

Tax valuations up

Local oil, utility and industrial taxable valuations are going up again, it was disclosed at equalization board hearings here this week.

James R. Rapier, district manager for Pritchard & Abbott, told The Dispatch Monday afternoon that the taxable valuations for the Post Independent School District will jump approximately \$7,500,000 from \$90,619,870 to \$98,119,870 for 1978 taxes.

This is taxable valuation, figured at 75 percent of true

value, and not a 100 percent valuation.

The school district's tax equalization board hearing was Monday morning.

Rapier also announced that the city's taxable valuation for oil, utilities and industry will increase approximately a half million dollars figured on 37 percent of real value.

The city's taxable valuation this year will be \$7,634,640, as compared to \$7,134,840 last year.

The city's equalization board hearing was held Monday afternoon at City

Hall.

The county's taxable valuation for oil, utilities and industry is expected to go up about \$2,000,000 when the tax equalization board hearing for the county is held next Monday morning. This is figured on only 25 percent of real value.

All of which means that the area's oil outlook continues to improve instead of decreasing, and that considerably more taxes can be raised by all three taxing agencies without increasing the tax rate.

City Wide Sale Get June 8-9-10

Chamber of Commerce directors were told Monday night that 19 local stores have agreed to participate in a Chamber-sponsored City Wide Sale June 8-9-10, and that the Chamber has secured its permit to conduct a night market display in conjunction with its annual month of July celebration.

When things go wrong, you scramble. Right? That's what The Dispatch staff did Tuesday and Wednesday after our little electronic marvel, the Compuwriter photo typesetter, all of a sudden became a whole lot less than marvelous.

The City Wide Sale will be held at one conducted by the Chamber late last summer in which the Chamber's all promotions and relations committee agreed to provide some of the news- and radio advertising for the sale with participating firms.

Terry is chairman of the business promotions committee.

For the Thursday, Friday and Saturday promotion call for a sidewalk sale on the final day, Saturday, June 10.

Those who have agreed to participate in the sale include: Bob Collier Drug, Auto Supply, Higginbotham Bartlett, Lott's Auto, Prescription Supply, Lucas Motors, Trends for Women Auto, Taylor Posters, La Posta Gifts, Handy's, Garza Auto Supply, Handy Furniture, Wacker's, Twins and Happiness Is.

We're guessing one of those little "chips" is acting up, but we won't be able to prove it until a service man gets into Post to take a look.

Don Ammons conducted a "chip check" via long distance phone instructions from Dallas, but it refused to correct and get back to producing copy Tuesday morning.

So three out of four of us moved southeast to the newly remodeled newsroom of the Snyder Daily News to write, set copy, proof read, and set ad copy.

That is where we are when this is being written and we are always thankful for our friends. Snyder Publisher Roy McQueen sounded positively cheerful when we called him and asked if we could come.

On Wednesday we face the prospects of setting any late front page copy on the equipment of the Slaton Slatonite in Slaton and then blending everybody's different type faces and headline types in today's edition.

It probably means we will be late too in getting printed. But it will be a break in the "routine" for everybody.

At least it's not nearly as difficult to go "visiting" for help when one breaks down in an offset operation as it was in the old letterpress days when you handled a lot of heavy lead type and those page forms were something else to handle.

Due to the extra out-of-town effort to get The Dispatch to press, some good items had to be put aside. Several good school page stories and a picture or two had to be held over until next week because a lot of the stuff if written by Student Editor David Morrow Tuesday afternoons. But that is just as well because next week will be our big graduation edition — so there should be plenty of room for school coverage.

OUTSTANDING SENIOR CITIZEN — Mrs. Ruby Kirkpatrick congratulates Mrs. Maudie Pettigrew, left, after being named Garza County's Senior Citizen. Mrs. Pettigrew was named to the honor during an omelet supper held in the community center last Thursday night.

Sr. citizens honor Maudie

Mrs. Maudie Pettigrew was named Garza's Outstanding Senior Citizen for 1978 last Thursday night as 275 persons turned out at the Post Community Center for the benefit omelette supper.

The benefit raised approximately \$300 for the Senior Citizens Center now being constructed on the ground floor rear of the historic Algerita Hotel by David Newby.

Announcement of the selection of Mrs. Pettigrew was made by Mrs. Ruby Kirkpatrick, president of the Garza Trail Blazers Club who presented her with a plaque.

Mrs. Kirkpatrick cited Mrs. Pettigrew for being very active in the meals on wheels program, as a Sunday School teacher, and in various local clubs and organizations.

A second plaque was presented to John Alford in behalf of the Lubbock Trail Riders and the \$500 donation that club made to the senior citizens center.

Some 24 Garza 4-Hers prepared the three-egg omelettes, served, and cleaned up for the supper. The 4-H members and their parents

donated most of the food.

The 4-Hers who donated their time and efforts to the supper included Dwayne Cates, Cynthia Wheeler, Camille Wheeler, Sherry Alvis, Andy Wheeler, Andrew Aynes, Katrina Chaffin, Jeanette Milo, Nita Gunn, Dale Redman, Brent and Brad Mason, Russel Graves, Angela and Renea Melton, Tanya Bland, Cindy Harrell, Dana Jackson, Kim Britton, Carolyn Worley, Bobbie Taylor, Melissa Striblin, Paul and Nina Ortiz, Jana Middleton, Kayla Peel, and Tommy Long.

4-H leaders participating in the event were Mr. and Mrs. Arnold Sanderson, Shirley Bland, Sheila Melton, Diane Graves, Jane Mason, Louise Ortiz, HD agent Paula Cawthon, and Mr. and Mrs. Kenneth Brose, Floyd County 4-H leaders who came with two of their 4-Hers to teach Garza members how to cook the omelettes on the special omelette burners.

Special country music was provided during the serving of the supper by five volunteers.

Dusty Rhodes here today

A. L. (Dusty) Rhodes of Abilene who is in the runoff for the Democratic congressional nomination June 3 will be in Post campaigning Thursday morning.

He plans to fly here and tour Main Street's business firms, the rest home and the courthouse.

Mrs. Henexson rites Monday

Services were held here at 2 p. m. Monday, May 15, for Mrs. Nora (Kiker) Henexson, 69, who died Friday, May 12 in St. Mary's Hospital in Lubbock following a lengthy illness.

The Rev. Jimmy McGuire, pastor of the First Baptist Church of New Deal conducted the services in the First United Methodist Church assisted by Rev. Conrad Ryan, local pastor.

Mrs. Henexson was born July 17, 1908 and moved to Garza County with her family in 1915 where she married J. R. Kiker in 1924. Mr. Kiker preceded her in death in 1970. She was married to General C. Henexson in 1976. She had been a Methodist all her life.

Survivors include her husband; one daughter, Mrs. L. B. (Ruth) Pate of Post; one brother, Robert C. Fortune of Modesto, Calif.; one sister, Ufa Mae Craig of Mineral Wells; three grandchildren; and four great-grandchildren.

Pallbearers were T. F. Davis, Bunny Smith, Clinton Smith, R. H. Sappington, S. A. Horton, Jimmy Redman, and Irving Cross.

Burial was in Terrace Cemetery under the direction of Mason Funeral Home.

Ambulance committee offers alternating

The joint ambulance committee of the city, county and hospital district voted unanimously Monday noon to offer to alternate ambulance service between the two Post funeral homes every six months.

Under the proposal, both would have to operate under the committee's guide lines with the ambulance to be kept at Garza Memorial Hospital and Hospital Administrator Ed Zintgraff serving as ambulance service administrator.

Sheriff Jim Pippin would be alternate administrator in Zintgraff's absence.

The proposal also included rotating transient dead body calls on a monthly basis.

If the proposal is not acceptable to Victor and Curtis Hudman who objected to present methods of ambulance operation in a letter to the three local governing bodies last week, the motion called for a continuation of ambulance operation under the present plan.

set for response to the proposal.

Motion to accept the plan was made by Jim Jackson and was seconded by Dr. William Wilson, the city council's two representatives on the ambulance committee.

County Commissioner Ted Aten is chairman of the ambulance committee. Other committee members include County Commissioner Herbert Walls, Hospital Directors Charlie Brown and Gene Moore and Hospital Administrator, Ed Zintgraff.

J. R. Johnson and Dee Justice also were present at the meeting in the county commissioners room.

In their letter on the ambulance service, the Hudmans listed six reasons for opposing the present method of operating the ambulance and concluded:

"If the proper operation can not be worked out for the benefit of all concerned it will be necessary for us to take proper action to protect our interest."

