By Wallace Kimbrough  
County Agent

Twenty-seven Garza 4-H club boys and the local nine men and the local boys spent the day Friday, June 9, at the South Plains Army Air Field. Around two hundred men were on the field Friday in various counties of this area. Some from Garza county read a most enjoyable day.

The boys who went were: Joe Stokes, Frank Stokes, Emory Stevens, Alvin Davis, Dwayne Fleming, R. E. Josey, Lester Josey, Frank Thomas, Carter Gene White, Jimmy Moore, Billy Glenn West, Harley Martin, Durwood Hallman, E. P. Wicker, David Rogers, Weldon Rogers, Bill Fumagalli, Pat Taylor, Homer Joe Mason, Bennie Wilks, Jimmy Puckett, Percy Parsons, Gene Carpenter, Billy Bob Hoover, Gaylon Young, Eugene Ashley, J. E. Thomas.

The following men went and each took a car load of boys: Lewis West, C. W. Carpenter, D. W. Parsons, Glenn Davis, Charley Rogers, L. C. White, Mr. Thomas, Walter Josey, and Wallace Kimbrough, County Agent.

The county agent would like to take this means of thanking these men for their help and assistance.

The Strongest of Bonds... Your Dad and Your Country

BUY A BOND FOR FATHER'S DAY

Above is the official Father's Day poster for 1944. The painting is the work of Herbert Bohnert, famous poster illustrator. The original is in four colors and will be printed in these same four colors in many sizes and shapes and distributed throughout the country. The poster is dedicated to the Father Bond Drive of the United States Treasury Department.

## Payton No. 1 To Plug Back At 3580 Ft.

Honolulu Oil corporation and Devonian Oil company No. 1 Payton, section 1,421 TTRR survey, in northwest Garza, is to plug back to about 3,580 feet, from the present total depth of 3,768 feet, and run casing to the new bottom, and test the zone above that level, which has shown considerable oil.

After digging to the 3,768-foot horizon, the No. 1 Payton swabbed 170 barrels of fluid into tanks in 12 hours—of which 56 barrels was pipe line oil—and the remainder sulphur water.

Following that period the swabbing continued, but only sulphur water was recovered. The plug-back is to get the water sealed off, so that the oil zone, which was practically all above the 3,580-foot mark, can be tested without having to try to handle the unneeded fluid.

Numerous observers indicate a belief that the project can be completed for around 100 barrels per day production. Considerable lease and royalty trading on acreage in the vicinity of the possible new discovery, has been reported during the last week.

## Fifth War Loan Campaign Underway In Garza County

The Fifth War Loan drive officially opened throughout the nation Monday. This drive to help provide the money which is needed to win the final victory over Germany first, then Japan, has received momentum in many sections of the country with invasion spurred sales.

The United States has spent \$200,000,000,000, on the war so far and before the year is out another \$95,000,000,000 will be spent. The march from Naples to Rome cost \$6,700,000,000. To take the Marshall Islands it took \$6,000,000,000.

The total quota of the nation in the Fifth War Loan drive is \$16,000,000,000. Garza county's quota of \$295,000 is the largest of any of the war loan drives thus far. However, the Series E quota of \$95,000 is somewhat smaller than in previous campaigns.

Everyone is urged to buy all the bonds they can without waiting for campaign workers to call on them. It is hoped that voluntary buying will be sufficiently heavy that it will not be necessary to wage an intensive campaign. The campaign organization is expecting that a campaign of some kind will be necessary and they are prepared to undertake whatever efforts are required to reach the goal.

Twenty Post Boy Scouts are already at work selling Series E War Bonds, reports Scoutmaster Weaver Moreman, and more will be at work before the end of the week.

The Post Dispatch is offering a \$25.00 War Bond to the Boy Scout who sells the most Series E bonds during the 5th War Loan drive, \$5.00 in stamps for second place winner and \$2.50 in stamps for third place winner. They will get credit for every order they secure. Scoutmaster Moreman has a supply of order forms for the Boy Scouts to use.

Every man or woman with a boy in uniform can make no mistake if they buy a bond from a Boy Scout in uniform.

Our boys on the Invasion front and the other battle fronts are expecting us to keep doing our job and one thing we can do and do right now, is buying War Bonds. Let us do our part in this drive, whether it is both selling and buying bonds, or just buying.

## Monday, June 18 Father's Day

Services appropriate for the occasion will be held in the churches at Father's Day which is Monday, June 18.

Father's Day is celebrated chiefly in the United States on the third Sunday of June, this date generally accepted since the movement is said to originate in 1910, to Mrs. Bruce Dodd, of Spokane, Washington, as a tribute to her father, William J. Smart, who had raised up his children orphaned by their mother. The ministerial organization of Spokane, newspapers, and various commercial interests later promoted the acceptance of the idea, which was facilitated by the existing popularity of Mother's Day.

## "This Is the Army" At Garza Theatre Wednesday-Thurs.

Uncle Sam proved himself the all-time big-time talent scout in the annals of show business when Irvin Berlin's "This Is the Army" opened on Broadway, July 4, 1942. He brushed his fingers over Army camps from coast to coast and came up with a fat fistful of 350 boys accomplished in every phase of show business. They put on a show that played to solid "Standing Room Only" for three months and filled theatres every time in an ensuing tour of twelve more cities. The boys in the box-office shoveled in more than two million dollars right over to Army Emergency Relief.

Now Irvin Berlin's "This Is the Army" comes to the Garza Wednesday and Thursday in a gorgeous Technicolor film produced by Warner Bros. The Warner Bros. studio paid a quarter of a million dollars to Army Emergency Relief for the privilege of transferring the show to the screen on a non-profit basis.

