The first six of the new rental housing units at 12th St. and Avenue 5 were turned over to the Post Community Housing Association, Tuesday and the other four were promised by the contractor for occupancy Monday.

Robert Cox, president of the housing association, told The Dispatch that the units are being accepted "only" as paving and landscaping still remains to be completed by the contractor.

Sexton Huntley, manager of the seven-duplex, middle-income housing project, told The Dispatch that "all the 14 units have been spoken for," and in the process of notifying prospective renters that they can move in.

Some of the units have been leased to incoming teachers and have their possessions in cars and trailers with no place to go — and school due to start Monday.

Cox announced the directors of the housing association will meet at the bank at 2 p. m. today to handle a number of matters, including insurance.

Mrs. Huntley explained that eight of the 14 rental units have two bedrooms, and six of them only one bedroom. The units are all-electric with the renters paying their own bills.

The two bed-room units are renting for \$135 a month and the one bedroom units for \$115.

The housing association directors are receiving aid from both city and county in efforts to level the site for paving and minimum landscaping.

Cox explained that "we're trying to get this done as quickly as possible."

## Schools to open for fall term Monday

Classes beginning for the fall term in the Post schools today morning, principals will give a lot of information to a lot of students and parents.

Principal Jack Alexander calls attention to an all-day orientation period Friday, Aug. 20, from 8 a. m. to 4 p. m. at the principal's office in the new building for all children who will be in grades kindergarten through fifth grade and were not in school last year, or who have not been pre-registered.

Alexander said classrooms will be open at 8:15 a. m. Monday morning for all children through the fifth grade at 8:35.

The morning kindergarten class will dismiss at noon. The afternoon kindergarten class will begin at 1 p. m. and will dismiss at 3:45 p. m.

The full-day kindergarten class and first grade classes will dismiss at 1:30 p. m. the first three weeks of school, and thereafter at 3 p. m.

Second grade classes will dismiss at 3 p. m. Third, fourth and fifth grade classes will dismiss at 3:45 p. m.

Parents of children who do not ride the school bus must arrange for them to come home when dismissed instead of waiting at school for older children. (See School opens, Page 12)

## New long range program for WTC extension center

Western Texas College has announced a new long range plan for the Post campus.

The new plan, which emphasizes offering specific courses over a long period, will allow students to obtain an Associate in Arts degree in a year period. All classes will be offered in the evenings and majority of courses, including most of the basic requirements for graduation, will be offered in the Post extension center.

According to Dr. Duane Hood, the new plan will offer the required courses within a two-year time span (including summers.) The plan is coordinated to course offerings on the Snyder campus and can be used by all university parallel students by carefully planning a complete course in advance.

The plan is especially designed so that students may enter the program during any one semester and complete the program by consecutive attendance for two years. After two years, the program begins a new cycle.

Registration for fall semester classes is scheduled from 6:30-8 p. m. Tuesday, Aug. 24, in the High School Learning Center. A complete fall schedule and a copy of the long-range plan are included in the WTC ad in this issue of the Post Dispatch.

Persons wishing further information may contact Lane Tannehill at Post High School or Dr. Hood at 915-573-7156.

Veterans who wish to apply for VA Educational Benefits are asked to contact E. H. (Dan) Dever, Veterans Outreach Coordinator, by mail or telephone, 915-573-8511.

## Deep wildcat is among new Garza producers

The new Garza county well completions, including one deep wildcat, were announced last week through oil channels.

Among the new wells are two new Garza oil wells, one of them also a wildcat.

The new wildcat completion is No. 1 Swenson Estate, located 13 miles northeast of Post, which on test produced 10 barrels of oil daily and 37 barrels of water from an interval of 7,866-7,880 feet. The well bottomed at 7,800.

The first listed wildcat well in 1976, according to state records.

Among the other new completions were George R. Brown No. 2-A I. N. McCrary in the Post-Glorieta field, seven miles northeast of Justiceburg which produced 36 barrels of oil and 39 of water daily on test.

The new Brown wells, all in the Garza field, include:

George R. Brown No. 5-4 Post-Montgomery unit, one mile south of Post, producing 94.3 barrels of oil and 36 barrels of water daily from an interval of 2,934 to 3,072 feet.

George R. Brown No. 41 Post Estate, three miles south of Post, producing 16.1 barrels of oil daily and 51 barrels of water from an interval of 3,149 feet to 3,218 feet.

1976 CHAMPION GARZA COUNTY ROPER — Riley Miller, left, is shown with his team roper, Ray "Kid" Marley, as they display the 1976 Championship Saddle Riley won during the Post Stampede Rodeo. The saddle was won by a very close margin of one-tenth of a second over Fred Lucerio of Southland.

## Miller wins saddle

Riley Miller, who ranches in the Justiceburg-Pluvanna area, is the champion Garza County Roper of 1976, and he has the saddle to prove it. Riley came up winner in the Garza County roping partner, Ray Marley, moved the saddle and gave it a good scrub on the ground, which brought a quick response of "don't scratch that saddle" from Riley.

## Five hurt in downtown crash

Five Post young people were cut and bruised Sunday night about 9:30 p. m. when the sports car in which they were riding failed to make a turn west off Broadway onto Main and smashed head-on into a highline pole on the Caprock Gulf Service Station corner.

Dominic Hair was the driver of the vehicle, a 1976 Pontiac Trans-Am.

Two of those injured in the crash, Ronnie Pruitt and Cynthia Howell, were kept in Garza Memorial Hospital overnight before being released.

The other two in the car who also were hurt were Carolyn Strawn and Janice McDonald.

# Center dedication is set for Aug. 28

## Full program is planned

Plans for dedication of the new Post Community Center Saturday, Aug. 28, were announced this week by Mrs. Maxine Marks.

The dedication will be a bicentennial event with the Garza County Historical Commission, the Community Center board and the Post Chamber of Commerce jointly sponsoring a full afternoon and evening celebration.

The dedication itself is scheduled for 2:30 p. m. at which time Mayor Giles McCrary will present the building to County Judge Giles Dalby.

This ceremony will be held in conjunction with a flag raising ceremony at which the VFW, American Legion, Boy and Girl Scouts, and Cub Scouts will present the colors and lead the pledge of Allegiance.

An afternoon reception in the center will follow the dedication.

Reception plans include country-western music to be played by a group of county residents honoring area pioneers, some numbers by the Graham 4-H club's Country Five, and possibly an exhibition square dance.

Miss Christine Morris, Post school history teacher, will present 30-second vignettes of Garza County events during the open house program. Mrs. Barney Jones, Mrs. Tom Bouchier and Mrs. Viva Davis will present an entertaining skit on Garza's early days, and Frank (Chief) Runkles will tell of the Indians who were in this area about 1876.

A red and white comforter made by Mrs. Runkles to benefit the Garza County Museum will be awarded as a prize during the open house.

A red, white and blue afghan made by Mrs. Morris Neff will be auctioned off to benefit the Algeria Hotel restoration.

A historical display from the museum also will be shown during the open house.

Pioneer costumes should be worn, if possible, for the afternoon reception.