10% hike is sought in electrical rates

Southwestern Public Service Company announced today that it has filed for a general retail rate increase in the cities and counties served by the company in Texas.

The request was made with the cities and the Public Utility Commission of Texas on or about May 12, 1978 and the company is requesting that the increase become effective 35 days after the filing date.

made due to a long-range forecast which indicated increases in the cost of gas and diminishing availability. The present cost of new gas is about 70 percent higher than the cost of coal. Government regulations have restricted the use of gas as a boiler fuel.

Southwestern's first coal plant, a \$100 million, 356.7

megawatt facility located in the north part of the company's system, went on the line in 1976. The total cost of this plant was almost three times more than a gas-fired plant of the same size. The second 356.7 mw coal unit is scheduled to go on the line in June of this year. This new unit will also help stabilize fuel costs.

Community action changes are okayed

The Garza County Community Action Committee Tuesday night unanimously approved changes which will bring a broader community action program to the county and place it under county control.

According to County Affairs Manager J. R. Johnson the changes will even bring new headquarters.

enough to provide office space together with meeting space for projects. There will be no change in personnel in the community action operation, but additions are being made to the county affairs division to handle the paper flow and decision making.

The Lorenzo Alexander community center, now unused, will be converted into kitchen use and food storage for the Garza Meals on Wheels program. The committee unanimously approved this request as well.

The Meals on Wheels program here is currently two different federal programs both operated out of one kitchen at the Post Community Center.

Primarily, the committee approved a cooperative agreement for one year between the Garza County Commissioners Court and South Plains Community Action, Inc., in Levelland which would provide for county control and consolidation of local programs under its new county affairs department headed by Johnson.

Plans are to move the meals program in which hot food is delivered to homes of shut-ins to the Alexander community center and to store food there for both programs.

Johnson told the committee, headed by Jack Alexander, that the cooperative agreement will mean program decisions affecting Garza County will be made here but that the professional services and funds channel will still remain at Levelland.

When the senior citizens center is completed in the Algerita Hotel the other hot meals program, in which the food is served to those who come to eat it, will be moved to the senior citizens center, thus clearing the community center of both programs. Separation of the two programs is due to federal guidelines which prohibit mixing of funding of the two.

To illustrate consolidation, Johnson said one summer recreation program for all youngsters will be operated this year by the county with \$2,000 of the \$5,000 costs coming from federal funding. The six weeks long program will start a week after school is out.

Paul Fallon, Vista volunteer, of Levelland reported to the community action committee that South Plains Community Action has received some \$48,000 to help the poor pay off leftover winter utility bills in the eight-county area.

A membership drive by phone is now underway in the Post community and all interested parents and teachers are encouraged to attend the next meeting to be held May 22, beginning at 7:30 in the community center.

Anyone below the 125 percent guidelines of the Community Services Administration with unpaid utility bills at the present time is eligible.

Johnson said the county is seeking new quarters for community action here big

Fallon said the problem is that the program must be carried out in the next two weeks.

TRAIL RIDERS AWARD — Maxine Rhodes, left, presented John Alford, right, of the Lubbock Trail Riders a plaque Thursday night in the community center for the Riders' contribution to the Algerita Senior Citizens Center.

LEARNING THE SPINNING WHEEL — Mrs. J. W. Potts fifth grade class learned the fine art of spinning last week. Shown with the spinning wheel are l, to r., Kim Britton, Carolyn Worley, Kim Scott and Carla Odom. (See page 12 for another class picture.)

Stenholm had 2,226 vote edge on Rhodes

STAMFORD — Charles Stenholm received 36,169 votes, or almost 36 percent of the vote cast, to propel the Democrat into a runoff with the incumbent A.L. (Dusty) Rhodes for the Democratic nomination to Congress.

Stenholm finished 2,226 votes ahead of Rhodes who received 33,943 votes in what developed into a tight runoff race May 6.

Stenholm was Jim Baum of Spring with 16,714 votes, followed by Fike Godfrey of Spring with 5,910. Crews McLaughlin of Weatherford had 5,800, Jim Snowden of Tye with 5,700, and Jim Sharp of Big Spring with 1,918.

More than 100,000 Democrats cast votes in the district.

Stenholm carried 19 of the 33 counties in the 17th District while Rhodes, who was considered the race's front-runner by many, carried 13 counties. Baum carried his native Howard County by a wide margin.

Stenholm's strength was in the district's rural areas, although he did well in Rhodes' home county, Taylor, as he received about 30 percent of the votes there and Rhodes got about 38 percent.

In comparison, Stenholm received almost 66 percent of his home county's vote and Baum swept 73 percent of his home county's tally.

Eagle Roundup

Southland School News

1978-79 CHEERLEADERS
Cheerleaders for the 1978-79 school year were elected last week. Elaine Buxkemper was reelected as cheerleader, and new cheerleaders will be Katrina Chaffin and Cynthia Wheeler. Other cheerleaders will be Stacy Rush and Gena Farquhar, who were not up for reelection.

Elaine, Stacy and Katrina will be seniors; Gena will be a junior and Cynthia will be a sophomore.

Miss Lynn Heith is the sponsor.

LITTLE DRIBBLERS
Southland's 11-12 year old girls won second, and the 9-10 year old girls won fourth in the Little Dribblers Tournament May 6 on the homecourt.

Marlana Adamek made ten points for the 11-12 year-olds in the two games played. Her teammates were Kim Basinger, Mary Lou DeLaRosa, Robin Hill, Terri Hiracheta, Page McIroe, Esmeralda Mendez, Mary Lou Mendez, Jeanette Milo and Lisa Nelson.

Coaches for this group are Donna Basinger and Shirley McInroe.

Tammy Weaver tossed in a total of eight points in the 9-10 years old division of the tourney. Other members of this team are Donica Basinger, Tanya Basinger, Kristi Haire, Suzanne Johnson, Michelle McGehee, Carla Pierce and Francelle Singleton.

Coaches for the 9-10 year olds are Libby McGehee and Carylon Farquhar.

In the 9-10 year old division, Slaton won first, Cooper second, and Sundown third. In the 11-12 year old division, the Cooper All-Stars were first, Slaton, third and Sundown fourth.

The tournament was sponsored by the Booster Club.

COACH OF THE YEAR
Keith Gast, Southland boys coach, was selected as coach of the year for the Lubbock Avalanche-Journal's Class B All-South Plains Basketball team.

Nathan Wheeler, 6-1 senior, was honorable mention on the team.

COMING EVENTS
May 18 — Journalism Field Trip to Slatonite, 9:15 a.m. Johnny Ray Watson assembly, 1 p.m.
May 19 — Hollywood Day for all grades, assembly 3 p.m. for judging and presentation of prizes.

May 21 — Baccalaureate, 10:30 a.m. in the cafeteria. The speaker will be Rev. Roger Woodall.

May 25 — Commencement for eighth grade and seniors, 8 p.m.

May 25-26 — Quarter finals.

May 29 — School picnic.

FINISHING TOUCHES—Tom Rash, Jr., son of Thomas E. Rash, Sr., of Route 3, Post, puts the finishing touches on a set of pens as part of his training in the Farm-Ranch Management Program at Western Texas College in Snyder. Tom will receive the Associate in Applied Science degree at the May 11 commencement exercises of WTC. During his two years of study at WTC, he has received both theoretical and practical instruction in the working and management aspects of farming and ranching operations.

Public Notice

STATEMENT OF INTENT TO CHANGE RATES

Southwestern Public Service Company, in accordance with the rules of the Public Utility Commission of Texas and the Public Utility Regulatory Act of Texas, hereby gives public notice of its intent to change its general retail rates in the counties served by it in Texas effective on June 16, 1978.

It is expected that the increase in rates for residential, commercial and industrial customers will result in an increase of 8.8 percent in the company's gross revenue in Texas as compared to that furnished by the existing rate schedule.

Complete copies of the new rate schedules have been mailed or delivered to the appropriate officer of each affected municipality at least 35 days prior to the effective date of the proposed change and copies of the new rate schedules have been furnished to the Public Utility Commission of Texas.

Atc 5-18

Last day of school. Seniors fly to California.

May 30 — Teacher workday.

New conservation act will be explained

A new leaflet explaining the Resources Conservation Act of 1977 and the public's role in its implementation is now available at offices of the U. S. Department of Agriculture's Soil Conservation Service here.

