You won't believe this

A driverless oilfield truck belonging to Ram-Gun, Inc., of Midland knocked a portion of the new Sentry Savings Association sign into a pile of rubble late Saturday afternoon. According to sheriff officers, the truck had been parked across the street from the Sentry Savings office in the 100 block North Broadway at the Sprock Gulf Station. Apparently the air brakes set on the truck leaked enough air to release the vehicle and it tumbled across the usually busy S-44 artery without hitting anything or anybody until it tumbled into the Sentry Savings sign.

Mark to make first album

Mark Forbus, who spent last week here visiting his parents, Mr. and Mrs. Mark Forbus Sr., 506 West 4th, figures to be recording his first country western music album in Nashville next month. He also hopes he gets to record some of his own songs too. The 23-year-old blond singer and composer has a contract signing date with RCA in Nashville in two weeks. The album is tentatively scheduled to be cut in April with a May or June release. But already he's had one of his songs on the national TV network and Johnny Rodriguez is scheduled to record two more.

Indictment is quashed

District Judge George Hand here Tuesday quashed the grand jury indictment against W. N. Walker, local attorney, for theft by exercising control, which was returned Dec. 30, 1975. The judge upheld the defense attorney's motion to quash the indictment presented by Lubbock attorney, Clifford W. Brown, representing Walker, because of insufficiency of description of property taken. Walker had been indicted on charge of taking scrap iron, value of over \$200, without the consent of Erwin Young. District Attorney Joe Smith told The Dispatch Wednesday he plans to measure and weigh the scrap iron in question and present the case again to the grand jury here.

Cynthia Wheeler wins Garza spelling title

Cynthia Wheeler is the 1976 Garza County spelling champion. She won the honor at the annual county spelling bee held last Wednesday afternoon at the Southland School. Southland made a clean sweep of the prizes with Camille Wheeler winning second and David Becker taking third. There were no Post entries this year in the spelling bee. By winning the county spelling contest, Cynthia won the right to represent Garza County in the regional contest to be held in Moody Auditorium on the Lubbock Christian College campus in Lubbock on April 10.

Jackie Brown new Post football coach

Jackie Brown, 34, defensive coordinator for the Antelope football team for two years under Bobby Davis, will return to Post April 1 as Post's new head football coach and athletic director. He agreed to terms on a two-year contract here Saturday night following a three-hour interview with school trustees. Brown will receive \$4,000 over his state pay as a teacher for his athletic duties. Brown spent the last year at Snyder High School where he was a football varsity assistant and head golf coach.

SUNRISE WIND CEREMONY — Frank (Chief) Runkles, former Camp Post ranger in full Indian regalia is shown dancing around the small fire at city-county park early Monday morning to determine sunrise wind direction. — (Photo by Ed Neff)

Chill winds speak -- 'average crop'

According to old Indian beliefs, it is going to start raining around here soon. At least that is the deduction one draws from Monday morning's "brisk" Taba'na Yuan'e (sunrise wind) ceremony in city-county park. The wind was blowing out of the northwest at sunrise which according to Indian legend means average crops again for 1976. The wind was out of the same direction last March 22 and an average cotton crop was ginned. A poor crop was forecast in 1974 and that one was a true disaster. The Indian legend is right about 94 percent of the time according to those who have gotten up at sunrise here on March 22 for the last 60 years to check wind direction when the sun peeps up from the east.

DISTRICT ENGINEER TELLS ROTARIANS Texas highways in crisis

"The crisis predicted in 1971 for highway transportation is upon us," District Highway Engineer George Walls told Post Rotarians at their weekly luncheon Tuesday in the city hall auditorium. In a talk packed with figures to show the deepening dangers, Walls said simply that the department of state highways and public transportation is simply telling the facts, not suggesting remedies. "The remedies," he said in conclusion, "must come through the elected representatives of the people." Here are just a few of the facts ticked off by Walls:

Lions' broom sale Saturday

Post's new Lions club will launch its first major money raising project all-day Saturday with the annual Lions Broom Sale. Sales will be made throughout the day from a caravan truck parked in downtown Post. Lions also plan to canvass the residential districts for sales. All the products sold by the Lions are made by Texas blind through the Lighthouses for the Blind. Many cleaning products are sold besides brooms and for a full listing of the products and their prices see the Lions' ad on page 3 of today's Dispatch. Perry Hunsaker is chairman of the broom sale project. The local civic club's share from the broom sale will go to finance the club projects.

The popular former assistant coach here actually has been the only man considered for the job of replacing Davis since Bobby offered his resignation last Tuesday to move up to AAA football at Calallen High School on the outskirts of Corpus Christi. Brown has been Supt. Shiver's pick to replace Davis whenever Davis moved up. He also was the consensus choice of school trustees from the beginning, and was being boosted by both adult fans and students with whom he is quite popular. While the makeup of Brown's coaching staff for the 1976-77 school year is still up in the air, The Dispatch understands two, and possibly three, present coaches will remain in Post under Brown with the others following Davis to his new assignment. Both Brown, speaking as athletic director, and Supt. Shiver told The Dispatch Monday that an extra coach will be added next year in the girls athletic program under Title IX regulations that require that boys and girls receive equal opportunities in sports. This will provide the girls' basketball coach with a trained assistant in the high school girls cage program and also make two coaches available for girls track. Brown is completing his 12th year of coaching this spring. He also is an excellent teacher in physical education, holding a master's degree in this field after taking his bachelor's at West Texas State University in physical education. "My philosophy," Brown told trustees Saturday night, "is I believe competitive sports are a vital part of the education program in our public schools and our community."

Contest to be held April 3 The annual Little Mr. and Miss Post and the Mini Mr. and Miss Post Contest is scheduled for April 3, in the Primary Auditorium at 7:30 p. m. Xi Delta Rho Chapter of Beta Sigma Phi Sorority is again sponsoring the contest with proceeds of the contest going for a sponsored community improvement project. Entry blanks for those who would like to enter the contest can be picked up at several local merchants and by calling Janice Smith at 2527, Linda Linn at 2664 and Joyce Teaff at 2177 after 5 p. m. Judges will be from out of town. David Morrow will provide entertainment for the contest and Scott Rombokas will serve as the master of ceremonies.

Two CB radios are stolen from farm Two citizen band radios were reported stolen Monday night from vehicles parked at the Close City farm home of W. H. Childs. Sheriff Gene Gandy said the thefts were reported Tuesday morning.

Funeral services for Elma Wheeler, 94, of Graham and formerly of Post were held at 10 a. m. Monday morning in the Calvary Baptist Church with the Rev. Jimmy Kennedy, pastor, officiating. Burial was in Terrace Cemetery under the direction of Mason Funeral Home of Post. Mrs. Wheeler died at 6 a. m. Saturday in Garden Terrace Nursing Home in Graham following a lengthy illness. She had been a lifelong Post resident until moving to Graham three years ago for health reasons. A native of Coleman, she was one of the early settlers here, coming to Garza County in 1915. She was preceded in death by her husband, Lauris and a son Clyde. Survivors include a daughter, Mrs. Juanita Lee of Graham; two brothers, Chris Cathey of Georgetown; a sister, Mrs. Ralph Towler of Lubbock; eight grandchildren and 13 great-grandchildren.

IT DIDN'T TAKE LONG — Jackie Brown, above, agreed to terms as Post High's new head football coach and athletic director Saturday night just five days after Bobby Davis resigned the job to step up into AAA grid competition.

