until 4 p. m. Dec. 21. The proposals will be evaluated and if all goes well on federal financing the housing authority will select a builder-developer on the basis of best site, design, and amenities offered.

Seventeen of the proposed 32 units will be built for the elderly and 15 units for low income families.

The elderly units will include 15 one-bedroom units and two two-bedroom units. Most of the family units of course will be bigger. They include only one one-bedroom, six two-bedrooms, six three-bedrooms, and two four-bedrooms.

A small management and maintenance building also is called for in the project, preferably located at the site of the elderly apartments.

The large new project will be financed through the federal HUD program.

# Temp drops to 31 here

The temperature dropped to 31 degrees in Post early Wednesday morning, the coldest mark of the year to date.

Although only .13 of an inch of moisture was recorded here this week it took it four drizzling days for it to fall — .03 on Saturday, .01 Sunday, .01 Monday and .08 Tuesday.

If the temperature did drop low enough for the freeze the cotton farmers have been waiting for Tuesday night, the weatherman promised to end that suspense on Wednesday night and get the puny harvest under way.

# Next Dispatch out Monday

The Dispatch will publish its Thanksgiving edition on Monday afternoon next week instead of Wednesday.

That is to give food advertisers, for whom this is the year's biggest holiday, a final opportunity and to enable the newspaper to be distributed before the holiday and not shut up in the post office for the holiday.

The advertising deadline will be Saturday noon. Only essential front page news will be accepted Monday. Society and personal items should be reported either Thursday or Friday if possible.

The Dispatch office will then close next Tuesday afternoon for an extended holiday vacation for its employees the remainder of the week before the start of the Christmas rush.

# Insurance coverage of \$4,489,500 bought

Post school trustees Tuesday night unanimously accepted an insurance proposal from Bryan J. Williams & Son for all risks coverage of all school district properties and their contents, excluding state owned textbooks, for three years for a total premium of \$101,627.

The proposal included a 15 percent premium dividend of \$15,244 at the end of the three-year policy to the school district.

Total coverage is for \$4,489,500 as determined by an Aug. 16 appraisal made by Whitaker & Hall, Lubbock architects.

The new policy will become effective Nov. 30. Harold Lucas of the Post Insurance Agency submitted a written proposal on the same amount of coverage

for one year at a cost of \$33,875.66. Tom Power of the Tom Power Insurance Agency was on the agenda, but did not put in his appearance.

Trustees had a light agenda for their November meeting but two reports did raise all eyebrows.

One was a letter from Pritchard & Abbott, the school district's valuation consultants, which revealed that Burlington Industries was handed a double assessment on \$1,354,020 worth of plant real estate through erroneous advice given by the Pritchard & Abbott office to the school tax office.

The error came about when the school tax office was advised in correspondence from Pritchard and Abbott that the \$1,354,020 for real estate had not been included in the final order value of Burlington's taxable property when actually it had been. This led to a double assessment on the real estate.

# Relocation of refugees told

Brig. Gen. S. M. Kennedy of Lubbock, who is deputy chief of U. S. Army Reserves, told Post Rotarians at their Tuesday luncheon now civilian soldiers under his command relocated 140,000 Vietnam refugees in this country at the end of the Vietnam war.

General Kennedy served three years in Europe in World War II and will have been in the army reserves for 36 years, come December.

In civilian life, he is a full professor at Texas Tech University teaching geopolitics and international relations.

He spoke to Rotarians on "National Defense Policies of the United States." He reminded the civic clubbers that the base of our security policy is to "thrust our security to the citizen soldier" and "maintain civilian control of our military establishment."

Sharing the program with General Kennedy was Dr. Michael Waco of San Angelo who sang some selections from "The Sound of Music" accompanied on the piano by Mrs. Patty Kirkpatrick. Dr. Waco, who has been a guest soloist with symphonies and operatic companies all across the nation, was in Post conducting a series of meetings at the First Christian Church here.

# Cotton crop not worst but pretty darn close

## 10,665 is bale guess

Garza's 1978 cotton crop won't be the worst in the county's history. But by any standard it won't be a money-maker either.

The worst, as far as ASCS records here go, came in 1974 when only 5,974 bales were harvested and virtually every bale of that came from irrigated land.

Last year's crop, while not of bumper size, did total out to 33,856 bales.

The Dispatch conducted its first telephone gin check with the county's ginners Tuesday afternoon and came up with a prediction of 10,665 to 11,945 bales.

That is just about one-third of last year's crop. The 1977 cotton crop was probably Garza's earliest cotton crop in history. This one may not be the latest, but it should see all the county's gins running right on past Christmas and well into the new year.

