

Lopes Stomp Stamford, face Ozona at Odessa Friday

ALONE — Tight End Mike Waldrip racing into end zone with Lopes' sixth and final touchdown at Stamford at Snyder Friday night. Only an official with upraised hands, signaling the score, was close enough to Mike to get in the picture. — (Ed Neff Photo)

Post goes to air as 'dogs' 42 - 12

Post's Tiger Stadium was filled with flying footballs Friday night — 48 of them to be exact — as the Post Antelopes took to the air for the first time in season to stomp Stamford, 42-12, in the bi-district football game before a big turnout of fans and howling Post cheerleaders.

Stamford Quarterback Bryan Shepherd was cut loose in desperation in the second half after Post quarterbacked a 35 to 0 lead and scored 15 of 28 second half points for 242 yards and two period touchdowns after a period to connect on five tosses in the first half.

It was Quarterback Brad Shepherd and his two receivers, End Evans Heaton and End Mike Waldrip, that were the biggest night of their careers.

Shepherd completed eight out of 11 passes for 177 yards and two touchdowns, besides running for 32 yards and being sacked for a loss only once.

Heaton, the junior split end, scored five of Shepherd's passes for an even 100 yards and two touchdowns. On one of his catches, he literally took the ball away from Defender Rory Mays in mid-air after Mays had both position and the ball for a substantial gain.

Waldrip, the 6-6 senior who injured a finger in early season practice and played mostly defense until the stretch run, caught three passes for 77 yards and two touchdowns. He also blocked a Stamford punt which gave Post the ball on the Bulldog's one-yard-line for their shortest of six scoring drives.

Don Earl, Stamford's flashy tailback, went out of the game midway in the first half with a broken arm and was not a factor in the game except for Stamford's first offensive thrust from the opening kickoff.

Post put three touchdowns on the board in the second period with their "air force" leading the way. They added two more in the third and had a 35 to 0 lead before a plucky Tabor could rally the Bulldogs for two final period scores, the last one coming against the reserves with but three seconds on the clock.

Stamford massed what totaled up to a nine-man line against the Lope rushers just as they had the week before more successfully in the snow against Colorado City.

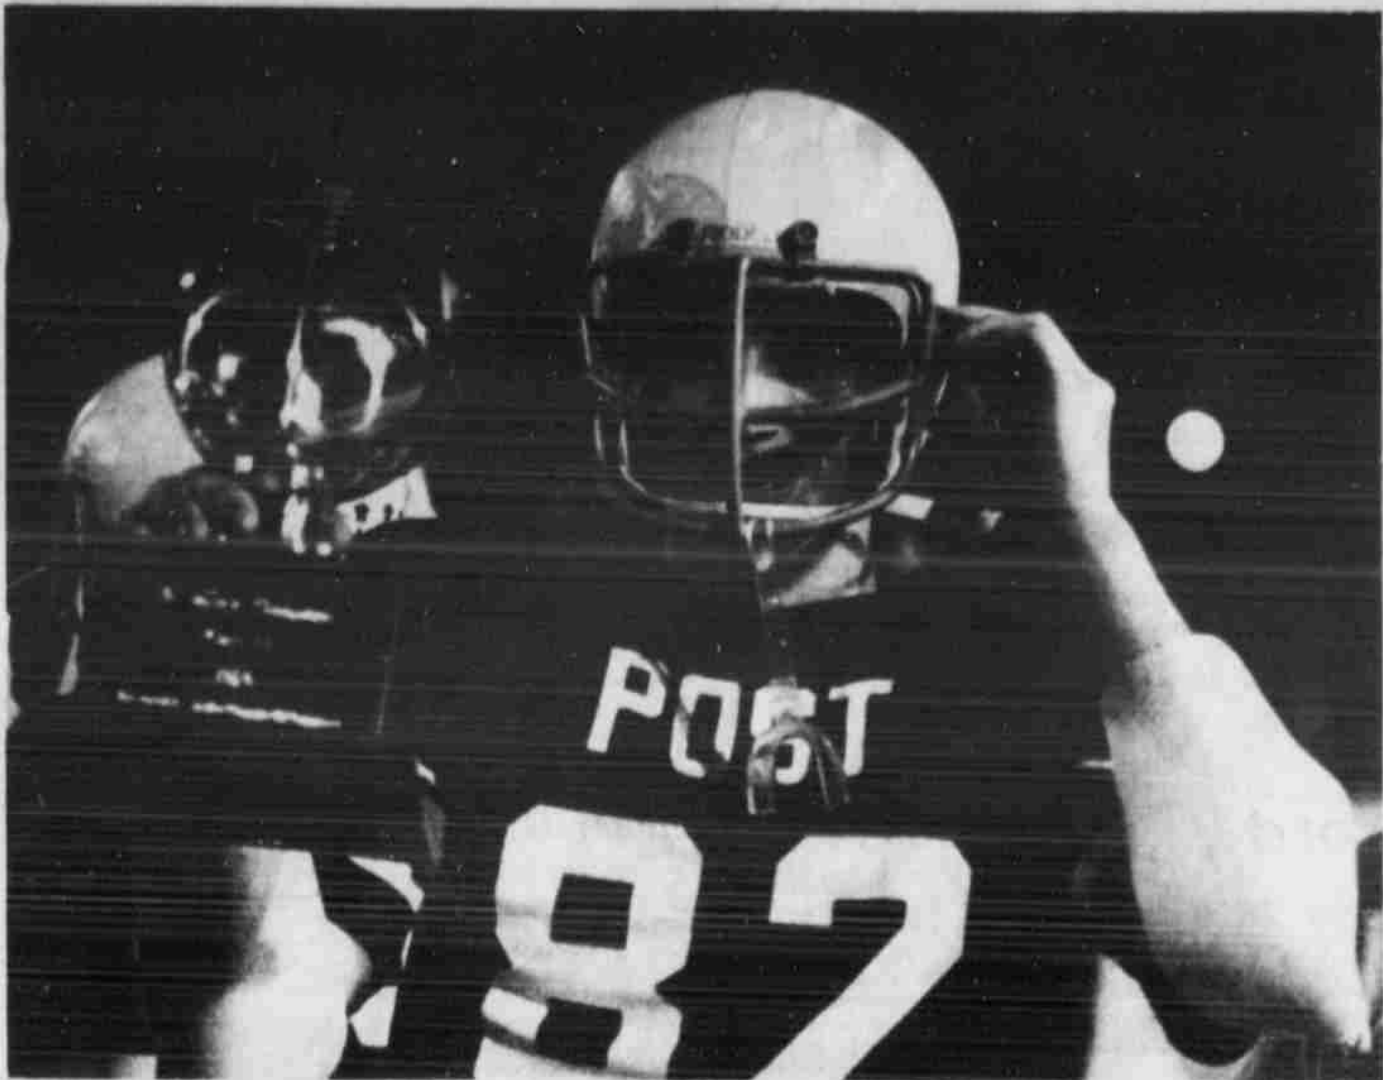

But this time Triggerman Shepherd uncorked a real surprise with an effective passing attack which included good routes, good catching and accurate throwing.

Guard Buddy Britton again turned in a tremendous kicking game advantage for the Lopes. He converted six straight extra points, boomed seven kickoffs high and far and punted for a 38 yard average.

Stamford was stopped twice (See Stamford, Page 12)

Post's Tiger Stadium was filled with flying footballs Friday night — 48 of them to be exact — as the Post Antelopes took to the air for the first time in season to stomp Stamford, 42-12, in the bi-district football game before a big turnout of fans and howling Post cheerleaders.