Under the new law, SCS will appraise the nation's soil, water and related resources; develop a comprehensive 5-year strategy to guide conservation efforts; and evaluate the effectiveness of ongoing conservation programs. SCS will carry out the work in cooperation with appropriate citizen groups; conservation districts; and other federal, state and local agencies. The appraisal and program will be completed by the end of 1979 and updated every five years.

Copies of the leaflet "Your Role in Conservation's Future" may be obtained by calling 495-2056 or coming by the Soil Conservation office.

"The Garza Soil and Water Conservation District and the Soil Conservation Service will co-sponsor a work-

shop at 7:30 p. m. Tuesday May 30, in the Post Community Center about this legislation." Dwaine Binford, SCS district conservationist, said, "and it would be helpful to read the leaflet before the meeting."

Binford said that public participation is a built-in feature of the Resources Conservation Act.

Thank You

To each and every person or organization who called, visited, sent flowers or cards or prepared meals while I was hospitalized, and since my return home, I thank you most joyfully. Special appreciation goes to Bro. Philip Daniels, Bro. Glenn Reece, Jeff McGowen, Bro. Bob Utley, Vernon Gee and Rev. and Mrs. Fred Fike for their prayers of encouragement before, during and after my surgery. I am also especially grateful that several churches including the "prayer chain" of First Baptist Church in Fairfield, Ca., as well as my own, were lifting me up in their prayers. It is always amazing what a great energy source the prayers of the righteous will produce. God bless you all.

Officers installed by Culture Club

Women's Culture Club May 10 in the home of Ruby Kirkpatrick for the final meeting of the year. They enjoyed a coverd luncheon. The meeting was presided over by Mrs. Hartel.

The next meeting will be in September.

The invocation was given by Mrs. Linda Malouf. The installation of new officers was presided over by Mrs. Hartel. She presented the new officer with a red sash.

The new officers installed were: Buena Bouchier, president; Analoe Clinesmith, vice president; Maxine Thaxton, second vice president; Beverly Pickett, secretary; Ruth Thaxton, corresponding secretary; Maxine Marks, music chairman; Nita Burress, parliamentarian; Lois Williams, civic chairman; Lois Williams, Nita Burress, representative; and Maxine Thaxton, literary chairman.

Her call was answered by "What We Would Like to See in the Coming Year." Mrs. Ruby Kirkpatrick presided over the meeting and presented a gift to Mrs. Hartel for her installation service. The club presented Mrs. Kirkpatrick a going-out president sash. She accepted the sash given by the club by the presentation of Women's Movement in Community Improvement. The club closed with a prayer presented by Joy Thaxton.

Attending the meeting were Ruby Kirkpatrick, Buena Bouchier, Analoe Clinesmith, Maxine Smith, Maxine Thaxton, Estelle Davis, Beulah Pickett, Pearl Storie, Ruth Duckworth, Nita Burress, Lois Williams and guest, Inez Hartel.

CLASSROOM ON WHEELS — The University of Texas at El Paso College of Nursing has a new classroom on wheels to carry Continuing Education courses to health care personnel in 40 West Texas counties. Present when the vehicle was received April 27 were (from left) State Sen. Tati Santiesteban, Nursing College Dean Eileen Jacobi, Sister Aloysius Williams, director of Continuing Education and UT El Paso President, A. B. Templeton. — (Photo by Russell Banks.)

Twin Cedars Nursing Home News

By FLETA WALLS
Sunday services were brought to us this week by Rev. Tom Pass of the First Presbyterian Church. Next Sunday's services will be by the Faith Lutheran Church with Rev. Don Neumann officiating.

This has been a busy week at Twin Cedars especially for all our mothers and grandmothers, as this past Sunday was Mothers Day. Anna Shellnut was honored at the Nazarene Church for being the oldest mother present. She received a beautiful corsage. Also the Ladies VFW Auxiliary brought pink carnation corsages and presented them to all the ladies. They were very proud of these. The VFW ladies are very good to our residents and we appreciate their thoughtfulness very much.

Our residents who joined their families on Mothers Day were Blanche Clayton, Rosa McAlister, Ora Young and Evelyn Roach. Many had visitors at the home for the day also, Iva Sanders' niece and nephew Darrell and Ruby Jones were visitors and she received a call from her son, Darvon Jones from Florida.

Irene Wheeler went to church with Vivian Duncan and really enjoyed her outing. W. E. and Jena Pierce came from Oklahoma City last week and brought fruit and candy to everyone and visited with W. E.'s mother, Edna Pierce.

Goldie Johnson and Maysel James brought fresh flowers to Ada Capps and Anna Shellnut and had a nice visit.

Other visitors included Rev. Philip Daniels, Mona Ashley, Robbie Galey, Henrietta Nichols, Roberta Herron, C. A. and Lucille Walker, Myrl Mathis, Mr. and Mrs. Cline Davis of Odessa, Lottie Sanders, Laverne Hays, Mary Tillman, Fern Strange, Viola

Haynes of Littlefield, Estelle Haynes, Ruby Kirkpatrick, JoElla Sparlin, Willie Scarborough, Mr. and Mrs. James Weaver, Ronald and Mildred Sherrill, and Mr. and Mrs. S. G. Byrd.

Our residents really enjoyed the slides and appreciated the Post Public Library for loaning them to us. We are looking forward to using the projector again. Pee Wee Pierce took her time to come and show us how to operate it and we appreciate her, also.

Dee Witt Caylor has been in the hospital but is now home. We are glad he is feeling better.

Until next week...

SPRING INTO ACTION

If you're ready to clean the winter cobwebs out of the house, here are some tips to help you do it right:

Remove draperies from one window and change to the other side of the room, if possible. Sunlight, especially through window panes, tends to make material deteriorate and fade.

Put a piece of shelving or waxed paper on that little space between kitchen cabinet tops and ceiling. It's easier to clean, because you just remove the paper. To remove dirt and grime from the rest of cabinets, inside and out, as well as from porcelain and ceramic tiles and kitchen appliances, keep handy a bottle of Fantastik® spray cleaner. Just spray it directly onto soiled surfaces and wipe with a clean cloth or damp sponge.

When rearranging furniture, remove crushed spots on rugs by laying a damp cloth over the spot, then go over lightly with an iron, just enough to steam it. Use a vegetable brush to raise nap up to its old self.

GRADUATED — Norma Bradbury, daughter of Mr. and Mrs. Eugene Bradbury, was among the 47 graduates of Northwest Texas Hospital School of Nursing. She received her diploma in ceremonies last Friday night in the Paramount Baptist Church in Amarillo. She is now eligible to write the State Board of Nurse Examination for licensure as a registered nurse.

New Arrivals

Mr. and Mrs. Joe Page of Levelland announce the birth of a baby girl, Anna Marie, born May 2 at 6:50 a. m. in Cook Memorial Hospital weighing 5 lbs., 13 1/2 ozs.

Grandparents are Mr. and Mrs. H. R. Strofer, Eva Lou Page all of Post and Mr. and Mrs. Bobby Page of Littlefield. Great-grandparents are Mr. and Mrs. Henry Key and Mr. and Mrs. A. E. Page of Amarillo.

Classroom on wheels aids rural nurses

EL PASO — Health care personnel in 40 West Texas Counties will be going to school in a classroom on wheels when they enroll in Continuing Education courses offered by the University of Texas at El Paso College of Nursing.

The College, which has been offering Continuing Education in the region since 1974, received the custom-built vehicle April 27. It is 33 feet long, and 14 feet wide, seats 16 students, and is equipped with the latest audiovisual and other teaching helps. It even has a small library.

"In the past, we have held classes in dayrooms, dining hall, and where ever space was available," explained Sister Aloysius Williams, director of Continuing Education. "This sometimes inconvenienced patients or staff members who ordinarily used those rooms. Now we do not have to inconvenience anyone and our classroom has everything we need."

"That includes a dummy 'patient' in a bed in the rear of the vehicle.

Nurses in rural areas, said Nursing Dean Eileen Jacobi, ordinarily can't leave their posts to attend programs offered in El Paso or elsewhere. "The nurse in a rural area must be professionally quite versatile," she added, "functioning in many capacities and in various departments within a health care institution—operating and delivery rooms, emergency room, giving medications, supervising others, and so on."

Through the Continuing Education program, personnel employed at health care institutions are taught how to render improved patient care. They are taught new techniques and are kept abreast of changes and progress in medicine and nursing.

The 40-county area served by the College of Nursing covers 69,000 square miles, extending from El Paso to the Big Bend on the south and to Cottle County in the northeast. In the region are 124 health institutions of which 82 are in isolated areas.

Ten of the counties have neither a hospital nor a nursing home.

