Base Bookbinding
514 W. 7th St.
Amarillo, Tx. 79101

JACK KING, JUDGE GILES DALBY AND LEWIS EARL are all smiles Monday afternoon as they review the recently transferred property titles of Burlington Industries to a local charitable organization.

By Wes Burnett
Burlington Industries Inc., has transferred legal title to all of its Post properties to the Post Economic Development Corp., (PEDC) a non-profit, charitable organization.

The actual signing of the documents and transfer took place Monday morning, October 1 with PEDC organizers Jack King and Judge Giles Dalby accepting the property.

Mayor Giles McCrary, who is out of the country on an extended tour, is the other organizing member of the development group.

"We want to emphasize that this organization's sole purpose is to develop industries for Post and it is open to anyone to participate," King stated.

A voting membership in the non-profit organization will be a \$500 donation, which is not refundable but is eligible for a tax deduction.

Local taxes on the former Burlington properties will still be paid, but from PEDC funds instead of Burlington.

"There are a lot of operational costs to keeping the property in shape for potential industrial occupants," King added, "and that is why it is so important for area folks to get involved and become subscribers in the development corporation."

All members of PEDC who have paid for voting shares by October 17 will be invited to a membership meeting October 22 at 7 p. m. in the Post Community

Center.

Voting members at that time will nominate and elect a board of directors, whose responsibilities will include sifting through various opportunities for use of the property.

"We want to make sure that people understand this is not a closed organization, it is open to anyone who wants to invest as little as \$500 . . . and decisions about the use of the Burlington property will be made by the members of the Post Economic Development Corp.," King emphasized.

A search for industrial prospects and a review of the potential uses will be decided by the new board of directors which are expected to be named at the general membership meeting on October 22.

New Sales Tax

As a result of the summer session of the Texas State Legislature, subscribers and purchasers of newspaper copies will pay sales tax beginning October 2.

Newsstand copies will sell for 53 cents, compared to the current 50 cents.

Vendors of the newspaper will be responsible for collecting and reporting the sales tax.

Paving for Eastside Okayed

Governor Mark White has announced 118 grants totaling \$29,186,508 under the annual Community Development Project Fund competition of the Texas Community Development Program. The awards are provided to local governments for public facilities and housing projects that principally benefit persons of low and moderate income.

Post will receive \$145,000 to construct paving and drainage improvements in the city.

The state assumed responsibility for administration

of this program, formerly the Small Cities Community Development Block Grant Program, in June, 1983. The projects were selected through a shared scoring system between the Texas Department of Community Affairs and Regional Review Committees appointed by the Governor in each of the 24 state planning regions.

In making the awards, Governor White said, "again this year we have demonstrated, by the wide range of funded activities, that state administration of this program makes sense. The

selection process has resulted in projects that are responsive to priorities established by each of the Regional Review Committees, not to priorities in Washington, D. C. or even in Austin. This type of open competition assures that the funds are used wisely across the state."

The Governor also emphasized that State administration of the Community Development Program has increased local participation. "This year the State received 461 applications compar-

The Way I See It

Well, we finally have some good economic news to talk about in Post.

Through the combined efforts of Jack King, Lewis Earl, Giles Dalby and Giles McCrary, (and hopefully I haven't overlooked some other hard working person) Burlington Industries has donated all their property to a local development group.

Without the burden of having to sell the property to the highest bidder, the local ownership through the Post Economic Development Corp. is the best news we've had in two years.

I am personally convinced that a wide-spread membership in the PEDC and the election of a dedicated board of directors will start a new page in the history of Post.

I challenge the people of Post to get behind this organization with enthusiasm and prove to the rest of West Texas that Post is not "drying up."

Where else in Texas or in the United States are the people given the chance to take part in their own economic development?

This idea of local owner-

ship with local people making decisions is a clear continuation of what I think C. W. Post had in mind when he founded this town in the first place.

He had a dream, a vision for what could be.

Now it is up to us to see this vision mature so that our children and their grandchildren and beyond will have a reason to enjoy life at its fullest here.

Oh sure, there will be those Nabobs" of negativism who can not see what can be.

There will be those who question the motives and raise suspicions about the folks involved in the movement.

Just as there were those who looked to C. W. Post and called him "crazy" when he staked out a town in the middle of nowhere with no visible means of economic necessity.

Imagine the raised eyebrows among the Fort Worth or Dallas "elite" business world as C. W. Post's dream filtered through the grapevine.

