Mrs. Ruby Kirkpatrick and Bob Palmer were honored by the Post Antelope Booster Club for their continued support of the athletic programs, during ceremonies at the Bold Gold Antelope Day last Saturday evening in the Community Center.

Booster club president Jimmy Redman presented the plaques in recognition of the numerous personal contributions they have made.

The event, which included a low priced barbecue supper, was staged as a community-wide celebration of the 1983 Quarterfinal Championship Antelope football team.

Coach David Thompson introduced team members, and Noel White performed a revised rendition of "The Bold Gold Legend."

Before the dance started, an auction was held to raise funds for the Booster Club, with

Cancer Society Meets

Plans to reorganize a Garza Unit of the Texas Division of the American Cancer Society were announced recently.

The first organizational meeting will be held January 26 in the First National Bank Community Room at 7 p. m.

All citizens of Post and the surrounding area who are interested in learning how they may join the fight against cancer in their own community are cordially invited to attend.

Since knowledge is the key to cancer control, twice as many cures could be effected with our present knowledge, if patients were treated promptly. However, the lack of prompt treatment is due to the lack of knowledge of cancer's warning signals or the fear of cancer itself. Last year, 100,000 lives were lost to cancer unnecessarily.

"In order to protect Garza County citizens from the dangers of cancer, we need our citizens to take an active interest in the program of the American Cancer Society to save lives from this vicious and silent killer disease."

There are also free services available for cancer patients including equipment for loan, gift items such as adhesive tape, ostomy supplies, stoma bibs, bed pads and others; transportation is also available as well as dressings and rehabilitation.

More information may be had on these services by calling the American Cancer Society in Lubbock 794-5808.

United Fund Campaign

The 1984 United Fund campaign climbed over 78 percent of the goal with \$11,129 contributed through last week.

The goal this year is \$14,200 and the campaign continues through this month.

Recent contributors include Julian Smith, Tom Power, 4JK Inc., Jae's, Marita Reed, Vicki Gray, Margie Harper;

Debbie Hood, Lena Walker, Shirley Taylor, Mr. and Mrs. Peter Heyden, Voda Beth Gradine, Ed Sawyers, Donald Windham; Joy Dixon, Preston Poole, Ted Aten, Ruth Reno, the Tiger-Cub Scout Troop, A. L. Gordon and Ammons Printing.

Hospital Board

In a short business meeting Thursday, Jan. 12, Garza Memorial Hospital board members denied an indigent application due to income; tabled delinquent accounts in the amount of \$3,705.18 until further action by the hospital attorney and opened a bid on replacing an air conditioner. The only bid received was returned to the bidder for clarification.

Before adjourning, members voted to approve the monthly bills and also approved the 1982-83 audit.

Election Filing

Candidates interested in filing for the Democratic primary have until Feb. 6 at 6 p. m. to file for the election.

County offices in the election this year are sheriff, tax assessor-collector, attorney, precinct one and three commissioners and constables.

Filing fees for the offices are \$300 for each except constables, which is \$200.

Also to be elected in the May 5 primary will be county chairman of the Democratic Executive Committee and precinct chairmen for all nine voting precincts.

Persons interested in filing for the primary should contact J. E. Tanner, county chairman, at 495-3209.

For What It's Worth!

By Dabney Post

Another great time was had by all Postites Saturday night during the Antelope Bold Gold Day.

—O—

Our hats go off to the Antelope Booster Club for their planning and to all those who donated time and money and food for the affair.

—O—

I don't think there was a single person there who didn't have a GREAT time. We just need more of this sort of thing more often.

—O—

Well, winter weather has set up on us again. Took me 30 minutes to scrape the ice off the windshield Tuesday morning, then another 30 again at noon. But that's the fun of winter???

Congressman Charles Stenholm visits with Patty Kirkpatrick (left to right), Ronnie Hardin and County Judge Giles Dalby during the congressman's stop here last week.

Stenholm Calls for Tight Budget

By Wes Burnett

Congressman Charles Stenholm, 17th Congressional District representative, announced his candidacy in the May Democratic primary during a visit in Post last Thursday.

Stenholm, who was first elected to congress in 1978, also told a group of interested citizens that he supports Rep. Kent Hance of Lubbock in the U. S. Senate Democratic campaign.

"Kent Hance and I went into congress together, and not only are we good friends, but we are politically in tune," Stenholm commented.

During the question-and-answer period, Stenholm explained his position on the balanced budget, declaring the massive federal deficit as one of the most important issues facing the nation.

"I am in favor of some sort of tax increases," he commented, "but only if they are tied directly to decreased spending at the same time."

