

Medicare complaints are both 'old ones'

Hospital Administrator Perry Hunsaker told Garza Memorial Hospital directors Monday that the two biggest complaints against the local hospital in a recent Medicare action were old ones.

Enough registered nurses and hospital staff was one complaint. The other was not always having a physician on 24-hour duty for the hospital's emergency.

Hunsaker has yet to complete the formal inspection. Hunsaker went over the items for which the hospital "was written up" by the inspectors.

Hunsaker told directors that he learned a lot from the inspection, he understands what is required now, and he thinks he will be able to keep the hospital in compliance.

He said the hospital had not been doing some things under his administration because it had not been doing them when he arrived and he did not know they were required, like monthly meetings of the hospital's drug committee, and a regular committee to check each patient's record on length of stay and treatment received.

He also was told by inspectors checking the hospital district's bylaws that they had apparently adopted bylaws written before the hospital district was formed and some portions needed to be updated, such as the board bylaws being formed of six members and by only five according to the special state law creating the hospital district.

The administrator had "nothing new to report" on new doctors.

The Irish physician who visited Post was supposed to have made up his mind a week ago which town he would choose, but the organization which brought him over did not have his decision Monday.

There was nothing new either on the two physicians being sought from the Philippines.

In reports given directors, Hunsaker showed total hospital expenses for fiscal year 1976, which ended Sept. 30, were \$429,156.61. The estimated budget for this period was \$265,000.

Bills for September for the hospital totaled \$6,170.96, not counting payroll.

Presidential election balloting will be "x-ing" Nov. 2 — if vote — is several inches less than an entire page of Post Dispatch. And if they all the presidential candidates who are officially listed in the race — over we recall — it might take the edition of The Dispatch.

Askins rites held Tuesday

Funeral services for Leonard Askins, 78, longtime Garza County resident, were held Tuesday at 2 p. m. in the First Baptist Church.

Officiating were the Rev. S. J. Bruton, retired pastor of the Post Assembly of God Church, the Rev. R. A. Harrison, pastor of the Assembly of God Church and the Rev. Glenn Reece, pastor of the First Baptist Church.

Burial was in Terrace Cemetery under the direction of Mason Funeral Home.

Askins died at 9 p. m. Sunday in Garza Memorial Hospital.

Survivors include his wife, Rose; a son, Francis Little of Hampton, Va.; three brothers, Willard of Westminster, Calif., Howard of Phoenix, Ariz., and L. T. of Albany, N. Y.; a sister, Mrs. Eleanor McCrary of Post; and four grandchildren.

Pallbearers were Jack Lott, John Boren, Ad Jones, Wilson D. Williams, Billy Blacklock, Walton McQueen, Charlie Brown and Aubrey Ritchie.

McCrary heads Garza Ford bid

Donald S. Tapp, Regional Director for the President's Committee, today announced the appointment of Mr. McCrary as the Garza County Chairman of the President's Committee.

Accepting the position, Mr. McCrary, a prominent Post community and civic leader, noted "since money" will be so important in this campaign, we are asking individuals to help neighborhood leaders in their homes to help the people in their neighborhoods and to get the voters supporters to the election day.

In this campaign between President Ford and Mr. Carter, McCrary said, "Carter is the most critical in our country." McCrary said, "Carter is clear that President Carter better represents the people of West Texas and all Americans than does Mr. Ford."

McCrary stated he would soon announce opening of a headquarters to see that all area voters are aware of the crucial nature of this election.

Progress Edition coming next week

Next week, The Dispatch will publish its annual Oil Progress Edition.

It, all the many local issues associated with Garza County's busy "oil patch" will have the opportunity to call attention to the size and importance of the local oil industry.

Christie, Bruce win 4-H Gold Star honors

Christie Conner, daughter of Mr. and Mrs. Syd Conner, and Bruce Sanderson, son of Mr. and Mrs. Arnold Sanderson, were presented the Gold Star Awards at the annual 4-H Achievement Banquet, held Saturday night in the 4-H barn. This award is the highest county award a 4-H member can receive.

Christie has been in 4-H for nine years. She has carried projects in foods and nutrition, photography, safety, sheep, swine, livestock, judging, beef, and leadership. She has held responsibilities at Electric camp, Leadership Lab and held club offices of secretary and council delegate. Christie is a senior in Post High School.

Bruce has carried projects in livestock judging, rifle, horse, leadership, beef, cow-calf operation and Share the Fun. He has held offices of president and council delegate. He has had five reserve champion steers at the county show and his steer received the rate of gain trophy this past year. Bruce is a freshman animal science major at Lubbock Christian College in Lubbock.

The awards banquet was held at the conclusion of 4-H week with the purpose of the banquet to recognize adult leaders and 4-H members who completed record books and project forms during the past year. The 4-H Council was responsible for the program.

Darlene Gunn was mistress of ceremonies. Other council members on the program were Danny Gunn, Katrina Chaffin, Randy Conner, Sandra Bostick, Lance Dunn, Bruce Sanderson, Nancy Clary, Diana Basquez, David Poole, Jana Middleton, Scott Lewis, Connie Halford, Renea Melton, Marty Conoly, and Brent Mason. Mrs. Oneita Gunn, Ronnie Dunn, Syd Conner, Mrs. Paula Cawthron and Mrs. Catherine Crawford were also on the program.

Special awards were received by Jana Middleton and Scott

Educators emphasize truth about packets

Teaching by teams next

Post schools do not have "a packet educational system." Packets are used overall only about 20 percent of the instructional time. There is no magic in a packet. It is just one educational tool, best used with others.

These were specific points made by Dr. Robert H. Anderson, dean of the school of education of Texas Tech University, and Dr. Ben M. Harris of the University of Texas at Austin, in a 90-minute discussion of the current status of the Post educational program with Post schools trustees at their October session Monday night.

The evening session followed about a similar length session earlier Monday afternoon.

Both Dr. Harris and Dr. Anderson are closely involved with the Post educational program. Dr. Harris is program director of the Post schools. Dr. Anderson is a consultant.

School trustees had one of the liveliest discussions of the current status of Post education in many a year, led by the probing questions of Trustee Jack Lott to the two educators.

Dr. Anderson told the board he started with the Post program 18 months ago. He said he "looked in" on a third grade class Monday after his discussion with parents and found that students "totally

adjusted to it and the teachers very enthusiastic."

He said he came away from his question and answer session with parents with the feeling that parents "felt more comfortable" with the present system after the discussion although they came to the meeting expressing some concerns which included questions of discipline.

He said one concern expressed by parents was that "the teachers do too much visiting around" during class hours. He said he replied by saying he felt teachers in Post have a unique opportunity to learn by visiting in other classrooms and seeing other teachers presentations and the responses they brought from students. \$995 IN MONEY, CIGARETTES STOLEN— Burglars take safe with cash at service station

Burglars, who obviously knew what they were doing, broke into the Pioneer Oil Company, the self service station at 904 South Broadway sometime Sunday night and stole \$995.98 in cash and cigarettes.

The cash was in a cylinder floor safe set in concrete. The burglars brought along tools to chip the concrete and took the small 10 inch diameter safe and some of the concrete with them.

Also taken were 60 cartons of cigarettes and a box of No-Dri windshield towels.

Investigating officers found the burglars gained entrance to the service station office by going into the unlocked rest room to the rear of the building, taking out a sheet rock panel and then removing boards from the wall between the rest room and the office. They left by the same route.

The burglary was reported to the sheriff's office at 5:05 a. m. Monday by Ralph Heibner, service station attendant, when he came to open the station.

Rites today for Gladys Presson

Funeral services for Mrs. W. F. Presson, 86, of Post are tentatively set for 3 p. m. today (Thursday) in the First United Methodist Church with the pastor, Rev. Conrad Ryan officiating.

Burial will be in Terrace Cemetery under the direction of Mason Funeral Home of Post.

Mrs. Presson died about 5 a. m. Wednesday morning following a 10-day stay in Garza Memorial Hospital.

Born March 27, 1890, she married W. F. Presson in Sulphur, Okla., June 3, 1915 and had been a resident of Garza County since 1923. She had been a member of the Methodist Church since childhood. She taught art, was a substitute teacher during the war, and was a past member of the Culture Club. She was preceded in death by her husband in 1955.