Payton designated a Commended Student

Post High School has been notified that one of its seniors has been designated a Commended Student in the 1985 Merit Program. Joe Giddens, principal, announced today that Tommy Payton placed in the top five percent of over one million participants in the 30th annual competition and will receive a Letter of Commendation in honor of outstanding promise for future academic success.

An officer of National Merit Scholarship Corporation (NMSC), which administers the program, stated that, "The exceptionally high test performance of young people who are named Commended Students in the extremely competitive Merit Program is deserving of recognition in their communities."

To acknowledge the attainments of academically talented students and to credit schools for the part they play in the development of these youth are important in a nation that values excellence. We sincerely hope that their accomplishments thus far will motivate these students to pursue higher education and to acquire the skills they will need to become productive adults and contributing citizens in a free society."

Participants entered the current Merit Program by

taking the PSAT-NMSQT in the fall of 1983, when most of them were juniors.

Although the qualifying test scores of the 35,000 Commended Students designated nationwide were very high, they were slightly below the level required for Semifinalist standing in the competition for some 5,500 Merit Scholarships to be awarded in 1985.

The 15,000 Semifinalists in this year's competition were announced publicly by NMSC on September 13.

Adults Need Calcium Too
Parents who tell their children to "drink your milk so you can have strong bones," should be telling themselves the same thing.

Adults who don't consume the recommended two servings of dairy products each day may not be getting enough calcium.

This lack of calcium can lead to serious health problems for people as they age. For example, osteoporosis is a painful and crippling bone disease that occurs when bones become so thin and brittle they break very easily. It most often affects post-menopausal women with a history of calcium deficiency.

Lack of calcium can also cause loss of the bone that supports your teeth. This may speed up periodontal disease which leads to a loss of teeth.

Hypertension, or high blood pressure, which may lead to heart attacks or strokes, has also been associated with lack of calcium.

About 75 percent of the calcium in the American food supply comes from dairy products, so the obvious way to increase calcium is to eat more foods from this category. Even if you don't find it very "adult" to drink a glass of milk with meals or you don't like the taste of milk, there are many other ways to add calcium to your diet with dairy products.

In addition to eating a well-balanced diet that includes foods from all the food groups, the following suggestions for adults who want to add calcium to their diets include:

- Drink cocoa instead of coffee or tea.
- Add cheese to sandwiches. Snack on cheese and crackers.
- Use milk instead of water to prepare canned soups.
- Add nonfat dry milk to soups, stews and casseroles.
- Use milk and cheese in casseroles.
- Add grated cheese to Mexican and Italian foods

like tacos, lasagna and ravioli.

Add cheese to your salads. Eat yogurt with meals or as a snack.

Choose calcium rich desserts such as ice cream, frozen yogurt, cheese with fruit, custards and puddings made with milk.

If you're worried about the calories, stick to the non-fat or low-fat dairy products widely available in the supermarkets.

Family Meetings Improve Communication

Our hectic lifestyles mean much of the communication between parents and children is conducted through notes and short bursts of information. Yet, family relation experts tell us that good communication is important in preventing family problems.

One way to help insure adequate communication in your family is to hold regular family meetings. Families with children of any age can benefit from

Julie Chun attends enrichment program

Gifted and talented youth from 114 Texas cities and seven other states participated in the fourth annual "Shake Hands With Your Future" at Texas Tech University this summer.

A summer enrichment program, exposes participants to advanced learning opportunities and to living in a university setting. The three 1984 sessions involved 436 students in the fifth through twelfth grades.

Participants selected courses such as biochemistry, leadership, physics, math, engineering, fine arts, agriculture, law, musical comedy performance, time and money management and experimental music.

Participants included Julie Chun, daughter of Dr. Stephen and Sue Chun, 701 N. Ave. O.

Classes were taught primarily by faculty of the university and the Texas Tech Health Sciences Center.

Supplementary activities included field trips, lectures, counseling-communication sessions, mentor sessions, recreation and social activities suited to each age group.

The annual program is designed to enrich the educational opportunities to gifted and talented youth.

In order to participate, students must be nominated by a parent, teacher, school administrator, counselor or themselves. Selection is based on high performance on achievement tests, high IQ, creative thinking skills and visual and performing arts abilities.

