

'Firebug' is loose in Post

Two suspicious early morning fires here Wednesday — both believed set by an arsonist or arsonists — destroyed a vacant house at 611 West Third and brought firemen to extinguish some burning paper towels in the outside stairway to the second floor of Marshall's Department Store downtown.

Actually, no damage resulted from the downtown

fire, which was reported to the sheriff's office by CB radio at 12:10 a. m. But it could have touched off a major downtown blaze.

The fire which destroyed the frame and stucco house was reported at 3:20 a. m., but it was so far along before being discovered that the roof was falling in by the time firemen arrived.

Sheriff Jim Pippin told The Dispatch that the house,

owned by City Councilman Lewis Holly, was vacant, locked, and had all utilities cut off at the time of the fire. The sheriff said the fire "apparently was set inside the house."

As for the Marshall stairway fire, the sheriff said smoldering paper and fresh footprints were found by officers on the stairs. There was no smoke damage to the department store.

Fire Marshal Charles Cooper told The Dispatch that Post has had a "firebug" on the loose here for several months and that four or five other fires apparently had been set.

Flames were rekindled at the vacant house and firemen had to make a second run to the location shortly before 9 a. m. yesterday six hours after the first alarm.

The two Wednesday fires followed seven weekend grass fires which signaled the arrival of another dry spring.

Several of the grass fires also apparently were set, but these probably by youngsters. Several were reported around city-county park and the Santa Fe right of way. The longest run was made to one near Fluvanna which threatened but did not damage a rural home.

The Post Dispatch

Fiftieth Year

Post, Garza County, Texas

Thursday, March 23, 1978

Number 43

UPPER CROWD — Shown is part of the crowd attending the Rotary pancake supper held last Thursday night in the community center with the proceeds going to the Garza Trail Blazers clubhouse. Nearly 400 attended the affair. — (Staff Photo)

Ever since we began publishing in colored press with The Dispatch's conversion to offset, we've wanted to do a two-color "signature page." Last week in looking forward to Easter we said "why not" and turned to Norma Baumann and Joann Murrell to help on the project. We liked the idea of local folks. They liked it — so you'll find our first two-color Easter page over on page 11, fronting the second section.

We hope it turned out as well as we visualized it in our mind's eye. And if it did, credit goes to the press crew at Brazos Offset for making their inks into pretty spring colors.

If you notice that big ad on page 3, Damon and West are really scrambling this week in their effort to get Damon's (little d is correct) restaurant open in time for Easter.

They're announcing the opening of the restaurant every day now, hopefully every evening. Originally scheduled for Thursday.

But Thursday, Friday, Saturday — or next week — the restaurant is going to be worth waiting for. It's going to be by far the best restaurant Post has ever had with thick carpet on the floor, elegant appointments, and a private dining room seating 50.

Damon says he is going to specialize in fish as well as steaks and Mexican food and was out shopping last week for fish ideas.

Last time we saw them — Sunday evening — they were settling in for a long night's work. So watch for the opening — "any day."

Next door to Damon and West, Bob West is the Postings. Page 10)

LUCKY WINNER — Lorene Blacklock, left, is shown with Patsy Sanderson and the quilt that she won at the pancake supper last Thursday night. Mrs. Sanderson made and donated the quilt to the Garza Trail Blazers clubhouse project. A total of \$279 was made from the quilt. — (Staff Photo)

Cakes, quilt bring \$1100

The Garza Trail Blazers clubhouse in the Algerita Hotel will benefit over \$1,100 from the Post Rotary Club's third annual pancake supper last Thursday night in the Post Community Center and the handmade quilt contest conducted by the Trail Blazers.

James Mitchell, treasurer of the Rotarians, said the club "cleared" between \$850 and \$875 on the supper with some tickets or funds still to be checked in.

He reported nearly 400 persons turned out for the benefit event, enjoyed all (See Pancake, Page 10)

City accepts bid to expand fire station

The only bid of \$20,888 by Trusha Buildings, Inc. of Lubbock to construct a 35 by 75 or 14 foot addition to Post's all-metal fire station was accepted Monday night by the city council.

The fire station expansion, agreed to last year by the council, will provide the extra bays needed to store the rest of the "grass fire trucks" and provide a repair bay.

Mobile bomb scoring site open house is Friday

OLD GLORY — The American flag is shown blowing the wind at the mobile bomb scoring site just outside the city limits east of Post on US-380. The site will host an open house Friday, March 24 from 9 to 4 with the public invited to tour the facility. — (Staff Photo)

75-bed nursing home approved

Hank Huntley reports he has been approved by the Texas Health Facilities Commission to build a new 75-bed nursing home here in Post.

Huntley phoned the good news to his brother, Sexton here following last Thursday hearing in Austin on Huntley's application for a certificate of need.

The former Post man, who many years ago operated a television and appliance store here with Ed Sawyers, had asked permission to build a 90-bed rest home, but the commission reduced the home's size to 75 beds.

The home is scheduled to be built adjacent to Garza Memorial Hospital on the north on several lots now owned by the hospital.

Huntley said he expects to come to Post Tuesday to get started on the project.

He said optimistically he hopes to have the rest home in operation "within six months." It will probably take a year to 18 months.

Hospital Administrator Ed Zingraff was delighted with the news of the new nursing home when informed by The Dispatch of the state approval for the long delayed project.

School slate to give views

The Citizens Task Force will sponsor a presentation of all eleven candidates to the Post school trustees at 7:30 p.m. Monday in the Post Community Center.

An out-of-town moderator will give each of the candidates, who are running in the April 1 school election for three places on the school board, an opportunity to answer questions and present their views.

Questions also will be asked the candidates by those in the audience.

Perkins promoted to Ballinger

Garza District Soil Conservationist Fred Perkins was introducing his replacement, Dwaine Binford, here this week.

Perkins, who has been here two and one-half years, has been reassigned to a larger district with headquarters in Ballinger. He will leave this week for his new assignment.

Binford will come to Post from Wellington, Tex., and will assume his duties here April 24.

He said such a large nursing home would materially increase Garza Memorial Hospital's use and occupancy over the years.

Huntley now operates a nursing home in Luling. See Nursing home, Page 10

Second boy is shot here

Post had a second accidentally shooting involving two more youngsters playing with an old .22 rifle late Tuesday morning, but this one resulted in only a leg flesh wound.

Patrick Sanchez, two-year-old son of Mr. and Mrs. Richard Sanchez, 513 South G Place, was brought to the emergency room of Garza Memorial Hospital at 12:05 p. m. Tuesday.

He had been shot in the calf of his leg and physicians removed bullet fragments. The child was kept in the hospital overnight for observation.

According to the sheriff's department, Patrick and his four-year-old brother were playing with the old gun on a bed when it discharged hitting Patrick in the leg.

Richard Fuentes was baby sitting with the youngsters and brought the wounded boy to the hospital.

POINTS TO SOUTHWEST — Frank (Chief) Runkles points to the southwest to end his Tabana Yuan'e (sunrise wind) ceremony Wednesday in city-county park to indicate poor 1978 crops. Behind him are his three ground assistants, Douglas and D'Lane Runkles of Midland, his grandchildren and Joe Hays of Kress, dressed as a medicine man. — (Staff Photo)

Poor crop forecast

It's a good thing the sun didn't come up a few minutes early yesterday or farmers would be facing "parched prospects" indeed for a 1978 crop.

By the time Frank (Chief) Runkles had completed his Tabana Yuan'e (sunrise wind) ceremony in city-county park, the swirling winds had swung from the south to (parched crops.)

Noah Stone, who has been checking sunrise wind direction on March 22 for over 40 years in accordance with Indian legend, pronounced the wind's direction at sunrise from the southwest.

Although Chief Runkles announced that to the crowd of well over 100 who had gathered to watch that this meant "only a fair crop", Stone told The Dispatch the wind's direction actually indicates "a poor crop."

The wind would have had to swung all the way around to the east or northeast for

"a bumper" crop prediction. Over 100 persons ate a Jackson-catered breakfast in the 4-H building before

and after the ceremony, the biggest turnout in several years of Chamber promotion. (See Tabana, Page 10)

Boy fatally wounded in 'play' with gun

SEAN PATRICK PARKS

Sean Patrick (Patty) Parks, seven-year-old Lubbock boy, was fatally wounded Saturday evening in an accidental shooting on the Garza farm of his great-grandparents, Mr. and Mrs. Pat Blacklock.

Justice of the Peace Racy Robinson held a brief inquest into the shooting that night and ruled death by a gun accident.

Patty, son of Mrs. Reba Teal Parks, died at 7:30 p. m. Saturday in Garza Memorial Hospital to which he had been taken by Mr. Blacklock following the shooting.

The justice of the peace told The Dispatch that Patty and an older brother had gone to take a bath when they found an old .22 rifle hanging on a bedroom wall.

They got the gun down and it accidentally discharged, a bullet striking the boy in the chest and passing through his body, according to Mr. Robinson.

Mrs. Parks is a former Post resident and was raised here.

Funeral services were conducted at 2 p. m. Monday in the First Baptist Church here. The Rev. Jack Garrett, pastor of the First Christian Church of Brownfield, officiated, assisted by the Rev. Clayton Pennington of Fluvanna's First Baptist Church.

Survivors include the boy's parents, Mr. and Mrs. Barry Parks of Lubbock; two brothers, Lance and Terry of the home in Lubbock; one sister, Heather, also of Lubbock; grandparents, Lorene Shepherd and Junior Shepherd, both of Post; and Elmer Teal of Lubbock; and the great-grandparents.

Palbearers were Don (See Shooting, Page 10)

RADAR CHECK — Mike Neral who has been at the Air Force bomb scoring site only two and one-half weeks is shown checking the radar to see that all is in readiness for bombers flying this route. Mike, who calls New Jersey his home state, is only one of the 17-man squad stationed here.

Farm picture brightens

The senate by a big margin Tuesday passed a package of emergency farm legislation which promises to brighten the farmers' economic outlook considerably.

Actually, before the package is taken up for house action a lot of changes probably will be made. Then after the Easter recess, the whole thing may require some compromising with the Carter administration which still is reportedly not in favor of new farm aid legislation.

There isn't exactly a threat of a Jimmy Carter veto. But that is possible.

Remember only a week ago, the cotton farmer had been taken out of the emergency benefits by and large. Now he is back in again.

It is too early to say what will happen before final passage, but it is pretty obvious after the senate halted debate on the Panama Canal treaties to hustle the emergency farm legislation through in a

single day Tuesday that the farmers have made their impact felt in Washington.

This is no time for rejoicing yet on the farm front. There is still a good ways to go in the legislative process.

But it appears the farmers have the momentum — and the votes — to get some economic relief from the crunching price squeeze.

Now's the time to be patient — and alert.

Of course unless it starts raining pretty soon, the farmers may have to go back for a pure disaster package. There is that little item to consider too. It's been awfully dry around here lately, and that Indian legend crop forecast yesterday morning didn't exactly indicate any bumper crops. It looks like a lot of cotton acreage will be taken out of production this year — and economically that is sure to brighten the picture on down the road.

Governor's race closest

Texas politics are just beginning to "heat up" as far as the voters are concerned, although the candidates have already been campaigning hard for months.

Texas Monthly, which distributes some of the liveliest writing throughout the state every 30 days, had its political handicapper come up with the current odds in the major primary races around the state in its latest issue.

The closest match, according to TM, is the governor's race in which Dolph Briscoe is given a "point after touchdown" nod over Attorney General John Hill. TM describes this one as a "once in a generation" battle between Texans who want as little government as possible — and have gotten a lot of that from Briscoe — and those who want an activist governor as Hill is sure to be, if he can manage to get elected.

For the Democratic nomination for senator to oppose Tower, suave Bob Krueger, who was in Post last week, rates a six-point edge over Joe Christie, who wasted months making up his mind to run while Krueger was winning money and political commitments that Christie could have had.

Price Daniel Jr. is a two-touchdown pick (14 points) over Briscoe's recent secretary of

state in the race for attorney general.

