

Meet Garza County's 'law'—Sheriff Gandy and 5 deputies

Sheriff Gene Gandy

Deputy Bobby Dean

Deputy Junior Shepherd

Deputy Mike Crawford

Deputy Bill Drewell

Deputy James Vandygriff

These are the six men who wear the badges and carry the law in Garza County. They are Sheriff Ewald E. Gandy and his five deputies. The county citizens who from time to time call upon the sheriff probably don't know all the deputies on Sheriff Gandy's force. The Dispatch is using this means to introduce them. The five deputies are certified officers which means they have completed both their required law enforcement training and have at least one year's experience as a lawman. They have completed their schooling and are working toward the year of experience.

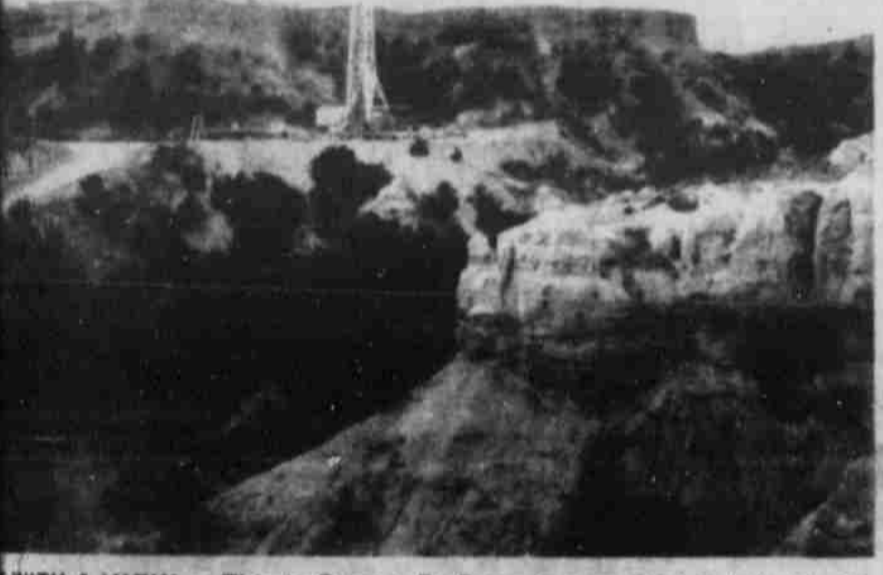

The fifth is qualified in New Mexico, but has a few hours of schooling to complete to be certified. Here are thumbnail sketches of the five deputies shown above with Sheriff Gandy. Deputy James Vandygriff, who started work here Aug. 10, is a certified officer, coming to Gandy's force from Hale Center where he served as a deputy for a year. He received his training in Plainview and is not married. Deputy Mike Crawford is the certified New Mexico officer who still needs a few more hours in the classroom to meet Texas certification requirement.

Mike has been employed here for 10 months, coming to Post from Hobbs, N.M. He received his law enforcement training from the New Mexico Law Enforcement Academy in Santa Fe and has served four years as a lawman. He too is single. Deputy Bobby Dean is a homegrown Post product who joined the law enforcement arm here almost a year ago. He received his law enforcement training at South Plains College in Levelland. Bobby is married and has three children. He has lived in Post all his life. Deputy Otis G. (Junior) Shepherd is the oldest deputy both in age and experience. He had been in police work for 19 years,

serving 16 of them previously in Post as the town marshal and a policeman. He was then chief of police at Wilson for three years before joining Sheriff Gandy's force in August of this year. Junior is married and has two children. He is a certified officer. Deputy W. E. (Bill) Drewell also joined the Garza sheriff force in August of this year. He received his training in South Plains College in the same class with Sheriff Gandy. Bill is a graduate of Texas Tech and this is his first year as a lawman. He is single and lives in Post.

The Post Dispatch

Year Post, Garza County, Texas Thursday, Nov. 27, 1975 Number 26

WITH A VIEW—This is George R. Brown's new Post Estate No. 39. It is being drilled on the caprock's edge, three and one-half miles south of Post. Drillers are offered a spectacular view of West Texas range country as they work. A special road had to be built to the location, which E. R. (Busler) terms "one of the most expensive locations in the big Garza field."

Christmas drawing prize: trip for two

The prize for Post's Christmas drawing this year will be something entirely different—a chance to "get away from it all." Forty-five sponsoring merchants and the Post Chamber of Commerce will give the winner a choice of a trip for two to either Las Vegas or Disneyland. The winner will receive air transportation round trip, fine hotel accommodations during the three days, two nights, stay, some meals and some cash expense money as well. If the drawing winner chooses the Las Vegas trip, the couple will stay at Caesar's Palace on the famous Las Vegas strip, receive a dinner for two and a late show there, and have a free chance to win \$12,500. If the drawing winner decides on the Disneyland junket, that trip includes no meals but a stay at Howard Johnson's at Disneyland, admission to the famed amusement park, a visit to Marineland, and tours of both the Universal movie studio in Hollywood and the NBC-TV studio there. Jimmy Mitchell, chairman of the Chamber's Retail Promotions Committee, says the committee got the idea from Plainview where merchants have been sponsoring "get away" trips for five years with excellent public response. The drawing will be held at 5 p. m. Saturday, Dec. 20. For a number of years cash drawings have been held instead of one big prize. Christmas shoppers can start signing up for the "get away from it all trip" in the stores of the participating merchants next Monday. The two big days for the Post Christmas promotion will be Saturdays Dec. 13 and 20. Santa Claus, that jolly old gentleman from the North Pole, will visit Post both these Saturday afternoons for pre-Christmas visits with local boys and girls to find out what they want for Christmas. He'll have candy treats with him of course. The Post Antelope Marching Band will lead Santa into the business district on his first visit Dec. 13 at 2 p. m. and play several numbers. Two hours later—at 4 p. m.

