

Post man is fatally injured in collision of two loaded cattle trucks

Rescuers working to free fatally injured Post man from smashed cab after rear end collision. — (Weatherford Democrat Photo)

Robert Harrington, Jr., 24, of Post was fatally injured about 4 p. m. last Wednesday, Oct. 11, in a collision of two loaded cattle trucks about seven miles east of Weatherford.

Harrington died at 4 p. m. Sunday in Campbell Memorial Hospital in Weatherford of multiple injuries suffered in the accident.

Rescuers worked for over an hour to free Harrington from the demolished cab of his truck.

Both cattle trucks were owned by Hill & Hill, Inc., of Post.

Ray Morris of Post, driver of the second cattle truck, was not injured.

D. C. (Billy) Hill says he doesn't know yet exactly how the accident happened.

Morris was driving the lead cattle truck followed by Harrington in the second. Each was loaded with 48 head of cattle owned by the Beggs Cattle Co.

The Weatherford Democrat quoted state troopers investigating the accident as saying the Morris truck evidently changed lanes in front of Harrington and Harrington's truck struck the trailer of the Morris truck while trying to take evasive action.

One of the animals in the crash.

Hill said Harrington's truck was "totaled" and the other badly damaged.

Harrington had lived in Post since 1972 and married Rhonda Tanner here Sept. 28, 1974.

Survivors include his wife, Rhonda; one daughter, Miranda of the home; his parents, Mr. and Mrs. James Wise of Post; a brother, James Lee Wise of Post; two sisters, Katherine Nichols and Joyce Marie Edwards, both of Odessa; and grandparents, Troy D. (See Post man, Page 12)

High project decision Tuesday

Trustees have special meeting for Tuesday night, Oct. 24, to decide on a low bid of what is slightly under for the junior high building and expansion.

Trustees met last Wednesday night with their architect to consider the bids which had been opened Oct. 4.

Lloyd Price Construction had the low base bid of \$604,163 with 10 alternates, most of which were to take something from the base bid to reduce the cost.

Trustees instructed the architect, Sanford Whitaker, to negotiate with the low bidder on adding some items to the base bid and taking others out.

Most likely alternate to go was a \$13,611 brick fence.

Trustees originally had hoped to complete the project with \$488,000 available from surpluses left from last year's budget plus unused maintenance money.

In another major action at last week's regular October meeting, trustees appointed Don Payne, local druggist, to fill the vacancy left by the resignation last May of Trustee Royce Hart.

Hart resigned shortly after being elected to a new three-year term to permit Martha Hart, wife of his cousin, Jay, to be employed as an elementary teacher. Attorneys for the trustees said it would be considered nepotism for Royce to remain on the board if (See School board, Page 12)

DON PAYNE New Trustee

The Dispatch's Progress Edition.

More than last year's two advertising budgets stuffed inside. Which is the biggest paper the Dispatch has printed so far.

Point out that of a newspaper is by the amount of advertising being printed that day or week, this one is big, because of our local business progress.

As its first annual year way and has in the paper. Rick has three ads plus a lot of classifieds to be the fact that Rick's Venture Foods will be in the former Piggly location.

One thing which opened yet in the race for the post was John Hill (See Post, Page 12)

Jobs for Texans' amendment endorsed

Chamber of Commerce directors Monday unanimously endorsed the "Jobs for Texans" amendment to the Texas Constitution which will up to the general election and all citizens of this state to support the amendment.

The amendment would be for political subdivisions to issue revenue bonds to encourage new jobs to locate and more jobs for Texas.

Willard, Chamber of Commerce director, pointed out Texas is only one of four states which does not permit such bonds to help attract new industry by helping to provide site or facilities. He said the amendment is quite strict as to industry eligibility for such support.

Willard also emphasized no community has to issue such bonds, but only will legalize the procedure which at present is illegal in Texas and costing this state many industries which receive more attractive offers elsewhere.

In other actions, directors voted on a set of bylaw changes, voted to accept an offer from the state to buy their welcome signs on the highway, now illegal, and decided to study the matter before endorsing a route for proposed "port to plains" interstate highway down US-84 which would bypass Post.

Directors are keenly aware of the large amount of highway business created here by US-84 passing through Post. Interstate 127 which bypassed this community would force business men seeking highway business to relocate outside the city to seek highway business while losing local trade.

There is keen competition between towns on US-87 and US-84 for selection of their highway routes for the interstate between Lubbock and San Angelo.

The interstate which is probably at least 10 years in the future would be routed to link with Interstate 10 to provide a fast route from Lubbock to Houston — "plains to port" as Lubbock promoters call it.

Right now the US84 route appears well ahead.

Chamber directors asked Chamber president Larry Willard to confer with Mayor Giles McCrary on the matter and report back before any decision on the Chambers position is made.

Chamber directors are in the process of upgrading Chamber bylaws, last written in 1962, and took steps at the meeting to make several recommendations for changes.

Directors voted to have the membership elect directors for three year terms instead of two, to have new and old directors elect the Chamber officers, including the president, and to name a president-elect who would be given major duties as (See Jobs for, Page 12)

TEXAS PRESS ASSOCIATION AWARD WINNER 1978

NATIONAL EDITORIAL Blue Ribbon FOUNDATION 1978

\$600 in yule gifts

The Post Chamber of Commerce is going to give away \$600 worth of gift certificates good in all local stores for this year's Christmas promotion.

Plus two Post visits by Santa Claus and six evening store openings during the yule rush.

These decisions were made Monday evening by the Chamber's retail promotion committee headed by Jane Terry.

Other committee members present included Johnnie Norman, Loveta Josey, Jack Pruitt, Linda Lewis, and Dee Caylor with Chamber vice president Jim Wells and Chamber secretary Phyllis Morris also present.

Not only will there be two gift certificates of \$100 and \$50 given adults, 18 and over, during each of the three yule drawings, but there will be one \$25 gift certificate for young people under 18 drawn at each yule drawing.

If the person whose name is drawn for each certificate is not present, a second name will be drawn for that prize.

If that person also is not present, the amount of the certificate will go into the jackpot, which itself starts at \$75.

The jackpot will be given away at the final drawing at 4 p.m. Saturday, Dec. 23, with names being drawn until a winner is present.

The drawings are scheduled for 4 p.m. Saturday, Dec. 9; 7 p.m. Thursday, Dec. 14; and 4 p.m. Saturday, Dec. 23.

The second drawing will be during one of the six evening holiday store openings here, readers will note.

Participating merchants will remain open to 8 p.m. beginning Thursday, Dec. 7, and continuing on Monday, Dec. 11; Thursday, Dec. 14; Monday, Dec. 18; Thursday, Dec. 21; and Saturday, Dec. 23.

This means three evening openings the final week before Christmas.

An additional \$400 has been set aside for advertising the Christmas promotion and other expense.

The retail promotions committee also is looking into a possible Thanksgiving promotion and has tentatively schedule a George Washington's birthday sale for February.

Rick's Venture Foods to open here soon

Rick's Venture Foods, an independent super market, expects to hold its grand opening soon at the former Piggly Wiggly location, 125 West 8th.

Ricky Loving, 29, of Andrews is moving to Post as part owner and manager of the new market.

Venture Foods now has stores in Andrews and Denver city.

Loving is a native of Andrews and comes to Post from the Venture Foods store there.

The fixtures and remaining stock of the closed Piggly Wiggly market here has been purchased by Rick's Venture Foods.

The new food store will be served by Affiliated Foods, wholesale food distributors, of Amarillo.

Loving told The Dispatch he intends to move his family, consisting of wife, Brenda, son, Jason, 2, and daughter, Christy, 6, to Post as soon as he can find suitable living quarters.

"We're coming to stay," he told The Dispatch. He added that his wife will work Absentee voting opened Wednesday.

Absentee balloting for the Nov. 7 general election opened Wednesday in the county clerk's office here.

Joy Orr and Alene Brewer have been designated by County Clerk Carl Cederholm as absentee election clerks.

RICKY LOVING Manager, Part Owner

5-year term in drug trial

Wayne Johnson, a Lubbock black, was found guilty by a Garza district court jury Tuesday of possession of marijuana after a trial which began Monday.

Judge George Hansard then heard evidence before determining sentence and sentenced the defendant to five years in the Texas Department of Corrections.

He set the sentencing date for Nov. 8 with bond continued. Johnson had pleaded not guilty.

NEW WOMAN'S JOB — Kathy Grant has gone to work for Harold Lucas Motors this week in "the new car make ready department" and says she loves it. Lucas gave her a chance at the job because he couldn't find a man to fill the position. Just another example of women proving they can efficiently perform what for a long time has been considered "men's work." — (Staff Photo)

Kathy Grant success at cleaning up cars

The latest addition to the staff at Harold Lucas Motors is blonde Kathy Grant.

So what? You ask.

Well, Kathy washes and cleans cars in the establishment with her goal set as becoming a mechanic.

Asked why she wanted to become a mechanic, Kathy replied, "that she has always liked to work on cars, and did so while she was growing up."

Kathy is hopeful of attending a transmission school next month in Dallas to further her career.

When not tinkering with cars, Kathy enjoys leathercraft in her spare time.

She and her husband, Fred, who is a mechanic at Lucas Motors, moved to Post last January from Spur.

Harold Lucas says Kathy asked for the job. Once he realized she was serious about it, he gave it to her.

Bryan Maxey rites Monday

Funeral services for Bryan Maxey, 73, were held at the Post Church of Christ Monday, Oct. 16 at 2 p.m. with Homer Jones, pastor of the Graham Chapel Church of Christ, officiating.

A native of Borden County, Maxey had lived most of his life in Garza County and was a retired farmer. He was a member of the Church of Christ. Maxey died at his home Saturday, Oct. 14 following a sudden illness.

He was married to Bernita O'Neal Nov. 21, 1928 in Stanton.

Survivors include his wife, two sons, Franklin of Corpus Christi and Don of Winton, Calif.; two daughters, Nita Booth of Orangevale, Calif., and Kay Oakley of Lubbock; two brothers, Quannah of Post and Frost of Wichita (See Maxey rites, Page 12)

Hospital 'survives' Medicare inspection

Garza Memorial Hospital successfully passed its annual Medicare inspection recently without any expensive corrections to make, Hospital Administrator Ed Zintgraff told hospital directors at their October meeting last Thursday morning.

The administrator reported the hospital "was written up" for two illegal procedures in operation of its pharmacy.

Physicians on the medical staff have been prescribing medication from the hospital pharmacy for patients being discharged to take home with them, Zintgraff explained, and nurses have been rebottling the pills into small bottles for the patients on their departure.

Medicare inspectors ordered both of these procedures which are illegal to cease within 60 days. Zintgraff told directors he already had met with the medical staff to correct the situation.

Other than that the only deficiencies found in the Medicare inspection was the failure of directors to annually reappoint the hospital's medical staff, the need for rewriting bylaws and various hospital procedures, and insufficient space in the laboratory for the lab technicians.

Directors quickly reappointed two local physicians (See Hospital, Page 12)

Homecoming meeting set

The Ex-Students Association will hold a meeting Tuesday night, Oct. 24 at 8 p.m. in the home of Janet Hall, 716 Chantilly Lane, to finalize plans for homecoming.

All members are encouraged to attend.

A dance has been planned following the Seminole-Post game Nov. 3 in the Post Community Center with the Maines Brothers band from 10 till 2 a.m.

More information will be announced in next week's Dispatch.