By Nov. 24 a year ago over 30,000 bales had either been ginned or hauled onto the gin yards.

In comparison on Nov. 14 this year only 920 bales of Garza cotton had been ginned, and with the wet weather in vogue this week there may not be too much more ginned before Nov. 24 either.

Not all the ginners could be reached. The Storie and Southland gins did not answer their phones on a drizzling wet Tuesday. Pleasant Valley's gin will not even open for business this year, so short is the crop in its ginning area. At least, that was the information The Dispatch had on its intentions.

Only a few farmers undertook the added expense of defoliating this year, with farmers who haven't plowed up their cotton still waiting for the first freeze.

Here is a gin by gin report: Ted Aten of Graham Coop

# Hospital employees voted merit raises

Garza Memorial Hospital directors have voted individual and merit raises to hospital employees which will become effective Dec. 1.

Action came at the board's annual salary review last Thursday morning at the November breakfast meeting. No across the board percentage hike was voted, however.

Other major action of the season was to approve an updating of board policies with no major changes involved.

The hospital had 68 patients admitted in October, Hospital Administrator Ed Zingraff reported. October patients had an average stay of 3.2 days with the hospital average 7.1 patients per day for the month.

Six babies were born during the month. There was one death. Hospital expenses for the month totaled \$42,452.89 with income from hospital receivables totaling \$33,509.77.

# Chairmen named for 17 drive divisions

Garza United Fund workers are now busy in all 17 drive divisions. Drive Chairman Jim Cornish announced this week.

"We're already starting to roll with \$2,019.50 in up to date," Cornish said. "Most of this is from the big business division but it does include the generous contribution of the local chapter of the Texas State Teachers Association."

Division reports are due before Thanksgiving and it is hoped the late starting drive can be completed by mid-December but it could run after Christmas.

Chairmen of the various drive divisions this year include: Ed Zingraff, hospital employees; Walter Didway, Postex employees; Ida Mae Wilks, ASCS and SCS employees; Ray Bagby, state highway employees; Dr. Tom Pass, ministers; Sue Trammell, downtown employees; Everette Windham, George R. ## Helper needed, not a hurter

Garza County's economy got two more hard rights to the head from President Carter's administration Saturday.

He vetoed bills which would have restricted his authority to increase meat imports and would have exempted the U.S. textile industry from tariff reductions agreed to during current international trade negotiations.

Both could have some harmful effects here.

Readers will recall when beef prices soared not so long ago that President Carter moved to import foreign beef to bring the price down again — down to the point where the beef producer had a hard time trying to make his living.

Although Carter said he vetoed the meat import bill because "it deprives a president of the only anti-inflationary tool available", critics say it will eventually lead to higher meat prices in the long run because cattlemen will be reluctant to rebuild their herds with the threat of beef imports confronting them.

Foreign textile and apparel manufac-

turers, mostly Japanese, are now doing a \$5.2 billion worth of business in this country. Critics see the floodgates to such imports being opened even wider in current trade talks with the Japanese to the detriment of America's textile and apparel workers.

The veto was termed a grave disappointment because of the importance of the legislation to the job security of 2.3 million Americans who work in the textile and apparel industry.

Garza farmers got "slugged" by the same administration in their tractorcade protest in the nation's capital last summer when they sought for parity for farm prices. Garza's small-sized but hustling oil production efforts have been continually stymied by the same administration's refusal to turn loose of price controls on oil and gas.

On his performance record for his first two years in office, President Carter couldn't have done much worse for the economy of this country.

What we need in Washington is a president who will help us instead of hurt us.

## Important national impact

When Bill Clements, the oilman from Dallas, stunned virtually every politician in Texas last week by winning the governorship in the biggest political upset the state has seen in the last century, we remembered the hot summer morning last August when he sat in the well-worn visitor's chair in The Post Dispatch office being interviewed.

Bill, who is a very persuasive fellow when he gets to talking, started out by saying that his 1978 campaign for the governorship was the start of the 1980 Republican drive to oust Jimmy Carter from the White House.

Now that Clements has taken the first big step, it is a good time to look ahead as to what his victory will mean in 1980.

Texas in recent presidential elections has been one of the important "swing states" in the country. Had it gone Republican in 1976, Gerald Ford would have been our president today.

Texas denied Nixon the presidency the time he ran against John Kennedy.

Both times these were extremely close races.

While Texas is not recognized as a "two party state" it generally votes conservative and very often crosses party lines to do it.

With two years to build upon a new governor's mansion base, Republicanism in Texas may achieve some measure of political respectability by the time America votes for the presidency again.

And looking ahead to 1980, the challenge to the conservatives in Texas may not be the

effort to oust Jimmy Carter from the White House. Instead it well may be a crusade against Ted Kennedy and a vast new thrust of Kennedy-inspired and expensive liberalism on the national scene.

