Number 22

District Leader Rotary Clubs Is Visitor In Post

Post's Rotary Club ranks favorably with any of the 37 in Northwest Texas, Herschel Coffee, county agent, announced. Checks will be presented to members whose calves were sold at the State Fair of Texas sale in Dallas a few weeks ago.

Coffee, who is making his annual visit to each of the clubs in his district, met with President Chant D. Lee and other officers of the club at 7:30 p. m. Monday in the school cafeteria, then attended the luncheon Tuesday.

At Monday night's meeting, he reviewed the local club's reports. Then, at the luncheon, he told what the Post club could do to improve its standing in the district, specifically suggesting work on membership and activities.

Coffee is professor and head of the Department of Economics and Government at West Texas State College in Canyon and is a member of that city's Rotary Club. He was elected district governor of Rotary International for the 1953-54 fiscal year at the annual Rotary convention in Paris, France, last May.

Coffee was introduced by Lee at Tuesday's luncheon.

Jackson Rites Are Held In Carlsbad

Funeral services for C. A. Jackson, Jr., 54, former Post resident, who died at 6:45 p. m. Saturday at his home in Carlsbad, N. M., were held at 3 p. m. Monday at the Hillcrest Baptist Church in Carlsbad. Burial was held in the cemetery there.

Mr. Jackson, who moved from Post to Carlsbad in 1943, had been ill since September. He was a resident of Post for about 20 years and was employed at T. L. Jones Ice Company prior to moving to Carlsbad, where he worked for the American Potash Company.

Survivors are his wife and two sons, Wayne and James Edward Jackson of Carlsbad; his mother, Mrs. C. A. Jackson, and two brothers, C. H. and Andrew Jackson, all of Carlsbad; two sisters, Mrs. J. A. Taylor of Carlsbad, and Mrs. Maysel Williams of Post, and two grandchildren, Nancy and Martha Kay Jackson.

Those attending the funeral from here were Mrs. Williams, Mr. and Mrs. Edward Neff and sons and Mr. and Mrs. Weldon Swanger.

EVENT IS SET FOR TUESDAY NIGHT

County To Salute 4-H Boys, Girls

Garza County will salute its 4-H youth for a notable year of accomplishment at an Achievement Day program in the county courtroom at 7:30 p. m. Tuesday, Nov. 17.

National 4-H Achievement Day is Saturday, Nov. 14, but this county's observance is being held a few days later in order that program plans, including awards to a number of 4-H boys and girls, may be completed.

Miss Jessie Pearce, county home demonstration agent, said awards will go to all 4-H Club girls. These will include pins for each year in 4-H work and pins for special achievements.

Also receiving achievement awards will be 4-H Club boys, Lewis Herron, county agent, announced. Checks will be presented to members whose calves were sold at the State Fair of Texas sale in Dallas a few weeks ago.

The public is invited to attend the program, which will also include a film of interest to everyone.

FFA Boys Receive Checks For Calves

Eight members of the Post Future Farmers of America chapter received checks last week from the sale of steers at the State Fair of Texas in Dallas.

Top prize received among the eight exhibitors was the 31½ cent a pound paid for Audie Vee Teaff's animal. The bottom prize was 25 cents a pound.

The margin between cost of feeding and sale price of the eight steers ranged from a low of 7 cents to a high of 11½ cents, according to E. F. Schmidt, FFA chapter supervisor.

Other FFA members whose calves were sold were Bowen Stephens, Ernie Wayne Popham, Jerry Ray Key, V. A. Lobban, Jr., Lee Wayne Sullenger, Jerry Epley and Charles Crain.

Four-H Club members whose calves sold at the fair are to be presented their checks Tuesday night at a 4-H Achievement Day program here.

Diggers of Flagpole Holes Rather Scarce

Members of John Miller Post 6797 of the Veterans of Foreign Wars are beginning to wonder if flagpole hole diggers are something of the past, like lamplighters and cigar store Indians.

The VFW post has purchased a 60-foot flagpole and flag to be erected on the Post Grade School campus, but hasn't found anyone to dig a hole for the pole.

A hole six feet deep and six inches in diameter is needed. Anyone equipped to make such an excavation is asked to contact a member of the VFW post.

Garza County 4-H members are joining more than 121,000 other members in Texas in the observance. Throughout the nation more than two million 4-H members will be honored.

According to Floyd Lynch, state 4-H Club leader, one of the most outstanding developments of recent years has been the spread of 4-H Club work into other countries of the world. At the present time, he says, over 40 countries now have active 4-H clubs.

See 4-H PROGRAM, Page 8

Improvements Under Way In Phone Service

Carrying out a promise made here last spring, General Telephone Company of the Southwest is improving its service in the Post exchange area.

R. E. Saunders of Lamesa, district manager for the telephone company, said here Monday that recent projects carried out here for improved service include a complete routing of the switchboard, and courses conducted by visiting traffic and commercial supervisors.

In the routing project, two switchboard men visited the Post exchange to investigate and clear up all switchboard troubles. "This does not mean, of course," Saunders said, "that other troubles have not arisen, but it was a step toward clearing up all current complaints."

Instructions in the latest traffic and commercial practices were given personnel at the Post exchange.

See PHONE SERVICE, Page 8

Magic Show Under Jaycee Auspices

Appearing under the auspices of the Post Junior Chamber of Commerce, the "now you see it, now you don't" art of Zolo, Master Magician and Company, will be displayed at 8 o'clock Friday night, Nov. 20, in the grade school auditorium.

Proceeds from the show, which is entitled "20th Century Phantasies," will be used by the Jaycees on their City Park project.

The club's committee in charge of arrangements for the show is composed of Herman F. Raphael, chairman; Jack Lancaster, Charles Didway, Arnold Parrish, Blackie Wright and Neal Chry.

Zolo presents a performance that runs a full two hours and utilizes over a ton of equipment.

Some of the high spots in the show are "Where Do the Ducks Go?" "The Dancing Handkerchief," "The Girl Without a Middle," "The Girl Burned Alive," "The Drum of the Nile," and "Fantasy in Flowers."

PARK PROJECT NO. 1—This barbecue pit, construction of which was made possible by an anonymous donor, was completed recently at the City Park site by George "Scotty" Samson. Two of the many admirers of the attractively-constructed pit are Miss Carolyn Hudman (left), daughter of Mr. and Mrs. Marvin Hudman, and Miss Mary Lou Hedgepath, daughter of Mr. and Mrs. G. E. Hedgepath.—(Staff Photo).

Benefit Yule Show Scheduled Dec. 21

A benefit movie for the purpose of obtaining Christmas food-stuffs and toys for needy families will be staged at the Tower Theatre at 9 a. m. Dec. 21 through the cooperation of John Miller Post 6797 of the Veterans of Foreign Wars and Johnny Hopkins, theatre manager.

Announcement that the VFW post had voted to sponsor a benefit movie again this year was made Tuesday. Further details will be worked out at tonight's regular meeting of the post.

Last year's benefit movie resulted in seven well-filled food baskets, and toys for needy families with children.

The VFW members ask the help of everyone in compiling a list of the neediest families between now and the date of the benefit show.

SCHOOL HOLIDAYS SET

The Post schools will be dismissed Wednesday, Nov. 25, for the Thanksgiving holidays, with classwork to be resumed on Monday, Nov. 30. The ten-day Christmas holiday period will be from Friday, Dec. 18, until Monday, Dec. 28.

Price Of Dispatch Is Advanced To 10 Cents

With this issue, the price of The Post Dispatch advances from 5 cents to 10 cents a copy.

Rising costs of production have brought the increase in price of single copies. No advance is being made, however, in the yearly subscription rates of \$2.50 a year in Garza County and \$3.50 a year outside the county.

Subscribing to the paper at \$2.50 a year, Garza County residents will receive each week's issue at a cost of less than 5 cents a copy.

Final Building Plans Made For Junior High School

A different type of entrance and minor changes in floor plans for the new Post Junior High School building were decided on Monday night at a meeting of the board of trustees of the Post Independent School District.

Jim Atcheson of the Atcheson & Atkinson architectural firm of Lubbock met with the board and announced that the architects had decided on a new type of

Student Council To Elect Officers

Monday, Nov. 16, has been tentatively set as the date for election of officers of the newly-organized Student Council at Post High School. The council's constitution has been ratified by the student body.

Two slates of candidates—the Black and Golds and the Blue and Whites—are in the races for the offices of president and vice-president.

The Black and Gold candidates are Larry Waldrip, president, and Don El Dale, vice-president. Carrying the Blue and White colors are Billy Layne Gray, president, and Donald Moore, vice-president.

Unopposed candidates are Gayle Askins for secretary and Velta Carpenter for treasurer.

The student body will vote on the candidates following campaign speeches during a general assembly.

School Attendance Is At High Percentage

Average daily attendance was 97.7 per cent at Post High School during the second month of the 1953-54 school year. It was reported this week at the office of Principal Chant D. Lee.

This high percentage of attendance for the period Sept. 28 Oct. 23 is considered exceptionally good considering that there were a number of outside events which usually cut attendance, such as area fairs, etc.

High school enrollment totaled 333 Tuesday, nine under the year's peak enrollment of 342.

Church Census Lists Are Being Compiled

The city church census sponsored by the Post Ministerial Alliance was completed last week and lists of all families enumerated are being compiled for distribution among the city's ministers.

Approximately 200 additional listings were made last week in a follow-up on the census proper, which was conducted Sunday afternoon, Nov. 1.

Right-Of-Way To Be Furnished By Garza

The Garza County Commissioners' Court passed a resolution Monday agreeing to furnish right-of-way for a newly-designated farm-to-market road extending from U. S. Highway 84 at Southland south for five miles to the Hackberry Gin.

The State Highway Department has agreed to construct the road at an estimated cost of \$30,000 and to assume the road for maintenance.

The architect also told the board that the building will be constructed on an open shop basis, with local laborers being hired.

The building is to include 14 classrooms, a physical education room and a band room. It is to be constructed on the grade school campus between the high school and grade school buildings.

AUTO CATCHES FIRE

Only minor damage resulted when an automobile caught fire at 8 a. m. Tuesday just east of the railroad crossing on U. S. Highway 390. Firemen reported that the fire caught from the auto's wiring.

March 3: The Rev. Jesse Chabhan, Church of God, "Government"; March 17: The Rev. Almon G. Martin, First Christian, "Military Duty"; April 7: The Rev. J. R. Brincefield, Assembly of God, "Race Relations"; April 21: Odie L. Profit, Church of Christ, "World Problems."

Tomorrow's Friday The 13th; Is Gridiron Mistortune Brewing For Spur Bulldogs?

If nothing else can be said for the fast-fading year of 1953, it will be remembered by the superstitious as another of those 12-month periods with two Fridays the 13th.

The year's first "Black Cat Day" was in March, and the second, which falls tomorrow, finds much of the world already so topsy-turvy that anything less than an universal calamity probably will be attributed to the general run of things instead of to Friday the 13th.