Jimmy Bartlett is president of the Ex-Students Association.

Saluting Garza's oilmen

This is The Dispatch's oil progress week edition.

Purpose of a week named for oil progress is to remind the community the importance of the oil industry in our midst.

It's scattered all over the county. You can drive out on East Main, clear out to the cemetery, and you'll pass our oil service businesses — not all of them of course but most of them.

But the work is done all over the rural areas, much of it in the unlikeliest places and almost all out of the public's sight. When one oil test strikes oil, another is drilled, nearby, thus our "oil patches" develop with a labyrinth of roads and a tank battery.

You don't find oilmen in offices. You find them in the field. Offices are for their bookkeepers. You track them down by radio phone, providing you catch them in their car or pickup. If they're in town, most likely you will find them talking oil business with other oil men over cups of coffee at the "oilmen's" cafe.

Oil is a business built on take-a-chance individualism for big stakes. The stakes are you can win big, but you can also lose big.

There's no security in the oil business. Maybe that's why the oilman even thinks different than the average American. The oilman is looking for oil, not security. He doesn't always find it either. Sometimes all his work is in vain. So what does he do? He keeps on going and tries again.

We had a father-in-law who was an old-time oilman. He made — and lost — a million dollars several times in the 1920s. Most folks today didn't experience the "great depression". He did. It wiped him out because he couldn't get another stake.

Then 20 years later when most men in their seventies are retired. You know what he did? He went out and drilled himself an oil well, all by himself.

He didn't strike oil with that last well. But he loved every minute of it, and it wasn't long after that drilling was completed that his life was done.

We're not trying to romanticize about the oil business. But we do point out it takes some real strength and determination to succeed in it.

We in our modern world suddenly find ourselves in what our leaders call an energy crisis. They said we were running out of oil 50 years ago, just like they are saying it again today.

But the search goes on. We're not really "big oil" country here in Garza County. So we can talk about shoe strings, starting over, and all of that. Big oil is money, lots of money. To most of the people in the other 49 states, Texas is all "big oil."

The politician has never understood the oilman because the two don't think alike. The oilman thinks more like the cattleman. Both ask only that the government stay out of their way so they can get their jobs done.

There is more competition today in the oil industry than in just about any phase of America's economic life. But most people just refuse to believe it.

Consequently, the politicians have made it their business to regulate the oil business to protect all other Americans from it. One of the most burdensome costs in the oil industry today is paying the cost of governmental regulation and doing its paperwork.

The oil business here in Garza County is mighty important to all of us economically. Actually it pays the larger percentage of all our local taxes and much of the state taxes as well. If it wasn't for oil, Texas would be in the same tax "fix" as most other states are today.

If the oil wasn't here there wouldn't be so many good jobs for young men. We would be a smaller town and the flow of life much slower.

The Dispatch in this oil progress week edition salutes the Garza oilman. He's our neighbor, the guy down the block or across the street, who is one of the few left carrying America's rugged individualism confidently toward the 21st century.

"He certainly is a good loser."

Remember When

10 YEARS AGO

19,000 bale estimate as Garza harvest kicks off; Five burglaries probed by Post police; Justiceburg holds Halloween carnival in Justiceburg school; David Nichols chosen outstanding recruit at Naval Training Center, San Diego, Ca.; Chief Frank Runkles gives program on Indians to Girl Scouts; Jan Justice wins Miss High Plains Cotton title; Antelopes hosts Friendship in homecoming battle; 33 Greenhands become Chapter Farmers here; "The Sound of Music" showing at Tower Theater; Tracy McAlister honored with 10th birthday party.

15 YEARS AGO

CBers TO MEET
Robert Bartlett, president of the Caprock CB club, urges all members of the CB club that can participate with the March of Dimes Walkathon Oct. 21 to be at the Venture Foods parking lot at 7:15 a. m. Saturday. Members will be assigned a parking area to serve refreshments.

HOME FROM HOSPITAL
J.D. Windham has been released to his home from West Texas Hospital where he had been a patient since Sept. 30 after suffering a heart attack. He is recuperating satisfactorily.

Letters to the Editor

RESPECT OUR FLAG

Dear Editor:
At the Slaton football game last Friday night, the American flag was presented by a colorguard comprised of Slaton High School junior ROTC students rather than by the traditional flag-raising ceremony.

Some adults though it was really amusing — they were tickled (as evident by the snickering sweeping over the crowd) when the colorguard took a wrong step or placed the gun on the wrong shoulder. Would these same adults laugh had it been one of their children participating in the ceremony?

But even then, the intention of the ceremony is not for the honor of our children, but for the purpose of showing that we are still a nation united under one flag. This flag has led our men to foreign lands in war, rallied their spirits, and brought many of them back home to us.

We dare not entertain anything but pride in our hearts at the sight of our flag being presented to us reminding us of our freedom maintained by the sacrifice and death of our loved ones.

And to go one step further, why don't we SING our national anthem rather than listen to it? Fans will cheer the boys on — whoop and holler — but when it comes

to vocalizing our American heritage through song, we are silent. We have really misplaced our priorities. As adults we better begin teaching our children, through example, the respect, honor and value our flag and country deserve else they will have patriotic spirit to them through their own the challenges of times.

Metric merriment

Somebody, we don't know who, converted the following well known sayings into "metric merriment". Carl Cederholm passed them along to us:

Peter Piper picked 8.81 liters of pickled peppers.
It hit me like 907 kilograms of bricks.
A miss is as good as 1,609 kilometers.
He was beaten within 2.54 centimeters of his life.

Missed it by 1.609 country kilometers.
Give them 3.54 centimeters and they take 1,609 kilometers.

All of which is a humorous way of saying a big mathematical change will soon be upon all of us when the United States officially converts to the metric system. We can't remember the date for that changeover — and really we don't want to know.

Dee Justice says—

"The easy way to pay funeral expenses — The American way — is a little each month by buying a small insurance policy. It is easier than writing one large check."

Birth defects program given

By CINDY TERRY
At the meeting of the
HERO FHA club Monday
night, Oct. 9, in the high
school speech room, Mrs.
Nell Loper, a representative
from the March of Dimes,
gave a program on birth
defects.

She showed two films:
"Alcohol: Crises for the
Unborn" and "Born
Hooked."

The first one showed the
effects that alcohol has on
babies if their mother drank
while pregnant. The second
film was about babies that
were born to mothers that
were on methadone. Another
film, "Being Born" was
about the March of Dimes
helping parents before and
after a child's birth. Mrs.
Loper said that the seven
major causes of birth
defects are V.D., malnu-
trition, alcohol, drugs,
smoking, rubeella and here-
dity.

Thirty-seven members
were present and after the
program, everyone enjoyed
a snack of punch and
cookies.

The next meeting will be
Nov. 13.

Fans, I'm proud of you!
But the run over was not
enough to go over to Slaton's
side and I was not about to
go sit over there by myself. I
think CHICKEN is the
proper word.

But the encouragement
and support you showed the
Antelopes was GREAT!!
Now just keep it up for
Friday night when we play
the Cooper Pirates in

Science club is formed

By TONI AMMONS
A Science Club has been
formed at the Post Middle
School for the 1978-79 school
year. The sponsor for the
club is Mrs. Patricia Webb.
She will have a speaker for
each monthly meeting.

The speaker for the first
meeting was Mr. Doug
Banphord. Mr. Banphord is
from Texas Tech Univer-
sity. He brought along with
him an assortment of spear
points and bone samples.

Antelope Stadium.
Also glad that Kelly
Mason, Randy Teaff and
Benny Kennedy are up and
around again.

For all you healthy and
uninjured people out there,
don't forget Saturday morn-
ing at 8 a.m. to be at the
field house for the Student
Council March of Dimes
Walkathon.

Yours truly will be there
to take a few pictures, but
don't intend to walk the 10
miles. I'll be in the
POOP-OUT van.

Bunches of college kids
were at the Slaton game
Friday night. Bud Jones and
two friends, Bruce Waldrip,
Raymie Holly, Shelby Bar-
ley and friend, Butch Booth,
Cindy Kirkpatrick, Dan
Sawyers, Mike Shepherd,
Kyle Duren and friend
(wow), Eric Howard and
friend, Chuck Bass and
others.

Lisa Cowdrey told me she
was glad her mom and dad
had returned from their
fishing expedition. Why?
Cause she had to baby sit!!

Junior play tryouts were
held this week, but as yet
unable to announce the cast.
GOOD LUCK to those of you
who tried out. I hear it's
going to be a funny, funny
play.

Well, the boys have been
having to work out for
football and now it's the
girls turn, too. Basketball
workouts started this week
for freshmen, JV and
varsity. Talk about
COMPLAINTS!!

Still don't have anything
to report on the opening of
the new Youth Center.
Hopefully in the very near
future.

Oh yes, yours truly is
wearing the new curly look.
GORGEOUS!!!

Chow....
EXTENDED VISIT
Mr. and Mrs. Louis Pierce
are visiting in Palo Verdes,
Calif., with Mr. and Mrs. L.
E. McCrary. The Pierces
plan an extended visit.

Frosh win spirit stick

Last Friday the freshmen
walked away with the spirit
stick presented to them by
Mrs. Alexander. Harold
Lucas was the speaker for
this pep rally. The varsity
cheerleaders weren't the
only cheerleaders to do the
yells for this one. The JV
cheerleaders and the junior
high cheerleaders also
helped with the pep rally.
The varsity cheerleaders did
their skit called "defeat
'em". The band ended the
pep rally with the school
song and fight song.

Middle school band second

By RENE HALL
The Middle School band
won second place at the
Brownfield Harvest Festival
Parade on Saturday. The
prize was a trophy and \$75 in
cash.

When the band returned,
pictures were taken at the
Antelope Stadium for the
Antelope Memories year-
book.

The group will be featured
this year on the double
center page of the Middle
School annual.

Spirit stick, banners made

By RENE HALL
The Post Middle School
cheerleaders have designed
spirit banners and a spirit
stick for the rest of the year.
There is one spirit stick and
four banners.

The designers for the
banners are Mrs. Rankin
and Mrs. Tannehill, who
designed the lettering and
Reyes Bustos and Doris
Pringler who did the
painting. Mrs. Joyce How-
ard donated the cloth for
the banners. The four
banners say, "FIGHT",
"GO LOPEES", "POST
PRIDE", and "HUSTLE".

The designer of the spirit
stick is Rhonda Adams. She
used black and gold crepe
paper wrapped around a roll
of black cardboard paper.
The first time for the spirit
stick to be used was
Thursday, Oct. 12, at the
Middle School pep rally. The
sixth grade won the stick.

The banners will be hung
at all games in the stands
and during pep rallies.

Thank You

We want to say thank you many times over to Dr. Rodriguez for his fast, content care and concern when I was brought into the emergency room Sept. 30, also the hospital staff on 3-11 shift. You were great and we appreciate all your help.

