

With The Men In Service:

Jack Hoover Now Piloting Biggest American Plane

Jack Hoover, son of Mr. and Mrs. O. H. Hoover of Graham community, is now a transport pilot on one of the biggest American planes that are manufactured. He is stationed somewhere in Australia and has been in active service overseas since January of 1943. "We spend \$3.22 of American money every time we spend a pound of money here. The pound is the accepted monetary unit of the country."

Jelly Hester Visits Here

Staff Sergeant Jelly Hester of Lincoln, Nebraska, visited his parents, Mr. and Mrs. M. Hester, last week. His girl friend, Miss Dorothy Warren, of Los Angeles, Calif., met him here and was a guest in the home of Mr. and Mrs. Tol Thomas during the time he was home on furlough.

Pvt. David Gossett who has been stationed at Camp Maxey, Paris, Texas, was transferred to Cornell University last week.

Weldon Jobe's Brother Is In Big Middle Of Bombing Raids On Germany

Weldon Jobe has been receiving letters from his brother who is Flight Leader of a squadron of Flying Fortresses stationed somewhere in England. The twenty-two year old soldier is really seeing service and was among the group who flew on the long round trip flight recently in which 500 planes took part . . . and in which 39 were lost. Each plane carries a crew of nine.

Parts of Lt. Inman Jobe's letters are reproduced here:

"The bombing of Germany is not a hit and miss proposition; it is organized warfare with every possible element of destruction. From five or six miles in the sky, I've seen and dropped bombs on Norway, Belgium, Holland, France and Germany. I've also dropped two bomb loads of hell and destruction on Germany's second largest city, Hamburg. So you see I've come a long way and am not talking through my hat when I say that my crew is one of the hottest and best that ever pumped lead at a German Fock-Wulf."

"To date my crew has shot down seven German fighters and have one probable to their credit. All the boys have enough raids to earn the Air Medal with the Oak Leaf Cluster attached. We are not doing bad with the citizens tax and war bond money and hope to do better, flying in our ship 'Little Chuck.' We fired eight thousand rounds of fifty caliber bullets at attacking German fighters."

"Not trying to discourage the people back home, but you can take it from one who has been there that it will take more than six months to win this war, so don't let down on your support to the war effort, however small it may be."

Wants News From Home

Leola Smetzer, S. 27, is now stationed in Guadalcanal. He left the states on July 28th and has had only two letters from home. He is getting anxious to hear all the news, according to his latest letter to his mother which was written on August 29. Enroute to the island his ship evidently docked in New Caledonia as he sent his mother picture folders from that port.

Prisoner Of War Writes From Japan

For the second time in two years Mrs. F. M. Hagood has heard from her husband who is a prisoner of the Japanese. The letter arrived here on September 13 from Zentsuji, Japan. It was written on April 1.

Corporal Hagood of the United States Marine Corps was captured on Wake Island during the battle there in January 1942. His letter stated that he was doing fine and that he was acting as one of the barbers in the prison camp. He now weighs 164 pounds and is well. He sent best love to his wife and baby and expressed pleasure that the baby was now walking and talking. Mrs. Hagood, the daughter of Mrs. Anna Collins, is now visiting in Corpus Christi, with her husband's brother and family.

Elwood Wright Now Serving In Pacific Theatre Of War

Elwood Wright, son of Mrs. Gladys Price, wrote her two weeks ago from Hawaii and last week end she received souvenirs from the Islands. Elwood, a Post High graduate and football star, and a former Texas Tech student, is serving as a gunner on a Flying Fortress and is stationed somewhere in the Pacific. Mrs. Price has not heard from him since he sailed a number of weeks ago until the recent communication. "I'm doing fine and as fat as a pig. Don't worry about me." He closed his letter by saying he was surely homesick. Elwood has been in the Navy Air Corps for eight-months and has never been granted a leave.

Lt. Shelley Camp Transferred To Oregon

Girls in the home of Mr. and Mrs. Lee Duckworth last week saw Lt. and Mrs. Shelley Camp. Camp, who has been stationed at Camp Wheeler at Marion, Ga., was enroute to Camp Alvir in Corvallis, Oregon. He will be attached to the 70th Division. He was accompanied to Oregon by his wife. The couple left here Sunday morning.

Three Sons of G. W. Brannons In Service

Mr. and Mrs. G. W. Brannon have three sons in service. Two of the boys have been in less than a year and one for over a year. The boys all went to Post High school. They are Claude C. Brannon, Roy Clifford and William Grady.