Ladies who entered the Mrs. Bicentennial contest July 4th will act as hostesses during the afternoon with members of the Bicentennial committee and Garza County Historical Commission serving as members of the house party, all in pioneer costumes.

The free evening program will begin at 7:30 when the Rev. Dudley Strain, pastor emeritus of the First Christian Church in Lubbock will portray the early day circuit rider and speak on pioneer customs of this area.

At 8 p. m. the Community Chorus under the direction of Dan Zeigler will again present the patriotic musical "I Love America." The original July 4th presentation of the musical is being edited to honor Garza County's centennial.

Immediately following the musical Eddie Nicholson of Lubbock, the rocking chair philosopher, who appeared in

Post earlier in the summer, will present his combination of humor, mountaineer philosophy and gospel songs.

Mrs. Marks urges those who can't attend the entire afternoon and evening program to attend the portions which interest them most.

Zeigler announced two chorus rehearsals the first for 8:30 p. m. Wednesday, Aug. 25 at the First Baptist Church and the second for 1 p. m. Saturday, Aug. 28 at the center to be acoustics.

## A LOCAL RODEO WINNER— Brent Terry best on bulls

It isn't often that Post produces a winner in its own Post Stampede Rodeo, but the community came up with the champion bull rider in the 36th annual production here last weekend in the person of young Brent Terry.

The Post high school junior, son of Mr. and Mrs. Bobby Terry, took top honors with an impressive score of 71 to nose out Tom Stout of Amarillo, who was runnerup, by a single point.

Perry Davis of Ruidoso and Von Woodruff of Wichita Falls tied for third with a 69.

Terry also competes in the American Junior Rodeo Association rodeo circuit.

Winners in the six contests are as follows:

The girls barrel races held this year were jackpot races with winners each night with Sharon Stucks, of Midland winning first with a time of (See Post Stampede, Page 12)

## Grand jury finds no proof of allegations

A Garza district court grand jury Sunday night, after sitting some 19 hours in an unusual weekend session, voted unanimously to "no bill" Sheriff Gene Gandy for a wide variety of allegations of misconduct in office.

Just to leave no doubts as to their convictions after hearing a parade of 17 witnesses, the jury all signed a report to District Judge George Hansard, who came here that night to receive it.

The report read: "The grand jury met for 19 hours and after hearing 17 witnesses and much deliberation on alleged violations of the Garza County sheriff's department, this grand jury found the allegations to be groundless — without proof — and returned a decision of no bill."

Then each of the nine grand jurors signed his name — Lewis Ammons, Mrs. Marion Cruse, Jimmy Hodges, Mrs. Willie Burleson, Johnny Kemp, A. J. Baumann, Ronald Joe Babb, Gene Moore, who was foreman and Don Ammons.

The grand jury and 12 witnesses were called for the special grand jury session at 8 a. m. Saturday and worked through the entire day to 6 p. m. with time off only for lunch.

## Power tools 'restolen'

Those power tools have been stolen again from Higginbotham-Bartlett Co. here.

Burglars broke into the lumber yard office through a window sometime Thursday night or Friday morning and made off with \$423.41 worth of power tools, extension cords, and tapes, plus \$40 in change from the cash drawer and the Coke machine.

A number of the same power tools stolen from the same firm several weeks ago and recovered by the sheriff's department were taken again, including a belt sander, saw, cordless drill, two jig saws and a jig saw kit.

Sheriff Gene Gandy asks anyone with information on the burglary to contact the sheriff's office.

## Jennifer Miller is talent contest winner

Jennifer Miller, daughter of Mr. and Mrs. Riley Miller of Justiceburg, won the District 6 Farm Bureau Talent Contest held in Snyder Friday and will advance to the state contest in Fort Worth in early December.

Jennifer gave a reading, "Day of Decision" accompanied on the piano by Tracy McAllister of Post.

Earlier Jennifer had won the honor of representing Scurry county in the contest, and by doing so won a \$300 scholarship to the college of her choice. She will be enrolling in West Texas State University in Canyon in just a few weeks for the semester.

Jennifer is a 1976 graduate of Post High School and has won many honors for her speaking abilities during her years in PHS and has given many different performances for special occasions during the summer. She gave the same reading at the dedication services for the Bicentennial Flag for Garza County.

## Sheriff's name cleared

The Garza district court grand jury has cleared Sheriff Gene Gandy of all the allegations so sensationally made against him here two weeks ago.

The jurors not only "no billed" the sheriff, but they added a terse report to the court that they found "the allegations to be groundless — without proof."

The grand jury did a thorough job too. It was no "quickie". They listened to 17 witnesses for 17½ hours all day Saturday, all Sunday afternoon and into Sunday night before reaching their decision.

The grand jury method of investigating criminal complaints is a sound one. It enables a group of citizens to question and probe in all directions to get to the facts of the case before reaching a decision. It is done in secret. If

there is any basis for charges the public testimony will come later at a trial.

Down through the years the grand jury system has worked well. It can only partially work in this case, however, because all the allegations against Sheriff Gandy were put into the public record via a request for an unusual court of inquiry.

The grand jury's decision should end the episode.

Sheriff Gandy in his short time in office has developed the joint city-county law enforcement arm into an effective force which has kept unsolved crime in Garza county at a low percentage. To this newspaper's way of thinking, this is proof that the joint city-county effort really works, and that Sheriff Gandy's operation has been effective.

## Let's get with it together

Post's leading industry — its schools — will crank up next Monday for another production year.

The start of the school term always means a quickening of the pace on Main Street and throughout the community. The summer's heat is not exactly over, but families with school-age youngsters automatically shift into high gear for a nine months run.

Post is welcoming a large group of new teachers this year to the faculty. Already, the teachers are at work at an in-service workshop this week preparing for the beginning of classes Monday morning.

Western Texas College of Snyder, which opened a Post extension center in the high school here a year ago in today's Dispatch announces a new plan by which working adults can obtain a junior college level degree by attending night classes right here in Post.

This is a new educational concept, WTC is offering through all its extension centers for the first time. It's a real opportunity for an

education while working at a regular job.

The opening of college classes aren't far away either for those who will begin to climb the ladder of higher education.

From top to bottom, education this year will like everything else, be more expensive.

Nothing really brings the smaller-sized communities back to a faster paced life than the start of school. It's even obvious here at The Dispatch office where the news pace steps up too.

The start of school Monday of course emphasizes the importance of safe driving on local streets. Around school zones that will be terribly important. So mark it down.

As the community gears up for a new school year, let's resolve to emphasize our togetherness and cooperation to make "the new year" one of real accomplishment, whether we be student, teacher, parent, grandparent, or just a good taxpayer without any deductions running around the place.

## Lope kickoff time again

One of the nicest things about the end of summer is the approach of autumn — and the football season. Especially Post Antelopes' grid campaign.

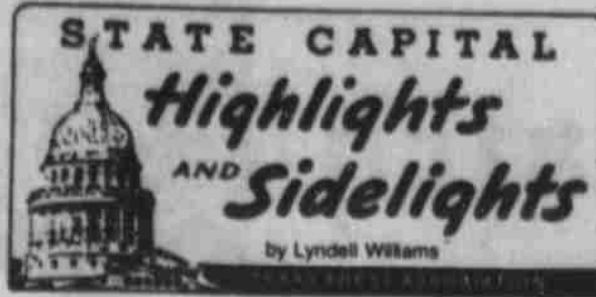

For the loyal fan over the years, this was not always so. It was more often frustration and defeats over the years than victories.

