

No New Taxes for Post Taxpayers

The Post City Council Monday night adopted a \$1,028,457 budget for 1984-85, keeping the tax rate at the same \$.20 per \$100 evaluation.

This compares to a \$1,410,057 budget for the previous year.

Reductions in ad valorem taxes accounted for the majority of the revenue difference and capital expenditures were the major items of expense cuts.

The budget includes a six percent overall pay increase for city employees and continues the five-year plan for water line improvements.

The council, in its four hour deliberation, also selected Bryan Williams and Son Insurance for building and grounds coverage following the presentation of bids from three local agents.

In addition to Williams, who presented the low bid, Post Insurance and Tom Power Agency offered bids for the three year period.

Post Insurance currently holds the coverage and has extended temporary binding coverage for the past 60 days.

In a split vote, the council approved the installation of an eight inch water line from 14th St. to Ave. S, partly in response to a request from a proposed motel operator.

Jim Jackson, Chaparral Restaurant owner, introduced Pravin Patel of Slaton, who plans to build a 30 room motel on Highway 84 next to the Chaparral.

Patel explained to council members that the motel, to be named Oilfield Inn, will include a swimming pool and that a larger water line would be needed.

Mayor Pro-Tem Maxine Earl informed Patel that the city policy in the past has required developers to install water mains at their own expense.

The eight inch water line is to be inside the city limits, but would allow for

users outside of the city limits to tap onto the line.

After the vote to approve the water line as a budget item passed, council member Jack Ault offered a motion to require the expenditures for the line not to be incurred until annexation of the proposed motel site be completed. His motion was seconded by Weaver McKemie.

After a lengthy discussion, Lewis Holly and Larry Mills voted to oppose Ault's motion and Earl was called to break the tie.

Earlier she had broken the tie vote on the eight inch water line by voting with Holly and Mills.

"Being in favor of annexation, I vote yes to Jack's motion," she answered after another hefty period of discussion.

The council agreed to prepare a plan for annexation of an area surrounded by Highway 84 North. City

Lee Allison Discusses Park Improvements

Garza County News Briefs

Adult Education

Continuing Education will hold registration for Western Texas College Adult Classes beginning Monday night, September 17 at 6:30 p. m. when registration will be held for typing classes.

Registration will be held in the High School Library.

On Tuesday, September 18, registration will be held at 6:30 for bookkeeping and Thursday, September 20, registration at 6:30 for computer literacy.

A minimum of 10 persons is needed to enable to hold the classes.

Classes will include 45 hours of instruction or 15-3 hour sessions.

Cost for the classes will be \$45 plus books and other materials.

For more information, call Lane Tanehill at 495-2770.

Ladies Golf Tourney

A Ladies Golf Tournament will be held Saturday, September 15 at 8 a. m. at the Caprock Golf Course.

Nine holes only will be played and partners will be drawn. An entry fee of \$1 will be charged plus the usual fees.

For more information, call the Caprock Golf Course.

Flea Market Sept. 15

A flea market has been scheduled for Saturday, September 15 from 9 until 3 p. m. at the hall of Holy Cross Catholic Church.

Booths will rent for \$10 each and for more information, call Juanita Pantoja at 495-3059 after 5 or Ann Stelzer at 495-3645 anytime.

Ex-Students Meet

The Ex-Students Association will meet Tuesday, September 18 at 7:30 p. m. in the bank community room to finalize plans for the annual homecoming.

All Exes are urged and invited to attend.

Neighborhood

Watch Group

Holds Meeting

Ken Brendle, a member of the Lubbock Police Department, encouraged a group of Post residents to establish a Neighborhood Watch organization as a crime prevention measure when he met here last Thursday evening.

Brendle pointed out that the best way to lower the burglary rates is to have neighbors watching out for each other's property for suspicious visitors and report it to the police.

He described the program that has been successful in Lubbock.

The mere posting of signs in residential neighborhoods puts the criminal on notice that he is being observed.

Garza County Sheriff Jim Pippin endorsed the idea of Neighborhood Watch and invited anyone to get the auto license numbers and call his office when it appears that someone should be checked out.

Brendle explained how easy criminals can make break-ins to buildings that most people believe are secure.

County Approves Tax Rate

After voting on the tax rate at an earlier meeting, commissioners voted officially Monday, Sept. 10 to set the tax rate at \$15.5 cents per \$100 evaluation with three commissioners for and Ted Aten voting against. Commissioners could not set the tax rate until all the evaluations were in.

Geraldine Butler, representing the Caprock Cultural Association, asked commissioners for \$2,500 towards the support of that association. Commissioners had voted to give the money back in the spring tentative to the agreement of the city council to give the same amount. The association needs the support of both entities in order to receive matching grants. Commissioners approved the allocation.

In other action, new deputy, Marc Gray was approved for bonding as was Alice Bilberry, clerk in the JP Precinct 1 office;

Voted no to the paying of \$1.50 per day in additional funds for the Lubbock Youth Center. The extra money would be used for vocational training for the youth staying at the center. After discussion, commissioners said they didn't feel the Garza County youth would not benefit from the program because they were not there for any length of time.

Mayor Giles McCrary was reappointed by the commissioners to serve as SPEMS Council Representative and reappointed Judge Dalby as the SPAG General Assembly Director for Post and Garza County.

Donald Windham reported on the handicapped requirements which must be met by the county and said that work was to begin shortly to meet those requirements.

Before adjourning, commissioners amended the minutes for the August 13 meeting, approved the monthly invoices and bills.

Class of '49

The Post High School Class of 1949 will hold its 35 class reunion Saturday, October 20 in the Fellowship Hall of the First United Methodist Church.

Registration and visiting will be held from 2 - 7 p. m. with a catered meal to follow for classmates at 7 p. m.

Anyone intested in visiting is invited to attend between the hours of 2 and 7.

Anyone knowing the address of Rudolph Jones is asked to contact Janet Stewart Hall at 495-3477 or 495-3404.

439-620

The Post Dispatch

In the shadow of the Caprock

Fifty-Eighth Year Number 15 Post, Texas 79356 Newstand Price 50c Wednesday, September 12, 1984

Burlington to Donate Plant

Burlington Industries has announced its intention to donate all of its Post properties to a recently established non-profit development organization in Garza County.

In announcing the decision, Burlington officials expressed their desire to provide the facilities to the citizens of Post in a spirit of community cooperation.

The actual transfer of the

property to the Post Economic Development Corp. is expected to take place later this month.

Burlington announced plans to close the Postex Plant in January 1983, listing the inability to compete in international markets with muslin production and the fact that the Post facility did not meet the corporation's production needs.

"We are delighted that

Burlington has decided to donate this valuable property to the people of Post," Jack King commented.

"In organizing the Post Economic Development Corp., we look forward to offering the Postex Plant as a site for a variety of industries.

"Since the building is so large, we hope that a plan for dividing the area into smaller units will attract a

broader base of industrial occupants," King added.

King emphasized that at this time there are no prospects for occupying the facility, but that the search for interested manufacturers or industries is a continuing process.

"There have been and are a few folks who have looked at the building in the past, but were not in need of 500,000 square feet of space," King said.

The Way I See It

Odds and ends this week, as I have been collecting up a few of 'this and that' to unload.

I opened my mouth when I should have said "I don't know, I'll check it out," during the most recent Post City council meeting.

During the discussion about eliminating the position of code enforcer from the budget, I answered someone's question about the help wanted advertising for the position back in January.

"Sure," I said with confidence, "I know it ran at least twice, may have run three times."