Reagan Brown, who tells some great jokes in his Chamber of Commerce banquet speeches, is another Briscoe aide but favored to win. He is rated an eight-point edge over Joe Hubenak, a state representative from Rosenberg, in their race for state commissioner of agriculture.

Harry Ledbetter is seeking to become the second Texas Aggie ever elected to statewide office as he battles Warren G. Harding for the state treasurer's nomination. Ledbetter is rated both articular and smart, but is fighting an uphill battle against voter apathy and a familiar name (look what that got Texas into last time on its supreme court). Harding is given a touchdown edge (7 points).

But this is before the vote drive for the wire begins. Things can change. Any handicapper worth his salt stands willing to change his mind a little and move the points around.

So keep your eyes on the players. This may be one of the best campaigns in years. Not to count all those articulate people running for Congress this year now a lot of Texas senior citizens have decided to move out of Washington.

25-YEAR AWARDS — Shown l to r, Floy Richardson, Dick Tanner, R. Furman Vinson of Flomot, Grand Master, and Dr. Harry Tubbs. Vinson, who is the first Grand Master to ever visit the Post Masonic Lodge, presented 25-year pins to these men in ceremonies held at the local lodge Thursday, March 16. — (Staff Photo)

Post man at Houston mee

J.D. McCampbell of Post Texas, has just returned from Houston where he represented the Federal Land Bank Association at the annual stockholders meeting of the Federal Land Bank of Houston. The meeting, held at the Hyatt Regency Houston, was attended by members of 65 Federal Land Bank Associations in Texas.

George W. Cunningham, President, in his report to the stockholders, stated there was an increasing demand for new loans in 1977 and four of the last five years' loan closings have exceeded \$200 million.

Speakers for the meeting included Donald E. Wilson, Governor of the Federal Reserve Administration, Washington, D.C. and Dr. Carl G. Anderson, Extension Economist in Marketing, Texas A & M University. The Federal Land Bank Association of Tahoka makes and services loans in this area. Members of the Board of directors are F. McGinty, Avery Moore, J.D. McCampbell, L.A. Fosythe and Joe D. Untro. Fred McGinty and Manager Jay Dee House also attended.

Remember When

10 YEARS AGO

Gene Moore assumes management of Pioneer Natural Gas Co. here; Jim Jackson awarded Outstanding Young Man award from Post Jaycees; Post Community Chorus to present "The Messiah" by George Handel; Mrs. Danny Odom honored with layette shower in the bank community room; Janice Gordon receives the title of FFA princess at South Plains Junior Livestock Show in Lubbock; Ronald Thuett, Post High graduate, is listed on deans list at Texas Tech; Mrs. Ronald Babb, president of Amity Study Club, places second in oral reports at Caprock District women's convention; Driver of Post school bus and Post schools receive thank you from Marfa schools on assistance given by the driver, John Martinez; Post schools win four firsts at UIL contest to finish second in District 4AA competition; Mary Ann Norman, Elizabeth Young, Kathie Morris and Sue Cowdrey will represent Post in 4-H District Food Show.

15 YEARS AGO

Marsha Tipton wins first place in the 11th annual Garza County Spelling Bee; Jimmy Minor and Jimmy Short win recognition as top students in their respective classes at Tech; Mrs. Larry Williams honored with miscellaneous shower at the community room at the bank; Cisco Wrangler Belles, which includes Judy Clary of Post, will perform at Post High School; David Nichols and Nita Wilson receive honors as top boy and girl athletes at PHS; Jimmy Moore of Post named one judge of South Plains Junior College rodeo; Mr. and Mrs. Ronnie Bouchier announce the birth of their daughter, Ryla B., born in Methodist Hospital in Lubbock; Dianne Maxey new FHA president.

25 YEARS AGO

Ordinance requesting the installation of traffic light at intersection of Main and Lubbock highway okayed by Post City commission; Easter Sunrise service planned by city ministers; Average crop year predicted by Noah Stone who conducts smoke tests according to Indian legend; Barbara Norris, Jack Kirkpatrick and Betty Mills, Post graduates, recognized at Tech's "Parade of our Best" ceremonies; Post seniors choose Colorado Springs as their senior trip choice; New '33 Studebaker goes on display here this weekend; Piggly Wiggly advertises Honey Boy Salmon for 39 cents for one pound can.

My School Views

GOALS

Our school system's primary goal should be to graduate a young adult who can read, write and speak clearly. Our graduates should be assets to the community. Students should meet the requirements of each grade before being passed on to the next grade.

SCHOOL BOARD

All our school board meetings and business should be conducted according to the law. Board meetings should be well publicized, documented and open. The public should be encouraged to attend. The basic agenda and meeting times should be published as far in advance as possible.

ATTENDANCE

Truancy laws and school attendance regulations should be enforced and unexcused absences reported to the parents.

TAXES AND SPENDING

School spending and financing should recognize there are limits. Budget planning should consider the future tax base as well as the educational needs of the community. "Nice to have" programs and consultants should be reviewed with an eye on the contributions they make to the system.

DISCIPLINE

The parents should be responsible for the actions of their children. The school should enforce all the rules and regulations equally and fairly.

Raymie Holly wins Tourney matches

Raymie Holly advanced to the quarter-finals of the singles in the Lubbock Tennis Tournament last week, winning three matches before being eliminated by John Vaszauska of Lamesa 6-2, 6-2.

In earlier rounds, Holly defeated Ronnie Collins of Lamesa 6-1, 6-0; Kevin Slaton of Slaton 6-3, 6-2; and Dell Valasquez of Lamesa 6-2, 7-5.

Holly advanced the fourth round of seven Post singles matches and six doubles matches in the boys and girls tournaments.

Other boys singles matches, Mike Macy bowed out to Ken Roberts of Denver 4-1, 6-0; Pat Mitchell defeated Joe Wynn 6-0, 6-0; and Johnny Morrow was defeated by Mike Rossius of Lubbock Junior High, 6-0, 6-0.

In the boys' doubles matches, Conner and Mike Macy defeated Masten and Wynn 6-1, 6-0, before being eliminated by Farrell Ware 6-2, 6-3. Brad Hubbard and Jimmy Pruitt defeated Haggard and Karlik 6-1, 6-0; and Mike Stelzer and Chuck Stelzer defeated Burron and Lamesa 6-2, 6-1.

In the girls singles Debbie Pratt won two matches before being defeated by Rhonda Shallowater 7-5, 6-3. She earlier beat Kathy Wynn of Estacado 6-3, 7-6, and Shellen Hanning 6-3, 7-5.

Other girls singles, Julie Wynn pulled out a tough five-setter over Lee Coe of Lamesa 6-0, 4-6, 6-1, before being defeated by Velez of Mackenzie Junior High 6-1, 6-0; and Nancy McCowen defeated Beverly Greenville of Plainview 6-4, 1-6, 6-5, before being eliminated by Beverly Wynn of Mackenzie Junior High 6-1, 6-4.

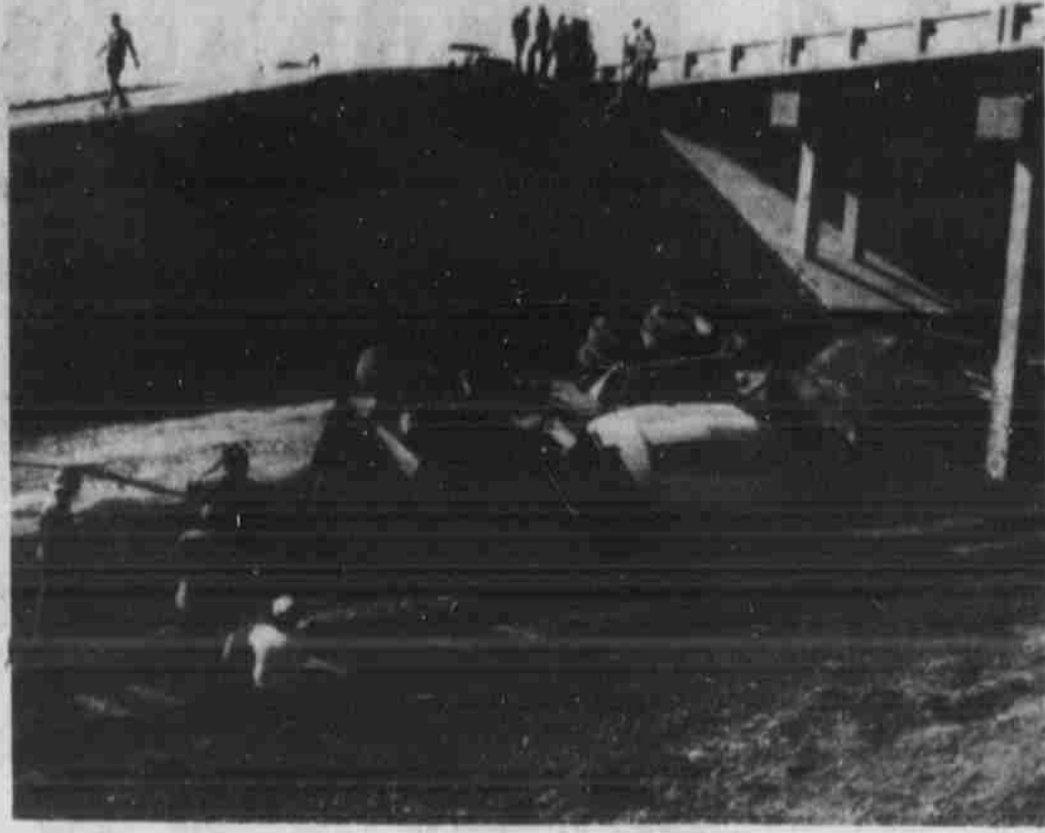

In the girls doubles, Lamesa Davis and Susan Wynn defeated Jones and

Verden of Springlake-Earth 3-6, 6-2, 6-4, before bowing to Stolk and Tyson of Anton 6-3, 6-2; Holly Giddens and Sharla Macy bowed to Debbie Polvado and Susan Polvadd of Morton 6-0, 6-0; and Nancy Clary and Cindy Kirkpatrick were eliminated by Masten and Waters of Morton 6-2, 6-3.

Almost \$20,000 in February sales tax

The city of Post has received a February check of \$19,703.76 for its February sales taxes, up over \$4,000 from the \$15,512.57 for the same month in 1977.

This brought Post's one percent sales tax collections to \$25,843.35 for the first two months of 1978, a 13 percent increase over the same two months a year ago.

WHOOOPS! — This cement truck owned by Lubbock Builders overturned when the four-foot embankment gave way beneath it last Thursday afternoon. The truck was on its way to pour concrete beneath the overpass. The driver, Clemente Montez, 34, was treated and released at Garza Memorial Hospital for minor injuries. — (Staff Photo)

LUBBOCK — Although preparations for cotton planting on the High Plains are well under way, total cotton acreage in the 25-county area, which came to an estimated 3.7 million last year, is still "up in the air," according to officials of Plains Cotton Growers, Inc., Lubbock.

"Changes in provisions of the government feed grain and cotton programs are still under consideration in Washington," notes PCG Executive Vice President Donald Johnson, "and a change or changes in either or both, even at this late date, could have a significant effect on farmer crop selection."

Earlier PCG calculations, based on program an-

nouncements made in late 1977, indicated there could be a small increase in cotton acreage on the Plains in 1978. USDA's January 20 planting intentions report placed statewide cotton acreage at 6.4 million, down only 200,000 acres from 1977.

"Since our own information led us to believe there would be more than a reduction of 200,000 acres in other areas of the state," Johnson says, "the USDA report appeared at the time to confirm our expectations for the High Plains." USDA's Crop Reporting Service will have another planting intentions report April 13, based on a sampling of nearly 3,000 farm operators.

will most likely be the major factor in determining 1978 cotton production on the High Plains, Johnson reminds.

According to the Fall and Winter Soil Moisture Survey, compiled with partial support from PCG by Oliver Newton, recently retired National Weather Service Agricultural Meteorologist in conjunction with Texas A & M Research and Extension Center at Lubbock and Halfway, "the top five-foot layer of soil is very dry over all sections of the South Plains."