No one seems to know—few seem even to care—just when or how a Friday the 13th first became a portentous day. Perhaps it's because of the association of Friday, considered as unlucky by some, with the numeral "13," considered as unlucky by most.

On the home front, things are expected to percolate as usual, with the Post Antelopes perhaps being the only ones watching the date with a wary eye. Tomorrow night, they battle the undefeated, untied Spur Bulldogs in their final game of the 1953 grid season. They're hoping, along with local fans, that all the gridiron misfortune brewed for this day pours out of the pot onto the heads of the visiting eleven—such as fumbles, intercepted passes, blocked punts, etc.

Approximately 200 additional listings were made last week in a follow-up on the census proper, which was conducted Sunday afternoon, Nov. 1.

Map Of Park Is Available

The Post City Commission voted Thursday night to appropriate \$30,000 for construction of a swimming pool at the City Park site, with construction expected to get under way in time for the pool to be ready for use by next summer.

News of the city's action in voting funds for the pool followed closely on the heels of other good news—that the 31-acre park site has been plotted and maps are available to Post organizations wishing to sponsor development of projects at the site.

Plans call for construction of the pool in what is designated as Section 1 on the park map. That section is at the northwest corner of the park, just across the highway from the State Highway Department building.

According to preliminary plans, the pool is to be 82½ feet long, 45 feet wide at the shallow end and 35 feet wide at the deep end. The project is to include a bath house and wading pool and is to be enclosed by a hayrack block fence.

Other park sections, as shown on the map, are as follows:

Section 2: Just east of the pool site, to be contoured and planted in trees and grass; barbecue pit and tables.

Section 3: East of Section 2; to be enclosed by California privet hedge, with spruce tree in center; park benches.

Section 4: Extending from Section 2 to road at east side of park, to be contoured and planted in trees; park benches.

Section 5: Just next to railroad right-of-way fence; to include small barbecue pit in northeast corner; seats, tables and two

See SWIMMING POOL, Page 8

Ministers To Give School Programs

A schedule of Post High School assembly programs to be presented by members of the Post Ministerial Alliance was released Wednesday by Principal Chant D. Lee.

The series of programs, to which the public is invited, is to begin Wednesday, Nov. 18, when the Rev. Shelby Bishop, pastor of the Calvary Baptist Church, speaks on "The Home."

The assembly programs are to be held from 9:40 to 10:10 a. m. Other speakers will be:

Dec. 9: The Rev. Gerald N. Blackburn, First Presbyterian minister, "The Church"; Jan. 20: The Rev. Roy Shahan, First Baptist, "The School"; Feb. 3: The Rev. Charles R. Gates, First Methodist, "Vocation"; Feb. 17: The Rev. A. F. Duke, Church of the Nazarene, "Civic Responsibility";

March 3: The Rev. Jesse Chabhan, Church of God, "Government"; March 17: The Rev. Almon G. Martin, First Christian, "Military Duty"; April 7: The Rev. J. R. Brincefield, Assembly of God, "Race Relations"; April 21: Odie L. Profit, Church of Christ, "World Problems."

SIGN-UP OF FARMERS TO BEGIN NEXT WEEK

23 ACP Practices Selected For 1954

Twenty-three practices for Garza County's 1953 Agricultural Conservation Program were selected Monday morning at a meeting of county and community Production and Marketing Administration committees and representatives of the Soil Conservation Service, Extension Service and Production Credit Association.

The federal government already has allotted \$36,200 as its share of the cost of carrying out the practices, according to Mike E. Custer, county PMA office manager.

More than twice as many practices were selected than last year when only 11 were chosen to be carried out.

The 1954 conservation practices, all selected from this year's Texas ACP Handbook, are as follows:

Initial establishment of permanent vegetative cover for soil protection.

Initial establishment of protective cover on cropland as a part of a crop rotation.

Initial establishment of field strip cropping to protect soil from wind or water erosion.

Initial improvement of vegetative cover on rangeland for soil protection.

Controlling competitive shrubs necessary to permit growth of adequate, desirable vegetative cover for soil protection on range or pasture lands.

Pitting non-crop grazing land to prevent soil loss, retard runoff, and improve water penetration.

Constructing or deepening wells for livestock water to obtain protection.

per distribution of livestock, and encourage rotation grazing and better grassland management as a means of protecting established vegetative cover.

Constructing, enlarging or sealing dams or reservoirs for livestock water.

Installing pipelines for livestock water.

Construction of permanent cross fences or drift fences for protection of the established forage resource.

Establishing permanent sod waterways to dispose of excess water without causing erosion.

Constructing terraces to detain or control the flow of water and check soil erosion on sloping land.

Construction of diversion or spreader terraces to intercept runoff and divert water to protected outlets, or to spread water to prevent erosion or to permit beneficial use of run-off.

Reorganizing farm irrigation systems to conserve water and prevent erosion.

Initial establishment in the cropping system of winter annual legumes for the improvement of soil structure and for winter protection from erosion.

Initial establishment in the cropping system of summer annual legumes for the improvement of soil structure and for summer protection from erosion.

Initiation of stubble mulching into the farming system to improve soil permeability and to protect soil from wind and water erosion.

Bringing clod-forming subsoil to the surface of sandy cropland

FRIDAY, Page 8

Thursday to Thursday

By CHARLES DIDWAY

Since November's Friday the 13th comes so soon after Halloween, there is a possibility of some of those black cats crossing your path being left-overs.

It's an easy matter to pass a bill making it illegal for dogs to bark at night, but it's next to impossible to enforce it. If a political candidate ever runs for office on the platform of enforcing such a law, he'll get plenty of support out in our neighborhood.

HERE'S AN ODDITY: A recent double feature at a Lubbock theatre was "Fort Worth," starring Randolph Scott and David Brian, and "Dallas," starring Gary Cooper and Ruth Roman. Wonder how that happened!

A nationwide poll reveals the Ten Most Beautiful Words in the English language are: "Mother, colophane, melancholy, belladonna, flamingo, wilderness, tambourine, lavender, memory and belloy."

The fighting in Korea was the fourth bloodiest conflict in which this nation has engaged, only World Wars I and II and the Civil War producing a greater toll. Yet many of our statesmen still refer to it as "a police action."

It won't be long now until the old gives to the new and we'll lose such picturesque street names as Washington, Adams, Jefferson, etc. Letters and numbers will replace the proper names once the city's re-mapping project is officially okayed and the new markers go up.

It's a shame that the change has to be made before Post reaches that stage in its growth where city mail delivery is instituted. Writing the names of long-departed presidents on letters and other mail is a fitting tribute to their memory.

Dyed-in-the-wool bridge players probably already know this, but the odds are 158,758-389,900 to 1 against being dealt 13 cards of one suit.

The same source from which we got the above also includes the information that chances against being dealt a royal flush in draw poker are 649,700 to 1.

Reading further, we learn that Leuben, famous German, who went insane, wagered he could turn up shuffled pack in a certain order. He turned cards 10 hours daily for 20 years, or 4,246,028 times, before he accomplished the feat.

We're going to stick to Canasta!

We declined a recent invitation from the Rev. Charles R. Gates, First Methodist pastor, to "substitute" for him in going aloft with John Loft and taking some aerial photographs of the City Park site. In the first place, the organization wanting the pictures had asked Rev. Gates to take them, in the second place we didn't feel we were far enough along in the finer points of photography to take pictures more than a few feet off the ground, and in the third place we felt that the reverend was much more "prepared" for such risky work.

Since Delmo Gosselt is a printer, we're sorry

Roger W. Babson Writes This Week:

Despite Vagaries Of Weather Outlook For Third Largest Crop Production On Record

NEW BOSTON, N. H.—Early 1954 weather I discussed the 1953 crop outlook, which then was more or less tentative. Now the overall situation is more clearly defined. Despite the vagaries of summer and early fall weather, the outlook is for the third largest total production of record.

Nature Already Has Been Kind

Most of my earlier crop forecasts have been well borne out. For instance, another billion-bushel plus wheat crop already has been harvested, with much to spare. Total supplies for the 1953-54 season would, in fact, probably be 3,500,000,000 bushels, or 10 percent above the 1952-53 average. The flaxseed crop of 30,011,000 bushels is slightly above the 10-year average and will prove fully adequate. Although drought sharply reduced soybean prospects, the indicated U. S. output of 259,483,000 bushels is 18% above the 10-year average. Including record farm stocks, total supplies will easily suffice for 1953-54 requirements. Yet both flaxseed and soybean prices may work a little higher as the season advances.

A Glance At Fall Crop Prospects

Last summer's long, hot dry spell cut the nation's corn prospects, but not enough to cause real concern. The indicated crop of around 3,200,000,000 bushels is slightly under the 1952 output, but still 5% above the 10-year average. It should suffice, since the carry-over was of average size. The support price of \$1.60 a bushel (national average) will ease marketing pressure. Later in the season, the price support program and the prevailing fa-

AN INTEREST IN YOUTH . . .

A major oil company has published a booklet which outlines its program to help young people in the city and on the farms.

This company, like many others, participates in 4-H Clubs, Future Farmers of America, and Junior Achievement programs. It encourages its employees and executives to support and take an active part in these and other youth groups. And it supports educational and civic organizations through contributions of time as well as money.

An introduction in the booklet explains why the company is so deeply interested in youth activities in these words: "Making better things alone will not make a better America. We must have better people also. Realizing the importance of this truth, forward looking businessmen support organizations that seek to develop moral character and effective citizenship through training our youth . . ."

Every business in this country, large and small, can help youth activities to some extent. And the result will be a greater, stronger, and happier nation. The most valuable asset we have is the young people to whom the future belongs.

Advertising came into the world because men were too impatient for Mrs. Jones to tell Mrs. Smith that Brown's pickles were good.—Roy S. Durstine

If you are too busy to laugh, you are too busy.—Walter Winchell.

He can understand that it was an "honest" mistake when we gave his and Wynona's new son the wrong name in reporting the birth. The new arrival's name is "John David" and it came out in The Dispatch as "John Wayne." The only explanation we can offer is that either the typesetter or the copy reader, or both, had their mind on the John Wayne divorce case, which was fluttering up the news columns at about that time. Delmo, now employed by the Avalanche Journal is a former employee of The Dispatch.

The Garza Town Hall and Concert Association's next presentation might easily prove to be the best of the four scheduled for the season. Slated for Saturday night, Nov. 21, it presents Virginia Sale, actress and stage star.

Virginia is the sister of the American humorist "Chic" Sale. Both were born in Urbana, Ill., and Virginia is a graduate of Urbana High School, the University of Illinois, and the American Academy of Dramatic Arts in New York City.

We haven't yet received any advance publicity on Miss Sale, but we've looked her up in a 1936-37 International Motion Picture Almanac lent us by Johnnie Hopkins, and learned that up to that time she had been five years on the legitimate stage and in chata qua and vaudeville.