Kennedy is sounding like he is finally ready to run in 1980 and he will be the first choice of the liberal establishment over Jimmy Carter.

There were "Teddy" buttons all over New Hampshire two weeks ago when Kennedy flew in before the election to support a Democratic candidate. It was the first time he has accepted an invitation to speak in the little New England state where the first Democratic primary is held each presidential year. Does that tell you something?

There were more buttons a day or so later when he flew into Iowa to support another Democrat. Iowa is where Carter got his first toe-hold on the national scene as the Iowa Demos caucus there for a presidential candidate before they even vote in New Hampshire.

Another point we remembered from Clements' August interview in the Dispatch office. He said he had found the No. 1 issue of the campaign, as far as people were concerned, was "the quality of high school education our young folks are receiving today."

Clements also told us then he stands for square for voter initiative in Texas, something the Democrats up to now have denied the voters.

# The Country's No.1 Bestseller

More things are sold through the Yellow Pages than any other buying guide.

If you think the Yellow Pages is just a listing, think again!

It contains all sorts of information that can be extremely helpful no matter what you're shopping for.

Like, does the place take credit cards?

What are their hours? Etc. Etc. Etc.

Maybe that's why more people read the Yellow Pages last year than just about any book published.

Curl up with it the next time you're shopping for something.

## Thank You

The Grassland Community Center wishes to thank each and everyone who helped in any way to make our benefit Pie Supper a big success. All who purchased the delicious cakes and pies baked by the ladies and to the ladies who baked them, we say "Thank You." To all who purchased tickets to the afghan that was given away and to those who so generously gave their time and effort selling them. To the First National Bank of Post and to each individual for the cash donations, to Sherrel Gro., of Draw for their donation of gifts, to Edwards and Miller Auctioneering Co., the musicians and all who attended, we say THANKS.

I want to take this message to say thank you to each and everyone for their concern, flowers, calls, cards and visits during my recent stay and surgery in the hospital. A special thanks to Dr. Mardia and the nursing staff at University Hospital. Dr. Ricardo Rodriguez

I would like to thank each and everyone who sent me birthday cards on my 92nd birthday. They were all a blessing. May God bless each of you.  
Mrs. J. M. Bush

We wish to express our sincere thanks to all our friends and neighbors for the prayers, flowers, memorials, food and other kindness shown at the death of our loved one.

Sunday services were brought to us by Rev. Burt Ryan. Next weeks services will be by the Primitive Baptist Church.

Visitors this past week were Mrs. Malouf, Lois Williams, Mrs. W. B. Roberts, Darrell Roberts, Thelma Thomas, Jessie and Alice Bowen of Tyler, Tex., Mr. and Mrs. James Weaver, Inez McGrew, Lucille Walker, Lottie Sanders, Ella Carter of Artesia, N. M., Eva Mae Kennedy, Myri Mathis, Mrs. Dick Cravy, Fern Strange, Fred and Bea Porterfield, and Georgia Johnson of Temple, Arizona.

Nora Ferguson enjoyed her visit with her sister and niece from Tyler.

Henrietta Nichols went out to vote last Tuesday, then spent the day with Lester Nichols and his children who were visiting.

Mrs. Sybil Cockrum visited all our residents Sunday, then attended our church services.

Mrs. Edna Pierce also visited with her sister, Annie Nelson and grandson, Robert Pierce.

Mrs. Laura Bartlett received a new Lazy Boy

recliner from her son, Durwood. She is proud of her new chair.

Our residents are looking forward to the holiday season. They enjoy the activities and visitors so much.

Until next week

## Woman is burned

Hiawatha Garza suffered first and second degree burns to her back shortly after noon Thursday when the Quik-Chick machine in the kitchen of the El Matamoros Cafe, 701 North Broadway, malfunctioned spraying cooking oil over the kitchen.

Mrs. Garza was treated at Garza Memorial Hospital, kept overnight and released Friday afternoon.

Two other employees, Barbara Torres and Diana Brockman suffered burns on their hands that did not require hospitalization.

**Rites held for former resident**  
Final rites for Herman A. Gilliland, 71, of Olney and a former Garza County resident, were held recently in Olney with graveside services in the Southland Cemetery.

Gilliland died in Olney Hospital following a short illness.

He was a retired city employee.

Survivors include three sister, and two brothers.

**Local pair in Tram-a-thon**  
The Flying Matadors Gymnastics teams which includes two local boys, Keith Hart and Jeff Lamb will sponsor a Tram-A-Thon Friday, Nov. 17 from 3:30 til 9 p.m. in the South Plains Mall.