"We just cannot afford to continue running such huge deficits," he continued, "and the only way I can see to correct the problem is to cut spending and find more revenue."

The congressman also answered that he believes in an "across the board" trimming of budgets throughout the federal government.

Stenholm said he believes that 1984 will be a year with some positive legislation for agriculture.

The congressman emphasized that he was opposed to sending the Marines to Lebanon, "but now they are there and I'm just not sure how much congress should step into foreign policy," he added.

Philosophically Stenholm believes in the presidential sphere of influence in foreign policy, but personally he believes sending the Marines to Lebanon was a serious mistake.

"We should not send our military into a no-win situation and end up taking sides in that conflict," he added.

Stenholm expressed his feeling that in 1985 the U. S. tax code would be drastically revised and simplified and perhaps some form of a flat tax would be implemented.

School to Choose Architect

Post School Board members heard two architects reviews of their firms during a meeting Tuesday night, Jan. 10.

Larry Donham of Huckabee and Donham Associates of Andrews, Tex., gave his presentation first and then members heard Gary Keep and Edward Sevcik of S.H.W.C. Inc., Architects, Engineers and Planners of Dallas give their presentation.

After lengthy discussion of needs of the PISD and cost factors involved, members tabled the hiring of a new firm until Monday morning, Jan. 16 when a special meeting was called for 7 a. m. with still no decision on what firm to hire.

In other action, members voted no corrections, deletions or revisions of the current board policies.

A bid was received from R. G. Wilkerson for Lot 11 and E20' of Lot 12, Block 10, City of Post which is owned by the school system. After discussion, the board voted to advertise for bids on these lots with bids to run at least three times in the newspaper.

Certificates of deposits in the amount of \$930,673.92 at 8.20 percent for 31 days and another for \$1,553,000.00 at 8.40 percent were approved.

Before adjourning, members voted to pay the bills, approved the adjustments to the tax roll and approved a budget change request.

PHS Band Students Earn Honors

Seven Post High School students in the Antelope Band was named to the All Region Band in tryouts held Saturday, January 14 in Shallowater.

Fifteen Post students tried out for the band, beginning their practice following the football season while other surrounding schools started their All Region practice in early November.

Named to the All Region Band were Todd Wilson, senior, second chair trombone. Todd is the first student since David Morrow to receive All Region Band and Choir honors.

Other students included:

Kerry Thuett, second chair, trumpet, sophomore; Bobby Redman, fourth chair tuba, sophomore; Marcie Sneed, second chair contra-bass clarinet and fifth chair bass clarinet. Marcie is the only student from the South Plains to qualify in two instruments.

Rita Lappen, first chair alto clarinet, freshman; Debbie Ethridge, second alto clarinet, freshman and Keith Craig, alternate in the French Horn, sophomore.

All Region practice will be held January 26, 27 and 28 with the band to perform January 28 at Monterey High School.

Steve Ladd is director for the Post Band.

Seven Candidates File for Democratic May Primary

The Democratic Primary race is shaping up with candidates filing for Sheriff, Commissioner Pct. 1 and Pct. 3 and Tax Assessor' Office.

Democratic Chairman J. E. (Dick) Tanner said Tuesday that seven candidates have officially filed for the offices.

In the sheriff's race, signups include Tommy Duncan, Donney Walker and Mike

Harper with incumbent Jim Pippin yet to file;

In Precinct 1, incumbent Buck Craft has filed as has challenger Jimmy Holleman;

In Precinct 3, incumbent Mike Cisneros has filed with no opponents as of Tuesday;

In the Tax Assessor-Collectors office, incumbent Ruth Reno is the only candidate to file.

Filing deadline is set for Monday, February 6.

three senior jerseys, the quarterfinal game ball and a silver buckle going for a total of \$1,880.

Neal Clary got the top bid on L. D. Harper's number 80 jersey, Nelda Dalby collected Giles Dalby's number 32 and Bob Palmer was the high bidder on Milton Williams' number 33.

Jack Kirkpatrick took the Quarterfinal Championship game ball home, complete with autographs of the players.

Special sterling silver buckles were presented to the coaches, and one extra was auctioned, with Bob Palmer getting the high bid and then asked that it be given to Booster Club President Redman.

Earlier Mayor Giles McCrary opened with a proclamation declared by the Post City Council.

City Crews Praised

By Wes Burnett

During the Christmas and New Year's holiday weekends a lot of folks in Post were without water when the below freezing temperatures froze water lines.

Taking care of these problems were seven Post City employees whose holidays were interrupted as they responded to the crisis.

