

'Check alert' aimed at \$357,120 in bad checks here

Retail Merchants Association of Post is instituting a "check alert" for local stores to advise those in advance those in an area who are estimated 6,176 in annual fund checks for annually. Robinson, president of RMA, told Post about the new

"check alert system" at the Rotarians' weekly luncheon Tuesday in the community center.

He said those subscribing to the service will be furnished with "coded listings" of all those who have written two or more insufficient funds or "bad checks" on the local bank within the past six months.

The merchant then can make up his own mind whether to accept checks from persons on the list.

Stores are being furnished with decals for door and cash register notifying shoppers the store is operating under the "check alert system."

Robinson said in most cases "bad check" writers

will not try to write an insufficient funds check in member stores because they know it could lead to an embarrassing situation in which their check is refused.

The RMA is charging \$5 monthly for the service and already 18 Post merchants signed up with four others asking the RMA to try to collect insufficient fund

checks for them.

Persons passing such checks will be charged \$4 with the money going to the RMA when the collection is made. Store customers also will be notified of this charge by signs in the stores.

Robinson said the RMA will try to collect all insufficient fund checks

passed to member merchants.

"In theory," Robinson explained, "through the 'check alert system' store owners and clerks will know in advance who passes bad checks here."

He said the "coded listings" supplied merchants will comply with all statutes on consumer protection.

Robinson said he surveyed a period of 22 days from Aug. 1 to Aug. 23, and found 86 insufficient fund checks were written on the local bank for \$4,089.50 and passed to local merchants.

For the same period all insufficient fund checks written on the local bank totaled 366 in number for an

amount of \$20,603.

Over a year's time, these figures are projected to 6,176 bad checks a year for \$357,120.

He said these figures show 24 bad checks written daily on accounts in the local bank for an average total of \$1,373.

6,000 cut in revenue sharing next year

City of Post and Garza County have been cut \$46,000 in federal revenue sharing funds for 1978-79.

\$56,175 for a \$28,000 drop in revenue.

The city, which received \$54,000 this year, were chopped \$18,000 down to \$35,966 for next year.

The city council heard about the cut first and in a six-hour budget work session last week decided to cut the whole \$18,000 from a \$29,000 set-aside to help buy a new bulldozer.

"It looks like the city will buy a used dozer now," one commented. The \$25,550 for seal coating, the only other purpose for budgeted federal revenue sharing funds, was left intact.

The county faced up to its \$28,000 problem with a court session Tuesday morning.

The four county road precincts absorbed the biggest cut in previously allotted revenue sharing funds. Each precinct was cut from \$11,500 to \$6,000 for a total reduction of \$22,000 of the \$28,000.

Also cut were the county treasurer's commission to \$2,809 which is a percentage anyway, county affairs from \$3,000 to \$618, Post Special School from \$1,500 to \$1,000, the city-county parks lost its entire \$3,000; the community center was reduced \$500 from \$12,500 to \$12,000; Graham Community Center from \$500 to \$266; and \$2,400 for utility bills for the new senior citizens center was reduced \$400 to \$2,000.

Left intact by the county were the Southland watering system, \$2,000; the Justiceburg watering system \$4,000; the summer recreation program at \$2,000 and the Meals on Wheels at \$1,600.

Rites held for Walter Josey

Funeral services were conducted for Walter C. Josey at 4 p. m. Tuesday in the Post Church of Christ with Robert Elliott, pastor, and Larry Hambrick of Lubbock officiating.

Josey, 76, who has been a rancher in Garza County for 54 years, died at 11 p. m. Sunday in Garza Memorial Hospital after a brief illness.

He was born in Clifton and was a member of the Church of Christ.

Survivors include four sons, Lester, Roy and Royce, all of Post, and R. E. of Marshall; three daughters, Elsie Wright of Lubbock, Loyce Phillips of Big Spring and Joyce Tatum of Post; three brothers, C. J. of Mertense, J. W. Jr. of Wetherford, and Paul of Fort Worth; six sisters, Mae Bruce of Garner, Ruby Summers and Ruth Hampton, both of Lubbock, Mrs. Joe Dobbs of Fort Worth.

Roberts rites to be today

Funeral rites for William Burnard Roberts, 72, a Garza farmer for the last 60 years are to be conducted in the First Baptist Church at 4 p. m. Thursday.

The Rev. Glenn Reese, pastor, will officiate with Robert Elliott, Church of Christ minister, assisting.

Burial will be in Terrace Cemetery under direction of the Hudman Funeral Home.

Roberts died at 7 a. m. Tuesday in Lubbock's Methodist Hospital following a brief illness.

A native of Amarillo, he was married to Jessie Thomas here April 10, 1927. He is a member of the Baptist Church.

Survivors include his wife; two sons, Glenn of Lubbock and Darrell of Post; three sisters, Mrs. Thelma Thomas and Mrs. Odie Kemp, both of Post, and Mrs. Maggie Brown of Bakersfield, Calif.

Pallbearers will be Bernie Jones, Douglas Tipton, Jay Strawn, Harold Cass, Alfred Doyle Oden and D. L. Cass.

Post 'exes' will meet here tonight

Post Ex-Students Association are reminded of the meeting tonight (Thursday) to be held in the Reddy Room at 8 p. m.

Plans for the Post homecoming with Seminole, Nov. 3 will be discussed.

City, county in executive session

The Post city council and the Garza County Commissioners Court went into executive session Tuesday morning in the Post Public Library for over an hour to discuss "sheriff's department personnel."

At the conclusion of the session, shortly before noon, The Dispatch was called in and told the council and court members discussed the ambulance operation, the enforcement of city ordinances, the dog problem, and overall enforcement in general.

Regional salary scales in law enforcement also were discussed.

Sheriff Jim Pippin did not attend the session.

The state "open meetings" law permits local boards of government to go into executive session, excluding press and public, only for a few specific reasons.

One of the reasons permitting such sessions is personnel.

