

# The Post Dispatch

Fiftieth Year

Post, Garza County, Texas

Thursday, Aug. 25, 1977

Number 13

**NEW GYMNASIUM** — This is a side view of the new gymnasium to be completed next Monday. The gym is the newly built Southland school. The gym is the newly built Southland school. The gym is the newly built Southland school. The gym is the newly built Southland school.

is expected to be completed by Oct. 1. The left side of the picture is the classroom area and the middle area, the cafeteria. One has access to all three without going outdoors. — (Staff Photo)

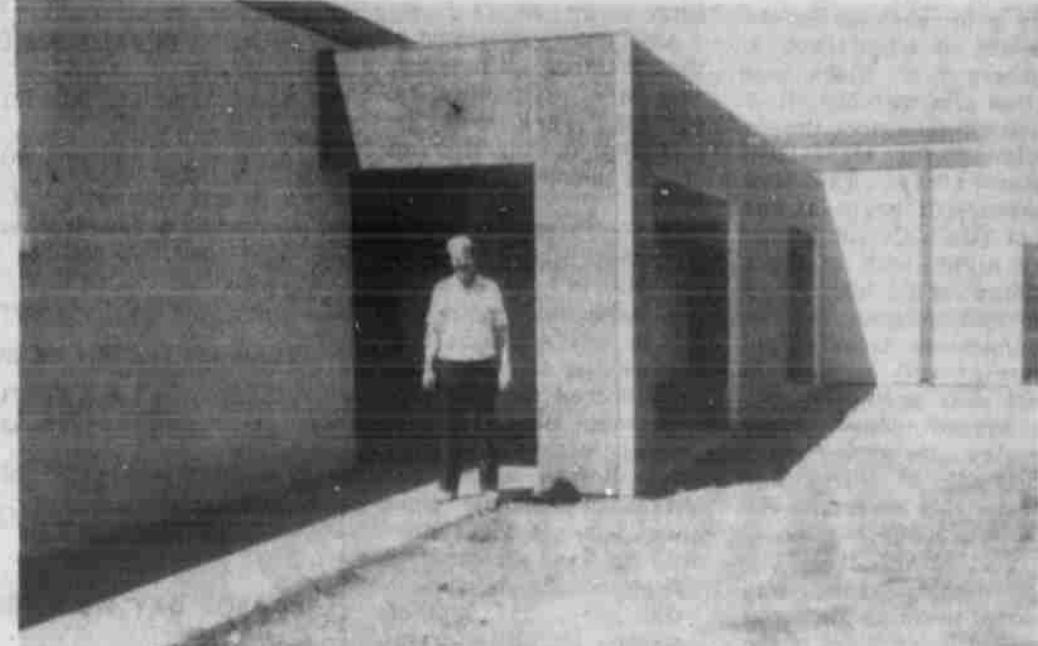

## New Southland school ready to go

**NORMA BAUMANN** Monday was moving day for the faculty and staff of the new Southland school as desks, equipment and personnel were being moved from the old building into the new.

workshop. The band hall will also be housed in the old building.

kindergarten and first grade and second and third grades will be combined leaving the rest with their own rooms.

the elementary level and the other is for high school. The high school side features a science lab, library and learning center.

**NEW SCHOOL** — Pictured above is Superintendent of Southland School Dr. Thomas Alvis standing in front of the classroom side of the new building. — (Staff Photo)

### Butler rites Wednesday

Funeral services were conducted at 2 p.m. Wednesday in the First Baptist Church by the Rev. Glenn Reece for Mrs. Ruby Butler, 80, mother of Stanley Butler.

### Rites here for Mrs. Hartman

Funeral services were conducted in the First Methodist Church here at 10 a.m. Wednesday by the Rev. Conrad Ryan for Mrs. Meta Hartman, 79, who had been a resident of Post for approximately 50 years.

**PROUD OF NEW OVEN** — Florence Hooper, a member of the Southland cafeteria staff for the last eight years proudly shows off the new convection oven in the cafeteria. — (Staff Photo)

**MOVING DAY** — Monday was moving day for faculty and staff of the Southland school. Students as well as teachers were anxious to complete the chore as there were a number of students helping. Anne Chaffin, teacher, is shown with student, Ignacio Vasquez as she moves into her new second and third grade room. — (Staff Photo)

### Two shot in lounge fray

Two or more arrests are expected here by sheriff's deputies following a double shooting which seriously wounded two Crosbyton men shortly after midnight Saturday morning at the 77 lounge in the 500 block May street.

### Funds to be sought for 3 more duplexes

Directors of the Post Community Housing Association, Inc., are moving forward submitting an FHA loan application to build three more rental duplexes here.

### APL classes are being organized

Adults here interested in obtaining their high school diplomas through the Adult Performance Level Classes should call Sandra Alexander or 3414, the office of the elementary building between 10:45 and 11:45 a.m. and 12:30 to 2:30 p.m.

### NEW OS CATALOG IS SURPRISE TO HIM

**Prather's portrait on cover** Exhibit into national prominence has so many commitments he usually has trouble finding time to keep up with them. And nobody said anything about using such a portrait for the catalog cover.

### First day is Monday

With school beginning Monday here are the reporting instructions from Post's three school principals:

Jack Alexander, principal of the primary and elementary buildings, asks that all children who will be in kindergarten through fifth grade, who were not in school here last year, and who have no already pre-registered, should do so by Friday, Aug. 26, at the office of the principal in the primary building between 8 a.m. and 4 p.m.

Rooms in the two buildings will open at 8:15 a.m. Monday and classes will begin for all students at 8:35 a.m.

The half-day kindergarten morning classes will be from 8:35 to 11:20 a.m. The half-day afternoon kindergarten classes will be from 12:15 to 3 p.m.

The full-day kindergarten class and first grade will dismiss at 1:30 p.m. for the first three weeks of school, and thereafter at 3 p.m.

Second and third grade classes will dismiss at 3 p.m. Fourth and fifth grade classes will dismiss at 3:45 p.m.

Parents of children who do not ride the school bus must arrange for them to come home when dismissed instead of waiting at school for older brothers or sisters. Bus pupils, and only bus pupils, will be supervised until the buses run at 4 p.m.

Kindergarten and first grade children will enter the east door of the primary building Monday where they will find their room assignments posted in the hall.

### Probation fee is hiked here

The Garza County Commissioners Court Monday increased county probation fees from \$10 to \$15 monthly in accordance with authority granted by new state legislation on fees.

In another action, they accepted the \$640.91 bid of Hall's Body Shop for repair of the damaged mini-bus after terming a lower bid as incomplete.

The court also set Nov. 8 as the date for a special election on state constitutional amendments. Absentee balloting will begin Oct. 19.

The county's budget needs were discussed and Sept. 6 was the date set to review the final budget figures. The county budget, which won't become effective until next Jan. 1, is the only one remaining to be adopted here.

### Plenty of variety in faculty sessions

The Post school faculty, who will be coming to the Post Elementary school as teacher trainees this year, holding a "brainstorming session" on dropouts, and even hearing tips by Robert H. Cameron, who is making a safety survey here for the city, on how to train

Fourth grade students will enter the west end and fifth grade students the east end of the elementary building. Lunches will be served in

the lunchroom at a cost of 80 cents a day. No one will be permitted to eat in the lunchroom free or at a reduced rate unless an application has been filled

out and approved. The lunch schedule will be: kindergarten, 10:40-11:30; first grade, 10:55-11:35; second grade, 11:10-11:35. (See First day, Page 14)

## Plenty of variety in faculty sessions

about 14 Texas Tech co-eds who will be coming to the Post Elementary school as teacher trainees this year, holding a "brainstorming session" on dropouts, and even hearing tips by Robert H. Cameron, who is making a safety survey here for the city, on how to train

younger children to walk the safest routes from home to school.

Dr. Tom Murphy of Texas Tech University told the faculty Monday afternoon that the Post elementary school, grades kindergarten through fifth, will serve as a

**RECORD HEAT** — Mrs. George Childers points to the 106 degree temperature recorded on the First National Bank's rotating clock-temperature at 3:58 p. m. Tuesday. It was the hottest day of the summer and some called it a "record high for so late in August." — (Staff Photo)

### SUBJECT TO FCC APPROVAL—

## Jerry Brown buys Post radio station

Jerry Brown Enterprises Inc., a Texas corporation headed by Jerry Brown, has contracted to purchase Post radio station KPOS from Jim Boles subject to the approval of the Federal Communications Commission, the two men told The Dispatch this week.

**JERRY BROWN**

FCC approval can be expected to take several months, but Brown said Tuesday that "we anticipate to be able to take over the station and begin our operations in January."

Brown said he has made up his mind he wanted to return to the Southwest region — Oklahoma or Texas — and settle down and live the rest of his life in a small town.

Boles, who completed five years of station ownership in May, said his future plans at present are incomplete.

He started his radio career as a disc jockey at KOMA in Oklahoma City, went from there to KHJ in Los Angeles as an announcer, then moved to KDRL in Honolulu as program director. (See Jerry Brown, Page 14)

### All containers lids are here

The City of Post's new containerized trash collection system has at last reached the point that the ordered containers and their lids have been delivered here, Mayor McCrary told The Dispatch this week.

### Meet Lopes' night Tuesday

All the homemade ice cream you can eat for 50 cents and an introduction to Post's schools' 1977 football players—between 165 and 200 of them—plus band music and prancing cheerleaders are in store for Post fans at the traditional "Meet the Antelopes Night" in Antelope Stadium at 6:30 p.m. Tuesday.

Here is good news for all our subscribers.

Who says a tax never ends? Believe it or not, the Texas sales tax on newspapers ends Monday.

The recent legislature passed House Bill 694 on voice vote with only two senators and no representatives voting against it. It provides for exemption from state sales and use tax the sales of newspapers either by term subscription or individual sale at a price which averages 75 cents or less. Governor Dolph Briscoe signed the bill into law to become effective Aug. 29 and Comptroller Bob Bullock has given the new

### 'Meet Lopes' night Tuesday

All the homemade ice cream you can eat for 50 cents and an introduction to Post's schools' 1977 football players—between 165 and 200 of them—plus band music and prancing cheerleaders are in store for Post fans at the traditional "Meet the Antelopes Night" in Antelope Stadium at 6:30 p.m. Tuesday.

Players' parents and other boosters are providing the huge amounts of necessary ice cream.

Best advice is don't come late and still expect to get all you can eat—and a pick of flavors.

### All containers lids are here

The City of Post's new containerized trash collection system has at last reached the point that the ordered containers and their lids have been delivered here, Mayor McCrary told The Dispatch this week. He said some eyes would have "to be spared" for use of the containers with tree trimming and the like. He added that it should not be so long now before the entire system will have automated pickup system. The system was ordered over a year ago, but the problems cropped up in delivery for the containers.

## One goal for all of us

One of Post's most important industries and certainly the one producing the greatest dividends — its schools — will open a new nine-months term Monday.

That will send over a thousand youngsters, mostly scrubbed and shined, back into the classrooms. It returns to the job a school faculty and assisting cast full of new determination to succeed in enriching those youngsters' lives for all times with a plentiful supply of learning ingredients.