Stamford Quarterback Bryan Shepherd was cut loose in desperation in the second half after Post quarterbacked a 35 to 0 lead and scored 15 of 28 second half points for 242 yards and two period touchdowns after a period to connect on five tosses in the first half.

Regional foe state ranked, unbeaten

Post's bi-district champion Antelopes will meet the undefeated Ozona Lions in Odessa's W. T. Barrett Stadium in downtown Odessa at 8 p. m. Friday night in their Class AA regional showdown.

The winner will play the Floydada-Childress winner for a semi-final berth.

Although Ozona is 11-0 for the season and ranked in the top 10 among Class AA teams in at least one of three grid polls, Coach Jackie Brown declared:

"If we keep improving, like we did last week over the week before, we can play with them. But we're going to have to play as hard as we can."

The Lopes came out of their 42-12 triumph over Stamford in good physical condition and a new found passing attack to go with their running game.

AAA to AA this season and were favored, Crane and Sonora. In winning the district crown the Lions whipped Kermit 35 to 3 and shut out Sonora 38 to 0.

The Lions, coming off a 7-3 season last year returned six offensive and six defensive starters.

Coach Rip Sewell has primarily a running team which is bigger than the Lopes with a line averaging about 190 pounds (See Regional, Page 12)

W. T. Barrett Stadium in Odessa isn't hard to "get to" if you know your turns, but if you don't you're in big trouble.

Mrs. Linda Crane, who "grew up" in Odessa and is now one of those loyal Lope rooters along with her husband, Bill, called Monday morning to give some simple directions for Post fans.

Here are Linda's instructions. You're coming into Odessa on Interstate 20 from Big Spring. Take the Grandview exit. Stay on Grandview until you reach University Avenue, which is the fifth traffic light. Turn left on University. It will take you several miles cross town right to the stadium.

Thanks, Linda, from everybody.

The Dispatch has been "learning" about football action pictures this season with Ed Neff on one sideline and Don Ammons on the other. We are all finding out you shoot a lot of film to get one usable pic.

That's because the camera stops the action and catches the players with numbers hidden, the ball not in sight, etc and so on.

There is a real knack of when to shoot too — and Ed and Don are improving with every game.

If we can just go on to the state championship we ought to be getting some first rate action shots with a few more playoff games under our belts.

Cutest Christmas window in town to date — your kids will love it — is at Handy Hardware and Oil Field Supplies where Santa Claus and four of his elves are at work.

It's a continuous mechanical show with Santa busy filling his (See Postings, Page 12)

The Post Dispatch

Forty-Ninth Year Post, Garza County, Texas Tuesday, Nov. 23, 1976 Number 26

Mrs. Josey dies Monday

Funeral services are pending for Mrs. Walter Josey, 71, of Post, following her death in her home early Monday morning. Mrs. Josey and her husband, Walter, are Garza County pioneers.

Born in Roby, Texas, Jan. 20, 1905, she married Walter in Garza County, May 9, 1925. She was a member of the Church of Christ.

Mrs. Josey had made her home and raised her seven children in the old Garnolia community, before moving to Post a little over two years ago.

She is survived by her husband, Walter, four sons, Lester, Roy and Royce all of Post and R. E. of Marshall; three daughters, Mrs. Elise Wright of Lubbock, Mrs. Joyce Tatum of Hereford, and Mrs. Loyce Phillips of Big Spring; two brothers, Raymond and Ray Young of Post; one sister, Linnie Sanders of Lubbock; 14 grandchildren and two great grandchildren.

Full holiday here in Post

Thanksgiving will be a full-fledged holiday in Post. Most stores will be closed, although a few, including convenience food stores, will remain open.

Post schools will be dismissed Wednesday afternoon for the remainder of the week with classes resuming Monday morning.

No postal deliveries will be made Thursday.

The offices in the county courthouse will be closed both Thursday and Friday to provide an extended holiday weekend.

FLAMING BATONS — The lights went out at Snyder's Tiger Stadium Friday night during the Antelope Band's halftime show to permit Post's four smiling twirlers to treat fans to a twirling routine with flaming batons. Shown in the act, back to front, Kerri Pool, Peggy Jackson, Donna Ammons, and Karla Duren. — (Ed Neff Photo)

PRESENTED RESOLUTION — Mrs. Joy Parker is shown being presented with a framed copy of a resolution of the Garza County Commissioners Court commending her husband, County Judge J. E. Parker for his "unfiring service" many valuable contributions. The resolution originally passed by the court shortly after Parker's death June 21, 1976, was presented Monday morning to Parker by Judge Giles Dalby with Commissioners Paul Jones, Herbert [unclear], and Ted Aten looking on. At Mrs. Parker's left is her daughter, Mrs. [unclear] Thomas of Grassland. — (Staff Photo)

Fund drive to \$7,702

Garza County's 1977 United Fund drive climbed to \$7,702 over the weekend — boosted by \$1,343 in payroll deduction pledges from Postex Plant employees.

Walter Didway, Postex personnel director who heads the Postex employees division, reports that there are still "many cards out among salaried workers and it is impossible when we complete our work we will have a total of \$1,500 or so."

This would be the most given from Postex employees in many years. The \$1,343 already reported is only \$5 less than the final figure of Postex employee giving last year.

Contributions were received Friday also from 15 city employees with Wynonne Kennedy heading the city employees division.

Everette Windham, chairman of the George R. Brown employees division, turned in contributions from 17 employees

of that oil firm Friday totaling \$91.

The \$7,702 raised to date represents 72 percent of the \$10,675 and puts the 1977 campaign a few hundred dollars ahead of the 1976 drive

as it entered Thanksgiving week.

"Our goal is within reach, but barely," Drive Chairman Jim Cornish announced after reviewing the cards that are out and are expected back.

"We've had some nice gains like the one coming up in the Postex employees division," Cornish said. "City employees are expected to be up considerably over last year and city employees are well ahead of a year ago."

The big contributors are generally easy to reach. But what puts the drive over are the smaller contributions from employees, farmers and retired folks," the chairman said.

"We're taking some losses too, of course, and one or two are sizable," Cornish said. "But we look at it optimistically. We have some new businesses, some new enthusiasm among drive workers, and a better response from employees."

Meeting Thursday noon in the city hall auditorium were Charles McCook, president, Curtis Hudman, Lewis Herron, Robert Cox, Lewis Holly, Lee Norman, Sharron Morris, James Dye and Chamber Secretary Joy Greer.

Chartered bus sought for game

Post's No. 1 sports booster, Jim Hundley, is taking reservations from fans up to 4:30 p. m. Tuesday for a round-trip bus ride to the Post-Ozona regional clash in Odessa Friday night.

Jim says the price will be \$7.98 per person for the approximately 240-mile round trip.

A minimum of 38 fans will be needed to charter a bus.

"If we get more we can get a bigger bus," Hundley declared.

If you want a reservation, call Hundley at 2176.

Free swine flu shots to be given here Nov. 30

Garza County's free swine flu shots will be given at the Post Community Center next Tuesday, Nov. 30, from noon until 9 p. m.

No delays are expected and those taking shots will be able to get in and out in just a few minutes.

Volunteers, who already have undergone training, will be on hand to help handle the vaccinating procedures. Volunteers will be called and given assignments, according to Mrs. Maxine Marks who is in charge of the volunteers.