The city and county jointly finance the county sheriff's department and they try to meet at least quarterly to discuss mutual problems.

City to lose \$6,900 in utility bill tax

The city council is expected to vote to discontinue Post's one percent sales tax on residential utility bills before Sept. 10 so the reduction can go into effect Oct. 1.

This would mean a loss of approximately \$6,900 in revenue to the city and the saving of an average of \$4.97 annually by some 1,400 local householders.

The recent special session of the legislature took the state's four percent sales tax off residential utility bills and provided that the cities could also take off their one percent if they so desired.

Mayor Giles McCrary, who provided This Dispatch with the sales tax figures involved, said the loss of revenue is anticipated in the new city budget which will be up for public hearing Sept. 11.

He said Pioneer Gas here in the last year has received approximately \$267,500 in gas sales from local residents and the Southwestern Public Service Co. has received \$408,806 for electricity for local

New school year will open Monday

Teachers at work

Post's 1978-79 school year will open here at 8:30 Monday morning with about 1,140 students — the school district's enrollment last year — expected to report for classes along with a faculty which will include a dozen new teachers — and maybe more.

Post Superintendent Bill Shiver was still four or five teachers short at Dispatch presstime Wednesday, but hopeful of finding some or all of them soon.

Eight of the 12 new teachers have had no previous teaching experience.

The new teachers, background and assignments:

Mrs. Sharon Lockwood, four years experience, master's degree, to teach Algebra I, Geometry, Algebra II, Elementary analysis and trig.

Robert Lockwood, eight years experience, master's degree, who will teach fundamentals Math I, chemistry and algebra II.

Wynn Robinson, six years teaching experience, bachelor's degree, Fundamentals Math II, Algebra I and introductory Algebra I.

Mrs. Rhonda Alford, no teaching experience, American History and Bible.

Phil Alford, no teaching experience, music grades 5-12.

Mrs. Ann Burkhard, no teaching experience, junior high and high school Spanish.

Mrs. Sue Hasselmeier, no teaching experience, special education in junior high.

Mrs. Rebecca Haney, five years experience, fifth grade.

Mrs. Judy Brown, no teaching experience, fifth grade.

Miss Gwendolyn Crouch, no teaching experience, first grade.

Miss Jennifer Rice, no teaching experience, fifth grade.

Mrs. Martha Hart, no teaching experience, Title I reading.

The school faculty began a three-day in-service workshop at 9 a. m. Wednesday with a business session in the Primary auditorium. The workshop continues through Thursday and Friday.

New high school principal, Dan Rankin, announced that the high school year will open with an assembly in the high school gym, beginning at 8:35 a. m. Monday for all high school students.

A similar assembly is scheduled for the Post Middle School for sixth, (See School opens, Page 10)

Bob Krueger here today

Congressman Bob Krueger, Democratic nominee for the United States Senate, will pay his second campaign visit to Post this afternoon.

A reception is scheduled in his honor in the bank community room at 2:30 p. m. and the congressman is also scheduled to tour the business district during his stay.

All those who would like to meet Krueger are invited to do so at the reception.

Krueger kicked off his fall campaign to unseat Senator John Tower with an old-fashioned July 4th picnic and rally in his hometown of New Braunfels which drew more than 4,500 friends and supporters.

Krueger won the Democratic primary when he captured 55 percent of the vote, carrying 210 of the 254 Texas counties.

Chon Saldivar rites today

Funeral services for Chon Saldivar, 38, of Post will be held at 10 a. m. Thursday in the Hudman Funeral Home chapel with the Rev. Jose Salazar officiating.

Saldivar, who was a native of Rockdale, died at 7 p. m. Monday in the Lubbock's Health Sciences Center hospital after entering the hospital Sunday.

Survivors include his mother, Mrs. Concha Saldivar of Post; a daughter, Rosemary Saldivar; a son, Johnny Jr.; five brothers, Ezequiel, Cornelio, Gabriel, Salome and Julian, all of Post; and six sisters, Juana Morales of Milliken, Colo., Patricia Mata of Houston, Lala Pantoja and Angelita Bustoz both of Amarillo, and Angelina Rodriguez and Rosie Rodriguez, both of Post.

Pallbearers will be Joe Bustoz, Robert Saldivar, Lucky Mata, Larry Rodriguez, Danny Saldivar and Frankie Saldivar.

Rosary for Saldivar was said at 7 p. m. Wednesday at the Hudman Funeral Home chapel. Burial was in Terrace Cemetery.

Hill caravan visits Post

A caravan supporting John Hill's candidacy for governor came to Post last Wednesday afternoon to stir up some votes in the fall election for the Democratic attorney-general.

Spokesmen here said the Hill campaign is a winner because it is a "people" campaign and not a "dollar" campaign.

The caravan, one of the nine on an organized four-day swing all over Texas, was headed by Rep. John Bigham of Belton.

25 YEARS OF SERVICE — J. E. Tanner, Postex Plant quality control manager, left, is shown being presented his 25-year service certificate and pin by Postex Plant Manager Don Smith recently. Tanner began his employment with Burlington and Postex Plant Aug. 14, 1953, moving to Post from Georgia. Dick, as he is known by all his co-workers and friends, has served in several capacities at Postex before being assigned his present position July 1, 1975.

Tax relief still in future

The special session of the legislature for tax relief may be history, but the limited tax help it offered is far from reality yet.

Still up ahead in November is the required adoption of a constitutional amendment which would authorize a half dozen or more rather significant changes.

The questions now are whether an organized fight will be made to defeat the amendment, and if so what are the amendment's chances.

In the "State Capital Highlights" column this week from Austin notes that one legislator has announced he will oppose the amendment.

Apparently, both gubernatorial candidates will support it. While it would be difficult for anyone to oppose tax relief per se the objections to come probably will be based on the unfairness of one or more of the six different major provisions of the amendment.