She entered pictures in 1927 when King Vidor gave her a bit part in "The Crowd." After that she played in such pictures as "Legionnaires in Paris," "Lovin' the Ladies," "Viennese Nights," "Don't Young to Marry," "My Past," "It's a Small World," "The Sin of Madelon Claudet," "Gold Digger Girlie," "The Great Meadow," and others.

Monday is the deadline for entering the South Plains Maid of Cotton contest. If any of you gals—19 to 25—are interested, we have an entry blank.

Getting Out On The Limb

by EDDIE the editor

SUDDEN THOUGHT: Some people have the idea they are worth a lot of money just because they have it.

They tell of a screen star who was unable to obtain a divorce. She couldn't prove to the judge that she was married.

THE OFFICE STATISTICIAN, who seems to find time to read everything in sight, has just called to my attention the fact that my surname is among the 200 commonest American family names.

"The name, Warren," he said, "occurs an estimated 50 times per 100,000 population."

"Go on," I said. "In the same category," he continued, "that is, occurring an estimated 50 times per 100,000 population are the family names Beck, Carpenter, Carr, Chapman, Cohen, Dixon, Duncan, Erickson, Fitzgerald, Fuller, Harper, Hopkins, Hawkins, Hicks, Hudson, Knight, Lane, McCarthy, Mills, Morrison, O'Connor, Payne, Perkins, Peters, Richards, Rose, Spencer, Stephens, Watkins, Weaver, Weber, Welch, Wheeler, Williamson, Willis and Gilbert."

"So," I said, that puts fellows like George Carpenter, Howard Hopkins, Ellis Mills, Dr. L. J. Morrison and L. H. Welch, just to name a few, in the same class as me as far as frequency of name occurrence is concerned."

The O. S., a gleam growing in his word-dimmed eyes, nodded.

"You might also be interested to know," he said, "that family names occurring 60 times per 100,000 population are: Andrews, Armstrong, Austin, Berry, Boyd, Bradley, Bryant, Dunn, Elliott, Ferguson, Freeman, Garner, Grant, Harrison, Henry, Hoffman, Hunt, Jensen, Johnston, Lynch, Mason, Meyer, Owens, Palmer, Porter, Riley, Robertson, Schultz, Stone, Tucker, Washington, Webb and Woods."

"Then that means," I said, "that fellows like Sherrill Boyd, A. A. Ferguson, Buck Harrison, Marshall Mason, Noah Stone and Carl and Jake Webb have one and my name buddies outnumbered."

"That's right," agreed the O. S., "but wait'll you hear the names occurring 70 times per 100,000 population—names like: Arnold, Black, Burke, Carroll, Cole, Crawford, Cunningham, Fox, Gibson, Hart, Holmes, Jordan, Kelley, Larson, Marshall, Powell, Rice, Schmidt, Simmons, Simpson, Stevens, Wagner, Walsh, Wells and West."

Seeing that I was in for it, I asked, "Well, how about the 80's; who's in that category?"

Quick as a flash, the O. S. rattled off: "Alexander, Carlson, Coleman, Ellis, Ford, Griffin, Hayes, James, Jenkins, Newman, Patterson, Perry, Sanders, Snyder and Wallace."

A bit groggy by now, but mustering renewed strength by observing how the O. S.'s energy was building up, I said, "Go on."

"Family names occurring 90 times per 100,000 population are: Barnes, Fisher, Graham, Hamilton, Hansen, Hanson, Henderson, Kennedy, McDonald, Murray, Price and Reynolds."

"Any others?" I asked.

The O. S. hardly batted an eye. "Let's take the 100's," he said. "There are Adams, Bailey, Baker, Bell, Bennett, Brooks, Burns, Butler, Campbell, Carter, Collins, Cook, Cooper, Cox, Edwards, Evans, Foster, Gray, Hill, How and Hughes, Kelly, King, Lee, Long, Mitchell, Morgan, Morris, Murphy, Myers, O'Brien, Olson, Parker, Peterson, Phillips, Rich, Wilson, Roberts, Rogers, Ross, Russell, Ryan, Scott, Stewart, Sullivan, Turner, Ward, Watson, Wood and Wright."

Before I had time to interrupt, the O. S. was talking again.

"Now those 100's," he said, "occur anywhere from 1,182 for Smith, the leader, on down to 200 for Allen. In between are: Johnson, 853; Brown, 630; Will, Jones, 600; Miller, 500; Davis, 447; Anderson, 444; Wilson, 371; Taylor, 310; Moore, 302; Thompson, 281; White, 282; Martin, 276; Jackson, 270; Thomas, 269; Clark, 252; Harris, 252; Nelson, 230; Allen, 220; Walker, 216; Lewis, 212; Young, 210; Hall, 210; and Robinson, 204."

The O. S. took a deep breath, but he was through.

"That's given me something for my column," I said, "but what I want to know now is where Notre Dame finds enough men for its football team."

"The O. S. came back to life."

"S'good question," he said. "Now you take names like Dubinski, Mioduszewski—"

"Suppose you take 'em," I said. "I've had enough for one day."

A fellow who is always declaring he's no fool usually has his suspicions.

Donations for the annual Lions Club auction at Cumberland, Md., included one from Dr. Edward R. Thompson—a tonsillectomy.

The height of illegibility—a doctor's prescription written with a post office pen in a rumble seat of a second-hand car.

THE AMERICAN WAY

Simple Arithmetic

Our Contemporaries Are Saying

A BIT 'Catawompus'

The Dallas News this week showed the picture of a man that began "plowing oats at the age of 7." We wondered if the Big D daily was referring to wild oats or tame oats. In all our 20 years experience as a farmer, we never saw oats "plowed." Unless the operation of planting them broadcast might be termed "plowing." A lot of time the city slickers get some stuff off their chest about farming that is a bit catawompus to what our country bumpkins are used to.—The Terry County Herald.

An Ethereal Experience

Plane travel is an ethereal experience which provides the spirit with buoyancy like the humming of a choir. It has tied together the loose ends of distance and brought a more serene understanding to the heart. Airports across the country are teeming with travelers of every age, race and station and the railroads are pulling their empty passenger coaches through the countryside in dismay. More than the speed, convenience and cleanliness of air travel is bringing about the change. Planes are flown by clean, bright-eyed young men and courtesies is on the lips and fingertips of the beautiful, wholesome young women who serve as hostesses. The finest young people in the world are responsible for air line operation. They have found their way to the hearts of the traveling public which for many years was at the mercy of dyspeptic and grouchy old men in command of trains. The world likes courtesy and youth and the clean, limitless skies.—The Matador Tribune.

Bulging At The Seams

As far as we can tell today, Eldorado is bulging at the seams since several oil crews moved in during the past week or two and houses and apartments are at a premium. In addition, a geophysical company, wanting 19 good living units has been trying to get places for their crew members so they can move here.—Eldorado Success.

Salvation Of Country

The independent voter is going to be the salvation of this country. The man or woman who looks at the issues, looks at the character of the man running for office, and votes for what he believes to be the best interest of his country is the type of voter the country needs. The "brass-collar" type party man who votes for his party right or wrong, good or bad, corruption and all, is not looking at the interest of his country. More times than not, he is figuring how he can best benefit his own interest and desires. That isn't good.—The Lockney Beacon.

The Very Ideal

A man had barely paid off the mortgage on his house when he mortgaged it again to buy a new car. Then he sought out a loan broker to borrow money on the car so he could build a garage. "If I do make you the loan," asked the broker, "how will you buy gasoline for the car?" "It seems to me," the man replied with dignity, "that a fellow who owns his own house, car and garage should be able to get credit for gasoline."—The Gaines County News.

Littlefield Gets Oil Pool

Littlefield's second oil well moved closer to becoming a reality Wednesday when Ken Griffin, a representative of the Texas Company, filed an application with the city for a permit to drill a well in the city park.—The County Wide News.

Littlefield Paper Sold

The County Wide News at Littlefield was sold recently by Publishers Allen and Betty Pearson Hodges to Mr. and Mrs. Douglas Poe, former Ada, Okla., publishers. The change of ownership became effective Oct. 16. The Hodges had published the paper for the past eight years.—The County Wide News.

CHARLES DIDWAY E. A. WARREN

Entered at the Post Office at Post, Texas, for mailing through the mails as second class matter, according to Act of Congress, March 3, 1879.

Any erroneous reflection upon the character of any firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the publisher.

Remembering Yesteryears

Five Years Ago This Week

A daughter, Joy Lee, was born to Mr. and Mrs. R. M. Thomas in Lubbock Memorial Hospital last Thursday. She weighed seven pounds and 10 ounces. Post residents are invited to visit the new Kirkpatrick Auto Electric Shop, on Main across the street from the Post Office, Monday. Miss Margie Freeman was a Lamesa visitor Saturday.

Ten Years Ago This Week

Mrs. C. B. Herring is spending the week in Abilene and Rule. Mr. and Mrs. Loyd Edwards are parents of a daughter, Carol Ann, born Nov. 4. Miss Mariotta Wilcox, Post High School teacher, became the bride of Cecil Carroll of the United States Coast Guard in Crowell recently.

Fifteen Years Ago This Week

About two inches of snow fell in the Post area Sunday night. Gus Gatzki and family attended funeral services for his father at Seymour Tuesday. On a winnings yesterday were reported as 7,934, about half the amount reported at this time last year.

Pictured in this week people at work in Mrs. Ed Kelly's home. Mrs. L. F. Kenna's home roll at school was announced and Betty Williams, student had the highest score. The Ralph Crockett City Kans. is visiting in Post, Mrs. Vera Cickel.

LEVI'S RANCH CAFE "Where Good Food Is Never Accided"

Controlled Comfort of course, it's ELECTRIC! Completely safe comfort, too, with just one electric blanket. When you're getting ready for bed, set the control at your personal warmth, then the bed is comfortable when you retire. All night long, no matter how the room or outside temperatures change, you enjoy controlled comfort, perfect sleeping. Try an electric blanket this winter, and you'll never use any other bed covering.

Are Injured Post Area Square Dancers, Callers Invited To Annual Event At Abilene

Callers and square dancers of the Post area are invited to attend a square dance and barbecue to be held at Abilene's Fair Park at 8 p. m. Saturday, Nov. 14.

The dance, sponsored by Abilene members of the Westerners Association, is an annual affair and callers and dancers from all over West Texas, Oklahoma and New Mexico have been invited, according to Fay Moore, publicity chairman.

The Westerners is the oldest square dance association in the entire Southwest and has as its purpose the preservation of the old time square dance, which is traditional dance of West Texas. Until recently its members included some of the pioneers who danced at such notable af-

airs as the Cowboy's Christmas Ball at Anson.

Plans for the dance are being completed by numerous committees headed by Jane Van Hook, general chairman. Mrs. Van Hook reports that reservations from out of town members have already passed the 200 mark and many more are expected before Saturday night. Mrs. Van Hook further reports that the public is invited to attend this colorful event as facilities are provided for spectators.

