12 Threshers Needed For Peanut Crop

Applications Must Be Made To Secure Harvesting Machines; 9,000 Acres Given To Crop

Farmers interested in purchasing a peanut picker or thresher should contact the ACA office at the earliest possible date and fill out an application for purchase of farm machinery, reports Robert H. Gibson, ACA secretary. All peanut harvesting equipment has been purchased by the Southwestern Peanut Growers Association and will be allocated to counties similar to tire rationing. Under this system every purchaser must execute the application for purchase of farm machinery. It is not known how many machines will be issued to Garza county, but it is hoped that we will receive as many as nine new machines, said Gibson.

A recent survey indicated that 9,000 acres of peanuts would be planted in Garza county in 1942, which would require approximately 12 threshers to harvest the crop.

Weekly Report On Bond And Stamp Sales

By HERBERT JONES County Defense Bond Chairman

The report on the sale of War Bonds and Stamps through the week of May 23 is as follows:

Stamps sold week ending May 23	\$614.55
Bonds sold week ending May 23	\$3,254.00
Bonds sold during May 1942	\$9,289.50
Total Bonds sold to date	\$116,809.50

It is gratifying indeed to note the greatly increased number of persons who have commenced to do their part by buying War Bonds and we hope more of our citizens will profit by this example and join in the good work.

Many of us are only just beginning to realize that it is going to take the help of each individual if our country is to deal adequately and thoroughly with the menace which threatens it.

Seven ship sinkings reported in the Gulf of Mexico during the past week should bring this war home to us. No longer do we need to look to distant places to learn of the horrors of war, it is now on our doorstep.

With the increased interest now being shown, Garza county is beginning to take its place in the front rank of those who are going all out for this war. Let us keep up the good work.

What You Buy With WAR BONDS

These huge 60-ton heavy tanks cost \$120,000, and America's automotive and locomotive plants are turning them out on a never-ending assembly line. Our army uses light tanks, weighing 14 tons, and medium tanks of 28 tons also, but we favor the medium tank over the other two.

These heavy tanks are needed for certain phases of modern warfare, and with their thick armor and heavy-gauge guns they are almost unstopable. They are considered superior in gun power, in maneuverability and in the power of their huge tractor motors to Axis tanks. Americans everywhere are helping to pay for these monsters of war through their purchase of War Bonds. Invest at least ten percent of your income in War Bonds every pay day. U. S. Treasury Department

Buy A Poppy On Memorial Day In Honor Of Soldiers

Members of the American Legion Auxiliary will sponsor the annual poppy sale on Memorial Day, Saturday, May 30, as a fitting memorial to soldiers who have lost their lives in this second world-wide conflict. Mrs. Frank Nease, president of the James C. Cole Auxiliary, will direct the sale. She will have as her assistants in this sale, which every citizen should feel is his or her privilege to participate in, an efficient corps of helpers.

Garza citizens are asked to watch for these women and girls and buy a poppy and by so doing help the families of those who have given their lives for their country.

Poppies to be sold were made by World War I veterans who are patients in the Keerville Veteran's hospital. They have requested that proceeds from the poppy sale be given to families of soldiers who have died in this war.

Let us, as true Americans, buy and wear poppies in honor of those who have given their lives for "America, the home of the brave."

\$17,579.45 In AAA Checks

One hundred and sixty checks, totaling \$17,579.42 and covering 66 Garza county farms, have been received at the local Triple A office. It was announced this morning by Robert L. Gibson, secretary of the County ACA. Notices have been mailed to all producers who are to receive checks.

The local AAA office has been advised by the State Office that they expected to audit all applications for payment, with a few possible exceptions, within the next two or three weeks, so the majority of the payments still pending should be received shortly.

Governor Stevenson To Speak At Snyder Bond Rally Monday

Snyder (Special)— Post city officials and representatives of Garza County were extended an invitation this week by Pat Bullock, 118th District representative and Scurry County chairman of war bond and stamp sales, to join Scurry and Borden County people Monday, June 1, in welcoming Governor Coke R. Stevenson of Texas to Snyder.

Governor Stevenson's visit to Snyder will climax a war bond and stamp rally that is expected to attract something like 10,000 people.

Governor Stevenson, accompanied by his secretary, Ernest Boyett, will arrive in Snyder at 12:00 p. m. A patriotic program will get underway Monday afternoon, 1:45 o'clock, Bullock states, and the governor will address people of this trade area at 2:30 o'clock Monday afternoon.

Others who will appear on the program Monday afternoon in behalf of war bond sales in Scurry and Borden Counties will include Homer Leonard, Speaker, House of Representatives; Hop Halsey of Lubbock, 119th District representative; Senator Penrose B. Metcalfe of San Angelo and other notables.

MOVE INTO HOME

Mr. and Mrs. J. E. Parker moved Friday into their newly remodeled home, across the street from the Presbyterian church. The house formerly owned by the late Mrs. B. F. Pippin has been completely remodeled into an attractive modern home. It contains five rooms and bath on the lower floor and three rooms and bath on the upper floor as well as ample closet space, built-in cabinets, etc., a screened in living porch and a large commodious basement.

Mr. and Mrs. Troy Aiken and baby of Seagraves visited friends here en route to Sweetwater last week. The couple formerly taught school here.

"Send-Off" Parties For Draftees

New Induction Procedure Will Give Draftees 10-Day Furloughs

Parades and other patriotic "send off" demonstrations by neighbors of men inducted into the Army through Selective Service can now be planned with certainty because of the new induction procedure arranged by the War Department and the Selective Service System, it was announced Wednesday by General J. Watt Page, State Director of Selective Service.

The new procedure, which becomes operative in Texas July 10, assures a two-week furlough, at Government expense, for every selectee who is accepted by the Army, General Page pointed out, and sets a date for each group to report back to its Selective Service local board headquarters for transportation to an Army Reception Center. This date, General Page emphasized, is the one for which local demonstrations should be planned. He said:

"Since all of the men assembling at the local board office after a furlough period have been accepted for military service and ordered to active duty, none will be faced with the embarrassment of returning home as rejected following such ceremonies. The local communities also can make their plans for these 'going away' demonstrations with definite knowledge that the men are going into active service, which was not possible under the former procedure when group departures or selectees were the purpose of induction depending upon passage of the induction board." (Continued On Back Page, Col. 3)

Former Teachers Will Be In Demand To Fill Vacancies

The resignation and changes of positions of teachers because of war emergency conditions are becoming serious, and the problem of filling the vacancies is becoming difficult, wrote State Superintendent L. A. Woods to all city and county superintendents this week.

In the form letter received by County Superintendent Dean A. Robinson, Woods urged that a county survey be made to locate all persons holding college degrees and who seek employment as teachers but who are not now employed. Certificate holders who have been out of teaching for considerable length of time are asked to take summer refresher courses and prepare themselves to carry on the work of those who are entering the war work.

Superintendent Robinson was asked to secure the following information on persons who will qualify for teaching positions: name; address; degree; year and institution; teaching experience; teaching fields or subjects; condition of health; family encumbrances; willingness to teach outside home community; institution of choice of summer refresher courses. Blanks for securing this information have been received at Robinson's office.

Twentieth Anniversary Homecoming Planned Sunday At Central Church

Central Baptist church, two miles north of Grassland, will have its twentieth anniversary homecoming Sunday, May 31, according to an announcement by the pastor Rev. Frank Thomas. The program will begin at 10 o'clock with former pastors and teachers present teaching the Sunday school classes. Former pastors will speak at all services during the day.

The afternoon service will feature the recognition of all charter members present, and especially those whose membership continues to remain in the church. Ruel Smith, Luther Kenley and Alton Fleming are to be ordained as deacons in the afternoon service.

WPA Sewing Room To Re-open Monday

The Garza County W.P.A. Sewing Room will be re-opened here Monday morning, it was announced this morning by County Judge J. Lee Bowen. Twenty-five women will be employed on the project.

A supervisor for the sewing room had not been selected this morning, Judge Bowen said, but he indicated a local woman would be in charge of the work. The project will operate in the building formerly occupied by Hamilton Drug store.

The present contract expires July 1, 1942, but is expected to be renewed when new WPA appropriations are made in July.

Street Dance To Advertise Rodeo Monday

Free Dance Will Be Signal For Everyone To Wear Rodeo Regalia

As a prelude to the big two-day Stampede and Rodeo, June 18-19, a big free street dance will be staged on Post's downtown streets next Monday night, it was announced this morning by the Rodeo Dance committee.

The dance free to everyone, is being sponsored by the rodeo association as a publicity stunt to advertise the rodeo and to start local people in wearing western regalia from that time until the two-day show.

The dance will be a regular old-time "banding" and those in charge of the entertainment. The music will be supplied by a local dance band. A public address system will be set up for spot announcements and to carry the music the length of the city block which will be roped-off for dancing.

Everyone is invited to attend the dance and urged to wear rodeo regalia. Time . . . 9 'til.

O. B. KELLY RETURNS TO POST AND GIVES FULL REPORT ON HIS FAMILY

News of former Post citizens will be of interest to Dispatch readers since all of the O. B. Kelly children were reared in Post. The father, O. B., has returned from an extended visit with his children and gave the following report on his family:

Son Kelly, the eldest son, is living in Miami, Arizona. Elwood, better known as "Bud" is associated with Douglas Aircraft Co. as a mechanic. Knox is in Hollywood and is employed as an electrician with Warner Bros. studio. Billie, the youngest, is now Sergeant Kelly and is stationed at an Army camp in the state of Washington, as is son-in-law, Captain Jimmie Williams, husband of the only daughter, Peggy. Mrs. Williams is employed in an Army store in Ontario. Bill's wife of two-months, whose home is also in Ontario, Calif., is employed in defense work. "All are doing fine" declared O. B.

Miss Lois Pickett will arrive Friday from Texas State College for Women in Denton to make her home with her sister, Mrs. Glen Kahler, for the summer.

Thirty-Five Enroll in Home Nursing Unit

First Class Conducted Tuesday Night With Mrs. Martin As Instructor

A most enthusiastic group of women assembled in the Red Cross Sewing room Tuesday night to begin the Home Nursing Course which is under the supervision of the Public Health Service of the American Red Cross. No more persons will be enrolled in the course, declared Mrs. A. C. Surman, local chairman, as the roster is full. Thirty-five women and girls enrolled.