A. B. Templeton, president of UT El Paso, extended special thanks to State Senators Tati Santiesteban of El Paso and W. E. "Pete" Snelson of Midland, for their work in the Legislature to bring the classroom-on-

wheels to a reality. "The area served by Senators Santiesteban and Snelson forms a large part of the area served by this program," Dr. Templeton said. "We at UT El Paso cannot adequately thank them for the hard work they put into this mobile classroom and with the strong nursing staff we have in our College of Nursing, I have no doubt whatever that we will be doing a great job in the 40 counties we will be serving."

The College of Nursing has three faculty members who are primarily involved in Continuing Education, but all 32 faculty members are committed to participate in the program both in El Paso and in the rural region. They have various areas of expertise such as coronary care, burn care, and infection control.

"We also have national resources to provide expertise in many subject fields," Dr. Jacobi noted, "calling upon physicians, nurses, occupational therapists, dietitians and others with specialized training which can be helpful in Continuing Education."

Programs are requested by individuals, institutions or groups. Each program, seminar or workshop meets

professional criteria so that nurses attending may earn transferrable Continuing Education Units. Many states now have mandatory Continuing Education requirements as a condition for licensure.

The classroom on wheels was funded by the Legislature under the University's 1977-79 budget which provides \$113,000 for the rural nursing health care program.

New officers are installed

Installation of officers was held by the Green Thumb Garden Club when it met in the banquet room of the damon's Thursday, May 12.

"Ladders of Success" was the theme of the installation and conducting the ceremony was Ida Jones.

Secret pals were revealed and new names were drawn for the new year.

Hostess Nita Burress decorated the tables with tiny pot plants and members attending the occasion were Gladys Hendrix, Iva Hudson, Roberta Herron, Irene Mitchell, Shorty King, Gladys Blair, Billie Windham, Thelma Epley, Alma McBride, Wanda Cox, and Faye Mathis, Jones and Burress.

Our Thanks

To everyone who supported the omelet supper benefitting the Algeria Senior Citizens Center. The 4-H Club members, parents, leaders, county extension agent, Post Dispatch, KPOS, Lubbock Trail Riders, those who baked cakes, Evelyn Neff for the afghan, Sheri Riedel for the oil painting.

Without your loyal support the Senior Citizens Center could not become a reality.

News from Post High School

Page 6 Thursday, May 18, 1978 The Post (Tex.) Dispatch 3

20 junior historians attend history fair

By DARLA JACKSON

Post Middle School seventh grade Junior Historians recently attended the 39th annual meeting and history fair of the Junior Historians in Austin.

Upon arrival, the group toured the state capital with a guide from Senator Kent Hance's office. They visited the House of Representatives and up to the dome

observation deck.

The first general session of the convention was held in the Lyndon Baines Johnson auditorium. Historical presentations were staged by junior high schools from throughout Texas.

Following the session a dance was held at the Villa Capri ballroom.

On Saturday, April 22 the second general session also was held at the Lyndon Johnson Library. Those attending saw a Civil War reenactment presented by students of the University of Texas, and a slide program on Texas Parks presented by the Texas Parks and Wildlife Department.

An awards luncheon was held at the Villa Capri convention center.

Students making the trip from Post were Derek Walls, Crystal Mason, Reyes Bustos, Mary Raymond, Margarita Gonzales, Norma Samora, D'Linda Tyler, Darla Jackson, Cynthia Pool, Jennifer Wilson, Tina Greene, Jay Norman, Arthur Striblin, Alphonso Reyna, Wade Giddens, Will Kirkpatrick, Tim Tannehill, Chris Belongia, Curtis Clinesmith, and Russell Smith.

Parents attending were Mr. and Mrs. Billy Greene, Marge Tannehill and Junior Historian sponsor, Kathi Rankin.

Seniors trip to Six Flags

The senior class took their annual senior trip Saturday, May 13 to Six Flags Over Texas.

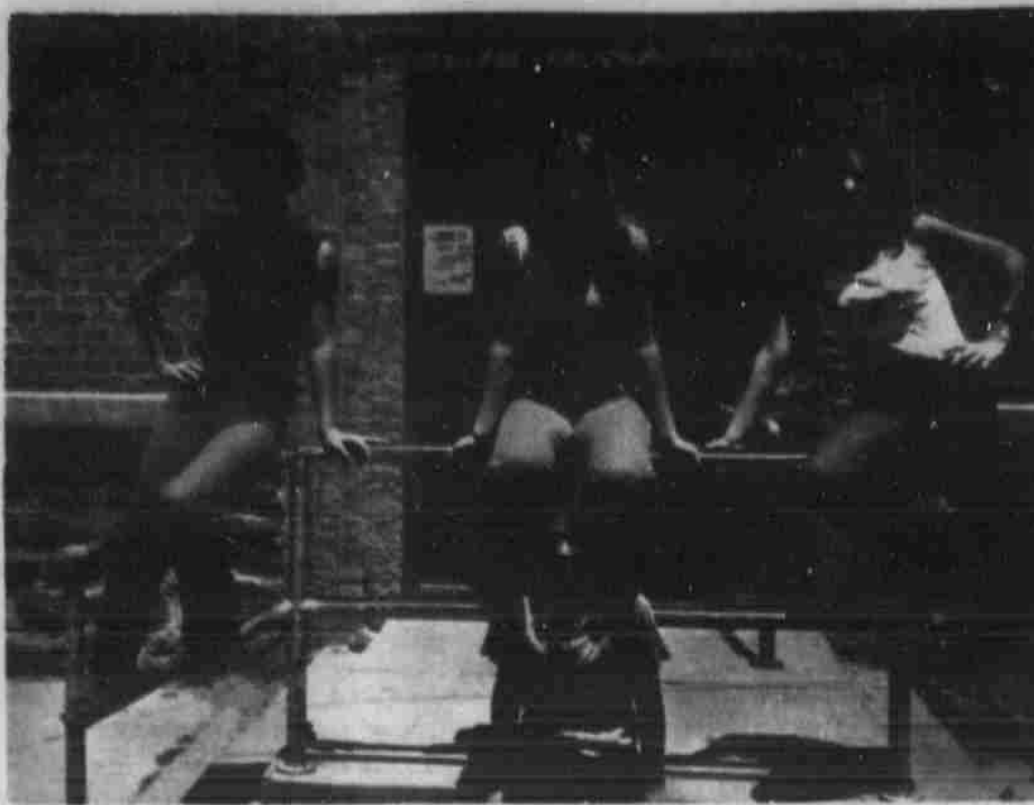

Since school rules specify a 24-hour time limit, the group left at 4 a. m. Saturday morning. They arrived in Arlington at 11 a. m. and spent the rest of the day at Six Flags.

Everyone enjoyed riding the Spinnaker, the Log Flume, and the new attraction, the Shock Wave. Although the park was extremely crowded, the weather was beautiful, so everyone had a good time. After leaving Six Flags, the group enjoyed a late supper at Crystal's Pizza Parlor in Fort Worth.

Accompanying the 32 seniors were class sponsor, Joy Pool, and room mothers, Lanelle Clary, Loveta Josey, Wyvonne Kennedy, Linda Waldrip and Natalie Shepherd.

RECEIVES NATIONAL HONOR — Dusty Webb, son of Mr. and Mrs. Bud Howell, was selected to the National Dean's List for 1978. Dusty is a sophomore student at Texas Tech majoring in wildlife science and finished the semester with a grade point of 3.08. A 1975 graduate of Post High School, he also is a linebacker for the Red Raiders.

FRESHMAN, JV CHEERLEADERS — Shown above are the 1978-79 freshman-junior varsity cheerleaders. Front, Vicki Teaff. Rear l. to r. Gail Scott, Karen Davis, and Deann Ammons.

Spotlight on SENIORS

The first senior in the spotlight this week is Mark Williams. He is the son of Mr. and Mrs. James Dooley and has lived in Post ten years.

While attending Post High School, Mark has participated in football, basketball, track, band, FFA, and choir. He was a member of the 1977 all-region choir, and has qualified for UIL state solo and ensemble contest to be held in June. Mark is a member of the boys quartet, singing low bass.

As his hobbies, Marks enjoys baseball, listening to music, swimming, and other activities in the sun.

After graduation from PHS, Mark plans to work in the oilfield and possibly attend college in the future.

Debbie Wyatt is our next senior. She is the daughter of Mr. and Mrs. Syd Wyatt and has lived in Post for six years.

