry Friday

Miss Gretta Bilberry and Pvt. Calvin L. Cooper were married Friday, May 12, at 7:00 p. m. at the First Baptist church with Rev. R. C. Tension officiating.

The bride was attended by Miss Joyce Stevens and Allen Julian attended the groom as best man.

Miss Bilberry wore a dress of sky blue with white accessories and a corsage of pink rose buds. Miss Stevens was dressed in light blue crepe with pink accessories.

The bride is the daughter of Mrs. Henry Bilberry and the groom is the son of Mr. and Mrs. C. L. Cooper of the Graham community. Only the parents and a few close friends attended the service.

Following the wedding a reception was held at the home of the bride's mother. The refreshment table held a beautiful three tiered wedding cake which was cut by the honor couple. About twenty-five guests attended the reception.

Pvt. Cooper left Monday night for Fort Benning, Georgia. Mrs. Cooper will remain here for the time being and resume her work here for the O. K. food store.

Out-of-town guests who attended the wedding were Mrs. Marlin Podge of Ft. Worth, Mr. and Mrs. L. A. Enloe of Slaton, Mr. and Mrs. Leonard Bullock of Grassland and Mrs. H. O. Lee of Roswell, New Mexico.

GRAHAM LADIES TO PRESENT PLAY

There will be a play at the Graham school auditorium Friday night, May 26. The play will be 3 acts of laughter and fun. The title of the play is "Aunt Symanthy Rules the Roost" and will begin at 8:30. Everyone is invited to come and have a good laugh.

J. W. Teal had the misfortune of breaking two bones in his hand last Friday.

Senior Sub-Debs Entertained With Formal Breakfast

With the close of school the Sub Debs have rounded out a full year of fun with a series of parties and picnics. They were started with a picnic some weeks ago which was followed soon after by a waffle supper given by Norma Jean Schuler.

Sunday morning the Senior Sub Debs were given a breakfast by the other members of the club at the Courts cafe. The tables were beautifully decorated with lace tablecloths and pansies and a delicious menu was served. At the breakfast Mrs. B. J. Edwards invited the group to a dance at her home, after the commencement program Friday night.

Members of the club are: Marion Hodge, Wanda Thomas, Miggie Graham, Betty Williams, Iris Joy Parker, Hazel Cash, Melba Miller, Mary Carpenter, Peggy Robinson, Billy Doggett, Pearl Fleming, Dorance Propst, Billy and Betty Kennedy. Norma Hudman, Mary Robertson and Marion Edwards. Our sponsors are Mrs. B. J. Edwards and Mrs. Bake Robinson, Sr. —Reporter

Graham Club Met In Wallace Home On May 11th

The Graham Homemakers club met with Mrs. Pearl Wallace as hostess with Ada Mae Tucker and Jonnie Wallace as co-hostesses.

A nice program was presented by Mrs. Myrtle Hoover. They honored Mrs. Nettie Seay with a going-away shower. She received many useful gifts.

Lovely refreshments were served to twenty members and four visitors.

The club will meet again on Thursday, May 25 with Alma McBride and Dovie Young in the McBride home. —Reporter

Beautiful Setting Given Harrison-Cass Wedding Wednesday Night

The traditional nuptial music and decorations which effectively combined pink roses, pink gladioli, and fern were used to provide a suitable setting for the recitation of wedding vows for Miss Erma Lee Cass and Captain Euel D. Harrison in the First Baptist church on Wednesday night. White cathedral tapers in branched candelabra provided the only illumination for the beautifully decorated altar. The ceremony was performed at 8:30 o'clock by Rev. R. C. Tension who used the impressive double ring ceremony to unite the couple.

Pre-nuptial music was given by Miss Mattie Evelyn Stone, soloist, who sang "I Love You Truly" (Bond) and by Mrs. Skeeter Slaughter, pianist. Mrs. Slaughter played "Vienna Refrain" preceding the ceremony and "The Flower Song" as the vows were exchanged. She played traditional processional and recessional wedding marches for the wedding party.

The bride, who was given in marriage by her father, wore a becoming two-piece oyster white crepe frock and carried an arm bouquet of pale pink flowers and fern. Her fetching hat was of Navy straw and pink roses and was a Louie Miller model. Other accessories were white.

