

# Weekend rain is too late to help wilted cotton

Garza got its biggest rain in a year Saturday night as the all night soaker ensuring 2.85 inches of total moisture — but it was too late for most of the shriveled cotton and generally in the wrong places for Garza's parched fields.

County Agent Syd Conner Tuesday he didn't see the weekend rain will help the cotton yield at all.

He explained if it did get cotton growing again the yield would come too late to be any good before the frost.

Garza ranchers welcomed rains due to short grass and low stock water, but the wet areas of the county were only about an inch of moisture, or slightly less.

It is reported the grazing water situations are getting so bad, some ranchers are beginning to off their calves.

One rancher said he can't remember when his pasture has been so short.

While the area has been receiving light showers for the past month, the Satur-

day soaker was the first general rain. Before that the heat has returned after small showers to quickly dry up all the benefits.

Stock water also has been short.

Some rain gauges here reported over three inches of moisture from the rain which began in early evening and continued all Saturday night.

This is the second year in a row that the summer heat has badly wilted a lot of Garza cotton. It has a lot of cotton farmers perplexed as to the exact cause.

Before the cotton wilted about a month or more ago, prospects were for a bumper-sized crop.

County Agent Conner said other South Plains cotton areas apparently have not been as seriously affected as Garza County this year.

He went on to say the area of wilted cotton in the county was much smaller last year and this year is much more general over the entire county, and much more pronounced on top of the cap.

Cotton is about Garza's (See Rain, Page 12)

**TWIRLERS READY FOR KICKOFF** — The Post Antelope Marching Band twirlers for 1977 are shown above. Left to right, Dana Babb, junior; Peggy Jackson, senior; Karla Duren, junior; and kneeling, Kerri Pool, junior, head twirler.

# The Post Dispatch

Fiftieth Year

Post, Garza County, Texas

Thursday, Sept. 1, 1977

Number 14

**YEA, TEAM** — Post High's cheerleading corps are ready to stir up the football spirit Friday night in the grid opener here with Lockney. Top to bottom, in middle, Debbie Wyatt, Kelly Mitchell, and Cindy Kirkpatrick, head cheerleader; on ground, Susan Sawyers; left, Karen Perkins and right, Nancy Clary.

The news of George (Scotty) Samson's passing, though not unexpected after his long illness, brings both a touch of sadness — and a touch of gladness — to all of us who knew him.

We are sad because he is gone, but at the same time we are glad because his tremendous spirit is at last free of this world and his frail body.

Always will we remember the "wee Scotchman" as he liked to call himself and all the tales he told about this town as we sat and visited at his kitchen table as so many did for so many years.

His life was one of zeal and accomplishment — not for himself, but for his town and for this area.

We would wish we could have done better with Scotty's obituary, but there was so little time to put his life story all together as Wednesday was weekly deadline day.

With the beginning of a new school term, The Dispatch's school page, Antelope Tracks, returns with this issue and with a new editor, David Morrow. We think David will do us a good job. He ought to know what's going on in PHS. He's into most of it himself.

## New jury panel to be chosen

A jury panel for the September term of district court will be selected here Tuesday in a court session presided over by District Judge George Hansard.

A new grand jury also will be selected.

## Forms arrive for seedlings

Application forms have been received here this week by the county agent's office for the purchase of windbreak seedlings from the Texas Forestry Service.

While deliveries won't be made until early 1978, County Agent Syd Conner said now is the time for farmers and ranchers wishing to obtain Arizona Cypress to get their orders in.

"They will be sold out in a month or so," Conner said. The cost for the seedlings is \$10 per 100.

## It was just like Old West--almost

Shades of the Old West. Shortly before 1 p. m. last Wednesday, Jose Lara Rios with a pistol holstered at his belt walked into the Long Branch and ordered a beer.

He was denied service, departed and the sheriff's department called.

A short time later he appeared at the 77 Lounge with the pistol on his hip and ordered a beer.

Deputies found him a short time later and arrested him.

He has plead guilty in county court to driving while intoxicated for which he was fined \$101 and sentenced to 15 days in jail.

Now he has a hearing scheduled for Sept. 6 before District Judge George Hansard on the charge of unlawfully carrying a weapon.

## New US-84 project to cost \$1,400,144

W. T. Turner Construction Co. of Lubbock is low bidder for the second portion of the US-84 highway project through Post with a cost of \$1,400,144.68.

Work was opened Aug. 17 by Austin by the State Department of Highways and Public Transportation.

The date has been set for beginning of the work, according to the resident engineer's office here.

The last portion of the project extends from about 2.2 miles northwest of the street in Post to 3.3 miles northwest of the city, another portion of the project located from Third Street in Post south and eastward for .7 of a mile.

The reconstruction will be grading, curbing, widening of the road overpass for four-lane traffic, base work, curb gutter, one-course surface treatment, asphalt concrete pavement, three inches surface treatment and seal coating.

## Mrs. Printz dies Tuesday

Mrs. Percy Printz, 76, a resident of Post for the last 44 years, died in West Texas Hospital in Lubbock at 6 p. m. Tuesday following a lengthy illness and a week's hospitalization.

She is the widow of Percy Printz, who died Nov. 4, 1973, and lived at 306 North Avenue R.

Mrs. Printz was born Bertha Jane Harp in Hill County, Tex., Oct. 20, 1900. She was married to Mr. Printz Dec. 10, 1919. They moved to Post in the fall of 1933 from Hereford.

Mrs. Printz was a member of the First Baptist Church of Post and had been a member of the Baptist church since 18 years of age. She also was a member of the Merry-makers Club here.

Survivors include one brother, James Frank Harp of Lake Jackson, Tex., and several nieces and nephews.

Funeral services will be conducted at 2:30 p. m. Friday in the First Baptist Church with the Rev. Glenn Reece officiating. Burial will be in Terrace Cemetery under direction of Mason Funeral Home.

Pallbearers will be Charles (See Mrs. Printz, Page 12)

## Man sought in shooting

Officer Jim Pippin said a warrant has been issued for the arrest of a Crosbyton man in connection with the shooting outside the 77 Lounge here Aug. 20 which wounded two other men.

Charge on the warrant is unlawfully carrying a weapon.

Pippin explained that after shooting victim had signed a complaint and the man charged so unlawfully carrying a weapon was the only charge that could be filed.

Two different men are involved in the two shootings. The gun was taken away from the man arrested in the warrant after the shooting.

## Federal aid for Southland

Southland schools have been approved for federal educational funds under the Elementary and Secondary Education Act of 1965 which includes special programs for educationally disadvantaged children including migratory children and agricultural children.

Congressman Omar Burroughs notified The Dispatch Tuesday by phone.

A total of \$35,759,854 has been awarded the state of Texas to help operate schools in 76 counties.

The effective date is July 1 and will run through Sept. 30.