Simply to describe it factually will require considerable space and thought, much less detailing the points for and against each portion of the amendment.

One of the things the amendment has going for it in this regard is its title. It will be called on the ballot "the tax relief amendment."

We only found this out by listening to Governor Dolph Briscoe base most of his speech last Saturday before the West Texas Press Association upon the tax relief package.

If basically only that title appears on the ballot, it should encourage a strong affirmative vote.

Passage of the constitutional amendment will provide for the taxing of farm and ranch lands upon the basis of productivity rather than market value. It also will initiate \$5,000 homestead exemptions for all homesteads with the legislature being given the right to increase the exemption for senior citizens 65 and over all the way to \$15,000.

Everyone generally agrees that the school property taxes are the most severe in the state today. That is because while cities and counties received strong economical aid from the federal government in recent years via revenue sharing, the school districts actually were losing more and more of their state aid and being forced to reply ever more heavily upon property taxes within the school district.

One of the fears of the school districts is that by giving homestead exemptions the amendment would reduce the "tax take" considerably which would have to be made up somewhere else because the cost goes on.

To spike the fear on the part of the districts that they actually would have to raise taxes to make up for losses from the homestead exemption and from the loss of taxable property valuations in the assessing of farm and ranch lands on a lower productivity basis, the legislature has established a \$450 million fund to pay the school districts back for these losses.

But that \$450 million only provides funds for the first two years. It will be up to succeeding legislatures to provide additional funds of eventually see this happen.

The counties are another group that is not sure what a tax take loss they will experience through homestead exemptions and farm land revaluations. The counties won't be protected either.

Funds have not been set aside to have the state repay the counties for their tax revenue losses. Consequently with the inflation and other spending pressures, the counties already are planning on some problems.

The amendment gives the legislature authority in several instances to initiate tax relief if it so desires — like increasing homestead exemptions for citizens 65 and over all the way to \$15,000. But some of these are not mandatory and will require future tax cutting pressure from the electorate to obtain.

The legislature did not do much about limiting tax spending or in giving the voters any tax reduction initiatives whatsoever.

The fact remains that at present the tax surplus in Texas continues to grow. Recently that surplus has amounted to three billion dollars every two years. It soon will become four billion dollars in surplus.

The present tax relief package, if passed in November, would return some one billion of this surplus back into some voters hands but would still leave the politicians with the happy task of spending most of the surplus themselves each two years.

So it is rather obvious that the tax relief which is now offered is far from a monumental slice.

The touring Mr. Jarvis, who authored the Proposition 13 in California which got the tax relief movement really rolling, is much more interesting anyway with his plan to reduce federal income taxes by a third over three years. Washington is where the real "pie in the sky" is really at. Washington is now into the same song and dance as we are going through here in Texas. A few tax relief tidbits are being offered voters to keep them off balance while the spending dance goes merrily on.

Clearing up an identity

It is difficult in the newspaper business sometime to properly identify persons even by name because many have similar names.

Such is the case of a Robert Jewell Pace, 33, who was indicted recently by a Garza district court grand jury for marijuana possession. He is a black who lives in Lubbock.

The arrested man certainly was not Robert H. Pace, Jr., of Odessa, a former Post resident.

The Dispatch printed the full name, age, and hometown of the arrested man following his arrest here in May.

Injury suit trial in district court

A suit for personal injuries was still being heard in Garza district court here Wednesday morning.

The jury case is a suit for personal injuries brought by Diane Thompson against Lumbermen's Mutual Casualty Co. and United Services Automobile Association.

LETTERS to the Editor

Thanks to donors

Dear Editor: I would like to take this opportunity to thank the people of Post for their support of the blood drive last Wednesday, Aug. 16th. The volunteers from the blood services center came to Post expecting to take back ten units of blood and were quite pleased when they were able to return with twenty-two units of blood from twenty-five volunteers. This effort on the part of local blood donors is something of which we all can be proud.

A special thanks goes out to you and your newspaper for the article to help "advertise", KPOS radio for

WHO CARES IF YOUR ELECTRIC BILL IS HIGHER THIS SUMMER? YOU DO AND . . .

WE DO!

If your electric bill has jumped this summer take a good look up at that Texas sun. Sure, we all like sunny days, but our friend the sun can be a villain in disguise. On these Texas scorchers, you'll need your air conditioning to run more. Sometimes running day and night — all night! Well, that runs up your electric bill. Just when vacation and school expenses are high.

We know you care about higher electric bills. And we want you to know that we care, too. We can't cool off the sun, but there are still some good ways to keep your bill from going much higher. Here are just a few.

- Turn the thermostat to at least 78, or until you find the highest possible setting that feels reasonably comfortable to you. If you have window or conditioning units, run them only as much as is absolutely necessary.
- Check your insulation.
- When you buy major appliances, including air conditioners, be sure to check the EER (Energy Efficiency Rating). The higher the EER, the more energy and money you'll save.
- Clean and replace the filters regularly.
- Keep your drapes closed to block out direct sunlight.
- Weatherstrip around doors and windows.

At Southwestern Public Service, we care about you getting the most for your energy dollar. Call us for suggestions to help you change the size of your electric bill for the better.

SAVE SCHOOL CHILDREN'S LIVES

Mr. & Mrs. Motorist: POST SCHOOLS WILL OPEN MONDAY, AUG. 28

It isn't that children mean to be careless . . . it's just that in their zest and vitality they sometimes forget to stop, look and listen before crossing the street. It isn't that we mean to be careless, yet the very car we drive may be considered a lethal weapon and the consequences of our negligence could be fatal. It is our moral obligation to be extra alert these days when school children crowd the crosswalks!

Public Notice

NOTICE

Pioneer Natural Gas Company, a division of Pioneer Corporation, hereby gives notice of its intent to implement new rates for residential and commercial, small industrial and air conditioning customer classes in the 63 cities and towns on its West Texas Distribution System, effective September 15, 1978. It is anticipated that the new rates will result in a 26.4% increase in Pioneer's gross revenues on its West Texas Distribution System, which increase is a "major change" as defined in Section 431(b) of Article 1446c, V.A.T.C.S.