Purpose of the exhibition is to raise money to help sponsor trip expenses and uniforms for members of the gymnastics teams.

**Quilting program at senior center**  
There will be a quilting program given at the Algerita Senior Citizens Center Friday, Nov. 17 at 2 p.m.

Patsy Sanderson and Paula Cawthon will present the program. Topics discussed will be the history of quilting, how to begin, patterns, and a step by step demonstration.

Everyone is invited to attend regardless of race, creed, color, sex or national origin.

# Jerry Hatchett leads Tahoka to 33-16 victory

## Kirkpatrick gets 51 yard touchdown run

The windy sky fell in on the Post Antelopes in the fourth quarter at Tahoka Friday night after Cliff Kirkpatrick's 51-yard touchdown run in the third and Center Leslie Looney's conversion kick had given them a 14-13 lead.

The Bulldogs scored three touchdowns in the final 12 minutes to only a safety for Post to ring up a 33-16 triumph.

You could call it "Jerry Hatchett night" too.

With Tahoka's all-stater, Clifford Bailey, out for the season after being injured when "speared" in the back with a helmet in the Denver City game, the 170-pound Tahoka senior speedster did it all.

The "all" included gaining 208 yards in 34 carries, diving headfirst over the double stripe for three touchdowns, and hurdling over the line when he couldn't find a hole to run through.

His best run probably wasn't his 45-yard reversal of his field which took the ball to Post's one yard line in the first period. It probably came in the fourth when he got a first down to the Lopes two on third and long.

On that play, he spun completely around twice leaving four Post tacklers who had their arms around him grasping only air.

When Hatchett wasn't scoring, a new Tahoka swiftness, 160-pound sophomore Tracy White was.

He got the other two touchdowns, one of them on a dazzling 69-yard touchdown dash around right end with 5:32 left in the game.

Post's Kirkpatrick isn't in the same speed league with Hatchett and White, but he's a hard runner, you have to hit him clean to knock him off his feet once he's in the open.

Cliff broke through the Tahoka defense with 6:37 left in the third to hammer 51 yards up the middle for Post's second touchdown and provide the Lopes with a 13-13 tie which Center Leslie Looney quickly converted into a 14-13 lead with one of his sure conversion kicks.

Kirkpatrick's score was set up by two of the best open field blocks of the season for the Lopes. As the Tahoka secondary was about to catch Kirkpatrick from behind on the 15, Clinton Curtis wiped out two pursuers with one terrific block and Jay Lott levelled the third.

Kirkpatrick got Post's other touchdown too on Post's first scrimmage play of the game. He took a pitchout around right end for two and one-half yards after Tahoka punter Brad Hammonds fumbled the ball and was tackled just outside the two, trying to punt on fourth down.

Jeff Lott got the touchdown setting up tackle.

Looney converted after that one to give Post a 7-0 lead only 1:59 into the game.

Post's other two points came with only seconds left in the game when the center pass to Roddy Brooks back to punt for the Bulldogs sailed high over his head. He ran back, grabbed the end and ran out of the back side of the end zone for a safety.

Shortly Bilberry set up Post's last touchdown when he partially blocked a Hammonds' punt in the third period and it went only

seven yards out of bounds on the Tahoka 48. Three plays later Kirkpatrick rammed up the middle for 55 yards and the score.

Post's major problem was the same thing which has been losing games lately for the Dallas Cowboys — turnovers.

The Lopes fumbled the ball away three times and three of Quarterback Rance Adkins passes sailed into enemy hands.

The six turnovers led directly to three of Tahoka's five touchdowns and that was the difference in the ball game.

After Post got its quickie touchdown at the game's start, Tahoka cranked up after a punt exchange and marched 91 yards for the tying touchdown with Kelvin Elmore, promoted from the junior varsity, kicking the tying conversion point.

Tahoka took the lead when Kirkpatrick tried to field a wind-blown Tahoka punt on the dead run on his own 13-yard-line and bobbled it. Hatchett got seven and then White turned left end for the go-ahead touchdown with 37 seconds in the half.

Bilberry broke through to block the conversion kick and Tahoka went to the dressing room at intermission with a 13-7 advantage.

After Post got its third period touchdown to regain the lead, the sky literally fell in on the Lopes.

An attempted on-sides kick after the Lope touchdown misfired when the ball hit a Lope player before going 10 yards and Tahoka had possession on the Post 46.

Shawn Scott fell on a Tahoka fumble to stop that thrust on the Post 29, but Darrell Reece fumbled the ball back to Tahoka two plays later on the Post 36.

Tahoka scored in seven plays with Hatchett diving high over the line from the three for the score on the first play of the fourth period.