The new school term brings new teachers into our midst, introduced by picture and paragraph in today's Dispatch by the First National Bank.

It sends the kids scurrying all over the streets again and makes "small pedestrian safety" a new concern in all our driving habits.

Downtown it injects a new buying push into our stores.

When one reflects upon the start of another school year, the importance of schools to all phases of community life becomes quickly apparent.

But the No. 1 quality of our schools is

their educational effectiveness. For this we are dependent upon a school administration with both the vision to set important goals and the ability and know-how to achieve them, with the operation of a board of trustees which puts the lofty educational goal above all mundane problems and resolutely keeps it there no matter what, and with a faculty of teachers who can not only impart knowledge in their classrooms, but grasp the goals set before them and work harmoniously together to achieve them.

All this takes a special kind of teamwork.

Post can be thankful indeed as we face the start up of a new school year we possess all of this. Few small school systems do. And we must remember it is important, above all, for us — parents and school patrons — never to lose sight of the importance of keeping this educational system we possess effective and operational and not let it break up into disarray by our over-reacting to the innumerable crises which always crop up each and every school year.

## Remember When

### 10 YEARS AGO

The Post Public School opened yesterday for the 1967-68 term with a first day enrollment of 1,183. Sharla Faye Pierce and Jimmy Wayne Wells were united in marriage Aug. 26, at the Trinity Baptist Church. Savings Bond sales in Garza County for the period through July, 1967 totaled \$35,244. The Post Antelopes opening football game will be played at 8:30 on Sept. 8 against Hale Center. There are more signs of progress at White River Lake, the mail will be delivered there beginning today. Herb Germer named Post's new band director. Burlington Industries announces wage increases due most of their plants.

### 15 years ago

The oral polio vaccine will be administered free in Post Sunday, Sept. 16, Dr. James Matthews announced today. The faculty is in readiness for the opening of school Sept. 4, reports T. C. Clark high school principal. Mrs. H. J. Dietrich announces the enrollment for classes in piano study. The fall season will begin at the Post Youth Center Saturday night, with a dance planned for the high school and college students. The Southwestern Archery Tournament will be held in Post next spring. It was announced today. Elvis Presley stars in "Kid Galahad" at the Tower Theater this weekend.

### 25 YEARS AGO

A double room was donated to Garza Memorial Hospital by relatives of the late Rufus and Priscilla Cowdrey in their memory. Post Junior Rodeo Association held a business meeting and termed the 1952 Rodeo a tremendous success. Mr and Mrs. Punk Peel announce the birth of a daughter, Patti Lou, born

Aug. 14. Bolstered by only four returning starters, Coach Bing Bingham's Antelopes will face the toughest season in years. Piggly Wiggly advertises Chase and Sanborn coffee for 79 cents. Barbara Shumard was honored with a birthday party Saturday afternoon given by her mother, Mrs. Buster Shumard.

## Installation here Friday

Officers of the Post chapter of the American Association of Retired Persons will be installed at 11 a.m. Friday, Aug. 26, in a meeting in the community center with Mrs. Lelah Adams of Lubbock, the installing officer.

New officers are Mrs. Jack Dale, president; Mary Tillman, vice president; Mrs. Garland Davies, secretary; Enid Gossett, reporter; Glenn Voss, treasurer.

Any persons interested in the advantages of membership are invited to be present. They will be included in the list of charter members for Garza County.

On Sept. 14 there will be a workshop at the Ramada Inn South in Lubbock which will deal with insurance and answer any questions that persons over 55 might have encountered during their retirement planning. Mr. Jerrell of Dallas will moderate the workshop and offer suggestions for planning types of insurance. Mrs. Dale and a committee will attend this workshop.

On Sept. 15 another workshop for officer training will be held, this time at the Carriage House in Lubbock, at which time the new slate of officers will be present.

AARP is also interested in having two persons from each of its chapters to enroll in a class to teach a

defensive driver course, in order to offer AARP members drivers insurance at a reduced rate. The instructors training course will be held on Sept. 20 and 21 at the Ramada Inn. Upon completion of the course these persons can then go out to other chapter to teach others.

**RECENT GUESTS**  
Visiting in the home of Mrs. Vera Gossett recently were Mrs. Esther Carpenter of Tahoka and Mrs. Judy Morris of Clovis, who came to pick up her daughter Lisa and a friend, Kathy, who had been here visiting for a week with her grandmother.

## COMMUNITY CALENDAR

Thursday, August 25  
Physical Fitness class 11 a. m. with Mrs. Ginny Ferrabee, SPAG Regional Office of Aging as instructor. Dominoes and other table games 10 a. m. to 3 p. m. Kathryn Crawford, Lubbock Extension Agent, will be a meeting of SPD, assisted by Mrs. Cawthon, Garza Co., Agent 7:30 p. m. Youth Night.

Saturday, August 27  
Youth Night.

Monday, August 29

## Registration here Monday

SNYDER-Registration for fall semester classes at Western Texas College will be held Aug. 29-30, with classes beginning Aug. 31. Residence halls will open at 2 p.m. Aug. 28 for the convenience of students living there.

Sophomores will register from 1-5 p.m. on Aug. 29, with freshmen to register from 8-12 noon on Aug. 30. Evening students may register between 6:30 and 9 p.m. on Aug. 29 and any student not registered may register on the afternoon of Aug. 30.

Students beginning registration are asked to report first to the Student Center. Students who have pre-registered will be issued identification cards and parking permits starting at 1 p.m. on Aug. 29. Text-books may be purchased in the college book store starting at 1 p.m. on Aug. 29.

Schedules of both day and evening classes are available from the office of the registrar in the administration Building. Students wishing information about registration may contact the office of Dr. Duane Hood, Dean of Student Services, at Area Code 915 573-8511.

Last date for late registration is Sept. 6.

Fallen in love? See us for a complete selection of beautiful wedding stationery.

THE POST DISPATCH

## SALUTING 1977-78

# Southland School Staff

## INCLUDING FOUR NEWCOMERS

### Mrs. Cathy Ann Scheffel

Mrs. Scheffel, who lives in Lubbock with her husband, Danny, will teach kindergarten and first grade. She holds a bachelor of science degree in education from Texas Tech University and also attended a summer session of the University of Hawaii at Honolulu.

### Dick J. Marsden III

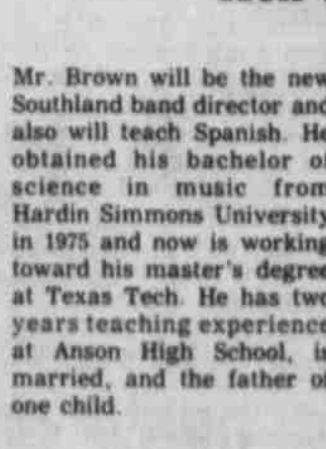

Mr. Marsden, a native of Brady, is Southland's first vocational agriculture teacher. He holds a bachelor of science and master of science degree from Tarleton State University in 1970 and 1976. He is living in Southland. This is his first year of teaching.

### Mrs. Jackie Hahn

Mrs. Hahn, whose husband is girls' coach and science teacher, will teach fourth grade. She is a graduate of Lamesa High School and Hardin-Simmons University and taught one year at O'Donnel and a year at Quail Rural School District.

### Ken Brown

Mr. Brown will be the new Southland band director and also will teach Spanish. He obtained his bachelor of science in music from Hardin Simmons University in 1975 and now is working toward his master's degree at Texas Tech. He has two years teaching experience at Anson High School, is married, and the father of one child.

## OTHER MEMBERS OF SCHOOL STAFF

Thomas V. Alvis, superintendent; Geneva Alvis, Title I migrant teacher; Anne Chaffin, grades 2 and 3; Carolyn Courtney, fifth grade; Keith Gast, social studies, high school principal, boys' coach; Jerry Hahn, high school sciences and girls' coach; Keith Hall, sixth grade; Lynn Heith, business teacher; Henry Hunter, high school math and elementary principal; Laura Wheeler, high school English and journalism; Peggy Wheel, Title I reading.

Teacher aides: Cecilia Diaz, migrant aide; Maria Garza, Title I reading; and Wynelle Craft, educational secretary.

Custodian: Jesse Mendez; lunchroom, Florence Hooper; Bus driver, Mrs. Elsin Crawford; and Tax Assessor, Jean Westfall.

**On windy dusty days . . .**  
your filter can get dirty, clogged, waste energy . . .

**but a clean filter saves energy, money.**

## Clean or replace dirty Air Filters on your furnace or air conditioning!

The purpose of a filter on your air conditioning or heating air blower is to keep the air inside your home clean. The filter catches dust and dirt before it can enter your home. In time, the filter will accumulate dust and dirt . . . if it gets clogged, it can't do the cleaning job it's supposed to. Then it begins to restrict the air flow and has the effect of making your air conditioning or heating unit work harder. A dirty filter works harder, it uses more electricity . . . and if it works too hard because of a dirty filter, it can be damaged.

To avoid damage to your unit, to keep your home cleaner, and to save energy and money, be sure filters are clean. Permanent types can be cleaned according to the manufacturer's instruction. Non-permanent types are replaced, since they are inexpensive. It is wise to check filters every 30 days.

Save energy . . . save money . . . use clean filters.

OF POST

# Youthoughts

By TRACY McALISTER

You know, you wouldn't know it, but kids think a lot about death. We don't think about it that much, but when it hits close to home, the idea plagues us. I've had a few friends of mine that have died, and I always think—why them and not me?

I used to ask myself, "If your mother died today, how would you take it?" I used to think that I would go crazy or something. Then I realized that death is as much a part of life as being born.

It's hard to accept the fact that from the minute you're born, you start dying. I think that if I died today I would have a few regrets. There's a few people that I have wronged and I would like to make it right again.

Just think if everyone thought about life that way. What a great world this would be to live in.

But it would be bad if everyone thought about

death every day. Most people would be afraid of every move that they would make.

It's hard to discuss death. It's more than just a word. It's a phase of life, a feeling, a sadness of the mind.

I've gone to quite a few funerals in my time, and it's funny how people who never liked a person when alive, come unglued at the thought of the person dying. They come to the funeral and cry, more than the family sometime.

If they've come to say "I'm sorry," it's too late. It's sad that we don't know when death is going to carry us away, because we could save a lot of "I'm sorry's."

"I'm sorry" seems to be the two hardest words in the English language for us to say. But we must learn how to say them. For just think that in 150 years, this generation will be dead. Very few of us will be remembered. The rest of us will become a stone in the graveyard—Except the stone will not be able to say, "I'm sorry."

## DC school supt. ousted

DENVER CITY— School trustees in a called meeting last week by a 4 to 2 vote ousted Bob F. Conger as superintendent of the Denver City schools.

Trustees voted to spend over \$66,500 to buy up the superintendent's contract for the next two years.

The Denver City Press reported last Thursday that no reason for the dismissal was given and said in a front page story the newspaper understands none has to be revealed when payment for the entire contract is made.

Conger has been superintendent for the last seven years and was voted a contract extension in February. He has been in the Denver City school system 25 years.

Virgil Kelley, assistant superintendent, will serve as acting superintendent until further action by the school board.