A Statement of Intent to change said rates was filed with each of the cities and towns (listed below) on or about August 11, 1978, and is available for inspection at the Company's Amarillo office, 301 S. Taylor Street.

Public Notice

NOTICE
Pioneer Natural Gas Company, a division of Pioneer Corporation, hereby gives notice of its intent to implement new rates for residential and commercial type, small industrial and large gas air conditioning and/or electric generating gas service customers in the rural environs of the 63 cities and towns on its West Texas Distribution System, effective upon the date and to the extent that such rates are finally approved for the said cities and towns. It is anticipated that the new rates will result in a 1.7% increase in Pioneer's gross revenues on its West Texas Distribution System. The increase in Pioneer's aggregate revenues will not constitute a "major change" as defined in Section 431(b) of Article 1446c, V.A.T.C.S.

A Statement of Intent to change said rates was filed with the Railroad Commission of Texas about August 18, 1978, and is available for inspection at the Company's Amarillo office, 301 S. Taylor Street.

Local grandfather performs nuptials

Miss Debbie Kay Stafford and D.L. (Bert) Byrd, Jr. exchanged wedding vows Saturday, Aug. 12 in the Slaton Church of Christ. Sam G. Byrd of Post, grandfather of the groom, performed the single ring ceremony at 6:30 p.m. Parents of the couple are Mr. and Mrs. Arvin Stafford and Mr. and Mrs. D.L. Byrd, all of Slaton. Presented in marriage by her father, the bride wore a formal gown of white organza over satin with a sculptured neckline accented with lace. The long tapered sleeves were edged in lace accented to the elbow with applique lace. The A-line skirt ended in a full chapel train bordered in lace. Her headpiece was

of lace holding a chapel length veil of bridal illusion bordered in lace. The bridal bouquet was a cascade of gladiolus buds.

Serving as maid of honor was Sharon Stafford, sister of the bride and Slaton and Vonda Byrd, sister of the groom of Slaton was bridesmaid. They wore floor length gowns of navy blue and carried single long stem white roses accented with baby's breath and a white bow.

Flower girl was Marcie Stafford, sister of the bride.

Rocky Smith of Slaton acted as best man and groomsman was Tim Stefens of Slaton.

Serving as ushers were Danny Robinson, Levelland, brother-in-law of the groom and Jim Gray of Slaton.

A reception followed the ceremony in the fellowship hall of the church.

Following a wedding trip to Hawaii the couple are residing in Slaton.

Read Mail Ads Carefully — Advertising by mail is an important part of the free enterprise marketing system — and so are informed consumers.

Mail circulars do tell specific audiences about new products and special offers — but consumers should read advertisements carefully and know their rights and responsibilities when responding to ads.

Each word in an advertisement is important. For example, in a recent advertisement I received, homeowners were told of a special offer on aluminum siding.

Key words 'Your home can look as beautiful as this for only \$795!' A home was pictured. These words are actually saying, if your home is the same size and shape as the one pictured, your cost for our aluminum siding is \$795.

This may be a good price, but shop around and compare prices — before mailing the response card. Your house may be larger or smaller than the one pictured.

Other important words on the ad 'Ask about our special offer for steel and vinyl siding.' A postage card was attached and a

Lunch Menus

The Post schools menus begin the new school year with a breakfast menu that will be:

Monday — Selection of cold cereals, banana, half pint milk.

Tuesday — Cinnamon-peanut coffee cake, orange juice, half pint milk.

Wednesday — Oatmeal with butter, grape juice, toast, half pint milk.

Thursday — Sausage, applesauce, biscuit, half pint milk.

Friday — Peanut butter on Texas toast, pineapple tidbits, Texas toast, half pint milk.

Lunch Menus

Monday — Taco, lettuce salad, pinto beans, sliced peaches, cornbread, half pint milk.

Tuesday — Chicken fried turkey with gravy, sweet peas, whipped potatoes, coconut cake with icing, hot rolls, half pint milk.

Wednesday — Enchiladas with chili, carrot and celery sticks, green beans, applesauce cookies, hot rolls, half pint milk.

Thursday — Hamburger, lettuce, tomatoes, onion and pickles, buttered corn, jello with fruit, home made buns, half pint milk.

Friday — Frito pie, lettuce salad, potato tots, no bake chocolate cookies, cornbread, half pint milk.

phone number listed.

When consumers ASK businesses to come to their home to demonstrate a product or estimate costs, they lose their right to a "three-day cooling-off period."

If a seller comes voluntarily to the home, consumers have three business days after the sale to cancel the contract.

The same advertisement also promoted '100 percent financing, up to five years to pay.'

Read any credit contract carefully before signing. Make sure you are not signing a second lien against your home.

Shop around for a loan if credit is needed. Other creditors may be able to make a better offer.

Show tickets now on sale

LUBBOCK — Tickets for stage attractions slated during the 61st annual Panhandle South Plains Fair went on sale at five locations here Friday, Aug. 18.

Six different shows have been carded for the eight-day fair run, slated Sept. 23-30.

Tickets will go on sale at Sears and Hemphill-Wells stores in South Plains Mall, at Luskey's Western Wear, Ed's Wagon Wheel and Dunlaps, according to Steve L. Lewis, general manager.

In addition, tickets may be purchased by mail, PO Box 208, Lubbock, Tex. 79408, or at 105 E. Broadway from 9 a.m. until 5 p.m. on weekdays, Lewis said. Mail order reservations should include a stamped, self-addressed envelope. Ticket information may be obtained by calling 744-9557.

Plans for this year's exposition already are well underway. Officials of the women's division will meet at 10 a.m. Aug. 22 at the Hilton Inn to further map detailed plans.