Robert Cox Promoted To Staff Sergeant

Friends of Robert Cox will be interested to know he has been promoted to the rank of Staff Sergeant. Robert entered the service in February and is stationed in Herington, Kansas. He is a member of the Air Corps.

Herbert Hoover Is Pleased Over New Quarters At Primary Training Field

Herbert Hoover has been transferred to Uvalde, Texas, where he will begin his primary training. "We have grand accommodations in comparison to those in San Antonio. Here we are housed in the Uvalde Country club and each of us have a bed with inner-spring mattress, a table to ourselves and also a dresser. In San Antonio our barracks were very sparsely furnished and our cots had regulation G-I mattresses. This is wonderful," he wrote his parents Mr. and Mrs. O. H. Hoover. Herbert was first stationed at A & M college before going to San Antonio. His wife, who has been employed in Bryan, has given up her job and joined him last week.

All The Conveniences Of Home, Says Lt. Tom Power From Somewhere In Australia

In writing to his parents, Mr. and Mrs. Jim Power, Lieut. Tom Power said, "I have all the conveniences of home in my tent. I made a carbide light, took a jeep crate and floored my tent and made a swanky closet, all with the help of a crafty orderly . . . even heated water and took a bath."

Tom who has been in service two years sailed several weeks ago with his company to foreign ports. "We had a nice trip over and I wouldn't have missed it for the world, but I'll be one of the first ones to want to get home when this is all over," he continued.

"The girls here will do but they can't replace the beautiful American girls. When arriving here I just missed seeing General McArthur with all his medals. The story goes that he has so many medals that the pockets of his jacket have had to be lowered in order to display them. What a man! I was standing in the vestibule and missed seeing the world famous man."

Australians have very few sweets. They live principally on meat, bread and potatoes and serve few vegetables. The lack of fruit and vegetables, which are rich in vitamin C, probably accounts for their bad teeth."

Soon after landing Tom was sent to school for four weeks. "En route to the school I passed through the most beautiful harbor in the world and saw the most famous zoo in the world. All the larger cities are beautiful here."

Mr. and Mrs. Power receive mail regularly from their son and they say that Tom says everything stops for mail call. "Mail from home is the most important event of the day over here."

Dugan Nickens Visits Here

Dugan Nickens, son of Mr. and Mrs. C. E. Nickens, left last week and after spending several days at Post, Dugan is stationed at Ft. Leonard Wood, Mo., and is attached to the newly formed 75th Division. He entered the army 8 months ago. At that time he was working for the Concrete Shipyard in National City, Calif. He took his first training at Ft. Douglas, Utah. Dugan wears a medal for sharpshooting and was rated as expert on bayonet.

His brother, Claude, he said is stationed in Ft. Knox, Ky., and is a member of the Engineering Corps. He has been in service 15 months and enlisted in Georgia. Dugan declared he liked the army fine. "It is rough, but as long as you can laugh about it, you get by okay."

Graduates From Airplane Mechanics School

Harold E. Trull, 21, son of Mr. and Mrs. Finis E. Trull of Route 3, graduated this week from the factory training school operated by the Army Air Forces Training Command at the Glenn L. Martin Company at Middle River, Md.

Only men who have previously graduated from an airplane mechanics school in the AAF Training Command or who have had actual experience "on the line" servicing American planes, receive this specialized training in the repair and maintenance of planes manufactured by the Glenn L. Martin Co.

Now a specialist in the functioning of the B-26 Marauder, Trull is ready for duty anywhere in the world as part of the growing army of skilled technicians turned out by the AAF Training Command.

Trull attended Graham high school. Before entering the Army Sept. 10, 1942, he was engaged in farming. Alton, his brother, is also in the service.

TEXAS WAR PRISONERS WEEP AT NEWS OF ITALY'S SURRENDER

A few Italian prisoners of war who are interned in a prison camp at Hereford, Texas shed tears when they first learned of Italy's capitulation, but whether for joy or sorrow could not be determined. Col. A. N. Risdon, commander of Hereford War Prisoner Camp announced.