Survivors include two sons, Kent of Arlington, Va.; and Glendon of Corpus Christi; one daughter, Mrs. Boo Olson of Post; three grandchildren and two great-grandchildren.

Pallbearers will be Jimmy Redman, Gene Moore, Charlie Cooper, Marvin Williams, Harold Lucas, Bob Collier, Preston Poole and Lewis Herron.

Ada Mae Oden found dead

Services for Mrs. Ada Mae Oden, 81, of Post were held at 3 p. m. Sunday at the First United Methodist Church here with the Rev. Bruce Giles, pastor of the Pleasant Valley Baptist Church, officiating, assisted by the Rev. Joseph Yates, pastor of the Methodist Church.

Burial was in Terrace Cemetery under the direction of Mason Funeral Home in Post.

Mrs. Oden was found dead about 10 a. m. Friday at her home where she lived alone, by a repairman coming to do some work. The death was ruled due to natural causes by Justice of the Peace Racy Robinson.

Mrs. Oden came to Garza County in 1916 and was married to W. A. Oden on Nov. 21, 1909, in Abilene. He preceded her in death in January of 1956. She was a member of the Methodist Church since childhood.

Survivors include a daughter Mrs. W. S. Johnson of Post; a sister, Mrs. Thelma Lareg of Phoenix, Ariz.; two grandchildren and four great-grandchildren.

Pallbearers were Noel White, Quanh Maxey, Bill Aten, Ronald Joe Babb, James Babb, Douglas Shepherd, Sameul Sims.

Ferguson rites held Sunday

Funeral services for Otto Lee Ferguson, 82, of Laverne, Okla., formerly of Post were held at 4 p. m. Sunday at Graham Chapel United Methodist Church with the Rev. Tommy Wilson, pastor of the Plains United Methodist Church, officiating. He was assisted by the Rev. James Kennedy, pastor of the Calvary Baptist Church in Post.

Burial was in Terrace Cemetery under the direction of Hudman Funeral Home of Post.

Ferguson died about 10 p. m. Thursday in the Veteran's Hospital in Oklahoma City, Okla.

He was a member of the Methodist Church. He had married Rena Mason Dec. 17, 1926 in Post and was a retired farmer.

Survivors include his wife; a son, O. L. Ferguson Jr., of Loveland; a daughter, Mary Lee Nelson of Lubbock; four brothers, Chester and J. B. both of Lampasas, Howard of Post, Bill of Los Angeles, Calif.; three sisters, Gladys Broxon of Los Angeles, Calif., Imogene Jordan and Mrs. Lucille Clary, both of Wilson; and five grandchildren.

Pallbearers were Alfred Clary, Lewis Mason, Homer Joe Mason, Mason McClellan, Sonny Mason, Tommy Mason.

FVW in benefit for cancer

The Post FVW will participate in a National Cancer Aid and Research fund raising with a bar-b-que and dance to be held Saturday, Oct. 16 at the FVW Clubhouse in Post.

The bar-b-que will begin at 6 p. m. with a charge of \$3 a plate and will be served until 9 p. m. The dance then starts and will last until 1 a. m. with a charge of \$3.50 for couples and \$2.50 for singles.

All benefits will go for the aid and research of cancer.

The public is invited to attend.

Precinct 2 gets \$11,000 used loader

The Garza County Commissioners Court voted to purchase a used loader for precinct two from the West Texas Equipment Co., of Lubbock for \$11,000 and the trade in of an old loader at a brief commissioners court session Monday morning.

Newby's Wyeth painting in Metropolitan exhibit

Mr. and Mrs. David Newby flew off to New York City yesterday to attend a preview reception last night in the prestigious Metropolitan Museum of an exhibit of paintings by Andrew Wyeth called "The Olsons and the Kuerners."

The Newbys were invited to the reception because their own Wyeth painting, "The Olsons", is in the exhibit.

The exhibit will officially open Saturday and will run until February.

Wyeth, one of the best known American painters, frequently painted the Olson house and the people in it and the farm of the Kuerners.

The exhibit will feature paintings exclusively on these

two subjects.

The Newbys purchased their Wyeth painting seven years ago. At the museum's request, they shipped it to New York in August to be included in this Wyeth exhibit.

A catalog on the show is being printed and later a hardbound book on the Wyeth paintings in the show is planned for public sale.

The Newbys will spend four days in New York City and then go to Richmond, Va., to visit Mr. Newby's sister, Mrs. Rosemary Muller, for four days before returning to Post.

While in Richmond they plan a bi-centennial visit to colonial Williamsburg nearby.

Absentee balloting for president opens here

A voter seeking to cast an absentee ballot must vote in the clerk's office when he applies for an absentee ballot if he does so in person. If he makes a mail request, he has until noon election day to get his ballot back through the mail to the clerk's office.

Written requests for absentee ballots should include the number on the voter's registration card.

The clerk's office will be open for absentee voting from 8 to noon and 1 to 5 Mondays through Fridays.

This year's ballot is of a huge 17 by 22 inch size. It won't take many of them to really "stuff" a normally-sized ballot box.

Columns for five different parties appear on the ballot with a sixth column for independents, and a seventh for the voter's write-in choices, if any, for the various offices.

Besides the Democratic and Republican parties, the ballot also has candidates for the Raza Unida party, the American party and the Socialist Workers party.

Although over 70 some candidates are in the race for president of the United States, as registered in Washington, D. C., only five appear on Texas ballots.

Besides President Ford and Jimmy Carter, they are Thomas J. Anderson of the American party, Peter Camejo of the Socialist Workers party and Eugene J. McCarthy as an independent.

There are four candidates each for United States senator and Texas railroad commissioner.

Contestants for Senator Lloyd Benson's senate seat, besides Benson who is seeking reelection, are Alan Steelman.

An excellent safety gift

National Fire Prevention Week is designated to emphasize precautions which can be taken to prevent injuries and loss of life and property from fire.

During this Fire Prevention Week homeowners are encouraged to consider installing an early warning system as a fire safety measure.

Did you know that a residence burns somewhere in this country every 45 seconds, adding up to 1,000 per day and almost 700,000 per year. Nearly 7,000 persons die in these fires and at least one-fourth of the victims are children under 14.

Since a high percentage of these deaths takes place while people are asleep, an early warning system can be a life saver.

It is estimated if all homes were equipped with an early warning fire detection device, between 40 and 50 percent of those killed in home fires probably would have awakened and escaped.

These detectors have been one of the latest ingenious developments of American technology to appear on the market, and may be purchased in at least some stores. Like other mass produced items, their price is dropping steadily.

Smoke detectors cost in the neighborhood of \$50 and can be run on batteries or plugged into the home electrical system.

Give your family a National Fire Prevention Week gift this year — a smoke detector for your home.

Revival will open Sunday

The Rev. Richard Harrison announces the A. I. M. Revival to be held at the Post Assembly of God Church beginning Sunday night, Oct. 17 through Friday night, Oct. 22 with Rev. Terry Wilson of Big Spring.

Rev. Harrison stated that A. I. M. is a mission endeavor of the A-G youth department. He added that these will be young people passing out tracts and inviting people to Jesus on Saturday the 16th.

The Revival will be conducted by Rev. Terry Wilson, pastor of Evangel Temple A-G Church in Big Spring, Tex. Before entering the ministry, Rev. Wilson was personnel manager for Titcher's of Dallas. He is a graduate of South Western A-G College in Waxahachie, Tex.

Rev. Wilson has traveled throughout the Southwest as an evangelist and pastored in Oklahoma before going to Big Spring.

