## Letters to the Editor

Dear Editor

I feel the Public deserves to be informed of the responsibility of the Tax Assessor (Voter Registrar) issuing and delivering voter registration lists to the City, Schools and Hospital District.

During the March 4th City Council meeting the subject was brought up and discussed that this office wasn't delivering the proper voter lists for the City Elections.

Ida Stewart, a representative from the Secretary of States office, informed me I had been delivering the proper voter registration lists to the City in the past and continue as before.

Article 2 Subdivision 4 of the Election Code states, "In cities, towns and villages of less than ten thousand inhabitants, election precincts may be formed without regard to the wards or the corporate limits of the city, town or village." Voting Boxes 1, 3, 9, 7 & 8 are the boxes needed for city elections.

Article 5 Subdivision 13b of the State Statute does require all new voters to show the physical location of their residence. We ask all new voters to put this information on their applications.

I suggested to Mr. Pool a few weeks back the city might use a City Tax Roll in helping the Election Judge to certify if the voter was within the city limits.

Thank you for letting me write this letter to you.

Very truly yours,  
Ruth Reno, RTA  
Voter Registrar

Dear Editor,

A bit of misinformation is being circulated about town to the effect that Post Art Guild has used tax dollars to repair and open the Algerita Art Center. This is totally untrue. Post Art Guild has received not one penny of tax money either from the local governments nor the State of Texas.

If Post Art Guild should receive tax monies, it cannot be used to renovate buildings. It must be used for educational purposes, and involvement of the local public in the appreciation of the arts.

I hope this will ease the minds of those who have been exposed to the incorrect information.

Geraldine Butler P. S. A word about the grants for the arts. President Johnson set up the National Endowment for the Arts because it was his wish to make arts available to the rural communities. Few communities have been aware of this, or did not know how to achieve the goals they needed in their communities. Therefore, most of the money has been grabbed off by the large cities. For this reason the Texas Assembly For the Arts was organized. Peter Fox is president and has made several trips to Post to help us set up the things Post would enjoy. Several small towns have been able to accomplish great things for themselves because of this. The money is there for small towns, so let's not let Houston grab it away from us.

Thursday was also our film day. We are so glad that Virginia Babb is back with us, we sure did miss her while the projector was being repaired.

Patsy Craig was here Tuesday with our Bible lesson. She brought us such a good lesson, she always lifts our spirits with her bright and cheerful smile and her wonderful lesson.

We would like to thank Maude Dobbs for the delicious cake that she made for us. You are always so thoughtful and we appreciate your kindness.

Let us not forget our Family Night on Tuesday, March 19 at 6 p. m. Everyone is invited to

### Summer Camping at Texas 4-H Center

Summer camping programs abound for Texas 4-H'ers this year. The Texas 4-H Center, located on Lake Brownwood in the heart of central Texas, offers a unique camping experience for youth 9-19.

For 9-11 and 12-14 years old, a number of three-day camps are available. Dates for six camps are June 23-26, June 26-29, July 7-10, July 10-13, July 14-17, and July 17-20.

Each camp is designed to

teach or improve a youth's skills in a variety of areas. Each day includes sessions on shooting sports, canoeing and sailing, high adventure initiative activities, nature crafts and outdoor education. In addition, nightly camp activities feature parties, folk games, movies and other entertainment.

For the 13-19 age group, 4-H Project Camp offers more of a challenge. It is a five-day camp, June 17-22, which gives in-depth training in a choice of computers, shooting sports, food and fitness, canoeing and sailing, food and nutrition, or photography. This training is combined with the fun and excitement of camp life, and evenings provide "whole camp" activities.
