

# More OS records set as Kinkead wins roping

## Winner in new time

Lewis Kinkead of Tucumcari, one of the OS regulars from the beginning, took the OS Steer Roping Championship back to New Mexico with him Sunday night plus almost \$5,000 in prize money.

In winning, he set a new OS record of tying four steers in 75.55 seconds, which bettered the 76.40 second former record set two years ago by John Barnes of McCune, Kan.

In the 1977 OS roping, Barnes came in second with 76.08 seconds which also bettered the record he had set in 1975. He netted \$3,325 for his efforts.

Sonny Worrell of Altoona, Kans., the last man out in the fourth and final round had the opportunity to win it big with a 49.44 second total on his first three.

But his steer headed for the arena fence and Sonny missed his first throw. By the time he got his second loop on the steers horns and the steer down and tied, it took 31.04 seconds and Worrell had to content himself with \$2,000 in placing one first and two thirds in the first three go-rounds.

With a lot of calf roping talent on the Saturday afternoon schedule, the OS drew its biggest Saturday crowd ever to make the total gate for the two days a new record in the \$18,000 class with a final figure still to come.

A cool Sunday with a brisk wind held down the usually big Sunday crowd to about the size of the record Saturday one. About 2,500 fans were out both days.

Roy Cooper, 1976 world calf roping champion and 1977 leader, won the featured match roping Saturday afternoon with Phil Lyne, 1971-72 world champion, 147.19 seconds on 10 head to 180.70 seconds.

Lyne had the misfortune of having his rope break after roping his sixth calf but before tying it. The big difference between the two ropers was the time it took, Lyne to get back on his horse and throw a second loop.

The match had been close throughout the first half. Kent Youngblood of Lamasa won the Saturday afternoon invitational calf roping which featured 7 of the top 13 ropers in the country in the field of 50.

Youngblood had a total of 39.36 seconds on three head. He finished a split second ahead of runnerup, Junior Garrison of Oklahoma, who had a 39.63 seconds.

Dan Fisher and Jimmy Longino won the team roping title from a massive field of 337 teams Saturday with a time of 31.11 seconds on three head.

All told over \$51,000 in prize money was distributed. (See Steer roping, Page 14)

## Biggest gate ever

A flock of new records were set at the OS Steer Roping and Art Exhibit over last weekend, although it's too early to determine how much will be left for West Texas Boys Ranch after all the bills are paid.

Early indications though are that it should be close to the \$44,800 of last year, one side or the other.

That of course will depend upon whether or not expenses were record-sized too.

The art side of the "OS weekend" is expected to clear in the neighborhood of \$30,000.

Sales at the weekend art exhibit wound up at \$107,000 with a heavy Sunday afternoon sale changing the picture entirely. Total art sales have been above this amount in one or two past years, but the \$107,000 is a big increase over last year's \$87,000.

The boys ranch receives 10 percent of each art sale in lieu of the normal sales commission. So the \$107,000 in sales meant \$10,700 for boys ranch.

The biggest single money raiser for the boys of the entire weekend was the art auction at Friday night's art preview party.

Artists participation in the exhibit had contributed 28 pieces of art to the auction with the full amount of the sale in this instance going to the boys ranch. The total auction figure was \$18,590.

Two other records set were (1) the total gate of about \$18,000 at the cattle-guard for the two-day weekend, and meaning a crowd for the two days of 4,500 (2) the approximately 750 persons who paid \$15 each to attend the Friday night preview party. The "take" on the preview party over its expenses is expected to push the art total to West Texas Boys Ranch easily over the \$30,000 figure.

Also to be figured in the weekend are returns from the busy concession stand, the "take" on the two big beef barbecues served Saturday and Sunday noons, the profit from the Saturday night dance which drew a crowd of 400, and the profit from the advertising in and sale of the OS Catalog.

Sponsors of the catalog pay \$10,000 to sponsor its 100 pages.

Jim Prather, boss man of the big show, said Tuesday he was well satisfied with the outcome. About the only foul-up he could remember was in getting power to the organ for the Sunday morning brush arbor worship service on time.

"I tried to rush it in starting the generator and then had to work on it," he told The Dispatch.

Prather said the "total" (See OS weekend, Page 14)

## Walker gets probation

Pat N. Walker received a three-year probated sentence Monday in Scurry County District Court in Snyder after being found guilty Sept. 8 of theft by exercising control, a third degree felony.

Judge Wayland C. Holt pronounced the sentence on the Post attorney and oil operator.

Walker has 10 days in which to appeal and is expected to do so.

The case was tried in Snyder after a change in venue from Garza district court here.

Walker was found guilty by a jury of eight women and four men of illegally appropriating about 6,160 pounds of scrap iron to his own use in Garza oil fields about two years ago.

## Candidate's wife visits

A busload of workers for Charles Stenholm, who next year will seek the 17th district congressional seat being vacated by Omar Bursleson, visited Post Tuesday morning on a swing through this part of the district.

Heading the workers was Mrs. Stenholm, attractive wife of the candidate, who himself was traveling with another busload of workers through another portion of the big district.

Purpose of the bus swings was to announce that Stenholm, a farmer who lives near Stamford, is in the fight for the congressional seat.

Katrina Chaffin and Brent Mason were named Garza County's Gold Star boy and girl Monday night to climax the annual Garza County 4-H achievement banquet in the Post Community Center.