RECEIVE SERVICE AWARDS—These four employees of Highland Resources, Inc., pictured above, have received service awards in 1975. They are, left to right, Emmett Shedd, 25-year award; Marvin Odom, 25-year award; Preston Mathis, 15-year award; and E. R. Moreland, 30-year award. Shedd and Odom were both employed in 1950 as tool dressers and now are lease operators. Mathis was employed in 1960 as a roustabout and is now a lease operator. Moreland was employed in 1945 as production foreman and is now superintendent. Highland's Garza operations consist of 25 employees who represent 306 years of company service. — (Staff Photo)

Carlisle rites held in Spur

Funeral services for James Brink Carlisle, 84, of Spur, father of Bill and Kent Carlisle of Post, were held Monday at 3 p. m. in the Bethel Baptist Church in Spur with the Rev. Norris Taylor, pastor of the First Baptist Church, officiating. Carlisle died at 3:50 a. m. Sunday in the Veterans Administration Hospital in Big Spring. He was a retired Spur area farmer. He moved to Dickens County in 1908 and married Allie Lee Massey, Sept. 22, 1922 in Fairfield. He was a Baptist and veteran of World War I. Burial was in Spur Cemetery under direction of Campbell Funeral Home of Spur. Survivors include his wife of Spur; three sons, Bill and Kent of Post, A. B. of Spur; a brother, Steve of Spur; seven grandchildren, and three great-grandchildren.

Dee Justice named manager

Dee C. Justice has been named resident manager and mortician for the Mason Funeral Home by James L. Minor, owner and funeral director. Justice received both his funeral director's license and his embalmer's license from the state board of morticians in January and October respectively of 1974. A Post High School graduate of 1971, Justice enrolled that fall in the Dallas Institute of Mortuary Science and was graduated from it in August of 1972. After his graduation he was employed by the Cate-Spencer Funeral Home in Sweetwater for two and one-half years before returning to Post this year. He was first employed at the Mason Funeral Home and by Mason and Company while a junior in high school and altogether has six years experience in the mortuary field.

Plant holiday only for some

Thanksgiving will be a sort of "mixed up holiday" this week at the Postex Plant. The greige mill will be down Wednesday, Thursday and Friday for a three-day holiday for those employees. But employees in the sewing and finishing departments will work right on through Thanksgiving Thursday, working a five-day week through Friday.

Monday Dispatch is published on Monday

The Dispatch this week is being published Monday with mail delivery to city and rural routes on Tuesday. The Thanksgiving week paper and is being printed early on the holiday. The paper is dated Thursday, Nov. 28, which is a tradition with The Dispatch to publish each week as of Thursday even when printed in Post. This does make it confusing as we wanted to make it clear to both readers and advertisers.

Glenn Shelton rites Tuesday

Funeral services for Glenn Shelton, 54, of Dublin, formerly of Post, will be held in Post at the First Baptist Church Tuesday at 2 p. m. Officiating will be Buddy Heims, pastor of the Edna Hill Baptist Church in Dublin, assisted by the Rev. James Barron. Funeral arrangements are under direction of Hudman Funeral Home of Post. Shelton died early Sunday at Scott and White Hospital in Temple following a brief illness. He was retired from George R. Brown Oil Co., of Post and had been living in Dublin for the past two years. He served six years in the Navy in World War II and was a crew member of the USS Honolulu. He was born in Paris in Lamar County. He was married to Bernice Hedrick in 1951 in Post. Survivors include his wife Bernice; two step-sons, Allen Kemp of Houston and Harold Mack Kemp of Lubbock, a brother, James R. Shelton of Post; four sisters, Mrs. George Baker and Mrs. John Myers both of Lubbock; Mrs. C. J. Marts of Weatherford and Mrs. N. R. King of Post; and ten grandchildren.

Rites pending for Bob Norman

Funeral services for Bob A. Norman of the Grassland Community, who died early Monday, were pending at Mason Funeral Home in Post. He is survived by his wife, Grace, three daughters, Mrs. Reagan Reed of Brownfield, Mrs. Raymond Tierner of San Angelo, and Mrs. Richard Berry of Dallas; six brothers, two sisters, and seven grandchildren.

Pedro V. Torres was not man arrested

Pedro Torres arrived here last week on a marijuana possession charge. He is not Pedro V. Torres of 204 Avenue B in Mill Village. Pedro V. Torres has been an employee of the Postex Plant here for 20 years.

Garza United Fund drive tops \$7,000

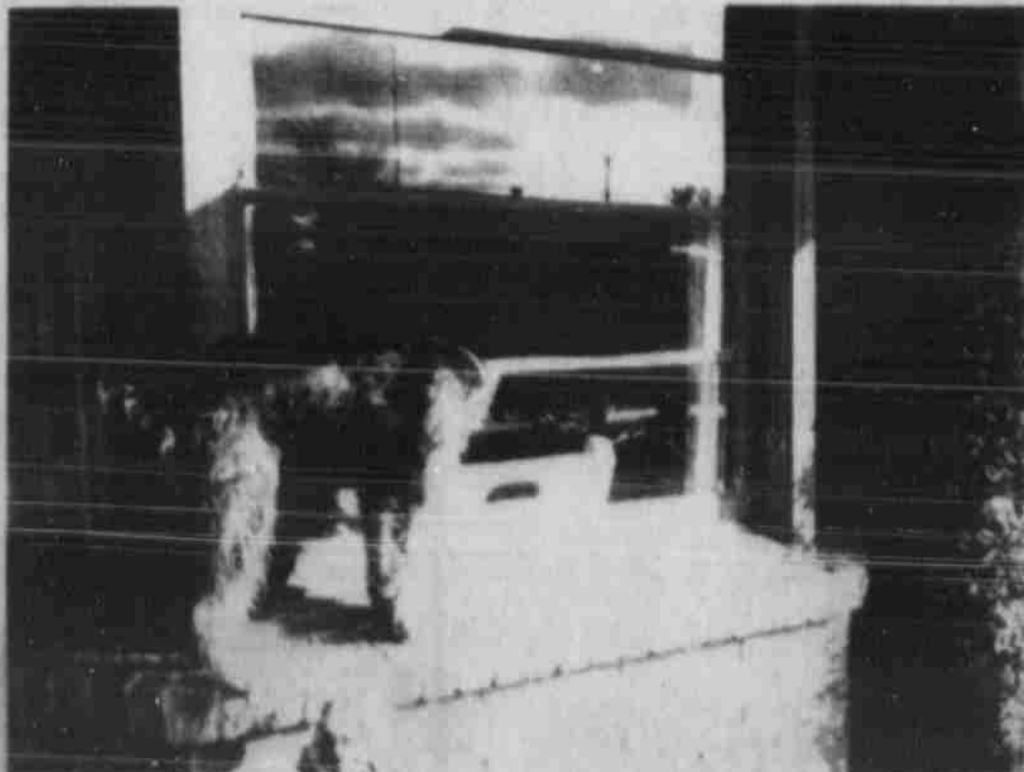

Garza County's 1976 United Fund drive topped the \$7,000 mark Monday with Jim Cornish, drive chairman, reporting "chances reasonably good" of reaching the \$10,750 goal. "We're running behind last year in the matter of time, but not in dollars," Cornish said. "Probably we're about a week behind in time, but to date we are holding up well comparing dollars," Cornish said. "We got started a little late in some divisions and some workers haven't had the time to complete their work."