### VISITS HERE

Mr. and Mrs. Terry Sanders, Trent, and Kelli of Tucson, Arizona and Mr. and Mrs. Don Dando, Tracy and Bill of Carlsbad, N. M., have been recent visitors here in the home of Mr. and Mrs. Bill Sanders.

LUBBOCK — September might well be dubbed "Agriculture Month" on the Texas High Plains, notes Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc., Lubbock.

"No less than four farm-related events are scheduled to occupy all or part of seven days during the month," he points out, all of which should prove attractive and beneficial to farmers.

The first annual High Plains Agribusiness Exposition kicks off Sept. 8 and runs through Sept. 10 at Lubbock Memorial Civic Center. Planned are educational symposiums on marketing of agricultural commodities, estate planning, water and energy development, a natural fibers fashion show, a microwave cooking demonstration, a special presentation on cotton and what is billed as the largest array of agribusiness equipment ever assembled on the High Plains. Over 150,000 feet of exhibit space will be occupied.

A&M Research and Extension Center Field Day is set on the afternoon of Sept. 13, featuring fungicide seed treatment studies, seed quality testing, biological control of seedling diseases and verticillium, wilt control, plus field tours and displays of farm machinery developments.

On the evening of Sept. 13 begins the annual meeting of the Food and Fiber National Institute of Achievement (FFNIA). Also to be held in the Civic Center, the meeting is designed to further FFNIA's stated purpose "To help the American people better understand how their lives are influenced by changes in food and fiber production and processing."

Registration will begin at 3:00 p.m., followed by a banquet from 7:00 to 9:00 p.m. Representative Jamie Whitten of Miss., ranking Democrat in line to succeed Congressman George Mahon as Chairman of the House Appropriations Committee, will be keynote speaker. Congressman Mahon, who has announced his retirement at the end

of the current term, will also be in attendance.

The FFNIA meeting will continue at 9 a.m. Sept. 14 with an address by Larry Meyers, USDA Legislative Liaison Assistant, on "Energy and the Food and Fiber Supply." Seminars and panel discussions will then be held on cotton, beef cattle and feed grains. The cotton session, beginning at 9:30 a.m. will feature an address by Robert S. Small, Chairman and Chief Executive Officer of Dan River Mills, Inc., Greenville, N.C.

The finishing touch on the month of agricultural events will be a textile study tour sponsored by Plains Cotton Growers, Inc. The tour will leave Lubbock at 7 a.m. on Sept. 29 and return the night of Oct. 1. Tour participants will visit the cotton corduroy and denim manufacturing operations of Cone Mills, in the Greenville, N.C. area, and also tour the research facilities of Cotton Incorporated, Raleigh, N.C. A tour "bonus" will be in the form of reserved seat tickets to the Texas Tech University-University of N.C. football game on Saturday afternoon, Oct. 1. PCCG's Johnson emphasizes that reservations for this tour need to be made prior to Aug. 30 to permit filing a required passenger list with the Civil Aeronautics Board.

## Tips on grilling of vegetables outdoors

COLLEGE STATION — Vegetables cooked on the grill, along with the meat, save energy, time and effort — and they leave the kitchen cool and comfortable, a foods and nutrition specialist suggests.

Most vegetables will cook quickly and evenly on the grill or right on top of the coals, says Marilyn Haggard, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Below are her instructions for wrapping vegetables to grill — and several grilling ideas.

Heavy duty aluminum foil is a must for cooking vegetables on the grill — and the standard "drug store wrap" is a suitable way to wrap vegetables for cooking she advises.

Use two thicknesses of foil if packages are large or if the vegetables contain much liquid. With regular household foil, three layers may be necessary. For a "drug store wrap," place food in the center of aluminum foil sheet and follow the guidelines below. Foil should be large enough to allow for this method: (1) Bring the two sides of aluminum foil evenly together at the top.

(2) Fold the two edges together until tight on food.

**ROASTING EARS**  
Two cloves garlic, crushed, ½ cup soft butter or margarine, six roasting ears, salt and pepper to taste.

Mix butter and garlic; let stand one hour. Remove outer shucks from corn. Loosen inner shucks and remove silks. Brush ears of corn with garlic butter. Tie shucks into place. Wrap ears with aluminum foil, place on grill over hot coals, turn frequently. Cook 15 to 25 minutes, depending on tenderness of corn. Serves six.

**BAKED SWEET OR IRISH POTATOES**

Scrub potatoes and wrap in foil. Place directly on hot coals, turning often. Bake one hour or until soft. Cut a cross on top, pull back foil and add butter or margarine, salt and pepper. Serve in foil wrapping.

**VEGETABLE HOBO PACK**

Any frozen or canned vegetable may be cooked this way. Wrap one 10-ounce package of frozen vegetables and two tablespoons butter or margarine, salt and pepper in double thickness of heavy duty aluminum foil. Place on grill and cook 30 to 40 minutes, turning once or twice.

# Welcome Teachers

## To Post's 1977-78 School Year

### Introducing 9 Newcomers to Post's School Faculty

On behalf of the entire community, the bank welcomes each of you nine new teachers to Post and welcomes back all returning members of the Post school staff.

You new teachers are welcome to the stores, churches, and organizations of this community. Here at the bank we are looking forward to providing each of you with every necessary banking service. Let us help you in whatever way we can.

**MRS. PATRICIA WEBB**  
Mrs. Webb is the new earth science teacher in the eighth grade. This will be her first year in teaching. She has a bachelor of arts degree in zoology from the University of Texas at Austin in 1972. The Webbs reside at 126 N. Ave. K. Her husband, Ronald K. Webb, is a vocational evaluator for the Lighthouse for the Blind. Her church preference is Catholic.

**MRS. RENEE LONG**  
The wife of Coach Mickey Long, Renee will teach in kindergarten. The Longs, who live at 514 West Main, have a daughter, Amy, four months old. Mrs. Long holds a bachelor of science degree from Angelo State University, 1976. This will be her first year in teaching.

**MRS. SHIRLEY WARD**  
Mrs. Ward, whose husband Dennis, is also a new teacher here, will be a new third grade teacher. The Wards live at 502 West 13th. She has a bachelor of science in homemaking, 1975, from Texas Tech University and has taught homemaking for two years at Meadow. Her church preference is Baptist.

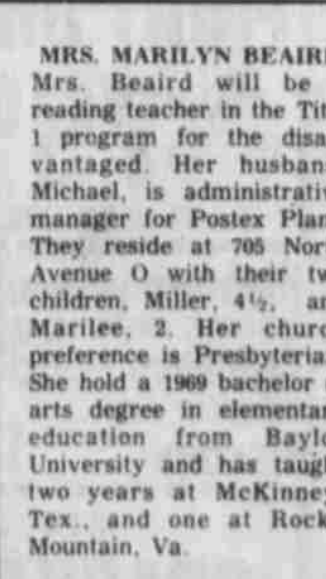

**MRS. KATHY RIDDLE**  
Kathy will be a second grade teacher. She has a bachelor of science degree in education received this year and this will be her first year of teaching. Miss Riddle's residence is at 726 West 12th, and her church preference is Methodist.

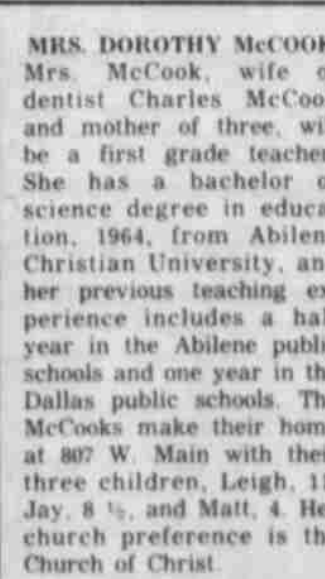

**DENNIS WARD**  
Mr. Ward is the new seventh and eighth grade math teacher in Post Middle School. He received his bachelor of science in education in May of this year and this will be his first year of teaching. His wife, Shirley, is also a new teacher.

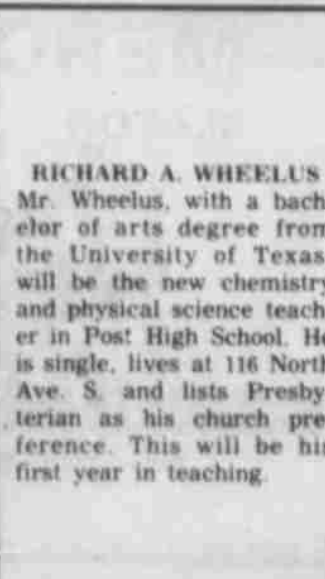

**PRISCILLA A. WILLIAMS**  
Mrs. Williams will teach eighth grade English and drama. Her husband Terrell C. Williams is an electrician. Her church preference is Episcopal. She holds a master degree in secondary education and journalism, 1972, from Arizona State University and a bachelor of fine arts degree, 1963, Goodman Memorial Theater in Chicago. Her previous teaching experience includes five years on a Navajo reservation in Arizona and four years in schools in northern Illinois and southern Wisconsin.

**MRS. MARILYN BEARD**  
Mrs. Beard will be a reading teacher in the Title I program for the disadvantaged. Her husband, Michael, is administrative manager for Postex Plant. They reside at 705 North Avenue O with their two children, Miller, 4½, and Marilee, 2. Her church preference is Presbyterian. She holds a 1969 bachelor of arts degree in elementary education from Baylor University and has taught two years at McKinney, Tex., and one at Rocky Mountain, Va.

**MRS. DOROTHY MCCOOK**  
Mrs. McCook, wife of dentist Charles McCook and mother of three, will be a first grade teacher. She has a bachelor of science degree in education, 1964, from Abilene Christian University, and her previous teaching experience includes a half year in the Abilene public schools and one year in the Dallas public schools. The McCooks make their home at 807 W. Main with their three children, Leigh, 11, Jay, 8½, and Matt, 4. Her church preference is the Church of Christ.

**RICHARD A. WHEELUS**  
Mr. Wheelus, with a bachelor of arts degree from the University of Texas, will be the new chemistry and physical science teacher in Post High School. He is single, lives at 116 North Ave. S. and lists Presbyterian as his church preference. This will be his first year in teaching.

 ing. ttc 1-15

## Focus on Home Economics

**CONSUMERS CAN AVOID 'HARD SELL' ON TELEPHONE**

Consumers can guard  
 against unscrupulous tele-  
 phone solicitors with a little  
 knowledge of how they  
 operate.

Many types of goods and  
 services are sold by tele-  
 phone - magazines, kit-  
 chenware, insurance and  
 land sales - but some  
 dealers may try to trick  
 consumers into a purchase  
 or contributing to a phony  
 charity.

Never agree to buy a  
 product, let a salesperson  
 come to your home, or  
 make a charitable contribu-  
 tion during the first phone  
 call. Tell the salesperson  
 you'll call him back if you  
 decide to buy or let  
 someone come to your  
 home.

Call the Better Business  
 Bureau or Chamber of  
 Commerce to check on the  
 company, then call the  
 salesperson back if you  
 really need what he's  
 selling.

