

# Three new Post school trustees named in record vote

An all-time record number of voters for a Post school election — 847 — actually stood in line at the high school library Saturday to vote three new trustees for three-year terms, and thereby defeat all three incumbents standing for reelection.

Received 180 votes, and Marion D. Cruse Jr., with 132. Mrs. Mitchell won the place 2 position with 237 votes over four other candidates who included Royce Hart with 212, Tom Power 148, Robert S. Macy, incumbent, 143, and Prudencio Basquez 95.

Jack Lott, who served on the board several years ago as an appointee but failed to win election then, won place 3 with 356 votes. Mrs. Margaret Wilson, the incumbent, had 270, and Syd Wyatt 168. A year ago there were no school trustee contests and only 158 voters went to the polls. A year before that only 77 voted in the school election which had no contested seats.

It was vastly different Saturday with a record-sized field of 11 and a record turnout of voters. The previous record school vote here was 14 years ago in 1962 when 698 votes were cast as two incumbent trustees were defeated and Lee Ward and Ronnie Bouchier elected to the board, Ward on a write-in vote. Of the three trustees elected Saturday, only Gunn received a majority of the vote of those going to the polls, getting 60 percent. Lott won only 42 percent and Mrs. Mitchell but 28 percent in a badly split vote for the five-candidate field for place 2.

Future school trustee elections will require a runoff should the winner fail to receive a majority vote. This provision was established by school trustees recently to apply to future elections after it became apparent that due to the large number of candidates Saturday it appeared likely one or more place winners would fail to receive a majority vote of those going to the polls.

**City election**  
Post voters returned Dr. William Wilson and Jim Jackson to two-year terms on the city council Saturday and picked Lewis Holly, drive-in restaurant operator, to succeed Jim Wells at the council table. Dr. Wilson led the ticket with 397 votes, Jackson tallied 376 and Holly had 338. Wells, seeking reelection, was a strong fourth with 302, followed by Benny Valdez with 234 and Jack Glenn Ault with 175. Six hundred and fifty-five voters went to the polls, a heavy turnout for a city election in which the mayor is not elected, but it was not a record. In 1961, 767 votes were cast.

**Hospital vote**  
In the biggest Garza hospital district election Saturday ever, Gene Moore and Charlie Brown were reelected to the local hospital's board of directors and Wayne Childers selected by the voters to fill a vacancy left by the resignation of Dr. Wilson. Moore received 433 votes, Brown 417 and Childers 298. Votes for other candidates included Billy Williams 227, Linda Dye 191, Joyce Teaff 133, and Leslie Davis 118. A total of 641 hospital district voters cast their ballots at the Post Public Library.

**Consolidation no**  
Southland Independent School district voters turned down a proposition to consolidate with the Post and Wilson school districts in heavy voting Saturday at Southland and Gordon. The vote was 131 against to 98 in favor. Actually voters of the Southland district living in Lynn County who voted at Gordon voted in favor of consolidation 39 to 16, but at Southland the margin was top heavy against the proposition, 115 to 59. Both Post and Wilson school districts approved the consolidation, although the Post vote (See School, Page 10)

**SIGNING UP FOR TOUR** — S. J. Bruton and Gene Moore sign up for a Postex plant tour yesterday morning in a preview run of today's public open house for a group of community leaders. Fern Jones and Nita Terry are helping with the name tags. In the background are L. G. Thueff, Bill Shiver, Buster Moreland and Plant Manager Ed Bruton. — (Postex Photo)

## Postex to close for week after Easter

Postex Plant Manager Ed Bruton told a group of Post community leaders yesterday morning in a preview of the

**Tour times**  
Eight guided tours of Postex plant are slated today in several groups. Tours are open to all over 18 years of age. Tours are at 9:30, 10 and 11:30 a. m., and 1, 1:30, 2 and 3:30 p. m. Each tour will take about 90 minutes. Those wanting to tour the plant are asked to arrive at the plant office with a large parking area reserved.

Bruton's public open house that he was sorry to have to announce that Postex will be closed for a week after Easter because of "softness" in sales.

## Post Easter art show will open Saturday

The Easter Art Show, sponsored by the Post Art Guild, will be held in the junior high gym here Saturday and Sunday afternoons with \$1,300 in cash and purchase awards.

The Guild is encouraging as many Post and area artists as possible to enter the show. Ribbons will be given in each division. The show is open to the public from 2 to 6 p. m. Saturday and

This has certainly been a "wooly week" in the news business. If one could print a paper with two front pages we would do so today.

If you've got the time don't miss the open house tours at Postex Plant today. If you haven't seen how they do things (See Postings, Page 10)

## Lewis Holly named head of July 4th celebration

Lewis Holly was named chairman of Post's Bicentennial Fourth of July celebration here by Chamber president Charles

McCook Friday at a hamburger and Coke planning session in city hall auditorium attended by Chamber directors, Maxine Marks, Jim Cornish and Chamber Secretary Joy Greer. A lively discussion on events to be held during the celebration was held. A survey of local merchants is planned to see if they will close for the major observances on Saturday, July 3, as the Fourth of July this year falls on Sunday. No decision was made on whether or not to hold a parade to open the holiday festivities. The difficulties of getting enough firms and organizations to spend money to build floats and to get any kind of parade music in mid-summer were (See Lewis Holly, Page 10)

## Prisoners fed frozen dinners

Post Rotarians discovered Tuesday that Sheriff Gene Gandy keeps his county sheriff's apartment up with all the latest innovations, even inventing one of his own.

**HEAD CHEF CHECKS MENU** — Sheriff Gene Gandy checks the selection of frozen dinners in the county jail freezer Tuesday to be served to prisoners for their evening meal. Gandy, who conceived of the frozen dinner idea as a big money saver in departmental operations, says the prisoners like the new bill of fare. — (Staff Photo)

## Blacklock Rites Sunday

Funeral services for R. V. Blacklock, 74, a resident of Post since 1960, were held Sunday at 2 p. m. in the Trinity Baptist Church with the Rev. Gene Prevo, pastor, officiating. Burial was in Terrace Cemetery under the direction of Mason Funeral Home. Blacklock died at 11 a. m. Friday in the Lynn County Hospital in Tahoka, where he (See Blacklock Rites, Page 10)

## Windham removed by hospital board

Directors of Garza Memorial Hospital are looking for a new hospital administrator this week after giving Donald Windham two weeks notice that he is being relieved of his duties. Windham, who has served as hospital administrator for the last six and one-half years, was discharged at a special meeting Monday afternoon after he refused directors' request that he resign.

The vote was 3 to 0. Directors Gene Moore, Bo Jackson and Charlie Brown voted yes. Sexton Huntley, chairman of the board who doesn't vote except in case of ties, said he opposed the motion. In the motion Windham also was given four additional weeks of vacation pay, one of which was left over from 1975, and 100 percent retirement benefits.

Wayne Childers, who was elected to the board Saturday but who has not yet taken office, sat in on the meeting as an observer. Windham's dismissal apparently had been building up over a period of months over hospital conditions and handling of personnel.

Windham told the board he understood directors had acted because of "Dr. Wilson's ultimatum" to remove his patients from the hospital if Windham wasn't ousted as administrator. Moore told The Dispatch it was "unfair" to put any of

**NEW PHYSICIAN AND FAMILY** — Dr. Harminder Chana, new Post physician who plans to open his local practice Monday, is pictured above with his wife, Harpal, and his 11-month-old son, Jasdeep. Mrs. Chana has undergone surgery while the family has been in Post awaiting the arrival of Dr. Chana's Texas medical license.

## New doctor for Post

Dr. Harminder Chana, Post's new Indian physician, drove to Austin yesterday to pick up his long awaited Texas medical license and announced he would open his own practice here in the Wilson Memorial and Surgical Clinic Monday. Dr. Chana has been impatiently waiting here for that license for a month now. He and his wife, Harpal and their 11-month-old son, Jasdeep, live at 115 South Ave. S. The Chana family have been living in the United States for almost a year now after coming to this country from Kenya, Africa, where Dr. Chana had a family practice for two years in Nairobi, capital of Kenya. Dr. Chana took a four months surgical residency in Charlottesville, West Va., after his arrival in the United States and was visiting with relatives in Denver before moving to Post.

## Lew Baker dies at 87

Lew W. Baker, 87, a Post resident for over half a century, died in Garza Memorial Hospital at 8:30 a. m. Wednesday following a long illness. Funeral arrangements were pending at the Hudman Funeral Home at presstime for The Dispatch. Baker was born in Blassbery, Pa., and worked as an (See Lew Baker, Page 10)

## \$25,000 'mystery fire' burns cabin to ground

A fire that nobody saw and whose origin is still undetermined burned Rex Allison's completely remodeled all-electric "weekend cabin" to the ground sometime between Thursday night and Saturday evening for a \$25,000 loss. The two-bedroom frame structure was located on the city's old water reservoir property two miles west of Post on the caprock rim. Allison told The Dispatch Tuesday that his son, Matt, drove over to the cabin Saturday evening and found only a pile of ashes. Nobody reported the fire. Allison said he was at the cabin Thursday night. He said he had Fire Chief Neal Clary look over the ruins carefully to determine the cause of the fire, if possible, but nothing definite was found. (See \$25,000 Fire, Page 10)

## Rites held for Mrs. Breshears

Funeral services for Carrie Mae Breshears, 80, a Post resident since 1915, were held at 3:30 p. m. Wednesday afternoon in the Hudman Funeral Home Chapel. The Rev. Gene Prevo, pastor of the Trinity Baptist Church of Post officiated the services. (See Rites For, Page 10)

## King Richard' wins by point

Four hundred and eighty-nine motorcyclists entered the enduro from 17 states, including Texas, New Mexico, Oklahoma, Louisiana, Colorado, Kansas, Nebraska, Wyoming, Iowa, Wisconsin, Illinois, Michigan, Minnesota, Tennessee, Ohio, Missouri and Arkansas. Jack Lott, who was in charge of measuring the course, the location of check points and scoring, told The Dispatch that the Post Enduro drew exceptionally well over a wide area because it was the first one held in the central region in 1976. In winning the overall title Burleson was presented with a trophy which was taller than he was. In all, 72 trophies were presented winners. Three hundred of the 489 entrants finished the enduro or 61 percent. Kay Atwood of Carlsbad, N. M., won the 66-mile powderpuff enduro from among the 19 woman entrants. (See Post Enduro, Page 10)

**PRESENTS \$1,500 CHECK** — Postex Plant manager Ed Bruton hands \$1,500 check from Burlington Foundation to Mrs. Patty Kirkpatrick, center, and Mrs. Maxine Marks, to apply toward the purchase of Burlington carpet for Post's new community center. — (Staff Photo)

## Bike 'taping' here Saturday

The Post Rotary Club will sponsor a reflectorized tape bike project Saturday morning from 10 a. m. to noon at the bank parking lot. Free tape will be placed on all bikes brought to the parking lot during the two hours. Gene Moore, chairman of the Rotary project, said the club has enough tape for 300 bikes. A bike with some strips of reflectorized tape on it can be much easier seen by motorists on local streets at night, Moore pointed out. He urged parents to have their youngsters bring in their bikes for "taping" Saturday. "We'll tape bikes for adults too," he said, "even the three-wheelers."