# \$3,000 Garza goal set for Jerry Lewis Telethon

**READY TO GO** — VFW Commander Andy Stelzer holds the badge children will wear seeking door to door contributions and literature they will distribute on the Muscular Dystrophy fund raising. At right, Stuart Price, who is in charge of the youth canvass wearing a sash young volunteers will wear. — (Staff Photo)

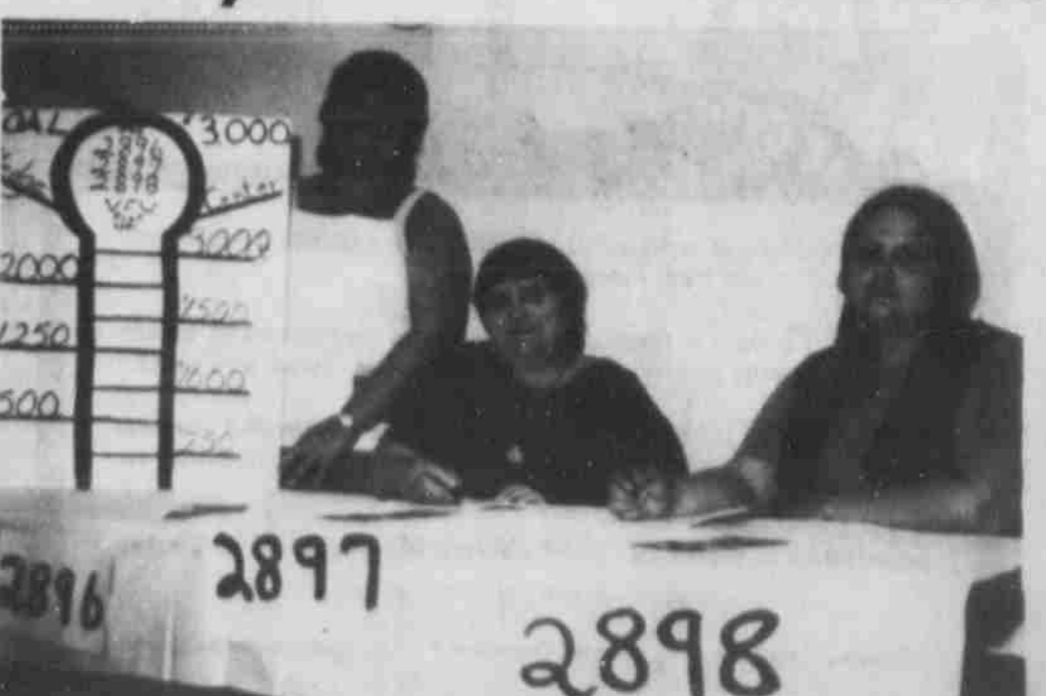

A goal of \$3,000 in donations from Post and Garza County has been set for the Jerry Lewis Labor Day Telethon for Muscular Dystrophy this weekend with the VFW clubhouse here again serving as the local "pledge center."

Three telephones have been installed this year for call-in pledges and donors are welcome at the clubhouse at any hour during the telethon to make their donation in person.

The telethon opens nationally at 8 p. m. Sunday and will run continuously to 5 p. m. Monday (Labor Day).

Stuart Price, who raised a lot of donations last year in a house to house campaign, is in charge of the youth drive of the telethon. Groups of youngsters will make a house to house canvass seeking contributions.

Containers also will be put out at various business (See \$3,000 goal, Page 12)

**ALL SET FOR CALLS** — With the three phone numbers to call with pledges on the table before them, three members of the VFW auxiliary are ready for the big Labor Day weekend fund raising here. Left to right, Rosemary Rogers, Mrs. Jake Sparlin and Mrs. Mike Hewitt. — (Staff Photo)

# George Samson dies at age 93, rites are today

George (Scotty) Samson, who came to Post as a young stone mason in 1907 at C. W. Post's invitation to help build this town and who stayed 70 years to become its best known and most beloved booster, died early Wednesday in Garza Memorial Hospital following a long illness at the age of 93.

Funeral services will be conducted at 2:30 p. m. Thursday in the First Presbyterian Church here with Dr. Tom Pass officiating.

Burial will be in Terrace Cemetery under direction of the Hudman Funeral Home.

Samson had no immediate family survivors, his wife, one son and daughter predeceasing him in death. Two nieces and two nephews and a daughter-in-law survive.

Samson was born Feb. 3, 1884, in Forfar, Scotland, the son of John R. and Mary McLarne Samson and learned his skill as a stone mason from his father and by attending a trade school at

night. He came to America in 1905 at the age of 21.

Samson and a fellow Scotchman, Jimmy Napier, came to Post in 1907 from Georgetown, responding to a telegram from Mr. Post to do the stone work in building Post's new town of Post City. Many of the stone buildings and stone work on homes here remain as a monument to his skill.

Early in his life here, he introduced the game of golf in this area, as he also was a skilled golfer. He laid out the first course here in this part of Texas and later designed 17 municipal golf courses in the South Plains area and won numerous golf trophies playing his favorite game.

As a boy in Scotland, he became interested in range grasses. He continued this hobby when he came to Garza County and spent many hours of his spare time collecting them with he and a county agent successfully identified 67 varieties (See Scotty dies, Page 12)

# Homecoming to be here on Sept. 9

Homecoming 1977 is scheduled for Friday, Sept. 9, according to head coach Jackie Brown.

Although homecoming was originally set for Sept. 30 this had to be changed because of a conflict with the roping and art show at the O.S. Ranch.

## Calls keep firemen busy

Post firemen have been pretty busy in recent days — and nights — but as Fire Chief Neal Clary reports "we've been running a lot but the damage hasn't been so much."

Firemen were called to the apartment house at Main and Avenue S owned by V. O. Rasbury at 11:30 p. m. Tuesday when a fire was confined to one small room.

Saturday night during the rainstorm, firemen were called to put out a grass fire east of Gail but were called back home after only a 15-mile run as rains extinguished the flames.

At 9:30 p. m. Saturday, lightning struck a Slaughter-UL tank battery south of Post, blowing the top off one of the tanks and setting a gas line afire. Firemen put out the gas line blaze.

Last Thursday, they twice were called to extinguish a grass fire on the ranges of the Beggs Cattle Co., 15 miles east of Post but the rains apparently put the fire out both times.

On Monday night, firemen extinguished a small pasture fire in Virgil Smith's land near Buenos Switch, north of Post.

## Tex Nichols rites pending

J. T. (Tex) Nichols, 75, retired farm worker, died at 3 a. m. Wednesday in Garza Memorial Hospital.

Tex came to Post in 1941 from Dekalb, Tex.

He is survived by a sister, Mrs. Henrietta Smith of Dekalb and several nieces and nephews.

Services are pending at the Mason Funeral Home.

The Post (Tex.) Dispatch

## Our housing problem

Announcement that the Post Housing Association, Inc., will seek another government loan to build a few more additional rental housing units here highlights a "small town problem" which is particularly trying for Post.

Rental housing in the last decade has steadily moved up in the smaller towns to just about No. 1 on everybody's "must list." The solution is not so difficult for cities where corporation investors build apartment houses block after block. But in the smaller towns, private capital is not so willing despite the obvious need.

This has brought the government's unusually successful FHA loan program which enables communities to borrow money at very low rates of interest to build rental housing.

To get the money of course the communities must accept federal regulation.

Post's rental project has been a tremendous success to date — 100 percent occupancy being the indication of local need. That has prompted directors of the Chamber-formed corporation to seek more

units. And after a year of proving that need, it looks as if six more units will be possible.

The only difficulty with the 14 units built the first round was the difficulty in obtaining enough loan money to build them. Price of construction was going up at that time faster than the government's maximum loan per unit.

While these rental units provide virtually the first new rental units here in a decade, they cannot be the only answer.

What Post needs is at least a larger market for new homes, especially in the middle class range.