A special square dance band will be on hand to provide the tempo and style and music required for square dancing. This band has been awarded numerous prizes for championship fiddle performances and plays for dance clubs throughout this area.

As a further attraction, Les Gotcher, world famous square dance caller and instructor, will be on the program. This will be one of his few appearances in Texas this year.

Social Security Tax Rate Increase Is Scheduled Jan. 1

The social security tax rate for persons whose work counts toward old-age and survivors insurance is scheduled to increase on the first of January, John G. Hutton, manager of the Lubbock social security office, reminded employers, employees, and self-employed people today.

This scheduled increase in tax contribution is in accordance with the 1950 amendments to the social security law, and was enacted by congress in anticipation of future obligations of the program.

Employees in jobs covered by the law will have 2 per cent instead of the present 1½ per cent deducted from their pay beginning with the first of January up to earnings of \$3,600 a year; their employers will contribute an equal amount.

The new rates will apply to all taxable wages paid after Dec. 31, 1953, regardless of when earned.

Rabies Infection Found In 115 Animal Heads Autopsied By Health Department

AUSTIN (Spl.)—Positive evidence of rabies infection was discovered in 115 animal heads autopsied by State Health Department laboratories in Austin during the past month, the Department announced today.

By species, positive heads included 104 dogs, 4 cats, 3 skunks, 2 cows, and 2 calves.

Heads from 27 counties made up last month's tabulation. Harris County was high with 73 submissions. Other counties were Austin, Brazoria, Caldwell, Collin, Comal, Fort Bend, Guadalupe, Harrison, Houston, Leon, Liberty, Matagorda, Red River, Rusk, Tarrant, Travis, Washington and Wood with one submission each.

Brazos, Cameron, Maverick, and Webb Counties submitted 2 heads each, and Bexar and Jefferson turned in 3 apiece. Waller County submitted 4, while Dallas had 6.

The tabulation was made in a regular monthly rabies report, a departmental public service which shows rabies incidence throughout the state. It lists the species involved and gives the date and county of occurrence.

Meanwhile, state laboratory officials are still surveying insect-eating bats for rabies infection. A total of 105 of the flying mammals have been checked so far with negative results in each instance. The study began two months ago after the department became suspicious that bats heretofore thought to be entirely beneficial might be harboring the deadly rabies virus.

The ancient Egyptians painted eyes on their ships and even today, small boats in the Orient have painted eyes to help them "see" says the National Geographic Society.

When Canary birds were first exported from the Canary Islands for pets during the 16th Century, Spain tried and failed to maintain a monopoly of the trade by exporting only males.

DROWNED FILM GOOD

KALMAR, Sweden (AP)—A German film, which had been lying on the bottom of the Baltic sea for 12 years, has been shown at a local theater. In spite of the long exposure to salt water the film was flawless with the exception of the first few yards. It was recovered from the wreck of the German ship Tannenberg, which was sunk during the war.

In the days of sailing ships, some superstitious sailors feared to go to sea in a ship which did not have a figurehead.

"A City Store At Your Door"

The social security tax for the self-employed is scheduled to increase from the present 2½ per cent to 3 per cent for the period commencing Jan. 1, 1954. Since the self-employed whose work is covered by the law pay their tax just once yearly at the time of filing their federal income tax return, they will pay the present 2½ per cent social security tax on their 1953 income that counts toward social security. This will be due not later than March 15, 1954. Their first payments at the increased rate of 3 per cent will be due March 15, 1955, for the calendar year 1954.

In the meantime the Internal Revenue Service reports that employers will be furnished late this year with income tax withholding tables and federal insurance contributions act (social security taxes) reflecting rates applicable next year.

The next scheduled increase, six years from now, in 1960, will be to 2½ per cent each for employer and employee, and to 3½ per cent for the self-employed.

Practical Side Of Deer Hunting Includes Preservation Of Meat

COLLEGE STATION (Spl.)—The annual army of Texas hunters soon will take to the brush and mountainside to seek the antlered buck both for the thrill of good marksmanship and the satisfaction of ultimately being served a juicy venison steak.

A practical side to the sport after the proud buck has fallen, says R. E. Callender, extension wildlife specialist, is the preservation of the meat. Don't waste an ounce of it, he says, because venison is a palatable substitute for domestic animals. Deer meat may be processed similar to beef or lamb.

Immediately after the animal is shot in the field, bled and quickly remove the viscera, Callender says. The carcass should be wiped dry inside with clean rags and if the animal is badly shot up it may be necessary to wash the inside with water. In any case, dry the carcass promptly.

The prize possession should remain dry and be cooled immediately. If cold storage is unavailable, prop open the carcass and hang it from a tree to chill at night and during the day wrap it in a tarp or blanket and move to a shady spot.

Transport the fallen buck inside the car or in the trunk. This, Callender adds, is better than on the fender next to the warm engine. The buck should be wrapped for protection, especially

from flies.

Deer meat is successfully cured, but the thick, plump rounds process best. The most satisfactory method is to have the carcass cut into the desired pieces and placed into a freezer locker, Callender points out.

He says the shoulder, neck and lower portion of the ribs when boned makes good sausage. Two parts venison and one part pork fat is a flavorful mixture, but for a dryer product use three parts deer meat and one of pork fat. Season with 13 ounces of salt and three ounces of black pepper to 50 pounds of meat before it goes into the grinder. Some, Callender says, prefer to season with salt only at the time the meat is ground. Other seasonings are added later for meat loaf, hamburger or chili.

If the meat must be transported a considerable distance it may keep better if first frozen solid. But, Callender concludes, frozen meat must always be utilized as soon as possible after thawing.

AMERICA'S NEW RAILROAD

The "stamp of newness"—and another new Santa Fe freight car is ready to roll

21 miles of new freight cars added by Santa Fe last year!

Remember when you used to count freight cars as a kid? How would you like to count and stencil the "stamp of newness" on 21 miles of them? That's what Santa Fe did last year—added 21 miles of new cars to its great fleet of modern freight cars. And so it goes—year after year—until today there are 84,898 freight cars serving shippers on the Santa Fe.

With this building new program, Santa Fe is meeting the ever-growing need for moving vast tons of wheat, livestock, perishable foods, minerals and merchandise to the markets of America.

And many of these cars are new and special types to serve shippers in new and better ways—like the "MTC 3150" mechanical refrigerator car that works like your home freezer.

It costs Santa Fe millions of dollars—earned dollars—to acquire this great fleet and maintain its own "steel highway."

But it doesn't add a penny to the taxes you pay.

PROGRESS THAT PAYS ITS OWN WAY

Farm And Ranch Equipment Exhibit Show Is Planned

The most complete exhibition of farm and ranch equipment ever staged in the Southwest will be held in Fort Worth, Nov. 19-22.

Southwest farmers and ranchers and their families will find every conceivable type of equipment or appliance used on the farm or ranch on display when the second annual Texas Ranch and Farm Show opens its doors at 10 a. m. Thursday, Nov. 19.

The show is being staged in the exhibit buildings at the rear of Will Rogers Memorial Coliseum on Fort Worth's west side.

In addition to the many commercial exhibits, show visitors also will find varied displays of an educational nature, including a big grass exhibit and one showing all of Texas' fish and wildlife.

The show is being sponsored by Texas Ranch and Farm, the Fort Worth Star-Telegram's farm magazine.

Laundry Sets Aside Day For The Tykes

LINDEN, N. J. (AP)—Anthony Belluscio's Modern Auto Laundry is closed on Mondays—to cars but not kids. Belluscio turns on the showers for neighborhood youngsters every Monday between noon and 4 p. m. Nearby merchants chip in with hot dogs, soda pop, ice cream and cake.

Bill MacFarlane, owner of a tavern a few doors away, and Belluscio's brother Frank, watch over the tykes and see to it that no one goes away hungry. MacFarlane says the men play host to about 80 kids at each of the Monday afternoon "baths."

He said the practice has been going on during the summer months and will continue as long as the hot weather and the "customers" hold out.

The ability of a child to focus his eyes for reading may appear as early as the age of 5 but may be postponed to 7 or 8.

PUZZLE: Who got the hundred million dollars?

He walked into our office seven years ago, sat down. We knew the customer. And a wonderful credit rating he had, too.

Said he wanted airplane engines. By that time blueprints were scattered all over the place.

He was taking no chances. Not one engine would he accept without testing first, stripping apart, building up again, and testing once more. Hmm!

And more. Every engine he bought would be overhauled after 15 running hours.

He didn't say so, but he must have known we would have ideas, too. (Lights burn all night when engineers at our place see ways to improve things we make.)

The climax was last August. The customer announced that he would allow 1,200 hours flying time from these G-E engines before an overhaul.

In other words, 80 times as many hours without overhaul as seven years ago. And today only every tenth engine is retired before delivery because of what has been referred to as the "perfection rate" of G-E jet engines.

Oh, yes. The hundred million dollars. With General Electric engines now giving extended service, not so many are needed. Improvements have saved the customer that much in five years.

P. S. Who's the customer? The U. S. Air Force. And what was the engine? The J-47 jet engine.

And who got the hundred million dollar saving? Who profits from more Air Force per dollar? The taxpayer, everybody. This story is one more example of what happens where research men and engineers are at work. Products gain in efficiency, do more. New products emerge, and the public is always the gainer.

Benson Says He'll Urge An Increase In Allotments

Secretary of Agriculture Ezra Taft Benson has expressed his personal concern over the hardship which will be imposed on cotton farmers and the entire economy of the Cotton Belt by drastic adjustments imposed by the recently announced cotton acreage allotment, and said that he would urge a reasonable increase in the allotment immediately upon the reconvening of Congress in January.

Referring to recent public statements to the effect that he had the authority to increase the present allotment, Secretary Benson said emphatically that he did not have such authority. He gave a detailed analysis of present legislative provisions covering this point. His statement follows:

"Great concern has been expressed over the severe production adjustment, with its attendant hardship on cotton farmers and, in fact, the whole Cotton Belt economy, that would be occasioned by the announced cotton acreage allotment for 1954. Public statements have also been made that I have the authority, as Secretary of Agriculture, to remedy the situation by increasing the allotment.

"I share fully the concern over this very serious situation, but I do not now have the authority to increase the allotment. Specifically, it has been suggested that Section 371 (a) of the Agricultural Adjustment Act of 1938, as amended, might provide the basis for action by the Secretary of Agriculture looking toward an increase in the national allotments.

"Section 371 (a) covers situations where the Secretary has 'reason to believe' that the operation of farm marketing quotas will cause the amount of a commodity which is free of marketing restrictions, the year's production from the acreage allotment, plus carryover and imports, to be less than the 'normal supply' specified in the con-

Post Sextets Drop New Home In Pair

The Post High School girls' basketball teams got off to a good start here Tuesday night by sweeping both ends of a "doubleheader" from New Home sextets.

Coach N. E. King's "A" team won 33-20 after holding only a 19-14 halftime edge. The "B" team eked out a one point 19-18 victory.