Mrs. Emily Jo Martin, registered nurse who will teach the six week course, was introduced. After explanatory remarks concerning the objective of the course, she gave a lecture on essential phases of nursing procedure after which practical demonstrations were held with members of the class taking part.

"Home Hygiene and Care of the Sick" by Jane A. Delano, R. N., compiled by the Red Cross, is the next book. In order to secure a Home Nursing certificate persons enrolled must attend at least 20 hours. Twenty-four hours is the maximum hour period. Classes begin at 7:30 p. m. and continue until 9:30 p. m. each Tuesday and Friday night.

(Continued On Back Page, Col. 3)

Rotary Award Goes To Arnold Sanderson

Arnold Sanderson has the distinction of winning the Rotary scholarship award for 1942. The award was presented by Rotary President Mont Herring during the Senior graduation exercises held last Friday night in the High School auditorium. The Post Rotary club has presented the award for a number of years.

Others who have won the scholarship award are: Clyde Williams, 1941; Ida Mae Campbell, 1940; Kathleen Henderson, 1939; and Margaret Stone, 1938.

In the event Sanderson does not use the scholarship, Winifred Carpenter, who was named second place Rotary student, or Nedra Jo Evans, named third outstanding student, will be entitled to the award.

Sanderson has been a student in Post High school three years. He took active part in athletics as well as being an honor student. The award is given on the basis of scholarship, citizenship, leadership, need and activities.

The two high ranking honor students, Yolanda Ramirez and David Gossett, were presented scholarships from several state and denominational schools.

Attending Meeting

Homer McCrary, chairman of the County U. S. O. committee, is in Lubbock today attending a meeting of chairmen of a number of South Plains counties.

Mr. McCrary, who several weeks ago was appointed county chairman, has received materials and supplies to conduct the county drive which will begin within the next few days. The county quota has been set at \$500.

Post Negro Will Be Inducted Monday

Henry Lee Pennie, colored, has been ordered to report to the Lubbock examining and induction station Monday, June 1, according to Miss Lucille Meador, clerk of the County Draft Board.

Lists of men who will be called next month were not available this morning.

Mr. and Mrs. L. C. Carmichael left this week for a vacation.

USDA War Board Chairman Gives Pointers On Building

John L. Wallace, chairman County USDA War Board, has been advised that farm buildings costing more than \$1,000 and dwellings costing more than \$500 has been prohibited by the War Production Board unless they are certified as essential.

"If you're planning construction in excess of these limits, you must make application with your county USDA War Board which will examine the application and make recommendation to the Texas USDA War Board," said Wallace. Approval or disapproval will be given by the War Production Board.

The restriction order holds good for any 12 month period but does not include farm construction begun prior to April 9, 1942. It does not include maintenance and repairs of farm structures, or reconstruction of farm residential construction damaged or destroyed after Dec. 31, 1941, by fire, flood, tornado, earthquake, act of God, or by public enemy, the chairman pointed out.

"If the application is ruled ineligible by the County USDA War Board, the applicant will be notified. If he desires to appeal to the Texas USDA War Board, he has 30 days in which to file his application for reconsideration," Wallace said. The application must be filed with the County USDA War Board.

(Continued On Back Page, Col. 3)

First Scout Encampment Opens Sunday

One Hundred Or More Scouts Will Attend From Thirteen Towns

Attendance of approximately 100 Boy Scouts is indicated for the first full week encampment of the summer at Camp Post, four miles west of Post, starting next Sunday, according to an announcement from Lubbock council headquarters.

During last week end a number of scout leaders of the area attended a 3-day camp at Camp Post for completion of a training course.

Next week's encampment will be comprised of boys from Tulia, Dimmitt, Silverton, Quitaque, Floreola, Plainview, Hale Center, Olton, Petersburg, Ralls, Lockney, Lorenzo and Crosbyton.

Members of the camping staff already named are Harold Holmes, Colorado City, water safety director; Frank Bassett of Lamesa, Orville Reynolds of Plainview, and Fred Widmeyer of Wichita Falls.

Activities will include swimming and safety instructions in Two Draw lake near here, archery, rifle range practice, hiking, campfire programs and instructions in many crafts.

Campers are scheduled to report next Sunday afternoon at 2 o'clock. The camp will close after lunch the following Saturday afternoon.

Visiting In Denver

Ann and Holmes McLish who have made their home this year with their uncle and aunt, Mr. and Mrs. J. E. Parker, left Tuesday morning with Mrs. Madge Mathis for Denver where they will join their sister in the home of an aunt for the summer. Mrs. Mathis and son Bryan, Jr., will visit several days with her brother Ralph Gossett, who is stationed in Denver, before going on to Washington, D. C. She will leave her car with her brother and go by train to Washington, D. C.

Will Enter College

Miss Yolanda Ramirez left this morning for Mary Hardin-Baylor college where she will enroll as a freshman student. Yolanda will major in English with Spanish as a minor and will study piano and voice.

Eastern Star To Hold Public Installation

Ceremony To Be Held Monday Night, 8 O'clock

Post Order of Eastern Star will hold a public installation of officers on Monday night, according to information from Mrs. Mary Lawson, deputy grand matron of District two, Section 4. This is the first public ceremony of this kind the chapter has ever held in Post and it is hoped the general public will attend. The program will begin at 8:00 o'clock in the Masonic hall.

Mrs. Lawson will serve as installation officer and will induct into office the following OES personnel:

Worthy Matron, Mrs. Lyda Myrtle Everett; Worthy Patron, L. W. Dalby; associate matron, Mrs. Mary Fumigalli; associate patron, J. I. Simmons; secretary, Mrs. Edna Davis; treasurer, Mrs. Charlotte Williams; conductress, Mrs. Jessie Voss; associate conductress, Mrs. Vinnie Bird; chaplain, Mrs. Addie Smith; organist, Miss Martha Faye Thomas; Ada, Mrs. Edna Mason; Ruth, Mrs. Loree Thaxton; Esther, Mrs. Bernice Sheppard; Martha, Mrs. Thelma Fry; Electa, Mrs. Bernice Propst; warder, Mrs. Opal Williams; and sentinel, Truett Fry.

Mrs. Marvella Anderson is outgoing worthy matron.

Rites For Mrs. Colley To Be Held Today

Ninety-One Year Old Woman Succumbs To Illness Wednesday Evening

Funeral rites for Mrs. Maggie Rebecca Colley who died Wednesday, May 27, at 5:15 o'clock in the home of a daughter, Mrs. Homa Party, will be held this afternoon at the First Methodist church at 3:30 o'clock. Rev. O. B. Heering will officiate.

Mrs. Colley who had been in ill health since 1898 was taken seriously ill about two weeks ago. Death of the aged woman was attributed to pneumonia. She was born in Marietta, Alabama, on July 19, 1851. She was almost 91 years old. Her husband died in June of 1927. She had been affiliated with the Methodist church since she was seventeen years old.

Mrs. Colley who had lived in Post for 20 years is survived by five children: Mrs. F. B. Davis of Sulphur Springs, Mrs. H. L. Patty of Post, Joe Cliff and Frank Colley all of Post. Three children, two boys and one girl, preceded her in death. Seventeen grandchildren and twenty-two great grand children also survive.

Interment will be made in Terrace cemetery.

LOCAL FIRE BOYS PLAN TO ATTEND CONVENTION

Four members of the Post Volunteer Fire Department are making plans to attend the annual State Firemen's Convention in Corpus Christi, June 9, 10, 11, according to Ira Greenfield, fire chief.

Besides Greenfield, Walter Crider, city fire marshal, Floyd Stanley and Dick Wood, delegates, plan to attend the 3-day convention.

Holman To Leave Saturday For Austin

Supt. and Mrs. Hayes Holman will leave Saturday for Austin where they will enroll in the University of Texas this summer. Mrs. Holman will complete work on her master's degree while Mr. Holman will continue work on his doctor's degree. Jerry Joan will be enrolled in the Nursery school of the University.

THE FRUITS OF HOARDING

A news dispatch tells of a man who registered for a sugar ration book and reported that he had 15,000 pounds of sugar in his possession. When questioned, he said that he had feared a shortage two years ago and had been accumulating his gigantic stock ever since. That is a particularly glaring example of the kind of action that, if widely followed even on a small scale, will make an extreme extension of rationing inevitable. In other words, hoarding makes scarcities—and scarcities, in turn, make iron-handed government control unavoidable. Some authorities have said that there would be no need for sugar rationing at this time had not purchases by the public increased to an abnormal level.

American merchants have been fighting hoarding. They have been urging the public to buy normally, and to pay no attention to wild rumors which say that practically everything we need will soon be unobtainable. That advice is 100 per cent worthwhile. If all of us follow it, there will be far fewer shortages, and rationing can be held to the minimum.

The American merchant, big or little, is the consumer's best protection. That's true whether the merchant deals in clothing or general merchandise or food or hardware or anything else. The merchant knows conditions. He is in

PROTECT YOUR HERITAGE

These are not ordinary days. Business is not being carried on in the ordinary manner. There is little hope for past and present standards of value as we have known them.

But if the people can determine that above all else, after the war is won, they must maintain the right of a man to make his living free of domination by labor, business or government, we will have nothing to fear.

The best hope of this country lies in men and women who are aware of what we must save—not profits, not position, not social security—but the right to work for oneself in the light of freedom. Net earnings may disappear entirely under the stress of war, or under the stress of destructive political agitation. But that loss is minor compared with the loss of the rights of individuals to carry on individual enterprises. There can be no freedom in this country without free enterprise. Outside of winning the war, the biggest thing we have to fight to save is our right to do business as free agents.

Most of us will have less net earnings from now on, but that is a far better position than the rest of us to anticipate what the future will bring. And when he says, "Don't hoard!" he simply talks common sense.

HAVE YOU BOUGHT YOURS?

—Courtesy W. C. D. C., Star

Views of Neighboring Editors

The Rails Banner—The broad movement that might indicate a belief in official minds that the war will soon be over should not be taken as a signal for anybody to slacken his efforts. The cancellation of contracts for war production by the middle of next year may indicate only that existing facilities are being speeded up so as not to need the new plants or it may mean that critical material will not be available for the new plants if they should be completed. Or both these factors may have received consideration. Anyway the war is not over. The end is not in sight. And no one should begin coasting in the belief that he has done enough. Not yet.