Wrong, I was dead wrong. Although I owe an apology to the council for this mistake, believe me, I really was sure we had published a help wanted ad for that position.

At any rate, let the record be set straight and the next time someone asks me about something that was or was not published, you can count on getting a "I don't know for sure, but I'll look into it," answer.

Speaking of the council, I am interested that no citizens appear at the meetings.

Oh, every once in a while people show up for special reasons, but when their time comes on the agenda, they have their say and then leave.

Rarely does anyone sit through the entire ordeal, with the exception of my friend Mike Barber, who has weathered through several.

I take this lack of citizen interest as a statement that they expect me to be their

ears and eyes while their elected public officials conduct the business of city affairs.

And I accept this responsibility as any good newspaper person would.

I do think people ought to see for themselves how their business is handled and the new council chambers are spacious and comfortable.

Be prepared to sit through a full night...the last meeting went until 1:30 a.m.

I am told that former Dispatch publisher the late Jim Cornish left promptly at 10 p. m. from these meetings, declaring that if the business couldn't get done by then it wasn't worth sitting through.

I am tempted at times to follow his lead.

I feel a certain burden to report to you what you miss at these meetings, and figuring out exactly how much of the meeting that you want to know about.

If I gave you the entire meeting, you'd have to digest it in several doses and we wouldn't have room in one issue for it all.

I try to give you the highlights and what I feel are the most important events at these meetings.

Got an interesting letter this morning...unsigned...to which I would like to respond.

I wish I knew who sent it so we could talk to one another.

The person says, "I think that Post Paper is a disgrace! Why don't you have a reporter go out and

get some news every week people like to read about what people are doing where they're going etc. etc."

I suppose my attending public meetings day or night and all the other events that we report do not count as news to this person.

These kind of letters, which fortunately we don't get very often, get my goat.

For one thing, the complaint is so general it is darn near impossible to answer. And, I am so thin-skinned to criticism, that I spent the best part of the morning trying to figure out what I am not doing that I ought to be doing.

Exactly what does this person mean... "too much advertising...no society news at all (it stinks!)?"

Perhaps we should force people to get married or engaged and demand that when people have visitors or go somewhere they call us or else we'll just get angry...

The fact is this, we devote our entire lives to providing the best possible newspaper with absolute dedication to this community and I am simply bumfuzzled to think that someone feels that our newspaper is a disgrace.

The very idea. Perhaps some of you can enlighten me as to exactly what this person is trying to say.

As for the advertising, blessed be the day we have too much.

We consistently publish more pages than is economically warranted, for the very reason that we believe all the local news should be

published.

And to the unidentified letter-writer let me add a very important footnote... there is not a newspaper in this nation that can survive without advertising...that is the primary source of revenue to pay employees, utilities, printing, and all those other expenses it takes to provide a newspaper every week.

Maybe I'm devoting too much attention to this one complaint, but I just had to get it off my chest.

We invite suggestions from our readers as to what other items we should be publishing, please, call us and we'll talk. If it's possible to do what you want, we'll do it.

There are limitations, however, such as hiring more people when advertising is not there to support it. Afterall, your newspaper is like any other business, it has to have enough money to pay its way.

I want to emphasize strongly that your newspaper is only as good as the advertising support it receives. Keep that in mind when you spend your money and at least try to patronize those businesses which are regular advertisers in your newspaper.

And since we're all in the same boat, trying to make ends meet, perhaps we can share the wealth and we'll all benefit.

Anyway, I promise to do my part.

WESLEY W. BURNETT
Publisher

Council Plans Annexation

Continued From Page One
attorney Harvey Morton explained to the council that under current law the city is authorized to annex 30 percent of its land mass in the first year, then 10 percent each year after.

Ault and McKamie argued that once the water line installation to help a proposed business needs to take a lower priority than water line improvements for city residents who have paid taxes for years and "deserve to have good water pressure before we spend money for new businesses," McKamie commented.

Ault emphasized that extending services would be a benefit to the city only if the area is annexed so that the city could derive revenue from taxes.

Post properties.

"Once we get this organization approved by the IRS," King told the council, "then Burlington will transfer the title to its property and we'll be able to recruit a variety of different occupants."

King reminded council that the non-profit organization will be a citizen group, with members voting on its own board of directors.

"This organization will give everyone a chance to have a say in their future," King pointed out.

Voting memberships will be issued to each \$500 donation to the organization.

"There are a few smaller industries who have expressed interest in leasing portions of the Burlington building," King added, "and we'll be taking the approach that several smaller companies might be a better use of the facility and give us a broader base for employment."

The council also heard from Lee Allison of Parkhill Smith and Cooper engineers concerning the city-county park improvements.

Using the recently approved Texas Dept. of Parks grant, the park will see a major facelift, including renovation and repairs to the swimming pool.

The site of a proposed 30 unit motel is adjacent to the Chapparral Steak House on Hwy 84 and could be a part of the city council's plans for annexation.

The last annexation by the city was during the 1950s.

In other action, the council heard a report from Jack King about the formation of the Garza Development Corp., which will offer Garza County residents the opportunity to participate in the non-profit organization.

The immediate concern of the group is to work with Burlington Industries in accepting that corporation's offer of donating all of its

Family Needs Blood Donors

A special blood drive to benefit A. J. Rowell, uncle of Mrs. Pat Burnett of Post, will be held Monday, Sept. 17 from 9 - 11 a. m. at the First Presbyterian Church annex, 10th and Ave. S.

The replacement blood drive is designed to credit the account of Rowell, who is undergoing extensive blood transfusion and cancer

treatment at M.D. Anderson Hospital in Houston.

United Blood Services of Lubbock is conducting the blood drive and will credit the donations to the A. J. Rowell account at M. D. Anderson.

"We desperately need this help," Mrs. Burnett comments, "especially since he needs two pints of blood per day."

Rowell, a native of Silverton, Tex., is a WW II Navy

veteran and has resided in Hedley, Tex., for the past few years.

He is the son of the late W. A. and Molly Rowell of Silverton.

"We appreciate family and friends who are able to help us during this critical time of Uncle A. J.'s life," Mrs. Burnett adds.

She may be reached at 495-3884 or 495-2816 for more information.

PHS Class of 1954 Reunion

The Post High School class of 1954 will hold a class reunion Saturday, Oct. 20 with a supper at Jackson's Cafeteria, beginning at 6 p.m.

Other activities include a breakfast at the Bobby Cowdrey home at 8:30 a.m.

Letters have been sent to class members and those

connected with the class interested in attending.

Letter to the editor:
I sent the following letter to Mr Bill Shiver, Superintendent of the Post Independent School District, on Sept. 11, 1984.

Dear Mr. Shiver,
In regards to the upwards of \$9,000,000 school insurance and approximate \$100,000 annual premium expenses I stated:

I could not express my views nor make proposals at the called meeting in the library 8-31-84, 1:30 p.m., because I was not invited nor on the agenda to discuss insurance. You accepted, without competitive bids, the agent of record's 3 year policy for school properties in the amount of \$8,949,773 for \$156,489 premium.

For a number of years, upwards of 20 years or more, one agency has been designated as "agent of record" and has written all the school business. This agency has not been invited to compete nor share with the agent of record.

If an agency makes approximately 20 percent commissions, the school volume of business amounts to about \$20,000 annual agency earnings. An agent of record is a counselor and should see that Post Schools are properly informed, insured adequately, and distribute the business fairly between qualified agents. It appears the current agent of record controls all of the Post Independent School insurance business without any competition.