If it's a charitable organi-  
 zation, ask them to send you  
 information about the char-  
 ity.

If the company represents  
 itself as helping the handi-  
 capped, ask if handicapped  
 are employed by the com-  
 pany and how much money  
 goes to the handicapped.

If you are told that you've  
 won a free prize or gift, find  
 out what you have to do.  
 Often the prize is only given  
 if you buy something and  
 frequently you will be  
 overcharged for the item  
 you are required to buy.

Be sure to ask if you have  
 to listen to a sales pitch for  
 a product or service.  
 Generally, you can bet the  
 sales pitch will be high  
 pressured and intense.

Focus on home economics  
 'FREE PHOTO' OFFERS  
 NOT ALWAYS 'FREE'  
 "Get a free photo of your  
 child" may turn out to  
 mean anything but "free."

## Thank You

Mattie Dunlap wishes to  
 thank all of her good friends  
 and relatives for so many  
 nice birthday cards and  
 gifts and to say she is doing  
 fine. Her new address is 618  
 Broadway, Collinsville,  
 Okla. 74021. Telephone 918-  
 371-4400.

We would like to thank  
 everyone who helped at the  
 fire at our farm last week.  
 We especially thank our fire  
 department for being so fast  
 and prompt, not only this  
 time but everytime we have  
 had to call them. Thanks  
 again.  
 George and Helen Miller

I wish to thank each and  
 all of my friends who came  
 to visit me and made calls  
 to the hospital while I was  
 there, both here and in  
 Lubbock Methodist Hos-  
 pital. Also thank you for the  
 cards and flowers. A special  
 thank you to Dr. Wilson and  
 Dr. Tubbs for taking care of  
 me.  
 Claude Williams and family

## ENJOYING ELECTRONICS

**Tips To Help You**

When buying the right audio  
 equipment, you can fill your  
 home with music and be  
 making a "sound investment."

**OPEN HEART SURGERY**  
 Harold Davies of Cisco,  
 former local resident, will  
 undergo open heart surgery  
 at West Texas Medical  
 Center in Abilene Thursday  
 morning.

picture packages. These  
 contracts can run for 10 or  
 20 years, promising a  
 family portrait or child's  
 photo each year. Often  
 these companies go out of  
 business leaving the con-  
 sumer with only a few  
 pictures. Check with the  
 Better Business Bureau or  
 Chamber of Commerce if  
 you have any doubts about  
 the reputations of a photo-  
 grapher.

If you do sign a contract  
 from a traveling salesman  
 who comes to your home,  
 remember that you have  
 three days to cancel your  
 order.

Make sure when you buy re-  
 cording tapes that you buy  
 premium quality tapes. Some  
 brands feature a super  
 premium tape coated with  
 chromium dioxide designed for  
 extremely high performance.  
 The Electronic Industries Asso-  
 ciation recommends that these  
 tapes should only be used with  
 recorders specifically designed  
 for them.

## Shower given Jana McKamie

A miscellaneous wedding shower honored Miss Jana McKamie, bride-elect of Doyce Haney, in the O'Donnell Community Center Saturday, August 20, between the hours of 2:30 and 4 p. m.

Special guests for the affair were Mrs. Weaver McKamie, mother of the honoree and Mrs. Jeep Haney, mother of the future bridegroom, and Mrs. Opal Winters, his grandmother.

Guests were registered by Sarita Haney, sister of the future bridegroom.

The serving table was laid with a lace cloth and featured an arrangement of silk spring flowers and guests were served decorated sheet cake, mints, nuts and punch. Serving were Sipper and Jalane Cooley of New Deal.

Hostess gift to the honoree was a blender and the flower arrangement used on the serving table.

There were 17 hostesses for the occasion.

The couple will wed Sept. 10 in the First Christian Church of Post.

MRS. GUY TROY NELSON  
(Brenda Faye Graham)

## Graham-Nelson vows are read in Midland

Miss Brenda Faye Graham and Guy Troy Nelson exchanged wedding vows Saturday, Aug. 20 at 7:30 p. m. in the Church of Christ chapel in Midland.

The double ring vows were read by Pat Stephenson, of the Woodlawn Church of Christ of Abilene before two candelabrum made by the father of the bride holding sky blue tapers, greenery and ribbon. A memory candelabrum was decorated with greenery and tapers.

Parents of the bride are Mr. and Mrs. R.G. Graham of Midland and the groom is the son of Mr. and Mrs. Troy Nelson of Post.

Presented in marriage by her father, the bride wore a formal length gown of satin faced organza with a Queen Anne neckline. Long Bishop sleeves and empress bodice were trimmed in Venetian lace and seed pearls. The long flowing skirt which fell from a butterfly bow at the waist had a flounced bottom which formed a chapel train also bordered with Venetian lace. The headpiece was a camelot cap of Venetian lace and seed pearls holding a three-tiered elbow length lace edged veil of illusion. The bridal bouquet was a cascade bouquet of all white camellias, roses, lily of the valley, orange blossoms and baby's breath which featured streamers containing the wedding bands of his and

her mother. Carrying out the tradition of something old, she carried a lace handkerchief carried by her mother at her wedding, something blue and borrowed, she wore a blue garter belonging to the bridegroom's sister, Melinda Morgan, something new, her dress and veil and pennies depicting both the bride's and groom's birth years and a gold diamond necklace and earrings, a gift of the bridegroom.

Matron of honor Mrs. Janet Justice of Post and bridesmatron was Mrs. Diana Best of Big Spring. They wore identical dresses of sky blue floral organza featuring empire waistline accented by a royal blue satin ribbon tie with a scooped neck. Bodice trimmed with lace and royal blue ribbon, short puffed sleeves and floor length skirt with ruffled bottom. They carried nosegays of blue tipped carnations and orange blossoms tied with sky blue and royal blue ribbon.

Serving as best man was Dee Justice of Post. Groomsman was James Walker also of Post.

Ushers were Danny Ray Nelson, brother of the bridegroom and James Morgan, brother-in-law of the bridegroom.

The Acapella choir directed by Clinton Davis, provided the wedding music

## VFW Auxiliary holds meeting

The VFW Ladies Auxiliary met for their regular meeting Aug. 16 in the VFW Clubhouse with five members present.

A discussion of the fish fry to be held Friday was held and it was decided that the club would visit the Twin Cedars Nursing Home Thursday to hold the monthly birthday party.

Those attending the meeting were; JoElla Sparlin, Dink Boren, Lola Ryan, Mary Sneed and Rosemary Stelzer.

The next meeting for the auxiliary will be held Sept. 6.

by singing "Whither Thou Goest", "Be With Us, Lord", "Blest Be The Tie", "The Twelfth of Never" and "Let it be Me."

A reception followed the ceremony with the table laid with a white satin and net tablecloth. A white and blue floral and candle arrangement served as a centerpiece and a "Lady Windemire" cake was made by the bride's mother. Crystal appointments were used. Members of the house party were Mmes. H.D. Hoffman, W.S. Carlton, Bryan Akens, W.H. McKinney, William Walker and Pat Stephenson. Servers were Georgia Lee of Odessa, Darda Downey of Abilene, Jana Reynolds, Albuquerque and Melinda Morgan, sister of the groom of Justiceburg.

Following a wedding trip the couple will reside in Dallas.

The bride is a 1974 Midland High graduate and attended Lubbock Christian College and is a 1977 graduate of Mary Meek school of nursing in Abilene. Nelson is a 1971 graduate of Post High School and is employed with the Forney Engineering Co. of Dallas.

Out-of-town guests registered from Austin, Keller, Brownwood, Post, Big Spring, Andrews, Richland Springs, Abilene, Justiceburg, and Albuquerque, N. M.

## Dinner honors Neida Leake

An off-to-college dinner party honoring Neida Leake was held in the home of her grandmother, Mrs. Preston Mathis.

Arrangements of autumn flowers with white tapers adorned both the serving and dining table. Autumn colors and gold appointments were used throughout the house.

Those attending and having fun discussing college plans were Misses Kim Lott, Darlene Gunn, Donna Ammons, Christi Conner, Vicki Gannon and Mrs. Becky Morse of Brownfield. Also attending were Mrs. Anne Nelson, the honoree's mother and the hostess.

## Jackie Darling wed to Mikel Hays

MRS. MIKEL HAYS  
(Vickie Darling)

Vickie Laverne Darling and Billy Mikel Hays exchanged wedding vows August 19 at 7 p. m. at the Calvary Baptist Church.

Jimmy Kennedy, officiated the double ceremony before an array of greenery with yellow mums and white mums.

Members of the couple are Virginia Darling, mother of the bride and Mr. and Mrs. Pete Hays are parents of the groom.

Presented in marriage by brother, Hays, the bride wore a formal gown with a waist of Venice silk. The bodice was of French lace with a satin ribbon, pearl buttons down the front. The Bishop sleeves of Venice lace with a lace at the wrist and a camelot of French lace with the veil extending to the floor.

The bride's bouquet long stemmed yellow including a rose for mother and one for the bride's mother. Carrying the tradition of something old, she carried a 1959 something new was a pin belonging to her sister and something borrowed was her garter.

Best man was Gaye Davis of Nashville, Arkansas. Debra Davis of Lubbock, sister of the bride and bridesmatron. Ushers wore floor length gowns and carried bouquets of yellow mums and white daisies.

Ushers were Marvinette, sister of the groom. Best man was Bruce Peterson and groomsman Tim Owens.

Ushers were Bruce Peterson and Johnny Owens.

Ushers were Marvinette, sister of the groom. Best man was Bruce Peterson and groomsman Tim Owens.

Wedding cake with yellow roses. Guests were served by Sherri McElroy, Tammy and Tina Perkins of Lubbock, cousins of the bride, Robin Stewart and Gina Lee of Post.

Following a wedding trip, the couple are residing in Snyder where the bride will be a senior in Snyder High School and Hays is employed by Haliburton.

Out-of-town guests included Mr. and Mrs. Glenn Perkins of Lubbock, Mr. and Mrs. Jimmy McKamie and Jock of Snyder, and Mr. and Mrs. Bobby Davis and family of Lubbock.

GI Bill students received their last prepayment checks May 1, the Veterans Administration reported. Checks for June enrollment will be issued July 1.

Former President Harry Truman so loved to read that by the age of 14 he had finished all the books in the independence, Missouri library.

ANNOUNCES MARRIAGE — Mr. and Mrs. Rex Allison announce the marriage of their daughter, Pati, to Don Sasser, son of Mr. and Mrs. Marlin Sasser of Lubbock. The couple were married in a double ring ceremony August 2 in Lubbock. The bride is a Post High School graduate and a graduate of Snyder Western Texas College as an LVN.

# STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams

AUSTIN—Three major Texas water agencies are moving toward consolidation September 1 into a massive Texas Department of Water Resources.

Acting heads of the new super-agency were named last week to begin supervising the reorganization. The two men considered most-likely contenders for the water "czar" position were passed over.

Charles E. Nemir, 45, who had served as assistant executive director of the Texas Water Quality Board, will be acting executive director of TDWR. Acting deputy director will be Dick Whittington, 49, who has been deputy director of the Texas Water Quality Board.