The lineup includes: the Charley Pride show with Dave and Sugar, 5 p.m. and 8 p.m., Sept. 24; the Statler Brothers, 5 p.m. and 8 p.m., Sept. 25; the Johnny Rodriguez show, with Linda Hargrove, 8 p.m. Sept. 26 only; the Jim Ed Brown show, also featuring Helen Cornelius and Wendy Holcombe, 8 p.m. on Sept. 27 only; Eddie Rabbitt and Jerry Clower, 8 p.m. Sept. 28 only; and Mel Tillis, 8 p.m. Sept. 29 and 5 p.m. and 8 p.m. Sept. 30.

Tickets for all shows are \$4, \$5, and \$6. All seats are reserved.

Eggs, fryers and melons 'best buys'

COLLEGE STATION — Best values at Texas grocery markets this week include eggs, melons, fryer chickens and several vegetable items, according to Mrs. Gwendolyn Clyatt.

Also, there are a number of "specials" at dairy and frozen food counters and along grocery market aisles, she says.

Mrs. Clyatt is a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A & M University System.

This week's price-quality trends are the following:

POULTRY — Eggs are a good value, with small and medium sizes the most plentiful. Fryer chickens, also a good value, when bought whole will save 8-10 cents more per pound.

Turkey prices, however, are moderate to relatively

high due to limited supplies and more demand.

FRESH FRUIT — Honeydew melons, cantaloupes and watermelons are economical choices. Varying price levels appear on peaches, nectarines, plums, prunes, grapes, bananas and pears — so select according to budget limits.

FRESH VEGETABLES — Economical items include corn, carrots, cabbage, cucumbers, okra, dry yellow onions, yellow and zucchini squash and potatoes.

DAIRY — Features include milk (buttermilk and homogenized milk), yogurt and a variety of cheeses.

FROZEN FOOD — Items "on special" are fried chicken, orange juice and a variety of vegetables.

Grocery Aisles

Features are tuna fish, canned applesauce, tomatoes, peaches, cooking oil and peanut butter.

BEEF — Prices are steady in general. Most markets offer best values on chuck roasts and steaks, round and sirloin steaks and beef liver, along with ground beef.

PORK — Prices are stable. More economical items include Boston butt roasts, end and loin chops, quarter-loin cut into chops, semi-bonesless hams, bacon and liver.

Consumer Watchwords

Eggs offer complete, high-quality protein, so they serve as economical "stand-ins" for meat, fish or cheese. Buy from refrigerated cases and put them away as quickly as possible.

4-Hers shown crepe making

Xie Collins, home service advisor from Southwestern Public Service, did a demonstration on crepe making and the operation of the food processor for 4-H members, adult leaders and home demonstration club members in a recent meeting in the home of county extension agent, Paula Cawthon.

After the demonstration plans were made for the county food show to be held in November. The theme for the show was selected and is "Looking Good, Cooking Great."

Attending the demonstration were Shirley and Tanya Bland, Faye Payton, Virginia Custer, Inez Ritchie, Nona Lusk, Anne Chaffin, Viva Davis and Mrs. Cawthon.

Youthoughts

By TRACY McALISTER

I've always had the worst luck with dogs. They always turn out dumb or have some sort of disorder that is incurable.

Bobo and Ginger were robbing dogs. They loved to take away the neighbor's water hose. They also enjoyed taking off children's arms and legs. Finally we had to take them to dog prison where they were executed in the gas chamber. Poor pups...

Then, of course, there was the great Mickey. A pup who's love was to jump up on your leg. It got quite embarrassing especially when company came and we had to explain that this was his way of showing affection. Well, one day a terrible thing happened. While Mickey was jumping up and down, he went blind. Well, we kept him for a while. But it got rather weary watching him bumping into walls, so we put him out of his misery.

After Mickey's untimely death, we found that he had quite a lot of dog food left. So we immediately got a new dog. His name — Fat Albert. The trouble with Fat Albert is that he had to have been born without a brain. This mutt would chase cats without a cat anywhere in sight. He would also attack the washing machine. He must have thought that it was something from outer space. Well, one day Fat Albert got a little bit too mad at the washing ma-

chine. He bit the electric cord to it. Thus — he fell down — flat dead. This must have been a blessing in disguise.

Next came dear Buttons. One of the cutest dogs that I have ever picked up off the streets. Buttons was a spastic-epileptic. He could never be still. Even when he was asleep he would jump. In fact, we never really knew when he was asleep.

After trading Buttons off for a less shakier model, we got dear dumb Harvey. Harvey's greatest asset was his urinary tract which he used profusely. During Harvey's stay with us, I never had a clean shoe. How he obtained all of that water is beyond me. We could have hooked up the whole town to his water system.

Of course, we didn't always have stupid dogs. There was Aggie who's head was bitten off by a German Shepherd. Major — who died while he was hiking with me. I had to carry him back three miles — dead. Boy, did I get sick. And now we have W.D. (William Douglas) named after my grandfather which he takes quite a likeness.

But you know, a dog may be man's best friend, but is a man dog's best friend?...

In ancient Egypt, the pharaoh had to walk around the walls of a temple to make sure that the sun would continue his daily journey around the sky.

YARD OF THE WEEK — Jack Alexander is shown receiving the Chamber of Commerce "yard of the week" certificate in his front yard at 514 West 10th from Chamber president Larry Willard. Standing along side Alexander are his two daughters, Tyra and Sara.

Seal coating for Wednesday

Twenty-six blocks of city streets were scheduled for seal coating Wednesday providing weather permitted.

City Manager Pete Maddox said the W.D. Turner Construction Co. of Lubbock, which is now working north of Post on US-84, is scheduled to do the work.

Caliche base is being hauled in for the current street paving project, Maddox added.

Turn seen coming in beef herd reductions

point toward a buildup by next year.

Dr. Edward Uvacek, Jr., livestock marketing specialist with the Texas Agricultural Extension Service, notes that recently reported lower cattle numbers mean producers are still in the liquidation phase of the cattle cycle.