To Jim Jackson, Lena Walker and Danny Shaw who moved me to West Texas Hospital, a great big thank you, we are so lucky to have the ambulance service and people like you who operate it for people like me.
J. D. (Fuzzy) Windham and family

We wish to thank each and everyone for all the flowers, phone calls, cards, and visitors while I was in Methodist Hospital. We appreciate everything that was done for us.
Mr. and Mrs. Buster Shumard

We would like to express our thanks and appreciation for the many acts of kindness shown during the illness and death of our father and husband. A special thanks to Dr. Wilson and the nurses at Garza Memorial Hospital.
Mrs. Jerry Reynolds Mrs. Clarence Foreman

I wish to thank the nurses of Garza Memorial Hospital and Dr. Rodriguez for their courtesy and kindness during my recent stay in the hospital.
Mrs. Ruby Yates

Thank you so much. To all my friends and neighbors for your prayers, cards, calls, flowers, food, gifts, visits and acts of kindness shown me and my family since my surgery. Each expression of your love and concern have been deeply appreciated.
God bless each of you. Patsy Craig

The kindness of neighbors and friends in my recent illness will always remain with us as a precious memory. All the cards, flowers, calls and visits will always be remembered and were so greatly appreciated.
Avery and Zelma

We would like to express our love and gratitude to our friends for their acts of kindness at the loss of our beloved sister. Special thanks go to Brother Daniels, Brother White and the ladies who prepared supper for us.
The Family of Louella Keeton

You Are Your Credit

HELPFUL SUGGESTION
Credit is something you can control. It can keep you warm or burn it. Depending on how it is used. Experts point out that should not be a waste. Spend more than you should be used only if you are spending less than you earn.

One source of credit is a credit union. It is a cooperative association for pooling the savings of members and making loans to them at a low interest.

To find out how you can join a credit union, contact the Association of Federal Credit Unions. They should first find out if there is a credit union where you live. Then check any other religious organizations you belong to. Chances are you are a member of some that has a credit union. Find out even knowing it.

Interestingly, you can join a credit union even just as they are at banks. Give your high interest allowing you to make it at low interest.

GOOD PSYCHOLOGY

DON'T WAIT FOR THE TO COME TO YOU. GET IT. FOR EXAMPLE, A FAMILY MOVING INTO THE NEIGHBORHOOD MAY FEEL ABOUT MAKING FRIENDS IN TOWN. MAKE A POINT OF WELCOMING THEM.

Nancy Muchmore weds Rusty Conner

Chapel Hill United Methodist Church of Oklahoma City, Okla., was the site of the wedding ceremony of Nancy Ann Muchmore and Rusty Conner Jr. (Rusty), Oct. 14 at 7:30 p.m.

Performing the double ring ceremony was David Barbridge of Berkley, Calif., and Rev. James Rodgers, pastor.

The bride is the daughter of Dr. and Mrs. Harold Gordon Muchmore of Oklahoma city and Rusty is the son of Mr. and Mrs. Syd Conner.

Presented in marriage by her father, the bride wore a ivory gown with Queen Anne bodice trimmed with chantilly lace and puffed sleeves. The bridal veil was a chantilly lace mantilla belonging to her grandmother. The bridal bouquet was of phalaenopsis orchids with dust pink roses, stephanotis and ivy.

Miss Nita Vandiver of Houston was maid of honor and bridesmaids were Mrs. Mark Hunsberger of Norman, Okla., and Kris Taylor of Houston. They were dressed in dusty pink quiana gowns with blouson bodice and gathered necklines.

Serving as best man was William Hudman of Post and groomsmen were Steve Moore of Houston and John Minor of Post.

Ushers were Steven and Allan Muchmore, brothers of the bride and Tony and Randy Conner, brothers of the bridegroom.

A reception followed the ceremony in the Quail Creek Country Club.

Following a wedding trip the couple are residing in Seattle, Washington.

MRS. RUSTY CONNER
(Nancy Ann Muchmore)

Fryers among week's best grocery buys

COLLEGE STATION — Best buys at Texas grocery markets this week include fryer chickens, cooking green and dairy "features", Mrs. Gwendolyn Clyatt reports.

Also, pork counters now offer a wider range of cuts and more attractive prices as the seasonal supply increases, she says.

Mrs. Clyatt is a consumer marketing information spe-

Bake sale on Saturday

The VFW Ladies Auxiliary will sponsor a bake sale, Saturday, Oct. 21 at United Supermarket, it was decided when the organization met for a regular meeting in the VFW Hall Oct. 3.

The proceeds from the bake sale will be sent to the National Children's Home for the Christmas Cheer Fund.

Attending the meeting were JoElla Sparlin, Dink Boren, Meleecy Johnston, Dorothy Burns, Glenna Baker, new member, Pauline Cheshire, and Rosemary Stelzer.

Wedding date is Nov. 11

Mr. and Mrs. Dean Medlin announce the engagement and forthcoming marriage of their daughter, Deborah Carlene, to Jim Stevens, son of Mrs. Grace Stevens of Warner, Oklahoma.

Deborah is a 1974 graduate of Post High School and is employed by United Super Markets. The prospective groom is employed by the Soil Conservation Service in Perryton, Texas.

The wedding will be Nov. 11 in the Post Church of Christ.

UT Austin gets Gutenberg Bible

AUSTIN, Texas (Spl.) — A copy of one of the first books ever printed by movable type has been acquired by The University of Texas, largely through efforts of the Chancellor's Council.

Printed in Mainz, Germany, in the 15th Century, it is a Gutenberg Bible, which is considered a primary landmark of civilization. Scholars revere the work not only because printing was to revolutionize all of education but also because the Gutenberg is regarded as the finest example of printing ever produced.

The two-volume set is one of only five complete Gutenberg Bibles in the U.S. The others are at Harvard, Yale, Library of Congress, and Pierpont Morgan Library in New York.

SEWING TODAY'S FABRICS — Selecting needles and threads for home sewing is more than just picking up a package of needles and finding thread to match the fabric color.

Kind and size of needle and thread necessary depend upon fiber, fabric construction and purpose for stitching.

For example, in buying needles, choose ballpoint needles when sewing knits and sharp needles when sewing woven fabrics.

You should use 100 percent polyester or cotton-covered polyester thread for polyester or polyester blend fabrics. These threads have elasticity and do not shrink in washing.

Because of their irregularities, today's American-made polyester or cotton-covered polyester threads are not sized like 100 percent cotton thread.

Consequently, larger size (size 14 or 16) needles are necessary when sewing with this thread to prevent breaking, tangling and uneven tension. The eye of the needle must be large enough for the largest part of the thread to pass through.

Some Swiss-made polyester threads are more uniform in shape, and they are sized. A fine needle may be used when sewing with fine thread.

Thread for topstitching commonly called buttonhole twist, is available in polyester or cotton. It is heavier and thicker than regular thread. Choose the kind which is most compatible to the fabric being used. A size 16 or 18 needle, used when sewing with buttonhole twist, allows the thread to move through the eye freely without fraying.

Swiss-made cotton buttonhole twist may be preshrunk on the spool before used in stitching on polyester, polyester blends or cotton fabrics. Cotton thread has higher luster than polyester.

If your machine does not sew with heavy threads or buttonhole twist, use two strands of thread for topstitching.

Wind some thread on a second bobbin and thread it and the spool thread together on top. Separate the two threads at the tension disc if your machine has a top tension regulator.

Thread both threads through the needle. This provides a heavier looking topstitching than one strand and resembles buttonhole twist.

Thread both threads through the needle. This provides a heavier looking topstitching than one strand and resembles buttonhole twist.

Thread both threads through the needle. This provides a heavier looking topstitching than one strand and resembles buttonhole twist.

Thread both threads through the needle. This provides a heavier looking topstitching than one strand and resembles buttonhole twist.

Polly Cravy is art show winner

The Spur Art Show was a great success for Mrs. Polly Cravy.

Mrs. Cravy entered five paintings in the Oil Still Life division and received five ribbons for her efforts. Placing first, second and third and received two honorable mentions.

The art show was held this past weekend.

MR. AND MRS. KRIS GARRISON

Nichols-Garrison vows read Saturday

Crystal Arnette Nichols and Kristopher Kim Garrison exchanged wedding vows Saturday night, Oct. 14 at 5 p.m. in the home of the bride's parents.

Elder Hulan Bass, Primitive Baptist minister of Lubbock, performed the double ring ceremony.

Parents of the bride are Mr. and Mrs. Martin Nichols and the bridegroom is the son of Mr. and Mrs. Max Garrison of Greenville, Ohio.

The bride wore a winter white street length dress with matching lace trim at the neck and sleeves. A wedding ring belonging to her great-grandmother was tied to her bridal bouquet and she carried an embroidered handkerchief belonging to her grandmother for something borrowed and blue.

Attending for the couple were Miss Pam Whaley of Lubbock and Bob Thomas of Slaton.

Following the ceremony, a reception was held in the bank community room.

Green Thumb club meets

The Green Thumb Garden Club met Thursday in the home of Mrs. Wanda Cox with Mrs. Alma Williams presiding over the meeting.

During the business meeting, Mrs. Jewel Taylor and Mrs. Martha McClendon were voted in as new members. Mrs. Roberta Herron gave a most informative program entitled "Those Crazy Plants that Bug the Bugs."

Refreshments were served to Mes. Marjorie Compton, Maurine Hudman, Shorty King, Sybil Cockrum, Gladys Blair, Irene Mitchell, Ida Jones, Thelma Epley, Gladys Hendrix, Ada Buchannan, Iva Hudman and Mrs. Faye Mathis.

The next meeting will be Nov. 9 in the home of Mrs. Marjorie Compton.

"The art of pleasing consists in being pleased."
William Hazlitt

Culture club has meeting

The Woman's Culture Club met Wednesday, Oct. 11 at 3 p.m. in the Woman's Clubhouse for their regular meeting.

The program "Welcome Lebanon and Israel" was presented by various club members. Mrs. Linda Malouf gave an interesting and informative talk on her childhood in Beirut. The early and modern history of Lebanon was given by Lillian Potts. Beulah Pickett presented Psalm 137 and Estelle Davis, parliamentarian for the club presented the by-laws and constitution of the club and clubhouse to members.

Hostesses Estelle Davis, Lois Williams, and Cora Fleming served refreshments to Buena Bouchier, Nita Burress, Ruby Kirkpatrick, Linda Malouf, Lillian Potts, Analue Cline-smith, Loree Thaxton, Pearl Storie, Beulah Pickett, and Estelle Davis.

The club adjourned to meet again Oct. 25 in the club house.

PTA will meet Monday night

The Post PTA will meet Monday night, Oct. 23 at 7:30 p.m. in the Post High School speech room.

The program will be presented by Mrs. Cruse on the new "DEBT" program under way in Garza County.

All interested persons, teachers and parents are invited to attend.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—A new Austin-based group headed by former Texas Attorney General Waggoner Carr is gearing up for a statewide fight to check taxes and government spending.

Carr announced here hundreds of invitations have been sent to citizens and groups over Texas in an effort to form a far-reaching organization dedicated to fiscal responsibility and economy.

Acknowledging a kinship to California's "Proposition 13" crusade for a property tax rollback, Carr said the "Texas 13 of Travis County" group is interested in all kinds of tax cuts.

"We find the situation is now so out of hand that we cannot turn the tide individually," said Carr. "The job is now so massive that so long as we act individually, we remain ineffective, confused and frustrated. We will organize in order to be heard. We shall not rest until our government returns its spending and taxing to a level of sanity and reasonableness."

Goals of "Texas 13" in the 1979 legislature include:

—A "reasonable but strict ceiling" on state government spending, with no increase for the next two years beyond available revenues from existing tax sources, and return to taxpayers of any surplus funds beyond current revenues.

—No new state taxes for the next two years, and a constitutional requirement that a two-thirds record vote of the entire House and Senate be necessary to pass future tax bills.

—A constitutional amendment giving Texas voters the right to initiate and veto legislation at state and local levels.

