

WITH GARZA PARENTS WATCHING
Jockey wins \$115,000
race in California

Ken Hart, who grew up in Garza County and learned to ride on Garza ranches, was the jockey who won the 23rd running of the \$115,000 Undergarten Stakes before a race fans at the Los Alamitos race course in Southern California Saturday night.

He was aboard Town Slicker, who won his fourth straight victory, being clocked in 20.08 seconds for 100 yards.

What's more the parents of the 32-year-old jockey, J. B. and Irene Hart, were on hand to see his victory. The Harts, who live on the O. S. Ranch, flew to California to spend the weekend with their son and his family and to see the race.

Irene came into The Dispatch office Monday afternoon to report on the trip and said the victory makes Ken the No. 1 jockey in the country.

This is Ken's fifth big stake race victory this season. He won the \$127,000 San Mateo Derby at Bay Meadows in March for another.

Ken got his racing start in this West Texas area, riding the "brush tracks" around here when he was 14 or 15 years old.

This is Ken's eighth racing season in California.

Mrs. Wheatley To be honored

Mrs. Marion Wheatley of Post will be honored by the Vocational Homemaking Teachers Association of Texas on July 27 for her service to the teaching profession. A long-time member of VHTAT, Mrs. Wheatley is a teacher of Vocational Homemaking Education in the Post High School. The award will be presented by Dr. Alleene Cross, Athens, Ga., Past President of the American Vocational Association, at the Annual Banquet of the VHTAT to be held at the Dallas Hilton Hotel, Dallas.

Mrs. Wheatley will participate in the in-service conference July 25-29 for professional development of Vocational Homemaking Teachers. The Conference, conducted by the Homemaking Education Division, Texas Education Agency, will include special sessions dealing with "Effective Fatherhood", "Sensitizing to the Process of Aging", "Breaking the Stereotype Mold", "Techniques to Conserve Energy", "The Homemaker in Transition" - displaced homemaker - and sixteen other special interest sessions and seminars, plus two general sessions, providing the opportunity for the teachers to learn ways to integrate new knowledge into their teaching.

According to Mrs. Eric Hodge, of Dickinson, president of VHTAT, more than 2,800 teachers are expected to attend the conference.

GAS PUMP FIRE — The reader has to look closely to see the flames leaping above the roof of the Joe McCowen Texaco No. 1 station in the above picture. The Jimmy Sears car, which knocked over the pump, can be seen, door open, in the drive. A deputy in the foreground directs Main Street traffic away from the flames. —(Staff Photo)

City-wide sale on next weekend

A city-wide sale, sponsored by the Post Chamber of Commerce and member merchants, is scheduled for next weekend, Aug. 5-6-7.

Dispatch readers will find individual sale ads in next week's Dispatch for the big three-day sales extravaganza.

It will be the first unified downtown promotional effort, other than Christmas promotions, in two or more years.

The Chamber's retail committee plans to buy advertising space across the top of all pages containing city-wide sale ads.

Temperature soars over 100 degrees

It is hotter this week than it has been for over a month. The temperature hit the 100 degree mark here Monday afternoon for the first time since June 19. It "sizzled" at 102 degrees Tuesday afternoon.

The weatherman says no heat relief is in sight.

School opening here is postponed week

Many students had to start school in unconditioned classrooms in the heat of late summer.

Shiver's action with board approved, which will be made official at the August board meeting, was announced as quickly as possible to permit families to plan vacations accurately.

The Post school superintendent also told The Dispatch that representatives of the Texas Educational Agency were to meet superintendents of this area in Lubbock, Tuesday, July 27 to explain new state school financing measure.

Dr. Pickett is new pastor

Dr. Frank Pickett, a missionary to Paraguay for 14 years and more recently pastor of the North Amarillo Christian Church, will assume his new duties as pastor of the First Christian Church here, Sunday.

A graduate of Florida Southern College with a AB degree, of Christian Theological Seminary in Indianapolis with an MDiv degree, and of the Language School of Yale University, Pickett completed his work toward a doctor of divinity in theology at Vanderbilt University in 1969.

He and his wife, Beulah, have one daughter, Amy, who lives in Lubbock where she has been attending Texas Tech University.

The local congregation has been served during the last few months by Les Cole, an intern at First Christian Church of Lubbock who also was a senior at Texas Tech

\$50 drawing at breakfast

The Post Chamber of Commerce will hold its quarterly membership breakfast in the Post Community Center from 6:45 to 8 a.m. Friday with Sentry Savings Association as host.

There will be a drawing for a \$50 cash prize, since the member whose name was drawn was not present at the last breakfast and the \$25 kept in the pot to make it \$50 this time.

Breakfast will be \$1.

The civic organization has three new members that are expected to be represented at the breakfast for the first time, Terry Tire Co., H&M Construction & Dirt Contracting, and the Stewart Service Center.

Record books win district

The 4-H record books of Lance Dunn in swine and Brent Mason in recreation will represent District 2 in state competition in Sept.

The two record books were selected Monday for state competition in district competition.

Katrina Chaffin and Benny Jackson placed third in leadership and gardening respectively in the district competition. Nancy Clary received a participation ribbon in beef.

Juniors winning blue awards were Cynthia Poole, dog care and Training; Tanya Bland, achievement; Renea Melton, leadership. (See Record books, Page 12)

28 to get reading certificates here

Reading certificates to qualified members of the Post Public Library's summer reading club will be given out at 2:30 p.m. Friday at the library. Librarian Pee Wee Pierce announces.

She told The Dispatch 50 young readers have been enrolled in the program this summer and 28 of them have qualified for certificates by reading 12 or more books since school was out.

Flash fire at gas pump

One of the most exciting fires here in a long time was put out by a fire extinguisher before the fire trucks arrived at 4:30 p.m. last Wednesday while last week's Dispatch was in Slaton being printed.

Jimmy Sears in a pickup truck was pushing the family car with his wife at the wheel into Joe McCowen's No. 1 Texaco station at the corner of Main and Broadway.

He gave the car a final shove and it coasted into the driveway.

The difficulty was the car had power steering and power brakes and with the engine not operating, the vehicle was very hard to steer and just as hard to stop.

Mrs. Sears was unable to turn the steering wheel enough to hit the driveway and unable to stop it. So instead of the driveway, the car hit a gas pump and knocked it over.

That spilled gasoline out of the pump and it immediately ignited.

Mrs. Sears abandoned the car, and an attendant abandoned the station as flames leaped 15 feet into the air.

Station owner Joe McCowen was just leaving his office a block and a half south when the fire siren went off.

He saw the flames and headed for the station.

"Nobody was around when I got there," Joe told The Dispatch this week in relating what happened.

"I ran inside, grabbed the fire extinguisher and had the flames out before the fire trucks arrived."

Although the knocked over pump was sitting atop a 6,000 gallon gasoline tank, only a few gallons of gasoline in the pump itself ignited and burned.

McCowen said it burned up the pump, the air hose, the water hose, and peeled the paint off the Sears' car.

Joe quoted his station (See Flash fire, Page 12)

Howard to receive state service award

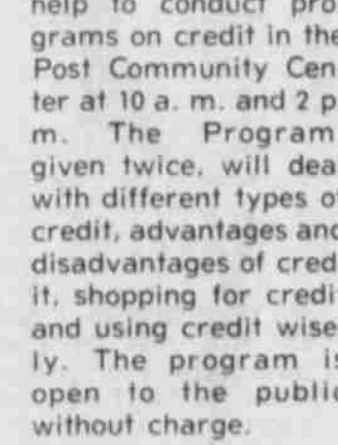

AUSTIN — E. A. Howard, Jr., Vocational Agriculture teacher, Post High School, will be honored by the Vocational Agriculture Teachers Association of Texas in Dallas, Aug. 2, according to Dick Vestal, Baird, president of the organization.