Total cattle and calf inventories on July 1 were seven percent below a year ago while beef cows were down nine percent. The specialist says beef cow replacement heifers were also down sharply, but nine states reported an increase in such heifers and one had no change from last year.

"This, in itself, might be signaling a somewhat different attitude among cattlemen and may point toward a buildup by next year," contends Uvacek. "Thus it appears cattle production is ending the old cycle which began in 1967. If this prediction is correct, cattle numbers should increase during the next few years."

"This new buildup, however, may be extremely rapid and somewhat shortened," believes the marketing specialist. "I look for another peak in numbers by 1985 or 1986."

Uvacek says the calving rate is still extremely low. The 1978 calf crop is estimated to be four percent smaller and come from seven percent fewer beef cows. Of course, this calf crop number is only a preliminary figure and will be finalized at the end of the year.

SUMMER FUN

Miss Angela Gwen Fiveash had an exciting summer of travel. She spent part of the summer in the home of her grandparents, Mr. and Mrs. John Cleveland of Memphis, Tenn. and from there her grandparents took her on a tour of California. She visited many sights in California including Knoxberry Farm and saw the Pacific Ocean. On their way to Ca., sights such as the Grand Canyon, the Painted Desert and Petrified Forest were toured.

Haven
A fierce storm was sweeping the Great Lakes, and a steam tug, towing a barge, began to founder. The captain and his crew took to a small boat. All night long they fought the waves, trying to keep from capsizing. It was punishing to man and boat. Morning came and they were rescued by a passing ship.

Afterward, the captain testified that throughout the night as they were beaten and tossed by the wind and waves there was one thing which strengthened their arms and kept them from sinking into hopelessness and despair. It was this—shining through the darkness and the storm they saw the lights of home.

 hat with the beginning of the new school year, the match is in dire need of a pool editor. This would be the gathering of the school news for the school and applicants may be for a junior or a senior, typing skills. An hour school Monday through day should be enough to pick up on all the news. An opportunity employer male or female may apply calling me at 2816.

all for all you anxious out there, only four days left until that day comes. The start of school, pray.

Senior pictures will be this Friday, Aug. 25 in Journalism Room at High School. For those seniors who did not have an appointed time in mail, you are asked to be between 9 a. m. and 12 p. m. Girls are asked to wear a skirt and blouse or a piece outfit and the boys asked to bring or wear a shirt. This will be the opportunity for you to see your senior portrait during the summer, so as you are on vacation, please try to be there.

So the annuals are here if you have not picked up as of yet, you may them at the high school principal's office.

For those of you who enjoy swimming, this is also closing here Sunday, 27 at 5:30. The pool will open Thursday night 7 to 11, so enjoy it while you can.

Congrats are in order to local kids that participated in the local tennis tournament over the week-

end but surely, kids are drifting away to that institutional of learning called college. Evans left Saturday for where he is trying out the football team. Best of luck to each and everyone of you in your new endeavors.

The last dance of the summer was held Friday at Youth Center with a fair amount. Brent and Mike, I hope you're not still mad because it didn't last longer. You should have come earlier and forget the rest.

Two visitors have been in recently from Ruidoso, I failed to get their last names. Cody and Brandon, all that I caught. Hope you enjoyed your stay in

Ray Compton and Eddie visited in Fort Worth last week and I understand they met several relatives.

Anna left the nest and to Corpus to visit with McGinnis for a week. She's been gone for two

weeks. The Post Antelopes will image against the Jackrabbits here Friday evening beginning at 7. Let's get the season off a good start and go out to show them we're behind in all the way.

Several kids have told me I didn't mention them all this summer. They were among the unfortunate didn't get to go where and had to work. Probable starters listed for Ralls scrimmage

Coaches want a good look Friday night

Coach Jackie Brown and his assistant coaches are looking forward to Friday night's scrimmage here to see how their tentative offensive and defensive units perform under simulated game conditions.

Although the Antelope squad held its intersquad scrimmage Saturday morning, a long sought shower cut short the action and prevented the squad from getting as much done as the coaches desired.

So the first "big look" will come against Ralls.

The scrimmage is free to all interested fans of course and its scheduled to begin at 6:30 p.m. with the junior varsities having a go at each other first.

Coach Brown told The Dispatch Tuesday that any position changes will be made after analyzing the scrimmage.

Brown said he is "pretty

well pleased" with the progress of the squad to date. "They're working hard and have the right attitude," he said.

"We're looking forward to the scrimmage to check individual performances. We have quite a few kids about equal in ability. After the scrimmage we will be able to tell a lot more about our prospects."

To date only one slightly ankle sprain could be listed as an injury.

The first offensive unit Friday night will find Leslie Looney or Kelly Baumann at center, Rex Cash at strong guard, Chuck Black at strong tackle, either Shorty Bilberry or Jackie Stelzer at tight end, Danny Gunn at quick guard, Jay Lott at quick tackle, and either Jimmy Odom or Dale Redman at split end.

In the backfield, Bryan Compton or Rance Adkins will be quarterback, Darrell Reece at fullback, Tim Morris at halfback, and Cliff Kirkpatrick at wingback.

Kirkpatrick was at halfback last year. Of the 15 possibles listed all are seniors except for Black, Stelzer and Adkins, who are juniors.

The probable starting defensive unit will have Kelly Baker at nose guard, Greg Poillard at left tackle, Jerry Perez or Deb Palmer at right tackle, Shorty Bilberry at left end, Jeff Lott at right end, Larry Rodriguez at left linebacker, Rex Cash or Noel Pena at right linebacker, Carlos Varela at rover, Jeff Williams at halfback, Jimmy Odom, Shawn Scott or Bobby Finch at safety, and Clinton Curtis or Tim Morris at cornerback.

Of these 16, all are seniors but Palmer, Lott, Rodriguez and Finch, who are juniors, and Pena who is a sophomore.