The Slaton Slatonite—It is rather pleasant to look back on the good old days of the boom and the depression. In the boom days it took a wheel-barrow full of green-back to buy a pair of shoes and in the depression a man with ten dollars in cash was a good prospect for a bank president, when a bank could be found that still had its front door open, and now money values are so erratic that a man with two good tires on his car is better off than a man with a toy sack full of gold dust. When a cotton candy freeze is put on aspirin tablets my head is going to blow up like a paper sack full of water.

The Scurry County Times—Officials of federal government agencies have reminded the public innumerable times during the past 90 days that one of the greatest services they could render, if they were proud to say "I am an American," would be to scotch unfounded rumors and gossip that tend to undermine civilian morale. Nothing is more important than keeping the truth about any matter before the people, but spreading rumors about military or civilian matters should be definitely "out for the duration." If you hear a rumor you know has no foundation, why not help civilian defense by not letting the gos-

sip spread?

The Lynn County News—That despotic dictator Adolph Hitler apparently is drawing one day nearer to his doom with every sunset. A year ago he started out to conquer Russia in six weeks. The slugging was fine for a few weeks, and then the Russians began to slow down his pace. His advance into Russia became slower and slower until, just about the time the Japs struck at Pearl Harbor, the Russians stopped Hitler cold in his tracks. Then he was compelled to retreat here and there and finally to dig in for the winter. He has since been keeping up the morale of the German people by promising them that he would start a terrific and victorious drive this spring. A few weeks ago, he started to make that drive, but only in the Crimean peninsula has he been able to make any progress.

On the other hand, he is meeting with disaster all along the line farther to the north and especially in the vicinity of Kharkov, great strategic industrial city captured by the Germans several months ago. The big offensive apparently is being staged not only by the Germans but by the Russians. If Hitler's forces are routed out of Russia that will be the end. And it will be the beginning of the end for all Germany in so far as victory in this war is concerned. Hitler and the Huns that have been supporting him are doomed.

The Nolan County News—Hitler, apparently is getting ready for one more grand offensive. There is every indication that he has the men and the equipment for one more such effort.

It appears that he is centering his drive on Russia. The Red army, so far, seems capable of repelling him. The Soviets are said to have the manpower. All they need is plenty of equipment.

Stalin is reported as being gratified with the help he is receiving from the United States and Great Britain.

But this stream of equipment must not only be kept going to Russia but to other U. S. allies. It is imperative that all of us do all we can in the war effort.

Not a third of us are buying a fourth of war saving bonds we should be—but we can rest assured that unless we voluntarily supply the funds, through the purchase of bonds, we will through taxation—which problem is now facing congress. All agree that new and heavier taxes are necessary—or else compel all of us to purchase war bonds.

None of us are doing our part in the scrap iron collection. There are still thousands of tons of useful, usable scrap metal on Texas farms that should be in the hands of the smelters. Collecting and selling of scrap to junk dealers is an easy and profitable way for many of us to cooperate in the war effort.

It is time for all of us to help prevent Hitler from winning his war. Let's buy war bonds—let's collect scrap—let's conserve vital materials.

"Deep In The Heart of Texas"

This song about Texas has become the nation's number one hit tune. They hum it in Boston, whistle it in Denver, and sing it out loud in Memphis. Texas is a swell place; ask any stranger what he likes most about Texas and his quick answer is, "The friendliness and open hospitality of Texas people."

That same friendliness and warm spirit of helpfulness is a very tangible part of the service we render. We're proud to be known as "Just Folks" who attend strictly to business, but who also take pleasure in applying the Golden Rule of friendship in our business dealings.

First National Bank

From where I sit...

by Joe Marsh

Every Friday night a bunch of us fellows get together over at Bill Webster's place. We wouldn't miss those weekly get-togethers for anything.

There are seven in the group—Bill Webster, Judge Cunningham, Pete Swanson, Old Doc McGinnis the dentist, and young Doc Mitchell the M.D., the government man Bob Newcomb, and myself.

We don't play cards. We don't sing or carry on.

We just sit quietly and talk—and drink a glass or two of beer.

I guess we discuss just about everything under the sun—politics, business, family affairs, music, farming, hunting, fishing, and what not.

But mostly we like to chew the fat about life's experience and a man's philosophy in these times.

To sort of help out the conversation, we've found mellow beer particularly relaxing. Every one of us likes the tangy taste of beer... and now and then Judge Cunningham insists on ale for everybody.

You mightn't think that just settin' and talkin' would be so much fun. But it is. Particularly when a man begins to get around to the age of reason. Like us.

And it's wonderful how a few glasses of good beer help bring out good talk and good sense when men get together. There's something peaceful and friendly and human about beer that brings out the best in a man.

They call beer the "beverage of moderation." That "moderation" idea is good philosophy... maybe that's why good beer and good fellowship go together so well.

Seems to me there ought to be more of this quiet talk over a glass of beer. It sure straightens out a man in his thinking.

Anyhow, men ought to get together and be friends. That's the way we were made. Why not try it more often—all of you?

Joe Marsh

Wheat Farmers Are Backing War Program

Determined to lick the Axis at the production game, Texas wheat farmers have placed rigid control on a surplus crop in order to expand production of war crops.

Official tabulation in the state AAA office indicates that out of 11,364 wheat farmers voting in recent referendum, 10,232 approved and only 1,132 opposed marketing quotas. State-wide average shows 90 per cent approval while national approval approximates 82 per cent.

"Farmers know that food is one of our most potent war weapons and they don't propose to sacrifice labor, land and machinery on

Big Demand For Tomatoes Seen

Civilians will have difficulty in buying processed tomatoes over the grocery counters this fall and winter, forecasts Jennie Camp, specialist in home production planning of the Extension Service. An abundant crop in Texas is indicated, but advanced orders from the Quartermaster General's Department of the United States Army will absorb practically all of the 100 million cases of tomatoes processed in the nation this season.

In view of this, Miss Camp says, "every patriotic housewife, institutional manager and dietitian; every school lunch room supervisor, and restaurant and hotel dining room should collect and get in readiness immediately every available glass and second-hand tin container, and see that sealing supplies for these are on hand. They should obtain the latest approved recipes, improvise water bath containers for processing tomato products, and supply themselves with some kind of efficient juice and puree-making equipment so that as many persons as possible may have tomatoes 'some way every day,' unless citrus, melons, raw cabbage or strawberries are available as substitutes."

Miss Camp suggests that farm housewives and other buyers should pool their needs under the neighborhood, community and county agricultural Victory leaders, interview local wholesale and retail vegetable distributors and contract with them to supply the high quality tomatoes they will need in addition to what their own gardens will produce.

Ripe or green tomatoes are a rich and cheap source of vitamin C which prevents bleeding gums,

a crop which we already have abundant reserves when we need so many different kinds of food," George Slaughter, chairman, Texas AAA committee, explains.

Besides guaranteeing each wheat farmer his fair share of a limited market, marketing quotas provide for orderly marketing and transportation. Loans at 85 per cent of parity also became effective with approval of the control program. Basic loan rate in Texas is \$1.34 per bushel but individual prices will vary because of location.

Three Purchase Plans Outlined

Texas AAA cooperators will have one of three methods by which winter legume seed may be obtained for fall planting.

The plans are: (1) purchase order plan, under which county AAA committees will issue orders to local seed dealers for seed requested by farmers and then pay dealers for the seed; (2) service fee plan, through which local seed dealers will handle Government-owned seed for a fair service fee to be paid them by the AAA; (3) committee distribution plan, under which county AAA committees will supervise distribution of Government-owned seed.

If proper distribution of seed cannot be made through either purchase order or service fee plans or if a county does not have local seed houses, local AAA committees will distribute seed to cooperating farmers, according to Fred Rennels, assistant administrative officer of the AAA in Texas.

Meeting to determine the plan under which a county will operate will be held by June 1, and the state AAA office notified not later than June 5 as to method of distribution that will be used. Choice of applicable method will be decided by majority of seed men in the county.

Winter legume and rye grass seeds which should be considered in determining the method of distribution that will be used in a county are hairy, Wilamette, common and Monantha vetch, Austrian winter peas, rough and perennial peavine, annual rye grass and crimson clover.

Under this phase of the AAA program, seeds are provided at planting time with proportionate deductions being made from producers' future AAA payments.

Pat Neff Heads Baptist Body

President Pat M. Neff of Baylor University, Waco, was elected president of the Southern Baptist Convention Monday without opposition. The Southern Baptist Convention group is in session now in San Antonio.

In Mr. Neff the group has for a president a layman who has lived a life dedicated to temperance, education, civic righteousness and world peace. So devotedly has the 70-year-old white-haired native Texan advocated temperance that he claims never to have tasted alcohol, tobacco, coffee or tea. He was vice president of the Anti-Saloon League of America in 1934. Mrs. A. W. Bouchier is in San Antonio attending the convention.

Slow-moving water does little or no damage to soil or vegetation; swift-flowing water may destroy both.

loose teeth, sore joints, and loss of appetite and weight. Ripe tomatoes have abundant vitamin A which guards against "dry eye" and night blindness.

CITATION BY PUBLICATION

The State of Texas, County of Garza to Thomas Denson, Defendant:

You are commanded to appear and answer this petition before the District Court of Garza County, Texas, on or before 10 o'clock a. m. on the first Monday after the expiration of 42 days from the date of issuance thereof, said petition being filed in said Court on the 15th day of May, A. D. 1942, in a suit numbered on said docket No. 72f, wherein Gladys Denson is plaintiff and Thomas Denson is defendant, and said petition alleging that plaintiff has been an actual bonafide inhabitant of the State of Texas for more than twelve months, immediately prior to exhibiting this petition and has resided in Garza County, Texas for a period of more than six months next preceding the filing of this suit, and she sues for divorce and care, and custody of their minor child, Jeton Valgene Denson, boy 3 years of age, alleging as grounds for a divorce, cruel inhuman treatment of plaintiff by the defendant, further alleging, that she was forced and compelled to permanently abandon him, since which time she has not lived with him as wife since the first day of November A. D. 1941.