The crew included supervisor Mike Sanchez and crew members, James Wise, Owen Gilbert, Frank Flores, Marty Edwards, Juan Basquez and Leon Montanya.

In addition to their extra effort, the regular sanitation crew of Salvador Garcia, Martin Tobar and Pablo Garcia continued trash pickups during the holidays.

It's nice to know that when cold weather strikes or other emergencies, city employees are ready to help.

Lots of Post people visited Ruidoso over the weekend and the ski slopes. The Babb family and guests reported an excellent time, but others reported a horrible Saturday when the weather wasn't all that pleasant up there either.

And then there's the story coming from Bryan Williams III who reported seeing a trolley car going through Post last week heading north. He was asking all over town if someone else saw it. (This is not a joke) he's quite serious about this (and no it didn't have the little antennae on top for electricity. If you saw this thing going through, please call him and say so, so he'll stop worrying.

Information to help crop and livestock producers in Garza County reduce costs and plan for profit in 1984 will be presented during the annual meeting of the South Plains Development Program, Jan. 24 in Lubbock.

"It's more vital than ever that our farmers have the latest information on economic conditions affecting agriculture." "This day-long program will bring them up to date on the economic outlook, national farm policies and programs, and export prospects, as well as give them specific information to help make production decisions for cotton, feed grains and livestock."

The program will begin at 9:15 a. m. at the Koko Palace, 50th St., at Ave. Q in Lubbock. A registration fee of \$7.50 will include lunch.

Leading agricultural economists and commodity specialists with the Texas Agricultural Extension Service will present the program.

Dr. Carl G. Anderson, economist and cotton marketing specialist from College Station, will analyze the current economic situation and its implications for South Plains producers.

National policies and the 1984 farm program will be examined by Dr. Mickey Paggi, economist and specialist in marketing, from College Station.

Those attending the meeting will receive information sheets which will help them incorporate the 1984 federal farm program into their own operation.

The current situation, outlook and implications for producers of cotton, feed grains and livestock also will be explained.

A panel of bankers, farmers and Extension specialists will discuss whether South Plains producers should plan fencerow to fencerow in 1984.

"This program will provide timely information needed not only by farmers, but by agribusiness firms and anyone involved in agriculture," the county agent said. He urged anyone interested in attending to advise his office this week so meal arrangement and citizenship and social activities.

E. H. Clubs are for All Homemakers Extension Homemakers Clubs are for all homemakers who wish to increase knowledge and skills in home economics, improve their family's quality of life, promote community involvement and citizenship, and provide an opportunity of recreation and social activities.

The Homemakers Creed states: We believe in the sanctity of the home. We believe in the home as the place where love, faith, trust and devotion must be lived each day, where obedience and reverence grow, and where God is known.

We believe those within its walls should be taught to work, to play, and to have compassion for those less fortunate. We believe sharing responsibilities is necessary and that from the fireside will come the citizens who will uphold the best ways of life.

Why not join an active involved group? If you are interested please call me at your county Extension Office, 495-2050.

January Is... Texas Citrus Fiesta Month. You can cut calories with Citrus. Substituting citrus for the high-calories sweets you have been eating during the holiday season can help get your weight under control without breaking your food budget.

Consumers often think that citrus prices will double or triple after a freeze such as the one that struck Texas in December. But things may not be so bad for consumers since part of a bumper crop of Texas grapefruit and oranges was harvested before the freeze, and a large supply of juice was already in storage from last year.

Even if prices go up a few cents per pound, citrus fruit is a particularly good buy, because it has a high proportion of nutrients

for the calories. The high nutrient-density of oranges and grapefruit is also an advantage for dieters who want to keep their calorie intake low without sacrificing good nutrition.

Because Texas citrus is known for its sweetness, it makes an excellent low-calorie snack. A half grapefruit, for example, contains only 55 calories and a whole orange has just 64 calories.

Most people know that citrus is high in Vitamin C, but may not realize that just one orange provides 110 percent and half a grapefruit provides 80 percent of the recommended daily allowance. In addition, citrus has negligible sodium and is high in potassium. This is important for people on sodium-restricted diets, and those interested in overall good nutrition.

All Texas citrus is tree-ripened and ready to eat when you buy it. Select firm, well-shaped, heavy grapefruit and oranges for more juice inside.

Texas citrus are a very thin-skinned fruit. Slight skin defects, such as scars or scratches caused by wind brushing the fruit against tree branches will not affect the eating quality.

Store citrus in a well-ventilated place away from heat. They will keep about 10 days at room temperature, or two to three weeks in the vegetable crisper of the refrigerator.