MUSSOLINI

Mussolini has been pictured in
funny caricatures resembling a
strutting ape, or a sawdust Caesar.
Some people laugh at the picture
and especially since his postboard
government collapsed... but to
a few it isn't comedy. To some he
is an awesome, frightful phenom-
ena of an era. He is a criminal, a
robber, an overbearing person,
whose downfall should cause us
to say prayers of thanks. We do
not laugh when a murderer has
finally been brought to justice or
put to death in the electric chair.
We shudder and think of the dam-
age he has done, the misery he
has caused, the uselessness of his
life which he could have spent for
the good of humanity.

To some there is nothing funny
in the picture of Mussolini
sticking out his chin, gesturing
wildly from a balcony, goose step-
ping and posing. With all these
antics he hypnotized a nation.
With them he plunged his people
to destruction, led them into a war
they didn't want, destroyed whole
generations. To some there is
nothing funny about seeing the
world tumble down over his
treachery, to laugh is out-of-place.

We will offer thanks when his
partners-in-crime, Hitler, the
paperhanger, and Hirohito, the
puppet, have fallen, but we will
not laugh. Pictures of these three
will continue to be drawn and ex-

THE EDITOR

DON'T ASK FOR PAGE ONE POSITION WARNS EDITOR

Editor Orlando Blackburn pub-
lished an editorial in The Texas
City Sun that almost every editor
has secretly wished to run. And
wished it every time some per-
son turns in a news item with a
request for front page position.

The editorial read:
"Fifth and final notice to news
contributors of The Texas City
Sun: Please don't ask that your
news items be placed on the front
page. If, in the editor's opinion it
is worthy of that recognition, it
will reach the front page without
asking for it.

"Demanding or requesting that
certain items be placed on the
front page is just like waving a
red flag in front of a bull. (No
wise-cracks please!) It is the same
as saying, 'You have a dinky, one-
page newspaper and no one looks
further than the cover!'"

"It is this paper's policy to put
five interesting news items through-
out the entire paper. It would be im-
possible to do that and put every-
thing on the front page. It increas-
es the advertising value of our
columns to put interesting reading
matter on the same pages. That is
why we try to put some of our
best stories on the inside of the
paper.

"This editorial will be clipped
out and posted on the counter in
The Sun office and hereafter those
who persist in asking for front
page, will be referred to this, our
policy."

hibited but to some there can
never be any laughter in seeing
cartoons of men who have caused
so much misery—only a shudder-
ing horror.

Views of Neighboring Editors:

Lubbock Avalanche— Times
was we used to send our old cloth-
es to the missions. Now we wear
them.

Colorado Record— God bless, I
say, all the nice people who leave
the whole truth to courts where
it belongs and who sally forth
with a bit of blarney. God bless
all the dear kind hearts who say
I'm looking wonderful the days
I'm tired as a hag... who say the
cake is delicious when it sags right
in the middle... who say my hat
is the cutest one when it looks like
a soup bowl on a spree... who
pause long enough to say or write,
"We enjoy getting the Record."

Dickens County Times— My
grandpa never traveled very ex-
tensively but he knew of course
about the difference in time be-
tween different sections of the
country and he predicted that
someday, a tunnel would be built
across the continent and a man
could enter it in New York City
at 9 a. m. and, propelled by pneu-
matic pressure, arrive in San
Francisco at 6:15 a. m.—two hours
and forty-five minutes before he
started.

Exchange— Americans fight be-
cause they know they've got a job
to do, and Americans are used to
doing their jobs well.

But as soon as the job is done,
they want to get back to their own
dinner tables, their own beds, their
own folks, their own gardens.

So when you wave the flag or
talk about your patriotism, re-
member this:

It isn't talk that will finish the
war. The only way we people at
home can help to get it over with
is to work and pay, and go with-
out things so that the boys can
do their job, and we'll all have
steak and gas and fun again!

Scurry County Times— Due to
unprecedented weather conditions
of the past two months, farmers of
this immediate trade zone are
witnessing the earliest cotton har-
vest since 1933—a harvest that
can result, despite many adverse
factors, gathering what crops we
have before the leaves of autumn
fall and fall rains commence.

Straws in the wind indicate that
Old Man Winter will be with us
before too long, and those farm-
ers fortunate to get their feed and
fiber crops gathered before incle-
ment weather can be truly thank-
ful for their good lot. Naturally,
one of our most important crops
this year will be feedstuff, and one
ton stacked or put in the barn now
will be worth many tons left to
the mercy of the elements.

Too early harvesting of crops
this year will make it possible for
farmers to get early plowing over
with and take advantage of every
single rain we may have through
the winter season.