The big musical show came into being when your Uncle Sammy remembered a fellow named Irvin Berlin who worked for him as a Sergeant in the last war. Nephew Irvin—or Sergeant Berlin—was a fellow who always simmered with songs and energy and had cooked up the idea of staging a soldier-show at Camp Upton. He called it "Yip, Yip, Yaphank" and Yaphank (where Camp Upton is located) yipped its delight. So did Broadway, when the show moved there for a successful run and made a pile of money for Army Relief.

The movie version is an even bigger show, for Warner Bros. added a lavish cast of Hollywood stars, including George Murphy, Joan Leslie, Lieutenant Ronald Reagan, George Tobias, Alan Hale, Charles Butterworth and Kate Smith. The vaudeville-revue form of the stage show had to be given a plot-structure for screen purposes.

## County Democratic Committee Meeting Is Set For June 19

June the 17th is the last day for Precinct and County candidates to file requests to have their names on the official primary ballot.

The County Democratic executive committee will meet June 19 at 3 p. m. at the Court House to determine by lot the order in which the names will appear on the official ballot.

The following are names of Precinct chairmen:

Prec. 1, Post, Tom Boucher; Prec. 2, Southland, W. R. Craft; Prec. 3, Verbena, J. S. Nichols; Prec. 4, Justiceburg, Cecil Smith; Prec. 5, Close City, L. H. Peel; Prec. 6, Graham, J. W. McMahon; Prec. 7, Pleasant Valley, Lee Ward; Prec. 8, South Post, Paul Moore; Prec. 9, Two Draw, Morris Neff; Prec. 10, Wright Hinson, Wright Hinson.

Respectfully Signed,  
T. R. GREENFIELD  
County Democratic Chairman

## Candidates Must File By Saturday

Candidates for county and precinct offices have until midnight June 17 to file with County Democratic Chairman T. R. Greenfield for a place on the primary ticket for the election July 22.

Chairman Greenfield has received a number of applications through Thursday and expected several more to file before the deadline.

Under the emergency regulations, soldiers may vote an absentee ballot in the primary and general elections if they are otherwise qualified by law to vote. They must make application to the county clerk for the absentee ballot. As soon as the ballots are available, they can be sent by air mail, postage free, to service men and returned the same way. Wives, or other authorized agents of the soldier may certify as to the eligibility of the service man to vote.

## Applications Being Taken For U. S. Border Patrolmen

What job could appeal more urgently to a strong-hearted man than that of Border Patrolman, now officially designated as Patrolman Inspector trainee, \$2300 a year plus overtime, asks Oliver McMahon, local civil service secretary at the post office, announcing that the requirements for this federal post with the Immigration and Naturalization Service, have been lowered.

"For the required year of experience in such positions as soldier, sailor, marine, coast guard, salesman, policeman, deputy sheriff, guard, or office worker, applicants may substitute one year of education above the high school level for each three months of experience," McMahon said.

Applicants must be physically fit to perform arduous duty and must measure at least 66 inches in height without boots or shoes. Only males between the ages of 21 and 45 will be considered.

Interested persons should secure an application Form 57 from any first or second class post office and file it immediately with Director, Tenth U. S. Civil Service Region, 210 South Harwood, Dallas 1, Texas.

"If you meet the minimum qualifications and if you are not subject to immediate draft, you will be notified when and where to report for an oral and physical examination," McMahon said. Upon passing these tests you will be instructed to report for duty to some point along the international boundary line between Texas and Mexico.

## Combines, Tractors And Crews Going To Grain Harvest

By Wallace Kimbrough, County Agent of Texas A & M College Extension Service

A few combines, tractors and crews are going from Garza county to aid in harvesting the small grain crop. The County Agent received a phone call from D. A. Adams of Plainview, who has charge of placing combines, men and other equipment over West Texas in the grain harvest, wanting three combines to do custom harvesting in Brady, McCollough county, the earlier part of the week. The local county agent after locating three combines that were available called the County Agent at Brady to find out the price, number of days of work that would be available for these combines. The price was \$4.00 per acre and they promised 26 to 21 days of work. Jim Williams took two combines and A. M. Lucas took one. W. E. Pierce sent two trucks to haul grain.

John Baker is planning to go to Crowell with two trucks to assist in the grain harvest there and to move north along with the grain harvest as it progresses into the states north of Texas.

Farmers with combines who wish to do custom work with their combines should get in touch with Asdy Adams of Plainview or his local county agent who will assist them in going to localities where combines are needed.

## Andrew Dent In Hawaii

Andrew Dent CSOO, is back his home in Hawaii for the first time in 2 years. Part of that time spent in the United States but was in the islands of the South Pacific for several months.

Dent married in Hawaii more than five years ago and has made his home there since. His address is: Woodie Emmett Dent, 300 E and R Dept., Shop No. Navy 128, c/o Fleet P. O., San Francisco, Calif.

## Government To Release Use Trucks To Texas Farmers

County Agents over Texas have been notified that the government is releasing around 1,000 trucks in Texas which will be available to farmers for the use in the essential part of their work in the production, transportation, etc. of agricultural food products.

In order for a farmer to purchase this equipment, it is necessary that some government agency dealing directly with the agricultural program recommend to the Treasury Department that the purchaser will use the truck for the purpose intended. The AAA, Extension Service, Forest Service and War Production Board are to make recommendations as to who should be allowed to buy the trucks. The object of the offer is to get the equipment in the hands of the users for critical needs as quickly as possible.