Tommie Williams and De Elva Loffon each scored 13 points to pace the Post "A" team, while Cowan, with 11 points, led the New Home attack.

In the "B" game, Frances Craig was high point for Post with eight, and Crabtree scored 16 of the losers' 18 points.

Others seeing action for Post in the "A" game were Joy Martin, Deanie Hill, Marie Howard, Woody Stewart and Wynonne Morris.

The Post girls will return the games Tuesday night on the New Home court.

TIPS FROM YOUR COUNTY AGENT By JESSIE PEARCE

It seems quite early to start talking about Christmas, but it isn't too early to start planning your Christmas decorations. In one of the new magazines I received last week, there were patterns for outdoor and window decorations. Now is the time to plan what decorations you intend to put up and start collecting the material for them.

Christmas may be a little short this year because of the lack of money to spend. The home made toys will be much acceptable if the house is decorated for the occasion. These decorations can be made out of materials at hand and be very inexpensive or can be elaborate and quite expensive.

We have plenty of cedar available to use for greenery. Catclaw, yucca, cookeburrs, cotton burrs and all sorts of native plants can be dipped in gold or silver paint and used for decorating.

The family can have hours of fun making decorations for the Christmas tree and the entire house. Almost any magazine between now and Christmas has suggestions that you can use.

I have just received a price list from the Angelina County HD Clubs, who sell native greenery, pine cones, sweet gum balls, etc. at Christmas time. If anyone is interested in securing any decorating material from East Texas, I will be glad to give them the prices and address from which to order.

Christmas always makes us think of food and here is a recipe that the family will enjoy. Molasses Refrigerator Cookies. Cream 1/2 cup margarine and 1/2 cup sugar. Add 1 egg and beat well. Stir in 3/4 cup light molasses. Sift 2 1/2 cup sifted flour, 1 teaspoon soda, 1/2 teaspoon salt, 1 teaspoon cinnamon and 1 teaspoon ginger into cream mixture. Stir until thoroughly blended, then divide in half. Shape into rolls 1 1/2 to 2 inches in diameter. Wrap in waxed paper and chill in refrigerator few hours or overnight. Slice 1/8 inch thick, place on greased baking sheet and bake in a 400 degree oven for 10 minutes. Makes 5 to 6 dozen cookies.

Tahoka Choir Sings In Assembly Here

The 76-voice Tahoka Grade School choir, directed by Mrs. Harold Green, presented an exchange assembly program at 11 a. m. Tuesday in the Post Grade School auditorium.

At noon the Tahoka visitors ate lunch in the school cafeteria here.

Miss Wanda Rogers' Post Grade School choir will return the assembly program at Tahoka around Thanksgiving.

BITS-OF-NEWS

Visiting in the J. T. Peddy home last week were Mrs. K. E. Young and son of Lamesa.

Mrs. Dalton Anthony returned home last week from Fort Worth, where she had been visiting her son-in-law and daughter, Mr. and Mrs. Jack Rowland, and family.

Sewing Expert Is To Give Demonstration

The general public is invited to attend a meeting in the Post High School homemaking department Tuesday night, Nov. 17, at which a representative of a Lubbock sewing machine company will make a sewing demonstration.

The representative is coming here at the request of Mrs. Nan Dyer, high school homemaking instructor, to appear before an adult clothing class being taught by Mrs. Dyer.

The class, which has 11 adults enrolled, is nearing its close, after which adults will be enrolled for a crafts course, Mrs. Dyer said.

Tower To Give Away Thanksgiving Birds

Some of the Tower Theatre's customers aren't going to have to worry about where their Thanksgiving turkey is coming from.

Manager Johnny Hopkins has announced that live turkeys are to be given away free at the theatre each Tuesday for the next two weeks. The dates are Nov. 17 and Nov. 24.

"When you attend the Tower, be sure to ask for your free turkey tickets," Hopkins reminds movie-goers.

MAILING DEADLINE

With Nov. 15 as the deadline, Saturday will be last day to mail Christmas packages over seas in time for delivery by Dec. 25. Postmaster Harold Voss reminds patrons.

Hospital Notes

Relatives and friends are requested to observe the following schedule of visiting hours at Garza Memorial Hospital, 10 to 11 a. m., 2 to 4 and 7 to 9 p. m.

Admitted to the hospital since Wednesday of last week were Mrs. Imogene Roberts, Post, surgical.

The Christian Women's Fellowship will meet at the First Christian Church at 7:30 o'clock Tuesday evening for dinner and a program. Mrs. Bryan Edwards, president of CWF of Lubbock First Christian Church, will be the speaker. She will report on the International Convention, which was held in Portland, Ore., in July.

Everyone is invited to attend a chili supper, sponsored by the Methodist Youth Fellowship, at the Methodist Church from 5 until 7 o'clock tomorrow evening.

A banquet for men and boys will be held at the First Baptist Church at 7:30 p. m., Monday, E. E. Wallace, a layman of Scurry county, will be the principal speaker.

The WSCS continued studying "Spanish Speaking Americans" at Monday afternoon's meeting at the church. Mrs. Ellis Mills and Mrs. Charles Gates directed the meeting. Attending were Mrs. J. E. Parker, Mrs. T. L. Jones, Mrs. Gates, Mrs. Mills, Mrs. Lena Julian and Mrs. Cecil Ramsey.

"My Church—What It Owes Me" (Matt. 16:18) will be the Rev. Roy Shahan's subject for Sunday morning's service at the First Baptist Church. The evening theme will be "God's Warning Concerning Salvation" (Heb. 3:7-13).

Mrs. T. L. Jones, Mrs. Ellis Mills, Mrs. H. H. Bledsoe and Mrs. Charles Gates attended a district WSCS meeting in Ralls last Thursday. Mrs. Mills, student work secretary for the Lubbock district, was on the program.

Roy Shahan, First Baptist pastor, reports: "Last Lord's Day was a good day in our church. Good attendance and interest were manifest and one new member was received on statement."

"The recent religious census reveals many unenlisted Christian people in our community. Also there are many unvisited about us. To each one that is not in attendance anywhere in Bible School or worship services, a welcome awaits you in any church of your choice in Post. Find your way to God's House each Lord's Day."

"We urge every man in the church to be present for the banquet Monday night and to bring a boy with him. The speaker, E. E. Wallace, has not been a Christian long, but has a wonderful testimony for the Lord."

The Methodist men enjoyed a steak supper at the church Monday evening. Carl Cederholm was in charge of the program and introduced the guest speaker, Clay Bednar of Lubbock, who is director of public safety in that city.

Graham Class Has Party At School

The sixth graders at Graham School enjoyed a tacky party in the school gym last Wednesday night. The entertainment was given by Mrs. James Stone and Mrs. E. E. Peel, roommothers.

Games were played and refreshments of hot dogs, potato chips, pops and candy were served to the following: Kay Maxey, Bea Peel, Leta Stone, Joel Morris, Kenneth Howard, Lewis Mason and Kenneth Thompson, class members.

Also Mr. and Mrs. Bob Lusk, Mrs. Mary Lee Wristen, Hal Jones, Mr. and Mrs. Wilburn Morris and Yvonne and Christine, Margaret and Beth Peel, Mary Ann Stone, G. T. Mason, Mr. and Mrs. Bryan Maxey, Mr. and Mrs. J. C. Howard, Mr. and Mrs. Grover Mason, Mr. and Mrs. Dillard Thompson and the Stones and Peels.

meeting, Nov. 22, to be sent to home missions.

Those attending were Mrs. Boren, Mrs. Kennedy, Mrs. Gerald Blackburn, Mrs. W. J. Tubbs, Mrs. Harry A. Tubbs, Mrs. A. C. Surman, Mrs. Tom Hagood, Mrs. W. R. Everett, Mrs. Shelley Camp, Mrs. W. E. Dent, Mrs. M. J. Malouf, Mrs. I. N. McCrary and a guest, Mrs. Sherrill Boyd.

Visiting Mr. and Mrs. Buster Shumard and family is his brother, Bert O'Conner of Plainview, who recently returned from Korea.

Craig-Shults Vows Are Read Nixon Home Saturday Afternoon

Miss Patsy Shults, daughter of Mr. and Mrs. Ted Shults of the Close City Community, became the bride of Robert Craig, son of Mr. and Mrs. E. L. Craig of the Garnolia Community, Saturday afternoon.

The Rev. A. T. Nixon, pastor of Central Baptist Church, performed the single ring ceremony in his home at 4 o'clock.

The bride wore an imported tweed suit of brown and blue checks with blue blouse and earrings and brown accessories. She carried a blue lace handkerchief for something old and a white Bible as something borrowed. Her corsage was of white carnations.

Miss Pearl Craig, sister of the bridegroom, was maid of honor. She wore a maroon velvet skirt with white nylon blouse and grey and maroon accessories.

Billy Wayne Craig was his brother's best man.

After a short trip, the couple is at home in Idalou where he is employed.

Mrs. Craig was a senior student in Post High School before her marriage. Her husband is a 1950 graduate of Post High School.

WMU Members Attend District Meeting In Lubbock Monday

Thirteen Post Baptists were among the 104 that attended the District Nine WMU meeting in Lubbock Monday at the First Baptist Church. Mrs. Henry Heck of Idalou, president, presided for the session.

The Post First Baptist WMU was one of two chapters which received an award for special achievement in mission study accomplishments. Mrs. Iven Clary is president of the unit.

Those on program were Mrs. R. L. Mathis of Waco, president of the Texas WMU; the Rev. Winfred Harper, missionary to Nigeria; Dean Bryan Robinson of Wayland College in Plainview; Mrs. A. C. Bowden and Mrs. Walter Ehrhorn; Mrs. L. V. Smith of Floydada, and Mrs. Earl B. Hobbs, president of the Lubbock WMU.

Also Franklin E. Swanner of Plainview, district missionary; the Rev. John Rankin of Amherst, RA leader; and Judson Burnett, district brotherhood president. Special music was presented by Winstead Layman, Mrs. Rex Webster, Mrs. Arnold Maeker and Miss Ardelle Hallock.

The following officers were re-elected: Mrs. Heck, president; Mrs. E. W. Smith of Lubbock, secretary-treasurer; Mrs. Lee Hemphill of Littlefield, young people's secretary; and the Rev. John Rankin, RA leader.

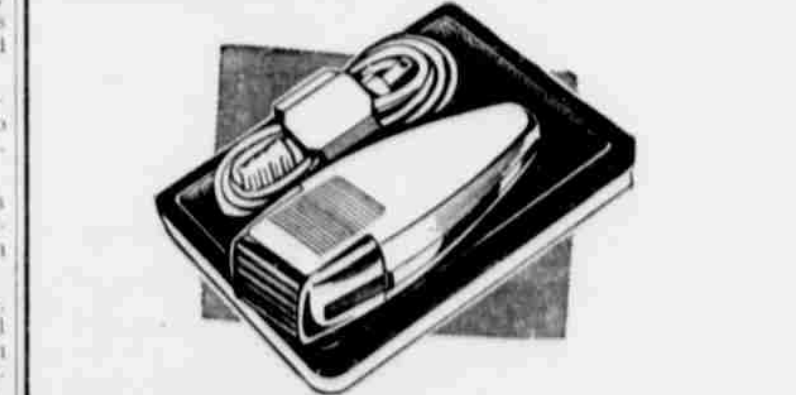

Mrs. R. H. Tate of Post was named to the finance and policy committee.