—Creation of a blue ribbon commission of citizens to investigate waste and excessive bureaucracy in state government.

More Income Goal
A committee studying money management will recommend substantial changes in state investment practices aimed at increasing government income \$30 to \$50 million a year.

Rep. Frank Hartung, following a committee session here, said he is still far from satisfied with the state's return on deposited funds by the State Treasury.

Treasurer Warren G. Harding told the Money Management Committee that the treasury department has earned an all-time high of \$117.76 million in depository interest during his administration. The income increased by \$27.7 million or 30.8 per cent over the previous fiscal year.

Harding also told the committee an average of 93.7 per cent of more than \$2.4 billion in state deposits earned interest during the last fiscal year, and the state depository board has raised the interest rates on state deposits from six to seven and a half per cent in four stages since last October.

Hartung said he expects the committee to recommend competitive interest bidding, a requirement that a "maximum amount of state deposits be placed at interest in Texas banks and that state investments be permitted in U.S. treasury bills and other government securities.

Law Blamed
A new "speedy trial" has confused prosecutors and influenced district attorneys in San Antonio and Wichita Falls to dismiss cases against six accused felons.

The law allows the state 120 days to try felony charges.

Cases were dismissed in San Antonio and Wichita Falls when prosecutors announced they were not ready for trial when they were unable to produce key witnesses.

Courts Speak
The Court of Criminal Appeals is studying an attack on constitutionality of the speedy trials act after

hearing oral arguments last week.

The State Supreme Court upheld dismissal of two Pasadena policemen for planting a gun along the path of a fleeing theft suspect.

The high court turned down another effort of a Houston television reporter to stop a Nazi telephone recording that offered a bounty for non-whites.

The Supreme Court also ordered El Paso's city water company to supply a restaurant nearby in New Mexico, and concluded a Port Arthur

family didn't move fast enough to enjoin leaking sewer gas from a municipal sewer system.

Public employees, the Supreme Court held in a Corpus Christi case, are entitled to present grievances through a non-striking organization.

Texas Municipal League and Houston filed suit to reverse a Public Utility Commission decision ordering \$31 million in city franchise taxes on telephone services included only on bills of customers within city limits.

AG Opinions

Local school districts are not authorized to pay required employee contributions to the Teacher Retirement System, Attorney General John Hill said.

In another recent opinion, Hill concluded a commissioners court has "reasonable discretion" to permit payment of office expenses for official court reporters.

Hearing Begins

The Public Utility Commission last week began hearing testimony in Houston Lighting and Power Company's \$174.9 million rate increase request.

PUC staff members recommended a \$40.5 million increase with a 13.8 per cent return on equity.

Short Snorts

The Department of Public Safety expressed serious concern about a traffic death toll which has jumped 11 per cent over last year and an increase in violent crimes.

Texas AFL-CIO Executive Board announced unanimous opposition to the tax relief amendment on the November 7 ballot because it would grant tax breaks to corporate farms, ranches and timber interests.

The Alabama-Coushatta Indian Reservation near Livingston proposes to administer its own federal grants,

including manpower training funds.

Not all homeowners will get relief from the sales tax on utilities this month. It all depends on the billing cycle. If the cycle is September 25-October 25, the tax must be paid through October 25. But if the billing period is October 3-November 3, the tax went off October 3.

Joe Carter, veteran chairman of the Texas Water Commission, died here last week.

A House select committee suggested counties be given an option whether to pick grand juries at random or through the old commission system.

Bob E. Bradley is new administrative director of the Texas State Board of Public Accountancy.

A Democratic candidates' ticket tour of 15 Central and East Texas cities is scheduled October 20-31.

Twin Cedars Nursing Home News

By FLETA WALLS

Sunday services were brought to us by Kent Maxson and a group from Texas Tech. The group sang for us and then served homemade cookies and punch to all the residents. Next week's services are scheduled to be by the Nazarene Church with Rev. Philip Daniels officiating.

We are glad to have Mrs. Mabel Barker back at home after her hospital stay. She seems to feel much better.

We are all sorry to hear of the death of Mrs. Shirley Wise's son. Shirley used to cook for us. Our hearts and prayers are with her during

her time of grief.

Visitors this past week at Twin Cedars were Mr. and Mrs. J.C. Mosier, Inez McGrew, Lucille Walker, Roberta Herron, Fern Strange, Gus and Mary Sherill, Don Neumann, Frank Bostick, Ruby Bostick, Donril Nelson and Carla, Shirley Bland, Sybil Cockrum, Eddie Britnell, Amy Ault and Carla Bilbo.

The "Mercury Galant" published in 1972, was the first general interest magazine with gossip.

Hill backs tax relief on ballot November 7

"We've got a great opportunity Nov. 7 to take a significant first step toward tax relief in Texas. I'm urging everyone to vote for the proposed constitutional amendment to give tax relief to our farmers and ranchers, homeowners, and elderly. After this amendment is adopted, I'll be ready to take the lead in the 1979 legislature to follow through on this first step."

Love fund started for leukemia victim

SKEETER SHEDD

A love fund has been started this week for Skeeter Jo Shedd, three-year-old daughter of Mr. and Mrs. Joe Shedd of Seminole.

The fund has been started by the Church of God of Prophecy to help defray hospitalization and medical expenses during Skeeter's six month visit to Health Sciences Hospital in Lubbock for treatment of Leukemia.

Containers have been placed in business places and oilfield offices, or may be made to Pastor Steve Couch at 703 West 12th.

Skeeter is the granddaughter of Mr. and Mrs. Emmett Shedd.

Joann wants your personal news. Call yours to 495-2816.

Johnnie Hall rites held

Funeral services for Mrs. Johnnie Hall, 90, of Dalhart, a former resident of Pleasant Valley and Garza County, were held Tuesday, Oct. 19 in the Lubbock Methodist Church at 2 p. m. with burial in Southland's cemetery.

Mrs. Hall died Saturday following a lengthy illness.

Survivors include a sister, Mrs. Eula Evans of Post; a brother, Edgar Spence of Los Angeles, Calif.; two sons, Paul of Dalhart and Spence of Sorum, S. D.; and one daughter, Mrs. Wanda Sampson of Cupertino, Calif.

Gas fuel costs jump 9 times in decade

Natural gas costs Southwestern Public Service Co. nine times as much for use as fuel today as it did ten years ago, Cliff Morrow of Amarillo, SPS plant training and safety supervisor, told Post Rotarians Tuesday.

Gas which cost 19 cents per thousand cubic feet a decade ago now costs the utility firm \$1.65.

Morrow gave Rotarians a short talk on how the utility firm was converting its generating plants to coal instead of gas and after the talk showed slides of the step by step process of coal-generated electricity.

He explained coal roughly costs only two-thirds as much as gas, but coal plants

cost two and one-half times the cost of a natural gas plant and requires two and one-half times as many workers to operate.

He said because of its availability, most electrical utility firms are converting from natural gas to coal. The problem of the nuclear power plant is that it takes five years just to get all the government permits to build, he explained.

Southwestern Public Service has six trains which bring 10,000 tons of coal per train to its new Panhandle coal fueled plant. They are unloaded automatically in 30 minutes or less.

Two other Southwestern Public Service officials, Floyd Starks of Lubbock, plant manager of Jones Station and Bill Cartwright of Dumas, plant manager of the Moore County plant, were guests of the Rotary Club for the program.

The number of young people 18-24 years old employed in 1974 was 19.3 million. The U.S. Bureau of Labor Statistics predicts that by 1990 that number will fall to 17.6 million.

It's Our 27th Anniversary

In Business In Post

A large segment of the oil industry is composed of independent business men, like ourselves, working in a very highly competitive field to make America bigger and better.

CAYLOR'S Shell Service

301 S. Broadway

Cliff has 'big night' but Slaton wins, 21-14

147 yards, two tds for senior runner

Cliff Kirkpatrick had the finest game of his high school career at Slaton Friday night as he gained 147 yards in 19 carries and scored two touchdowns.

But the Tigers had more overall firepower and pulled it out 21-14 in the annual shootout between the two long-time rivals.

On the night of Friday the 13th the scoring difference was a blocked Post punt which the Tigers recovered on Post's one yard line and immediately converted into their second touchdown.

All the scoring was crammed into the first half. The Lopes broke on top with the first score. Slaton rallied to put three tds on the board in succession.

Then Kirkpatrick swept right end, toughed it out as three Tiger tacklers bounced off him, and broke into the clear down the east sideline for 76 yards and the final score of the game.

There was 3:57 left on the first half clock at the time.

The second half was a defensive struggle with the Lopes posing only one minor early threat. The Tigers driving were stopped once on the Post 11 and were on Post five as the game ended trying to hold onto the ball.

Post had problems with both its passing and kicking games on offense and the defense had trouble getting Slaton's 188-pound sophomore fullback, Jesse Titus, tackled. Titus slashed for 117 yards on 18 carries as Slaton piled up 288 yards rushing for 20 first downs.

The Lopes defensive unit put a quick stopper on the Tiger sweeps but Slaton backs ran for big yardage inside behind hard blocking.

The Post passing game was simply a case of Quarterback Rance Adkins throws being dropped when he was on target and of his not being on target enough.

One of the pluses for the Lopes was the constant cheering and encouragement from a big Post crowd which followed the club north.

Early in the first period, Defensive Back Mike Macy intercepted Slaton quarterback Ricky Davis's first pass on the Post 45 and returned it to the Tigers' 46 to set up Post's initial touchdown.

STATISTICS		POST	SLATON
8	First Downs	20	
201	Net Yds. Rushing	290	
2 of 12	Passes, Comp.	1 of 9	
19	Yds. Passing	25	
1	Passes Int. By	1	
6-30.0	Punts, Ave.	4-40.8	
4-39	Penalties, yds.	4-30	
4-1	Fumbles-Lost	1-0	

The Lopes scored in five running plays with Kirkpatrick picking up 14 to the 20 on a fourth and one situation at the Slaton 34. On the next play, Kirkpatrick took a pitch right, cut back in to race 20 yards without a hand being laid on him.

That was only 2 minutes and 48 seconds into the action. Center Leslie Looney toed the conversion kick from placement.

Slaton then drove from the next kickoff 72 yards in 10 running plays with Titus getting 55 of them and the last eight up the middle for the tally. Davis then passed to End Darryl Heinrich for a two-point conversion to put Slaton in front 8-7 with 5:33 left in the opening quarter.

The Lopes failed to get rolling after the kickoff and with fourth and four on the Post 20, Bryan Compton went back to kick. The center snap was low and three Tigers broke through to block the kick and recover on the Post one-yard-line.

Davis slipped in on a keeper for the second touchdown. He tried to pass and then run the conversion points across but was tackled short of the goal line. That made it 14-7 with 3:35 still left in the first.

The two teams exchanged kicks before Slaton set up on its 43 after a 27-yard Compton kick. Tailback Michael Whaley, another sophomore, broke loose for 23 yards to a first on the Post 35.

Three running plays picked up a first on the Lope 25. Davis swept left end for 11, got seven on the next try, and Mike White, another Slaton back, barreled up the middle on a draw for the third Slaton touchdown.

Titus converted after this one.

After an exchange of kicks, David broke away on a 33-yard run to a first on the Post 27, but the Lopes

Page 8 Thursday, Oct. 19, 1978 The Post (Tex.) Dispatch

OP says 5AA crazy

The Old Prognosticator made more sense this week than his game predictions have to date when he

dug in and held for downs taking the ball on their own 24.

