## New producer for 38th Post Stampede Rodeo

### Books open Monday

The Walls live on a ranch northwest of Stephenville. His daughter, Schelli, 7, won over 70 trophies and buckles on her horse Didget in playday and junior rodeo competition last summer. The Terry Walls Rodeo

Company produced over 80 rodeo performances in 1977 in 30 different Texas and Oklahoma towns and cities.

As a special event for the Post Stampede Rodeo, a wild cow milking contest has been added. No entry fee

will be required for riders who will attempt to rope and milk wild cows. Everybody involved is in the arena together which makes for a real crowd pleaser. A cash money prize will be offered (See Rodeo set, Page 10)

THE Post Stampede Rodeo appears all set for its 38th annual running here next weekend, Aug. 10-12, with the books for the show due to open at 8 a.m. Monday in the rodeo office at the north end of the rodeo grounds.

There has been no change in basic rodeo events, entry fees, or gate admission charges this year.

Probably the biggest change will come in the Terry Walls Rodeo Co. being the Post Stampede rodeo producers for the first time.

Terry and Delia Walls founded the Walls Rodeo Co. in 1971 after owning and operating an indoor rodeo arena at Stephenville where they built up their stock and reputation.

When they decided to "take to the road" seven years ago they quickly built up a reputation all over Texas as producers of fast, colorful rodeos.

Terry takes pride in his bucking horses and bulls. Currently he is involved in a scientific breeding program to raise his own bucking horses.

Each year he selects about 20 of his top mares to breed to a champion bucking horse and the results will be seen this year when the first crop of four-year-old colts "hit the circuit."

Being a former champion roper and dogger himself, Terry is constantly aware of the timed event cattle's quality and uniformity. Terry was champion roper and all-around cowboy of the American Junior Rodeo Association, 1963-65, and while attending Tarleton State University on a rodeo scholarship, he was champion roper and steer roper of his region and a member of the National Intercollegiate Rodeo Association's national team of 1965.

**COMING TO POST** — Bill Clements of Dallas, Republican candidate for governor, will be the guest of honor at a coffee in the bank community room at 10 a. m. next Thursday, Aug. 10. He will arrive from the Snyder rodeo the night before and spend the night here. After the coffee the former Deputy Secretary of Defense in the Ford administration will go on to Lubbock for a luncheon engagement.

### Grand jury indicts 10 here, one twice

Ten men were indicted here by a Garza County District Court grand jury last Wednesday, who returned seven indictments.

Gary Seals was indicted twice for two different offenses. He was indicted for forgery of a \$30 check March 6 and with burglary with intent to commit theft of the Garza Museum building July 19.

Other indictments were as follows:

Johnny Pena, for carrying a hand gun on his person on the premises of an establishment licensed for the sale of alcoholic beverage, July 1, at the 77 Lounge, 612 May Street.

Stanley Wayne Johnson and Robert Pace, for possession of marijuana of more than four ounces, May 14.

Jack Moore and Mike Hall for malicious mischief, April 12, in the damaging and destroying of 14 golf carts at the Caprock Golf course, causing damages of over \$10,000 to D. H. Bartlett.

Jeronimo Cuevas, Victor Sepulvedo and Danny Cuevas, for use of deadly weapon, June 10, in stabbing and seriously wounding George Colegio with knife.

John Hernandez, passing a forged instrument, a \$25 check, April 7.

### Austin firm to build nursing home here

The Grayston Construction Co. of Austin has been awarded the general construction contract for Post's new 75-bed Huntley Nursing Home.

Huntley announced the letting of the contract Tuesday in a long distance phone call to The Dispatch from Luling where he now lives.

Foundation people already have been in Post to inspect the site now owned by Garza Memorial Hospital on Seventh Street behind the hospital.

Foundation work is expected to start almost immediately.

Huntley told The Dispatch construction of the nursing home is expected to take between six and seven months, which would mean an opening in late February or early March of 1979.

The 20,660 square foot nursing home will face Seventh Street.

Huntley opened four general construction bids and 15 to 17 bids of sub contractors on July 24. He then spent a week conferring with the architect in making the best bid selection.

Huntley did not announce the construction cost for the nursing home.

Huntley's son, Dennis, who has been associated with his father in the

**10-YEAR SERVICE AWARD** — Danny Shaw, Wacker store manager here, right, is shown being presented a ruby ring for his ten years of service with the variety store chain which was begun in May, 1968, in Las Vegas, N. M. Making the presentation is Ralph Vandiver, a Wacker buyer from the firm's Paul Valley, Okla., headquarters who is Wacker's oldest employe in years of service. After 10 more years of service Shaw would qualify for a diamond ring.

**POST'S NEW AMBULANCE ATTENDANTS** — Thirteen of the 17 Post residents taking the current emergency medical technicians course are — all of whom have volunteered to serve as ambulance attendants after graduation are pictured above with the ambulance. Left to right, Jimmy Pierce, Cheryl Blair, Jim Jackson,

Danna Giddens, Glen Barley, Evelyn Soreno, Ed Zintgraff, Lena Walker, Pauline Mathis Lorene Shepherd, Nell Smith, Dawn Olive, ambulance service bookkeeper Helen Richards not a course member, and Giles McCrary. Taking the course but not pictured are Curtis Hudman, Danny Shaw, Syan Nichols and LaVerne Jones.

## 16 volunteer to be ambulance attendants

All but one of the 17 Post residents taking the Emergency Medical Technicians course here have volunteered to serve as ambulance attendants for the city-county ambulance service, Ed Zintgraff, hospital and ambulance service administrator, told The Dispatch this week.

Zintgraff, who is one of the volunteers himself, said the

class is scheduled for its final examination next Wednesday night.

Providing those in the course pass the examination to become state-certified medical technicians, they will begin making ambulance runs as attendants Aug. 15, Zintgraff said.

He also reported full direction of the ambulance service has been moved to the hospital, effective Aug.

1, including the office work of bookkeeping, billing and insurance.

The EMT course, which began June 12 consisted of four-hour instructional sessions on Monday and Wednesday nights for 11 weeks plus many hours of on-the-job observations in hospital emergency rooms.

Twenty-two started the course.

### Small vandals 'hit' Methodist church

Two small white boys, about 8 years old, did an estimated several thousand dollars worth of vandalism damage at the First United Methodist Church early Tuesday morning.

A witness saw them sitting outside the church eating marshmallows and drinking Kool-Aid which they had taken from the church kitchen.

Sheriff Jim Pippin told The Dispatch entrance to the church building was gained through an unlocked side door. He said the vandalism is still under

investigation. The two boys were seen between 6 and 6:30 a. m., shortly after it became light, eating and drinking.

Most of the known damage occurred upstairs which had recently been remodeled and downstairs in Sunday school classrooms where remodeling is now underway.

The boys had spray painted on the classroom walls and they will have to be repainted. They scratched paneling and gouged holes in doors upstairs trying to break into locked rooms.

The church has vandalism insurance coverage.