Sgt 1-C Mitchel is awarded army medal

HAWAII—Army Sergeant First Class Malachi Mitchell Jr., whose parents live at 511 Pine St., Post, Tex., was presented the Meritorious Service Medal Oct. 29 at Schofield Barracks, Hawaii. The medal provides recognition for a degree of exceptionally meritorious service or achievement falling between the standards of the Legion of Merit and the Army Commendation Medal. Sgt. Mitchell received the award while assigned as an intelligence sergeant in Headquarters Battery, 25th Infantry Division Artillery. He entered the Army in 1960, served in Vietnam, and holds the Army Commendation Medal, two awards of the Bronze Star Medal, and the Vietnamese Cross of Gallantry. A 1958 graduate of Post High School, Sgt. Mitchell attended Prairie View (Tex.) A & M College and Cameron College, Lawton, Okla. His wife, Ruby, is with him in Hawaii.

Turkey day full holiday

Thanksgiving will be a holiday for just about everybody Thursday here in Post. Schools will dismiss at the regular times Wednesday afternoon for a long holiday weekend with classes not resuming until Monday. Businesses, bank, federal, state, county and city offices will all be closed with no mail deliveries for the day. Courthouse offices will remain closed for the remainder of the weekend too, not reopening until Monday. But The Dispatch staff will get the longest weekend of all. With publication of the week edition on Monday afternoon, the staff will be occupied with month's end billings Tuesday. The office then will be closed the remainder of the week in give employees an extended holiday before the Christmas rush begins next Monday.

PEEPING TOM?—Pictured above is "Mr. Speck," a dog owned by Freddie Huff. Mr. Speck likes to jump up onto the window sill outside Marky Dorland's home, where he peeks in constantly to see what is going on. "Mr. Speck's favorite pastime is chasing birds. The dog was known to 'tip' the bottle as a result of which may explain his strange habits." — (Staff Photo)

Farmers given sunflower advice for 1976

So, an agronomist with the Texas Agricultural Extension Service advises producers who intend to plant sunflowers next year to plan ahead carefully. "Producers planning to grow sunflowers in 1976 need to take a close look at their farming operation in preparation for next season's crop," points out Dr. John Bremer.

He lists a number of items for farmers to consider.

"First of all, choose your planting area carefully. Stay away from home sites and cotton fields since problems arise when attempting to desiccate the crop.

"Do not plant the crop on the same land year after year as this leads to increased disease problems.

"Plant only high quality seed.

"Inexperienced growers should plant only small acreages of the crop. There are a lot of questions still unanswered about proper management practices for sunflowers.

"Look closely at the market situation before planting sunflowers. Due to the expected increase in production, the market may be less attractive than this past season. It's important to get a price commitment from a buyer.

"Control volunteer sunflowers in next year's crops where sunflowers were planted in 1975. Volunteer plants can cause moisture and harvesting problems in other crops if they are not controlled."

Bremer notes that the Extension Service is attempting to gather as much information as is available to assist producers in making plans for the 1976 sunflower crop. However, knowledge about proper fertility and insect, disease and weed control practices is still fairly limited due to the newness of the crop in Texas.

"The potential for sunflowers remains great, however," believes Bremer, "as oilseed crops continue to gain in prominence throughout the country. Sunflowers also loom as an alternate crop for cotton growers."

Vote at Dayton

DAYTON — Voters will be at the polls Tuesday to vote on whether or not to spend money to improve the city's distribution system.

Proposals would come from the Water Development Authority if voters approve, at a cost of only 4.25 per cent.

Improvements include new 200,000 gallon storage tank. The city's needs through 1980 are being studied by experts.

Southland School News

Calendar of Events

Nov. 25 - High School girls and boys basketball at Fluvanna, 6:30 p.m.

Nov. 27, 28 - Thanksgiving holidays.

Dec. 1 - Small Schools Teacher In-service Training at Whiteface - no school. Junior high girls and boys basketball with Fluvanna at Southland, 6 p.m.

Dec. 2 - High School Girls and boys basketball at New Home, 7 p.m.

Dec. 4, 5, 6 - Anton Tournament - high school girls and boys.

Basketball Games

Dawson outscored the high school girls' "B" team 16-12, Nov. 11. Stacy Rush scored ten points, and Mary Ann Vasquez made two.

Dawson pulled away from the high school girls' "A" team after a tied-up half. The final score was 51-40. Kelly Chaffin put in 34 points. Joy Basinger and Donna Shelton scored nine and seven points, respectively.

St. Joseph defeated the junior high girls' "B" team 22-20, Nov. 13. Pam Hill scored 12 points. Elvira Vasquez and Samra Rush each made four.

St. Joseph edged out the junior high girls' "A" team 30-29 in the last two seconds of the game. Camille Wheeler was high scorer with 12 points. Cynthia Wheeler and Mary Hill put in nine and eight points, respectively.

Southland's junior high boys outscored St. Joseph 38-32. Sable Rodriguez was high scorer with 12 points. Gerry Hill made eight points. Sherman Daughtery, Perry Hill, and Freddie Lucero each added

Phone boosts are asked

DENVER CITY — General Telephone has proposed a new phone rates here.

The phone utility made the request to the city council last week and the proposal, according to Denver City Press "much more than doubles some existing rates."

The city promised an answer by Dec. 15.

First reaction of the city dads is that Denver City residents will be willing to pay more if they are given adequate service in return. Several expressed the attitude: no better service, no increase.

Residential phones would jump from \$5.35 to \$6.95 monthly for a one-party line. One-party business phones from go from \$10.10 to \$17.30 under the proposal.

SAW COWBOYS WIN

Mr. and Mrs. Jerry Bush returned from Dallas late Sunday night after viewing the Dallas Cowboys game Sunday.

Being thankful is . . .

Having a small insurance agency in a small town; it's watching your customer's kids get their first car after completing driver training; it's watching them go away to school and come back to the home town; it's watching them get married and start a family; it's watching them get the first home of their own; it's watching them get into a business to provide all these things.

It's knowing you had the insurance policy on their first car, and knowing the adjuster in the college town where the first fender was bent; it's having a life insurance policy to fit them when they are married and for the first youngster; it's having the fire insurance on their new home and knowing it will take care of their loss when it happens, and it's knowing when they go into business, insurance will protect their investment against a catastrophe.