In comes Kirkpatrick and puts Post back in the game with his 76 yard dazler around right end. Looney converts and its 21-14.

Slaton drove the next kickoff to a fourth down on the Post 22 with 27 seconds in the half. Titus tried a 39 yard field goal which simply didn't get there and was off target anyway.

Post took the third period kickoff to its 29 and on the second play Wingback Bobby Finch slipped through tackle on a quick handoff, broke into the clear and ran 65 yards before losing the race for the goal line and being dragged down from behind on the Slaton 3.

A flag was thrown for a Post clip on the long run and Post wound up after a 15-yard walkoff with a first on the Slaton 41. Post got it to the Slaton 26 on an 11-yard fourth down pass to End Dale Redman, but the Tigers dug in and held for downs on their 22. That was the only scoring threat for Post in the final half.

After an exchange of kicks, Post lost the ball on a fumble on its own 34. Slaton drove to the Post 11 where the Lopes held as the fourth period opened.

Post got out to its 44 aided by an 18-yard interference on a pass penalty against the Tigers on a play in which End Jeff Williams was hurt on an early hit trying to make the catch.

The two teams exchanged kicks before Slaton started on its own 44 and literally ran out the clock on 10 running plays winding up first and goal to go on the Post five-yard stripe as time expired.

pointed to the "Crazy balance" of District 5AA this season.

In the eight-team district just about everybody is capable of bushwashing anybody else.

Comparative scores mean practically nothing. For example, Seminole's Indians two weeks ago whipped Roosevelt's Eagles by a 40-point margin. Yet state-ranked Tahoka only managed a 17-point margin last Friday night while Seminole was getting devastated at Denver City's homecoming 27 to 7 after the Post club had blanked the Big Red the weekend before — something which isn't done very often.

The Old Prog says there is no future to grid picking in this "crazy district" this year.

After limping home with four right in seven tries last Friday night, the O.P. finally managed to shove his seasonal percentage over the .600 mark — to a bare .610 to the exact.

With considerable misgivings, (editor's note — probably "misses" would be a more accurate term), the Old Prog offers these carefully made selections with his choices in capital letters (Editor's note — to glorify his mistakes that is):

Cooper at POST. Neither team has a high scoring offense and both have lost every game but one this year. The difference will be the running of Cliff Kirkpatrick who has scored all of Post's four touchdowns to date.

FLOYDADA at Lockney. This one matches two 4AA rivals for what well could be the 4AA crown. The Horns have a rugged defense, but the Whirlwinds have too much offense and a knack for winning the close ones.

Abilene Wylie at COLORADO CITY. The Wolves held onto the ball better last week and scored eight touchdowns. They are not likely to lose again until they go to Coahoma Nov. 10 for the district 6AA title showdown. And then they may come out on top — providing they can hold onto the ball.

Denver City at SLATON. The Tigers' sophomore fullback, 188-pound Jesse Titus was a better runner against Post than was Tailback Jerry Hill of the Big Red, though not by much. That is about the difference between two clubs that block well but do not pass very

effectively. There should be some points on both sides of the scoreboard and very little difference in the number.

Seminole at TAHOKA. Actually the Indians have broken out of a long losing streak, mostly to AAA clubs, only against Roosevelt — and although the Bulldogs defense doesn't appear so potent their attack is simply great — providing they too can hang onto the pigskin, a mistake which cost them their only seasonal loss.

Roosevelt at FRENSHIP. The Tigers should pick the Eagles on the basis of maybe the district's stoutest defense. But don't forget those Eagles rang up three touchdowns against Tahoka last week. But they've been hammered hard two weeks in a row and that has a certain effect.

Here are the scores of last week's games in which the Old Prog barely escaped as "a winner" with the O.P.'s selections in capital:

SLATON 21, POST 14.
DENVER CITY 27, SEMINOLE 7.
FRENSHIP 28, COOPER 0.
TAHOKA 38, ROOSEVELT 21.
LOCKNEY 7, DIMMITT 0.
FLOYDADA 19, WELLINGTON 14.
COLORADO CITY 54, BALLINGER 0.

Big night for Price

Wingback Ronnie Price scored 14 points for the Post freshmen here last Thursday night against the Slaton frosh, but the visitors scored twice that many for a 28-14 victory.

Slaton got touchdowns in each of the first two periods before Post cranked up and drove 60 yards for their first score with Price slicing across from the one.

He ran the extras over too to make the score 14 to 8 for Slaton at the intermission. Slaton punched over their third touchdown in the third period before Price broke loose 51 yards on an end sweep to narrow the margin to 22 to 14.

The visitors got their clincher score in the fourth. Also, in the fourth Post drove to the Slaton eight before losing the ball on downs.

"We're improving every game and we're proud of all our kids," Coach Lane Tannehill told The Dispatch.

Lopes seek to get back into race against Cooper

Coach Jackie Brown's Post Antelopes will entertain the Cooper Pirates in Antelope Stadium Friday night in a 5AA game with a 7:30 p.m. kickoff.

The Lopes will be seeking to bounce back into the thick of the district race after a tough 21 to 14 loss at Slaton Friday night.

The Lopes came out of the hard game with the Tigers in reasonably good physical condition. Only Chuck Black, offensive tackle, of the regulars is a doubtful starter due to a knee injury.

End Jeff Williams who was taken out of Tiger Stadium in an ambulance Friday night took the ride only as a precautionary measure after being really shook up on a pass play.

After an examination at Slaton's Mercy Hospital, he was released and brought home. He will be ready to play against the Pirates.

Coach Brown said he got a jolt on his neck and had had a previous head injury thus the care taken.

Cooper is described by Coach Brown as an improved ball club over its 1977 edition.

Slaton whips Post JVs 21-6

Post's junior varsity club bowed to Slaton in Antelope Stadium last Thursday night, 21 to 6, as the visitors went ahead in the second period and stayed in front the rest of the way.

Slaton put together a 60-yard scoring drive in the second period and kicked the extra point for a 7-0 halftime lead.

Post got its touchdown early in the third when it drove 60 yards with Fullback Barry Wyatt going the final 16 yards for the marker. An attempt to take the lead with a two-point conversion failed.

Slaton got its second touchdown also in the third period on a 70-yard pass play. In the fourth, they put the final points on the board, driving 40 yards after recovering a Post fumble.

After each of these touchdowns they kicked the extra

The Indians have a new coach in Tommy Boyd, former first assistant at Slaton who spent last season with Coach Bobby Davis at Calallen. Consequently, the Indians are running a slot I attack very similar to that used by the Slaton Tigers last Friday night.

Quarterback Dwayne Pounds, a 175-senior, is a

good passer and the Indians who lack the muscle of other clubs throw the ball a lot.

Another good back is Cooper is Fullback Moseley, a 190-pounder. Cooper has one victory that over Morton, in starts to date. Post is one-four, but it's a victory over Denver City.

Middle School teams sweep Slaton pair

Post's Middle School graders swept a doubleheader from Slaton at Slaton last Thursday night.

The seventh graders rang up a 22-0 victory and the eighth graders followed with an 8-0 triumph in a tough defensive struggle.

Melton Williams sparked the seventh graders with two sparkling touchdown runs.

In the first period, he zipped 40 yards around right end for the touchdown and then dived across for the two conversion points.

Slaton had too many players on the field on the next kickoff and with the penalty, Post kicked off into the end zone where Slaton tried to run it out and made it only to the four.

Nose guard Daniel Gonzales recovered a Slaton fumble at that point to set up Post's second touchdown. James Brown scored on a quarterback sneak on the first play but the extras failed.

In the second period, Williams intercepted a Slaton pass and raced 70 yards to the final touchdown. Brown then passed to Williams for the extra points.

With a 22-0 intermission points.

Post had a touchdown in the fourth called back when a clipping penalty was called on the run which followed a successful pass completion.

The next start for the local JVs will be against Cooper at Cooper at 7:30 p.m. tonight.

lead, Post's second offense played the entire second half.

In Post's eighth grade victory, the two teams battled to a scoreless standoff in the first half.

The winning points came on the second half when Post End Irvin took a short kick on the yard line, broke through Slaton's tacklers and ran 65 yards for the game's first touchdown.

Fullback Mark slashed off tackle for two-point conversion.

Post's defense was potent that not once during the game could Slaton mount a scoring threat. Coach Joe Giddens reported.

The seventh and eighth graders will play Cooper at Antelope Stadium this evening in a twin bill with the seventh grade kickoff at 7 p.m.

Phone problem is explained

SAN ANGELO — General Telephone customers continue to experience problems in long distance calling," O.D. Harbrow, Lubbock division manager, said.

These difficulties are a result of Southwestern's major conversion to a computerized toll switching system in Lubbock. General's South Plains Panhandle community long distance service switches through Lubbock office.

SLATON

84 BYPASS

Wingback Cliff Kirkpatrick turns corner on his 76 yard touchdown dash against Slaton in second quarter.

Defensive Back Carlos Varela makes a clean open field tackle of a Slaton runner in the game at Slaton Friday night.

POST ANTELOPES VS. COOPER PIRATES

Antelope Stadium --- 7.30 P.M. Friday, October 20

After two tough road games which they divided with traditional foes Denver City and Slaton, the Post Antelopes will play host Friday night in Antelope Stadium to the Cooper Pirates.

Both teams have the same records with one victory apiece and four losses at the season's halfway mark.

Since the teams haven't as yet played the same foes, comparative scores are no factor.

The Lopes have given good account of themselves since the district season opened.

Post will be out to put their second district win on the board Friday night. They aren't out of the district race by any means. The league is pretty well equal and it's hard to guess who will do it to whom the following week.

Other Games Tonight, Oct. 19

HUDMAN FUNERAL HOME
Presents

Wordsworth

REPENTANCE A young, hot tempered army officer struck a young private, noted for his courage. The private, feeling the insult deeply, didn't return the blow, but said, "I will make you repent it." Later, during a heated battle, the private saw an officer, wounded and separated from his company, trying to force his way through the enemies who surrounded him. The private, recognizing the same young officer, rushed to his assistance, and together they fought their way to their own lines. Trembling with emotion, the officer grasped the hand of the soldier and in gratitude said, "Noble man! What a return for an insult so carelessly given!" The soldier shook the officer's hand and with a smile said, "I told you I'd make you repent it." From then on they were close friends.

THE STATE OF TEXAS
TO: Ida Frances Menseh Redman
GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock a.m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 8th day of November, A.D., 1978, at or before 10 o'clock a.m., before the Honorable District Court of Garza County, at the Court House in Post, Texas. Said plaintiff's petition was filed on the 25th day of September, 1978. The file number of said suit being No. 3394. The names of the parties in said suit are:

Clifford James Redman as petitioner and
Ira Frances Menseh Redman as Respondent.

The nature of said suit being substantially as follows, to wit:

SUIT FOR DIVORCE
If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 25th day of September, A.D. 1978.

Given under my hand and seal of said Court, at office in Post, Texas, this 25th day

of September A.D., 1978.

Carl Cederholm
Clerk
Court: Garza County, Texas
By Joy Orr, Deputy

It took astronauts about three days to get to the moon; at that rate, it would take 878,000 years to reach the closest star, Proxima Centauri.

Conversion to computer

"During the past two weeks General Telephone customers have experienced difficulties in placing long distance calls," O.D. Hearne, Brownfield division manager, said.