Herein fail not, but have you before said court on the first Monday after the expiration of 42 days from date of issuance of this service by publication the same being the first Monday in July 1942, and being the 6th day of July A. D. 1942, this writ with your return thereon showing how you have executed the same.

Given under my hand and the seal of said court in Post, Texas, this the 19th day of May A. D. 1942.

(Seal) RAY N. SMITH
Clerk of the District Court,
Garza County, Texas. 4tc

Bike Rationing Nearer

With the recent issuance of Ration Order No. 7, manufacturers of bicycles are permitted to ship adults' bicycles to distributors for the first time since April 2, when sales and transfers were "frozen" by WPB. Rationing of adults' bicycles by the OPA is expected to begin in about three weeks. Except for machines made before April and not yet sold, the only machine available for rationing will be the "War Model" bicycle, made with a minimum of critical materials.

Navy men wear the nation's most colorful uniforms.

Sugar Sufficient

Wholesale prices of sugar are down 30 to 35 cents per cwt. below the Opa base price in the Southwestern region, with rationing reducing consumption and increasing competition for business, OPA region administrator Max L. McCullough declared. "The sugar supply in the Southwest is sufficient to meet rationing needs, and there have been no reports of bootlegging or any other evasions of the law," Mr. McCullough said.

At the University of Texas is one of the most valuable anthropological museums in America.

Container Substitutes Needed

Users of metal containers, particularly steel drums, have been advised to undertake immediate and extensive use of substitutes due to the urgently critical steel situation. Substitution of materials not needed in war production is recommended, but WPB officials said even critical materials which are less critical than steel may be used wherever necessary.

By the Compromise of 1850, Texas accepted \$10,000,000 for its claim to all land north and west of the present boundary lines of the Trans-Pecos region and the Panhandle.

Announcement

We wish to announce to the public that we have leased, re-modeled and taken over management of the boarding house formerly operated by Mrs. Brant.

All the rooms have been completely remodeled . . . they have been made comfortable and are conveniently located, close-in to the business district. On highway 1 block north of the postoffice.

We will have available next week a number of private rooms.

We will also open our dining room next week and will be pleased to have you eat with us.

We invite you to inspect our rooms and try at least one meal with us . . . you're sure to be happy if you make your home with us . . .

OUR REGULAR ROOMERS AND BOARDERS SAY WE HAVE THE BEST IN TOWN!

The LUBER-FINER

Just received another shipment of the Famous Luber-finer. This is a standard product that will get the JOB DONE. It really refines the oil instead of filtering it. It refines the oil every mile that you drive.

We certainly recommend the Luber-finer to our customers. Our Government recommends this Luber-finer, because it saves oil at a time we need to save it. You never have to change your oil . . . the longer you run it the better refined it becomes.

We Would Be Pleased To Install One On Your Car, Truck or Tractor.

Longer Car Life To Be Obtained By Conoco Plan

Ponca City, Okla., May 26—A new service to motorists, designed to prolong the life of motor cars and make tires last longer, is being introduced by Continental Oil Company through its local dealers, it was announced here today by Will A Morgan, company advertising manager.

"The new service," Mr. Morgan stated, "will be announced to the public in a series of advertisements to start this week in The Post Dispatch.

"Knowing that regular inspection and proper lubrication are absolutely vital to the long-life of cars now operating, dealers in Conoco products throughout the country are organizing Once-a-Week clubs among motorists, with the idea of making thorough checks of each car on regularly specified days every week. Conoco dealers will keep careful records of tire serial numbers, grease and oil change periods, and all information necessary to the proper servicing of the car. They will remind motorists when lubrication and other services are needed, and will do everything possible to help the motorists get the maximum life from their cars at the least possible cost and trouble," Morgan said.

All Conoco dealers in this territory are cooperating in the plan, it was announced.

LONG MAY HER PERMANENT WAVE!

HE: Hello... that you, Helen? Listen, I forgot to tell you to send the car over for greasing and an oil change.

DEE: Oh, all right Bob, but what about the tires and the battery and the other things it might need?

HE: Right... everything should be done. You can't see it until you take one hit on the road.

DEE: Ever, and right, smarty... I have taken well place; ahsibility. I joined the Onco-exas and his Club today.

HE: Open hospital... at Caesar's ghost! Another Didn't we just agree last night to cut out unnecessary expenses?

DEE: That's exactly what we are doing. This is a club We're pre- without any dues, fees or anything, strictly f.

HE: I'm listening... proceed with caution!

DEE: Well, you know that nice Conoco station over on Myrtle Street? I went in there this morning and Mr. Blevins, the Mileage Merchant, told me he would go over our car every Thursday morning; check the tires, the battery, water... in fact, everything... and if he saw anything needed, he would write it down for me.

HE: Atta girl! This war will make a business woman out of you yet!

DEE: Oh, yeah? Well, I may be a business woman, my dear, but I'm going to get a permanent this afternoon just to prove I'm still a female... and the price will be charged up to the extra life of our car and the savings we're going to have because of that Conoco Once-a-Week Club.

Pick up your phone or drive by and tell Your Conoco Mileage Merchant to let you in on his Once-a-Week Club. Ask him about changing to his Conoco Nth motor oil, to give your engine the great big change to OIL-PLATING. Continental Oil Company

FOR THE DURATION of your car

Don't depend on spasmodic and hurried stops for gasoline to have your tires and car checked. Join my ONCE-A-WEEK CLUB. Choose one day each week to bring in your car. I will check and properly inflate your tires, check oil, radiator, and battery. I will look for and report anything beyond this that appears to need attention. I will keep a careful record of greasing and oil change and remind you when these services are needed. I am here to help you get the maximum service and life from your car at the least possible cost and trouble to you.

Series Of Farewell Parties Compliment Mrs. Mathis

Mrs. Madge Mathis was complimented with a series of farewell parties last week by several close friends. She left Tuesday morning, accompanied by her son Bryan, Jr., to make her home in Washington, D. C. for the summer. In the fall she plans to return to Texas as Bryan Junior will enroll in Texas University. Bryan Junior will work for his uncle, Congressman Ed L. Gossett this summer.

First of Farewell Parties Given Wednesday

The first of the series of parties honoring Mrs. Mathis was given by Mrs. Joe Evans last Wednesday night. Bridge was the diversion. Defense Stamps were given as prizes with Mrs. A. B. Haws winning high score and Mrs. Jessie Voss winning bingo.

A delicious refreshment course of pie a la mode and tea was served to the honor guest and Mmes. Voss, R. Hodge, A. B. Haws, J. B. Evans, Ira Greenfield and Miss Doris Clark.

Patriotic Appointments Stressed In Party Thursday

Bridge appointments of attractively designed hats decorated with patriotic emblems and matching score pads emphasized the patriotic theme when Mrs. B. J. Edwards was hostess on Thursday night. In the games Mrs. Skeeter Slaughter won Defense Stamps for winning high score.

The hostess presented a lovely personal gift to the honoree.

At the conclusion of the games, angel squares decorated in white with the letter "M" in colored icing and ice cream were served to Mmes. Mathis, Slaughter, Ira Greenfield, A. B. Haws, Joe Evans, R. Hodge, J. E. Parker, Ashley Lawson, J. A. Stallings, Jessie Voss, H. G. Smith and Miss Kate Rosser.

Two Hostesses Entertain In A. B. Haws Home Saturday

Two tables were arranged for bridge in the A. B. Haws home Saturday afternoon when Mrs. Haws and Mrs. Ira Greenfield honored Mrs. Mathis. Summer flowers were placed throughout the house and talls and other bridge appointments repeated the flower theme. Mrs. Mathis won high score and also was presented with a beautiful gift of lingerie from the hostesses.

A cooling and appetizing salad course was served to Mmes. Mathis, B. E. Young, Joe Evans, B. J. Edwards, J. A. Stallings and Ashley Lawson.

Tea Climaxes Round of Parties

Climaxing the lovely parties was the tea given by Mrs. J. E. Parker late Sunday afternoon in the newly remodeled Parker home. Summer roses were used in profusion throughout the entertaining rooms and formed the attractive center decoration for the lace-covered tea table. Punch and cookies were served during the evening hours.

Before bidding Mrs. Mathis good bye the guests sang "Auld Lang Syne" and "The Eyes of Texas are Upon You" with Mrs. Lawson playing the piano accompaniment. She also furnished music throughout the afternoon.

About twenty-five persons attended.

Buy a War Bond Today!

Mattie Evelyn Stone Is Honored With Birthday Party

Miss Mattie Evelyn Stone was honored Saturday night when her sister, Miss Margaret Stone, entertained with a surprise birthday party at the home of their parents, Mr. and Mrs. Noah Stone. The honoree, who had been kept away from the house until all the guests arrived, was completely surprised when the group greeted her with "Happy Birthday To You." She received many lovely gifts.

Bridge formed the diversion following the inspection of the gifts. During the games, a special delivery package containing an array of white poonies, white carnations and other beautiful hot house flowers, was delivered to the honor guest. The lovely gift was sent by the best boy friend, Bobbie Collier, from Lubbock.

Mattie Evelyn will leave in June to enter Medical College of Baylor University in Dallas and will take the Nurses Training Course. She has been employed this year as stenographer and office assistant in the Post High school.

A delicious salad course, consisting of chicken salad, olives, potato chips, smacks and iced tea, was served to Mattie Evelyn, Mrs. Clyde Hodges, Mrs. Weldon Jobe, Mrs. William Ingram, Mary Abbie Sims, Mary Catherine Farris and Dorthaleen Herring and the hostess.

Miss Helen Jo Hundley Active In Music Group

Helen Jo Hundley, Freshman student of McMurray college in Abilene, took part in the formal officers' installation services of the college's newest musical organization, the McMurray Maidens last Thursday.

The ceremonies were held in the music studios at the college. The group was formed this year when girls were dropped from the band membership. The group has played three out-of-town programs, three programs at Camp Barkley and numerous ones in Abilene.

During impressive ceremonies each member was presented with a tiny lyre pin inscribed with three M's and guarded with a miniature instrument of the player.