Along with his pastoral duties he is currently the South Plains

Card of Thanks

I wish it were possible for me to write a personal letter to thank each of you who remembered me in such a beautiful way in cards and letters, expressing your concern and remembering me in your prayers, for the beautiful flowers and gifts and visits while I was in Highland Hospital. I feel so humble and grateful for your friendship. May God bless each of you in my prayer.
 Winnie Tuffing

During a time like this we realize how much our friends and relatives really mean to us. Your expressions of sympathy, the food brought to the house, the dinner at the Graham Community Center, the phone calls and flowers were deeply appreciated. Our special thanks to Mr. and Mrs. Dee Justice, the Mason Funeral Home, Rev. Bruce Giles and Rev. J. Yates. The Family of Mrs. Ada Oden

Words are so hard to come by for I have so much I want to say. Thank you is not enough for all the love, and concern that has been shown to me and my family during my illness. I would like to try and thank each and everyone for all the many, many acts of kindness, for the food, flowers, cards, letters, visits and just general thoughtfulness everyone has shown.
 My family and I are blessed with so many faithful friends and relatives and I hope that each of you are as richly blessed.
 Jerry and Shorty Hestev

I would like to thank everyone for the flowers, gifts, visits, cards and candy while I was in the hospital. I would like to thank Dr. Tubbs and the nurses for taking such good care of me.
 Billy Hahn

I would like to thank all my friends for the many acts of kindness during the loss of my father, Mr. Andrew Wallace for the flowers, food, cards and prayers.

Lynn county best place last year to hunt cranes

LUBBOCK - A special sandhill crane permit will be required again this fall by all crane hunters and a good response to a post-season questionnaire last winter has furnished excellent data for both state and federal biologists.

Over 11,000 permits were issued for the 1975-76 crane season and the South Plains of Texas lead the nation in the number of cranes harvested. The special permit can be obtained by writing the Texas Parks and Wildlife Department, John H. Reagan Bldg., Austin, Texas 78701. Please list your name, address and county of residence.

Crane hunters will have a 93-day season in zone "A" or the west zone of Texas which is open from Oct. 30-Jan. 30.

Zone "A" is that area of the state lying west of a line from the International Toll Bridge at Del Rio, thence northward following U. S. highway 277 to its junction with U. S. Highway 87 at San Angelo, thence northwesterly following U. S. Highway 87 and including all of Howard and Lynn counties to its junction with U. S. 287 at Dumas, thence northwesterly following U. S. Highway 287 to the point of intersection with the Texas-Oklahoma state line in Dallam County.

Sportsmen in zone "B" or the east zone can hunt 57 days from Dec. 4-Jan. 30. The zone "B" is that area of the state lying west of a line from San Angelo along U. S. Highway 277 to Abilene, thence along state highway 351 from Abilene to Albany and U. S. Highway 283 from Albany to Vernon, thence easterly along U. S. Highway 183 to the point of intersection with the Texas-Oklahoma line in Wilbarger County; and east of a line from San Angelo along U. S. Highway 87 excluding all of

Howard and Lynn counties, to the junction of highways 87 and 287 at Dumas, and thence along U. S. Highway 287 from Dumas to the point of intersection with the Texas-Oklahoma state line in Dallam county.

The daily bag limit and possession limit is three and six respectively. All regulations that apply to duck and goose hunting such as shotgun restrictions, methods and means, and permission to hunt, also apply to crane with the exception of the federal waterfowl migratory bird stamp. Crane hunters are not required this stamp while hunting cranes but, hunters are cautioned that ducks and geese inhabit or use the same water and feed areas as the cranes.

Lynn county lead the nation in the number of cranes harvested with over 1700 birds bagged by hunters during the 1975-76 season.

Many of the South Plains counties have received ample rainfall and shape lakes and tanks are in good shape as the long-legged cranes begin arriving from the northern nesting areas.

Most successful crane hunters have used rag decoys spread in cut grain but, even with this ideal setup, bagging three of these sharp-eyed birds was no easy task.

More information is available on crane and crane hunting in the new 1976-77 migratory game bird digest now available at all license vendors and P&WD offices across the Panhandle and South Plains.

Two swine flu talks planned

Mrs. Bebe Boren, Texas Department of Public Resources, will give two programs on the swine flu vaccine. The Graham Community Center will be the setting for the first program on Friday, October 15, at 2 p.m. and the second will be held at the Close City Community Center on Tuesday, October 19 at 2 p.m.

Mrs. Boren will discuss research, reaction, good points and preparation of the vaccine. If you have had questions concerning the swine flu vaccine, please attend one of these meetings.

The Graham and Close City Home Demonstration clubs are sponsoring these programs. Everyone is invited to attend.

Cheerful people live longest here on earth, and afterward in our hearts.

Chandlers honored on 50th anniversary

Mr. and Mrs. C. N. Chandler celebrated their 50th wedding anniversary Sunday after what could be called a rather unique start to their married life. They were married Oct. 14, 1926, in a Model T Ford on the Gail road south of Post.

They had attended the Harley Statler tent show in Post and were on their way to the home of Brother Lofton in the Graham Community to get married. It was raining and after getting past the first dip in the road they could not pass the second, because of deep water. While waiting for the water to recede, Brother Lofton and his family, on their way home also, stopped to wait with the couple. After waiting for quite some time, and still not able to cross, Brother Lofton married them right there on the road.

The couple was honored Sunday, Oct. 10 at the home of their granddaughter and husband, Mr. and Mrs. Bobby Dickson of Post.

The Chandlers have lived in Garza County for 52 years, 43 of those in the Graham Community. He is a retired farmer.

They have two daughters, Mrs. Jimmie Pierce of White River and Mrs. Bobby Josey of Post. Their five grandchildren are Ronnie Pierce of Fort Worth, Robert Pierce of Buffalo Lakes, Linda Huestis of Snyder, Jaynie Dickson and Randy Josey of Post. They have four great-grandchildren, Jarrett and Heather Dickson of Post and Lori and Roger Pierce of Fort Worth.

Lunch Menus

The Post schools luncheon menus for the coming week are as follows:

Monday — Hot dogs with chile, cabbage slaw, cream style corn, chocolate cake with icing, home made buns, half pint milk.

Tuesday — Taco, pink beans, tossed salad, raisin cobbler, cornbread, half pint milk.

Wednesday — Chicken fried steak with gravy, green beans, whipped potatoes, pineapple pudding, hot rolls, half pint milk.

Thursday — Burrito and sauce, buttered broccoli with lemon juice, buttered squash, cowboy bread, orange juice, half pint milk.

Friday — Barbecue on buns, blackeyed peas, celery sticks and peanut butter, sliced peaches, home made buns, half pint milk.

The Post schools sandwich menus for the coming week are as follows:

Monday — Chicken salad sandwich, carrot coins, sliced peaches, cookies, half pint milk.

Tuesday — Bologna sandwich, lettuce wedge, apple sauce, potato cookies, half pint milk.

Wednesday — Tuna sandwich, lettuce, tomato, pineapple, cookies, half pint milk.

Thursday — Peanut butter and jelly sandwich, celery sticks, banana, cookies, orange juice, half pint milk.

Friday — Hot dogs, carrot coins, fruit cocktail, cookies, half pint milk.

Gamma Mu holds fall rush social Monday

Gamma Mu Sorority held its fall rush social at 7:30 Monday night in the Graham Community Center with Jane Mason hostess. Theme for the social was "Country Hoe-Down."

Members and their guests introduced themselves by playing a memorization game of everyone in a circle. Each person told something about herself, and members told why they liked ESA.

The group served themselves from a variety of salads atop a table featuring a ceramic turtle centerpiece dressed in a patchwork costume.

Special guests of the sorority were Mrs. Sue Maxey, Mrs. Viva Davis and Mrs. Jennie Cowdrey. They were honored for their help and guidance on

the group's bicentennial quilt which was raffled off at the sorority's July Fourth booth. Laveta Norman, "best dressed" as a country hoe-down belle, presented a Post commemorative coin necklace to Mrs. Maxey for opening her home for the quilting project in behalf of the sorority. A "Quilting Bee" song was sung by the group.

Guests were registered with little turtle name tags, with each tag numbered. A drawing revealed the winner of the night's door prize with Mrs. Johnnie Norman the winner.

Rushes, guests and members attending the social were Nancy Wallace, Wynelle Craft, Susan Howard, Jana McCallister, Irene Fry, Sherry Crowner, Barbara Morrow, Donna Whiteley, Barbara Palmer, Paula Cawthon, Sharlot Sparlin, Kathy Fluit, Cindy Mitchell, Sara Holder, Julie Hudman, Orabeth White, Helen Mason and Mmes. Mason, Maxey, Davis, Laveta and Johnnie Norman and Mrs. Cowdrey.

Needlecraft fair is held

A needlecraft fair with hand-made objects, both old and new, was held with the Needlecraft Club met in the home of Louise Dietrich, on Saturday for a noon luncheon.