But after all those losing years, Post has a winning program now. And the winning carries over from year to year because winning is far more fun than losing and is worth working

harder for.

Post has a good group of lettermen, strong senior leadership, a hustling group of juniors, a hustling and talented group of sophomores who need only to add some more pounds under the pads.

The Antelopes figure to be competitive. That is all any loyal fan can ask for. And right now, they're undefeated and eyeing the district crown.

AUSTIN — Auto insurance rates are going up again — but not nearly as much as they would if the State Insurance Board hadn't installed automatic deductibles.

The average statewide increase for private passenger cars will be 7.1 per cent, effective for policies renewed or taken out October 1. This follows a 15.5 per cent hike effective January 1.

Deductibles of \$200 for collision and \$50 for comprehensive coverage will be written into all policies unless the holder orders otherwise at an additional premium. Policyholders pay the deductibles themselves in event of claims. Companies pay the balance over \$50 or \$200.

Insurance companies put in for a 27.9 per cent increase, and Insurance Board staff members recommended 19.3 per cent using present optional deductibles.

Actually, car owners in 29 of the 40 rating territories over the state will have reduced premiums under automatic deductibles.

More than 90 per cent of motorists are expected to accept the new system.

Deductibles of \$100 are written into most collision policies but not into comprehensive coverage.

Actuaries estimate the deductibles will eliminate \$55 million in administrative expenses for insurance companies and save the companies \$76 million in pay-outs to drivers.

Premiums vary on the basis of driving record, age, location, use, make and model of car. Bexar County (San Antonio) drivers would bear the largest increase — about \$13 — and those in Waller County would get the biggest reduction, \$35.

**Study Released**  
Texas Department of Highways and Public Transportation adopted a study calling for a new approach to road planning and new financing methods.

The department earlier instituted one of the recommendations placing highway planning on a statewide system basis rather than the old project-by-project basis.

New test is how much a project contributes to the overall state system rather than how it answers a community's needs.

The report by McKinsey and Company of Dallas (result of a 15-month, \$600,000 study) also recommends a moratorium on right-of-way purchases, since a large inventory is on hand which cannot be used for several years.

Many McKinsey proposals for financing highways due to the decrease in projected gasoline taxation already had been recommended by Gov. Dolph Briscoe.

**Prisons Crowded**  
Texas' prison population will increase about 50 per cent in the next five years, Department of Corrections Director W.J. Estelle told a House committee.

Estelle estimated the number of prisoners will increase from 20,847 to 30,153.

He is pushing for approval of a new prison facility. The prison system can build it for \$72 million, he said, but the institution would cost \$111 million if it is handled entirely by contract.

Estelle suggested the legislature consider giving counties authority to start work-release programs for their prisoners in local jails.

He backed a restitution

program by which the inmates would use part of their earnings to pay victims of their crimes.

**AG Opinions**

University of Texas regents have to make public a UT system nursing school report and other documents backing their decision to close it, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:

— A tax exemption for disabled veterans and their families is constitutional.

— The Railroad Commission must issue notice and conduct hearings in order to issue a formal declaratory ruling requiring interpretation of a previously-adopted commission rule.

— Blood tests for drunk driving are excepted from public disclosure.

— State employee retirement system trustees may promulgate rules requiring state contributions under the uniform group insurance benefits act be applied only to an approved "basic plan" or "retirees plan."

— County officers and employees can be paid for unused sick leave but are not entitled to interest on unpaid claims for accrued leave.

**Education Offered**

Education will be available next school year for more than 3,000 handicapped children not served by any agency.

Potential students three to 21 years old were located in a five-months statewide search.

Most of those located in the "Child Search" operation fall in the severely-handicapped range, and many suffer from more than one disability — physical, mental or emotional.

Texas Education Agency and regional education service center staff members will work with school districts to develop at least interim programs for the children immediately.

Special staff development programs designed to help administrators, teachers, diagnosticians and other personnel improve their skills are already underway on an emergency basis.

Some of the children, according to TEA, will need physical and occupational therapy as well as traditional education associated with public schools.

**Asking More**

In spite of advice to hold their budgets in line, major agencies are asking large increases in funding.

Texas Railroad Commission requested a 70 per cent boost to \$16.8 million in 1978 and \$17.8 million in 1979. The commission gas utility division alone asked a hike from \$360,313 to \$3.8 million.

Comptroller Bob Bullock requested a 45 per cent increase to \$53.7 million in 1978 and \$56.1 million in 1979.

The Department of Public Safety held its request within general 18 per cent

## '77 grant for Garza schools

WASHINGTON, D. C. — Congressman Omar Burleson announces the approval of a \$64,054.97 Office of Education grant to Garza County. The allotment of these funds for fiscal year 1977 is under the provisions of Part A of Title 1 of the Elementary and Secondary Education Act of 1965, P. L. 89-10, as amended. These funds will provide services for children residing in low-income areas and State-operated or supported institutions for neglected and delinquent children, who have need for special educational assistance in order that their level of educational attainment may be raised to that appropriate for children of their age.

The State Department of Education will distribute the county amounts to the school districts in accordance with Federal Regulations. Each school district is guaranteed no less than 85 percent of its fiscal year 1976 allocation.

increase guidelines suggested by Gov. Dolph Briscoe and legislative leaders. DPS asked \$89.9 million for 1978 and \$97.6 million for 1979, and lamented that it had not put in for another 100 highway patrolmen.

**Short Snorts**  
Tom Loranice of Houston launched a write-in campaign for the Texas Supreme Court against controversial Don Yarbrough.

State spending so far in fiscal 1976 totals \$5.3 billion, 17 per cent higher than 1975. But revenues are also \$5.3 billion, 11 per cent higher than the previous year.

Applications for permits to drill oil and gas tests in Texas totaled 10,396 through July, up from 9,256 for the same period in 1975.

The House Administration Committee plans a \$200,000 savings on bill printing by turning the work over to Texas Legislative Council.