Dispatch Editorials

Page 2 The Post (Tex.) Dispatch Thursday, Nov. 18, 1976

What it's all about

Certainly, the Thanksgiving holiday makes prime editorial material. It's a subject well worth looking at. America's Thanksgiving is changing like everything else.

The holiday is a unique one which originated with the Pilgrims who after their first harvest in the New World stopped to celebrate and give thanks to God.

The modern Thanksgiving is longer on the food and celebrating than anything else. Probably this is because when you have a lot it is more difficult to appreciate it all than when you have very little and realize where you would be if you didn't have that.

Today, America's Thanksgiving tables are heaped so high with food that the men after eating their fill have a hard time staying awake even through the Dallas Cowboys showdown game on television with the St. Louis

Cardinals.

There are lots of football games to watch, and lots of special programs on Thanksgiving Day — including all those big city parades with "kick off" the Christmas season.

Somewhere in all of this most of America has lost sight of the true significance of Thanksgiving, as a day to give thanks.

We are happy to see one 10 a. m. Thanksgiving Day church service here at the Faith Lutheran Church for which an invitation has been extended to the community to come and join them.

We hope the pews in that small, but beautiful church are overflowing Thanksgiving morning.

Because that is what the real American Thanksgiving is all about.

DETERMINE RANGE CONDITION — SCS personnel determining range condition by clipping and weighing species of plants. From left to right: Joe Platt, Floydada; Charles Morris, Post; Layton Koch, Crosbyton; State Range Conservationist, Joe B. Norris, Abilene; Glenn Thorman, Spur and Clyde Pursley, Matador.

Field exercise for SCS men

J. B. Norris, state range conservationist, Soil Conservation Service, headquartered in Abilene, recently conducted training for selected employees.

The training session was held on the Weldon Edwards Ranch, east of Spur. Soil and Range Conservationists participated in a field exercise to determine range condition by weight produced by respective plants. They also reviewed the fundamentals of grassland ecology and how they affect ranch planning and grassland management.

Attending the training were Joe Platt, Floydada; Charles Morris, Post; Layton Koch, Crosbyton; Glenn Thorman, Spur and Clyde Pursley, Matador. Assisting was Henry Rogusch, Lubbock.

Millions study under GI bill

WACO — Unprecedented use of the current GI Bill by veterans and servicemen has resulted in higher dollar costs during its first 10 years than the combined total of the two previous GI Bills, Jack Coker, VA Regional Director, revealed today.

Coker said more than \$20 billion has been paid to 6.6 million trainees since the current bill was enacted in 1966. Benefits will continue through

1999, but the period for earning new eligibility will be closed out December 31, 1976, by recent legislation.

Total cost of the World War II GI Bill which ended in 1956, was \$14.5 billion. The Korean Conflict bill cost \$4.5 billion during its 12 1/2 year existence.

The GI Bill expenditures of more than \$5 billion for fiscal year 1976 represented 25 percent of the total VA budget outlay.

Increased enrollments and higher monthly allowances are chief causes for the greater expenditures, Coker explained.

THE POST DISPATCH
Published Every Thursday by Dispatch Publishing Company
123 East Main, Post, Garza County, Texas 79356

JIM CORNISH Editor and Publisher
Entered at the Post Office at Post, Texas, for transmission through the mails as second class matter, according to an Act of Congress March 3, 1879.

Any erroneous reflection upon the character of any person or persons appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

DISPATCH SUBSCRIPTION RATES

In Garza County	\$5.25
Elsewhere in Texas with State Tax	\$6.30
Anywhere else in U.S.	\$6.00
Overseas to service men with APD number	\$6.00

Notice: All mail subscribers — First class mail only is forwarded on any changes of address. Papers are mailed second class and you must notify us for any changes of address for you subscription.

Remember When

10 YEARS AGO
Santa Claus to visit city; United Fund drive is expected to go over top; Judy McCampbell and Jerry Bush announce their engagement; Antelopes and Does are to begin basketball tournament; Battle of the Bulge is showing at the Tower; the Post Junior Chamber of Commerce sponsors a bi-centenary.

15 YEARS AGO
Lewis Herron III and Sue Pritchard are named gold star boy and girl; Margie Harrison is elected sweetheart by FFA; Terry Dawson and Van Taylor exchange vows; Antelopes win first two basketball games; Kent Wheatley becomes member of 61 first deer club.

25 YEARS AGO
The Play "Grandpa's Twin Sister" is a howling success in the auditorium; Fall Festival draws large crowds; Julia Childs and James Mathis have birthday parties; Antelope Band to go to marching contest in Monahans; Graham students visit the Dispatch; Antelope team starts workouts for basketball season.

Few things are so apt to keep a woman awake nights as having a husband who talks in his sleep.

Truly a remarkable record

When you stop to think about it, it seems almost incredible that Rural Mail Carrier J. D. McCampbell has driven over a million miles on his mail route over a 34-year career without having a single accident.

He received his award and was made a member of a very exclusive club for driving over the million mile mark without having a preventable accident, whatever that means. But J. D. hasn't had any kind of accident, preventable or otherwise.

He certainly is to be congratulated for his record.

A million-mile safety record like that is made one mile at a time — and one day at a time.

There are lots of safe drivers in this crazy auto world of ours but few of them ever got

honored. We are happy that the postoffice department honors theirs.

When you consider J. D.'s 34 years of driving the mail remember too that a whole lot of the distance wasn't covered over nice hard-surfaced roads. It wasn't always as easy as it is today.

J. D. has another great characteristic that makes him a topnotch mail carrier. He likes to deliver the mail on time. When the postal official from Lubbock was a bit late in arriving for the award presentation, J. D. got to fuming around. He didn't like being late. He wanted to get out on his route.

In fact, The Dispatch almost had a picture of Elmer J. Reed Jr., of Lubbock presenting a One Million Mile Safe Driver Award to a man who wasn't there.

Some 'statesmanship' needed

Governor Dolph Briscoe recently recommended the state increase its share of the foundation school program to 90 percent, with the remaining 10 percent assigned to the districts on the basis of estimates of taxable value.

This would be a \$200 million increase in state support.

It is estimated that it would cut the school district's share of the foundation school program from 35 cents per \$100 valuation in school district taxes on an average to 9 cents.

Governor Briscoe also wants to put another bit of state control of schools into every school's operation by requiring school districts to cut taxes, or by placing a tax ceiling on school district levies.

Since the governor has made that proposal, some legislative leaders have hustled into print with a plan for the state paying not 90 percent but 100 percent of the cost of the foundation

program of state aid.

The legislative session is still weeks away, but Texas does have some surplus tax funds so the planning is already on as to how it will be spent.

We will predict no present plans will survive the legislative test and be enacted into law. But we do believe school financing will become one of the two biggest problems before the legislature at its coming session.

The other will be highway financing. Something probably will be done on both problems, but whether the solutions will be ones the public will like is another question.

We hope at least the legislature doesn't do what it did at its last session and vote to spend most of its surplus on its first day before even tackling its major problems.

We are entitled to a little better "statesmanship" than that.

LOST HEAT BITES THE DUST

When you buck Lost Heat — you save money on heating bills. The best way is with an electric heat pump. The heat pump is an electric heating system that squeezes warmth from outside air even at very cold temperatures. The electric heat pump is the most efficient way to have clean, modern heating and also save energy. And when you save energy, you save money. Call the Electric Company for complete information on the heat pump.

Being thankful is . . .