Katrina is the daughter of Mr. and Mrs. Max Chaffin and Brent is the son of Mr. and Mrs. Lewis Mason.

Orabeth and Noel White were presented a plaque for a new outstanding leader award. Friend of 4-H awards were presented to Morris Tyler, United Super Market manager, and Jim Cornish, Post Dispatch publisher.

Featured banquet speaker was John Johnson, associate farm director of Radio Station KFYO of Lubbock, who himself was a Garza 4-Her for nine years.

In an interesting talk, he challenged the young 4-H boys and girls in attendance to strive to be in the top 10

percent from which comes all national, state, and community leadership in the nation.

There were awards of all kinds for both youngsters and their club leaders and they were handed out by the dozens in a remarkably short time to some 225 in attendance.

Lisa Cowdrey and Lance Dunn received the "I Dare You" awards and Tanya Bland received a Foley award for being the highest ranked in food preservation.

County Judge Giles Dalby presented 4-H achievement awards to:

Tanya Bland, achievement; Scott Lewis and Jay Young, agricultural; Russell Morris and Curt Cowdrey, swine; Jana Middleton and Ken Young, horse; Carl Harrell, bicycle; Benny Kennedy, Andy Wheeler and Lance Dunn, citizen. (See 4-H banquet, Page 14)

## His last act of love

George (Scotty) Samson left a last message for us this week with the announcement that he had bequeathed everything he had left over after 93 years of living to organizations in his hometown.

The message was one of love. It was a message those who knew George will always remember.

The way George talked about Post during his 70 year span of living here and building this town, most men would have been called bragging.

But not George. He had a love and affection for this town and a delightful way of expressing it.

When his life was over, he did not want his association with Post to end. He wanted to invest in Post's future. So what he had, he left to us—just to help build the town a little more, and make it a little better.

The "Scotchman" will be long remembered for all he did, but his last act of love for Post is one of his best examples of his true commitment to this community.

## OS volunteers tired but happy

There is no denying that Jim Prather and his dozens of Post and Garza volunteers are tired and worn this week after the big "OS weekend" out at the ranch.

But these folks—and the thousands who came to see and participate in the big benefit show—were all pleased with the success of it.

More records were broken this year and if the expenses didn't set a record too—inflation being what it is—West Texas Boys Ranch stands to benefit handsomely by all this effort.

It was truly an amazing weekend which really consumed a lot of energy, but those who had a part in it were saying this week that it was well worth it as they returned to the pattern of their normal lives.

What impressed us most was the fact that even the small things which make such an event a bit smoother—like the installation of the gate in the fence between barbecue area and ranchhouse, the constant water patrols on the ranch roads to keep down the dust, and the "arted up" season tickets for the "weekend"—had been taken care of this year.

The big gain this time was the additional crowd appeal given Saturday roping events by the appearances of the country's top hands in calf roping. Although they didn't get into the top money at the OS they brought out a record crowd.

Walt Garrison didn't make it, and neither did the movie star (who was doubtful all the way, but there were enough "names" there to excite real interest).

Hidden behind the Sunday afternoon steer roping—the main event—was the fact that up at the ranch house the art exhibit experienced its greatest Sunday afternoon sales ever, some \$26,000 worth to boost the total for the weekend back over the \$100,000 mark again. There usually isn't that much late activity with the art sales.

Oh yes, maybe you won't believe this but the OS steer roping and art exhibit committee which aids Prather in staging the show didn't have even their one planning session this year.

Everybody knew their jobs so well, they just did them.

# Election today for conservation director

An election for director to serve Zone 4 on the Garza Soil and Water Conservation District Board is scheduled for today in the ASCS Conference Room, announced Sam Ellis, Chairman of the board. The election will be held at 7:00 p.m.

State law decrees that to be eligible to vote in a soil and water conservation district director's election, a person must own agricultural land within the subdivision where the election is being held. The person must also live in a county all or any part of which is in the district and the voter must be 21 years of age.

Legal qualifications state that a candidate for the office of a soil and water conservation district director must own land in the zone he represents, be 21 years of age and be actively engaged in farming or ranching. He must also live in a county all or part of which is in the district.

Zone 4 of the district includes an area from a line beginning at the intersection of the north boundary of Garza county and the Post Spur road; thence east to the northeast corner of Garza County; thence south along the east boundary of Garza County to the inter-

section of the Post-Clairmont road; thence west to the intersection of the Post-Clairmont, Post-Spur road; thence northeast along the Post-Spur road to the intersection of the Post-Spur road and the north boundary of Garza County.

Current members of the board of directors of the Garza SWCD are Sam Ellis, chairman; Jack Kirkpatrick, vice-chairman; L. G. Thuet, Jr., secretary; Tom Middleton, member; Floyd Hodges, member.

The purpose of the Garza SWCD, with headquarters in Post is to promote sound soil and water conservation programs on farm and ranch lands within the district and to serve as a voice for farmers and ranchers on conservation matters and other issues affecting private property rights of landowners.

The district board of directors coordinates the conservation efforts of various local, state and federal agencies and other organizations and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes.

FROM PLAINS COTTON GROWERS, INC.

**LUBBOCK** — The farm program signed into law September 29 contains for cotton, wheat and feed grains an allotment system totally different from anything farmers have seen before, notes Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc., Lubbock, "and it's going to be important that farmers gain a clear understanding of the new system before making final plans for 1978 crops."

