

Small twister dips to ground near Post

The tornado funnel touched ground southwest of the Pleasant Valley community northwest of Post by several persons but did not approach Post.

County Agent Syd Conner who was in the Pleasant Valley area when the storm spun across the county about 6:30 p.m. said he saw the funnel on the ground due southwest of Pleasant Valley.

He described it as "a long, thin rascal" and said it started to kick up dust and then lifted again into the sky.

Sheriff Jim Pippin reported other funnel sightings as Mr. and Mrs. Sadler Hair, Sonny Gossett, and Deputy Tommy Duncan.

Sheriff Pippin, who was among the officers on "tornado watch", said he didn't see the funnel itself and after the storm passed couldn't find the site of the reported "blown away barn."

The report of a small barn being destroyed but with no injuries was called in to authorities. The barn had been reported to be five miles north of Post on the east side of US-84.

TO RETIRE FRIDAY — Mr. and Mrs. T. H. Tipton will retire Friday following 21 and 22 years respectively in the Tax Assessor-Collector's office.

One slain, two held in shoot-out

"Shoot-out" outside the Bird Inn here late night resulted in the slaying of Vincent Flores, 31, and the arrest of two illegal Mexican aliens charged with murder.

Flores, pronounced dead on arrival at Garza Memorial Hospital, was shot three times in the right side by a .22 rifle.

Sheriff Jim Pippin told The Dispatch that Flores apparently fired four times from a .32 automatic pistol before he died, but hit nothing but the wall of the Blue Bird Inn. The spent slugs were recovered by investigating officers on the ground below the wall.

Flores' weapon was found at the scene, but the .22 rifle has not been recovered.

Sheriff Pippin said that witnesses gave officers the names of three aliens believed to have been involved in the "shoot-out".

Two were captured in Crosby County about 10 p.m. Sunday evening after they tried to flee from a trailer house which had been virtually surrounded by Sheriff Fred Owens of Crosby County, two of Owens' deputies, Sheriff Pippin, and four state highway patrolmen in their cars.

The third suspect in the killing is still being sought. Sheriff Pippin told The Dispatch that the shooting occurred on the grounds of a trailer house in Crosby County.

\$11,699 in damage award

Dianne Thompson of Dallas, a Texas Tech student, was awarded \$11,699.26 in damages from two insurance companies in a Garza district court jury trial last Wednesday afternoon.

The suit was the result of a Sept. 25, 1975, collision at a US-84 intersection at Southland with a vehicle driven by Gabriel Sanchez Espinosa of Lubbock.

Miss Thompson was awarded \$7,500 for physical pain and suffering, \$1,849.26 for medical and hospital expenses and \$2,350 for damage to her car.

She had asked \$35,000 or more from Lumberman's Mutual Casualty Co. and United States Automobile Association.

Dianne's father, John C. Thompson, a Dallas attorney, represented her claim in the three-day jury trial.

NO. 1 FAN PLAQUE — Superintendent Bill Shiver presented Mrs. Jim Hundley with a plaque during the "Meet the Antelope" night Tuesday at the Antelope Stadium. She in turn presented it to the senior football boys to hang it in the field house. The plaque said: "In memory of Jim Hundley, Win or Lose, Post No. 1 fan for 50 years." Postex workers told of cotton dust standards

Burlington Industries is introducing its cotton textile employees — including all those in the Postex Plant here — to the realities of the new cotton dust standard recently announced by the Occupational Safety and Health Administration (OSHA).

Employee meetings were being conducted at Postex throughout the day Wednesday to inform employees of the contents of the new federal law and what Burlington is planning to do to handle the health problem.

Dr. Harold Imbus, Burlington's medical director and a recognized specialist in byssinosis, said, "We are required by the new regulation to inform all our cotton plant employees of its contents. Thus, every cotton plant employee is being fully briefed on the new standard and how it will impact his or her job. We're using the best communications methods we have — including video presentations — to show employees all aspects of the standard, because the success of our compliance effort will depend largely upon their cooperation."

Enrollment is up 20 students first day

First day enrollment in Post schools Monday was up 20 students over the 1,047 on the first day in 1977.

This year's senior class will be bigger with 79 in classes on first day as compared to 67 last year.

High school enrollment will be one less than a year ago, 328 in 1977 to 327 for 1978.

The biggest class is the 101 in second grade. It was exactly the same size on the first day in first grade in 1977. The next biggest class is the freshman class with 90.

Enrollment by grades with 1977 first day enrollment in parenthesis is as follows:

First 82 (101), second 101 (67), third 79 (77), fourth 74 (70), fifth 73 (71), sixth 86 (83), seventh 78 (79), eighth 87 (91), ninth 90 (88), tenth 79 (85), eleventh 79 (88), twelfth 79 (67).

With more students expected to enroll in the next two weeks, total enrollment is expected to climb well over 1,100 mark.

Rites held for Kate Weakley

Funeral services for Kate E. Weakley, 80, were held Wednesday, Aug. 30 at 10 a.m. in the First Baptist Church with Rev. Glenn Reece, pastor, officiating.

Born March 1, 1898 in Auburn, Alabama, she married O.L. Weakley in Houston Jan. 17, 1927.

She was a resident of Post from 1917 to 1973 when she moved to Fort Worth.

Mrs. Weakley died Sunday in the Bishop Davies Convalescent Home of Hurst following a lengthy illness.

Before moving to Post, she gave her home to the First Baptist Church of which she was a life-long member.

She was preceded in death by her husband. Survivors include two nieces, Mrs. Pat Jacobson, Fort Worth, Mrs. Delores Webster, Temple; one sister, Emily Morrow of Fort Worth and a nephew, Bob Morrow of San Antonio.

Funeral services were held at 10 a.m. in the First Baptist Church with Rev. Glenn Reece, pastor, officiating.

Burial was in Terrace Cemetery under the direction of Justice-Mason Funeral Home.

Four more teachers are hired

Post school trustees at a special meeting Tuesday afternoon authorized contracts be extended four new teachers and approved added compensation to be paid two others for added duties.

This brings to 14 the number of new teachers on the Post faculty this school year.

The four new teachers include Warren Hart, first grade; Wynn Robinson, high school math with \$1,000 additional for part-time football coaching; Mrs. Jill Diane Jones, elementary special education and speech therapy; and Mrs. Sue Hasselmeier, junior high special education.