Having a small insurance agency in a small town; it's watching your customer's kids get their first car after completing driver training; it's watching them go away to school and come back to the home town; it's watching them get married and start a family; it's watching them get the first home of their own; it's watching them get into a business to provide all these things.

It's knowing you had the insurance policy on their first car, and knowing the adjuster in the college town where the first fender was bent; it's having a life insurance policy to fit them when they are married and for the first youngster; it's having the fire insurance on their new home and knowing it will take care of their loss when it happens, and it's knowing when they go into business, insurance will protect their investment against a catastrophe.

Big time agencies in the city miss all of what we have enjoyed for more than 20 years. We know our customers; we know when they have a loss, (sometimes before it's reported), and believe it or not, our companies know a great many of our customers from long years of our doing business together.

So it's nice at Thanksgiving to go over the things that we've been a part of, and that's what personal service really is.

Still Counting Blessings

Our Thanksgiving, which originated with the Pilgrims after their first harvest in the New World, dates much further back than America's Bicentennial.

This is no longer a New World for America. But it is a world for which Americans still have much to be thankful for. After over 300 years the Pilgrims' dream of America still shines through into reality in a vastly different, modern world. Let us make our Thanksgiving meaningful as we sit down to an overflowing table with family and friends Thursday.

We're thankful to have you for Our Customers and Friends

STATEMENT OF NONDISCRIMINATION
The Dickens County Electric Cooperative Inc., has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization. Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D. C. 20250, or the Rural Electrification Administration, Washington, D. C. 20250, or this organization, or all, a written complaint. Such complaint must be filed not later than 180 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations. tlc 11-23

NOTICE OF HEARING FOR OIL AND GAS WELL PERMIT CITY OF POST, TEXAS
Notice is hereby given that George R. Brown, acting under and pursuant to Ordinance No. 238, which ordinance amended Ordinance No. 89, passed on February 14, 1950, and relating to the drilling for, mining, or in any manner engaging in operations for the purpose of extracting oil, gas or other petroleum products from the City of Post, and correcting Exhibit B in Ordinance No. 89, and allowing additional drilling within the territorial limits of the City of Post as same existed on February 14, 1950; made, passed and entered on the 29th day of March, 1966, filed with the City Secretary of the City of Post an application for a permit to drill a well for oil and or gas upon lot number 20, in Block Number 90, of the Town of Post, Garza County, Texas, according to the map or plat of said town of record in Volume 13, Page 1, of the deed records of Garza County, Texas, reference to which is here made; such well to be in drilling Block Number B-37-CP, as shown in said Ordinance No. 238. A hearing upon said application will be held at the City Hall in the City of Post, Texas, on the 9th day of December, 1976, at 2 o'clock p. m. at which time and place all persons interested may appear and contest said application. Would you believe — A human being sheds skin continually, replacing it with an entire new outer layer once every 28 days.

Boost sought for exemptions

AUSTIN — Comptroller Bob Bullock announced Thursday that he will ask the Legislature in January to grant Texans some state inheritance tax relief by increasing exemptions for surviving spouses to \$100,000 and for surviving children, grandchildren or parents to \$50,000 each. Bullock estimated the proposal would exempt an additional 18,000 beneficiaries per year from the basic state inheritance tax. If enacted into law, it would mean 77.7 percent of all beneficiaries would be totally exempt from state inheritance tax, he said. The Comptroller said current law provides an exemption of only \$25,000 for all Class A beneficiaries — surviving

spouses, children, grandchildren and parents. "That law was written in 1955 and hasn't been changed since," said Bullock. "A \$25,000 estate back then would be considered modest." Because the dollar is worth much less today, Bullock explained, "the state inheritance tax has become particularly burdensome to farmers and ranchers." Bullock said his proposal selected after extensive research by his Inheritance Tax Division of actual 1974 estate tax returns. He added his office has worked closely with various farm and ranch groups and the House Ways and Means Committee in developing the proposal.

Calico Christmas and Carols' set for Dec. 6

Post Music Club cordially invites you to attend "Calico Christmas and Community Carols" Monday, Dec. 6 from 6:30 until 10 a. m. at the Post Community Center.

Guests will be entertained by the Twin Cedar Nursing Home and all Garza County residents.

Nancy Shaw and Mrs. ... will be playing carols ... under the direction of ...

Program ...

... "Magetruh Stalkers" a dancing group from ... individuals and groups ... "Christ ... " consisting of ... Williams, Joanne Ko ... and Patsy McCowen, the

Dozen chicken livers priced top bargain buy

COLLEGE STATION — Frozen chicken livers are a "star attraction" at Texas grocery stores.

Other top choices include white potatoes, cauliflower, broccoli and Brussels sprouts, she said.

"Also, two hard-shell squash varieties, acorn and butternut, are lower in price, making them a good choice."

Tangelos and apples top the quality-economy fruit supply list, while bananas, pears and grapes are other economical choices.

Forecasters predict a near record crop for Naval oranges and grapefruit — which should mean reasonable prices and a real taste treat for those items, the specialist said.

Dairy features are more numerous — with special emphasis on milk, half and half, sour cream, whipping cream and a variety of cheeses.

DISCUSS AGING — Shown above are a group of SPAG representatives who were present for a luncheon meeting Friday noon, in the Post Community Center, to discuss aging. Pictured left to right, William F. Shiver, Superintendent of Post Schools, Dr. James S. Parker, Director of Research, Textile Research Center of Lubbock, Kay Caddel, Research Associate, also of Lubbock, Judge C. L. Abernathy, President of the group, of Plainview, Truett Mays, SPAG Executive Director of Lubbock, and Betty Shannon, Director of Regional Office on Aging of Lubbock. — (Staff Photo)

If your children have a pet, or if you're thinking about getting a pet for your child, you'll be interested in a new program that has been developed by the Bureau of Veterinary Public Health of the Texas Department of Health Resources. The purpose of the program is to teach children how to care for their pets.

Dr. William Bilderback, director of the state's Zoonosis Control Program, explained that the pet care project is intended for children in the second grade. He said "This is something we have never had the capability of doing, and it's something that most of us have dreamed about in the past, but now it's a reality."

The program is designed around a single classroom lesson, using a filmstrip with a pre-recorded narration. A coloring booklet reinforces the major concepts in the lesson, and each participating child receives a second booklet to take home.

The educational materials were developed by the Pet Food Institute, the trade association of pet food manufacturers, and by the Orange County (California) Veterinary Medical Association Women's Auxiliary. Additional printed materials, including a Teacher's Guide, have been prepared and reproduced by the Texas Dept. of Health Resources. A Spanish-language version of the filmstrip, phonograph record, and printed materials is being developed now and should be available next spring.

Bilderback said, "We do have some marvelous educational programs for adults, but this never seems to quite do the job, and we've failed in the past to have educational materials that reach to the real 'education point.'" He stressed the importance of teaching pet care at an early age so that children will have a base on which to build "the fundamentals of environmental responsibility and pet ownership."

The educational materials will be available to teachers through the twenty Regional Education Service Centers. In addition, the women's auxiliaries of the local veterinary medical associations in many communities will put on the program in the local schools. Also, a veterinarian in each of the ten Texas Public Health Regions will be available to present the program.

The content of the program stresses the importance of providing a suitable shelter for a pet, the pet's nutritional and grooming needs, and rudimentary pet training. The theme, "a pet is a very special friend," emphasizes the child's responsibility toward the pet.

Although most people regard pet care as a "common-sense

Focus on Home Economics

AVOID MAIL ORDER FRAUD

If you read ads like "Make Easy Money at Home, Send \$3 for details," do you obey their command?