The failure of the school to secure competitive bids on its insurance is costing the taxpayers approximately \$10,000 per year.

This agency represents companies, like the Travelers, with the highest rating (A plus 15) available. Enclosed is a listing of other policies to be renewed setting forth the approximate amount of coverage and premium.

This agency has made inquiries in other districts about how the insurance is handled. If an agent of record system (which is optional) is used the volume of business is distributed equally among all qualified agents within the district.

Some districts prefer to take competitive bids on school insurance policies. Considering the school spends upwards of \$100,000 annually for insurance the school designates some impartial person, not the agent of record, to study the matter and keep the school informed.

The Tom Power Agency is a qualified agency having been in business since 1973.

One definition of "agent of record" is the person who ever the policyholder says is his insurer.

Your very truly,
TOM POWER AGENCY

PUBLIC NOTICE
BRIEF EXPLANATORY STATEMENTS
OF PROPOSED
CONSTITUTIONAL AMENDMENTS
GENERAL ELECTION
NOVEMBER 6, 1984

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 29 proposes a constitutional amendment that provides to state-chartered banks the same rights and privileges that are or may be granted to national banks of the United States domiciled in this state. For example, if national banks become authorized to maintain branch offices, this amendment would extend the same privilege to state banks.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide state banks the same rights and privileges as national banks."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that restructures the Permanent University Fund to provide: (1) for the expansion of the institutions eligible to participate in the bonding capacity of the fund to include the components of The University of Texas and Texas A&M University systems that have been added to those two systems of higher education since the Permanent University Fund was last restructured by constitutional amendment; (2) for the expansion of the purposes for which bond proceeds can be expended from new construction to include major repair and rehabilitation projects and the acquisition of major capital equipment (e.g., computers and laboratory equipment) and library books and materials; (3) for an increase in the bonding capacity from 20% (2/3 for The University of Texas System and 1/3 for the Texas A&M University System) to 30% (20% for The University of Texas System and 10% for Texas A&M University System) of the value of the assets (exclusive of real estate) in the Permanent University Fund in order to provide sufficient bond proceeds to care for the addition of 10 new institutions to those authorized to participate in the Permanent University Fund bonding program and to care for the expanded purposes for which the bond proceeds can be spent; and (4) for the dedication of the dividends, interest, and other income from the Permanent University Fund remaining after payment of principal and interest due on bonds and notes issued, to the provision of support and maintenance (over and above normal legislative appropriations) for Texas A&M University in Brazos County, Prairie View A&M University, and The University of Texas at Austin.

House Joint Resolution 19 also annually appropriates \$100 million in each fiscal year, beginning September 1, 1985 (from the first money coming into the state treasury that is not otherwise appropriated by the constitution) for the use of those

education which are not included in The University of Texas or Texas A&M University Systems and, therefore, not eligible to participate in the Permanent University Fund bonding program. The amount of this appropriation could be adjusted every five years by a 2/3 vote of the Legislature, but could not be adjusted in such a way as to affect outstanding bonding indebtedness. Each institution of higher education that is eligible to participate (i.e., those institutions of higher education outside The University of Texas and Texas A&M University Systems) would be authorized to expend directly its share (such share to be determined pursuant to an equitable formula) of the \$100 million appropriation for the purposes of acquiring land, constructing and equipping buildings or other permanent improvements, major repair and rehabilitation of other permanent buildings or improvements, and acquisition of major capital equipment (e.g., computers and laboratory equipment) and library books and materials. Additionally, each institution would be authorized to issue bonds backed by a pledge of up to 50% of its share of the \$100 million annual appropriation for the purpose of land acquisition, new construction, and major repair and rehabilitation projects.

Except in the case of fire or natural disaster and in other extraordinary cases, verified by a two-thirds vote of each house of the legislature, all institutions of higher education would be precluded from receiving appropriations of general revenue funds for the purposes of land acquisition, new construction, and major repair and rehabilitation projects.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to create from general revenue a special higher education assistance fund for construction and related activities, to restructure the Permanent University Fund, and to increase the number of institutions eligible to benefit from the Permanent University Fund."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 65 proposes a constitutional amendment which authorizes the legislature to provide for the payment of assistance to the surviving dependent parents, brothers, and sisters of officers, employees and agents of the state or its political subdivisions, including members of organized volunteer fire departments and members of organized police reserve or auxiliary units authorized to make arrests, who die in the course of performing hazardous official duties. Payments to surviving spouses and dependent children of agencies and institutions of higher

such officers, employees, and agents are already authorized by the Constitution.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to provide for payment of assistance to the surviving dependent parents, brothers, and sisters of certain public servants killed while on duty."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 20 proposes a constitutional amendment which abolishes the office of county treasurer in Bexar and Collin counties if a majority of the voters in each of those counties vote in favor of abolishing the office of county treasurer in a local election to be held on the issue. All the powers, duties, and functions of the office of county treasurer in each of those counties would be transferred to the county clerk.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to abolish the office of county treasurer in Bexar and Collin counties."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 22 proposes a constitutional amendment which provides a new method of filling a vacancy in the office of Lieutenant Governor. The amendment requires the President pro tempore of the Senate to call together the committee of the whole Senate within 30 days after a vacancy occurs in the office of Lieutenant Governor. The committee would be required to elect one of its members to perform the duties of the Lieutenant Governor until the next general election. This individual would continue his duties as Senator at the same time that he performs the Lieutenant Governor's duties. If the Senator who is elected ceases to be a Senator before the next general election, another Senator must be elected according to the above procedure to perform the Lieutenant Governor's duties. The President pro tempore would be required to perform the Lieutenant Governor's duties pending the election of one of its members by the committee of the whole Senate.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the state senate to fill a vacancy in the office of lieutenant governor."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 73 proposes a constitutional amendment that permits the use of public funds and credit for payment of premiums on non-assessable life, health, or accident insurance policies and annuity contracts issued by a mutual insurance company authorized to do business in this state. The constitutional prohibition against a grant of public money to an individual, association, or corporation or against becoming a stockholder in a corporation, association, or company has limited life and health group policies of political subdivisions to non-mutual insurance companies. The amendment would permit mutual insurance companies to bid for those policies.

The proposed constitutional amendment will appear on the ballot as follows: The constitutional amendment to permit use of public funds and credit for payment of premiums on certain insurance contracts of mutual insurance companies authorized to do business in Texas."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment to change the membership of the State Commission on Judicial Conduct to include one Judge of a Municipal Court and one Judge of a County Court at Law, who shall be selected at large and appointed by the Supreme Court with the advice and consent of the Senate.

The amendment also provides additional grounds for removal from office of judges or justices of Texas courts, and provides additional disciplinary actions that could be taken in lieu of removal or censure. The amendment would extend the Commission's disciplinary authority to masters, magistrates, and retired or former judges who hear cases by designation. The amendment creates a tribunal to review recommendations of the State Commission on Judicial Conduct for removal or retirement of a judge or justice. The review tribunal would be composed of seven (7) Justices or Judges of the Courts of Appeals selected by lot by the Chief Justice of the Supreme Court. The amendment also provides for appeal of the review tribunal's decision to the Supreme Court of Texas and grants an accused judge the right to discovery of evidence.

The proposition will appear on the ballot as follows: The constitutional amendment relating to the membership of the State Commission on Judicial Conduct and the authority and procedure to discipline active judges, certain retired and former judges, and certain masters and magistrates of the courts."

PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 22 proposes a constitutional amendment which increases the per diem of members of the Legislature. The amount of per diem allowed during a calendar year would be equal to the maximum amount set in federal income tax statutes as of January 1 of that same year as a deduction for ordinary and necessary business expenses incurred by a state legislator. Current per diem is \$30; the maximum deduction is now \$75.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide a per diem for members of the legislature equal to the maximum daily amount allowed by federal law as a deduction for ordinary and necessary business expenses incurred by a state legislator."

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitucion que apareceran en la boleta el dia 6 de noviembre de 1984. Si usted no ha recibido una copia de los informes en español, podra obtener una gratis por llamar al 1/800/252/9602 o por escribir al Secretario de Estado, P.O. Box 12887, Austin, Texas 78711.

By Darla Davis
 Sunday services were brought to us by the First Baptist Church, Gary Bilbo brought us the message and Dan and Leann Hodges conducted the music. We sure did appreciate the services and would like to thank you for coming.
 Sunday was Grandparents Day and Dink Boren and JoElla Sparlin from the VFW Ladies Auxiliary made momentos for Grandparents Day. Grandparents are special and we all need to take

time to just say "I Love You."
 We would like to thank Coy and Catherine Samples for their thoughtfulness and always being so kind to us. We would like to also thank Maude Dobbs for the delicious cake, Rosemary Stelzer for the bananas and June Durham for the watermelons. We always appreciate your thoughtfulness.
 Visitors this past week were Ruby Browning, Elis and Florenie Sanders, Lottie Sanders, Dusty Clary, Darrel Roberts, Glenn and Mary Roberts, Debbie, Chanda and Meagan Moreman, Dick and Blanche Franklin from Tahoka, Pat-sy and Kimberly Craig.
 Also George and Rowena Pierce and Thelma Adams.
 Thought for the week: "In giving joy, we find joy."
 Until next week . . .

Visitors this past week were Ruby Browning, Elis and Florenie Sanders, Lottie Sanders, Dusty Clary, Darrel Roberts, Glenn and Mary Roberts, Debbie, Chanda and Meagan Moreman, Dick and Blanche Franklin from Tahoka, Pat-sy and Kimberly Craig.
 Also George and Rowena Pierce and Thelma Adams.
 Thought for the week: "In giving joy, we find joy."
 Until next week . . .

Self Defense Course for Women Only

A Self Defense Course for Women Only is planned for Tuesday, September 18 at 7 p. m. in the Garza County Courtroom.
 Burt Sinclair with the Texas Department of Public Safety will be the instructor. The course will be held for one night only.
 Sponsored by the Womens Division of the Chamber of Commerce, the course is open to any woman in the area at no charge.

ENGAGED — Jerry and Marlene Zachek of Columbus, N. M., announce the engagement and approaching marriage of their daughter, Romy, to Ricky Ferguson, son of Mr. and Mrs. Robert McElroy of Post. The couple plan a Sept. 22 wedding in the home of the bride's parents.

Mrs. Mike Tatum shower honoree

Mrs. Mike Tatum was honored with a layette shower in the ranch home of Mrs. Giles Dalby, Saturday, Sept. 8 between the hours of 2 and 4 p. m.

Mrs. Jerrell Truelock presided over the guest book and assisting Mrs. Tatum with gifts were her sister, Channa Williams and Charlicie Dalby.

Special guests for the shower included Mrs. Charles Williams, Mrs. Ted Tatum, Mrs. Albert Stone, Mrs. Opal Montgomery and Mrs. Ira Farmer.

An assortment of dips, fruits, chips, coffee and cold drinks was served to those attending.

Hostesses for the occasion were Mmes. James Dye, Warren Thomas, Lester Josey, Larry Mills, Ted Williams, Ronnie Gradine, Randy McCallister, Mike Mitchell, Roy Teaff, Giles Dalby and Charlicie Dalby.
 Hostess gift was a Cannon sureshot camera.

Births

Mr. and Mrs. Brad Mason announce the birth of their daughter, Jessica Lyn, born Friday, Sept. 7 in Lubbock's Methodist Hospital, weighing 8 lbs., 12 ozs., and was 20½ inches long. Maternal grandparents are Mr. and Mrs. Ted Williams of Post and Tommy Davidson of Big Spring. Paternal grandparents are Mr. and Mrs. Lewis Mason of Post. Great-grandparents are Mrs. G. T. Mason, Mr. and Mrs. Quannah Maxey all of Post; Mr. and Mrs. Ross Williams and Mr. and Mrs. Mack Warren of Snyder.

Mr. and Mrs. Jay Lott announce the birth of a daughter, Susanna Paige, born Wednesday, September 5 at 9:57 a. m. in Lubbock's Methodist Hospital weighing 8 lbs., 1 oz. Maternal grandparents are Bo and Marita Jackson and great-grandparents, Nora Jackson and Annie Truitt. Paternal grandparents are Jack and Jeri Lott of Post and great-grandparents, John and Ryla Lott of Lubbock and Ruth Alexander of Abilene.

Evie and Louie Ybarra announce the birth of a daughter, Ana Alicia, born Sept. 4 at 10:09 p. m. in Garza Memorial Hospital, weighing 8 lbs., 13¼ ozs., and was 21 inches long.

Carla and Terry Odom announce the birth of a son, Joshua D'wayne, born Sept. 6, at 11:12 a. m. in Garza Memorial Hospital, weighing 6 lbs., 15 ozs., and was 21½ inches long.

Mr. and Mrs. Doyle Nichols announce the birth of a daughter, Jennifer Jo, born August 29 in the Grapevine Hospital at 1 p. m., weighing 8 lbs., 7 ozs., and was 20 inches long. Maternal grandparents are Mr. and Mrs. Virgil Bilbo and paternal grandparents, Mr. and Mrs. Martin Nichols, all of Post.

For What It's Worth

By Dabney Post
 I thought Indian summer or fall was supposed to be here.

I have perspired more these last three days than I did during the whole month of August. The 100 degrees plus is really getting me down. And it's supposed to be football time and cooler weather.

Enough griping.

We welcome new grandparents Jack and Jeri Lott and Joyce and Roy Teaff and Jane and Lewis Mason and Ted and Marilyn Williams to the Grandparents Club. Isn't it great???

Lots of Post folks are in the hospital at various places and we wish for them a very speedy recovery.

First on the list is Linda Malouf. She was homesick to visit in Post after her move to Plainview, so she came down to visit last Thursday and low and behold, fell on Main Street and broke her hip. But you know Mrs. Malouf, not a complainer at all and says she is feeling very well following her surgery. Her version of the whole thing is "that God just wanted her to slow down a little bit." She is in room 368 at Lubbock's Methodist Hospital.

Pete Dodson, a former Post resident and nephew of Pauline Coleman is in Lubbock's Highland Hospital following a one vehicle accident last Friday night near Littlefield. Pete has already had surgery on his left hand and may suffer from a possible broken neck. But reports from those who have been to visit are that he is in good spirits and

Claborn Family Reunion Held

A Claborn family reunion was held in the home of Irene and Mrs. Ola Claborn during the past weekend.

Those enjoying the visiting included Carl Claborn Indio, Calif.; T. W. Claborn, Temple City, Calif.; John and Mary Claborn, Monahans, Evelyn Hamilton, Odessa; Nina England and Dave Spalwn, Grapevine; Joe Ferri, Azle; granddaughter, Sue Williams and great-granddaughter, Joella of Fort Worth; Ruby Claborn and grandson Jay of Post.

This was the first time in six years that the family had all been together.