## Monday rites for Mrs. Cravy

Services for Mrs. Will Cravy, 89, of Post were held Monday in the First United Methodist Church at 2 p. m. The Rev. Conrad Ryan, pastor, officiated, assisted by the Rev. Dick Clemmer, pastor of St. Luke's United Methodist Church of El Paso. Burial was in Terrace Cemetery under the direction of Mason Funeral Home of Post. Mrs. Cravy died at 10:30 a. m. Saturday in Garza Memorial Hospital in Post. She moved to Texas at the (See Monday Rites, Page 10)

## To fill in blank spot

The Dispatch was "embarrassed" this week by the action of Garza hospital directors in dismissing their hospital administrator. We say "embarrassed" because this newspaper was caught with an obvious blank spot in its local news coverage.

For a number of years, this newspaper hasn't had a reporter at the monthly hospital board sessions. Consequently when a major personnel problem came up at the hospital this newspaper wasn't in position to explain what is going on and why.

There are too many night meetings now,

but this week we've decided to add the hospital board session each month to our list. It used to meet on the same night as the White River directors at a time when the city's water problem made bigger news and we went with local water directors to cover those meetings.

Certainly, our hospital is a mighty important community institution, and thankfully, through the years, a great many fine men and women have donated their time and efforts to sitting on its board, and performing a community task which often isn't easy, or fun.

Republican Ronald Reagan, in addition to his Texas campaign swing this week, plans additional visits April 13-14 and April 29-30.

## Too late in November

It doesn't seem possible but the May primary will be here just three weeks from Saturday.

Ronald Reagan has already flown into Lubbock once and President Ford has announced he is on his way. Jimmy Carter should soon be coming west to do battle in the Demo ranks.

What is going to happen this time is the first Texas taste of a presidential flavor to its primary? Will it prove interesting? Will it force, for example, the political contenders to take a whole lot closer look at Texans, and why than they ever did before?

And in the opposite vein, will we as voters take more of a personal interest in candidates if they come into our state to campaign?

Certainly, it will provide a lot of editorial ammunition for a while after the May 1 vote when everybody looks back and tries to assess what happened, and whether or not it was worth it.

On thing, Ford and Reagan are going to find they can't get any votes except in the cities because the Republicans have never been able to organize in the smaller towns. A few presidential primaries might help the transition along, but the payoff still are those bread and butter jobs at the courthouse where a lot of pioneering spirit doesn't get one many votes.

Nope, Ford and Reagan won't find out what smalltown Texans really think of them until November. And then it will be too late for one or the other.

## Good luck, Southland

Southland school district voters decided Saturday to face the future with their own small school system. The Dispatch and the Post community wish them luck with their educational enterprise.

Schools are expensive these days and local control isn't what it once was with the state and federal governments putting out more money — together with more requirements for operation.

The Post community has always taken the position that it's up to the smaller community whether or not they wish to consolidate.

There was no Post pressure to do so in the Saturday election. Local school trustees kept their hands off.

Southland is now embarking on a new school building program. For the next 15 years they are more or less committed to the course they voted Saturday.

## We're in their debt

One of the finest community services a citizen can render is to "get involved" and stand for election to office on the home front — on a city council, a school board, a hospital board.

Of course everybody can't be winners. In the end even for those elected there is a day of defeat when voters turn to somebody else.

There is no denying either that "local politics", as the whole process is called, can at times become quite emotional. But that is all part of it, whether one especially likes it or not.

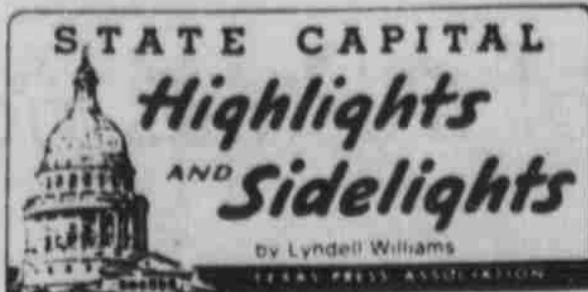

When the election has and cry is over and things settle down again, we all realize that the

community is in the debt of all of these who serve us so well.

It is no easy job — community service as an elected official and The Dispatch well knows it.

In electing three new trustees to the school board Saturday and one new councilman down at city hall, voters "retired" four fine Post and Garza people who have served the Post schools and the city well.

The Dispatch wishes to note this editorially with the added thought that all of us recognize we are in their debt for a job well done in which they put their community first.

AUSTIN—Texas will be a battleground of presidential candidates this month.

Ninety-eight Democratic delegates and 96 Republican delegates will be selected in the May 1 presidential preference primary—among the top half dozen from any state.

Democrats will pick another 32 delegates and their 70 alternates in the June 19 state convention. Republicans will name only four delegates at their June convention.

Republican Ronald Reagan, in addition to his Texas campaign swing this week, plans additional visits April 13-14 and April 29-30.

President Ford reportedly will spend this weekend in Texas and return April 28-29.

Democrat front-runner Jimmy Carter will be in the state April 20 and probably again just before the May 1 primary. His son, Chip, tried the Texas water last weekend.

U.S. Sen. Lloyd Bentsen, seeking favorite son Democratic designation as well as re-election, is spending nearly fulltime on the campaign trail this month.

George Wallace's supporters say he will show up soon after this week's Wisconsin primary.

Democrat Fred Harris is expected April 27-30 and perhaps for a warmup visit earlier.

### Session Pushed

Legislators continued to shower Gov. Dolph Briscoe with proposals for a special legislative session to curb skyrocketing utility bills.

They ranged from tax relief schemes to special low-low rates for small homeowners. Briscoe apparently encouraged the special session speculation, but made no firm promises.

Comptroller Bob Bullock warned that fiddling with the utility tax structure would save the consumer no more than "chicken feed" on electric and gas bills. Bullock suggested legislators concentrate on turning around the rate structure which now provides lowest rates to largest users and highest rates to homeowners.

### Law Protested

Food and beverage "chains" are concerned about Alcoholic Beverage Commission plans to enforce strictly a law requiring liquor license holders to be three-year residents of Texas—or corporations to be majority-owned by Texans.

ABC Commissioner Luke Robinson has backing of the commission in enforcing the law, which

may stop sales of beer, wine and whiskey in many national supermarket, hotel and restaurant chain outlets.

### More Revenue Promised

Comptroller Bullock claims changes in office procedures can bring in another million dollars a year in interest to the state.

Bullock proposes to earn the additional money by getting tax revenue to the bank faster pending records processing. Tax receipts would go directly to a treasury suspense fund.

### Courts Speak

A divided State Supreme Court concluded unmarried fathers have no constitutional right to be involved in lives of their children.

The Court of Criminal Appeals reversed two Dallas murder convictions and a conviction for fraudulent misrepresentation in selling securities.

In other cases, the Supreme Court:

—Upheld a 15 per cent hike in Houston electric rates that had been rejected by the city council but ordered by lower courts.

—Threw out a request of 14 prisoners to force the attorney general to examine their complaints against the prison system.

—Declined to order the State Supreme Court to enter a final order on pass-through by Lo-Vaca Gathering Company to consumers of all its additional natural gas costs.

—Refused to enter money damages to a Fort Worth family of a woman who died on an operating table in a hospital.

—Awarded damages to a Corpus Christi woman injured in falling over an empty Woolco Department Store merchandise platform.

### Short Snorts

Directors of 65 state agencies said they support government economy measures, but feel employees should get inflation-fighting pay raises.

Texas unemployment moved up to tenth of one per cent last month, bringing to 5.4 per cent the jobless rate.

### BIRTHS

Mr. and Mrs. Walter Ford of Abilene are the parents of a baby girl, Heather Renee, born March 27 at 6:39 p. m. in Hendricks Memorial Hospital. She weighed 7 lbs., 6 1/2 ozs. Grandparents are Maxine Cummings of Post and Ed Ford of Graham, Tex.

## Remember When

### 10 Years Ago

Tom Gamblin elected head of new library group; board votes boost in hospital room rates; Preston Poole elected president of Lions Club; City-county adoption of airport agreement made; Benny Owen and Danny Odom leave for Viet Nam; Miss Catherine Palmer bride of Benton Gary; Tom Power buys Wyoming agency; Larry Hutchins is spelling winner of Post Junior High school; Norm Cash blow propels Detroit to opening win.

### 15 Years Ago

Diana Pruitt, Garza Spelling winner to District 2, 4-H; Highway Patrolmen Max Knox and Henry Harden on duty in Post; Rev. Bernard Ramsey to assume new duties of First Christian church here; Lucy Trammell and Edwin Harris are wed; Troy Simpson, 4, has birthday party; 22 cases jam docket here in Justice Court; Post High School Golfers capture district; Jane Maxey and Linda Kuykendoll approved for FHA state degrees.

### 25 Years Ago

T. L. Jones chosen Mayor, Roy Baker and E. S. Stewart are commissioners; James C. Hestand of Anson is new Chamber head; Robert Cox and James Minor win School Board vote; 60 called for petit jury; Nazarene Church plans \$17,000.00 auditorium; new school cafeteria opens at school; Garza Tire Co. moves into new building.

ATTEND DALLAS MEETING  
The Reverend Thomas Pass, minister of the First Presbyterian Church of Post, recently returned from a two-day meeting of the Division of Education of the Texas Conference of Churches. The meeting was held in Dallas, and included representatives from 17 denominations across the state. Reverend Pass is the first delegate ever sent by Palo Duro Union Presbytery to this program division.

Looking for a bargain? Read The Dispatch want ad page.

## \$2 bill goes into circulation Tuesday

Keep your eyes on those bills, beginning Tuesday, because, that is the day the new Bicentennial \$2 bill should make its bow not only in Post but across the country.

The reason the bill is being issued Tuesday is because that is Thomas Jefferson's birthday and he is the patriot whose face appears on the front of the \$2 bill.

The \$2 bill is a Bicentennial issue because it was first issued in the United States 200 years ago in 1776. On the back of the new bill will appear the signing of the Declaration of Independence by John Trumbull.

The United States hasn't had any \$2 bills in circulation since 1965.

Issuance of the bill is not merely for historical significance. It is designed to save the Federal Reserve System about \$27 million and the Treasury

nearly \$8 million during the next five years. A total of 225,000,000 of the new bills are scheduled to be ready for distribution Tuesday. They have been printed at the rate of 11 million a day.