General's South-Plains and Panhandle communities long distance service switches through Southwestern Bell's Lubbock office, which had a major conversion to a computerized toll switching system

Oct. 1.

The advanced technological system, designed to provide faster and more reliable long distance service, did have some bugs during the first few weeks. "When these problems are corrected, long distance

service should be better than ever and Southwestern Bell apologizes for the inconvenience to General Telephone customers," Hearne said.

There are more than 100 different strains of influenza known to cause flu. That doesn't count those that cause flu or other respiratory infections.

HEAT PUMP

YOUR CONSTANT COMPANION FOR HEATING & COOLING EFFICIENCY

No matter what the weather outside, the heat pump works quietly... efficiently... automatically to keep your family comfortable. Since it pulls much of its heat right out of thin air, the heat pump actually saves energy as it works. In fact, it delivers as much as two units of heat for every one heat unit of electricity it uses. Costs are the lowest of any electric heating/cooling system available.

For year 'round heating and cooling efficiency, the heat pump is your constant climate control companion. Call us today for more information.

Tough Talk on Inflation

WASHINGTON—The President's new get tough policy on inflation can't be faulted for its aims. It will disagree tough measures are necessary if the administration expects results on its promises to whip inflation down to a level that will restore the purchasing power of the American.

That is troubling about reports on the President's new inflation offensive is its direction. Having tried the voluntary approach without much success, the President apparently has concluded tough measures will center around price "standards." That has a familiar ring to it: inevitable denials signaling the prelude to wage and price controls.

What is troubling about reports on the President's new inflation offensive is its direction. Having tried the voluntary approach without much success, the President apparently has concluded tough measures will center around price "standards." That has a familiar ring to it: inevitable denials signaling the prelude to wage and price controls.

MICROWAVE MENUS

KEEP COOL IN THE KITCHEN THIS SUMMER

This summer when a heat wave blankets the country, keep cool in your kitchen. Impossible? Not when you cook with a microwave oven. The room and the oven itself stay cool during cooking. The microwave energy is absorbed by the food and reflected from the oven walls so the heat in microwave cooking is confined to the food itself.

Casseroles, like Tuna Chinese, that contain even-sized pieces of cooked foods and which require no browning are ideal for microwaving. This hearty dish, made in minutes, provides a hot, satisfying meal after a full day of summertime activities. Celery, green pepper and onion are sauteed in Blue Bonnet Light Tasty Spread until tender. Blue Bonnet Spread adds rich buttery flavor with 25% less fat and calories. The tender vegetables are then combined with an easy mushroom sauce, tuna and crisp chow mein noodles.

This delicious summertime supper can be on the table in less than thirty minutes.

SUMMERTIME SUPPER
Tuna Chinese
Chow Mein Noodles

Sliced Tomatoes and Red Onions with Red Wine Vinegar Dressing
Buttered Italian Green Beans
Raspberry Gelatin with Whipped Topping
Iced Tea

1 can (3 oz.) chow mein noodles

For Microwave Oven Preparation: High Power Level
In a shallow dish melt Blue Bonnet Light Tasty Spread for 30 seconds. Add celery, pepper and onion. Cook 5-7 minutes, stirring every 2 minutes.

In a 2-quart casserole combine sour cream, cream of mushroom soup and 1/4 cup water. Cook 6 minutes stirring every 2 minutes. Stir in vegetables, tuna and 1/2 the chow mein noodles. Cook 3 minutes or until heated through. Serve over remaining noodles. Garnish with lemon wedges if desired.
Makes 6 servings.

TUNA CHINESE
3 tablespoons Blue Bonnet Light Tasty Spread
1 cup diagonally sliced celery
1 medium green pepper, cut into strips
1 small onion, chopped
1 cup sour cream
1 can (11 oz.) condensed cream of mushroom soup
1/4 cup water
1 can (13 oz.) solid white tuna, coarsely flaked

When someone in a car ahead of you slows to turn or prepares to stop, be courteous and pull slightly to the right so the driver behind you can see his brake light.

Jobs for Texans---

(Continued From Page One)
chairman of the Chamber's program of work committee.
Heretofore, the Chamber membership has elected the president, but the directors named the other officers.
Jim Cornish in presenting the recommendations said

United Fund wheels turn

The annual Garza United Fund drive will get a late start this year, but the organizational wheels are turning at last.

At a meeting last Thursday evening in the bank's community room, fund directors discussed the drive, sought new directors to be elected at the next meeting, and named Jack Alexander to head the budget committee.

Alexander has called a meeting of the budget committee for Monday, Oct. 30 from 4:30 to 6:15 p. m. in the community room to hear requests for funds from participating organizations.

Any organizations who will seek United Fund participation for the first time are asked to contact Alexander for a presentation time.

After the budget committee completes its work and recommends the drive's goal, directors will meet, elect new officers, adopt the budget, set the date for opening the drive and name a campaign director.

Pie supper after game

A pie supper will be held following the Post-Cooper football game here Friday night in the Post Community Center.

The supper is sponsored by the 4-H clubs with proceeds going towards the new 4-H building.

Pie, coffee, soft drinks and hot chocolate will be available.

The public is invited to attend.

The three-year director terms are recommended in the model bylaws proposed by the U.S. Chamber of Commerce, as well as already being in the Chamber's present bylaws written in 1952.

The U.S. Chamber also recommends selection of officers by the board more familiar with duties and responsibilities, and the naming of a president-elect to add to the continuity of the Chamber organization.

When the draft of the proposed bylaws is completed, the bylaws will be presented the Chamber membership for adoption, possibly at the quarterly breakfast in December.

The State Department of Highways and Public Transportation has offered to pay the Post Chamber \$1,640 for that organization's non-conforming and unpermitted three "Gateway to the Plains" signs.

Directors voted unanimously to accept the \$1,640.

Attending the meeting were directors Charles Adams, Iva Hudman, Don Payne, Rob Robinson, Linda Waldrip, Jim Wells, Cornish, Willard and Chamber secretary Phyllis Morris.

Drilling first well of its kind

AUSTIN, Texas (Spl.) — The University of Texas is coordinating a project that has drilled the world's first well into overpressured hot waters which are trapped deep in sedimentary layers of the Texas Gulf Coast.

The idea behind the project is to determine whether the pressure and heat contained in the geopressured-geothermal zones can be tapped to power turbines and, in turn, generate electricity.

Another possible energy bonus of the test well in Brazoria County: UT researchers believe large quantities of methane gas, now dissolved in the hot waters, can be recovered.

The Dispatch works while you sleep.

School board-

(Continued From Page One)

Martha were employed. Trustees then had a 3-3 standoff on naming Mike Flannigan, the next biggest vote getter at the spring election, to the vacancy.

So after the matter was laid aside for two or three months, Payne was agreed upon for the appointment.

Payne will serve until the 1979 spring election when voters will elect someone to fill the remaining two years of the unexpired term.

Since the board had not officially accepted Hart's appointment when made that was put into the record too.

In other actions, trustees accepted the school district audit for the fiscal year completed Aug. 31, and discussed the leasing of FFA vehicles with Harold Lucas, local auto dealer.

Mrs. Donna Northam also was employed as junior high librarian, effective Oct. 23.

Maxey rites-

(Continued From Page One)

Falls: four sisters, Pearl Graham and Ona Berdine, both of Weatherford, Minnie Overton of Granbury and Texola Howard of Midland; 12 grandchildren and five great-grandchildren.

Pallbearers were Bobby Cowdrey, Troy Nelson, Jerry Bush, Mack Ledbetter, Mason McClellan, James Babb, Ted Aten and Jody Mason.

Burial was in Terrace Cemetery under the direction of Hudman Funeral Home.

Post man-

(Continued From Page One)

Chance of Post and Sylvia Anne Wise of Lakeside, Calif.

Funeral services were conducted at 2 p. m. Wednesday in the Calvary Baptist Church here with the Rev. Jimmy Kennedy, pastor, officiating.

Burial was in Terrace Cemetery under direction of the Hudman Funeral Home.

Hospital directors---

(Continued From Page One)

and two dentists to the medical staff and three other doctors to the courtesy staff.

Zintgraff also reported that the hospital wound up its fiscal year Sept. 30 with \$32,000 left in tax money. He said his goal for the current year would be to try and retire \$87,000 of the loan for the recent air-conditioning and heating modernization at the hospital.

In his September hospital report, Zintgraff reported 47 patients admitted during the month to bring the total for the last fiscal year to 676.

The admissions totaled out to 181 patient days for September with an average stay of 3.8 days, slightly below the annual average of 4.3, but the hospital had an average of 9.7 patients per day for the month, an increase in the average of 8.0 patients for the fiscal year just completed.

Six babies were born during the month to bring the total hospital births for the fiscal year to 83. There were 210 outpatients treated during September in the emergency room to bring the total treated for the year to 1,956.

The hospital collected \$24,869.66 from accounts during the month and had \$42,123.99 in operating expenses for September.

For the fiscal year just ended the hospital's operating expenses totaled \$506,144.26 with \$340,900.15 collected on patient accounts

and \$247,704.43 received in taxes.

As of Oct. 1, the hospital had \$7,193.67 in medical payments outstanding, \$8,893.43 in other insurance outstanding, \$43,338.78 in other accounts receivable and \$53,107.22 in old accounts receivable for a total of \$143,534.10 in receivables on the hospital books.

Bill boosts amendment

STIN — Attorney General John Hill urges voters to cast their ballots Nov. 7 for the amended tax relief constitutional amendment.

Adoption of the tax relief amendment is an essential step toward reform of the tax system and tax in Texas," Hill said.

Hill has consulted with Lt. Governor Bill Hobby and House Speaker Bill Clayton about amending the tax relief legislation during the 1979 legislative session, and they have agreed to my plans for this matter and the education school finance legislation 'emergency'.

Hill is optimistic that the agreement by the legislative officers of the two houses of our legislature will give the clear signal we need to our legislators that the tax relief and school finance legislation will be passed during the next legislative session, and that they will be at the top of the line when we begin taking action on bills.

"But our attention first must be directed toward the Nov. 7 election. Unless the voters approve the tax relief amendment, we will not be able to make any meaningful progress toward tax relief."

"That is why I am campaigning for adoption of the amendment, and that is why I will devote part of my campaign resources to getting out a big vote for the tax relief amendment."

"I skimmed a little on the foundation, but no one'll ever know it."

begin taking action on bills. "But our attention first must be directed toward the Nov. 7 election. Unless the voters approve the tax relief amendment, we will not be able to make any meaningful progress toward tax relief."

"That is why I am campaigning for adoption of the amendment, and that is why I will devote part of my campaign resources to getting out a big vote for the tax relief amendment."

Sales tax up

Post's one cent city sales tax is up 10 percent for the first 10 months of 1978 over a comparable period last year, figures from Comptroller Bob Bullock's office in Austin shows.

Post, which got an October check for \$4,137.40 this year as compared to \$3,896.52 for the same month in 1977, has received \$80,360.09 so far this year.

No child care homes in Post registered

Anyone who uses her home to give regular care to between one and six children not related to her, is required by law to register with the state, but many such individuals may be unaware of this requirement.

Carolyn Badgett of Lubbock, Day Care Licensing Representative for the Texas Department of Human Resources, said that no such homes are registered in Garza County, and she invited caregivers who have not yet registered to contact her for the necessary forms and information.

"Registration differs from licensing," she said. "Licensing is required of facilities which care for more than six children regularly. Registration is a simpler procedure, whereby the care giver checks her home by standards which are furnished and sends us a signed statement that she meets the state's minimum requirements for the health and safety of the children in her care."