FLAMING COFFINS

Two-thirds of the ten thousand
persons who burned to death in
the United States in 1941, perished
in homes. In spite of these fig-
ures, it is hard to convince any-
one who has not witnessed or ex-
perienced the lightning-like
destruction of which fire is cap-
able, that an agile person might
be unable to flee the compara-
tively few feet necessary to reach
safety from the confines of the
ordinary home. Many remain un-
convinced until in screaming ter-
ror they pass out of this world,
victims of their own ignorance.

Home fires frequently originate
in basements. In less than five
minutes any fire can generate
superheated air to temperatures
if from 400 to 500 degrees. This
superheated air rises through
every avenue to the higher sec-
tions of the building and endan-
gers every inhabitant, for no one
can breathe air of that tempera-
ture and live. Within ten minutes,
as the fire progresses, the air
temperature increases to between
800 and 1,000 degrees. When air
of this temperature concentrates
in attic spaces or upper halls, it
spontaneously sets fire to every
item of burnable material. Fre-
quently fire is found in the base-
ment and on the top floor, with
no flames in sections between.
Thus is explained the awful ap-
pearance of a house spouting flam-
es from every window in a matter
of sections.

Occupants of every home in the
country should know whether
their places are in reality flam-
ing coffins. In cases where they
are, the fault is probably trace-
able to minor construction de-
tails that can easily be corrected
—such as improperly sealed
clothes chutes, dumbwaiter and
stairways, as well as walls with-
out fire stops. These and similar
hazards can be minimized or re-
moved at comparatively small ex-
pense. They often spell the dif-
ference between life and death.

Military Theme Is Stressed In Bridal Shower Thursday

Mrs. Harold Strafer, the former Miss Callie Nelson, was complimented last Thursday night with a lovely gift shower at the home of Mrs. J. N. Powers. Assisting Mrs. Powers and serving as co-hostess for the delightful party was Mrs. Will Scarbrough.

A military theme was stressed in party arrangements and gifts were presented by a small soldier and his bride. Youngsters who were dressed to resemble a soldier and his bride and who played the part of the couple were Claudette Caffey and Connie Marie Richardson. They entered the entertaining rooms pulling a red wagon laden with gifts and the "ohs" and "ahs" of the bride and the many friends who had gathered to enjoy the party with her accompanied their entrance. After the beautifully wrapped packages were inspected the hostesses served delicious refreshments of chicken salad sandwiches, pickles, ice-cream sodas and a cooling drink to the following:

Mmes. George Samson, Scott Storie, D. W. Parsons, Ed Caffey, Jim Scarbrough, G. R. Roach, J. B. Evans, and Misses Geraldine Morgan, Thelma Clark, Vivian Cooper, Toby Estes, and the bride's mother, Mrs. H. E. Nelson. Jim Scarbrough, G. R. Roach, J. B. Evans, and Kathryn

An unusually attractive bride's book, designed and made by Toby Estes, was used to secure the signatures of the guests. Mrs. Ed Caffey presided over the book.

A large number of friends who were unable to attend sent gifts.

E. W. Williams, Jr., left early last week for New Mexico Military Institute in Roswell, N. M., where he entered school again this year. Mrs. Williams accompanied him there returning to Post the following day.

The birthday cake was pink, iced in white, with three pink candles and was served with pink and white ice cream. The pink and white colors were carried out in the birthday napkins and cream cups.

Helping Sonja Sue celebrate were Lois Sue Stephens, Jean and Linda Lou Bilberry, Leslie Anita Nichols, Rosemary Lawson, Martha Anna Cearley, Laquita Joy Brown, Gerald Carpenter, Harold Franklin, Bubber Talley, Bill Clark, Johnny Kemp, Dan E. Wedding Vows Of Sunday Unite A Popular Couple

The traditional nuptial music and decorations which effectively combined asparagus fern, rainbow colored asters and deep pink crepe myrtle in tall florists baskets were used to provide a suitable setting for the recitation of the wedding vows for one of Post's best known couples, Miss RayDel Kirkendoll and Mr. Baker Robinson, jr. The ceremony was performed at six o'clock Sunday evening in the home of Mr. and Mrs. Will Scarbrough.

Rev. R. C. Tension, pastor of the First Baptist church, officiated with the impressive double ring ceremony. Vows were exchanged before the flower banked fireplace.