Howard is being recognized for his 25 years of service to the Vocational Agriculture program in Texas. He attended Texas Tech University, Lubbock, receiving his B.S. and M.E. degrees in Agriculture Education. He has been teaching at Post for twelve years.

His award will be presented at the Annual Awards Program of the Association.

The program is held during the State In-Service Education Workshop for Vocational Agriculture teachers and the 1977 Workshop will emphasize staying up with the changes in today's modern agriculture. Leaders in agriculture and education from throughout the state and nation will participate in the four-day

HEADS PROGRAM — Gail House, director for the Homemaker Service Aide Program for the Elderly, will help to conduct programs on credit in the Post Community Center at 10 a. m. and 2 p. m. The Program, given twice, will deal with different types of credit, advantages and disadvantages of credit, shopping for credit and using credit wisely. The program is open to the public without charge.

E. A. HOWARD

Hot lunches begin Aug. 1

Beginning Tuesday, Aug. 1, lunches will be served four days weekly at the Post Community Center to persons 55 years of age and over who want to participate in the program.

Price of the meals will be 1.25 each and will be served Mondays, Wednesdays, Thursdays, and Fridays. Carryout lunches will be available.

This is a forerunner of the Meals on Wheels program which is slated to get under way Sept. 1. Serving of meals to senior citizens at the center will continue four days weekly in conjunction with Meals on Wheels.

A variety of food is planned for the lunches so anyone who has to have a special diet can find the proper food.

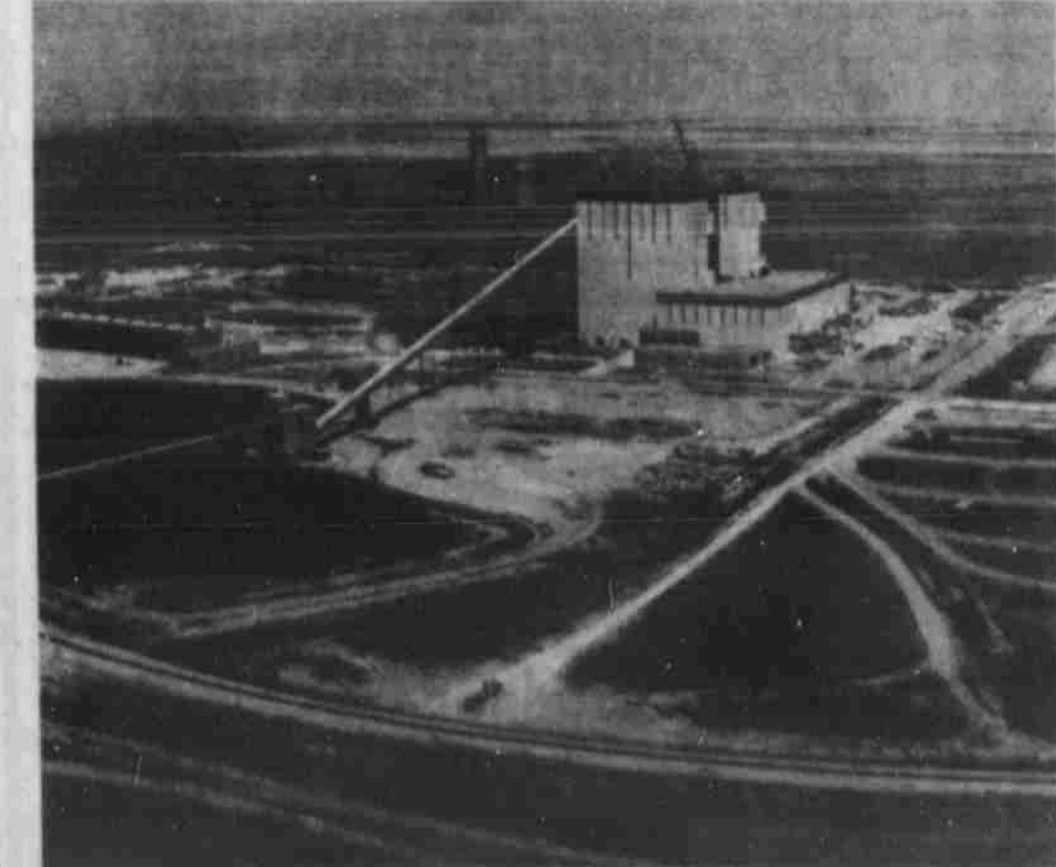

Open house for power plant

Southwestern Public Service Company will hold open house at its newest generating facility, Harrington Station, Saturday and Sunday, July 30 and 31.

The plant, located northeast of Amarillo, one mile north of Nichols Station on Lakeside Drive, will be open to the public on Saturday from 12 noon to 6 p.m. and on Sunday from 1 p.m. to 6 p.m.

Harrington Station is the first generating plant on Southwestern's system to use coal as its primary fuel. The first unit rated at 356,700 kilowatts, was put into service in mid-1976 and is using about 3500 tons of coal per day. During some of the summer months this consumption will be in excess of 4000 tons per day.

The second generating unit at Harrington Station is under construction and is about fifty percent complete. It is scheduled to go on the line next summer and will also have a capability of 356,700 kilowatts. Construction of the third unit of the same size will begin in the next few weeks and is scheduled for completion in 1980. All (See Open house, Page 12)

NEW PLANT — Southwestern Public Service Company's newest generating plant, Harrington Station, is located northeast of Amarillo. It has a generating capability of 356,700 kilowatts and uses coal as its primary fuel. The second 356,700 kilowatt unit at Harrington Station will be completed in mid-1978 and a third unit of the same size is scheduled to go on the line in 1980.

COOL LEARNERS — "Real Cool" was being heard quite often last week at the 4-H Electric Camp, located 28 miles southeast of Cloudcroft, N. M., in the Sacramento Mountains. The camp, sponsored by Southwestern Public Service Company, was attended by 150 4-Hers from West Texas. Those attending from Garza County were, front row, left to right: Brad Johnson, Kelly Mason and Brent Mason. Back row, left to right: Cynthia Wheeler, Camille Wheeler and Sara Rush. The Southwestern instructor is Dale Ramsey from Lubbock.

Thinking cattlemen lose

A lot of thinking cattlemen did a whole lot of work in the recent beef referendum, but despite a 55 percent majority program of Cattle men in favor of the proposed educational, research and marketing program the proposal fell well short of the required two-thirds majority.

According to Beef Task Force leaders, the defeat came about because too many cattlemen erroneously saw the program as the start of government encroachment upon one of the few private industries still left in this country.

It won't be easy to put a similar plan back together again after this stinging defeat.

Garza County cattlemen voted 75 percent in favor of the program which is modeled in many ways after the highly successful cotton program in which growers contribute a small

amount per bale sold. Failure of the beef referendum reminds us of the failure several years ago of the Texas water plan when it was voted on statewide. In that instance, West Texas virtually sat on its hands and let a couple of metropolitan areas not directly concerned smother the whole idea when they could have carried the day simply by going to the polls.

The secret of American politics is simply to get the vote and to get the message to the voters.

It isn't easy. The far-sighted beef leaders who backed the referendum had everything going for them but that tough job of selling the voters and getting them to the polls.

The Dispatch is sorry the profect went down the drain. It could have brought a lot of stability to the beef industry in numerous ways.