**Borden votes school bonds**

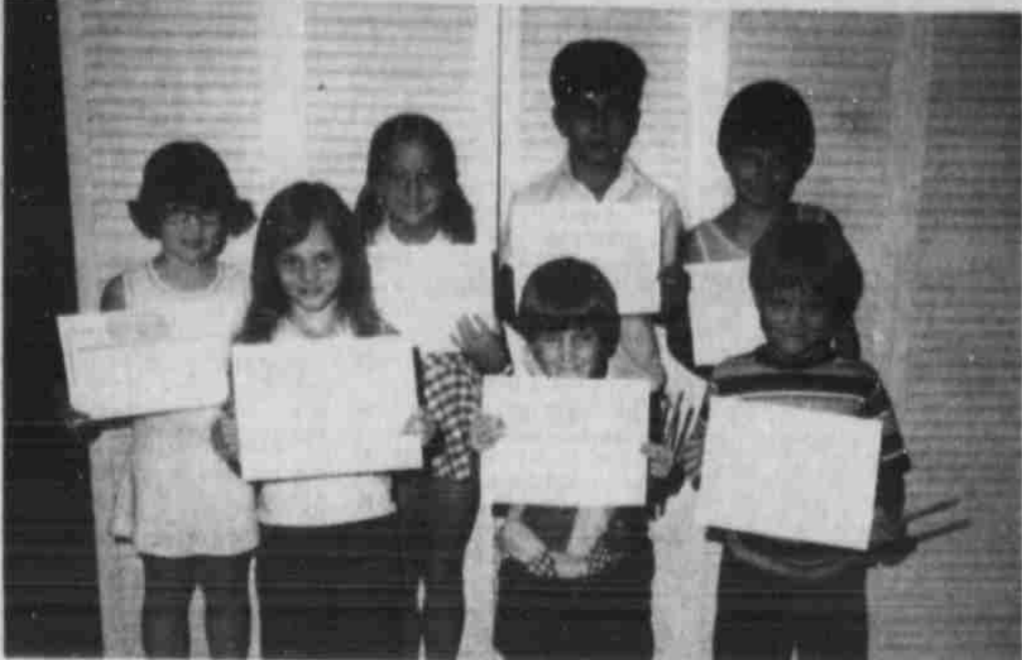

**GAIL** — Borden County voters approved \$1,000,000 in school bonds Saturday by a vote of 104 to 67.

The bond issue will finance construction of five new classrooms, a gymnasium, a cafeteria, a resource center, and an underground youth activity center.

Borden voters also approved by 206 to 40 a consolidation with the Fluvanna district, but the Fluvanna district voters turned down the consolidation 137 to 62.

On Monday, an agreement was worked out in Snyder whereby the small portion of the Fluvanna district in Borden County will be annexed by the Borden schools and the remainder of the Fluvanna district in Scurry County will be annexed by the Snyder schools.

The indebtedness and cash assets of the Fluvanna district will be divided proportionately to the taxable valuations with 51.1 percent going to Borden County and the rest to Snyder.

# Right Around Home

BEN MOFFETT

San Jose Mission in San Antonio, Tex. was founded in 1720. In this Bicentennial year it continues to function as an active church — a stone and mortar symbol of the faith, courage and vigor of the Franciscan fathers who built it — more than 250 years after Gray Antonio Margil de Jesus established it.

United States. The churches at Missions San Juan and Espada have simpler structural designs and are less ornate yet they have beautiful facades, each of which is topped by unusual double-tiered bellies.

All have rich histories which are best studied by visiting the area.

San Jose Mission is open daily throughout the year from 9 a.m. to 6 p.m. An admission fee of 25 cents is charged for each visitor between the age of six and 12 and 50 cents for all visitors over 12.

There are also \$1 tour tickets (25 cents for students) which admit the visitor to all four missions.

There is a self-conducted tour trail through the San Jose complex, which contains some 25 points of interest. One of the most popular for visitors is Rosa's Window, considered to be one of the finest pieces of Spanish colonial ornamentation sculptured in this country.

Other attractions on the tour include an old grist mill with a turbine style horizontal water wheel and a winding stairway made of hand-hewn logs leading to the belfry and choir loft.

Masses are held daily at 7 p.m. in the chapel, Saturday evening at 5:30 and Sunday at 7, 9 and 10:30 a.m., noon and 5:30 p.m. in the church.

While visiting remember to Safely Use, Preserve and Enjoy the Resources. Only then can you have a SUPER trip.

If you are planning a vacation Right Around Home, write the National Park Service, P. O. Box 728, Room P-3 Santa Fe, N.M. 87501, for a trip planning guide to those parks within an easy drive of your home.

## Dinner honors 88th birthday

Mrs. Mattie Dunlap was honored on her birthday with a Sunday dinner in the home of her brother and wife, Mr. and Mrs. Tommy Head.

On Monday, she was honored with an ice cream and cake party celebrating her 88th birthday. She was born Aug. 16, 1888, which makes it a unique birthday.

Guests attending the Monday party were the honoree, Mmes. Jet Puckett, Ann Gray, Bill Bartlett, Jack Head, Maysel James, Verna Roberts, Lucy King and Lela Stewert.

**TO CELEBRATE 50th ANNIVERSARY** — Mr. and Mrs. Ray L. Young will be celebrating their 50th wedding anniversary with a reception in their honor Sunday afternoon, Aug. 22, in the bank community room. The reception is being hosted by the couple's five children, Gaylon Young of San Antonio, Glenda of San Angelo, Floria of Sonora, Raynona of Lubbock and La Gayluah of Post. They also have 12 granddaughters, six grandsons, and one great-grandson. The couple was married at Ragtown in 1926.

## Turkey plentiful in markets this week

COLLEGE STATION — Turkey supplies are plentiful with periodic special price features in Texas grocery stores, making this a good choice for variety in summer meals, Mrs. Gwendolyn Clyatt, says.

"Fewer red meat specials exist and those available are scattered. Generally, featured items are chuck roasts and steaks, round, sirloin and T-bone steaks.

"A few markets are highlighting corned beef and beef liver for lower cost-per-serving budget menus," she added.

Mrs. Clyatt is consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

At vegetable counters, cabbage, carrots, corn, cucumbers, dry onions and soft shell squash continue to have reasonable prices. Moderate price tags are on purple hull and cream peas, okra, broccoli and eggplant.

"Watermelons are offered at attractive prices in some stores. The popular Pecos cantaloupes are available at moderate prices — quality is good."

Other fruits in season now are peaches, nectarines, cherries, grapes, plums and pears. Also

worthy of consideration are bananas and oranges.

## Spice, rice shower given

Miss Kim Mitchell, bride-elect of Larry Mills, was complimented with a spice and rice party Wednesday evening at 7:30 o'clock in the home of Mrs. Kent Carlisle. Mrs. Charles Williams was co-hostess for the event.

Guests presented Miss Mitchell with a gift of their favorite spices. The hostesses gifted her with a wall spice rack. Everyone then helped to make the rice bags for the bride.

Refreshments of a variety of dips and chips and cold drinks were served to 17 guests and the honoree's mother, Mrs. Mike Mitchell, her sister, Kelly Mitchell, and Mrs. T. D. Craft, mother of the prospective bridegroom.

### Registration starts Aug. 25

Lubbock — Registration for the fall semester at Texas Tech University will take place at 8 a. m. - 8 p. m., Aug. 25-27, in the coliseum.

Students who wish to continue attendance at Texas Tech but have not received their registration materials in the mail by Monday (Aug. 16) should contact the Registrar's Office, 49-3661.

Transfer students, and students who have recently re-enrolled at Texas Tech, should receive their registration packets by Wednesday (Aug. 18). If students fail to receive their packets, they should check with the Office of Admissions, Room 101, West Hall, 742-3661.

Schedules of fall classes will be available the day before registration in room 108, West Hall.

Classes will begin Aug. 30. Labor Day will be a student holiday.

### Beef supply prices 'trending down'

COLLEGE STATION — Beef supplies are more plentiful than a year ago, and prices are "trending down" in Texas grocery stores, Mrs. Gwendolynne Clyatt reports.