Robinson formerly was a grid assistant at Denver City where he taught for three years before coming here.

Trustees also authorized payment of \$1,000 extra to Geoff Murphy to supervise the junior high library programs as the junior high school is still short a librarian.

Mrs. Patricia Thompson was approved for an additional \$1,500 as tennis coach for one year in first, second, fourth and sixth periods. Supt. Bill Shiver told the board he will have to secure a one year permit for Mrs. Thompson to coach as she is not an authorized physical education teacher.

The schools are still short (See Four more, Page 12)

Rest stop for holiday here

Plans were finalized for a Labor Day Rest Stop at the Post Caprock CB club met in the community room of the bank, Sunday, Aug. 27 at 2 p.m.

Free coffee will be served to travelers beginning Saturday at 5 p.m. and continuing until Monday at 5 p.m. in front of the John Deere House on West 84. Donations for the Muscular Dystrophy telethon will also be accepted during this time at the Rest Stop as members will not be asking for donations from door to door.

The next regular meeting of the club will be held Sunday, Oct. 1 at 2 p.m. in the bank community room. Refreshments were served to 25 members and guests.

Krueger says his campaign going well

Congressman Bob Krueger, who is seeking John Tower's senate seat, told The Dispatch in his campaign visit to Post last Thursday afternoon that his campaign is going well.

He also reported he is "catching up" to Tower in the voter opinion polls.

In a 600-sample poll released Aug. 2, Krueger was within 1.4 percentage points of overtaking Tower. The poll showed Tower leading Krueger by a margin of only 42.6 to 41.2 with the rest undecided.

The poll also showed, according to Krueger, that he was gaining steadily

Taking it easy begins Friday

Friday, Sept. 1, 1978 will find T.H. (Tal) Tipton retiring from the Tax Assessor-Collector's office following a 21 year tenure. He actually has 29 years, eight months in that office after serving as deputy tax collector for eight years while it was still under Sheriff Lon Cross.

Mr. Tipton said he was very proud of the fact that he had fewer turnovers in his office than just about anywhere in the state. Mrs. Tipton has worked there for 22 years beginning her tenure in April, 1956 and Ruth Reno has 20 years.

Another feather in his hat is the fact that he has received a letter from the State Comptroller's office each year that he has been in office that no errors were found in his tax rolls.

Mrs. Tipton (Gladys) will join her husband in retirement Friday.

The tax office will be closed Thursday to check reports in order that Mrs. Reno may take over her new duties Friday morning.

When asked what he intended to do with his time now, Mr. Tipton said, "relax and enjoy life, work around the house," and when Mrs. Tipton was asked the same question, he answered "whatever I tell her." She agreed, with a gleam in her eye.

The couple were honored with a retirement party in the community center Friday night, Aug. 25 hosted by county employees.

A buffet meal of ham and turkey with all the trimmings was served to the 60 guests attending.

Judge Giles Daiby made a presentation to Mr. and Mrs. Tipton and gave a talk on their time spent in the office.

Special guests for the occasion were the couple's family, Dr. and Mrs. T.H. Tipton, Jr., of Lubbock, Mrs. Jeana Tipton, Jodine Tipton and Mike Waldrip; Mr. and Mrs. Roger Blair and Mr. and Mrs. Joe Pennell.

Concluding the program was a "special solo" by County Attorney Preston Poole, accompanied by pianist, Pat Kitchens.

Labor Day is holiday here

Upcoming is the last "long weekend" of summer with Labor Day Monday being a general holiday here.

The schools will take the day off after only five days of classes, most of the business district will be shut, and the Postex Plant will halt production and give employees the day off.

There will be no mail delivery and government offices here will be closed.

Labor Day also will mark the Dallas Cowboys opening of regular National Football League play against Baltimore at Dallas on television's Monday night football.

Bitsy Hill in visit

Bitsy Hill, wife of Democratic gubernatorial candidate John Hill, told her supporters here Wednesday morning in her second campaign visit to Post.

She could still win if she could get the votes of the primary back to the primary booth in November.

She had asked \$35,000 or more from Lumberman's Mutual Casualty Co. and United States Automobile Association.

Dianne's father, John C. Thompson, a Dallas attorney, represented her claim in the three-day jury trial.

IN WRONG PLACE — When Post was put under tornado alert Sunday evening this pre-cast fiberglass storm shelter was in the wrong place at the right time. It was parked on a trailer in front of Charlie Brown's residence at 413 Osage instead of being buried in his backyard. Digging of the hole for the shelter Saturday was postponed due to weather. The top of the shelter is the entrance and is a spiral staircase to the bottom. Jay Young, the Browns' grandson, stands on the trailer looking up at the opening. — (Staff Photo)

New and needed service

Pretty soon Post will no longer be a paradise for bad check writers.

The new "check alert system" being sponsored by the Retail Merchants Association for use by local stores should materially help control the writing of insufficient fund checks.

It will take only a few "embarrassments" of customers being refused to have their checks honored because of their record of insufficient check writing in the past, and this bad economic practice here can be brought under control.

It is almost unbelievable to look at the estimated figures of 6,176 bad checks a year being written on the local bank for a total of \$357,120.

If the merchants, here and elsewhere, have to charge most of this off as a business

expense it is obvious that the prices have to be increased to take care of such losses.

When RMA president Rob Robinson presented his figures to Rotarians Tuesday, he pointed out that more of the bad checks are passed out of town than locally, but that six insufficient fund checks were accepted daily during a 21-day period this month for a total figure of \$273 daily.

Of course, insufficient fund checks will never be entirely done away with, human nature being what it is, but bad check losses are far too high here.

Something needs to be done about it. The "check alert system" appears to be the answer, or at least an excellent starting point. The Dispatch would advise all local merchants to join up and try to rid our community of the "bad check" writing habit.

"Now, what was it you wanted me to do?"

"For we walk in faith and not by sight." — II Cor. 5:7

By Norm

Well the anticipation for school to begin has now turned into moans and groans, complaints of having to get up early, of all the homework already and even a test or two in the meantime. Oh well, it's going to get better.

"Meet the Antelopes" night was a huge success with a large crowd on hand to meet the players ranging from the seventh grade up to varsity and enjoy the home made ice cream brought by the parents. The cheerleaders were all introduced and looked real sharp in their colorful uniforms, the flag corps and twirler were also introduced along with the Antelope band members.

