

Tipton resigns as tax collector

Garza County Tax Assessor T.H. Tipton collected his resignation, effective Sept. 1, to the County Commission Monday.

Garza view ought on conservation

Public views on the conservation, protection and enhancement of soil, water and natural resources were sought at a meeting held in the Post Community Center at 7:30 p.m. Tuesday, May 30. Sam Greene, chairman of the Garza County Water Conservation District announced.

The meeting is in response to President Carter's signature of the Resources Conservation Act last November which requires an appraisal of the state's soil and water conservation program.

The RCA act authorizes the Secretary of Agriculture to develop a national soil and water conservation program in cooperation with the public, local soil and water conservation districts, the State Soil and Water Conservation Board, and the Conservation Service.

This program will establish a new direction for future soil and water conservation work in Texas based on soil, water and natural resource appraisal.

The act also outlines a plan for the U. S. Department of Agriculture's conservation assistance to districts and requires an appraisal of the effectiveness and progress of ongoing programs. Reports will be made to the public and Congress.

The first meeting will be in Garza view, Page 12.

Cotton loan rate boosted

The ASCS office here announced this week that USDA has raised the target price and the loan rate and extended the sign-up time.

The target price on wheat increased from \$3 to \$4 a bushel, and the loan rate on upland cotton from 48 cents per pound to 48 cents per pound.

Pool to open Saturday

The city-county swimming pool will have its opening for the summer Saturday, May 21. This will allow swimmers additional time to take advantage of the target and loan rates.

The group will hold play days and trail rides along with participating in parades during the year. The first parade they will ride in will be the Floydada Old Settlers Reunion parade this Saturday, May 27 at 2:30. Anyone wishing to join and be in this parade needs to contact Jim Jackson or Jim Boles before 10 a.m. on Saturday.

health" brought his decision to resign.

All told he has served 30 years in the county tax assessor-collector office here. The first eight were as deputy assessor-collector in the days when the county sheriff was the tax assessor-collector. The last 22 were as tax assessor-collector, after the office was elevated to an individual elective one.

"Folks have been awfully nice to me," Tipton told The Dispatch.

It should also be said that Tipton "has been nice to the folks, too" in the fine-way he has operated the important county office for three decades.

The county commissioners court, which accepted Tipton's resignation-to-come, will name his successor by appointment to serve until the next general election, which would be in November, 1980.

In an important action, the court agreed to accept a proposal for the county to purchase the two 4-H buildings upon approval of the 4-H board. The proposal for the sale of the two buildings was made the court by Noel White, president of the Garza County Junior Livestock Association, and Faye Payton, a member of the 4-H board.

In other actions, the court:

Discussed with Mrs. Ruby Kirkpatrick minor repairs on the museum building but took no action.

The court voted to move the Meals on Wheels hot lunch program in which meals are carried to shut-ins from the community center to the Lorenzo Alexander building.

Accepted the proposed summer youth program presented by J.R. Johnson. The program also has been approved by the Certia planning committee.

Discussed but took no action on jail renovation.

The court then convened as the county board of equalization and were told by J.R. Rapier, representative of Pritchard and Abbott, that the county will receive another increase in taxable valuation for 1978 for oil, industry and utility properties.

Mayor will be speaker

Mayor Giles McCrary will be the speaker for Memorial Day services in Terrace Cemetery at 10 a.m. Monday, District VFW Commander J.C. (Andy) Stelzer has announced.

The annual cemetery service is co-sponsored by VFW Post No. 6797 and American Legion Post No. 270.

Dr. Tom Pass will be the minister for the memorial service. Following the service graves of all veterans buried in the cemetery will be decorated with small American flags.

The VFW is hosting a Memorial Day breakfast for the entire community from 7 to 8 a.m. Monday. That evening, the American Legion are invited all veterans and their families to their post home for a barbecue supper.

Memorial Day will be a full holiday here Monday with most stores and the bank closed, no postal deliveries, and city, county and state offices closed.

Mrs. Dent is buried here

Mrs. Drura A. (Sammie) Dent, one of Garza's pioneers who died Saturday in Lubbock after a long illness at the age of 89, was buried Tuesday morning in Terrace Cemetery here.

Funeral services were conducted at 10 a.m. Tuesday in the Sanders Memorial Chapel in Lubbock by the Rev. Lewis Koerselman of Amarillo.

Mrs. Dent moved to Lubbock from Post six years ago after living here for 65 years, beginning in 1907, the year the town was founded.

She was born May 15, 1889 in Buffalo Gap, Tex., and grew up in the Gail, Tex., area. She was married to W. E. Dent, on July 13, 1908, here in Post. Mr. Dent preceded her in death.

Survivors included one son, Woodrow Dent of Imperial Beach, Calif.; three daughters, Mrs. Gordon Sanders of Lubbock, Mrs. Howard McCampbell of Amarillo and Mrs. Miriam Hughes of Midland; two sisters, Mrs. Ira Elkins of Post.

Lions to hold broom sale

The Post Lions Club will sponsor its annual Caravan Sales for the Blind here Saturday.

The annual broom sale, with local Lions sharing the profits with the blind, will be conducted from a van in the 100 block West Main.

But it's more than a broom sale now. The variety of articles, all made by the blind, include whisk brooms, all kinds of brushes, mops, mop refills, wax applicators, and squeege, grass or rubber mats, lawn rakes, and a variety of dust and polishing cloths, plus many specialty items.

See the Lions ad in today's Dispatch for price list on all items.

Jim Jackson heads new sheriff's posse

A Post Sheriff's posse was formed Tuesday, May 16 with Jim Jackson elected as president when a group of ten people met at the radio station KPOS.

Other officers elected were vice president, Billy Greene; secretary-treasurer, Jim Boles, Tina Greene will serve as queen for the organization.

Jackson said the organization is trying for 20 members and anyone who can handle a horse at any age may join for a \$5 membership fee. The posse is a family type organization with no drinking or profanity allowed.

During the organizational meeting, committees were also appointed with parade marshal to be Floy Richardson, flags, Harold Cass and uniforms, Bill and Gil Richardson.

Nine adults graduate too

Nine adults will receive their external high school diploma at the end of the school year with five of the class receiving their diplomas at the Post high school commencement exercises.

The members had a choice of participating in the program Friday evening and five class members chose to do so.

With a beginning class of four last year, enrollment was up to 13 this year with nine completing requirements.

The external high school diploma program offers adults the opportunity to complete high school and obtain a regular high school diploma. Sponsor for the group is Sandra Alexander.

On entering the program, students are given an adult performance level test that determines how many learning activities he must work through to complete the program.

All learning activities are based on information the student needs to function successfully in the adult world. The student studies such areas as insurance, banking services, comparison shopping, income tax, family planning, child rearing, legal aspects of employment, street law and many others. In the course of studying these areas, the student's basic skills of reading, writing and math

Breakfast set Friday

The Post Chamber of Commerce will hold its quarterly membership breakfast in the Post Community Center at 7 a.m. Friday with the Jackson catering service providing the catered meal.

Don Smith, manager of Postex Plant, will give a Postex update talk.

Chamber members also will hear activity reports from President Larry Willard and the three vice presidents, Rob Robinson, Jim Wells and Jim Cornish who head the Chamber's three divisions.

The biggest crowd ever is expected to be on hand as a big bag of prizes are to be given away as well as \$25 cash to a Chamber member if he is present and his name drawn.

Door prizes include a box of candy from Happiness 15, four mugs from LaPosta Gifts, a pocket calculator from Garza Auto Supply, set of water glasses from Collier Drug, a desk thermometer from Hundley's, a sack of sausage from Jackson Bros. Meat Packers, a free dinner from Damons Restaurant, a pair of fishing lures from Western Auto, a year's subscription to The Post Dispatch, and an AM pocket radio from the Radio Shack.

10 more rental units sought

A \$175,000 federal FHA loan is being sought to build five more duplexes on the S street site where 12 similar rental housing units have been full since the Post project was opened to renters two years ago.

This would bring the total rental units to 22.

James Mitchell, president of the Post non-profit corporation which operates the project, told The Dispatch that prospects for obtaining the loan are rated as very good and could be received within the next few weeks.

At a meeting last week, directors were told that the Whitaker and Hall architect-

Cotton planting rains blow in on 'wettest weekend'

Post got a "street filling" soaker last Thursday night to usher in the wettest weekend in a year or more and provide almost all of Garza County's cotton farmers enough moisture to at least try to plan a crop on.

Cotton planting began Wednesday and is expected to continue on a premium basis through next week.

The rains came in time, except for a band along the western edge of the county and in the Hackberry area, County Agent Syd Conner told The Dispatch.

Conner pointed out there is practically no subsoil moisture so more rains will be needed when the cotton comes up to keep it growing.

Only a few spots in the county received more moisture than Post which officially netted 3.11 inches for a three-day period, although some ranches reported five to six inches.

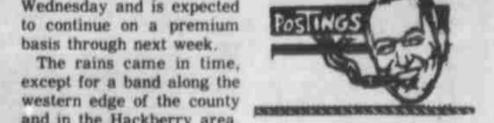

Generally most of the county's farm land received an inch and a half to two inches.

Post received a slashing 2.02 inches of moisture Thursday evening which was accompanied by high swirling winds and some small hail. No hail damage was reported.

The storm moved in shortly after 7 p. m. and rain continued to fall into 2 a. m. next morning with a hard shower to start and another hard one to end it.

A Friday night shower and early Saturday rain added .81 of an inch more here with a slow steady rain almost all day Saturday contributing .28 of an inch more.

The Thursday night soaker brought reports of heavier rains in other portions of the city than in the northwest where the official rain gauge is located in Glen Barley's backyard.

This is the big graduation edition of The Dispatch. Adding to its size are ads for Memorial Day Monday and from candidates in the June 3 runoff primary the following Saturday.

As somebody hastens to point out, if we didn't get enough moisture last weekend we're sure to get another good soaking Friday night because an outdoor commencement is planned in Antelope Stadium.