Acreage allotments for the major crops have been based on historical plantings since farm programs began. But under the new law each year's allotment will be determined by that year's planted acreage, independent of previous years.

Johnson explains that when price prospects for cotton appear to be below the target price, the Secretary of Agriculture, not later than December 15, will announce how many acres can be expected to produce the needed U. S. cotton supply. That will be known as the "National Program Acreage." The National Program Acreage figure will then be divided by the estimated U. S. cotton acreage for harvest that year to determine an allotment "Allocation Factor." And that factor will be applied to each farm's planted acreage to arrive at the farm allotment.

As an example, assume (1) that the Secretary says 11.1 million acres are needed to meet demands in 1978, and (2) that the acreage planted to cotton in the U. S. totals 12 million. The National Program Acreage (11.1 million) divided by planted acreage (12 million) gives a 92.5 percent Allocation Factor, and each farm's cotton allotment would be 92.5 percent of its planted acreage. A farm having 100 acres planted would have an allotment and target price coverage on 92.5 acres.

Farmers can, however, assure themselves of target price coverage on all planted acreage. The Secretary will announce for each year the desired reduction from the previous year's plantings, called the "National Reduction Percentage." And the farmer who reduces his prior year's plantings by that percentage or more will not be subject to application of the allotment allocation factor.

The target price for cotton in 1978 will be 52 cents per pound. If the

## New Arrivals

Mr. and Mrs. Arnold Fry announce the birth of a son, Jason Lee, born at 12:02 p.m. Oct. 3 in West Texas Hospital in Lubbock. Jason weighed 7 lbs. 5 ozs. and was 20 inches long. Paternal grandparents are Mr. and Mrs. Doyle Fry and maternal grandparents are Mr. and Mrs. Herbert Walls, both of Post.

Mr. and Mrs. Bill Widick of Canyon announce the birth of a son, William Martin Laramie, in Palo Duro Hospital in Canyon Sept. 24. The infant weighed 6 lbs., 9 1/2 ozs. Grandparents are Mr. and Mrs. H. R. Strofer of Post and Mr. and Mrs. Harry H. Widick, Jr. of Amarillo.

Mr. and Mrs. Tommy Mitchell of Ralls are proud parents of a baby boy born at Garza Memorial Hospital weighing 6 lbs., 13 1/2 ozs. and measuring 20 1/2 inches in length.

average price paid to all U. S. farmers for all cotton during the calendar year falls below 52 cents, each farmer will be entitled to the per-pound difference, multiplied by the total payment yield on his allotted acres. Farm payment yields will be based on the three-year average of actual production, adjusted for abnormal weather.

The Secretary has authority to declare a set-aside for any crop, as has already been done for wheat in 1978. For cotton the statutory maximum set-aside is 28 percent of planted acreage.

It is anticipated that USDA will establish for each farm a normal cropland base or normal cropland acreage figure.

When a set-aside requirement is in effect for any program, eligibility for loans and payments will be conditioned on producers planting within their cropland base minus set-aside acreage.

Cropland bases are expected to include all acreage planted to "designated crops" in 1977. No official list of designated crops has been released, but one source, sometimes reliable, says designated crops will include all crops that the State ASCS Committees consider to be major in their states.

No firm regulations for the operation of set-aside programs have been issued, but it appears the cropland base will be the key.

"Producers therefore would be well advised to make certain that their ASCS office has a record of all acreage planted to all crops in 1977," Johnson states, "and to maintain close contact with ASCS as future regulations are announced."

## Thunderbirds to fly at Reese on Monday

**LUBBOCK** — Performances by the Air Force Thunderbirds and the Navy Parachute Team will highlight this year's 28th annual open house at Reese Air Force Base. Scheduled for Monday, October 10th, the base will be open to the public from 10:30 a. m. to 4:30 p. m.

The U. S. Navy Parachute Team visits from the U. S. Naval Amphibious Base in San Diego, California. The U. S. Air Force Thunderbirds are based at Nellis Air Force Base in Las Vegas, Nevada.

There will be a Thunderbird arrival demonstration maneuvers at 11:30 a. m.

The Parachute Team demonstration will be at 1:15 p. m. with the jump being completed by 2 p. m.

Among the many attractions available for this year's Open House will be the Lubbock Radio Control Contest Association and the South Plains Area Radio Control Society (SPARKS), radio controlled model airplane clubs, demonstrating their aerobatic flying skills.

Nineteen of the current inventory aircraft on loan from the Air Force, Navy, Civil Air Patrol and Air National Guard will be on static display along the

flight line. Some of the larger planes will be open for walk-through tours and the others will have Texas Tech University Air Force ROTC Angel Flight and Army ROTC Cordetts to assist the aircraft crew members standing by their planes to answer questions.

The United States Air Force Academy's "Moods in Blue" singers and band will be playing at noon on the flight line. The group is one of the most exciting and entertaining sounds presented by the Academy. The 12 voice group performs with an 18 piece band, with variety of music from a rousing chorus of "When the Saints Go Marching In," to the hit tunes of The Captain and Tennile.

Other music will be provided by the Frenship

High School band, the South Plains College country western band, and Fifth String, a blue grass band from Reese.

Also included in the displays will be the local recruiters, reserve units, base squadrons and other base organizations.