Tables were laid with brown cloths, centered with arrangements of fall flowers and candles. Each place was marked with a little orange butterfly.

During the afternoon, each member showed hand-made items and told about when and how they were made. Needle work ideas and patterns were exchanged. On display were many quilts, bedspreads, pillows, table cloths, pictures, dresses, macrame hangers, flowers, all hand made.

Attending the occasion were Linda Malouf, Helen Richards, Katherine Johnson, Sadie Storie, Alma Hutto, Geraldine Ryan, Lucy Callis, Maggie Mae Jones, Innis Thuet, Lucille Lobban, Eula Evans, Marcy Lee Demming, Bessie Bowen, Selma Kennedy, Johnnie Rogers, Celia Kennedy, a guest, and Margie Dietrich, co-hostess. Next meeting will be Friday, Oct. 22 in the home of Lucy Callis.

BE A SMART SHOPPER ABOUT GIFTS

Stretch your dollar power by being a smart shopper when buying gifts. Have you counted the money you spent on gifts last year? I bet you would be surprised. The Christmas season is upon us. Have you planned for Christmas expenditures? Make a list for Christmas gifts today and decide how much money you will have for this special occasion. Now shop within the

limit you have set to spend. Don't forget to include extra cost of wrapping materials and postage. Some other smart shopper advice is: buy Christmas decorations and cards during after-season mark-downs; take advantage of sales and specials throughout the year; plan for each gift; don't buy without thinking; make sure the gift is something the individual receiving the gift would want or need; consider buying family gifts or drawing names; and use your creative abilities to make something special for the person. Remember that many families indebted themselves for gifts and spend months paying for Christmas presents, and they also pay interest on this type of spending. Have you been a smart shopper about gifts? Would you like to improve your buying know-how? Contact Mrs. Paula Cawthon, County Extension Agent for more information and publications about saving money and being a smart shopper.

LUBBOCK — The fourth and final hearing on a proposed amendment to the Cotton Research and Promotion Act was held September 30 in Phoenix, Arizona, completing another step in the direction of increased funding for Cotton Incorporated (CI).

The U. S. Department of Agriculture held the four hearings to gather cotton producer views on increasing their current \$1 per bale contribution to research and market development through CI.

USDA earlier heard grower statements in Memphis, Tenn., Atlanta, Ga., and Dallas. The overwhelming balance of producers testifying at all four hearings favored the calling of a producer referendum on the proposed increase in December of this year.

Plains Cotton Growers, Inc., Lubbock gave its views at the Dallas hearing September 28. Current PCG President W. B. Criswell of Idalou told the hearing examiner that PCG "fully supports the Cotton Board's recommendation to the Secretary," and "urges the issuance by the Secretary of an order conforming to that recommendation."

The Cotton Board, a producer group charged with collecting funds and contracting for their use in research and market promotion, held its own hearings earlier this month. Its recommendation calls for a referendum on increasing the producer's CI assessment by four-tenths of one percent of each bale's gross value, beginning with the 1977 crop. The Cotton Board also would provide that the assessment could be increased to a maximum of one full percent after 1977.

One percent is the maximum

collection permitted in the legislation authorizing the Secretary of Agriculture to call a referendum. Producers on the Cotton Board are quoted as saying the assessment would not be raised after 1977 "without an in-depth examination of the need, economic conditions and producer sentiment."

The National Cotton Council of America has accepted the responsibility for a complete educational campaign prior to the referendum. Meetings of producers are being scheduled for that purpose across the Cotton Belt.

A meeting is scheduled in Lubbock on October 13, beginning at 10 a. m. in the Southpark Inn, Loop 289 and Indiana. The meeting will conclude with a luncheon, and all High Plains producers and agri-businessmen are being urged to attend.

"The final decision on this matter will be made by producers who vote in the referendum," stresses Criswell, "so it is important that every producer make the effort to obtain complete and accurate information before his vote is cast."

The outcome of the referendum will not affect the status of the current \$1 per bale CI collection. The supplemental four-tenths of one percent assessment, if approved by producers, will be subject to refund on request as is the \$1 collection.

Absentee vote—

(Continued From Page One)
Republican congressman from Dallas, Marjorie P. Gallion of the American party, and Pedro Vasquez of the Socialist Workers party.

Seeking the vacant railroad commissioner post are Jon Newton, Democrat; Walter Wendlandt, Republican; Fred Rodriguez Garza, Raza Unida; and Pat O'Reilly, Socialist Workers.

Since most major state elective offices are now elected every four years, the only other state candidates on the ballot are for various judicial positions. All of them are Democrats, unopposed.

One of them Don Yarbrough, seeking to become a state supreme court justice, has multiple suits against him in Houston courts which has brought state-wide criticism of his candidacy since he won the Democratic primary via voters' familiarity with the Yarbrough name. Two write-in candidates are now in the field against him but it is up to the voter to pencil in the write-in if he or she decides on such a choice. That won't be easy — and probably won't come off.

Also up for reelection will be Congressman Omar Burleson, conservative Democrat who is unopposed, and W. S. (Bill) Healy for state representative.

Joe Smith is unopposed for district attorney as a Democrat.

Also unopposed as Democrats for offices are County Attorney Preston Poole, Jim Pippin for sheriff and Tax Assessor-Collector T. H. Tipton.

County commissioners unopposed for election are T. D. (Buck) Craft for county commissioner in precinct 1, and Mike Cisneros for precinct 3.

Cheerfulness removes the rust from the mind, lubricates our inward machinery and enables us to do our work with fewer creaks and groans.

4-H banquet—

(Continued From Page One)
The "I Dare You Awards" were presented to David Poole and Sandra Bostick. These awards are presented to the recipients for their outstanding efforts to better themselves and their work in 4-H.

Food Show Awards went to Connie Halford and Sandra Bostick. The Foley Food Preservation Awards were given to Cindy Harrell and Sandra Bostick.

Entertainment for the evening was presented by the Country Five Minus One. Members are Amy and Lisa Cowdrey, Steve White and Mark Short. The group selected and sang religious, pop, country western, Elvis Presley, folk and some songs from the "fifties."

Achievement awards are as follows: Achievement, Jay Young; Agricultural, Brent Mason, David Poole, Andy Wheeler and Cynthia Wheeler; Swine, Russell and Steven Fluitt, Mike Johnson and Scott Lewis; Personal Development, Nancy Clary, Christie Conner and Bruce Sanderson; Santa Fe Achievement, Sandra Bostick and Steve White; Food Preservation, Cindy Harrell; Food-nutrition, Tanya Bland, Mindy Davis and Cynthia Poole; Beef, Jana Middleton; Clothing, Mindy Morris, Gardening, Brad Mason and Sheep, Cindy and Diana Basquez.

4-H year pins were awarded to Toni Marie Ammons, Cindy and Diana Basquez, Lisa Johnson, Mike Johnson, Gina Lee, Scott Lewis, Jana Middleton, Donna Nelson, Mark Short, Carla Stelzer, Vicki Teaff, D'Lynda Tyler, Julie White, Tanya Bland, Mindy Davis, Russell Fluitt, Steven Fluitt, Cindy Harrell, Dana Jackson, Patti Ann McClellan, Kelly Mason, Renea Melton, Cynthia Poole, Lisa Rodriguez, Andy Wheeler, Charla Williams, Brent and Brad Mason, Pam Riley, Ken Young, Amy Cowdrey, Connie Halford, Jana Terry, Cynthia Wheeler, Lisa Cowdrey, David Poole, Jay Young, Nancy Clary, Bruce Sanderson, Randy Conner, Nita Jo Gunn, Cindy Terry, Steve White, Sandra Bostick, Christie Conner and Darlene Gunn.

Adult leaders recognized were Prudencio Basquez, Judy Bland, Homer Casthon, Glenda McClellan, Lois Morris, Ed Neff, Shirley Bland, Dolores Dunn, Ronnie Dunn, Carolyn Halford, Winnie Harrell, Sheila Melton, Silas Short, Clara Jefferson, Stonewall Jefferson, Tommy Young, Neal Clary, Clarence Gunn, Jane Terry, Mack Terry, B. L. Thomas, Noel and Orabeth White, Anne Chaffin, Bobby Terry, Wagoner Johnson, Oreta Bevers, Faye Horton, Faye Payton, Bernie Jones, Floy Richardson, and Arnold and Patsy Sanderson.