After the kickoff, the Lopes drew a 15-yard penalty and then Adkins pass into the right flat was intercepted by White on the Post 24. Seven plays later, Hatchett again took his third high dive into touchdown and the game was out of reach at 24-14. It didn't matter much that the center snap on the conversion point try was fumbled.

Tahoka got its final touchdown on a three-play 87-yard drive only minutes later White broke loose for 69 yards with no Lope on the field able to chase him down once he turned the corner.

### PHS Does in cage game Saturday

Coach John Morrow's Post High Does will open the 1978-79 cage season Saturday afternoon with a scrimmage with the Seagraves girls at Seagraves.

Tipoff time is 2 p. m. The Dispatch is waiting until its Thanksgiving edition next Monday to get into the cage season.

## Old Prog 'retires' after disaster

The Old Prognosticator is gone.

He resigned Saturday, adhering to his promise that if his predictions ever dipped below the 500 mark he would quit.

Last Friday night, he had only two right in six tries for .333 percent.

The Editor ordered the black border around this story because he noted "as far as The Dispatch is concerned the OP is dead."

His demise came on the first of two November "showdown weekends."

Both Seminole and Post Lopes fumbled away their chances for victory

against Slaton and Tahoka, respectively. The resurgent Dever City Mustangs bushwacked Frenship and Colorado City put away Coahoma 3-0 for the district 6AA crown. The OP was wrong each time.

The only "picks" which came out right was Roosevelt's smashing of Cooper (no seer was needed here) and Floydada's triumph over Abernathy, which the week before had knocked Idalou out of the state's top ten.

The OP was philosophical about his sudden departure.

"It's hard to guess who is going to hang onto the football," the Old Prog said. "Look what's happened to Tony Dorsett and the Dallas Cowboys. And did you see what happened to No. 1 Oklahoma at Lincoln Saturday afternoon. Even All-Americans drop the football, which makes a job like mine mighty tough."

Actually, the only thing which saved the Old Prog from "retiring" a week earlier was picking against the Lopes in favor of Seminole, and this took a little out of the OP every time he did it.

## Middle school clubs play for titles

Both of Post Middle School's football teams will be battling for district titles when they play Frenship here in a double bill at Antelope Stadium tonight in their last game of the season.

The eighth grade club is unbeaten in district play to date and the seventh graders have only one loss, that one 22 to 20 at Tahoka last Thursday night.

That defeat is the only one of the season for the seventh graders.

The eighth graders, who defeated Tahoka 22 to 0 are unbeaten in district play, but with five wins, two ties, and one loss for the full season.

Wingback Milton Williams scored three more touchdowns on long runs for the seventh grade, but the locals twice failed on their conversion points to cost them the victory.

In the seventh grade game at Tahoka, Williams got Post off to a quick lead by running back the game-opening kickoff 80 yards for a touchdown, but the extras failed.

After Post forced a Tahoka punt, Williams then ran 40 yards for the second touchdown on the first Post scrimmage play of the game. This time Quarterback James Brown passed to Split End Robbie Williams for the two conversion points.

Tahoka got on the board for the first time with only 48 seconds left in the first half on a 25-yard touchdown pass and then ran the two

pointer across to make it 14-8 for Post at intermission.

The scoring fireworks resumed in the fourth quarter after a scoreless third period.

Tahoka got its tying touchdown after a long drive and then added the extras to take a 16-14 lead.

When Post fumbled the ball away after the kickoff, Tahoka marched in for its third touchdown from 40 yards out, but missed the

### 4th rallies fall short

Coach Lane Tannehill's freshmen footballers dropped a tight 8 to 6 decision to Tahoka's freshmen here last Thursday night.

Tahoka got on the board the opening quarter, recovering a Post fumble and driving in 45 yards for their td and then converting the extras.

In the third period, Post got its touchdown on a four-yard pass from Quarterback Roy Gonzales to Kraig Peel. The conversion attempt failed.

Post had three scoring chances in the final period. They blocked a punt and drove to the Tahoka eight before being stopped. Other drives were halted by Tahoka on its 14 and 4 yard lines.

The local club will close out its season at Frenship tonight in a 5:30 p. m. game with the Frenship frosh.

## Wolves win 6AA crown

The Colorado City Wolves clinched the District 5AA football crown last Friday night with a 3-0 triumph over previously unbeaten Coahoma.

The Wolves, who defeated Post here in September, were last scored upon by Coach Jackie Brown's club in that game.

In defeating Coahoma, Wolves' defensive unit extended their shut-out string to 27 consecutive quarters going back to the first quarter of their game with the Lopes here.

Fullback Gary Hulme won it for Colorado City with a 20-yard field goal with only 3:04 left in the game.