Lubbock pair charged in Garza farm burglary

Two Lubbock blacks were in the county jail here yesterday charged with the Tuesday evening burglary of the Garza rural farm home of Mr. and Mrs. H. D. Hallman on FM-211. The color TV set which apparently had been "stashed" by the pair in a barn on an unoccupied farm between Southland and Slaton has been recovered as well as all jewelry taken in the burglary. Sheriff Gene Gandy identified the pair as James Veazey, 28, and John Wayne Washington, 18, who were arrested in Slaton by Slaton patrolman Troy Best who had been alerted by Garza officers to watch out for a 1969 black over white Ford. A granddaughter of the Hallmans, Susan Wilson of Snyder, had driven up to the Hallman home and saw the two loading the color TV set into their car about 6:15 p. m. She drove to the nearest neighbor's house and phoned news of the burglary to the Garza sheriff's department here. Law enforcement agencies in the vicinity were immediately alerted to be on the lookout for the car which (See Lubbock pair, Page 12)

Pierce to quit probation post

David Pierce has resigned as county probation officer effective March 31. His successor is expected to be named shortly by Garza District Court Judge George Hansard who has conducted interviews with some applicants here this week. Pierce, who has served in the position almost a year, told The Dispatch yesterday he plans to go to Washington, D. C. and look into possible opportunities in the nation's capital. "Anyway I have friends there and want to see that part of the country," he added.

WHAT FRIENDS ARE FOR — Dr. Charles McCook's new four-wheel drive pickup got some distinctive rear bumper identification this week while it was parked behind the local dentist's office. Anyway, this is what The Dispatch photographer found in response to a "picture tip" Tuesday afternoon. — (Staff Photo)

Smooth coaching transition

Selection of Jackie Brown as Post High School's new head football coach and athletic director just five days after the resignation of Bobby Davis last week should enable the school and community to keep its fine sports program rolling without a hitch.

Jackie knows and likes the present cohesive Post coaching system and plans to continue it. Both fans and athletes know and like Jackie.

Some of the coaches are staying with Jackie rather than moving up to AAA competition with Bobby Davis. In fact, more may stay than originally were expected to remain.

All of which speaks well of schools and community — and of the coaches' confidence in Jackie.

Jackie is an advocate of a strong program and a lot of work. He points out that's the way Post became a winner and that's the only way it can stay a winner.

In the smaller community, it is a simple fact of life that the successful, the achievers, must move on to continue to climb the ladder

of success.

That's what happened for Bobby Davis. He has been "promoted" to a new challenge — AAA football competition in a tough district. Post fans next fall and in succeeding seasons will be checking the line scores in the Saturday morning sports pages to see how his Calallen Wildcats made out Friday night.

In five years, he picked the Lope sports program off the floor and fitted the pieces back together into a new winning pattern: If you look back, the winning did not come overnight.

It was work all the way, on the part of the coaches and athletes, and fans too got into the act with some tremendous support.

That's why Jackie Brown wants to get to town and get busy. With an eye on the approaching fall football season, he wants to get an off-season program going this spring.

Post is a great sports community and wishes Bobby Davis "good hunting" on those gridirons down south this autumn.

As for the "local situation," we're all satisfied it remains in good hands.

We're on road to ruin

All of a sudden the great Texas system of highways is in dire financial trouble.

We became acutely aware of that last summer for the first time when maintenance crews didn't cut those right-of-ways highway weeds grown high after spring rains.

Then came the chilling news of personnel cutbacks throughout the highway system.

Next the million dollar widening of Broadway through Post for US-84 traffic was moved from the front burner to the back burner. Since then, we suspect, the fire has been turned off under that back burner.

Inflation has caught the highway development and maintenance program in a terrific crunch. It has caught the federal program in the very same way.

What happened is that while costs were soaring, revenues off gasoline taxes were coming to a standstill and during the 1973-74 fuel shortage declined drastically.

What District Engineer George Walls was telling Rotarians Tuesday was that the Texas highway system has reached a financial crisis.

To spell it out, the people need to know because one of the prime jobs of the next legislature will be to make an effort to rescue

it from complete destruction.

That is going to cost a bunch of new tax money.

And we can see that city-rural hassle coming.

With the old state highway department combined into one which also supervises public transportation solutions for the big cities, the arguments are going to sail back and forth as to whether the rural highways or the city freeways should get the money, or how it will be divided between them.

It was the first question asked of Walls by a Rotarian Tuesday.

Texas already has such a big backlog of highway projects because such projects take years to develop from planning to completion.

All of a sudden, almost overnight really, the money for highway construction ran out. Work was shut down and the ones that were finished cost so much more than anticipated that they took all available funds.

Of course, everything isn't lost. But the picture is grim now and some major revisions in highway financing in Texas are essential. It can no longer be put off. The time is now.

It's planning time

Gail, our Borden county neighbor, is planning a two-day bicentennial celebration May 29-30 which will feature a big parade, an old-fashioned wild west show, and a homecoming.

Baylor football coach Grant Teaff will launch the Sunday homecoming activities May 30 as the speaker for the community church service in the football stadium.

There'll be a buffalo barbecue and buffalo in both the Saturday parade and wild west show.

Of course there will be a country store with all the old home crafts, a historical program Saturday afternoon in the high school auditorium, and lunch will be served as well for visitors.

For a town of only 150, Gail has big plans.

Back in 1942, they tell, Gail had a homecoming which attracted 4,000 people and they expect this one to be just as big a success.

All of which goes to show that Post's Borden County neighbor has been busy planning and working to come up with a top rate bicentennial shindig.

Post is well into the bicentennial year without any planning being disclosed here. Everybody figures since the Post Chamber of Commerce sponsors the annual Fourth of July celebration this bicentennial business is just naturally "the Chamber's baby."

Now the new Chamber administration is seated, we expect to be able to report some bicentennial news any day now.

Meanwhile, if you have any good Fourth of July ideas dump them in the nearest Chamber director's ear.

WIC program begun here

The South Plains Community Action Association Inc. launched the new WIC food program in Garza County this month.

WIC stands for women, infants and children with the government program providing food supplements, according to Mrs. Sue Shyles of the Garza County Community Action staff.

Monthly checkups by nurse and nutritionist are required by all patients in order to continue receiving food. Learning to use the food in the best way for the family's health also is an important part of the program, Mrs. Shyles said.

Clinic will be held on the first Friday of each month here and those interested may stop by 804 Pine Street and see Mrs. Shyles about details of the program or call 495-2329 for an appointment.

The first clinic this month drew 19 mothers with 17 of them qualifying for the food supplement.

Mrs. Shyles stresses that these 17 will have to attend each monthly clinic to continue to receive the food supplement.

The next clinic will be held Friday, April 2.

Cindy Bird in third place

The Howard College Livestock Judging Team of which Cindy Bird, daughter of Mr. and Mrs. Jimmy Bird of Post, is a member participated in the Tarleton State University Junior and Community College Judging Contest, held Feb. 26 at Tarleton State University in Stephenville, Tex.

The team consisting of Cindy, Margie Cox, John Echols and Charles Downer placed third high team among the seven junior colleges entered.

Cindy also placed third high overall individual with a score of 437 points out of a possible 450 total points.

The livestock judging contest consisted of judging and placing three classes of beef animals, three classes of swine and three classes of sheep.