The report goes on to state that a high percentage of the area needs from five to seven inches of moisture, well above normal, to re-wet the soil before planting time. Snows received since the survey was completed have provided from one to two inches of moisture over most of the Plains area. But experience teaches that this amount is generally absorbed in the top foot of soil and has little effect on

deeper layers. "Timely rains could turn the situation around," Newton says, "but based on historical records, assuming current planting intentions of 3.7 million acres, the odds are probably against production from the 25 High Plains counties exceeding a maximum of 1.7 million bales."

VISIT IN HALE CENTER
Mr. and Mrs. Noel White, Steve, Keitha and Sam Butler and Mr. and Mrs. T. C. White visited in Hale Center Friday evening with Mr. and Mrs. Carter White and Cynthia and Mr. and Mrs. Silas Short and sons. The group enjoyed a musical and sandwich supper in the basement of city hall. Others attending were Mr. and Mrs. Stanley McNeely and Mr. and Mrs. Jerry McNeely and several local friends.

Post man given 25-year award

Cornish-Shaffer vows exchanged in Denver

Susan Jane Cornish and Paul Douglas Shaffer, Denver residents, exchanged wedding vows on Saturday, March 18, in a ceremony at the Denver Botanic Garden in Washington Park.

The double ring ceremony was presided over by the Rev. H. Morris, Jr., United Methodist minister of Sutcliffe, and an uncle of the bridegroom, before family members and close friends.

The bride is the daughter of Mr. and Mrs. John Cornish of Post. The groom is the son of Mr. and Mrs. Harrison Shaffer of Washington, D.C.

The bride, given in marriage by her father, wore a white gauze, full-length, peasant style wedding dress, accented with blue smocking and embroidery. The dress featured a blouson top with full sleeves and a three-tiered skirt.

Matron of honor was Mrs. Walter Koerselman of Houston, sister of the bride. Harrison Shaffer, Jr., of Phoenix served his brother as best man.

A reception followed the ceremony in the Denver home of Mr. and Mrs. Charles Shaffer, uncle and aunt of the bridegroom.

Out of town guests for the ceremony also included Mr. and Mrs. Harrison Shaffer of Washington, D.C., Martha Shaffer, a sister of the bridegroom, who is a student at Indiana University, and Mrs. Harrison Shaffer and infant son of Phoenix. Many Denver relatives of the bridegroom, including his grandparents also attended the service.

On Saturday evening friends of the newlyweds gave a buffet dinner in celebration.

After a short honeymoon in the mountains, the couple will be at home at 976 Monroe Street in Denver.

The bride is a Post High School graduate who received her bachelor of arts degree in sociology in 1969 from Trinity University at San Antonio and her master's of social work degree from the University of Denver in 1974. She has been employed for the past four years as a psychotherapist at the Jefferson County Mental Health Center in Denver.

Shaffer was graduated from the University of Colorado in 1971 with a bachelor of arts degree in international affairs. As his father is with the United States Information Agency, the family has lived in many foreign countries with Paul graduating from high school in Madrid, Spain.

The groom has worked in Colorado's lumber industry since graduation and is a certified lumber grader. He is currently employed with Denver Wood Products as a foreman for the planing mill.

MR. AND MRS. PAUL SHAFFER

Plant exchange to be held April 10

The Home Demonstration Expansion Committee is sponsoring a plant exchange, Monday, April 10 from 1:30 to 3:30 p.m. in the Post Community Center.

You do not have to belong to a Home Demonstration club to participate in the exchange and there is no admission charge.

All that is required is to bring a plant that you would like to exchange, separate plants and put them in milk cartons and take plants out of pots you would like to keep before coming to the exchange. If you do not have any plants to exchange, come anyway and something will be worked out.

More information may be had by calling Orabeth White, Alma Daniels, Mae McMahon or Paula Cawthon.

Everyone is invited to attend regardless of race, creed, color, age, sex, national origin, income or religion.

HD club is reorganized

County Extension agent, Paula Cawthon gave the program on "How to Save a Choking Victim" at the Barnum Springs HD Club, when members met for their reorganization meeting in the home of Mae McMahon.

President Shirley Bland presided over the meeting and greeted members and one new member, Mrs. Gladys Blair. The club extended the invitation for anyone wishing to join the club to feel welcome. The club will have various programs dealing with home economics. A few of the new topics discussed this past year included: Sewing for fun, flower arranging, fiber in the diet, safety for the home, kitchen planning, over the counter medicine, food safety, fabric production, cake decorating, interior design, Christmas ideas, homeowners insurance, planning a funeral and others.

Program on child abuse

On Thursday, March 16, the El Tejas club met in the Reddy Room with Kathi Rankin and Jan Hunter as hostesses.

Wanda Stewart of Tahoka gave a slide presentation on child abuse and held discussion afterwards.

Refreshments were served to D'Linda Evans, Jackie Hahn, Jan Hunter, Donna Lott, Kathi Rankin, and the guest, Mrs. Stewart.

The next meeting will be held in the Reddy Room on April 20.

4-H leadership training held

Training was conducted for 4-H leaders recently by Mrs. Patsy Sanderson and Mrs. Paula Cawthon, county extension agent.

The training including fashion trends, fabrics, sewing techniques, and sewing tools. Mrs. Sanderson gave the presentation on tools and techniques.

Following the training, a discussion on the 4-H clothing projects and county dress revue was held. The county dress revue will be held Monday, June 26.

In her spare time, she enjoys cooking, reading and crocheting.

MARGIE HARPER

Harper is hospital employee of month

Garza Memorial Hospital Employee of the Month award is Margie Harper.

Harper began work at hospital Dec. 1, 1977 as purchasing agent and also in the records part.

Harper is in the purchasing department. Her duties include all the purchasing of pharmacy, janitorial and administrative supplies and to all salesmen that call on hospital.

Harper has lived in Postville since 1943 and is mother of three children. She is in the Marines, and her husband, Paul Hair of Littlefield, is a member of Lubbock and has three grandchildren.

Shower for Mrs. Hair

Mrs. Ricky Hair (Stacy Starcher) was honored with a miscellaneous bridal shower, Tuesday, March 7, in the home of Mrs. Johnny Kemp.

Approximately 35 guests were registered by Kim Carlisle, sister of the honoree, between the hours of 7:30 and 9 p.m.

The brides chosen colors of red and white were used in the decorations of the table from which assorted cookies, mints and punch were served. Crystal appointments were used.

Special guests for the occasion were the honoree's mother, Mrs. Kent Carlisle, her sisters, Kim Carlisle and Mrs. Tanya Rudd, and the groom's mother, Mrs. Dale Hair.

Hostesses for the occasion included Mrs. Kemp, Betty Posey, Joyce Teaff, Opal Rudd, Donna Wright, Marilyn Williams, Janet Peel, Linda Dye, Linda Waldrip and Elizabeth Hart.

The hostesses gift to the honoree was a set of stainless flatware.

PAT NELSON

Nuptials to be April 29

Mr. and Mrs. Dayle Nelson announce the engagement and approaching marriage of their daughter, Pat, to David Bradbury, son of Mr. and Mrs. Eugene Bradbury.

The bride-elect is a 1975 graduate of Post High School and attended South Plains Junior College and Mary Meeks School of Nursing in Abilene. The future bridegroom is a graduate of Vernon High School and attended Texas Tech University.

The couple plan an April 29 wedding.

Ninety percent of the U.S. grape crop is grown in California.

Food buying series begun

A food buying series begins Wednesday, March 29 in the community action center under the direction of the Texas Agricultural Extension Service.

Other series will be held Wednesday, April 12, at 1 p.m. in the action center, April 19 at 10:30 a.m. and April 26 at 1 p.m.

The series will enable a person to better your food dollar, learn new preparation techniques, gain knowledge on food safety and become more familiar with nutrition and food buying.

There is no admission charge.

Mack Terry to head club

New officers were elected Saturday night, March 18 when the Close City Community Club met for a potluck supper and business meeting.

Mack Terry was elected president, Jim Redman, vice president, Dolores Dunn, secretary, Jane Terry, treasurer and Delores Redman reporter.

There were 23 members present for the activities.

Wealthy ladies in ancient Rome sometimes washed themselves in a sugary mixture consisting of 20 pounds of crushed strawberries and two pounds of raspberries.

Julie Hudman is nominated

Julie Hudman was nominated for president when the Gamma Mu Sorority met Monday night in the home of Sara Holder.

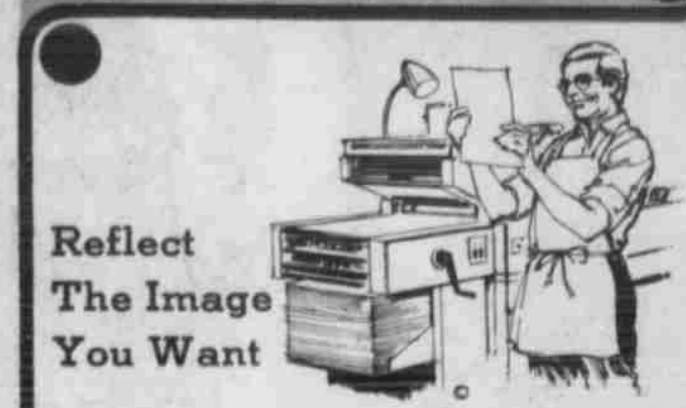

Other officers nominated for the new year were vice president, Kathy Fluitt; secretary, Jana McCallister; treasurer, Jane Mason and educational director, Sharlot Sparlin.

President Ruth Ann Young presided over the meeting.

Following the meeting the members were served refreshments of lemonade, crackers, cheese roll, and four layer pie.

Attending the meeting were members, Ruth Ann Young, Jane Mason, Julie Hudman, Sara Holder, Susan Howard and Jana McCallister.

BREAKING PINATAS — This group of students, all in the third grade, are shown trying to break a pinata which has been filled with candy. The students just completed a study unit on Mexico and all wore Mexican costumes to

celebrate the fiesta. Besides making the pinatas the children wrote reports of different things learned about Mexico. They are students of Leecy Lott and Nancy Vaughn.

As It Looks from Here . . .

By OMAR BURLESON, 17 TH DISTRICT, TEXAS WASHINGTON, D.C. — Agriculture has a history of "boom and bust." Weather, of course, has always been a big factor and not much can be done about that, except experiments are under way to modify rainfall cycles. As yet, no one can depend on that.

The price of raw agriculture products, including beef, is something else. There will never be stability in the market until the spread between the cost of production and the price paid for food off the grocery shelves is narrowed. How this can be done without a controlled economy is difficult. Laws now on the books are not helping this situation and an example is the beef import program adopted in 1964. At that time, some of us tried to convince our colleagues in the congress that the cart was before the horse.

Under that law, when domestic production is high and prices are low, imports of foreign beef are permitted to rise. When beef supplies are low and prices are pushed higher, imports under the program are reduced. The theory on which this arrangement is based is that when production is high and prices are low, imports are supposed to reduce domestic production and bring prices up. It simply does not make sense, as was proved in 1973, when tight cattle supplies drew prices so high that housewives across the Country organized boycotts for cheaper beef at the meat counter. The following year, the bottom fell out and cattle prices reached an all time low. At the same time, the price of meat in stores went down very little. Cattle producers who made fairly good profits in 1973 began losing money in 1974 and the record indicates those losses did not begin to recover until October of last year. Modest profits since that time have continued for fed cattle but, considering four consecutive years of low prices, the cattle industry generally remains in poor shape.

Witness after witness before congressional com-

mittes looking into the operation of the 1964 meat import laws, say that U.S. beef producers and the American meat consumer is being hurt by the provisions of the present law. Legislation has been introduced in both the House and the Senate which could greatly help this "boom and bust" cycle by allowing some increased imports during periods of high prices and reducing imports at times when the American cattleman is unable to get a decent price for his production. In some of the bills introduced, that fair price would be an average of 80 percent of parity.