Big time agencies in the city miss all of what we have enjoyed for more than 20 years. We know our customers; we know when they have a loss, (sometimes before it's reported), and believe it or not, our companies know a great many of our customers from long years of our doing business together.

So it's nice at Thanksgiving to go over the things that we've been a part of, and that's what personal service really is.

Legal Notice

NOTICE OF INTENT TO ENGAGE IN WEATHER MODIFICATION ACTIVITIES

Notice is hereby given that the Colorado River Municipal Water District, 400 East 24th Street, Big Spring, Texas 79720, who holds License No. 76-5 of the State of Texas, issued December 18, 1974, and renewed September 1, 1975, intends to engage in an operation to change or attempt to change by artificial methods the natural development of atmospheric cloud forms for and on behalf of the Colorado River Municipal Water District P. O. Box 869, Big Spring, Texas 79720, and will conduct the program of weather modification designed to increase precipitation by means of the aerial application of silver iodide or other artificial nuclei as follows:

1. The area over, or within which, equipment may be operated shall include the counties of Lynn, Garza, Kent, Dawson, Borden, Scurry, Fisher, Martin, Howard, Mitchell, Nolan, Glasscock, Sterling and Coke.

2. The target area, within which the precipitation is intended to be enhanced, can be described as follows:

The boundary may be described by a line beginning at a point of origin at Big Spring, Texas, and running along Highway 87 in a northwesterly direction to Lamesa, thence north-northeast on Highway 87 to the north border of Dawson County, thence east along the north border of Dawson, Borden, and Scurry Counties to Highway 84; thence southeast along Highway 84 to Roscoe, in Nolan County; thence south-southeast to Maryneal; thence southwest to Silver in Coke County; thence south-southwest to Highway 87 at a point approximately 13 miles northwest of Sterling City; thence northwesterly along Highway 87 to the point of origin at Big Spring, Texas.

3. The materials, equipment and methods to be used in conducting the operation within this area of approximately 3500 square miles include a 3 cm radar system, cloud seeding aircraft, and the application of silver iodide ice nuclei, hygroscopic nuclei or other nuclei considered appropriate to the artificial nucleation of clouds or weather systems.

4. The person in charge of this program shall be Owen H. Ivie, Colorado River Municipal Water District, Big Spring, Texas.

5. The program will be operational during the period from March 1st to November 30 during the years 1976, 1977, 1978 and 1979.

6. Any persons who feel they may be affected in some adverse way by this program may file a complaint with the Texas Water Development Board P. O. Box 13087, Capitol Station, Austin, Texas 78711. Signed: Owen H. Ivie, Colorado River Municipal Water District.

LEASE BID NOTICE

The City of Post will accept bids until December 8th, 1975 on a lease for the following property, 24.9 acres of lake pasture identified as B112, Garza County A. S. C. Lease will run from January 1, 1976 until December 31, 1976. Bids will be opened at the City Council meeting December 8th, 1975.

For further information see the city secretary.

 Welcome

Turkey plentiful but prices higher for '75

COLLEGE STATION — Turkey is in plentiful supply with prices higher than a year ago, but specials will be available before Thanksgiving at Texas grocery stores, according to Mrs. Gwendolyn Clyatt, consumer marketing information specialist.

Mrs. Clyatt is with the Texas Agricultural Extension Service, The Texas A&M University System.

Fryer chickens also reflect a few specials, but prices are trending upwards in general, she said.

"Pork prices remain high this week, but hog producers are indicating plans for some expansion in the pig crop — which may mean lower prices, but not until next spring."

At beef counters, prices are slightly lower than a week ago — with best buys on cuts listed in food ads, such as ground beef, chuck steaks and roasts, round steaks and liver.

At dairy counters, features include low-fat milk, sour cream, whipping cream, cottage cheese and mild cheddar cheese.

Fruit departments are highlighting apples and cranberries, grapefruit and oranges — along with bananas, grapes and pears.

"An increased supply of tangelos and tangerines has resulted in more attractive prices for these items," Mrs. Clyatt said.

BROWNFIELD VISITORS
 Don and Wanda Clary and sons Donnie, Ronnie and David of Brownfield, were weekend guests of Mr. and Mrs. Nolan Clary and Mr. and Mrs. Robert Hagler.

"Vegetable sections show liberal offerings of cabbage and carrots with an abundance of hard-shell squash.

"Sweet potato prices are up a bit, although some stores will feature them for the holidays."

Vegetables in the "moderate-price" range are cauliflower, Brussels sprouts, eggplant, potatoes and dry onions.

Other good vegetable buys are mustard greens, turnip tops and collards.

HOLIDAY CHECKLIST
 —In buying turkey, look for the U. S. Department of Agriculture's shield. The federal inspection mark of wholesomeness means the product is wholesome — not that it is germ free. However, proper handling and cooking will keep microorganisms at safe levels.

—In selecting turkey, choose one from a refrigerated case if the store — and refrigerate it quickly at home.

—In determining the size of turkey to buy, remember large turkeys usually have more meat in proportion to bone than small turkeys. For turkeys under 12 pounds, figure three-fourths to one pound per serving. For those over 12 pounds, allow one-half to three-fourths pound per serving.

DINNER GUESTS
 Mr. and Mrs. Homer Jones of Wellman were Sunday dinner guests of Mr. and Mrs. Silas Short and sons.

Family reunion is held here

Mr. and Mrs. J. B. Potts of Post along with their children were hosts Saturday for the reunion of the Ashley Davis family, Mrs. Pott's family. All seven children were together for the first time in approximately 12 years.

A total of 47 members of the family enjoyed a Thanksgiving dinner with all the trimmings.

Members of the family present were Curtis L. Davis of Denver, Colo., B. P. Davis of Clovis, N. M., D. D. and S. E. Davis both of Acuff, K. E. of Dallas and Sula Randel of New Braunfels, all their children and grandchildren were also present.

Other relatives attending were Mr. and Mrs. Raymond Burford of Kingsland, Mr. and Mrs. Emmett Burford, Mrs. O. E. Rush, Mrs. Hallie Willis, Mrs. Earl Williams and Mr. and Mrs. G. C. Davis Jr., all of Lubbock, and the Potts' children, Mr. and Mrs. David Ratcliff and Karen Potts of Lubbock, and Mary Jane of Post.

Coffee Tuesday for Holy Cross Ladies

The ladies of Holy Cross Parrish are invited to attend a Thanksgiving Coffee Tuesday, Nov. 25 from 7:30 to 9 p. m.