## Pvt. Alton L. Warren Writes From Italy

"I have just received the Dispatch. It is the first paper I have had from home in over 3 years and 3 months. The paper was 2 months old when it got here. I was very happy to read what is going on around Post. I have been overseas 18 months and have not seen my folks in over 3 years."

Mrs. E. E. Sanders of Sweetwater transacted business here Monday.

## Changes Announced In Induction Plan

Washington—It has been announced by Selective Service that after July 1 inductees no longer will be ear-marked for either the Army or Navy after their pre-induction physical examinations but will be placed in a common pool to be drawn upon according to the needs of the services.

"The revised procedure will enable local boards to continue to fill each call by selecting available volunteers and non-fathers ahead of fathers, and induct men in accordance with their order number, as provided by law," the headquarters statement said.

Selective Service also instructed local boards not to send up for induction any men who have been classified as fit for limited services only, unless ordered to do so by the state selective service director. The Army has been accepting limited service registrants up to five per cent of the monthly calls. None has been accepted by the Navy.

## New Arrivals...

Mr. and Mrs. Buster Davis of Southland are announcing the arrival of a baby girl on June 8.

Mrs. Donald Bedford of Southland and her husband in the service are announcing the arrival of a 7 pound baby girl on May 27. Mrs. Bedford is the former Ruby Edwards.

Rev. and Mrs. Harrell Rea are announcing the arrival of a baby son, Jarrod Allen, on June 5. Rev. Rea is a former pastor of the First Christian church of Post and now lives in Fort Worth where he is assistant pastor of the First Christian church there.

Mr. and Mrs. Bernie Jones are announcing the arrival of a 10 pound, 8 ounce baby girl, Rita Fern, on June 8.

## Melvin Hill Farm Scene of 60 Rows Planted At Once

Fifteen 4-row tractors lined up in a field and planting 60 rows at a time was the unusual scene of action on the farm of Melvin Hill Tuesday morning.

Hill, son of E. C. Hill has been sick for several months. His neighbors in the Graham community brought their tractors and needed equipment and planted his 200 acres quickly and finished early while the morning was still cool.

## \$5 Auto Use Stamps On Sale At Postoffice

Announcement is made by Postmaster Phil S. Boucher that the \$5.00 Motor Vehicle Use Stamp is now on sale at the post-office. These tiny little stickers must be attached to all motor propelled vehicles using the highways on or before July 1st.

This is a federal tax and has no connection with any state auto tax. Some trouble was caused last year when federal authorities checked all cars in the county to see that the stickers were attached. Some had neglected to pay the fee, others had failed to attach them to their cars or had lost them. This proved to be rather expensive. All in all, it wouldn't be a bad idea to pay it this year.

## Wartime Does Not Lessen Candidates In Garza County

Many voters thought for a while that this would be a light political year in Garza county, but it didn't turn out that way.

Several new candidates waiting until June to announce make it appear now that there will be some close competition and the races will be hot.

Two years ago there were 22 candidates for office in Garza county who had announced by June in the Dispatch. Today there are 24 candidates who have announced for county office.

It is predicted that about the same number of votes will be cast as two years ago. A check of records in the office of W. L. Cross, tax assessor-collector showed that 1,383 poll-tax receipts were issued for the current year.

Normally, on election year, poll tax receipts should run 1,400 and they almost reached that number this time, though a number of potential voters are absent from the county in the armed forces and on defense jobs.

Laura Bell of Clovis, N. M. is visiting Mrs. Ben Smith.

## Harvey Moreman Is Candidate For County Treasurer

To the Voters of Garza County: I have decided to enter the race as a candidate for the office of County Treasurer.

I will need no introduction as I am no new comer. I will appreciate everything you can do for me.

Please do not expect me to call on you or bother you with any cards. I am all for winning the war.

Yours,  
H. D. MOREMAN

**PREVENT DISASTER**

"The war is not over," says the  
 National Board of Fire Under-  
 writers. It points out that while  
 the immediate danger of bombing  
 may have passed, the need for  
 new and effective apparatus in the  
 fire departments of cities and  
 towns is just as great as ever.

A destructive fire in a war  
 plant is equally disastrous, whether  
 it resulted from lack of efficient  
 fire-fighting equipment or from a  
 block buster.

Modern apparatus must be used  
 to save the lives of people crowd-  
 ed into hotels, apartments, tenements  
 and houses, and those in  
 industries working under less than  
 normal safe conditions. Much old  
 fire-fighting equipment is becoming  
 obsolete, and few cities have  
 had the desirable amount of re-  
 serve apparatus.

To forestall disastrous fire losses,  
 public officials charged with  
 the protection of life and property,  
 should urge that public bud-  
 gets include liberal allowances for  
 fire-fighting equipment.

We should always remember  
 that a Coconut-Grove tragedy or  
 fire-sifted war plant is of maxi-  
 mum aid to our enemies, for such  
 destruction involves no effort or  
 expense on their part.

**Views of  
 Neighboring Editors:**

Nolan County News— Follow-  
 ing the events which have trans-  
 pired this week in Europe, it isn't  
 even pleasant to speak of strikes  
 yet it has occurred to us that it  
 is a good thing for labor strikers  
 as well as the rest of us that farm-  
 ers never strike.

Farmers, instead of figuring out  
 ways and means of cutting down  
 the hours they have to work, usu-  
 ally are figuring out how they  
 can get in more hours of work.

Instead of being content to  
 work from the first crack of  
 dawn to the last ray of dusk,  
 they equip their tractors with  
 headlights, they equip their com-  
 bines with lights, and all other  
 equipment they can so that they  
 may get in more hours of work.