The presenting of the plaque to Mrs. Hundley was very impressive. Players, parents and fans alike have a goal to live up to, in order to be the fan and supporter that Mr. Hundley was.

We still haven't worked out a solution to the school page for the paper. Till we do, the school page will not appear but hope to have something going by next week.

Barry Morris told me not to forget him this week as he and his little brother, Chuck, his parents and others visited Six Flags recently.

Donna finally flew home Saturday in time for school. She said she had a very enjoyable time in Calallen visiting with Lacy, Brent Davis and others.

As I mentioned last week, more of the youth are leaving for college this week. Danna Giddens, Peggy Jackson, Donna Josey, Nancy McCowen, Bobby Macy, Eric Howard, Bruce Waldrip, Chuck Bass, Dan Sawyers, Brad Shepherd, Butch Booth, Nancy Clary, David Morrow and Kyle Duren, Kent Craig, and others are going to attend Texas Tech, Raymie Holly to Ranger College, Rodney Teaff and Evans Heaton to Cisco, Mike Waldrip and Jodine Tipton back to San Angelo, Bud Jones to South

Plains, Karen Williams, Darlene Gunn, Western Texas College and others that I don't know about. We're all going to miss your sweet?? smiling faces around town. Best of luck to each of you.

The Antelopes will scrimmage with Littlefield Friday night beginning at 7 p.m. Come on out and watch the Lopes in pre-season action.

For all of you that keep asking, the next dance will be some time in September.

Mattie Dunlap is honored

A surprise birthday party honored Mattie Dunlap on her 90th birthday, Aug. 20 at the Slaton Rest Home.

Cake and punch was served to the 60 guests attending and everyone enjoyed talking old times with Mattie.

Guests attending the occasion were from Dallas, Slaton and Post. Avon and Louise Dunlap, son of Mattie, of Dallas, were able to attend the party and celebrate the occasion with her.

Thank You

Thank you for the food, visits, flowers, and many other kind expressions of sympathy at the loss of our beloved father and grandfather. Knowing that so many friends, neighbors and loved ones care has been a comfort to us.

The Family of
Walter Josey

We wish to say thank you to all the kind people for their prayers, visits, and cards during John's stay in the hospital. A special thanks to Bro. Jimmy Kennedy and members of Calvary Baptist Church and all the churches for their prayers.

Bob Harper and Family
C. I. Bilberry and Family

The family of W. B. Roberts would like to express our sincere thanks to our friends for the many acts of kindness shown in the passing of our loved one. The visits, calls, cards, memorial contributions, the food brought to our home and to the church meant so much. We are especially thankful for your prayers and the strength they brought us. May God bless each of you.

We want to give thanks to all the people that gave flowers and food. And a very special thanks to the ladies of the Holy Cross Church for cooking a meal for us. Thank you all for coming to Chon Saldivar's funeral. May God bless you all.

MRS. RONNIE LEE PAGE
(Pennie Lenora Sexton)

**Sexton-Page vows
read in Littlefield**

Pennie Lenora Sexton and
Ronnie Lee Page pledged
wedding vows Thursday,
Aug. 17 in the Littlefield
First United Methodist
Church at 7 p.m.

Rev. Wesley Daniel offi-
ciated the double ring
ceremony before an altar
flanked by three candelabra
trimmed with greenery and
dark purple candles, and a
large bouquet of purple
gladioli, white carnations
and baby's breath.

Parents of the bride are
Mr. and Mrs. Maurice
Sexton of Littlefield. The
groom is the son of Mrs. Eva
Lou Page of Post, Bobby
Page of Littlefield and
grandson of Mr. and Mr.
Henry Key of Post and Mr.
and Mrs. A.E. Page of
Amarillo.

Presented in marriage by
her father, the bride wore a
formal length gown of ivory

sat in. The chapel length
train was gathered with
brocade rose lace trim. The
veil was of illusion fastened
to a headpiece of silk roses
and lace. She carried a
bouquet of lavender carna-
tions, asters, white carna-
tions, stephanotis and
baby's breath.

Carol Sexton was her
sister's maid of honor.
Bridesmaids were Lori Dur-
ham, Becky McCullough,
Karen Williams and Sue
Brady. Donna Hudson was
the flower girl. They wore
lavender sundress type
dresses with capes of
mermaid lavender flower
print and carried a long
stemmed lavender carna-
tion trimmed with ribbon.

Joe Page of Loveland was
best man. Groomsmen were
Phillip Rodriguez, Davy
Trotter, Steve Short and
Greg Wade.

Acting as ushers were
Jimmy Sexton, Eric Saw-
yer, Layne McKinnon and
Jimmy Durham. Kenneth
Sexton served as ring
bearer.

Candles were lighted by
Dana Hodges and Cindy
Sexton.

A reception followed the
ceremony in the church
parlor. Members of the
house party were Melissa
Sawyer, Rhonda Hollings-
head, Debbie Spencer,
Joanie Page and Mildred
Smiley.

Monica Phillips registered
the guests in the bride's
book.

The couple are living in
Snyder.

**Sharing Group

**Penny Braziel, Ricky
King wed in Lubbock**

Wedding vows were ex-
changed by Penny Denise
Braziel and Ricky King
Friday, Aug. 25 in the
Lubbockview Christian
Church, at 7:30 p.m.

Performing the double
ring ceremony was Douglas
Hale of the Smithlawn
Church of Christ.

Parents of the bride are
Mr. and Mrs. E.H. Braziel of
Lubbock and the groom is
the son of Mrs. Pat Jenkins
of Abilene, formerly of Post
and the late Charles King.

Presented in marriage by
her father, the bride wore a
formal length gown of white
organza fashioned with a
Queen Anne neckline and

long slender sleeves with a
ruffle at the wrist and
scattered motifs. The em-
pire bodice was heavily
overlaid with silk venise
lace and seed pearls. The
A-line skirt flowed into a
chapel length train with a
wide double flare ruffle at
the hemline. Scattered lace
motifs on the skirt com-
pleted the look. The head-
piece was a Juliet cap of
matching lace with three
tiers of lace edged illusion.

Mrs. Cynthia Bell, sister
of the bride of Lubbock was
matron of honor. Brides-
maids were Mrs. Janet
Mimms, Lubbock, Cindy
Smith, Arlington, and Me-
lanie King of Lubbock. They
wore identical dresses of
quiana, floor length, sleeve-
less with low necklines and
wide ruffles at the neck with
a blouson effect tied at the
waist. The dresses were in
rainbow hue colors with the
matron of honor wearing
pink, and the bridesmaids
wearing yellow, mint green
and pastel blue.