The 65th legislature ordered combining of the Water Quality Board, Water Development Board and Water Rights Commission.

James M. Rose, TWDB executive director, and Hugh Yantis, executive director of TWQB, were seen as top contenders to head the consolidated department.

Rose announced that he will pass up an offer to remain on the new governing board's staff and launch a planning, consulting and developing firm, offering to assist small towns and other units with governmental assistance programs.

The six-member Water Development Board will be the operating board for the new department.

The Water Quality Board will become a division of water quality and the Water Rights Commission will continue to handle water permit matters under the new department's board umbrella.

### Appointments Galore

Dolph Briscoe made a flood of new judicial appointments during the last two weeks.

Resignation of Justice Tom Reavley from the State Supreme Court effective in October led to appointment of Chief Justice T. C. Chadick of Texarkana, Sixth Court of Civil Appeals, to succeed to the top bench.

Briscoe then appointed Sixth Court Justice William J. Cornelius of Jefferson to replace Chadick on the Texarkana intermediate court bench, and he named Stephen Oden of Texarkana to the Sixth Court associate justice-ship which had been held by Cornelius since 1973.

The governor moved Beaumont District Judge Harold R. Clayton to the Ninth Court of Civil Appeals to fill a vacancy.

He also appointed Carlton B. Dodson of Lubbock to an associate justice's place on the Seventh Court of Civil Appeals, succeeding Judge Mary Lou Robinson of Amarillo who was named chief justice of the intermediate court.

In the flurry, Briscoe appointed judges to 25 new district courts created by the legislature this year and named incumbent judges of 31 domestic relations and juvenile courts to converted district courts of general jurisdiction.

### Agency Created

The legislature declined to create a state agency to help assure equal treatment of women, but the governor established one anyway by executive order.

Briscoe, with a sweep of the pen last week, ordered into effect, a 15-member Commission on the Status of Women.

The body will distribute information on women's employment and activities, develop policies to assure equal treatment, draft programs to expand services and contributions of women and make recommendations to help assure full use of the work force.

### AG Opinions

State agencies may not refuse to hire a qualified handicapped person because of the handicap, Atty. Gen. John Hill held in a new opinion. But Hill said the agencies cannot establish a special system to reimburse travel expenses of the handicapped who are unable to drive their own cars.

In other recent opinions, Hill concluded:

Dallas County must pay the premium for the "errors and omissions" insurance policy law requires the county clerk to obtain.

A former Texas Army National Guard officer is not entitled to access to a report of an investigation of allegations against him, since it tends to reveal identity of informants.

A bank outside the county seat can be used as a county depository without violating prohibitions against branch banking.

Interest on time deposits of the state employees insurance and benefits fund must be credited to the fund itself and not to state general revenue accounts.

### Welfare Chief Retires

State Welfare Commissioner Raymond Vowell announced his retirement effective August 31.

Vowell, 62, made his surprise announcement because, he said, the Welfare Department is moving into a new era of radical change in programs.

He said the Welfare Board should be able to select a new commissioner with longer to serve than he, since he is nearing mandatory retirement age.

He served six years as commissioner after a 31-year public service career which included a vice chancellorship with The University of Texas System and director of state special schools.

Gov. Briscoe lauded Vowell's long service.

### Short Snorts

Gross sales by Texas businesses totaled \$33.8 billion for the first three months of 1977—a 19.4 per cent jump over January-March of 1976.

Texas wheat crop is now estimated at 117.5 million bushels, a 2.5 million increase from last month.

First appointees have been announced to a Commission on Public School Finance, charged with developing a new method of determining local district ability to support education.

Rural areas continue to suffer from a shortage of registered nurses, in spite of a large increase in nurses since the 1960s.

The infant death rate in Texas last year dropped to an all-time low of 16 per 1,000 live births.

Diseases of the heart and blood vessels and cancer accounted for two of every three deaths in Texas during 1976. The overall mortality rate was 8.06 deaths per 1,000.

The seventh Texas First job matching fair will be held in Marshall September 17.

## Senior citizens to have 'day' at fair

LUBBOCK—Special exhibits, folk dancing, exercise demonstrations, musical events, and a "Back to School Fashion Parade of Yesteryear," will highlight the Senior Citizens Day, Thursday, September 29, at the South Plains Fair, Lubbock.

All fairgoers who are 60 years of age or older will be admitted to the fair free on that date. Special entertainment, by and for senior citizens, will be continuous in Fair Park Coliseum from 10:00 a.m. until 2:00 p.m.

Both men and women, age 60 and older, are invited to participate in the "Back to School Fashion Parade of Yesteryear," during the morning. Dressing room space is available at the Coliseum, but costumes need not be elaborate. Small prizes will be awarded the outstanding "School Girl" and "School

Boy."

Official entry blanks for the "Fashion Parade" are available at senior citizens centers throughout the area, or may be obtained by writing Betty Shannon, Project Director of the Office on Aging, South Plains Association of Governments, 1611 Avenue M, Lubbock, Texas 79401.

The official forms must be returned to Mrs. Shannon at that address, and received in her office by Sept. 15. Number of participants is limited to the first 50 to return their entry forms. The office on Aging was invited by the Fair Association to coordinate special Senior Citizens Day activities, Mrs. Shannon said.

Mrs. Jimmie Lea Payne of Levelland is Chairwoman of the Planning Committee, and other members include Mrs. Ophelia Stone of Littlefield, M.L. Kelly of Afton, and Ellen Miller and George Woods of Lubbock.

Special activities will begin with a sing-along at 10:00 a.m. in Fair Park Coliseum. Those present will be invited to participate in folk dancing and an exercise demonstration from 10:30 a.m. until 11:15 a.m. The "Fashion Parade" is scheduled from 11:15 a.m. until noon.

Musical groups from Senior Citizen centers throughout the area are being invited to take turns providing entertainment from the noon hour and until 2:00 p.m.

In addition to the activities on Senior Citizens Day, various Senior citizens centers and organizations will take turns providing exhibits in their booth near the front of the Coliseum all during the

### HOME FROM CRUISE

Mr. and Mrs. Dan Cockrum returned to their home last week following a Caribbean cruise. They were accompanied on their cruise by Mr. and Mrs. Chant Lee of Durango, Colo. The couples flew from Lubbock to Miami, Fla., where they embarked on the MS Southward. Points of interest were the Mayan ruins of Tulum on the coast of Quintana Roo, Mexico, the Xelha National Park and its beautiful lagoon, the islands of Cozumel, Grand Cayman and Jamaica.

### LUCKY WINNER

Blair Didway, son of Mr. and Mrs. Walter Didway received a letter from Texoma Ice Inc., informing him that he had won a 10-speed bike. His name was drawn on Monday, August 8, and the bike was delivered to Allsup's No. 29 and Blair picked it up Thursday, Aug. 18.

## Tips on making game birds better eating

COLLEGE STATION — Game bird hunting for tantalizing table (dibits this fall?

Here's a cooking review of "how to" from Mrs. Mary K. Sweeten, foods and nutrition specialist with the Texas Agricultural Extension Service, the Texas A & M University System.

### WILD DUCK

Serve it rare—unless your crowd demands well done... in which case, cook longer but don't toughen it. (Wild duck is already dark and drier than domestic meat.)

To help retain moisture, roast it with strips of bacon or in a covered roaster or slow cooker—or marinate in vinegar oil before cooking.

Wild duck is great barbecued, too, or rolled in flour and browned by frying, then smothered with gravy and baked.

### WILD TURKEY

Males average 14 pounds, females 8. For roasting wild turkey, allow ¾ to 1 cup stuffing per pound of ready-to-cook meat.

### OR BARBECUE IT.

### WILD GEESSE

...a real delicacy, with little waste. The meat is rich, dark, and lean.

Old birds sport a few pinfeathers, coarse plumage, and extremely large wing spurs. These old ones are tough and not easy to tenderize, even with moist heat.

For wild goose, use bread stuffing with onions and tart apples for flavor. Or fill the bird with sliced

apples and roast it.

### QUAIL

...a hunter's favorite, a gourmet treat. Quails weigh only 4 to 6 ounces, so serve at least one bird per person.

Quail meat is white but dry; it needs a protective cover of bacon or some other fat, and frequent basting.

Quail is delicious roasted (with lemon butter, then add mushrooms at serving time) or fried (for fine flavor).

### DOVE

These birds are dark-meat and the young ones are tender. Two make a serving.

Fry like chicken: salt, flour and fry in a heavy pan, in corn oil. Brown, remove, drain. Add one chopped onion, parsley, cloves, 2 tablespoons flour, 2 tablespoons butter, salt, a pint of water, and 2 cups of wine. Bake for one hour at 350 degrees F.

### PHEASANT

Like chicken, pheasant have light-meat breast and wings, and dark-meat legs. The cock weighs 2 ½ to 5 pounds; the hen, 2 to 3 pounds.

In cooking, age of the bird matters. Short round claws mean a young bird and long sharp claws mark an old one.

Bake or broil young birds and baste or stew older ones.

Pheasant is dry, so roast with bacon strips on the breast and baste often. Use almost any chicken recipe, and complement with wild

rice dressing.

### WOODCOCK

These small, migratory birds have rich, dark meat. Season lightly, and always roast or broil with a

generous amount of bacon, butter or margarine. For casserole, flour and brown in fat, drain, cover with sweet or sour cream and bake for 30 minutes until tender.

## Twin Cedars Nursing Home News

BY FLETA WALLS Sunday services were brought to us by the Assembly of God Church with Rev. Richard Harrison officiating. Next week's services will be by Rev. Tom Pass of the Presbyterian Church.

Following the services Sunday afternoon some of the members brought ice cream and cake and served it to all our residents. Those were Dedra Adams, Mrs. Linda Malouf, Mrs. Gwen Boren, Walter Boren, and Mrs. Helen Richards. We appreciate this very much.

Mary Gist and her daughter, Sherrie Owen came by last Thursday and brought fresh baked banana nut loaves. The residents also enjoyed these tremendously along with bananas and apples brought by Rosemary Stelzer. Both Mrs. Gist and Mrs. Stelzer are faithful friends to our

residents. Visitors this week included: Rev. Elliott and Mrs. Elliott, Sue Maxey, Castelle Nelson, Mrs. Ruth Nelson, Muenster, Tex., Clute and Lucille Walker, Jim Hundley, Gus Sherrills, Kelly Barrington, W.E. and Jeanne Pierce of Oklahoma City, Rose Askins, Sybil Cockrum and Mr. and Mrs. W.H. McAlister of Electra, Tex. Our hearts are with Stanley and Geraldine Butler and Stanna Welch on the loss of their dear mother and grandmother, one of our residents, Mrs. Ruby Butler. Mrs. Butler has been a resident of Twin Cedars for the past two years. We will miss her a lot.

VISITORS FROM ODESSA Kristi and Curtis Jones from Odessa returned home this week, from a week's visit with the Mike Hewitt family

# DRIVE BY THE RULES **SAVE SCHOOL CHILDREN'S LIVES**

## Mr. & Mrs. Motorist: POST SCHOOLS WILL OPEN MONDAY, AUG. 29

It isn't that children mean to be careless . . . it's just that in their zest and vitality they sometimes forget to stop, look and listen before crossing the street. It isn't that we mean to be careless, yet the very car we drive may be considered a lethal weapon and the consequences of our negligence could be fatal. It is our moral obligation to be extra alert these days when school children crowd the crosswalks!