They may complain about the  
 money they receive in return for  
 their labor, yet they never go out  
 on a strike. They not only have  
 long hours to work, they have  
 weather to worry about—and now  
 they have labor shortages, thin  
 tires and limited gasoline sup-  
 plies to worry about—yet they  
 never strike.

If all other classes would emu-  
 late the farmer, we would all get  
 along a lot better.

Lynn County News— Dorothy  
 Thompson, news commentator,  
 Norman Thomas, leader of the  
 Socialist party, and other ele-  
 ments in this country are chim-  
 ing in with the Pope of Rome in  
 the suggestion that peace terms  
 should be proposed before Hitler  
 and the Nazis are thoroughly  
 licked. War is a terrible thing and  
 all of us hate it, but we did not  
 start this war. It was started by  
 those international thugs and rob-  
 bers, Hitler, Tojo, and their  
 henchmen, and it must be con-  
 tinued until they are crushed.  
 What would you think of the peace  
 officers and the people of your  
 town if they should propose peace  
 to a bunch of bandits who had  
 raided your town and were still  
 shooting while undertaking to  
 escape with their loot? We don't  
 think red-blooded Americans  
 would think of quitting at that  
 stage of the game.

**Tank-Destroyer Unit Is  
 Very Proud of Its Guns**  
*Combat Team Confident; Differs  
 Little From Battle-Tried Outfit*

By Ernie Pyle

SOMEWHERE IN ENGLAND.—I went out the other day with a tank-  
 destroyer unit. They have been over here long enough to form an opinion  
 of English weather but you can't print it in a nice newspaper like this.  
 It was the first time in ages I had been with a combat outfit which had  
 not yet been in battle. There isn't  
 so much difference, as you might  
 think. The really  
 noticeable differ-  
 ence is their eag-  
 erness to "get a  
 crack at the Jer-  
 ries." After they  
 have been crack-  
 ing at them a few  
 months they'll be  
 just as eager to  
 let somebody else  
 have a turn at it.

Ernie Pyle

But outside of that they talk  
 and act about the  
 same as men who have been in com-  
 bat. They cuss a lot, razz each  
 other about their home states, com-  
 plain about the food, take great  
 pride in their guns, and talk about  
 how they wish they were home, just  
 as though they had been away for  
 years.

This unit has been training to-  
 gether for nearly two years.  
 They don't yet realize what a  
 terrific advantage that gives them,  
 but they will realize it as  
 soon as they are in battle.

They are a vast team of fire-  
 power composed of dozens of  
 little teams, each one centering  
 around one gun. They have done  
 it so long they know automati-  
 cally what to do. They all know  
 every man on the team and  
 they know his personality and  
 how he will react. They have  
 faith in each other. Only those  
 who have fought know what con-  
 fidence that produces.

A typical gun commander is  
 Sergt. Dick Showalter, (535 S. Gar-  
 ker St.) Muncie, Ind. I have a spe-  
 cial reason for mentioning him. For  
 while I was talking with a group  
 of soldiers he came up and introduced  
 himself and said:  
 "I married a girl from your home  
 town."

Now things like that are always  
 happening to me, except that nine  
 times out of ten the people are  
 mixed up. People will come up and  
 say, "Don't you remember me? I  
 used to deliver papers at your  
 house." And it will turn out they  
 lived in a town I had never heard  
 of, and were thinking of two other  
 fellows.

When Sergeant Showalter said he  
 had married a girl from my home  
 town I slightly arched my handsome  
 eyebrows and said, "Yes?"  
 "Yes," he said. "I married Edna  
 Kuhns."

"Why," I said, "I was raised with  
 the Kuhns kids. They lived just  
 across the fence from our farm.  
 I've known them all my life."  
 "That's what I said," said Ser-  
 geant Showalter. And then we left  
 the crowd and sat on the grass,  
 leaning against a rock.

Sergeant Showalter worked in fac-  
 tories before the war. He has been  
 commander of his gun for more than  
 a year and a half. He is a small  
 fellow, quiet, serious, conscientious,  
 and extremely proud of his crew and  
 of the way they take their responsi-  
 bility.

One of Showalter's best buddies  
 in his crew is Pfc. Bob Cartwright  
 of Daytona Beach, Fla. He is a  
 cannoneer—a small, reddish, good-  
 natured fellow.

When we met I said, "What's  
 that you've got in your mouth?"  
 He grinned and said, "Chawin'  
 tobacco." Which was just what I  
 thought it was.

He manages to keep well stocked  
 by trading stuff with boys who don't  
 chew. Bob is very young. He didn't  
 know much when he came into the  
 army, but Showalter says he's the  
 best there is now.

As I said the boys are very proud  
 of their guns. They say they've  
 had fine training and lots of prac-  
 tice on moving targets. They say  
 that on direct fire they can hit a  
 moving tank at about a mile and  
 almost never miss. They're anxious  
 to get at it and get it over with and  
 get back home.

They know it won't be easy on  
 the other side. They're living rough  
 now but they know it will be lots  
 rougher pretty soon.

As they say, the chow is bad  
 here compared to what it was in  
 America, but they don't complain  
 too much because they know it's go-  
 ing to get worse.

They know they'll be on C and K  
 rations, and they've had experience

with them on maneuvers. But when  
 I spoke of our best ration—the 10-11  
 field ration—they had never heard  
 of it.

They have been working hard  
 since they hit England. They've  
 made long night trips and done  
 a lot of practice firing and some-  
 times they have to work as late  
 as 10 o'clock at night.