The Wolves stand 8-1 for the season with last place Winters to play this Friday night at Winters and 6-0 in district play.

Their only loss was to Slaton, 20-13, in the opener. When the Tigers took advantage of three Wolf fumbles to score on short td drives.

If those same Tigers defeat Tahoka Friday night they will capture the SAA crown and will meet Colorado City again in the bi-district game, probably Nov. 24.

## 20 seniors in finale Friday

Twenty senior Lope footballers will close out their PHS grid careers in Antelope Stadium Friday night as the local club winds up its season in a game with Frenship — a game the Tigers must win to stay in the 5AA race.

It may be only 19 seniors playing their final game, actually, as senior wingback Cliff Kirkpatrick is listed as "doubtful" by Coach Jackie Brown and probably won't get to play.

Kirkpatrick reinjured his bruised thigh in the third period of the Tahoka game and the leg was so swollen Tuesday, the Lopes' leading ballcarrier probably will be sidelined for the night.

Another senior, Darrell Reece, and junior Mike Macy also are injured, but probably will see some action. Reece has a hip pointer and Macy a neck strain.

Other seniors who will take the field for the last time include Bryan Compton, Shawn Scott, Carlos Varela, Clinton Curtis, Tim

Morris, Leslie Looney, Kelly Baumann, Kelly Baker, Joe Cash.

Jay Lott, Danny Goss, Greg Pollard, Larry Benson, Jerry Perez, Jimmy Odom, Jeff Williams, Dale Redman and Sherry Bilberry.

The Tigers actually went out in front of the SAA race until upset by the Denver City Mustangs last Friday night.

The Frenship club has good weight in the line and some hard running backs that strike out of the formation with some straight T and wide sets.

# POST ANTELOPES VS. FRENSHIP TIGERS

Antelope Stadium --- 7.30 P.M. Friday, November 17

The Friday night game with Frenship will ring down the curtain on the 1978 grid season for the Post Antelopes. It hasn't been as successful as some, but it has been marked by a big effort in each and every game. The visitors remain in contention for the District 5AA crown should the Slaton Tigers be defeated by Tahoka Friday night to give all contenders a record of two losses. The Tigers got a drubbing last week out at Denver City and the Lopes are hoping to wind it up in the same fashion by eliminating Frenship from title contention.

**TEEN SCENE**  
By Norm

Well Lopes, the last game of the season is upon you and it is hard to find the words to tell the seniors how much pride, we, the fans, have for you. The great way you have played for PHS, even though the score was not always on your side, the way you held your head high and tried harder the next time.

Each of you, in your own way, have contributed much to PHS and its football team. Needless to say, we're proud of you and your accomplishments.

To the 20 seniors I must give special recognition. They are Shawn Scott, Darrell Reece, Bryan Compton, Carlos Varela, Clinton Curtis, Cliff Kirkpatrick, Tim Morris, Leslie Looney, Kelly Baumann, Kelly Baker, Rex Cash, Jay Lott, Danny Gunn, Greg Pollard, Larry Dodson, Jerry Perez, Jimmy Odom, Jeff Williams, Dale Redman and Shorty Bibberry. Great going guys.

During the game at Tahoka last week, I was told I better mention the League Champions CO-REC team of Texas Tech. A group of Post exes belong to this team along with several others and EIGHT GIRLS. They are the CHAMPS of the whole University.

Quarterback for the group is Ricky Shepherd who passed to his brother Mike (Macho) Shepherd for one td and then tossed another to Ms. Carpenter for the other. Team members include the other Shepherd, Brad, Bruce Waldrip, Chuck Bass, Ken McMeans, and Dan Sawyers.

And besides playing football in his spare time, dear Ole' Bruce has taken up, of all things, Russian Dancing. Now I understand they call him BRUSKA.

This is a busy week for all you PHS students. Don't forget the bonfire set for Thursday night and the added pep rally at 6:30 p. m. in the gym preceding the game.

And then there's the Junior Play which promises to give you a few laughs Saturday night in the Primary Auditorium at 7:30. YALL COME.

Oh yes, the hours of the Youth Center will be

changed beginning with next week. Instead of Tuesday night and Saturday openings it will be changed to Thursday and Saturday nights. Reason for the change is because we all need to go and support the basketball teams on Tuesdays. So see you there.

OK Lopes. BEAT FREN-SHIP.

**Grandmaws in look back**

By CINDY TERRY  
Monday night, Nov. 13, the Hero FHA had a rather unusual but interesting meeting. Members met in the speech room at 7:30 p. m., where the opening ceremony was performed and then the grandmother panel was introduced. This grandmother panel consisted of four women who are grandmothers of senior girls. They were Mary Peel, grandmother of Lisa Cowdrey; Rene Fluit, grandmother of Belinda Fluit; Evelyn Jones, grandmother of Nita Jo Gunn and Hooter Terry, grandmother of Cindy Terry.