Flower girls were the
bride's nieces, April and
Christy Bell. Ring bearer
was Scott Jenkins, brother
of the groom of Abilene.

Candies were lighted by
Patrick and Paul King,
brother of the groom of
Abilene.

Serving as best man for
his brother was Rodney
King of Abilene. Grooms-
men were Danny Lee,
cousin of the groom of
Seagraves, Robbie King,
uncle of the groom of Post
and V.O. Rasbury of Post.

Acting as ushers were
Paul Braziel, brother of the
bride of Lubbock, Gary
Workman, Craig Simpson,
Post and Gary Bell, Lub-
bock.

Wedding music was pro-
vided by David Bickford of
Lubbock, pianist and soloist,
Caryolyn Garrett and a duet
by Carolyn and Weldon
Garrett.

A reception followed the
ceremony with Mrs. Pam
Moore, Mrs. Sherry Cooper,
Mrs. Susie Moncrief, Mrs.
Delsey Vance and Marilyn
Payton serving in the house
party.

Following a wedding trip
to Colorado the couple are
residing in Lubbock.

The bride is a Lubbock
Cooper High School gradu-
ate and a graduate of
Texas Tech University and
is employed as a medical
social worker for the Texas
Department of Health. The
groom is a Post High School
graduate, a student at Texas
Tech and is employed by

Hypnotist will return to fair

LUBBOCK — Europe's fastest hypnotist who proved popular here last year, will be making his second

consecutive appearance at the 61st annual Panhandle South Plains fair here Sept. 23-30.

Steve L. Lewis, general manager of the fair, said Vandermeide would perform free on the outdoor stage each day during the fair run. With unbelievable speed, Vandermeide hypnotizes his volunteers and provides laughs that grow by the minute.

At the Yellowstone Exhibition, he played "standing room only" crowds for two shows a day and drew a record 229,875 persons. Vandermeide currently resides in Salt Lake City.

Lucases make flying trip

Mr. and Mrs. Harold Lucas recently flew in Lucas' private plane to Chicago and Detroit to attend a reunion with Harold's brothers and sisters and after that "the big show"—unveiling of the 1979 Chevrolets in Detroit.

The reunion with five brothers and sisters was held in Mundelein, 30 miles north of Chicago, at the home of Harold's sister, Mrs. Willie Jo Morrison.

Then it was on to Detroit and a gala weekend at the national 1979 Chevrolet showing, the first the Lucases have attended in the "motor city."

Flying home they stopped at Stillwater for a visit with their daughter, Barbara.

RECEIVES AWARD

— James L. Weaver, 403 W. 11th, Post recently was presented with a 30-year service award by the Atlantic Richfield Co. Weaver, a pumper, was hired in Denver City July 1, 1948, was transferred to Loco Hills, N. M. in 1951, and was transferred here to Post in 1964 after 13 years at Loco as a pumper. Award presentation was made by Roy L. Beach of Coahoma.

ATTEND WEDDING

Mr. and Mrs. Bill Hughes attended the garden wedding of their granddaughter, Marisa Diane Hughes, daughter of Rev. and Mrs. Harvey Hughes of Bangs and Douglas Chastine, son of Mr. and Mrs. Grady Chastine of Brownwood. They will make their home in Brownwood. The wedding took place Saturday night.

Lopes, Littlefield to scrimmage Friday night

JVs to mix it at 7; varsities hour later

The Post Antelopes are scheduled for their final 1978 tuneup here Friday night when they tangle with the Littlefield Wildcats, defending district and Bi-district champions who are favored to repeat again.

The two junior varsities will take the Antelope Stadium turf at 7 p.m. and work for an hour with the varsity clubs starting their high competitive "training session" at 8 p.m.

Coach Jackie Brown told The Dispatch he and his assistants were well pleased with the performance of the Lopes here last Friday night in their scrimmage with the Ralls Jackrabbits.

The scrimmage between the varsities ended in a touchdown apiece tie with each club setting off on a long drive the first time it got the ball.

The Rabbits ran their wishbone attack with a lot of early season finesse and moved into score before the Lopes adjusted to it and fairly well closed it down after that.

The Lopes also uncorked a long drive the first time the ball was turned over to them on offense. Bryan Compton got the score with a quarterback counter from about 20 yards out.

A 20 to ten minute shower interrupted the scrimmage and sent both teams into the locker rooms and most of the fans home to their TVs about halfway through the varsity half.

"We looked at a lot of kids," Coach Brown told The Dispatch. "We tried to give them about equal time, but the rains caught Rance Adkins just as he started to work at quarterback. We want to give him more playing time against Littlefield."

In his annual pre-season appearance before the Post Rotary Club Tuesday noon, Brown said that Ralls had a good class A club this season that should be heard from, barring crippling injuries. "They run the wishbone as well as any team I've seen."

He also got out a blackboard and diagrammed formations and plays, and explained terminology to Rotarians.

Brown refused to make any predictions on how many games the Lopes will

win, but he told Rotarians in closing that "They are a team you will be proud of."

The Lopes came out of the Ralls scrimmage with only bumps and bruises, but suffered their first injury casualty last Thursday when Dan Nelson, senior reserve guard, suffered a badly broken nose which required a three-hour operation at Methodist Hospital in Lubbock Tuesday to set.

It was a unique happening. The team was running plays without headgears when both guards pulled, but one ran the wrong way and there was a terrific collision between them.

The junior varsity opened the Ralls scrimmage with a three touchdown to one win over Ralls JVs in action which saw long runs bring the six-pointers.

In the Littlefield scrimmage Friday night, the latter part of it will be "game type" but without any kicking.

Coaches already have divided the high school grid hopefuls into a 32-player JV squad and a 32-player varsity squad.

Brown said Tuesday the coaches' intentions are to use every player on the squad in some capacity, as backup, on special teams, or starting offensively or defensively.

Only three players are expected to see action both offensively and defensively in the first game or two. They are Cliff Kirkpatrick, Shorty Bilberry and Rex Cash.

The Ralls scrimmage got started late Friday night because officials were going over new rule changes with both squads in their locker rooms. Coach Brown said the Littlefield scrimmage will start on time — and run on time.