American farmers today spend more than \$40 billion per year on production expenses—machinery, fertilizers, herbicides and pesticides. The farmer is a good customer for basic industries such as petroleum, steel, rubber and chemicals. . . .

Among the products considered worth investing in is AATrex 4L, the atrazine herbicide that Ciba-Geigy makes with a continuous flow process.

Not many people would contend that some beef imports are not needed. Certain types of beef for certain types of food are not appreciably produced in this country.

Some of the bills introduced would not allow imported live cattle to be classed as domestic production when they are slaughtered in this country, as now permitted. Another section would require the labeling of all imported beef at every step up to the consumer. Imported beef at present can be ground and sold without any label as to its origin.

Inspection of foreign beef is also at issue. The record indicates that there are more than 1,000 packing plants in 46 foreign countries which now ship some beef into the United States. While we inspect packing plants in this country, we only have 20 inspectors in all those foreign countries and the Department of Agriculture says that each plant can only be examined every one to four times a year.

At the present time, 7 percent to 10 percent of the beef consumed in this country is from foreign sources and the rate is increasing. It is simply not right to allow imports to increase at the same time our domestic cattle industry is in such poor shape.

Twin Cedars News

By FLETA WALLS Sunday services were brought to us by the United Methodist Church with Rev. Conrad Ryan officiating. Next week's service will be brought by Rev. Glenn Reece of the First Baptist Church.

Winnie Tuffing came last Thursday afternoon and played the organ for our residents. Bill Bartlett also played for us. Our residents thoroughly enjoyed this entertainment.

Visitors this week at Twin Cedar included: Tessie Boren, Alice Boren, Mrs. W.B. Roberts, Bill and Ione Hughes, Inez McGrew, Virginia Terry, Lucille Walker, Roberta Herron, Myrl Mathis, Lois Weathers, Mrs. James Weaver, Lottie Sanders, Fern Strange, Ruby Kirkpatrick and quite a few others.

Blanche Clayton observed her 90th birthday with relatives in Floydada Sunday. She enjoyed both the trip and the party.

Billie Caylor brought tomato plants for Mrs. Shellout and Mrs. Capps to plant and grow. They are anxious to plant them and watch them grow.

We at Twin Cedar were sorry to hear of the tragedy of Lorene Shepherd's grandson. Our thoughts and our sympathy are with Lorene and her family. Until next week...

The Dispatch is re-running this ad this week due to an error in ad composition which left out Judge Dalby's name and changed the meaning of the ad for which The Dispatch apologizes.

Special Thank You

I would like to take this opportunity to say a special THANK YOU to the FIRST NATIONAL BANK and POST-MONTGOMERY for purchasing my Grand Champion Steer and to JUDGE GILES DALBY for purchasing my first place medium weight steer. Your support of the Garza County Junior Livestock Show this year is greatly appreciated.

Also, thanks to each of you who have helped me by your presence, your words of encouragement and your support.

JANA MIDDLETON

Each of these advertised items is required to be readily available for sale at or below the advertised price in each store, except as specifically noted in this ad.

MAY THANKS

I would like to thank the First National Bank for buying my lamb at the stock show. Your support was appreciated.

BRENT TERRY

Accent ON HEALTH

Wild animals laboratory confirmed cases of rabies in 1977. But while rabies is predominant in wildlife and is endemic in the

wildlife population, it is only a bite away from the pet population, says Dr. Foy V. McCasland, Chief, Bureau of Veterinary Public Health of the State Health Department.

Of the 389 cases of rabies verified last year, 256 were found in skunks, Dr. McCasland reported. And since skunks live in close

proximity to man—particularly in rural areas and small towns—there is always the chance that a pet and a rabid skunk will make contact. Many pets have to be destroyed each year because of fights with skunks and other wild animals which have rabies, he said.

Despite warnings

given by veterinarians, many people still take exotic animals—especially skunks—into their homes as pets, said Dr. McCasland. These so called pets have led to animal bites resulting in the taking of multiple rabies inoculations and serum for one or more members in the home. Just recently in Oklahoma, in an effort

to discourage the domestication of skunks, it was made unlawful to descend or vaccinate skunks against rabies. This action came about after three pet skunks became rabid and exposed 42 persons.

Through veterinarians in the Department's Public Health Regions and the Central Office in Austin, educational efforts are being made to warn people of the rabies danger in wild animals and the necessity of giving rabies protection to pets—even cats. But despite this, a large percentage of dog and cat owners still have not protected their pets—and their families—against rabies.

Texasans are oriented toward the outdoors, said Dr. McCasland, and often they take pets along on picnics, weekend outings and vacations. This greatly increases the risks to the pets and to their owners, he said. There have been many cases reported of rabid wild animals acting friendly, with no fear of humans, said Dr. McCasland. He strongly advocates leaving all wild animals alone.

To protect persons who may have come in contact with a rabid animal, the Texas Department of Health Laboratories last year supplied approximately 1,000 series of antirabies treatments to people in Texas. This is one of the factors in the absence of rabies in humans. Health authorities are happy to point out that the last documented death due to natural exposure to rabies in Texas was in 1962. During 1972 one human death was attributed to the rabies virus but exposure was in a laboratory.

Since rabies in man is virtually always fatal, it doesn't pay to take a chance where rabies in animals is even a remote possibility. In seeking out confirmed rabies cases, Texas Department of Health Laboratories conducted almost 7,800 rabies examinations on heads submitted to it during 1977. Forty-seven different varieties of animals were tested, including 2,551 cats, 2,474 dogs, 468 bats, 360 skunks, 306 raccoons, 226 squirrels, 220 rats, 135 cattle, 145 opossums and 101 mice. Tests also were done on such animals as armadillos, coyotes, deer, horses, gophers, javelinas, monkeys, sheep, and other varieties. Even a hartebeest, an antelope native to Africa but found on exotic game farms in Texas, was tested and found negative for rabies.

Cases of rabies were found in 103 counties throughout the state. Webb County, with 38 dog cases, led all the counties. Almost all were counted at the end of a Laredo rabies outbreak in dogs which started in 1976 and carried over into early 1977. DeWitt County had 30 cases—28 of them in skunks.

While skunks represented the highest number of cases with 256, rabies was found in 51 bats, 45 dogs, 13 cats, 11 cattle, five horses, four foxes and four other types of animals.

Some say it is unlucky to dream of monkeys.

Each of these advertised items is required to be readily available for sale at or below the advertised price in each store, except as specifically noted in this ad. Prices good thru March 25, 1978. We reserve the right to limit quantities. None sold to dealers.

FIRST PLACE WINNER — Mike Dye, representing the Garza Soil and Water Conservation Youth Board, shows the first place ribbon the group won in the Science Fair. — (Staff Photo)

Soil study wins PHS science fair

The Garza County Soil and Water Conservation Youth Board placed first in the annual Post High School Science Fair, held Saturday, March 18.

The group, consisting of: Mike Dye, Jay Young, Randy Conner, Ken Young, and Sheryl Anderson, placed first in the high school division of the contest with their exhibit of the erosion process and effective conservation.

Michael Haas placed second with his exhibit entitled "Separation of Group I Cations", a series of chemistry experiments.

First in the middle school division were Scott Lewis and Alfonso Reyna, with a biology exhibit, "The Circulatory System". Cynthia Poole and Jennifer Wilson took second place

honors with a display on the various functions of the human eye.

Top prize in the elementary division went to Kerry Thuett, who entered a project demonstrating solar energy.

Karen Moore was awarded second place for her model of a volcano.

The Science Fair is an annual event sponsored by the Science and Math Club. This year, the fair was under the direction of Virginia Fuentes, president, Randy Hudgens, and Michael Haas. Contest organizer was Richard Wheelus, chemistry teacher at Post High School.

Judges for the contest were Ms. Pat Thompson, Mr. Larry Crownover and Mr. Curtis Hudman.

EVERYTHING FOR THE HORSEMAN — Latricia Rogers shows a display of harness equipment at Garza Feed and Supply. — (Staff Photo)

Latricia is working at Garza Feed here

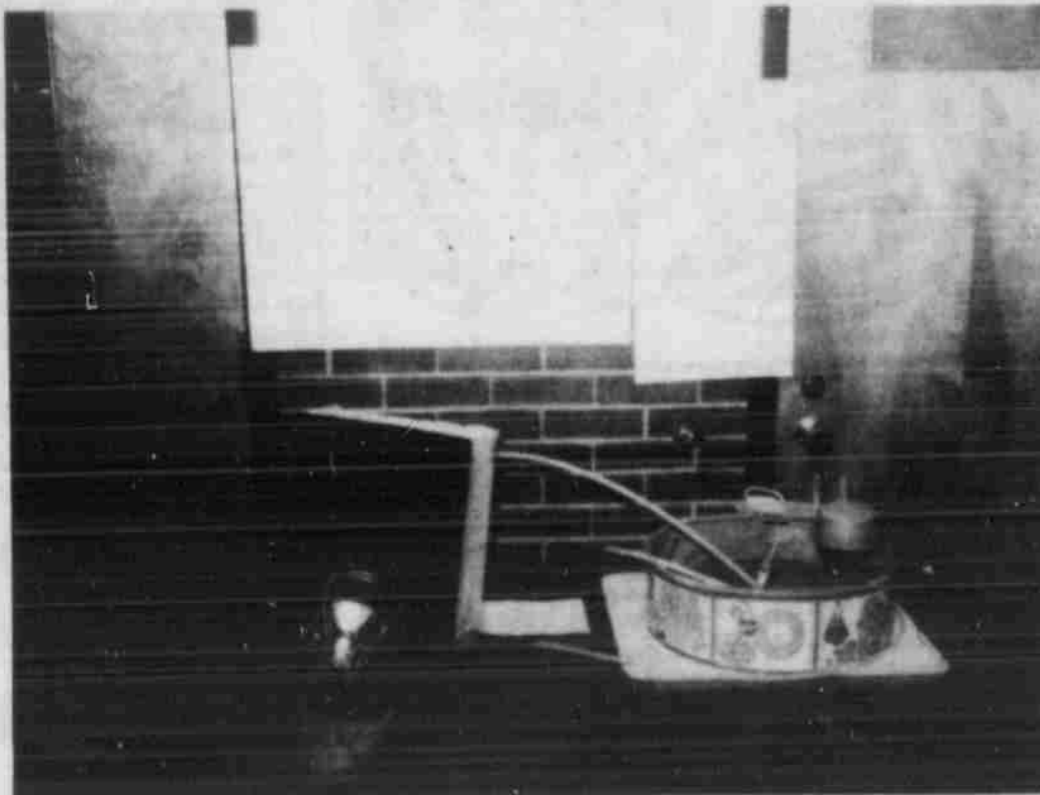

Latricia Rogers, a member of the HECE program, works at Garza Feed and Supply. The store is owned by Wayne Childers and is located at 122 West Main in Post.

Latricia has been with Garza Feed and Supply approximately four months. Since the store carries a wide variety of merchandise, she has several jobs to do. She waits on customers, does clerical work, helps with the cleanup, and works with the hand-crafted leather items.