The panel discussed how things were when they dated and then the audience asked questions. Afterwards everyone enjoyed home made brownies and Cokes. Most everyone admitted that we had come a long way.

**Good turnout at pep rally**

The pep rally last Friday was well attended by Junior High and High School and townspeople. The freshmen won the Spirit Stick with two special sticks going to Junior High and the Elementary.

The speaker for the pep rally was Norma Baumann better known as "Mom". The cheerleaders did their yells and the band played the tunes "The Horse and "Rocky".

During the week the football players lockers were decorated by someone unknown to them.

He who carries in his pocket a piece of wood splintered off by lightning is believed by some to have great strength.

**Middle school girl cagers set scrimmage**

By RENE HALL  
The 7th and 8th grade girls basketball teams will be starting their 1978-79 season with a scrimmage against Floydada Nov. 20 at 4 p. m. in the Post Middle School gym.

The first game of the season will be Nov. 27 at Cooper.

Members of the 7th grade teams are Maria Ayala, Tanya Bland, Kim Carlisle, Angie Castillo, Hope Castro, Dana Dudley, Emily Elliott, Michelle Hill, Carol Holleman, Cindee Jackson, Dana Jackson, Eleno Maldonado, Leigh McCook, Patty McCowen, Renea Melton, Jennie Mock, Susie Morales, Irene Moreno, Missy Morrow, Lori Perez, Jean Price, Doris Pringler, Denise Smith, Rhonda Storie, Judy Tapper and Bobbie Taylor. Managers for the team are Diana Basquez, Jerri Hodges and Melissa Morrow.

The 8th grade members are Rhonda Adams, Reyes

Bustos, Monique Claborn, Charcie Dalby, Tina Green, Darla Jackson, Crystal Mason, Cynthia Poole, Norma Samora, Verdy Taylor and D'Linda Tyler. Managers are Dana Hodges and Charlotte Murphy.

Coach for both teams is Lu Allen.

The eighth grade girls will be attending the Wayland Clinic in Plainview Saturday to watch difference basketball teams play.

Tuesday — Turkey and dressing with gravy, green beans, whipped potatoes, chocolate pudding, hot rolls, cranberry sauce, half pint milk.

**Crime, drug day Tuesday**

By TONI AMMONS  
The Post Middle School will hold its first of two annual Crime and Drug Days, Tuesday, Nov. 21.

The Crime & Drug days are held in hopes of assisting all students in solving problems of drug abuse and delinquency.

Teachers provide special workshop sessions involving drugs, alcohol and alternatives. The teachers are divided with each dealing in a specific area. Outside speakers are also obtained. Films, puppets and other visual aides are used to make the program interesting as well as informative.

**Big bonfire due tonight**

The PHS cheerleaders have planned a bonfire Thursday, November 16 between 7 and 7:30 at the vacant lot behind the high school gym on the Gail highway and 4th street. Everyone is urged to go.

Also there will be a night pep rally in the junior high gym Friday night before the game at 6:30. Everybody is asked by the cheerleaders to be there and support the Post Antelopes. There will also be the regular pep rally at 3 p. m. in the high school gym.

This is also "50's" week and all students are asked to please dress up like the 50's.

### Gold Star banquet set for Monday

Lisa Cowdrey and Brad Mason, Gold Star 4-H Boy and Girl from Garza County will be among those honored at the District 2 Gold Star Awards Banquet at Coronado High School Monday night in Lubbock.

Some 450 persons, including parents, distinguished guests and special friends of 4-H will be on hand to congratulate the youths.

### School board--

(Continued From Page One)

mistake, however. The other report was a letter from a claims analyst of International, group insurance administrators of Dallas, which carries the schools' insurance on its athletes that last winter's injury to Brad Shepherd during the basketball season was not covered by the policy because hernia of any kind was one of the policy's exclusions.

That left the athlete without insurance protection and his parents with a medical bill of over a thousand dollars. Schools trustees were incensed by the lack of coverage.

In other actions, trustees checked over final contract for the \$558,154 expansion and remodeling of the Post Middle School by Lloyd Price Construction Co. of Lubbock. The contract had the approval of the school board's attorney and also attached was a copy of the State Board of Control's approval of the project with changes worksheet.

The board also was advised in a letter by Middle School Principal Bud Davis that "all new construction

will take place first. The east side parking lot will be fenced off and used for construction storage." Davis also advised that "upon completion of the new buildings, the present learning center will be moved into its new area. The two science classes will hold sessions in two vacant rooms in the elementary building, thus freeing the entire second floor for remodeling."