Changing the welfare mess

Keep your eyes on Washington. In the making right now is the Carter Administration's new welfare policy.

Behind the scenes, the memorandums are reportedly flying around if you read the stories on the inside pages.

The last three presidents have tried to come up with something new in welfare that works. They haven't succeeded. Everybody admits we have a terrible mess.

The problem is how to make a huge bureaucracy giving away billions of dollars any less a mess by changing the formula a little. After all, one has to change human nature to get to the core of the problem.

We would guess that all the bright new faces won't be able to come up with anything new that really works.

President Carter reportedly has placed a dollar figure on the total amount for the new program, so HEW is preparing to junk a lot of present programs to find the dough to embark on something new and stay within the Carter budget.

Social Security is in big trouble too and the Carter people are trying to find a plan to bolster that as well. About the only thing they can come up with so far is to hit the folks with the bigger salaries harder so they can help pay for the little guys who never put in enough to rate the monthly checks the

politicians are now paying them.

Social Security is virtually broke. The money workers are putting in today is being spent within the week, or at least within the month. The program isn't running as it was originally meant to be run because new benefits nobody had paid in their money for are now being paid because the politicians voted that way. Social Security today is nothing but an old-age appendage of the welfare program. The only difference is a lot of folks who aren't in need of the money they're getting above what they paid in are getting it anyway.

One organization has proposed for social security that those drawing social security receive two checks—one for what they are entitled to on the basis of what they paid in, and the other from the welfare department because they can't afford to live on that first one.

The ones who don't need the second check wouldn't get it, under this proposal.

But you and we know that no administration is going to adopt a practical plan like that.

But whether you like it or not, you've got to figure in our screwy social security program in trying to figure a solution to the welfare mess.

Remember When

10 YEARS AGO

Post office loses nothing but padlocks to burglars; attempted murder charge filed on 17-year-old girl; Post teenage club, Snyder advance in Jaycee baseball tourney; bean supper and hootenanny set here by Junior Chamber of Commerce; plans fast taking shape for annual rodeo here Aug. 9-12; hail damage "guess" here is 1,000 acres by a pair of hail storms on night of July 18; "Hell's Angels on Wheels" showing at Tower Theatre; Curtis Dwyer signs contract with Pampa High School to coach football; Donny Windham and Ronnie Pierce leave for San Antonio to begin workouts with the north football and basketball squads.

15 YEARS AGO

Early morning fire roars through Baker Apartments on North Broadway with loss to run into thousands of dollars; J. B. Potts is one of 110 to graduate from Southwestern School of Banking in Dallas; William W. Young invents and patents first four-row stalk shredder with full production expected in six weeks; housewarming party honors Mr. and Mrs. Avery Moore Jr. in their new rural home; Jackie Ray Blacklock honored on his sixth birthday with party; Post's 440-yard relay team wins second place in intermediate division at West Texas Junior Olympic Track and Field Meet in Odessa. Team members were Luis Ayala, Ronald Simpson, Danny Pierce and Butch Cross; Mr. and Mrs. Grady Davis announce birth of a son, Robert Ray.

25 YEARS AGO

Garza Memorial Hospital to open for business Aug. 4; city to purchase stop signs to erect on newly paved streets; county farmers battle strong worm infestation; Post schools to get signal lights; Billy Shumard honored with a birthday party on his eighth birthday; a son, Karl Bruce, born to Mr. and Mrs. Bill Hall of Lawndale, Calif.; Jack Kirkpatrick to play in Texas All-Star game in Fort Worth for the North Squad; coffee advertised in Piggly Wiggly ad for 83 cents a pound.

Rites held for W.E. Anderson

Rites were held in Alamogordo, N.M. for former Post resident W.E. (Earl) Anderson. The service was held Saturday, July 25, in the Sierra Baptist Church.

Mr. Anderson had lived in Post some 35 years ago. He is survived by his two sons, Wesley Robert of Denver City and Calvin Richard of Tyler, two daughters, Mrs. Jerry Benham of Post and Mrs. Jean Davis of Denver City, two brothers, Truitt of El Paso and Kenneth of Alamogordo, four sisters, Mrs. N.E. Howard and Mrs. Archie Cape of Alamogordo, Mrs. Warren Ellis of Grass Valley, Cal. and Mrs. J.H. Hutto of Arlington, 17 grandchildren and 5 great grandchildren.

Two Post men are paroled

Governor Dolph Briscoe has approved the release on parole of two Post men who were released the week ending July 16 following recommendations by the Board of Pardons and Paroles.

The two are: Jackie Curb, sentenced in Garza County on July 20, 1976, to five years for burglary—entering and committing theft; served and earned one year, eight months and was paroled to Garza County.

Clifford Redman, sentenced in Garza County on May 7, 1974, to seven years for sale of marijuana and receiving and concealing stolen property; served and earned two years, four months and was paroled to Garza County.

Visits in seagraves Mike Kocurek spent a day last week in Seagraves visiting his Aunt and Uncle, Mr. and Mrs. Dolen Dempsey.

AUSTIN—The legislature's brief special session is now history.

In the nine-day meeting, lawmakers logged these accomplishments in response to subject matter submitted by Gov. Dolph Briscoe.

Passed a \$945.4 million public school finance bill, which provides more aid to local districts and raises teachers' pay.

—Provided tougher controls over nursing homes and ordered prison sentences for employees who deliberately mistreat and injure patients.

—Voted standby authority for the state to finance an offshore oil unloading terminal through revenue bonds if a privately-financed superport plan folds.

—Amended the law to permit coastal counties to participate in a federal flood-plan insurance program, though they hadn't agreed to join before June, 1970.

—Guarantees that bonds and other debts of state agencies will be paid in full.

The special session was called by Briscoe after lawmakers failed to agree on a school finance plan in regular session.

The governor later expanded the agenda to include the other subjects but firmly turned down a long list of requests to broaden the special session assignments further.

City Tax Booms

City sales tax rebates are 20.3 per cent ahead of last year.

Comptroller Bob Bullock said his office mailed checks totalling \$23.6 million to 868 cities as their July share of the one per cent local sales tax levies.

The July checks raise to \$190.7 million the total income to the cities from

the levy for the first seven months of the year. The figure compares with \$158.6 million for the same period last year.

Bullock said the increase is another sign of the strength of the Texas economy, since state sales tax collections in Texas are showing a bigger percentage gain than those of any other state.

Insurance Rates Studied

Insurance companies want to raise auto increase rates on private passenger cars 11.3 per cent, but an actuary said there is a chance the hike can be held below the 7.3 per cent level recommended by the Insurance Board staff.

The actuary said actual company expenses are below the figures used in a staff formula.

Rates were raised 7.1 per cent in October and 15.5 per cent 10 months earlier.

The Insurance Board will hear testimony at an August 2 hearing and will set new rates effective with policies written or renewed about November 1.

Courts Speak

A federal judge in Austin found unconstitutional Texas' reliance on real property taxation alone to finance its public schools. However, he did not halt distribution of school funds under the present system.

The State Supreme Court has taken under study an Austin Court of Civil Appeals ruling invalidating a contract made by a widow before her marriage waiving the customary homestead rights. Heirs of a 72-year-old man sought to oust the widow from the couple's home.

The high court rejected a \$600,000 damage suit brought by a Kountze publisher and county employee against a county commissioner who injured him in

anger at a news story.

A former Safeway employee won permission through the supreme court to obtain documents she needed in a workmen's compensation suit claiming fumes from plastic wrappings caused her to get lung cancer.

AG Opinions

Records of the Department of Public Welfare relating to mistreatment of a nursing home resident who is a medical assistance recipient are excepted from public disclosure, Atty. John Hill said.