Hunter safety class planned

LUBBOCK — A certified hunter safety class has been scheduled for April 5, 6 and 7, 1976 at the Haynes School Cafeteria, 2802 60th, beginning at 7 p. m. each night.

The course which is sponsored by the Texas Parks and Wildlife Department in cooperation with the National Rifle Association will be nine hours in length and taught by Joe Davis, civilian NRA instructor from Lubbock.

"We will cover all aspects of hunter safety including the detailed study of gun safety, firearms handling, first aid, survival, hunting ethics and conservation," said Davis.

All types of firearms will be available for each participant to study and handle. The cleaning and storage of firearms is an integral part of the course and firearm safety in the home will also be discussed.

A minimal charge of \$1 will be charged for each participant for books and registration. To enter and receive an NRA hunter safety card, each student must be at least 12 years of age or older.

More information is available by calling Joe Davis, 744-8408, or the P&WD, 744-6847.

Post graduate to tour with Chanters

Nancy Reno, a freshman at McMurry College at Abilene is a member of the McMurry Chanters. The Chanters, a nationally renowned group of singers, will be going on tour to Washington, D. C., beginning March 31.

The group will be presenting a two-hour concert entitled Bicentennial Celebration of American Sacred Music. The presentation is one of old American hymns and some newer ones all originating in America.

The group will be singing in United Methodist Churches in

Springfield, Missouri, Indianapolis, Indiana, Grove City, Ohio, Philadelphia, (where they will see the Philadelphia Symphony Orchestra perform) and Washington, D. C.

While in Washington the Chanters will tour the White House, Smithsonian, nearby Mount Vernon, and other points of interest.

On the way back to Abilene the Chanters will be singing in Winston-Salem, N. C., Nashville, Tenn., Texarkana, Ark., and then give a spring concert upon arrival back at McMurry College.

In all the trip is scheduled to last some 12 days. Nancy is the daughter of Mr. and Mrs. Marshall Reno of Post.

Son-in-law to be on TV show Saturday

A popular program, "Almost Anything Goes", which airs on Saturday evenings at 7 p. m. will be of special interest to some Post fans this week when the Alton Clary's watch their son-in-law, Tommy Polson, coach the Ft. Stockton team playing against the Pecos-Monahans team at Monahans.

Shooting the Breeze

This is your action news reporter here at one of the many track meets which the Antelopes will be participating in this year. The team is doing a real fine job.

While watching the different events I notice an athletic youth watching the competitions with a slight frown. I have seen this young man at workouts and noticed his ability as a trackster. I make my way to the coach and ask him what the particular young man will be participating in. I am shocked and a little puzzled when I learn that this dedicated young man will not be able to participate with his team mates.

I cannot understand. Here is this young man who is evidently capable of winning for his team and wanting to participate maybe more than many who are. What strange occurrence has kept this young athlete from taking advantage of his talents. After much inquiry I discover that the very rules designed for fairness and equal opportunity in school events is the rule which is keeping him from enjoying what he does best.

I do not understand all the legal terminology or reasoning behind the rule of eligibility although I know there must be some reason behind it. All I know is that in PHS there is a very disappointed young man who came all the way from Wyoming to participate in track, something he does extremely well, and after having gone through all the "hull" required to make him eligible he still cannot participate.

When I see the injustice I wonder if maybe the rules in relation to school activities should not be revised or investigated further.

There are many young people attending schools everywhere who would give their "eye teeth" to be involved in school events which are under the jurisdiction of the University Interscholastic League.

I think perhaps the "bigwigs" in charge of these rules have never experienced the hurt and disappointment of a young person who is unable to enjoy the benefits of attending a school and participating in the activities offered by that school. They may fail to see the hurt brought to young persons who cannot enjoy the opportunities of youth because some adults have gone so far as to make it necessary to bring rules which hurt and destroy other innocent young people.

I just wonder if there is anyone in Austin who will listen or can understand the pain felt by everybody involved in this injustice. I wonder if anybody out there cares?

Brother dies in Mineral Wells

Services for Travis M. Boren, 75, of Mineral Wells, were held Monday, March 15 in North Oak Street Church of Christ in Mineral Wells.
 Boren was born August 29, 1900, in Reagan Springs, Tex., and resided in Wichita Falls 24 years. He retired from the furniture business and was a member of the Church of Christ.
 Lynn Rhodes, minister, officiated the services with burial in the Mineral Wells cemetery. Survivors include his wife, Grace; a son Travis Rhea of Houston; four sisters, Mrs. Ida Wheatley of Post, Mrs. Edna Carpenter of Tahoka, Mrs. Anna Mae Green and Mrs. Moree Patrick both of Olney, Tex.; a brother, Joe of Post and four grandchildren.
 You can feel good and still have high blood pressure — even if you're young and healthy. Be in the know.

Card of Thanks

I would like to take this opportunity to thank all my friends at the hospital for being so nice to me while I was a patient there this past week. I wish I could thank each of you personally, the nurses, the kitchen help, the office personnel, lab technician, custodians and any others I may have overlooked, for your concern and your kindness. It is wonderful and unbelievable what has been accomplished here at the hospital since I first came to Post so many years ago.
 George "Scotty" Samson

Words can't express how deeply we appreciate all our friends and neighbors for bringing their tractors and plowing the land while W. H. was in the hospital. A special thanks to Producers Coop Gin for the beautiful flowers and to Bill Lentz, manager, who took the farmers out to lunch. Thanks to Grassland Butane for their help and for all the cards, visits and food while W. H. was in the hospital and at home.

Twin Cedars Nursing Home News

By MICHELLE MASON
 First I want to apologize for not having any news last week, I was ill.

Mrs. Mabel Barker was admitted to the hospital last Thursday afternoon. We hope to have her back with us soon. We had a birthday party Friday for two of our employees, Josie Quintana and Lucia Pena.

Mrs. Blanche Clayton went out and celebrated her birthday with members of her family.

All the residents here at the home are all over their colds. Maude Dubbs and Cynthia Martinez had a death in the family and were called out of town. We want to express our sympathy to both of them.

Catherine Yarbro's sister, niece and brother-in-law came to visit her. Her sister had been ill for a while and we were happy to see her up and around feeling better.

Alta Russell came to visit Billie and Dee Caylor, and the home. We were all happy to see her. She used to be the director of nurses here at the home.

We sympathize with Irene Wheeler, for the death of her sister-in-law, Mrs. Edna Wheeler. She had several

Johnnie Norman named Gamma Mu president

Nominations and election of officers for the upcoming year was the main topic of business at the Monday evening meeting of the local Epsilon Sigma Alpha Sorority, the Gamma Mu Chapter.

The meeting held at the First National Bank Community Room was opened by President Laveta Norman with the opening ritual.

Plans were made for the District IX ESA meeting to be held Sunday, April 4 in Lubbock at the South Park Inn. All Gamma Mu members are urged to plan to attend to vote on the proposed change of meeting date to Saturday.

Officers elected for the 1976-77 term were president, Johnnie Norman; vice-president, Jane Mason; secretary, Sara Holder; treasurer, Orabeth White; and educational director, Helen Mason. Other chairman will be appointed at a later date.

Plans for the bake sale were completed. Also the spring home tour, set for Saturday, May 8, at 1:30 p. m., were discussed. Proceeds from these two events will be used for the community center and the District IX project, the Texas Boys Ranch at Lubbock.