Debbie has been a cheerleader for two years, a member of the band, booster club, NHS, and HECE. She has served as sergeant-at-arms for the FHA, and as secretary of the science and math club. Debbie has been a member of the drama club and has handled technical work for two all-school plays. She has also appeared in the junior and senior class plays.

Some of Debbie's hobbies

include cooking, snow skiing, camping and tennis. She plays varsity basketball and was named all-district forward this year as well as all-tournament player at Colorado City. Debbie has placed third in district tennis for two years.

After graduation from PHS, Debbie plans to attend Abilene Christian University and major in pre-nursing.

—O—
Last but not least on the list of seniors, we come to Sheri York. Sheri is the daughter of Mr. and Mrs. Billy Williams. She has lived in Post for 12 years.

Sheri lists as her hobbies listening to music, being with friends, and skiing. While attending PHS, she has participated in band, HECE, FHA, the Spanish Club, manager for the Does basketball team and the booster club.

Sheri plans to attend Angelo State University and major in elementary education following her graduation from Post High School.

POTLUCK SUPPER

The Close City Community Center will have a potluck supper and games Saturday night, May 20 beginning at 7:30 p. m. The public is invited to attend.

CEMETERY WORKDAY

There will be a workday at the Grassland Cemetery Tuesday, May 23. All residents and interested persons are asked to come and help in this clean-up.

HUDMAN FUNERAL HOME Presents

Wordsworth

Friend Who is a friend? There's an Arabian definition I like. It says: "A friend is one to whom we may pour out the contents of our hearts chaff and grain together, knowing that the gentlest of hands will sift it, keep what is worth keeping, and with a breath of kindness blow the rest away."

Norwegian composer Edvard Grieg put it this way: "It is great to have friends when one is young, but indeed it is still more so when you are getting old. When we are young, friends are, like everything else, a matter of course. In the old days we know what it means to have them."

Entries are now being accepted by phone only at 495-3100 after 4 p. m. with

SOFTBALL MEETING

All women interested in playing softball this summer are asked to meet at the T&W Park behind the high school gym, Monday, May 22 at 7 p. m.

the first 10 to 12 men and women entering, filling the schedule.

Entry fee will be a donation to the heart fund, and entries will close Friday, May 26.

Everyone is invited to attend and enjoy a day of tennis just for the heart of it.

Jess Knight into finals

Jess Knight has won second in the all around cowboy for the year in this region and has qualified for the national finals of NIRA to be held in Bozeman, Montana June 20-24.

In the recent Stephenville NIRA, Jess won first in the saddle bronc, and in the PRCA circuit, he won second in Mineral Wells in saddle bronc and fourth in Del Rio in the same event.

Minor league will begin play on May 30

Lonnie Gene Peel was elected president of the Minor League baseball program when it met Friday, May 12 in the community room of the bank.

Other officers elected were Leslie Davis and Ronald Thuett vice presidents; Margie Pennell, secretary and scorekeeper, Pat Heidelberg, head scorekeeper and Paula Eilenberger, Joan Smith, Nancy Thuett and Margie Pennell.

Tuesday, May 30 has been set for opening play for the league with all games to begin at 6 p. m.

Following are the managers, coaches and team rosters: **Edmond's Restaurant Rangers:** John Kocurek, manager, Carroll Dean Eilenberger, coach. Members, Michael Sean Kocurek, Bubba Connie Martin Jr., Michael Ayala, Blair Didway, Mark Linn, Eric Reece, Keith Peel, John Wayne Bilberry, Daryl Foster, John B. Harper, Brandon

Wade Lewis, Tyge Payne, Trevor Thuett, Chuck Prather and Skipper Prather.

Lucas Motors Texans: Jerry Smith, manager; Clayton Tidwell, coach. Members, Cliff Johnson, Steven Craig Tidwell, Kent Ammons, Chad Davis, James Green, Shad Ray Hill, David Ray Martinez, Gary Pierce, Corey Turley, Roger Martinez Jr., Roy Brett Holly, Mark Cruz and Pete Aguilar Jr.

United Supermarket Mets: Bobby Waters, manager, Leslie Willard and Jim Wells, coaches. Members, Timothy Ray Terrell, Billy Odom, Richard Wade Hudman, Dale Gonzales, Jesse Espita, John Armandariz, Dwayne Warren, Derrick Lin Oden, James Brent Jones, John DeLaRosa, Lance Alexander, Deke Willard, Mike Wells, and Allen Waters.

Lawrence Welding Colts: Don Pennell, manager, Dwayne Capps, Benny Valdez and Joe Stanley, coaches. Members, Matt Pennell, Brook Capps, Gilbert Valdez, Jannie Perez, Artie Martinez, Houston Heidelberg, Karl Gerner, Robert Brumly, Dustin Ammons, Johanie Torres, Elias Martinez, Lex Dunn, Greg Benham and Andy Pearson.

The Rangers and Mets will open season play May 30 at the Minor League Park.

The remainder of the schedule is:

- June 1, Colts vs. Texans;
- June 2, Rangers vs. Colts;
- June 3, Mets vs. Texans;
- June 5, Texans vs. Rangers;
- June 6, Mets vs. Colts;
- June 8, Mets vs. Rangers;
- June 9, Texans vs. Colts;
- June 12, Colts vs. Rangers;
- June 13, Texans vs. Mets;
- June 15, Rangers vs. Texans;
- June 16, Colts vs. Mets;
- June 19, Rangers vs. Mets;
- June 20, Colts vs. Texans;
- June 22, Rangers vs. Colts;
- June 23, Mets vs. Texans.

New fish and game regulations approved

LUBBOCK — The Texas Parks and Wildlife Commission in a public hearing in Austin April 25 approved several game and fish regulation proposals that will affect sportsmen in the Panhandle and South Plains next fall.

Regulatory changes adopted by the commission included:

Increased the length of the antelope season from four to nine days in 33 Panhandle area counties to provide additional recreational opportunity but without anticipation of higher harvest, since harvest is controlled by issuance of permits.

Closed the white-tailed deer season in 25 counties which have no harvestable populations (estimated at less than 25 animals). These northwest Texas counties are Dallam, Hartley, Oldham, Deaf Smith, Farmer, Castro, Bailey, Lamb, Hale, Cochran, Hockley, Lubbock, Yoakum, Terry, Lynn,

Gaines, Dawson, Andrews and Martin.

Established a mule deer season in the Panhandle from the Saturday before Thanksgiving for 16 days; bag limit, two mule deer, not more than one buck, antlerless by permit. This regulation is designed to treat mule and white-tailed deer separately and allow the department to manage both species more closely.

The counties affected include Dallam, Hartley, Moore, Hutchinson, Roberts, Oldham, Potter, Carson, Gray, Deaf Smith, Randall, Armstrong, Donley, Swisher, Briscoe, Hall, Childress, Floyd, Motley, Cottle, Ochiltree, Crosby, Kent, Knox, Garza, Stonewall, Haskell,

Borden, Scurry, Fisher and Jones. (Archery season Oct. 1-16, one buck only.)

Established quail season in the Panhandle, South Texas and Trans-Pecos areas to be the last Saturday in October through the Sunday nearest Jan. 31. This was adopted to allow hunters to take advantage of peak quail populations each fall.

Increased the turkey bag limit in Glasscock and Howard counties to two turkeys, either sex instead of one turkey either sex.

Prohibited possession of catfish less than nine inches in length from public waters in regulatory counties.

These new regulations will go into effect 15 days following the April 25 meeting in all regulatory counties. The new regulations will also appear in the New 1978-79 Texas Hunting and Sport Fishing Guide scheduled for appearance in August.

Parents and Teachers

"It is necessary for educators, along with parents and communities to re-establish a mutual understanding of the desired focus for our school's efforts. We must restate appropriate and realistic expectations, not only for the schools but also for the students they serve."

This is one of the functions of the PTA. If you are interested in achieving these goals, attend the membership meeting, May 22, 7:30 p.m. at the Post Community Center.

All parents and teachers are invited to attend. A member of PTA District No. 14 will be here to answer questions and further explain the functions of the PTA.

Baccalaureate at Southland Sunday

HONOR GRADUATES — Sherri Alvis, left, is the valedictorian of the Southland Junior High graduates with a 94.03 grade average, and Mary Hill, right, is salutatorian with a grade point average of 93.5. Sherri is the daughter of Dr. and Mrs. Tom Alvis and Mary is the daughter of the late Mr. and Mrs. Andrew Hill Sr.

Baccalaureate for Southland High School's 1978 graduating class of four will be held at 10:30 a.m. Sunday in the cafeteria with the Rev. Roger Woodall the speaker.