### Vernon Milo rites Monday

Funeral services for Vernon Milo, 75, were held in the Pleasant Home Baptist Church Monday, Nov. 13 at 2 p.m., with the Rev. Arthur Kelly and Rev. Milton Brown officiating.

Milo died Thursday afternoon at his home following a lengthy illness.

Born April 22, 1908, he had lived in Garza County since 1930 and married Lizzie Jackson Oct. 10, 1942 in Post.

Survivors include his wife; two sons, Reggie Moore of Tahoka and C.L. of Carlsbad, N.M.; two daughters, Dorothy Pine of Carlsbad, N.M. and Helen Davis of Lawton, Okla.; a sister, Delia Sims of Houston; 12 grandchildren and three great-grandchildren.

Pallbearers were Burl Milton, William Scott, Ervin Hatchett, Jr., Roosevelt Moore Sr., Willie E. Milton and Elmer Wilson.

Burial was in Terrace Cemetery under the direction of Justice-Mason Funeral Home.

### Postings-

(Continued From Page One)

completed. He is asking for ideas on how to do this, so if you have something novel in mind given him a call.

We'll try to straighten out a hunting error made in last week's Dispatch by the soil conservation service here. They brought us in a pix of deer being released in Crosby County to illustrate a story by Charles Morris how grazing management aids wildlife. Actually, the pix was made six years ago but since deer can't be hunted for five years after being moved in this brought a string of calls from angry hunters. This is just to say that there are no deer restriction in Crosby County this year because of newly released deer.

With The Dispatch's first national color ad in today's paper (take a look on page 3) and a couple of tabloid advertising inserts to make after getting back from Slaton, we decided to limit our paper to 12 pages this week. Otherwise with color there would have been two sections to contend with as well.

After our lateness of last week, we didn't want another such long Wednesday - for ourselves or our readers. Consequently we're cramped for news space and what was brought in that's not in today's paper will be carried in our Thanksgiving edition next Monday. Remember we'll be out Monday afternoon instead of Wednesday afternoon next week.

Printing the same football action picture twice on the football page last week wasn't our fault, or the photographer's. We had

### Cotton crop--

quarter of a bale to the acre, others a half, maybe a few a little better. Irrigated land is making a bale or better. I expect to gin between 2,000 and 3,000 bales. Our cotton is pretty well matured now. We got a couple of rains other areas didn't and that really helped."

Buck Craft manager of what is now Post Gin, Inc. (Craft, Bill Carlisle and Ted Smalley of Big Spring bought Planters Gin here just ahead of the ginning season.) "We've only cranked up for four bales so far. We had just gotten started when all this moisture moved in. I'd guess we'll wind up ginning about 1,800 bales.

Hackberry Coop Gin, manager Lawrence McDowell not available: 580 bales ginned to date with only 3,000 to 3,500 bales expected from area, about half of this being Garza cotton. This area is half irrigated, half dryland.

Producers Coop Gin at several action shots to choose from. The mistake was made at our press plant in Slaton where the crew had been up almost all the night before making a 120,000 circular run and was simply bleary-eyed.

Grassland, quoting Manager Norris Workman: "We've ginned 596 bales, about one-third of it Garza cotton. Right now we expect only about 25 percent as much cotton this year as last with between 1,500 and 1,600 bales this year. In 1974 we ginned only 643 bales, but last year we ginned 6,242. We have three or four weeks ginning left but who knows how long that will take. Some defoliated, a few plowed theirs up, but most are waiting for the freeze."

Douglas Shepherd, manager Grassland Coop Gin: "We've ginned 305 bales to date. Prospects don't look good. We might gin 2,000 bales, one third of it Garza

cotton. In 1974 we ginned 1,500 bales. Some farmers are finding their cotton just a little bit better than they thought it was."

The Dispatch puts its own crop forecast together without the help of County Agent Syd Conner. Syd just shook his head when asked, smiled and changed the subject. He said it was a real tough one to call this year.

Things may actually turn

out a little better than thought, as one ginner already said.

In The Dispatch's checks of last year, ginner on Oct. 20 ginned county total of 22,000 bales. It turned out a month or half again as much.

Of course they had more to go on last year Oct. 20 than they do year on Nov. 15.

### THANKS MERCHANTS

The Southland Booster Club wishes to say thank you to all the merchants in Post and surrounding areas for their contributions of prizes for the display table at the Halloween carnival at Southland. Your generosity is greatly appreciated.

Again thank you, The Southland Booster Club

### Thanks, Voters

I want to thank voters of Precinct 1 for your support in the recent general election.