The chapter voted to purchase blue chambray shirts and paint a jonquil and ESA symbols on them to wear to chapter functions. Each member is to order her own shirt and a work night will be set to paint them.

A project for the July 4 raffle will be to quilt a bicentennial quilt of red, white and blue and embroider over signatures of early Garza County pioneers. The quilt will be given away at the July 4 event.

A list of names was completed for the spring rush invitations with the spring rush social to be April 12. Everyone is being asked to wear red, white and blue to this event.

Hostess for the business meeting was Johnnie Norman. She served refreshments of sandwiches, chips and dips, cookies and iced tea.

Those attending were: Julia Hudman, Paula Cawthon, Sara Holder, Judy Bush, Helen Mason, Cindy Mitchell, Laveta Norman, Jane Mason, Orabeth White and the hostess.

Social held by Gamma Mu

The home of Julia Hudman was the scene for the March social for members of the Gamma Mu Chapter of Epsilon Sigma Alpha.

The evening began with a surprise baby shower for Cindy Mitchell. Each member wore a corsage tied or made with a baby gift which was presented to Mrs. Mitchell. The chapter honored her with a gift also, a gown, when she "surprisingly" won the door prize.

The hostess led the group in several games including "name the baby."

Refreshments of chips and dips, sandwiches, cake and hot cranberry punch were served to the honoree, Kathy Flutt, Sara Holder, Johnnie Norman, Helen Mason, Laveta Norman, Bonnie Tyler, Judy Bush, Orabeth White and the hostess.

Large crowd attends Girl Scout banquet

Approximately 180 Girl Scouts, Brownies, their fathers and special guests attended the annual Father-Daughter banquet held Saturday night in the school lunchroom.

Prenatal care study to begin March 29

Paula Cawthon, assistant county extension agent, would like to remind those who might be interested that a prenatal care course will begin on Monday, March 29, at 7 p. m. in the courtroom at the courthouse.

The course will include instruction for the new mother on the care before and after the birth of the child. The course is free to both the expectant mother and father.

It is sponsored by the Texas Agricultural Extension Service.

Jack Alexander served as master of ceremonies and introduced special guests, Pat Harris, executive director of Caprock Girl Scouts and Alaray Russell of Lubbock, field services chairman, and Dr. and Mrs. B. E. Young and Mayor and Mrs. Giles McCrary of Post.

The opening flag ceremony was led by Troop 272, under the leadership of Carol Williams.

Mrs. Patsy McCowen then presented pins and congratulations to four fathers who are registered, Charles McCook, Charles Morrow, Jimmy Redman and Joe McCowen.

Included on the program was Troop 293, led by Patty Kirkpatrick and Carol Peppers, presenting a puppet show; troop 267, led by Glenda Morrow and Dorothy McCook, a puppet dance skit; troop 115, led by Janie Davis and Bert West, presented a flag drill; troop 168, led by Kathy Morris presented a Bicentennial skit dressed as Betty Ross; Troop 264 led by Nancy Thuet and Edie Capps presented a Bicentennial skit; Troop 267 led by Patsy McCowen and Delores Redman, presented a skit of "Billy Boy" and "I Cannot Leave My Father." Troop 280 led by Marianne Hart and Sandra Alexander, and Edwina Pettyjohn presented a Bicentennial skit on 13 colonies and Troop 272 led by Carol Stroope had the closing flag ceremony.

Others elected include: Joy Orr, vice president; Rochelle Rombokas, secretary; Glenda Morrow, treasurer and Linda Linn, extension officer and civil defense officer.

Final plans for the Little Mr. and Miss Post contest were made. Also secret ballots were cast for the "Girl of the Year" award that will be presented at the Founders Day Banquet.

The annual Founders Day Banquet was discussed and April 30 set as the date.

A 1976 Year Book was donated to the Post Public Library, as is the custom of the club each year.

Those attending the meeting were Margaret Price, Joyce Teaff, Joy Orr, Glenda Morrow, Rochelle Rombokas, Johnnie Francis, Bernice Eubank, Linda Linn and Ruby Williams.

MAY WEDDING PLANNED — Mr. and Mrs. Jack Moore, 1604 Washington, Artesia, N. M., announce the engagement of their daughter, Janis Kaye, to Wiley L. Thomas, III, son of Mr. and Mrs. Wiley L. Thomas Jr., of White Oak, Tex. Miss Moore is the granddaughter of Mr. and Mrs. Travis Thomas of Post. A May 7 wedding is planned in the Central Church of Christ in Abilene where both young people are attending Abilene Christian University. Both are 1974 high school graduates, she of Artesia High School and he of White Oak High School.

Ruby Williams to head Xi Delta Rho chapter

Mrs. Ruby Williams was elected president of the Xi Delta Rho Chapter of Beta Sigma Phi Sorority at their regular meeting Monday night held in her home.

Others elected include: Joy Orr, vice president; Rochelle Rombokas, secretary; Glenda Morrow, treasurer and Linda Linn, extension officer and civil defense officer.

Final plans for the Little Mr. and Miss Post contest were made. Also secret ballots were cast for the "Girl of the Year" award that will be presented at the Founders Day Banquet.

The annual Founders Day Banquet was discussed and April 30 set as the date.

A 1976 Year Book was donated to the Post Public Library, as is the custom of the club each year.

Those attending the meeting were Margaret Price, Joyce Teaff, Joy Orr, Glenda Morrow, Rochelle Rombokas, Johnnie Francis, Bernice Eubank, Linda Linn and Ruby Williams.

Few changes in either beef or pork prices

COLLEGE STATION — "Prudent shopping" will characterize wise consumerism at grocery markets this week, Mrs. Gwendolyn Clyatt says.

"Few changes are apparent at the beef counters during the past week, but good values can be found on chuck cuts, ground beef, sirloin, round and rib steaks and liver.

"Pork prices remain high, although specials may be found on Boston butt roasts, quarter loin sliced into chops, smoked picnics, some brands of bacon and liver. But ham prices may increase even more as Easter nears," she said.

Mrs. Clyatt is a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

She noted that egg prices are moderate, and she reminded consumers that protein-wise, two eggs equal two to three ounces of cooked meat, which is one serving.

"In the dairy department, special prices appear on a number of cheeses, so popular during Lent.

"Fryer chickens, both whole bird and pieces, are featured in some stores, and turkeys are receiving the same special price advantages."

Many grocery stores are offering features on tuna fish, peanut butter canned tomato products and cling peaches, she added.

"At vegetable counters, consumers most interested in economizing will select carrots and cabbage. Also dry onion prices are a bit lower now, and

May nuptials are planned

Mr. and Mrs. Robert Huffman of Hurlwood, announce the engagement and approaching marriage of their daughter, Sabrina Gayle, to Greg Wartes, guardian son of Mr. and Mrs. Delbert Wartes of Post.

The couple plans to marry May 22 in the Hurlwood Baptist Church in Hurlwood.

The bride-elect graduated from Freshman High School and attended South Plains Junior College. Wartes graduated from Eisenhower High School in Lawton, Okla., and attended Tarrant County Junior College.

Visiting Here
Mrs. Ray Drake, of Strausbert, Colo., and Mrs. Joe Shields of Amarillo are visiting this week with Mrs. W. R. Graber.

Most people bow down and worship the individual who, they think, can do them the most good.

Ask a dog, "Who is man's best friend?" and it might just take a bite out of your leg.

Animal bites, whether or not you can joke about them, are no laughing matter, says the Texas Department of Health Resources.