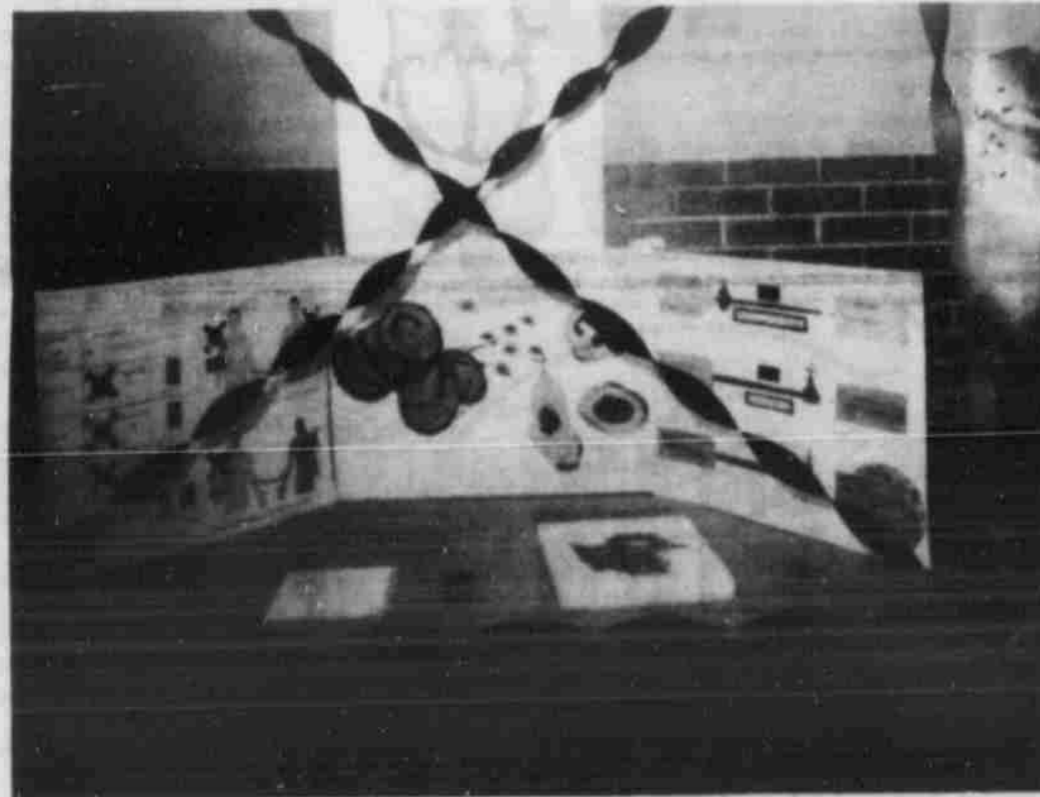

Latricia is also responsible for the restocking and pricing.

When asked what she enjoys most about her job, Latricia replied, "I like waiting on the customers and helping them. I enjoy working here because Wayne is a good boss."

Latricia is a senior, and will be graduating in May. She does not have any definite plans for the future, but she feels like this job has helped her and given her valuable experience about the working world.

ENERGY FOR FUTURE — Kerry Thuett won first place in the elementary division. The exhibit demonstrates how energy from solar heat can be used.

ANOTHER WINNING PROJECT — This is the exhibit "the Circulatory System" which placed first in the Middle School division of the Science Fair. It was entered by Alfonso Reyna and Scott Lewis. — (Staff Photo)

Spotlight on SENIORS

First on the list of seniors this week is Virgil Morris. He is the son of Mr. and Mrs. Harlan Morris and has lived in Post all his life.

Virgil has been an active and valuable member of the Post chapter of the FFA. He served as president his junior year and held district office as reporter for the Mesa District.

He has also been a

member of the Antelope football team and was awarded honorable mention on both the all-district and all-South Plains teams. In addition, Virgil has been in FHA.

Virgil plans to go into farming after graduation from PHS. He is also considering attending Texas State Technical Institute in Amarillo.

Motorcycle rodeo talked

By D'LINDA TYLER
President Brad Mason called the meeting to order. Rynn Norman led the 4-H pledge and motto.

Secretary Belinda Fluitt called the roll and read the minutes. The motorcycle rodeo to be held April 15 was the unfinished discussion. First and second place trophies were ordered for each division. Two changes were made in the events. Pole bending was substituted for line race and Kayhole contest for ramp jump.

Morris Tyler was put in charge of getting a wheeled demonstration and an announcer.

How to judge each event was discussed. Clean-up of rodeo grounds will be held April 13 and 17 and 4 p. m.

Refreshments were served by Kirk Stevens to Brent, Brad and Kelly Mason, Rynn and Kim Norman, Belinda Fluitt, Barry, Phil and D'Linda Tyler, Lisa and Carry Cowdrey, Roxanne McClellan, Keitha White, Sam Butler, Noel and Orabeth White, Jane Mason, Glenda McClellan, Glenda Stevens and Morris Tyler.

The senior spotlight moves next to Stuart Price. Stuart is the son of Mr. and Mrs. Thomas Price. He moved here eight years ago from Danville, Virginia.

Stuart lists as his hobbies drawing and listening to records. While attending PHS he has participated in FFA, FHA and acted as manager for the football and basketball teams.

After graduating from PHS, Stuart plans to attend college — possibly Western Texas — and major in commercial art.

Sincerely Needed and Respectively Appreciated
YOUR VOTE FOR

SONNY GOSSETT
(Pol. Adv. Paid by Sonny Gossett)

Tune in to Morrow
By DAVID MORROW
Spring break begins this weekend, and plans on how to spend it are being circulated around the halls. Visiting, relatives, skiing or just plain laying around and taking it easy seem to be the most popular plans. The break is badly needed before the "spring rush" picks up in full force.
—
Congratulations to the Post 7th, 8th and 9th grade track teams for their accomplishments in the track meet Saturday. Winnings like these promise really good results for the district meets later in the season.
—
Many of the faces that haunted the halls of PHS in years past have returned to Post this week for their spring break. Anxious inquiries such as "How's the play going?", and "What's happening in band?" prove that the alumni still have a soft spot for good ole PHS. Don't worry grads, we'll manage to struggle along without you.
—
Thanks teachers for all the work you put into making drug and crime prevention day interesting and informative. Some thoughts were brought out that a lot of kids don't consider when they experiment with drugs or alcohol.

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams

AUSTIN—Attorney General John L. Hill has served notice he will oppose Southwestern Bell Telephone's request for a new \$214.3 million rate increase.

Hill has filed a motion with the Public Utility Commission to intervene in the case.

The commission set March 27 as first pre-hearing date on Bell's latest proposal.

Although the company asked to put new rates in effect April 14, PUC General Counsel John Bell is preparing a motion to suspend the rates for 120 days, until August 12.

If Hill is given permission to intervene, he would have authority to cross-examine Bell witnesses, present witnesses and argue before PUC.

The attorney general told a news conference he is advising the Bell request is "substantially out of line."

Bell said the rates are necessary to give the company an adequate rate of return on its investment and permit expansion of its services to an increasing number of customers.

Hill said he has not ruled out the possibility that the telephone company may be

entitled to some additional rate relief.

A \$58 million increase was allowed in rates December 1976, but that was small potatoes compared to the \$298 million requested.

Racing on Ballot

Both Democrats and Republicans will vote May 6 on whether pari-mutuel on-track race horse gambling should be legalized in Texas on a local option (county) basis.

Party executive committees last week certified the non-binding referendum for the May primary ballot along with the list of statewide and multi-county candidates.

Actually, Republicans earlier had agreed to the straw vote. Democrats waited until horse race advocates submitted petitions signed by 96,000 asking for a referendum.

In a surprise move, which irked consumer loan representatives, Democrats also submitted for a vote the question of whether the 1979 legislature should authorize higher interest rates on loans under \$5,000.

Sen. Bill Patman of Galveston guided the latter through the committee. Consumer loan advocates have been pushing for an increase in rates. Since voters are almost certain to vote "no," the referendum (although not binding on the legislature) is seen as a major obstacle to an increase.

Money News

Money and taxes are making news again in the Capital City.

Comptroller Bob Bullock said it's likely Texas legisla-

tors will have about \$650 million more to spend next year over and above the present level.

Meanwhile, Gov. Dolph Briscoe is serving notice repeatedly that, if re-elected, he will urge legislators to devote at least half of any surplus in the state treasury to a tax reduction. If Bullock's figure stands, and if Briscoe wins another term, that means he will be asking a cut of about \$325 million, with priority to relief for homeowners and family farmers. Briscoe said he will also call again for repeal of the state sales tax on utility bills.

Courts Speak

Ending 17 years of lawsuits, the State Supreme Court turned down the latest contest of the 1960 will of Sarita Kenedy East whose estate included 178,000 acres of oil and gas rich lands in Jim Hogg and Kenedy counties.

In other actions, the high court:

Upheld a verdict favoring Gibson's discount firm in a lawsuit resulting from a rattlesnake's biting a customer in the grocery section of a Del Rio Store.

The Court of Criminal Appeals affirmed a death penalty murder conviction in the fatal shooting of a Mesquite policeman and a highway patrolman.

Sales Taxes Rise

More than 900 Texas cities received checks totaling \$69.2 million as their share of the one percent local sales tax levy for March.

Comptroller Bob Bullock said the soaring collections are an indication times are getting better.

Bullock said the March collections are 17.4 per cent higher than recorded during the same period in 1977.

So far this year, the 915 cities have collected \$101.5 million, an increase from \$89.4 million for the first three months of 1977.

Short Snorts

A record-breaking construction pace continued into 1978, according to the University of Texas Bureau of Business Research.

A series of statewide tests to see how students are doing in reading, writing, arithmetic and citizenship will be held April 3-May 5 in 2,234 elementary and secondary schools.

Lt. Gov. Bill Hobby announced interim appointment of Sen. Roy Blake of Nacogdoches to the finance, administrative and jurisprudence committees. New Sen. Blake will also serve on the interim rules sub-committee.

Average calendar day allowable of Texas oil production as of March 15 totals 3,521,070 barrels.

The Texas Department of Community Affairs reported receiving \$178,638 in unexpended funds from the Governor's Office of Migrant Affairs for the 1977 contract period.

Highway officials warned that long lines await those who have not obtained new auto registration validation stickers. April 1 is the deadline.

Judges T.C. Chadick and Franklin Spears were winners in the State Bar's lawyer poll in two State Supreme Court races. Judge Jim Vollers and Marvin O. Teague were winners in the poll for Court of Criminal Appeals races.

ART CLASSES HELD

The free art lessons given by Sherri Reidel were held in the community center Tuesday and an oil painting was completed by those attending. Present were Johnnie Rogers, Mrs. Jim Huntley, Mrs. Pennell, Maxine Marks, Lillie Kitchens and Sherri. The next lesson will be held Tuesday, March 27 at 2 p. m. in the center.

CANCER ANSWER LINE

American Cancer Society
M. D. Anderson Hospital and Tumor Institute

A woman writes: "I have been reading more and more about drugs for breast cancer. Are they being used for all women with this disease?"

ANSWERline: Cancer is the kind of disease that must be treated in a highly individualized way for the very best results and there are many methods of treatment. For many women, surgery alone is the way to treat breast cancer, other women might require surgery and radiation, others might benefit from surgery plus a particular cancer drug or more likely from a combination of cancer drugs. While it is true that new studies have touched off great interest in the potential of breast cancer drugs, particularly when they are given early in the patient's treatment plan, these drugs are not being given to all women with breast cancer.

A labor union official explains: "Each time I smoke a cigarette, I think, how can this one cigarette harm me? Can it?"

ANSWERline: As far as science knows, one cigarette can't hurt you unless you start a fire. But, it has been established that the damage that cigarettes do is dose-related, which means that the more you smoke (and the more you smoke high tar and nicotine cigarettes) the greater the chance of illness. There are twenty cigarettes in a pack but if you multiply a pack-a-day habit by 15 years, you get a smoker in the lung cancer danger zone. In other words, smoking damage adds up.

A concerned relative writes: "My cousin lives in another state and she wrote to say that she has to have a colonoscopy examination done for cancer. Please explain what this is."

ANSWERline: A colonoscopy is a new instrument that

enables a trained physician to examine the entire six-foot length of the large intestine. This permits the assessment of any sign or symptom that can't be explained by other diagnostic means such as X-rays. In some instances, the physician will use the colonoscope to remove tiny samples of suspicious tissue that can then be examined under a microscope for cancer cells. Also, growths (called polyps) can sometimes be removed as a preventive measure. Colonoscopy is usually not a painful procedure but a mild sedative is usually given.

Hudman Furniture Co.

City council---

(Continued From Page One) absence of Mayor Giles McCrary.

Voted to share costs of a new sheriff's car with the county on a 50-50 basis providing some type of a joint purchase can be legally undertaken. The council authorized Sheriff Jim Pippin to draw up specifications for the vehicle after receiving the request from the sheriff who said the other choice was to put a new motor in an "old car". It was estimated the city's share of the cost would be \$3,100.00.