Local Fire Marshall Charlie Cooper will need to inspect the homes in Garza County for fire hazards, and Dr. Tubbs will inspect for sanitation. Other than these consultations, no other outside inspections are routinely required.

"I will be glad to talk to the care giver's at their request regarding meeting the standards," Ms. Badgett said. "The law requires the representative to visit a home if a complaint against the home has been received or if it was selected from a random sampling for inspections for compliance with standards. Our state office chooses one home in a hundred each month to be inspected."

"Placing a home on the agency's list of Registered Family Homes does not imply any guarantee from the state about the facility," Ms. Badgett said. "We do make our list available to parents who are looking for

someone to care for their children. But the parents are still responsible for getting acquainted with the caregiver and her home so they can assure themselves that the type care they want for their children will be provided."

The Child Care Licensing Act of 1975 requires a home to be registered if even one child under 14 years of age who is not related to the care giver regularly receives care for part of the 24-hour day, Ms. Badgett said. Care may be given to as many as six children, in addition to the care giver's own, and to brothers and sisters of the other children in care during after-school hours, provided there are never more than 12 children in care at one time.

Regular care means that care is provided more than four hours a day, more than two days a week, and for at least five consecutive weeks.

The state makes no charge for registration, she said. She invited individuals in Garza County who wish further information about registration or licensing to contact her. Her telephone number is (806) 762-8922, Ext. 378, and the mailing address is PO Box 10528, Lubbock, Texas 79408.

Revival opens here

A revival is being held at the Assembly of God Church. It began Wednesday evening and will continue through Sunday.

Rev. V.R. Hamilton of Panhandle, Tex., will be the evangelist.

Services will be held nightly at 7:30 p.m. and on Sunday morning at 9:45 a.m.

The public is invited to attend any or all of the services.

Pastor for the local church is Bert Ryan.

Rites held for Louella Keeton

Funeral services for Louella Keeton, 74, former resident of Post, were held Saturday, Oct. 14 in Comanche with graveside services in Terrace Cemetery at 4 p.m.

Miss Keeton died Thursday, Oct. 12.

Survivors include five brothers, F.F. and Chester, both of Post, R.V. of Brownfield, Boyd of Oklahoma City, and Lester of Lubbock; two sisters, Mrs. Ray Bass and Mrs. Bill Fisher, both of Comanche and a half-brother, Dick Withers of Hermleigh.

New Arrivals

Mr. and Mrs. Tinc Guerrero announce the birth of a son, Christopher Tim, born Oct. 13 in Garza Memorial Hospital at 9:55 a. m. weighing 7 lbs., 10 ozs.

Mr. and Mrs. Bobby Fink of Spur announce the birth of a son, born Oct. 16 in Garza Memorial, weighing 9 lbs., 9 1/2 ozs.

Mr. and Mrs. Lawrence Elmore announce the birth of a daughter, Crystal Diane, born Oct. 12 at 9 a. m. in Garza Memorial weighing 3 lbs., 13 1/2 ozs.

Nancy Strawn receives cap

Nancy Strawn Pendley, a 1970 graduate of Post High School, received her nurses cap in a ceremony Sunday afternoon at 2 p.m. in the First United Methodist Church in Lubbock.

She attended the Methodist Hospital School of Nursing, and will be a registered nurse in 1980.

Attending the ceremony were her parents, Mr. and Mrs. J.W. Strawn, Susan Strawn, Mary Ann, Suzanne and Larissa Gordon, all of Post and David Klemm of Plainview.

THANKS, MR. OIL MAN!

We appreciate all you've done to make the economy of this area strong.

We appreciate, too, your contributions to this community as good citizens.

And, last of all, we appreciate your patronage.

LUBBOCK — Inadequate cotton prices and a fear of increased production and even lower prices next year dictated the 1979 cotton program recommendations adopted Oct. 11 by Plains Cotton Growers, Inc., Lubbock.

The PCG board of directors voted to ask for a 1979 Commodity Credit Corporation loan at the maximum

permissible under current law, which USDA says is 50.23 cents per pound; for a 60 cents per pound target price; a 10 percent "mandatory" set-aside and a 15 percent voluntary diversion, the latter with payments to producers for idle acreage.

Also requested will be a continuation of the seed cotton loan program for producers who use cotton rickers or module builders, and continued USDA enforcement of bale packaging specifications as recommended by the Cotton Industry Bale Packaging Committee.

There was broad agreement among Board members that a set-aside of cotton acres is necessary for 1979 to prevent the production of a price-depressing surplus. Particular concern was expressed about reported intentions of feed grains, wheat and soybean producers to shift acreage from those crops to cotton.

Although a set-aside or a limitation on planted acreage are USDA's only options in an effort to reduce acreage, it was noted that neither would necessarily mean fewer acres in cotton next year. A so-called "mandatory" set-aside would not be mandatory at all under the present law. There is no provision in the law for marketing quotas or allotments, so producers who do not wish to comply with a set-aside or acreage limit can still plant all the cotton they want.

The only penalty for non-compliance, "mandatory or otherwise, would be loss of eligibility for CCC loans and any target price, disaster or diversion payments that might be due.

Also any set-aside, mandatory or voluntary, will be based on a percentage of acreage planted cotton in 1979, not 1978, leaving many producers with cropland acreage to comply with a set-aside and still plant more cotton than in 1978.

In response to comment from board members who expressed the need for a higher loan, President Lloyd Cline of Lamesa explained that under current law the Secretary has no authority to set the loan above 50.23 cents. "There'll be opportunities in the next session of Congress to amend the law," he said, "but Congress is adjourning this week and all we can do at this time is make recommendations within the limits of the law that's on the books."

Before the Board voted on a suggested target price, discussion was to the effect that 60 cents is below the price at which 1979 cotton is being contracted in the Lower Rio Grande Valley and other cotton producing areas and therefore will not unduly stimulate cotton plantings.

The largest living bird is the ostrich, which doesn't fly.

**Large eggs, fruits
fryers best priced**

COLLEGE STATION — Budget buys at Texas grocery markets include fryer chickens, large-size eggs and several fruits, Mrs. Gwendolyn Clyatt reports.

Also, look for special prices on sweet potatoes and dairy products, she says. Mrs. Clyatt is a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A & M University System.

This week's price-quality trends are the following:

FRESH FRUITS — Attractive prices appear on bananas, apples, honeydew melons, pears and red grapes. New cranberries will see end-of-month price drops.

Apples by-the-bag have lower prices. Buy apples according to use — Red and Golden Delicious for eating raw, Jonathan and McIntosh for general purpose, and Rome Beauty for baking.

FRESH VEGETABLES — Along with sweet potato specials, look for economical prices on cabbage, carrots, dry yellow onions, squash, potatoes and cooking greens. Cauliflower-in good supply-has moderate prices.

DAIRY — Check for specials on sour cream, yogurt, cheese slices and various natural cheeses.

BEEF — Prices are stable to slightly higher. Best values are chuck roasts and steaks, round steaks, beef liver and ground beef with soy protein.

PORK — Prices remain on the high side. However, look for specials on Boston butt roasts, end chops, rib and loin-end roasts, fresh picnics and liver. Also, smoked picnics and bacon.

MARKET AISLES — Look for specials on canned peaches, pears and fruit cocktail.

Consumer Watchwords

In buying pumpkins for jack-o-lanterns, choose the large "Jumbo" variety. It is usually 12-15 inches in diameter and weighs 10-90 pounds. Make sure it is rounded in shape, yet flattened on the ends. Check to see that the rind is free from blemishes — and hard for carving ease. Avoid smaller "Sugar" varieties.

Jay Young to head 4-H club

By **JERRI BAUMANN**
Jay Young was elected president of the Junior Leader 4-H club when it met Wednesday, Oct. 11, in the courthouse at 6 p.m.

Other officers elected were vice president, Lance Dunn; secretary-treasurer, David Poole; reporter, Jerri Baumann; council delegates, Benny Jackson and Lynn Hodges and a refreshment committee of Lynn Hodges, Karron Hays and Jerri Baumann was also named.

The group decided to meet the second Wednesday of every month at 6 p.m.

The meeting in November will be a tour of the First National Bank.

Syd Conner is leader for the group.

We Are Grateful . . .

 SOUTHLAND SCHOOL NEWS

BAND NEWS
 Eddie Davila was elected band president at a recent band meeting. John Ser-tuche was elected vice-president; Stephanie Saenz was elected secretary; and Sherri Alvis was elected treasurer.

Eddie and John are seniors and Stephanie and Sherri are freshmen.

This year's drum major is Mary Vasquez. Mary, a sophomore, is the daughter of Mr. and Mrs. Steve Vasquez of Southland.

The band performed at this year's homecoming Oct. 13.

Mayor named as chairman

"Texans want another conservative governor in Austin — like they have always had — and they want someone who will safeguard their future from excessive taxation and government spending. I am committed to that and I have proposed a Taxpayer's Bill of Rights to ensure it," Clements said.

Gubernatorial candidate Bill Clements today announced that Giles McCrary is serving as the Garza County chairman for the Bill Clements for Governor Campaign.

"Clements campaign organizations have now been established in all of the state's 254 counties. This is an unprecedented accomplishment in a Republican gubernatorial campaign in this state," Clements said.

"And, it points up the fact that my campaign is not a one-party effort. My candidacy is attracting Democrats, Independents and Republicans alike this year because Texans are realizing that the governor's race is not a case of Democrats versus Republicans, but a case of conservative versus liberals," he added.

"This statewide organization clearly shows the strong momentum of my campaign and the widespread support for my candidacy," he stated.

SALUTING Garza's Oil Industry

The Postex Plant This Oil Progress Week wishes to salute a sister major industry of Garza County —the Oil Industry—and wish it new growth.

Postex Plant
 A UNIT OF BURLINGTON INDUSTRIES

COMING EVENTS
 Oct. 19 — Junior high game with McCaulley at Southland, 6 p.m.
 Oct. 20 — High school game at Trent, 7 p.m.
 Oct. 24 — PSAT test for Seniors.
 Oct. 27 — No school — TSTA meeting in Lubbock. High School game with Highland, 7 p.m.
 Oct. 28 — Halloween carnival, sponsored by the Booster club and the school, 6-10 p.m. Freshmen skits 5:30 and 8 p.m.
HALLOWEEN CARNIVAL
 The Halloween Carnival sponsored by the school and Booster club will be Saturday, Oct. 28, from 6-10 p.m. in the old gym.

The crowning of the carnival queen and king will follow the carnival in the cafeteria.

The ninth grade will present two skits, one at 5:30 and the other at 8 p.m.

Other booths include: Fishing Booth, kindergarten and first grade; 2nd and 3rd grades, Dart Throw; 4th grade, Water-gun Squirt; 5th grade, Spinning Wheel; 6th grade, Basketball throw; 7th grade, Camera Raffle; 8th grade, Bean Bag Throw; Skits at 5:30 and 8 p.m., also ball and chain booth, 9th grade; King and Queen Contest, also skit to start before coronation of King and Queen, 10th grade; Golf putting, 11th grade and the Doll Throw, 12th grade.