Wasn't that a great moisturizer last weekend? We finally got to cut our grass for the first time Sunday afternoon and are still wondering if it was the weed killer we put on with the fertilizer or the lack of moisture up to the weekend which kept our weeds from growing.

The Dispatch has its usual free editorial advice and congratulations to the young high school graduates on page 2, but what really catches our eye this spring is that nine adults are also going to get their high school diplomas though not all of them plan to "robe up" Friday night with the kids to get theirs in front of a crowd.

The Dispatch thinks this adult class size is just great. A lot of men and women for one reason or another quit school before grabbing their high school diplomas down through the years and we're sure have regretted it ever since. Now they can go back to school on their available time and get their diplomas and even qualify for college work.

To this class of nine adults — our congratulations. Your success should swell the ranks of adult students next year.

Despite the Memorial Day holiday Monday, The Dispatch will spend part of the holiday "getting started" on next week's paper. We find we simply don't have enough "hands" to get out a good newsy paper in a day and a half. We would appreciate all ads we could get this weekend and we'd like to have your news items Monday morning.

It'll be a full-blown holiday here with almost all stores closed, the bank locked, and city, state and county offices all empty.

Lucas sued for not selling car

Harold Lucas, local car dealer, has been sued for the first time ever for not selling a car.

Dolly Brown Mathis of Slaton filed a suit on contract in Garza District Court here Tuesday asking the court to order delivery of a 1978 limited edition Corvette, popularly known as the "Indy Corvette," to her by Lucas for \$16,000 and for payment of "reasonable attorney fees of \$5,333.33."

She also asks a temporary restraining order against Lucas to prevent him from selling the car to anybody else.

Mrs. Mathis alleges in her suit that on or about March 29 she agreed to purchase the car for \$1,000 over sticker price and paid \$500 down on the car at that time.

She alleges when she came about May 9 to Post to inspect her purchase Lucas told her the car would cost \$22,000, when back in March she alleges he told her the price would not exceed \$16,000.

No written contract was

AARP chapter to get charter

The Garza chapter of the American Association of Retired Persons will meet at 10 a. m. Friday in the community center to receive their charter from LeLah Adams, assistant state director.

Founded in 1958, AARP is the nation's largest organization — ten million members — dedicated to helping older citizens achieve retirement lives of purpose, dignity and independence.

The association encourages older Americans to remain active in community and public affairs and sponsors services to help them stretch retirement incomes.

Ms. Adams, who will present the charter Friday, has just returned from Chicago where she attended the 1978 AARP biennial convention as one of the 2,500 delegates.

Now a search for identity

It will be commencement time again Friday night as another group of Post High School seniors march out into the world with diplomas in hand.

What they will find, once they venture beyond the "security blanket" of their parents and family home, is a changing world. It's a world, we think, which is changing for the better too.

It wasn't so many years ago when we all felt the fear that each of us was becoming little more than a number, or a group of numbers, in a confusing computerized existence, which seemed to be closing in from all sides.

Not today. Now the emphasis is swinging grandly to the search not for material gains, but for personal identity. The young now go forth in a search for self.

Who am I? That is today's "\$64 question". Young people want first to find themselves before settling into a life pattern. For some that search is almost endless. But for most the search is well worth the effort.

Values in this changing world are changing too. People are beginning to seek personal fulfillment as a goal instead of coveting namely materialism.

The climb up the ladder of life is more a search for personal joy and satisfaction, in finding a niche in which one feels both free and comfortable.

This is not to say that a young person today settles for less than those of one, two or three generations ago. What he or she does is aim from the very beginning for more, not less.

Materialism as a goal in itself never produces the happiness those who fought and scratched for it believed. The "good life" the not-now-so-almighty dollar will buy will come as a byproduct of achievement for those who search out their identities.

The realization that personal identity is a far better goal than materialism has grown from the changes brought on by the tumult of the young fighting three wars in succession and those lost and revolutionary years of the sixties when the young turned completely away from the world of their parents in a bitter effort to build a not so demanding one of their own.

From this frustration of the young has come a growing set of new values in which personal feelings are most important—personal feelings first of self, then of each other, and finally for the stewardship of the world in which we live, or the portions of its within our control!

Whether the older folks will admit it or not in many ways this new set of values — which has brought the environmental and feminist movements among others — is aiming us all for a better life and forcing even the "older folks" into reassessing their long established positions.

When the young person finds his identity today, he or she will find a life style which brings happiness and fulfillment, which is the ultimate goal whether or not past generations have recognized this simple formula or not.

Of course, the changing world has also brought new problems. The drugs which were developed to help patch up the torn and wounded bodies of our recent wars have now become a new route of escape, a purpose alcohol fulfilled for the "older folks" of past generations. The drugs have worried and confused parents more than the "growing up" beer and whiskey, because the parents do not understand drugs as they knew and understood beer and whiskey by "daring" it themselves.

Drugs have brought a more vicious era of criminality than alcohol and the standard vices of past generations. That is another of the new problems of a changing world.

There are those who fear the changing morality of today's world. The sexual codes for many are codes no longer. Nobody uses the word prudence anymore. Probably the young do not know what it even means because of its fall into disuse.

But we sense in this changing world a change for the better because the younger people who have been going out into the world only a few years ahead of today's graduates have made it so.

Problems we will always have, the world is far from perfect and we cannot make it so. But American's worst enemy has always been the greed and facelessness of materialism. Now that seems to be eroding fast.

If the graduate can find and do his or her "thing" — as they say — the good things of life will flow as a matter of course for those who are lucky or deserve them. And this is a much better way to live.

Being a millionaire is no longer a life goal achievement anymore. In today's America millionaires are virtually a dime a dozen. Finding happiness in a life worth living is a much greater goal.

Good luck to all our graduates as they venture forth Saturday to begin their search.

By FLETA WALLS

Sunday services were brought to us by the Faith Lutheran Church with Rev. Don Neumann officiating. Also the church members brought cookies and punch to our residents which they appreciated. Next week's services will be by the Calvary Baptist Church with Rev. Jimmy Kennedy.

The Graham ladies came and sang for our residents and brought home made cakes and cookies. Our people enjoy this kind gesture tremendously. Those who came were Tommie Williams, Pearl Wallace, Rene Fluitt, Tina Brandon, Mary Peel, Sue Maxey, Alma Williams, Wanda Morris, Beatrice Morris, Beth Hooten, Myrtle Peel and Henrietta Nichols. Our residents joined in the singing and Winnie Tuffing played the organ for accompaniment.

Other visitors this past week were Mrs. W.B. Roberts, Janell Jones, Claudine Tipton, Arza Sinclair, Inez McGrew, Walter and Myrl Mathis, Hooter Terry, Roberta Herron, Bill and Lottie Sanders, Frank and Beulah Pickett, C.A. and Lucille Walker, Mr. and Mrs. W.E. Pierce, Gerald and Marie Clayton, Gene and LaVerne Hays, Frank and Ruby Bostick, and Rev. and Mrs. Don Neumann.

LETTERS to the Editor

A BIG THANK YOU

Dear Editor, There is a group of people who deserve recognition for a job well done within the student body of Post High School. These people have put in many long, hard hours to continue the development of a worthwhile organization that proudly represents our high school.

I would like to thank Bruce Waldrip, Chuck Bass, Kelly Mitchell, Nancy McCowen, Dale Redman, Karla Morris, Lynn Simpson, Kirk Stevens, Carolyn Pringler, Patricia Craig, Marinette Hays, Danna Giddens, Butch Booth, Larisa Shiver, Darrell Reece, Greg Polard, Belinda Fluitt, David Poole, and Larry Dodson for a job well done as student council members of 1977-78.

I would also like to thank our vice president, Nita Gunn and our secretary, Meg Reed. They worked very hard and contributed extra time to help things run smoothly.

Finally I would like to thank our sponsors, Mrs. Carolyn Black, Carolyn Sawyers and our principal,

Mr. Billy Hahn. They were instrumental in our work and helped us in every way. I appreciate their concern and the time they spent with us.

I hope that more adults as well as students will follow the progress of the student council next year under the leadership of Darrell Reece, David Poole and Patricia Craig. — Good luck. Sincerely,

Donna Josey

GOODBYE AND GOODLUCK GREG! We'll all miss you. From all your friends

a high Victorian neckline edged in cluny and venise lace. The empire bodice had a sheer yoke with a motif outlined in lace. The full bishop sleeves had band of lace and a wide cuff with a ruffle at the wrist. The a-line skirt flowed into a brush train and two tiers of ruffles at the hemline. The headpiece was a bandeau of matching lace and a chapel length train of illusion edged in val lace. The bridal bouquet was silk daisies with baby's breath.

Attending her sister as matron of honor was Jenny Dickerson of Canyon. Bridesmaid was Camille Wheeler, sister of the bride. Both wore formal length gowns of yellow dotted swiss and wore one silk daisy in their hair and carried three silk daisies on stems.

Serving as best man was Carlton Oglesby, brother of the bridegroom from Canyon. James Allen of Dumas served as groomsman.

Acting as ushers were Darrell Oglesby of Amarillo, brother of the bridegroom, and Nathan Wheeler, brother of the bride.

Traditional wedding music was provided by organist, Mrs. J.A. Wright of Slaton and soloists, Jon Taylor of Ennis, and Jenny Ratje of Borger.

Following a wedding trip to Clouderoft, N.M., the couple are living in Canyon.

Amanda attended school at Angelo State University and is currently attending West Texas State and will conclude her studies in Dallas. Oglesby also is a student at West Texas State and will be a candidate for graduation in August. Following his graduation he will attend Perkins Seminary at SMU in the fall.

Karen Taylor is honored

The home of Mrs. Don Pennell was the scene Thursday night, May 18, of a bed and bath shower to honor Karen Taylor, bride-elect of Joe Neal Clary. Approximately 25 guests

were registered during the evening.

The bride-elects chosen colors of apricot and yellow were used in the decorations. The table featured crystal and silver appointments and the centerpiece was an arrangement of yellow daisies.