More than 7,700 bites were tabulated during 1975 by the Bureau of Veterinary Public Health of the Department of Health Resources. These bite reports came from roughly a fifth of the state's population.

Animal bite incidents are reported regularly through a surveillance program operating through local health departments which cover an average human population of approximately 2.3 million persons per month.

The animal bite rate for 1975 was 336 per 100,000 population, a slight increase over the 1974 rate. Reports that year covered approximately 3.1 million people per month.

The surveillance report can put the finger on who is most likely to be bitten badly enough to report the injury.

Last year in Texas the most frequent victims were younger children. Of the 7,727 persons reported bitten in surveillance areas, 35 percent were less than 10 years of age. And, 60.5 percent were under 20 years old.

Man's best friend, the dog, was responsible for 83.2 percent of the bites, and cats were the villains in 11.5 percent of the bite cases. That leaves wild animals for the bulk of the remaining bites. These included three reports of fox bites and 18 by skunks. Rodents were responsible for 3.6 percent of bite cases during 1975.

How do you get close enough to a wild animal to be bitten? In most cases people come upon the critters unexpectedly, or run into them around barnyards. If an animal is rabid, it may lose all fear of humans. This could cause a bite victim to assume the animal is a lost pet and attempt to pet it, with disastrous results.

State health authorities point with concern to these biting incidents.

Rabies is a constant threat to domestic animals, especially in

areas where pets may come in contact with wild animals.

Last year in Texas 329 animal rabies cases were confirmed, including 45 cases in pets — 25 of them dogs. Twenty-two cases were confirmed in livestock and 263 rabies were confirmed in Texas wildlife. Skunks accounted for almost half of the wildlife total.

A study of vaccination records of the aggressive pets involved in biting episodes discloses an alarming fact. Of the 6,421 dogs and 895 cats involved, only 37.1 percent of the dogs and less than four percent of the cats were reported as vaccinated against rabies.

The vaccination status of dogs and cats involved in the

reports has been low through the years, reports the Veterinary Public Health Bureau. Dogs last year showed a slightly higher vaccination percentage in 1975, compared to 1974, but cats showed a 5.4 percent decrease.

Cats normally are thought of as indoor pets, and owners seldom have them vaccinated against rabies. But, last year 14 people took the anti-rabies treatments because of one rabid cat.

Statewide, the Department of Health Resources Laboratories furnished 615 series of anti-rabies treatments. Nationwide, about 30,000 persons receive post-exposure anti-rabies treatments. Animal bites are estimated at up to 1 1/2 million per year nationally, making bites a true epidemic.

The threat of rabies adds greatly to the expense and trauma of bite injury, especially in cases where the animal may run away from the scene.

In Texas the past year, three-fourths of the 7,732 animals reported involved in biting episodes were owned. These animals could be traced and observed for any signs of illness.

WHEN YOU BUY OR BUILD A NEW HOME LOOK FOR THIS SIGN

It has been known for some time that methods existed to insure the building of ENERGY EFFICIENT HOMES. But inexpensive energy in the past made it logical to ignore the extra investment such a home would require. Now with energy costs rising, it becomes more and more important to use effectively every bit of energy we consume. The TOTAL ELECTRIC ENERGY EFFICIENT HOME has construction features which result in savings of 40% or more on heating and cooling costs when compared to previously accepted standards for total electric construction.

You'll be hearing more about the ENERGY EFFICIENT HOME. If you're considering a newly constructed home, let us work with you and your builder to assure that your new home is designed for maximum comfort and energy savings — the TOTAL ELECTRIC ENERGY EFFICIENT HOME.

LETTERS To the Editor

MAJORITY SHOULD RULE
Dear Editor:
I would like to thank the editor of the Post Dispatch for providing the space where readers can express their opinion on many subjects concerning the people of Garza County.

I would like to discuss the Southland School problem. After two years of elections and court battles, the school board made a settlement with the opposition to end all harassment of the school. This authorized the

board of trustees to sell bonds which were earlier voted for by a majority of the voters to remodel or to build a new school. This is badly needed, as the present building has been used now for over fifty years. But now we are facing a consolidation election on April 3. I realize that taxes are high, but just as everything else has increased, so has the expense of running a school. Taxes at Southland may be higher than some of the adjoining districts, but most of this increase can be

attributed to court costs and lawyer fees by those who continue to harass the school.

A small school has its disadvantages, I know, such as limited subject offerings. But the individual attention the students receive can not be surpassed by larger schools with many more students. And as for competition in academic fields with larger schools, Southland has proven their ability. Attending college has never been any more difficult than for students from larger schools. We have records to prove this, too.

The board of trustees has already interviewed several architects and has been assured that a school can be built with the bonds that have been approved by the majority of the voters. The school would also be approved by the state.

Southland has a large percentage of Latin American students who attend school well. Absenteeism could become a problem if they are forced to

Easter seal appeal going well here

attend schools other than Southland.

To sum up the situation, it seems to me that under our Democratic form of government that the majority vote should rule. The majority of the people voted to keep the school, and as a board member, I feel bound by the decision of the voters to try and build a school that the students could be proud of, and that regardless of race or color, they could receive an education enabling them to become self-supporting citizens.

Jimmy Dorland vaults 13 feet, 3 inches at Floydada

Lopes are second, but no match for Whirlwinds

Jimmy Dorland pole vaulted a school record 13 feet 3 inches at Floydada Saturday to lead Coach Lane Tannehill's Post Antelopes to a second place finish in the Whirlwind Relays.

It was the highest vault ever for the pole-bending junior as the Lopes rang up 151 points for runnerup honors. They were badly outdistanced in the pointmaking by the crack Floydada team which amassed 232 points as hosts.

Morton was third with 84, Abernathy fourth with 48 and Roosevelt fifth with 46.

The Lopes piled up 20 points in the mile, the only other event the locals won that figured in the scoring. Ralph Howell was first in 5:03.6 with Joel Nesmith third and Steve Shedd fourth.

The only other event the Lopes won didn't count as far as points were concerned — the two mile relay. UIL rules permit points only to be given for specific events in track and the innovative two-mile relay just isn't on the list.

Coach Tannehill used his three top milers and his best half miler in the event and won going away by a clean margin of 150 yards in 9 minutes, 2.8 seconds.

Post got a third in the 440 relay with the team of Alfred Pena, Steve Davis, Bryan Davis and Edward Price.

They picked up 11 points in the 120 yard high hurdles with a third by Bryan Davis in 16.0 seconds, a fourth by Randy Baker, and a sixth by Eddie Reece.

Mike Waldrip was held out of the hurdles because of a sore knee.

Scoring other points for the local were:

The sprint medley team of Pena, S. Davis, Butch Booth and R. Wyatt, third, in 3:53.2 for 12 points;

Price second in the 100 yard

dash in 19.3.

The 880 yard relay team of Brent Terry, Kohen Josey, Booth and M. Waldrip, third in 1:41.8.

Bryan Davis fourth in the 330 yard intermediate hurdles in 45.2 seconds, and Randy P. for fifth.

The mile relay team of Pena, Waldrip, S. Davis, and Price, second in 3:37.8 seconds.

The shuttle hurdle relay team of Reece, Brad Shepherd, Baker and Dorland, second in 46.6 seconds.

Price third and Dorland fourth in the long jump with Price edging his teammate by a half inch, 21 feet, 1 1/2 inch to 21-1.