Commencement exercises for both seniors and eighth graders will be at 8 p.m. next Thursday night.

The following Monday, May 29, will be the annual school picnic on the last day of school with the seniors flying off to California on their senior trip.

Nathan Wheeler, valedictorian for the class, is the son of Mr. and Mrs. Ferrel D. Wheeler, and has attended the Southland school for 12 years.

In high school Nathan has participated in four years of football, basketball and track. He also played one year of baseball. In his senior year, he was honorable mention for all-district in basketball. He also was selected to play in the North-South all-star basketball game this summer in Stephenville.

He is a member of the Society of Distinguished American High School Students, Who's Who Among American High School Students, and the National Honor Society, of which he was president this year. He served as president of his class in his freshman and senior years, and was class secretary the sophomore and junior years.

Nathan was voted most athletic his senior year and is also treasurer of the yearbook staff.

After high school, Nathan plans to attend Texas Tech University and major in agriculture.

Mary Ann Vasquez, the salutatorian, is the daughter of Mr. and Mrs. Sid Vasquez and also has attended the Southland schools all 12 years. She has been active in basketball four years, and track for two years.

Mary Ann is a member of the National Honor

and class treasurer his senior year. He is thinking about joining the air force.

and class treasurer his senior year. He is thinking about joining the air force.

She plans to go to work after school is over.

Frank Valdez, Jr., another senior is the son of Mr. and Mrs. Frank Valdez, Sr. He has attended Southland schools all his life, although the family moved from Southland to Slaton in 1976.

Frank participated in three years of football, four of basketball and three of track. He was honorable mention for all district in basketball when a junior.

He also has been a member of the National Honor Society and Who's Who Among American High School Students. He was named best personality his junior year and football hero his senior year. Frank has served as secretary-treasurer of his class as a freshman, president his junior year and vice-president his senior year.

After graduation he plans to work and join his brother's band.

The fourth graduating senior is Steve Valderaz, son of Ajejo Cisneros of Southland. He has attended Southland schools all the way. He participated in football for three years and was Mr. SHS his senior year.

Steve is business manager for the 1978 year book. He was in the junior play and a crew member of the 1978 UIL one-act play. Steve served as class vice-president his junior year Society, serving it this year as secretary. She also is a member of the Who's Who Among American High School Students and the Society of Distinguished American High School Stu-

How to improve your lake when its dry

LUBBOCK — If your pond or lake has shrunk or is dry,

now is the time to improve fishing for when the rains finally arrive.

Fish don't like barren, bathtub-like bottoms. They like weeds, brush, boulders or other form of cover. So while the lake is low and some shoreline areas are exposed, gather up some old tires, cedar brush, or almost any type of structure which will stay put and offer hiding places for fish.

When the rains come, these artificial "fish attractor" reefs will become coated with algae and micro organisms which attract tiny baitfish such as sunfish. After a few weeks in the water, the little fish will also utilize the additional cover to escape predators which also are attracted to the structure by the prospect of food and cover.

Drilling a cover crop of rye or other green crop before the rains come will furnish additional cover for fish and help hold down the tendency of West Texas lakes to become muddy from wave and wind actions.

Erection of fences to control livestock on the upper or shallow ends of your lake will also help control muddy water. The deep-water end of the lake will keep the livestock on shore and not in the water while they drink.

Proper pond fertilization can work to produce more pounds of fish per acre. A soil test done by any soil testing agency will tell you how fertile your lake is concerning minerals and nutrient. Lands surrounding a lake, supply that lake with these beneficial additions, but too much runoff or use of chemicals for weed, insect or livestock projects could cause serious damage to your pond's plant and fish lifecycles.

For best results, fertilizer should be applied in early spring. Fertilizer should not be used during hot weather due to dense plankton bloom causing low concentrations of dissolved oxygen and possible fish die-off.

Contact your local fisheries biologist for more information on pond management.

Our Congratulations Southland Grads!

PLANT CERTIFIED

For Higher Cotton Yields

Yields from certified cotton planting seed were up to 18 percent higher than yields from caught or non-certified seed according to research by Dr. L. L. Ray at the South Plains Research and Extension Center in Lubbock, Texas. Certified seed has not undergone genetic deterioration in the field. Volunteer plants and undesirable cross-pollination are eliminated. And certified seed from Pioneer is free from pests and weeds which often accompany non-certified varieties. See your ginner or Pioneer brand seed dealer for these certified varieties.

Dependable even in dry country!

Certified LX571*

You can't control the weather. So, you need a hedge against drought. . . . and that's where the Lankart variety LX571 fits in. It consistently produces top yields of high quality cotton . . . even under tough, dry conditions. And you don't have to give up anything to get this outstanding drought tolerance, either.

LX571 produces fairly long, strong fiber . . . with micronaire normally in the premium range. And storm resistant bolls strip well in one pass through the field. Add up all the good things about LX571 . . . then it's easy to see why this is one of the most planted cotton varieties in the Rolling Plains, Central Texas and Southwestern Oklahoma.

*LX571 is a U.S. protected variety (Plant Variety Protection Certificate No. 720018). Unauthorized propagation and unauthorized seed multiplication prohibited by law. LX571 cotton planting seed can be sold by variety name only as a class of certified seed. It is unlawful to sell non-certified seed of this variety.

Long-time favorite.

Cotton growers in Texas, Oklahoma and Eastern New Mexico have relied on certified Lankart 57 for consistently high yields for years. This variety has vigorous plants with short main stems and short fruiting branches. Leaves are large and dense. And this medium-early maturity cotton has storm-proof bolls. Lankart 57 is a good stripper cotton, too. . . . well-adapted to Texas and Oklahoma dryland production.

Certified LANKART 57

Certified LANKART 611

High yielding, early variety.

This cotton variety was developed for the early maturity needs of dryland farming . . . especially in the Blackland and Rolling Plains of Texas and Southwestern Oklahoma. Vigorous plants with short main stems and close fruiting branches produce large bolls of high quality lint. A good stripper cotton for the Southern High Plains on wilt-free soil.

Certified **LANKART®** and **LOCKETT®** brand cotton planting seed is available from your ginner or Pioneer® brand seed dealer.

Big tick increase causing problems

COLLEGE STATION — Tick populations have increased dramatically this spring and are causing considerable problems for homeowners and their pets.

"The pests have been especially troublesome during recent weeks," notes Dr. Cliff Hoelscher of Stephenville, area entomologist with the Texas Agricultural Extension Service. "Abundant numbers of ticks continuously reinfest landscape areas, thus making control difficult."

Ticks many times cause inconvenience and health hazards to both people and pets, points out the entomologist. The bites of these blood-sucking parasites may become inflamed and infected due to the toxic secretion during tick feeding. Several diseases such as tick paralysis, tularemia and Rocky Mountain spotted fever may be transmitted through tick bites.

"Two of the most common ticks found in home landscapes in Texas are the brown dog tick and the American dog tick," says Hoelscher. "Both have four stages in their development — egg, six-legged larva, eight-legged nymph and eight-legged adult. Each stage develops on a separate host animal or bird. The life cycle varies from two to four months. After each feeding, the tick drops off the host and hides temporarily until the next development stage in its life cycle."

The brown dog tick is reddish-brown in color while the American dog tick is yellowish-brown when unfed and a slate gray when engorged. The brown dog tick is most common in inhabited areas and rarely occurs in rural areas. The American dog tick is most often found by sportsmen and people who work outside and is rarely found in the home or other buildings.

"American dog ticks are attracted by the scent of animals and most numerous along roads, paths and trails. The brown dog tick hides in debris, cracks and crevices around buildings and is most often found on the ears, neck and between the toes of animals. Dogs are the preferred host of the American dog tick, although both types frequently attack man and other animals," notes the entomologist.

The female tick may lay several thousand eggs. "Seed ticks", probably the most dreaded by humans,

are the larval stages in the development of ticks. Animals may pick up hundreds in a single day; therefore, frequent examination of domestic pets and prompt treatment of infestations is essential. When infestation occurs, treat pets, homes and premises at the same time.

"Heavy infestations in the home may require treatment by professionals," points out Hoelscher. "Light infestations can usually be controlled with light spot treatments with household sprays containing .5 percent diazinon or ronnel. Treatment of dog's sleeping quarters, chairs, baseboards and around doors and windows is usually necessary. Removing the dog from the house plus treating the infested area may be the only means to control severe infestations."