## Revival will begin Friday

The Rev. Oscar Newdiger, pastor of the Church of God of Prophecy announces that a series of revival meetings will begin at the church in Post, Friday night, April 9 at 7 p. m. and run through Sunday night, April 11.

The visiting evangelist will be David James of Midland.

Special music and singing will be provided by visiting groups as well as by local groups during the meeting.

## The Sigh of Greatness

Thought for the Week: The fear of the Lord is the instruction of wisdom; and before honor is humility. Proverbs 15:33

The Huge Tractor Trailer idled noisily as the driver wondered what he might do. His truck stood within a few feet of a railroad underpass. But the trailer was a few inches too high for the concrete bridge and the truck would not pass under. To turn back and seek another way would require several hours of time and the loss would be great.

A small boy, standing near, realized the problem. In a mournful voice, he asked, "Why not let some of the air out of the tires?" The driver smiled. Turning to his truck, he let some air out of the tires and the truck passed under the bridge with ease.

Often in life we reach a seemingly impassable barrier created by our pride. We made demands on people and if these are not met we become angry or resentful. The humble person does not make selfish demands, is not "puffed up." When pride is drained from us we are able to move graciously among our fellowmen. Humility is the sign of true greatness. Our Christian faith ought to help us rise to true greatness. James said, "Humble yourselves in the sight of the Lord, and he shall lift you up."

Prayer: Our Father, thy Son and Our Master said that the one who would be great should be the servant of all. Help us to practice this in our daily lives. In the name of Christ, our Lord. Amen

## Card of Thanks

There was good turn out for the April 3rd election and this is good! Thank you people that supported me. I am happy for those who won their positions. It is difficult to get responsible citizens to seek out and be willing to serve in certain necessary, somewhat thankless, County elected offices. I am proud of the ones elected and will support them.  
 Tom Power

We want to take this opportunity to thank each of you who stayed with me through surgery and especially for caring for Opal in the emergency room. Your visits cards, and your prayers means so much to us.  
 A special thanks goes to Billy Weaver and J. B. Rackler for keeping the farming operations going.  
 Robert Lee and Opal Hagler

In a humble way I say thanks to relatives and friends for all of the thoughtfulness shown during my two weeks hospital stay and since I have returned home.  
 A special THANK YOU to Dr. William C. Wilson and the girls at the office. May God bless you all.  
 Helen Livingston

I would like to take this means of expressing my appreciation for your votes in the recent city council election.  
 Benny Valdez

We would like to thank our friends, relatives and neighbors for food, flowers, cards, prayers and every act of kindness shown to us during our sorrow your love and concern will always be a precious memory. God bless each of you.  
 Mrs. R. V. Blacklock  
 Glenn Blacklock and family  
 Buster Adams and family  
 Jim Bob Porterfield and family  
 Charles Rushing and family  
 Dick Gee and family

My family and I would like to thank everyone that was so good to us while I was in the Methodist Hospital. We would also like to thank everyone for

the gifts, flowers, cards and visits while I was in the hospital and for food and visits since I have been home. Especially we thank everyone for your prayers. Friends and family are greatly appreciated at a time like this. Special thanks to the staff of Garza Memorial Hospital and police department and ambulance service for their assistance. For those who contributed money, we greatly appreciate it and it will be used for our expenses.  
 Gary and Gaynell Workman

I wish to take this opportunity to thank all of my good friends for their many acts of kindness during my stay in the hospital. Special thanks to Dr. Wilson and all of the nurses. They were marvelous to me. The greatest thing of all, were the people who prayed incessantly for me. Several churches had special group prayer meetings for me. I think the finest people in the world are in Post and Garza County. I pray that God will endow you with His richest blessings.  
 Most respectfully  
 James L. Minor

We would like to take this opportunity to express our sincere gratitude to all of our friends for their help through love and prayers while I was in the Methodist hospital. Thanks to Dr. Wilson for his help in love and understanding. Also to Mrs. Kiker and Pat Nelson who stayed with our mother, Mrs. Moore, in our home. May God bless each one of you.

The compilation of VA spending in Texas is broken down by counties and shows amount for veterans' compensation and pension, readjustment and education payments, insurance, loans, construction costs and hospital and regional office operating costs. Coker said.

The Veterans Administration spent \$1,045,775,326 in Texas during fiscal year 1973 for facilities, operations and benefits to veterans and dependents. Jack Coker, Director of War Veterans Administration Regional Office, said today.

MINI WINNERS — Tyra Hart, Mini Miss Post, is shown above second from left with Dustin Massey, Mini Mr. Post, second right. Runners-up are Tori Bass, left, and Riley Zachary, right. — (Staff Photo)

### Little, mini contest winners are named

Tracy Lynn Daniels and Matthew Holly were named Little Miss and Little Mr. Post and Tyra Hart and Dustin Lamar Massey were selected as Mini Miss Post and Mini Mr. Post in the primary school auditorium here Saturday night.

Approximately 200 people attended the annual contest and program sponsored by the Xi Delta Rho Chapter of the Beta Sigma Phi for the benefit of its scholarship fund.

Tracy is the daughter of Mr. and Mrs. Pete Daniels and Matthew is the son of Mr. and Mrs. Lewis Holly. Mr. and Mrs. Jay Hart are the parents of Tyra and Richard and Mildred Massey are the parents of Dustin.

Runners-up in the Little Miss and Mr. Contest were Matt Pennell son of Mr. and Mrs. Don Pennell, and Brittany Gandy daughter of Helen Gandy.

The runners-up in the Mr. and Miss Mini contest were Riley Dee Zachary, son of Leroy and

Tammye Holly and Tori Bass, daughter of Mr. and Mrs. Carlos Bass.

Scott Rombokas was master of ceremonies for the evening. Entertainment was provided by David McBride, David Morrow, Marita Jackson's ukelele band and a group consisting of Peggy Jackson, Kelly Mitchell, Julie Compton, Nancy Clary, and Cindy Kirkpatrick, who performed a jazz dance.

Stage decorations carried out the Bicentennial theme, centering around the American flag.

There were 34 entries in the contest this year, and they were assisted during the contest by Charla Williams and Vickie Teaff.

Trophies for the contest were donated by the First National Bank.

## THANKS

I would like to thank the voters of Southland Independent School District who supported me for trustee, and also those who felt they couldn't. I will do my best to serve you in a way that is fair to all.

I want the voters of this district to feel free to contact me, or any member of the school board on any question they may have. May we band together that we might have the best school possible for the children of our district.

## Right Around Home

BEN MOFFETT

### LAKE MEREDITH — AN OASIS ON THE TEXAS PANHANDLE

Lake Meredith Recreation Area is an oasis on the dry, windswept High Plains of the Texas Panhandle.

In any season, Lake Meredith can fill a weekend visit or longer with a tempting mixture of healthy exercise, fun and relaxation at the water's edge. Just count the possibilities!

Water activities include boating, water skiing, sailing, swimming and scuba diving. Or you can camp, picnic, study nature, ride motorcycles or sightsee.

If your interest runs toward history or archeology, you can visit Alibates Flint Quarries National Monument near the

lake. Alibates is the site of one of the most important sources of stone implements in prehistoric North America.

With a Texas hunting or fishing license, your recreational potential grows even larger. Anglers may fish for largemouth and smallmouth bass, white bass, crappie, sunfish, walleye and catfish.

The portions of the recreation area open to hunting offer the only public hunting in the area. Game includes geese, ducks, quail, dove, turkey and white-tail and mule deer.

The lake is located just off Texas highway 136 between Amarillo and Borger near Fritch.

While recreational opportunities are bountiful at Lake

Meredith, the lake has a much more serious purpose. The reservoir impounds water for 11 member cities of the Canadian River Municipal Water Authority, thus enabling the area to tap one of the few above-ground water sources.

Construction of the dam — Sanford Dam — began in the summer of 1962 and it has been administered by the National Park Service of the Department of the Interior since 1965.

While the lake appears placid and innocent much of the time, it can be a rough, tough monster and drownings and other accidents have been far too frequent to suit park officials.

Rigid safety rules are enforced and water enthusiasts are warned that sudden storms,

with winds up to 80 miles per hour, can crop up so fast that boats have trouble getting off the lake in time.

A warbling siren from National Park Service patrol vessels is a warning to get your boat to shore and quickly. It may be best to get your boat to shore in any sheltered area and wait out the storm if ramps cannot be reached safely.

Another Lake Meredith sport that is well supervised is off-road vehicle use — motorcycles and dune buggies.

An estimated 65,000 persons a year, from childhood through middle age, pursue these sports along the Canadian River in what is known as the Rosita area.

Local clubs sponsor a variety of competitions including motocrosses, endurance races and hill climbs.

Not the least popular activity is the Clean-Up event. Teams of cyclists compete to see which one can gather the most litter. The trash is collected in bags

and placed at a central location where it can be picked up by park maintenance personnel.

So for a nearby vacation that will fit just about any personality or lifestyle, Lake Meredith may be the place to go.

If you are planning a vacation Right Around Home, write to National Park Service, P.O. Box 728, Room P-3, Santa Fe, N. M. 87501, for a trip planning guide to those parks within an easy drive of your home.

## Some tips on growing some tasty tomatoes

COLLEGE STATION — Just to growing a good crop of every home gardener has tomato plants that are his and joy. But there's more

the most rewarding garden plants, but they can also bring frustration," points out Sam Cotner, horticulturist for the Texas Agricultural Extension Service.

For success at growing tomatoes, Cotner offers a few pointers.

"First of all, select varieties that are adapted to the area and that resist many of the common diseases. Such varieties are Spring Giant, Homestead, Porter, Terrific or Small Fry are excellent for most areas of Texas.

"When buying tomato plants, select those that are short, stocky and dark green — ones that are about as tall as they are wide.

"Be sure to locate tomatoes in an area that receives at least six hours of sunlight a day.

"Plant tomatoes in a soil rich in organic matter and containing adequate fertilization. Allow

about four square feet or space for each plant.

"Set the plants somewhat deeper than they were originally growing. Apply a starter solution; one can be made by mixing one or two tablespoons of a complete fertilizer in a gallon of water.

"To reduce wilting, set out plants on a cloudy day or late in the afternoon. Protect them from adverse conditions such as high winds or excessive heat by providing some cover, such as milk cartons with the ends cut out.

"As the plants begin to grow, provide some form of support to keep fruit off the ground, such as stakes, trellises or wire cages.

"At first bloom, dust or spray tomatoes for both insects and diseases. Once plants start setting fruit, apply small amounts of fertilizer every week or so.