Items for discussion will be Christmas decorations and a party to be held for the children for the women and mens societies and the purchase of a new Nativity Scene.

Hostesses for the coffee are Lillie Cendalski, Olga Perez, Menca Gonzalez, Rachael Collazo and Sherri Riedel.

The coffee will be held in the home of Sherri Riedel at 801 West 6th.

Holiday plans told at club

The Needlecraft club met in the home of Mrs. Alma Hutto Friday Nov. 14.

Holl call was answered with "My Plans for Thanksgiving". Refreshments were served to members, Mmes. Minnie Graeber, Johnnie Rogers, Maggie Mae Jones, Eula Evans, Bessie Bowen, Helen Richards, Sadie Storie, Marge Dietrich, Katherine Johnson, Innis Thueff, Selma Kennedy, Linda Malouf and guest, Janet Ticer.

The next meeting will be held December 12 with Katherine Johnson as hostess and this will be the Christmas party.

BIRTHS

Mr. and Mrs. Johnny Smith of Houston, announce the birth of a daughter, Jona Renea, born November 14, weighing 8 lbs., 3 ozs. Grandparents are Jackie Odom, and Rev. and Mrs. Leon Smith of Houston. Great-grandmother is Annie Odom of Post.

Toll-free telephone service is available to Veterans Administration regional offices from 312 cities in 45 states.

BankAmericards Welcome

Former Post resident dies

Funeral services for Mrs. Ellar Little Poe, 83, of route 4, Scranton, Tex., were conducted at 2 p. m. Sunday in the Holly-Rhyme Funeral Chapel in Cisco.

Mrs. Poe, who resided for the last 30 years in Scranton and Eastland County, formerly lived in Post.

She was born June 19, 1892 in Montgomery, Ala., and was married to E. C. Poe Nov. 25, 1913. He preceded her in death April 14, 1948.

Survivors include five daughters, Mrs. C. C. Webb of Cisco, Mrs. A. W. Hill of Scranton, Mrs. Pat H. Stewart of San Antonio, Ms. Nolan Roberts of Slaton, and Mrs. Ollie Moran of Cisco; three brothers, Hudson Self of Bangs, Mark Self of Houston, and Oliver Self of Alabama; 17 grandchildren; and 23 great-grandchildren.

The Rev. Aubrey McAuley of Abilene officiated at the rites, assisted by the Rev. L. D. Reagon of Cisco. Grandsons were pallbearers. Burial was in the Scranton cemetery.

tion, besides Mitchell, includes Curtis Hudman, Margie Wilson, Lometa Epley, Laveta Josey, Sharron Morris, Danny Shaw and Dwight Funk.

ATTENDS AREA MEETING

Joy Greer, secretary of the Post Chamber of Commerce, attended an area chamber manager's meeting last Tuesday in Crosbyton.

Postings —

(Continued From Page One)

just isn't economically feasible. —O—
But it was feasible to put out newspaper photo-composition equipment to work on commercial printing — so that is what we have done. —O—

It hasn't been easy. It took a lot of study to determine what equipment we needed and which of the competitive brands to buy. That took a lot of time, talking and writing to supply firms all over West Texas, and consulting with friends in the newspaper and printing businesses. —O—

When we finally placed the order, the next monumental task (for us anyway) was to figure out how to rearrange the back shop. The darkroom had to be doubled in size, five more pieces of equipment installed, and the entire back shop rearranged to best facilitate both our newspaper production and our new offset commercial printing. —O—

Fortunately we had junked our old newspaper press a year ago at scrap metal prices so we

had some room back in the pressroom. But just about everything had to be moved around to a new place — no easy task — while continuing to get out the paper and do letterpress commercial printing. —O—

The newspaper production area was moved from the rear of the backshop up to just behind the partition to the office up front. This new location cuts down a few thousand steps daily for everybody concerned as all our employees pitch in on "paper days" to get the pages up and "photo ready." —O—

Then we had to locate the new offset equipment and move up the darkroom from rear to middle as it is used in both newspaper production and commercial printing via offset. —O—

We had to schedule in carpenters, electricians and plumbers at hours which didn't interfere with either newspaper or job printing. The darkroom was enlarged by a carpenter team while we and Don were out of town on a Friday night watching the Lopes beat Roosevelt in football. —O—

It's almost done now — done

County offices to close two days

County offices in the courthouse will be closed Thursday and Friday in the annual Thanksgiving holiday observance.

The offices will reopen Monday.

enough anyway to announce with pleasure the results. It probably will be after "the first of the year" before everything fits in its new place. —O—

When we purchased The Dispatch from Eddie Warren 18 1/2 years ago it was without a doubt the best "country printshop" in West Texas. We intend to keep it that way and the new equipment will put it right back up front in commercial printing and newspaper competition — and give Don Ammons the wherewithal to print just about anything you want printed at a reasonable price. —O—

We will close Tuesday afternoon for a long Thanksgiving "weekend" — a holiday tradition here at The Dispatch — but come in and you can see what we've been doing. The door is open and the coffee pot always on.

Zoe Kirkpatrick to park board

Mrs. Zoe Kirkpatrick was appointed Monday by the Garza County Commissioners Court as a county representative on the city-county park board.

She will fill a vacancy on the board and will be primarily concerned with the operation of the swimming pool. County Judge Giles Daiby told The Dispatch.

In another appointment at the routine session, Sam Ellis of Southland was named to the Garza County Child Welfare Board to represent the Southland area.

POSTCARD SURVEY BROWNFIELD — The city council last week decided to conduct a postcard survey of all local telephone customers as to the quality of phone service before making a decision on General Telephone's request for a phone rate increase here.

VISITS PARENTS

Airman First Class Ricky Thomas who is stationed in Altus, Okla., was a recent visitor with his parents, Mr. and Mrs. Travis Thomas, and other relatives in Post.

Farmer's tax session Dec. 2

How to increase profit by reducing taxes is the theme of an income tax management meeting for area producers and other interested citizens in the district courtroom, Tuesday, Dec. 2 at 2 p. m. according to County Extension Agent Syd Conner.

The meeting is sponsored by Texas Agricultural Extension Service. The session will include topics on changes in tax laws, how to handle depreciable assets, investment credit, capital gains, deferred payment contracts, advance purchases and other tax management methods.

Marvin O. Sartin, area farm management economist with the Texas Agricultural Extension Service at Lubbock, will lead discussions.