A check of building permits here will show that few new homes have been built in Post in the last five years. The ones that have tended to be in the higher price ranges. A time or two, Post has come close to a good-sized housing project but each time the project never made it through the preliminary planning stage.

More and more mobile homes are being moved into Post residential areas as the only practical answer families needing housing can find.

## Will fans measure up

King football returns to its Texas throne Friday night. Long caravans of cars, loaded with fans, will wind through the countryside despite the high cost of gasoline.

Here in Post, our high school team will open at home and in just its second week of its season will have its hurried-up homecoming due to a date conflict with the OS Steer Roping and Art Exhibit on the last Friday night in September.

Football may be an autumn madness here in West Texas. But it is a highly enjoyable one if you have a competitive football team.

It's one of the few rallying points left for the small towns. It's one of the few get-togethers of the year. More people get together, elbow to elbow, at those football games than they do any other time of the year. And they probably won't do it again until the next football season.

In our enthusiasm for high school football,

we all have a tendency to overdo it. But that is only human and quite natural.

The important thing to remember as we start a new football season is that this is only a sport. The guy who said, "Winning is everything" was prejudiced. He was a football coach who got paid for winning.

The Dispatch is just as eager for the new season as the most rabid fan. We extend our best wishes to the team and coaches. We want a successful season.

But we conclude with a word of caution. Winning is not everything. Some joker said: "Only losing teams build character." That's not true either — it's another extremism.

Looking at football another way, it means a lot to a fan as well as to coach and player. It is a testing time for the fan too. And we hope Post fans measure up to the test in 1977 and behave in a manner which will make team and coaches proud of them.

## Let's admit our mistake

One of the nation's problems for which nobody seems to have a reasonable answer is our postal system.

For 200 years, the postal service as a branch of the federal government provided this expanding country with one of its most basic and necessary services.

But because it piled up every increasing deficits, the Congress in 1971 passed the Postal Reorganization Act. This took the postal service out of politics and put it into business.

What's happened since has been frightening.

Rates have skyrocketed and services have been chopped. And the deficits continue unabated.

We are now looking at 16 cent first class letter mailings and no Saturday service.

The "rush to disaster", as Hamlin Herald Editor Bob Craig calls it, has been even more accelerated by a decision last December of the U. S. Court of Appeals in Washington which endorsed the postal service's "business posture" and ordered the earliest possible implementation of a totally cost-based rate system, with no considera-

tion of public policy or market factor permitted.

To do this, the postal service must raise rates and cut services again.

Take second class mail rates, under which your Dispatch, other newspapers and magazines are mailed. In the last five years these rates have increased over 500 percent and the postal service has on file a formal request for another 30 percent increase.

This has been and will be reflected in the subscription prices of both your newspapers and your magazines. Very probably it will put many magazines out of business, and others on a newsstand sales basis only.

The public made a big mistake when it insisted in 1971 that the postal service be put on a business, pay-as-you-go basis. We now know it just won't work.

Let's admit our mistake. Let's go back to the old kind of a postal service. As taxpayers we are now having to pay the postal service deficit anyway. So let's have a service this nation can live with on a day to day basis.

We know now there is no utopia in mail service.

## Remember When

10 years ago

A community center, which for the last several years has been the No. 1 civic project has received unanimous pledges both of "moral and financial support" from the 17 civic and service clubs in a meeting Tuesday night at the community room of the bank. Miss Susan Virginia Ramsey and Freddie Thomas Simmons were married at 7 o'clock in the First Christian Church with her father, Rev. Bernard Ramsey, officiating. Dozens of tourists stopped at the Jaycee rest stop over the Labor Day weekend, according to Ken Calloway, project chairman. The Melvin Williams family took his parents, Mr. and Mrs. Claude Williams to Duncan, Okla. for a family reunion over the week-end. Approximately 85 Post High grads are starting their college careers throughout the state and across the border. Post has three medical students, Mike Cornell, Charles Tubbs, and Butch Wilson.

15 YEARS AGO

Shirley Lee Bostik, with 9 years of 4-H club work has been selected as Garza County's 4-H Gold Star Girl, it was announced today. Rains, which began here Friday, has brought four inches of moisture here in Post and considerably more in other parts. Agent Syd Conner reports. Mr. and Mrs. Howard Justice, and daughters, Linda and Lanita, of Rt. 2 have recently made a guided tour of Carlsbad Caverns, New Mex. Mr. and Mrs. Clint Herring and daughter, Jan, left today for Lewisburg, Va. where Jan will attend Sweetbriar College. Mr. and Mrs. Charlie Lee announce the birth of a daughter, Gina Sue, born in Garza Memorial Hospital on Sept. 1.

25 YEARS AGO

Antelope Booster Club membership cards are now on sale according to the committee consisting of Ralph Kirkpatrick, Bill Edwards, Fritz Brownlee, and Buster Moreland. The annual PTA entertainment for Post teachers will be given Thursday at 7:45 in the school cafeteria. Personality singing causses for Post youngsters will begin soon with Mrs. J.A. Stallings. The Texas Jewelry and Gift Show in Dallas was attended by R.B. Dodson, local jeweler. Following three days of continuous work out the Post Antelopes journey to New Deal tonight for a practice scrimmage. The Post school cafeteria will begin operation on Monday, Sept. 8 according to an announcement from Supt. D.C. Arthur and Manager E.E. Pierce.

## Homemakers News

By DAISY BRITTON

Workers in the Homemaker Service Program are being kept real busy, more like around the clock. But the work is very rewarding and everyone enjoys it.

Jean Tipton escorted her client, Mrs. Wren Cross, who is also her mother, to Lubbock to get some warts burned off.

Winnie Harrell and Mable Dunlap recently spent the day in Lubbock attending a coordinator workshop, visiting relatives and shopping. On their return to Post they stopped in Slaton and visited with the Sam Sanders and Mrs. Walter Caffey. The Sanders are doing well and Mrs. Caffey is enjoying her new home.

Mr. and Mrs. Lloyd Edwards were in Lubbock this week. Mr. Edwards had some skin cancers removed from his face. Mrs. Edwards is having a different problem. She dropped a muffler on her foot, but you can't hold these two down.

Lucy Clary is having a birthday this week. Happy birthday, Lucy. We are all pleased she is driving her car again now.

Ann McLennan from Lubbock was in Post two days last week. She and Mable Dunlap worked on things concerning the program. Ann says the people in Post are the greatest.

More news next week.

## Twin Cedars Nursing Home News

By FLETA WALLS

Sunday services were brought to us by the Trinity Baptist Church with Rev. Gene Prevost officiating. Next week's services will be by the Faith Lutheran Church with Rev. Don Neumann officiating.

The VFW Ladies Auxiliary had their monthly resident birthday party last Tuesday afternoon. They served all the residents punch and cookies and gave the birthday honorees brooches for their dresses. The honorees were Mrs. Ethel Brown, Hazel Miller and Edna Pierce.

J. D. and Lucille Windham brought watermelons to the residents this week and Zelma Moore brought ice cream one afternoon. Our residents enjoy these acts of thoughtfulness very much. Visitors this past week included Dink Boren, JoElla Sparlin, Jewel B. Rogers, Mrs. Burnard Roberts, Zelma Moore, Rena Ferguson,

Inez McGrew, Lucille Walker, Frank and Beulah Puckett, J. D. and Lucille Windham, Reitha Smith, C. A. Walker, Mr. and Mrs. W. H. McAlister of Electra, Paul Sherrill, Ruby Kirkpatrick, Jim Hundley and others who failed to register.