Mrs. Madge Mathis was matron of honor. She wore a two piece crepe model of rose with harmonizing accessories and a shoulder corsage of white gardenias.

Miss Margaret Stone and Miss Peggy Sue Robinson were bridesmaids. Miss Stone wore a dusty pink crepe and Miss Robinson a soft green crepe. Both wore corsages fashioned from white carnations.

John Robinson served Captain Harrison as best-man and ushers were W. J. Tipton and Lieut. Fred Trauhart of Midland Army Air field.

The bride, the daughter of Mr. and Mrs. E. E. Cass, is one of Post's most attractive young business women, having been secretary of the First National bank for a number of years.

The groom, son of Mr. and Mrs. J. E. Harrison of Jayton, is a bombardier instructor at the Army Air field in Midland, Texas. He served more than a year overseas and saw service in North Africa, Tunisia, Italy and New Guinea. He is a graduate of A & M college.

The couple left immediately following the wedding for a short wedding trip before going to Midland.

Decorations of Red Roses Used During Bridal Shower

Especially attractive sprays of Paul's Scarlet climber roses combined with greenery were used to decorate the entertaining rooms of the Noah Stone home on last Friday night when Miss Erma Lee Cass was complimented with a miscellaneous shower. White tapers arranged around the chosen flowers gave illumination to the party rooms.

Hostesses for the occasion were Misses Margaret and Mattie Evelyn Stone, Miss Kitty Faires and Mrs. Weldon Jobe.

In the receiving line were Margaret Stone, Miss Cass and her mother, Mrs. E. E. Cass. Other house party members were Mrs. James Minor and Mrs. Madge Mathis who presided at the refreshment table; Mrs. B. M. Robinson who was in attendance over the beautiful display of gifts; Miss Kitty Faires who presided at the bride's book; and Mrs. Skeeter Slaughter and Miss Mattie Evelyn Stone who furnished music throughout the calling hours.

Coffee, individual cake squares, decorated with pink and white frosting, assorted nuts and colorful mints were served from a beautifully appointed lace covered table. A handsome arrangement of the chosen flowers in a silver bowl formed the attractive center piece.

A host of friends attended.

GRAHAM 4-H CLUB MET FRIDAY AT SCHOOL

The Graham 4-H club met Friday, May 19 at Graham school. After songs and a business meeting Miss Manley gave her demonstration. The adult sponsors will be present at the next meeting May 25 in the club room. —Reporter

Pastel Colors Add Charm To Party For Erma Lee Cass

A party of unusual interest took place on Wednesday afternoon of last week in the home of Mrs. Skeeter Slaughter when several hostesses entertained with an announcement tea honoring Miss Erma Lee Cass, who became the bride of Capt. Euel Harrison in a ceremony held at the First Baptist church last night.

The hostesses were Mrs. Slaughter, Mrs. Madge Mathis and Mrs. B. M. Robinson, who together with the honoree and her mother, Mrs. E. E. Cass, formed the receiving line. They were attractively dressed in floor length pastels and wore shoulder corsages of pink rosebuds.

Miss Cass was beautifully gowned in a turquoise crepe model and wore tulle and rosebuds in her hair. The bride's mother wore a trim egg-shell dress with pink rosebud corsage.

The spacious Slaughter home was artistically decorated with spring cut flowers in pastel shades to match the floor length dresses worn by the girls of the house-party.

Miss Margaret Stone invited guests into the dining room where Mrs. Belle Fairbanks poured tea from a gold service and Mrs. James Minor poured coffee from a silver service. The tea table covered with a handsome lace cloth was centered with gorgeous sprays of pink snap-dragons in a gold bowl, flanked by pink tapers in gold and silver holders. Small iced brides' cakes, each topped with tiny pink rosebuds, enhanced the bridal theme. Miniature gold wedding bells attached to white cards bore the inscription "Erma Lee — Captain Harrison, May 17, 1944."

Miss Peggy Sue Robinson invited guests from the dining room to register in the brides' book, which was presided over by Miss Kitty Faires.