### Post visit proves expensive for pair

Two Lubbock youths, Rozelio Terez, 19, and Adolfo Manriquez, 17, found a Post visit rather expensive last Thursday.

Arrested by sheriff officers on drunk charges they were found to have marijuana on them in a search at the station.

Each paid \$30 and costs in pleading guilty to the drunk charge in Justice of the Peace court and then pleaded guilty in county court to marijuana possession and were fined \$76 and costs each there.

### Reading awards to 23 youngsters

Twenty-three youngsters received reading certificates from the Post Public Library last Friday afternoon for having read 10 or more books during the library's summer reading program.

Four other pre-school age youngsters received certificates for attending the library's summer activities program which was conducted each afternoon five days a week for youngsters ages 4-9.

### Eleanor Martinez 'employee of month'

Eleanor Martinez has been selected as Employee of the Month for August by Garza Memorial Hospital employees.

Eleanor has worked for Garza Memorial four months in the dietary department. Her duties include working in the kitchen preparing meals and setting up trays.

"Ms. Martinez said she enjoys her work and loves the people she works for."

A life long resident of Post, she is the daughter of Mr. and Mrs. Benny Martinez and is the mother of one daughter, Davina, two years

of age. During her spare time she enjoys playing volleyball.

ELEANOR MARTINEZ

Local residents will note the current emergency medical technicians course are — all of whom have volunteered to serve as ambulance attendants after graduation are pictured above with the ambulance. Left to right, Jimmy Pierce, Cheryl Blair, Jim Jackson,

What always had trouble with flouride in its well water and bottled water was standard necessity in most cases of growing families here. Well, as we understand it, the situation is back to us again.

We couldn't go into this deeper on the White River because water district manager Al O'Brien is still in St. Louis with his mother who is ill. But we hear the water act is going to require this flouride be removed out of the water and it would be expensive.

We got a water complaint the other night after we had to bed about the taste turning to turn bad again. "The lake turning sour." This will be the cause of another rush to bottled water. The complainant wanted to know why charcoal wasn't used in the filter to take that taste out.

We checked that out with the River too and were told that the charcoal has been used in past years when the taste gets too bad. "The charcoal can't get all the bad taste out."

My also is complaining the water taste.

Donny Worrell of Altoona, one of the "regulars" (See Postings, Page 10)

### With applicant interviewed

The Garza County Commissioners Court held a special meeting Tuesday to interview the applicant for appointment to the county assessor-collector's job who was not present when the other applicants were interviewed July 24. County Judge Giles Dalby told The Dispatch that the members of the court are "pulling over" a final action and may meet the end of this week to make their choice. The only other action of a special meeting, the court opened the bids for the heating and cooling system for the building recently purchased by the county. The bid of \$10,443 by the Heating and Air Conditioning of Lubbock was accepted.

## Who's to blame

As one studies the state of the nation these days, it is hard not to conclude that perhaps the United States presidency is simply too big and too tough a job for one man to handle to the satisfaction of even a bare majority of citizens.

Our nation is so vast and complex that almost every issue is a case of counter point as popularized on the television show "60 minutes."

President Jimmy Carter is the current example of one man in the White House trying and failing to cope.

Granted that his inexperience is showing, still and all it is difficult for even his worst critics to fault his motivations. He was elected — though not by much — because he appeared to be a breath of fresh air on the hard-nosed national political scene.

He campaigned with promises to do many things and to stop many things. He held high the torch for individual rights around the world and said this nation would champion such with friend or foe. Virtually everybody in America liked him for that.

Now let's look at his track record after 19 months in office.

On the home front, he has lost the war on inflation. He is struggling with the knotty problem of reducing unemployment. Of course when he gets more folks back to work this has fueled inflation more because it has put more buying dollars in our economy to compete with other dollars.

President Carter in the spring and early summer angered the nation's farmers by denying them his support in their fight for full parity. He is angering the labor unions now by trying to hold down their efforts for wage increases.

He did succeed in getting Congress to pass huge social security tax increases to save the nation's social security system. And he has negotiated a treaty with Panama to give that little country our canal. Both have been very unpopular victories.

In national defense, he has laid aside a new B1 bomber for which we already have spent billions in development to save money. He did the same thing on the neutron bomb designed to kill people without so much blast damage.

Both would have been important weapons in our current struggle to keep even with Soviet Russia in military strength.

In foreign affairs he has failed miserably to find a way to settle the Mideast war threat between Israel and her Arab neighbors.

Detente has all but collapsed between the United States and Russia. Carter's campaign for individual freedom has so angered Moscow that a visible chill between the two countries is developing into what could be a new cold war. A new Salt agreement has moved much farther over the horizon.

So what has happened to all the campaign promises of a populist Jimmy Carter? Well, he still has good intentions but he has terrible relations with a very independent congress too. Not many of his promises have hatched into reality.

But let's face it. All this isn't Jimmy Carter's fault. The nation is no longer willing to face hard reality. We, as a people, are not ready for many of the sacrifices of today's world.

If we were we long ago would have implemented a tough energy policy.

The lack of that policy today is a national disgrace.

The American dollar is floundering on all the money marts of the world not primarily because of President Carter, but because we the people no longer will buy from our political leadership the tough policies we must initiate to survive economically.

We well may be heading for something pretty awful in the not too distant future. And that won't essentially be Jimmy Carter's fault either.

Don't misunderstand our point. We are no Carter lover. But we are convinced that without real national consensus behind whatever administration is in Washington to solve our real problems that administration is bound to fail.

Politically, we want to have our cake and eat it too.

We said in the beginning of this editorial that perhaps our presidency is too big for any man. If we look carefully, we might conclude otherwise. We might find that until at least a large part of American agrees to squarely face its problems, we can't find any politician who can solve them by himself.

## Remember When

### 10 YEARS AGO

Five thousand attend White River Day; Post Jaycees hear Dr. Michael Irwin, South African veterinarian; Rogers family reunion is held in Post; Mr. and Mrs. Ronald Storie announce the birth of a son, Gregory Scott, born in Methodist Hospital; PFC. Johnny Smith home visiting before beginning duties in Viet Nam; Garza County cotton estimate is 17,000 bales; Karen and Sharon Windham, Janice Gordon and Patti Peel attend twirling school in Lubbock; Mr. and Mrs. Sammy Wartes announce the birth of a daughter, Wendi Michell born in All Saints Hospital in Fort Worth; Camp Post receives new American flag from American Legion Post of Plainview.

### 15 YEARS AGO

2,000 fans cheer contestants of all ages in opening show at Post Stampede Rodeo; Dallas chapel scene of wedding of Miss Jo Fern Taylor and Gary Glasscock; Zelika Freeman and Barbara Mock won Garza 4-H dress revue; R. E. Josey, Post calf roper, wins another saddle in Floydada Post calf roper, wins another saddle in Floydada rodeo; Post All-Stars are winners in tourney here; Post High School band sponsors twirling school here, announces Bruce Evans; T. C. Clark, Post High principal, receives thank you note from Susanne Krause for her stay in Post; Piggly Wiggly advertises chuck roast for 39 cents a pound.