# Saturday Ranch Day at Heritage Center

LUBBOCK — Visitors at the 18th annual Ranch Day at the Ranching Heritage Center Saturday (Oct. 8) will be in for surprises.

This is the first year that particular national heritage will be celebrated — the focus is to be on the pioneers — and, in addition, visitors will see progress made in restoration at Las Escarbas, the Jowell House, Barton House, the Spur and the Star.

Events begin with registration at 9:30 a. m. in the M. DeVitt and Mallett Building.

Ranch activities, including cooking, music and blacksmithing, entertain visitors until noon, when a "German" will be served.

There will be Texas horses in pens adjacent to the Reynolds-Gentry in the DeVitt Building. There will be continuous rings of "Little Red Hood," a puppet show performed in German on a slide show, "Four Ranches of West Waggoner, Swenson Burnett ranches.

The Ranching Heritage Center of the Museum of Tech University encompasses more than 12 and with authentic structures it depicts history of ranching in area. The interpretive program for the center is possible by a grant from the National Endowment for the Humanities.

Ranch Day includes the final meeting of the Ranching Heritage Association, a 1,500-member organization which has helped the center.

Members of the association can participate in all day events, including the noon supper, for \$1.75 for adults and \$1.75 for children. Non-members are invited to participate in all events by paying \$5.50 for adults and \$2.25 for children. Youngsters under 12 years of age will be served lunches and cold drinks.

From the past year, from 1,196 to Aug. 31, 1977, 1,196 persons visited the Ranching Heritage Center. Of these, 1,129 were for special tours. Most of these were for public tours for children who visit as part of their class studies.

Among the visitors were 28 foreign countries, 1,926 from states other

than Texas. Of the Texans visiting, 3,533 listed home towns other than Lubbock.

In addition to visiting the center on Ranch Day, visitors will be able to see in The Museum of Texas Tech University exhibits of Ronald Thomason paintings and an extensive collection of 102 pieces from the Harmson Collection of Americana Patterns and Sources of Navajo Weaving.

The Goodman Gin, dedicated Sept. 16 as a memorial to Ennis Moss Sr., also will be open for visitors. This 102-year-old restored gin is the Museum's most recently opened permanent exhibit.

Ranch visitors who have not been on the site for the past year will discover that the masonry work has been completed on the Jowell House, which once stood on the shores of Possum Kingdom Lake.

Las Escarbas, once a headquarters building for the 3 million-acre XIT Ranch, was completed and dedicated last spring. The Spur Granary and Stables have been completed and work has progressed on the Barton House, which depicts the affluence pioneer ranchers achieved at the turn of the century.

## Rummage sale for Algeria

The restoration of the historic Algeria Hotel to be used as a Senior Citizen Center makes the building site subject to a grant from the Area Agency of the Aging, with South Plains Association of governments, which will be matched with about \$1600 of locally raised funds.

Therefore, Garza Trail Blazers are planning a rummage sale of used furniture, clothing and miscellaneous items in the Hundley Building. The building is located where Harrison's Ice Cream Parlor was formerly located. The sale will be held Saturday, Oct. 8 from 9 a. m. til 5 p. m.

Anyone having anything to donate, please contact Maxine Marks at 2782 or 3140. Pick ups can be arranged. This is an urgent need of the community and it is hoped that persons of all ages will respond.

**SURVEY WORD AWAITED**  
Lane Tannehill reports he is awaiting word from Austin on the Educational and Occupational Survey conducted in Garza County some weeks ago.

# Poultry, dairy and beef items featured

**COLLEGE STATION** — Beef, poultry and dairy features are among highlights at Texas grocery markets this week, according to Mrs. Gwendolyn Claytt, consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

At beef counters, specials appear on both heavy and lightweight beef — including chuck roasts and steaks, round steaks, boneless roasts, ground beef and liver.

## FAMILY DINNER

Mr. and Mrs. J. D. McCampbell were hostess for a family dinner in their home, Sunday, Oct. 2. Attending were Mr. and Mrs. Jerry Bush and family and Mr. and Mrs. Jerry McCampbell and family of Roswell, N.M.

At poultry sections, economy prices on fryer chickens should stimulate consumer interest; some markets feature turkey parts at low prices, and egg prices are reasonable. Mrs. Claytt says.

At pork counters, supplies are increasing slightly — and features include Boston butt roasts, quarter loin cut into chops and smoked picnics.

At dairy counters, specials include yogurt, sour cream and various cheeses. In fresh vegetable departments, head lettuce is plentiful.

Other items worth considering include cabbage, carrots, cucumbers, dry yellow onions, soft and hard-shell squash, broccoli and potatoes the specialist reports.

At fresh fruit counters, it is the season of change — from summer to fall fruits, so in general, prices are slightly higher. Mrs. Claytt says.

As supplies of summer fruits dwindle, prices increase, and these include peaches, nectarines, plums and cantaloupe.

Also, new-crop items, such as cranberries, have higher first-of-the-season prices — and, although some citrus is harvested, it

will not be plentiful for several weeks.

Fruits with moderate-to-economical prices include apples, pears, persimmons, avocados, grapes and bananas, the specialist says.

**CONSUMER WATCH-WORDS:** To choose the best head of lettuce, avoid the "hard heads." Select a head that's "bouncy" but not too loose.