Robert Cowdrey named to AHA

Robert Cowdrey, Post, has been accepted as a junior member of the American Hereford Association according to an announcement by H. H. Dickenson, Executive Vice President of the AHA.

By becoming junior members of the AHA, youngsters are able to take advantage of the many programs open to Hereford breeders in their efforts to further their own breeding programs. Shows, performance records information and being a part of the many activities sponsored by the AHA's junior department are all benefits for the youthful members.

The American Hereford Association, headquartered in Kansas City, Missouri, is the world's largest beef breed registry organization. There have been more than 18 million head recorded in its herd book since the founding of the AHA in 1881.

Beautiful ancient and modern buildings, wide boulevards and ancient centers of art and learning are world famous trademarks of Brussels, Belgium, homeland of Mechelle Glidewell, wife of Jackson's Cafeteria owner-manager, Donald Glidewell.

Mechelle and Donald met in Brussels where she was employed as a secretary and he was serving as a Marine Security Guard at the United States Embassy. The couple moved to Clovis, N. M., after their marriage in March of 1969.

Coming directly from a French, Flemish speaking country to New Mexico, and its large Spanish speaking Mexican American population in the Clovis, Portales area and numerous sandstorms proved to be the greatest adjustments to living in the states for Mechelle.

Mechelle and Don attended Eastern New Mexico University where they graduated with degrees in the teaching field. They both taught in the Lubbock School System and Don taught sixth grade in Amarillo and Houston before they purchased Jacksons and moved to Post.

The couples' son, Kyle, nine, is in the third grade. Six year old Tod is in Kindergarten and their daughter, Jamie is three years old.

On a two month visit in January and February, 1983 with her mother, Rose Van Wolput, in Brussels, Mechelle enrolled Kyle and Tod in school where they learned a small amount of French language and history of Belgium.

The demands of operating a business leaves Mechelle and Don with little time for activities outside their home and enjoy spending as much time as possible reading and playing with their children and the family pets. Living outside the city limits they are able to have a horse and goat as well as a dog and cat for their children.

They are members of the Methodist

Church. Mechelle enjoys cooking and shares her favorite recipes with our readers this week.

Very Simply Whole Wheat Bread
6 cups flour (approx.)

2 cups warm water (120 degrees)
2 tp. dry active yeast
2 tp. oil
2 tp. molasses (or honey)

1 tp. salt
(Recipe for food processor with dough hooks)

While water is warming, put one cup flour, yeast, oil, molasses and salt in large mixing bowl. Add warm water and start mixing at high speed (10). After about one minute, add remaining flour, one cup at a time. Mix and knead for a total of seven minutes.

Dough should be rather stiff, not sticky. Place dough ball in large greased bowl, turn once to grease top. Cover lightly and let rise in warm place for about one hour (till double its size). Punch down, divide and shape into two loaves. Place into greased loaf pans and let rise again. Bake in preheated oven at 375 degrees about 45 minutes. Remove from pan to cool.

Bon Appetit!

Flemish Stew
Carbonnade Flamande

1 1/2 lbs. stew meat
2 tp. oil
2 tp. flour or corn starch

salt, pepper, thyme and laurel to taste
1 can beer (or water and 1 bouillon cube)
2 or 3 onions, cut in large chunks
4 or 5 carrots

Heat oil in large pan or stew pot. Brown onions, take out and reserve. Sear meat in same pan, return onions to the pan after meat is well browned. Add carrots, salt, pepper, thyme and laurel. Add beer (or water and bouillon cube) to cover. Simmer for about two hours. Thicken gravy with flour or corn starch if necessary. Serve with boiled potatoes.

Newly elected 1984 Garza County Extension Homemakers Council are (left to right) Nona Lusk, TEHA chairman; Sue Maxey, vice-chairman and secretary and Faye Payton, chairman. People interested in learning how to become a member of an E.H. Club, should call any of the officers or Colleen England, County Extension Agent-Home Economics, 495-2050.

Woman's Culture Club studies High Tech world

The Woman's Culture Club met January 11 in the home of Sue Traw with Linda Malouf serving as co-hostess.

Mrs. Malouf, president, called the meeting to order and welcomed members and guests. She extended best wishes for the New Year and expressed her appreciation to Dorace Wilson for her help in making her report.

In the absence of Patsy Craig, Maxine Earl served as program leader. Katherine Cathcart spoke on women's role in a "High Tech" world. She spoke of Mr. Edison's accomplishments and its effect on the progress in the world. New technology in sewing machines, toasters, electric irons, washing machine, touching on pure food laws and drugs. New medication was introduced for children's diseases.