In the pole vault won by Dorland, Tommy Reed tied for third with a vault of 11 feet, 6 inches and Evans Heaton was sixth.

Garland Dudley was fourth in the shot put with a heave of 43 feet, 4 1/4 inches, and Danny Saldivar was fifth. In the discus, Dudley was second with a throw of 129 feet, 6 inches.

Post archers hold tourney

The Post Archery Club held a tournament here Sunday, March 21, with Gary Goodman of Lubbock winning first place in bowhunter B Class.

Second was Donny Stelzer with Bobby Snow third.

In free style B class, Donny Stelzer was first and Herman Guthrie second. In bowhunter C Class, Women's Division, Da Rita Snow was first. In the cub division, Rodney Guthrie was first.

The next tournament will be held Sunday, March 28, with the public invited.

Post girls defeat flock of AAAA schools in Spur meet

The Post Does didn't do so bad at Spur Saturday, considering the fact that most of their track competition came from AAA and AAAA schools.

Coach John Morrow's club finished third with 45 points, defeating such AAAA schools as Permian with 33, Odessa with 31, Coronado with 28, Lubbock High with 22, Midland with 21, and Midland Lee with 18; not to count AAA schools such as Levelland with 12 and

Lamesa with six.

They also outscored the only other AA schools in the competition, Coahoma with 28, Littlefield with 21, Childress with 10, and Slaton with 1.

Of course, the Does weren't strong enough to press either of the two big Abilene AAAA schools which finished one and two. Abilene Cooper won with 139 points and Abilene followed with 122.

The Post girls did the same

thing at Spur last year, finishing third behind the big Abilene schools but beating everybody else regardless of size.

Coach Morrow chose to experiment and ran his speedster, Brenda Price, in three relay events, sacrificing her speed in the individual 100 yard dash which would have won that event.

The Does scored in each of the three relays, taking second in the 880 yard relay in 1:49.4; a third in the 440 yard relay in 32.4; and a fifth in the mile relay in 4:21.6, the fastest time yet for a Doe quartet in this event.

Price ran anchor in each of the three events.

Running the other legs in the 880 and 440 relays were Karla Williams, Patricia Bilberry and Joline Tipton. Other runners in the mile relay were Genetta Kennedy who had a 6:11, Patricia Bilberry with a 6:11, Tipton with a 64.6 and Price with a 65.9.

"The 440 isn't Brenda's best distance," Coach Morrow told The Dispatch, "but we wanted to experiment and she was willing to see how it went. Running just the relays where points won are doubled over individual events."

Other Post point winners were Karla Kennedy with a seventh in the 440 yard dash in 65.6; Dana Giddens with a third in the 80 yard hurdles in 12.1; Hope Johnson with a fifth in the 880 with a 2:48.8; and Sylvia Curtis with a sixth in the same event in 2:49.1; and Genetta Kennedy with a fourth in the triple jump with 32 feet 4 inches.

Coach Morrow reports the freshman girls are showing well and "should help us."

They are Sylvia Curtis who grabbed a sixth in the 880 yard run and Beth Green who took the shot put but didn't place that event.

Post vaulter to make state bid

In Jimmy Dorland, Post High has a pole vaulter this spring who may be challenging for the State Class AA pole vaulting crown come May.

And, since he is only a junior, if he doesn't vault his way into the state picture at Austin this year, he certainly should when he is a senior.

Jimmy has won the pole vault in all three meets in which he has competed this spring and at Floydada Saturday vaulted over the bar at 13 feet, 3 inches on his very first effort.

He tried for 13 feet, 6 inches, but knocked the bar off going up in a vault in which he had his body high enough if he had controlled his feet.

Lane Tannehill, the Lopes' head track coach, thinks Dorland has a good chance to clear 14 feet before the season is over and 14 feet should be good enough to put him right "up there" in contention in the state meet.

Jimmy is off to such a fast start that he is really working on the vaulting. He topped 12 feet for the first time two weeks ago and then came 13-3

at Floydada.

Coach John Alexander is the coach who works with the vaulters and he is enthusiastic too on Jimmy's progress.

Jimmy may be the best Class AA vaulter this year on the South Plains. He already has beaten a bunch of pole benders and will get a better test Saturday at Plainview.

The Plainview meet is the only one in this part of wide West Texas this weekend so all Class AA schools not on spring break should be there.

Post tennis team loses

Coach Greg Eubank's Post high net team closed out its dual meet season Tuesday afternoon with a return match at Snyder against a combination of Snyder's junior varsity, varsity and junior high players on Snyder's seven courts.

But what Greg would rather talk about was the loss to Lockney at Lockney last Thursday afternoon in which the Post boys and girls played their best tennis of the spring season. The boys and girls each went down to a 3 to 1 loss in that one.

At Snyder everybody on the Post squad of eight boys and eight girls got to play singles and doubles with four girls, Melani Holly, Sissy Daniel,

Nancy McCowen and Nancy Gandy, being the only winners, taking four singles matches.

At Lockney, Kurt Chapman won the No. 2 boys singles match 7-5, 6-1, and the team of Cindy Kirkpatrick and Sissy Daniel won a three-setter in the No. 2 girls' doubles for the only Post wins.

Kyle Duren and Dan Sawyers probably played the best tennis in dropping the No. 1 doubles 3-6, 5-7, to a fine Lockney doubles duo.

Losing matches at Lockney also were Raymie Holly in the No. 1 boys singles; Johnny McCowen and Brad Davis in the No. 2 boys doubles; Lorry Chapman and Christi Davis in the No. 1 girls doubles; Melani

Lopes, Does go separate ways

Post's boy and girl tracksters will head in different directions this weekend, Coach Lane Tannehill taking the boys varsity and junior varsity teams to Plainview Saturday with Coach John Morrow and his Post Does heading out Friday for the Greenwood Relays near Midland.

Some 16 girls teams will be competing together from AA, A and B high schools with Coach Morrow figuring some of the best competition coming from such top Class A teams as Meadow, Spur, Garden City and Forsan.

Littlefield and Coahoma will be the other AA schools on hand.

All field events are scheduled for the morning with the running events in the afternoon, the track prelims starting at 2 p. m.

To Plainview, Coach Tannehill plans to take a 17-man varsity squad and a nine-man junior varsity group.

Post varsity entries include:

- 440 yard relay: Alfred Pena, Steve Davis, Bryan Davis and Edward Price.
- 880 yard run: Randall Wyatt.
- 120 yard high hurdles: Mike Waldrip, B. Davis and Randy Baker.
- 100 yard dash: Price.
- 440 yard dash: Price and S. Davis.
- 330 yard intermediate hurdles: Waldrip, B. Davis and Baker.
- 220 yard dash: Pena.
- Mile run: Ralph Howell and Joel Nesmith.
- Mile relay: Pena, Waldrip, S. Davis and Price.
- Pole vault: Jimmy Dorland, Tommy Reed and Evans Heaton.
- High jump: Waldrip and Dorland.
- Shot put: Dale Odom, Danny Saldivar and Garland Dudley.
- Discus: Dudley, Saldivar and

Ray Martinez.