When I saw them they were  
 making preparations for moving  
 overseas. It takes a lot of work  
 to get your equipment ready  
 for an amphibious move.  
 They've worked so hard they  
 haven't had time to get bored.  
 There are some American out-  
 fits that have been here for two  
 years without action, and there  
 are Canadians who have been  
 marching up and down for four  
 years. Now they've kept from  
 going nuts is beyond me.

The commander of the tank-  
 destroyer battalion I have been visit-  
 ing is Lieut. Col. Joseph Deeley of  
 Sheboygan Falls, Wis. He used to  
 run a wool-carding mill there. I like  
 his attitude toward things.

When I first showed up he was  
 perfectly courteous but he made  
 plenty sure I had proper credentials  
 and what not. As he said, they have  
 had plenty of security preached into  
 them back home, and this indeed is  
 a critical period and he isn't taking  
 any chances.

But once he had assured himself  
 I was all right he called in his ser-  
 geants and told them to go around  
 and tell their men they were per-  
 fectly free to show me any and all  
 equipment they had and talk to me  
 as freely as they wanted to.

As I told him later I don't  
 think he need have bothered.  
 For these boys, approaching  
 war for the first time, pumped  
 me so thoroughly on what war  
 is like that I hardly got a chance  
 to ask any questions of them.  
 Maybe I'll have to write some  
 security regulations of my own  
 just out of self-protection. Who  
 the devil is reporting this war,  
 anyway?

One company commander, Capt.  
 Charles Harding, of Olmsted Falls,  
 near Cleveland, had just had a let-  
 ter from home telling him to keep  
 an eye out for me. He figured that  
 in a war this big our paths would  
 never cross, but they did.

Another Ohioan came up and in-  
 troduced himself. This was Pfc.  
 James Francis McClory of (6711  
 Guthrie street) Cleveland. McClory  
 is what is aptly known in the bat-  
 talion as a "character." He used to  
 be a prize fighter. Being in the  
 horny-handed world of pugilists, he  
 has a great affinity for apes. There's  
 an almost human ape at the zoo in a  
 nearby city which McClory goes to  
 see every time he gets a pass. He  
 calls him "Alfred the Ape," and  
 says he sure wishes he could take  
 him back to Cleveland.

McClory used to work for the  
 Cleveland Welding company, which  
 made bicycles. When I asked him  
 what he did he said, "Oh, I was just  
 a bod knocker."

You can kid lots with McClory.  
 When I went to write down his name  
 I put "Sergeant" in front of it, and  
 he said, "No no. I'd never get to  
 be a sergeant if the war lasted 50  
 years."

So I said, "Well, Corporal then."  
 But he said, "No, I ain't even got  
 sense enough to be a corporal."

So I said, "Well, we simply can't  
 have you a private. What would the  
 McCloys of the world think with  
 you only a private?"

So we compromised and made him  
 a pfc.

McClory is one of those guys who  
 are good for the morale of an  
 outfit. He is always doing or say-  
 ing something funny. And he is a  
 good soldier. He is one of the kind  
 who are fanatically loyal.

He has a great affection for his  
 company commander, Capt. John  
 Jay Kennedy of (15 Fawndale road)  
 Rosindale, Mass. Once when some  
 gasoline caught fire McClory threw  
 himself on the captain and knocked  
 him out of the way, saving him  
 from serious injury. Another time,  
 when Captain Kennedy's mother was  
 very ill, McClory took the last mon-  
 ey he had and telegraphed home to  
 his own parish to have a mass said  
 for the captain's mother.

**Life With the Tank Destroyer Units**

English dogs have begun to at-  
 tash themselves to the tank-destroy-  
 er boys, as they do to any and all  
 camps of soldiers. These boys  
 haven't actually adopted any of  
 them as individual pets, because  
 they can't take them along to the  
 Continent. They say that in the  
 States they had a number of pigs  
 for pets. In that case you would  
 have your pet and eat it too.

The top commanders who have  
 toiled and slaved for months plan-  
 ning the second front have been  
 under a man-killing strain of work  
 and responsibility.

Thousands of men of high rank  
 have labored endlessly. They are  
 up early, they work all day, and  
 after supper they go back to work  
 far into the night. Soldiers can you  
 get one of them to take a day off.

**KICK OR BE KICKED**

There has been general accep-  
 tance of the idea of rationing and  
 reasonable price control as a war  
 measure. Everyone understands  
 that the problems of the OPA are  
 multitudinous. But the public can-  
 not understand why price and ra-  
 tioning control is allowed to de-  
 velop into a method of oppres-  
 sion in many cases.

Take a ruling like the "highest  
 price line limitation," adopted two  
 years ago. It has been unworkable  
 on a basis of fairness and equality.  
 It is therefore heartening to read  
 at last certain adjustments will be  
 made, although the public now  
 takes promises with a "Spoonful"  
 of salt.

Another practice of the price  
 control program which is shaking  
 public confidence, is denial of  
 court appeal on OPA rulings. No  
 satisfactory answer has yet been  
 given for shutting a man out of  
 regular courts when he objects  
 to a ruling of the OPA, and fore-  
 goes his control.

The United States' first post-  
 master was Benjamin Franklin,  
 appointed by the Continental  
 Congress in 1775.

ing him to go before an OPA "em-  
 ergency court" where a complain-  
 ant can be put to interminable de-  
 lays.

While the war makes some  
 restrictive measures necessary, it  
 still remains highly important to  
 seek corrective rulings which, if  
 unchallenged, leave the citizen  
 out— the courts and at the  
 mercy of political forces beyond  
 his control.