Dag Hammarskjöld said, "The great commitment is so much easier than the ordinary everyday one. A willingness to make the ultimate sacrifice can even produce a great hardness of heart." The PRESBYTERIANS OF POST, at 11:00 Sunday, will worship the God whose other intention is that we sympathetically care for the "stranger at the gate." Join us!

# Lopes edge Tahoka, 21-19, in final seconds

## Second half fumbles set up 3 Post TDs

Scoring their winning touchdown with only 20 seconds to play, Coach Jackie Brown's Post Antelopes converted four second half Tahoka fumbles here Friday night into 21 points and a come-from-behind 21-19 victory over the visiting Bulldogs.

A 33-yard pass from Quarterback Brad Shepherd to Halfback Cliff Kirkpatrick in the end zone was the decider, sending Antelope partisans wild and dropping Tahoka fans into gloom. The play capped a 58-yard four-play drive from the Post 42 set up by the fifth lost Tahoka fumble of the night and the fourth of the second half.

It was the fifth straight win for the Lopes, the fourth of them by a touchdown or less, and the first in district 5AA play.

Fullback Clifford Bailey of Tahoka, the South Plains AA scoring leader, was held under 100 yards the first time this season, getting 93 yards on 25 carries. He scored the first two Bulldog touchdowns.

The surprise leading ground gainer of the night was Quarterback Ed Roberson of Tahoka who piled up 153 yards on only nine carries, including a 62-yarder on a keeper to set up the second touchdown and a 56-yard sprint in the fourth to get Tahoka out of a hole.

Left halfback Leslie White of Tahoka had the longest run of the night when he burst 90 yards straight up the middle for the third Tahoka touchdown on the Post kickoff in the third period after the Lopes had climbed back into a 14-13 lead.

For the Lopes, churning halfback Randy Baker was the big offensive gun. He picked up 142 yards on 25 carries and scored the first two Lope touchdowns.

If it proved nothing else, the win proved the Lopes' refusal to give up, no matter what. They came back in the third period with two touchdowns to take a 14-13 lead after being 13 points down at halftime. They saw that lead disappear on the next kickoff on White's 90-yard touchdown return. They failed to

convert a Tahoka fumble on the visitors eight into the go ahead score.

Late in the fourth, they were stopped by inches on downs on the Tahoka 40 after turning back a Bulldog touchdown bid on their own seven when they held Fullback Bailey to only five yards in four tries from a first down on the 12.

But they came back for the last time in recovering the fumble on their own 42 and going 58 yards in 59 seconds for the winning tally.

This is how the game went:

The Lopes had the only first period scoring opportunity when they reached the Tahoka 29 in a march

from the opening kickoff. But Shepherd lost 17 yards and then the ball on a fumble trying to pass.

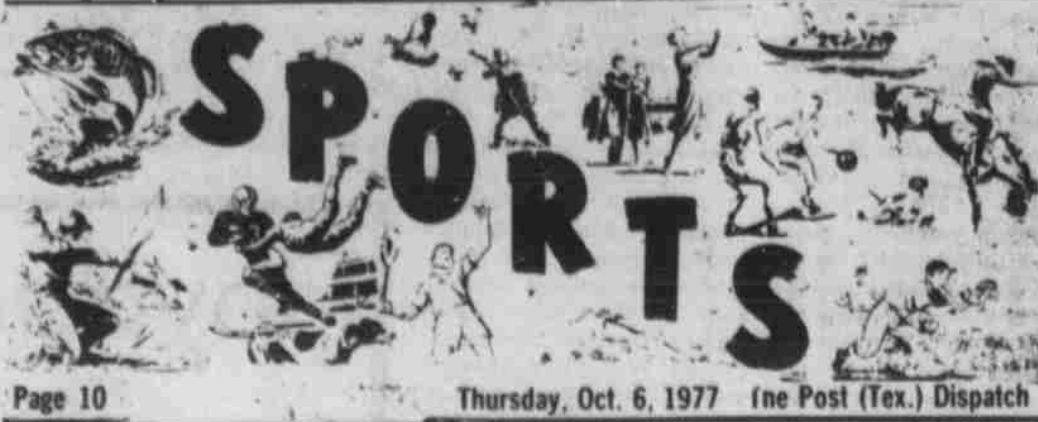

A second Post fumble, this time by Fullback Butch Booth on the Tahoka 42 after a good run, started Tahoka on its way to its first score early in the second period.

The Bulldogs marched it 58 yards with a keeper by Roberson for 12 when two Lope tacklers had open shots at him and missed setting up Bailey's touchdown run of 10 yards. Roberson's conversion kick was wide.

Post drove 52 yards from the next kickoff only to lose the ball on downs on the Tahoka 20. Roberson sneaked around left end on a keeper and streaked 62 yards down the sidelines to the Post 18 before being caught from behind by Kohen Josey. In three smashes at the line Bailey picked up the 18 yards and the Tahoka touchdown.

This time Roberson converted to make it 13-0 at halftime.

Tahoka's fumbling began in earnest shortly after the third period kickoff when

## Jayton socks Wilson 33-0

On September 30 the Wilson Mustangs traveled to Jayton, and the trip was not a pleasure one. They Jaybirds dominated the game early in the first quarter and coasted to a 33-0 win, but Coach Danny Chisum felt his team did some fine work. "We faced a much bigger defense than we've met before, and it was our best offensive game with 206 total yards. Our defense settled in after some early mistakes and did a respectable job, too."