In other recent opinions, Hill concluded:

Commissioners of counties bordering on the Gulf of Mexico or its tidewaters are authorized to enact land use regulations applicable to areas subject to Gulf flooding, including lakes, bays, inlets and lagoons. Limits may be established by resolution.

Removal of judges by address may be considered in a special legislative session even if the subject is not included in the governor's proclamation summoning lawmakers to work.

Short Snorts

Sen. Max Sherman of Amarillo is resigning to take over the presidency of West Texas State University in Canyon.

Treasurer Jesse James reported \$1.8 billion in state funds are deposited in Texas banks at six per cent interest.

Jury grants \$7,300 award

A Garza district court late last Thursday afternoon awarded Estine D. Blakely et al. of Lubbock \$7,300 for their \$100,000 damage against Neil A. Jackson, Snyder oil operator.

Jackson was allowed by the jury on his action for \$20,000.

The suit alleged pollution of five sections of County ranch land by the plaintiffs, because Jackson, operator of the wells on the property, failed to use reasonable ordinary care in the location and collection of

The plaintiffs had an \$50,000 allegation that oil and salt water spills polluted the creeks and draws of the pasture reducing its value by amount. Another \$50,000 sought in exemplary damages.

Dallas attorneys for Jackson had filed a cross asking \$20,000 for the cost of extracting the salt and the cost of chemicals to treat the oil to make it marketable, contending Jackson is entitled to be charged for this.

Trials began Monday took four full days with jury returning its verdict 6 p.m. Thursday.

Of the \$7,300 awarded the jury, \$4,800 was actual damages and \$2,500 for punitive damages.

Thank You

For Texas Boys Ranch I would like to thank each of you that bought bedding plants and flowers from the Gordon greenhouse. Now that the planting season is about over, we plan to close up for the rest of the summer. But we have a few dozen pepper plants that we would like to give away if you will pick them up by the end of the week. Thanks,
 H. L. GORDON

Our hearts are full of love for the kindness and thoughtfulness that was shown us during Sam's recent illness. With the aid of the homemakers, our friends, Brother Gene and the ones that shared in sitting with Sam lightened our trying time. We'll always remember you in our prayers. For the present we are making our home at Slaton Care Center, 630 S. 19th, Room 28, Slaton, Texas 79364 and would like to invite our friends to drop in and see us. God be with you.
 SAM AND IVA SANDERS

The Community Center wishes to express sincere thanks to Mr. Homer Gordon, and Mrs. John Stone for the flowers they have donated and planted at the center. They will add much to the appearance of the center. We also want to express appreciation to the Palmer Oil Field Construction Co. for installation of a new flag pole after the old one was bent by a car.

Game day is held at center

Game day was held at the community center last Thursday with games beginning at 10 A.M.

Lunch was served to the following: Mrs. J. A. Sinclair, Bertha Printz, Edna Peede, Ruth and Jack Dale, Robbie Guichard, Ruth Duckworth, Grace Cummings, Opal Williams, Dollie Smith, Loree Thaxton, Analue Clinesmith, Linda Malouf, Lou Marks, R. L. Reeves, W. D. Williams, Ralph Gregg, Guy Schultz, Hap Perrin, Mabel Dunlap, Daisy Britton, Verna and D. C. Roberts, Zora and Racy Robinson, Nora and Bill Henexon, Georgia and Garland Davies, Ruby Kirkpatrick, Rose Askins, Jennie Ferebee, Maxine Marks, Ethel Feagin, Orlin Sartain, Ola Keeton, Willie Mae Dye and Enid Gossett.

Jennie Ferebee of the area office of aging in Lubbock conducted a physical fitness class session after lunch.

The next game day will be held today. These meetings are open to anyone over the age of 55. If you don't want to play games, you are welcome to come have lunch at \$1.25 per plate.

Dinner here honors three

Mrs. W.R. Graeber was hostess for a dinner party Wednesday, July 20, in her home honoring her niece Mrs. Dorothy Hedgecock and her daughter and son-in-law, Julie and Bob Jacobson of Rochester, Minnesota.

After the meal the guests were entertained by viewing a collection of dolls Mrs. Graeber has had for 80 years. Each guest received a memento from her Lane chest.

Guests for the party were, Mrs. L.A. Presson, Rev. and Mrs. Conrad Ryan, Joy Parker, Lucille Lobban, Boo Olsen, Mrs. Ethyl Shields of Amarillo, and Mr. Juan Nemerio of Santa Fe, N. M.

Shower given Miss Jackson

A lingerie shower honored Miss Susan Jackson, bride-elect of Jay Strawn, Thursday, July 21 in the bank community room.

Approximately 20 guests registered between the hours of 7:30 and 9 p.m.

Special guest for the occasion was Mrs. Marita Jackson, mother of the honoree and her sister, Peggy.

Refreshments of finger sandwiches, chips, dips and cakes were served from a table laid with yellow and blue and featuring a lingerie centerpiece.

Hostesses Donna Baumann, Jenny Thomas and Meg Reed presented the honoree with a gown.

Hippocrates, the outstanding physician of ancient Greece, is credited with being the first to separate medicine from superstition.

Mr. and Mrs. Jack Morris announce the birth of a daughter, Nancy Carol, born July 13, in West Texas Hospital, weighing 7 pounds, 9 ounces. Nancy Carol has one brother, Rusty, and a sister, Dana. Grandparents are Mrs. Virgie Johnston and Mr. and Mrs. Dillard C. Morris, all of Post.

FIVE GENERATIONS—This five generations picture was made recently when Mrs. Johnny Ray of Post and her mother, Mrs. W. R. Greer of Slaton visited in Riverton, Wyo. Seated is Mrs. Greer holding her great-grandchildren, Don and Sabrina Hall of Riverton. Grouped behind Mrs. Greer, left to right, are Mrs. Don Rose, Mrs. Ray's daughter, of Meeteetse, Wyo., Mrs. Rod Hall, Mrs. Ray's granddaughter, of Riverton, and Mrs. Ray.

Fruit, vegetable prices reasonable

College Station—Fresh fruits and vegetables offer economical variety, egg prices are very reasonable, but meat and poultry prices are higher, Mrs. Gwendolyn Clyatt, consumer marketing information specialist, reports.

Mrs. Clyatt is with the Texas Agricultural Extension Service, The Texas A&M University System.

Fresh Fruits
 Peaches, cantaloupes and watermelons in plentiful supply have attractive prices. Other seasonal items at the most economical prices are nectarines, cherries, plums, seedless grapes, pineapples and bananas.

Fresh Vegetables
 Best buys includes green

peppers, cabbage, corn, carrots and cucumber along with head lettuce, okra, purple hull and blackeye peas, zucchini and yellow squash.

Poultry
 Eggs continue as a very reasonably priced protein food however, fryer chicken prices are higher because of lower supplies.

Dairy
 Cheese in large supply, reflects budget prices and wide variety. Other low price items are yogurt, sour cream, two per cent and lowfat milk.

Grocery Market Aides
 Features include canned applesauce, cooking oil, macaroni, cake mixes and breads.

Frozen Foods
 Excellent values are frozen lemonade, strawberries, sherbert, french fries and fried chicken.

Beef
 Prices remain at the higher levels of preceding weeks, but best values are ground beef, rib steaks, round steaks and roasts, chuck roasts and steaks, along with beef and calf liver.

Pork
 The more economical pork cuts include bacon, smoked picnics, whole semiboneless hams and end chops, although prices in general are trending upward.