Lois Cook spoke on "Working Women". Women as a homemaker are highly trained in technology, a doctor when her child is sick, a teacher, a finance whiz with the budget, a cook, a maid, a wife and a mother. She concluded her talk with "God is the greatest technologist of all."

Sue Traw brought out the thought that women are very intelligent and do make good executives, but some men resent working for a woman. Also women are getting involved in politics to a great extent. It was noted that Sally

Ride was the first woman to go into space, not because she is a woman, but

because she was qualified.

Ms. King on honor roll

Marsalyn King, daughter of Mr. and Mrs. Gene King and granddaughter of Mrs. Ruby Carpenter and the late Mrs. Lucy King, made a 4.0 grade point average for the fall semester at Texas Tech.

Miss King is an accounting major and is a sophomore student.

Buena Bouchier gave a report of Federation and how they are helping to solve the problems of drug abuse and alcoholism. Buena finished her report by saying "Having Christ in Your Life Makes the Difference."

Those enjoying the social hour were Mes. Ruby Kirkpatrick, Danielle Riemon, Joyce Strubhart, Katherine Cathcart, Lillian Potts, Bouchier, Cook, Earl, Wilson, Judi Walls, Doll Haire, Traw, Malouf and guest, Pauline Warren.

Teachers receive Masters

Connie Flores and Elaine Wright, both teachers in the Post School System, received their Masters degrees in Bilingual Education Dec. 16, 1983 from Texas Tech University.

Both completed their degrees participating in a special bilingual teacher program offered through Texas Tech.

Miss Flores teaches in Post Elementary School and teaches Elementary English as a second language.

Miss Wright, a Middle School teacher, teaches English as a second language

Art Guild sees Pallete Knife

"Pallete Knife Painting" was demonstrated to the Post Art Guild when it met Monday, January 9 at Glenda's Gallery.

Lopes Cruise by 'Cats

The Idalou Wildcats came to Post last Friday night, expected to be the district leaders, but were no match for the Antelopes as the varsity boys won 51-46.

"We knew we had to keep the ball away from their big guy (Jeff Fulfer)," coach

Ken Plumlee observes, "and fortunately we did a better job in the second half than in the first."

Still, Fulfer collected 24 points before fouling out in the last few minutes of the game.

R. J. Greathouse was the high scorer for the 'Lopes with 21

points.

Milton Williams scored seven points, and his outside shooting late in the game gave the 'Lopes a spark to push out ahead.

James Brown also hit for seven and was strong on rebounds.

Lynn Allen scored eight points and four each were credited to L. D. Harper and Mike Ollison.

This Friday the 'Lopes host Childress and next Tuesday they travel to Floydada.

Tigers Upset Lopes

With less than 10 seconds to go in the game, the varsity Antelopes were trailing by two points and setting up for the tying shot... the ball was forced out of bounds and the official turned the ball over to the Slaton Tigers, who ran out the clock, taking a 41-39 win at home.

ly from outside," coach Ken Plumlee comments, "but we're getting better the more we play."

Lynn Allen, Milton Williams and Charles Johnson each scored two points.

Freshmen Girls

The freshmen Lady Lopes were unable to overcome a halftime deficit last Friday, losing to visiting Idalou 46-24.

Scoring for Post were Rita Lappen with seven, Angie Holleman with six and four each by Jenny Hudman and Tammy Johnson.

The ceiling fan has found new use.

So has the coal we use.

Some folks don't realize that one of our oldest forms of energy has a new and improved use. Southwestern Public Service Company uses coal to make electricity.

Improved use. Use of low sulphur coal and filter systems helps prevent air pollution problems.

Now, our coal-fueled plants produce more than half the electricity you use. Because coal is plentiful and less expensive than natural gas, which we've used for years.

We say coal is new and improved because it's more efficient cost-wise, and because we're preventing air pollution problems with filter systems we've helped develop.

Coal helps us control your cost of electricity. And keeping your cost of electricity as low as possible is another way we're...

Ronnie Thomas on Dean's List

Ronnie Jay Thomas of Route 2, Post, has been named to the Dean's List for the 1983 fall semester at Western Texas College.

Students on the Dean's List must be enrolled for a minimum of 12 hours of college credit work and have a grade point average of 3.5 or more for the semester. Eighty-two students at WTC qualified for the Dean's List in the fall semester.

This Time Last Year!

By Wes Burnett

When you think of 1983 you have to remember the day Burlington announced the closing of their Postex plant here.

Our Wednesday, Jan. 19 edition told the story, which had been rumored for months.

Good news in that issue last year was the announcement of four Post High School football players named to the 3A All State team . . . Will Kirkpatrick, Toby Craft, Milton Williams and Tim Tannehill.