Needlecraft has luncheon

"Mothers" was the theme for a luncheon held by the Needlecraft club when it met in the home of Mrs. Louise Dietrich May 20. Co-hostess for the luncheon was Margie Dietrich.

Candles and flower arrangements centered the dining tables.

A short business meeting was held following the luncheon and the club voted Mrs. Kathryn Rankin as a new member into the club.

Louise Dietrich read a poem by Erma Bombeck "When God Created Mothers", and Lucy Callis presented three poems as tributes to mothers.

Each member told of memories of their mothers.

Members attending the luncheon were Minnie Graeber, Eula Evans, Bess Bowen, Inez Thuet, Selma Kennedy, Lucy Callis, Linda Malouf, Helen Richards, Katherine Johnson, Alma Hutto, Lucille Lobban and Kathryn Cathcart, and three guests, Jewel White, Barbara Bell of Dallas and Eva Browning.

Special guests for the occasion included Lanell Clary, mother of the prospective bride groom, Bonnie Taylor, mother of the bride-to-be, Lucille Baker, the bride's aunt and Nancy Clary, sister to the prospective groom.

Hostesses for the shower were Vearl McBride, Martha Compton, Pat Heidelberg, Linda Waldrip, Rita Nelson, LaGayluah Feagin, Kay Lamb, Delores Redman, Terry Patterson, Jackie Lester, Molly Conoly, Shirley Pruitt, and Margie Pennell.

The hostesses presented Karen and Joe with a bedspread.

Jean Lafitte as portrayed by Chris Brunner in "The Lone Star," the outdoor musical drama presented nightly except Mondays in the Galveston Island State Park amphitheatre.

Pepsi dancer in 'Lone Star'

GALVESTON—In the midst of the "Pepsi Generation" craze in the early '70s, Chris Brunner, an actor and dancer from Brooklyn, New York, landed a principal role in a Pepsi soft drink television commercial.

With that job he began his professional career, and from his talents, seen both on and off stage during "The Lone Star" drama, Brunner, as well as Pepsi, according to the campaign slogan, "... has a lot to give."

Brunner portrays Jean Lafitte in "The Lone Star," Galveston's outdoor musical about the founding of the Republic of Texas. Privateer Lafitte claims Galveston Island for Mexico in the play's prologue to establish her involvement in the development of Texas. The drama culminates with a recreation of the Battle of San Jacinto and Santa Anna's surrender. Besides playing Lafitte, Brunner is a dancer in the show's ballet and jazz production numbers. He has been dancing since the age of 14, and now, 17 years later, trains under the direction of the President's physical fitness dance program coordinator at the Faunworth and Hauer New York studio.

But over the past several years he has concentrated on acting in film and theatre. He has numerous television credits, and is most eager to talk about episodes he filmed with Telly Savalas for the series "Kojak."

"Everyone always asks me about Telly Savalas," Brunner said. "I've never seen anybody work so fast. He has his lines down perfectly and only has to film the scene once or twice," he said.

Brunner also appeared in "Johnny We Hardly Knew Ye," a special aired last fall and "Seventh Avenue," a mini-series that was released in January.

He worked with actor Jeff Bridges in the soon to be released movie, "She Murdered Her Husband." Bridges' co-star, Farrah Fawcett-Majors, was never on the set when Brunner was.

But he says his most rewarding theatrical experience was when he and two friends founded a theatre in the gymnasium of a Catholic Church in Greeley, Colorado.

"We did four shows in eight weeks. We built our own scenery, put together costumes, choreographed the dances," he said. "We did everything ourselves."

And at the end of the summer Brunner and his friends donated their box office proceeds which amounted to almost \$2,000 to the school's building fund.

"It was then that I discovered New York is not the center of the world," Brunner said. "People are dying to see live theatre in other parts of the country, and I'd tell anyone thinking about going to New York to pursue a theatrical career, to go elsewhere," he said.

Recalling many of his New York audition experiences, Brunner said, "There were 500 people who looked just like me waiting in line to perform. It was frustrating."

"In New York the glamor wears off," he continued. "In Colorado I felt I was doing something worthwhile with my talent. I was really appreciated," he said.

Brunner has another talent besides acting and dancing, that is evident every day between performances of "The Lone Star." A graduate of New York's Wilfred Academy of Cosmetology, he has become the theatre hair stylist.

"I've been cutting hair for five years. It gives me something to fall back on when I'm not working on a play or a movie. And after this summer I'll be the only one working on Madison Avenue who can say he has cut Davy Crockett's hair," he said.

"The Lone Star" plays nightly except Mondays at 8:30 p.m. in the Galveston Island State Park amphitheatre. More information is available by writing Box 5253, Galveston, Texas, 77551 or calling (713) 737-3442.

Rhodes gives farm views at barbecue

Democratic congressional candidate A. L. (Dusty) Rhodes spoke to over 100 persons at a Saturday night barbecue on the Martin Parks ranch near Fluvanna.

He lashed out at the double standard flourishing in the beef industry, commenting, "It is unbelievable to think we would undercut our own domestic beef market with inferior imported beef."

"If we import beef at all," he declared, "we must demand that it be inspected and labeled as such so the housewife will know what she is buying at the market."

The Abilene business man-attorney said President Carter "is the real founder of the American Agriculture

Movement." Explained Rhodes: "When the Democratic party promised to the farmer in their 1976 platform and then failed to deliver, another crisis, that of a lack of confidence in government, was born. I support that platform. In the platform's own words, we must assure parity returns to farmers, based upon cost of production plus a reasonable profit."

He declared to achieve that parity goal, he believes first, foreign imports must be controlled, secondly, "we must let the farmer design and implement a system of acreage controls, and third, we must abandon the government's cheap food and fiber policies which depress farm profits."

Rhodes twice blasted his June 3 runoff opponent, Charles Stenholm, first for trying to put the election on the basis of farm versus city, and secondly for Stenholm's belief that farmers must support him simply because he himself is a farmer.

Rhodes declared Stenholm has been on "every side" of the farm issue during the campaign.

Rhodes spent last Thursday morning campaigning in Post, meeting and talking with voters wherever he found them.

Robo car wash is sold

David Parsons recently purchased Post's Robo Automatic Car Wash and self service bays from Joe McCowen and is continuing their operation here on a 24-hour basis.

Parsons has installed new pumps in the self service bays to increase the water pressure and installed two new vacuum cleaners.

He and his wife, Martha, have moved to Post from Snyder and are making their home at 811 West 13th.

David also holds a fulltime sales job with the Snyder Janitorial Supplies besides operating the Robo car wash.

'62 PHS grad is author of book

David Lee, former Post resident, is the author of the book, "The Porcine Legacy" which was recently published by the Copper Canyon Press of Port Townsend, Washington.

David is a 1962 graduate of Post High School and was one of the first boy cheerleaders for PHS. He is the son of Mr. and Mrs. Chant Lee of Delores, Colorado.

Let Us Pause and Pay Tribute

As we visit our cemeteries Monday to remember our loved ones buried there, let us remember too all of those veterans of America's wars who fought and in some instances gave their lives that freedom and liberty might live.

"Do you want a lawyer or a farmer to represent you in Congress?"

Charles Stenholm, a native of Stamford, has operated the family farm since 1962. Charlie attended Tarleton State, graduated from Texas Tech and taught high school vocational agriculture.

Charlie will be one of 15 farmers in the U.S. House.

There are already 213 lawyers there.

He has served as Executive

Vice President and President of the Rolling Plains Cotton Growers, President of Texas Electric Cooperative, and a member of the Texas State Agriculture Stabilization and Conservation Committee.

On June 3, when you elect your new Congressman from the 17th District, do you want a LAWYER or a FAMILY FARMER to represent you in Congress?

THE DIFFERENCE CAN MAKE A BIG DIFFERENCE.

Three teams are tied for Little League lead

Yanks, Dodgers and Cards win one each

Half the league's six teams were undefeated and tied for first place with one victory each today after the first week's play in the Post Little League.

The Postex Yankees, First Department Cardinals and First National Bank Dodgers were grouped atop the standings.

The opening round saw a lot of firsts for 1978 play - including the first homerun by Curtis Clinesmith of the Palmer A's, the first no-hitter by R. J. Greathouse of the Red Sox in an 18 to 1 victory over the A's, and the first rain postponement which apparently cost the A's their first victory, as they were leading the Cardinals 18 to zip after one and one-half innings Friday night.

Manager Pat Ayala's Yankees came up with their victory, a 7 to 4 decision over the Red Sox by rallying for three runs in the bottom of the fourth with two outs to break a 4-4 deadlock Friday night in the first game.

Lynn Allen went the route for the winners with each team getting five hits. Allen led off the winning rally with a triple, Greg Storie walked, L. D. Harper doubled, and James Brown got aboard on an error to account for the tallies.

The A's drew 18 walks in two innings at the plate against the Cardinals in the rain-postponed second game as the Red Sox tried three pitchers but nobody could get the ball over.

The A's found out what it was like Monday night not to have the pitchers on target when Brown Brothers' Red Sox walloped them 18 to 1 in a game shortened to five innings by the 15-run rule.

Manager Wendell Johnson's Sox managed only four hits, a pair each by Catcher Jim Couch and First Baseman Daniel Gonzales, but benefitted by 19 walks and two hit batsmen.

In getting his no-hitter, Greathouse put 14 on the bases with 13 walks and a hit batter.

The Post Fire Department Cardinals slammed 14 hits Tuesday night to lambast the Storie Gin Tigers, 17 to 4, with the losers picking up nine blows of their own.

Benny Hair and Todd Wilson each had three hits in four trips for the winners and Terry Kennedy, Keith

Craig, Robert Gill and Kenneth Gill had two apiece.

The strangest win came in the Tuesday nightcap when Manager John Valdez's Dodgers converted only four hits into an 8-7 win over the A's who had eight safeties. Eleven walks were the difference.

Michael Valdez doubled home Paul Perez who had walked and advanced on a single by Felix Bustoz with two down in the last of the fifth for the winning run.