Engagement Announced

Margarett Ann Patrick, a Data Processing Officer with Sunwest Bank of Albuquerque, N. M., plans to be married in October to William L. Terpening, Jr., a sales engineer for Barnett and Co.

Ms. Patrick is the daughter of Mr. and Mrs. C. J. Patrick, Baltimore, Maryland.

Mr. Terpening is the son of William L. Terpening Sr., of Post.

OHIO VISITOR

Madeline Miller of Columbus, Ohio and her mother, Lillie Lee Smith of Fluvanna, visited her aunt, Iva Smith Reed Wednesday of last week.

says he will be up and around again in no time.

Tim Tannehill, former Bold Gold Antelope quarterback, suffered a broken right ankle in a scrimmage against Southern State in Arkansas last week. Tim plays for Kilgore College. He had just thrown a touchdown pass on the previous play and on the next play, threw the option and was tackled

from behind. Tim had surgery at Baylor Medical Center Friday morning and just to show you can't keep a good man down, was back in class Monday morning sporting his new crutches. He reportedly had to have a plate and several pins put in the ankle, but doctors report the ankle should be stronger than every before.

Yeah Antelopes, Beat Idalou.

Juniors, Seniors, prepare for ACT Test

As the new school year begins, more than one million high school juniors and seniors across the nation are preparing to participate in the ACT Assessment Program.

The ACT Assessment, which consists of four academic tests that measure educational development and a detailed questionnaire that collects information relevant to educational and career planning, is recommended or required by more than 2,700 postsecondary institutions and scholarship programs.

School guidance counselors recommend that students participate in the ACT Assessment Program during the junior year or early in the senior year, so their results will be available in time for use in planning for postsecondary education and careers.

Students can obtain registration packets that contain all the information necessary to register and prepare for the Assessment from their high school guidance offices. The basic registration fee for the Assessment is \$9.50. New for 1984-85, late registration will be accepted for an additional \$10 late handling fee. For 1984-85, ACT has established this test date schedule:

Test dates, registration deadlines, late registration deadlines:

- October 27, 1984, September 28, October 16;
- December 8, November 9, November 23;
- February 9, January 11, January 29;
- April 20, March 22, April 9;
- June 8, May 10, May 28.

It takes about three hours to complete the four ACT examinations in English, math, social studies, and natural sciences. A sample copy of a full-length test is available in every high school. Students who would like to have copies of additional tests may obtain them at cost from ACT.

The ACT Assessment also includes a two-part questionnaire that students complete at home when they register. The questionnaire focuses on the student's interests, academic and non-academic accomplishments, and vocational and educational plans and needs.

Colleges use information

from the ACT Assessment Program for academic advising, admissions counseling, course sectioning and placement, student services and institutional research. ACT Assessment reports are sent to students, their high school counselors and only those institutions and agencies specifically designated by the student.

The ACT Assessment Program is a major service of the American College Testing Program, which has national headquarters in Iowa City, Iowa.

Hospital Notes

Those admitted to Garza Memorial Hospital through Monday, Sept. 10 include:

- Evie Ybarra, obstetrical
- Jose Bernal, medical
- Joyce Pearson, medical
- Dismissed
- Penny Davis
- Zela Edwards
- Ollie Sappington
- Jose Bernal
- Carla Odom
- Alcarea Gomez

FACTS & FIGURES

Did you know that:
 • In one year (1981), 6,300 lives were saved by government workers in the U.S. Coast Guard. In that same year 168,000 endangered people were assisted to safety.
 • 95% of America's children entering schools are protected against major disease through use of vaccines administered by public employees. As a result, polio and measles have been all but wiped out.
 • In 1982, 92 law enforcement officers gave their lives in the line of duty and 55,775 suffered injury. This means that 17.5 officers out of every 100 sacrificed personally to protect the people of our nation.

A HOUSEHOLD INTERNATIONAL COMPANY

Curt Greer hauled in a touchdown pass from quarterback Joel Kirkpatrick for the lone Antelope score. (Photo by Zoe Kirkpatrick)

'Jackets Spoil 'Lopes Opener

The Post Bold Gold Antelopes sputtered to a 12-6 loss at Kermit last Friday night, as the Yellowjackets stymied the Antelope offense.

The Bold Gold defense, after allowing two touchdowns in the first quarter, took control and lived up to the tradition by holding the 'Jackets throughout the second stanza.

The Antelope offense sparked at times but except for a touchdown pass from Joel Kirkpatrick to Curt Greer in the third quarter, the 'Lopes couldn't penetrate the 'Jacket defense.

Using a combination of passing, quarterback options and inside running, Antelope receivers were unable to hang onto the football at crucial times.

The Antelope kicking game was good, with

Greer's punts against a stiff breeze surprising the Yellowjackets.

Tracy Price also stunned the 'Jackets with his kick-off following the Antelope touchdown, slamming the football against the wind to the 'Jacket 15 yard line.

Lope Touchdown Drive
The Bold Gold touchdown came on the second play from scrimmage with 7:52 remaining in the third quarter.

The drive was set up when Bruce Crenshaw intercepted a 'Jacket pass on the Post 35 and returned it to the 49.

On first down Kirkpatrick pulled off the option around left end, getting into 'Jacket territory to the 47.

Then on second down he rolled to his right and found Greer wide open at the 'Jacket 30, throwing the football just ahead of the

receiver . . . Greer grabbed the ball and raced into the end zone untouched.

The point-after kick was blocked and the 'Lopes trailed 12-6, with inspiration on the sidelines high.

To the fans, it felt like old times and expectations for one or more touchdowns ran high.

It wasn't to be. "We did not perform well offensively," Antelope coach David Thompson observes.

"We will be looking at personnel changes during practice this week and you can be sure we're going to be working extra hard on pass receiving," the coach adds.

The Antelopes picked up 237 yards total offense while limiting the Yellowjackets to a total of 203 yards.

Kirkpatrick completed

eight of 21 passes with no interceptions, although there were another eight or nine passes which were considered catchable.

"James Mock did a good job on the offensive line," Thompson said, "and Tracy Price and Joel Kirkpatrick performed well."

The coach praised the defense overall, citing Delton Osborne, Keith Osborne, David Shults, Bruce Crenshaw and Ricky Moore for their performance.

Delton led the tacklers with 15, followed by Keith with 14 and Shults with 12.

"The one pass that set up the second Kermit touchdown was a result of our defense not lining up properly," Thompson reported, "but this sort of mistake can be corrected."

The Antelopes host Idalou Friday, kick-off at 8 p. m.

Idalou Plans to Revenge Loss

The Idalou Wildcats will visit Post this Friday, seeking revenge for last year's squeaker Antelope win which took them out of district contention.

Now in a new district, the Wildcats are rated to be a contender, and after pouncing Shallowater 38-21 last Friday, Antelope coach David Thompson is taking the visitors seriously.

"We know they're coming in here fired up to whip us," Thompson comments.

"And I'll tell you one thing, if we don't play any better than we did at Kermit last week, we're going to be in for a tough night," he added.

Thompson reports that Idalou is led by senior quarterback Jim Pruitt who likes to throw the football to senior wingback Stacy Phillips.

Isaac Jackson, a 185 pound senior tailback, is the run-

ning threat for the Wildcats along with senior fullback 190 pound Steve Wilbanks.

The offensive line is anchored by 230 pound senior guard Teddy Williams.

The Wildcats run 67 percent of the time and use the I formation.