Special guests were County Commissioner and Mrs. Paul Jones, Mr. and Mrs. Jimmy Bartlett, president of the Junior Livestock Association, Mr. and Mrs. Delaine Crawford, District Extension Agent, Mr. and Mrs. Binie White, Lyntegar Electric, Mr. and Mrs. Larry Willard, president of the First National Bank, Mr. and Mrs. Ronnie Dunn, president of the 4-H Adult Leaders Association and Mr. and Mrs. Russell Wilks, Friends of 4-H.

Lyntegar Electric sponsored the banquet and furnished the meal and incidentals. The Junior Livestock Association furnished the program.

School board—

(Continued From Page One)
"A teacher who does not visit can teach in his or her classroom for years without knowing all the good things which may be happening just down the hall," Dr. Anderson said.

Criticisms heard from parents here on the new educational process seem to center around "the packets" so a lot of the questions were directed by trustees to the two educators about packets.

"Packets are just one educational tool," Dr. Harris insisted. "They are not designed to be used in the Post program over 20 percent of the time and are to be mixed with other types of individual study, small discussions, and large group actions for best total learning."

When one trustee insisted that some teachers used the packets almost exclusively, Dr. Harris disagreed. "Bill (referring to Supt. Bill Shiver) got the handle on that two years ago," he replied. "Some may use it say

35 percent of the time, but others use it very little and we are calling for a 20 percent mix," he continued.

The one question neither educator seemed to have the answer for came toward the end of the discussion. A trustee asked why the quality of education became less the higher the grade, especially in high school.

Neither would blame it on the system though appeared to agree that it was so. A variety of possible reasons were cited. Dr. Harris said that Principal Billy Hahn when he was in charge of "the middle school" (junior high) got the current educational program off to an excellent start there through his thorough supervisory efforts. He expressed the thought that Hahn, who has since advanced to high school, will make his presence felt in the high school educational process just as strongly.

The high teacher turnover rate here was pointed out by a trustee as making the current methods difficult because of the

continual need to keep training new teachers.

The two educators said that only last year, when the turnover zoomed up to about 30 percent, did the turnover rate really pose a training problem.

Lott suggested that possibly team teaching at the high school level might be the answer. The educators agreed. In fact they had spent the afternoon between the meeting with parents and the one with the board discussing that very subject with Supt. Shiver in a planning session.

The annual audit of the school district, as of Aug. 31, 1976, by Hearn, Hansen, Criswell, and Robison of Lubbock was presented to the trustees by Ken Robison of the CPA accounting firm and accepted by the board. Trustees tabled action on architectural cost estimates for renovation work on the Post Special School to get it ready for use in the next school year. This includes carpeting, lighting, new ceiling, heating, etc.

Trustees said they had not received the estimates in time

WAYNE CHILDERS

The business will continue to be operated as it has in the past.

We wish to thank our many customers for your past patronage and invite everyone to let us serve you now and in the future.

We've had too few friends in Washington in the last five years. Now it's our turn to support a friend who's fought for us—Senator Lloyd Bentsen.

Oil Prices. Bentsen was one of the few to have the courage to call the price rollback "political hypocrisy."

Natural Gas Deregulation. Bentsen sponsored and guided through the Senate the Pearson-Bentsen bill to end twenty years of federal controls.

Depletion Allowance. Bentsen led the fight that saved the depletion allowance for the 250,000 royalty owners in the State of Texas and 95% of its independent producers.

Intangible Drilling Costs. Bentsen opposed the Administration's proposals to limit intangibles to income derived from oil and gas.

U.S. Senator Russell Long. "If it hadn't been for Senator Bentsen and others of us who fought for a small producer exemption to the repeal of the depletion allowance it all would have been lost."

Senator Lloyd Bentsen receiving the annual "Hats Off" award from TIPRO President, George Mitchell, June 10, 1974.

Mr. John Christman, President of TIPRO. "We are especially proud of the outstanding leadership role played by Senator Bentsen in moving toward natural gas deregulation. The responsible position he is taking on this and other energy issues is contributing mightily to the effort to bring about a long overdue bipartisan approach to the grave matter of a national energy policy."

Mr. Jack Blanton, President of Texas Mid-Continent. "Senator Bentsen is one of the few members of the U.S. Senate who truly understands the oil and gas industry. He's consistently fought to keep it healthy."

Executive to
Peak Sunday

Dr. Harrell A. Rea, former executive and executive Minister of the Christian Church (Disciples of Christ) in Southwest Texas, will speak at the 11 a. m. church service at the First Christian Church Sunday. Rea became executive minister of this region of the Christian Church in the United States and Canada Aug. 1, 1973. His offices are in Fort Worth. Prior to coming to Texas, Dr. Rea was executive secretary of the Christian Church Commission of Greater Kansas City. He served in this position from 1968 to July 1969. He was in Lubbock, Dr. Rea graduated from Texas Christian University with a B. S. degree and from Brite Divinity School, TCU, with a B. D. degree. In 1962 Culver-Stockton College, Canton, Mo., awarded him the honorary

doctor of divinity degree. He also has served pastorates in Temple and Galveston and was director of Christian Education at First Christian Church, Fort Worth. Dr. and Mrs. Rea will also attend the church fellowship meal, immediately following morning worship services.

Wilson romps
over Sands

WILSON — October 8 was not a holiday, but the Wilson Mustangs were in a great mood as they beat their Sands opponents, 46-0. It was the 3-B West opener for Wilson, and the Mustangs left no doubts that they could score easily over teams without a strong defense. The win was number 6 for Wilson, setting up some big games later in district play. In the first quarter Wilson picked up 20 points quickly putting the game out of reach though the plucky Sands team continued to play determined ball. Senior Wes Wilke began the scoring with a 40-yard scramble, and Senior Quarterback Carlton Henderson ran the PAT over from the 1. Henderson then connected with tight end Philip Bednarz on a long 53 yard pass, and following that success, Henderson passed to

Junior Mikey Ramirez for two more points. Sophomore Lucio Trevino scored on a quick burst up the middle, and Ramirez scored again on an 86-yard run. Paul Hernandez scored after the half with a 48 yard dash, and Wilke made his last points with a 65 yard run. Defensively, Wilson held Sands to 56 yards total offense, and Coach Charles Seagler was pleased with efforts by his squad. Victor Ortega made 14 tackles, Lucio Trevino made 21, and Mark Brieger had 16. Quarterback Henderson was 4 for 4 and 117 yards in passing, and the senior also kicked PAT. The Mustangs will play Burden County at Wilson Friday night seeking victory No. 7.

Lopes run over Cooper for 43-6 homecoming victory

Reserves take over after 5-touchdown first half

Post Antelope regulars ran for 263 yards and five touchdowns in the first half Friday night in Antelope Stadium to score an easy 43 to 6 homecoming triumph over the Cooper Pirates.

Coach Jackie Brown turned

the game over to Lope reserves in the second half except for a brief stretch in the fourth period when the regulars returned for "a passing exercise" and the final touchdown.

Jimmy Dorland, Randall Wyatt and Randy Baker each scored a pair of touchdowns; Buddy Britton converted five straight times on conversion points; and Brad Shepherd passed to End Matt Allison for a two-point conversion after the final Lope tally.

Post scored three times in the opening quarter, Dorland going 35 yards for one touchdown and 70 yards for another. He had a 32-yard touchdown run called back in the second period on a clip.

The first Lope score — a 63 yard march from the opening kickoff — was almost all Fullback Randall Wyatt. He carried the ball on the first five running plays to take the ball from the Post 37 to the Cooper 21, one of the plays being a nifty 25-yard cut-to-the-outside jaunt.

After Halfback Randy Baker took a pitchout and slashed down the east sideline for 18 yards for a first on the Cooper three, Wyatt banged it across on the next play.

Post's second scoring opportunity was not long in coming. Linebacker Perry Rogers intercepted Cooper quarterback David Martinez's pass with the Lopes drawing a 15-yarder for clipping on Rogers' runback. That put the ball on Cooper's 45.

Wyatt ran for 20 yards but Post got another 15 yard clipping walkoff on the play. Two plays later, Dorland on a counter came back to the right and was all alone when he cleared the scrimmage line, running 35 yards for the second touchdown.