Most often featured are chuck roasts and steaks, round steaks and liver, this consumer marketing information specialist said.

She's with the Texas Agricultural Extension Service, The Texas A & M University System.

In other meat items, fryer chicken prices are about the same as last week, but some stores are offering "thrifty buys on mixed fryer parts."

"Small-size turkeys have attractive price tags, too."

"And egg supplies are adequate for the demand," Mrs. Clyatt said.

Grocery features include a variety of canned vegetables, catsup, noodles and tuna—good

choices for hot-weather meals, she added.  
Fresh vegetables with most economical prices are cabbage, carrots, yellow and zucchini squash, cucumbers, snap beans,

beets, corn, okra, blackeye and purplehull peas and green peppers. Excellent quality eggplant is on the market now and prices are somewhat lower, she reported.

In fruit departments, peach supplies are generous and prices more reasonable than last year.

Several varieties of grapes — Thompson Seedless, Ribiers, Cardinals — are at their peak now.

Other seasonal fruits include cherries, strawberries, nectarines, plums, cantaloupe, honeydews and watermelons.

CONSUMER WATCHWORD: Reconstituted powdered milk does not appeal to everyone's taste, but mixing whole milk with powdered in equal parts, and left standing overnight in the refrigerator then served cold, many people won't be able to tell the difference from whole milk.

### Rodeo set at Roaring Springs

ROARING SPRINGS — Motley-Dickens Counties' 53rd annual Old Settlers bicentennial reunion and rodeo is planned for Thursday, Friday and Saturday, Aug. 26-28.

Special events besides the rodeo each night will include a western parade at 10 a. m. Aug. 24, a barbecue at 6 p. m. Aug. 26 at the rodeo grounds, two dances each night, free dancing each afternoon, an arts and crafts sale, an old men's roping (age 50 and over) at 9 a. m. Aug. 27, slack roping on each of the three days, and a ranch cutting for Motley and Dickens county horses only at 11 a. m. Aug. 26.

# Pioneer gas tells of adjustment need

AMARILLO — Pioneer Natural Gas Company today delivered detailed gas purchase information to the various city governments throughout its West Texas system. The packets contain company testimony and exhibits for Pioneer's hearing to be held before the Texas Railroad Commission (RRC) in Austin, Sept. 14.

In May, Pioneer petitioned the RRC for a special hearing to enable Pioneer to publicly review its cost of gas for its West Texas system, to evaluate the correctness of the company's cost-of-gas adjustment, as well as to determine the appropriateness of the policies of Pioneer in maintaining its gas supply.

In announcing this action, K. B. Watson, Pioneer President said, "We are confident that Pioneer gas acquisition practices have been in the best interest of West Texas. Our testimony shows that we have the lowest gas costs of larger companies in Texas and, in spite of this, we have been able to buy more gas than we have sold in each of the past two years."

Watson went on to say, "Without these purchases Pioneer would have been unable to fulfill its gas commitments to customers." He said that Pioneer's West Texas system has a peak-day requirement of

approximately 998,000 Mcf. As of July 1, 1973, Pioneer had a daily availability of 544,281 Mcf from its old lower price contracts. By July 1, 1975, the daily availability from these older contracts had decreased to 286,444 Mcf. "This reduction in deliverability from Pioneer's old contracts would have drastically reduced Pioneer's ability to serve its customers' requirements had not Pioneer continued to purchase new gas," Watson said.

The approximately 700 pages of material furnished to the various cities contains statements by Pioneer officials as well as exhibits of various contracts and documents used by the company in its gas acquisition and distribution activities.

In commenting on the material given the cities, Watson said, "The testimony clearly demonstrates the continued need for the cost-of-gas adjustment, if the company is to maintain its current excellent gas supply position."

The hearing in Austin on Sept. 14, will be open to all interested parties and will be held in the Ernest O. Thompson building, 10th and Colorado streets, starting at 9 a. m.

## Friday rites for Mrs. Ward

**PLENTY OF INFORMATION** — Tipping the scales at four pounds and two ounces is the more than 700 pages of detailed gas purchase information delivered Monday to the City of Post and other various governments throughout Pioneer Natural Gas Company's West Texas System. Weighing the voluminous materials are Pioneer employees, Billie Washington (left), and Doris Vivens (right). The packets contain company testimony and exhibits for Pioneer's hearing to be presented before the Texas Railroad Commission (RRC) in Austin Sept. 14. The tall stack of gas purchase contracts to the left will be available for public examination at the RRC hearing in Austin and at Pioneer's Amarillo headquarters.

## In easier times, God remains man's saviour

EDITOR'S NOTE — This is another in the monthly series of articles by the Post Ministerial Alliance.

### GOD OUR SAVIOR

Two hundred years after the birth of our nation the United States now stands as one of the leading nations of the world, with a brief but glorious history, a brilliant record of achievement and progress especially on the technological level, and one of the highest and most comfortable standards of living of any country. However one of the problems of affluence is that it tends to corrupt.

Our forefathers had to struggle to tame and conquer this continent. They had to fight the elements. Often it was a struggle for survival. They had great faith in God which they passed on to us. They knew that without God they were lost.

With us because of our affluence, the danger may be that because times are easier, we would forget about God, that we would consider ourselves self-sufficient and quite capable of being able to make it without God. Even though in many cases the appearances of religion remain — the real sincere faith and the real felt-need for the presence of God in one's life may be

missing. A good experience for every Christian is to once in a while remind himself of his need for God and that God is Man's Saviour.

Modern man needs to be saved no less than the man of ancient times did. What does modern man need to be saved from? We wish to be delivered from the shortness of life, from the hard fact of death which we don't like to think about too often. We wish to be delivered from loneliness and the dread of loneliness. We want to be able to communicate with others, to be understood, to have truly deep and permanent relationships with others and not the very fragile and inconsistent type that so often mark our lives. We don't want to be bored so easily — bored with occupations, with things and worst of all with people. We wish above all to be saved from our selves, our self-righteousness, our lovelessness, our weakness, our jealousy, our hypocrisies, our sins.

The unhappiness and turbulence that man sometimes feels deep within himself point toward a longing for perfection and complete happiness that only God can provide. Man will always need God whether he is conscious of that or not. We became a great nation only with God's help. If God is now to be forgotten or pushed into second place in our lives we do so at our own peril.

## Certification labels on seed to change in 1977

COLLEGE STATION — Texas producers shopping for certified planting seed for the 1977 season will see a change in the certification label accompanying each bag of seed. Starting next year, seed will be certified for genetic identity only.

Although the new certification label assures that the seed is the variety stated on the label, the big change is the fact that it does not relate to any seed quality factors such as purity, inert matter, other crop seed, weed seed, noxious weed seed and germination. The Texas seed law, however, still requires that this information be truthfully stated on the analysis label accompanying the seed.

"The change in seed certification which becomes effective Jan. 1, 1977, means that producers will have to pay particular attention to the labels on the seed bag," emphasizes Dr. Robert B. Metzger, cotton specialist for the Texas Agricultural Extension Service. "The certification label will tell them what variety the seed is, and the analysis label will provide information on quality factors."