A political platform is to  
 party to stand on and the  
 party to jump on.

### Aviation Cuts Civilian Supplies

Recent shortage of many civilian supplies may be attributed to the heavy demands of the forces of aviation. Examples are radio tubes and parts, gasoline and oil, and a radio manufacturing plant over 10 times as great as war. Military demands for tubes and repair parts have increased. This explains why planes are finding it hard to fly. These items, the War Production Board says. Every military plane has radio equipment, some worth as much as \$100,000 worth each. Bombers and other mobile equipment also use radio equipment. A five-month supply of aviation gasoline is required for each of the 11,000 planes backing up Allied liberation forces. The Petroleum Administration for War reports. Heavy and urgent demands for oil by General Eisenhower as early as winter almost made New York, Boston, and Philadelphia first indirect invasion casualties. Increased production by East Coast refineries, the "big inch" and "little big inch" pipelines, and emergency deliveries helped avert civilian shortages of oil and in the East.

### Southland Boys In Service

The Lubbock Avalanche of June 7 listed Capt. Jack T. Martin of the Air Force among South Plains boys probably in the invasion, as he was stationed in England. Other local boys that were in England are: Homer Gilliland, Henry M. King, J. G. Donahoe, Roy Johnson, Neil Smallwood, Calvin Klaus and J. R. King. Can you add to the list?

Sgt. Billy Basinger, accompanied by his buddy, Sgt. Kinney of Kingman, Ariz. left Thursday after a four-day visit here with the former's parents, the W. A. Basingers. Both boys are gunnery instructors, on route to Lincoln, Nebraska where the expect another transfer soon.

Sgt. Ralph Landers told his mother, while they were visiting in California, that while he was in Seattle, Wash. he saw a girl on the streets that looked exactly like Hattie Irwin, "but, of course, it wasn't her." He didn't know that she had married a soldier who was stationed in Seattle at that time.

Tech. Sgt. Doyle T. Poff, Wilson (formerly of Southland), with the 15th Air Force in Italy, is now with the heavy bomber detachment. He is the son of Mrs. Johnnie F. Poff.

Carlos Waggoner writes his mother, Mrs. Walter Kellum from somewhere in Australia that he is heading for the States, her best news in two years.

### Farmers Help In Fifth War Loan

The nation's farm army of six million along with their town and city neighbors went into action this week on the Fifth War Loan, the War Finance Division of the Treasury announces. Total goal for this loan is 16 million dollars by July 8.

Last year farm people bought \$1,200,000,000 in War Bonds—about 10 per cent of their net income. With an estimated net farm income of 13 billion dollars for 1944, bond purchases by farm people are expected to be higher this year than last.

The war bonds bought during the Fifth War Loan will enable our Government to get more and better war equipment for its fighters than the bonds bought a year ago, according to a compilation of war equipment costs by the War Department. A heavy bomber, which a year ago cost \$500,000 today costs half that much. A Bofors anti-aircraft gun formerly cost \$25,000, now costs only \$13,000. A year ago the Garand rifle cost \$80. Today it costs \$35. A few items, among them the good old army mule, have gone up in price. A year ago Uncle Sam paid \$190 for an army mule. Today such a mule costs Uncle \$225.

GAS WON'T STOP THEM

Allied troops are equipped for gas attacks. The job of making gas masks was speeded up by the use of gypsum cements, which have been used widely to make patterns and models for many vital war materials.

In 500 B. C., the Greek scientist Pythagoras taught that the earth is round.

### Vital War Needs Bring Appeal For 'At Home' Vacations

If you start on a vacation trip and find yourself stranded this summer, don't blame the Office of Defense Transportation. Col. J. M. Johnson, director of the ODT, has issued a statement that cancellation of Pullman and other travel reservations may come at any time on account of the vital need of accommodations to handle traffic in connection with the invasion of Europe.

Wounded fighters soon will be arriving in large numbers at seaports and they will have to be taken to hospitals for temporary treatment and then, in many instances, will have to be moved for permanent hospitalization. Their needs will take precedence over all others.

With invasion of Europe under way, mayors of cities throughout the country are being enlisted in a nation-wide drive to make 1944 an "at home" vacation year. All possible transportation facilities are required for military and war production needs.

### Improved Uniform International SUNDAY SCHOOL LESSON

#### Lesson for June 18

#### A GOOD SOLDIER OF CHRIST JESUS

LESSON TEXT—II Timothy 2:1-4, 8-12; 4:5-8. GOLDEN TEXT—Suffer hardship with me, as a good soldier of Christ Jesus.—II Timothy 3:12

"A good soldier"—what a wealth of meaning there is in that simple phrase. We think of our own hometown boys who have distinguished themselves in the service of their country, who have proved again that there is that in American life which can meet a crisis and do it well.

"A good soldier of Jesus Christ" is an even more significant phrase, speaking of that fine loyalty and devotion which Christians of all ages, yes, and of our day, are giving to the Captain of our salvation, our Commander-in-Chief in the great spiritual warfare going on in all the earth.

In our lesson we note that the soldier is—

I. Obedient (2:1, 2). There is something to be done, and the soldier is enlisted for the purpose of doing it. In the case of the Christian soldier, it is to see that the gospel message which he has received is passed on to others.

Personal work is God's method, one man telling another, and another, and another. This is to be a continuous matter, not just now and then, and each one is in turn to become a soul-winner.

As each one wins others and the witness is multiplied by the law of arithmetical progression, the total result is tremendous. Why, then, has the entire world not been long since completely evangelized? Because we who are Christians are not all obedient soldiers of Christ.