We have a new resident Howard Ferguson. Mrs. Ferguson has been a past resident of Twin Cedars. We are all happy to have him join us again.

### CALENDAR OF EVENTS

#### At Community Center

Saturday, Sept. 3 - Graduating Class of '28 banquet.  
Sunday, Sept. 4 - James Burns Family Reunion  
Monday, Sept. 5 - Keeton Family Reunion  
Tuesday, Sept. 6 - Rotary Luncheon, Youth Night.  
Thursday, Sept. 8 - Trail Blazers Covered Dish Luncheon.

**Offering A New Concept—The Pre-Arrangement Contract**

Daily we are being approached by people in our community regarding a plan whereby they can make arrangements for themselves and their family before the need arises.

We are frequently asked:

1. What is a funeral trust?
2. How a funeral trust plan saves you money?
3. How is it possible to secure the peace of mind of knowing that you, yourself, have arranged every detail without burdening others?

A new concept—"The Pre-Arranged Contract"—was devised to relieve families of having to make difficult arrangements, both financial and otherwise. This new concept is approved by the Texas Banking Commission.

The Pre-Arrangement Contract allows you to make a definite service selection at today's prices with monthly payments. Upon completion of the contract your own selected service is paid for at any later date for no additional charge.

We are here for only one reason and that is to be of service. If we may help, please contact us.

# 1977 Football Opener

## POST ANTELOPES

VS.

## LOCKNEY LONGHORNS

8 P.M. FRIDAY, SEPT. 2  
IN POST'S ANTELOPE STADIUM

Coach Jackie Brownd's Post Antelopes will open at home in Antelope Stadium Friday night against the Lockney Longhorns, a tough defensive football team which is returning six starters from the 1976 defensive unit as well as six offensive starters. The Lopes are a bit further along than they were at "opener time" a year ago but after winning a co-share of the district football title and bi-district grid honors, more is expected of them. It will be interesting to see how well the players fit together into a cohesive ball club.

## Thank You

We desire to express to our kind neighbors and thoughtful friends our heartfelt thanks for their many expressions of love during my recent stay in the hospital.  
Mrs. J. B. Robinson

A special thanks to our friends for their visits and phone calls while I was in Garza Memorial Hospital. To Dr. Chua Tuan, the nurses and hospital personnel for being so nice to me. God bless each of you.  
Mrs. Bill Hughes

I want to thank all my friends and neighbors who made my recent stay at Methodist Hospital more pleasant by their visits, flowers, cards, phone calls and other acts of thoughtfulness. I deeply appreciated it all.  
Stanley Butler

It is with deepest gratitude that we wish to say "Thank You" to all who in any way were of such consolation to us during the recent loss of our beloved Mother and Grandmother, Ruby Butler. Your visits, cards, phone calls, flowers and food were so gracious and so comforting. We will always remember you. Stanley & Geraldine Butler

# Girls to be invited to join Girl Scouts

Weeks of Aug. 29 and 30 have been set aside for the organization of new Girl Scout troops in the 18-county area of Caprock Girl Scout Council. Invitations to join Girl Scouts will be issued to girls, first through twelfth grades, in the public and private school systems, according to Mrs. Lee Davis, Jr., of Post, field services chairman.

This fall, Girl Scouts will implement a new focus for their program. "New Horizons to Explore" will be the current program and include five worlds—of people, today and tomorrow, of being, the arts, and the self.

These publications update the current program activities and contain insignia activities for Brownie Girl Scouts, youngest of the age groups. Brownie Scouts will wear their own insignia beginning this fall. Cadettes and Senior Girl Scout program will appear at a later date. Girl Scouts welcome girls of all ages without regard to race, creed or national origin. The \$2.00 registration fee carries accident insurance for participants. Monthly dues range from five cents up. Uniforms and pins are optional.

The program is international in scope, with girls from adults in 94 countries of the world. The world's largest voluntary organization for girls is a youth-adult shared informal educational process based on proven ethical values. More than three million girls and 537,000 adults are enrolled.

Caprock Girl Scout Council, with headquarters at 2567-74th St. in Lubbock, served more than 6,000 girls this past year. The calendar of events for the council, planned a year in advance, includes 15 basic leadership courses for new leaders and fifteen council-wide program events for Brownie, Junior, Cadette and Senior level girls.

Workshops in outdoor skills, songs and games and program are also scheduled. Junior High Scouts are invited to take part in the Heritage Trip to the Capitol in Austin this next summer. Senior Girl Scouts will be selected for a trip to the world center in Mexico. The Caprock Council owns two camps: Camp Rio Blanco, located near Crosbyton and Camp Haynes, located near Silvertown.

Adults and girls are invited to call 745-2855 for additional information.

## AARP officers are installed

Officers for the Garza County Chapter of AARP were installed Friday, Aug. 26 at the community center with Ruth Dale as president.

In the absence of Mrs. Leah Adams, assistant state director, Mrs. Maxine Marks installed the officers. Other than Mrs. Dale, Mary Tillman is vice-president; Georgia Davies, secretary-treasurer; and Enid Gossett, reporter.

Chosen as chapter representative was Glenn Voss who will attend the regional meeting.

A meeting to explain all insurance benefits will be held in Lubbock at the South Park Inn Sept. 14, and on Sept. 15 a meeting will be held at the Carriage House for all AARP officers in this area.

A defensive driving course will be held Sept. 21 at the Ramada Inn in Lubbock and those who take the course will receive lower car insurance rates.

## Focus on Home Economics

**YOU NEVER OUTGROW NEED FOR IMMUNIZATION**

Tetanus immunization is not kid stuff. Adults need its protection too.

Tetanus — also known as lockjaw, can often be fatal. It is caused by spores of bacteria which can enter the body through a wound. The spores are almost everywhere, but particularly in manured soil.

Because the tetanus germ cannot grow in the presence of air, deep puncture wounds or cuts are a favorable growing environment for the germ.

Once in the wound, tetanus germs secrete a toxin. This toxin is so powerful that one-fourth teaspoonful is enough to kill 100,000 people.

For children, protection against tetanus usually starts with the basic immunization series — in which the tetanus toxoid is given in combination with diphtheria toxoid and pertussis vaccine — at two, four, six, and eighteen months with a booster when they start school.

To continue the protection, physicians generally recommend a booster every 10 years. Adults should consult physician or local health department about their immunization status.

Everyone should be protected against tetanus, but it is particularly important for pregnant women and agricultural workers and adults in occupations in which tetanus-favoring injuries are frequent.

Preschoolers need immunization too. In fact, most doctors recommend that infants of two months begin the basic series against DTP (diphtheria-tetanus-pertussis) and polio immunization.

Here is the suggested immunization schedule:

Basic series two months, DTP and polio; four months, DTP and polio; 12-18 months, DTP and polio; and 15 months, measles, mumps and rubella.

Booster doses: 4-6 years, DTP and polio; 14-16 years, TD (tetanus-diphtheria); and thereafter, TD every 10 years.

Your physician may wish to change this schedule.

Preschoolers are sometimes left unprotected because parents wait until the child is ready for school before starting the immunization series.

Each year in the United States children die of disease they never should have contracted. Others are disabled although the means for prevention is readily accessible.

Check immunization records now. If you are not sure that your children are fully protected, check with your family physician or local health department.