New Post Chamber of Commerce directors elected Bill Terpening, Wes Burnett and Don Glidewell to three year terms on the board.

Plans for the "Womanless Wedding" were in full swing, as the Antelope Booster Club got ready for its January 29 extravaganza.

We wrote an editorial urging Post to move on toward the future in a unified "can-do" spirit, following C. W. Post's vision for the town.

In the Sunday, January 23 edition, we reported the second winter storm of 1983, which paralyzed traffic in and through Post.

The storm even kept the mail from being delivered, although our Post Office people were on duty, the truck from Lubbock didn't make it.

The same edition listed the Garza County Livestock Show and Fair information, which opened Feb. 23.

Jackie Lester was promoted to assistant cashier at The First National Bank and new directors at the bank were Julius Stelzer and Dr. James Morris.

U. S. Savings Bonds Sales

Sales of U. S. Savings Bonds during the period January through October 1983 in Texas amounted to \$223,485,458, an increase of 27.5 percent over the same period a year ago, T. J. Morrow, District Director for the U.S. Savings Bonds Division in Dallas, Texas, announced today. These sales represent 99.5 percent of the state's 1983 assigned dollar goal of \$224,700,000.

Sales of Series EE Bonds amounted to \$1,159 during October 1983, for a total of

\$19,200 for the ten-month period in 1983 in Garza County, Jack Alexander, Volunteer County Chairman said. These sales represent 48 percent of the County's 1983 assigned dollar goal.

Nationally, January through October 1983 sales of Series EE Bonds totaled \$3.3 billion, an increase of 28 percent over 1982 sales. Savings Bonds held by the public amounted to \$70.9 billion as of October 31, 1983, an increase of \$2.5 billion in the ten-month period.

Journalism Scholarship Offered

Two Post High School seniors have an opportunity to win a \$500 college scholarship, it was announced this week by Wes Burnett, publisher of The Post Dispatch.

The Dispatch is a member of the West Texas Press Association, the world's largest regional press group, and that organization is seeking out two future community journalists to receive stipends of \$500 each.

Through the "Bob Craig Memorial Scholarship" program, named in honor of long-time Hamlin Herald publisher Bob Craig who died in 1981, the West Texas Press Association is sponsoring an essay contest based on the theme "My Future and Career Plans in Community Journalism." High School seniors interested in pursuing a career in community journalism may submit their essays to WTPA Scholarship Committee, Marshall Day, Chairman, Drawer 1200, Seminole, Texas 79360.

The essays must be postmarked no later than April 15, 1984.

The essay is limited to a maximum of 400 words and no letters of reference will be accepted for consideration in the contest.

In addition to being a senior in high school, they must maintain a "B" average or better and plan

The scholarships will be divided into payments of \$250 per semester for two students.

The essays will be judged by the Texas Press Association.

1983 Library Use

Residents of Post and Garza remembered that the "Library is your friend for life," in 1983.

For a second straight year, over 10,000 volumes were checked out, with 65 percent of them borrowed by adult readers.

During the year, 555 new volumes were added to the shelves, 54 were lost and 424 were discarded.

The Spanish cassettes were checked out 11 times.

Twenty-five books were borrowed through Inter-Library loan.

The Texas Instruments computer was used 661 times, and eleven school classes visited the library.

Mrs. Pee Wee Pierce, Librarian, even found time to keep records in almost three dozen categories, but helping people find and enjoy that "right" book will always be the top priority.

The 1984 Garza County Salute to the PETROLEUM INDUSTRY

One of the bright spots in Garza this year is the vibrant, progressive and enthusiastic petroleum industry, which continues to lead the way in our economic stability.

We are preparing our 1984 Salute to the Petroleum Industry, and are offering advertising space and publicity for petroleum related companies in this popular annual tabloid.

The importance of the petroleum industry to Garza County can not be understated, and this special edition is an excellent opportunity to tell the "oil field" story to the people of this area.