This type of ad may be one of many that defrauds consumers seeking to supplement their incomes at home.

Dishonest ads for business opportunities my promise payment for at-home work only to send the hapless consumer a letter on how to start his own mail order business or inform him he must pass a test or pay a registration fee before qualifying.

Frequently the victims are homemakers with young children at home, shut-ins, elderly persons and the unemployed.

Unfortunately, many consumers who fall prey to these schemes never complain because of the small amount of money lost. But these small amounts add up when there are tens of thousands of responses.

Before investing in a work-at-home opportunity, be cautious!

The advertisement promises large profits for little work. The ad requires you to send money to receive further information.

The ad tells you that no experience is necessary. The company will not supply the names of other employees so that you can check on their experience.

You are required to buy and then resell a product at a profit; the item may be of poor quality and unsaleable.

If you do plan to invest in a work-at-home plan, call your local Better Business Bureau or Retail Merchants Association to find out if the company has a good reputation. Always think twice before paying for the chance to work.

Southland won at Wellman 50-35 Nov. 9 with Mary Hill putting in 24 points to take high-scorer honors. Camille Wheeler added 18 points.

Southland defeated Ropesville at Southland 38-15 Nov. 15. Mary Hill made 18 points, and Camille Wheeler put in 14 points.

with consideration given to the environment in which the pet will be kept (for example, not trying to keep a large dog in a small city apartment) and the kind of association the individual wishes to have with the pet.

Sam Byrds honored on 48th anniversary

Mr. and Mrs. Sam Byrd were honored recently on their 48th wedding anniversary with a reception in their home.

Friends called between the hours of 2 and 4 Sunday afternoon.

Sam Byrd and the former Anna Stanley were married October 28, 1926 in Clairemont, Tex. This union has been blessed with 10 children and 26 grandchildren.

They farmed in the Dickens County, Spur and Afton areas, until 1953. Then moving to Post they both worked in the Burlington Postex Plant, he as

a slubber tender and she as a sheet inspector.

Mr. Byrd retired from the plant in 1967 and Mrs. Byrd retired in 1970.

Out of town guests were from Lubbock, Ralls, and Floydada.

Host for the occasion were the D. L. Byrds, the Lewis Ammons, Melvin Byrds, Ed Byrds, and Bill Lowe.

Registering guests was Michelle Byrd, Vickie Ammons and Halie Lowe.

Make cooking and consuming a meal a learning experience, not just an emotional one. Keep a record of how long you roast your beef, or boil your beans, or stew your chicken. Remember how your family likes a certain dish and prepare it that way again.

Pep rally dynamite for boosting spirit

If you weren't in the high school gym at 2:45 Friday afternoon, you missed a dynamite pep rally. The crowd was enormous and the cheering was enough to blow your brains out. The crowd was not all high school students, there were junior high, elementary and primary students. Also a great number of local businessmen attended. Even 'Jaws' visited. The cheerleaders and the band both did a skit. The junior class presented a 'petition to win' to the Antelopes, and

Jimmy Redman presented a pride plaque. Coach Tannehill and Coach Reynolds presented the trophies to the freshman and junior varsity football teams for their district championship and co-championship. The juniors were presented the spirit stick for their outstanding cheering ability. After the school song each football player touched the hand both did a skit. The junior class presented a 'petition to win' to the Antelopes, and

TAKES PHONE QUERY — Paul Flores tries to answer a few questions for a customer on the phone. Paul is employed due to the HECE program. — (Staff Photo)

Drug Day at Junior high

Thursday the junior high held a drug education day. The whole day was spent in classes on the evils of alcohol, drugs and marijuana. There were different methods to teaching each class. The classes had slides, brochures, films, lectures and group discussion. There was also a fun class which included learning macramé, paper mache, art, and how to make a terrarium. All Post Junior High School students really enjoyed the classes and really felt that they had gained something from it. The junior high faculty may plan another drug day in December. So let's get behind these people and give them all the encouragement we can. You are never too young to learn about the bad things in life. For you may be confronted with these ordeals later in life.

Paul learning about furniture

Paul Flores is cleaning, delivering, selling and putting furniture together at Mason's Furniture Company this year in the HECE program. Paul really enjoys his job because he gets to meet a lot of people and he also likes his employers. Paul says, "I like HECE because I get a good job, get to earn my own money, and save a little of it. It also helps me to learn responsibility." Paul is a junior at Post High School and isn't really sure of his future as of yet.

Letters to the Editor

CHEERLEADERS PRAISED
Dear Editor:
In our local high school we have five cheerleaders who are to be commended for a job very well done this year. Karen, Williams, head, Christi Conner, Kelly Mitchell, Cindy Kirkpatrick and Debbie Wyatt are all to be congratulated for the outstanding spirit and dedication shown in the football team this year. The Roosevelt game is a prime example of the job they have been doing. I saw the cheerleaders putting blankets on the football boys and when they came off the field, rubbing their hands to keep the circulation going, not concerned that they were also freezing, their hair in ice. I feel that in the future all upcoming cheerleaders really have a goal to live up to, for these girls have put their heart and soul into their job and I say a big "Thank You." They have done their school and student body proud.
Norma Baumann

Post student in Who's Who

CANYON — Consuelo Flores of Post is among 49 West Texas State University students named to Who's Who Among American Universities and Colleges. The senior elementary education major was selected from 160 nominees for her scholarship, leadership, involvement in campus life and potential for achievement. Nominated by Gamma Sigma Sigma service sorority, Miss Flores has served that organization as pledge trainer, parliamentarian and secretary. She is a member of the Texas Student Education Association, the Scribes honor society and Kappa Delta Pi education honor society. Miss Flores has been named to the dean's and the president's honor rolls. She is the daughter of Agapito Flores of Route 3, Post.

Youthoughts

By TRACY MCALISTER

It's time for Thanksgiving again. The time when family ties are drawn closer and everyone is happy (except mother).

Poor mother has to slave over the hot stove all morning. She gets the house clean, and then let's the family dirty it up again. It is quite a challenge to be a mother or a grandmother on Thanksgiving Day. If it weren't for Bufferin she would probably have a nervous rigger. Headache number 998—the family gets together.

The first step to a nervous breakdown on Thanksgiving is the preparation, the worrying, and the time it takes to do what you have to do. Then the family starts pouring in. What a funny bunch they are. Uncles, aunts, grandparents, and cousins, all kin, but each as different as night and day.

Uncle George and Uncle Wayne haven't spoke since last Thanksgiving when they got into a fight about how to cut the turkey. The family doesn't really speak to each other, they just gabble. "How are you Linda?" "Oh, just fine. This can't be little Tracy?" "Yes it is."

"My how you have grown! And what's that on your face—a moustache? Why you're going to be a man soon." And I think to myself—I'm eighteen years old, how much longer do I have to wait? Then we sit down to dinner, and I still have to sit with the kids. Then we eat, and eat, and eat. Watch out, here comes the dessert, so we eat and eat some more. We all say how good it was and sit down in front of the

boob-tube. Here go Uncle George and Uncle Wayne again. "The Cowboys are going to win!" "No the Cardinals!" "The CARDINALS! They can't swat a fly, much less tackle!" "What do you know, you bumbling idiot!" "Well, Come on Sally let's go home. The smell in this room kills me!" "Good riddance!" Well the families go their separate ways and return again next Thanksgiving to gabble, eat, watch TV, fight and leave.