## \$26,739 grant is approved

Congressman Omar Burleson announces the approval of a \$26,739.00 Community Services Administration Grant to the South Plains Community Action Association, Inc., with headquarters at Levelland.

The grant is effective April 1, 1976 and will run for three months.

The areas served are Garza, Lynn, Anton, Terry, Yoakum, Cochran, Morton and Lamb counties.

The funds will be used for the administration of the central staff, facilities and equipment, collection of information, planning program development and evaluation of Community Action Association activities.

They will also be used to operate neighborhood centers, which provide outreach referrals, counseling, placements, educational training and general

# Post Does to battle Roosevelt for district crown

## District 5AA track meet Thursday at Frenship

Coach John Morrow is hoping the district 5AA girls track championships at Frenship Thursday is an exact repeat of last year when the Post Does squeezed by Roosevelt by two points to take the crown.

It looks like another Post vs. Roosevelt matchup for top honors again this year too.

Roosevelt is strong, Coach Morrow says. "If anything they are a little better than last year."

"We can do well in the running events if we can get off to a good start in the field events," Morrow told The Dispatch Tuesday as he prepared his 20-girl squad for the spring "big one."

One girl who won't be competing is Sharon Johnson, who had been running a leg on the mile relay team. She suffered a knee injury last winter in basketball and underwent knee surgery last week in St. Mary's Hospital in Lubbock.

Field events will start at 9:30 a. m., preliminaries at noon and the track finals at 2:30 p. m.

Post entries for the district

meet are as follows:

440 relay: Karen Williams, Patricia Bilberry, Jodie Tipton and Brenda Price.

440 yard dash: Vickie Gannon, Karen Perkins, and Tina Workman.

220 yard dash: Brenda Price, Genetta Kennedy and Karla Kennedy.

60 yard dash: Williams, Linda Steel and Dana Bird.

80 yard hurdles: Dana Giddens, Donna Ammons, and Dana Babb.

880 yard relay: Williams, Bilberry, Tipton and Price.

100 yard dash: G. Kennedy, Karla Kennedy and Steel.

800 yard dash: Christi Conner, Hope Johnson and Sylvia Curtis.

Mile relay: Bilberry, G. Kennedy, K. Kennedy and Tipton.

Shot: Joni Hays, Beth Greene and Johnson.

Discus: Hays, Johnson and Tammie Odom.

High jump: K. Kennedy, Bilberry and Karen Perkins.

Long jump: Price, Kennedy and Tipton.

Triple jump: Kennedy, Bird and Johnson.

**WANT TO MAKE IT TWO STRAIGHT** — Coach John Morrow and his Post Doe track squad will be out to try to successfully defend their district track crown at Frenship today against a strong challenge from Roosevelt. Pictured above, back row, l to r, Coach Morrow, Joni Hays, Hope Johnson, Karla Kennedy, Karen Perkins, Genetta Kennedy, and Tammye Odom; middle row, l to r, Tena Workman, Dana Giddens, Patricia Bilberry, Jodie Tipton, Karen Williams, and Christi Conner; and front row, Sylvia Curtis, Linda Steele, Dana Bird, Dana Babb, Donna Ammons, Vicki Gannon and Brenda Price. Not pictured is Beth Greene. — (Staff Photo)

## Lopes to measure foes at Denver City

Coach Lane Tannehill's Post Lope track team, defending district champions, will measure the opposition for defense of their 5AA title Saturday when they participate in the Denver City Relays at Denver City.

The district championship will be run on the same track on Thursday, April 15, with the preliminaries in the afternoon and the finals under the lights at night.

(The district meet was moved up to Thursday night because of the Easter holiday weekend.)

All district teams will be competing in the Denver City Relays Saturday so coaches will have the opportunity to measure comparative strengths within the district for the first and only time this spring.

Some other teams from Districts 3AA and 4AA will also attend the Denver City Relays. But powerhouse Floydada and

high scoring Tulla won't hand.

Lope entries include: 440 relay team: J. Dorland, Steve Davis, A. Pena, and Edward Price.

Mile relay: Pena, R. Wyatt, Steve Davis and P. 880 yard run: R. Wyatt, Hays, and Evans Heaton. 120 yard high hurdles: Davis, Randy Baker, Reece.

100 yard dash: Price, Josey and Brent Terry. 440 yard dash: S. D. Butch Booth, and R. Bratcher.

330 yard intermediate hurdles: B. Davis, Baker, Brad Shepherd. 220 yard dash: Pena, and Terry.

Mile: Ralph Howell, Nesmith and Steve Sheel. Long jump: Dorland, and Baker.

Discus: Garland, Danny Saldivar and Martinez.

Shot put: Danny O. Saldivar, and Shorty Hest. High jump: Dorland, Hest, and Shepherd.

Pole vault: Dorland, Hest, and Tommy Reed.

Slaton's Tigers, figured Post's most dangerous corner for the district crown year, won the Roosevelt Saturday scoring 100 points edge Dimmitt which had beat four other district (Roosevelt, 80, Tahoka, Frenship 49 and Cooper 20 nine-team field.

## Does are fourth in Amarillo Relays

Coach John Morrow's Post Doe track team finished fourth in the AA-A-B team division of the second annual Amarillo Relays at Amarillo last weekend — but that put them ahead of 42 other teams who competed in the big meet.

With the 20 teams in the AAA and AAAA division, approximately 1,000 girl athletes participated in the two-day relays.

Brenda Price took the only first place for Post, winning the 220 yard dash in 25.7 seconds, her best time of the year.

The Does' 440 yard relay team, composed of Karen Williams, Patricia Bilberry, Jodie Tipton and Price, finished second with a 51.5 second time in the finals after turning in a 51.1 clocking in their preliminary heat for the best time of the season for the quartet.

The Post 880 yard relay team, composed of the same foursome, finished third with a 1:49.3 in the finals after running their season's best of 1:47.7 in the preliminary.

Price thus scored or helped to score 38 of her team's 45 points.

Genetta Kennedy scored a third in the triple jump with a leap of 43 feet, 11 1/2 inches. Joni Hays got the other Post point with a sixth in the shot put with a heave of 35 feet, 8 1/2 inches, her best throw of the season.

Although they did not score

points, the following girls turned in their best performances of the season:

Dana Bird, 8.0 seconds in the 60 yard dash; Karla Kennedy and Linda Steel with a 12.3 and 12.4 respectively in the 100 yard dash; Hope Johnson with a 2:41.5 in the 800 yard run, the mile relay team of Patricia Bilberry, Genetta Kennedy, Karla Kennedy and Jodie Tipton with a 4:21.5.

Panhandle won the division with 81 points, followed by Tulla with 63, Friona with 60 and Post with 45.

In the running events, Post got only Price in the 220 and the 440 and 880 yard relay teams into the finals for their one, two, three finishes.

## Junior high girls track teams to Frenship today

Coach Chili Black will take his seventh and eighth girls track teams to the district meet at Frenship today which are being held in conjunction with the high school girls 5AA district track meet.

Post entries are as follows:

Seventh Grade — 540 relay: Stella Harper, Holly Giddens, Amy Thuet, Marinette Hays. 880 relay: Sharla Macy, Sherry McElroy, Harper and Hays.

Mile relay: Patricia Craig, Tina Dunlap, Luann Kennedy, Rachelle Smith.

660: Jolene Torres, Rhonda Rogers.

440 dash: Patricia Craig, Luann Kennedy, Rachelle Smith.

220 dash: Sherry McElroy, Sharla Macy, Angie Martinez.

60 dash: Stella Harper, Amy Thuet, Angie Martinez.

80 hurdles: Tina Dunlap, Holly Giddens, Angie Martinez.

100 dash: Marinette Hays, Amy Thuet, Dede Haas.

High jump: Rachelle Smith, Luann Kennedy, Holly Giddens.

Triple jump: Marinette Hays, Stella Harper, Tina Dunlap.

Discus: Karen Hays, Mindy Morris, Susan Menchaca.

Long jump: Marinette Hays.

Tina Dunlap, Stella Harper. Shot: Karen Hays, Judy Morris, Susan Menchaca.

Eighth Grade — 440 relay: Melody Wilson, Susan Sawyers, Donna Baumann, Carolyn Pringler.

880 relay: Linda Abraham, Carolyn Pringler, Susan Jackson, Susan Sawyers.

Mile relay: Linda Hymes, Lammie Reece, Donna Baumann, Christi Workman.

660: Lea Ann Babb, Terri Guthrie.

440 dash: Christi Workman, Tammie Reece.

220 dash: Linda Abraham, Lola Hambrick, Linda Hymes.

60 dash: Melody Wilson, Lola Hambrick, Linda Abraham.

80 hurdles: Susan Sawyers, Susan Jackson.

100 dash: Melody Wilson, Carolyn Pringler, Lola Hambrick.

High jump: Donna Baumann, Carolyn Pringler.

Triple jump: Susan Sawyers, Carolyn Pringler, Donna Baumann.

Discus: Jelena Bilberry, Pam Williams, Donna Nelson.

Shot: Deanna Bridgeman, Crystal Didway.

Long jump: Marinette Hays.

Page 8 The Post (Tex.) Dispatch Thursday, April 8, 1976

## Lope mile relay team sets school record, disqualified

The best Coach Lane Tannehill's Post Antelope track team could manage Friday and Saturday in Division III of the big San Angelo Relays was a tie for seventh with Denver City with 35 points.

Brightest spot for Post was the performance of the mile relay team which was disqualified for stepping on the lane lines after actually finishing second in a new school record time of 3 minutes 30.6 seconds.

The old record was 3:34.2 set ten seasons ago in 1966.

The team is composed of Alfred Pena, Randall Wyatt, Steve Davis and Edward Price.

"We coaches were at fault for not explaining that rule to the runners," Tannehill told The Dispatch.

Jimmy Dorland, who had won the pole vaulting event four meets in a row, had a bad day Friday when the vaulting was run off, managing only 11 feet, 6 inches for a sixth place finish.

Post totaled only 33 points for

the two-day meet with a pair of thirds being their highest finishes.

Floydada romped to another team title with 129 points, followed by Hamlin with 65, Reagan County with 52, Dalhart 49, Sonora 48, and Colorado City 47.

Only teams scoring behind Post and Denver City were Central JVs with 25, Coahoma with 10 and Ballinger 5.

Edward Price ran a 10.3 100 yard dash for one third and Dorland got the other in the long jump with a leap of 20 feet, 4 inches.

The Lopes picked up a fourth, fifth and sixth in the shot put as Dale Odom got off a 45 foot, 4 inch heave, Danny Saldivar a 45 foot, 2 1/2 inch toss, and Garland Dudley a 43 foot, 11 1/2 inch throw.