Outside the home, ticks may be controlled with diazinon or carbaryl (Sevin) sprays or dusts. Carbaryl offers the best residual control. Use five percent carbaryl dust at the rate of 20 to 25 pounds per acre where vegetation is thin. Increase the dosage in heavy vegetation. If spray is used, mix two quarts of 25 percent diazinon emulsifiable concentrate in 25 gallons of water (five tablespoons per gallon). Apply at the rate of one gallon of spray per 1,000 square feet of infested area.

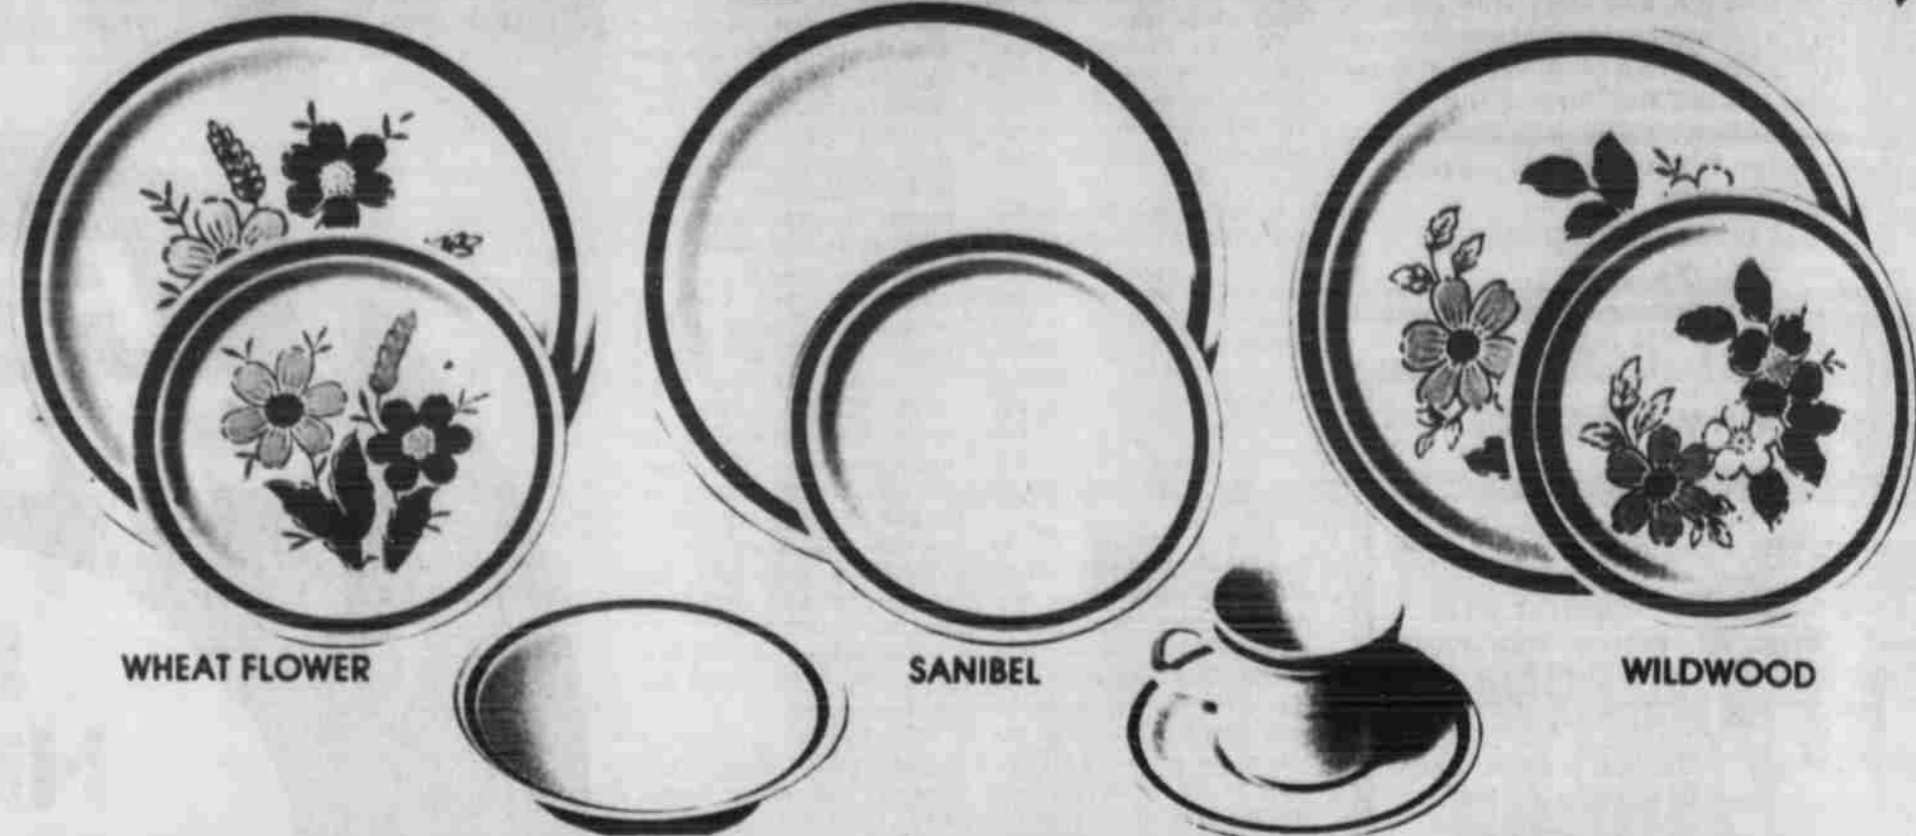

Give particular attention to spraying along roadsides, animal trails and paths used by people since these are the areas where ticks congregate. Handle all insecticides properly and follow all directions on the label before applying control treatments, cautions the entomologist.

Examine dogs frequently for ticks. Light infestations can be controlled by dusts containing five percent carbaryl. Rub the dust onto the skin and apply to the animal's sleeping quarters weekly. Heavy infestations on pets may be handled best by dip treatments purchased from a veterinarian.

"Most tick species cannot survive in cleared areas and mowed lawns where they are exposed to excessive sunlight and predators. So, cutting grass and weeds and removing useless shrubs, and keeping the area clear of debris is important in controlling ticks on home premises and recreational areas," Hoelscher emphasizes.

Offers you stoneware in the AUTUMN COLLECTION

CHOOSE FROM 3 BEAUTIFUL PATTERNS.

Here's your chance to own one of these three beautiful imported stoneware patterns from the Autumn Collection.

These are serviceable, yet elegantly designed place settings. Oven to table, dishwasher and microwave oven safe.

Cabbage and carrots are among best buys

COLLEGE STATION — Best values this week at Texas grocery markets include cabbage and carrots, eggs and canned vegetables, Mrs. Gwendolyn Clyatt reports. Mrs. Clyatt is a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A & M University System.

Current grocery price and quality trends are as follows:
FRESH VEGETABLES — Cabbage and carrots have low price tags, but head lettuce prices have soared. Other items at economical price levels are mustard greens, yellow onions, turnips and greens, yellow squash and potatoes. Asparagus has moderate

prices.
FRESH FRUITS — Pineapple has attractive prices and quality, and grapefruit supplies are large. Raisin and strawberry supplies are larger. Pear supplies are moderate, and prices are moderate.
DAIRY — Features include sour cream, yogurt, and several cheeses.
Grocery Market Aisles

ishments should help consumers save money.
 Consider chuck cuts, sirloin cuts, beef liver and ground beef with soy protein.
PORK — Prices remain at higher levels.
 Best values include Boston butts, end chops, loin-end roasts, some brands of bacon, frankfurters, liver and smoked picnics.
 Select smaller picnics, because they are leaner. Lean picnics feel solid, not spongy.

LUBBOCK — Farm law changes approved April 26 by a House-Senate Conference Committee have the solid support of Plains Cotton Growers, Inc., Lubbock-based cotton producer organization.

If passed and signed by the President the bill, in particular, would bring the method of setting the cotton loan much closer to the method called for in PCG legislative policy adopted in January of 1977, officials note. In addition the new measure would put a four-year 48-cent minimum on the base U.S. loan, "which is still too low, but is certainly better than the 44-cent loan we have now," says PCG Executive Vice President Donald Johnson.

The 1977 law required the Secretary of Agriculture to set the loan at the lower of two levels, one to be calculated from an average of U.S. Spot market prices, the other from an average of the Liverpool "A" Index, a compilation of Northern European prices.