# Littlefield scrimmage 'real test' for Antelopes

## JVs start at 5:30 Friday, then varsity

"We'll know a whole lot better after our Friday evening scrimmage at Littlefield where we stand and what we need to work on," Coach Jackie Brown told The Dispatch Tuesday afternoon discussing the progress of his Post Antelope football squad. "It's the real test."

The second scrimmage of the season, which is at Littlefield, will get underway with the junior varsities of the two schools scrimmaging at 6 p. m.

The varsity scrimmage will follow at approximately 7:30 p. m.

Littlefield has six starters back on offense and another half dozen on defense from a 3-6-1 season in 1976.

Coach Brown reported his big squad came out of the initial scrimmage at Ralls last Friday evening without injuries and have suffered no injuries in practice to date.

"We're working hard," Coach Brown said, "but it is hard to tell just how well we're doing until we can measure what we can do against a team like Littlefield."

"We have a lot of improving to do both offensively and defensively with the defense probably a little ahead right now of the offense, which is normal."

The Class A Ralls Jack-rabbits failed to score on the Antelopes, either in the JV or varsity portions of the scrimmage at Ralls with the Post JVs tallying once and the varsity twice.

Wingback Bobby Finch got the JV touchdown on a run of slightly over 25 yards. Randy Baker, playing as linebacker on defense, got a touchdown for the varsity defense when he picked off a Ralls pass and rambled 30 yards for a six-pointer.

The other touchdown was scored by the Lopes' offensive unit on a 30 yard scoring pass play from Quarterback Brad Shepherd to Split End Evans Heaton.

Tim Morris also intercepted a Ralls pass for the defensive unit and returned it all the way to the two-yard line before being tackled.

"We used the Ralls scrimmage as a teaching and learning situation," Coach Brown told The Dispatch. "We suited out 59 players for the scrimmage and played every one of them to see how they performed."

The big squad had been divided into junior varsity and varsity squads with 33 on the JVs and 27 on the varsity. As a result his play in the scrimmage one player was promoted from the junior varsity to the varsity.

"We may promote others after the Littlefield scrimmage depending on what they show us," Coach Brown told The Dispatch.

At Ralls, the JVs on each side had 30 plays on offense and 30 more on defense and

the varsities had 40 plays each way.

With Buddy Britton, the district's outstanding kicker last year, graduated, the Lopes are working three backs on punting and another three on placekicking.

The punters are Evans Heaton, Raymie Holly and Cliff Kirkpatrick with Heaton a "little ahead" right now.

The place kickers are Leslie Looney, who did an outstanding job in this department for the JVs a year ago, Randy Baker and Brad Shepherd.

The Lopes will open their 1977 season a week from Friday night here in Antelope Stadium against the Lockney Longhorns.

Season tickets for the five home games now are on sale in the high school office for \$10 each. Last year's season ticket holders have only the remainder of the week to get their old reserved seats.

Starting next Monday it will be first come, first served for all the reserved seats which are left.

## Krueger in stop here

As part of his 130-stop whirlwind tour involving more than 77 cities and towns across the state, U.S. Representative Bob Krueger brought his U.S. Senatorial Campaign to Post Thursday.

He was accompanied by a group of young people who are working hard in his campaign for the Democratic nomination to oppose Republican Senator John Tower for his seat in 1978.

In keeping with the person-to-person campaign Krueger promised the more than 5,000 friends and supporters who attended his campaign kickoff July 4, the congressman plans to visit towns of every size all over Texas during the current congressional recess ending Sept. 6.

Krueger who led a losing campaign in the house just before the recess to force oil deregulation in connection with President Carter's energy bill, emphasized the need for deregulation in his sweep through the entire South Plains area last weekend.

## VISITS CALIFORNIA

Mr. and Mrs. Glenn Huntley of Lubbock and Mrs. Jimmy Byrd of Jayton returned home Wednesday after spending the weekend with their sister and brother-in-law and new niece, Beth, David and Christa Alyse Hooten of San Diego, Calif. Mrs. Elva Peel returned home with them after spending three weeks with her new granddaughter.

Page 10

The Post (Tex.) Dispatch Thursday, Aug. 25, 1977

## Junior high to open Sept. 2

**SOUTHLAND** The Southland junior high football team will open a nine-game 1977 schedule at home Sept. 2 at 4 p. m. against Patton Springs.

After an open date Sept. 8, Southland will play McCauley, there, 5:30 p. m. Sept. 15; Cotton Center, here 5:30 p. m., Sept. 22; Whitherral, there, 5:30 p. m., Sept. 29; Three Ways, here, 5:30 p. m., Oct. 6; Bethel Christian, here, 4 p. m., Oct. 14; Loop, there, 5:30 p. m., Oct. 20; Wellman, here 5:30 p. m., Oct. 27; and Grady, there, 5:30 p. m., Nov. 3.

Zone games are Cotton Center, Whitherral, Three Ways, Loop, Wellman, and Grady.

Junior high cheerleaders are Mary Hill, Samra Rush, Monique Adamek and Olga Hiracheta.

## HOSPITAL NOTES

Those admitted to Garza Memorial Hospital since Tuesday of last week were: Lillian Stevens, medical; Claude Williams, medical; Gregorio Rodriguez, medical.

Karen Palmer, obstetrical; Betty Newberry, medical; Ethel Bruton, medical; Julie Mason, medical; Ronnie Pruitt, medical; Charlie Seals, medical; lone Hughes, medical; Bennie Wilks, medical; L. B. Pate, medical; Edith Inklebarger, medical.

## Dismissed

Barbara Horton; Betty Newberry; Melba Cimental; Fred Gossett; Eugene Lee; Ann Altman; Claude Williams; Karen Palmer; Gregorio Rodriguez; Ronnie Pruitt; Bennie Wilks; Charlie Seals.

## Two months season on doves opens Sept. 1

**LUBBOCK** — All-day shooting for mourning doves has been approved by the Texas Parks and Wildlife Department with the season running from Sept. 1-Oct. 31, 1977.

The daily bag limit of 10 birds and a possession limit of 20 birds is the same as last year and should furnish hunters with plenty of chances to bag the fast-flying dove with shooting hours from 30 minutes before sunrise to sunset.

Most counties of north-west Texas are reporting good populations of doves with Andrews, county in the southwest corner of the South Plains, Scurry and Mitchell counties in the Southeast corner, and one South Plains and Wheeler county in the eastern Panhandle reporting excellent populations of doves. Only Hale, Motley and Deaf Smith counties are reporting poor populations of birds for the coming season but, cool weather could affect all these areas.

The passage of cold fronts in late August and early September, through Texas has as much effect on the local dove population as any one factor. An increase in the sunflower acreage in some counties should help to hold the birds a little longer than normal.

Sportsmen are reminded that only shotguns not larger than 10-gauge plugged to hold no more than three shells in the magazine and chamber combined are legal. No rifles or pistols of any type are legal for dove hunting.

No hunting will be permitted in game refuges, state and federal parks, game reserves, or from any public road or road right-of-way. Citations issued by Texas game wardens in 1976 included many for shooting

from the road.

Sportsmen are required by law to get permission to hunt from the landowner prior to the hunt. A violation of the landowner's property rights will only result in a possible citation and more no-hunting or no-trespassing signs next year.

Sportsmen can help improve the relationship between the landowner and the hunter by being courteous, considerate, capable and, most of all, careful. These sportsmen will have an excellent chance at being invited back to hunt next year.

More information is available on dove hunting regulations and other P & W D rules by contacting the nearest Texas game warden or P & W D personnel in your county. More details are available to sportsmen by calling Abilene 915 673-3333, Amarillo 806 355-9246 or Lubbock 806 744-0213.

## Grandson is rodeo winner

Sid Clark Crader, son of Sandee and Jerry Crader of Apache Junction, Ari., won three first place buckles and two second places at the New Deal Little Wrangler Rodeo this summer.

He also won Best-All-Around cowboy at the Abernathy Little Britches Rodeo.

Ray Cameron, his cousin, and grandson of Dude McLauren also won first place buckles at these rodeos.

Sid has been here this summer visiting his grandmother, Mary Cross and is the grandson of the late Sid Cross.

These children are great-grandsons of the George Duckworths of Justiceburg.

## Mustangs lack experience

**DENVER CITY** Football coach Bill Gravitt told the Denver City Press last week, noting the Mustangs have been picked to finish third in the district behind Slaton and Post, that "we're going to surprise a few people, especially when we get a little experience."

Gravitt said his 51-player squad has more enthusiasm and spirit this year than "in the last three years since I've been head coach."

He said inexperience "is our biggest problem right now but the squad looks pretty good so far."

He said Denver City has more potential at quar-

## Tumbling exhibit Tuesday night

Jackie Arnwine announces a tumbling and gymnastics exhibit at 7 p. m., Thursday, Sept. 1 in the elementary gym with the Flying Matadors as well as Post gymnasts performing.

Registration for fall tumbling classes to begin Sept. 6 will begin immediately after the exhibit. There will be no ladies class.

terback this year than the team has had in a long time with a senior, a junior, and a sophomore-all with talent-fighting for the starting position.

Gravitt said this year's squad has good quickness although not too much speed and the players aren't as big as in past years.

## ACC vs ENMU here tonight

Post football fans who want to see a free football scrimmage between two pretty good college and university teams have only to eat an early or late supper Thursday night Aug. 25 and be in Antelope Stadium at 6 p. m.

That's when Abilene Christian College and Eastern New Mexico University will clash in a hard-hitting scrimmage on the local turf.

**ATTEND CONVENTION** Mr. and Mrs. Andy Stelzer and Mr. and Mrs. Jake Sparlin were in Brownfield over the weekend attending the district VFW convention.

## ANNOUNCING

### South Side Barber Shop

**Fertilizers to get emphasis**

LUBBOCK—How to correct nitrogen, phosphorous, iron and zinc deficiencies in sorghum and cotton will be discussed among scientists, farmers, and agribusinessmen during activities of the 68th Annual Field Day of the Texas Agricultural Experiment Station, Tuesday, Sept. 13.

Soil research is one of several featured research highlights singled out for review during the afternoon events. An estimated 1,200 or more persons are expected with field tours, machinery displays and other attractions scheduled.

Field day chairman Dr. Bill Lyle says the special occasion will be at the Texas A&M University Agricultural Research and Extension Center, north of the Lubbock Regional Airport on Farm Market road 1294.

Cooperating agencies hosting the field day with the Experiment Station include Texas Agricultural Extension Service, Agricultural Research Service, USDA, National Weather Service and High Plains Research Foundation.

Tractor-drawn trailers will take guests through the 300-acre research plot area. They'll be given a close look at studies ranging from cotton variety and disease tests to weed control and water-use efficiency experiments.

Dr. Art Onken, Associate Professor, working in soil and fertilizer and research will lead discussions on soil studies. Special emphasis, he says, will be on foliar application of fertilizer and how to correct plant nutrient deficiencies.