### 25 YEARS AGO

Saturday's balloting decides two issues, hospital fund and a new road tax; Post's biggest single rain of the year fell in August, .60 of an inch easing a five-day stretch of 100-plus temperatures; Shirley McBride is named Gold Star 4-H girl of Garza County; Orabeth Maxey honored on her 14th birthday; Jennie Lou Redman named 4-H Queen for the Southwestern Championship Rodeo; Lee Byrd of Post judged "most typical old-time cowboy" at Spur Jubilee Rodeo; a son, Steven

### Shirley Allen on dean's honor roll

BETHANY, OK. — Shirley Allen, of 114 N. Ave. K, Post, has been named on the Dean's honor roll for the Spring semester of Bethany Nazarene College in Bethany, Ok.

Ms. Allen will be a senior this fall at BNC majoring in office administration.

To qualify for the Dean's listing, a student must complete at least 12 semester hours of study with a 3.4 minimum grade-point average.

Every citizen complains about the taxes he has to pay.

### GSI-71 is most popular seed

LUBBOCK — GSA-71 was the major cotton variety planted on the High Plains of Texas this year, according to USDA's Agricultural Marketing Service. Ginners, seed dealers, farmers and others interested in cotton seed responded to the survey.

Paul R. Dickson, area director at the Lubbock Marketing Services Office said, "GSA-71 was the major variety in 1977, also."

Dickson listed this year's top four varieties by percentages as: GSA-71, 30 percent; Paymaster-303, 20 percent; Stripper-31, 9 percent and Paymaster-206, 7 percent.

# Wilmington sales and earnings in drop

WILMINGTON, N. C. — Wilmington Industries, Inc. reported lower sales and earnings for the third quarter of its 1978 fiscal year compared with the quarter of fiscal 1977. Consolidated net earnings for the quarter ended July 31 were \$20,281,000 or 90 cents per share on net assets of \$614,383,000. In the quarter of 1977, consolidated net earnings were \$25,542,000, or 90 cents per share on net assets of \$621,898,000. The reduction of foreign currency items resulted in an increase of 1 cent per share for the quarter, compared to a decrease of 9 cents per share in the quarter of 1977.

In the nine months ending July 1, 1978, consolidated net sales were \$1,071,000, and net earnings were \$51,605,000 or 90 cents per share. In the comparable period last year, sales were \$1,770,700, and net earnings were \$22,000 or \$2.44 per share. Foreign currency translation items for the nine months of fiscal 1978 reduced earnings by 9 cents per share, compared to a decrease of 9 cents per share during the period.

In his review of the quarter, William A. Klopman, chairman and chief executive officer, observed, "The June figures were not those realized in the March quarter. While excellent results were achieved by our home furnishings group, several major products in our apparel area continued to be adversely affected by very competitive conditions. Especially significant denim, a strong contributor to sales and profits in 1977, was unprofitable as it encountered a severe drop in volume following inventory adjustments by major customers. We believe that this condition will be reversed as normal inventory levels are achieved in the pipelines forward of us."

"Sales in other apparel product areas were only up marginally over a year ago and price increases remain difficult to achieve. Our yarn and industrial products group exceeded expectations. The international areas continue to report mixed results. The German carpet and worsted operations and French yard remain unprofitable, while operations of the other international companies, including Ireland, Italy and Canada, performed well. We are pleased that our Mexican business is again operating profitably."

Concluding, Klopman noted, "Higher inflation and the government's response to it, will be a significant factor in the nation's economy and our performance in the periods just ahead. Likewise the perception of other nations,

**HOW MANY 'KIDS' DO YOU KNOW? — W.L. # Sgt.-Major Academy graduates Post man

FORT BLISS, Tex. — Master Sgt. Malachi Mitchell Jr., son of Mr. and Mrs. Malachi Mitchell, 511 Pine Street, Post, Tex., recently was graduated from the U. S. Army Sergeants Major Academy at Fort Bliss, Texas.

The Sergeants Major Academy is the senior level of the Army's Noncommissioned Officer System. The 22-week course prepares selected noncommissioned officers for positions of greater responsibility. Selection for attendance at the Academy is made by a department of the Army board from among non-commissioned officers with less than 24 years of service who have demonstrated the highest standards of performance and job proficiency.

Mitchell entered the Army in February 1960. He attended Prairie View (Tex.) A&M University, Chaminade University, Honolulu, Hawaii and Cameron University, Lawton, Okla.

His wife, Ruby, was with him at the fort during the course.

## Thank You

We thank each and every one for the flowers, prayers and personal attention to our L. G. (Texie) Crump. Also to Dr. Wilson, and personnel at Twin Cedars. We love them all. May God's blessing be with you all.

Margie Crump  
Opal Wright  
R. D. and Belle Wright  
Willie Scarborough

To our friends, neighbors and loved ones who expressed love, concern and sympathy in any way during the illness and loss of our dear mother and grandmother we are so deeply grateful and appreciative to each of you. For the cards, flowers and especially your prayers our hearts are filled with gratitude.

Bill, Willie and Danny McBride  
Brad, Donna and Brandon Lott

Special thanks to all our friends and fellow employees who sent cards, flowers, gifts and their prayers while I was in the hospital and at home. Especially Dr. R. Wright and Dr. Pietilainen and Father Sylva. God bless everyone.

Lilly Cendalski

"I'm Fine."

**By Norm**

Well I know my column was greatly missed last week, cause one kid told me so, but me and the rest of the family, A. J., Kelly, Donna and Jerri took a week off to visit the hills of Arkansas. Enjoyed the scenery of all the trees and water very much.

The Methodist Youth had a youth retreat recently to Sacramento, N. M., and reported it rained and rained. Those attending were Mike, Dana, Amy Babb, Cynthia Poole, Drew and Kathy Kirkpatrick, Jeff Lott, Johnny and Missy Morrow, Dale Redman, Denise Smith, Cliff Kirkpatrick, Holly and Wade Giddens, Lance Dunn, Kraig Peel, Stephen Gandy, Lana Dunn, Christy Workman, Deann Ammons, D'Linda Tyler and sponsors, Barbara and Ronald Babb, Sherri Poole and Patti Kirkpatrick.

Brent Davis, son of Mr. and Mrs. Bobby Davis of Calallen, is in Post this week visiting with the Ronald Babb family. He will fly home Monday.

Deann Ammons returned home this week following a visit in Brownfield with her aunt and uncle, Mr. and Mrs. Raymond Jenkins and cousins, Ted and Tim.

Scott Walker of San Antonio was in Post over the weekend visiting friends and relatives and left Tuesday to visit his sister and will return to Post for another short visit before going home.

The "Great Motorcycle Rider" Jay Lott has a friend, Greg Odom visiting him this week from Pampa.

Cain Abraham and Rodney Gray and others, (I'm not sure who they all are) have been going to the Lubbock Dragway on Friday nights and entering the motorcycle races. I'm not real sure of the outcome of the races so I'll leave that for a later time.