## Two to attend HDA meeting

Loucille Morris and Faye Payton, members of home demonstration clubs in Garza County, will attend the annual Texas Home Demonstration Association (HDA) conference Sept. 20-22 in Galveston.

Among highlights of the meeting are keynote addresses, educational workshops and social events.

Educational workshops during the meet will include sessions in health, safety, family life, citizenship, cultural arts and 4-H.

From these workshops, members will bring background, teaching methods and actual subject matter for developing local programs in Garza County.

## Needlecraft club meets

The Needlecraft Club met Aug. 26 in the home of Mrs. Linda Malouf. Members answered roll call with "What Have I Done This Summer."

Mrs. Malouf read two poems to the group, one entitled "To a Friend," and "New Friends and Old Friends." Margie Dietrich played some old hymns on the piano and several new songs.

Delicious refreshments were served to the following members and one guest, Loree Thaxton, Minnie Graeber, Eula Evans, Margie Dietrich, Bess Bowen, Innis Thuett, Selma Kennedy, Luci Callis, Helen Richards, Alma Hutto and Analue Clinesmith.

Mr. and Mrs. Tom Hall of Melbourne, Ark., were guests this past week in the home of Mr. and Mrs. Jack Burress. They also were guests for various luncheons and so forth, with the Hub Haires, Winnie Tuffing, and the Henry Keys.

## The Post (Tex.) Dispatch 36 enjoy 'game day' at center

Thirty-six persons enjoyed the weekly game day held at the community center Thursday, Aug. 25.

Mrs. Jennie Ferebee, from the Office of the Aging in Lubbock conducted physical fitness exercises, demonstrating what exercise to take for arthritis and other ailments. The exercise class will perform in Lubbock at the South Plains Fair Sept. 29.

## New Arrivals

Mr. and Mrs. Danny Ray Williams of Snyder announce the birth of a daughter, Vanessa Reanne, born Wednesday, Aug. 24, in the Cogdell Memorial Hospital, Snyder. Vanessa weighed 7 lbs., 3 ozs. and was born at 12:06 p.m. Paternal grandparents are Mr. and Mrs. Marvin Williams of Post and Mr. and Mrs. Bobby Burney of Snyder.

## APL classes are being organized

Adults here interested in obtaining their high school diplomas through the Adult Performance Level Classes should call Sandra Alexander or 3414, the office of the elementary building between 10:45 and 11:45 a. m. and 12:30 to 2:30 p. m.

Classes are being organized.

To be eligible persons must be at least 16 and out of high school.

Chocolate lovers and their friends are likely to lick their lips over a new collection of choice cocoa (chocolate) desserts found in a handsome, hardbound (like a book) recipe file. It has a beautifully illustrated wipe-clean card for each of its 29 recipes, and it's available for \$2.98 from Hershey's Dessert Collector, Box 9853, St. Paul, Minnesota 55198.

# SPS announces new coal plant

PAMPA — A new 30 megawatt coal-fired electrical cogeneration plant which will save up to 50 percent of the normal energy requirements for a power-generating facility, was announced here Monday by Southwestern Public Service Company and Celanese Chemical Co.

One of the U.S. industries' first affirmative responses to the proposed national energy program calling for cogeneration ventures, the plant will be built at the Celanese Pampa location where Celanese already has committed more than \$50 million on a project that will replace natural gas-fired boilers with coal-fired boilers.

Estimated cost of the new cogeneration plant is approximately \$15 million. High pressure steam from two 650,000 pounds per hour coal-fired boilers will supply the 30 megawatt single train steam turbine generator to be installed at the Celanese Pampa plant by Southwestern. The generation unit will supply all the electrical requirements of the Pampa plant.

The pampa unit will be linked with Southwestern's integrated electric generation and transmission system, providing standby electric power should the new unit be temporarily closed down for maintenance or repairs.

C.F. Milnar, vice-president of the Amarillo-based utility company, said the Southwestern-Celanese project is expected to begin operation in mid-1979, concurrent with the start-up of the Celanese Pampa plant's coal-fired boiler project.

Mr. Milnar said the new cogeneration project was made possible by the Pampa plant's large steam production, and follows by some 13 years a joint energy conservation program by the same partners.

The Pampa plant's boiler fuel coal will be shipped in from Western states, via Santa Fe Railroad, arriving every four days by unit trains of 75-100 cars, to meet the plant's 2,000 ton-per-day demand.

Steel said the new boiler facilities at Pampa will meet or exceed all state and federal environmental standards. All necessary permit and approvals have been obtained.

## Post library again in regional system

AUSTIN — Twenty-five libraries in the 29-county area served by the West Texas Library System have qualified for membership in the regional public library system during the year that begins on Sept. 1. As system members they will be able to take part in cooperative activities to improve library service and increase the range of library materials available in the area.

To carry out these programs, the system will receive a \$255,517 grant this year from funds appropriated under provisions of the Texas Library Systems Act of 1969 administered by the Texas State Library. Lubbock City-County Library serves as the Major Resource Center for the system.

System services in the area will focus upon providing technical assistance to libraries and upon increasing the range of print and audiovisual materials and access to these materials.

Individual libraries will be able to purchase materials for their collections, and a books-by-mail program will provide access to a collection of paperback books bought by the system. The collection will be expanded with new

titles in Dec. and June. The 16 mm film collection will be expanded, and libraries will also have access to sound filmstrips on a number of topics.

Hale Center Public Library is a new member of the system this year. Other member libraries are Andrews County Library, Howard County Library at Big Spring, Kendrick Memorial Library at Brownfield, Crane County Library, Crosby County Library at Crosbyton, Yoakum County Library at Denver City, Floyd County Library at Floydada, High Plains Bookmobile, Winkler County Library at Kermit, Dawson County Public Library at Lamesa, Hockley County Memorial Library at Levelland, Lamb County Library at Littlefield, Lubbock City-County Library, Upton County Public Library at McCamey, Midland County Public Library, Ward County Library at Monahans, Cochran County Library at Morton, Muleshoe Area Public Library, Ector County Library at Odessa, Yoakum County Library at Plains, Uner Memorial Library at Plainview, Post Public Library, Rankin Public Library, Gaines County Library at Seminole.

## Youthoughts

By TRACY McALISTER

BY TRACY McALISTER  
It's strange to come back to your hometown only two months after graduating and see the changes that have come over your classmates. It seems as if you never really knew them. (This only goes for the majority, for there's a few that I've encountered that have not changed.)

There are a lot of classmates that use marijuana and other drugs quite steadily. They enjoy coming downtown as high as a kite. The truth is that they are igniting their minds and someday the flames will not go out.

Then there are those people that are known as "I'm too good for you, so please stay behind me class" class. They want you to grovel on the ground for them. The first rule that you will learn in college is that no one is better than anyone else. Everyone is in the same boat.

There are also those classmates who were best friends in high school that have suddenly grown to dislike each other. They can't get along. They talk behind one another's back.

There are a lot of other "classes", but these are the main ones.

Our generation is causing a corruption, not of other people, but of ourselves.

In our minds we think—"Who cares about the other guy, it's me that counts." But it is you that you are ruining. We will never get anywhere in this world if we enjoy stomping on the other guy. The other guy is also

you and me.

We repeatedly criticize our parents, but ask yourself "If I was a kid like me, how would I discipline me?"

It's frightening, isn't it? Before we can do anything about this problem, we must realize that there is a problem.

We must realize that the changes that we are making are toward the negative side of power that makes this world survive.