Consumer Watchwords
 Green peppers—now in heavy supply—are best quality if they are firm, crisp, thick-fleshed, and well-shaped with a bright shiny surface.

Cabbage is one of the oldest food vegetables. In the "Iliad" Homer wrote that Achilles washed cabbages.

Susan Jackson is honored with shower

A miscellaneous wedding shower honored Miss Susan Jackson, bride-elect of Jay Strawn, Tuesday, July 19 in the bank community room between the hours of 7 and 9 p.m.

The 75 guests attending the occasion were registered by Miss Cindee Jackson, sister of the honoree.

Special guests for the shower were Mrs. Bo Jackson, mother of the honoree, Mrs. Truitt and Mrs. Nora Jackson, both grandmothers of the honoree and Peggy Jackson, sister, Mrs. Beesie Strawn, mother of the future bride-

groom, his grandmother, Mrs. Vera Humphreys and his sisters, Mary Ann Gordon, Nancy Pendley of Lubbock and Miss Carolyn Strawn.

Guests were served from a table laid with a white voile net cloth featuring the bride's chosen colors of blue and white. A blue flower arrangement with streamers "Jay and Susan" and candles on either side were used on the table and silver service appointments.

White punch with blue flowers floating, cookies baked by Edna Mae Owen with "S" "J" and hearts, mints and nuts were served to the guests.

Hostesses for the affair were Mmes. Leecy Lott, Patsy Craig, Geraldine Butler, Edna Owen, Linda Lewis, Sharla Wells, Carol Waters, Marsha Norman, Thelma Thomas, Mary Pool, Helen Thomas, Mary Gist, Joyce Howard, Theona Jo-sey and Kay Lamb.

The hostesses presented the honoree with a set of T-Fal cookware.

Wedding date to be Oct. 8

Mr. and Mrs. Julio Valdez announce the engagement and forth coming marriage of their daughter, Lucy, to Glen Martin, son of Mr. and Mrs. Leian Martin of Lubbock.

The wedding has been set for Oct. 8.

Slaton, Post named one-two in 4AA grid race

Texas Football puts Denver City third

The Slaton Tigers are picked to edge out the Post Antelopes of the district SAA football championship this fall by Texas Football, which means if the TF is anywhere near correct with its predictions this year's big showdown will come in Antelope Stadium Oct. 21.

Denver City is rated third followed by Lubbock Cooper, Roosevelt, Tahoka, and Friendship.

Each district club has a solid nucleus of returning veterans which points to better balance this time around.

Post paraded to a 9-3 mark on its way to a regional playoff berth last season and now 15 returning lettermen (5 offensive and 4 defensive regulars) look for continued success." Texas Football says in appraising the Lopes.

"Able Quarterback Brad Shepherd and dandy tailback Randy Baker blend with such dependables as tailback Kohen Josey and halfbacks Butch Booth and Cliff Kirkpatrick to spark the attack, while sturdy two-way end Evans Heaton, reliable guard Virgil Morris and rugged offensive tackle Eric Howard lead the charge along the offensive front.

"Feisty nose guard Brent Terry and dependable defensive end Steve Davis team well with such reliables as guard Raymie Holly, tackles Bud Jones and Jeff Green and end Ronald Bratcher to shore up the defense capably, while talented center Bruce Waldrip also grades well."

In putting Slaton at the top of the district, this is what TF reported on the Tigers: "Slaton earned a district co-championship in '76 with a 9-1 slate, and with 13 lettermen (4 offensive and 3 defensive starters) now on hand, prospects remain good.

"Smooth quarterback Steve White heads a deep and talented offensive backfield that also includes elusive tailback Brad Ebien, steady wingback Mark Hulme and dependable fullback Michael Piwonka. Such reliables as fullback Edward Kitten and tailback John Johnson provide additional octane, while tough guards Tracy Angle and Lonnie Ardrey, durable

offensive tackle Chris Mosser and rugged ends Greg Jeffcoat and Stan White solidify the forward wall.

"Capable defensive backs Tim Bourn, Steve Wood and Ricky Davis form a fine umbrella in the secondary and tough tackle Jimmy Ramirez (5-10, 230) further bolsters the trenches."

Looking at the Denver City Mustangs, TF says:

"Denver City musters hope for improvement with seven returning lettermen (two offensive and three defensive holdovers) back from a 4-5-1 team. Formidable defensive tackle Kenneth Harvey (6-3, 250) is a marvelous asset who has able line companions in nose guard Mark Gibson and defensive tackles Tom Morgan (6-2, 255) and Bill Anderson.

"Slick halfback Jeff Logan teams with promising newcomer Ruben Briones to form a potent ground-attack tandem, while steady end Jeff Avara checks out well, too."

Texas Football places Lubbock Cooper, which "wandered in an 0-10 wilderness in 1976," next because of 10 offensive and 11 defensive holdovers, by far the most returning starters in the league.

"Gifted halfbacks Jody Deatherage, Nick Hammond and David Martinez blend nicely with fifty-quarterback Terry Gaines to guide the attack, while such reliables as nose guard Clay Kennedy, two-way tackle David Collins and defensive end Rodney Warlick inspire defensive ferocity, and defensive tackle Johnny Terry, defensive end James Dunnam, linebacker Jerry Noble and defensive back Ernesto Garcia further strengthen the picket line.

"Other standouts include guard Burt Heinrich, end Jeff Pinkerton and center Don Strickland in a seasoned offensive line."

"Roosevelt packs supreme confidence," Texas Football says, "in the potential evident among 10 returning lettermen (six offensive and five defensive holdovers) from last year's 4-5-1 unit.

"Quickness and experience at the skill positions is supplied by such outstanding performers as quarterback Darron Royal, fullback

Page 8 The Post (Tex.) Dispatch Thursday, July 28, 1977

Checkout of grid shoes set Aug. 3

Darron Mann, and split end Ray Smith. Salty tailbacks Armando Trevino, Scott Johnson and Jerry Brown join effectively with such sturdy trenchmen as guard David Payne, offensive tackle Charles Ward and center Larry Washington to spark the attack further, while such mainstays as end Robert Hartsfield, guards Kyle McLeod and Marty Whetzel and tackles Greg Russum and Bobby Henson bolster the defense admirably.

Although Tahoka is placed this far back, Texas Football admits: "Tahoka looks tough with 13 lettermen (five offensive and six defensive starters) back from a 3-7 edition.

"Blazing junior fullback Clifford Bailey (6-3, 200, 4.7 speed) rushed for 1,196 yards as a sophomore and now returns along with such valued performers as halfbacks Ronnie Thompson and Leslie White and quarterback Ed Robinson to lead a powerful charge.

"Splendid line-backer Randy Meeks averaged 12 tackles a game in '76 earning all-South Plains honors, and defensive tackle David Jolly is another treasured defensive trenchman while such skillful warriors as center Jabo Chaney, ends Jayson Knox and Reggie House and tackle Perry Haney add further luster."

Last but not least are the Freshship Tigers where Texas Football proclaims: "The outlook is bright with 12 lettermen (five offensive and five defensive regulars) return from an 8-2 team.

Fullback Lloyd Strong (6-3, 195) lives up to his name and is joined by such backfield stalwarts as quarterback-defensive back Doug Townsend, halfback-linebacker Eddie Willard and halfback-linebacker Roy Cruz.

"Guard-nose guard Nick Dienik provides good experience in the offensive front while defensive tackles Mark Turner and Roy Galaviz are sound defensive veterans. Defensive back Luis Villarreal makes key contributions also. Rickie Morrison, Buddy Shuey and Freddy Rodriguez are vital new faces.