Bruce Redman, cousin of Terry Odom, was in Post recently visiting friends and relatives. Bruce lives in Mesquite, Tex.

If any of you caught the Vacation Bible School parade by the First Baptist Church Saturday morning, you may have recognized that "adorable" clown as Darrell Reece. He is going to make another appearance in Post soon I understand.

Danny Gunn recently attended the Texas Farm Bureau Citizenship Seminar held in Waco along with hundreds of others from across the state.

There will be a dance at the Youth Center Saturday night from 9 to 1. Admission will be \$2 per person or \$3.50 per couple and the music

**Engagement announced**

Mr. and Mrs. Marice Sexton of Littlefield announce the engagement and approaching marriage of their daughter, Pennie, to Ronnie Page, son of Bobby Page of Littlefield and Eva Lou Page of Post. Ronnie is also the grandson of Mr. and Mrs. Henry Key.

The bride-elect is a 1977 graduate of Littlefield High School and attends Western Texas College in Snyder. The prospective bridegroom graduated from Littlefield High School in 1976 and is now employed by Norton Drilling Company in Leveland.

The couple has planned an August 17 wedding at 7 p. m. at the First United Methodist Church in Littlefield.

**Land bank to 8 pct. rate**

Jay Dee House, manager of the Federal Land Bank Association of Tahoka, announced today that the Federal Land Bank's billing rate on farm and ranch loans and rural resident loans will be increased from 7 3/4 percent to 8 percent, effective August 1, 1978.

The Houston Bank introduced the variable rate plan in 1969 which allows the billing rate to increase or decrease with the variations in the money market.

In making this announcement, House said, "The bank's decision was necessitated because of the increase in the cost of money with the most recent bond issue sold by the Bank selling at 8.72 percent average effective rate. Also, that an 8 percent rate was certainly very competitive under today's monetary conditions."

The Federal Land Bank of Houston makes long-term loans on farm and ranch land and rural residences throughout Texas, and now has \$1.3 billion in loans outstanding.

The local association makes and services loans in Lynn and Garza counties. Directors of the association are Fred McGinty, Avery Moore, Jr., J.D. McCampbell, L.A. Forsythe and Joe D. Unfred.

will be provided by a Snyder Disc Jockey. The dance is for eighth grade through college age kids in Garza County. So make plans now to attend.

I know most of the boys are anxiously awaiting football practice to begin and some kids have even said that they are ready for school to start. It won't be long now.

I guess the most exciting thing this week was when Deb Palmer had a small fire in the back of his pickup. No major damage though. Huh Deb?

That's the latest for this week.

Chow

**June bond sales total \$3,227**

June sales of \$3,227 in Series E and H United States Savings Bonds in Garza County were reported today by County Bond Chairman Lewis Herron. Sales for the sixth-month period totaled \$99,000 for 76 percent of the 1978 sales goal of \$130,000.

Texas sales during the month amounted to \$26,757,461 while sales for the first six months of 1978 total \$156,932,590 with 51 percent of the yearly sales goal of 306.6 million achieved.

**Youthoughts**  
By TRACY McALISTER

I've been having these weird dreams lately about burglaries. I've always wondered what I would do if I was to see one. Flint — I imagine.

I hear these strange noises in the night. I always think that I can hear someone breathing. I think that it's just the air conditioning coughing. At least I hope it is.

When I hear these noises I protect myself. I get the candlestick and hide under the covers. I know full well that if a burglar wanted to stab me, all he would have to do is to do it. The only thing that I could do is to give him a wick between the eyes. A lot of good that would do. I guess that I could set him on fire and melt him.

It's always puzzled me where I'd hide if I heard a burglar in the house. I've thought of jumping out the window. But I have a deep fear of flying glass. The next best place seemed to be the closet. But knowing me, I'd make so much noise getting in there that the robber would plug me with enough lead to sink a ship. I think that the best place to hide is in a matchbox. Unfortunately most humans are not small enough to fit in one. I've always thought that it would be comforting to sleep with a gun under my pillow. But the way that I toss and turn, I'd probably accidentally shoot my ear off. That might be good. At least then I wouldn't have to worry

about hearing a burglar anymore. Heck, I wouldn't have to worry about hearing anything anymore.

For protection, I think that the best thing to do is to get fat. That way all you have to do is to sit on the robber and crush all his guts out. Pretty smart, huh?

But seriously, I think the best thing to do is to not think about it. Cause if you do, you will worry yourself sick that way

**Aggie mothers to hold area picnic**

LUBBOCK — The Lubbock Area Federation of Texas A&M University Mothers' Clubs will host a get acquainted picnic for all area incoming Texas A&M students, their families and guests at 5 p. m. Saturday, Aug. 5 at Wagner Park at 26th and Flint.

Those interested in joining the Mothers' Club or attending the picnic may contact Mrs. Sylvia Hennigar at 745-4895 or Mrs. Paul Sanders at 797-1564.

Everyone has good traits, if you will take the time to discover them.

**Calling Old Classmates**

*Letters to the Editor*

COMMENDATION

Dear Mayor Giles McCrary: I appreciated so much your report concerning the twenty-five citizens of the City of Post who have taken the course in Emergency Medical Services. It will make me much more comfortable in driving through that part of the country to know that there is such a cadre of trained personnel nearby should I be so unfortunate as to need their services.

I feel strongly that the City of Post and you personally deserve commendations of the highest order for arranging for this important life-saving teaching to your community. The importance of it is stressed by the fact that the Mayor took it himself.

The Department of Community Affairs was delighted to be of service, and hope that we can continue to merit your confidence, should your local newspaper desire to publish the foregoing as a part of its letters to the editor, please feel free to submit it to them, since I think other cities would do well to emulate many of the accomplishments of Post.

Respectfully yours,  
Ben F. McDonald  
Executive Director  
Texas Department of Community Affairs

Have you ever met anyone who had nothing to complain about?

**ATTEND 4-H ELECTRIC CAMP** — The annual 4-H Electric Camp was held recently in the Sacramento Mountains of New Mexico. The camp, sponsored by Southwestern Public Service Company, is located 28 miles southeast of Cloudcroft and those attending from Garza County are, left to right, Lance Dunn and Scott Lewis. The Southwestern instructor is Don Pemberton from Lubbock.

**SPS quits atomic plant project**

Berl Springer, president of Southwestern Public Service Company, said today that the electric company is withdrawing its offer to provide \$100-million and a plant site for building the nation's first gas-cooled breeder reactor.

"This has been a hard decision for us to make. We have been hoping, for nearly four years, that the plant would be built in our service area. However, the program has met with unusual and continuing delays, and the time has come for us to make other plans to be sure that our customers will have plenty of electricity in the future," Springer said.

Southwestern announced in September of 1974 that it had entered into an agreement with General Atomic Company, developer of the gas-cooled nuclear reactor, to provide the plant site and \$100-million for a nuclear breeder reactor with an electric generating capability of 300,000 kilowatts.