Pitcher Curtis Clinesmith of the A's hit his homerun with two on in the first and also doubled in the third. Tracy Price and Robert Shults also had two hits for the A's as did Gilbert Perez, cleanup swinger for the winning Dodgers.

Babe Ruth loop will open play June 1

Post's Babe Ruth League will open Thursday night, June 1 with a double header pitting the White Sox vs. the Cubs in the 6 p.m. opener and the Indians clashing with the Braves in the 8 p.m. nightcap.

David Nichols, league president, released the schedule this week.

Play will be confined to the month of June with the four-team loop scheduled to end play June 27. Each of the clubs will play three nights a week - Tuesdays, Thursdays and Saturdays.

Sponsors for the four clubs are Strawn Transport, Dr. William Wilson, Radio Station KPOS, and B & R

Coating.

Nichols also announced the Babe Ruth district tourney for 13 to 15 year olds will be played July 10-15 at Lamesa, with the state tourney July 24-29 at Del Rio, the regional tourney Aug. 6-12 at Miami, Okla., and the world series Aug. 19-26 at Newark, Ohio.

The 13-year-olds district tourney will be July 3-8 at Tahoka with the state tourney July 17-22 at Pampa.

The remainder of the Babe Ruth schedule:

June 3: White Sox vs. Braves; Indians vs. Cubs.
June 6: Braves vs. Cubs; White Sox vs. Indians.
June 8: Braves vs. Indians; Cubs vs. White Sox.
June 10: Indians vs. White Sox; Cubs vs. Braves.

June 22: Indians vs. Braves, White Sox vs. Cubs.
June 24: Cubs vs. Braves; Indians vs. White Sox.

Palmers atop new slow pitch loop

The Palmer Well Service team jumped to the top of the Post Slow Pitch Softball League standings in the first week of play last week with three straight victories.

They outscored their opposition 46 to 13 and scored shutouts in two of the games.

There were two other undefeated teams in the 12-team league - Dirty Dozen and Black Power - with one victory each.

The soft pitch league is the first organized softball league in Post in many years with both company sponsored and independent teams participating.

The schedule calls for four games a night - Tuesday, Wednesday, Thursday and Friday each week - starting at 7 and 8:15 p.m. on the minor league field in David Nichols Park and at the T.W. Field behind the gym on Fourth Street.

Tonight's schedule matches TDY vs. Baptist, Brown Bros. vs. Palmer Construction, Postex vs. Los Unidos, and Outsiders vs. Dirty Dozen.

Friday night, it will be Dirty Dozen vs. Postex, Baptists vs. Black Power, Outsiders vs. TDY and B.J. vs. Los Unidos.

Let's talk about Leadership in Congress

There are only 14 farmers in the U.S. Congress.
Charles Stenholm would be No. 15.

There are 213 lawyers in the House.

When important bills on agriculture come up, Congressmen will automatically turn to their farmer colleagues for expert opinion and, more important, informal advice.

As a working farmer in Congress, Charles Stenholm can be a leader in agriculture *right away*. This can automatically lead to leadership in other areas.

STENHOLM CAN MAKE A DIFFERENCE.

And that's important to the 17th District and everywhere else in America where people eat.

Jr.-Sr. Banquet is big success

The 1978 Junior-Senior banquet was held Saturday night, May 20, at the community center. The theme for this year's banquet was "We May Never Pass This Way Again." The community center was decorated with tarry blue draperies, flowers and a colorful waterfall. Candelit tables were decorated in blue and silver. Dale Redman, junior class president, gave the welcome and extended a special welcome to the senior class. Senior president Bruce Waltrip acknowledged the well-wishers and then presented the class sponsors, Mrs. Joy Pool, Greg Eubank and Jerry Reynolds each with a gift. The senior room mothers were also honored by those present. After the invocation by

Lisa Cowdrey, the meal was served by members of the sophomore class. The program after the meal included the reading of the class will by Peggy Jackson, and the class prophecy by Sharon Johnson, Cindy Kirkpatrick then gave the benediction. The dance after the banquet was a disco-type dance with Bill DeMore from KSEL providing the music. Following was the Mel Brooks comedy film "Young Frankenstein." Winding up the all-night bash were breakfasts held at the Cowdreys' for the juniors and the Giddens' for the seniors. The junior class put in a lot of hard work and the banquet was a great success and thoroughly enjoyed by all who attended.

Darrell Reece named student council head

Darrell Reece has been selected student council president for 1978-79. Vice-president will be David Poole, and Tricia Craig will serve as secretary. The new officers were elected Monday, May 15, following a campaign rally during which the candidates presented their platforms. Election procedures were handled by Donna Josey, current president, and the senior members of the student council. Darrell and Tricia were elected by substantial margins, but a runoff was held for the vice-presidential slot between David and Meg Reed.

Darrell will be a senior next year, David will be a junior, and Tricia will be a sophomore. This is in accordance with the bylaws of the student council. End of school dance is set

An "end of school" dance will be held at the Youth Center Saturday night, May 27 from 10 to 1 a.m. Eighth graders through college kids are invited to attend and this includes the seventh graders who will be eighth graders at the beginning of the new school term. KSEL will play for the dance and an admission fee of \$2 per person and \$3.50 per couple will be charged.

Tune In to Morrow

By DAVID MORROW

It's always sad when you come to the end of something. You look back and wish you could live it again, if only to do something over again that fell short of your expectations. As I stand looking over my career as editor of the school page of The Dispatch, I feel justifiably proud of some things I have accomplished — and not so proud of others. But I wouldn't trade the experience for anything. I have really enjoyed working with everyone at the office. Mr. Cornish, Norma, Joann, Corky and David. I have tried to carry out my job to the best of my abilities, but I apologize if names were misspelled or left out, or if I failed to cover something I should have, and I leave you with the gentle reminder that no one is perfect. Growing up and going to school in Post has meant a great deal to me, and I have learned countless valuable lessons. I would like to share with you one thing I have learned. Life can get pretty rough sometimes, but it all works out in the end. ENJOY being alive, enjoy whatever you may do, because you will grow up, or move on, and it will be gone. Please, be happy, because that's what it's all about. As I move on to new places and new experiences, I will always remember and cherish my youth in this dusty little town in West Texas. And most of all, I will remember the people who helped me and encouraged me in so many ways. God bless all of you.

Spotlight on SENIORS!

Last week, we finished the capsule biographies of the graduating class of 1977-78. We have tried to show what they have been involved in, what they enjoy doing, and what their dreams and aspirations are for years to come.

It gets to be a habit after a while. The same thought, the same impatience is always there. Then you wake up Saturday morning after graduation. From force of habit, a little voice inside your head says "I wish school would be out." And another little voice inside your head (or maybe your heart) answers, "Hey, it is out... forever."

Being a senior is a wonderful and frightening experience. You are content with the knowledge that you have survived twelve years of school with a reasonable portion of your sanity. At the same time, you realize that the end is somehow the beginning.

PTA gains in membership

They call it "commencement", and life's irony starts with the fact that, even though a whole world lies out there, a wonderful and precious time has drawn to a close. "I wish school would be out!" This is the thought uppermost in the mind of a senior. And yet, moving through the year, you experience so many last times...the last football game, the last band contest, the last banquet, the last play. But still, you remain confident that there is enough time left. Tomorrow's another day. "I wish school would be

The newly organized PTA held its second meeting Monday night in the community center with 35 persons attending. It was reported that a tentative membership of 96 was made during a telephone membership drive. Meeting with the organization was Superintendent of Schools Bill Mann of Springlake-Earth and Mickey Hall and Elsie Smith both of Lubbock who gave the local unit more information on organizing. The PTA will host a coffee for all teachers all day Friday to be held in the Teacher's Lounge in each building.

POST LIONS CLUB WILL SPONSOR ITS ANNUAL Caravan Sale for Blind Saturday, May 27

The truck will be parked in the street across from the radio station. These products are made by the blind people of Texas and your purchases are greatly appreciated. Post may jump into utility rate case

Mayor Giles McCrary told the city council at its May work session Monday night that he had instructed the attorney for the city to file an intent to intercede in the Southwestern Public Service Co. rate increase request.

He explained that Monday was the final day to file such notices.

McCrary said the state utilities commission has the option of whether or not to review the Southwestern Public Service firm's request, but could leave the decision to the cities.

SPS has asked for an approximate 10 percent rate increase and has filed that request with both every city in the state in its territory and with the state utilities commission.

Post has 60 days to reply to the rate request.

In the only action of the shorter than usual session, the council voted unanim-

ously to table a request for a 30-foot paving extension on West Tenth Street with the city paying all the paving costs due to a flood problem in the area.

Councilman Bill Pool said he could not see where the portion of the street involved qualified for city paving as most of the runoff water would not flow that way.

The motion was amended to read that the paying would be authorized only if property owners involved wish to pay all the paving costs themselves.

The council was scheduled on its agenda to take up airport problems, but Harold Lucas, who heads the airport board, did not show up to discuss the problems. Lucas said Wednesday he thought the meeting was on another date.

The council has scheduled its regular June meeting for Monday night, June 12.

Four enter guilty pleas

Four men pleaded guilty in Garza District Court here Monday and two of them were sentenced to the Texas Department of Corrections by Judge George Hansard.

Oratio Bernal and Johnny A. Perez pleaded guilty to sexual abuse of a woman and were sentenced to not less than two years nor more than three in the penitentiary but were given jail time credit.

C. H. Hawley, formerly of Post, pleaded guilty to forgery by passing. He was fined \$200 and given a two year probated prison sentence.

Sadler Wesley Hair pleaded guilty to driving while intoxicated, subsequent offense and was fined \$350 and given a probated two-year sentence in the county jail.

Garza view-

Continued From Page One primarily deal with discussions on soil and water resources in the district and how to conserve them," Ellis said. "The public will also have the opportunity to learn more about the RCA act and the mission, relationship, and responsibilities of the district and Soil Conservation Service.

"I want to emphasize that a grass roots, bottom-up approach is the key to this act. Our district and Soil Conservation Service will need to identify specific resource concerns and associated problems, if any, in addition to determining the extent and severity of these problems. We urge anyone with an interest in natural resource conservation to attend and air their views," Ellis concluded.