Tax conscious producers and businessmen considering year-end income and expense shifts could benefit from this latest information.

"This is an excellent session for those who want to know more about shifting income and expenditures to reduce their taxes." This is a "how to"

Antelopes, Does score first cage wins

Varsity clubs will play Idalou on Tuesday night

The Post Antelopes and Does, each rated as a contender for district basketball crowns in their respective races, rang up their first victories of the new season in a triple bill at Shallowater Friday night.

Coach John Alexander's Lopes, only seven days out of football uniforms pulled away early to score a comfortable 56 to 47 triumph in their first start.

Coach John Morrow's Does got into the win column with a 62 to 52 victory over Shallowater after suffering an opening loss here the previous night to a much taller Abernathy team with two games under its belt.

Talk about a balanced attack, the Lopes had it Friday night with five players scoring from nine to 12 points each.

Mike Shepherd hit six fielders to lead the attack with a dozen points, pivot man Mike Waldrip had five fielders for 10, as did Bryan Davis at forward. Jimmy Brantley scored 11 and Edward Price tallied nine before each fouled out.

Kyle Duren got the other four Post points with Randall Wyatt, Rodney Teaff and Shorty Hester also seeing action.

The Lopes raced into a 20-8 first period lead and were never headed. It was 30 to 17 at the half and 44 to 35 at the end of three.

Free throws were the only thing which kept Shallowater anywhere near the Lopes as

they tallied 11 out of 17 charity efforts, while the Lopes scored only two out of eight.

D. Morris of Shallowater was high for the game with 17.

The Post Does, like the Lopes, jumped out into a 20 to 8 first period lead and were never headed either. Genetta Kennedy was mainly responsible for that, ringing up six buckets in the opening period.

The Does by halftime led 35 to 19 and by the end of the third it was 52 to 31. Shallowater closed the gap a bit by outscoring the locals 21 to 10 in the final period with reserves seeing a lot of action.

Joni Hays led the Doe attack with nine fielders and four out of 13 free throws for 22 points. Kennedy was next with 20 on ten fielders. Karen Williams, the other front court starter, finished with six fielders and a free for 13.

Kim Mitchell got four points by hitting all four of her free throws from a guard position while reserve forward Debbie Wyatt was getting the other three points.

Also seeing action for Post were Brenda Price and Hope Johnson, who started at the guard posts with Kim, Linda Wynne, Jodine Tipton, and Christie Conner, all as guards and Amy Crowdy at both forward and guard.

The Does were whistled for 33 fouls with Hope, Amy and Christie all fouling out of the contest.

Coach Morrow told The Dispatch he was pleased with the girls' play, especially Genetta's strong scoring effort, but that the girls still need a lot of work on free throws. They made only 10 of 28 Friday night.

Coach Danny Chisum's junior varsity boys team opened its season too in the first of the triple bill with an easy 50 to 27 win.

Dan Sawyers led the scoring for the locals with 17 points, followed by Bratcher with 10, Heaton 8, B. Shepherd 6, B. Davis 3, and Holly, Hair and Hays two each.

The two Post varsity teams will journey to Idalou Tuesday night for their final starts before the Thanksgiving holiday recess. The junior varsity girls team will meet Idalou in the opener.

8th grade girls win at Snyder

Coach Chili Back's junior high 8th grade girls opened their basketball season on a winning note Thursday night at Snyder 41 to 28.

Leading scorer for Post was Carolyn Pringler with 19 points, Donna Baumann 14, Susan Jackson, Christi Workman and Linda Abraham each with 2.

Starting guards for the junior high team were Susan Sawyers, Linda Martinez and Leanna Davis.

The 8th grade girls will open their district play Monday night here against Cooper.

An intellectual is somebody who drops into the library even when it isn't raining.

Page 10 The Post (Tex.) Dispatch Thursday, Nov. 27, 1975

Grid Lopes tied for 10th in state poll

Although Coach Bobby Davis' Lape football team didn't draw their way into the postseason playoffs, the club finished the 1975 season in the "top ten" Class AA football teams in Texas in the Harris Poll.

In the final poll out last Thursday, the Harris Poll ranked Post in a tie for 10th place in the final standings with Columbus with a power rating of 129.9 points.

Slaton's Tigers which represented District 5 in the bi-district game had a power rating of 116, which means the Lopes are figured the stronger by the difference in the power ratings.

The difference is 13.9 points,

which means Harris figures the Lopes are a two-touchdown better club than Slaton, even though the Tigers pulled a 12-7 upset over the Lopes here.

Anson was given a power rating of 123, which established them as a 7-point favorite to win last Friday night's bi-district game, according to Harris computations.

Olton was the only West Texas AA team to finish above the Lopes in the last Harris Poll and they did it by a single notch, ranking ninth.

Floydada's Whirlwinds, district 4AA champs, like Slaton and Denver City finished well behind the Lopes in the power ratings.

Post girls drop three games here to Abernathy

In a hard fought defensive battle lasting the first three quarters, Coach John Morrow's Post Does opened their season with Abernathy here Thursday night, losing 34 to 36.

The two teams were evenly matched and stayed within four points, back and forth until in the fourth quarter when Abernathy pulled away to win by a good margin.

The score at the end of the

first quarter was 12-12, and at the half 20-24 with Post pulling to within eight points in the third 30-38, but Abernathy rallied in the fourth to outshoot Post 16 to 6.

Coach Morrow played girls in all positions trying for the best combinations for the coming season.

The Does made only 31 per cent of their freethrows.

High scorer for the game was Joni Hays with 23 points, followed by Karen Williams with nine and Genetta Kennedy with three and Debbie Wyatt, one.

High point for Abernathy was Cheryl Rogers with 22 points.

In the second game of the tripleheader, the Post JV girls fought a losing battle with Abernathy 58 to 35.

Nancy Clary led the locals with 17 points, and Donna Ammons eight.

The other starting forward was Karla Kennedy who scored four points.

Starting guards for the JVs were Kelly Mitchell, Nancy McCowan and Danna Giddens.

Deby Oswald led the winners with 27 points.

Post freshmen girls cage team dropped their opener 34 to 18.

It was all tied up at the end of the first quarter 2 to 2, and Post was in front at the half 10 to 8. But in the third period Abernathy pulled away with a 22 to 13 lead and went on to victory.

Leading scorer for Post was Lisa Crowdy with eight points, Karla Duren and Kerri Poole each had four.

The freshmen girls will play Cooper here Monday night in the finale of a tripleheader.