The bridal party entered to the strains of the traditional wedding march played by Mrs. Ashley Lawson. The brides-maid, Miss Doris Faye Kirkendoll, the bride and her uncle, Homer McCrary, who gave her in marriage, descended the stairway as Rev. Tension, the best man, John Robinson and the groom entered from the dining room. The stairway down which the group descended formed a suitable background for the entrance of the bride and her attendants. Banisters were entwined with ivy and large white satin bows with streamers falling to the floor were gracefully arranged on newel posts on top of which were placed flat arrangements of the chosen flowers. Ivy also encircled the small stained glass window on the landing and completing the effect was a tall basket of rainbow asters in a tall florist basket. Preceding the ceremony Miss Mary Helen Robinson sang "I Love You Truly" by Carrie Jacobs Bond. Mrs. Lawson accompanied the vocalist and gave as the recessional Mendelssohn's wedding march. Organ music was provided by Mrs. Lawson during the ceremony as she played softly "Ah, Sweet Mystery of Life."

The bride is the charming daughter of Mrs. Della Kirkendoll and the groom is the son of Mr. and Mrs. B. M. Robinson. He is associated with Power's Food store and is co-manager of the Courts Cafe.

The bride wore for her wedding a most becoming blue wool suit fashioned on dressmaker lines with fitted hip-length jacket. Her blouse was of white and other accessories were of black. A small veiled trimmed hat completed the costume and she wore a beautiful shoulder corsage of white roses and lilies of the valley.

The bride's sister who served as maid of honor wore a black tailored suit with black accessories and her shoulder corsage was fashioned from red rosebuds.

Men of the wedding party wore white carnation boutonnières.

A reception followed the wedding. Presiding at the beautifully appointed lace covered table were Miss Peggy Sue Robinson, sister of the groom, Miss Marion Edwards and Mrs. Bill Wood. Punch and cake were served from crystal services. The bride followed the traditional custom of cutting the first piece of cake. The three tiered cake was decorated effectively in white and to accent the table, rainbow asters were used to center the table. White candles in crystal holders added illumination to the scene.

The grooms gift to the bride was a handsome wrist watch. She carried out the bridal custom of wearing "something old, something new, something borrowed and something blue."

The couple are at home in the Ira Weakley apartment.

About seventy wedding guests were in attendance.

Wedding Vows For Imogene Bowen and Gailon Combs Read

Interest was added to the fall season Sunday by the marriage of Miss Imogene Bowen and Technical Sergeant Gailon B. Combs in the chapel of the South Plains Army Air Field in Lubbock at six o'clock in the evening.

Tall white cathedral cancelabra added illumination to the altar which was banked with greenery and appropriate flowers. The bride's sister, Miss Patsy Bowen, lighted the candles preceding the wedding and also sang Carrie Jacob Bond's favorite love song, "I Love You Truly." She was accompanied by Miss Koib who gave as the nuptial music "Because" and "Ah, Sweet Mystery of Life." The traditional wedding marches were used.

Lieutenant Howard Long, chaplain of SPAAF, performed the double ring ceremony.

The bride wore a medium blue dressmaker suit fashioned on fitted lines. Her small hat was veil trimmed and veiling fell to her shoulders. Other accessories were black and her shoulder corsage was an orchid.

Miss Martha Thomas attended the bride as maid of honor. She wore a pink wool suit with blue blouse and black accessories. Her corsage was fashioned from white carnations.

Attending Mr. Combs as best man was L. H. Arnold of Amarillo.

Following the wedding, a reception was held at the home of the bride's parents. A fall decorative theme was emphasized by the addition of colorful bouquets about the house. An especially attractive cluster of the chosen flowers was used on the refreshment table from which punch and cake were served by Miss Thomas and Miss Erma Lee Cass.

Signatures of the guests were secured by Miss Patsy Bowen.

Reception guests were received by the bridal couple and Mrs. Bowen.

Among those from Post and former Post friends who were present for the wedding were Messrs. and Mmes. Charlie Bowen and daughter, Lee Bowen and family, Orland Cannon of Idalou, and Mr. E. A. Rotary Club Notes

By Alfred Stallings

Twenty-one Fiat Rotarians enjoyed the hospitality of the Lubbock club in their nineteenth annual inter-city meeting last Thursday night and the fellowship of hundreds of Lubbock and visiting Rotarians. An hour was spent greeting friends, new and old, then followed the barbecued chicken and trimmings in a cafeteria. After introduction and several popular and patriotic songs led by four club song leaders, Stony Wall introduced the speaker of the evening, D. D. Monroe of Clayton, N. M. Space will not permit giving even the highlights of his talk but it was thoroughly enjoyed by all. He stressed Rotary's opportunity and responsibility in our post-war world.