"Shake Hands With Your Future", an integral part of the Texas Tech Institute for Gifted students, is administered through the Division of Continuing Education Department. More than 1,400 students have participated in the program since its inception in 1981.

'Lopes Stifle Cubs in 27-7 District Win

OFFENSIVE LINEMEN get the jump off the snap, moving Brownfield Cub defenders out of the way. Post Antelope

linemen are Sam Binford (88), James Mock (75), Jay Flutt (64), Kenneth Gill (62) and Jay Valdez (71).

Defense gains prestige with effort

The Post Antelope defense held the Brownfield Cubs to only four first downs during the district contest here last Friday.

The Cubs did not pick up a first down in the first half of play and were allowed 72 yards rushing and 49 yards passing in the game.

The Antelopes clipped off 261 yards rushing and 60 yards passing, got 21 first downs and picked off two Cub passes.

Keith Osborn was credited with a blocked punt and David Shultz turned it into a touchdown.

"We played extremely well defensively," Antelope

coach David Thompson comments, "and although our offense is still about a step away, we are getting better each week."

Thompson said the team will be spending a lot of time this week working on pass receiving.

"I still feel that we could be doing a much better job of catching the football," he added.

The coach credited Albert Nava with being in on 18 tackles and Delton Osborn with 15.

"We had three quarterback sacks and the entire defense did a good job of putting pressure on the

quarterback," Thompson observed.

Tracy Price led the Antelopes with 95 yards rushing on 25 carries, followed closely by Benny Hair with 93 yards on 13 carries.

Simon Salinas got 28 yards on eight tries, Joel

Kirkpatrick collected 24 yards on five carries and Rodney Hays carried five times for 21 yards.

Bruce Crenshaw caught two passes for 35 yards and one touchdown, Hays caught one for 16 yards and Salinas was credited with one catch for nine yards.

DAVID SHULTZ alertly picked up the blocked punt and ran into the end zone for the second Antelope TD.

ALBERT NAVA (31) was credited with 18 tackles during the 27-7 win over Brownfield last week.

JOEL KIRKPATRICK (10) runs interference for Tracy Price as the Antelopes dominated visiting Brownfield last week.

"We are playing the best defense as a team since we've been in Post," coach David Thompson says about the Post Antelopes following their 27-7 win here last Friday over the Brownfield Cubs.

The Cubs were allowed only 121 total yards offense and no first downs in the first half.

The Antelope defense scored the second touchdown as Keith Osborn blocked a punt from the end zone and David Shultz scooped up the loose ball and rambled in for the six points.

The first Antelope touchdown came with 1:36 left in the first quarter, following a five-play drive which started at the Brownfield 19 yard line.

The good field position resulted from a stiff defense which kept the Cubs inside the 10 yard line, then the punt sailed high and short.

Opening the drive with 3:22 in the first quarter, quarterback Joel Kirkpatrick pitched the ball to wingback Tracy Price who skirted left end to the 15.

An illegal motion penalty set the ball back to the 20 and fullback Benny Hair got the call on a quick-opener over left guard, picking up 15 yards to the five.

Price took the ball on first down and goal over left guard to the three and then on second down pounded into the end zone over his right guard.

Chuck Morris put the finishing touches with the extra point.

Brownfield got the ball at their six yard line at the end of a Price punt, with five seconds left in the first quarter.

Four plays later, with 10:41 left in the second quarter, Brownfield's punter took the snap deep in the end zone as Keith Osborn jumped inside and got a hand on the ball.

It bounced toward the Antelope left defensive end David Shultz, who picked up the ball at the three and slid into the end zone.

Morris made it 14-0.

The defensive struggle continued until the fourth quarter, when the Antelopes put another six points on the board with 8:12 left in the

game. The drive started at the end of the third quarter from the Post 27, following a punt by Brownfield.

The 12-play drive featured five first downs as Benny Hair, Tracy Price, Rodney Hays, Simon Salinas and Joel Kirkpatrick shared the ball-carrying honors.

Price picked up a crucial first down on third from the Post 37 as he hit over left tackle to the 46.

Hays zipped over left tackle to the Brownfield 40 for another first down and then Kirkpatrick optioned around left end, keeping the ball to the 28 and another first down.

Hair got the next first down on a scamper over left tackle to the 18.

Salinas took the pitch-out on second down and cut the corner at right end to the ½ yard line.

Price went over right tackle on second and goal for the touchdown.