What I would like to know is whatever happened to a group of people called a family? Why can't we sit and talk as though love was with us? We could forget the pains and troubles that we cause each other.

Your family won't be here forever. And when they're gone you'll miss them. Even Uncle George will miss Uncle Wayne. On Thanksgiving you are supposed to thank God for a family and the love they bring. Go see your family this Thanksgiving and remember it is Thanksgiving not Thanks Getting!

And there's not a thing funny about that.

Coming Events

Nov. 24 — School dismisses at 2:30 p. m. for the Thanksgiving holidays.

Nov. 29 — Small schools workshop at Wellman. No school. Junior high basketball games at Lubbock with Christ the King, 5 p. m.

Nov. 30 — School resumes, 8:50 a. m. High school basketball games at Southland with Patton Springs, 6:30 p. m.

Dec. 2 — Senior play, "His Uncle's Niece," 7 p. m. in the school auditorium. Admission \$1.50 for reserved seats and \$1 for general admission.

Dec. 8 — Junior high basketball games at Ropesville, 5:30 p. m.

Dec. 7 — Girls' high school basketball games with Whitfate at Southland, 7 p. m.

Boys Begin Basketball

Southland High School their first game Nov. 16 on the home court beating West Texas Christian Academy from Lubbock 55-28. Curt Wheeler was high-scoring for Southland with 15 points. Other double figure scores were made by Sherman Daugherty with 12 points, and Junior Buxkemper and Frankie Valdez each putting in 10 points.

Southland Junior High defeated Whitharrel 47-28 on Nov. 8. Ambrose Davila scored 18

points for Southland, and Perry and Gerry Hill each added 12 points.

The junior high boys ran over Ropesville 46-23 at Southland Nov. 13. Perry Hill was the top scorer in the game with 18 points. Ambrose Davila and Gerry Hill also put in 12 and 11 points, respectively.

High School Girls' Basketball — Wellman defeated Southland's high school girls 69-37 on Nov. 9 at Wellman. Joy Basinger topped all scoring with 32 points. Donna Shelton made 17, and Mary Ann Vasquez added 8.

The girls "B" team lost 48-23. Gena Farquhar was high scorer with 19 and Ida Perez made 4.

On Nov. 11 Christ the King in Lubbock outscored the "A" girls 45-39. High scorers were Joy Basinger, scoring 29, and Donna Shelton with 10 points.

The girls did a fine job playing five on six, for the Southland girls had no substitutes.

Junior High Girls' Basketball — Southland was downed by Whitharrel 43-37 at Southland Nov. 8. Camille Wheeler was top scorer for Southland with 22 points. Mary Hill added 13 points.

Post Does go on road against Silvertown, Floydada

Girl cagers won't play at home for 2 more weeks

Coach John Morrow's Post Does, with two opening victories behind them, were scheduled to play Silvertown at Silvertown Monday night and then journey to Floydada Tuesday night to complete their Thanksgiving week action.

The Does will take to the road for the fifth straight time the following Tuesday night, Nov. 30, to play Lockney before opening pre-Christmas tournament play at New Home the weekend of Dec. 2-4.

Actually, the Does will have

nine games behind them before playing for the first time before the home folks Tuesday night, Dec. 7, when they will play Dimmitt.

The Post JV girls will play both Silvertown and Floydada JV teams in preliminary action tonight and Tuesday night.

The seventh, eighth and ninth grade girls teams will play Cooper at Cooper Tuesday night.

No basketball games are scheduled for the holiday weekend involving local teams.

More scoring balance as team defeats Spur 63-50

Coach John Morrow got more balanced scoring out of his offensive unit last Thursday night as the Post Does won their second straight cage victory of the new season, downing the Spur girls at Spur 63 to 50.

Forwards Debbie Wyatt and Amy Cowdrey came up with 16 and 13 points respectively to go with Center Karen Williams' 28.

The starting trio accounted for all but six points of the Post total as the locals jumped out in front 20 to 8 the first quarter and stayed ahead the rest of the way.

Post led 38 to 24 at the intermission and 48 to 36 going into the final period.

Post was whistled for 25 fouls but none of the players were forced from the game by infractions.

Kerri Pool got four points and Brenda Weaver and Cindy Kirkpatrick one each to complete the scoring.

All 13 players on the squad saw action from the first quarter on.

Coach Lu Allen's Post Junior Varsity girls blitzed the Spur JV's 81 to 39.

Post had five players double figures on that one.

Karla Kennedy led scoring with 21, followed by Nancy Clary with 20, Theresa Ory with 19, Beth Green with 18 and Theresa Ory with four.

The local JVs jumped to a 26 to 13 first period lead, increased it to 48 to 36 at halftime, and led 64 to 39 at the end of the third period.

In the preliminary of tripleheader, Post's first girls swept to a 46 to 22 win in their first start of the season.

Three girls did all the scoring for Post with Donna Hester scoring 10 field goals and four of five free throws for 24 points by fouling out of the game.

Carolyn Pringle scored field goals and one free throw and Linda Abraham the other ten on four field goals and two charities.

Post took a 16 to 14 period lead and increased 24 to 15 at the half. They went away to 37 to 17 by the end of the third. Fifteen Post girls action.

ANOTHER POINT — Guard Buddy Britton toes one of his six extra points through the uprights in the bi-district victory over Stamford despite efforts of Stamford end Bill Harrell (81). No. 30 for Post is Perry Rogers. — (Don Ammons Photo)

SACKING QUARTERBACK — Post fackles Casey Zachary (70) and Jeff Greene (71) tackle Stamford quarterback Bryan Tabor for a loss when he went back to pass during Stamford's desperate second half aerial blitz. — (Don Ammons Photo)

SIDELINES

By JIM CORNISH

There was a lot of personal satisfaction Friday night in the way the Lopes clobbered Stamford's Bulldogs — through the air.

From the start of the season we simply "knew" that in Brad Shepherd Post had as fine a passing quarterback as could be found in the district and in Split End Evans Heaton and Tight End Mike Waldrip the Lopes had a real pair of "catchers."

We had "figured" from the start Post would have a good passing attack.

Well, for the 10-game regular season it was strangely missing. Whatever the reason, Shepherd was getting sacked and too few passes were

More spotted cotton now

LUBBOCK — More Spotted and tinged cotton was classed last week compared to previous weeks, according to Paul R. Dickson, in charge of the Lubbock Cotton Classing Office. Early freeze or extensive hail damage are often causes of spotted or tinged grades. Crop progress is slowed or stopped before cotton can mature, Dickson said.

The USDA's Agricultural Marketing Service reported cotton trading was moderate to active the week ending Nov. 19. Growers offered cotton in moderate volume.

Cotton prices finished the week in a firming trend, and demand was good, Dickson said.

Prices paid growers for cottonseed ranged from \$80 to \$100 per ton.

Sermon topics for Sunday announced

Sermon topics for next Sunday at the First Christian Church will be "It's Time To Start" at the 11 a.m. worship service, and "Does It Cost To Follow the Master" at the 7 p.m. service.

The advent season begins with the lighting of the first advent candle. The public is invited to see the lighting of the first advent candle at the Sunday morning service.

The color film, "Corrie Behind the Scenes with the Hiding Place" will be shown at 7 p.m. Sunday, Dec. 5.

completed.

We guess a lot of things were different Friday night. For one important thing, the offensive line gave Shepherd plenty of time to throw. For another, Brad was picking out his receivers and hitting them for big yardage with 61 percent accuracy. For a third, Stamford tried to mass against the rush and opened themselves up more on the pass where both ends were often able to get in a one-on-one situation and beat their man.