Of Post's non-district foes, Colorado City is picked to win District 6AA with 12 lettermen back from last year's 7-3 team; Coahoma with 16 lettermen back is figured to be in strong contention again after a 6-3-1 record last year which included a sound thumping of the Antelopes; and Lockney has six offensive and seven defensive starters returning from a 5-5 season but isn't rated high in 4AA

The start of the 1977 Post Antelope football season will come at 9 a.m. Wednesday, Aug. 3, when sophomore, junior and senior grid candidates check out football shoes at the field house.

Two-a-day conditioning workouts will start Monday, Aug. 8, with the squad putting on pads for the first time Friday, Aug. 12.

Those dates were announced by Head Coach Jackie Brown prior to the coaches' departure over the weekend for the state coaching school. Each of the dates is prescribed in Texas high school football regulations.

The date for physical examinations will be announced, Coach Brown told The Dispatch.

The Antelopes will return 15 lettermen, including five offensive and four defensive starters from the 1976 bi-district champions.

Thirteen seniors were graduated off the title club in the spring.

Both pre-season scrimmages will be out of town this year, due to a shuffle last year which saw the opening Ralls scrimmage held here instead of at Ralls

gridiron.

The opening scrimmage will be at Ralls Friday, Aug. 19, with the second a week later on Friday, Aug. 26, at Littlefield.

The regular season will see the Antelopes having the advantage of playing their first games at home this year, against Lockney, Sept. 2, and then with Coahoma, Sept. 10.

The other home games on the 10-game schedule will include Tahoka, Sept. 30; Slaton, Oct. 21 and Denver City, Oct. 28.

Homemakers News

BY DAISY BRITTON

Homemaker Beulah Gilmore gathered up her fishing pole and sunbonnet and left Saturday with her family for Colo. to find a cool place to fish.

Ethyl Feagin has recently returned from a two week vacation in the sun. She is sporting a fabulous tan.

I have just returned from visiting Ople Thaxton and George Samson in the hospital. Ople is doing well, but Mr. Samson is not doing as good. We hope they both are feeling better soon.

Mrs. W.A. Marshall will be needing care in her home for a while. Ethyl Feagin and Beulah Gilmore will be taking care of her.

Eva Mae Kennedy is doing great these days, she needs very little help from her homemaker, Juanita Hawkins. She is driving her own car after her eye surgery, keep up the good work, Eva.

Lillie Kitchen is showing a lot of improvement from her back problem. She can stoop now and change the water in her yard.

Winnie Harrell reports that her client, the Bo Wheatleys, are doing nicely and looking forward to their reunion the first Saturday in Aug.

Recent guests in the home of Mrs. Doris Stephens were her daughter, Zelma Burhand and son-in-law Bob and their small son all of Newark, Ohio.

More news next week.

Burlington sales up - but profits down

New York-Burlington Industries, Inc., the country's largest textile company, today reported higher sales and lower earnings for its third fiscal quarter of 1977 compared to the same quarter a year ago. Consolidated net earnings for the quarter ended July 2, 1977, were \$25,542,000, or 90 cents per share on net sales of \$621,898,000. In the third fiscal quarter of 1976 consolidated net earnings, as restated for the FASB-8 accounting rules, were \$31,101,000, or \$1.11 per share on net sales of \$580,864,000. The translation of foreign currency items resulted in a decrease of 2 cents per share for the quarter, compared to a reduction of 1 cent per share for the same quarter last year. For the nine months ended July 2, 1977, consolidated net sales were \$1,770,700,000, and net earnings were \$69,223,000, or \$2.44 per share. In the comparable period last year, sales were \$1,686,298,000 and restated earnings were \$79,376,000, or \$2.84 per share. Foreign currency translation items for the first nine months of fiscal 1977 reduced earnings by 9 cents per share, compared to an increase of 12 cents per share during the 1976 period. In addition, Burlington announced that it has extended the use of the LIFO accounting method to cover all cost elements in domestic textile inventories. Previously, only the fiber content of domestic textile inventories had been treated on the LIFO method. The effect of this change had been to reduce the 1977 third fiscal quarter results by approximately 11 cents per share. The Company now estimates the addition to LIFO reserves will total \$35 million for the 1977 fiscal year, up from the \$20 million

estimated earlier. The increase in the LIFO estimate mainly reflects the impact of wage-salary increases granted in June of this year. Burlington stated that the extension of the LIFO method results in the use of an improved accounting technique in a period of inflation, and will conserve cash. In commenting on the Company's performance, William A. Klopman, Chairman and Chief Executive, said, "While retail sales for textile products were not as strong as anticipated, our June results were generally in line with our prior comments, despite the impact of the LIFO accounting change and foreign currency translation charges. "Apparel fabric volume was slightly higher in the June quarter, although competitive pressure was felt in virtually all product areas. Because of poor long-term prospects for fine count polyester cotton greige goods, a product that is seriously affected by imports, we announced the closing of our remaining mill manufacturing that line. "Our industrial products area continued to show satisfactory results as did the home furnishings group. The June quarter was seasonally slower in carpets while our furniture and domestics businesses improved over the March quarter. The International group remained profitable even though world textile demand could only be characterized as fair. "Mr. Klopman concluded by noting, "September performance will be influenced by the level of retail non-durable sales, especially in apparel products which have not been demonstrating market strength."

Interest sliced by land bank

Jay Dee House, Manager of the Federal Land Bank Association of Tahoka, announced today that the Federal Land Bank of Houston will reduce the interest billing rate on variable rate loans to 7-3/4 per cent. This reduction will be effective on Aug. 1, 1977, and will affect \$1.04 billion in variable rate loans to 18,026 farmers and ranchers. This billing rate change will be effective on both farm loans and rural residence loans. The variable rate loan was introduced by the Houston Bank in July, 1969 and provides for the rate to fluctuate with the variation in the cost of money. A more favorable money market has made this billing reduction possible. House stated, "This continues to demonstrate the Bank's policy to furnish credit to Texas farmers and ranchers at the lowest possible cost consistent with sound business practices." The Federal Land Bank of Houston makes long-term real estate loans on farm and ranch land and rural residences throughout Texas and now has \$1.3 billion in loans outstanding. The local association makes and services loans in Lynn and Garza counties. Officers and directors of the association are Fred McGinty, Avery Moore Jr., J.D. McCampbell, L.A. Forsythe and Joe D. Unfred. FEW DAYS FISHING Mr. and Mrs. J.D. Windham, Sonja Smitley and children, Reitha Smitley and Ronnie Cowley spent a few days recently fishing at Lake Nesworthy. While there they visited with Mr. and Mrs. Dennis Busby and Amber and Mr. and Mrs. Charles Kayon of San Angelo. They were accompanied on the trip by Mrs. Ima Smitley.

Granddaughter busy in FHA

Pattie Jackson of O'Donnell, granddaughter of Mrs. Nora Jackson of Post, has been busy this summer with Future Homemakers of America. She has been attending the State Executive Council in Service conference at the 7A Ranch Resort at Wimberly. On July 15 she returned to Seattle where she attended a four-day National Youth Leadership Conference of the FHA. Pattie, daughter of Mr. and Mrs. Maurice Jackson, is a junior at O'Donnell High School, the 1977 Area 11FHA president, and president of the O'Donnell FHA chapter.