"When we made our offer in 1974, we made a commitment for a demonstration plant ready to turn out electricity on a daily basis, just like any of our other plants. At that time, it looked like we would get that kind of plant in the early 1980's. It now appears that it will be after 1990 before a plant can be built, and it will be a research project subject to shutdown and testing and not one on which we can depend for day to day operation.

"One of our problems is the big battle that continues over the Clinch River Breeder Reactor. The President is unalterably opposed to Clinch River at the same time that he is vague about what breeder technology he would support. The Congress seems just as insistent that Clinch River be built and pays little attention to gas-cooled or other breeder alternatives. As a result, all the breeder debate is on Clinch River, although many of us are convinced the gas-cooled breeder is better. This has delayed the building of a demonstration plant, and it is not to the best interests of our customers to keep waiting around for this problem to be solved," Springer pointed out.

General Atomic has been working on the gas-cooled breeder since 1961. In 1968, a group of utilities representing about one-third of the generating capability in the country was formed to join General Atomic in support of the program. It, also, has had limited financial support from the federal government and some foreign nations.

Southwestern joined the industry group in 1974 when it made the offer of the plant site and the \$100-million.

Helium Breeder Associates was formed in 1976 by some of the original members of the utility group. HBA was started to serve as the organization to contract with the federal government for research and development. When it was established, it was hoped that there would be a significant increase in the federal support of the gas-cooled technology which, in turn, would develop additional utility support.

Southwestern will continue to research nuclear fusion as a charter member of the Texas Atomic Energy Research Foundation. In the fusion process, the atoms are joined, rather than split, and the hydrogen in seawater is the fuel for making electricity.

"We will continue on our plan to use coal as our base fuel. We will, also, look at

**Court suit on standards**

LUBBOCK — The National Cotton Council is filing suit to challenge stringent new cotton dust standards recently issued by the Occupational Safety and Health Administration.

This was announced today by Ed Breihan, Council vice president and cotton cooperative executive from Lubbock. Breihan presided over a regional seminar at the South Park Inn here. The local seminar is one of four being conducted by the council to acquaint industry members with the standards compliance provisions.

other nuclear alternatives and continue our support of the fusion program. The decision we have reluctantly made about the gas-cooled breeder will not, in any way, interfere with our ability to serve our customers, either now or in the future," Springer concluded.

Gutzon Borglum, designer and sculptor of the Mount Rushmore National Memorial in the Black Hills of South Dakota, carved the head of Lincoln from a block of marble which had been in his studio for many years. A cleaning woman who daily came into Borglum's studio paid little attention to the block of marble. One morning, as she dusted it, she saw to her astonishment the unmistakable features of Lincoln in the stone. She hastened to ask Borglum's secretary, "Is that Abraham Lincoln?" "Yes." "How did the sculptor know Abraham Lincoln was in that stone?" she asked. "Vision," was the secretary's reply. When we look, do we really see?

# 1978 grid Lopes will be 'physically stronger'

## First practice here is only 10 days away

Coach Jackie Brown in announcing the opening of Post High School football practice for 9 a. m. Monday, Aug. 14, declared this week his 1978 Antelopes "would be physically stronger" than his 8-2 club of a year ago and "would have more depth."

Post will have only two offensive and three defensive starters returning, but expects 13 lettermen to serve as a strong nucleus with plenty of position challenges coming from players off the first undefeated junior varsity team within memory.

"We'll have more competition for positions this fall," Coach Brown, just back from the Texas football coaching school at Houston, told The Dispatch Monday. "Last year we began the season with much of our starting lineups set," he said. "It won't be like that this year."

The Lope grid mentor expects around 50 grid candidates to report at the opening call which is for seniors, juniors and sophomores only.

Physicals for football candidates are scheduled to be given at 5 p. m. next Tuesday, Aug. 8, at the fieldhouse by Dr. Wilson and Dr. Rodriguez.

Candidates who want the physical exam made by Dr. Tubbs should arrange an appointment at his office. Coaches emphasized each candidate must have his physical before starting workouts.

The official start of the season comes next Wednesday, Aug. 9, when football shoes will be issued to the footballers, beginning at 9 a. m. at the field house and continuing through the day.

The Aug. 14 practice will be without pads as will the first few days of drills. This is a state requirement to get players used to the summer's heat before the really heavy work begins.

Coach Brown said he planned to have only single workouts for the first few days of conditioning drills because the Lopes will have an additional week of work this year before school classes begin.

School is slated for a Monday, Aug. 28 opening, a full two weeks after grid drills begin.

State rules permit players to don pads for the first time Saturday, Aug. 19, and that well may bring an inter-squad scrimmage as coaches will have only a week to prepare the club for its first scrimmage session with another school.

Both of the two pre-season scrimmages are scheduled for Antelope Stadium here this year.

Rails' Jackrabbits will be the first scrimmage opponent on Friday, Aug. 25, and Littlefield will follow here on Friday, Sept. 1.

The Lopes offensive starters returning are Halfback Cliff Kirkpatrick and Center Leslie Looney, while defensive backs Kirkpatrick, Tim Morris and Carlos Varela are the defensive regulars back in the fold.

Besides these four players returning lettermen include Quarterback Bryan Comp-

ton, Fullback Darrell Reece, Halfback Clinton Curtis, tackles Jerry Perez and Greg Pollard, guards Rex Cash and Jay Lott, and ends Jeff Williams and Shorty Bilberry.

All told, the grid squad will have 20 seniors back with plenty of grid experience either on the varsity or junior varsity.

Eight of those seniors will be making their bids off the strongest junior varsity club in years and years and behind them is a fine group of 20 to 22 juniors, who formed a strong sophomore group a year ago on the junior varsity.

"Offensively it is going to take some time to determine who the best people are," Coach Brown said Monday.

Defensively, the Lopes can be as strong or stronger than a year ago if a pair of outstanding linebackers can be found. There is plenty of material for a tough line and three starters return to the deep secondary.

Coach Brown sees District 5AA as being stronger this time around than in 1977.

"When you add a team to the district it is bound to make it stronger," Brown reasons. "It means you are facing seven opponents in district play instead of six and that alone makes it tougher."

This is the first time within memory that the district will play with eight teams.

## Sidelines

By JIM CORNISH

While Tahoka appears the big favorite to win the district 5AA football crown this fall, Post fans should remember Slaton's fate the two previous seasons when they were favored but saw Post and Tahoka win their way respectively into the playoffs.

As far as that goes, just recall three years ago when the same thing happened to Post with Slaton upsetting the Lopes and going far in the playoffs.

Being a pre-season favorite in this district apparently doesn't mean much.

Three new coaches will make their bow in 5AA this season. They are Gary Gaines, the highly successful Petersburg coach who moved west to Denver City in an effort to revive the slumping Mustang football fortunes, Tommy Boyd at Lubbock Cooper, former No. 1 Slaton assistant who went to Calallen last season as Bobby Davis's assistant after a fallout with the Slaton head coach; and Dean Elliott at Roosevelt, former No. 1 assistant at Roosevelt two years ago who is returning this time as head man.