Helen Jo will remain at the college after its close next week to take part in the Young People's conference held there each year. After the close of the meeting she will arrive home to spend the summer with her parents Mr. and Mrs. Clyde Hundley.

A picture of the new organization was presented in last Sunday's Abilene Reporter-News.

Mr. and Mrs. Clyde Hundley, Mary Ann and Mrs. Fannie Maupin attended the funeral of E. T. Maupin in Abernathy Sunday afternoon. The deceased was a brother-in-law of Mrs. Maupin and lived in Post around 1915. He drilled many of the Double U water wells and will be remembered by the old times in this county. Mrs. Maupin remained in Abernathy.

Mr. and Mrs. Pat O'Connor have as their guest this week their daughter, Mrs. C. R. Smiley.

News Centers On Seniors; Dances Hold Spotlight

Headlining the young people's news this week and bringing to a close parties involving High School graduates, A. C. Surman, Jr., Winifred Carpenter and Bryan Mathis, Jr., are those which honored these three.

Mrs. A. C. Surman, Senior room mother, and Mrs. Dan Carpenter were hostesses recently with a lovely party in honor of A. C. and Winifred in the Surman home.

Members of the four high school classes were included on the guest list. Forty-five couples attended.

Entertaining rooms were attractively arranged for dancing. Punch was served throughout the party hours and numerous were the comments of the guests concerning the "grand party."

Saturday night in the B. J. Edwards home, Marian Edwards and Sayra Jo Evans named A. C. Surman, Jr., and Bryan Mathis, Jr., honor guests when they were hostesses with a farewell dance. Bryan left Tuesday for Washington and A. C. will leave Saturday to enroll in A. & M. College at College Station.

Following several hours of dancing, the group attended the mid-night matinee at the Garza theatre.

Punch and cookies were served. Those enjoying the delightful affair were: Jack Wright and Betty Williams, J. H. Peed and Iris Joy Parker, Marshall Mason, r., and Marion Hodge, L. J. Richardson and Gloria Tuffing, Bryan Mathis, Jr., and Sayra Jo Evans, A. C. Surman and Marian Edwards and David Gossett, E. W. Williams, Don Shirley and Holmes McLish.

Ed Lawrence Robertson, junior student, was host Tuesday night to a small group which included several Seniors, at the home of his parents, Mr. and Mrs. Ed Robertson. Dancing was enjoyed. Punch was served throughout the party hours.

Smaller informal gatherings have found many Senior students the center of attention as plans for the summer and for college days are being made. L. D. Stevens, president of the graduating class, will enroll in Texas Tech on June 3.

Yolanda Ramirez left today for Mary Hardin-Baylor while several others plan to enter business college this summer. Many of the Seniors plan to wait until fall to enroll in college.

Following the Commencement program Friday night, the annual Senior prom was held in the High school gym. The dance brought to a close the 1942 class activities.

Mrs. Elwood Gradine Honored With Bridal Shower Last Friday

The home of Mrs. Ray McNabb was the scene of a bridal shower honoring Mrs. Elwood Gradine, the former Miss Bernice Crisp, of Lubbock, on Friday afternoon, May 22.

The gifts were presented in a cleverly designed white basket decorated with red, white, and blue patriotic streamers and tiny airplanes, symbolic of the groom's vocation, who is a mechanic at Lubbock Flying School.

The center of attraction on the lace covered dining table was a huge bowl of lovely tallman roses.

Mrs. Floy Richardson, the bride's sister, registered forty-two guests in the bride's book. A number of friends of Mrs. Gradine from Lubbock were among the guests who registered. Twenty-five others sent gifts who were unable to attend.

Mrs. McNabb and several co-hostesses served the guests a refreshment plate of sandwiches, potato chips, pickles, niblets and cookies accompanied by a glass of punch.

Mrs. R. H. Collier Hostess To Club Last Friday

The Priscilla club was entertained in the home of Mrs. R. H. Collier last Friday afternoon with a delightful informal party. Sewing and visiting were enjoyed during the party hours and a delicious ice course was served later in the afternoon.

Those attending were: Mesdames Keith Kemp, Ben Williams, L. W. Kitchen, H. G. Smith, Marvin Hudman, Victor Hudman, Earl Thaxton, Ira Lee Duckworth, Clyde Hundley, and John Cearley.

"42" Club Met In Home Of Mrs. A. B. Haws

Mrs. A. B. Haws entertained the "42" club Thursday afternoon. At the conclusion of the games awards were presented to Mrs. Lee Davis for high scoring club member, Mrs. Boone Evans, low scoring club members and Mrs. Ira Greenfield for high scoring guest.

A delicious ice course was served to Mmes. Davis, Evans, Redman, Cash, Greenfield and Pete Kennedy.

Summer flowers decorated the party rooms.

Burdine Becker Honored On Her Fourth Birthday

Last Tuesday afternoon, Burdine Becker, four-year-old daughter of Mr. and Mrs. Wallace Becker of Southland, was honored with a party.

After games, individual cakes with a lighted candle on each, and ice cream were served to the honoree and the following little friends: Gilbert and William, Jr. Becker, Janelle and Roxie Kaye Ohlenbusch, Rosie Lee and Beatrice Klesel, and Delmar Wilke.

Adults present were: Mesdames A. Ohlenbusch, Herman Klesel, Ed Becker, Marcus Wilke, G. Voigt and Misses Edna and Marie Voigt, Evelyn Krause and Ruby Ruth Becker.

Victory Fashions Will Make Debut In Early Fall

Since clothing for this spring and summer is practically all manufactured and on the market, women and children likely won't be wearing many Victory fashions until fall and winter, says Mrs. Dora R. Barnes, clothing specialist for the Extension Service.

Women who do their own sewing, however, should become acquainted with recent orders of the War Production Board which will streamline ready-made garments to save cloth. Skirts and coats will be narrower. Two-piece dresses are out. So are big sleeves, woolen inner-linings, patch pockets, capes, hoods, all-over tucking, and wide belts.

Like the men, women will give up cuffs on their slacks and the trouser legs may be only 19 inches wide. This should make them safer to wear, Mrs. Barnes says.

Where color is concerned, black brown and blue may no longer be leaders, for these dyes are getting low. Ginghams will be available as long as the dyes hold out, and print materials in four colors are allowed until Sept. 1. After that, dresses may be more somber, the specialists say.

No grade A leather is now available for civilians' shoes. The men in the armed forces will have the best.

Principal headache for women just now is the price and supply of hose. Nylons are playing out. Silk hose are also becoming scarce, are expensive and of poor quality. Rayon hose, recently introduced to the market, appear to be durable but 18 hours is required for them to dry properly. One wartime innovation is bemberg hosiery, but these have not been tested by consumers thus far.

Mrs. Jim Power, Mrs. Della Justice and Mrs. Bell Fairbanks arrived in San Diego Monday night after leaving here early Sunday morning, according to word received here Tuesday by members of their families. All three women will visit their children while in California. J. N. and Jo Power live in San Diego and are engaged in defense work. First Lieut. Doyle Justice and Rosemary Surman Justice are also in San Diego as are Lieutenant Colonel and Mrs. Glen Newman.

Mrs. Power will also visit her brother Gerald Babb and family in Los Angeles.

C. R. Snively of Texas Tech, en route to his home in Colorado City, visited Mrs. F. I. Bailey Wednesday. The Tech student is a brother of Lawrence Snively who made his home with Mrs. Bailey while teaching in the Post schools. C.

THIS WEEK'S VICTORY RECIPE

Honey or molasses along with fruits that are rich in carbohydrates contribute to the sugar content in the Victory recipe given below and since American housewives are still "sugar" conscious this week's recipe is another in a series printed in this column wherein substitutes for sugar are used.

FRUIT BRAN BREAD

1 egg
2-3 cup honey or molasses
1 cup buttermilk
2 cups flour
1 teaspoon salt
2 teaspoons baking powder
1 1-2 cups bran cereal
1-2 cup chopped figs
1-2 cup chopped dates
1-2 cup raisins
1-2 cup chopped nuts
Beat egg well, add honey or molasses. Add bran and buttermilk. Sift the dry ingredients and add to first mixture with fruit and nuts. Stir only until flour disappears. Bake in a greased loaf pan with waxed paper placed at the bottom before the mixture is poured in. Set the oven at moderate (350 degrees) and bake bread for one hour. (Tested recipe).

Southland Red Cross Holds All-Day Meeting

Mrs. T. L. Jones, county Red Cross chairman, and Mrs. K. Stoker, cutting chairman, met with the local women at the Southland school Wednesday. Luncheon was a covered dish affair in the home economics room. Work was done on several uncompleted snow suits and on knitted baby shirts.

Those present, besides the ladies from Post, were Mmes. Lonnie Collinsworth, Bob King, Hub Haire, W. K. Regeon, Annie Landers, Walter Voigt, B. Spence, A. Becker, O. Klaus, Herbert Dunn, H. D. Hallman, Verne Johnson, Clarence Basinger, Misses Marie Voigt, Elsie Stewart, Mattie Dobbs. The ladies decided to meet each Wednesday in an all-day meeting. As there is not much sewing available, each one will bring cotton scraps for quilts, string and old woolen scraps to make gloves for those who remove debris in bombed districts, etc. They also decided to sell poppies next Saturday to aid relatives of this war's wounded.

A quilt for the Red Cross was completed.

Little Rosemary Lawson, daughter of Mr. and Mrs. Ashley Lawson, underwent a tonsillectomy in a Lubbock sanitarium early Wednesday. Mrs. B. E. Young accompanied them to Lubbock but returned at noon with Rev. O. E. Herring who had gone to visit a very close friend who is a patient in the hospital. Mr. and Mrs. Lawson were permitted to bring Rosemary home Wednesday.

Rich and wholesome! CORY brewing releases the real coffee flavor from finely ground coffee in a jiffy... and it's so easy!

You'll Like CORY

Margaret Reed Is High Point Student Of Eighth Grade

Margaret Reed, with an average of 95.5, represented the Eighth grade as Valedictorian last Thursday night when the Elementary School graduating exercises were held. She is the daughter of Mr. and Mrs. Roy Reed. Harriett Dietrich, daughter of Mr. and Mrs. Harry Dietrich was Salutatorian. Her average was 94.75.