II. Loyal (2:3, 4). No soldier can serve well with a divided loyalty. He cannot be running a business back home, or taking on outside interests to divert his attention. Being an efficient and useful soldier is his first and only business.

Have not the military authorities in this war asked those who are at home to keep the problems of the home and business out of the letters to men in the army? Do they not require a man to leave home and family and give his all to the service?

The soldier for Christ must please the Lord, even though it involve bearing "hardness." It is no soft and easy business to be a soldier. "Blood, sweat and tears" are the order of the day. Shall we not do as much for our Lord?

III. Prepared (2:8-12). Training is of highest importance for a soldier. He must know what to do, and why he is doing it. He must understand the reason for obedience and the purpose of the warfare. In other words, he must be a disciplined man, prepared to serve effectively.

The soldier for the Lord is to "remember Jesus Christ," his resurrected Lord and victorious Commander. He knows for whom and under whom he fights.

He also knows (vv. 10, 11) that the message he bears is God's Word, and will succeed even though the bearer of it suffer and die. He is prepared to die, if need be, before he will deny his Leader (v. 12).

IV. Faithful (4:5-7). Watch, endure, work, be faithful to the very end. Such is the obligation, yes, and privilege of the soldier for Christ. Paul was able to admonish young Timothy to such complete faithfulness because he had himself exemplified these virtues in his own life.

Those who are called upon to command men must themselves be good soldiers. There is an encouraging note from the battlefields of this great war. One learns that the commanding officers are at the front, not hidden away in dugouts far behind the lines. The men take courage as they see the bravery of their officers.

What that meant in Paul's case may be learned from the story of his life, which is condensed in a brief statement in II Corinthians 12:23-28. He really endured affliction for Christ's sake.

V. Victorious (v. 8). A nation at war can stand the strain and bear the agony if it can be sure of ultimate victory. The grave disappointment of losing a battle, or the deep sorrow of heavy casualties, can and will be borne for the sake of the final triumph of the righteous cause.

In the battle for Christ, we know that the result will be victory. The faithful soldier shares the fruits of victory. The Christian soldier shall one day receive from his Lord and Leader a crown of righteousness. When will that great day come? When Jesus Christ returns (Matt. 16:27). He is coming again; first for His own, and then in glorious revelation of Himself as the Judge of all the world. His victory over all His enemies will then be complete, and He shall reign forever and ever.

**Invasion Makes Salvage Fats More Essential**

Austin—With the long-awaited invasion of Europe now in full swing the national salvage effort takes on greater significance—becomes, in fact, almost as important as each mile gained by our fighting men across the seas. Without the salvage effort those men would be denied essential materials and the miles infinitely harder to gain.

Complaints of patriotic Texas housewives that they could not dispose of Used Household Fats after they had labored over the distasteful task of salvaging kitchen grease have been received by the Salvage division of the War Production Board, according to A. Patrick Flood, State Salvage Chairman.

In all thickly populated areas of Texas there is a regular pick-up service whereby trucks collect the used fats accepted by butchers and storekeepers.

In outlying and rural communities the storekeeper can ship his collected fats to the nearest renderer by American Railway Express. There is no charge to the merchant for availing himself of this system. He merely puts his fats in a container, addresses it and calls the nearest express office. They will pick it up and ship it collect and the container will be returned.

Any complaints of housewives who save their grease and have their local merchant refuse to accept them should be sent to the Salvage Division, War Production Board, Room 801 Scarbrough Building, Austin. The complaints will give the Government a chance to iron out the collection difficulty in each community.

Meanwhile, each and every Texas housewife is urged to continue the good work she has done in the past and save each and every drop of kitchen grease not necessary for her own needs.

**More Farm Implements**

Certain small manufacturers are permitted to produce unlimited quantities of any farm machinery, equipment and repair parts made entirely from surplus materials or materials needing no allotments or priorities assistance higher than AA-4 preference rating, WPB announces. Items most manufacturers will be able to produce under this relaxation, include corn shellers, feed grinders, pitchforks, hand cultivators, rakes, hoes, shovels and barnyard and poultry equipment.

Mary Kathryn Lanotte of El Paso is visiting her grandmother, Mrs. Ira Weakley.

**Texas Egg Shipments Still At High Peak**

Austin—Texas egg shipments continue to soar, as 1,600 carloads—on a shell egg equivalent—went to market in April, according to the University of Texas Bureau of Business Research.

This figure compared with 1,046 cars in April a year ago. Forty cars of poultry—23 of them to out-of-state points—were shipped in April, compared to only three cars in April, 1943.

Ann Mullins visited in Canyon last week with her sister, Mrs. W. F. Talley. Mrs. Mullins went after her Saturday.

**U. S. Farmers Use Prisoners of War**

The work done by prisoners of war in the United States either in or related almost entirely to agriculture, forestry or food processing, the Office of War Information reports. No farmer may house prisoners, and prisoners are sent to farms only when there is work for units of 10 or more. The War Food Administration does not generally advocate use of prisoners of war side by side with civilians. Prisoners are always guarded by American soldiers. Approximately 45,500 prisoners worked on farms in 28 states last year, mostly in the South, harvesting peanuts, rice, cotton and sugar cane.

**Christmas Mail To Men Overseas**

Christmas mail to the armed forces overseas this year is expected to exceed last year's record. Plans are now being made by the Post Office, War and Navy Departments to handle this mail. From September 15 to October 15, Christmas gift packages for men overseas will be accepted for mailing if they are no more than five pounds in weight, 15 inches in length and girth combined. Only one such package will be accepted from the same person to the same addresses during any one week, the War Department announces.