On defense they are led by linebackers Jay Harmon and Wilbanks, with senior defensive end Gilbert Corrallo and tackle Jack Sparks stacking up the inside.

"We're going to have to get after it, and our offense has got to start working together," Thompson reports.

"We've had some great work-outs this week," the coach continues, "and I'm impressed with the way the players have responded."

Thompson expects to line up a few new faces in offense against Idalou.

The game starts at 8 p. m. in Antelope Stadium.

Chuck Morris and David Shultz sack Yellowjacket quarterback Mike Muniz for a big loss.

Frosh tie Kermit 6-6

The Post Antelope freshmen football team finished its first game of the year in a 6-6 knot with visiting Kermit last Thursday.

The lone score followed an interception by Clint Martin and five plays later Eric Reece completed an 18 yard pass to Ben Kirkpatrick to

complete the 34 yard drive. "The defense played well," coach Jay Kennedy reports.

The Antelopes rushed for 121 yards and 18 passing for a total of 139 and held Kermit to 40 yards rushing and zero passing.

The freshmen meet Idalou there this Thursday.

Tracy Price ignited the fans and the Antelopes with his hard running during second half action at Kermit.

Southland Falls to Ira

By Gregg Haire

The Southland Eagles started out on the wrong foot Friday night when the Ira Bulldogs defeated the Southland Eagles 63-25.

Although the Eagles had a rough time Friday, they did have a few bright spots.

Gilbert Armendarez rushed for 26 yards and gained 97 yards in pass receptions. Dee Farquhar rushed for 16 yards and gained 50 yards in pass receptions. Dee also made eight tackles and 20 assists.

The most exciting part of the game came when Shawn Turley ran back a 70 yard kickoff.

This Friday the Eagles will play the Patton Spring Rangers.

Lets cheer the Black Attack to Victory.

James Mock (75), David Shultz (51) and Curt Greer (30) gang tackle Kermit's Coby Owen as the Antelopes lived up to their defensive reputation.

Chuck Morris (45) and an unidentified Antelope teammate put the pressure on Yellowjacket quarterback Mike Muniz as he punts the ball on fourth down.

Junior Varsity Sees Slim Lead Evaporate

Leading 8-6 into the fourth quarter, the Post Junior varsity football team watch-

ed the slim lead disappear late in the contest here with Kermit last Thursday as the Yellowjackets won 12-6.

Trailing 6-0, the young Antelopes scored on a 60

yard drive, including six plays.

Starting on their own 40 yard line, the scoring effort was capped by a 25 yard run off tackle by Anthony

Perez and the two point conversion came on a pass from quarterback Greg Storie to Lupe Perez.

The junior varsity travels to Idalou this Thursday.

Lupe Perez celebrates following his touchdown pass reception for the junior varsity team here last Thursday.

Keith Hart hits a gaping hole in the Kermit line to pick up a first down for the junior varsity last week here.

Anthony Perez picked up good yardage for the junior varsity during its 12-6 loss to visiting Kermit last week.

Welcome Teachers

We Appreciate Your Dedication to our Youth!!

M. DeWAYNE ADAMS
A graduate of Wayland Baptist University, M. DeWayne Adams majored in Spanish and religion and his minor was English education. He will teach high school Spanish. Adams was a student teacher at Plainview High School. He is joined in Post with his wife Jayne Sue.

MELINDA C. ARBUCKLE
Melinda C. Arbuckle is a graduate of the University of Texas in Austin and holds a bachelor's degree in math. She will teach high school math. This is her first year to teach. Melinda is married to James Arbuckle.

LuNELL GRIBBLE
LuNell (Hurley) Gribble holds a bachelor of science degree in education with endorsement in kindergarten and bilingual from Texas Tech. She is a fifth grade teacher and has seven years experience in Littlefield and one year in Crosbyton. She is married to H.C. Gribble.

GREG Q. HENRY
Greg Henry holds a B.S. in education from Texas Tech and his teaching specialty is earth science and biology. He will teach 8th grade earth science. Greg and his wife Rebecca have two children, Zachary, aged seven and Scott aged four.

GENA G. LOTT
Gena Lott will teach second grade. She is a graduate of Texas Tech and majored in elementary education and special education. This is her first year to teach. Gena is married to Jeff Lott of Post.

DOROTHY McCOOK
Dorothy McCook is a graduate of Abilene Christian University and holds a bachelor of science degree in education. She is teaching first grade and has a total of five years experience, one in Abilene and Dallas and previously taught three years in Post. She is married to Dr Charles McCook and they have four children: Leigh, 18; Jay, 15; Matt, 11 and Colt, four.

CAROL McDONALD
Carol McDonald is a 1984 graduate of Texas Tech specializing in elementary math and previously attended two years at Bethany Nazarene College. She is teaching first grade after substituting here for four years. Carol is married to Wayne McDonald and they have three boys: Brent, 12, Brad, nine and Brandon, six.

PERRY SMITH
Perry Smith is a graduate of Texas Tech University with a bachelor of science degree. Perry will teach vocational agriculture in his first teaching position. He and his wife Kelly are the parents of eight month-old Emily Grace.

CHARLES (Chuck) TIPTON
Charles Tipton is a graduate of Eastern New Mexico University in Portales, N.M. where he earned a bachelor of music education. He will teach choir to fourth grade through high school. This is his first teaching position.

MIKE WALLACE
Mike Wallace will teach American History and serve as Post High School boys' basketball coach. He holds a masters degree from Texas Tech University and has 12 years teaching experience. He is married and has a child, Cristi, 11 years old.

RANDY WILLIS
Randy Willis is an Abilene Christian University graduate with a bachelor of music education. He will serve as band director for Post schools and has 10 years experience. He and his wife, Jackie, have one daughter, Brandi, aged three and one-half years old.

We congratulate our teachers and extend a warm welcome to Post!

Wildlife Needs Cover, Protection to Survive

By Danny Richardson
Wildlife must have food and a place to live. Food, cover and water for wildlife are by products of soil and water conservation practices. That is why strip-cropping, hedges, wind-breaks, field borders, ponds and many other conservation practices are signs of good hunting and fishing. Soil and water conservation practices gives conservation farms distinctive patterns of trees, shrubs, grass, cultivated crops and water areas that make good wildlife habitat. Grass wind strips, alternated with bands of crops, provide food and cover that are favored habitats of quail and pheasant. Farmers that leave their crop residue, such as wheat and sorghum stubble, not only protect their soil from wind and water erosion, but also provide an abundance of food and cover for

wildlife. Improved range land provides better grass and brush for all types of wildlife as well as cattle, sheep, and goats. Brush piles left after root plowing provide excellent cover for wildlife. Hedges and fence rows provide travel lanes as well as food and cover for wildlife. Wind breaks prevent soil from blowing, protect building and home sites, and they also provide food and shelter for many types of wildlife. Borders of shrubs, grasses and other plants along the edges of fields provide homes for quail, rabbits, pheasants and other game. Farm ponds built for soil and water conservation provide water and food for ducks, quail, dove, deer and other wildlife as well as some good fishing. Farmers should leave odd areas, such as abandoned roads, field corners, rocky areas, etc., for wildlife.

Brush pile on Gerald Woolam's Ranch

Study Launched

A highly respected agricultural research group has agreed to launch a major study of how meat and poultry products affect human health. The study, requested by Congressman Charles W. Stenholm, will deal in established scientific facts rather than media speculation. Stenholm said he requested that the Council for Agricultural Science and Technology (CAST) study diet and health because of the need for an objective and balanced look at all the evidence. "There have been too many scare stories in the media," Stenholm said. "People have become nervous about eating meat and eggs - unnecessarily nervous, I think. "When people make diet decisions based on magazine articles that tell only part of the story, then the food industry suffers and farmers and ranchers see demand for their products fall." Stenholm said he was interested in getting the full story before the public, whether the news was good or bad for the meat and poultry industry. "The public deserves to know the facts," Stenholm said. "And food producers want the facts known, too.