But between us fans, we like to think Coach Brown has just been "saving" the Lope passing attack for when it was needed. Certainly, in the "second season" — the playoffs, it is going to be needed every game.

The victory over Stamford wouldn't have been so easy if Bulldog ace, Don Earl, hadn't gone out early with a busted arm. That was too bad. Quarterback Bryan Tabor certainly was outstanding for the Bulldogs in both throwing and running. Everybody in Tiger Stadium knew what he was going to do on virtually every play in the second half but he hit his receivers better than half the time despite a fierce Lope rush.

Stamford Coach Bill Anderson before the bi-district clash with the Lopes last week told The Stamford American that "with Jackie Brown as head coach the Post Antelopes are the best coached team the Bulldogs have played all season." That's a compliment we thought local fans and school officials — as well as Post coaches — might appreciate reading.

In commenting on the Lope players, he said several were outstanding but added that "Danny Saldivar, a 215-pound senior lineman, is by far the team's outstanding player." He said the Antelopes had the best offensive backfield his team had faced all year with Randy Baker, Randall Wyatt and Jimmy Dorland.

Coach Anderson said also leading the Post team to their district championship were Casey Zachary, a 190-pound senior tackle, whom he described as "good"; Perry Rogers, a 180-pound senior linebacker; and Mike Waldrip, a big senior end who was described by Anderson as "a bruiser."

Broadway Gang takes 28-0 powder puff win

The Gold Rushers got all the breaks, seemingly, as they beat the Broadway Gang 28-0 in a hard fought game Saturday night in the second Powder Puff football game, sponsored by the Antelope Booster Club.

The crowd, smaller than last year, was a very enthusiastic one and were rewarded with a very good game of football.

October safe Garza month

The Texas Highway Patrol investigated only one accident on rural highways in Garza County during the month of October, 1976, according to Sergeant Kenneth Evans, Highway Patrol supervisor of this area.

This crash resulted in no persons killed and one person injured.

The rural traffic accident summary for this county during the first ten months of 1976 shows a total of 46 accidents resulting in two persons killed and 30 persons injured.

The rural traffic accident summary for the 86 counties of the Lubbock Department of Public Safety Region for October, 1976, shows a total of 608 accidents resulting in 17 persons killed and 324 injured, as compared to October 1975, with 543 accidents resulting in 18 persons killed and 283 persons injured. This was 65 more accidents, one less killed, and 41 more injured in 1976 at the same period of time.

Trena (Wipeout) Woods scored two of the touchdowns and Vickie (Golden) Gannon scored the other two for the Gold Rushers. Trena also converted all four of the extra points.

Brad (Leadhead) Lott kept the audience and the players, including the referees and the chain gang on their toes with his sharp comments and his play by play announcing of the game.

Nita (Baby Snooks) Terry and Sue (Grannie) Allison worked the chain, assisted by Delores (Close City Bomber) Redman, Bill (Sandhill) Crane,

Wayne (Montana Mouse) Thomas and Johnny (Hog Jaw) Kettip took over duties as referee.

A team trophy was presented to the winning team with Trena (Wipeout) Woods and Shirley (Jaws) Josey being selected as best offensive and best defensive players respectively.

Don "Hamburger" Eilenberger, head coach for the Gold Rushers praised both teams for a well played game of football.

Halftime entertainment was provided by the Junior High band under the direction of Jimmy Stringer, band director.

Childress wins in squeaker

Spearman almost "slipped up" on Childress Friday night in their bi-district clash with Childress, ranked No. 1 in one of the state polls, winning by a slim 16 to 14 score.

Other Class AA bi-district results included: Floydada 29, Dimmitt 8; Ozona 24, Alpine 7; Bowie 14, Comanche 7; Wylie 33, Granbury 14; DeKalb 21, Commerce 6; Newton 15, Anahuac 13; Bellville 7, Dayton 6; West 35, Teague 9; Rockdale 19, Llano 9; Hallettsville 35, Needville 0; Hays Consolidated 21, Pearsall 14; Youkum 20, Taft 3; Port Isabel 31, Freer 7.

City receives \$3,068 sales tax

The City of Post has been mailed a check for \$3,068.28 for its one per cent sales tax payment for November.

The check was paid of \$13.2 million mailed to 640 Texas cities by State Comptroller Bob Bullock.

Bullock said this raises to \$252.2 million the amount that the cities have received in rebates this calendar year, an increase of \$28.5 million, or nearly 13 percent, over the same period a year ago.

"This increase in consumer spending is a good sign that the Texas economy is on the right track," Bullock said.

The city of Houston got the biggest sales tax check — \$2,532,776.

HOW SWEET IT IS!

Congratulations on Defeating Stamford!

Sales tax on project paid

The Post Community Housing Association, Inc., had to pay its sales tax on the construction of 12 rental units.

This amounted to \$3,033.18.

The non-profit corporation's directors thought the corporation had a sales tax exemption but discovered it didn't when the contractor was audited by the state comptroller's office.

Directors at a meeting last week voted to pay the amount.

Bill Stewart, FHA supervisor, turned over \$3,073.59 from the original construction loan to the corporation, which covered the sales tax expense.

Stewart told directors he now has only \$663 of the original loan left for a landscaping fund.

Thanksgiving 'pilgrim style'

Post Presbyterians had a Thanksgiving dinner together Sunday morning — Pilgrim style.

The Sunday worship service was conducted in Fellowship Hall with the congregation seated at dinner tables much as the Pilgrims did at the Pilgrim festival service of Thanksgiving.

Since the Pilgrims did not believe in musical instruments there was no accompaniment to the congregational singing of the choir anthem.

The service was taken from the Ainsworth Psalter, published in 1612 at Amsterdam and brought to Plymouth on the Mayflower.

At the conclusion of the service a buffet Thanksgiving dinner was served with turkey and ham the main meat dishes.

Postings—

(Continued From Page One)

sack, one elf painting, another hammering, a third sawing and a fourth planing.

Ed Price, Post Antelope halfback speedster of a year ago, is attending Odessa College. He isn't out for football this fall. He is out for track instead.

People can do as they please, but must pay the consequences if they please to do wrong.

It's always the results that count in the final analysis — not great plans or promises.

Lopes stomp Stamford-

(Continued From Page One)

inside the Post 10 yard line by Lope defenders, one on an 87-yard drive from the opening kickoff and the other on a 92-yard drive in the fourth period.

Post's only lost fumble of the game came after stopping the second long Bulldog drive just outside the one gave Stamford its first touchdown chance from the Post six.

Halfback Jimmy Dorland was the leading runner for Post, gaining 91 yards on 16 rushes.

This is how the action went: Stamford Ace Don Earl took the opening kickoff and found nowhere to go, reversed his field and was dropped hard on the Bulldog 13.

On the first play, Quarterback Tabor handed over to Earl who threw a halfback pass to little speedster, Rory Mays, who was running free behind everybody at midfield. Rory juggled the ball and dropped it.

But from the 13 after the pass "stunner" failed, Stamford cranked up and with Earl, Tabor and May doing the running ran the ball 72 yards in nine plays for a first down on the Post nine-yard line.

Earl went for four and May added two and it was third down at the three. May stumbled and lost two yards to the five. Tabor then faked to Earl into the line and tried to slip outside around his left end on fourth down. It was a bad call. He wound up with a six yard loss and Post took over on its 11 yard line. It was Stamford's only threat until the fourth period.