Both labels tell the complete story about the seed, but keep in mind that quality factors can vary even though the seed is certified, notes Metzger.

Certification for genetic identity means that seed has been produced and processed under standards and procedures established by the Texas Seed and Plant Board and enforced by the Texas Department of Agriculture to assure that the variety is as represented by the certification label accompanying the seed, but the new standards will place even greater responsibility on the

producer to carefully read both labels to determine if the seed meets his quality requirements," points out Metzger.

The Texas A & M University System specialist lists a number of reasons for the change in seed certification standards:

To assure a more dependable supply of seed officially certified to genetic identity.

To establish uniformity with the Federal Seed Act.

To encourage international seed trade.

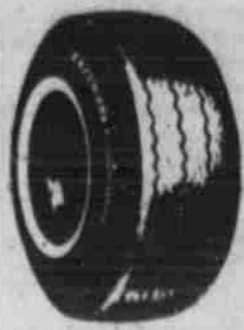

To allow production of certified seed having quality characteristics for different markets.

"The change gives seedmen more flexibility in producing seed for different markets," notes Metzger, "and at the same time promotes a plentiful supply of high quality seed."

"Quality is by no means being sacrificed by this change," he emphasizes.

"Quality standards will be as important as ever. The main thing the seed certification change does is place greater responsibility on the producer to select the proper seed for his particular needs."

# DRIVE BY THE RULES **SAVE SCHOOL CHILDREN'S LIVES**

## Mr. & Mrs. Motorist: POST SCHOOLS WILL OPEN MONDAY, AUG. 23

It isn't that children mean to be careless . . . it's just that in their zest and vitality they sometimes forget to stop, look and listen before crossing the street. It isn't that we mean to be careless, yet the very car we drive may be considered a lethal weapon and the consequences of our negligence could be fatal. It is our moral obligation to be extra alert these days when school children crowd the crosswalks!

# Lopes to meet Ralls here Friday night in scrimmage

Page 10 The Post (Tex.) Dispatch Thursday, Aug. 19, 1976

## Post archers hold tourney

Walt Welsey won first in the professional class in the Sunday tournament sponsored by the Post Archery Club here.

Other winners were Donny Stelzer, A free style; David Gary, first, Junior Stelzer, second, and Wayne Richardson third in A bowhunter; Gary Goveiman, first, Bobby Snow, second, and Leslie Seals third in B bowhunter; and Derry Tillson first in C bowhunter class.

The next tournament will be Sunday, Aug. 22.

## 11 lettermen will start on Post's attack unit

Football fans are invited to Antelope Stadium Friday night at 7 o'clock to see Coach Jackie Brown's Post Antelopes start the 1976 season with a scrimmage against the Class A Ralls Jackrabbits.

The starting offensive unit for the Lopes Friday night will be composed entirely of lettermen with nine of them also starting on defense as well.

Several other players will see considerable action with the top two units Friday night and within a few weeks, Coach Brown expects several unlettered juniors to possibly work their way up where so many players won't have to play both ways.

The twelfth letterman, Jimmy Dorland, will be out of action probably for three more weeks after sustaining a summer injury. He is working out on a limited basis.

This is the way the Post offense shapes up: At split end, Evans Heaton starting, if not playing quarterback, and Kyle Duren and Rodney Teaff both seeing considerable action.

The rest of the line is pretty well set with Casey Zachary at quick tackle, Buddy Britton at quick guard, Mark Kirkpatrick at center, Mike Babb at strong guard, Danny Saldivar at strong tackle, and Matt Allison at strong end.

In the backfield, Brad Shepherd will start at quarterback

with Evans Heaton, another junior letterman, also seeing considerable action there; Randall Wyatt at wingback; Perry Rogers at fullback; and Randy Baker at halfback; with Butch Booth also drawing lots of playing time.

The Lopes on defense will start with Britton and Ronald Bratcher at ends, Saldivar and Zachary at tackles, Mike Babb at nose guard with junior Brent Terry also getting a good look there, Rogers and Baker at linebackers, Allison at rover, Wyatt at halfback, Heaton at safety, and Duren at the cornerback.

Britton is slated for the kicking off with either he or Saldivar handling the point after and the placement kicking chores. Both Britton and Heaton are competing for the punting assignment.

Coach Brown told The Dispatch that the coaches divided the squad as equally as possible, sophomores included, for the Saturday morning scrimmage.

"While that may have slowed down the attack in only the second day in pads it gave us a good look at everybody," Brown said.

Coach Brown reports the coaches are pretty well pleased at this point in getting most of the basic plays of the offense "in."

The only injury so far is Rodney Owen, a split end, who has a bruised back muscle.

One new transfer student has reported out for football, Chuck Bass, a junior from Tahoka who is working out as a defensive end and offensive tackle.

Also due to see action in the Friday night scrimmage on defense will be Owen at split end; Jeff Greene, a quick tackle; Steve Davis and Bruce Waldrip at center, Raymie Holly at strong guard; Eric Howard at strong tackle; Ronnie Bratcher at strong end, Kohen Josey and Brent Terry, at wingback; and Wade McDougle and Steve Shedd at fullback.

Also working on defense will be Howard, Owen and Davis at defensive ends; Kirkpatrick, Bud Jones, Waldrip and Greene at tackles; Virgil Morris at nose guard; Butch Booth and Raymie Holly at linebackers; McDougle at rover; Teaff at halfback; Brad Shepherd at safety; and Kohen Josey at cornerback.

The scrimmage will be conducted with varsity and junior varsity alternately on the field either on offense or defense.

All the Post sophomores will see action in the JV phase of the scrimmage.

Twenty-six freshmen reported Monday for football and both seventh and eighth grade footballers will suit out Friday morning at the fieldhouse.

The eighth graders are asked to report between 9 and 10 a. m. and the seventh graders between 10:30 and noon.

## Boosters will meet tonight

The Post Antelope Booster Club will hold its 1976 organizational meeting at 7:30 p.m. tonight in the bank community room.

All local football fans are urged by President Jimmy Redman to be on hand. First order of business will be to make plans for "Meet the Antelopes" night.

## Volleyballers win 5 trophies

The Dalby Cattle Co. volleyball team have won five tournament trophies for their recent "season."

These included championship trophies for the Dalby Cattle Co. sponsored here, the Mador Lions Club tournament, second place finishes in the Tahoka Little League tournament and the Floydada Young Homemakers Ass'n tournament, and a third in the Spur Ex-Student Association tournament.

Players are Janet Hall, Flute King, Doyleene Shumard, Mona Harris, Terry Patterson, Cindy Johnson and Jackie Lester.

## Rites held for former Postite

Funeral services were held Wednesday for A. B. Haws of Jacksonville, Tex., formerly of Post who died of a massive heart attack Monday in Jacksonville.

He is survived by his wife, Eula, one son, Burnon, of Memphis, Tenn., two grandchildren and three great-grandchildren.

## Texas visitors spending less

AUSTIN — Last spring's auto visitors to the Lone Star State enjoyed Texas more but spent less, according to the state's quarterly visitor industry report.