Other Post points were won by the 440 relay team of Alfred Pena, Steve Davis, Bryan Davis and Price with a fourth in 44.4 seconds; a sixth by Randall

Wyatt in the 880 yard run in 2:06.4; a sixth by Steve Davis in the 440 yard dash in 54.4; a fifth by Alfred Pena in the 220 yard dash in 23.1; and a sixth in the discus by Dudley with a 126 foot, 4 inch throw.

Two Lope milers broke the five minute barrier twice each during the two day meet for the first time this season for either but did not place in the points, sixth or better.

Ralph Howell finished seventh with a 4:51.8 in the finals after running a 4:55.2 in the preliminary on Friday. Joe Nesmith was tenth with a 4:56.6 in the final after a 4:59.3 preliminary time.

**Blacklock runs in Texas R'ays**

Jackie Blacklock was scheduled to run one of the 220 legs of South Plains College spring medley relay teams at the 49th annual Texas Relays last weekend in Austin.

## Letters to the Editor

## Growing old used to be a game we played.

Most of us wanted to be just like the fireman down the street at one time or another. It was playing grown-up. And we've all done it.

But growing up also means growing older. It means assuming responsibilities. Preparing yourself for the future. And the Sentry has a plan that will help you do just that.

Introducing the Individual Retirement Account (IRA). A guaranteed tax savings that turns into a guaranteed income when you retire.

If not participating in other pension funds, you can put as much as 15% of your annual income (up to \$1500 a year) into an IRA at Sentry Savings Association. The amounts deposited in IRA's are tax deductible within the above limits, and earnings on these accounts are not taxable until withdrawn. At that time your income will probably be less and so will your taxes.

Give us a call today or come by one of our convenient offices for full details. Growing old could be fun again... if you've got something to look forward to.

This chart shows the advantages of the IRA plan over a 30 year period. It is assumed the monthly investment is \$75. Interest compounded daily.

YEAR	TOTAL NO. CONTRIBUTIONS (\$75 PER MONTH)	TOTAL INVESTMENT VALUE
5	7,500	9,570
10	15,000	23,545
20	30,000	74,640
30	45,000	185,578

NOTICE: Deposits in IRA's before Jan. 1, 1976 are deductible on 1975 income tax returns.

## SUPPORT APPRECIATED

I want to thank all the people who voted for me Saturday in the city council election. I appreciate your support and confidence. I will try to do my best for all the people, not just some of the people.

**JIM JACKSON**

(Pol. Adv. Paid by Jim Jackson, Post, Tex.)

You're invited to a **FREE WELDING CLINIC!**

**7:30 P.M. Tuesday, April 13**

IN POST HIGH'S **VOCATIONAL AG BUILDING**

Here's a rare opportunity... a chance for farmers and others to learn how to save valuable time and money by doing their own welding.

With improved new Twentieth Century equipment, it's easy. We'll demonstrate it. Then we'll let you try your hand. You'll see how easily you can do a multitude of repair jobs with a versatile new Twentieth Century heavy-duty welder. Remember, it's the handy, low-cost welder with these 8 exclusive features...

- 1 Three welders in one.
- 2 A new 400 AMP cutting ground for faster and cleaner cutting, piercing and gouging.
- 3 Overhead and vertical welding easy as flat welding. Saves time.
- 4 Spot welding without attachments, with settings built in, for faster, stronger welds.
- 5 Soldering, also without attachments, with settings built in, for faster soldering without surface preparation.
- 6 Heavier construction — more copper and sturdier electrical steel protect against voltage loss, let you weld better, strike and hold an arc easier.
- 7 You get a "continuous welding" service guarantee — five years on parts, labor and repairs; twenty years on labor and repairs.
- 8 Battery charging with an inexpensive attachment for fast and slow charging of 6, 8, 12 and 24 volt batteries.

**WE'LL TAKE YOUR PRESENT WELDER IN TRADE!**

CO-SPONSORED BY **Handy Hardware & Post FFA**

**Need Copies?**

Let us do it. We're backed by experience... and experts!

**Dispatch Job Printing**

**WANTED—Your Support!**

Your support in helping us achieve the goals we have set in Garza County Law Enforcement for the next four years would be appreciated.

I sincerely ask for your vote for sheriff in the May 1 Democratic Primary.

News from Post High School  
By EDITOR NAN HAIR

Page 9 The Post (Tex.) Dispatch Thursday, April 8, 1976

## Miss Miller 'best actress' Play wins district

One-Act play won the district title at the conclusion of competition at Cooper High Thursday.

Miss Miller was selected for best actress which she won last year. She is receiving individual honors for her performances in all-star cast, David Dan Sawyers, and Dan Sawyers. Honorable mention to the cast were Brad and Tiana Shiver. Other members of the one-act play are Mark Kirkpatrick, Odom, Mark McAlister, and Donna Josey.

## Chapter needs sponsor for "cow chip" toss

At the meeting of the Chapter of Future Farmers of America, April 5, the members heard a motion by Billy Berry to have a "cow chip" toss contest. A motion was then appointed to look into the possibility of such a contest.

## FFA's attend boy contest

Several Post FFA's attended a judging contest which was held Saturday, April 3 at the home of Gene Thomas were Billy Berry, Steve White, Dale Berry, and Dale Berry in livestock judging. In the fall but have become of age. Approximately 40 students have enrolled for the course at this time.

## Daniel Yarbrow, Virgil Morris are top aggies

By VIRGIL MORRIS  
Top Aggie of the Month Awards were given to Daniel Yarbrow for February and Virgil Morris for March during the monthly meeting of the Post Chapter of FFA, Monday night, April 5.

There were 24 members of the Future Farmers of America present as the chapter elected to buy a new camper for the Ag. Department pickup.

Also during the meeting, Steve White, Shorty Bilberry and Danny Gunn were elected as delegates to the coming district banquet in which Virgil Morris will be running for Mesa District president.

The chapter also wished to declare a special thanks to all the people who supported the recent livestock show.

**HIGH SCHOOL SUPPORT** — Ralph Howell, Post High student council president, presents a \$100 check for the Post Community Center equipment fund to Mrs. Joe Giddens, left. Looking on are Kim Mitchell, senior class president, and Hope Johnson, student council vice president.

## Seven students qualify for regional competition

Post High School had seven students qualifying for regional during University Interholistic

Competition at Frenship High School, April 2 and 5.

Bryan Davis was first in editorial writing. Kim Mitchell was second in district competition in the ready writing event. Jennifer Miller placed second in poetry interpretation. In the speaking events, Donna Josey placed second in persuasive and David Morrow placed second in informative. Terry Smith placed third in prose and Nelda Leake won second in typing.

Other students who attended the district competition but did not place high enough to attend regional competition were Mark Short, Dan Sawyers, Tracy McAlister, and Kelly Mitchell in speech, Christie Conner and Careta Wood in shorthand, Cindy Kirkpatrick, Peggy Jackson and Janice Bradbury in typing.

Ricky Redman in science, Hope Johnson, Kent Craig in number sense, Richard Fuentes, Gloria Martinez, Mike Haas and Karla Kennedy in spelling and Tiana Shiver and Kim Lott in ready writing. In journalism other contestants were Rodney Teaff, Kim Lott, Rosie Harper and Shirley Hambrick.

## Shooting the Breeze

By NAN HAIR

What with the passing of elections which were held on Saturday, April 3 I couldn't help but be surprised at how few young people I saw at the polls. It wasn't until I attended my government class Monday morning that I realized the extent of apathy in the 18-19 year old voter bracket.

During our government class Coach John Alexander the teacher asked for a show of hands of students registered to vote. There were quite a few hands. He then asked for a show of hands of those who participated in the Saturday elections. About one fourth of the students who had previously stated being registered had voted. Coach Alexander then told the class that of his five government classes the five in our class were the only ones who voted.

It will never cease to amaze me how spoiled our generation is. We have nearly everything we want given to us because our parents had to work and slave when they were younger and now they want to save us the burden. We have been given the right to be called adults at the age of eighteen because some politician wanted extra votes and because young men who were risking their lives in war wanted the right to help determine the government that was responsible.

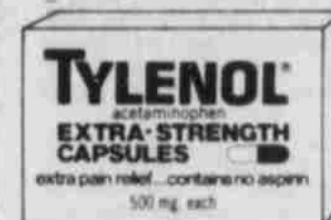

I think people 21 and older would be shocked at how few eighteen year olds have even registered to vote. You can be sure how ever that these same "adults" couldn't wait to race out to the nearest beer joint and buy their first six pack or go to their first Lubbock discotheque bar.

And we wonder why the teenage alcoholic rate is so high. For one reason we have been

given a load of freedom which few of us are mature enough to handle. We fail to realize that being labeled an "adult" carries with it responsibilities to our town, county, state and country. There are more things to being an adult than having the right to go to X-rated movies, beer joints and clubs without any hassle. We owe a show of responsibility to our governments and other adults. With the young adults vote in the U. S. we have power to change what we don't like and keep what we do like about the governments. We have a right to the same benefits which our parents have.

It makes me ashamed sometimes to be a part of the generation I am. We are supposed to be the intelligent, open minded youth destined to change the world. All we have proven of ourselves now is that we are a bunch of sniveling children, ungrateful of what we have and whining for what we haven't got. But we can change this impression.

It is not too late. Those of us who are 18 or older can begin now setting examples for the younger people who will soon reach 18. We can begin now showing the adults we are interested in what is going on in our local, state and federal governments. We can become involved and set an example for our parents and older adults. We must show them that we haven't forsaken our duties as American citizens and that we want to earn the right to be called adults. If you are 18 or older and have not registered to vote do so then exercise your right and vote. Then stop and think about other things you can do now as an adult and you will be surprised how exciting all the privileges may seem and how unimportant the right to drink alcoholic beverages will become.

Prescription only. See your doctor for more information.

## Seniors are given hour long holiday

Plans for the coming school year are already beginning. Tuesday, April 8, the freshman, sophomore and junior classes were given an hour with their advisors to prepare preliminary schedules of the classes which they plan to take next year.

The school followed the "activity" schedule which cuts classes by ten minutes to allow

an extra hour in the school day. What with seniors graduating in the spring, the senior class was let out an hour early for lunch. The old saying is "rank has its privileges." Right seniors?

For a heart-healthy diet, eat foods low in saturated fat and cholesterol. This means less beef and other meats and whole milk products, and more fish, poultry and fresh vegetables.

# Southland sells bonds to build new school

A reorganized Southland school board sold \$500,000 in bonds to build a new school Monday night.

William S. Bevers, new board president, told The Dispatch Tuesday there were five bidders for the bond issue with the winning bidder being Underwood and Neuhaus & Co., Inc. of Houston.

The bonds were voted about two years ago but a variety of delays have held up the board ever since, the latest being the consolidation election held Saturday.