Farm Safety Week seeks to cut toll

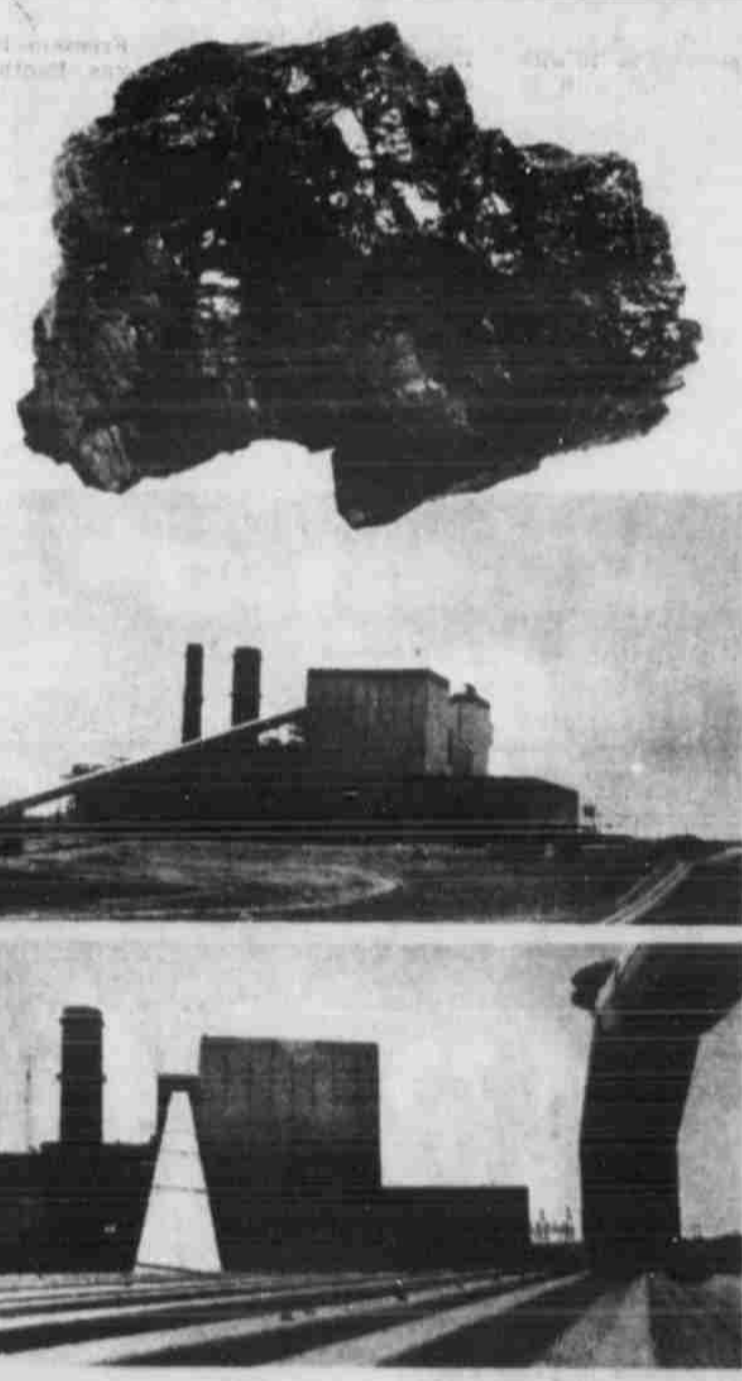

COLLEGE STATION— Accident data being received from individual states provide national estimates indicating that 5,400 farm residents were killed and 500,000 disabled in work, home, recreation and traffic accidents during the past year, points out Dr. Gary S. Nelson, a safety engineer with the Texas Agricultural Extension Service. The occupationally related portion of these totals indicates that work related accidents claimed the lives of nearly 1,900 persons (200 in Texas) and about 180,000 suffered disabling injuries, of which 1,300 and 130,000, respectively, were farm residents as opposed to employees. President Carter has accepted the challenge to help reduce farm and

ranch accidents by declaring July 25-31 as National Farm Safety Week. The theme for the week is "Safety is a Good Investment" notes Nelson. This theme emphasizes that in addition to personal injury, accidents result in costly equipment damage, medical expense, loss of valued talent and skill of agricultural producers and workers, and production loss due to time delays and the unavailability of injured workers and damaged equipment. National Farm Safety Week is co-sponsored by the National Safety Council and the U.S. Department of Agriculture. Both sponsors emphasize the wisdom of making a personal and financial investment in accident prevention to help cut the human and economic costs of accidents. Farm and ranch families can achieve much by investing a small amount of time in adopting low risk work procedures, contends Nelson. Extra protection can be obtained with a modest financial investment in personal protective equipment, tractor overturn protection, smoke detectors and other accident prevention devices. He further emphasizes that an investment in prompt repair or replacement of faulty or worn equipment and in seeking good quality products designed with accident prevention in mind can pay additional potential benefits. SHOPLIFTER CAUGHT - Thomas Rodriguez of O'Donnell was arrested Saturday in Wacker's and charged with being drunk and shoplifting. He pleaded guilty to the charges in Justice of the Peace Racy Robinson's court and was fined \$70. He is "laying out" the fine in jail. "Ridicule is the test of truth." William Hazlett

Minority defeats beef referendum

Spur, Tex. -- O. J. Barron, Jr., chairman of the national Beef Development Task Force (BDT), issued a statement last Thursday conceding that the Beef Referendum fell short of the necessary two-thirds affirmative vote.

A preliminary count from county ASCS offices indicates that over 100,000 producers, or about 55 per cent of those voting, supported the program.

The BDT, a broad-based group comprised of leaders from nearly every producer organization in the U.S., has worked over three years for the industry self-help program.

A full text of Barron's statement follows: "This is a dark day for the American cattle industry. The Beef Referendum has failed to receive the necessary two-thirds majority. We have passed up an opportunity for a research and information program aimed at helping all cattlemen. This opportunity may never come again."

"Ironically while it was a self-help program aimed at keeping the government out of our business and producers in control, some opponents falsely labeled it as a government program and scared many cattlemen into voting against it. "It would be inaccurate to say that cattlemen don't want this program. A majority of all cattlemen voting did want it. And an overwhelming majority of the cattle industry leaders, who had studied our current plight and understood the objectives of this program, vigorously supported it. "Never before had the cattle industry had more problems than we have now. "Never before has the industry united behind a program as it did this one. "Never before has a cattle industry program received so much favorable publicity and editorial support. "Yet a few self-serving people chose to shoot it down with unfair and misleading statements. In this case, a minority won."

"For all cattlemen, who think that the cattle business should and could be better, I would like to thank the more than 10,000 volunteers who unselfishly devoted their time, energy and finances toward helping their fellow cattlemen. "Their efforts were not in vain. For we have a new unity of our industry and we have learned much that can help us in the future. We have pinpointed many problems. We have uncovered new leadership. We have learned how to make our voice heard in Washington."

"As we look to the future, we hope that leaders in our industry, who are dedicated to a better future for all cattlemen, will not be too discouraged. Also, we hope that other organizations which opposed this self-help program but claim to support research and promotion for commodities, will join with us now in searching for workable solutions to cattlemen's problems. "We must continue our search for a way to stabilize our industry, to increase profits for all cattlemen and to build a better future-together."

Post sales tax ahead of 1976

The city of Post received a \$7,185.68 check recently for their June 1 per cent sales tax from State Comptroller Bob Bullock.

This compares with only \$2,107.30 for the same month in 1976.

Post's sales tax take, like virtually every other Texas city or town, is running well ahead of 1976's.

In the first six months of 1977, Post's city sales tax has brought in \$50,024.98, as compared to \$3,116.38 for the same period in 1976.

State tax expert to be here Aug. 9

A representative from the state comptroller's office in Lubbock will be in Post Tuesday, Aug. 9, to assist local taxpayers and answer questions about state taxes.