Last meeting, R. C. (Doc) Tension received his official brand and welcome into Rotary fellowship. Tuesday it was Weidon Jobe, tractor parts distributor, who went under the branding iron. We gladly welcome these youngsters into Rotary. It keeps the wheels spinning and affords us oldsters our favorite pastime—giving advice.

One of the baby Rotarians, Carl Webb, had a birthday last week, Sept. 9. Carl is another native Texan, born in Bellvue, Clay county. He attended High school at Mineral Wells, graduated from Culver Military Academy, Culver, Ind., and from the University of Texas Law School. We are glad to have him as one of our new citizens and Rotarians. We hope he has another hundred birthdays.

Plans are underway for the entertainment of the Post teachers next Tuesday night in the Methodist church basement.

H. F. Giles was called to Tyler, Texas, on Monday to attend the funeral of his sister, Mrs. E. T. Howard, wife of Rev. Howard, a Baptist preacher. The funeral was held in Tyler Wednesday at 3:30 o'clock and burial was at Mesquite on the same afternoon. Mr. Giles was met in Tyler by his daughter, Mrs. Lloyd Anthony, of Tulsa, Okla. Before returning to Post he will visit his father who was unable to attend the funeral. His father lives in Oklahoma City.

Formal Tea Opens Rush-Week For Sub-Deb Club

Activities centering around a series of Rush Week parties are inaugurating the early fall season for the Sub Deb club. To introduce the enjoyable affairs arranged in honor of the six rushers, Misses Norma Joy Rudman, Mary Helen Robinson, Hazel Cash, Melba Miller, Edna Pearce and Peggy Sue Robinson, Miss Betty Williams entertained with a formal tea Sunday afternoon from 4:30 until 6 o'clock at the home of her parents, Dr. and Mrs. D. "Bombardier" At Garza Theatre Sunday - Monday

Bringing to the screen for the first time the thrilling tale of how thousands of young Americans are trained to "drop the egg" from Flying Fortresses, "Bombardier" co-stars Pat O'Brien and Randolph Scott in what is said to be the year's most exciting picture. "Bombardier" shows Saturday night 11:30, Sunday and Monday at the Garza Theatre.

The story begins in Washington, with O'Brien as an experienced flier whose enthusiasm for the then unheard of Norden bomb sight makes him its ardent advocate. A striking demonstration of the device wins O'Brien the support of his chiefs, and leads to the establishment of a school where young Bombardiers can be trained to operate the instrument.

A large-scale bombing raid over Jap war plants near Tokio forms the stirring climax of the picture, with O'Brien in command of the big planes and Scott, on a special mission connected with the raid, heroically giving his life so that the raid will be a success.

Miss Martha Thomas and Miss Erma Lee Cass were house guests of Miss Imogene Bowen in Lubbock last week and were members of the Bowen McCombs wedding party which took place in Lubbock on Sunday.

ARMY REBUILDS SHOES

Approximately six and one half million pairs of army shoes will be rebuilt during the present fiscal year at plants under supervision of the Quartermaster Corps, Army Service Forces, in Buford, Ga., and Hannibal, Mo. The rebuilding operation in one year will save the government approximately seven million dollars, and will conserve nearly 20 million square feet of leather. Army shoes usually are resoled twice, then sent to Buford or Hannibal for rebuilding. The rebuilt shoes look and wear like the original article and usually are more comfortable because they have been broken in.

My bones just ache to get out there and take a crack at the Axis, but that is exactly why I can't do it—my bones ache too much. It's those youngsters with plenty of pep and zip in them who are going to show the Japs and Germans what they're up against. And they can do it, too! But we old timers can do something. Buy War Bonds and Stamps to keep our boys properly equipped and buy as many as we can. I'm not just talking to have something to say. It is our duty to give at least 10 per cent of our wages to buy war stamps. We can do that easily compared to the sacrifice all those boys are making. We can't let them down. They're counting on us all. DON'T LET THEIR SACRIFICE BE IN VAIN!