There is only one question to ask yourself—"Do I want my children to be like me?" If you answered no, then you have realized.....

French speakers say 350 syllables a minute—as opposed to Americans who say about 220.

# An important message to our customers.

The House of Representatives has just voted to raise the price of your electricity! And the Senate is looking at the same legislation. These bills are going to cost you plenty — nearly \$50,000,000 a year for the next ten years. That's almost half a billion dollars!

Who cares? Of course you care. And we care. That's the reason we want you to know what's happening in Washington.

Not only did the House vote to raise your electric bill, there's a strong chance you'll get less reliable service, too. The Government is trying to take over regulation of your electric company. That's right! A Washington bureaucrat will decide who gets electric power and how much instead of your state and local officials.

That means your electric company will lose control over how we operate our own power transmission lines and facilities. We might not be able to give you — our customers — first priority. The Federal Government could use some of the money you pay for your electric service to make your electric company build a transmission line for a government-subsidized utility. You pay twice that way — in your electric bill and in your taxes. And you don't even get to use the line.

Let's not beat around the bush. The cost of doing business is going up. It costs you more for your electric service than it used to. But now when you pay your electric bill, you pay only what it costs to serve you, plus a controlled profit, so that we can keep updating our generation facilities and our technology to keep serving you better.

Well, if some Congressmen have their way, some people will pay less than their fair share of the electricity cost. Who will decide who gets the special rates? You can bet it won't be you . . . or us . . . or our state and local government who know our needs best.

It will be some government official in Washington!

There's a whole lot more bad news in this legislation that has passed the House and is now being considered in the Senate. It's all part of Senate Bill 1472, Part E . . . and . . . Now for more bad news . . . Senate Bill 1472.

That's a dandy. It's the one that taxes you because some of your electricity is generated with natural gas. The gas users' tax is a case of the Government talking us to build coal-fired power plants faster than you can afford them.

It's as though the folks in Washington just woke up one day and decided there was an energy crisis and decided to try to right all the wrongs over night. The fact is that your electric company has been doing something about our diminishing natural gas reserves for more than six years. We haven't planned or constructed a gas-fired generation facility since 1971. And since that same time we've been planning to use coal as our primary generation fuel. We've just completed and put into operation Harrington Station — a coal-fired generation plant near Amarillo.

But we need the opportunity to phase out the gas-fired facilities at a savings economical to you, our customers. New power plants cost money . . . cost you money, because you are our only source of money. We have a program that makes it possible for us to stop using natural gas to make electricity by 1985 at the least.

It's a program you can afford. It's a program that will help alleviate rising costs. Sure, you'll pay more for electricity in the future. You'll be paying more for everything, but under our plan you'll pay a lot less than you'll have to pay if Senate Bill 1472 passes. \$423,000,000 less between 1983 and 1990.

Why? Because Senate Bill 1472 says that even though we are building coal-fired power plants as fast as you can afford them, you're still going to be penalized, by almost a half billion dollars. Just because some staff members in Congress think you should build them faster. And remember it is your money that builds these new plants.

The Good News in all this is that your Congressman voted against raising your electric bill, voted against giving you poor service . . . but he was outvoted. Now what you can do is write your United States Senator (His name and address are printed below for your convenience) and tell him to vote against Part E in Senate Bill 1469 and against the gas users' tax in Senate Bill 1472. Why? BECAUSE YOU CAN'T AFFORD THESE BILLS. And that's a darn good reason. Let the people in Washington know that YOU CARE what they're doing with YOUR MONEY!

Thank you

# Lopes kick off season here Friday with Horns

## Lockney bringing in tough defensive club

Coach Jackie Brown's Post Lopes will come into Antelope Stadium for their 1977 season opener Friday night against the Lockney Longhorns at least "farther along" in putting it together than they were a year ago.

With two "scrimmage wins" under their belts and no injuries, the Lopes are considerably better with their offensive chores than they were in 1976 when they eked out a 12-8 win at Lockney on a pass interception and a fumble near the goal line which set up their only two scores.

This time, all their backs are battle-tested.

Quarterback Brad Shepherd is a senior now with a very important year of experience at the helm. All-District Randy Baker is at wingback or fullback, Cliff Kirkpatrick or Tim Morris is at halfback, and a capable Butch Booth is ready to go at fullback and speedster Kohen Josey is ready to run at wingback.

All told there are 15 letters on the 26-player varsity squad.

The starting offensive unit is more set for the opener than the defensive one.

Evans Heaton, the 160-pound split end with the sure catching hands, will open at the left terminal. Erik Howard, a 165-pounder, is at left tackle and Virgil Morris, a 135-pounder, is at left guard. Starting center is Leslie Looney, 175-pound junior. At right guard is 165-pound Raymie Holly with 180-pound Chuck Bass at right tackle, and Ronald Bratcher, 165-pounder, at right end. All are seniors but Looney.

Brad Shepherd will open at quarterback. It will be Randy Baker or Kohen Josey at wingback, Butch Booth or Baker at fullback and Kirkpatrick or Morris at right half.

Baker is working at two of the running back positions.

On defense, 120-pound Brent Terry is at nose guard, Holly and Baker will be the linebackers, Steve Hair at 185 is at left end, Bud Jones, 225 or Jerry Perez, 200 at left tackle, Jeff Greene, 180, at right tackle, and Steve Davis, 135, at right end.

Either Carlos Varela, 140, or Jeff Williams, 140, will be at rover. Kirkpatrick will be at halfback, Heaton at safety, and Josey or Morris at cornerback.

Of the 14 possibles on the defensive platoon, all but Perez, Varela, Williams, and Morris are seniors. It looks like five, possibly playing both ways in the opener.

Coach Brown expressed himself as well pleased with the scrimmage at Littlefield Friday evening in which Post outscored Littlefield, two touchdowns to one.

Brown looked at it as "a learning situation" and said the Lopes got a lot accomplished, including getting 60 players into action.

Littlefield got the only TD in the junior varsity scrimmage.

"I felt like we had a real good scrimmage," Coach Brown told The Dispatch Monday. "We showed improvement over the week before. We made some mistakes, but we will try to get these corrected this week."

Brown is not a coach who is long on predicting outcomes of upcoming games. He made none for Friday night, commenting only that Lockney "is a strong team."

Lockney will come to Post with six starters back from a strong defensive unit and six starters also returning from their attack unit.

The Longhorns run out of the 1 formation on offense and employ a 5-4 defense. They have scrimmaged Lubbock Cooper and Muleshoe.

Danny Clark, a six-foot, 180-pound back with good speed, and Chris Sue, a 6-1, 200-pound tackle are the standouts for the Longhorns.

Lockney had a 5-5 season in 1976 in 4AA.

The opening game between Post and Lockney almost always is a tightly played, defensive struggle with the margin of victory usually one touchdown or less, and not many points up on the board.

Season reserve seat tickets for the Lopes' five home games remain on sale in the high school office.

In the scrimmage at Littlefield last Friday, Cliff Kirkpatrick broke away on a 30 yard run for the first touchdown and Quarterback Brad Shepherd passed to Split End Evans Heaton on a 35-yard gainer for the other.

Kickoff time Friday night for the Lockney game is 8 p.m.