Nominees for Carnival King and Queen are:
 Kindergarten — Tamra Abshire and Jason McInroe; First — Jenni Gast and Joe Mendez; 2nd, Beth Alvis and Lee Molina; 3rd, Michelle McGehee and Kenneth Daugherty; 4th — Petra Vasquez and Darrel Becker; 5th, Dee Farquhar and Francelle Singleton; 6th — Amy Flores and Eddie Moreno; 7th, Terri Hira-cheta and Jerry Hira-cheta; 8th — Monique Adamak and Andy Wheeler; 9th — Melonie Harrell and Joe Buxkemper; 10th — Cynthia Wheeler and Ambrose Davila; 11th Gena Farquhar and Sable Rodriguez; 12th — Stacy Rush and Jay Callaway.

Cotton \$7.50 bale higher

LUBBOCK — Prices High Plains cotton growers received were around \$7.50 per bale higher the week ending Oct. 13, according to Paul R. Dickson, Area Director at USDA's marketing services offices in Lubbock.

Growers sold mixed lots of mostly grades 42 and better, staples 30-33, mikes 3-5 to 4.9 around 56.50 cents per pound. New crop lots of mostly grade 52, staple 29, mikes 3.5 to 4.9 brought around 51.25 cents per pounds, Dickson said.

High Plains Marketing Services Offices graded 6,500 samples last week, bringing the season's total to 7,500. This compares with 249,000 graded by Oct. 13 last year, according to USDA's Agricultural Marketing Service.

Predominant High Plains grades this week were grade 42 at 31 percent, grade 52 at 31 percent, grade 43 accounted for 16 percent, and grade 53 was 13 percent.

Gins paid growers \$90 to \$105 per ton for cottonseed.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

JUSTIN — Legislative Budget Board recommended shifting two agencies and transferring their duties to other agencies.

The budget-writing arm of the legislature said the Governor's Office of Ministerial Affairs and the Texas Commission on Jail Standards should be wiped out.

At the same time, the board declined to act on proposed budgets of the Department of Pardons and Parole and the Board of Prison Investigators and Prison Security Agencies.

Board members expressed concern that it takes six to eight weeks to release a prisoner after he is paroled, and called for a new budget to fund the private detective agency fitting its revenues.

OMA's duties, the budget writers said, should be transferred to the Texas Department of Community Affairs to avoid duplication of effort.

An increase in staff of the Manpower Services Commission of TDCA also was recommended to permit monitoring of government sub-contractors for program.

Commission on Jail Standards duties should go to an agency such as the Commission on Law Enforcement Officer Standards and Training, the budget board stated.

LBB staff report said the commission relies too heavily on physical inspection of jails and provides little technical assistance.

ways and Public Transportation opened bids this week on 51 highway projects with an estimated total cost of \$59.8 million.

Projects in the October letting included an addition section of Houston's north-west freeway from east of Fairbanks-North Houston Road to east of Hollister Road.

Another important project is for improvement of a section of State Highway 111 in Jackson County.

The new highway will provide access to Palmetto Bend Dam.

The letting also included another section of Interstate Highway 37 between San Antonio and Corpus Christi in Atascosa County, and Spur 55 providing a new highway link from the Baytown area of Harris County to the industrialized areas across Cedar Bayou in Chambers County.

Veto Agreed

The federal government agreed to give Texas veto power over storage of nuclear wastes within the state.

Two Texas sites—one in Randall County of the Panhandle and the other in Anderson County in East Texas—are under consideration for designation as nuclear waste disposal areas.

Attorney General John Hill said Energy Secretary Schlesinger advised him that his department will not locate a nuclear waste geologic disposal facility within the state without Texas concurrence.

Hill said he will offer leg-

"Been bowling long, Farley?"

islation in 1979 to establish procedures to be used by state government in making use of the right to veto the disposal sites.

Courts Speak

Holding laws must keep pace with the time, the Texas Supreme Court concluded wives are entitled to damages for loss of conjugal rights and companionship due to husbands' injuries and illness.

The high court scheduled a hearing November 22 to examine arguments on whether an intermediate court was correct in turning down a \$3 million suit by a driver injured in the wreck of a Chevrolet in Montgomery County. The driver claimed the car design was defective.

In other recent cases, the high court:

—Rejected a Waco woman's claim she was entitled to \$25,000 in worker's compensation after getting pneumonia due to working conditions at a tent sale.

—Held the Taylor County district court is the sole judge of Abilene's big wet-dry controversy.

Third Court of Civil Appeals upheld authority for

Stephenville Savings and Loan Association to open a branch office in Weatherford.

New Appointments

Former State Rep. Felix McDonald of Edinburg was named chairman of the Texas Water Commission succeeding the late Joe D. Carter who died early this month.

Gov. Dolph Briscoe named his former legal aide Don Adams of Jasper to the Texas Industrial Commission to succeed James B. Bond of College Station.

El Paso Mayor Ray Salazar was appointed to the National Economic Research Institute, an organization to protect Texas and 33 other states against channeling of federal funds to the Frost Belt.

Thomas F. Lee of Del Rio was named district attorney of Val Verde, Terrell, Edwards, Kinney and Maverick counties, succeeding Tully Shahan.

Ag Opinions

Provisions of the controversial speedy trial act do not extend to juvenile court proceedings conducted under the Texas Family Code, Atty. Gen. John Hill concluded.

In another recent opinion, Hill said Harris County Flood Control district may not consolidate funds derived from bond issues if the issues were for different purposes. He said a county's property tax proceeds may be consolidated.

Short Snorts

Col. Wilson E. Speir, director of the Texas Department of Public Safety, was installed as president of the International Association of Chiefs of Police, largest law enforcement professional organization.

Top state officials addressed the 28th annual Attorney General's Law Enforcement Conference here.

Thirteen applications to sell more than \$9.1 million in securities in Texas were filed with the State Securities Board last week.

U.S. Secretary of the Interior Cecil Andrus was featured speaker at the ninth annual Lady Bird Johnson highway beautification awards ceremony here last week.

October is Texas seafood month

COLLEGE STATION — The seafood industry is big business in Texas, and to recognize its contributions to the Texas economy, Gov. Dolph Briscoe has proclaimed October as Seafood Month.

Purpose of the proclamation is to recognize Texas fisheries and to promote the Texas seafood industry, points out Annette Reddell, seafood consumer education specialist with the Texas Agricultural Extension Service.

"Texas has long been a leader in agricultural production, but few people realize that it ranks fourth in the nation in the production of seafoods," notes Reddell.

According to the latest statistics by the National Marine Fisheries Service, there were more than 80 million pounds of Texas seafood landings in Texas in 1977 valued at \$34.2 million. "With the accepted economic multiplier for seafood production, this means a total impact on the Texas economy of more than \$400 million," explains the specialist.

Because of the tremen-

dous value of Texas shrimp, the state produces 9.6 percent of the entire dollar value of U.S. fisheries. Also, some 14 different species of fish are harvested commercially in Texas, the most valuable finfish being redfish, speckled trout, red snapper, black drum and flounder. These species make up 95 percent of the value of Texas' commercial catch.

In excess of 8 million pounds of blue crabs and oysters were landed in Texas in 1977 valued at about \$4 million, adds Reddell.

The sprawling Texas seafood industry covers more than 1,000 miles of coastline from Port Isabel to Sabine Lake.

Texas pays tribute this month to its fisheries through promotional and

educational efforts of the Extension Service's Marine Advisory Program. According to Reddell, these continuing activities are part of the Sea Grant College Program at Texas A & M University. Leadership and advisory service is provided to industry and consumers by six county Extension marine agents, two area marine fisheries specialists, an Extension seafood technology specialist and an Extension seafood consumer education specialist.

Graham church sets festival

The Graham Methodist Church will hold its Harvest Festival, Saturday, Nov. 4 from 5 to 9 p.m. at the Graham Community Center. Advance tickets are on sale from church members at \$3 for adults and \$2 for children. The menu consists of ham, fried chicken, potato salad, beans, dessert and drink.

Various arts and crafts will be sold during the evening and a quilt will be given to a lucky person whose ticket is drawn. Members of the church have tickets for these various events to be held. Entertainment will be provided during the evening.

Proceeds from the festival will go into the fund for the new building the church is obtaining.

Congratulations to Our Oil Men!

For the great job you're doing for both our community and nation in an all-important energy industry.

Your patronage is appreciated.

MOTHER VISITS
Harold and Doris Lucas had as their guests Thursday night, her mother, Della Churchill, and sister, Louise Fox of Bloomfield, N.M., and Ray Del Robinson of Farmington, N.M. Bake and

Ray Del are former residents of Post and are moving to Tyler to make their home, where he will be associated in business with his son-in-law, Glen Finley. Mrs. Churchill celebrated her 81st birthday while here.

VISIT BROWNFIELD
Mr. and Mrs. Joe Williams were in Brownfield over the weekend attending the Harvest Festival held there and visiting Mr. and Mrs. Auvy Lee McBride, Mrs. Williams' son and his family.

LETTERS to the Editor

A DRIVE TO PURE PLEASURE

Dear Editor:
Our decision to drive to Post, Texas, in early morn on Sunday, Oct. 1, from my mother's home at Aspermont, Tex., to attend the matched roping events and western art exhibit at the famed OS Ranch, was an experience that was rewarding beyond description and will not be soon forgotten.

Because our objective was a West Texas ranch, we were more aware of other ranches as we drove across the vastness of West Texas. The first was the J.D. Patterson Ranch in western Stonewall County, not far from where I was reared. Others with storied names or brands were the O-Bar-O, Beggs, J-Bird, Cross Bar, Double U and finally the O.S.

I hope the citizens of Post are aware of the beauty of their city and of the caprock and foothills that surround them. As we approached Post, the foothills were covered with a beautiful blue haze of autumn. In words from a famous song, "A picture that no artist ere could paint."

Because we were among the early arrivals at the OS, we attended the mid-morning church services, outdoors in the beautiful chinaberry arbor. Although the seats were bales of hay, they were comfortable and appropriate for the setting. In attendance at the church services was Festus Hagen of TV's Gunsmoke. Personable and friendly was Festus and a pleasure to converse with.

The serving of the ranch fare of bar-b-cue, pinto beans and baked potatoes began shortly after the

church services ended, and entertaining with music during the meal was none other than Leon McAuliffe and the Original Texas Playboys. Of course, with West Texas music or ranch music, better known as "Western Swing."

The setting and the events that transpired were perfection in portraying a West Texas ranch scene. If at all possible, we will return next year and I would urge all that can, to take "A Drive to Pure Pleasure", a panorama of our Texas culture and heritage.

These Oil Facts Tell Garza Story!

Garza County gained 50 new oil wells in 1977.

A total of \$12,800,000 was spent in the county last year drilling 80 oil tests, including 22 wildcats. Some \$4,500,000 of this expense was lost in 30 dry holes.

The marketed value of 1977 petroleum production in the county has been calculated at \$64 million.

Garza was one of 201 counties in Texas last year which produced \$100,000 or more. The county ranked 66th in the estimated total value of petroleum produced.

Some \$62.9 million came from the production of approximately 7 million barrels of crude oil. Approximately \$1.1 million was attributed to an output of 1.3 million mcf of natural gas.

Garza County royalty owners last year received an estimated \$8,000,000 of all this.

While paying local, county and state property taxes, producers in Garza County also helped support state government through production tax payments estimated at \$3,000,000.

According to the Texas Employment Commission, some 201 employes were at work in the oil industry in Garza County in 1977. Their reported payroll amounted to an estimated \$1,900,000.

Processing also contributed to the county's petroleum-related economy through the operation of two natural gasoline processing plants with a combined daily capacity of 2.6 million cubic feet.