5-story hotel into housing

COLORADO CITY — The Colorado City Housing Authority is considering converting the downtown Baker Hotel here into housing units for elderly persons.

An application to apply for federal funds will be made by an architectural firm.

The five-floor 50,000 square foot hotel building would be completely gutted and inside partitions, wiring and plumbing rebuilt to meet federal standards for such projects.

If you make butter the first ingredient on sandwiches, it will add to the moisture and flavor and help keep the filling from soaking into the bread.

WTSA aids small towns

LUBBOCK — West Texas Savings Association was chartered and founded by lifelong residents of West Texas for the express purpose of providing financial services to the rural areas and small towns throughout the South Plains that have not previously been served adequately. Small towns have long been denied the opportunity to grow because of their inability to secure mortgage loans and home improvement loans for residential and real estate development.

Savings and Loan institutions are required by regulation to invest at least 80 per cent of their total savings into home loan market.

West Texas Savings is one of the newest members of the large savings and loan industry of West Texas. It opened for business last Jan. 1. With assets in excess of \$4,000,000 after its first nine months in business, West Texas Savings has enjoyed one of the fastest growth rates of any new association in Texas.

Directors of West Texas Savings Association are Preston Smith, Investments, former governor of Texas; Wilmer Shilt, farmer; Jim Kimmel, attorney; Grady Boyd, president of West Texas Savings Association and director; C. F. Boone, publisher; Kenneth Wright, president Leaseaway Southwest; J. Davis Armistead, doctor of Optometry; W. I. "Bill" Pittman, retired, investments; Glen Newton, executive director of South Plains Electric Cooperatives; Larry Teaver, vice president of West Texas Savings Association an director, and Ralph Krebs, investment counselor (Advisory Director.)

Library Bookshelf

New adult fiction books on Post Public Library shelves include "The Enchanters" by Romain Gary, "Heart of Gold" by Russell Greenan, and "Consenting Adult" by Laura Z. Hobson.

New adult non-fiction books are "How to Become a Successful Model" by Viju Krem, "The Art of Being Beautiful at Any Age" by Bedford Shelmire, and "A History of Fashion" by J. Anderson Black.

New adult mystery books are "Curtain" by Agatha Christi, "Raven's Forge" by Jennie Melville, and "Too Much" by Donald Westlake.

Remember our inter-library loan service, Librarian Pee Wee Pierce says, "We can get you any bloomin' book under the sun as well as xerox copies of magazine articles. Even more important are the library's services for the blind and physically handicapped. Records and cassette players, magnifiers with light, large print books, page turners, prism glasses are all available at no cost to you through the Post Public Library. Mrs. Pierce reminds.

Men who live on promises have a slim chance of real success.

Slaton to play Alpine at Midland

Slaton's Tigers, 9 to 0 winner over Anton in bi-district play at Snyder last Friday night, will meet Alpine at 7:30 p. m. this Friday night in Midland in the Class AA regional contest.

Powerful Alpine hammered Crane 28 to 0 to win its bi-district game.

Slaton, in the playoffs for the first time in 40 years, took advantage of seven Anson turnovers to maintain good field position all night.

After a scoreless first half with Slaton picking up the only penetration, Slaton linesman John Basinger pounced on an Anson fumble on the Anson 15 with only two minutes left in the third.

Loran Roberts on fourth down booted a 32-yard field goal to put Slaton into the lead to stay.

Slaton got its touchdown with 2:47 left in the game when Wild Bill McClesley went the final two yards of a 41-yard drive.

Slaton's only turnover of the night came in the third when the Tigers let the ball get away on the Anson two-yard-stripe.

Anson had slightly the better of the statistics, out first-downing Slaton 13 to 11 and out-yarding the Tigers, 224 to 181 in total offense, but the difference of six turnovers was too much to overcome.

Other class AA bi-district scores last weekend include: Olton 22, Floydada 14; Columbus 27, Coldspring 0; DeKalb 35, Winnsboro 21; Kaufman 36, Keller 6; Decatur 14, Comanche 12; Cameron 24, Llano 0; Gladewater 52, Mabank 6; LaGrange 39, Va Vieck 0; Childress 29, Spearman 0; Hebronville 37, Lyford 0; Refugio 29, Kennedy 22; Hondo 16, Pearsall 10; McGregor 19, Madisonville 14.

\$5,565 sales tax payment to city

Post has received a check for \$5,565.23 for October sales taxes from Bob Bullock, state comptroller, according to an announcement from Bullock's office in Austin over the weekend.

HOW'S The Electric Company DOING?
Let's ask J. T. Burk, stores superintendent...

"Crossarms are such a common sight that you probably don't even notice them. But we have thousands of crossarms in our system... and they're necessary to bring electricity to you. Ten years ago, one of these crossarms cost \$3.43, but today an identical crossarm is \$11.46."

That's a whopping 234% increase... a reason electricity may be costing you more these days. Even so, electricity is still a big bargain... because it's always there when you need it.

The Electric Company
The Future is Electric!

TEXAS TALK
By FRED MYERS

Reindeer rations is not a subject usually found here, however, it seems the proper time to make our readers aware of modern reindeer feeding procedures... some of which are mighty strange. For instance, primary ration for the past 11 months has been hybrid 1975 variety Spirit of Christmas. Beginning about now, some special supplements are being added. Rations of Children's Laughter combined with a high percentage of Joy of Giving have been observed to give reindeer a tendency to fly around and land on roof tops. If that isn't unusual enough, one member of a special nine reindeer herd is fed an entire sack of Happiness... inevitably resulting in a downright bright, glowing nose. With this kind of high energy ration, the herd can cover the whole world in one night... since they'll be in your neighborhood why not sprinkle a little Merry Christmas around the area... it's their favorite snack.

Shooting the Breeze

By NAN HAIR

What with the coming of Thanksgiving and the early paper this week the paper staff did an outstanding job of

Seniors in spotlight

Our senior is Kimberly Rave Mitchell. Her parents are Mr. and Mrs. Mike Mitchell. Kim was born in Fort Worth, Texas. She has lived in Post for 17 years.

Kim has several hobbies. They are: cheerleading, basketball, tap, ballet, jazz dancing, acrobatics, playing the piano, and reading when she is in the mood. Her favorite food is smothered beef liver and rice. Kim's favorite actor is Paul Newman; her favorite actress is Barbra Streisand. Kim's favorite song is "Walk Through This World With Me."