In his talk to Rotarians before diagramming plays and showing films on the Ralls scrimmage, Coach Brown pointed out that the Post schools, although about the smallest in district 5AA in enrollment has as many or more players out for football than other district schools.

He broke it down as 29 in seventh grade, 35 in eighth grade, 23 in ninth grade, 32 on the junior varsity squad and 32 on the varsity for a total of 151.

OUTSIDERS TEAM — The Outsiders softball team won the championship tournament and finished the regular season with a .19 win, 3 loss record. Shown l to r, before their water skiing trip last weekend are back row, Roy Sappington, Jay Bird, Garland Dudley, Clyde Cash, Ronnie Gradine; front row l to r, Jimmy Bartlett, Jimmy Redman and Larry Don Johnson. Some team members were unable to be present for the picture. See story on sports page for full member list.

23 freshmen report for frosh football

Twenty-three Post High School freshmen reported for freshman football practice Monday afternoon and at least one additional candidate is expected out soon.

Frosh grid hopefuls include Eric Allison, Marty Conoly, Odell Curtis, Roy Gonzales, Brad Greer, Jerry Hawkins, Blake Holleman, Brent Howard;

Gary Lamb, Mario Luna, Billy Martinez, Brad Mason, Kraig Peel, Ronnie Price, Kirk Robison, Dana Scott, Mike Sullivan, Kirk Thomas;

Jimmy Ticer, Phil Tyler, Greg Williams, Ken Young and Eric Cravy.

The freshmen will open their season at 5:30 p.m., Sept. 14 at Lockney against the Lockney frosh.

Eddie Northam new soil conservationist

The Soil Conservation Service office here in Post has a second and new conservationist. Eddie Northam, a native of Quanah, Texas, will serve in Post as a range conservationist.

Eddie holds a BS degree from Tarleton State University and has completed numerous hours of graduate study at both North Texas State University and Texas Tech University.

Eddie has served the Armed Forces in the U.S. Army. Other employment includes research trainee with the Environmental Protection Agency, student and graduate research assistant at Texas Tech, and research technician at Texas A & M Experiment Station in Lubbock. Eddie has done work in nematological research, and effects of perennial broomweed extracts on germination of mesquite and three native grasses.

Eddie, his wife Donna and three children, Deann, age 6, Janna age 5, and Frank age two months plan on

EDDIE NORTHAM

moving from Lubbock to Post as soon as suitable housing can be located.

Eddie and his wife are members of the Church of Christ.

Champs have day at lake

The Post "Outsiders" slow pitch softball team took championship honors in the Championship Tournament which was held at the end of the regularly scheduled games of the season.

The team finished with a three win, no losses in the single elimination championship tournament.

The "Outsiders" also ended the season with a 19 win and three loss record.

Members of the team and their families spent Saturday, Aug. 26 at White River Lake for a day of swimming and water skiing.

Members of the team are Roy Sappington, Jimmy Bartlett, Jimmie Redman, Tony Conner, Jay Bird, Garland Dudley, Roger Blair, Ronnie Gradine, Clyde Cash, Terry Patterson, Larry Don Johnson, Tom Pass, Macky Sappington, Syd Conner and Wayne Thomas.

FHA approves Drought loans

The Farmers Home Administration has designated Garza County for emergency loans, Congressman Omar Burleson's office advised The Dispatch by phone from Washington Monday.

The emergency loans available for farmers are due to drought conditions from Jan. 1 through Aug. 1 of this year and for hail storms which shredded some newly planted cotton June 5.

50 percent more teal for 9-day season

LUBBOCK — Recently completed surveys in major breeding areas showed a teal breeding population 50 percent larger than that recorded in 1977 and duck hunters should find ample shooting opportunities during the nine-day season set for Sept. 16-24, 1978.

The higher counts in the northern nesting regions are the results of better prairie habitat and an increase in the number of ponds in the North-Central United States and Provinces of Canada.

Pond and playa conditions in the Texas Panhandle and on the South Plains are rated from dry to excellent by Max Travecek, waterfowl biologist. Several areas through the central part of the Panhandle received heavy rains this summer with most playas holding some water.

The blue-winged teal is normally the most numerous during the early teal season, but breeding populations for this species were down some three percent. The green-winged teal showed the biggest jump with a 53 percent increase in

breeding populations. The daily bag limit will again be four teal with shooting hours from sunrise to sunset.

Teal hunters will be required a federal migratory waterfowl stamp available at most U.S. Post offices. The stamp must be signed by the holder across the face of the stamp with ink or other waterproof liquid.

Shotguns used to hunt and bag teal must be plugged to hold no more than three shells in the chamber and magazine combined. Rifles and pistols are illegal firearms while hunting any migratory waterfowl including the teal.

PUBLIC HEARING NOTICE
The Texas Department of Water Resources will conduct a public hearing beginning at 1:30 p.m. — September 28, 1978 — Brazos River Authority Board Room, 4400 Cobbs, Waco, Texas in order to receive testimony concerning Volume II, Plan Summary Report, of the Water Quality Management Plan for the

Brazos Basin. This document is the second of two volumes which comprise the Water Quality Management Plan for the Brazos Basin. Volume II, Plan Summary Report, presents the recommended plans for water quality management and the legal, financial, and institutional requirements of each plan. Also included in Volume II are descriptions of feasible alternatives, an environmental assessment, and a summary of the public participation activities conducted during the development of the plan. The Water Quality Management Plan for the Brazos Basin has been developed to satisfy the requirements of Section 26.036 Texas Water Code, as amended, and Section 208 of the Federal Water Pollution Control Act, and pursuant to Title 40 Code of Federal Regulations Parts 130 and 131 and the State of Texas Continuing Planning Process. The public hearing shall be conducted in compliance with Section 26.037, Texas Water Code, as amended.