"The application of fertilizer material is a huge economic investment," he says. "Growers can easily apply too much or too little and at the wrong time. Errors in judgement often are extremely costly to the grower, and he should manage fertilizer use in a way that he has a reasonable chance of obtaining an acceptable return on his investment."

Onken says that farmers should assess their fertilizer needs carefully, research being conducted at the Lubbock Experiment Station is aimed at helping producers not only in methods of assessing their fertilizer needs but in the application of soil nutrients as well.

Scientists, he adds, are looking for a loser at plant tissue analysis as a method of determining when plants need certain nutrients and at what growth stages. This is a measurement technique using plant leaves to reveal rates of nutrient uptake which, when correlated with fertilizer use data can help the grower calculate which nutrient should be applied at a given growth stage.

The soil researcher says every tool and bit of information available should be used by growers in making fertilizer use decisions. Soil research studies, he adds, are designed to help in this important test.

**TOWER TALKS**  
 by U.S. Senator for Texas  
**JOHN TOWER**

**Crude Oil Price Deregulation**

WASHINGTON—The Administration's repeated talk about the ill-effects of deregulated energy on the consumer is a good example of how misinformation—if unchallenged—becomes the conventional wisdom, despite facts to the contrary.

Such tactics do a gross disservice to the American public, obscuring the issues with political propaganda at a time when Texans and all Americans deserve straight talk about energy policy and how it will affect their pocketbooks and their way of life.

Unfortunately, the public has been subjected to so much contradictory information about the consequences of various energy proposals that distrust may be the prevailing attitude.

Yet it is critically important that we understand that the policy decisions made now will have far-reaching implications, affecting the quality of our lives well into the next century.

Vitality important to our industrial and economic future—and among the energy issues most consistently misrepresented—is crude oil supply and its price. The Administration has argued that a cap must be continued on the price of crude oil to prevent an alleged rip-off of the consuming public. Oil companies, so the argument goes, would reap windfall profits and would be under little pressure to plow back profits into exploration and production, so that little additional supply of oil would result.

Such claims are patently exaggerated and do not stand up under examination when even basic economics are applied.

The real consumer rip-off, it is important to understand, is an energy policy which assures a scarce supply of domestically produced oil, while at the same time continues reliance on the Organization of Petroleum Exporting Countries (OPEC) for oil at a price they can raise at the drop of a hat.

The Administration's crude oil plan is just such a policy.

Basic economic facts argue forcefully for deregulation. Even though Arab oil is priced high, it sells and will continue to do so on the world market because Federal regulation of the domestic oil companies discourages American exploration and production. With little or no American supply competition, OPEC has a corner on the oil market.

American companies, like most businesses, must justify the soundness of their investments. Oil exploration and production, hobbled by excessive regulation, is simply not a sufficiently attractive investment. Unable to realize a return on investment, American companies have been forced to produce less and the consumer therefore pays a price dictated by the Arabs.

Deregulation would reverse this perversion of the marketplace. American companies could begin to bring in new sources, eliminate the OPEC monopoly on supply, and allow the marketplace to determine prices.

Windfall profits? Every reliable study comes to the same conclusion—profits would remain about the same as for other segments of industry. Congress has considered an excess profits tax before. Should deregulation result in higher prices not accompanied by increased supplies, such a tax could again be considered.

More importantly, we would begin to rely on American production, not Arab whim or costly government controls to assure a vital supply of oil.

**Baylor degrees to two Post students**

WACO—Two Post students, Stephen R. Kennedy and Bobby G. Norman, were among about 400 students who received degrees Aug. 13 during Baylor University's summer commencement exercises.

Kennedy received a bachelor of business administration degree and Norman a master of business administration degree.

# SBA opposes OSHA Cotton dust edict

MEMPHIS — Wisdom of Occupational Safety and Health Administration's proposed new industry-wide cotton dust standard is being questioned by another federal agency, the National Cotton Council, an official said today.

Council President Jack Stone referred to a hearing statement recently by the Small Business Administration with OSHA Director William Bingham. Earlier, the council on Wage and Price Control criticized the proposal as "a standard for failing to give adequate consideration to cost-benefit comparisons."

Stone, in his statement, says that OSHA regulations — if adopted as now proposed — will "protect workers from cotton dust exposure by shutting down plants in which they are now employed."

In addition, the agency says that the proposed regulations will directly affect not only the 3,355 cotton companies in the industry but also more than 13 million small businesses nationwide.

Stone says that 97 percent of the cotton plants in the industry are considered "small" under criteria developed for SBA loan programs.

"Most small businesses lack the technical and capital resources required for compliance with regulations," the SBA

statement notes.

It is also pointed out that — due to the interdependence and geographic concentration of the various industry segments — any change in employment level or sales volume for any single sector would have far-reaching effects.

As for alternative recommendations, SBA states that none of those outlined by OSHA to date are feasible for small companies.

"Alternatives such as restricting regulation to a specific sector of the cotton industry would still impose a substantial financial problem on small companies in that sector," the SBA statement said.

"Moreover, regulation of a single sector will result in an adverse impact industry-wide. All other sectors would readjust their own operations to levels consistent with the lower-employment, lower-volume level of the regulated sector."

In commenting on the SBA statement, the Council president said he was "gratified" that the federal agency recognized the dire impact the proposed standard would have on the entire cotton industry as well as the national economy.

"The fact that knowledgeable people outside the cotton industry see the folly of this absurd standard is encouraging," Stone said.

PLAINS COTTON GROWERS, INC.

LUBBOCK — Some provisions of the government cotton program now going through Congress are still to be finalized, "but it now appears certain that the next cotton program will be better for producers in several respects than the present program," states Lloyd Cline of Lamesa, president of Lubbock-based 25-county Plains Cotton Growers, Inc.

Major areas in which improvements are forthcoming, Cline says, include the cotton allotment system, disaster coverage, payment limitations, loan provisions and target prices.

The Senate has passed a bill for 1978 through 1982 and the House has passed a similar, but not identical, bill which would extend through 1981. The differences between the two measures will be worked out in a Senate-House conference committee, expected to begin meeting August 1. Hopes are that the conference committee report can be ready for both houses to consider when they return September 6 from the August recess.

The new cotton allotment system prescribed in both House and Senate bills will apply to cotton, wheat and feed grains. Farm allotments for these crops will be figured as a percentage of each year's planted acreage, "giving most High Plains producers program coverage on a considerably higher percentage of whatever crop they choose to plant," Cline says.

In the past allotments have been based on historical plantings, and cotton allotments on High Plains farms have been generally less than 50 percent of cultivated acreage.

The percentage factor used to determine farm allotments would be arrived at by dividing the acreage calculated by the Secretary of Agriculture as needed to supply domestic and export markets by the estimated U. S. acreage for harvest. Under the Senate measure the allotment on each farm could not be less than 90 percent of planted acreage. The House bill specifies no minimum.

A revised version of the disaster program which has meant so much to High Plains farmers since 1973 will be continued in the new law through 1979, during which time the Administration proposes to develop an acceptable crop insurance plan to replace it. The 1973 Farm Act afforded yield deficiency and/or prevented planting payments on allotted acres only. But disaster protection spelled out in the new legislation will extend to all planted acreage.

Under current law there is a \$20,000 per person limit on total program payments, but neither of the bills going to conference committee August 1 carries a limitation on disaster payments and both call for raising the limit on target price payments.

The House bill would phase up the payment limit from \$35,000 in 1978 to \$46,585 in 1981. The Senate measure puts the limit at \$50,000 for the life of the program.

The Commodity Credit Corporation loan price in 1978 will be between 50 and 51 cents per pound, basis Strict Low Middling 1-16 inch cotton, up from the High Plains rate of 44.6 cents this year. Also, when the new legislation takes effect producers will have the option to extend loans eight months beyond the current ten-month maximum except when the price of cotton exceeds 130 percent of the previous 36-month spot market average.

The target price would also be improved in the new program, from 47.8 cents in 1977 to at least 51.1 cents as stipulated in the Senate bill. The language of the House bill would raise the target to about 55 cents per pound.

WASHINGTON, D.C. — This past week the subcommittee on health of the Ways and Means Committee started consideration of a measure recommended by HEW proposing to control hospital costs.

On March 25, 1976, we wrote about soaring costs of hospital care. It is the government's attitude that the high cost of health care is a rip-off by the doctors, hospitals and all other facets of the business. In some instances this is undeniably a factor but it has been encouraged by the government itself. The problems in our medical pricing system have been largely created by the government, yet, the basic truth is continually ignored.

The administration is telling us all the drastic things we need to do to curtail the "devastating inflationary trend" of hospital costs. As usual, the blame for the evil complained of is laid at the doorstep of private enterprise and not at the network of government controls. There is no acknowledgement anywhere that the problem is further federal meddling, added to all the previous meddling. Never is there any indication the federal government is largely the problem, not the solution.

Studies by both government and private institutions find that federal involvement in the public health-care field has virtually wrecked the medical pricing system. Government programs have unleashed a surge of demands into the medical economy over the past decade, producing spiraling inflation now being experienced.

Between 1965 and 1975, taxpayer dollars released into the system by Medicare and Medicaid increased from around \$7 billion to \$41 billion. All that money, bidding for medical resources, would have had an inflationary effect in any event but the impact was made particularly acute in the case of hospitals, through the special emphasis of government programs on hospital care.

From the standpoint of the consumer, hospital care

# As It Looks from Here

(and other medical services) is perceived as "free" or virtually so. Normal restraints on demand have been abolished and the pricing system is no longer able to perform its usual function of sorting out priorities. As a result, the sky is the limit. Under methods now used, hospitals are paid a daily rate, related to their own cost of operation. The hospital administrator can no longer deny requests for higher wages, more supplies and other intensive costs on the ground that money is lacking.

Put all of this together and we have the crisis of rising hospital costs complained of by HEW, representing the administration. Efficiency of operation is, in many cases, penalized while inefficiency in other instances is rewarded. Obviously, it should be the other way around.

From start to finish, the current mess in medical pricing is the creation of the government itself and there will be little remedy until that fact is recognized, admitted and something done about it.

rewarded. Obviously, it should be the other way around.

REV. TERRY EDWARDS

## Revival will open Aug. 30

Evangelist Terry Edwards will conduct special revival services at the Church of the Nazarene, 202 West 10th, beginning next Tuesday night, Aug. 30 and extending through Sunday, Sept. 4.

Services will be conducted at 7 p.m. each week night and at 10:40 a.m. and 6 p.m. Sunday.

The public is cordially invited to all services.

**VISITS PARENTS**

David Stelzer visited in Post for 10 days with his parents, Mr. and Mrs. Andy Stelzer and returned to Alpine this week where he is a student.

Come to the PRESBYTERIAN CHURCH early, and be sure of getting a BACK seat, seems to be our attitude. That preacher who fell from the pulpit into the lap of someone wasn't Presbyterian! Luke 14: 7-14 seems to indicate a system of preferential seating in the Kingdom of God, or does it mean that there is room in the Kingdom for whoever will come? We invite you to worship with us the God who bids us come, at 11:00 Sunday, 910 W. 10th, in Post.