Miss Mattie Evelyn Stone furnished music during the calling hours and sang several numbers accompanied by Mrs. Slaughter.

Many friends of the bride-elect called during the hours of four to five-thirty.

GRAHAM H. D. CLUB MEETS IN McBRIDE HOME

The Graham Home Demonstration club met Tuesday, May 9 with Mrs. Thelbert McBride. The evening was spent visiting and crocheting. There were seven ladies present and four new members joined. The new members were Misses Perry Graham, Fred Gossett, Jesse Peede and Melvin Hill.

The next meeting will be May 23 with Mrs. Hoover as hostess. This will be an all-day meeting. Each lady is asked to bring a covered dish. Miss Manley will give a demonstration on slip covers. Every one is invited. —Rep

Questions on New Draft Regulations Answered

Washington—Here are answers to some of the questions that still may bother draft registrants 26 or over:

Q. Is every local draft board bound to follow the new policies announced last Thursday?

A. National headquarters believes that the boards, by and large, will attempt to carry out the principles laid down.

Q. Does this mean that no men 30 and over in essential industries will be drafted until further notice?

A. As a general thing, yes. But a local board may decide that an elevator operator in a war plant, for instance, is doing work for which women are available. If the board decides this man is not contributing all he could to the war effort, it can refuse him a deferment.

Q. Then a board can draft men over 30 even if it still has not inducted all its men under 26?

A. Yes, but this would be the exceptional case, not the rule.

Q. Isn't it true, however, that many men over 30 doing useful work in essential industries were drafted and are being drafted now in spite of the "stay" ordered on April 8?

A. The new directive is intended to correct that.

Q. What shall a board do if it runs out of men under 26, exhausts its 26-29 group of non-necessary men, and has no 30-38 men in non-essential industries from which to draw?

A. The board should let the call ride; that is, fail to deliver its quota for that month.

Q. What should an essential employer do if a deferment for an over-30 employe is turned down?

A. Selective Service Director Hershey advises that an appeal be filed.

Q. In some cases which have developed in recent weeks, the appeal period has expired?

A. You can appeal whenever there is a new fact to be considered. These regulations are a new fact.

Q. What if a man is already accepted—that is, has passed his physical examination—but has not yet been inducted?

A. He is in no less favorable position. Selective Service has directed that these cases be reopened immediately.

Q. There is always a time lag between the forming of policies and placing them in effect. Will some men be caught?

A. There will be some injustices and discrimination, inevitably.

Q. Local boards have been directed to review the cases of all men in the 26-29 and 30-37 groups who have been classed 1-A, and to defer those who meet the new requirements. Will this reclassification be automatic, or should the employer file a deferment application?

A. To make sure, the employer should file at once for every man he wants deferred who is over 30 and who has been classed 1-A.

Q. What should the registrant himself do?

A. The 30-or-over registrant should make sure that his local board is aware of his status. If he is in 1-A, and in essential work,

he should notify his board he should be in 2-A or 2-B.

Q. Local boards are now authorized to grant deferments in industries not mentioned on the official war manpower list of essential activities. Could a board defer a professional ball player?

A. A board has that power, if it decides baseball is an activity "in support of the national health, safety or interest."

Q. Is a board likely to defer a ball player?

A. No. Boards which are sending fathers to war are not likely to let ball players go on playing ball. It is up to the board's sense of responsibility.

Q. Could a lawyer get a deferment?

A. This also is up to the board, and might depend on how many lawyers there are in his community.

To Our Friends and Customers

A growing city is almost invariably a city with a friendly and hospitable spirit. Sometimes a city achieves a sudden growth as a result of an oil boom or the discovery of other wealth hidden beneath it's soil. But these instances are only rare. Most cities are man made.

Small cities become great cities through the vision and energy of it's citizens. Such a city constantly seeks new capital investment in its development, new enterprises, new industries, new payrolls and new citizens.

This program of city building, featuring the welcoming hand of friendship to new citizens and new enterprises and accompanied by the fullest possible support of the industries it already has, brings rich rewards. The great cities of the Southwest were built and are being further built in just such manner.