Other top ranking students were Vera Jean Brannon with an average of 93.75; Mona Lou Templeton, 93; Alla Rae Pierce, 92.5; Obe Doan, 92; Charles Huff, 91; and Nora Jo Blacklock, 90.75.

Forty-one students received diplomas from Principal L. V. Beardon who made the presentation.

Scrap Dealers To Register

Registration forms for all dealers selling scrap, waste and salvage material to consumers will be available at all OPA offices within a few days. Such dealers must submit completed registration forms to the Bureau of Census by June 20.

Mrs. Gordon Saunders of Lubbock spent the week end here with her parents, Mr. and Mrs. W. E. Dent.

Results of contour farming show best in periods of drought.

Cotton Stamp Program To Be Dropped May 30

Austin, May 28—The Cotton Stamp program will be discontinued on May 30, 1942, the Department of Public Welfare has been advised by the Agricultural Marketing Administration. Executive Director J. S. Murchison explained that this action was made necessary because the government finds it imperative to release all manufacturing facilities of the cotton industry.

Cotton stamps were exchangeable for cotton goods and were issued to public assistance recipients in seven counties of Texas. These included Tarrant, Dallas, Hill, McLennan, Travis, Harris and El Paso.

Mrs. Weldon Jobe visited with Miss Meiba Ann Odom in Snyder Monday.

Miss Catherine Royalty, former Post High English teacher, visited in the home of Mr. and Mrs. Ed Warren from Friday until Sunday.

T. R. Greenfield transacted business in Sweetwater Monday.

4-H Club Boys Of State Turning To Poultry Raising

About 8,000 4-H club boys in 77 Texas counties are carrying on poultry work of some kind this year, according to a survey by L. Johnson, Extension Service state boys' agent. This represents an increase of 1,033 demonstrators over last year and involves 42,949 laying hens. On the basis of past performances, these hens should lay about 644,235 dozen of eggs during 1942.

If the expected average price of 23 cents a dozen prevails, these eggs would have a total value of \$148,174, Johnson says. In addition, the boys have 577,961 chicks in their flocks, 80 per cent of which should survive with good feeding, management and sanitation practices.

"Assuming that the chicks divide about equally in sex, the cockerels sold as fryers at 20 cents a pound would be worth \$94,500, and the pullets worth \$1 each at maturity would have a total value of \$236,000" Johnson says. "Taking the total value of eggs produced, pullets raised to maturity, and fryers disposed of the club boys have a business amounting to a grand total of \$478,674."

Although individual club members may not have a big business, Johnson points out that the joint output of all poultry demonstrators runs into a sizeable income. Many 4-H club boys are producing eggs and poultry only for home consumption, he adds, but the government is interested in having people on the farm eat proper diets as it is in having industrial workers and men in the armed forces receive the right foods.

Former Post Girls Get Degrees From New Mexico College

Misses Lorene and Morene Tyson, twin daughters of Mrs. H. G. Tyson of El Paso, will receive their Bachelor of Arts Degrees from Eastern New Mexico College in Portales, New Mexico, Commencement Exercises will be held May 21, at 10:30 a. m.

Misses Lorene and Morene Tyson graduated with the 1938 graduating class of Post High school.

For the past two years Miss Morene has taught Grade School Music at Dora, N. M., Miss Lorene has taught the primary grades at Cameron, N. M.

Both young ladies will teach at Dora, N. M. in the fall. Morene will continue as the music instructor in the grades and Lorene will be the music instructor in the Dora High school.

Miss Johnnie Mack and Billy Sue Tyson are attending school in El Paso. H. G. Tyson, brother of the four girls, is now with the U. S. Air Corps in the Philippine Islands.

Molasses Being Substituted For Sugar Requirements

By observing several simple rules, homemakers successfully can substitute honey or molasses for part or all of the sugar required in their favorite recipes.

Hazel Phipps, Extension Service specialist in food preparation, says the characteristic flavors of molasses and sorghum make many foods more delicious. Both vary in moisture and acidity, she says, so the amounts she recommends for sugar substitution are "approximate."

It takes about 1 1/2 cups of molasses or sorghum to equal one cup of sugar in sweetness. Each cup contains approximately one-fourth cup of water so the liquid in a recipe should be reduced in proportion. In products which are leavened, about one-fourth teaspoon of soda should be used for each cup of molasses or sorghum.

Miss Phipps gives this caution: Molasses and sorghum burn easily, so the temperature for baking should be lower than the temperature for baking mixtures made with sugar.

Rules for substituting honey for sugar are quite similar. Mixtures with honey brown easily and high heat changes the flavor of honey, so cooking temperatures should be lowered. A cup of honey gives approximately the same amount of sweetness as one cup of sugar, so the exact amount may be substituted. However, each cup of honey, like molasses, contains about one-fourth cup of liquid, so the liquid requirements of the recipe should be reduced one-fourth for every cup of honey used.

The specialist's final advice is: use approximately one-eighth to one-fourth teaspoon of soda per cup of honey in baked products such as cakes or quick breads.

Prevention of over grazing on pasture land aids in erosion control.

ON THE HOME FRONT

By Office For Emergency Management

Now that Southwestern retailers are operating under the OPA Maximum Price Regulation and are beginning to put their fingers on the things they are doing wrong in trying to comply, the public also is getting a clearer understanding of price control.

From the point of view of the customer as well as the business man, consumers have been assured by Max L. McCullough, region OPA administrator, that the control of living costs is here for the duration.

From now until the war is over, the cost of all but a comparatively few articles cannot rise higher than the highest price at which they were sold in March, although it can sink lower.

Effective 10 days ago, price control was ordered to make certain that the war does not bring tragic cost increases. In addition to controlling prices that may be charged by the wholesaler, manufacturer, the grocer, the butcher, the druggist and the nearby drygoods store, the "rice max" also controls the cost of the things they buy. So, it benefits all alike.

Although major attention of the Home Front was held by price control, there were other important war developments at home—in the field of priorities, rubber conservation, and mobilization of manpower.

Squeezing off of iron and steel from non-essential uses began taking hold under the recent WPB order outlawing use of the metal in more than 400 familiar civilian products after August 3. Another order on sale and delivery of steel and iron products now is in effect. This one, restricting sales and requiring ratings of A-10 or higher, except where the steel and iron products are to be used for repair and maintenance, applies to such things as all carbon and steel alloy castings, steel forgings, semi-finished and finished rolled or drawn carbon and alloy steels, iron castings, wrought iron products, cast iron pipe, structural shapes and pilings, wire and wire products.

On rubber conservation, it's pretty well understood now that because of our supply sources have been cut off and our stock piles must be saved for military use, we've got to stretch our rubber as far as it will go. And that means tires, too. Forced rubber conservation in the form of nationwide gasoline rationing is one of the plans now under serious study.

Restricting of charter bus and sightseeing services to save rubber already has been ordered. Other orders include those to pool bus line service in certain areas, encouraging other pooling, and restricting deliveries and hauling.

On manpower, the people are asked to cooperate fully with their government. An 8-point program of immediate steps to promote the fullest utilization of manpower was announced by War Manpower Chairman McNutt. The program includes listing of essential skills, classification of war plants and war work, preferential employment in war work, analyzing of occupational questionnaires and referring needed men to war work, cooperation of draft boards and U. S. Employment offices, increased effort to provide agricultural workers, increasing of mobile labor camps for agriculture, and insuring of transportation for migrant farm workers.

Native grasses, protected from overgrazing, are good soil holders.

Wayne Veach Writes Dispatch

The following letter was received this week by the Dispatch from Wayne Veach, who is stationed at Fort Lewis, Washington: "It's rather a long jump from Garza county to the Puget Sound area in distance and scenery. I've seen lots of the Southwest, Middlewest, and the Northwest but this is tops in scenery of them all. In fact it is the most beautiful part of these United States.

"Timber is king in the Tacoma area, and man when I mention timber, I mean trees so tall it's almost unbelievable, the altitude fir and spruce attain!

"The weather here is one of the things we are not allowed to write about but we do have some beautiful weather only in the winter it comes in buckets and almost all time!

"I won't say I am exactly crazy about army life but it certainly has good points. We get good food, everyone gains weight, we learn to sleep anywhere and anytime—there are times when we go several hours without our 8 hours rest.

"We are very sure since Dec. 7 why we are wearing uniforms. There is a date several million Americans are waiting to keep in Tokyo. There is one thing no one ever mentions and that is they are expecting to keep that date. I hope to get my quota of the 'Rising Sun'."

Jim Mason Writes Dispatch

A letter received this week by the Dispatch from Jim Mason, who enlisted in the U. S. Navy in December 1939, states that he recently was promoted to the rank of Pharmacist Mate Second Class. The Post boy was not receiving his Dispatch regularly and in his letter stated: "It seems as though home isn't so far away when you can read what is happening back there. I saw James Stallings the other day. He is looking fine and in good spirits. I guess there must be a good many boys in the service from Post by now and I know a few of them out here. I made my next higher rating last February. I guess I came in at a good time because the rates have been

completed fast. I like the medical department, it offers so many branches." Mason is stationed at the base hospital at Pearl Harbor.

Visits Mother

Sergeant Walter Thomas visited his mother, Mrs. Maud Thomas, here on Mother's Day. Thomas is stationed at Stamford and expects to be moved around the first of June to a basic training center. Two other Garza men, J. C. and Elton Lee, spent several days here. J. C. is stationed in Georgia and Elton at Fort Bliss, El Paso.

Stationed In Puerto Rico

Friends of Jimmy Thomas will be glad to know that he is now stationed in Puerto Rico and is liking it fine there.

Granted 90-Day Leave

Last Sunday Jack Martin and wife arrived for a visit with his parents, Mr. and Mrs. Sam Martin and her mother, Mrs. B. E. Edwards. Jack is transferring from Battery C of Jacksonville, Fla., to the Air Corps, and has been granted a 90-day leave, subject to recall.

Pvt. Scottie Russell, who has spent a week visiting his parents, Mr. and Mrs. Bob Russell, returned to Camp Stewart, Georgia.

Henry (Babe) King made First Class rating. He writes the boys at Ft. Sill, Okla., are now in summer khakis.

Last week Milburn and Wilburn, Cash (better known as Mink and Wink), and their cousin, Shirley Butler of Slaton, were all promoted to First Class Privates. These Southland boys are attending a school for mechanics in California.