Standouts on defense were Tony Garcia with nine tackles, Quintin Talkmitt, ten, Gilbert Acuna, ten, Ernest Acuna six, and Calvin Wilke, seven. Lucio Trevino recovered two fumbles while Bene Garcia and Wilke made interceptions. Offensively, Wilke carried 19 times for 123 yards and Garcia 9 times for 27 yard.

District play begins Oct. 7 for the Mustangs, and Coach Chisum expects early season experience to come in hand against Sands at Wilson. "We're steadily improving," Coach Chisum stated, "and our record doesn't show the hard work all these young players are putting in."

All remaining games will begin at 7:30 p.m.

The Bulldogs dropped the ball on their own 40 and Guard Brent Terry covered it for Post on the 44.

Baker gained 38 of those yards in four carries, the last one a 24 yard td scamper to finally get the Lopes six points on the board. Leslie Looney converted his first of three point kicks and it was 13-7.

It took Post only two and one-half minutes to take the lead.

Evans Heaton recovered a second Tahoka fumble on the first running play after the kickoff on the Tahoka 15.

Four cracks at the line barely got the Lopes a first down at the four. On the next play, Baker rammed it across the double stripe to tie the game. Looney converted and Post was ahead 14-13 with 6:12 left in the quarter.

The lead lasted only 13 seconds. That was the time required for Tahoka halfback Leslie White to take the kickoff on his 10 and run straight up the middle of the field 90 yards for Tahoka's third touchdown.

With Tahoka leading 19-14 the visitors went for a two-point conversion, but Baker tackled Fullback Bailey behind the line of scrimmage for a loss on a running play.

Late in the third, Heaton punted 38 yards out of bounds on the Tahoka eight and on the third running play, Tahoka fumbled with Linebacker Raymie Holly recovering for Post on the Tahoka 6.

Here was the go-ahead opportunity for Post but the Bulldogs rose up and held, taking the ball on downs on their own 10.

Then came a weird turn of fate. The Bulldogs drove out to their 19 where it was fourth down and a foot to go.

Instead of punting, Rober-

## How about Tahoka over Denver City?

The Old Prognosticator, a bit giddy last week over his perfect paper of the week before, had his worst Friday night ever, picking only three of seven games and seeing his seasonal prediction percentage drop to a ho-hum .712 (30 out of 42).

The only way you could give him an even break last time out was to count Slaton's open date in his favor.

After Frenship demolished the Roosevelt Eagles 41-14 he has temporarily abandoned his "upset of the week" selection.

Just when he relegated Colorado City and Coahoma to the ash heap after four beatings each, both rose up to record sparkling wins.

And then there was Floydada, which even without much of an offense seems to beat just about everybody but the Lopes year after year, though not by much at all.

But looking ahead to this Friday night, the undaunted Old Prog advances these "skilled picks."

POST at Cooper. Cooper which lost them all last year has at least a lot of experience and that is counting with two wins already and only a 6-0 loss at Denver City last Friday night in which Cooper had the best of the offensive stats, if not the scoreboard. The Lopes by not much at all - again.

Roosevelt at SLATON. The Tigers launch their 5AA

son sneaked over right guard, broke into the clear and raced 56 yards to the Post 25 where Josey pulled him down from behind.

Tahoka drove to a first down on the 12 but Bailey then in four tries made but five yards and the Lopes took the ball back on their 7.

Two passes into the flat to Heaton from Shepherd were good for 39 yards and with a couple of short runs took the ball to midfield. Here Post drew a 15 yard penalty for offensive pass interference to prevent an interception on an underthrown ball.

Post lacked inches of making 25 yards in four downs and lost the ball on downs on the Tahoka 40 with 3:08 left in the game.

Tahoka moved to a first down on the Post 48 and two plays later fumbled the ball to Post on its 42 with 1:19 on the clock.

Baker got 13 and a first down, then four. Shepherd ran end for seven out of bounds and another first on Tahoka's 33 with 28 seconds left.

Then came the long pass in which Shepherd for the first time this season had virtually all night to throw. He picked out a wide open Kirkpatrick in the end zone and let fly right on target for the game winner. Cliff clutched it tight.

drive and should be able to run up the score on the Eagles.

FRENSHIP at Shallowater. The Tigers to remain unbeaten over another Class A club by a big margin.

COLORADO CITY at Wylie. The Wolves are over "the bug" and pre-district losses and are ready to win big. Their district does not appear exceptionally tough this year either.

DIMMITT at Lockney. Here's one that's hard to call, but Dimmitt is the 3AA favorite and Lockney isn't in 4AA which should explain the difference in the two teams.

Floydada at LEVELLAND. The Old Prog will probably get his ears clipped again on this one, picking against the Winds. But Levelland is a AAA club and on the rise.

Crane at COAHOMA. Neither of these teams is rated to go high, but the Coahoma attack is finally getting untracked, and there is the home field advantage.

TAHOKA at Denver City. The Old Prog was mighty impressed with Tahoka. They have a lot more offensive tools than hard running Clifford Bailey. Tahoka has never beaten DC at DC to the Old Prog's knowledge, but there has to be a first time. And the Bulldogs are really going to explode on somebody.

## JVs unbeaten too, defeat Tahoka, 21-0

Coach Chili Black's Post Junior Varsity remained undefeated last Thursday night by opening district play with a 21-0 win over Tahoka at Tahoka.