The city has funds budgeted for a new vehicle, but the action is a change from city and county alternately buying sheriff vehicles.

Approved a building permit for Bob West to build a new store at 503 South Broadway for Bob West Saddlery and Western Wear. The 40 by 65 foot building would be of frame construction with redwood exterior and would include a cathedral ceiling and fireplace in the sales room. Estimated costs would be approximately \$50,000.

Gave city approval to a city, county and hospital district operation of the emergency ambulance service as worked out by the city-county ambulance committee and two hospital district representatives. The

Taba'na-

(Continued From Page One) tion.

In fact, the crowd was so large, the cooks had to order more food sent down from the cafeteria during the ceremony so there would be more eggs, sausage, bacon and biscuits for the hungry TV cameramen and reporters down from Lubbock's TV stations.

Runkles was assisted in his 15-minute ceremony again this year by Joe Hays of Kress, who was dressed as an Indian medicine man and who plans to study Indian culture in college and make it his career.

Also assisting Runkles this year were his two grandchildren, Douglas and D'Lane Runkles of Midland.

Next year, the sponsoring Post Chamber of Commerce plans to expand the Taba'na Yuan'e ceremony and advertise it more widely. Directors will work on expansion plans with Runkles in the coming months.

Shooting-

(Continued From Page One) Eilenberger, Max Chaffin, Jerry Conoly, and Kyle Blacklock. Honorary pallbearers were members of Mrs. Wadge's first grade class of the Dupree Elementary School in Lubbock of which Patty had been a member.

Interment was in Terrace Cemetery under direction of the Mason Funeral Home.

Open house-

(Continued From Page One) "bombing runs" down the corridor since the scoring site "opened for business" Feb. 1.

"We hope that everyone who is interested comes out to take a look," Chief Sergeant Brock told The Dispatch.

Several of the air force personnel will serve as guides for tours of the scoring site.

Dispatch will announce details of the proposed operation when finally approved by the three units of government. County and hospital directors approval await future meetings of those boards.

Appointed Harold Lucas, Sexton Huntley and Robert Cox as members of the city's board of equalization.

Heard Pete Pennell charge and City Manager Pete Maddox deny that Pennell had been fired as a city worker so he could be replaced by a younger man. Maddox said that Pennell, who is on social security, had simply not been rehired for part-time work because a full-time employee for a variety of jobs had been needed.

At a budget hearing to determine use of \$91,000 in unappropriated federal revenue sharing funds, voted to spend half the money on construction of the second and third phases of the community center and the other half for the current city street paving project.

Took under advisement whether or not to add a one block extension of West 10th Street to the paving project at a total estimated cost of \$9,440.95 with the city's share being \$6,754.95. The council heard M.R. Smith, Jr. of Parkhill, Smith and Cooper, Inc., engineering firm which is guiding the project explain that to turn water south into a drainage ditch in the area would require an unusual intersection at 10th and Mohawk.

The city would pave the block with property owners paying only for curb and gutter because of a severe drainage problem in the area.

Pool reminded the council that the opening of bids to complete the Post Community Center project is scheduled for 2 p.m. today (Thursday) in the community center. Councilmen checked plans of the center to be sure a second exit from the "teen room" was included in the plans. Actually three exits are provided.

Pancake-

(Continued From Page One) the hot pancakes they wanted and listened to the "musical" provided by volunteer local musicians.

Tickets sold on the quilt, "Trail to Oklahoma", all hand-stitched by Patsy Sanderson and a blue ribbon winner in the recent Garza County Fair, raised another \$279 for the Trail Blazers clubhouse.

Gene Moore obtained a large grill for the pancakes from Pioneer Gas and the Rotary cooks literally "sweated it out" in cooking hundreds of cakes in the back storage area of the center for the folks out front.

Jack Alexander reported supper supplies were purchased from United Super Market at a generous discount because of the cause to which the money was going—a clubhouse for Garza's senior citizens.

Rotarians, who have worked out the pancake supper routine pretty well in three years, had the community center all cleaned up 30 minutes after the supper line closed at 8:30 p.m.

President Walter Didway termed it "a very successful supper for an excellent cause."

Peanut Spice Cake—An Inviting Dessert

Cake is a natural accompaniment to coffee. Although good quality cakes and pastries can be bought in most bakeries, nothing surpasses the homemade variety.

"Come for coffee and dessert" is a traditional invitation which has remained popular since colonial times. An evening gathering of friends for coffee and dessert is a pleasant way to extend your hospitality in an All-American way. Invite friends back to your house after a movie or local town event. Serve a special cake for the occasion and brew lots of coffee.

Suggested here is Peanut Spice Cake, a moist tube cake laced with peanuts, cinnamon and spice and topped with a luscious Cream Cheese Frosting. A sprinkling of chopped peanuts gives the cake added flavor and texture.

PEANUT SPICE CAKE

- 2 cups unsifted flour
- 2-1/2 teaspoons baking powder
- 1/2 teaspoon baking soda
- 1/4 teaspoon salt
- 1/2 teaspoon ground cinnamon
- 1/4 teaspoon ground nutmeg
- 1/4 teaspoon cloves
- 1/2 cup margarine, softened

- 1 cup sugar
- 2 eggs
- 1/3 cup molasses
- 1 cup milk
- 1/2 cup chopped Planters Cocktail Peanuts
- Cream Cheese Frosting (recipe below)
- 2 tablespoons chopped Planters Cocktail Peanuts

Sift flour, baking powder, soda, salt, cinnamon, nutmeg and cloves together. Set aside.

In large bowl, cream margarine and sugar together. Add eggs; beat well. Blend in molasses. Add dry ingredients alternately with milk, beating until well blended. Stir in 1/2 cup peanuts. Pour

into greased and floured 10-inch tube pan. Bake at 375° F. 45 minutes or until done. Cool in pan for 10 minutes. Remove from pan and complete cooling on wire rack. When completely cooled frost top with Cream Cheese Frosting (recipe below) and garnish with 2 tablespoons chopped peanuts. Makes one 10-inch cake.

Cream Cheese Frosting: In small mixer bowl cream 1 package (3-ounce) cream cheese, 2 tablespoons margarine and 1 teaspoon vanilla extract together. Gradually add 2 cups confectioners' sugar. Beat until creamy and well blended.

Postings-

(Continued From Page One) gearing up to build a very neat saddle shop and western store — complete with cathedral ceiling and fireplace in his sales room. Right on, Bob.

Up at Main and Broadway, Bill Gandy has left the Postex Plant payroll after 15 years to become the new owner and operator of Caprock Gulf service station. From the way, Bill is starting out he is going to be a real business hustler. You'll find his announcement ad, complete with free grease job, on today's sports page.

Looking back over the column, and on up and down Broadway, it is pretty easy to see that Post is rapidly gaining a "second main street" along that busy US-84 highway. What makes it so significant is that every business starting up on Broadway is a new business.

For their location they get more past-the-door traffic, which is good, but they have a problem which Main street doesn't have — a parking problem. Each Broadway business has to have its own parking lot which is more than a mite more expensive.

What it totals up to is that Post in the last two years is building a bigger and better tourist business than ever before.

Best news of the week, of course, is the announcement by Hank Huntley that his application has been approved for a 75-bed new nursing home here. Once built that should virtually solve the long-standing "hospital financial problem." The nursing home will generate a lot of new hospital business besides giving this community and area a new rest home where oldsters can be kept comfortably close to family.

We don't know how official that nursing home okay is, but brother Sexton Huntley reports Hank was sure the okay for 75 beds was assured, if not officially announced. We'll know more when Hank arrives Tuesday.

TOWER TALKS

by U.S. Senator for Texas
JOHN TOWER

Labor Law Reform

WASHINGTON—Examining the debate thus far on labor law reform leads to only one conclusion: never have so few convinced so many that black is white or that one plus one equals three.

Never has fact in a debate counted for so little. The labor reform measure, passed with only token dissent in the House of Representatives and due to be considered by the Senate in coming weeks, is a union organizer's delight.

Streamlining procedures of the National Labor Relations Board, as the bill does, would grease the wheels of organized labor's electioneering machinery, while slapping stiff penalties on employers deemed responsible for interfering with membership drives.

Glossed over or completely disregarded has been the impact of this legislation on individual workers who may not wish to join a union, and on future labor relations in this country, not to mention the impact on the taxpayer's pocketbook from such a sweeping revision of the Nation's labor laws.

Employees themselves can expect few of the rights unions claim will result from the bill's passage. Individual workers will continue to be frozen out on decisions governing the quality of their working lives. Union might will decide right.

Texas has enjoyed a relatively trouble free labor management relations environment, due largely to a strong right-to-work law. If this legislation becomes law, you can expect all that to change overnight.

In Texas, the issue apparently has already been decided. The results of a recent poll conducted by the Opinion Research Corporation overwhelmingly confirm what Texans across the state have been telling me in town after town: the Federal government should not tamper with a delicately balanced labor-relations law, tipping it toward labor unions and as a result, altering a history of good labor relations and vigorous economic growth.

Nursing home

(Continued From Page One)

Tex. He plans to turn operation of that 64-bed facility over to his son, Dennis, also a qualified nursing home administrator to operate while he moves back to Post to operate the new one here.

WILL DEMONSTRATE

Pearl Polk will give a demonstration on arts and crafts in the community center Wednesday, March 29 for the Trail Blazers members. Anyone who has coffee cans, material scraps, flat buttons or any other items that might be useful and would like to donate may call Pearl or Maxine Marks for pickup.

Be Joyous It's Easter

Lilies perfume the scent of springtime, uplifting spirits to this special holiday. It is a time to cherish the miracle of regeneration and rebirth, and be thankful for all of life's blessings. The passing of Lent and the passion of Easter inspire every living thing to awake from Winter's rest and blossom in celebration of this holy occasion. Behold the joy of Christ's resurrection, and His message that internal peace is ours to share among the family of mankind. Your local merchants preserve this tradition and extend to you warm wishes for a happy and healthy season. Be joyous. It's Easter!

JIM SNOWDEN

Jim Snowden Has Statement For Voters

Jim Snowden of Tye, Democratic candidate for the U.S. Representative, District 17, has authorized this newspaper to publish his statement to the voters as follows:

TO THE PEOPLE OF THE 17TH CONGRESSIONAL DISTRICT:

Basically, I believe that government should be the embodiment of equality and not an instrument through which special and individual advantage can be gained.

I believe our government is determined to pauperize a segment of our society through maladministration of welfare programs.

I believe in the supreme worth of the individual and his right to pursue life, liberty and the pursuit of happiness.

I believe every right implies a responsibility; every opportunity, an obligation; every possession, a duty.

I believe that the law was made for man and not man for the law; that the government is the servant of the people and not their master.

I believe in the dignity of labor, whether with head or hand, that the world owes no man a living but that it owes every man an opportunity to make a living.

I believe that thrift is essential to well-ordered living and that economy is a prime requisite of a sound financial structure, whether in government, business or personal affairs.

I believe that truth and justice are fundamental to an enduring nation.

I believe in the sacredness of a promise, that a man's word should be as good as his bond; that character-not wealth or power or position-is of supreme worth.

I believe that the rendering of useful service is the common duty of mankind and that only in the purifying fire of sacrifice is the dross of selfishness consumed and the greatness of the human soul set free.

I believe in the all-wise and all-loving God, named by whatever name, and that the individuals highest fulfillment, greatest happiness and widest usefulness are to be found in living in harmony with his will.

I believe that love is the greatest thing in the world; that it alone can overcome hate; that right can and will triumph over might.

Sincerely yours,
Jim Snowden

Pol. Ad. paid by Committee to elect Jim Snowden, Vera Innman, treasurer, Box 306, Tye, Texas 79563.

4th graders design safety film strip

Fourth grade students in Mrs. Kyle's, Mrs. Poole's and Mrs. Jones 4th grade at Post Elementary school have produced their own colorful filmstrip on traffic safety with materials provided free of charge by the Texas Office of Traffic Safety.