Lewis Thomas Foster, who is stationed in Louisiana, is away on maneuvers.

Wayne Whited volunteered for army service and was sent Tuesday to Ft. Sill, Okla.

Mr. and Mrs. Clyde Redman of Lubbock visited here a short time Friday afternoon.

The British Isles contain two large islands and over 5,000 small islands.

Pointers Given On Building

Recent War Production Board orders affecting construction of farm homes and buildings mean rural families in Texas may build little and repair much for the duration of the emergency. Purpose of the orders is to restrict the sale or use of materials necessary to the war effort.

There are a few exceptions to the order. For example, a farm building which costs less than \$1,000 and will not be used for residential purposes may be built if materials are available. However, cost of several new buildings within any 12-month period must not exceed \$1,000. All agricultural construction exceeding this figure must be authorized by the War Production Board. Individual applications should be filed with County USDA War Boards for transmittal.

New farm residential construction which will cost less than \$500 is also exempt from the order. Mrs. Bernice Claytor, Extension Service specialist in home improvement, says this means many farm families will need to do considerable repair on their homes to keep them in good shape and to protect health during the war period.

Farm residences costing \$500 or more must be approved by WPB unless buildings damaged or destroyed by "fire, flood, tornado, earthquake, act of God or the public enemy" must be reconstructed or restored. Then no permit is necessary.

Santa Fe

Wartime Transportation

Cattle on the hoof, grain on the farm, minerals at the mine, oil at the well, goods at the factory—these cannot help our soldiers or our people until delivered where they are needed.

Our job is to "Keep 'Em Rolling"

Santa Fe is eager to do its full share of this huge wartime transportation job, military and civilian, throughout our territory. Years of careful operation, maintenance and expansion conditioned Santa Fe facilities for just such an emergency. But to meet every demand, existing equipment must be used to the limit!

You Can Help, Too

Last year you shippers did a lot to increase efficient use of existing freight equipment. Now we ask your continued cooperation to that end by doing these things:

- Make every car you use carry a maximum load
- Save every hour you can in loading and unloading cars
- Order cars only for your actual current needs.

Your help will help us do a better job for you, as well as for Uncle Sam, whose needs must come first in war.

At Your Command

Besides all-out war service, Santa Fe is maintaining regular and efficient freight and passenger transportation vital to your community. Talk over your travel and traffic problems with your Santa Fe agent.

SHERWIN-WILLIAMS

HOUSE PAINT

Furnishes Beauty and Protection

Whether the home you plan to paint is large or small—use the very best house paint money can buy—and you'll find yourself money ahead. Good house paint can never be called a luxury. SWP provides lasting beauty which people seek where cost need be no consideration. SWP also provides enduring protection for homes which practice strictest economy!

In the making of good paint, honesty of purpose is but the necessary starting point. In making SWP, 65 years experience in honest paint making have built up "traditions of the House" which continually bring SWP the best that modern paint science can offer. That's what keeps SWP up-to-date. That's how Sherwin-Williams provide Beauty and Protection in SWP with economy.

We have the largest stock of Sherwin-Williams paint we have ever carried in Post. There are no restrictions on the amount of paint that may be purchased.

Occupational Questionnaires To Be Mailed To Registrants Of First Two Drafts This Week

Occupational questionnaires to list the civilian occupations and skills of registrants in the first and second Selective Service registrations, October 1940 and July 1941, who have not been inducted into the armed forces will be mailed to them by the end of May, it was announced today by General J. Watt Page, State Selective Service Director. The questionnaire must be filled out by the registrant and mailed to his local board within ten days after he receives it, the Director said.

Pointing out the vital importance to the Nation's war effort of the most efficient use of its manpower for war production, General Page urged all registrants receiving this questionnaire to give careful thought to their skills, experience and aptitudes when filling it out. He said:

"The Government wants to know only what you are doing now and what you can or might be able to do to assist in the war effort. It is not merely a question of training and experience, for you might have some aptitude that could be developed for important use in war production."

The handling of the occupational questionnaires for men of the first and second registrations will be entirely separate from that of the registrants of the third, February 16, registration, most of whom already have received their questionnaires, General Page said.

When the occupational questionnaires are returned to the local boards they will be checked for completeness and accuracy and divided into the various sections of which they are composed. One section will be forwarded through State headquarters for use by the National Roster of Scientific and Specialized Personnel in locating persons with certain professional and scientific qualifications. Another section will be relayed to the proper United States Employment Office for the area in which the local board has jurisdiction.

O. B. Kelly returned a few days ago from several months' visit with his children in California.

Mr. and Mrs. Willard Kirkpatrick and boys, Kay and Jack, left for a few days visit in Ft. Worth.

Two Post Boys Graduate From NMMI Tuesday

Two young men from Post will be graduated from New Mexico Military Institute on Tuesday, June 2, 1942. They are Arch Burdick and Marvin Benne Porter, son of Mr. and Mrs. B. H. Porter.

These young men have been enrolled in the Junior College of New Mexico Military Institute for two years, and have done well. They were admitted upon certificates from Post High school. They are completing the Basic Course in the Senior Unit of the ROTC. Arch's athletic participation has been in Varsity tennis and volleyball, and Porter has participated in intramural tennis.

These young men are among the one hundred forty-two graduates who will receive diplomas from Governor John E. Miles of New Mexico. Twenty-one states, Hawaii and Mexico are represented in the Class of 1942. Thirty-seven members of the graduating class are from Texas.

Enrollment at New Mexico Military Institute, Roswell, is limited to 620 cadets. Of this number, one hundred thirty-eight are from Texas.

COLORED BOYS TO PLAY SLATON HERE

Post's Black Spiders, a colored team, is scheduled to meet a Slaton team here Sunday afternoon, it was announced this morning by Ed Hillard, manager of the local team. The game will be played on the diamond west of the "flats."

Last Sunday the Spiders won over Tahoka Tigers, 11-4.

Mrs. Nellie Davis of Spur is spending a few days with Mr. and Mrs. Lee Davis and her daughter-in-law, Mrs. Kate Davis.

Mr. and Mrs. J. T. Curb left Sunday for a month's visit with their son and family in New Mexico.

Post Elementary School Principal Writes Interesting Letter To Pupils

Post Elementary Grade children received a most interesting letter last week from Weldon Skinner, former grade school principal who volunteered for service in the U. S. Air Corps several months ago. The letter was read to the children in assembly by Miss Memphis Porter.

The letter is re-printed here: Meacham Field, Florida, May 11, 1942

My Dear Friends:

This will probably be the last letter that you will get from me this year as it is so near vacation time for you. May I say now that I wish all of you the best of good vacationing this summer. It would be so fine if all of you could come down here and bask in the sunshine along with the rest of the people.

About three weeks ago I was in New Hampshire wearing an overcoat to work in the mornings and if I went out at night an overcoat was needed also. Word was passed around in our squadron that some of the men would be sent to Florida. Because I was a new man in the company this news did not affect me much but when the roll was called for men to prepare for the trip down my name was called along with others. This was a surprise to me but I might say a pleasant one so along with over 120 men I started getting ready for the trip. We were given notice on Friday at noon and pulled out the next morning at 6:30 a. m.

In our convoy we had over 20 vehicles, including 2 1-2 ton trucks, 1 1-2 ton trucks, 10 ton gas trucks, pulling two trailers, 1-2 ton trucks, recon (that is a small truck that will haul seven men, looks very much like a police patrol car) and of course the little jeeps. It was real cold the morning that we left and despite the fact that we had on wool suits and our overcoats, it was difficult to keep warm. We traveled two days before the weather began to get very warm.

Our method of travel was to carry our lunch with us and stop along the road at noon and eat. Every night we would pull into an army camp where we would eat supper and spend the night. Our squadron was on the road for eight days, so you can see that we got to stay with seven sets of army men before the journey ended. Though the riding in the trucks was tiresome, the jokes of the different fellows helped to keep us in good spirits all of the way. One day we stopped for lunch by a small negro school. It was after 1 o'clock but the teacher turned the little pickannies out to see the soldiers.

Our journey down here took us thru New Hampshire, Mass., N. Y., N. J., Conn., Maryland, Washington, D. C., West Virginia, North and South Carolina, Georgia, and into Florida. I believe that Connecticut had the most beautiful highways. They were made like a boulevard and each lane would accommodate 4 cars. This would make it possible for the government to send troops 8 abreast in trucks if they needed to move men at that speed.

Our convoy passed right in front of the Capitol at Washington, D. C., however, the president or his wife did not come out on the lawn to see us. I guess they must have been too busy at something else or they would have invited us in to lunch as it was getting very near dinner time. We passed close enough to the Washington and the Lincoln memorials to see the inscriptions on the sides. I shall never forget the beauty of Washington and I am happy that I got to see all of the huge buildings that house our nation's great men.

Our convoy passed around the outskirts of New York City but it was getting dusk so all that we could see was the skyline, with the Empire State Building towering majestically above all the rest of the buildings.

The northeastern states did not present many things out of the ordinary but when we got down to North Carolina and South Carolina there were many things that would be of interest to all of you. One thing that struck me in particular was the huge trees hung with moss. I know that you have seen many pictures of the moss hanging from the trees and looking very lazy-like in the sun. Yes by the time that we entered South Carolina we were warm enough to shed our overcoats and wished that we could get rid of our wool shirts. A very amusing thing to me was the fact that most of the farmers in S. C. and Georgia were plowing with oxen. The oxen were hitched to a walking buster and generally an old negro would be holding the plow upright, looking as if he were about to fall asleep. These people lived in little shanties and log cabins and did not look very progressive. May I say here that of all the states that I have been in so far I would not trade any part of

West Texas for theirs. That includes New York and all the rest.

Our men were divided up into four groups and we dropped our first 16 men at Charleston. I did not envy these men and their place to stay as the rotting vegetation around their camp had a very bad smell. Our convoy was cut back to 17 vehicles at Charleston and that night we landed in Jacksonville, Fla., where we lost 32 more of the group. The following day we passed thru St. Augustine, Fla., which is the oldest city in the U. S. It was a quaint old town with houses over 100 years old. The most amusing thing in this town were the old negro cab drivers dressed in their long tailed coat and silk top hat. The silk top hat looked all the worse for wear for it was crumpled and torn. These negro drivers had an equally funny vehicle to ride in for they were old fashioned surreys. I would like to have stopped and taken a ride around town in one of these antiquated carriages but we had other things to do. However, our convoy got lost in town and before we got out we had seen several interesting sights.