Bevers said the school got an interest rate of slightly less than 5 1/2 percent for the issue which will be finally paid off in 1991.

The interest rate dropped between a half and one percent from the time the consolidation election petitions were filed until the election was held.

The board, which worked until 2 a. m. Tuesday before adjourning, voted unanimously to sell the bonds. Other board members are Oscar Thomas, Sammy Ellis, Joe Basinger, William Becker Jr., Dennis McGeehee and Bobby Albright.

The board will hold a special session April 19 to consider the new building program.

Eighteen local riders and one each from Southland and Fluvanna participated with three local youths winning trophies.

Jeff Lott placed fourth in the 175 B Class over the 121-mile course. Jay Lott was third and Barry Morris fourth in the 16 and under class riding the 88-mile enduro course.

Other local riders were Dean Medlin, Jake Baldree, Sonny Bevers, Sonny Mason, Casey Zachery, Joe Neal Clary, James Morgan, Tim Pettyjohn, Rynn Norman, Kirk Stevens, Dick Kirkpatrick, Mike Macy, Jay Strawn, Dennis Ray and Vernon Ferguson.

Eddie Parks of Fluvanna and Jay Callaway of Southland also were in the competition.

The weather was almost perfect, except for the dust. There were far fewer major injuries too from trail spills.

The Red Cross unit from Lubbock reported only one Amarillo rider hospitalized and then released with a possible back injury and another rider with a broken finger.

The enduro is sponsored by the Lubbock Trail Riders. Al Eames, director of competition development for the American Motorcycle Association from its headquarters in Westerville, Ohio, attended the enduro as guest of the sponsoring Lubbock club and was very complimentary of the course and the handling of the event.

One of the new features of this year's enduro was the helicopter patrol for injured riders by Bob Macy in his whirlybird.

When Gandy converted in March to frozen dinners, the food bill dropped roughly to \$1.50 a day per prisoner. The savings the first month was enough to pay for the freezer.

"We serve the prisoners their choice of coffee or milk with their dinners," Gandy explained. "We have a small oven in the grand jury room where the freezer is also kept, so it is no trouble to heat the meals."

# Monday rites —

(Continued From Page One) age of 14, and was married to one of Post's first sheriffs on Jan. 19, 1905. They were early pioneers of the county. She was a charter member of the Order of Eastern Star and also of the Methodist church here.

Survivors include four sons, Charlie of Lubbock, Bill of Seminole, Homer of Waco and Fred of San Antonio; two daughters, Anna Waldrop and Josephine Brant, both of Odessa; three brothers, Bur "Mack" McClain and Homer McClain, both of Eugene, Ore., and Charlie McClain of Seattle, Wash.; four sisters, Hanna Ruber, Ruth Shreve, Iva Stewart and Margaret Byres, all of Eugene, Ore.; eight grandchildren, 14 great-grandchildren and one great-great-grandchild.

Funeral services were held at 10 a. m. Tuesday at the Methodist church here. Burial was in Terrace Cemetery.

Survivors include his wife; a son, Glen of Fort Worth; four daughters, Mrs. Fern Adams of Stanton, Mrs. Janet Porterfield of Tahoka, Mrs. Barbara Rushing of Baton Rouge, La., and Mrs. Gloria Gee of Seattle, Wash.; a brother, Pat of Post; a sister, Mrs. Bessie Franks of Stephenville; 11 grandchildren and six great-grandchildren.

# Best buy report on fruits, vegetables

COLLEGE STATION — Some Texas grocery stores are displaying fruits imported from South America, including grapes, pears and nectarines, but prices are very high since the consumer pays not only for the fruit, but also for transportation of the fruit, Mrs. Gwendolyn Clayt reported.

Currently, best fruit values, price-wise, are grapefruit, oranges, apples, bananas and pineapples, she added.

Mrs. Clayt is a consumer marketing information specialist with the Texas Agricultural Extension Service, the Texas A&M University System.

In vegetable departments, broccoli prices are down because of large supplies and prices on yellow onions are more attractive, she said.

"Carrots and cabbage are in generous supply and quality — with low price levels, while other good choices are potatoes, spinach, hard-shell squash and rutabagas."

Lettuce prices are up because of cold weather, so consumers might economize by using other greens in salads — or cabbage for slaw, she suggested.

"In poultry departments, fryer chickens prices are a bit lower, and frozen turkey offers

# Monday rites —

(Continued From Page One) some good values. Medium-size eggs are featured in some stores, but egg prices in general are unchanged from last week.

"Pork prices are lower this week in some instances — with some attractive values on quarter-loin cut into chops. Other features include Boston butt roasts and smoked picnics."

Also, some markets are featuring lamb, Mrs. Clayt said.

At beef counters, "exceptional values are available on chuck roasts — and almost all the markets are advertising them," she added.

"Good values also will be found on ground beef, rib steak, round steak and liver."

Other grocery store features currently include processed tomato products, canned cling peaches, tuna fish and peanut butter.

CONSUMER WATCHWORDS In turkey buying, save time and energy by choosing a large bird.

For a family of four, a 14-pound bird will supply the turkey for dinner — plus eight and a half additional cups of diced, cooked turkey, which is enough for four more meals.

# Ed Sawyers is appointed

Ed Sawyers has been appointed Garza County's new probation officer by District Judge George Hansard.

Sawyers began his new duties April 1.

The city councilman said at Monday night's council meeting that an attorney-general's opinion will permit him to continue his term as a city councilman without a conflict of interest as long as he no longer receives any reimbursement from the city.

A councilman's pay is \$50 a month.

# Low Baker —

(Continued From Page One) electrician in the coal mines there, moving to Post in the early 1920's to work for the Postex Mills in the power plant. He was later promoted to foreman of the power plant and continued there for 25 years.

Later he went in business for himself and was self employed until he retired seven years ago. Baker had been a resident of Twin Cedars rest home for the last five years.

He was a member of the First Christian Church and was married to Burnice Stelling who preceded him in death nine years ago.

Baker is survived by two sisters, Mrs. Margie Dietrich and Mrs. Ruth Young, both of Post and a brother, John Wesley Baker of San Diego, Calif., and eight nieces and nephews.

# Hospital —

(Continued From Page One) didn't.

Moore added he felt directors had the support of the voters in the action and that people understood the situation.

Moore and Brown were easily reelected Saturday to the hospital board from a record field of eight candidates in the largest voter turnout ever for a hospital district election here.

Directors asked Mrs. June Peel, assistant hospital administrator and medical records librarian at the hospital for the last 10 years, if she would be willing to serve as interim hospital administrator while the board sought a new administrator.

Mrs. Peel told directors she would like to think it over before giving an answer.

# Art show —

(Continued From Page One) W. E. Chapman, Dr. and Mrs. Charles McCook, and the Dalby Cattle Co., a \$100 award by Giles C. McCrary, and \$75 awards by Texaco, Wholesale and Sentry Savings Association.

Ted Ross of the art department of Abilene Christian University will judge the show.

# City Council —

(Continued From Page One) between Burlington and the city.

Postex agreed to construct the lagoons if the city would conduct regular testing which Postex submits to the Texas water quality board. Bruton said the tests for many months were not done with the regularity required and the "straight line results" obtained "leads us to question their accuracy."

The council agreed to have their own test results checked periodically by an outside laboratory.

Martha Lee Stephens appeared before the council to ask about what she should do with her three ducks, four rabbits, and 13 chickens. Neighbors of the Stephens woman recently complained and she was ticketed by a deputy and fined by the city judge, she reported.

After a lot of discussion, the council looked up the old city livestock ordinance and discovered that in 1965 the council had voted to exclude fowl from the ordinance.

The council decided to seek the advice next of their attorney, Martha Lee said she would wait, that she didn't want to eat all those 13 chickens.

Mayor Giles McCrary hastily pointed out that people who raised chickens inside the city limits would have to be sure they didn't create a health hazard.

In another item of interest, Councilman Jim Wells sitting at his last council session proposed a study be made of the feasibility of the city adopting the containerization system of trash collection. He said over the long run the city probably could save considerably on salaries and have a cleaner city as well. The council approved the study.

In other actions, the council: Canvassed the vote in Saturday's municipal election and approved it.

Decided to meet at 1 p. m. each Tuesday, unless notified, to consider change orders on the community center project.

Boosted the salary of city health officer, Dr. Harry Tubbs, from \$25 to \$50 a month.

Heard City Manager Pete Maddox report that the approach of the April 21 enforcement date of the mobile home ordinance is "shaping up real well" with most mobile home owners working toward compliance.

Received a report from City Judge Louise Greene that she had collected 23 fines totaling \$526.40 in March.

An ambulance report was presented showing collections of \$623 for ambulance service in January, February and March. The council asked that this report be expanded upon to indicate how much was billed each month and the amount past due in the collection process.

The first change order approved for the new community center was a big one — \$4,860 for additional roof repairs. The contractor found the roof was in nowhere near the condition the city thought it to be and that a lot more roof work would have to be authorized to stop all leaks.

By a 3-2 vote with Dr. Wilson and Jim Wells voting no, the council then voted a second change order to add an aggregate walk in front of the center at a cost of \$1,350 more.

Appointed Arthur Kelly, Prudencio Basquez and Don Payne to the Post Housing Authority to replace Malachi Mitchell, Grant Lott and T. B. Odum whose terms are expiring and who did not wish to continue to serve.

Officially named the street into the new rental housing project off North Avenue S as Mesquite Place.

School — (Continued From Page One) was a whole lot closer than many would have imagined.

The proposition carried here 335 to 215. In Wilson it carried by 82 to 8.

Since the proposition had to carry in each of the three districts, to legally pass, the consolidation has been defeated.

Apparently the consolidation's failure clears the way for the Southland school district to proceed with plans to build a new \$600,000 school building for which bonds were voted two years ago.

Mrs. Jerry Hester, who is in Methodist Hospital where she underwent surgery Tuesday on a ruptured blood vessel at the base of her brain, was reported quite improved Wednesday.

She is in room 202.

The city water cashier suffered the unusual occurrence Friday when she went home to lunch and was in the hospital in serious condition over the weekend.

**Over thousand books in March**  
Post Public Library patrons checked out over 1,000 books in March, the first time in six months the 1,000 mark has been topped, Librarian Pee Wee Pierce reports.  
Total checkouts were 1,066 books to bring the total for the first three months of 1976 to 2,722.  
Of the total 845 were adult books and 223 juvenile books.  
Only five new book acquisitions were added to library shelves during March to bring the new book total for the year to 95.  
Fines, book sales, and donations for the month totaled \$19.77.

**HOME FROM HOSPITAL.**  
Mrs. Lottie Sanders has returned to her home after a weeks stay in Lubbock's West Texas Hospital and a week's stay in Garza Memorial. She is reported to be doing some better now.