"Those of us who raise the nation's food supply want to be sure the products we're selling are healthy." He said the evidence on controversial topics like cholesterol may not be as conclusive as many people think from the reports they read in the media. "Every day, we're bombarded by authoritative advice on what to eat and what not to eat," the Stamford Democrat said. "The only problem with this 'authoritative' counsel is that it changes so often. "Just when all of us had resolved to curtail salt in our diets, out came a fresh study saying too little salt was bad for us too. "If meat and eggs have potential ill effects when eaten excessively, both producers and the public want to know about it - and they also want to know how much is excessive," continued Stenholm, a member of the House Agriculture Committee. CAST is an independent and highly regarded scientific association. Its membership includes most major American societies of agricultural scientists and it has issued reports on subjects ranging from acid rain to humane animal-raising practices.

"How to Make It Work"

"Surviving the Drought" The 1984 Borden County Range and Livestock Tour will be held Thursday, Sept. 13 at 8:30 a. m. in front of the Borden County Courthouse. The tour entitled "Surviving the Drought" will leave the courthouse at 9 a. m. returning to the Borden County Livestock Barn at 12:15 for a free barbecue lunch. This meal is sponsored by the Upper Colorado Soil and Water Conservation District.

result demonstrations conducted by the County Extension Service and the Soil Conservation Service. This tour is an educational activity co-sponsored by these two agencies. All Borden County and surrounding county producers are invited and urged to attend. Some of the topics to be covered by speakers include:

- Grazing management - when to restock and at what level; managing weed problems.
- Livestock management - restocking problems, winter supplementation, reproduction problems including poor cycling and brucellosis.
- Range Brush and weed control - chemical, mechanical and prescribed burns.
- Soil and water conservation.
- Coffee and doughnuts will be served during the 8:30 - 9 a. m. registration. If you have any questions concerning this tour, please feel free to call Alan Day, County Extension Agent - Ag., at 915-856-4336 or the Scurry County Soil Conservation Service 915 573-0171.

4-H Meetings Started Here

by Derick Dunn
The first 4-H meetings in Garza County's five clubs will be coming up soon. In these five clubs are approximately 150 4-H members and 48 adult leaders. Many of these leaders are project leaders, which means they are only responsible for one area of 4-H work. It might be foods and nutrition, clothing, sheep, swine, beef or any one of the many other projects offered in the 4-H program.

Each club also has an organizational leader who is responsible for helping the club officers organize and develop programs and activities. The club must also have strong membership to accomplish the qualities that make a good club and a good individual member. Regular attendance and participation are the responsibility of each member. So come on, 4-Hers, let's get involved and have a good year!

CHURCH

Life's Station

First Christian Church
Pastor Steve Traw
 A pearl of wisdom in the book of Hebrews says, "Be content with what you have." That is excellent advice. Being content with ourselves - our social posi-

tion, our financial condition, our circumstances - is just good, common sense.

Not that we are to "give up" and never try to better ourselves. But if we look around, we find happy AND miserable people living under exactly the same circumstances. Nero complained while on the throne, Paul sang while in a dungeon. One person whines about the unfairness of life. Another rejoices over the blessings of life.

Contentment is enjoined by the scriptures upon believers. Paul gives it a strong association with godliness. It is an important part of the New Testament Christian life.

To be content does not mean indifference to a poor or mistreated neighbor. It does not give in to public or social injustice. Personal sin still causes deep and grave concern.

Biblical contentment is an inner quality. Acceptance of God's bestowal of talents, resources, abilities, and attributes aid in bringing this desired inner peace. One's station or task in life is accepted as this godly quality increases. It is using all we have to the fullest

while thanking God for gifts that are quite sufficient. Acceptance of one's lot in life brings inner peace.

You CAN better yourself. That's the American way. It is God's way also. However, it is equally important to face the realities of life. If you don't, your mind contin-

ually creates miserable feelings, day after day after day.

Be content with what you have. God has not made a mistake. Life as a glad, trustful, repose in God and in the circumstances of your life and His purpose awaits as our contentment increases.

Bible Study Begins

A program of disciplined Bible study for laymen, emphasizing "knowing what the Bible says as a basis for what it means" begins Sept. 25 at the First United Methodist Church here.

"We believe the time is right for a systematic and thorough Bible study for our churches," said Dr. Frank Warden, author of the new program. There are excellent studies now, but these are usually of books or portions of the Bible. Trinity Bible Studies gives a frame of reference and a total Biblical point of view. For more than five years we studied the methods offering this kind of perspective on the whole Bible, and Trinity Bible Studies is the result. It has now grown to more than 120,000 students from Korea to India.

Sonlighters at Calvary Baptist

The Sonlighters, an exciting seven voice gospel music group will be in joyful concert at Calvary Baptist Church Sunday, Sept. 16 at 7 p. m., with the public invited to share in this gospel music celebration.

An offering will be taken and given to Southern Baptist Texas Mission work. All of the offering will go to this cause to help with mission projects within the state.

The folks at Calvary are also looking forward to their revival meeting Sept. 23-26, Sunday through Wednesday. Everyone is invited to attend this meeting and experience the positive power of Jesus Christ.

Don Cass, pastor of Southcrest Baptist Church in Lubbock will be the guest speaker for the revival. Cass formerly pastored First Baptist Church in Tahoka.

Jerry Luck will be leading the revivals' music. His wife, Drusilla will also be helping with the music. The Lucks serve as church secretary and minister of music and youth at Second Baptist Church in Lamesa.

The Sunday services will begin at 11 a. m. and 7 p. m. Services Monday through Wednesday will start at 7:30 p. m.

Monday night will be youth night. Over 60 young people are expected to be in the services. There will be fellowship, fun and food for the youth after the meeting. Everyone is wanted in attendance.

Pleasant Home Church

By Sister Annie Gilbert
 Yes, here we are again. Holy greetings everyone this nice day which the Lord has made for us to see and enjoy as his children. And I'm still living for our Lord and Master with a mind made up to forever be a Christian and also my mind made up to be what God would have me be. Will you?

Rev. Kelly pastor, Rev. James, associate pastor, Sister Gilbert, reporter.

Lesson subject, "Faith, The Way to Go." Romans 1: 1, 3-17. Golden Text: "The Just Shall Live by Faith." Romans 1: 17.

Such a beautiful Sunday School lesson. Everyone at their Post of Duty. Devotion conducted by: Deacons Burleson, Osby, Sisters Annie and Thelma Moore and Sister Gilbert read Genesis 1: 1-7.

Altar call very spiritually prayed by our visiting evangelist minister, Rev. Cleotha Cole Greater, Mt. Zion Baptist Church of Crosbyton.

Choir's praises presentation to the Master great. During a. m. service our visitor preached from the book of St. Matthew 16: 24. His subject "Deny Yourself" and he preached from his heart and soul. God still here in His holy temple in the midst as Rev. Cole spoke. God is not through with us yet. Let's pray for one another always Amen and Amen.