The study area for this plan includes most of the Brazos Basin. This plan does not address the planning required in the Killeen-Temple Designated Area-wide Planning Area; detailed planning within that area is being provided through the development of the Killeen-Temple Area-wide Water Treatment Management Plan and will not be considered at this hearing. Copies of the Volume II, Plan Summary Report, are available for public inspection. Review of Volume II, Plan Summary Report, at one of the following locations is encouraged due to the limited number of copies available for distribution: The Texas Department of Water Resources Office, Stephen F. Austin Building, 1700 North Congress Avenue, Austin, Texas; Texas Department of Water Resources, District 1 Office, Amarillo Building, 301 South Polk, Room 306, Amarillo, Texas 79106; Texas Department of Water Resources District 2 Office, 4819 Avenue Q, Lubbock, Texas 79412; Texas Department of Water Resources District 4 Office, 203 James Collins Blvd., Duncanville, Texas 75116; Texas Department of Water Resources District 7 Office, 2318 Center Street, Deer Park, Texas 77536; Texas Department of Water Resources District 9 Office, 133 West Concho, San

New Arrivals

Mr. and Mrs. Giles McCrary, Jr. announce the birth of a son, Giles Connell McCrary III born Saturday, Aug. 26 in Fort David Hospital in Austin. The baby was born at 4:30 p.m. and weighed 8 lbs. 12 ozs. Grandparents are Mr. and Mrs. Giles McCrary and Mr. and Mrs. Frank Reyna of Killeen.

Angelo, Texas 76903; Brazos River Authority, PO Box 7555, Waco, Texas 76710.

The public is encouraged to attend the hearing and to present evidence or opinions concerning Volume II, Plan Summary Report. The Department would appreciate receiving a copy of all written testimony at least five (5) days before the hearing. Requests for individual copies of the Volume II, Plan Summary Report, questions about the report or the public hearing, and copies of written testimony should be addressed to Jackson H. Kramer, Texas Department of Water Resources, PO Box 13087, Capitol Station, Austin, Texas, 78711, or call (512) 475-3454. When requesting a copy or sending a query by mail, please include your complete return address and telephone number.

The date selected for this hearing is intended to comply with deadlines set by statute and regulation. Any publication or receipt of this notice less than thirty calendar days prior to the hearing date is due to the necessity of scheduling the hearing on the date selected.

This hearing may be continued in order to fully develop the evidence.

Asphalt equality

Equality of sexes apparently is not an issue among Lubbock street maintenance crews, at least not in the case of Carol Schell. Schell was part of a crew repairing the asphalt on Sixth Street south of Jones Stadium last week and according to her coworkers she can hold her own with a shovel on a power loader. Schell is a schoolteacher at Post during the winter months and has worked for the Lubbock street maintenance department the past four summers.

GROWTH When the princess in an early American Indian tribe came of age, she was given a basket and told to pick the best ears of corn in a given row. There was one condition: she must choose the ears as she went along. She couldn't turn back, retrace her steps or select ears she had passed by. Many a princess failed this test of judgement. Marveling at the high quality of the corn at the beginning, she would think that perhaps there were better ears ahead. Suddenly she would find herself at the end of the row with her basket empty. While looking for perfection, she missed gathering any ears at all. In failing, just as in succeeding, we grow.

Announcing Opening of New Drapery & Home Decoration Department

Headed by

Mrs. Helen Gerner of Post

Mrs. Gerner has two years experience in Lubbock in interior decorating and design.

If you are interested in new draperies, she will make an appointment for selection of material, measure your windows for custom made draperies, and supervise their installation.

Just call our store to arrange an appointment!

We offer a good selection of fabrics from four different firms. You can order woven woods or mini blinds if you desire. This new department is just one more way in which Hudman's seeks to provide this community and area with the very best in home service.

Youthoughts

By TRACY McALISTER

There is this myth that only women are afraid of mice, not so. It's not so much that I'm afraid of them as I am terrified of them. And I know a lot more men that are afraid of them than women.

One day while sitting watching TV, minding my own business — I saw one of the horrid little creatures run across the room. Taking immediate protection, I hid in the closet. While in the closet, I got to thinking that it might be the home for

killer cats and I immediately resumed my position on top of the table.

Well, the little rat came at me. He stood right below me, smiling, hoping that I would be his evening meal. I knew what he wanted and I immediately started thinking of a plan to retard my enemy's nasty little feet.

Suddenly the plan came to me — If Jerry and Mickey liked cheese, then so would this evil demon of a rodent. So I jumped over to the refrigerator, opened the door, looked, and to my horror found that our cheese had been devoured by human beings. I then jumped back to the cabinet where I tore open a box of macaroni and cheese. I then threw the powdered cheese down on the floor for my opponent to mope on. He looked at it, smelled it, coughed, and then looked at me. A horror struck my body that I had never known before — this horrible little animal didn't want cheese, he wanted to nibble upon my plump, juicy human fat. And seeing that he didn't like the powdered cheese, I certainly wasn't going to throw him the macaroni.

I then began to think of alternative plans. I could throw a knife at him, but my great athletic record of passes completed within a lifetime, I'd end up by stabbing myself. I thought of throwing gasoline on the teething urchin and setting fire to him, but I'd end up burning the house down.

I immediately knew that the only thing left for me to do was to make myself a human target and lead the rodent out of the premises. So I jumped from the cabinet and onto the floor. I started running and just as the salivating little fellow was getting ready to grab my big toe and trip me, I made a flying leap at the door. As he jumped toward my body, I opened the door and out he flew. He then ran for any opening in the house so he could get back in the house and devour my human remains. I immediately proceeded to lock all of the doors and windows. He finally came back to the front door and with a gleam in his eyes, he seemed to be saying "I'll be back."

To this day, I have never forgotten that experience. So whenever you see a rat, remember there is more to him than what meets the eye.

And you know, rats love humans for breakfast, dinner, supper, a midnight snack, brunch....

Phone rate tradeoff effective Oct. 1

SAN ANGELO — Most Texas customer of General Telephone Company of the Southwest will find decreases on their telephone bills beginning Oct. 1, according to F.E. Hightower, vice president of revenue requirements for the company.

Hightower said the Public Utilities Commission of Texas has approved the company's March request for lower extension telephone rates and to offset this revenue reduction by adopting a statewide multipart service connection charge.

"The changes basically mean extension rates, which in the past have subsidized other services, were lowered to 85 cents for both business and residence," Hightower said. "Charges for new installation or changes of service, which have been subsidized by other services, were made uniform across the state to a level more nearly reflecting actual costs for the services and to recover the dollars lost through the extension reductions."

The vice president pointed out the net results of the changes will mean existing customers with extension telephones would share in a

\$2,614,560 annual revenue reduction as the result of the reduced extension rates. In addition, customers who provide their own primary phone will receive an 85 cent per month credit.

Hightower said the extension rate reduction will become effective Oct. 1.