**WATER SAMPLING** — Survey teams sponsored by the U. S. Government have begun collecting water and stream sediment samples throughout the nation as part of a comprehensive effort to find new sources of uranium to supply future energy needs. The surveyor in this photo is James Lore of Oak Ridge, Tenn.

**Area water samples in uranium search**

OAK RIDGE, Tenn. — A special survey team supported by the Energy Research and Development Administration will be working in the Post area for the next several weeks to take samples as part of a program to assess United States uranium resources.  
The objective of this program, which is being conducted on a nationwide basis, is to complete a systematic survey of the nation's surface waters, groundwaters and stream sediments by 1980.  
One of the goals of the program is to assist private uranium exploration efforts by furnishing information which will identify potential new areas favorable for uranium exploration.  
The program is being conducted under the overall management of the Grand Junction Office of the Energy Research and Development Administration, Union Carbide Corporation, a contractor for ERDA, is responsible for the Post area.

The survey will include collecting water and stream sediment samples at various spacings throughout the nation. The samples will be analyzed and the data plotted on maps. As completed, these maps will be placed on open file at various locations across the United States.

**Tina McAlister is new Angelo twirler**

Tina McAlister, daughter of Mrs. Gene Moore and A. J. McAlister of Post, was selected recently as twirler for Angelo State College. She competed in a group of some 25 contestants, of which eight were selected to represent the school.  
Tina is a freshman nursing student at the college and was head twirler for the Antelope Band.

**SISTER VISITS**  
Mrs. Ella Carter of Artesia, N. M., visited in Post last week with her sister and husband, Mr. and Mrs. W. B. Sanders. She returned to her home Saturday.

## Farm Topics

SYD CONNER  
Garza Extension Agent

LUBBOCK — Texas Agricultural Extension Service specialists estimate that income from 1975 agricultural production in the 19-county South Plains area exceeded \$900 million.

"The total impact on the economy in this area alone because of the 'multiplier effect' will be around \$3 billion," said Dr. Daniel C. Pfannstiel of College Station.

Pfannstiel, who is associate director of the Texas Agricultural Extension Service, was keynote speaker for the annual meeting of the South Plains Development Program in Lubbock Tuesday afternoon (Mar. 30).

Based on 1974 output, Pfannstiel said the 19 SPD counties produced almost one-half of the Texas cotton crop, one-fourth of the sorghum, more than one-half of the state's total corn production and one-third of the state's feed lot capacity.

The area also had about 15 percent of the state's pork production, one-third of the soybean crop, 15 percent of the Texas wheat production and one-fifth of the state's vegetable production.

Referring to Governor Dolph Briscoe's "On Our Way to Number 1" agricultural goal for Texas, said Pfannstiel, the state currently is in third place in terms of agricultural income behind California and Iowa. But the growth rate in agricultural income in Texas, he said, has been more rapid in recent years than in these other states.

If the trend that was established from 1969 to 1973 can be maintained through 1980, Pfannstiel added, Texas agricultural income would reach \$9.1 billion with a multiplier effect of about \$30 billion as agricultural dollars move through the economy. If the other states grow at the rates at which they had been increasing during the same period, Texas would then rate number one.

Pfannstiel stressed the importance of net income, saying that there must be a high gross income because of rapid increasing costs of production items over which farmers and ranchers have very little control.

He said area income growth programs such as SPD have had a very definite influence on increasing the agricultural income of their area.

Noting that one of the biggest concerns of agriculturists today is energy, Pfannstiel said that the extension service is stepping up educational efforts to help deal with energy problems.

Dr. William J. Vastine, economist in marketing and food distribution for the Texas Agricultural Extension Service at College Station, told the gathering of about 250 agriculture leaders that although food prices have increased by nearly 40 percent in the last three years, food costs are expected to rise only about six percent in 1976 which is about the average price increase during the 1960's.

He said consumer buying habits may change in the near future due to the impact of the energy situation on food, industry and consumers. Retailers will have to adjust their labor scheduling and merchandising programs as well as a number of other transportation and labor costs.

Vastine said that the limit of food price increases depends on income growth.

Marvin O. Sartin, area extension service farm management economist of Lubbock, described steps which should be taken toward achieving irrigation efficiency. He said not only should producers work toward fuel efficiency of the pumping plants but that they should also strive for improvements in water distribution.

Sartin suggested smoothing out and packing the lister furrows for faster and more even water distribution, avoiding sprinkler irrigations during high windy conditions, irrigating only to the point of soil saturation at the proper time and avoiding excessive run-off.

An energy panel of four utility company representatives discussed implications of future energy supplies for agriculture. Panel members were Bill Helton of Southwestern Public Service Company, Amarillo; Alton Higginbotham, Light-house Electric Cooperative, Floydada; Harry Walden of Pioneer Natural Gas Company, Amarillo; and Charles Wyatt, Exxon Oil Company, Dallas.

Helton told the group that if historic trends of energy consumptions continue, Southwestern Public Service will be able to adequately handle the area's electricity requirements over a long-term period. But if a sudden major shift of irrigation units to electricity should occur, demand for electricity would exceed their generating capacity.

Helton said that if the 34,000 irrigation wells presently served by Pioneer Natural Gas Company had to immediately convert to electricity, it would take the equivalent of eight new coal power plants to handle the

increase. Pioneer Natural Gas Company Vice-president Harry Walden referred to development in the Eastern Texas Panhandle of one of the most significant new supplies of gas within the continental United States. "With a substantial capital outlay," he said, "the company expanded and enlarged its capacity to transport this gas to its main transmission systems and now can bring up to 200 million cubic feet per day — or more than one-third of its total gas — from this area."

"We are currently able to convince attractive industrial and agri-business prospects that the energy availability in West Texas will compare favorably with any area of the nation," Walden said.

"Current prices have resulted in active exploration in our supply area although there has

been less activity at the south end of our system.

The slow down, he said, is generally attributed to national legislation either passed or pending.

"The drilling activity at the north end of the system and the successful identification of new gas supplies is pleasing," he said.

C. E. Wyatt of Dallas, distributor relations coordinator with Exxon oil Company, said that the so-called omnibus energy bill recently signed into law extends oil price controls for another 40 months and lowers the "composite" price.

This roll-back will tend to increase demand and at the same time reduce incentives for development of new domestic supplies. The result will be an even greater dependence on foreign oil imports.

While saying that he could not speculate on future prices for petroleum products, he said that "when you are dependent on outside sources for 40 percent or more of your energy supplies, those outside sources

STEVE HAYS

are in a position to call the shots on prices."

Congress can legislate lower domestic oil prices — regardless of the detrimental effects on the nation's efforts toward self-sufficiency — but they cannot control the prices charged by foreign suppliers, Wyatt said.

"And if those prices continue to rise," he added, "the cost of products made from their oil will also rise."

### Steve Hays to Chanute AFB

SAN ANTONIO — Airman Steven C. Hays, son of Mr. and Mrs. Eugene G. Hays of 806 W. Fifth St., Post, has been selected for technical training in the U. S. Air Force fuel services field at Chanute AFB, Ill.

The airman recently completed basic training at Lackland AFB, Tex., where he studied the Air Force mission, organization and customs and received special instruction in human relations.

Airman Hays is a 1974 graduate of Post High School.

### Sunday's sermon topics announced

Edgar L. Fox, minister of the First Christian Church announces that his Sunday sermon topics will be "The Kiss That Brought Death" for the 11 a. m. worship and "Is There Hope for Us" for the 7 p. m. service.

Schedule of other church activities include, Sunday 9:45 a. m. church school and a special baptismal service will be held during the 7 p. m. worship service on Sunday night.

The mid-week service will be held at 7:15 p. m. on Wednesday and the children's choir will practice on Thursday at 4 p. m. in the sanctuary. The public is invited to attend.

### Three pastors to be speakers

Revs. Jim O'Connor, Conrad Ryan, and Glenn Reece will be the featured speakers at the annual community-wide Easter service next Wednesday night at 7:30.

The service, sponsored by the Post Ministerial Alliance, will be held at the First Presbyterian Church, 10th at Ave.

Ministers from most of churches in the community will participate, and the people of Post and the surrounding area are cordially invited to attend. Music will be by the combined youth choirs of the Methodist and Presbyterian Churches of Post.

Since 1915

Mrs. Don Ammons, Deann and Dustin visited in the home of Mr. and Mrs. Thomas R. (Pluto) Jenkins of Brownfield Saturday afternoon and evening. The Jenkins' are former residents of Post.

**Mrs. Glenn Davis back with Graham area news**

By MRS. GLENN DAVIS  
Here we are back trying to write the news after a three weeks rest. We didn't get any one to write it, so here we are. You know what? We missed hearing what our friends were doing.  
Captain and Mrs. Joe Dick Rogers and daughter, Jennifer of Brandon, Florida, Mrs. Cletus Pollard and Mrs. Wayne Pond and Loyd of Idabel, Okla., have been visitors of their mother and grandmother, Mrs. Johnnie Rogers.  
Sunday supper guests of Mr. and Mrs. James Stone were Mr. and Mrs. Gerald Dean and family of Capitan, N. M., Mr. and Mrs. Pete Pierce and family of near Acuff and Mr. and Mrs. Lewis Mason and family.  
Mr. and Mrs. Mason McClellan and family spent the weekend in their home down at L. B. J. Lake. It rained on them most of the way back home Sunday night until they came to Snyder.  
Mrs. John Wallace spent last week in Lubbock visiting her daughter and son-in-law, Mr. and Mrs. Clovis Tucker, Bobby and Joy.  
Mr. and Mrs. Carl Fluittt attended a party in Tahoka Sunday afternoon honoring her brother and sister-in-law, Mr. and Mrs. Clinton Gandy on their 30th wedding anniversary.  
Sunday luncheon guests of Mr. and Mrs. Quannah Maxey were Mr. and Mrs. Homer Jones, Dorenda and Mr. and Mrs. Ronnie Graves and family.  
Mr. and Mrs. Andy Williams were Sunday luncheon guests of his parents, Mr. and Mrs. Curtis Williams.  
Mr. and Mrs. Bill McMahon and Mr. and Mrs. Carl Fluittt have been a Sunday evening visitor of Mr. and Mrs. C. D. Morrel.  
Mrs. Delmer Cowdrey and granddaughter, Sue Cowdrey and Lonnie H. Peel returned last week from a short tour of Louisiana, Alabama, Florida and Georgia, North and South Carolina and Mississippi. They visited in Fayetteville, North Carolina with Mr. and Mrs. Wayland McClellan and family and in Cummings, Ga., with cousins, Mr. and Mrs. Dale Cowdrey who were celebrating their 50th wedding anniversary March 28th. It rained on them a lot of the time.  
Orville Stanley of Tahoka had major surgery for the removal of one leg below the knee. He is in the Methodist Hospital in Lubbock. We pray for his recovery. He is a brother of Mrs. James Stone of this community.  
Mr. and Mrs. Quannah Maxey visited Sunday evening with Mr. and Mrs. Bill McMahon.  
Stephanie Davis of Amarillo and Patricia Davis of Lubbock spent Saturday night and Sunday with their parents, Mr. and Mrs. Elvyn Davis and attended Graham Church services Sunday morning. Mrs. Glenn Davis joined the group for lunch at the cafeteria and visited in the afternoon.  
Mr. and Mrs. Mike Hewett and sons of Odessa have been visitors here of her parents, Mr. and Mrs. Jake Sparlin, and brothers, Bud and David Sparlin and families. Also sister, Mrs. Brenda King and grandparents. Mr. and Mrs. Elmer Cowdrey. They were all together for Sunday lunch in the Cowdrey home.  
We extend sympathy to the relatives of Billie Joe Woods of Odessa. He was the brother-in-law of Mrs. Carter Gene White former residents of this community.  
Mrs. J. M. Bush visited one afternoon last week with Mrs. Elmer Cowdrey and Mrs. Brenda King.  
Mr. and Mrs. E. E. Peel spent the weekend with his parents, Mr. and Mrs. John Peel of near Springtown. His parents are not well and they can't seem to get someone to spend the weekends, so their three children take turns spending the weekends with them.  
Saturday evening visitors were Mr. and Mrs. Bill McMahon of Mr. and Mrs. Carl Fluittt. Their grandchildren were overnight guests.  
Mr. and Mrs. Homer Jones and Dorenda were Sunday supper guests in the Elmer Cowdrey home. Lonnie H. Peel was a luncheon guest.  
Mrs. Grover Mason was a guest for lunch last Wednesday of Mr. and Mrs. Lewis Mason and family.