Cooper cranked up and put on the first of its offensive drives of the game, marching from the Pirates' 25 to the Post 16 before the Lopes dug in and took the ball away on downs.

Due to a mistake Cooper got five downs on the final series but it didn't make a bit of difference. They lost three yards in the five plays.

After the Lopes moved for a first down, Dorland broke away on another long scoring run, going 70 yards for Post's third touchdown of the quarter.

Cooper bounced back. Starting from their 19 where Halfback Nick Hammond was tackled on the kickoff, the visitors drove 90 yards in 17 plays for their only touchdown.

Martinez completed four passes for 40 yards on this drive without a miss and Hammond got about all the rest of it in smashes into the line. The score came on a fourth and 13 pass for 13 yards from Martinez to Abel Salazar for 13 yards. The conversion kick was wide.

Post got its next two touchdowns in the final four minutes before the half, the second on the last play before intermission.

From its own 16, Cooper quick kicked to midfield on third down, but it didn't fool the Lopes and Safety Evans Heaton gathered in the low boot on the 50 and returned it 18 yards to the Cooper 32.

On the first play, Dorland zipped around left end to touchdown land untouched, but the action was called back on a clip.

Baker then got the call. He ran for 12, then 10, and finally for the final six in two plays after a motion penalty. The TD came on a pitch to Baker around left end.

The fifth Post touchdown was strictly a Cooper gift.

Post kicked off and the ball rolled dead on the Cooper 10. The Pirate players gathered around it, but didn't cover it. Finally, the Lopes did and the ball was awarded to Post. After a motion penalty, Wyatt ran it over in three plays, scoring from the two.

Coach Brown turned the game over to his reserves to give the experience beginning with the third period kickoff.

Cooper drove to a first down on the Post 37 in the third and defensive regulars returned to stop the threat with Baker making the second pass interception of the night.

Cooper's punter got a too high snap from center just before the period ended and the ball went over his head on fourth down with Post taking over on the Cooper 35.

The reserves with Heaton at the throttle couldn't move it, but Britton came in to punt out of bounds on Cooper's 14. A weak return kick moments later gave Post an opportunity on the visitors' 44.

Wingback Kohen Josey got outside on pitches for runs of 15 and 10 yards and a first down on the Cooper 17. When the attack bogged down there, Britton came in to attempt a 32-yard field goal but his high kick was short.

Later in the fourth, Cooper got another bad kick for only 15 yards to the Cooper 46. This is when the regular offensive unit returned with instructions to pass. A six-yard pass into the flat got a 15-yard personal foul penalty added to it. Shepherd next winged a flat pass to Allison for three.

Then he found Baker wide open on the Cooper six and Baker wheeled into the end zone for the score on a 17-yard play. The two-point pass on conversion points followed.

After reserves held Cooper, the Bucs' next punt was blocked at the line of scrimmage and Post took over on the Cooper 28. Fullback Wade McDougle, who played virtually the entire second half on offense, got seven and then sophomore halfback, Cliff Kirkpatrick, picked up eight for a first down on the Cooper 15. Kirkpatrick got four to the 11. On the last play of the game, Quarterback Heaton was hit behind the line while attempting a handoff. The ball rolled free and the Pirates covered it.

The officials had about as busy a night as either offensive unit. They whistled the two clubs for 19 penalties and a total of 385 yards in walk-offs.

Post wound up the night with a net of 326 yards rushing, 16 first downs, and only the one fumble on the last play of the game. Post threw only one in the first half offense. The other throws coming in the fourth period "passing drill."

Martinez was effective with his passes in the first half, but not in the last half and was intercepted twice. Nick Hammond, who was listed on the program as a 155-pound junior,

Frenship Tigers bring win string of five into Post

Coach Jackie Brown's Post Antelopes will open the three toughest weeks of their schedule in Antelope Stadium Friday night when they entertain the undefeated Frenship Tigers.

On consecutive Friday nights after that on the road will come the Slaton Tigers, undefeated as of now, and the Denver City Mustangs, the district 5AA co-favorites.

These two clubs will be battling for the inside track to the playoffs when they clash Friday night at Denver City.

At least, as the Lopes enter the showdown stage they are all well and healthy.

The Frenship team, which has rolled up five straight victories though not of the non-district caliber as that played by the Lopes, have one district win, a 6-0 edging of the Roosevelt Eagles.

"Their defense," says Coach Brown, "appears to be the strongest part of their game. They just don't give up many points to anybody."

The Tigers are pretty much a running team, although they do throw the ball some.

Heading that running attack is Fullback Lloyd Strong, a 192-pounder, who can crack for good yardage. Quarterback Doug Townsend who likes to run and is adept at it; and left halfback Weldon Brooks who has the speed to get outside on the sweeps.

Frenship has both good team speed and good team weight with defensive tackles for example who are both over 200 pounds. Nothing to compare to Denver City huge forwards, but

they average as big or bigger than the Lopes.

Frenship is pretty much a veteran team coming off a sorry season in 1975, but they have put it together so far.

The Tigers run from a variety of formations with the pass being probably their best weapon. Coach Brown said he is well pleased with the work the Lopes last week when

(See Frenship, Page 11)

Scott Walker scores on four long touchdown runs

Freshman Scott Walker had some kind of a "night" in the damp and cold at Cooper last Thursday night. In four plays he ran for a total of 241 yards and four touchdowns and added two points on a conversion try to account for 26 points.

Needless to say, Coach Lane Tannehill's Post freshmen ran off with the ball game, 34 to 6.

Walker took the game opening kickoff on the five yard line and ran it 95 yards for a touchdown. Quarterback Rance Adkins ran a keeper for the extra points.

Later in the first period, Halfback Bobby Finch capped a 40-yard drive by scoring on a one yard dive play. This time

Walker took a pitchout

the extras. Still in the first, Walker broke loose on a 30-yard touchdown run. In the second quarter, he intercepted a pass and returned it 35 yards for his first touchdown to make it 20 to 0 at the half.

The second offensive play most of the second half but Coach Tannehill sent starters back in the fourth quarter. Walker broke one 81 yard run for his fourth and final touchdown.

The Post freshmen's journey to Frenship today their next start with a 1:30 p. m. kickoff.

Page 8 The Post (Tex.) Dispatch Thursday, Oct. 14, 1976

Lopes to ruin Tigers' record

Frenship has had two coaches watching the Antelopes play for the last two weeks because the Friday night encounter between the unbeaten Frenship Tigers and the Post Antelopes in Antelope Stadium is a key district game for both clubs.

It's the best Tiger team in years with a veteran cast and a breakout threat. It will take an all-out Post effort to upset them, but your prognosticator is picking the Antelopes to be "up" for this one and to knock the Tigers off their perch.

Most of the other games this week are just as tough. Slaton at DENVER CITY. Here's another "upset special." The Tigers are seventh ranked in the state, but they have never beaten the Mustangs and this year they must do it on the Big Red's home spread. Don't be misled by last week's close Slaton victory over Roosevelt. They were "looking ahead."

It's the best Slaton team in school's history, but until they climb that big psychological barrier of beating Denver City the first time, it just ain't easy. Colorado City at COAHOMA. Another tossup clash which may determine the 4AA district race. The Bulldogs have the home field advantage but it is

was a tough runner and ran for over 100 yards against the Lopes.

In the "first half offense," Wyatt got 92 yards in 16 carries, according to The Dispatch's play-by-play. Dorland had 105 yards in two tries, both for touchdowns. Baker had 46 yards in five carries.

Post presented a unique halftime show on the patriotic theme for the large homecoming crowd with both the high school and junior high bands and the high school chorus taking part.

Farmers golf tourney here

The Caprock Golf Course is sponsoring their first Farmers Golf Tournament to be held this weekend, Saturday and Sunday, Oct. 16 and 17. This will be a handicap tournament and trophies will be given as prizes.

All farmers are invited to participate, there is no deadline for entering.

8th graders win 6th straight by 26 to 8

Coach Mickey Long's unbeaten eighth grade football team scored victory No. 6 with a 26 to 8 decision over Cooper in Antelope Stadium last Thursday night.

Fullback Gary Baker ran 60 yards off tackle in the first period for the first touchdown and Noel Pena tallied the extra points.