The Southwestern Public Service Company is an independent company operating wholly under local management, since it has no holding company over it whatsoever. Thus it's officers and managers are in position to conduct the operations of the Company under a policy of cooperation with the people of the cities and communities it serves.

This policy means the finest possible service to the public at the lowest possible rates consistent with such service. It also means the fullest cooperation with the citizens in all matters leading to the development and upbuilding of the cities and communities served by the Company.

Mail To Come All By Air Now

Local postoffice informs the Dispatch that under the new regulations received recently, V-Mail from soldiers and army and navy personnel, properly stamped will come the way by air mail.

Therefore, incoming mail, when by air, was brought to the mailing offices here in the United States, and after being developed from the film and printed on regular V-mail paper, was sent on to its destination by usual mail transportation.

After developing, it will continue on its destination by air, gaining several days in time.

Stoker spent the first of the in Fort Worth on business.

Howard Price Attending Dental School

William H. Price, better known to his many Post friends as Coach Price, is attending naval dental school in San Diego. Price's wife and daughter are living near the base. His address is: William H. Price, Pm 3c, Marine Corps Base, Dental Clinic, C. Recruit Depot, San Diego, 41, Calif.

More Children's Garments

More than two million dozen essential items of infants' and children's wearing apparel will be produced during June, July and August, WPB said. All garments are to be manufactured from woven cotton fabrics and will include infants' creepers, gowns and dresses; and boys' washsuits, underwear, overalls, shirts and blouses.

Senior Class Prophecy

From the Senior Class Prophecy we find many unusual things happening to the graduates of the 1944 class. Excerpts from the prophecy:

That vivacious personality belonging to Hazel Cash is now being exercised to its greatest extent as First Lady of the U. S.

And surely you have heard of that famous African Hunter, Frank Buck (Bring 'Em Back Alive) Stokes. He and his equally famous wife, the former Maggie Graham who is to be compared with the great Osa Johnson of old, are making a tour of the U. S. at present showing off their mounted hippo heads.

The popular Mary Margaret Duckworth who was your class secretary and treasurer, is still going strong. Now she is America's delegate to the International League at Switzerland. Who was it that said this was not a woman's world?

All the subscribers of the Post Dispatch know and love another of your classmates, Dorrace Propst. She writes the "Advice to the Lovelorn" column in that large newspaper.

Nearly every magazine you pick up now has the picture of that beautiful and "leggy" Margie Ryland on it. It is rumored that MGM offered her a 20 year contract, but she turned it down so that she could remain loyal to her old boss, John Powers.

I fear that you will be disappointed to hear that Hugh Templeton is still a dishwasher at the American cafe. But the poor boy just cannot get the nerve to leave Jennie and Wilf without a dishwasher. They are so indebted to him they advanced his salary 50c.

In 1953 when the ship "The Princess" made its maiden voyage, the head hostess on that streamlined liner of unheard of luxury was another classmate, Maxine Doggett.

As was expected, Betty Jane Travis has not strayed from the straight and narrow way! She has taught the first grade for the past 6 years (poor kids)! And, if Thomas Parks ever gets up the nerve, she is willing to be his Missus.

It seems that Buddy Malouf has not yet succeeded in getting girls off his mind. Being in Rio de Janeiro as head of the G. E. plant there has not helped him any either.

Southland Boys In Service

Congratulations to the Harlan Basingers of Lubbock on the birth of their son, Ronald Dale, weight 7 lb., 3 oz., on May 8 at Plains hospital, Lubbock. The father left for San Diego May 2 and because he was in Boot camp, they could not get a phone call through to him to tell him the news. He is the son of the Alfred Basingers of Hackberry.

Sgt. Billy Basinger, another son of the Alfred Basingers, is being moved from Kingman, Ariz. to Lincoln, Neb.

Mrs. G. N. Smallwood received a cablegram greeting last weekend from her son, 2/E Petty Officer Neil Smallwood.

1/c Petty Officer Carlos Wagoner sent his mother, Mrs. Walter Kellum a cablegram that on Monday before, he and Miss Betty Lucas were married. The bride is a British girl living in New Zealand who has known Carlos for three years. If nothing prevents it, she will come to the States to stay for the duration; the officials notified her that she must be ready at all times, as she would only be given a two-day notice before the sailing date.