## Offering A New Concept—The Pre-Arrangement Contract

Daily we are being approached by people in our community regarding a plan whereby they can make arrangements for themselves and their family before the need arises.

We are frequently asked:

1. What is a funeral trust?
2. How a funeral trust plan saves you money?
3. How is it possible to secure the peace of mind of knowing that you, yourself, have arranged every detail without burdening others?

A new concept—"The Pre-Arranged Contract"—was devised to relieve families of having to make difficult arrangements, both financial and otherwise. This new concept is approved by the Texas Banking Commission.

The Pre-Arrangement Contract allows you to make a definite service selection at today's prices with monthly payments. Upon completion of the contract your own selected service is paid for at any later date for no additional charge.

We are here for only one reason and that is to be of service. If we may help, please contact us.

# HUDMAN FUNERAL HOME

615 WEST MAIN — POST, TEXAS 79356  
806 - 495 - 2821

### First day-

Continued From Page One)  
40; third grade 11:20-12:00;  
fourth grade, 11:30-12:10;  
and fifth grade, 11:35-12:15.

Free textbooks are provided for all students by the State of Texas. Principal Alexander reminds parents, and in addition, the school furnished many types of supplies. However, paper, crayons, etc. must be furnished by the student.

A supply list will be furnished the first day of school. All local businesses who sell school supplies were furnished a list early in the summer.

"We believe that parents want to know more about the program, growth and development of their children than we can give in written reports," Alexander said. "Also, we think that both the parents and the teacher will benefit by an opportunity to sit down and exchange ideas and information which might lead to a better understanding of the child."

"For these reasons," the principal said, "we will schedule at least four conferences during the year. We always are ready to confer with parents about special problems concerning their child or to explain what we are doing in our program of instruction."

**MIDDLE SCHOOL**  
Middle School students are asked to be in the Middle School Gym at 8:30 a.m. Monday for the opening of school.

Sixth graders will sit on the east end of the north bleachers, seventh graders on the west end of the north bleachers and eighth graders the middle section of the north bleachers.

New students who have not registered for school will be scheduled in the office after the gym assembly.

**HIGH SCHOOL**  
Those students who have not pre-registered for high school should do so Thursday or Friday of this week. Students should contact Principal Billy Hahn or Lane Tannehill to set up your class schedule.

Post High School will open with a general assembly Monday morning, Aug. 29 at 8:30 a.m. in the high school gym.

Introduction of new teachers followed by the handing out of student handbooks and schedules, and changes in procedures in attendance accounting and grade reporting in regard to computer will be discussed at this time.

Following the assembly, students will go to their first period class and continue through our six periods the remainder of the day on the activity schedule.

### Funds sought

Continued From Page One)  
struction per unit between \$1,000 and \$1,500, this will require a little higher rent but should cut utility cost about 30 percent which will more than offset the rental boost.

Architectural plans for the three new duplexes are now under study here.

Bill Stewart of Tahoka, district FHA supervisor, told directors at the last Thursday meeting that federal funding will be available after Oct. 1 when the loan applications will be submitted.

The housing association 14-unit project, now almost one-year old, has had 100 percent occupancy since its opening early last fall. The present site is large enough to accommodate placement of the three duplexes.

Directors attending the session included: Robert Cox, James Mitchell, Lewis Herron, Glen Barley, Lee Norman and Jim Cornish.

### Butler rites-

Continued From Page One)  
Mattie Mayes of Cisco and Ella Wylie of Sweeny; three grandchildren; and two great-grandchildren.

The Rev. Phil Daniels assisted Rev. Reece in the funeral service. Pallbearers were James Dooley, David Aycock, Junior Hagins, Robert Craig, Bo Jackson, Bill Pool, Glen Norman and Sturman Young.

Burial was in Terrace Cemetery under direction of the Hudman Funeral Home.

**HONORED FOR LONG SERVICE** — Mrs. Iva Lee Bullard is shown above receiving a 25-year continuous service certificate from Postex Plant of Burlington Industries presented by Department Manager Don Riley, left and Plant Manager Don Smith. The certificate was presented Friday the day she completed 25 years service begun on Aug. 19, 1952. Employed now as a roll buffer-coverer, Mrs. Bullard, wife of Wesley (Corky) Bullard, has been a spinner and spooler operator. The Bullard family make their home at 613 S. Ave. F. — (Postex Photo)

### Prather's portrait---

Continued From Page One)  
thing he told Byron Price of Lubbock, who is editor of the catalog for the first time this year, concerning the catalog, is that he thought he had "a good picture for the inside cover."

That is where the picture of the Yellow House crossing with the ranch house in the background appears in

### Appeal made for blood

Darlene Herring, mobile development director of Blood Services of Lubbock, told Post Rotarians at their Tuesday luncheon in the community center that her non-profit organization needs 70 pints of blood daily to keep even.

Before showing a movie on blood giving, Ms. Herring explained that Blood Services provides blood for 38 hospitals on the South Plains, including Garza Memorial Hospital.

She asked Rotarians to help recruit donors "if you can't donate blood for medical reasons."

She said the last time Blood Services came to Post on a blood drive only six people came to donate blood. We need 25 just to cover the cost of coming, she added.

### Survey being made here

An Educational and Occupational Disadvantaged Adults survey is being taken until next Tuesday to determine the interests and needs of adults in Post.

This is not a poverty program, it is merely a program to help adults on their present jobs or to help them obtain better positions.

Anything of interest to any adult should call 495-2770 which is the high school principal's office or 2178, Lane Tannehill, and express your preference or go by the high school by next Tuesday.

Examples of preferences are farm mechanics, welding, typing, office machines, furniture renovation, etc.

Persons interested in this survey and program must be 16 or older and out of school.

the catalog. The historical feature of the 1977 catalog is a six-page picture spread of yesteryear pictures of the OS Ranch as gleaned from an old OS Ranch scrapbook.

The two main sections of the 100-page catalog, sponsored by local and area individual and business firms and some art galleries at \$100 a page, devote a page to each participating artist and steer roper with a work of each artist being featured and each roper being pictured in an action closeup.

There are some new faces in both sections. These include Gary Arkinson of Childress, Steve Devenyns of Fort Collins, Rod Goebel of Taos, Renee Hughes of Fort Worth, and Bill Owen of Flagstaff among the 37 artists listed.

Newcomers featured among the 36 steer ropers include Tom Ferguson of Miami, Okla., one of the top all-round cowboys who was coming last year for the first time but didn't make it, Terry McGinley of Keystone, Neb., Charlie Noble of Yale, Okla., and H.L. Todd of Burlington, Colo.

One of the interesting and unusual features of the ropers' section are the different kinds of barbed wire shown-one at the top of each page on the ropers, courtesy of Jack Glover of Sunset, Tex.

Walt Garrison, former Dallas Cowboy running back who retired a year or two ago from professional football and is staying in rodeoing, his "other love", will be arena director of the "OS weekend", according to his picture which appears with other show officials in the back of the catalog.

Price, catalog editor this year after being a contributing writer last year, is the son of Bill Price of Lubbock, a regular OS steer roping participant and event contributor. Price has been research coordinator at Texas Techs Ranching Heritage Center and Sept. 1 will assume his new position as curator of history for the Panhandle Plains Museum in Canyon.

The catalog, which sells for \$5, is now on sale at the First National Bank, Pinkies Liquor store, Post Chamber of Commerce

### Jerry Brown-

Continued From Page One)  
tor, back to the west coast to KFRC in San Francisco as program director.

Brown then jumped clear across the country to the east coast to become assistant general manager of WRKO in Boston. His last radio position was as vice president of Radio Station WXLO in New York City.

His wife, Maria, was born and raised in Holland and has lived in this country for ten years. They have no children. The Browns will move to Post when the FCC approves the station's purchase.

"At this time I am having a survey done through an independent corporation to determine what programming and advertising policies the station should have," Brown said. "I do not anticipate a great change in the station from its present operation."

Brown said one thing he would like to stress is that the radio station under his ownership will be "one of the most community minded radio stations this area has ever seen."

### Postings-

Continued From Page One)  
exemption his blessing.

All of which means beginning next week those "can't wait readers" who buy their Dispatches in local stores will pay only 15 cents for the paper, no extra penny for tax, and Dispatch subscribers in the county will save 25 cents and other Texas subscribers 30 cents in sales tax on their annual subscriptions.

The new exemption will eliminate not only a serious problem of collection and accounting for newspaper publishers and distributors, but an even more complex problem of auditing and enforcement in the part of the state comptroller's office.

French speakers say 350 syllables a minute — as opposed to Americans who say about 220.

office, and Giles McCrary's office in the McCrary building.

### Faculty sessions---

Continued From Page One)  
Tech teacher training station.

Seven teacher trainees will be here during the fall and seven others in the spring with four education professors involved in the project.

Supt. Bill Shiver gave the faculty the "profile of the dropout in the Post Independent School District" Tuesday morning before teachers divided into "buzz groups" to brainstorm suggestions on how to cope with the program without lowering standards. The responses are to be typed with reports going to all teachers, after Shiver applies the Delphi technique to obtain the consensus of opinions.

Cameron created quite an interest in safe walking routes from home to school in appearing Tuesday before kindergarten through third grade teachers.

He handed out large maps of the city for teachers' use in plotting pupil walking routes. Cameron said in his opinion there are really no safe walking routes and

suggested that teachers encourage parents to walk the safest route to school with their children and point out the various hazards.

Dr. Murphy told elementary teachers that he is preparing mathematic objectives for grades, K through 5. Supt. Shiver told The Dispatch he hopes to have "performance objectives for all subject matter areas, kindergarten through grade 12 here, by 1980."

At least half of each day is being devoted during the week to building assignments.

Supt. Shiver will give the nine new teachers a three-hour orientation in the board room Thursday afternoon.

All day Friday will be devoted to building assignments except for a noon luncheon for the entire faculty in the school lunchroom.

"Neglect nothing that can increase your stature," Stendhal

### New school-

Continued From Page One)

The play area outside the school has one tennis court and playground equipment and plans are underway to build a second tennis court.

Supt. Alvis said the Garza County Commissioners Court had been very helpful in the paving of the spacious parking lot and around the building.

Construction of the facility was by Fab-Crete Construction Company of Fort Worth with pre-fabricated concrete wall sections being hauled to the site from Fort Worth in special trucks for erection. This made the Southland school one of the first — if not the first in this West Texas area to be built with pre-cast concrete.

The schools construction ended a long and bitter battle between different factions within the school district which lasted several years.

This is one school year most Southland youngsters have actually been looking forward to — having a wonderful new school of their own.

### Three booked on marijuana

Three persons all from out of town, have been arrested here by officers for possession of marijuana in amounts under two ounces.

David Lee Ireland of Shallowater, who was arrested at 9:30 a.m. Saturday on US-84 near the Nichols ball park, pleaded guilty to the class B misdemeanor charge in county court Tuesday and was assessed a fine and court costs.

The other pair were arrested at 2:20 a.m. Wednesday and were not yet arraigned at Dispatch presstime Wednesday.