Those from here who attended were Mrs. W. L. Davis, Mrs. Roy Shahan, Mrs. A. B. Haws, Mrs. E. S. Stewart, Mrs. Tate, Mrs. J. E. Storie, Mrs. Leo Cobb, Mrs. Iven Clary, the Rev. and Mrs. Shelby Bishop, Mrs. W. C. Kiker and Mrs. Dot Harris.

Sorority Bazaar Slated For Dec. 12 Discussed At Meet

Mrs. Gerald Blackburn was hostess for a regular meeting of Mu Alpha Chapter of Beta Sigma Phi Sorority, in her home Monday evening.

The group continued making plans for a Toy Bazaar, which is to be held in downtown Post on Saturday, Dec. 12. Members are making and gathering toys which cannot be bought locally for the event. Several completed items were displayed at Monday's meeting.

A program on "The Origin of Dress" was given by Miss Maxine Durrett and Mrs. Katherine Bird, following the business session.

Refreshments were served to the following members: Mrs. Max Gordon, Mrs. Jess Cornell, Mrs. Bird, Miss Melba Cowell, Mrs. Burney Francis, Mrs. Virgil Short, Miss Jane Stephenson, Mrs. Bing Bingham, Mrs. Charles Propst, Miss Durrett, Miss Ganell Babb and Mrs. Blackburn.

School Cafeteria Menus For Week

School cafeteria menus for the week have been announced by officials as follows:

Monday: Tamales, buttered peas and carrots, creamed potatoes, hot rolls and butter, sliced pears, milk.

Tuesday: Meat loaf, black-eyed peas, vegetable salad, raisin cookies, milk.

Wednesday: Roast beef and gravy, green beans, sliced pickles, coconut cream pudding, milk.

Thursday: Hot dogs, potato chips, fruit salad, milk.

Friday: Navy beans, sausage, chilled tomatoes, mixed greens, cornbread, milk, ice cream.

NEEDLECRAFT CLUB

The Needlecraft Club will meet at 3 o'clock tomorrow afternoon in the home of Mrs. F. A. Gilley.

Mrs. Carroll Bowen Is Complimented At Layette Party

Mrs. Carroll Bowen was complimented at a layette shower, from 5:30 until 7 o'clock Thursday evening, in the home of Mrs. Walter Johnson.

Co-hostesses were Mrs. Howard Maddera, Mrs. D. C. Roberts, Jr., Mrs. Florence Johnson and Mrs. L. C. Herron.

Yellow and white mums decorated the entertaining rooms. Mrs. Elton Mathis and Mrs. Herman Raphael played piano selections throughout the calling hours.

The serving table was laid with lace over yellow, and was centered with an arrangement of white mums. Punch, cake, squares, nuts and mints were served.

Thirty-four guests registered. The honoree's mother, Mrs. Bertram, of Crosbyton was present.

Club Tacky Party Held At Hamilton's

The Gordon Hamilton home was scene of a tacky party for Mystic Sewing Club members and their families recently. A committee chose Frank Runkles and Mrs. Lester Nichols to win the prizes for being the tackiest ones present.

Following dinner the group enjoyed games of 42.

Those present were Mr. and Mrs. Marvin Hudman, Mr. and Mrs. Ray Hodges, Mr. and Mrs. Nichols, Mr. and Mrs. Runkles, Mr. and Mrs. Arnold Parrish, Mrs. F. I. Bailey, Mrs. R. W. Babb, Mrs. B. C. Henderson, Mrs. O. West, Mrs. H. H. Foster, Miss Nora Stevens and the hosts.

FOCUS WEEK PARTY

The Royal Ambassadors of the First Baptist Church observed Focus Week with a party at the church Wednesday night of last week.

Garza HD Council Makes Christmas Plans At Meeting

Thirteen members, representing six Garza Home Demonstration Clubs, met Nov. 3 for a regular council meeting. The group voted to have a Christmas party and banquet at 7 p. m., Dec. 7, with the place to be announced later. A program will be given and members are to exchange home made gifts.

The following committees were appointed for the holiday party: Mrs. W. H. Childs, Mrs. Hardie Smith and Mrs. Glenn Davis, program, and Mrs. Billy Johnson, Mrs. Sid Cross and Mrs. L. H. Peel, decorations.

New officers were elected at last Wednesday's meeting. They are Mrs. Robert Mock, chairman; Mrs. H. Bevers, vice-chairman; and Mrs. Childs, secretary.

Theatre Party Is Enjoyed By Group

Mrs. Jack Brown and Mrs. Thebert McBride, roommothers for the seventh grade at Graham School, entertained the group with a theatre party last Wednesday night.

Those enjoying the party were John T. Brown, Patsy Ehrbridge, Janet Stephens, Shirley Kay McBride, Mason McClellan, Archie Redman and Clarky Cowdrey.

Guests were Damon Ehrbridge, Orabeth Maxey, Marie Howard, Allan Louise Brown and Barbara Sue Stone.

BITS-OF-NEWS

Mrs. Mable Martin accompanied Mr. and Mrs. J. E. Evans of Lubbock to Toyah Sunday for a visit with her son-in-law and daughter, Mr. and Mrs. O. D. Reese, and family.

Tuesday guests in the Shelby Bishop home were his parents, Mr. and Mrs. H. P. Bishop, and his sisters, Mrs. Austin Purdy and baby and Mrs. Bill Williams and baby, of Lubbock.

Although only a small percentage of the people of India speak English, that language is used for higher education in the nation.

Between 1650 and 1950 the number of people of European ancestry increased from about 100 million to about 800 million, says the Twentieth Century fund.

Most Groceries Priced About The Same In Germany As Here, Mrs. King Writes

(Editor's Note: This is the fourth installment of letters written by Mrs. Olive King to her parents, Mr. and Mrs. A. F. Davies of Southland, describing her new home in Germany, where she and her two children are now with their husband.

Saturday, Sept. 12: Pat and Mike started to G. I. School last Tuesday. Pat's teacher is from Lawton, Okla. I haven't found

out where Mike's is from. Clyde goes back to work Monday a. m. The others are still out in the field. He has had a car until Thursday and then Chester's was here. Groceries are about the same as there, except meat is quite some higher. Milk is 15 cents. Bread and milk are delivered from the commissary daily except Sunday and Tuesday. Groceries are delivered from the commissary at a minimum fee. The bus to the commissary is free and stops at our corner. We are 8-10 miles from Clyde's work.

The heat (steam radiators) was turned on today. Emmaline and her children have been cold, but it wasn't supposed to have been turned on until Oct. 1. There is a radiator in every room except the commode room and it has a heated pipe up and the wall. We all have new rain coats that cost \$1.25 to \$1.75, as they say we have to have them or stay in all winter. The vegetables and fruits must be cooled in a solution of water and powder for 30 minutes.

Every door has a key in it, as well as every desk, cabinet and wardrobe door, and many won't stay closed unless locked. A hot lunch is served at school for 30 cents. The school lunches, grocery bill, bread and milk, are all charged and paid for about the 4th of each month, plus 4 per cent interest, but it can't be paid in cash. Have seen some very beautiful china and crystal. The silver doesn't catch my eye as much. It's very plain and heavy. We went through a ceramics factory this week, but saw only the sales and show rooms.

These ceilings are from 10 to 12 feet high and a fly is now buzzing away about the lights. Clyde has promised to take us to Sunday School tomorrow. Mike had two teeth filled this week. The doctor commented on his teeth not being stained and being from West Texas. I didn't even grin enough to show mine, as he was talking to Clyde. He still says the back teeth in front will push forward as his bridge grows and expands. Pat loosened one of her teeth on the boat, but he said to let it come out. It wasn't the black one!

I've been told there are no colored people in Germany, but the Negroes go with peroxide blonde Germans and bring them to the post theatre and battery parties just to show off to the whites.

(To Be Continued)

BOVINE SHELL GAME

HOLLAND, Va. (AP)—The Tidewater Experiment Station here reports incomplete tests indicate refined peanut shells may become a cheap item in the winter diet of cattle. The shells cost \$12 per ton; hay cost \$10.

HOT STILL

CHATTANOOGA, Tenn. (AP)—A name indicating possible trouble meant nothing to Hamilton County officers on the prowl for illicit moonshine stills. They went right ahead and destroyed a 100-gallon setup found near Hot Water Road.

JEWISH ANNIVERSARY

NEW YORK (AP)—The 300th anniversary of settlement by Jews in the United States is 1954. The first Jewish settler landed in 1654; today five million Jews in the United States constitute the greatest Jewish community in history.

BANKED MONEY

WATERBURY, Conn. (AP)—Money and music are being banked at the Waterbury National Bank. It has 63 violins in its collection. They once belonged to a teacher, now dead, whose estate is being administered in bank.

It's a SWAP!

There are two sides to every "swap" . . . giving and getting. All through life, we are "swapping" . . . giving up something we want less to get something we want more. That's exactly what happens when you open a bank account and add to it regularly. Once the saving habit is established, you'll hardly miss the small deposits you make each payday. Yet they can make your dearest dreams come true: a home of your own, a college education for your children, financial independence for your retirement years. This is the kind of "swap" that spells success and happiness in life. And the best time to start "swapping" is NOW!

Mahon Warns Farmers And Businessmen On Controls

Congressman George Mahon warned farmers and businessmen this week of the importance of keeping abreast of acreage control developments. He feels that many adjustments are going to be necessary to meet the shock of forthcoming programs. He points out that by reason of the anticipated drastic reduction in cotton plantings, overall cash farm income will be down. Mahon made for the press the following statement on the situation.

"Farmers and businessmen can do a better job of planning if they have a general knowledge of what to expect by way of government controls. Of course, no controls will be imposed unless they are first approved by the farmers themselves. A majority of two-thirds of those participating in a referendum is required. The object of controls is to reduce production, prevent excessive surpluses, and make possible relatively high government supports.

"The vote on cotton acreage controls is set for December 15. Secretary Benson has announced that, under existing law, if controls are approved, cotton farmers as a whole will be given a national allotment of 17,910,000 acres. This is 16% below what farmers were able to plant in 1950, the last year when acre-

age controls were in operation. "There has been a shifting of cotton production toward the West, particularly to California, and these Western states will share in the national allotment. This means that in most cotton counties of the Nation sharper reductions will be made because of the shift of cotton production westward, and because of the overall 16% cut below the 1950 control program.