Based on a tabulation of more than 10,000 questionnaires completed by travelers from out of state who came to Texas during the spring quarter, spending per person per day was down 18 per cent from the same period last year. However, the unexpected frugality of those tourist and business visitors was partially compensated for by an increased length of stay that

## J. B. Potts' mother dies

Funeral services were conducted at 5 p. m. Wednesday in Lubbock's Broadway Church of Christ Chapel, for Mrs. Ella Potts, 85, of Lubbock, mother of J. B. Potts, formerly of Post. Mrs. Potts died Tuesday at her home following a lengthy illness.

Joe R. Barnett and Horace Coffman, ministers of the Broadway Church officiated the services. Burial followed in Resthaven Memorial Park under the direction of Rix Funeral Directors of Lubbock.

Mrs. Potts, an early member of the Broadway Church of Christ moved to Lubbock County in a covered wagon in 1915 following her marriage to C. T. Potts in Haskell Dec. 15, 1912. He predeceased her in death in 1964.

Survivors include three sons, Charles T. Jr., of Amarillo, James (Doc) of Plainview and J. B. of Lubbock; a daughter, Mrs. Catherine Mason of Lodi, Calif.; two brothers, Ed Snodgrass of Idalou and Horace Snodgrass of San Diego, Calif.; 12 grandchildren; and two great-grandchildren.

## Safety award for engineers office

LUBBOCK — Julian F. Smith of the Post residency of the State Department of Highways and Public Transportation was one of nine supervisors representing their employes to be presented a safety award by George C. Wall Jr., district engineer, here Friday for completing 2,000 workdays without a lost-time accident.

## HOUSTON VISITORS

Mr. and Mrs. Ronnie Bouchier, Ryla B., Blair and Lew of Houston, visited last week in the home of Mr. and Mrs. Tom Bouchier in Post. While here they also visited with Mrs. Ronnie Bouchier's sister and brother and families, the K. W. Kirkpatrick and the Jack Lotts. They also visited with her parents, the John Lotts in Lubbock.

## OPEN HEART SURGERY

Dee Hodges of Post, entered Methodist Hospital in Lubbock Tuesday morning, and was to go into open heart surgery Thursday morning. Dee has recently suffered a heart attack.

**Vet degree to Larry Mills**  
COLLEGE STATION — Larry Don Mills of Post was one of 126 students awarded Doctor of Veterinary Medicine degrees recently from Texas A&M University's College of Veterinary Medicine.

Texas A&M's College of Veterinary Medicine produces 10 per cent of the D. V. M. graduates in the United States and is the largest such college in the nation.

Graduating magna cum laude, Mills is the son of Mrs. Wynelle Craft.

For the past several months, public health officials have been planning for, and talking about, the influenza immunization program that will be carried out this fall. However, there's another kind of immunization that shouldn't be forgotten, according to the Texas Department of Health Resources.

Dr. Jerome Greenburg, Deputy Director of Preventable Disease Services, TDHR, points out that "Every child, whether in school or not, needs immunization against polio, diphtheria, tetanus, whooping cough, measles and rubella."

All children who attend school must have the full series of immunizations against these six diseases before school begins. The Texas School Immunization Law forbids the schools to enroll a child who has not completed the immunizations.

The immunizations are available from your family physician. In addition, most local

and regional public health agencies have well-established clinics conducted on a regular basis.

Children should begin to receive their immunizations at the age of two months, in most cases. A series of separate vaccinations is necessary for each of the six childhood communicable diseases. If for any reason a child doesn't begin the series as early as two months, however, they can be started at any age.

Dr. Greenburg says that the schools are doing a good job of enforcing the state immunization law. "We are very proud of the school immunization levels achieved in Texas," he says, "and I think it's time to recognize the good work done by school administrators and the Texas Education Agency in assisting us. There are very few school districts that do not do well."

Across the state, school authorities report that 95 to 97 percent of their pupils have been fully immunized. Because of these levels of protection, the rates of potentially serious childhood communicable diseases have dropped dramatically in recent years. For example, polio, once an annual scourge in many parts of Texas, now is extremely rare: no more than one or two cases each year, and in some years none at all.

Health officials warn that parents should not wait too long to start their children's immunizations, since clinics become increasingly crowded as the opening of the school year approaches. The impending flu immunization campaign also will disrupt the usual clinic schedules.

Children will not be able to obtain the usual immunizations at the same time they receive their flu shot, Dr. Greenburg says. "There are a couple of vaccines that are not recommended for administration at the same time as the flu (vaccine)," he says. Furthermore, "The flu immunization effort is going to be so large that there simply will not be an opportunity at these big clinics to cope with a variety of other vaccines at the same time. So children, to get the flu vaccine, will need to go to a different clinic at a different time."

**No July crashes for Garza**

The Texas Highway Patrol investigated no accidents on rural highways in Garza County during the month of July, 1976 according to Sergeant H. E. Pirtle, Highway Patrol supervisor of this area.

The rural traffic accident summary for this county during the first seven months of 1976 shows a total of 29 accidents resulting in one person killed and 18 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for July, 1976, shows a total of 592 accidents resulting in 22 persons killed and 388 injured, as compared to July, 1975, with 568 accidents resulting in 22 persons killed and 398 injured. This was 24 more accidents, the same number killed, and ten less injured in 1976 at the same period of time.

The 22 traffic deaths for the month of July, 1976, occurred in the following counties: three each in Archer, Wise, Dallam, two each in Foard, Wichita, Lubbock; one each in Hale, Young, Deaf Smith, Hall, Moore, Sherman, Wheeler.

## School opens---

(Continued From Page One) Brothers or sisters. Bus pupils, and only bus pupils, will be supervised until the buses run at 4 p. m.

Kindergarten and first grade children will enter the east door of the primary building where they will find their room assignment posted in the hall. Second grade students will enter the main entrance of the primary building. Third grade students will enter the west end of the primary building.

Fourth grade students will enter the east end of the elementary building and fifth graders will enter the west end. Lunches will be served in the lunchroom at the cost of 80 cents a day. No one will be permitted to eat in the lunchroom unless an application has been filled out and approved.

The lunch schedule will be: Full-day kindergarten 10:45-11:25; first grade 10:55-11:35; second grade 11:00-11:40; third grade 11:15-11:55; fourth grade 11:20-12:00; and fifth grade, 11:30-12:10.

Free textbooks are provided for all students by the state of Texas. In addition, the school furnishes many types of materials and supplies. However, paper, pencils, crayons, etc. must be furnished by the student. A supply list will be furnished the first day of school. Also, all local businesses which sell school supplies have been furnished such a list.

"We believe parents want to know more about the program, growth and development of their children than we can give

in written reports," Principal Alexander said. "Also, we think both parents and teachers will benefit by an opportunity to sit down and exchange ideas and information which might lead to a better understanding of the child. For these reasons, we will schedule at least four conferences during the year."

"We are always ready to confer with parents about anything concerning their child or to explain what we are doing in our program of instruction," Alexander concluded.

Principal Billy Hahn has announced that the high school year will begin with a general assembly at 8:30 a. m. Monday in the high school gym.