**POST'S 1977 VARSITY SQUAD** — The Post Antelopes are shown on a recent "picture day" as they took time off from getting ready for Friday night's 1977 opener with the Lockney Longhorns. Included in this picture are all juniors on the 60-player squad, although some of them will be playing with the junior varsity for game experience. Bottom row, l to r: Dale Redman, Butch Booth, Brad Shepherd, Greg Pollard, Dan Nelson, Kelly Baumann, Carlos

Varela; second row, l to r: Rex Cash, Virgil Morris, Evans Heaton, Raymie Holly, Bruce Waldrip, Chuck Bass, Jack Moore, Cliff Kirkpatrick; third row, l to r: Mike Haas, Tim Morris, Darrell Reece, Erik Howard, Jay Lott, Jerry Perez, Jeff Greene, Shorty Bilberry and Bryan Compton; back row, l to r, Brent Terry, Kohen Josey, Danny Gunn, Leslie Looney, Steve Davis, Ronnie Bratcher, Steve Hair, Bud Jones, Jeff Williams and Larry Dodson.

## JVs open tonight against Cooper

The Post Junior Varsity actually open the 1977 football season for the local teams when they invade Lubbock Cooper for a game this evening (Thursday) with a 7:30 p.m. kickoff.

Coach Chil Black has announced the probable starting lineups on offense and defense for the 35-player squad as follows:

Offense: Swing man (split end) Dale Redman, junior; quick tackle, Deb Palmer, sophomore; quick guard, Danny Gunn, junior; center, Kelly Baumann, junior; strong guard, Jack Moore, junior; strong tackle, Chuck Black, sophomore, and strong end, Jackie Stelzer, sophomore.

Rance Adkins will start quarterback, Bobby Fine at wingback, Larry Rodrique at fullback, and Clinton Curtis at halfback. All but Curtis, a junior, are sophomores.

The first defensive unit includes:

Ends, Stelzer and Jay Lott, sophomore; tackle, Black and Palmer; nose guard, Don Nelson, junior; linebackers, Darrell Reece, a junior, and Rodriguez, sophomore; Jackie Azala, sophomore; halfback, Mike Macsophomore; safety, Finck and Curtis, corner.

Other junior varsity squad members include:

Kelly Baker, junior tackle; Lynn Simpson, sophomore center; Kelly Massey, sophomore guard; Larry Dodson, junior tackle; Walter Perez, sophomore end; and Rynn Norman, sophomore tackle.

Lenny Drake, sophomore end; Johnny Owen, sophomore tackle; Monte Rogers, sophomore guard; Eddie Bass, sophomore guard; David Pool, sophomore end; Daniel Morrow, sophomore quarterback; Shawn Scott, junior wingback; Archie Brown, sophomore wideback; Pat Mitchell, sophomore fullback; Jim Pruitt, sophomore halfback; Lance Dunn, sophomore end; Randy Teaff, sophomore guard; and David Hawkins, junior end.

## Sidelines

You can't write a great deal about any team until after it plays its first game.

—O—

It's the way a ball club functions as a unit which usually determines the kind of season it is going to have. And this always brings a wait and see attitude among sport writers.

—O—

Certainly, the Lopes go into this campaign in much better shape than they did a year ago. But it will be interesting to see if the strong leadership comes to the fore on this very predominately senior club, and if it has a "big play" man or two to break up a key game with that all important offensive or defensive play.

—O—

The Lopes have 16 seniors on their 26-player varsity squad with a talent pool of 35 junior and sophomore gridders on the junior varsity and 30 freshmen suited out. That's a well organized and respectable "program" which keeps the talent there year after year.

—O—

Remember Post has some winning tradition going now too. It has shared the district crown as co-champions the last two seasons — and in those two years has won 18 ball games and lost only four.

—O—

Last year the "big play" man was Jimmy Dorland. He had almost one or two in every game, but who can forget his long romp through the snow at Denver City to set up the game's only touchdown and save a title share?

—O—

The year before — when the Lopes went 9-1 — it was Quarterback Bryan Davis who came through with the "big plays" that won several games. He had something like six touchdowns runs longer than 35 yards in which he faked the opposing team to one side of the field, kept the ball and ran down the other for the TDs.

—O—

The 1977 Lope team goes into a new season seeking a niche of its own. It has considerable talent. How well it fits together and how strong the spirit is will determine what kind of a record it will achieve for itself. Of course, injuries and the breaks can also have a lot to do with the outcome when the games are close.

—O—

We have one neighborly eye on Slaton tonight for that Slaton-Colorado City game. Both teams are string. Both are favored in their districts. Winning that game won't mean a great deal. It will just be a first victory.

—O—

But losing it can take the shine off the whole season. Both teams know it, both coaching staffs know it. So both clubs have to get ready too early. Having a real important toughie for an opener can make it a long, long season before mid-November.

## PROGNOSTICATOR BUSY AGAIN— Slaton over Wolves in first 'big game'

The "Big Game" of the opening Friday night of the 1977 high school football season in these parts will come off at Slaton when the Colorado city wolves tangle with the Slaton Tigers, since the two clubs are the pre-season picks for the District 6AA and 5AA titles, it ought to be a real slam-banger.

Slaton has won the last two of these sparkling lid-lifters and your prognosticator, although he hasn't checked with the weather man is inclined to favor the Tigers again because if it home field advantage and more offensive razzle dazzle, but if it rains then it could be a different story, the loser of this one can kiss his chance of a state rating goodbye before the season is 49 minutes old.

The other choice of Post and its 1977 opponents are listed in capital letters to catch the reader's eye. Let's start here at home:

LOCKNEY at POST: This one might be more low score than the fans would like as the Horns are a stout defensive outfit. The Lopes rate the offensive edge though.

WALL at Coahoma: this is the "upset of the week special" Wall, co-

LORENZO at ROOSEVELT -

champions of district 9-A a year ago, return with seven offensive and five defensive starters, but the "big man" is Fullback-Linebacker Clayton Weishuhnd, a 6-2, 190-pounds with 4.7 speed who is being touted to be one of the "Texas blue chippers" next college recruiting season. Coahoma, who comes to Post next week, has 10 returning lettermen back from a 6-3-1 season and played Denver City to a scoreless standoff in a recent scrimmage.

FRENSHIP at Hale Center- The Frenship Tigers are rated strong again this season and should have too much power for a Class A club.

STANTON at TAHOKA - Fullback Clifford Bailey, a 6-3, 200-pounder with 4.7 speed, is the difference. We think Tahoka may slip up on quite a few teams by November. Needless to say we were impressed with the way, the Bulldogs shutdown the Lope attack in 1976 for Post's only district loss.

RAILS at COOPER - Rails won last year and is improved this year, but we figure Cooper with everybody back not to be such a consistent loser this time around.

## Caprock golf tourney set

The 1977 annual club tournament at the Caprock Golf Course is scheduled for Saturday and Sunday, Sept. 10-11 with four flights of play planned.

The entry fee is \$12 with entries accepted all next week.

A barbecue will be held in the clubhouse Saturday night, Sept. 10, for participants and their wives.

A putting and driving contest will be held in conjunction with the barbecue.

Three prizes of trophies and merchandise will be offered in each flight.

## Frosh to scrimmage Cooper here tonight

Thirty freshman footballers are now working out and will get their first taste of action in a scrimmage at 5:30 p.m. today in Antelope Stadium against the Cooper freshman.

The clash originally was booked as the first game of the season for the locals but Coach Lane Tanehill moved it back to scrimmage status because the players had not been out to practice long enough to be ready for a game.