"Under the anticipated control program, farmers in cotton-producing counties will be privileged to plant a certain percentage of their cropland to cotton. Generally speaking, within the county the percentage factor for each cotton farmer would be the same. The factor would differ from county to county. It would be based upon the percentage of their cropland in cotton during the past five years. However, the five-year period upon which allotments for next year would be based would not include 1949 and 1953. The law specifies that abnormal weather conditions must be taken into account in arriving at allotments.

"In the 1950 program in the 19th District cotton factors ranged from a low of 12% in Yukon County to a high of 58% in Dawson County. The factor represents the percentage of cropland that the average cotton farmer in the county could plant in cotton under the program. The average factor in the 25 counties was 38%. This was by far the highest average of any block of counties in Texas. Scores of Texas counties had factors of less than 5%. The factor for Garza County was 47%.

"Prior to December 15 the local PMA office will announce the proposed factor for 1954 in each county. Generally, the announced factors will be lower for 1954, but the figures cannot be accurately predicted. Many variations can be expected as a result of cotton planting histories for the key five-year period.

"In my opinion, the announced national cotton acreage allotment is too low, and I believe that the chances are about fifty-fifty that Congress, when it reconvenes, will raise the national allotment to about 22 million acres. However, the farmer cannot be sure of future developments. The House of Representatives passed a bill in June raising the national allotment to 22 million acres, but a controversy on the matter arose in the Senate and final action was not taken.

"Secretary Benson has announced that controls may be established on corn production next year. If this develops, a control program on combine milo could be announced. Yet, as of this date, there is no regulation which would limit milo and sorghum plantings in 1954. For example, a producer in a county with a 30% cotton factor could plant 30% of his land in cotton and 70% of his land in milo. The Secretary has already announced a support program on milo for next year at 85% of parity.

"The wheat control program is already in operation. However, it has now been specifically announced by the PMA in Washington that a new wheat farmer without an allotment can with his present plant, harvest and sell the wheat production from 15 acres of wheat or less. He would not be eligible for a loan on the wheat, but this would not limit the producer on compliance on other farm products.

Slaton To Be Host At VFW Convention

Members of Post's Veterans of Foreign Wars organization will attend a District 7 VFW convention in Slaton Saturday and Sunday.

Luncheon will be served Sunday noon at the Club House. Guest speaker will be Cong. George Mahon.

Representatives at the convention are expected from Spur, Lorenzo, Lubbock, Morton, Brown.

Mr. and Mrs. Frank Chambers of Kermit were guests of the A. A. Suits during the weekend.

Mrs. Joyce Herd and Mrs. Irene Rodgers returned home the first of the week from San Antonio, where they visited friends.

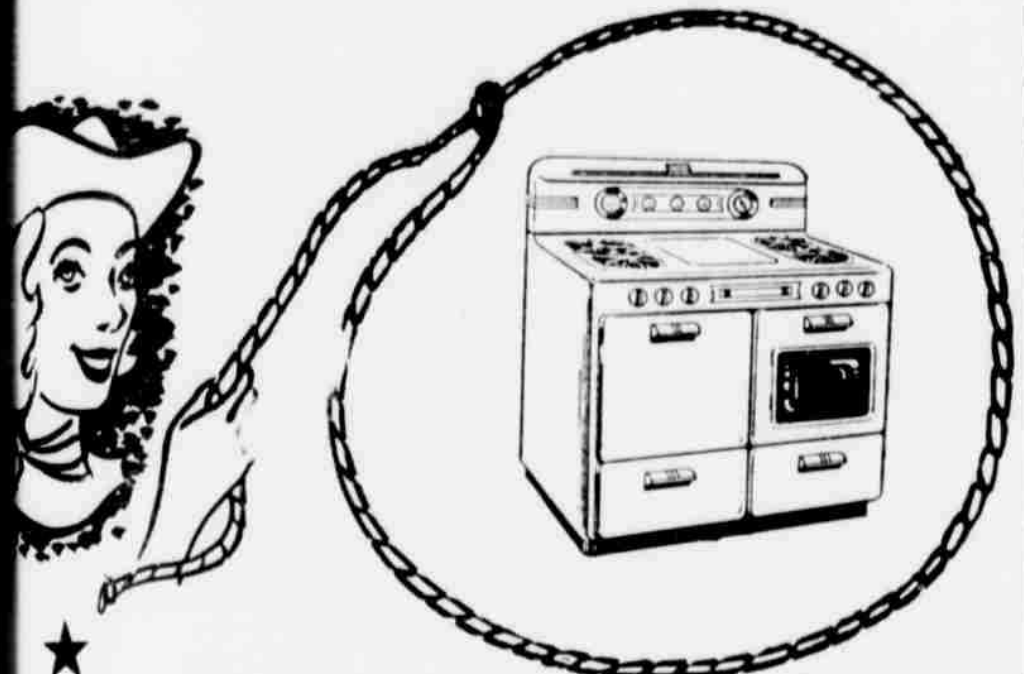

Gaylord Anderson of Tech spent the weekend here with his parents, Mr. and Mrs. Vachel Anderson.

Mr. and Mrs. Otho Penix attended the Tech-Arizona football game in Lubbock Saturday afternoon.

Task Of Feeding Family Well Vital To Its Happiness

COLLEGE STATION (Sp.) — Are you trying to do a blue-ribbon job of feeding your family well? If so, you know the task is vital to health and important to happiness, and it isn't easy. According to the foods and nutrition specialists for the Texas Agricultural Extension Service, you have a 4-Point food program: to serve enjoyable meals, keep your family well nourished, practice thrift when need be, and save time and energy when you can.

The specialists say food supplies usually are of special interest to homemakers during the last two months of the year when holidays and company meals take more attention. The fall and winter supplies of fresh fruits, potatoes and sweetpotatoes and beef are expected to be larger than last year. On the other hand, smaller supplies of processed fruits and juices, fishery products and pork are expected. Families should be able to eat almost as much turkey as they did in November and December of last year, and to go with that traditional bird, there will be more cranberries, apples and raisins, lots of pecans and almonds, but fewer walnuts and filberts.

Watch for the plentiful foods list each month to guide in your planning and shopping.

field, Levelland, Lamesa, Seagraves, Tahoka, Post and Slaton.

Nov. 16 Marks Opening Of Big Game Season

Texas deer and turkey have rallied somewhat from the severe drought period and prospects are for a fair season, according to the Executive Secretary of the Game and Fish Commission.

The annual big game hunt under the General State Law opens November 16 and continues through December 31. There are special seasons for larger areas like West of the Pecos, Panhandle and Possum Kingdom, as well as several special dates on the county level. Bag limits and shooting hours likewise vary.

An expected 100,000 hunters will take to the field for the fall classic. The kill on deer usually runs about 40,000 in Texas. The turkey harvest is estimated at close to 6,000. Both deer and turkey suffered from the prolonged drought but rains beginning in the late summer have at least partly relieved the crisis, on the basis of reports to the Executive Secretary.

Even in Deep South Texas the deer have rallied, although there was some die-off in the heat of the summer.

In the Hill County, game wardens reported a definite pickup in deer prospects and said wild turkey were slowly rallying from three bad hatching seasons.

The Executive Secretary advised hunters to study their Game Law Digests on hunting regulations and to look up the local game wardens for any additional information needed.

IT'S TRADE-IN TIME FOR A BETTER DEAL
Want top allowance on your present car? See us this week for a deal that will raise your pride. Now is your chance to drive a moneysaving bargain.

It raises your pride and races your pulse

You feel it the moment we turn over the keys to you. You now own the handsomest "hardtop" around — a Buick Riviera — and the warm glow goes all through you. But not alone for the racy beauty of the car. You feel that prideful surge, too, from the fact that here you bought yourself a whole of a lot of automobile — a whole of a lot of room and power and soft luxury and ride steadiness—for a lot less than you expected. For the automobile pictured here is a Buick SPECIAL Riviera—which means it delivers locally for just a few dollars more than the "hardtop" models of the "low-price three."

But it's only when you drive away in your bounteous new beauty that the real thrills begin and the satisfaction deepens...

When the highest Fireball 8 power in Buick SPECIAL history whisks away the miles with effortless ease...

When Twin-Turbine Dynaflo* gives you instant getaway response with silken smoothness, and the Million Dollar Ride levels every inch of your way...

When the deep wide seats cradle you in spacious comfort and the great glass areas give you visibility practically unlimited.

Surely you ought to look into this great Buick that's so prideful to own, so thrilling to drive, so easy to buy. We'll be happy to arrange a sampling. Can you visit us this week?

Mr. and Mrs. F. B. Cearley visited Mrs. Inez Spinks in Lamesa last week.

Mr. and Mrs. A. O. Rosenbaum and Imogene spent Sunday in Snyder with the Paul Foster family.

Sunday guests of the Jim Barrons were the Rev. and Mrs. Nichols of Lubbock and Mr. and Mrs. Will Teaff.

Visitors of O. R. Cearley and his sister, Mrs. Jessie Curry, Sunday afternoon were Mr. and Mrs. Mike Murdock and Mr. and Mrs. Bob Smith and daughter of Lubbock and the F. B. Cearleys and Walter Browns.

Pete Maddox left last week for Odessa, where he is now employed.

Sunday visitors of the R. V. Blacklocks were Mr. and Mrs. Tom Blacklock of Post and Hazel Shults and Beverly Bartlett.

Mr. and Mrs. Connie Caylor of Post visited Mr. and Mrs. Sam Sanders and Sammy Sunday.

Mr. and Mrs. Eldon Roberts and girls visited the Will Teaffs Sunday en route to their home in Abilene after spending the weekend with the Milton Bayer and Harvey Stotts families.

Mr. and Mrs. Woodrow Furr and LaVerne and Novis have moved to Post.

The Rev. Mr. Nichols of Lubbock preached here Sunday morning and was called as pastor at the conference Sunday night.

A group of young people enjoyed a party at the Will Teaff home Tuesday night of last week. After games, sandwiches, cookies and pops were served to the following: Patsy Shults, Onetta Jones, James Barron, Novis Furr, Janet Blacklock, Robert Craig, Gwen Copple, Hazel Shults, Harry Smith, John Shults, Audie Teaff and Ernie Popham.

WME met Monday afternoon for a program on Korea, with Mrs. Barnie Jones as leader. Those present were Mrs. L. E. Mason, Mrs. Jones, Mrs. Will Teaff, Mrs. Jim Barron, Mrs. R. V. Blacklock, Mrs. A. M. Smith and Mrs. Walter Brown.

The Will Teaffs visited the Milton Bayer family in Lubbock Tuesday.

Navy Man, Son Of Post Residents, Writes Letter Describing Journey

(Editor's Note: The following letter is from Lt. Commander Joe Pierce, son of Mr. and Mrs. E. E. Pierce of Post, who recently sailed on the USS Oriskany for duty in the Far East.) Dear Folks:

Tomorrow we arrive in Japan. We will be at a town called Yokusuka, which is about 50 miles from Tokyo. We are to be there only a few days, and then go to sea again. Most of the time for the next few months we will be at sea. We are going to get to spend a few days in Hong Kong.