Muleshoe is the other West Texas AA team which in the top slate in the state in pre-season Texas Football picks. The Mules have 25 lettermen returning from a 9-1 team, including 4

## Tahoka pre-season pick to win 5AA grid crown

The Tahoka Bulldogs are not only just about the unanimous favorite to sweep to the District 5AA football crown this fall, according to 1978 Texas Football, which hit the magazine stands here this week, but they are rated No. 3 among all the Class AA clubs in the state.

The Bulldogs, which co-shared the district crown with Slaton last year and went on to become regional champions, return seven offensive and nine defensive starters.

Among them is Fullback Clifford Bailey, the 6-3 200 pounder, who made all-state his junior season a year ago after rushing for over 2,000 yards in the Bulldogs' 9-4 campaign.

"He is the best running back I have ever coached," Tahoka Coach A. D. Shaver says and Shaver turned out state ranked teams almost year after year at Seagraves.

"I think Bailey is the best running back in the state of Texas all classes," Shaver said.

Texas Football didn't rank Bailey quite as high, listing him in its all-state second team backfield, regardless of school class size, and putting him down as the No. 5 choice among running backs of this year's classy senior crop as confidentially ranked by college grid scouts.

Texas Football lists Linebacker Britt Dockery and defensive linesman Rayford Harris, 6-1, 200, as two other Tahoka standouts.

offensive and eight defensive starters.

Mount Vernon is picked to win the AA state title. It has 15 lettermen returning including eight offensive and five defensive starters. Next in No. 2 is Point Isabel with Newton, No. 4, Bridgeport No. 6, Bellville No. 7, Crockett No. 8, West No. 9, and Willis Point No. 10. Bridgeport has 18 of 22 starters returning.

Five District 5AA seniors are listed on the select list of Texas schoolboy prizes based on confidential reports of top college scouts and key high school coaches. When you consider only seven AA players in all West Texas are on the list one realizes the toughness of this district.

The 5AA players are Ricky Davis, Slaton's 6-2, 180-pound quarterback; Clifford Bailey, Tahoka's 6-3, 200-pound all-state running back; Mark Turner, 6-1, 225-pound Frenship line-man; Kenneth Harvey, 6-3,

Returning offensive veterans will include Jerry Hatchett in the backfield with tackles Carlton Ash and Doug Barham, 6-0, 210, and end Brad White.

Lee and Summers and Roddy Brooks also hold spots in the defensive line, with Rickey Chapa in the secondary.

Carlton Jolly has the inside track for the team's new quarterback. Keith Williams, Scott Stevens, and Richard Green should come on in the lines and Johnny Calvillo, Bryan Moore and Clifford Oages will get their chances. End Brad Hammonds should see plenty of action.

After Tahoka, Texas Football sees a big scramble for other final district rankings with Post in the middle of it. Frenship loses eight offensive and eight defensive starters from its 9-2 season of 1977 and a second place finish above the Lopes who also at 8-2 for the campaign were third.

The Tiger line starts with tackle Mark Turner, 6-1, 225, an all-South Plains performer with 4.9 speed. Turner, a three-year starter, will work with Leslie Davis, 6-2, 210, at the other tackle. Todd McKee and Kevin Mitchell are tough in the secondary and Armando Cruz, 5-9, 180, is a proven linebacker.

Offensively, Frenship has tight end Joe Reynolds, 6-1, 215, and running backs Ralph Gonzales and Ed Willard to form the nucleus of the attack.

Slaton, coming off a 9-1

### MONTHS VISIT

Innis Thuet returned to her home Friday following a month's visit in Irving with her daughter and husband, Mr. and Mrs. Ben Benton. Mrs. Thuet reported having a very good time and said she toured the Fort Worth zoo and visited the mall. She did all this in a wheel chair and said "I didn't get a bit tired."

250-pound Denver City linesman and Ray Smith, 6-2, 170-pound Roosevelt split end.

The only other two West Texas AA players on the list are Charles Briscoe, 6-1, 170-pound Muleshoe defensive back, and Kelly Vinyard, 6-6, 190-pound Idalou tight end.

Coach Jackie Brown reports that Tahoka was the pick of district 5AA coaches to win the district crown in the annual voting at state coaching school, but he said he never did hear how the other seven teams in the district were ranked by the coaches.

## New district team brings new schedule

With seven district games this fall with the addition of Seminole to 5AA ranks, the Post Antelopes will have only three non-district games instead of four.

Coahoma has been dropped from the Lope schedule as a non-district foe to make way for the addition of Seminole as a new district game.

Instead of having an open date on the next to last Friday night of the district season, the Lopes this year will have its open date on

the second weekend of the season right after its Sept. 8 opener at Lockney.

That's not the only other big change in the schedule either. To fit Seminole in to the schedules of all district schools, the district slate had to be given a general shuffle this year.

Example: Instead of playing Denver City on the last weekend in October as the eighth game of the season, the Lopes will now open

their district play against the Mustangs at Denver City Oct. 6. They will follow with another road game at Slaton with the Tigers Oct. 13 and then play Cooper, Roosevelt, Seminole, Tahoka and Frenship in the order of succeeding week ends.

Although Post will play five home games on the 10-game schedule only three of the seven district foes will be played before friendly crowds in Antelope Stadium here.

Denver City, Slaton, Roosevelt and Tahoka will be faced on the road with Cooper, Seminole and Frenship here.

Last season, the Post Antelopes were the only club to defeat 5AA co-champ Tahoka. They also beat 4AA champion Colorado City and whipped Floydada, the 4AA runnerup and one of the top contenders in that district.

This season Floydada is the pre-season Texas Post ball pick to win District 4AA. It's a good thing maybe the Lopes dropped Coahoma to make room for Seminole, because Coahoma is the pre-season favorite to win District 6AA. Colorado City, which remains on the Lope schedule, is rated a strong contender for 4A honors.

All five Post football teams will play 10-game schedules this year and although the varsity will open a week later on Thursday, Sept. 14 against Lockney, these teams include the junior varsity, freshmen, eighth grade and several grade teams.

Schedules for all Post teams are as follows:

PHS Varsity: Sept. 8, Lockney at Lockney; Sept. 15, open; Sept. 22, Floydada here; Sept. 29, Colorado City here; Oct. 6, Denver City at Denver City; Oct. 13, Slaton at Slaton; Oct. 20, Cooper here; Oct. 27, Roosevelt at Roosevelt; Nov. 3, Seminole here; Nov. 10, Tahoka at Tahoka; Nov. 17, Frenship here.

JUNIOR VARSITY: Sept. 14, Lockney at Lockney; Sept. 21, Floydada at Floydada; Sept. 28, Colorado City at Colorado City; Oct. 5, Coahoma here; Oct. 12, Slaton here; Oct. 19, Cooper at Cooper; Oct. 26, Roosevelt at Roosevelt; Nov. 2, Seminole at Seminole; Nov. 9, Tahoka here; Nov. 16, Frenship at Frenship.