Installation and change of service charges also will change Oct. 1. Installation of one residential telephone generally will range from a minimum of \$35 to a maximum of \$43. Likewise, installation of one business telephone would range from \$48.65 to \$59.15. For customers with existing service, changes in service charges generally will range from \$7.50 to \$22.75 for residence and from \$7.50 to \$34 for business, again depending upon the portions of the five-part service charge that are applicable to make the change or addition to the service.

However, Hightower added the new installation or change of service fees can be paid equally over a three-month period and customers will pay only for services required to establish or change service rather than paying a set fee regardless of the amount of work required.

Hightower said the PUC requested all telephone companies file plans on changes to bring tariffs in compliance with a recent Federal Communications Commission rules change. The rules changes make it possible for single line customers to purchase registered telephones from non-telephone company sources and to directly interconnect them to the phone company network.

Sunday services were brought to us by the Rev. Steve Couch of the Church of God of Prophecy. There was a large crowd and the residents enjoyed the services and singing. Next week's service will be by the Assembly of God.

R.G. Sneed brought our residents some watermelons and the residents enjoyed these very much.

Jayne Dickson brought us some flowers from the Walter Josey family for the sun room. They are enjoyed by all.

One of our residents, Anna Shellnutt went to the Garza Trail Blazers luncheon with Mr. and Mrs. Bill Sanders. Mrs. Shellnutt enjoyed both her outing and her lunch.

Irene Wheeler had visitors from Mesquite, Tex., Mrs. Dorothy Wheeler and Carl Ann. Other visitors were Willie Scarborough and Sybil Cockrum and others who didn't register.

Billie and DeWitt Caylor and Catherine Yarbrow attended a family reunion in Brownwood over the weekend.

Until next week....

HISTORICAL MEETING

There will be a regular meeting of Garza Historical Commission to be held in the bank community room Tuesday, Sept. 5 at 10 a.m. Business to be discussed will be the museum and the depot. The public is invited to attend.

LETTERS to the Editor

DO YOU CARE?
 500 people showed up for town meeting because said they were concerned about their children. Looks like it was just a lot of mouth and no action, sort of like the town black sheep who thinks everyone else knows he's a good guy because he shows up for church on Sunday and that's

all that is required of him. I know in my heart that most of the people who were there did care for one reason — our children! Since we moved here eleven years ago, I've heard a lot of gripes about the school system, including mine. But now, I have a good chance to do something about it! Thru the PTA, I in my own little way can have a voice in how my child is taught. I have never believed so strongly that just one person could change the system before, that I as one parent combined with other parents, teachers and concerned people can change and make laws, that I can have a hand in making decisions that concern the

welfare of my child. The key word here is I, and when you say it alone it stands sort of skinny and scared by itself but when it stands before the words "I belong to the Post PTA", it gets as big as the seven million members across this nation. A lot of people think this PTA was formed to fight the school, but they should know what

the title PTA stands for, P is for Parents, meaning one who has children, which includes teachers, also; T is for teachers, aren't we all teacher to our children everyday, and A is for Association, which means together. So it's time to Put Up or Shut Up! Don't wait to be contacted, put one dollar in an envelope, send it with

your child to school asking to share in his education. Because education is a joint project of the home, school and community. Our first meeting will be Tuesday Sept. 5 in the High School Library at 7:30 p.m. The time to give your very best is now! Give it to the ones who need it the most — Our Children!

VISIT SON
 Mr. and Mrs. David Tyler, Debbie and Mark returned this week from a visit in Jennings, La. where they visited with their son, Ronald Tyler.

Krueger says---

(Continued From Page One) Krueger says he "wholeheartedly supports Texas Right to Work law which he says has materially contributed to the upward economic growth of the state during the past decade.

"I have always supported Section 14-B of the Taft-Hartley Act because of the positive impact it has had on our state," Krueger said. "And I will continue to support it. Right to work must stand."

As for farm issues, Krueger, who represents the 21st district where farming and ranching are major industries, outlined specific proposals he has offered aimed at remedying the problems of financially plagued farmers.

Krueger accused Tower of voting for price supports for himself in the form of a 20 percent pay raise, but opposing price supports for the American farmer "who needs financial aid far more than John Tower."

"We must recommit ourselves to passing legislation that will provide farmers with parity prices for their crops," Krueger declared.

"American farmers and ranchers are having a harder and harder time breaking even and making a decent living than they have had in years," Krueger said. "Many face deeper and deeper debt. As a result many young people are leaving farming. The average age of the American farmer today is 55."

Krueger recommended a greater commitment of federal resources to agriculture research, particularly in energy research for the farm, plentiful low-interest rate loans for farmers and ranchers who have been hurt by drought this year and land use planning at the local, rather than federal level.

The second-term congressman has cosponsored legislation creating a flexible parity system, allowing farmers to obtain up to 100 percent parity by setting aside portions of their acreage.

One slain-

(Continued From Page One) Dispatch that after spending most of Sunday questioning witnesses, he determined that the suspect aliens were living in a rural trailer house 12 miles south of Crosbyton.

When the party of officers drove up to the trailer house with their car lights out, three aliens who were later captured jumped into a pickup and tried to make a getaway.

About two miles south they jumped out of their pickup and fled into a grove of trees. Officers surrounded the grove and flushed out Dimetro Diaz and Gabriel Vasquez, Mexican aliens wanted in the murder investigation, and a 16-year-old alien who was not involved in the shooting and was turned over to the border patrol.

One patrolman thought he saw a fourth Mexican jump from the truck. It might have been the other being sought.

Roberto Diaz, brother of Dimetro, is the third person being sought in the investigation of the "shoot-out."

Dimetro Diaz, 23, and Vasquez, 30, are being held in the Garza County jail here. Sheriff Pippin said Flores and the three aliens had been in an argument before and this is reported to have led to the "shoot-out."

Requiem mass was said for Flores at Our Lady of Guadalupe Catholic Church in Slaton Monday afternoon with burial in Englewood Cemetery.

Survivors included a wife, one daughter, his parents, Mr. and Mrs. Andres Flores of Southland, a brother, Marcus of Southland, and two sisters, Estolita Flores and Cruz Anaya, also both of Southland.

Krueger said he also introduced legislation to tighten inspection standards for foreign meat which currently does not undergo the same scrutiny as domestic meat.