We left San Francisco Sept. 14, Virginia and I left the kids with the Welders and had a real good vacation for three days—then goodbye. I don't think anyone who hasn't gone through it can ever realize how hard it is to go away and leave your wife and children, knowing you won't see them again for nearly a year.

We spent two weeks in the Hawaiian Island area, mostly at sea. We had an inspection there by a group of senior officers to determine whether or not our ship and air group were ready for business. My unit was called "outstanding," the highest grade given, and a grade that was earned by only two other units (out of about 100) in the ship and air group. So I think we've been doing a good job.

My unit includes 33 people and three airplanes. We are a part of the air group of the ship, and our main business is to fly aerial anti-submarine patrol, which we are trained to do day or night and in all kinds of weather.

The ship we are on is the Oriskany. It is very much the same as the Hancock, which I was on during the war, and like the big ones you saw at San Diego. I have a room with two other officers.

We're not doing much flying so far. I've had seven flights since leaving San Diego. We will probably fly a lot after we leave Japan.

Not too much to write about from out here. No excitement, no nothing—just counting the days until next May 3, when we are due to arrive back in San Francisco.

(Continued From Front Page) garbage pits. Section 6. From oil well east; to be heavily planted in trees, including cottonwoods and willows below water line; immediate oil well area to be planted in grass and enclosed by California privet hedge.

Section 7. To include barbecue pit, with good soil or caliche around pit, large garbage receptacle; heavily-planted trees below water line; west of pit, playground equipment, trees and grasses to within 200 feet of highway.

Section 8. Eight concrete tables and 16 small seats, placed where needed; caliche roads, to be black-topped later; four garbage pits, locations of which are to be staked later; evergreens.

These eight sections, it was explained, have been laid out and marked on the map for the benefit of local groups desiring to sponsor a park project. After selecting their project, they must have it approved by the City Commission and the City Park Board.

Representatives of the clubs and other groups may see the map at the office of Shelley Camp, a member of the park board. Other members are Vachel Anderson and Dr. A. C. Surman.

George "Scotty" Samson, who drew up the map and who has directed improvement work at the park site this summer, said a total of \$750 has been contributed toward a fund of \$1,500 needed for playground equipment. Contributions have been: Double U Company, \$500; Southwestern Public Service Company, \$100; First National Bank, \$100; and Giles Connell, \$50.

Several pools and parks were inspected by Samson, city officials and others in arriving at plans for the Post project. Samson and Lewis Herron, Garza County agent, visited a number of parks and pools in Dallas while they were there for the State Fair. Herron plans to run contour lines at the park site this week and next.

Mayor T. L. Jones said the City of Post had come to the conclusion that the park and swimming pool project can be built without having to "float" a bond issue. This can be done only, however, if local organizations adopt and carry out individual projects at the park. A number have indicated a desire to do so, with some, including the Junior Chamber of Commerce, already under way with park project fund drives.

ACP Practices - - -

(Continued From Front Page) to help control wind erosion. Contour listing, contour chiseling, cross-slope chiseling, pit cultivation, or chiseling not on the contour for wind erosion control.

Deferred grazing. Control of bindweed. Practices to meet new conservation problems, to be developed at anytime needed.

Signing of intention sheets for the 1954 program is scheduled to get under way next week, according to Custer.

Representing the various services at Monday's meeting were Lewis Herron, Extension Service; Guy Nutt, SCS, and T. L. Jones, PCA.

4-H Program - - -

(Continued From Front Page) 4-H or some educational program like it for rural youth. This growth, he adds, is reflected in the number of young men and women now going from this nation or coming to it from other countries under the International Farm Youth Exchange program which commenced in 1948.

Lynch says the 4-H theme for 1953, "Working Together for World Understanding," will be highlighted in window displays, radio programs, meetings and other activities.

He encourages Texans to attend a 4-H achievement meeting in their community or county for a first-hand report on what this, the world's largest volunteer rural youth organization, means to the boys and girls who actively carry out their program of work.

Antelopes To Wind Up H. S. Football Careers In Spur Tilt

Antelopes, with 11 games to play, will wind up their school careers with a game against the Spurs on Friday night in a 13-12 decision over Matador. Coach Sam Hawkes' Bulldogs have gained momentum each successive week in chalking up victories over Ralls, Haskell, Crosbyton, Hamlin, Slaton, Floydada and Abernathy.

The Spur eleven's offensive sparkplug is Curtis Blair, 135-pound quarterback, who is as deadly with his passing as with his running. Other backfield luminaries are Boyce Rankin, Tommy Hightower, James Kidd, Charles Sonnemaker and George McAteer, who last Friday against Abernathy kicked the only field goal made this season by a schoolboy eleven in this area.

Leading Spur's rugged line is End Chester Lindsey, who lettered last season at center. Other forward wall standouts are Billy Morgan, end; Ralph Gibson and Fred Price, tackles, and Don

ler and Darrel Bruton, backs. While the Antelopes were losing to Floydada, 26-7, last Friday night, the Spur eleven was swarming over Abernathy, 30-19. Opening the season with a 13-12 decision over Matador, Coach Sam Hawkes' Bulldogs have gained momentum each successive week in chalking up victories over Ralls, Haskell, Crosbyton, Hamlin, Slaton, Floydada and Abernathy.

The first period was scoreless, but the Whirlwinds struck for two counters in the second quarter. Gordon Joiner, end, recovered an Antelope fumble on the Post 25, and a few plays later, Cloyd Stephens went over for the first tally. The second touchdown of the first half came on a 24-yard pass from Jerry Bob Harrison to Jack Womack, after the Floydada eleven had made a sustained drive from their 24. Both extra point attempts were missed and the Whirlwinds held a 12-0 half-time advantage.

In the third quarter, Novis Pennell, Antelope linebacker, intercepted a Whirlwind pass on the Floydada 42 and got down to the 8, from where Darrell Ray Norman crashed over and then booted the extra point.

Holding a narrow 12-7 lead, Floydada scored again in the final quarter, with Stephens racing around end for the TD. Don Barber converted to make it 19-7. A Post fumble behind their own goal line accounted for the final touchdown, Gary Carthell falling on the loose ball, and Barber kicking the extra point.

Despite the damp, cold weather, a large crowd of Post fans made the trip to Floydada for the Antelopes' final out-of-town game of the 1953 season.

By ELMER FUDD

Missing on all three of our District 5-AA predictions Friday, doesn't leave us with much of a picking percentage, so what have we got to lose by predicting that the Post Antelopes will upset the Spur Bulldogs here Friday night in the season's finale for the locals.

We look for the Antelopes to pull the same sort of a surprise performance they came up with against Slaton on a night they were supposed to lose by anywhere from two to three touchdowns. A resounding defeat of Coach Sam Hawkes' favored Spur eleven would help keep the 1953 season from being a too-dismal one for the Post gridgers. We think they can pull the trick — if they can hold onto the ball.

Another District 5-AA game Friday finds the Floydada Whirlwinds winding up their season at Tahoka against Coach Bill Haralson's Bulldogs, who have as good a chance as Spur to annex the conference championship. Playing on their own field, we think the Tahoka eleven will "take" the visiting Whirlwinds in an impressive manner.

Friday's other conference game finds the Abernathy Antelopes on the Slaton Tiger gridiron in a contest between two elevens which are out of the running for the district title. We're picking Slaton to score their first district victory at the expense of Coach Royal James' Antelopes, who must have been demoralized in that 50-19 defeat last Friday night at Spur.

The Crosbyton Chieftains had an open date Friday, but return to action this weekend in a District 3-A game at Hale Center. The Owls, who defeated New Deal, 25-0, last Friday night, are favored to defeat the Chiefs.

Getting around to some of the other 1953 opponents of the Post Antelopes, the winless Ralls Jackrabbits play at New Deal in a District 3-A game and have an excellent chance of scoring their first victory of the season. The Jackrabbits were downed by the

Texas Tech, Nation's Leading Scoring Team, Plays Tulsa U. There Saturday

LUBBOCK (Sp.) — Leading scoring team in the nation, Texas Tech's Red Raiders go after the University of Tulsa Golden Hurricane in Tulsa Saturday afternoon.

Tech led the nation last week and sent its point total up to 292 (for a 36.5 average) in downing the University of Arizona 52-27 at Homecoming Saturday afternoon. Tech's season record is now 7-1. The Red Raiders, who lost only to Texas A&M, are undefeated in Border Conference play.

After meeting Tulsa, the Raiders play University of Houston

Bits-Of-News

Miss Charline Didway returned to Loveland Monday after accompanying her parents, Mr. and Mrs. Charles Didway and sons, Walter and Curtis, to Stillwater, Okla., for the weekend.

Mrs. Kate Speed and Mrs. B. E. Caudle and son, Gary, of Granbury visited Mr. and Mrs. J. A. Johnson, Mr. and Mrs. C. E. Gray and Mr. and Mrs. H. A. Roberts over the weekend.

Idalou Wildcats, 27-6, Friday night in a district contest.

The Sundown Roughnecks of District 4-A continue to roll. They racked up a 65-0 victory Friday over Whiteface in a conference clash. The Roughnecks won't have such an easy time of it this Friday night against the Stanton Buffaloes on the latter's gridiron. The setting is ideal for an upset, which would throw the district race into a tangle.

The Rotan Yellowhammers, who played in Post on Oct. 9, lost to the Colorado City Wolves, 59-6, Friday night in a district game. The Yellowhammers take on Hamlin this weekend and once again are underdogs, although they'll have a better chance than against their last three opponents, who have been Stamford, Albany and Colorado City.

We'll see you at the Spur game Friday night. Let's go out and whoop it up for an Antelope victory!

Tiger Has Inside Track On Scoring

With only one game to go, Jerry Reynolds, Slaton Tiger quarterback, appears a "cinch" for this season's scoring honors among District 5-AA players. Although the diminutive Tiger field general failed to score a touchdown in his team's 28-13 loss to Tahoka, he made an extra point to run his season's total to 115 points.

J. B. Ables, Tahoka fullback, scored two touchdowns and added four conversions in the Slaton game to boost his total to 85 points, which is good for second place.

The leading point makers:

	td.	ep.	tot.
Reynolds, Slaton	18	7	115
Ables, Tahoka	12	13	85
Sparkman, Slaton	11	3	69
Womack, Floydada	8	0	48
Stephens, Floydada	8	0	48
Blair, Spur	8	0	48
Ramos, Abernathy	7	0	42
Bradshaw, Spur	6	0	36
Williams, Post	6	0	36
Rankin, Spur	6	0	36
Smith, Tahoka	5	3	33
Melton, Tahoka	5	3	33
Powell, Abernathy	5	0	30
Malouf, Post	5	0	30
Harrison, Floydada	5	0	30

MINE REPORT
CARSON CITY, Nev. (AP)—Net proceeds of Nevada mines total \$10,238,176 during the first six months of 1953, the State Board of Equalization reported recently.