Also getting a "good look" during the action will be juniors Mike Macy at defensive halfback and Lynn Simpson at offensive center or guard.

The squad finished the last of its "two a days" with a 7 p.m. Tuesday workout. Workouts on Wednesday and Thursday were scheduled at 3 p.m. with teachers busy in workshop sessions.

The annual "picture taking session" is scheduled for 8:30 a.m. Friday.

Shirley Storie and Gary Jones big net winners

Shirley Storie repeated as the women's singles champion in the annual Post Closed Tennis Tournament here over the weekend and teamed with Kay Lamb to again win the women's doubles title. But it was Gary Jones of Slaton who scored the biggest sweep, winning the men's singles and sharing the men's doubles and mixed doubles crown.

Jones defeated David Midkiff of Tahoka, 7-6, 6-2 in the singles final Sunday afternoon after being pushed to three sets by Dennis Ward of Post 2-6, 7-5, 6-0 in the semi-finals of the eight-player singles bracket.

Midkiff ousted Raymie Holly, 6-2, 6-2 in the other semi-final after Holly had defeated Shelby Brake of Slaton 6-3, 6-2. Preston Poole, the only other Post entry, went down before Jones 6-1, 6-1 in the first round.

In the men's doubles, Gary Jones teamed with Mike Jones to win the title with a 6-2, 4-6, 6-3 decision in the finals over Syd Wyatt and Jimmy Bird. The Jones-Jones team were forced into tie breakers to defeat Randell Wyatt and Holly 7-6, 7-6 in their semi-finals.

In the other semi-final, Wyatt and Bird overcame Dan Lamb and Midkiff 6-3, 6-1.

It was an all-Slaton final in the mixed doubles with the team of Gary Jones and Juanell Jones defeating Shelby Brake and Lynn Webb, 6-4, 4-6, 6-4.

The Jones-Jones team were forced to three-sets all through the bracket, defeating Pat Thompson and Royce Hart 6-2, 3-6, 6-6 in the first round, and Patsy McCowen and Dennis Ward 7-5, 2-6, 6-2 in the

semi-finals. In the other bracket Shirley and Ronald Storie bowed to the Webb-Brake team 6-2, 5-7, 6-1.

In the women's singles, Shirley Storie defeated Juanell Jones 6-1, 6-3 in the semi-finals and then ousted Lynn Webb of Slaton in the finals, scores not given. Webb defeated Pat Thompson, 3-6, 7-6, 6-1 in the other semi-finals.

In the women's doubles, Kay Lamb and Shirley Storie defeated Lu Allen and Patsy McCowen in the finals, scores not given, after ousting Chris Kennedy and Lynn Webb in love. Allen-McCowan advanced to the finals with a 6-4, 6-3 win over Nancy Macy and Pat Thompson.

Results of finals in the high school division:

Shelby Brake of Slaton won boys' singles defeating David Foster 6-1, 6-0; Leslie Willard and Foster won boys' doubles defeating

Chris Belongia and Jackie Stelzer 6-1, 6-4; Julie Davis defeated Melinda Tatum, 6-1, 1-6, 6-1, to win girls' singles; and Chris Kennedy and Jenny Alford of Slaton won girls' doubles, defeating Leanna Davis and Julie Davis 6-2, 6-1.

In the junior high division, Mark Odom defeated Scott Lewis, 6-1, 6-1, to win boys' singles; Scott Lewis and Derrik Walls defeated Lynn Allen and Jeff Lamb, 6-2, 6-4, to win boys' doubles; Cynthia Poole defeated Rhonda Storie, scores not available, to win girls' singles; and Poole and Storie won the girls' doubles defeating Michele Hill and Patti McCowen.

Junior high divisions were played on Thursday, high school divisions Friday and adult divisions Saturday and Sunday afternoon. Players from surrounding AA school towns were invited.

Dove season to open for area on Sept. 1

LUBBOCK — The mourning dove prefers dry conditions to nest and feed and that, according to P&WD reports, is what the birds and the hunters will find opening day Sept. 1 in the Panhandle, South Plains and northern Permian Basin.

The dove season in the north zone which includes all of northwest Texas has been set with a split season running from Sept. 1-Oct. 21, 1978, and Jan. 6-14, 1979.

The daily bag limit will be 10 birds with shooting hours 30 minutes before sunrise to sunset daily.

Dove hunters in the fields

on the South Plains will find spotted populations of birds with reports from poor to fair turned in by field personnel.

A few of the western counties including Bailey, Cochran and Yoakum have received some rainfall and grain crops including sunflowers along with weed patches should be available for the doves.

Hunters are also reminded to check their shotguns prior to hunting doves as the shotguns must be placed in a three shell capacity including both chamber and magazines.

No quorum for school board

School trustees didn't have a quorum last Wednesday night when a special budget work session was called, but Supt. Bill Shiver went over budget items with the three trustees on hand.

High school principals also were on hand to declare that all but the new teachers in the system are qualified to use the packed system.

First PHS Bible class to have 21

Twenty-one students have signed up to take the new Post High School course in Bible this fall.

The course will be taught by Mrs. Rhonda Alford, one of the new teachers who also will teach American history.

The Bible course has been added to the curriculum here at the request of the Post Ministerial Alliance.

seventh and eighth graders and their teachers in the Middle School gym beginning at 8:30 a.m.

Both principals have asked that if any new students will be starting to school here this year, they should come by their respective principals' office and register this week, if at all possible.

Primary and Elementary School Principal Jack Alexander has a lot of information for parents of kindergarten through fifth grade students.

First, all children in these grades who were not in school here last year and who have not already pre-registered are requested to do so by Friday, Aug. 25, at his office in the primary school building between 8 a.m. and 4 p.m.

Classes will begin in both primary and elementary

schools at 8:35 a.m. Monday with the rooms open at 8:15 a.m.

The morning half-day kindergarten will dismiss at 11:20 a.m. The afternoon half-day kindergarten will be from 12:15 to 3 p.m.