Players who are working out and will take part in this evening's scrimmage include:

Adolfo Varela, Alonzo Luna, Drew Kirkpatrick, Jesse Taylor, Alvin Taylor, Gary Baker, Lance Dunn, Barry Morris, Noel Pena; Robert Quinonez, Charles Curtis, Johnny Kirkland, Will Morrow, Ramon Raymond, Barry Wyatt, Benny

Kennedy, Chris Beggs, Russ Hensler, Russell Fluit; Mike Anthony, Ronnie Bilbo, Brian Taylor, Richard Neese, Ronnie Cowley, Kenny Reiter, Jimmy Delarosa, Ruben Story, Ken McWhorter, Steve Curb, and Hiram Martinez.

John Keel and Roy Martinez are the squad managers.

## Two fined for shooting guns

Valentine Delgado and Jose Martinez were arrested about 6:30 p.m. Sunday in the Lincoln addition by officers called to investigate a report of two men discharging a gun.

Each was charged with discharging firearms within the city limits. Two .22 rifles were found in the trunk of their car.

They pleaded guilty Monday.

## Historical group to meet Tuesday

There will be a meeting of the Garza County Historical Commission Tuesday, Sept. 6, at 10 a.m. The meeting will be held in the community room at the bank.

day in Justice of the Peace court here and each fined \$202.50.

# Bruce Waldrip to head seniors

By RAYMIE HOLLY  
The senior class has selected officers for the coming year. They are Bruce Waldrip, president; Cindy Kirkpatrick, vice-president; Danna Giddens, secretary-treasurer; Raymie Holly, reporter; and Chuck Bass and Kelly Mitchell, student council representatives. Alternate representatives are Nancy Clary and Peggy Jackson. Class sponsors are Mrs.

Joy Pool and Coach Greg Eubank.  
Room mothers for the senior class will be Mrs. Natalie Shepherd, Mrs. Linda Waldrip, Mrs. Wyanne Kennedy, Mrs. Loveta Josey and Mrs. Lanelle Clary.  
The seniors have some big projects planned for this year and these excellent officers, sponsors and room mothers will certainly be able to get the job done.

## Tune in to Morrow

By DAVID MORROW

Well, summer is officially over and it's time to get back into the daily grind again. The halls of PHS are the scene of mass confusion as students scurried about, trying to find where their classes were, when they were and who the teacher was. Strangely enough, the freshmen were the only ones in a state of confusion. Juniors and seniors could also be seen with dazed looks on their faces as they frantically searched for their classrooms. (Hey, everybody, health is in the Spanish room!) Huh??

—O—  
Kelly Mitchell went on a week-long tour of Europe in June and early July. She tells me she saw some gorgeous scenery and met a lot of interesting people. However, she was rather surprised to find McDonald's restaurants in the Old World!

—O—  
Donna Josey also had an interesting vacation this summer. She and her parents flew to Hollywood and had a very enjoyable tour of Tinsel Town. They visited Grauman's Chinese Theater and Donna got to

## Survey being made here

An Educational and Occupational Disadvantaged Adults survey is being taken next Tuesday to determine the interests and needs of adults in Post.

This is not a poverty program. It is merely a program to help adults on their present jobs or to help them obtain better positions.

Anything of interest to any adult should call 2770 which is the high school principal's office or Mr. Lane Tannehill, and express your preference or interest by the high school by next Tuesday.

Examples of preferences are farm mechanics, welding, typing, office machines, furniture renovation, etc.

Persons interested in this survey and program must be 18 or older and out of school.

## Antelope Tracks

News from Post High School

Page 9 The Post (Tex.) Dispatch Thursday, Sept. 1, 1977

### Flag corps is added to marching band

The Antelope Band has really been busy getting ready for the upcoming football season.

An ice cream supper was served Monday, Aug. 22, to sort of "get the ball rolling". The rest of the week was filled with various activities to prepare for the first ball game Friday night. Uniforms were issued and playing practice was begun.

The band has a lot of spirit and dedication this year and the 1977-78 season shows a good deal of promise.

New addition to the band is the flag corps. The corps consists of Tammy Reece, Melissa Pantoja, Connie Halford, Linda Martinez, Cristal Didway and captain

Meg Reed. These girls are working on routines that will really add a lot of flash and color to the marching band.

Mr. Stringer and all the band members are very excited about this year. So be prepared for the Antelope Marching Band of 1977—the best band ever!

### One charged, one hurt in fight

About 9:30 p. m. Saturday, sheriff officers were called to the Outlaw roadside park on US-84 northwest of Post answering a report of a disturbance there.

Sheriff Jim Pippin said they found some boys fighting.

Mark Williams was taken to Garza Memorial Hospital for treatment of injuries and released.

Steve Hair was charged with a class C assault and released on bond.

**Scotty dies---**

(Continued From Page One)  
which they exhibited at the South Plains Fair.

The Texas Extension Service and Texas A&M specialists became interested in his project and brought Texas A&M students to Garza County each fall to study range grass varieties with Samson.

During World War I Samson served as Garza County's agricultural agent without pay and under his guidance three Garza boys won national awards.

Scotty's interest in grasses and range programs brought him an invitation from the U. S. Department of Agriculture to come to Washington in 1949 to make a NBC radio broadcast on the subject. This was the beginning of the nation's interest in range programs.

He received the Spurclip, a rare award, from the Extension Service for having a range program considered as being the best in the nation.

He raised prize winning rabbits and chickens when his children were small and in later years he and his son, Jack, won trophies with

their fine quarter horses. His magnificent mums and other flowers brought local fame and many prizes.

Samson was very active in the Post Chamber of Commerce in its early years and re-activated it in the 1950s after World War II, serving as Chamber secretary without pay.

Samson helped build the original section of the Postex Cotton Mill and continued his association with the plant through the years as a contractor of construction and maintenance until he retired in 1969 from his association with Burlington Industries.

As a result of his interest in grasses, animals and flowers and his talent for creating prize winning booths, he served as a superintendent for the South Plains Fair at Lubbock for 45 years. In 1961, the fair honored him with a "George Samson Day."

Scotty's farm exhibit won first place in the Texas State Fair in Dallas in 1936, an unprecedented honor in those days for West Texas.

Samson had been active in the Garza Historical Commission since its organization in 1963 and made many contributions to the commission's work.

He was honored here in 1955 by a county-wide celebration.

The Samson family has been lifelong members of

**\$3,000 goal-**

(Continued From Page One)  
firms around town for donations.

The local telethon phone numbers are 495-2896, 2897 and 2898.

A challenge board also will be set up at the VFW to record challenges for donations.

VFW Commander Andy Stelzer announced that no alcoholic beverages will be served at the VFW club from 10 p. m. Sunday to 3:30 p. m. Monday. A barbecue supper will be served, beginning at 5 p. m. Monday at a cost of \$3 per plate, he said, with the public invited.

**Mrs. Printz-**

lie Brown, Dub Gray, Orville Freeman, Jimmy Redman, Stanley McMillian, Jimmy Holleman, Don Henderson and Leonard Plemister.

Honorary pallbearers will be all friends, old and young alike.

"He's a fool that can't conceal his wisdom."  
Benjamin Franklin

the Presbyterian Church. Scotty's wife, Betsy, his son, Jack, and daughter, Jeanne, arrived in Post in 1911 on the first Santa Fe train into town.

Mrs. Samson died in 1963. His son died in 1958 and his daughter in 1959.