PCG has sought, since the 1977 Farm Act was first considered, to have the U.S. loan based solely on U.S. prices.

The legislation now pending still includes in the loan-setting process a calculation of both domestic and European prices, but the formula for each would be revised. And perhaps more importantly, Johnson points out, the new legislation would permit, but would not require, the Secretary to use the "A" Index calculation.

"While we still would prefer a law that doesn't even mention foreign prices in the U.S. loan calculation formula," Johnson continues, "if the new Conference Committee measure becomes law we will at least have a chance to convince the Secretary that the 'A' index figures should not be used when using those figures would set the loan at a level below the level indicated by domestic prices."

The "A" Index calculation used to set the 1978 loan at 44 cents as equal to 90 percent of the average index for the first two weeks of October, as specified in the law. The new measure calls for this calculation to be based on the 15-week period from July 1 to October 15 each year.

Current law, the 1977 Act, calls for setting the loan at the lower of 1.90 percent of the adjusted "A" Index average or 2.85 percent of the three-year average of U.S. spot market prices. If the Conference Committee measure becomes law, the domestic calculation will be based on the previous five years, dropping the high and low years and averaging the remaining three.

Ninety percent of this three-year average of U.S. spot market prices would become the maximum level at which the loan could be set. The "A" Index computation would be the minimum, and the Secretary would have authority to set the loan at any point between the two.

Following the formula set out in the pending change, Johnson says, would result in the loan for 1978 being raised to 48 cents, the statutory minimum. For 1979, depending on what prices do for the remainder of this year, the loan would be anywhere between the 48-cent minimum and about 51 cents, he concludes.

GOOD PSYCHOLOGY

IMPORTANT PERSONAL DECISIONS SHOULD BE MADE EASILY. BE ALONE. PSYCHOLOGISTS SUGGEST THAT YOU NOT BE SOMEONE ELSE'S DEAR TO YOU OVER FOR A BREVITY'S CUP OF HOT TEA BEFORE YOU MAKE UP YOUR MIND. YOU'LL BE SURPRISED HOW MUCH CLEARER YOUR OPTIONS BECOME TAKING TO A GOOD FRIEND.

Teen Room work begins

The construction of a Teen Room at the Post Community Center got under way Monday with the tearing out of the paving on that portion of the parking lot to be occupied by the Teen Room and new center entrance.

Pharr and Pharr Enterprises of Lubbock are the contractors at approximately \$102,000.

Monday temp sizzles—103

The temperature here Monday probably set an over 40-year high for May 15.

Glen Barley reported a high of 103 degrees, the first time the century mark has been broken this year.

Since Lubbock reported a record high for May 15 of 99, it is probable this was a high dating at least back into the 1930s.

Cotton prices aren't expected to improve

COLLEGE STATION — Despite prospects for a much smaller cotton crop than last year, little improvement is seen in the current market price for the 1978 crop.

That's the assessment offered by Dr. Carl Anderson, economist in marketing with the Texas Agricultural Extension Service.

"World supplies of cotton will need to drop substantially below current levels before a bullish market will develop," contends Anderson. "Global stocks on August 1 are expected to be some 20 percent larger than a year earlier."

U.S. cotton in public storage on April 1 was the largest since 1969. Carry-over of the 1977-78 crop this August 1 is expected to be

near 5.5 million bales, almost double the amount on hand last August 1, notes the economist.

"Although cotton acreage will be down this year, near average yields should boost 1978 production to about 12 million bales. This would be near the expected disappearance of cotton for 1978," says Anderson.

While exports are strong, domestic mill use remains weak. In the first eight months of this season, exports have risen 210,900 bales over the same period a year earlier to a total of 3,085,000. At the same time, domestic mill use has fallen 163,500 bales to a total of 4,289,100. Yet consumption of manmade fibers for this period rose an equivalent of about 250 million bales, or nine percent.

"Competition between manmade fibers and cotton remains intense," adds the economist. "Cotton's share of the growing U.S. fiber market slipped to a record low of 26 percent in 1977, down from 33 percent only five years ago. And in 1960, cotton accounted for 65 percent of the fiber market."

"The U.S. fiber market is equivalent to about 25 million bales. Clearly, the cotton industry's greatest opportunity for growth and stability in the demand for cotton lies in the steady expansion of the domestic fiber market," contends Anderson. "This means that industry leaders must give special impetus to market development and promotion."

Marshall's store closed

Marshall's Department Store was closed here recently after nearly seven years of operation by W. A. Marshall, who sold the stock and fixtures to his son-in-law.

Marshall opened the store in July of 1971.

He said he is planning to continue to live in Post and hopes to travel if his wife regains her health enough for her to accompany him.

USING THE NAVAJO SPINDLE — Sitting around a pile of washed wool, fifth grade students are teasing the wool so that it may be corded and made into rolags and then placed on the Navajo spindle to make a string. Overseas farm sales big business

COLLEGE STATION — If the large volume of agricultural products being shipped overseas should suddenly come to a halt, both Texas' and the nation's economy would suffer severely.

Dr. Carl Anderson, marketing economist with the Texas Agricultural Extension Service, notes that overseas sales of agricultural products generate employment and income as well as boost capital investment.

"Texas is one of the leading states in farm exports, ranking fourth last year with an estimated export sales volume of \$1.76 billion," points out Anderson. "This represented 27 percent of all cash receipts from farm and ranch marketings in the state. Texas led the nation in shipments of cotton, cottonseed and animal fats, was second in rice, hides and skins, and third in peanuts, nuts and meats other than poultry."

The economist emphasizes that the total volume of agricultural exports in 1977 contributed roughly \$3.5 billion to the Texas economy.

Farm exports from Texas in 1976 totaled \$1.55 billion.

On a national scale, Anderson says that overseas sales of farm products totaled \$24 billion during 1977. Exports accounted for production from some 100 million acres of cropland, or about 30 percent of all U.S. farm export sales.

"It is estimated that U.S. farm exports support well over a million fulltime civilian jobs, and the added business stemming from agricultural exports is about equal to the value of the

City sales tax drops in April

Post's one percent sales tax took a big drop in its April payment over that for the same month a year ago, according to State Comptroller Bob Bullock.

A check for \$2,735.68 was mailed the city from the state comptroller's office, as compared to \$5,073.89 for April, 1977.

This brought city sales tax receipts for 1978 to \$31,848,20 to date, a one percent drop from the \$32,176.48 for the first four months of 1977.

products shipped abroad," adds Anderson.

"Agriculture makes up about a fifth of all U.S. exports and contributes significantly to the U.S. merchandise trade balance. Due to soaring costs of imported oil, the U.S. nonagricultural merchandise trade balance has shown huge deficits in recent years. Even with agricultural exports exceeding agricultural imports by about \$10 billion the past year, the U.S. trade deficit plunged from \$9.3 billion by

1976 to \$31.4 billion last year."

What's the outlook for continued high levels of farm exports?

Anderson believes that shipments may reach a record volume of 110 million tons in 1978 but that the total value of farm exports will be down to about \$22.5 billion due to lower prices.

Paper drive launched here

The Garza County Trailblazers are saving old newspapers, magazines, rags and old clothes to be sold to benefit the Algerita Senior Citizens Center.

The City of Post is placing a dumpster on the drive by the community center near KPOS for the purpose of dumping the above mentioned items. The dumpster will be emptied regularly by the Trailblazers.

Cooperation has been tremendous in the past and continued support will be appreciated.

Drug felony charges filed

Two Lubbock men, Robert Jewell Pace, 33, and Stanley Wayne Johnson, 23, were arrested here Sunday night and charged with a felony offense of possession of marijuana.

Sheriff Jim Pippin told The Dispatch officers found 14 ounces of marijuana in the car in which the two men were riding.

Both men were still in county jail here Tuesday afternoon in lieu of \$10,000 bond each.

New golf carts cost \$13,070

In The Dispatch's story last week on parents paying \$3,500 for damages done by juvenile vandalism at the Caprock Golf Course, the impression was left that 13 carts were purchased for \$3,500.

Durwood Bartlett, golf course owner, traded in the 13 damaged carts and ordered two additional new ones. The purchase difference for the 15 carts, after deducting trade-in value, came to \$13,070.

Detour up Cap to be reversed

The detour of traffic up and down the caprock on US-84 will be reversed next week, Julian Smith, resident highway engineer, told The Dispatch.

AWARDS PROGRAM

The Post Middle School will hold its awards ceremony Tuesday, May 23 in the junior high gym beginning at 10:20 a.m. Parents are invited to attend the assembly.