In "The Safest Show on Earth," class members create their own illustrations for a full color, sound filmstrip exploring key aspects of passenger, bicycle and pedestrian safety. The Texas Office of

Traffic Safety makes available to the school all necessary materials without cost for "The Safest Show on Earth." After the students finish their illustrations, the drawings are processed into a filmstrip by Media Intensive Learning Corporation, designers of the

program. The filmstrip is returned to the class originating the drawings, along with a lively soundtrack cassette narrated by children. Both the filmstrip and the cassette become the property of the school.

More than a half million children across the nation have participated in the

program to date. Initial evidence from evaluation efforts in Texas indicates that the program is contributing to a reduction in traffic accidents among children.

15 make all A's in Post Middle School

The Post Middle School released its honor roll for the second quarter this week, with 15 students receiving five stars which means all A's.

Those making A's in the eighth grade were:

Tammie Echols, Kathy Kirkpatrick, Trushell Marts, Patti McClellan and Jana Terry.

Seventh grade: Wade Giddens, Dana Hodges, Cynthia Poole, Alphonso Reyna and Robert Shults.

Sixth grade: Kent Duren, Leigh Mccook, Dale McVay, Paula Morrow, Melissa Morrow.

Four star students or all A's and B's were:

Eighth grade: Deann Ammons, Sheryl Anderson, Amy Babb, Jerri Baumann, Melissa Beauchamp, Lynn Hodges, Anita Looney, Donna Massey, Starlet Riedel, Pam Riley, Dana Scott and Charla Williams.

Seventh grade: Rhonda Adams, Ronie Ammons, Chris Belongia, Richard Cisneros, Charicie Dalby,

Tina Greene, Darla Jackson, Will Kirkpatrick, Jerry Pruitt, Arthur Striblin, Tim Tannehill, D'Linda Tyler, Jennifer Wilson.

Sixth grade: Shannon Adkins, Lynn Allen, Kim Carlisle, Gerald Carlton, Hope Castro, Emily Elliott, Steven Fluitt, L.D. Harper, Terri Hodges, Cindee Jackson, Jeff Lamb, Elena Maldonado, Patti McCowen, Jennie Mock, Renea Melton, Jeff Sharp, Denise Smith, Rhonda Storie, Judy Tanner and Todd Wilson.

Two star students, or six A's and B's were:

Eighth: Cindy Basquez, Terry Berry, Marty Conoly, Lana Dunn, Clay Moore, Kraig Peel, Lora Pringler, Sylvia Quintana, Byron Roberson, Kirt Robison, Carla Stelzer.

Seventh grade: Sherry Baker, Bill Black, Kenneth Bullard, Carlos Flores, Scott Lewis, James Lee, Danny Martinez, Crystal Mason, Cynthia Reiter, Lisa Rodriguez, Norma Samora, Russell Smith, Lisa Valdez, Derek Walls, Marvin Wynn.

Sixth grade: Trudy Adams, Maria Ayala, Dorie Castro, Dana Dudley, Magdalena Gonzales, Kim Guthrie, Carol Holleman, Dana Jackson, Gilberto Perez, Doris Pringler.

One star students or five A's and B's were:

Eighth grade: Nonnie Bright, Eric Cravy, Joel Dobson, Mary Lou Garza, Tomas Gonzales Lisa Holly, Brent Howard, Gary Lamb, Evie Mason, Abel Reyna, Mike Sullivan, Vicki Teaff, Ken Young.

Seventh grade: Robert Allen, Mike Anderson, Donna Ballou, Curtis Cline-smith, Toby Craft, Margarita Gonzales, Enequina Martinez, Charlotte Murphy.

Sixth grade: Vicki Ammons, Mary Bassinger, Tanya Bland, Penny Davidson, Daniel Gonzales, Joe Guerrero, Susie Morales, Irene Moreno, Lori Perez, Julia Resendez, Kobie Rhodes and Mike Valdez.

LEGAL NOTICE

General Telephone Company of the Southwest has filed tariffs with the Public Utility Commission of Texas to implement the Federal Communications Commission's telephone equipment registration program (FCC Docket 19528). The tariffs have an effective date of April 15, 1978. The proposed changes will reduce rates for extension telephones and 25 foot long cards; will restructure one-time charges for service connection, moves and changes, increasing some and reducing others; and will offer reduced monthly rates for one-party business and residence customers who provide their own primary telephone instrument. The proposed changes in rates, with some increasing and others decreasing, will reduce General's gross revenues from its Texas operations by \$2,565.00.

Post junior high teams win four of six titles

Two others runnerup in 1978 Post Relays

Post won four of the six first place division trophies in its own track meet here Saturday and Post's other two teams took second place honors in the sixth annual Post Relays.

The oddity of it all was that the second place seventh grade girls picked up more total points than any of the first place finishers with a total of 204, behind Stanton's 224.

The eighth grade girls, ninth grade girls, seventh grade boys and ninth grade boys all finished first and the eighth grade boys took home second behind Floydada.

When the trophies and ribbons were handed out late Saturday afternoon among the six competing teams, here were the Post placings:

SEVENTH GRADE GIRLS

204 Points
440 relay: Post, 58.7, first.
80 yd. hurdles: Greene, 15.3, second; Poole, 15.8, fourth and Adams, 15.9, fifth.

440 yd. dash: Rodriguez, 76.0, first; Jackson, 77.7, second.

220 yd. dash: Taylor, 31.3, first; Dalby, 32.6, third; Tyler, 33.8, fifth.

880 yd. run: Murphy, 3:05.8, first; Hodges, 3:17.5, third.

100 yd. dash: Taylor, 13.9, first; Poole, 14.8, fifth; Tyler, 15.0, sixth.

880 yd. relay: Post, 2:07.9, second.

1320 yd. run: Mason, 5:37.6, third; Bustos, 5:58.3, fourth.

Mile relay: Post, 5:01.4, second.

Triple jump: Poole, 23'4 1/2, fifth; Samora, 22'2, sixth.

Shot put: Claborn, 25'2 1/2, third; Taylor, 24'10, fifth.

Long jump: Tyler, 13'9, first; Rodriguez, 12'4, fifth; Dalby, 11'10, sixth.

220 yd. dash: Scott, 27.8, third; Sullivan, 28.3, fourth.

880 yd. run: Pierce, 2:29.7,

Track program is explained

Track Coach Lane Tannehill told Post Rotarians at their Tuesday luncheon in the community center that Post schools have 103 boys participating in the track program from seventh grade through the varsity.

These included 36 out for the Antelope varsity, 31 ninth graders, 23 to 25 eighth graders, and 31 seventh graders.

"Every coach on our staff has a part in our track program," Tannehill said. "It is not mandatory but we encourage all athletes to

participate in it."

He called track not only a physical but a mental conditioner.

Coach Chili Black was unable to attend to discuss the developing girls track program. Tannehill pointed out that the Does varsity squad has a large freshman nucleus which is a year or more away from full development.

participate in it."

Lope tracksters 5th in Floydada relays

The Post Antelope Varsity track team finished fifth out of 12 teams in the Floydada track meet Friday, with a total of 59 points.

The 440 relay team of Butch Booth, Kohen Josey, Brent Terry and Steve Davis with a time of 44.8 and Johnny Williams with a jump of 21 feet in the long jump gave the team two second place finishes.

Other Post point winners were:

120 High hurdles: Cliff Kirkpatrick, third, 16.4.

100 yd. dash: Brent Terry, fourth, 10.9.

880 relay: Terry, Williams, Shawn Scott and Steve Davis, third, 1:36.0.

330 Intermediate hurdles: Kirkpatrick, fifth 43.6 and Bryan Compton, sixth, 43.7.

Mile relay: Booth, Kirkpatrick, Davis and Williams, fifth, 3:37.8.

Pole vault: Evans Heaton, sixth 11'6".

High jump: Heaton, sixth, 5'6.

Shuttle hurdle relay: Compton, Rance Adkins, Clinton Curtis and Heaton, fifth.

Coach Tannehill will take

his team to the Stamford Reunion Relays Friday with the field events to begin at 8:30 a.m.

Norman 4th in enduro

Rynn Norman, son of Mr. and Mrs. Gerald Norman, placed fourth in the 16 and under class in the Sidewinder's Enduro held Sunday, March 12 at String Prairie, Tex.

Jay Lott, Kirk Stevens, and Kim Norman also rode in the enduro with Jay riding in the 250-B class, Kirk and Kim in the 16 and under class.

The course was 76.8 miles of rough riding that included riverbeds and tight wooded areas. Each class rode the entire distance with approximately 450 riders entered.

Dunn's hog fifth in Lubbock show

Derrick Dunn, son of Mr. and Mrs. Ronnie Dunn, placed fifth in the Yorkshire class hogs last week at Southwest Jr. Livestock Show in Lubbock.

The hog was purchased the sale by J.B. Potts Lubbock for \$110.

IN-STORE LETTERING

Public Notices

NOTICE
Notice is hereby given to the owners, whether herein named or correctly named, of property abutting the streets hereinafter named and designated, within the limits herein defined, in the City of Post, Texas, and all persons claiming any interest in any such abutting property, or others interested in any of said property, or in any other proceedings, contracts and

matters hereinto mentioned. That:
The City Council of the City of Post, Texas, by duly enacted Ordinance, has determined the necessity for, and ordered the permanent improvement of, the following described streets within the following limits, in the City of Post, Texas, to-wit:
UNIT NO. ONE: FIFTEENTH STREET from west right-of-way U.S. Highway 84 West to the

centerline of Avenue O.
UNIT NO. TWO: FIFTEENTH STREET from centerline of Avenue Q to the East property line of Avenue S.
UNIT NO. THREE: THIRD STREET from west right-of-way of Avenue M to the east right-of-way of Avenue P and from west right-of-way of Avenue Q to the east right-of-way of Avenue R.
UNIT NO. FOUR: THE 100 Block of EAST 7TH STREET from the East right-of-way of U.S. 84 to the West right-of-way to South Avenue I.
UNIT NO. FIVE: WEST 10TH STREET FROM THE West right-of-way of Mohawk Street west 340 feet.

By said Ordinances, the City Council of the City of Post, Texas, has ordered said streets, to be improved by excavating, grading, and paving the same, by the installation of drainage facilities and by constructing curbs and gutters, where adequate curbs and gutters are not now in place, together with other drain, incidental and appurtenances thereunto; said paving to consist of excavation grading, a six inch (6") compacted caliche sub-base and a 1 1/2" Hot Mix Asphaltic Surfacing, height and width as provided for in the plans and specifications therefor provided by the City Engineer and heretofore approved and adopted by said City Council, all of said improvements to be done and constructed in the manner and of the materials as provided for in said plans and specifications which said plans and specifications and contracts are hereby expressly referred to for a more detailed description of said improvements, and are on file in the office of the City Council of the City of Post, Texas.

That said City Council has caused the City Engineer to prepare and file the hereinafter set out instruments of costs for such improvements and has heretofore by duly enacted Ordinances determined the necessity of levying assessments for a portion of the cost of construction of said curbs and gutters against the property abutting upon said street within the limits above defined, and the real and true owners thereof, and did adopt and determine the hereinafter set out proposed apportionment of the cost of said improvements between said City and the said abutting property, and the real and true owners thereof, and that the portion of said cost proposed to be assessed against the said abutting property, and the owners, thereof, will be in accordance with front foot rule or plan and did further adopt as the proposed rates

SIGNS LETTER OF INTENT — Ron Morris sig at Eastern New Mexico University recently. With his mother, Judy Morris, (seated) and standing Pete Villalba, Ronnie Morris Sr., his father, and of ENMU. Ron was also presented with the Award and was selected to play in the New M classic in August of '78. Ron is the grandson Morris and Mrs. Vera Gossett, all of Post, and Montana.

ns a letter of intent to play at the ceremony are 1 to r, Assistant Principal Head Coach Dunny Goode Fightingest Wildcat Back exico North-South all star of Mr. and Mrs. Chester Buck Gossett of Stryker,

and estimates of said costs in reference to and for said curbs and gutters within the limits above defined at \$4.25 per foot for a total estimated costs in all units of \$34,127.50.
A hearing will be given and held by and before the City of Post City Council on the 10th day of April, 1978, at 7:30 o'clock p. m., in the City Council Chamber of the City Hall of the City of Post, Texas, to the owners, whether named or correctly named herein or not, of all property abutting upon said street within the limits above defined, and to all persons owning or claiming any such abutting property, or interest therein, and to all others owning, claiming or interested in said abutting property or any of the proceedings, contracts, or matters and things herein mentioned are instant to said improvements or contracts herein described.