Krueger is also the sponsor of a bill forcing imported beef to be clearly labeled as such. "The consumer is unaware if he is buying domestic or foreign meat when he goes shopping. If my legislation is passed, imported beef will be required to bear a label informing the buyer that the meat is imported."

Krueger attacked the voting record of his Republican opponent John Tower, saying Tower has "compiled the worst record on agriculture issues of any Texas senator since Texas joined the Union."

Krueger lambasted Tower for his support of price controls on beef, and his vote against the passage of a bill extending price support programs for wheat, feed grains and wool and increasing the price support level for milk from 75 percent to 80 percent of parity.

"It is clear that John Tower is not a supporter of American Agriculture."

"One of his first actions on the Senate floor was the introduction of an amendment of require development of a plan to eliminate all price supports," Krueger said.

Krueger, an owner of an East Texas cattle ranch, was recently inducted into the American Cattle Breeders' Hall of Fame. "Farmers and ranchers need to be able to rely on stable long-term government policy. I will continue to see that this occurs," Krueger pledged.

Twister dips-

(Continued From Page One) been debating whether to chance the cost of harvest or simply plow it up and take a government disaster payment.

For farmers with dryland cotton in the area, the hail probably decided for them.

County Agent Syd Conner said "it is hard to tell what the damaged cotton will do." He said the hail wasn't really thick and ranged up to pea-size and above. Some leaves were knocked off the plants or damaged and it is certain to reduce the cotton yield to as yet an undetermined extent.

Asked whether most of the county's dryland cotton would be plowed up or harvested, he said farmers are doing a lot of talking about it but are waiting to see details of the government plan as they are applied here.

The question is whether they might recover a little more by paying the cost of harvesting and drawing a low yield payment, if made available, or plowing it up and drawing a disaster payment.

Conner said farmers can't really decide until they know the details on the payments, but either way Garza's 1978 cotton crop won't amount to much in dryland areas.

Four more-

(Continued From Page One) two teachers, the junior high librarian and a remedial math teacher for the elementary grades in a state-sponsored program.

One of the two open slots may be filled soon. With an increased enrollment of 26 in the lower grades, however, a third teacher also may be needed to handle the increase.

Postings-

(Continued From Page One) the TV news there. It was called a "Post tornado."

Lewis Herron was telling us a fellow rushed into a classroom in Waxahachie where his daughter, Kay, was teaching and declared: "Post has been blown away." Of course, she called too.

News is funny. When nothing is going on, a little twister like Sunday's gets really blown up in the media. But when a real storm center funnels several tornadoes over several states that kill and do a lot of real damage, they are so similar that each scare gets half the attention it deserves because there is always a little bigger one down the road.

Mrs. Beth Cook, formerly Post's Beth Kemp and Johnny's sister, was back for the funeral of her uncle, W.B. Roberts and stopped in to invite us to come out to their California home and watch the Dallas Cowboys. How about that for a real vacation, you still sleepy Cowboy fans?

She lives in Thousand Oaks, the summer training site of the Dallas Cowboys where the gates to practice are always open and everybody turns out to watch. In fact, the training field is only a mile from her home.

She told us a story which we thought was pretty cute. Seems when she and her FBI husband moved to Thousand Oaks, one of the neighbors asked if her husband was a flyer.

It seems this way-out Los Angeles suburb is the home of a lot of flyers because in flying into the Los Angeles airport they look down from the air and pick out the least congested suburb they can find to live in. And we'll bet they're all Cowboy fans too — like Beth is.

Sheriff Jim Pippin asked this writer to include in this column this week that he (Pippin) "Didn't attend last week's secret joint meeting of the city council and county commissioners court simply because he wasn't invited." The "executive session" reportedly spent an hour discussing law enforcement "personnel."

Postings welcomes The Prairie Flower Shop to the Post business community. You'll find Laveta Norman and Sherry Haire's announcement ad on the opening on Page 5 with a grand opening to be scheduled soon. The shop is located at 232 E. Main in attractive, newly remodeled quarters leased from Giles Dalby. The Prairie Flower Shop is going to be another "bright spot" on Post's Main street and another business venture by local and area women. In case you've not noticed there are lots of female store operators in Post now. So, welcome Laveta and Sherry!

Postex workers---

(Continued From Page One) agree with some of its provisions, we're asking employees to help us comply with the standard, since it is now law.

"One provision we find particularly unfortunate is the requirement that beginning Oct. 4 employees wear respirators in areas where dust levels are above the new 200 microgram standard. In many areas, technology is simply not available to bring the dust levels down to the 200 microgram level.

"We believe, based on evidence of more than eight years of research and medical testing, that a 500 microgram dust level, plus a thorough medical surveillance program such as we have, adequately protects our employees."

He went ahead to say that there seems to be little public understanding of what 200 micrograms of dust in a cubic meter of air (required in a new standard) really means. "For this reason," he said, "we're demonstrating in our video presentation that it's the equivalent of one speck of pin-head size dust in a quantity of air about the size of a large cook stove."

Dr. Imbus noted that the company was concerned that complying with the new standard will be difficult, if not impossible, in some yard processing areas. Thus, Burlington has supported the American Textile Manufacturers Institute in its suit against OSHA which was filed recently in a Federal court.

"We feel we've done much to bring cotton dust under control in our plants," he said, adding that the incidence of "reactors" that is, employees who

experience chest tightness in the workplace, has dropped from 6 percent when the Burlington program began in 1970-71 to less than 1 percent today.

"Much of this is attributed to dust-control equipment, in which we have invested well over \$35 million," he added. "Since equipment is not available to reach the 200 microgram standard in some areas, we cannot accurately estimate costs. But we know it will be extremely expensive."

In addition to mechanical means of lowering dust levels, Burlington's byssinosis program includes testing of all employees working in cotton plants, periodic re-testing, maintenance of health records to detect any change in breathing capacity, transfer of affected employees to less dusty areas without loss of pay, referral to specialists at company expense when necessary, and support of worker compensation for those medically diagnosed as having byssinosis.

He added that Burlington recently conducted a program to recall former employees who are thought to have had a problem for re-testing and to consider compensation settlements where conditions warrant them.

HOLIDAY BAZAAR

The Garza County Trail Blazers are planning a holiday bazaar between Thanksgiving and Christmas. Anyone interested in making arts and crafts or have such items all ready to sell, are asked to call Cleo Sappington with your ideas at 2998.