Mr. and Mrs. R. E. Cox had as guests on Mother's Day Morris Cox and family and Jess Hendrix and family of Lubbock and Roy Green of San Angelo. Mrs. Green and two children spent the entire week here returning with Mr. Green to San Angelo late Sunday afternoon.

er.

If, after saving up your money for that N. Y. trip, you fail to visit the Stork Club and hear Theda Gilmore sing, you have wasted your time and money in a much less worthy spot. She is the regular Sinatra when it comes to making the old gents swoon. She sings with James Lucas and his "Lucky Tigers" who would rival Harry James back in 1944 with their sweet and hot music.

The Scott & White hospital in Temple is doing a thriving business nowadays with Zora Anne Outlaw as their x-ray technician.

Doris Ray Porter has advanced somewhat from his job as school bus driver to that of manager of the Texas Greyhound coaches.

Located on the outskirts of a large city in New York in sumptuous and beautiful grounds you will find the "Mason Experimental Laboratories" owned and operated by Marshall Mason. He and his aides have perfected a new device to cool coffee which eliminates "saucering." His home fires are kept burning by his wife, the former Melba Miller, and the two kiddos, Marshall and Marsha.

You can certainly tell there is a manpower shortage. Elsie Josey is now customs inspector between Texas and Mexico.

Scott Davis is the owner of a large ranch that covers most of Garza county. The Chamber of Commerce is scared to death that he will want to buy out the city of Post.

Grade School News

Miss Bonnie McMahon, Reporter
Read and Stamp Sale

Last week's sales amounted to \$240.05. Misses Gertrude Schoolcraft and Laurene Richardson, Zoe Sims, Jean Sims, John Jerald Bilberry, Wanda Jean Bilberry, Ann Mullins, Ina Jean Cato and our little friend Jackie Redman bought bonds. Jackie is a pre-school boy.

Grade School Personality

She is in the third grade. She makes good grades and the honor roll. She took expression from Mrs. Mullins and was on the last recital. She is the most popular girl in the third grade. Can you guess who she is?

The answer to last week's personality is Junior Malouf, the son of Mr. and Mrs. M. J. Malouf.

Jimmie Thomas To Arrive Today

Jimmie Thomas, son of Mr. and Mrs. Tol Thomas, is expected to arrive today for a 45 day furlough. Jimmie has been stationed in Puerto Rico for 27 months and was sent back to the states last week where he was hospitalized for a few days. He is with the Army Air Corps. He will be accompanied in Post by his sister, Mrs. Red Floyd.

Word has been received from Weldon Jobe that he is to be moved again very soon. He was sent from the San Diego naval base recently to Tiburon, Calif. He is with the Naval Construction unit and is to be sent to a school.

Vacation Bible School To Be Held By Southland Church

Sunday afternoon, May 21, at 2 o'clock, all children of all denominations are urged to be present at the Southland Methodist church for registration and opening exercises of the Vacation Bible School. Mrs. J. W. Hollman of Slaton will be supervisor of the three classes — Intermediates, Juniors and Primary. Boys and girls from 15 years to tiny tots are invited. Other assistants will be local people. Mothers are invited to visit any time. Classes each week-day will be from 3:30 to 5:30 p. m. On the closing day there will be a program and community supper.

McCOMBS - PARCHMAN

Miss Jackie Rae McCombs, daughter of Mr. and Mrs. L. W. McCombs and W. T. Parchman, jr., son of Mr. and Mrs. W. T. Parchman of Justiceburg were united in marriage Friday, May 12 in the home of Rev. D. W. Reed of Close City. The bride was dressed in white with blue accessories, carrying a white satin covered Bible and wearing a bouquet of pink roses.

They were accompanied by each of their mothers and also a sister of each, all from the Justiceburg community. The couple will make their home in Justiceburg. —Reporter

Mrs. Jessie Voss spent Mother's Day in Seminole with her daughter, Mrs. Joe Anderson and Mr. Anderson. She returned via Snyder and visited Monday night and Tuesday with her former pastor and wife, Rev. and Mrs. O. B. Herring. She also visited her aunt, Mrs. A. M. Curry.