FRESHMEN: Sept. 14, Lockney at Lockney; Sept. 21, Floydada at Floydada; Sept. 28, Colorado City at Colorado City; Oct. 5, Coahoma here; Oct. 12, Slaton here; Oct. 19, Cooper at Cooper; Oct. 26, Roosevelt at Roosevelt; Nov. 2, Seminole at Seminole; Nov. 9, Tahoka here; Nov. 16, Frenship at Frenship.

8th and 7th GRADE TEAMS: Sept. 14, Lockney here; Sept. 21, Floydada here; Sept. 28, Colorado City here; Oct. 5, Coahoma here; Oct. 12, Slaton here; Oct. 19, Cooper here; Oct. 26, Roosevelt here; Nov. 2, Coahoma here; Nov. 9, Tahoka here; Nov. 16, Frenship here.

7th and 8th GRADE TEAMS: Sept. 14, Lockney here; Sept. 21, Floydada here; Sept. 28, Colorado City here; Oct. 5, Coahoma here; Oct. 12, Slaton here; Oct. 19, Cooper here; Oct. 26, Roosevelt here; Nov. 2, Coahoma here; Nov. 9, Tahoka here; Nov. 16, Frenship here.

## Post team champs of Slaton loop, tourney

The Post Women's Softball team, which recently won the Slaton Women's Softball League title and the Slaton tournament last weekend will next compete in the Tahoka tournament this weekend, Aug. 3-5.

The local team finished the Slaton league season with a record of 10 wins and one loss and most of the victories were by big margins.

Their victories included Post 34, Wilson 6; 20 to 6 over Slaton Merchants, 26 to 0 over Citizens State Bank of Slaton, 12-0 over Joe's Feed Store of Slaton, 55-9 in return game with Citizens State Bank, 17-1 over Slaton Merchants, 14-4 over Freddie's, 34 to 7 over Joe's of

Slaton and 15-0 over Wilson. Their only league defeat was a 19 to 18 triumph by Wilson.

In the Slaton tournament, the Post girls defeated the Slaton Merchants 13 to 10 and then walloped Freddie's of Slaton 18 to 8 in the finals.

Players on the team include Brenda Angerer, Lu Allen, Jackie Lester, DeLores Redman, Melani Holly, Rhonda Holly, Cindy Johnson, Jodine Tipton, Brenda Worsham, Vicki Diggs, Socorro Storie, Terry Patterson, Karen Pennell, Patti Hair and Kathy Gilmore.

Terry Patterson is the team manager. Sponsors for the team are Strawn Transport and Acid, Palmer Construction and Well Service and H&M Construction.

## Still two vacancies on coaching staff

A coaching shortage has Athletic Director Jackie Brown still looking for two coaches to round out Post's 1978-79 staff with football season only 10 days away.

He may not find them either. Brown couldn't find any new prospects at the state coaching school in Houston last week. About his only hope now is to line up one or two summer college graduates who will be seeking their first coaching jobs.

Post lost three coaches off its 11-member staff of last year and has as yet to find a replacement. Departing were John Alexander, basketball coach and grid assistant, moving up to Class AAA Jacksonville, Tex., Bill Unberhagen, who returned to his hometown of Holland, Tex., to teach only, and not coach; and Greg Eubank, tennis coach who has moved to Victoria, an AAAA school where he will coach tennis year round.

Others are Tackle Selman, 210, Fullback Jim Hill, Quarterback Mike Grass and Center, Jay Osborn, linebackers Kirk Collings and Kirk Christy and corner back Kirk Jackson. Sure to help too is 225 tackle Davis Griffin.

Brown agreed with the administration to trim the staff to 10 coaches, which still leaves him short a tennis coach and grid assistant.

He isn't looking for a basketball coach because Jerry Reynolds is being recommended to take over as head boys basketball coach.

Present coaches include, besides Brown and Reynolds, Chili Black, John Morrow, Mickey Long, Lane Tannehill, Joe Giddens and Lu Allen.

Brown is holding up on making his coaching assignments until he determines the final size of his staff for the new school year.

### SON VISITS

A. C. Thomas of Odessa is visiting in Post this week with his mother, Mrs. Innis Thuet and other relatives. He will leave Post Thursday.

## Post tennis tourney will be Aug. 17-20

The Post Tennis Tournament will be held Aug. 17-20 at the Post High School tennis courts with players restricted to living in class AA or smaller school districts.

The adult division will include men and women singles, doubles and mixed doubles. Entry fee will be \$5 for each event entered. Adult divisions will be played Aug. 19-20, depending on the number of entries, the division will be divided into high school graduate to 35 years old and 35 years and over.

The high school division will include boys and girls singles and doubles with entry fee set at \$3 for each event.

Junior high division will include boys and girls singles and doubles with entry fee also at \$3 per event. All junior high and high school events will be played Aug. 17-18.

All entries must be received by Aug. 12 either by calling Lu Allen at 806-495-2157 or Patsy McCowen 806-495-2300 or mailing to "Tennis", Box 432, Post, Texas.

PRICE WATCHER UNIT — Pictured above is the Piggly Wiggly "price watcher" assigned to the Lubbock area and her "price watchers wagon" drive to keep the super market's prices competitive.

## Piggly Wiggly opens price watcher drive

many supermarket prices, Sally Worski is tired about high food prices. "It's terrible," she shaking her head. "Prices are so high I trouble just feeding a family of four."

Food costs are a problem, but people have to eat. Mrs. Worski's problem is no different. So she is the ex-physical education teacher from Las Cruces, N.M., coping with the problem? Already she armed herself with a paper, a clipboard, a pen and a sharp eye for finding and comparing prices in major food stores. Mrs. Worski is not the matter into her for her own benefit. Findings, along with other "price watchers", will be revealed on a television commercial for Piggly Wiggly to keep its prices competitive in 18 cities in the Southern New

campaign gives an opportunity to "price watchers" to check and compare prices in other stores. Wally Williams, Piggly Wiggly president, explained. Piggly Wiggly made the decision to check prices on more than 25 grocery items after a survey of shopping habits of consumers in Lubbock, Midland, Snyder, Andrews, and

### of Cotton plants sought

LUBBOCK — Tommie Williams, chairman of the Chamber of Commerce and the Chamber of Cotton Producers, announced this week that the dates for the actual planting of the cotton crop are set for August 6 and 7. Williams said any interest between the ages of 18 and 23 that has never been married, born in a producing area, and 5'8" tall or taller should contact the Lubbock Chamber of Commerce for information.

Burkburnett, Texas, was conducted by the Sanders Company Advertising and AIM Marketing Research in April.

While the results of a similar survey in El Paso showed the majority of shoppers as being extremely price conscious, consumers in the five Texas cities listed convenience as a top priority — just slightly above low prices. Respondents to the survey were selected at random by each city's telephone directory and were contacted by phone.

The results of the survey indicated that price is so important that, while 91 percent of all shoppers interviewed go to a grocery store within five miles of their home, 45 percent said they will bypass a store near their home for another with lower prices.