The full-day kindergarten class and first grade will dismiss at 1:30 p.m. the first three weeks of school and thereafter at 3:00 p.m.

Second and third grade classes will dismiss at 3:00 p.m.

Fourth and fifth grade classes will dismiss at 3:45 p.m.

Parents of children who do not ride the school bus must arrange for them to come home when dismissed instead of waiting at school for older brothers and sisters. Bus pupils and only bus pupils will be supervised until the buses run at 4 p.m.

Kindergarten and first grade children will enter the east door of the primary building, where they will find their room assignments posted in the hall. Second grade students will enter the Main entrance of the primary building. Third grade students will enter the west end of the primary building. Fourth grade students will enter the east end of the elementary building and fifth grade students will enter the west end of the elementary building.

Lunches will be served in the lunchroom at a cost of 80 cents a day. Those who want to apply for free lunches should do so prior to the beginning of school, if at all possible.

The lunch schedule will be as follows: Kindergarten (full day), 10:30 to 11:10; first grade, 10:45 to 11:25; second grade, 11:00 to 11:40; third grade, 11:20 to 12:00; fourth grade, 11:30 to 12:10; and fifth grade, 11:35 to 12:15.

Free text books are provided for all students by the State of Texas. In addition, the school furnishes many types of supplies. However, paper, crayons, etc. must be furnished by the student.

A supply list will be furnished the first day of school. Also, all local businesses who sell school supplies were furnished a list.

"Our main objective is to provide your child with the best opportunities for them to learn and in order to accomplish this we must have your support," Alexander said. "We welcome you to come and visit at anytime. Should problems arise we are ready to do our part in finding a workable solution that would be to the best advantage of your child."

she was the nurse who saw the fire first and sounded the alarm but that it was nurses aid Elisa Villa who went into the trailer with RN Evelyn Sereno.

It's awfully easy, and sometimes a bit sad, the way rumors get started around a small town, Post being no exception. Some have confused the announced closing of the Mason & Co. furniture store with the Justice-Mason Funeral Home. Dee Justice purchased the funeral home business some time ago and isn't involved at all in those closing plans.

Highway Engineer Julian Smith popped in the office early Wednesday morning just as we started to write this column to ask us to tell Dispatch readers that the open and closed lanes up the cap on US-84 are being reversed for traffic to permit resurfacing of the north two-lane side. For a few weeks those heading out that way will go up and down the cap, one way traffic only, on the south side.

Mrs. Johnnie Murphy of Mineral Wells and Janice Faye Borge of Tracy, Calif.; 15 grandchildren; three great-grandchildren; and a stepmother, Mrs. Ruby Lee Josey of Weatherford, Tex. Grandsons served as pallbearers.

Burial was in Terrace Cemetery under direction of Hudman Funeral Home.

Caprock CB club will meet Sunday

The Caprock CB Club of Post will hold a meeting this Sunday, August 27 at 2 p.m. in the Chamber of Commerce meeting room above the City Hall.

All members are urged to attend as plans for a Coffee Rest will be made. The Coffee Rest is to be held at the roadside park on West 84 on Labor Day.

All interested CBers are urged to join.

John Hill is attacking State Budget waste . . .

"I've already started my search for waste in the state budget. I want to be ready to tackle overspending the minute I take office as Governor in January. My budget office already is paring down big state agency budget requests, to keep spending within available revenues. We'll have to live within our means, because I'll veto any new taxes."

COTTON TALKS

LUBBOCK — Cotton Incorporated Directors and Cotton Board members from the High Plains, representatives of Plains Cotton Growers, Inc. and the Texas Agricultural Extension Service met in Lubbock Aug. 17 with Cotton Board staff members to plan for a regional Cotton Incorporated report meeting to be held at the Lubbock Memorial Civic Center Sept. 20.

The meeting is scheduled to begin at 10:00 a.m. in the Center's banquet hall and will conclude with lunch.

Laying the groundwork for the meeting were CI directors W.B. Criswell of Idalou and L.C. Unfred of Tahoka, Cotton Board members Dan Davis of Lubbock and Don Anderson of Slaton, PCG President Lloyd Cline of Lamesa and executive vice president Donald Johnson of Lubbock. Cotton Board staff members present were Assistant Manager Earle Younts and Rick Shaw, both of Memphis, Tennessee, Billy C. Gunter, District Extension Agent of Lubbock, represented TAES.

All cotton producers, ginners and other with a stake in the future of the cotton industry are being invited and urged to attend, Younts said. Letters of invitation with a return card for reservation requests will be mailed to a large list on the Plains, and those not receiving a letter may contact the PCG office in Lubbock for reservations.

The Cotton Board is the producer group charged by law with the responsibility for administering CI funds and contracting with the CI Board of Directors to carry out approved research and promotion projects.

CI staff members will report on the fiber company's fabric development and promotional work; production, handling, processing and economic research, and CI's quest for a solution to the cotton dust problem and its relationship to byssinosis. Cotton dust in textile mills and other cotton handling establishments is widely referred to as perhaps the most serious threat cotton has ever faced.

There will also be a comprehensive financial report, Younts said, covering not only expenditures on past and ongoing activities but also some projections for meeting future industry needs.

"The successful operation of Cotton Incorporated to a large extent is dependent on having cotton producers and others in the industry well informed on its activities and financial affairs," said PCG's Johnson after the planning session, "and PCG is encouraging a large attendance Sept. 20 to help achieve this objective."

Dispatch wins third place

The Post Dispatch won third place in general excellence in the division for the larger weeklies in the West Texas Press Association's 1978 better newspaper contest.

Contest winners were announced Saturday morning at the WTPA's annual summer convention at the Inn of the Hills in Kerrville.

Publisher Jim Cornish attended the two-day meeting which opened Friday.

Governor Dolph Briscoe spoke at the Saturday luncheon on the recent special session on tax relief.