Entries in the JV division for Post include:

- 440 yard relay, Kohen Jose, Butch Booth, Brent Terry and Donnie Greathouse; 880 run, Booth; 120 yard high hurdles, Eddie Reece and Brad Shepherd; 100 yard dash, Josey, Greathouse and Terry; 440 yard dash, Booth and Reece; 330 yard intermediate hurdles, Reece and Shepherd; 220 yard dash, Terry and Josey; mile, Bill Rose and Steve Shedd; mile relay, Booth, Josey, Greathouse and Rose; pole vault, Ronnie Bratcher and Reece; high jump, Greathouse and Bratcher; shot put, Bruce Waldrip; longjump, Reece and Shepherd, discus, B. Waldrip.

Thanks to Many

I want to take this opportunity to express by thanks to the Chimney Creek Ranch for purchasing my reserve champion calf at the Garza County Junior Livestock Show.

Also I want to thank Billy Leese of the Farmers and Ranchers Commission of Lubbock and the Junior Livestock Association for my trophies.

This is my last year to be able to show here, and I want to thank the Junior Livestock Association and all who have helped me through the last nine years of my showing and 4-H work. Especially, thanks to my daddy for all his encouragement and help.

Students Win Honors in Basketball

Kelly Chaffin, senior, won all-district honors in basketball. Kendon Wheeler, senior and Joy Basinger, junior, won honorable mention. Southland is in District 7-B.

Congratulations to all of you!

One-Act Play

Southland's one-act play, "A Cup of Tea," will be presented in the school auditorium March 29 at 1:30 p. m. The one-act play UIL contests are scheduled for April 2 at Whiteface, after a practice session there March 31. Characters in the play are as follows: Rosemary Fell, of the society columns, played by Nedra Myers; Philip Fell, her husband, Kendon Wheeler; Jeanne, the housekeeper, Joy Basinger; Celia, the artist, Elaine Buskemper; Beth, from the florist shop, Phyllis Cisneros; and Mr. Wimpole, the antique dealer, John Chaffin.

Miss Lynn Heith, speech teacher, is the play sponsor.

Southland Students Win at Stock Show

Three Southland students won awards with their calves at the recent Garza County Junior Livestock Show.

Kendon Wheeler, senior, won first place in the lightweight division with his calf. Andy Wheeler, fifth grader, won first in the middleweight division; and Cynthia Wheeler, seventh grader, showed the fifth place calf in the heavyweight class.

Students Place at Cooper UIL Literary Meet

Curt Wheeler, junior, was second in the spelling and plain writing contest at the Cooper UIL Literary Meet March 31. Kelly Chaffin, senior, placed fourth in the shorthand contest; Jenny Wheeler, senior, placed fifth in the veteran's number sense contest; and Debra Crawford, eighth grader, earned fifth place in the junior number sense contest. These students were all competing against B, A and AA schools.

Southland also placed fourth over-all in number sense in the Group I (B, A, and AA schools) division and fifth over-all in number sense for all schools (B through AAAA) at the meet.

Other students who competed at the meet were Katrina Chaffin, Joe Perez, Stacy Callaway, and Camille Wheeler. Katrina is a freshman; Joe is an eighth grader; and Stacy and Camille are seventh graders.

Four enter guilty pleas

Four persons pleaded guilty here this week before District Judge George Hansard three received probated sentences or general probation, but the fourth was given a two-year penitentiary term.

Ernestine Wynne pled guilty to theft by exercising control on Sept. 30, 1974. Judge Hansard assessed her punishment as a class misdemeanor and sentenced her to one year in the county jail and probated the sentence for two years.

John Melvin Scogin pleaded guilty to DWI subsequent offense on a Feb. 13, 1975, incident, and was given a probated two-year county jail sentence and fined \$500 and costs.

Tino Hernandez pleaded guilty on information to the robbery of Mrs. Lucille Morris at the Graham Coop Gin office Jan. 4, 1976 and was sentenced to two years in the Texas Department of Correction with credit given for time in jail.

New coach —

(Continued From Page One) munities, and that a student should be given the opportunity to excel in athletics.

"I am a football coach," he declared. "I am dedicated to the game of football because in it a person is given the opportunity to discover himself, and to know his strengths and weaknesses, so that he may better find the position in life that allows him to make his most positive contribution."

He said the Lopes under his direction will employ a multiple offense and the "Oklahoma 5" defense.

Brownd also stressed the importance of an off-season

Sheriff Gene Gandy told The Dispatch Hernandez will be turned over to Travis County officers at Austin for an aggravated assault indictment against him there.

Sherry Brockman pleaded guilty to the Sept. 10, 1973, delivery of marijuana, waived a jury trial, and the judge returned no finding of guilt and placed her on probation.

program in weights, timed running, agility drills, obstacle course and other drills.

Brownd told trustees it is his conviction that discipline and control is established and maintained by the unity of all athletes being together for at least one period a day under the supervision of all coaches available. This provides and promotes school spirit, pride and helps develop a good attitude for the majority of the athletes which is essential for an all-round athletic program.

"Here in Post you have an excellent athletic program in operation and which has developed fine attitude on the part of players, coaches, and community," Brownd said.

"That is why you have had a

winning football team."

He termed Bobby Davis' overall program "unique." "I know from working in it and seeing what it can accomplish," he said.

He said he intended to continue it and improve it "in every way I can."

Brownd is in a hurry to get back to Post and get into his work because as he told the board Saturday night, "If we are going to have a good football team next fall we need to have a good off season program this spring."

Brownd was a varsity football assistant at Monahans for six years before coming to Post and for three years before that served as junior high coach at Hale Center. He is a graduate

of Sudan High School. He and his wife, Judy, have two children.

Robert Blaylock is new deputy sheriff

Sheriff Gene Gandy announced his six-man deputy force is now back to full strength with the addition this week of

Robert Blaylock, 23, as a new deputy.

Blaylock, who is married, has had one year of experience as a deputy in the Dallas County reserve sheriff's force for a year. He began his duties here Monday.

m. in the 4-H building was a mite too early for most Post folks but there was a fair-sized turnout anyway.

Frank (Chief) Runkles got a big round of applause at the start of his one-man ceremony when he got his fire going as usual by rubbing two sticks together. It was so chilly that little fire looked good to everybody.

Two Lubbock television stations had crews on hand to film the proceedings and the results were broadcast by the Texas radio news network.

The whole affair would have worked out better if congress hadn't dragged its feet and had voter daylight savings time into effect in mid-March as usual.

Because of the lack of daylight, savings time, the whole event was an hour

the Snyder woman described. The pair was brought back to Post from Slaton and questioned by Sheriff Gandy and two deputies. Later Tuesday night, according to Gandy, they guided officers to the farm where the television set was recovered from the barn.

The Hallmans, who had been expecting their granddaughter, were just away from their rural home when the Lubbock pair drove in.

When they returned home they found a number of items piled up on the kitchen table which the two men apparently had intended to haul away until frightened away by the Snyder woman's appearance.

School 'hit' at Southland

Burglars broke into the Southland school sometime Tuesday night and made off with about \$100 in cash taken from the superintendent's office.

The fire safe in the office had been broken open and the rest of the office ransacked apparently in an effort to find more money.

Sheriff Gene Gandy told The Dispatch shortly before noon yesterday that his department is continuing its investigation of the case.

Point of entry could not be accurately determined there are so many pry marks around several of the school windows, Gandy said.

Nothing else was believed taken.

Mark to —

how I got started in the music business."

He was a young man working in the oil fields around Wink and Odessa when he heard about Alamo Village, a former movie set converted into a tourist attraction at Bracketville by Shahan.

He went down to see if he could get a summer job in the village to get out of the oil fields. When he applied, not thinking about music at all, Shahan asked him if he could sing or play the guitar. Mark told him he could "a little."