The assembly program will include an opening ceremony with Hope Johnson, student council president, in charge; announcement of general rule changes and procedures by Hahn; the distribution of schedule cards and other handouts; and the closing by Hope Johnson.

First period classes then will meet at 9:25 and classes will proceed through the day on the regular activity schedule.

New students that did not attend Post High last year and students that did not pre-register for any reason will be given registration instructions at the Monday morning assembly.

Principal Hahn said, "We are looking forward to a very successful and enjoyable school year 1976-77. We would like to ask all students, parents and patrons to join us in making it so. All parents, guardians, and patrons are invited to join us in the opening assembly. You will

## New housing—

(Continued From Page One) with that of her husband, who manages the much older Post housing project, at 506 Maple Street. Her business phone is 3019.

According to the government loan certain income qualifications must be met by renters, but the units are designed for the middle income group and not the lower income group as was the first Post housing project.

Construction originally was scheduled to have been completed in July but labor and supervisory problems developed.

## Postings—

(Continued From Page One) Jimmy Warren, Richard Cisneros, Rene Medina, Andy Rosas, Pat Porter, Jant Ticer, Jimmy Todd Ticer, Robert Davis and Shelby Barley.

As for the three adults who went on the bike hike this is to report all three confined their riding to the escort vehicles. There was some talk they might "wheel it" with the boys, but that didn't develop.

## Deep wildcat—

(Continued From Page One) George R. Brown No. 44 Post Estate, two and one-half miles south of Post, producing 16 barrels of oil daily and 13 barrels of water from an interval of 3,040-3,092 feet.

The new wildcat announced its Victory III Petroleum Co.'s No. 1 Connell, 10 miles southeast of Post which will be drilled to an 8,000 foot depth.

The other new location is R. S. Anderson Inc., No. 2 Guthrie, seven miles northeast of Post in the P-M-A field which will be drilled to 3,500 feet.

## \$5,049 sales tax received

Post has been mailed a check for \$5,049.94 from the state comptroller's office for its one percent sales tax collected in Austin in July.

That was this community's share of \$14.5 million in sales tax collections mailed Friday to 659 Texas cities.

be welcome." Junior High students will open with an assembly in the junior high gym at 8:30 a. m. Monday.

New junior high students who have not registered are asked to do so either today or Friday in the junior high office between the hours of 8 and 12 and 1 and 4 p. m.

## Post Stampede—

(Continued From Page One) 17.97; Jo Ann Whitehead of Morton second with a time of 18.16 and Nanette Fine of Monahans winning third with 18.17 on Thursday night. Friday night winners were Marla Cathey of Big Springs, 17.82; Vickie Ross of Lubbock with 18.04 and Jamie Hataway of Snyder third with a time of 18.11. The only result for Saturday night available was that Sharon Stocks of Midland won first place.

In the calf roping event, Perry Lee of Henrietta won first with a time of 9.1, Dale Crowder of Lubbock second with 9.5 and Les Cochran of Abilene third with a time of 10.2.

The team roping was won by Wayne Shaw and Truman Bacon of Cisco with a winning time for first of 7.4; Bill Teague and Billy Teague of Crane, second with 7.8; and third was won by Bill Teague and J. L. Kenny of Crane with a time of 7.8.

The barebrone riding was very close, with a three way tie for first, second and third, with a score of 66 for each of the following, Dave Kooz of Earth, Bobby Biddy of Oleans and Mike Todd.

First place in the Saddle Bronc riding was Bob Wade of Tulia with a score of 68, Jud Simms of Lubbock, second with a score of 67 and Bob Wilfong of Stephenville was third with a score of 65.

First place in the float division of the rodeo parade last Thursday afternoon went to a float showing the changes made in medicine from pioneer days to the present time and entered by the staff of Garza Memorial Hospital.

Second place in the float division went to Southwest, for a float depicting Indians entitled, "First American." Dressed in Indian garb on the float were Donna Brown, Nelda Leake and Chief Runkles.

Third place in the float division went to the Double U ranch wagon owned by Kenneth Marts and driven by Gary Millberg and escorted by Mike Diggs.

First place winners in the decorated bicycle division went to Tori Bass, daughter of Mr. and Mrs. Carlos Bass, riding a decorated 12-inch bike with training wheels which read, "Happy Birthday America." Cathy Davis was second.

Cody Stone, three-year-old son of Mr. and Mrs. Jerry Stone of Gail, and Marty Greenwood, three-year-old daughter of Mr. and Mrs. Tommy Greenwood of Post were named most typical

## Grand jury---

(Continued From Page One) Smith had court commitments for this week, the jury wanted to call some additional witnesses, and jurors wanted to get their investigation completed, once begun, they agreed to hold the unusual Sunday session beginning at 1 p. m.

They worked right on through to 10:30 p. m. without stopping for dinner.

Sheriff Gandy was the final witness to testify.

The other 16 included Coleen Witt, Deputy Troy Vest, City Councilman Lewis Holly, Jay Strawn, County Judge Giles C. Dalby, Fred Owings, Keith Wilks, his mother, Ginger Phillips, Oneita Anthony, Donna Brown, former deputy Mike Crawford, Highway Patrolman Jerry Morris, Pat Walker, Vickie Williams, a radio dispatcher, former deputy Bobby Dean who is now at Snyder, Deputy Robert Blaylock and Deputy Junior Shepherd.

Twelve grand jurors reported Saturday morning, but two were excused. That left ten who sat through all the Saturday testimony. One was unable to return Sunday which left only nine, the minimum permitted by law as nine must vote for any action for the grand jury's legal approval.

That meant from the start Sunday, the action had to be a unanimous one.

Sheriff Gandy, asked by The Dispatch Tuesday to comment, said, "It's been a long weekend."

"I feel a great deal of pressure has been lifted from my family," he said.

The sheriff said he "would like to thank those who have called to wish me well."

The sheriff said, "I don't think these charges were aimed at just me and Garza County

little cowboy and cowgirl respectively.

The Lubbock Saddle Club won the first place trophy in the parade's riding club competition with the Abernathy Riding Club second and the Scurry County's Sheriff Posse third.

Other clubs participating were the New Deal Riding Club, the Floydada Riding Club, the Scurry County Junior Riding Club, the Lubbock Junior Riding Club and the Lamesa Riding Club.

law enforcement. I feel strongly that the hurt was aimed at the entire community.

"There is no telling how much this has cost the community, not to mention the disgusting accusations made against the city and county governments," Gandy declared.

The sheriff also had a bit of philosophical advice:

"If you don't like the community you live in, don't mess it up for the people who do."

Sheriff Gandy concluded by saying that "as far as I'm concerned this phase is over with. Each and every allegation was proved to be false."

The grand jury was called to

hear the allegations after County Judge Giles Dalby dismissed Pat Walker's request for a court of inquiry in which Walker sought the power to question witnesses himself. Judge Dalby ruled such probes traditionally in Texas are handled by grand juries and he asked the district attorney to convene the Garza district court grand jury to look into allegations against Sheriff Gandy, most of them brought jointly by Oneita Anthony, Donna Brown, two dispatchers whom Gandy discharged. Walker had filed the allegations with his request for a court of inquiry that made them a matter of public record.