In PHS Kim participates in cheerleading, Booster Club, Drama Club, Science and Math Club, National Honor Society, and U.I.L. Kim was Junior Class President this year. After Kim graduates she plans to attend Texas Tech University and major in some form of business.

Larry Hambrick is high school janitor

Mr. Larry Hambrick is employed at Post High School as janitor. He takes care of the grounds and the north wing of the High School Building. He works two shifts, from 7 a.m. to 3 p.m. then from 3 p.m. to 10 p.m.

Mr. Hambrick likes his job because he shares with other people. He also helps the students maintain a clean place to get their education. Mr. Hambrick is also a minister. He enjoys his work as a minister because it is the most important job in the world.

Grade cards to be out on Wednesday

The first nine weeks quarter of the school year has been completed and grade cards are due back from the Lubbock computer Wednesday for distribution to students.

That will be the last day of school before the two-day Thanksgiving holiday Friday and Saturday.

rounding up the news for this week's edition. I appreciate the ready aid of the staff at being prompt and helping to meet the paper's deadline.

Bryan Davis is the new paper staff editor at PHS. I know that Bryan is capable and will do an outstanding job at an extremely difficult task. Congratulations Bryan, and good luck.

Several of the seniors were subjected to the new common sense test Thursday afternoon. The test was made up of simple day to day problems. Some of the questions concerned writing a check, figuring simple percentage, and filling out a bank deposit slip. The questions were clearly stated and it should be interesting when the results come out in about two months. Some of the students such as Christy Davis have stated fear about the results. But we will soon know if our common sense is adequate enough to enable us to cope in the outside world after graduation.

In closing this weeks column, I would like to wish everybody a happy Thanksgiving. May the bird of paradise fly into your oven and emerge as a fully cooked ten-pound turkey.

FFA sells 695 boxes of fruit

Six hundred and ninety-five boxes of oranges and grapefruit have been sold by the Future Farmers of America chapter here as a major fund raising project.

The sale ended Nov. 17. The fruit is to arrive in Post about Dec. 10.

Forty-pound boxes of fruit were sold for \$6.50 each with the FFA chapter getting a percentage of each sale. The fruit is top quality and is selected from top grade valley groves.

Teachers luncheon held on work day

Wednesday, Nov. 19, was work day for the teachers and a day out of school for the students.

The highlight of the teacher's day, and a few minutes from grading papers and averaging grades, was a luncheon in the homemaking department. Each teacher brought a dish and the association and luncheon was enjoyed by all that attended.

BUSY AT WATERING TABLE — Agriculture teacher E. A. Howard is pictured above watering small potted plants on his new "watering table" in the school greenhouse. A few of the hanging plants can be seen behind him. — (Staff Photo)

Automatic watering school greenhouse

By NAN HAIR

Mr. E. A. Howard and his horticulture class are always busy with one project or another. The class in itself is an interesting one.

In the class the students learn to propagate plants, arrange and pot plants, and then they learn to design landscapes in order to use their knowledge of plants and the way to best use each plants different assets in order to beautify the environment.

Another part of interest which

Students buy 250 annuals

Two hundred and fifty Post high school annuals have been sold in the sale just concluded by members of the annual staff.

No extra copies are being ordered this year, so if a student failed to buy one during the fall sale he or she must wait another year.

The annual, The Post High School Caprock, is being produced by a staff composed of Jimmy Pierce, Kim Lott, Bryan Davis, Janice McDonald, Cathy Howell, Sonny Ammons, Ricky Redman and Lorry Chapman.

involves the Ag department and especially the horticulture class is the extensive greenhouse.

The greenhouse itself was built a few years ago by some industrious ag students. Last year the greenhouse got a much needed face lift. Several students replaced the fiberglass siding and roofing.

This year the students have begun to improve the interior of the greenhouse. They have just recently completed some cement walkways which will prevent the students and visitors to the greenhouse from stepping in the mud and on plants.

Also Mr. Howard just recently purchased a "watering table". The table is in truth an old Army surplus autopay table. Plants are placed on the tables tray-like top and then watered. The excess water will flow through the potted plants soil and will run out of a drain. The water then flows through a drainage system, which the students and Mr. Howard constructed, and outside. This prevents a messy collection of puddles and mud within the greenhouse itself.

Mr. Howard and what he terms his "southern ingenuity" have come up with an automatic watering system. The system is a maze of hoses and tubes which run to the different potted plants.

A pump forces the water along the tubes to the plants. About midway along the water's journey another pump pushes liquid fertilizer into the passing water. The system is controlled by way of an automatic timer. The timer is set and the pumps will start. When the timer stops the pumps also stop. The timer is part of an old clothes dryer.

Mr. Howard is a busy man but never too busy to pass along little bits of plant knowledge to persons who are interested. During the tour of the greenhouse Mr. Howard passed along a few tidbits of knowledge.

He said that the ideal temperature for a greenhouse is 65 degrees. The temperature can be cut to 50 degrees to save energy. Another thing for the person who plans to raise house plants, you must watch your plants for small white insects called "mealy" bugs. These bugs will rob plants of their moisture and food. In short the visit to the greenhouse by this reporter was an interesting as well as enjoyable one.

Anybody can tour the greenhouse by simply coming by the

ag building behind the high school during school hours or by calling Mr. Howard. And if you're interested in either purchasing house plants or making the best of the ones you already have simply contact Mr. Howard.

300 students use center

The new Learning Center in the north wing of the high school building is a delightful place to work. Mrs. Bertha Kay, a new aide for the P. H. S. faculty, may be seen moving from one station to another to give help where she is needed. Mrs. Kay said about 300 students use the center each week.

The Center has stations or tables for the students to work. They are very attractive and are equipped with machines and audio equipment that meet the needs of the students for individualized instruction.

The carpet on the floor, the soft lights, and the sun filtering through the south windows, gives the room a relaxed atmosphere. It is a pleasure and a delight to work in such an attractive classroom.

LUBBOCK HIGHWAY DIAL 3363

"I'd rather explain higher gas bills than why you don't have gas."

Your natural gas bill is higher. And, you have every right to know why.

One reason is lower temperatures brought on by winter.

The main reason, however, is simply that you are paying more for natural gas. Because we are paying more. This chart shows how much:

This increase hurts both you and Pioneer. It adds to your bill and to our cost... a cost for which Pioneer is not entirely compensated. It is passed through without mark-up or additional charges.

Why does gas cost more? Competition... particularly from petrochemical and other industries. The competition for gas has never been so fierce.

We will have to pay more for gas than in the past. But by working together, and without outside interference, you'll have the gas you need today and in the future.