That was all the scoring in the first half.

Post came back after the intermission to put three more touchdowns on the board, but failed to make their extras each time.

Barry Morris ran 30 yards for the first and then Pena raced 25 yards around end and 15 yards for the final two.

POST ANTELOPES VS. FRENSHIP TIGERS

7:30 PM Friday, Oct. 15

In Antelope Stadium

The Frenship Tigers will come into Antelope Stadium undefeated in five starts and with their best ball club in years. Although playing a lighter pre-district schedule than the Lopes, they have shown steady improvement from the start. They are the third-ranked team on the South Plains in AA ranks. The Lopes can't afford another loss as they launch their critical three weeks of the season with Slaton and Denver City to follow. It rates as a humdinger no matter who you pick.

Grandson big fisherman

John Shelton, 10 year old grandson of Mr. and Mrs. Grant Lott, may start small when it comes to fishing, but it doesn't take him long to catch on. While fishing last week in Acapulco, he caught a 125 pound sailfish and an 80-pound dolphin, and brought them in all by himself.

John, who will be in the fifth grade at Mable Paine School in Yorba Linda, California, was on a chartered boat, and baited his own line, and hooked the fish. He only weighs 95 pounds himself. The crew only helped him pull the fish aboard.

The crew was amazed at the size of the dolphin, which

YOU COULD BE WALKING AROUND WITH A CASE OF IDEALISM AND NOT EVEN KNOW IT.

You find yourself humming along as the National Anthem is being played. You haven't missed voting in 12 years. Somebody knocks free enterprise and you instinctively defend it. Nothing to be afraid or ashamed of—you're an idealist. And today America needs more and more of you.

We at Burlington Industries believe that the attitudes and emotions that made American freedom and the free enterprise system work need a revitalization. Good old idealism could use a revival.

So examine yourself. See if you have any idealistic symptoms. An epidemic of idealism led to this country's birth—and it's just about time for another outbreak.

P.S. Make yourself heard on November 2. Vote.

Today, America needs all the idealism she can get.

Frenship—

(Continued From Page 8)

The regulars saw much more than a full quarter of work. They had the opportunity to see what they could do," Brown told The Dispatch. "This is what we have done for several weeks. Some of these players are going to help us before the season is over."

Brown said the regulars are "bringing up the offense" better

The Lopes have only five players starting both ways now. Two of them get considerable relief on the offensive side. Three in the starting backfield go both ways, Jimmy Wood, Randall Wyatt and Mike Baker. Depending on whether Matt Allison or Mike Waldrip start at tight end, he goes both ways although they alternate on offense. Split End Heaton is the regular but alternates split end with Rodney Teaff.

The defensive lineup for the week includes Steve Davis at end, Casey Zachary at tackle, Brent Terry at guard, Danny Saldivar at tackle, and Mike Waldrip at end. Allison is the rover with Wyatt the halfback. On the safety, Dorland the line back, and Baker and Rogers, the linebackers.

Doing regular duty on the offensive team are Butch Booth, Kirkpatrick, and Kyle Going in regularly on return plays are Kohen, Bruce Waldrip and Jeff

"We're playing them one at a time. This week the game is Frenship," Coach Wood said.

Wood must mean what he says. He asked his opinion as to who would win the Slaton-Denney clash he said he had studied either club yet. "I can bet he will be doing that shortly though — and in order."

More chickens hunters

LUBBOCK — Increases in the chicken populations in 21 percent to 29 percent have been recorded in the 12 counties hosting the two-day hunt this October 16 and 17.

In four counties including Hockley, Terry and located near the state west of Lubbock, showed the biggest gain with a 738 bird percent increase on the ground count conducted by Texas Parks and Wildlife Department personnel last

The estimated prairie chicken population is one bird for every acres or 13,360 birds across 163,840 acres bird habitat.

In eight counties of Ochiltree, Roberts, Hemp Gray, Wheeler, Donley and growth in the eastern Panhandle recorded a 21 increase.

Letters to the Editor

ON STARVING DOGS
Dear Editor:
I have been wanting to write this letter a long time, but have refrained from doing so. Something has happened this last week which has prompted me to say something about the unhuman treatment to the dogs in our city dog pound.

I understand in our city dog ordinance that the longest a dog should be kept in the pound is 14 days for observance. I did not read in that ordinance where they for any reason should keep a dog four to six weeks and gradually starve it to death. It is neither humane or decent to only feed a dog once every two or three days. There is a state penalty code, Clause 4211, which states that a dog must be provided adequate food and shelter.

I don't know if many of you have visited our city pound, but it isn't a pretty sight to see a once healthy dog become skin and bones. I personally know of two dogs that have been done this way. One of these dogs returned home because someone let it loose feeling sorry for it and knowing where it belonged. You can imagine the shock when the owner saw a skeleton returning home having been told a week before that the dog had been found a good home and was as fat as a pig. The other dog suddenly disappeared the next morning after I discovered it still to be in the dog pound. You might like to know that it's owner had been told it was dead several weeks ago.

I have many other complaints I could make about the way the pets are caught and the strays left to roam, but what good does it do. You air these complaints to the Police Department and they usually go ignored, depending on how big the dog is or who it belongs to. All I ask is that the dogs be properly fed and watered.

EXPLAINS PUC AUTHORITY
Dear Editor:
I received a copy of your September 2nd editorial concerning the Public Utility Commission, and would like to clarify one point: The Commission has not taken over all telephone ratemaking of its own accord.

The Public Utility Regulatory Act creating the Public Utility Commission vests this commission with the authority to set telephone rates in Texas. Article III, Sec. 18 of the Act states: "... for the purpose of regulating rates, operations and services so that such rates may be just, fair and reasonable, and the services adequate and efficient, the commission shall have exclusive original jurisdiction over the business and property of all telecommunications utilities in this state."

The jurisdiction over rates and service was effective September 1, 1976, as provided by the Public Utility Regulatory Act.

All Texans are entitled to fair and consistent utility regulation. The Texas Legislature gave this responsibility to the Utility Commission, rather than individual cities. The Commission welcomes close public scrutiny of its actions as it pursues its responsibility to represent and protect the public interest in the matter of utility regulation.

This office is always ready to answer any question your newspaper or subscribers may have about our commission activities. Thank you.

Sincerely,
Regina R. Jones
Director of Information Services
Public Utility Commission of Texas

BYRON KANE
Lubbock Extension Agent

Roy Colgan, county extension agent for Dawson County, steps down from his post Dec. 1, marking the end of a 33-year career with the Texas Agricultural Extension Service. Colgan will remain in Lamesa to enter private business. "Lee Roy has been one of the most outstanding county agents I have had the privilege of supervising," Gunter said. "His professional and civic records speak for themselves. He has been a driving force behind agricultural improvements in his county and has served his profession well. Not only has he met the challenges of a key cotton county in the nation by maintaining professional knowledge of crop production, but he has been instrumental in bringing new agricultural innovations to the area."

Colgan has always liked to work with people. This attribute has won for him many friends and supporters throughout the area and the state as well," Gunter added.

Born and reared in the small northwest Texas town of Megargel, Colgan attended Megargel High School and graduated from what was then called Texas A&M College with a B. S. degree in agricultural administration in 1942.

Following a two-year stint in the U. S. Air Force during World War II, he joined the Agricultural Stabilization and Conservation Service where he served Archer and Gaines counties for a year. He then went to work for Hunt Oil Company in Dallas for two years, after which he was named assistant county agricultural agent for Lubbock County on Jan. 1, 1947. Nearly two years later, he was promoted to county agricultural agent for Dawson County.

During his 28-year career in Dawson County, Colgan has received distinguished service awards, has been a state and national leader of county agricultural agents associations, and has held a number of top posts both in agricultural and civic communities.

In 1960, he was presented the Distinguished Service Award by the Texas County Agricultural Agents Association and received the Superior Service Award in 1970 which is presented by the Texas Agricultural Extension Service.

Serving on the Board of Directors of the Texas County Agricultural Agents Association for four years, he was elected first vice-president of that organization in 1975 and was named president in 1976.

Colgan's civic leadership has been equally outstanding, said Gunter. He is a member of the First Baptist Church of Lamesa, the Noon Lion Club, the Lamesa Park Board, Chamber of Commerce and the OEO Board of Lamesa.

superintendent of the barrow division for the Southwestern Exposition and Livestock Show in Fort Worth for the past nine years.