Coffee and cookies will be served during the meeting.

Big rains here---

Continued From Page One headquarters registered 4.90 inches.

The Double Mountain Ford of the Brazos at Justiceburg had the biggest rise in two years and was reported flowing bank to bank two to four foot deep. Its drainage area comes from where the Thursday night rains were the heaviest in the U Lazy S ranchlands south of Post.

John Boren at Justiceburg reported a 2.6 inch total for the whole weekend.

Lewis Herron, the bank's farm representative, told The Dispatch the rainfall was "spotty" ranging all the way from 1.5 to 5 or 6 inches. Kalgary and Verbena each received two inches, but the Hackberry area reported only .60 of an inch.

The 3.11 inches of moisture here brought total Post rainfall for May to a respectable 4.76 inches.

Lubbock's TV stations were reporting "up to eight inches of rain at Justiceburg" and "flood conditions" at Post.

The only flooding here was down the streets which drain into the City-County Lake. The lake, which was away down, got almost a lake full in drainage water.

Widened Broadway ran curb to curb.

Most unusual reported incident on the Thursday night storm was that after the first hard fall filled the streets Jeff Hall and Jack Moore got out a Lone Star aluminum boat and floated from Main Street to City-County Lake by heading down Avenue I to Third and thence east to the railroad

and parallel to the track into the lake.

Proof of the ability of City County Lake to quick drain the city was all the debris floating on the lake Friday morning which included cross ties from the railroad, an old car hood which floated out of somebody's yard and all kinds of cans and other junk.

"We got the lake pumps cleaned out just in time," City Manager Pete Maddox told The Dispatch. Now we will be able to water the park all summer with the lake water.

Resident-highway engineer Julian Smith reported water over both US-84 southeast of Post and US-380 east of Post late Thursday night but said traffic continued to roll through at a slow pace.

Lucas sued-

Continued From Page One filed with the suit.

Lucas told The Dispatch Wednesday that he had told Mrs. Mathis in late March that he would sell the car "at the going market price at time of May delivery." He said he had turned down several offers of \$3,000 over sticker price for the hard-to-get model before Mrs. Mathis approached him to buy it.

Absentee voting begins in runoff

Absentee voting in the June 3 Democratic runoff primary began Wednesday in the county clerk's office here and will end next Tuesday.

CHARLES STENHOLM WILL WORK FOR YOU!
He Is Our Kind of Man . . . A Third Generation West Texan!

★ **AGRICULTURE** Charles Stenholm is a farmer and is for the farmer receiving cost of production plus a reasonable profit. He led a successful fight to recognize skip row planting. He knows the day to day problems of farming.
The 39-year-old Stamford resident was born and reared on a farm in Jones County in the 17th District, a farm on which he is the third generation Stenholm to work. In addition he has had experience as a teacher, businessman, church and civic leader as well as political experience which has led him to state and national involvement.

★ **INFLATION** Charles Stenholm advocates balancing the budget and reducing bureaucracy as the best way to fight inflation. He believes Congress is responsible for increases in the cost of living . . . he would like to work in Congress for you against rampaging inflation.

★ **EDUCATION** Charles Stenholm believes strongly in quality education, but more federal money means more loss of local control of our schools. He says "NO" to more federal aid to education. He says "NO" to a separate Department of Education because we cannot afford another federal bureaucracy.

A Two-Year Contract
Stenholm tells everyone he meets that he is "asking that the people of the 17th District give me a two year contract to serve you in Washington. If at the end of two years, I have not fulfilled your expectations, I would expect you to work as hard for my defeat as I am asking you to help me today."

★ **ENERGY** Letting the free market concept of supply and demand work in this country, Stenholm says, will permit our oil producers to get back to the job of drilling for oil and gas. He is for seeking alternate sources of energy. He also feels we must reduce our dependence on foreign oil and gas by reducing consumption. He is for deregulating the price of oil and gas in the U.S.A.

★ **FREE ENTERPRISE** This is an American ideal, an ideal most closely reached when the individual has a minimum of restraint and competition is permitted to flourish.

Charles Stenholm wants to get the welfare out of Social Security, and get true retirement back into the Social Security program.

Vote Stenholm for Congress in June 3 Runoff

A copy of our report is filed with the Federal Election Commission and is available for purchase from the Federal Election Commission, Washington, D. C. 20402.

DANNA GIDDENS
 April 22, 1960 in Lubbock, Texas, Danna Giddens was born. Her parents are Joe and Giddens, both are members in Post. Before Post during my grade year, I went to Alamogordo, New Mexico, Lubbock and since moving to Lubbock, I have participated in many activities that have made my school years enjoyable. Some of these are spelling and typing, National Honor Society, Drama Club, Student Council, and secretary of the senior class. I particularly enjoyed basketball, track, and All-School, UIL and plays.

DAVID MORROW
 Charles David Morrow, born to Charles and Wanda Morrow, October 1959. I have lived in Post my life and attended all five grades of school. My years in primary, elementary and middle school were filled with activities. Music has always been a very important part in my life and band and other activities have always been a great deal to me. Other activities that have made my years in Post enjoyable and memorable are plays, speech and UIL events, football games and contest of all kinds.

PATRICIA POSEY DUDLEY
 Wednesday, March 30, 1960 in Odessa, Texas, my parents Gene and Betty were blessed with a beautiful baby girl. They named me Patricia Lynn. After two years we left Odessa and moved to San Angelo. We did not stay long before moving to Lubbock where I moved in December of '68 and moved to Post. Starting into high school is one of my most memorable experiences. Through the years, I have acquired many wonderful and lasting relationships. I have also made a lot of valuable friends that will be useful to me later on in life. In the past years I have lived in Post, I feel I have made many accomplishments. After my junior year, I

married Garland Dudley which changed my name. Over the years, I have had a lot of fun in school and it is hard to believe it's all over now. Even though all my hard work and studies kept me from doing other things, it's nice to know they finally paid off.

PEGGY JACKSON
 Bo and Marita Jackson welcomed the birth of their oldest daughter, Peggy Lynn, on February 13, 1960. I have two sisters, Susan and Cindee. I have lived in Post all of my life and have attended Post schools for twelve years.

I have been involved in various activities during high school. I have participated in the Junior and Senior Plays, The Senior Gong Show, band twirler, Booster Club, choir accompanist, basketball, tennis, National Honor Society, Youth Council president for First Baptist Church, Youth Choir accompanist and other class and school activities. I have had the honor of being chosen FFA Sweetheart, FHA Sweetheart, Band sweetheart, and a nominee for homecoming queen. I have a part-time job as secretary at Jackson Brothers Meat Packers.

After graduation, I plan to attend Texas Tech University and major in pharmacy.

SHARON JOHNSON
 On August 23, 1960, I, Sharon Johnson, made my first debut into the world in Post, Texas. Being the youngest of fifteen kids, I was not spoiled, but always had plenty of attention.

As the years rolled by, I attended school. I started out in Post schools and have gone to them all my life. During the years, I have participated in band, choir, booster club, and National Honor Society.

After graduation, I plan to attend West Texas State University.

NANCY CLARY
 Mr. and Mrs. Neal Clary proudly announced the birth of a baby girl born on March 22, 1960 in Lubbock, Texas. This little baby turned out to be me, Nancy Carol Clary. I was also welcomed into the family by my older brother, Joe. I have lived in Post for the past eighteen years and I have attended the Post Independent schools for twelve years.

I have made many friends of whom I would not trade our friendships for anything. While in school, I have participated and held offices in various activities. They include: band, Spanish club, basketball, tennis, track, student council, drama club, sophomore class president, National Honor Society, (secretary), Science and Math club, HECE (historian) and FHA (first vice-president). I was named to the Who's Who Among American High School Students.

I served as captain of the Does basketball team and was named as all-district forward. I have competed in the UIL events of persuasive

speaking, typing, and spelling. I have been in the junior and senior class plays and an all school play. I have truly enjoyed my years at Post and I feel they have helped prepare me to face the world that is ahead of me.

Speaking of the future, I plan to attend Angelo State University in the fall. I am undecided on my major.

DONNA JOSEY
 Friday, November 13, 1959 turned out to be a lucky day for Loveta and Roy Josey. This was the day that their only child, a daughter they named, Donna, was born. I have attended Post

schools all my life and I have many fond memories of Primary, Elementary and Jr. High school. During high school, I have participated in National Honor Society, Student Council, Future Homemakers of American, HECE, paper staff, annual staff, vice-president of junior class, UIL one-act plays, UIL competitive speaking, Junior and Senior plays, all-school plays, drama club, booster club, band, and UIL readywriting.

After graduation, I plan to attend Tech and major in interior decorating.

KELLY MITCHELL
 On December 13, 1959,

Wanda and Mike Mitchell were surprised to find out they had a second daughter, which they named Kelly Lynn Mitchell. I have an older sister, Kim and a younger brother, Pat which leaves me with the middle position.

I have attended Post schools for twelve years and I have enjoyed it thoroughly. I have many memories of primary, elementary, junior high and high school.

I have participated in many activities in Post High School. I was cheerleader for the Post Antelopes, a member of the National Honor Society and Student

(Continued from Page 13) Council representative. I have also participated in basketball and received all-district guard honors my junior year. I was also a nominee for Homecoming Queen this year. I was in the junior play and worked on the senior play. I was president of the Post High choir my junior year. I worked for Patricia Reynolds in the Elementary gym this year through the HECE program and loved every minute of it. My plans for the future are still undecided but I do plan to get married this summer.

CINDY KIRKPATRICK
I, Cindy Kirkpatrick, am

the daughter of Mr. and Mrs. K.W. Kirkpatrick. I have three brothers, Mark, Dick and Drew and one sister, Kathy. I have lived in Post all my life and like living in a small town. During my four years in high school, I have enjoyed being involved in many activities such as sports, cheerleading, school plays, and the National Honor Society. I feel that having the chance to participate in many areas of school life is one of the advantages of a small school. The people I have worked with will be a part of my happiest memories. I appreciate the education I have worked for and received and feel that with

what I have learned, I will be able to continue my education at SMU. I am looking forward to graduation, but I am also sorry to see my high school days come to an end. My thanks to many teachers and friends who have helped make my school years memorable ones.