So Happy told him to get up on the stage of the restaurant and show what he could do. So Mark played a few and sang a few. When he finished, Happy asked him if he would like a job with the restaurant stage show and at the same time go into training under Shahan.

Mark said yes, and that's how it started.

He worked for two years at Alamo Village under Happy and learned a lot about music and stage presence. Happy also encouraged him to write his own songs and these have been successful.

The Bracketville training period is over now and Happy is his manager, booking Mark for nightclub acts, concerts and recording sessions. And also booking Mark's songs for others to sing.

Shahan has auditioned hundreds of youngsters at Alamo Village who hope for a career in the world of country music. The ones he thinks have promise he keeps and trains and they perform in the village for regular wages.

Johnny Rodriguez, the first Mexican-western country singer star, is Happy's best known "graduate."

Where did Happy find Johnny? In a Uvalde jail that's where — or rather the Texas Rangers heard Johnny singing there.

To get Johnny out of jail, he had to have a job. So the Rangers took him to Happy. Happy listened and hired. Once trained Johnny Rodriguez has made it to the top in the music world.

Now Mark Forbus has "graduated" from Happy's training and is starting up that same ladder Johnny climbed to the very top.

been cast in the city council election and none whatsoever as yet in the hospital directors election.

Fire Dep't secretary Ted Tatum said that "little bit of moisture" we had recently seems to have helped the grass fire situation. The department has answered only about seven grass fire calls in March to date. "Of course, the grass is beginning to green up too and that helps," Tatum said.

Happiness is . . . such a neat gift shop it gives one a certain amount of happiness just to stop in and look around — as we did Monday during the open house Linda Lewis and Sharla Wells were having. We wish these two young business women a bright future, after such an impressive start.

In last week's Dispatch, we had a front page story on the opening of Happiness is and two restaurants getting a rebirth under new management, but failed to mention another new downtown store which is getting under way right next to The Dispatch. The Stoney Stalcupps have opened the "Second Time Around Shop" and firmly declare it's not going to be just another used furniture store. Their variety will surprise you.

Jim Hundley reports there are only three empty buildings in the business district now and two of them are his. The other is the old pool hall in the 300 block East Main.

VISIT WITH POTS
Mr. and Mrs. Silas Short and Bill visited Saturday in Lubbock with Mr. and Mrs. J. B. Putts and daughters.

Rotary —

(Continued From Page One)
Texas has a backlog of \$11 billion in highway projects.

One fourth of Texas motor fuel taxes go to support the public schools.

Operation of the state highway patrol, which cost \$58 million this year and will cost \$65 million next year, comes from highway funds.

In 1974 the state highway department operated on a \$741 million budget as compared to only a \$400 million budget in 1963. But the money available in 1974 bought only half of what could be bought in 1963.

From 1965 to 1970, the inflation rate for highway construction was 8 1/2 percent a year. From 1970 to the present the rate has been 14.9 percent a year. Thus in the last five years highway construction costs have doubled.

The highway derives a portion of its income from auto license taxes which are based on auto weights. Due to the energy crisis, smaller and lighter cars are being built to reduce fuel consumption. This reduces highway license tax income too.

This is even more noticeable in motor fuel taxes as auto engines now being built for better mileage mean less fuel taxes. "An actual decline in fuel taxes is now being forecast for future years," Walls said.

"It will cost billions to replace the present Texas highway system so maintenance is all important," Walls said. "We are going to maintain this system with what income we have even if it means engaging in no new major highway construction."

It's been 21 years now — 1955 — since Texans had their fuel taxes increased.

A private firm, McKinsey & Company, has been engaged to conduct a study for the state highway and public transportation department to determine the state's highway needs and how best to use the money available. The same firm is making a similar study in California.

The firm found in a pilot need study that the Houston area alone needs some \$3.2 billion in new highway construction. Walls reported the department already has launched major economies, including a 20 percent cut in department manpower in the last year.

"We are beginning to review our big backlog of highway commitments," Walls said. "Many will have to be cut out and many others reduced."

In answer to a question he said this review is not far enough along to give answers on specific projects such as the million dollar project through Post on US-84.

"Highways are very important to all Texans," Walls said. "That's why we want you to understand the highway situation. We propose no remedies. They will have to come from you the people through your elected representatives."

VISITS HERE

Mr. and Mrs. Ed Blanton and sons of Wellington, Texas, visited in the home of Mr. and Mrs. A. J. Baumann and family Saturday night.

IN HOSPITAL

Mrs. Ida Stewart of Post is in the Garza Memorial Hospital following a heart attack.

Merchant's given tips on shoplifters

A group of Post merchants were given a "short course" on shoplifting by a Department of Public Safety team in the law enforcement building here Wednesday morning.

New welfare staff member added here

The Garza County Commissioners Court has been thanked by the state welfare department for providing office space

here for Mrs. Rochelle Rumbokas as a new case worker in the aged, blind and disabled. Dr. William Wilson was reappointed by the court as county health officer for another 12 months at the court's semi-monthly meeting Monday.

TO THE PEOPLE OF GARZA COUNTY

I, Linda Dye, have decided to seek the position of board member of the Garza Memorial Hospital District.

I feel that the residents of Garza County deserve the best medical care that our hospital can provide.

The function of a hospital board is to set policy for the operation of that particular hospital. This becomes a very difficult problem for a board member whose only knowledge of a hospital is limited to what he or she learns at a monthly meeting.

I feel that my seven years experience working in Garza Memorial Hospital and Lynn County Hospital give me the knowledge that is required to understand the complexities involved in the successful operation of a modern hospital.

I have live in Garza County for nineteen years. I am married to James Dye and have two children, Donna and Mike.

I will appreciate your vote and influence and if elected, will serve to the best of my ability.

LINDA DYE

Pol Adv. Paid for by Linda Dye, Post, Tx.

TO THE VOTERS OF GARZA COUNTY

I take this means to solicit your vote in the upcoming Post Independent School District trustee election. I feel that my past six years of experience on the board enable me to make the qualified decisions necessary for the continued growth of our school district.

We all know that the cost of education is increasing every year; therefore we must do everything possible to get the most out of every tax dollar.

I will continue to strive for the highest standards our tax money will buy.

I owe no allegiance to anyone on the board, and all the decisions I have made in the past were wholly my own. The minutes of the regular meetings of the board are open for inspection by the public for those wishing to take the time to check the facts.

Keeping these brief principles I have outlined in mind, I hope you will reelect me to the School Board Place 2 on April 3.

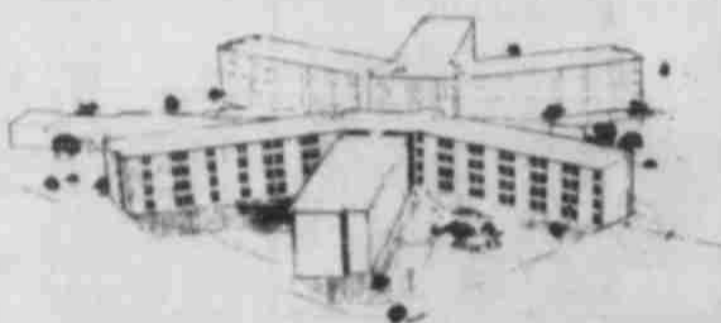

Your vote and influence will be appreciated.

ROBERT S. MACY