The sixth anniversary ser-

vice of our pastor and wife, Rev. and Mrs. Arthur Kelly was a great success. And would like to thank you all, members and friends who helped make this program the tops. We had two beautiful visitors from Crosbyton. Evangelist Minister Rev. Cleotha and Mrs. Mattie B. Cole of Greater Mt. Zion Baptist Church.

Pray for and visit our sick ones. Our sick and shut in list includes Sisters Lizzie Milo, Sirloma Steel, Brothers Harry Trueblood and Raymond Latson who are patients at Golden Plains Care Center. Also others not mentioned in the community.

Thought: Stay in the way and keep going.

Many Thanks to St. Jude for favors granted. B. D. Many Thanks to St. Jude

for favors granted. M. P. O Holy St. Jude, Apostle and Martyr, great in virtue & rich in Miracles, near Kinsman of Jesus Christ. Faithful intercessor of all who invoke Your special patronage in time of need, to you I have recourse from the depth of my heart and humbly beg to whom God has given such great powers to come to my assistance. Help me in my present and urgent petition. I promise to make Your name known and cause You to be invoked. Say three Our Fathers, three Hail Marys & Glories. St. Jude pray for us all who invoke your aid. Amen.

If you knew

what SPS is doing to keep your cost of electricity as low as possible

...You'd be impressed.

For example, the way we build power plants

SPS builds its coal-fired power plants for a lot less than most other utility companies. How? With careful management, good workers, and by using our own engineers to design and oversee construction. And you get the benefit.

Working to justify your trust

Commodity Options Not Difficult

Understanding commodity options shouldn't be all that difficult, says Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc., Lubbock, "but using them as an effective marketing tool, especially for the High Plains cotton producer, may be a bit more complicated."

Commodity options, expected to begin trading some time this fall, are not greatly different from real estate options with which most people already are familiar, Johnson points out. Texas A&M's Cotton Market Economist Dr. Carl Anderson says "an option is a contract that gives buyers the right, but not the obligation, to buy or sell a particular commodity at a specific price for a specified period of time."

However, unlike an option on land or an office building,

a commodity option will grant the right to buy or sell (take a long or short position) on the futures market for a given commodity, not the right to buy or sell the physical commodity. "And that's what will make cotton options something less than a perfect hedge for High Plains cotton producers," Johnson states.

For example when December cotton futures are selling at 70 cents, a producer could buy an option to sell a futures contract (50,000 pounds) at that price any time before the December contract expires. Depending on many factors, the option might cost him, say two cents per pound or \$1,000. If the futures market went to 75 cents, the option would be worthless and would be allowed to expire. The producer would lose the two

cents per pound "premium" paid for the option, but, theoretically would be able to sell his crop for five cents a pound more. Thus, subtracting the cost of the option, he would realize a net gain of only three cents per pound from the five-cent market rise.

Conversely if December futures fell to 65 cents, the producer could exercise his option to sell at 70 cents and take a five-cent per pound profit out of the futures market. And, again in theory, when he sold his crop for five cents per pound less, he'd be losing only the two-cent option premium instead of the full five-cent market drop.

Obviously is such textbook examples are to work as programmed, the cash price has to move up or down on a line directly parallel to

movement of the futures price.

"Which is where High Plains producers could run into trouble," Johnson cautions, "because the futures price relates to SLM 1-1-16th inch, base mike cotton, and for the most part that's not the kind of cotton we grow."

"Sometimes our cash price runs parallel to the futures price and sometimes it doesn't. It can, and often does, move up or down at a different pace or even move in the opposite direction."

Johnson hastens to add that this doesn't necessarily mean High Plains producers can't use options to their advantage under some circumstances.

"It simply means that options will not alleviate completely the difficulty of hedging High Plains cotton in a market that's basically geared to other growths."

ARMY BUDDIES — Mason Justice, left and Bob Hudson, right, got together this past weekend to talk about old times. Mr. Hudson and his wife live in Carbondale, Illinois and spent the weekend in Post visiting with Mr. and Mrs. Justice. Justice and Hudson were in the 5th Army Airborne Training Center together during the European Theatre. This was the first time in 12 years the two had seen each other.

SP College Survey

Have you attended South Plains College since 1957? Do you know someone who has?

Information update cards are now available at the Post Chamber of Commerce. All former students of South Plains College are encouraged to send us a completed card so that we can stay in touch with you. We'll keep you informed of Homecoming, reunions and other special events and information.

"Many exciting things have happened at the college since it was founded in 1957, and we would like to share this information with our ex-students," said Fred Harris, Director of Development. "For example, SPC now offers 88 academic, technical, vocational and occupational programs, including a brand new cosmetology program starting this fall."

Western Texas Enrollment

Enrollment at Western Texas College for the 1984 fall semester had reached 1,240 at the end of the first week of classes, Dr. Duane Hood, Dean of Student Services, said.

Classes at WTC began on August 31. Late registration will continue through Sept. 14.

Some dormitory space for women is still available at WTC, Hood said, and apartment space for both men and women is available.

Persons wishing information about registration and campus housing are invited to call Hood's office at 915 573-8511.

For more information on SPC's alumni program, contact the Development Office at South Plains College, 1401 College Avenue, Box 148, Levelland, Texas 79336 or at (806) 894-9611, ext. 215.

Free Trees Anyone??

The National Arbor Day Foundation is giving ten free trees to people who become Foundation members during September, 1984.

Colorado Blue Spruce, Red Maple, White Flowering Dogwood, Black Walnut, Norway Spruce, Red Oak, Washington Hawthorn, European Mountainash, Pin Oak and Silver Maple trees will be given to members joining during September.

These trees are part of the Foundation's efforts to foster

tree planting throughout America. They were selected because they provide a wide range of benefits: flowers, berries and nuts, as well as shade and beautiful foliage, according to John Rosenow, the Foundation's executive director. The trees are guaranteed to grow, or they will be replaced free of charge.

The National Arbor Day Foundation, a nonprofit organization, is working to improve the quality of life throughout the country by encouraging tree planting. The six to twelve inch trees will be shipped postpaid at the right time for planting this fall between October 15 and December 10. Planting instructions will be enclosed. The Foundation will give the ten free trees to members contributing \$10 during September.

To become a member of the Foundation and to receive the free trees, a \$10 membership contribution should be sent to TEN TREES, National Arbor Day Foundation, 100 Arbor Avenue, Nebraska, NE 68410, by September 30, 1984.

McClesky Honored

Corey McCleskey, aged 13, of Post, has recently become a Junior Member of the American Simmental Association.

Although the Simmental breed is relatively new to the United States, it is one of the oldest and most numerous of all beef breeds on a world-wide basis.

Since the establishment of the Simmental breed organization in 1968, membership has grown to nearly 18,000 with more than 3,500 of these, including Corey, as junior members.

NEWS OF BEAUTY

Pretty Ways To Pamper Yourself

Do you need some pampering? Most people do every now and then. Fortunately, there are many ways to make yourself very pretty and luxurious without spending a lot of time or a small fortune, psychologists say.

Pamper and lavish yourself with a gift of silky and oh-so-feminine lingerie one day this week. Buy something pretty for the bathroom, or have the inside of your car cleaned at a carwash. Bring home little gifts for yourself—a small box of your favorite chocolates, a book you've been anxious to read.

Pamper yourself with scented body sprays.

Another way to pamper yourself is with one of the new, deliciously fragrant body sprays now on the market.

There are a few things in this world that are FREE...

Let the sun heat your home this winter and save as much as 50 percent on your utilities...and get a 40 percent tax break from the U.S. government. Our solar unit is the most advanced system available and has a proven record of success and happy customers.