STEVE SHEDD
My name is Steven Mark Shedd. I was born in Garza Memorial Hospital to Mr. and Mrs. Emmett Shedd, on November 23, 1959. I have lived in Post ever since. I have one brother and two sisters and the two greatest parents that ever lived. My pre-school years are years I remember to me as being full of happiness and lots of good times, because our family has always been close and done many things together. To me, that is what makes a good family life, being together and doing things together. I don't remember much of my years in grammar school except that I usually got a whipping every day or had to stay after class because I talked all the time. My Junior High years did seem to get better for me; however, I involved myself in more activities than I had previously. I went to UIL competition in poetry reading and played football, basketball, and ran track my 7th and 8th grade years. I continued my athletics on into High School and lettered in track my junior year. Also, in High school, I have been in band, FHA F.C.A., the National Honor Society, and choir. This will be my second year to go to state as a soloist in choir. I have learned a lot in my years in high school and I hope that what I have learned will be put to use throughout my life. As far as my future plans go, I have not decided for sure what I will do. If I decide to go to school, though, I will probably major in music. If not, I guess I will go my own way and do my own thing until I decide it is time to settle down to a steady job and a steady everyday life.

KARLA KENNEDY
I, Karla Kennedy, was born November 1, 1959 in Garza Memorial Hospital to Mr. and Mrs. Gene Kennedy. I have three sisters and two brothers. During high school, I have participated in basketball, track, choir, booster club, and National Honor Society. My school years have been very enjoyable and they have set the foundation for future education. Not only has it been a learning experience, but also I have made many friends and acquaintances that I will cherish throughout my life.

DEBBIE WYATT
In Stockholm, Sweden on October 14, 1960, I, Debra Elaine became the first daughter of Mr. and Mrs. Syd B. Wyatt. I lived in the land of the "midnight sun" until I was two and one-half, then we returned to the states. In Texas, we lived in Abilene, Corsicana, and Amarillo where I started to the first grade. After my second grade year, we moved to California where my father furthered his preaching career. My third and fourth grade years we spent in Clairemont, California. Of all the places I have lived Malibu was the most beautiful. It was there that I went to the fifth grade. My family and I lived in a beautiful home near the beach and my father worked as an administrator for Pepperdine University. The summer before my sixth grade we moved to Post. This is where I have spent my last six years.

NANCY McCOWEN
On January 16, 1960, I, Nancy Jo was born to Mr. and Mrs. Joe McCowen in Post, Texas. I have a brother, Johnny and a sister, Patty. I have lived in Post all my life. The big event in my primary school years was when I outran all the boys in the third grade. The next year, I broke my arm on a

motorcycle. Life went on one day at a time until the seventh grade when I won second place in UIL Number Sense. Then in the eighth grade, I got class favorite. I played basketball from the seventh grade till I was a senior. I was team captain this year and have been in FHA, National Honor Society, Drama Club, the Science and Math club, band, and Who's Who Among American High School Students. Finally, I have met the qualifications to be a Post High graduate. I feel the past twelve years have prepared me for the future. I plan to attend Texas Tech in the fall and enroll in the College of Business Administration. I have no plans after college graduation, as of now.

BRAD SHEPHERD
Mr. and Mrs. Doug Shepherd announced the birth of their third son, Brad, on August 1, 1960. Primary and elementary schools were fun, but junior high was very special because that was when I began to participate in athletics. During high school, I have been involved in many activities including National Honor Society, football, basketball, track, student council, freshman class president, science and math club, fellowship of christian athletes, FHA, junior and senior class plays, UIL editorial writing. After graduation, I plan to attend Tech and major in business finance.

GLORIA MARTINEZ
I was born on May 4, 1960. Post is the town that I was born in and I have always lived here. My parents are Mr. and Mrs. Billy Martinez. I have two younger brothers, Billy Jr. and Danny. My school years have all been spent in the Post schools. I enjoy school and the many activities that I have had a chance to participate in. Upon graduation, I plan to join the U.S. Army and specialize in stenography. My planned date to report is October 3, 1978.

Shirley Wise named head

Shirley Wise, co-supervisor of the dietary department of Garza Memorial Hospital, recently was named president-elect of the South Plains Association of Hospital Education in Institutional Food Services for 1978-79.

As president of this prestigious organization, Mrs. Wise will represent all South Plains hospitals on a statewide level. Her responsibilities also will include planning and implementation of procedures relating to hospital food service programs.

Hospital Administrator Ed Zintgraff commented, "Shirley's abilities, talents, and ambitions will provide the H.E.I.F.S. organization with superior leadership. We are all proud of her accomplishments."

Books needed at Crosbyton

CROSBYTON — "Books, books, books!! We need lots and lots of books to be sold in a Book Fair to benefit the construction of a Crosbyton library," says the Friends of the Library.

The Library Friends are asking everyone in the area to go through their bookshelves and bring all the books they are through reading to the Pioneer Memorial Building to be sold in a Book Fair Saturday, June 10. The Book Fair will be held in the Pioneer Memorial Building.

Books needed include fiction, non-fiction, cookbooks, posters, magazines, comic books and children's books. Books may be either hardback or paperback. The books will be priced from five cents to three dollars at the book sale with proceeds going into a fund for construction of a building to house the Crosbyton library.

The proposed library structure will be on the Southwest corner of the square in Crosbyton and tentative plans call for the exterior design to complement the existing Pioneer Memorial Building.

ON DEAN'S LIST

Tina McAllister, a student at Angelo State College, was listed on the Dean's list for the year. Tracy McAllister, a student at Lon Morris College in Jacksonville was also listed on the Deans list. Tina and Tracy are both former Post High graduates and are the children of Mr. and Mrs. Gene Moore and Mr. and Mrs. A.J. McAllister.

New nursing class at WTC

SNYDER — Applications are now being accepted for a new Vocational Nursing Class to begin Aug. 1 at Western Texas College.

June 23 is the final day for making application, and since the class must be limited in size persons interested in applying are urged to submit applications as soon as possible.

Prospective students are to go first to the counselors' offices in the WTC Student Center for the PSB test. Applicants must be between the ages of 17 and 52 and have a high school diploma or a GED certificate.

Vocational Nursing is a 52-week program. Students receive both classroom instruction and working experience in Cogdell Memorial Hospital. Some financial aid is available for students who meet the requirements.

Persons wishing information about Vocational Nursing may contact Winnie Poyner or Diane Beard, instructors. Their office hours are 3 - 4:30 p. m. Monday through Thursday and 3 - 4 p. m. on Friday.

Bond sale still strong

April sales of Series E and H United States Savings Bonds in Garza County totaling \$16,200 were reported today by County Bond Chairman Lewis Herron. Sales for the fourth-month period totaled \$93,555 for 72 percent of the 1978 sales goal of \$130,000.

Texas sales during the month amounted to \$27,433,931, while sales for the first four months of 1978 totaled \$105,008,559 with 34 percent of the yearly sales goal of 306.6 million achieved.

What... heats, broils, roasts; simmers, sizzles, broasts; grills, bakes, stews; panfries, and even barbecues?

GAS COOKING OUTDOORS

Gas cooking outdoors sure makes sense in the summertime. It keeps the heat out, so your house stays cool. You save on air conditioning. Plus there's no charcoal or lighter fluid to buy, and no wait. Gas reaches cooking temperature fast and cooks full family dinners, everything your inside range and oven can cook, with that great outdoor flavor.

Take the heat out of the kitchen. Install a gas grill on the patio. It sure makes sense in the summertime, or anytime!

Charmglow 2000

With 351 square inches of cooking surface and deep hood design, this popular grill has the capacity to cook a big turkey or whole ham. Heat sets with the turn of a knob, and the special H-shaped burner and permanent impurities heat the entire cooking area evenly.

Class prophecy sees future

by SHARON JOHNSON
Just the other day, I decided that I would put on a show for some guys who were coming down the road. And for nothing better to do I went and grabbed my next door neighbors' skateboard. The first time they came by I just tried a few swerves and curves. The guys seemed to like that and so I decided to try a harder act. As they came closer I took one foot off the skateboard. Well, the next thing that came into my view was a hospital. I thought I was in it at first, but then I realized that I was seeing ten years into the future. Coming down the hall of the hospital dressed in a doctor's suit was Erik Howard. He had just checked on two of his patients. Patricia Dudley and Laticia Rogers were busy enriching their families. On my way out, an

ambulance was coming in. Driving it as none other than Jackie Reiter. He was hired because of his speediness. Agapito Flores was being taken to the emergency room after he ran his trash basket into the bathroom wall. Phew!! I had to get out of there. I never could stand the sight of a bloody nose.

Gloria Martinez had made a 2nd Lt. in the Army and she is busy trying to convince Joe Espinoza and Rodney Gray that Army life is better than riding around the school. Darlena Johnston decided to profit from her high school career. She opened a jewelry store selling engagement rings. Bobby Macy is rich and happy on his prosperous T-Bird Ranch. Debbie Wyatt has gotten married and has three boys and three girls. But that didn't keep her from pursuing her high school project. She has formed her own tennis team. Peggy Jackson has finally finished pharmaceutical school. She has now gone into partnership with Bob Collier. After going to college for four years to be an electrician, Mike Holly has come back to Post to extend another branch onto Holly's Drive-In. Brad Shepherd is now retired after making millions combing his hair on Vitalis commercials. I did not know that combing your hair could be so profitable.