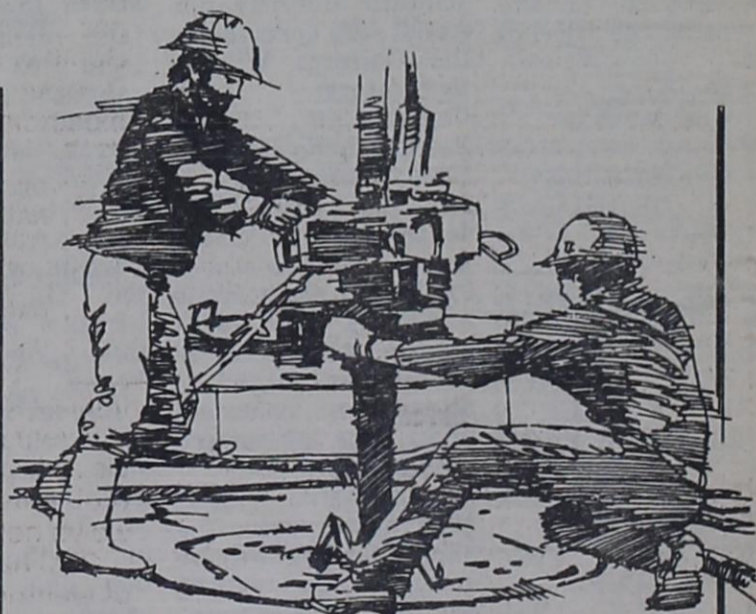

If you are in the petroleum business or if you have customers in the petroleum industry, you'll want to reserve advertising space.

We are offering advertising this year at the same LOW rate as in 1983...only \$2 per column inch. Each page is 6 col. by 14 inches (84 col. inches). Our minimum size is 21 col. inches.

Call us soon so we can help you plan your story, schedule photographs and design your advertising.

Twisted Values

Pastor Steve Traw
First Christian
Church

An ugly twist of values grips a nation established on Godly principles. Imagine a nation of envy to the rest of the world in land, resources and productivity. This land so greatly blessed has been the haven sought by homeless people of many lands. Its inhabitants enjoy a quality of life not even imagined by a great part of the world.

This is a land of great freedoms. Its people may pursue livelihoods, goals and religion. It is governed by the citizens and allows a system of free enterprise. Its anthem, songs, constitution and history all reflect allegiance to the divine Power that has given such bless-

ings. It is a country that protects many animals by an endangered species list. Cruelty to animals is illegal and subject to fines and incarceration. Much of our wildlife is strictly protected.

But justice and reason has been dealt an ugly blow. Sunday January 22, 1984, marks the eleventh year of legalized abortions in America. Recently courts upheld the right of two California doctors to allow their patients to starve. Many hospitals across the country now allow deformed and unwanted newborns to die from lack of attention, a quiet infanticide that is far more common than meets the public's awareness.

How has a so-called

Christian nation allowed such disregard of the value of life? What scriptural insight should guide our Christian response? How does one individual hope to change our laws and thus our nation?

Many churches across America will remember this Sunday, the 13 million abortions of these eleven years. A day will be set aside to pray and act for the sanctity of human life as God intended His own to uphold.

Some will contact the Christian Action Council, others the Lubbock or other local Right to Life Committee, some to petition their elected state and national officials. The church has failed to act in a concerted way to check this great scar on our country.

"To him that knoweth to do good, and doeth it not, to him it is sin" (James 4:17.)

Until the 16th century, it was customary for women to wear their wedding rings on their right hands, rather than their left.

The first President to be inaugurated in Washington, D.C. was Thomas Jefferson.

Jan. 15, Special Day at Church

By Annie Gilbert Pleasant Home Baptist Church, East 14th and N. Ave. F is the church where the people care. Rev. Arthur Kelly is the pastor.

Services were carried out in usual manner. It all began with Sunday School with Brother Bobby Ray Curtis doing a splen-

did job in teaching with the lesson subject "Vision and Mission", scripture Isaiah 6: 1-8. Morning devotion by Sister Fisher Wynn, Sister Callie Harper and Sister Wynn read St. Matthew, chapter 5, verses 1-10. Altar call truly prayed by our pastor spiritually from his soul and heart to the Master.

Pastor Kelly delivered a wonderful message from the Book of Galatians, chapter 6 verse 14. His them was "Glorifying in the Cross". The choir sung sweet praises to the Loving Master. Everyone present were at their Post of Duty and thank God for Jesus, Lord we should all

thank God for Jesus. God is not through with us yet. Let's pray for one another always.

Thought: Oh the beauty of walking in his promises to us. Folks, God's word works, yes it does. Lord, thou wilt ordain peace for us: for thou also hast wrought all our works in us. Isaiah 26: 12.

Twin Cedar News

By Tina Perez It has been a quiet two weeks!

We would like to show our sympathy to the Pennell family for their loss. Mr. Pete Pennell was a nice person and we are going to miss him.

We would also like to welcome Mr. Walter Artie Young. He came to our home last week. We are glad to have him, he is a very nice person and a jolly man.

We have added new activities to our regular ones: story hour, the book we're reading is the Golden Acres, the games are Aggravation, Dominoes and cards.