Post got on the scoreboard in the first period when Quarterback Rance Adkins passed 30 yards to Halfback Clinton Curtis for a touchdown. Shawn Scott ran over the conversion points for an 8-0 lead.

Later in the same period, Scott went 40 yards on a pitchout for the second touchdown with David Hawkins kicking the extra point to make it 15-0 for Post.

In the second quarter, Fullback Darrell Reece raced 80 yards for the final tally on an inside trap play. A two-point conversion play failed leaving the score 21-0 at the half.

Post had one touchdown called back in the second half but couldn't move consistently against a changed Tahoka defense.

Tahoka was held to only three first downs for the game and never threatened the Post goal line. Post had the ball in its possession

## Frosh win wild one, 34-22

Coach Lane Tannehill's Post freshmen opened district play at Tahoka last Thursday night with a 34 to 22 victory over the Tahoka freshmen in a high scoring game of big plays.

It was the third win in four starts for the locals.

Post got on the board first in the first period when Jesse Taylor went 61 yards on an end around for a touchdown, but a conversion try failed.

In the second period, Tahoka went into the lead momentarily 8-6 by scoring and adding the conversion points.

Post came back with Taylor on an end around pass play throwing to End Alvin Taylor for 32 yards and the second score. Again the conversion effort failed leaving the score 12-8 for Post at the intermission.

Tahoka took the lead back in the third with a touchdown, tacked on two conversion points for a 16-12 margin.

But it was Post's turn and Quarterback Drew Kirkpatrick passed to Jesse Taylor on a scoring play covering 70 yards. Wingback Charles Curtis added the extras on a dive play to give Post a 20-16 margin.

Post extended its lead to 28 to 16 with Curtis scoring on a three-yard run and Halfback Lance Dunn diving across for the two conversion points.

Tahoka got its third touchdown to close to within 28-22.

To start the final period, Fullback Gary Baker iced the game on the first play after the Tahoka touchdown when he returned the kickoff 90 yards for a touchdown to make the final score 34-22.

The freshmen will play Cooper here tonight with a 5:30 p. m. kickoff.

## Cooper much improved club

Coach Jackie Brown and his Post Antelopes aren't taking the Cooper Pirates lightly as they prepare for their second 5AA start of the season at Cooper Friday night.

The Pirates dropped a 6-0 decision to Denver City at Denver City last Friday night which speaks well for this week's Lope opponents.

Actually Cooper had a couple of scoring opportunities and had slightly the better of the offensive statistics in their 5AA opener.

The Pirates went winless last year, but have virtually everybody back this year with a valuable year of experience.

Halfback Jody Deatherage, a 188-pounder, is expected to be back in the Pirate lineup after missing a couple of starts. He probably is Cooper's best back.

Cooper runs the option out of the pro set and in David Martinez have a capable quarterback, who is a sturdy 180-pounder.

The Pirates run a "27

defense" with a four-man front and three linebackers, similar to Tahoka's.

Probably the most serious Lope casualty—and he may play—is Defensive End Steve Hair who was carried off the field late in the fourth period of the Tahoka game with a sprained ankle. Some sprains heal rapidly and some give trouble for weeks, so Hair remains a definite "maybe-maybe."

Fullback Butch Booth had to come out of the Tahoka game but was in better shape against Tahoka than for Colorado City.

Although the Lopes have been relatively free of any serious injuries this year, Coach Brown told The Dispatch this week he would like to get everybody at full speed just to see what they can do.

One of the marks of the Brown-coached team is that they improve steadily as the season progresses and this 1977 Lope club looks a bit better doing a lot of different things each Friday.

## 7th, 8th graders in split with Tahoka

Coach Joe Giddens' 7th and 8th grade football teams split a doubleheader with Tahoka in Antelope Stadium here last Thursday night in their home openers.

The seventh graders took an easy 30 to 0 win, while the eighth graders were losing a 50 to 30 decision. The seventh grade victory kept them one of Post's three unbeaten football teams.

In the opener Will Kirkpatrick returned a punt 60 yards in the first period for a touchdown and Tim Tannehill ran over the extras. Wade Giddens bolted 35 yards up the middle for the second td in the same period with Kirkpatrick getting the conversion points.

Kirkpatrick scored his second touchdown in the second period on a sweep to the right, but conversion points failed.

Post's final touchdown came in the fourth quarter with Mark Odem running 30

yards off tackle for the six-pointer. Giddens ran over the conversion points.

In the eighth grade game, the locals fumbled their way through the first half while Tahoka built up a 30-0 lead.

Post started some point making after that with Ronnie Price going four yards for the first touchdown and Roy Gonzales running over the conversion points. Still in the third, Eric Allison ran 25 yards with a pitchout for the second Post touchdown but the points after failed.

In the fourth Gonzales passed to Price on a 30-yard touchdown pass and again the points after were so good. The final Post touchdown came on a 10-yard run by Price and a two-point conversion run by Steve Fielder.

The seventh and eighth graders, who will spend most of their schedule on the road, will play Cooper at Cooper tonight.

# NMSC names Morrow 'commended student'

Principal Billy Hahn has announced today that one senior student at Post High School has achieved Commended student status in the twenty-third annual (1978) National Merit Scholarship Program.