Bud Jones is in complete ownership of the Big Texan Steak House. Susan Troxtell turned down his offer of co-ownership in fear that she would not be able to get in her dress. Linda Steel is now the principal of a school for girls which maintains very strict discipline. Lillie Rosas is making home visits for her. Karla Kennedy loved her high school psychology class so well that she decided to make a career of it. She has spent the last seven years of her professional career trying to convince Fabian Morales that he is not Chico. And speaking of stars; Terry Smith made it big in show biz when she brought the Mickey Mouse Club back into action. Kelly Mitchell is now the owner of the Pearl Beer Company. She hired Eddie Reece and Virgil Morris as expert tasters. It is not a wonder that her company keeps going into the hole instead of profiting. Terry is not the only big star. Ronald Bratcher made his debut in a play named "Dirty Work in High Places." It was a smash hit on Broadway.

Wes Horton was unanimously chosen the new driver's ed teacher as he could tell the students how not to have an accident. Evans Heaton, Butch Booth and Shelby Barley have progressed to professional football. Butch Booth, as a linebacker and Evans Heaton, as an end, have captured positions on the Dallas Cowboys and Shelby Barley is carrying their towels. And on the sidelines, Shelby is making sets for college plays. The Cowboys were downed by the Rams and the great playing of Steve Davis. Donna Josey's editorial ability has really paid off. She has taken over the Dispatch and has hired Stuart Price as the print

better. Stuart's drawing ability was not wasted though. He is literally making millions drawing Jefferson, Lincoln, Washington and Hamilton--on bills. Nancy McCowen is still trying to figure out what she wants to be when she grows up.

Janice Bradbury was fired from her position of legal secretary position in Washington, D.C. after she made a "slight" mistake in typing the budget. The Congress was wondering what happened to the millions of missing dollars. Julie Raymond took over her job. To make profit from one of their faults, Bruce Waldrip, Raymie Holly and Rodney Josey became co-owners of a Natural Gas Company. To support his habit Gary Eaton is now running a cast making factory. Brent Terry and Kohen Josey have found that rounding up cattle is faster and easier on motorcycles. It gives them plenty of time to visit Sheri York's Dairy Queen which she manages. The Dairy Queen has come a long way. Now it frequents well-known singers such as Mark Williams, Steve Sheedd, and Bryan Elliott. Tommy Reed and Pat Riedel have mercifully taken David Morrow into their group as a vocalist after his Opera show was kicked off the network. The time has been taken up with

a new musical show starring none other than "golden voice" Nancy Clary. Jeff Greene, County Judge, fined Larry Harper and Donnie Greathouse hundreds of dollars after they used the main street as a drag racing track. Sherri Bishop is enjoying her job as a telephone bugger. She listens to all the interesting conversations. After years of beauty school Danna Giddens became a model and Madam Cindy Kirkpatrick is designing her clothes. Nelda Reyna was very inspired by one of her teachers and so she came back and took over his job. She is now band director at PHS. Virginia Bevers decided to relax after high school. She is helping her husband brand their cattle on their ranch at Justiceburg. Chuch Bass has taken over the position of the Texas Tech masked rider, but he has not forgotten his high school job. He surprised all of the fans when near the end of a very rough game, he sang, "I got a tiger in my tank."

In the midst of all my classmates I see myself. I am holding a — What is that? A crystal ball? Did I prophesize the class that well? It was then that I realized that I was lying out in the middle of the street. And so I prophesized the Class of '78" in the year of "1988."

Last will

(Continued from Page 16)

Tyler a full tank of gas, so he can to Stamford to see his girlfriend.

Kohen Josey, and Steve Davis will Charlie Cendalski his own new wrecker.

Janice Bradbury will Isabel Pena and Jody Palmer the ability to work in Mrs. Sawyers class.

The senior National Honor Society members will Debbie Tyler all of their old books.

The Horticulture class wills Jennifer Bishop the ability to come to class one week without skipping.

Darlena Johnston wills Sherri Morris and Melinda Adams the perseverance to survive HECE.

Sherri Bishop wills Randy Conner a chrome breather even though it won't fit.

Janice Bradbury wills her curly hair to Belinda Fluit and Karen Taylor.

Fabian Morales wills Sherri Morris the ability to play chicken with Eddie Reece without getting caught.

Janice Bradbury wills Dana Bird her figure.

Sherri Bishop wills \$1.50 to Melinda Adams to by a boutonniere for Coach Long.

Raymie Holly wills a can of 10 oz. lemon spray and a butane lighter to Dale Redman.

The senior train gang wills Rex Cash and Jeff Williams the ability not to be the caboose of next years Senior Train.

Pat Riedel wills his brother, Mike, the ability to carry on the Riedel tradition.

Tommy Reed wills his ability to get a research paper done, with brad holes punched on the wrong side, to Larry Dodson.

Nelda Reyna wills her ability to ride the logs at Six Flags to Pauline Sepeda.

The Senior class wills Mrs. Pool the ability to have as much fun with any other group as with the "loveable" Seniors of '78, especially at Six Flags and directing a senior play.

ACCIDENT TRAPS OLDER ADULTS

It's important to "safety plan" for older adults. Home hazards endanger the elderly.

If all ages are alert to possible dangers, and practice safety precautions, they can avert many accidents that cripple and even kill elderly persons.

Often it's minor — a correctible thing — that causes a serious accident. For the elderly living at home, providing extra protection — and decreasing hazards — helps compensate for deteriorating physical and or mental abilities.

Here are suggested safety measures:

Provide well-lighted stairways with handrails, and encourage use of handrails. Provide ramps if steps are an obstacle.

Fasten carpets and rugs securely to avoid skids or tripping.

Install grab bars in the bathtub, shower and other areas and use nubby rubber mats and seats in shower or tub.

Wipe spills promptly and eliminate highly polished floors or slick areas.

Install spring pole jacks, well fastened between floor and ceiling, to help the person with weakened muscles pull up from bed or chair.

Provide night-lights, near floor, to prevent stumbling or falling at night. Provide light switches at room entrances. Bedside lamps and flashlights can help. Remove lamp cords, low furniture and toys from passageways.

Husband and wife receive promotion

SHEFFORD, ENGLAND — Dennis K and Patti L. May, a U.S. Air Force husband and wife team, have been promoted to staff sergeants at Chicksands RAF Station, England.

Dennis, son of Mr. and Mrs. Walter D. May, Rt. 5, Leighton, Pa., is a 1972

graduate of Leighton Area High School. Patti is the daughter of Mr. and Mrs. Elwood Nelson of 702 West Sixth St., Post, Tex., and graduated from Post High School in 1972.

The sergeants are now serving at Chicksands as communications analysis specialists with a unit of the U.S. Air Force Security Service, R11.

As It Looks From Here

OMAR BURLESON, ALCO, 1706 DISTRICT, TEXAS

By OMAR BURLESON WASHINGTON, D. C. — Our American society has many unique features in its system. One is the spontaneous working of a creative public spirit. Out of this traditional spirit have come institutions such as libraries, museums, civic organizations, great colleges and universities, the Salvation Army, symphony orchestras, garden clubs, hospitals, religious organizations, 4-H clubs and many others. This American spirit reaches into almost every field of human interest in every community across our country.

Mr. John Gardner, writing an essay in Time magazine, recently described this spirit. "These Americans are a peculiar people. If in a local community a citizen becomes aware of a human need which is not being met, he thereon discusses the situation with his neighbors. Suddenly a committee comes into existence. The committee thereupon begins to operate on behalf of the need and a new community function is established. It is like watching a miracle because these citizens perform this act without a single reference to any bureaucracy to any official agency."

Now there is a new school of thought with a very different view. It would change this American tradition — that of private giving for public purposes — with the idea that the government tax these sums and then when the government found that there was a need, it would give instead of the individual.

We have already gone down this rode a long way, but now the "Government-knows-best-people" want to

do away with the freedom of the tax deductible gift. Those who hold this theory propose to eliminate the deductibility of that dollar given to a school for the blind, take the money into the Treasury and if the school needs money, let Congress and the Federal Agency appropriate it. The American people average giving about \$30 billion a year in contributions to various causes in the service of their communities. Now we are being told that Government bureaucracies can do a better job. The track record hardly substantiates this contention.

There is even a bigger question involved. Should government take over all charitable functions, what would be left for the individual dedicated to caring and concern for others and for the institutions they wish to support?

The trend has been running against voluntarism. Since the advent of welfarism, it is easy to say that if any need is involved, let Washington do it. But even so, people give. Two weeks ago, the Ways and Means committee acted in a way to give encouragement

to the reversal of this trend. It tentatively voted to allow taxpayers to deduct charitable gifts whether they itemize their tax returns or not. This was contrary to the idea of some that the congress should act to either partially or entirely eliminate charitable donations.

There are attractive arguments to completely junk our income tax system, and in its place, levy a flat percentage of taxes on every taxpayer and eliminate all exemptions and deductions. No question it would simplify the tax code which is greatly needed. It could be made a progressive tax and reduce the burden in many instances but it would also lend itself to eliminate the various incentives and deductions vital to our system. No one could successfully defend many of the inequities involved in our present tax code, but insofar as tax breaks are given industry to enable them to expand and produce, it becomes essential. The diversity and the qualities of individual giving for public good represents a freedom of judgement over which no government authority should be imposed.

STATE CAPITAL HIGHLIGHTS
By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — Texas Public Utility Commission staff members have proposed slashing more than \$116.5 million from a proposed \$214.3 million Southwestern Bell telephone rate increase.

PUC staffers would allow an increase of about \$97.7 million.

Bell sought a 10.4 percent rate of return, but the recommendation would allow 9.3 percent. Based on equity, Bell sought a 14 percent rate, and the staff would allow 12 percent.

Company officials called the recommendations inadequate to meet their needs.

Declaring the company's cost of doing business in the state was \$1.84 billion, the PUC staff would not allow these Bell requests:

—Including \$245 million in construction programs in the rate base.

—Consideration of \$50 million in claimed federal income taxes.

—Allowance of \$3 million in advertising and contribution expenses.

—Inclusion of \$2.4 million in ad valorem tax claims. Hearing on the Bell request is scheduled for May 22, and probably will last three weeks.

Average home telephone subscribers would see little change in rates under the staff proposal, and rural rates may decrease slightly, PUC indicated.