Referring to his long list of professional and civic contributions, Colgan says he hasn't sought those positions. "When people request your help," he says, "you always try to do what's asked."

People have asked much of the county agent. One of his greatest disappointments of his long career, he laments, is lack of time to do all the things that need to be done not only in Lamesa and Dawson County, but throughout the area.

Reflecting on his career, Colgan says he has always been proud of those people who had to suffer through the years of drought and rural poverty become financially able "to live in good houses, drive decent cars and assume places of importance in the area."

He vividly remembers Dawson countians, who farm dryland, suffering through the drought years of the early 50's. This was especially difficult, he says, in a developing period of West Texas agriculture when even in bumper years farmers received little money for their crops.

"As a whole," he adds, "they withstood these hardships and came back time and again."

"People in Dawson County and in the surrounding areas where dryland cotton farming prevails," he likes to say, "go to water meetings on Wednesday night and Sunday morning. We don't have those high irrigating costs, but then in some years we don't have much of a cotton crop either. But when the Lord smiles on us we get a whale of a crop to tide us over through lean years."

Dawson County has always been a good cotton county, Colgan says. The year 1949 was a bumper year, but from 1950 to 1954 "things got pretty rough because of the drought. Since then, with a few exceptions, farming has been pretty good."

Colgan says he has seen agriculture expand from 2 and 4-row tractors to large 12-row machines. He has seen Dawson County change from a sandy land area to one of mixed soils because of deep breaking of the land and good soil fertility management. Through the years, he adds, the varieties of cotton have completely changed, bringing higher yields and increased profits to producers.

Largely as a result of machinery improvement, good farm management and improved cotton varieties in addition to the deep breaking plow, Colgan says the value of agricultural production in the county has increased from 15 to 20 million dollars a year to 40 or 45 million dollars. The biggest reason for this huge increase, he believes, is that farmers have been very alert and progressive.

Colgan looks with pride upon those farmers with whom he's worked over the years who have developed into community, area, state and national leaders. He points to a dozen or so Dawson Countians who currently occupy important positions in commodity and producer organizations on regional and national levels. "These are the true leaders of our country," he declares. "These are the men who help feed and clothe our nation."

Another rewarding development to the veteran agent has been "to see 4-H Club members start at the age of nine years, work through a 10-year 4-H program and end up as adult leader, taking a place of leadership in the community."

"The growth of people," he says, "is most satisfying."

Colgan is now working with second generation 4-H'ers whose parents he taught. "I have mixed emotions about ending all this," he declares. "I am not in any trouble and I don't owe my friends a lot of money. I have served a long time and now I have been offered a very nice opportunity to go into private business."

Lee Roy and LaVerne Colgan have two children, a son, Steven, 24, lives in Amarillo, and a daughter, Susan, 21, is attending Texas A&M University.

Crew gets set ready for play performance

The cast and crew for the all school play 'Life with Father' worked all day Saturday down at the primary auditorium. The members of the cast and crew were working on the set. The setting of the play is in New York City in the late 1800's. The Day family owns the house and are quite well off. Father is so cheap though, that they have to do without the lavish things that they could have.

The room that the play is set in, is the combination living room-breakfast room. The room had three walls, a dining table, end tables, a couch and little odds and ends thrown about. The crew worked mainly on getting the walls painted and repaired. They also arranged furniture and worked on the design of the set. The crew still has a lot of work to do before the play goes on November 5.

Mexican supper well attended

The PASF held a Mexican supper Monday night with approximately 30 members attending. The supper was held at K. W. Kirkpatrick's. Each member brought a covered Mexican dish. Everyone thought that the food was delicious. Along with eating, the kids had a good time laughing and talking. After the supper the kids had a not-so-good time cleaning up. The PASF sponsor is Miss Mary Richardson.

The high school homecoming dance was a success Friday night. Almost every high school student was there. The band was the "West Texas Sand Band" from Lubbock and they did some of the most popular songs around. Everyone is looking forward to the next dance.

another we will too. What is really weird about lying is the strange things your parents tell you to keep you from lying. Probably the most popular one is the little white lie bumps on your tongue. Of course there is the one that your ears and nose will grow. How about that your eyes will turn black and rot out.

Juniors win Spirit Stick

Each class in Post High School held some sort of meeting last week to decide on their class wall design in the high school gym. The walls of the gym were decorated last week for homecoming, and each class had a section to decorate. The best decoration would decide who got the spirit stick this week. The freshman and sophomores had a series of signs on their walls with streamers separating each section. The seniors had an antelope head with Post Pride on it and seniors of '77.

The juniors, who won the spirit stick for their decorations, had a pirate ship that was floating on a bay of water. The juniors did a demonstration of this for the skit at the pep rally. The ship was floating along when an antelope came along and hit it. The ship started sinking and bubbles started flying up. Good thinking juniors!

Junior high band elects new officers

By PATRICIA CRAIG
Last Monday the junior high band elected officers for 76-77. Elected were Barry Morris, president; Adolfo Varela, vice-president; Patricia Craig, secretary-reporter and Holly Giddens, treasurer. The band will plan a lot of activities for the school year and all members will participate. The band is under the direction of Mr. Stringer.

Pat enjoys meeting people

Pat Raymundo is working at Wacker's this year. She is employed on the school HECE program. To Pat the program is worthwhile because it helps the students to know what is expected of any job. Pat puts out stock for certain departments and re-orders. She also waits on customers and works the register. The reason Pat enjoys working is simple. "I enjoy working at Wacker's because I get to meet different kinds of people everyday." Pat is still not sure about her plans after she graduates from Post High School.

TAKES INVENTORY — Pat Raymundo is kept busy working at Wacker's on the HECE program.

The next FHA meeting is scheduled for October 18. Mr. Ed Neff is to be our guest speaker. He is to give a slide presentation on the history of Garza County. All FHA members are urged to attend.

Have you ever told a little lie and afterwards you feel so guilty about it? Your parents condemn you, and you either have to sit in your room or get a spanking.

Did you ever notice how your mother or dad will lie on the telephone? Remember mom telling Aunt Cora that she couldn't come over because she didn't feel well? And all the time she was going to play bridge at Aunt Susie's. Dad is even worse, he will tell the next door neighbor that their dog's barking doesn't bother him at all, when everytime he tells your mother "I'm going to kill that mutt, if he doesn't shut up."

Parents say they have reasons to lie, well so do us kids. We lie so you won't know. Children follow their parents pattern. If you lie, someday or

When you got these little white bumps on your tongue, your mom would ask you, "o.k., what did you lie about?" and you would tell her. Have you ever noticed them before anyone else, and sit in your room and think and think about what you lied about? You felt so guilty. Well, this is the parent's way of torture.

So you sit there and can't think of anything, but you know it must be terrible because these bumps just keep multiplying. So you take a red magic-marker and cover the bumps. Then you go and talk to your mother, she sees your tongue, and thinks that you are suffering from diphtheria. You try to tell her it's magic marker, but she won't listen. So she rushes you to the hospital and the doctor tells her, "Mrs. Jones, your son has a coating of red ink on his tongue."

She tells you she's going to kill you when you get home. (What a horrible thing to say to a little child.) You get home and she whips you till you can't sit down.

But you didn't lie, you told the truth. You have to realize though, parents are just spank-happy. But you know life hurts that way.

Choir and bands salute America

The junior high band and the high school choir joined the Antelope Marching Band last Friday night in a salute to America. The Reese Air Force Base Color Guard also joined the ceremony.

The group did four tunes — "Star Spangled Banner", "America", "This Is My Country" and "America the Beautiful". During "America" the lights were turned off and twirlers Peggy Jackson, Kerri Pool and Karla Duren did a fire twirling routine.

A pride in country swelled in the audience during the ceremony and you could see it in every eye of everyone around.

The two bands and the choir did a great job, and the audience showed their appreciation with a standing ovation.

Jackie Blacklock is elected SPC senator

Jackie Blacklock, son of Mr. and Mrs. J. H. Blacklock of Post, was recently elected to the office of freshman senator in the student senate elections held at South Plains College in Levelland. There will be 18 members in the student governing body. Jackie was elected by acclamation.