# LETTERS To the Editor

DISPATCH GETS AROUND  
Mr. Jim Cornish, Editor  
Post Dispatch  
Post, Texas 79356  
Dear Editor

I was just reading Postings in the March 18 issue of the Post Dispatch. Dispatch advertising does pay in various ways as I found out today.

While minding my desk during the noon hour, an Air Force Master Sergeant named Michael G. Nabors commented that I must be reading the Post Dispatch. After a lengthy conversation, I discovered that MSgt. Nabors knew quite a bit about the South Plains and Post area from living in San Angelo

while stationed at Goodfellow AFB, Texas. He even recognized a few of the names in the paper. I found this fascinating because the majority of Air Force personnel have never heard of Lubbock, much less Post! Just goes to prove what a small world we live in.

Please tell the citizens of Post that not only does the Dispatch circulate throughout the continental United States, it also goes to Turkey and Germany and other countries. I am sure.

Sincerely,  
Ritalyn Butler Tudbury, Sgt.  
TUSLOG Det 94-1 Box 1424

## 66 land bank groups meet

Fred McGinty of Tahoka has just returned from Houston where he represented the Federal Land Bank Association of Tahoka at the annual stockholders meeting of The Federal Land Bank of Houston. The meeting held at the Houston Oaks Hotel, was attended by members of 66 Federal Land Bank Associations in Texas. There were about 550 persons in attendance.

George W. Cunningham, President, in his annual report to stockholders, reported that the demand for new loans declined from the previous two years; however, 1975 was still the third largest year in the bank's history and also the third consecutive year that loan closings has exceeded \$200 million. Dr. Phil Gramm, economist on leave of absence from Texas A & M University and B. K. Johnson, a prominent South Texas rancher and director of the King Ranch Corporation, also addressed stockholders and guests during the meeting.

The Federal Land Bank Association of Tahoka makes and services loans in this area. Members of the Board of Directors are Fred McGinty, L. A. Forsythe, Avery Moore, Jr., J. D. McCampbell and Joe D. Unfred. Others attending the meeting from this area were Mrs. Fred McGinty, Mr. and Mrs. Jay Dee House and Joe D. Unfred.

## Focus on Home Economics

By PAULA GAWTHON  
Assistant County Extension Agent

**Eat Plenty — But Nutritionally — During Pregnancy** — "Eating for two" during pregnancy doesn't have to ruin a woman's figure for years afterwards.

It's the nutritional quality — not just quantity — of food eaten that makes a healthy baby and mother.

A pregnant woman needs approximately 2000 calories each day to provide enough energy to build new tissues in the developing fetus and to support her own increased metabolism. This is about 300 calories a day more than the normal diet provides.

The most desirable weight gain is usually 22-27 pounds over the nine-month period. Physicians usually recommend a gradual weight gain — from 1.5 pounds per month during the first three months and 0.8 per week during the last six months.

Good nutrition does have a positive effect on the growth and development of the fetus and on the health of the mother during pregnancy and lactation.

To obtain best balance of nutrient needs during pregnancy, eat a variety of ordinary foods from the daily four food groups — milk group, meat group, fruit and vegetable group, and bread, and cereal group.

Pregnant women should drink three or more cups of milk group foods, eat two or more servings of at least six ounces of protein-containing meat group foods, and four or more one-half cup servings of fruits and vegetables.

Also necessary are four or more servings of at least six ounces of protein-containing meat group foods, and four or more one-half cup servings of fruits and vegetables.

Also necessary are four or more servings of whole grain or enriched breads or cereals. But the high-calorie foods in the other group — fats and sweets — should be eaten only sparingly during pregnancy to prevent excessive weight gain.

Turning to specific nutrient needs in the maternal diet, protein is most important for development of the baby's tissues and the enlargement of the mother's body tissues.

"If enough of the energy nutrients, fat and carbohydrates, are not present in the mother's diet, then protein will be used for energy instead of for building body proteins. About 30 grams more per day than the normal requirement of 76 grams of protein will be needed during pregnancy.

Another important nutrient is calcium — to insure normal formation of the baby's bones and teeth.

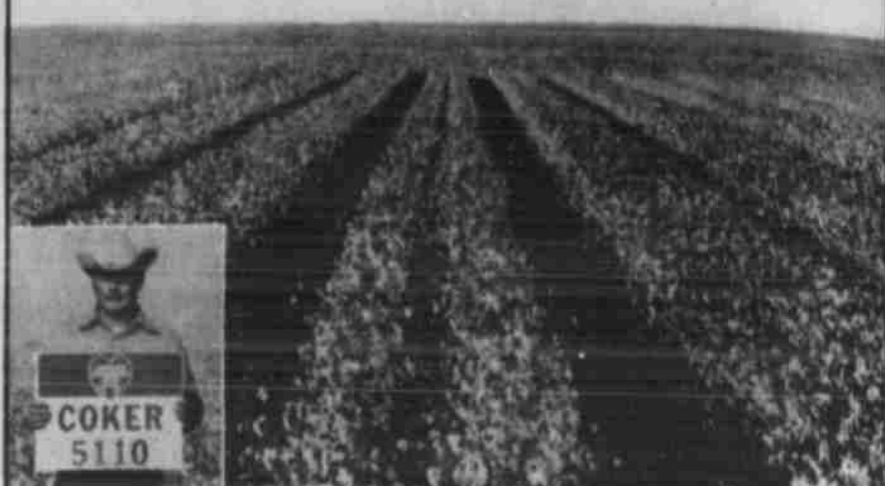

And most physicians prescribe iron pills during pregnancy is recommended to protect the mother and fetus from the risk of anemia.

Sodium is another mineral of major concern in the pregnant woman's diet. This is a chemical found in many substances such as ordinary table salt. The average diet contains from five to ten grams of sodium. Many women have been advised to reduce their salt, or sodium, intake to prevent excessive weight gain and accumulation of body fluids.

Sodium retention during pregnancy is one of the nature's ways of conserving sodium to provide extra fluid to supply the expanded tissues and fluid compartments. Nutritionists recommend that sodium be restricted only as a medical measure in threatened conditions such as toxemia.

## "Sure glad we planted 100% Certified Coker 5110!"

—CHRIS BERRY, Calgary, Tex.

### 475 bales from 500 acres

"We made 475 bales on 500 acres of actual cotton planted. From the reports I've received around the High Plains, this is about 200 pounds more cotton per acre than the dryland average. I'm sure glad we decided to plant our crop 100% in Certified Coker 5110."

We've rented an additional 700 acres for this year, and we'll plant all of our 1600 acres 2 in and 1 out, which will give us about 900 acres of Coker 5110."

—CHRIS BERRY, Calgary, Tex.

Coker 5110\* was bred on the High Plains for Plains conditions. It has the characteristics you need!

- ✓ Drought Tolerant!
- ✓ Vigorous!
- ✓ Wilt Tolerant!
- ✓ Medium Early!
- ✓ Long! 1-1/16" to 1-3/32"

We're the best of all possible banks because of you!

A bank that looks to help you is the bank you can look to for all kinds of help. We know you want the answers to questions. Not a lot of questions to answer.

So our response is a bank-full of services with the accent on special attention for each customer.

And just knowing that we have your trust and confidence makes us just that much better. In fact, that's what makes us the best... and it's all because of you.

THE BEST OF ALL POSSIBLE BANKS

Wilson State Bank

Americans may be free and equal but

# COTTONSEED IS NOT.

There is nothing free about cottonseed. Even ordinary cotton planting seed costs money. Good seed costs a little more.

And all cottonseed isn't equal. Last year one variety was planted on more acres of the Dallas, Austin and Abilene classing territories than any other variety. It was planted on more acres than all other varieties combined in the Dallas territory the year before. That variety is

### LANKART BRAND LX 571

It is an excellent, storm-proof, stripper variety capable of high yields of long, strong fiber with good micronaire ratings. It has good seedling vigor and matures somewhat earlier than the famous Lankart Selection 57. It is highly recommended for the dryland areas of Texas and Oklahoma.

### "CERTIFIED" SEED WORTH THE MONEY

When you consider the cost of planting, cultivating, fertilizing, spraying and harvesting, you can't afford to take a chance on the varietal purity or quality of the seed you plant. The only way you can be sure you're planting LX 571 is to buy certified seed in the Lankart trademarked bag. You can get it from your ginner.

Produced and distributed by  PIONEER  
PIONEER HI-BRED INTERNATIONAL INC.  
SOUTHWESTERN DIVISION  
P. O. Box 706, Plainview, Texas 79072

\*A registered trademark of Pioneer Hi-Bred International, Inc.

Lankart® brand LX 571 is a U.S. Protected Variety. Un-authorized propagation is prohibited. It is to be sold by variety name only as a class of certified seed.

Performance of seeds or the crop produced therefrom may be adversely affected by factors beyond our control including environmental conditions, insects and diseases. The limitation of warranty and remedy attached to each bag of seed is a part of the terms and conditions of the sale thereof.