Allowable Set

For the 16th straight month, the Railroad Commission set the statewide oil allowable, for June, at 100 percent of market demand.

Nominations to buy Texas crude oil totalled 3.5 million

barrels daily, just 6,037 barrels fewer than in May.

Commission calculations anticipate 2.9 million barrels daily crude output during June.

Chairman Mack Wallace reported June nominations for the purchase of Texas natural gas totalled 23,103,367,000 cubic feet daily, an increase of two percent over May.

Wallace also noted crude and petroleum products imports were 7,631,000 barrels daily during the four weeks ended April 28, representing 42 percent of current U.S. demand.

Special allowables were assigned to 11 fields for conservation purposes. June 20 is the next monthly oil and gas proration hearing date here.

Crime Force Rapped

An audit by the governor's Criminal Justice Division organized crime task force rapped Attorney General John Hill's organized crime task force for allegedly operating illegally as police officers and packing guns.

The report also claimed the attorney general has no authority to operate an intelligence agency and criticized poor record keeping.

Tim James, head of the unit, called the report ridiculous, politically motivated and "just plain sorry."

James also made the point that the unit is federally funded, and that no criticism has been made of it earlier when financing of its operations was renewed.

New furniture is donated

Garza Memorial Hospital employees have used proceeds from the employees' coke and candy machines to purchase new hospital lobby furniture.

The income from the machines was donated to the hospital by employees to buy the furniture here from Hudman Furniture Co.

Director of Nurses, Laverne Jones, noted: "Our new furniture reflects to the community the great amount of pride that we all take in the hospital."

SUNDAY VISITORS

Visiting in the home of Mr. and Mrs. Johnny Ray Sunday were Mr. and Mrs. Jerry Ray, Barry, Traci and Andy, Mr. and Mrs. Jimmy Matthies and Sandra and Mrs. W.R. Greer all of Slaton and Mrs. Irene Greer and Mr. and Mrs. Ronnie Greer and two girls all of Lubbock.

Patriotism Patrick Henry has come down to posterity on the strength of a single word: "Give me liberty or give me death!" However, this great Virginian said many notable — and quotable — things. For example, at the first Continental Congress it was he who struck the keynote: "The distinctions between Virginians, Pennsylvanians, New Yorkers and New Englanders are gone. I am not a Virginian, but an American."
 It was Adlai Ewing Stevenson who said, "The real patriots are those who love America as she is, but who want the beloved to be more lovable. This is not treachery. This, as every parent, every teacher, every friend must know, is the truest and noblest affection."

As It Looks from Here

By OMAR BURLESON
 WASHINGTON, D.C. —
 The president's tax proposal has now been before the Ways and Means Committee since January 21, 1978. Since that time, long and tedious hearings have been conducted with literally hundreds of witnesses testifying pro and con. We are now out of the hearings stage and attempting to write a bill

and there are about as many ideas as there are members of the committee.
 It is certain that the president's proposal has little chance of approval in the form submitted. If the measure were approved as the Administration proposes, we would end up with a \$67 to \$70 billion deficit. The bill provides for cuts of \$22.5 billion for individuals

and about \$6 billion for business for the year 1979. It further provides that certain tax cuts of 1977, which expire at the end of this year, be partially extended, bringing the total to about \$34 billion.
 Tax reforms, which means closing what some want to describe as "loopholes," recover \$9 billion in tax revenues, leaving a net reduction of approximately \$25 billion.

For an average American family of four with a \$15,000 income, the proposal would cut their tax by \$258. In the meantime, the family would lose the \$35 tax credit per person now provided. This is not nearly the whole story. The next tax cut to such a family would be offset two or three times over, by the increased rate of inflation to which the increased deficit would contribute. In short, it amounts to giving with one hand and taking it away with the other.

There is a proposal before the committee to extend the tax cuts enacted in 1977, including the \$35 credit per person, the small business surtax exemption, earned income credit and a few other provisions for reduced taxes. It would reduce the deficit of approximately \$60 billion now projected to about \$35 billion. The reduction of this approximately \$25 billion from the deficit would result in the Federal Government not having to borrow this sum, making it available to the private sector for industrial expansion at lower interest rates. It would result in an attack on inflation and make possible more employment in the industrial sector and, in the longer term, reduce pressures on material and labor costs, contribute to American exports and a healthier economy generally.

It is not so much the dollar which remains after taxes to the individual and businesses; it is the value, the quality of the dollar and the measurement of what it can buy. Dollars developed through tax cuts resulting in higher deficits, are certainly less useful than the dollars that remain after a tax policy which reduces the deficit to around \$35 billion.

If there is the wisdom to move in this direction, in time it will create economic conditions which can turn this Country around in its problems with inflation, depreciation of the dollar world-wide and reduced imbalance of payments.
 Some argue that this is a case for high taxes. It isn't. Rather it's a case for responsibility — against continually rising costs of everything, instability in our economy — the integrity of our dollar. With this must go a drastic reduction in Government spending if we are to bring sanity to our fiscal affairs.

LUBBOCK — The sign-up date for the 1978 farm program has been extended to May 31, giving farmers a little more time to digest program provisions.

The extension was needed, say officials of Plains Cotton Growers, Inc., Lubbock, because of "last minute" changes and rumors of changes in the program.

"Judging from the questions we are getting," says PCG Executive Vice President Donald Johnson, "there is still not a good understanding of the program and how it will operate."

Some of the most repeated questions and the answers given to PCG by the State Agricultural Stabilization and Conservation Service in College Station follow.

Question: Are we now assured that the cotton loan in 1978 will be 48 cents per pound?

Answer: Yes. President Carter has signed into law a 48-cent minimum loan for 1978 through 1981 and the law gives the Secretary no power to lower it. The President has said the Administration would introduce legislation removing the 48-cent minimum, but there is no thought that such legislation will affect the loan in 1978.

Q: If it doesn't rain and I qualify for a prevented planting payment on June 1, can I plant another cash crop on the land and still get the payment?

A: If grain sorghum or another crop which might subsequently be eligible for a prevented planting payment is planted, the acreage planted in excess of last year's acreage will be deducted from the cotton acreage on which a prevented planting payment is made. If another crop, such as sunflowers or soybeans is planted, this acreage will be subtracted acre for acre from the cotton acreage eligible for payment.

Q: If I qualify for a prevented planting payment on cotton and it rains after June 1, am I required to plant feed grains, soybeans, sunflowers or some other crop?

A: Originally the regulations required planting of another crop, but PCG and others objected, and the rules have been modified for Texas. As it now stands, if you put a herbicide on your land in anticipation of

planting cotton, you won't be required to plant feed grains. And if you have no history of planting soybeans, sunflowers or other crop, you will not be required to plant these crops either.

Q: If I plant cotton and fail to get a stand, get hailed or blown out or otherwise become eligible for a "failed acreage" payment, can I then plant another non-conserving crop without losing the payment?

A: Yes. Nothing in current regulations would penalize you for planting another cash crop after you have reported the loss of your cotton and the ASCS office has inspected and released the acreage.

Q: Is there a difference between prevented planting and failed acreage payments?

A: There can be a difference in the number of acres eligible for payment. Both payments will be at the per-acre rate of 17.3 cents per pound times 75 percent of established yield. The maximum acreage on which you can qualify for a prevented planting payment is the acreage planted in 1977, while all acreage actually planted in 1978 is eligible for a failed acreage payment.

"There are any number of other questions relating to individual situations," Johnson says, "and even for those producers who may have already signed up in the program, another trip to the ASCS office for clarification of the most recent rulings may well be profitable."

Public Notice

STATEMENT OF INTENT TO CHANGE RATES

Southwestern Public Service Company, in accordance with the rules of the Public Utility Commission of Texas and the Public Utility Regulatory Act of Texas, hereby gives public notice of its intent to change its general retail rates in the counties served by it in Texas effective on June 16, 1978.

It is expected that the increase in rates for residential, commercial and industrial customers will result in an increase of 8.8 percent in the company's gross revenue in Texas as compared to that furnished by the existing rate schedule.

Complete copies of the new rate schedules have been mailed or delivered to the appropriate officer of each affected municipality at least 35 days prior to the effective date of the proposed change and copies of the new rate schedules have been furnished to the Public Utility Commission of Texas.

Home health agency offers new service

Clients using home health care services often need skilled nursing service by an LVN or an RN, but they are ineligible for home health visits because their skilled nursing needs do not meet the Medicare guidelines for "skilled care."

Seeing this special need, the MBFA Foundation, which has delivered home health care in Texas since 1969, now announces a new service to these special clients.

Now those persons who require less than skilled care under the Medicare guidelines, or those who require the skills of a licensed professional (vocational) or registered nurse, but cannot afford to pay the regular charge and have no insurance covering these services, are eligible through the Texas Homemaker Service, a division of MBFA Foundation.

An example of this type of service would be the client who needs a B-12 or other type of vitamin injection, as has been ordered by an attending physician, and has no Medicare, Medicaid, Veterans or private insurance of any kind and cannot afford to pay the normal charge. Now this patient can have the visits of an LVN or RN in the home at a beneficial rate based on one's individual financial status.

This service also will benefit the patient who has been on the home health service under Medicare, or

some other type of insurance coverage, and has depleted this coverage, but is still in need of skilled nursing service. Now the client can pay a beneficial rate and remain on the service under this new system through MBFA's Texas Homemaker Service.

The service should not be confused with regular homemaker services. This is still skilled nursing care given by an LVN or RN, but just does not meet the Medicare guidelines. The client must be under the care of a physician who will order this service for the patient.

You may discuss this with your physician or you may call Texas Homemakers for more information. The phone number to call is 747-2814 in Lubbock or in the Post area, Maxine McGregor or LVN, at 253-2294 in Ralls in the evening will be able to answer any questions you or your physician may have regarding this new service.

West Texas Home Health indicates that this new service will provide another alternative to their clients toward better and more complete medical care available in the clients' homes. She adds, "MBFA Foundation's motto is a 'Vision With A Task', and this task is continually being accomplished and the vision is becoming a reality to those the Foundation is privileged to serve."