We had three good coloring pictures. They were a parrot colored by Blanche Graham, an umbrella by Lucy Clary and an elephant by Artie Young. They all did a great job.

Church service this week was given by the Assembly of God. Everyone said they enjoyed it very much.

Thoughts for the week: Nothing can separate us from the love and the presence of God. I will try to love as God loves — without them.

We also hope that Patsy Craig has a safe trip and comes home cause we miss her when she is gone.

We are also always glad to see Virginia

Babb coming to show us films. She is a very nice person.

Our visitors were Sherry Mason, Chana Burns, Inez Ritchie, Mary Tillman, Scott and Christopher Metzgar, Lorrye Moore and Laura, Lance and John Goen. We also thank all our other visitors and we hope they keep coming.

WHAT?

You mean you didn't know

1. 400% More Subscriptions

Since September 1982 we have shown a four-fold increase in pre-paid subscribers in Garza County. An important fact for advertisers, this dramatic increase in paid subscribers translates to better and more consistent exposure to the public. And if you wondered why there are papers in the newsracks by the weekend, it is because we are selling more papers than ever before...so we print more to distribute...we don't want any potential customer to go away empty handed.

2. Highest Readership

The simple fact is...people in Garza County read their newspaper from cover to cover...and it is no secret that family members hassle over who gets the paper first.

3. 90% Market Coverage

Advertisers get just about every household in Garza County when they place their ad in The Post Dispatch, with 90 percent of all families here reading their newspaper.

4. Most Popular Features

Surely you know that "Dabney Post" has captured the reading public. And where else can people here get the unmatched local sports coverage and fantastic action photos?

5. Best Community Support

The enthusiasm of our readers for our aggressive support of community projects overwhelms us...we look for ways to transfer our readers' loyalty to potential advertisers. Surely if the merchants in Post knew how valuable our service is to their customers, the advertising volume would keep us busy all week.

NOW you know why advertising in The Post Dispatch pays Big Dividends!

Golden Plains Care Center

By Nell Mathews
Hello out there to all of you from all of us here at Golden Plains Care Center.

We are beginning the New Year with a new name, and we know that there will be a lot of changes, but we will still get the same good care and the love that will help us to get through the changes that we will have to go through.

We are also enjoying the nice weather, until the snow and ice come again.

We invite you to come by and see all of us, we might tell you

a few tales like, Mr. Brookshires' brother shot his cat and went back to the house to get something to put the cat in to carry it off and when he got back to where he shot the cat, it was gone, well just eight more shots to go.

Miss Ledbetter and her sister were climbing trees and her sister fell out of the tree and hung her dress on a limb and was just hanging up in the tree. Miss Ledbet-

ter did go for help. The ones that were raised in East Texas and Arkansas climbed more trees than the ones raised in West Texas. I wonder why?

Outlook Meeting

Crop and livestock producers throughout the area will get an up-to-date picture of the season ahead in agriculture during the annual meeting and outlook conference of the South Plains Development Program here Jan. 24.

The day-long program at the Koko Palace, Ave. Q at 50th St., will give producers information to help them plan for profits in 1984, Billy C. Gunter, district director with the Texas Agricultural Extension Service, said.

The South Plains Development Program is a coordinated regional effort of individuals, associations,

businesses and agencies to promote economic development in agriculture and improved family life in 21 counties. It is sponsored by the Extension Service, working through county Extension program building committees and task forces which identify educational needs and coordinate educational activities.

Details about the annual meeting Jan. 24 are available at county Extension offices across the South Plains.

MIKE HARPER

As a candidate for the office of Sheriff of Garza County, I would like to take this opportunity to introduce myself.

To those of you who do not already know me, my name is Mike Harper. My wife, Freda and I were raised in Garza County and have made our home here with our child.

I have been interested in law enforcement for a long time. I attended reserve deputy school and was a reserve deputy and deputy sheriff of Garza County.

I plan to meet and speak with each of you between now and the Primary election.

Your support and your vote will be sincerely appreciated.

We have three new residents, Mrs. Mae Gossett, Mrs. Roberta Barns and John Vesels. Welcome to our home.

By the time you read this paper, Mrs. Cordie Stewart will have moved to a home in Carlsbad, N. M., to be near her children. We will miss you Cordie.

We have Iva Sanders, Doug Buchanan and Maudie Pettigrew back from the hospital and we have Covie Duckworth in the hospital. Hope Covie will be back with us soon.

We had music Thursday night. Thank you Durwood

and Bill Bartlett, Ira Farmer, and Esker Stone. We sure enjoyed the good music.

Thank you Bea Dodson for coming and playing for us last Saturday.

Hope you hear from us next week.