After an exchange of kicks, Post took over late in the first on its own 44 and unveiled its passing attack Randy Baker got eight and Randall Wyatt added five for a first down before Quarterback Shepherd went upstairs for the first time.

It was a 25-yard completion to Waldrip for a first down on the Stamford 27 as the quarter ended.

After three running plays wound up with a net loss of a yard, Shepherd faded, looked, and ran on a keeper inside his right end for 16 yards and a first at the Stamford 12 to keep the drive alive.

Then he fired to Heaton in the end zone for the first touchdown as Post stands erupted in its loudest blast of the entire season. Britton toed it true on the conversion point and it was

7-0 Post with 9:41 left in the second period.

The Lopes held the Bulldogs after the next kickoff and moved from their 42 to the Stamford 20, most of it coming on a 39-yard throw to Heaton. On fourth and long there from a fake kick formation, Shepherd passed to Matt Allison who couldn't hold onto the ball as he was knocked out of bounds.

Again the Lopes held Stamford for nothing and Dorland returned a good Stamford kick to the Bulldogs' 42. From there Post drove to its second touchdown, mostly on the ground, with only a 13-yard pass to Heaton figuring.

Dorland dived the final yards for what appeared to be the TD, but Post was penalized back to the seven for motion. Baker then took a pitch around the left side to score standing up with only 44 seconds left on the clock.

Stamford fumbled on its 24 on the first scrimmage play after the kickoff to give Post its third touchdown opportunity. Shepherd on the third play passed 20 yards to Heaton in the end zone for the score to send the Lopes off to the locker room with a 21-0 lead at intermission.

The Bulldogs came out throwing in the third with Earl sidelined for the night.

An exchange of kicks and a clipping penalty started Post from its own seven yard line early in the third and they moved 93 yards for their fourth touchdown. The long drive took only 10 plays after Dorland ignited it with a 33 yard burst out from the Post 7 to its 40. A 25-yard pass to Heaton and more hard running by Dorland set up the 18-yard scoring throw from Shepherd to Waldrip with 3:33 left in the period.

After the kickoff, Stamford was held and Waldrip rushed in to block Calvin Kelly's kick and Post took over on downs on the Stamford one. Halfback Butch Booth slammed in for the fifth touchdown on the second play with 1:19 still left in the period.

A plucky Bryan Tabor regrouped the Bulldogs and guided them from their own seven after the next kickoff all the way to the Post one — 92 yards. He completed five passes enroute and ran once for a first down, but Post dug in and took the ball away.

That's when Dorland fumbled a handoff away and Stamford's Donald Nicholson recovered on the Post six. On the second play Tabor passed to End David Bolin in the end zone for the score. A pass effort for a two-point conversion was intercepted by the Lopes. It was 35 to 6 with 7:10 left in the fourth.

Perry Rogers recovered Stamford on-side kickoff on the Post 47 and the Lopes, cranked up for 53 yards and their final score. Sophomore Cliff Kirkpatrick picked up 11 yards for a first down on the Stamford 42 but three plays later it was fourth, and two on the Stamford 31.

When the Bulldogs hunched to stop the expected fourth down running play, Shepherd faked a handoff and then dropped back and hit Waldrip all alone for a 34 yard gainer and the last touchdown with 3:48 on the clock.

After an exchange of kicks, Stamford went 75 yards on three pass plays for their last score with a pass-lateral gaining 18 to the Post 42. From there Tabor threw the last pass of his high school career for a 42-yard gain and a touchdown to End Bill Harrell. The run for the points failed.

This time Casey Zachary recovered Stamford's on-sides kick on the Post 49. That took

and a fine set of experienced, hard-running backs.

Quarterback is Vaden Aldridge, who also is a fine punter. Tailback for Ozona's I formation offense is 180-pound senior, Orlando Dehoyos.

Gary Warren, 170-pound senior, is the halfback. He averaged over five yards per carry as a junior and is rated a top blocker. The fullback is 170-pound junior Blake Moody.

The Lions have eight seniors in their starting lineup.

Post will again be the home team and will wear their black jerseys again with Post fans again sitting in the west stands, all as was done in the bi-district win at Snyder.

The advance ticket sale is expected to get under way here either Tuesday afternoon or Wednesday morning at the same outlets that sold them for the bi-district game — First National Bank, Hundley's and Bob Collier Drug downtown and the junior high and senior high offices.

Tickets for the regional game will be 30 cents more across the board than for the bi-district clash with Stamford.

Adult tickets bought in advance here will cost \$2.50 and advance student tickets will cost \$1.50. At the gate in Odessa, ticket prices will be \$3 for adults and \$2 for students.

The Odessa Chamber of Commerce is furnishing the tickets and they will be placed on sale here just as soon as they arrive here.

Odessa is approximately 120 miles from Post. Kickoff time was moved from 7:30 to 8 p. m. to give fans an extra 30 minutes driving time after getting off work.

The football stadium in Odessa is just west of the downtown business district near the Odessa College campus.

Coach Brown told The Dispatch that Thanksgiving won't be a full holiday for the Lopes although school will be out. The squad will hold its final practice for the game beginning at 3 p. m.

Coaches of the two schools agreed to have game officials assigned from the Odessa chapter.

Plans for a pep rally to see the team off for Odessa Friday hadn't been completed by presstime early Monday afternoon for this holiday edition of The Dispatch.

Now there's a gas that puts a kangaroo in your tank. Keeps you a jump ahead in traffic.

only one second. In the last two Reserve Quarterback Bryan Compton passed to Rodney Owen for 12 yards and a first down.

Union thanks service held

The Post Ministerial Alliance held its annual Union-Thanksgiving service in the First Presbyterian Church Sunday evening with Ed Bruton the lay speaker, Randy Hensley the youth speaker, and the Rev. Edgar Fox, the ministerial speaker.

David Morrow sang "The Twenty-Third Psalm."

Other special music was presented by The Messengers of the First Methodist church directed by Barbara Babb. They sang "Thanks for the Sunshine."

One hundred and forty dollars was given in the offering which will be used by the alliance for transients. The Alliance wishes to express its thanks for the generous offering.

Farm inputs are plentiful

COLLEGE STATION — Despite the many problems facing farmers and ranchers today, agricultural inputs remain generally plentiful, notes an agricultural economist for the Texas Agricultural Extension Service.

Dr. Wayne Hayenga points out that the availability of farm and ranch inputs is a bright spot in an otherwise bleak outlook for agriculture.

For example, fertilizers will be ample to meet farm and ranch needs this fall and next spring. But, prices can be expected to increase slightly in the near future.

Pesticides will probably also go up in price, primarily due to more cotton, soybean and sorghum acreage, although supplies should be sufficient.

As far as machinery is concerned, farmers can expect a slight shortage of machinery ahead and costs will inch upward. "If you are going to buy machinery soon, it makes sense to hop to it now," contends Hayenga. There is a good selection and you will qualify for investment tax credit by buying this fall.

The fuel situation should remain stable unless there's a long, frigid winter or an oil embargo.

Although farm income will be off this year and farmers' debts continue high, they can still rely on a fairly steady rate of credit in the coming months, adds the economist.

Count Your Blessings

This is the time of year for reflection... thanksgiving. It's a time for lifting grateful hearts in prayer... and for taking joy in all life's little miracles.

Mason Funeral Home

THANKSGIVING

It's Time For Togetherness!

Make it a family affair! Share the holiday with all your loved ones... young and old... and give thanks for all life's warm blessings.