Florida is different from other states on the east coast in that the land is very flat. It does not look like the flat lands that we have in Texas as all of this land is covered with pine and cypress trees and about half of it is swamp lands. We looked for alligators but did not see a single one.

In Miami the last of our men to stay behind left us and we had 250 miles ahead to go on the last day of our journey, and 170 miles of this journey was to be over coral islands and bridges. None of the islands were over 1-2 mile wide and in most cases we could see the Atlantic on one side and the Gulf of Mexico on the other side. One of the bridges we crossed was 7 miles long. Can you imagine a bridge that long? There used to be a railroad running out to the last of the keys but in 1936 a big hurricane swept most of it away and the government rebuilt a highway instead, so here on Key West we do not have a train. You can see by looking on a map that we are on the last of the keys and right out in the middle of the water.

Key West itself is about 2 miles wide and 7 miles long, but I would say that 1-3 of the island is swamp lands so there is not much room for the 12,000 population. Years ago Key West was the largest tobacco center in the U. S. but today that business has become almost extinct. Before the government stationed so many men here the people made their living on fishing and selling sponges and of course there are many tourists who wanted to come to the Southernmost part of the U. S.

I am sending you a map of the island and marking where our field is located. This old fort that we are stationed in was built in 1853 and its walls are about 6 feet thick. It was the only place that the North was able to hold from the South during the Civil War. There is a tower rising in the center of the court yard and the army has machine guns and lookout telescopes mounted on top of this tower. I go up there once in a while and watch the ships come in and go out to sea.

We have had quite a few enemy submarines lurking out from our coast but the other day one of our fliers spotted 7 of them and now there are only 4 left for he dropped them a message loaded with explosives and three of them jumped out of the water and then went down to Davy Jones' Locker.

Every evening after work our boys go out on the sea wall and fish. Our fort is on the edge of the sea with only a road running between. Quite often we see shark and other large fish. One shark got hooked on a line yesterday and nearly pulled the boy in the water but the line broke and of course as all good fish stories must end, he got away. However, one of the boys caught a small octopus and brought him in to the fort. He died during the night. They catch salt water crawfish that weigh 2 and 3 pounds and measure about 12 inches long and use them for bait. Those buggers sure look fierce and I respect their looks and have not put my fingers in their pinchers. There is a little fish about 12 inches long called a needle fish that is properly named for he has a long bill or mouth and looks very much like a sewing needle.

If our squadron is not shipped across the water before September, I am sure that I will get back to Post for a visit and if so I want everyone of you boys and girls to come by to see me while I am in town. I think of you so often and wish that this war would end so that I could return to the best town in the State of Texas and to teach the greatest group of youngsters in all the world. I love all of you and God bless every one of you little Americans.

Your teacher and soldier, Weldon Skinner

TURNING BACK THE CALENDAR

(Items You Read In The Dispatch 12 Years Ago)

Mrs. Geo. Duckworth left Friday for New Mexico. Her daughter, Miss Mary Florence, and Miss Dorothy Lee Speck who are students in Montezuma College will return with her this week.

Boy Scouts—In the meeting of troop 18, last Thursday, many fine talks were made and knot tying and first aid were practiced. For best scout, Murrie Crowley was voted first, Louis Denton second and De Vere Robinson, third. These boys will be given medals by the troop.

The committees from troops 16 and 18 met and subjects for four contests were decided upon. The contests will be held about the middle of January. —Scribe

Dear Santa:

We are Jack and Jerry Hoover 7 and 5 years old. We live in the country. Please bring Jack a truck, a car and a filling station, some candy and fruit. Please bring Jerry a great big truck, a tractor and a filling station and please, I want some candy too and don't forget Daddy and Mamma.

Jerry and Jack Hoover (Editor's Note—Both boys are now serving in the armed forces of the U. S. How time flies!)

Post Football Star Marries Miss Robinson— Tuesday night Miss Allie Mae Robinson and Bryan Moore, both popular young students of Post High school were married in New Mexico, returning home that night and keeping their marriage secret until Saturday night.

Mrs. Moore is the youngest daughter of Mrs. E. J. Robinson and is a very charming member of the younger set.

Bryan, who played an important role on the Antelope football team this year, is the son of Mr. and Mrs. B. M. Moore of Lockney. Mr. and Mrs. Moore will reside in Lockney in the near future.

Geo. Samson Awarded Prizes At Slaton Show— "Scotty" Samson proves to West Texas that he is somewhat of a bird man, as well as a fair manager, by taking off the grand champion prize for pullets, at the Slaton Poultry Show, last week. Out of 65 pullets that were entered the one entered by Mr. Samson was unanimously

awarded the grand prize.

Mr. Samson had three entries for the show and each one was awarded a prize. He was given first place on the best Rhode Island Red hen and first on Rhode Island pullet and fourth on Rhode Island cockerel.

Misses Voss and Satterwhite Entertain Club— Members of the P. O. F. Club were guests of Misses Vada Satterwhite and Geneva Voss, in the home of Miss Satterwhite Monday night, at a kid Christmas party. Christmas zest was added to the party through gay green and red decorations and a tree laden with gifts for each member.

Many games were played, Bob Ramsey winning prize for making the most words from Merry Christmas.

Several solos were given by Tuffy Evans on his saxophone received off the tree.

Stick candy and all nite suckers made the event more enjoyable.

Refreshments appropriate for the season were passed to the members attending.

Miss Faith Knapp of San Antonio visited friends here Sunday. She was accompanied by Lubbock friends, Miss Knapp who taught Spanish in the Post High school is now connected with the Censorship Department of the government.

Jim Power and Elmer Loog visited in Lubbock Sunday.

"Courtship of Andy Hardy" At Garza Sunday - Monday

"The Courtship of Andy Hardy" showing Saturday night 11:30, Sunday and Monday at the Garza theatre is a tiptop addition to the popular family series. Every father, mother and child enjoyed the antics of Carvel's Number One boy and America's Number One actor.

Mickey Rooney was never better than in the new M-G-M picture. And Donna Reed, as the latest romance in Andy's life, proves a charmer destined for top stardom in Hollywood.

Lewis Stone again is the wise small-town judge, and his "man-to-man" talks with Mickey are a highlight. Fay Holden, Cecilia Parker, in her most dramatic role of the series, Ann Rutherford and Sara Haden all register in their familiar characterizations.

The story concerns Judge Hardy's attempt to smooth out the ruffled life of Melodie Nesbit (Miss Reed), whose separated parents bring their squabbles to his court. In his pity for the girl, he enlists the aid of Andy, who hesitantly consents to take her to her first dance.

She proves the wallflower he had expected, but at a second dance blossoms out as a beautiful and charming debutante. But,

Midnight Spook Show At Garza Tuesday Night

Do you believe in spirits or spiritualistic manifestations?

Whether you do or do not you will be thrilled and dumbfounded when Dr. Slikini presents his version of the Frankenstein Monster in person, on the stage of the Garza theatre, Midnight Tuesday, June 2.

You will ask yourself, are they humans or demons—these strange people who seem to have the unbelievable power to change their bodies at will and pass through solid walls.

During one of the many spectacular seances, Dr. Slikini introduces a real spirit medium, who, while completely surrounded by members of the audience presents

despite her crush on Andy, he doesn't return her feelings, something he himself can't understand. He does manage to swing her affections to another boy, John Alden, in style, however, and then escapes the clutches of Polly Benedict who returns seeking his attentions.

William Lundigan and Steve Cornell join Miss Reed as two more newcomers to the series, both of whom look like leading man prospects. Harvey Stephens and Frieda Inescort are effective as the battling parents of Miss Reed.

NURSING UNIT—

(Continued From Front Page) ed beds, mattresses and other equipment of this nature for the room. The Postex Mills furnished linens. Other equipment needed from time to time as the course progresses will probably be furnished by members in the class or the Red Cross.

Mrs. Surman Clark who is co-chairman of the course enrolled the following members Tuesday night.

Mmes. Ray McNabb, Raymond Higginbotham, Glen Kahler, Alvin Camp, E. J. Robinson, Bob Gibbons, Marshall Mason, A. B. Haws, H. N. Crisp, Alma Millsap, Willie Scarbrough, Jessie Voss, John Cearley, Clyde Hodges, Noah Stone, Mary S. Cross, W. E. Dent, Charlie Brown, T. L. Jones, Tol Thomas, W. L. Davis, Surman Clark, Nora Lou Kiker, Lillie G. Gillham, Houston Hoover, Ed Warren, A. C. Surman, and Misses Marjorie Smith, Fredarhe Slatter, Agnes Windham, Willie Ward Kennedy and S. Marie Howell.

PEANUT EQUIPMENT—

(Continued From Front Page) crop satisfactorily.

The Texas State USDA War Board announces there will probably be a shortage of storage space for peanuts and advised the County War Board to make an inventory of available storage in the county. The inventory reveals that there is enough storage space in Garza county to store more than twice the expected production, therefore, no complication should arise in regard to storage.

Producers who wish to plant additional peanut acreage may still secure seed through the local AAA office.

SEND-OFF PARTIES—

(Continued From Front Page) ing the Army physical examination."

There will be no change in the present procedure for delivery of registrants to the induction station by the local board, or for the return of rejected men to the local board area from the induction station. Inducted men who do not desire to return to their homes will be forwarded direct from the induction station to the Reception Center.

Mrs. Bob Warren left this morning for Roswell, New Mexico, where she will visit for a week in the home of her daughter, Ann, her granddaughter, will return home with her for an extended visit.

Mrs. Elmer Long left Wednesday night for Amarillo where she will spend several days visiting her parents.

a regular old time spirit seance during which trumpets, and tamborines sail through space and other strange happenings take place upon the full lighted stage; and during the dark seance when all lights in the theatre are out you will witness human skeletons dropping out of space to sit beside you. Dr. Slikini in person will appear at the midnight show Tuesday only at the Garza.