Enforcement Officer Alice Knox will be at the courthouse that day from 9 to 11 a.m.

"If Post area merchants, or anyone else for that matter, have any questions about state taxes or need help in preparing tax forms, Miss Knox will be there to assist them," State Comptroller Bob Bullock said.

June bond sales here only \$1,803

June sales of Series E and H United States Savings Bonds in Garza county totaling \$1,803 were reported today by County Bond Chairman Lewis Herron. Sales for the six-month period totaled \$75,525 for 58 per cent of the 1977 sales goal of \$130,000.

Texas sales during the month amounted to \$24,027-340, while sales for the first six months of 1977 totaled \$140,919.165 with 51 per cent of the yearly sales goal of 276.9 million achieved.

Hearing set for permit

An application for a Texas Water Quality Board permit by Cal-Main Foods, Inc. will be considered in a public hearing scheduled for Aug. 4 in Room 618 of the Stephen F. Austin Building in Austin beginning at 9 a.m.

Special provisions of the permit require that all process wastewater be retained for 30 days and that solid wastes be disposed of so that no contamination of surface or groundwaters can occur.

The plant is located 7.5 miles northwest of Post on FM Road 399.

Jack Cox, a TWOB attorney, will conduct the hearing for the Board and persons interested in the matter are invited to attend and to make statements for the record if they wish to do so.

What Are the Advantages of Trading at Hudman Furniture Co.

LET US COUNT THE REASONS!

We buy direct from the factories and mills weeks and months in advance of deliveries. We buy at the lowest possible prices and pass the savings along to you. Because of our low operating overhead we are able to take a lower markup than our big city competition.

We have in store financing where each person is treated as an individual and each transaction is subject to flexible terms. We are of the old school where your word is as good as your bond.

There is never any interest or carrying charges added to your account, as long as payments are made regularly as agreed at time of purchase.

We are not interested so much in a single sale as we are in repeat business that comes back year after year. So we earnestly try to achieve 100 percent satisfaction.

Our taxes help to support the school, the city and the county. Even 20 percent of the sale tax we collect is ploughed back into the city budget. We have helped to make the city and county grow for many years and we are going to keep on helping.

Flash fire —

(Continued from Page 1) attendant as saying that when he heard the pump being knocked over, he thought a friend was trying to play a practical joke on him. Joe said he was told then he turned and saw the flames roaring up from the broken pump.

"The next time I looked," Joe quoted the attendant as saying, "I was in front of Collier Drug."

Sheriff deputies, alerted by the fire call arrived at the same time as Joe, and began directing traffic away from the flaming station.

Thurman Maddox, who works in the Texaco Wholesale office at the back of the station, had called the fire department and was getting a fire extinguisher when Joe arrived. A service attendant from the Gulf station across the street also came across the highway with another extinguisher to help.

Actually the station itself sustained no damage.

The fire department answered two other calls last week, one an automobile fire here in Post and the other a grass fire Friday afternoon a mile this side of Justiceburg.

25 YEARS OF SERVICE — Gabriel Saldivar, Postex Plant employee, center, was recently honored for completion of 25 years of continuous service with Postex from July 14, 1952. He has been a fork lift operator in the warehouse department except for six months in the spinning department. Gabriel came to Post in 1941 from Rockdale, Tx. He is active in church and community work and lives with his wife, Lilia, and five children at 507 West 8th. Shown with him above are left, C. V. (Pete) Smith, warehouse department manger; and Postex Manager Don Smith, right.

An Invitation
 God promised a son to Abraham. Abraham laughed. Sarah laughed - one foot in the grave and the other in the maternity ward? They laughed because God expected them to believe the promise, because God seemed to believe it. They laughed because laughing was better than crying. But a promise of God is a promise. Come, and join with us as we gather to praise the God who keeps promises. At the PRESBYTERIAN CHURCH, 910 W. 10th, 11:00 AM Sunday.

Twin Cedars Nursing Home News

Sunday services were brought out this week by Rev. Glen Reece of the First Baptist Church. He will bring us the service next Sunday also.

Many of our residents have been staying inside due to the hot weather we are having. Mrs. Clayton has been visiting with her family in the afternoons. Edna Franklin went for a drive with her brother and his wife, Mr. and Mrs. Fred Cornelius of Amarillo. Evelyn Leistikow spent Saturday with her daughter Martha Compton and family.

Elder Nealey Richardson and his wife Zelma came by Thursday morning and visited with our residents. The Rev. is from Crosbyton. We appreciated him remembering our residents and driving down to see them.

Other visitors this week include Mrs. Ann Crawford, Rule, W. E. and Jena Pierce, Cludy and Lucille Walker, Anne Johnson, Steve and Susan of Beaumont, Jess and Margaret Osborn, Paris, Ruby Kirkpatrick, Patsy Sanderson, Paul Sherrill, Gerald and Marie Clayton, Jim Hundley, Mrs. Hap Perrin and others who failed to register.

Mrs. Ruby Butler's son, Stanley, is currently in the hospital in Lubbock awaiting surgery. We all wish him a speedy recovery.

Til next week...

E. A. Howard —

(Continued from Page 1) this award. One member has earned the highest honor of the national level, which is the American Farmer degree. One member has served as a state officer.

Howard has earned many personal honors: Soil Conservation Teacher of the Year, 1974; V.F.W. Teacher of the Year, Dist. 19, 1975-76, and Pres. Garza Co. TSTA 1974-75.

Record books--

(Continued from Page 1) Dana Jackson, family life; Cindy Harrell, food preservation; and Carl Harrell, bicycle.

Junior red awards went to Diana Basquez, home environment; Cindy Basquez, home management; Jana Middleton, beef; Michael Bland, gardening; and Benny Kennedy, sheep.

Scott Lewis received a junior white award in swine. Seventeen Garza 4-H record books were entered in the district competition.

Open house —

(Continued from Page 1) three of the Harrington generation units will use coal-fired boilers.

The coal used at Harrington Station is low-sulphur western coal, mined and brought in by unit train from Gillette, Wyo. The trains have about 110 cars and are designed and built specifically to haul coal. Each train brings about 11,000 tons of coal to the plant on a twice-a-week schedule.

The boilers at Harrington Station are equipped with the most advanced equipment, available at this time, for preventing objectionable products of combustion from reaching the environment. Both electrostatic precipitators and stack gas scrubbers were installed on the first unit at a cost of approximately \$20-million. The number 2 unit will utilize a fabric filter stack emission control system known as a "baghouse". This environmental control equipment is necessary for compliance with the Texas and Federal air control regulations.

The use of sewage effluent for boiler and cooling water—a practice pioneered by Southwestern Public Service Company at Jones Station in Lubbock, Nichols Station and Harrington Station in Amarillo—will continue to save millions of gallons of fresh water per day. The three plants use an average of 9-million gallons of sewage effluent a day, saving enough fresh water to serve the residential, commercial and industrial needs of a city of 100,000 people. It takes about 450 gallons of water per month to generate the power for a residential customer using 600 KWH per month. The investment for water quality control equipment was about \$6-million.

Good shower falls here

Post got a shower last Thursday afternoon which officially measured .95 inches, the only rainfall in July so far.

While some cotton areas of the county did receive moisture that afternoon, this was not the general rain the cotton now is needing to really "make" a big crop.

An inch or more fell in a band extending west from Post to the Close City community.

The Thursday shower here was great for thirsty and drying lawns and shrubs.

The Thursday moisture brought total rainfall for the year here to date to 12.04 inches.