Among price and convenience, other major factors consumers listed in selecting a store included friendly, courteous employees, green stamps, meat and produce, variety and store cleanliness.

Explaining the reason behind the new price watcher campaign, Williams said, "We need to stay on top of what the other stores are doing in order to insure that we stay competitive." and to put a further guarantee on the new system, Williams has promised to "Triple the Difference" during any week if consumers are able to find lower prices on the same items at other stores. If the other supermarket's total is lower, shoppers just bring in their Piggly Wiggly receipt and a list of the other store's prices to receive a triple refund on the price difference. Fresh meat and produce, however, will not be included because the quality, cut and trim can vary from company to company.

Although some price watchers will be easily identified in green and white outfits, others will remain "undercover". Williams said. A brightly painted Piggly Wiggly Volkswagen has been furnished for price watchers in Lubbock, while a second one will be used in the El Paso — Las Cruces area.

WALLY WILLIAMS President

**COMING SUNDAY —** Delbert Downing of Snyder, one of the most versatile after dinner speakers in the Southwest and past president of the Christian Men's Fellowship of the state of Texas, will speak at the First Christian Church at 11 a. m. Sunday.

### DQ recognition to Mike Longs

Mr. and Mrs. Mike Long, Box 603, Post, are receiving special recognition from the Post Dairy Queen.

Of all the couples with wedding anniversaries in July who have signed up for the anniversary dinner program at the Dairy Queen, the Longs have been married the longest. They were wed on July 20, 1967, and thus are celebrating their 11th anniversary this month.

Every couple registering at the Post Dairy Queen will receive a free wedding anniversary dinner at the restaurant as a gift of Dairy Queen, whether they are celebrating their first, 50th or even longer anniversary during the next 12 months.

If they wish, they are served at a special table covered with a white table cloth and special white napkins to create a festive atmosphere for the anniversary dinners.

The program, believed to be the first of its kind for Dairy Queen, encompasses almost 50 DQs in Central and West Texas that are a part of the Chapman Fast Foods organization.

Russell Blad is manager of the Post Dairy Queen.

### Small shower here for week

The cloudy possibilities of rain for the week developed only into .12 of an inch of moisture here last Wednesday night.

Farmlands north of Post are reported, however, to have received much more beneficial amounts from that overnight shower.

Post got one more 100-degree day for July last Thursday to bring the century days for that month to 11, well above normal.

Young and old Southland High School exes and friends are expected to be on hand Saturday, Aug. 12 when the Southland reunion begins, according to Mary Jane Jackson, who is helping coordinate the weekend's activities.

Registration begins at 3 p. m. and there will be a potluck supper starting at 6:30 p. m. with both events to be held in the new Southland School complex.

According to Ms. Jackson, rooms will be available for individual class gatherings if desired. She also urges all attending to bring photo albums, high school annuals and memorabilia. Anyone knowing addresses of ex-students of SHS are asked to contact them about the reunion.

Freedom is too often taken for granted by Americans.

**Postings-**

(Continued From Page 1) in the CE Steer Roping here, won \$10,570 in the steer roping at the big Cheyenne rodeo recently. Sonny placed third in the opening round for \$2,661, fourth in the next for \$1,922, and won the average with a total of 55.3 seconds on three steers for \$5,987 more.

In the morning mail came a release from the Screw-worm eradication headquarters in Mission, Tex., reporting that screwworms are being found in increasing numbers in dogs as well as cattle. A total of 214 cases of screwworms in dogs were reported in June, 19 percent of all screwworm cases reported.

Ray Smith, one of the early day arrivals on the Post scene, dropped in the office Friday to say The Dispatch's information was wrong on when the Santa Fe depot here was built. The date on the plans we saw read June 30, 1916, so we figured completion by 1917.

Ray, who came to Garza County as a Santa Fe station operator Feb. 5, 1915, reported the first train into Post arrived in 1912 and the depot was built at that time. That makes the station five years older — or currently 66 — than we reported last week.

Smith was the first Santa Fe operator at Justiceburg and then was transferred here to Post in October of 1915.

Dispatch classifieds are the cheapest ads in town. Try one, you'll like it.

**Lance Dunn's record book wins district**

Lance Dunn, with a record book on swine, won district and his book will enter state competition at Texas A&M University the last of August.

The book was judged along with 14 other Garza County 4-H record books at the district record book competition held in Lubbock

July 31 at the Garden & Arts Center.

Brent Mason with a book on leadership and Lisa Cowdrey on gardening won third place ribbons in the senior division.

Participation ribbons were presented to Camille Wheeler on beef; Brad Mason, sheep and Katrina Chaffin, achievement.

Junior book blue ribbons were presented to Derik Dunn swine; Mike Johnson, poultry; Diana Basquez, home environment; Jana Middleton, beef and Kayla Peel, food nutrition.

Red ribbons were won by Kraig Peel, horse; Renea Melton, leadership; Tanya Bland, clothing and Darla Jackson, sheep.

Attending the competition were agents, Syd Conner and Paula Cawthon.

**Rodeo set-**

(Continued from Page 1) at each performance for the first one getting wild cow milk into his bottle.

The Post Stampede association got merchants' downtown windows painted with rodeo reminders this week and hope to have two street banners above US-84 about the rodeo by the first of next week.

Entries still are being accepted at the Post Chamber of Commerce office for the rodeo parade. The parade is scheduled for 5:30 p.m. next Thursday, Aug. 10. Cash prizes will go to the best three floats. Everybody who is mounted is invited to ride in the parade.

The grand entry for the rodeo each night is scheduled for 7:45 each night with the first rodeo event at 8 p.m. sharp in what the Post Stampede Rodeo Association has billed for years as "the fastest rodeo in the West."

The Maines Brothers of Lubbock will play for the big rodeo dance which will follow each rodeo performance on the big covered slab next to the rodeo arena.

Jay Hart is the president of the rodeo association this year.

(Continued From Page One)

in its area when the federal hospital guide lines came out and found of the 27 hospitals, 11 would have to close their doors and only two could offer birth service at a level to meet the federal requirements.

"We have many quality-operated small hospitals in West Texas," she added.

She said as a result of these findings and meetings sponsored enough public interest was stirred up to bring the deluge of letters from West Texas.

This eventually resulted not so much as a change in guidelines written only to fit big city hospitals but provided exemptions to the guidelines to which most small hospitals can probably qualify, she said.

So many have the attitude as citizens, she said, that they can do nothing to change things even though they don't like a lot of things the government does to them.

"But they can — you can" — she summarized, "just by writing your congressman or senator or telephoning his staff. They do listen. The John Doe letters do count. You can be heard."

**New nursing-**

(Continued From Page One)

family this week. He and his wife have four children. They purchased Jimmy Mitchell's home at 804 West 12th. Mitchell, who has a new home in the Cedar Hills addition west of Post almost completed, has moved in with his parents for the time being.

Hank plans to move here too within the coming week. He has sold his convalescent center in Luling.