At said time and place, all of such persons, firms, corporations, estates, and their agents and attorneys, shall have the right to appear and be heard and offer testimony as to said assessments, and to the amounts thereof, proposed to be assessed against said abutting property, and the owners thereof, the lien and charge of personal liability secure payment of said improvements, the special benefits to accrue to each such abutting property and the owner or owners thereof by virtue of said improvements, if any, or concerning any error, invalidity, irregularity or deficiency, in any proceeding or contract in reference to said improvements, and said proposed assessments, and concerning any other matter or thing as to which hearing is a constitutional pre-requisite to the validity of said assessments, proceedings and improvements on which they are entitled to hearing under the constitution and laws of the State of Texas and the proceeding of said City Council of the City of Post, Texas.

Following such hearings, assessments will be levied against each and every parcel of property abutting the said streets, within the limits above defined, and

the real and true owners thereof, for the portion of the cost of said curbs and gutters determined by said City Council to be payable by such abutting properties and the owners thereof, and said assessments shall where permitted by law be a prior lien on said abutting property, from the date said improvements were ordered by said City Council and shall be a personal liability and a charge against the real and true owners thereof, as of said date, whether such property, be described or correctly described, or such owners be named, or correctly named, in such proceedings or not, and no error, mistake or discrepancy in the names of such owner or owners or in describing said property in this Notice or in any of said proceedings with reference to such improvements, shall invalidate any assessments or certificate issued in evidence thereof, but nevertheless, each parcel of property abutting upon said streets, the owner or owners thereof, shall be charged with, and be liable for said improvements all as provided for under the Article 1105-b, Vernon's Annotated Civil Statutes of Texas as Amended, under which said improvements and assessments and proceedings are being constructed, performed and levied.

All of said matters and things, all owning or claiming any such abutting property or any interest therein, as well as all others and in any wise interested or affected by the things and matters herein mentioned will take notice.
DONE BY ORDER OF THE CITY COUNCIL, of the City of Post, Texas on this 8th day of March, 1978.

City Manager
City of Post, Texas
Wanda Wilkerson
City Secretary

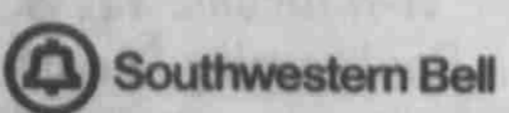

On May 16, 1866 a five cent coin first appeared in America. It was known as a "nickel."

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas effective April 14, 1978.

It is expected that the requested rate schedule will furnish an increase of 11.4 percent in the company's intrastate revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality, and is available for inspection in each of the Company's public business offices.

Karen named to 2nd team

SNYDER — Karen Williams of Post, a freshman at Western Texas College, has been named to the second team selected by the women's basketball coaches for the Western Junior College Conference.

Miss Williams, a 5-8 forward, played high school ball for Coach John Morrow. She is the daughter of Mr. and Mrs. Nolan Williams.

Cindy Luttrull of WTC's Dusters was selected Most Valuable Player and named to the first team. Miss Luttrull, a 5-10 sophomore from Laverne, Okla., was the leading scorer in the league with a 19.9 average.

Energy grant made to SPCA

Congressman Omar Burleson's office announces the approval of an \$11,750 emergency energy assistance grant to the South Plains Community Action Association, Inc. of Levelland, by the Community Services Administration.

The counties served are Garza, Lynn, Cockran, Hockley, Lamb, Terry, and Yoakum.

The grant will run for four months and will be used to help low income and elderly individuals and families who have encountered severe hardships during an emergency situation such as blizzards, fire or flood, or when the price of heating fuel or energy has risen more than 20 percent over the past 12 months.

These funds may be used to cover costs of items such as blankets or warm clothing, emergency furnace repairs, fuel oil, fire wood and many other areas which would impact the health and well-being of the low income individual and their households.

New Arrivals

Christy and Misty Hair wish to announce the birth of their baby brother, Travis Dale, born March 8 in Garza Memorial Hospital. Travis weighed 6 lbs. 7 ozs. Mr. and Mrs. Jerry Hair of Littlefield are the proud parents. Grandparents are Mrs. Margie Harper and Mr. and Mrs. Dale Hair of Post.

Mr. and Mrs. Calvin Davis announce the birth of a daughter, Debra Lee, born March 3 at 5:45 p.m. in Garza Memorial Hospital weighing 6 lbs., 6 1/2 ozs. Grandparents are Mr. and Mrs. Grady Davis of Post and Mr. and Mrs. Bill Glover of Dennison, Texas.

Farm Show Lubbock on

LUBBOCK — The most modern farm implements and equipment in the world will go on display here March 30-April 1 at the first South Plains Farm Show in the Lubbock Memorial Civic Center. Sponsor of the Farm Show is the Southwest Hardware & Implement Association.

The free three-day exhibition, bringing exhibitors from across the country, also will feature a public forum on the economic plight of the farmer, a Natural Fibers Fashion Revue, a special day for members of the Future Farmers of America, and a championship micro-mini tractor pulling contest.

The fashion revue and forum are being sponsored by the Implement Dealers Association, The Texas Agricultural Extension Service, Texas Tech and the Lubbock Chamber of Commerce.

"Farmers like to see what's new in farm equipment" and several million dollars worth of farm machinery will be on view in the largest such show ever assembled on the South Plains of Texas, Gene Cudde, President of Hansford Implement in Spearman and President of SWHIA, said.

Not only farmers, but city dwellers unfamiliar with

to open in March 30

farming will find the free show informative and entertaining. Hundreds of dollars worth of door prizes will be given away each day.

The displays of equipment will be open in the Civic Center from 10 a.m. to 6 p.m. Thursday, March 30, and Saturday, April 1, and from 10 a.m. to 9 p.m. Friday, March 31.

At 10:15 a.m. Thursday, March 30, spokesmen for the American Agriculture Movement, the National Farmers Union and an agricultural economist from Texas A & M University will discuss "The Agricultural Dilemma: To Farm or not to Farm," in the Banquet Hall of the Civic Center. The panelists then will face questions from a reaction panel of farm writers and broadcasters.

At 2 p.m. the same day, sewing enthusiasts from throughout the South Plains will display their handiwork in the Natural Fibers Fashion Revue. Television personality Jane Prince will provide commentary for the show, with hundreds of dollars in prizes being awarded to the winning entries.

Friday, March 31, has been designated "FFA Day" and will feature two micro-mini tractor pulls, at 2 and 6 p.m. The competitions are sanctioned by the National Micro-Mini Tractor Pullers Association. One of the fastest-growing competitive hobbies in the nation, the micro-mini pulls duplicate the contests of the full-size tractors, but use scale models powered by model airplane engines.

A final micro-mini pull will be held at 11 a.m. Saturday, April 1.

All events at the farm show are free and there will be ample free parking around the Civic Center.

The bitter orange was the only kind known in Europe until after 1500 A.D. It was used as a seasoning, not as a fruit.

Thomason in 1-man show

SNYDER — Ronald Thomason of Weatherford, often called one of the Southwest's leading realists, will hold a one-man show in the Scurry County Museum at Western Texas College from April 2-30.

He has also scheduled a workshop for area artists in the museum building from April 3-7. Classes are tentatively planned from 9:30 a.m. to 12 noon, 2 to 4:30 p.m., and 7-9 p.m. Persons who would like to reserve space in a class may call the museum office at AC 915-573-6107.

A reception honoring the artist is planned from 1-5 p.m. on April 2 in the museum lobby, and the public is invited to attend.

The museum is open each week day from 8:30 a.m. to 12 noon and 1-4 p.m. and from 1-5 p.m. on Sundays. There is no admission charge.

Thomason's works have been shown in the OS Ranch show in Post and at the Cowboy Reunion in Stamford, and many area residents have also seen his paintings in the Diamond M Museum in Snyder. Thomason was selected Texas State Artist of the Year for 1974.

Visitors are also invited to tour the Diamond M Museum at 911 25th Street between 2-5 p.m. on April 2.

Post breeder is accepted

KANSAS CITY — Jack Lott of Post, Tex., has been accepted into membership of the American Hereford Association, according to an announcement by H.H. Dickenson, Executive Vice President of the AHA.

The American Hereford Association, headquartered in Kansas City, Missouri, is the world's largest beef breed registry organization, having entered some 17 million head into the records since it was founded in 1881.

The Hereford breed, one of the oldest in the United States, is well known for its high fertility, ability to adapt to extremes in climates, and its ability to convert grass and grain to beef efficiently.

Boll weevil meeting set here April 4

Steps to help cotton farmers protect their fields against new threats from the boll weevil will be explained at a meeting at 7:30 p.m., Tuesday, April 4, in District courtroom at Post.

The continuing war against the costly insect has been spearheaded in this area for 14 years by the Diapause Boll Weevil Control Program, said Syd Conner, Garza County extension agent. This season, cotton producers must look at some new strategies to help make their weevil control effort more effective, he stressed.

The Boll Weevil Technical Advisory Committee met February 23 in Lubbock to map out ways to cope with changing conditions which are threatening the success of the control program.

Program representatives from Plains Cotton Growers and the U.S. Department of Agriculture's Plant Protection and Quarantine office will report at the Post meeting on the status of the program and ideas to restore its effectiveness.

An entomologist from the Texas Agricultural Service will discuss weevil management practices, Conner said. The entomologist will

emphasize early season control methods and the best planting dates for this area to help curb the weevils.

Cotton farmers interested in the future of their boll weevil control program in Garza and surrounding counties should be sure to attend the meeting, the Extension agent said.

If unable to attend this meeting, Conner noted, cotton farmers should attend one of the following sessions:

Tuesday, March 28, 7:30 p.m., Community Room, Citizens National Bank, Crosbyton;

Wednesday, March 29, 7:30 p.m., Community Center, Fluvanna;

Friday, March 31, 7:30 p.m., Community Center, Quitaque.

John Hill's son to Post

Graham Hill, son of Texas Attorney General John Hill, begins an 800-mile caravan through West and North Texas March 28, one of the caravans by the Hill Governor campaign to force March 31 in Antonio.

Hill will be in Post Wednesday, March 29, 10:10 a.m. for a brief visit. Seven members of Hill family and two staff members will leave from eight p.m. of the state at the same time bound for San Antonio to cover the state in the days.

The attorney general conduct a statewide telecast from San Antonio March 31.

The day the caravan begins, Hill will be arguing the Hughes case before U.S. Supreme Court.

All Buyers and Consigners Welcome!

1 OF EVERY 3 ACRES OF COTTON ON THE HIGH PLAINS IS PLANTED TO PAYMASTER VARIETIES

Paymaster 111-A*
CERTIFIED COTTON SEED

1 out of every 3 acres of cotton on the High Plains is planted to PAYMASTER varieties (U.S.D.A. statistics)
PAYMASTER 111-A is just one reason why

PAYMASTER 111-A and its predecessor, PAYMASTER 111, have been planted on millions of High Plains acres since the introduction of PAYMASTER 111 in the mid 1960's. The unusually good seedling vigor and the production of large storm resistant bolls on stalks that are easily stripped harvested are just two reasons why farmers are planting large acreages of PAYMASTER 111-A. A variety with top quality lint, PAYMASTER 111-A is popular on both irrigated and dryland farms. It's a proven variety that you should plant in your 1978 cotton crop.