**SOUTHLAND NEWS**

Mrs. Marvin Truelock, Community Correspondent

R. R. Jones of Hackberry was sick last Wednesday. Two days later he developed pneumonia. Monday of this week, he was still under an oxygen tent at Lubbock General hospital, with little hope of recovery. Sunday he knew part of his visiting relatives.

Friday morning Mrs. E. M. Basinger was brought home from Lubbock, where she has been taking chiropractic treatments. She had shown no improvement for the past week.

Friday afternoon at 4:15 Kelly Barnett died on the Slaton hospital operating table of ruptured appendix. Kelly had been working for Drs. Bloom and Bloom for several years. His sister, who formerly lived in St. Louis, could not be located. He was one of our best educated colored people, and was a native of Minnesota.

Mrs. A. M. Spikes and baby left as soon as school was out in Lubbock, to visit their husband and father on Treasure Island, San Francisco.

This week Rev. M. O. Row, pastor, is teaching a Sunday school study course at Pleasant Valley.

Harrell and Carrell Tanner and their mother left Thursday for Dallas where the boys will take a two weeks course in the Stamps-Baxter Music school.

Mmes. W. J. Kellum and Hub Haire attended the Slaton Public Installation held Wednesday night at the Masonic hall.

Monday Mr. and Mrs. Leonard Anderson took charge of the Basinger Grocery which they purchased last week.

The Lutheran Ladies' Aid quilting at Mrs. Wallace Beckers' home last Friday was postponed indefinitely. The Wilson ladies could not come as planned.

Miss Billie Baker returned to her home in Post Saturday night. Her sister, Miss Pauline, stayed longer to visit their sister, Mrs. Clarence Basinger.

Mrs. Clyde Sartain's brother, J. C. Calvin and son, E. J. spent Saturday night here with her husband and son.

Part of the 4-H club girl did not receive notice of the change of meeting from afternoon to morning for last Friday. Only four local girls were present at the demonstration on canning beans at the Hackberry club house. Miss Mabel Manley was accompanied by Billie Baker of Post. The next meeting will be with Clothing Demonstrator Betty Ann Jackson on June 23. As there are five Fridays in this month, I don't know whether the Luncheon Demonstration at the home of the Saunders girls, will be July 7th or 14th.

Mrs. A. J. Becker and Mrs. J. L. Whited went to Lubbock Friday to meet the latter's niece, who is visiting here for several days.

Barney Walker's parents, who live near Littlefield, spent Sunday here with the Walkers.

Rev. O. J. Harmonson left Monday morning to take his daughter-in-law and three grandsons to their home in Olney.

Mrs. E. O. Boyd of Crosbyton visited her parents, the G. W. Basingers and other relatives here Sunday.

Miss Dorothy Becker, an Army Nurse stationed at Lubbock, spent the week end here with her parents, Mr. and Mrs. A. J. Becker.

Saturday night all the children of the A. Wilkes were at home. They are: Mr. and Mrs. LeRoy Mueller and children of Oshkosh, Wis.; Mr. and Mrs. Buster Betts and children and Mr. and Mrs. Walter Wilke and baby of Morton; Mr. and Mrs. Chris Gindorf and son, Mr. and Mrs. Elmer Gindorf and children, Mr. and Mrs. Steinhauer and children, Mr. and Mrs. Marcus Wilke and son—all who live near-by; Miss Myrtle Wilke of Lubbock and Edmund, who lives with his parents. A granddaughter, Miss Doris Wilke, who has been living with her aunt in Wisconsin, is also here.

Those attending the reunion Sunday held at the Boone Pennels of Calgary were: Mrs. John Pennell and her children, Donald and family, Mrs. LeRoy Fredrickson and son, Pvt. Robert Pennell and family of San Francisco, Mrs. Georgia Simpson and children of California and Miss Johnnie Pennell of Houston—all residing in Southland or visiting here. We hear this was only a small part of the crowd.

Mrs. A. J. Cooper's sisters, Mrs. Standfer and family of Stanton, and Mrs. Susie Buckalew of Long Beach, Calif., recently visited her here.

Another letter from W. W. Gilliland's nurse stated that he is about the same.

Mrs. R. O. Rankin spent part of last week with her daughter, Mrs. Fred Cookrell.

Herbert Dunn attended the funeral Friday of Mrs. W. W. Campbell at Merkel, his former employer. Mrs. Campbell was killed in a truck and train collision in Lubbock Tuesday afternoon. Mr. and Mrs. Cecil Cummings

Sunday dinner guests of the Roy Kings were Mr. and Mrs. Ray Robertson and Mr. and Mrs. Geo. Bahlman.

Mrs. Lonnie Collinsworth accompanied her cousin of Lubbock to Dallas Friday to visit relatives. She will visit elsewhere before returning home.

**NURSE'S AIDE PROGRAM GROWING IN IMPORTANCE UNDER WARTIME DEMANDS**

Washington—Thirty-five additional army hospitals have requested the services of Red Cross nurse's aides since January 1. Volunteer aides, relieving the wartime nursing shortage, now serve in 2,208 civilian hospitals, 27 veterans' hospitals, and 103 army hospitals and dependents' wings of navy hospitals. More aides for daytime work are urgently needed. Hospitals in this country are losing professional nurses by the thousands, as they leave for overseas duty with the armed forces.

Mrs. Ed Robertson and daughter, Mary, are in San Angelo this week visiting in the home of her sister, Mrs. Lynn.