This honor is the result of the student's outstanding performance on the Preliminary Scholastic Aptitude Test-National Scholarship Qualifying Test which was administered nationwide to high school juniors in October 1976. A letter of Commendation was presented to Charles David Morrow.

A total of approximately 35,000 Commended students throughout the United States are being honored by the National Merit Scholarship Corporation which administers the yearly scholarship competition.

Students in this group represent less than two percent of the total of graduating U.S. secondary school seniors. Although these students scored slightly below the level required for the Merit Program participants who

were named Semifinalists and who will continue in the competition for Merit Scholarships to be awarded in 1978, each Commended student has demonstrated exceptional academic promise.

A spokesman for NMSC stated that the corporation believes "the high standing of Merit Program Commended students is an attainment that deserves their public recognition, because the nation as well as these students will be benefited by continued educational and personal development of their talents."

Commended students do not continue in the Merit Scholarship competition, but to increase their opportunities for college admission and financial aid NMSC has offered each an opportunity to have identifying information sent by the corporation to two higher education institutions selected by the student.

In addition, NMSC makes it possible for all regionally accredited U.S. colleges and universities to receive home addresses for Commended students, on a cost basis, so that an institution may contact any of these promising young men and women directly. It is hoped that recognition of the Commended students in each year's Merit Program will serve as an encouragement to able youth and will assist them in obtaining whatever information and assistance they may need to pursue their educational plans.

Melinda Adams participates in the Home Economics Cooperative Education Program and is employed by the Post Independent School District. She works as an assistant to Mrs. Renee Long, kindergarten teacher at Post Elementary. Melinda's work includes

reading to the children, supervising their games during recess, and helping them with their work. She helps with the afternoon class, from 1:35 to 4:30. "I try to give each child special attention and help Mrs. Long in any way I can," she says. Melinda plans to major in elementary education after completing high school, so her job really gives her some first-hand experience in working with small children and dealing with their needs and problems. She enjoys her work and feels that it will be helpful to her.

Mrs. Long is grateful for Melinda's help. "Melinda prepares most of the materials that I use in my room," she states. "We really appreciate her assistance in the kindergarten."

## Band enjoys day at fair

By TERRY SMITH

The Antelope Band traveled to Lubbock last Monday to compete in the annual South Plains Fair parade. They arrived at the fair grounds at 9:30 a.m. and took their place in the lineup. There were approximately 40 bands from the West Texas and eastern New Mexico area entered in the parade. The Post band was number 33. The parade route started on Ave. A and turned into Broadway. The bands were judged from the balcony of the Pioneer Hotel. The parade then turned onto Main street and returned to the fair grounds.

Band members were then dismissed to enjoy the sights, sounds, and excitement of the fair. After a lunch of foot-long hot dogs, corn on the cob, cotton candy, and melted ice cream, everyone enjoyed themselves on the rides.

Winners of the parade were announced that afternoon. They were: first place, Abernathy; second, Floydada; third place, Littlefield, and fourth, Frenship.

## Council begins fund raising

The Post High School student council has begun their first fund-raising project of the year. Members of the student council are selling iron-on transfers for T-shirts.

The transfers read "Nowhere Else But Post, Texas" in black lettering. They can be purchased for \$2 from any member of the student council. Instruction for applying the iron-on comes with it. The sale will be continued as long as the supply lasts.

## HERE FOR OS WEEKEND

Mrs. S. E. Camp had her daughter, Carol Camp and six friends from Houston visiting her for the OS weekend.

## Pinata swing builds spirit

The Booster Club and cheerleaders sponsored a special spirit-building activity Thursday in preparation for the first district game against Tahoka.

At the end of second period, the student body congregated on the breezeway. There the cheerleaders had hung two pinatas from the beams of the walkway. The varsity football players were blindfolded and given a broomstick to try and break the pinata. Coach Brown was even allowed to swing at the elusive blue object. Finally, the pinatas were broken and everyone shared the candy inside them.

# The heat pump

"THE ELECTRIC SAVINGS MACHINE"

3 ways energy can be saved in the home.

1 By improving the thermal integrity of the structure itself: by adding insulation, installing double glazed windows, reducing hot and cold air infiltration.

2 By installing efficient energy-saving systems and appliances.

3 By adopting wise use habits.

## EFFICIENT USE OF FUEL RESOURCES.

The heat pump uses electricity efficiently because it can deliver as much as two units of heat for every one heat unit of electricity it uses during the heating season. The heat pump makes efficient use of fuel resources because it uses electricity for heating and cooling, and thus allows use of the nation's more plentiful fuels like coal. Southwestern Public Service is now reducing its dependence on natural gas as a fuel and is building plants that use coal to make electricity. Using fuels like coal preserves the nation's scarce petroleum resources for other uses. The heat pump saves electricity... and saves you money.

### Volunteers for DOTS sought

Concerned citizens who would like to volunteer an hour a week to training parents of handicapped or high risk children are asked to contact Mrs. Betty Boren, phone 629-4335.

An organizational meeting for interested parents in this area willing to be trained to help in the community is planned.

Supt. Bill Shiver told The Dispatch this week that the new DOTS services are being made available to the Post school district.

It is believed many handicapped or high risk children live in the district who are not now receiving attention and care.

DOTS is the outreach project of the Development Education Birth through Two. DOTS will provide training for personnel in developing home-based programs for parents of young handicapped children.

Shiver said proof exists that the program does help the child.