Final Touchdown

The Antelopes got the ball back with 3:57 in the game after Brownfield scored and squib-kicked the ball short of the required 10 yards to the Cubs' 49 yard line.

Kirkpatrick engineered a nine-play drive with two first downs, capping the scoring effort with an 11 yard pass to Bruce Crenshaw in the end zone.

The drive opened with a pass to Salinas to the 41, a sweep around left end for no gain, then a first down on third by Hair over left tackle to the 34.

On third down from the 37, Kirkpatrick found Hays at the 30 and the running back took the completed pass down the left sidelines to the 20.

Hays then got the call over left guard to the 16 and Kirkpatrick optioned over right tackle carrying it to the 11.

On third down Kirkpatrick faked an inside hand-off, rolled to his left and threw the football to Crenshaw in the end zone.

With 26 seconds left in the game, Morris kicked the ball through the uprights for a 27-7 Antelope district win.

The Antelopes travel to Roosevelt Friday for a 7:30 p.m. kickoff.

Eagles Expected to test 'Lopes Fri.

"It just seems that everyone plays us a better game," Post Antelope coach David Thompson reports about this Friday's district contest with the Roosevelt Eagles.

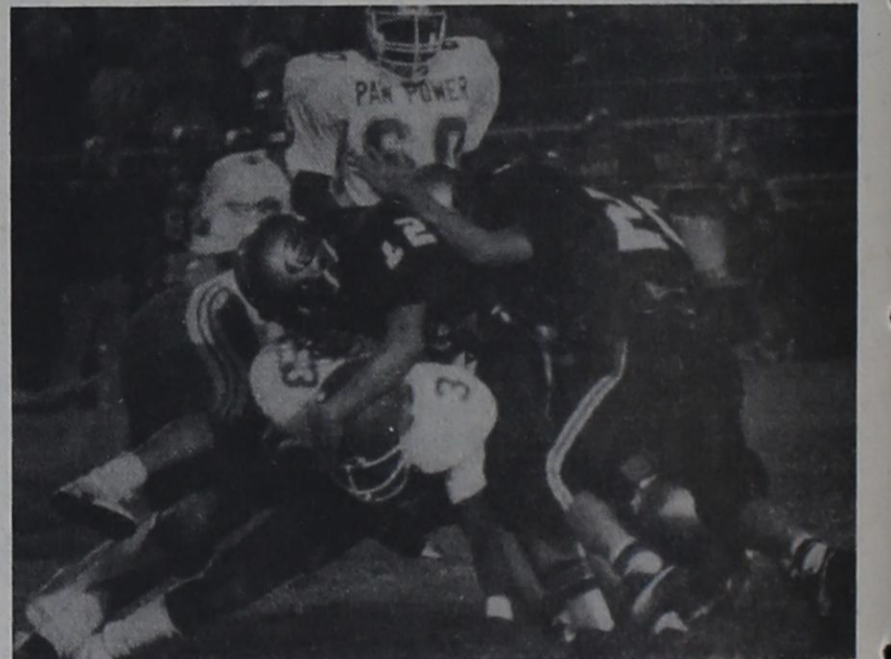

"They lost to Seminole 60-14 last week," Thompson observes, "but that doesn't mean a whole lot to us because we know they're going to be coming at us."

The Eagles have not won a game this year, losing to Dimmitt 13-7, Abernathy 46-0, Idalou 41-0 and Seminole 60-14.

Roosevelt operates from a Slot-I formation and the big gun is 172 pound senior fullback Mike Flink.

The Eagles throw the football 45 percent of the time and use a 5-2 defensive alignment, stunting a big part of the time.

"We need a strong turnout from our fans," Thompson emphasizes, "we were disappointed at the turnout here last Friday, and it's important to the team to have strong support from the fans."

RICKY MOORE and RODNEY TIDWELL (20) stop a Brownfield running back for no gain.

BENNY HAIRE (32) gained 93 yards on 13 carries for the Antelopes in their win here last week.

J.V. Shuts Out Cubs

The Post Junior Varsity football team dominated the Brownfield Cubs 38-0 in a contest there last Thursday. Eddie Moat opened the scoring with a four yard run following a 63 yard drive, with Anthony Perez getting the two-point conversion. Perez scored the second touchdown on a 29 yard run at the end of a 72 yard drive. Keith Hart put the finishing touches on touchdown number three with a three yard plunge after a 40 yard drive and Anthony Perez got the two points. Adam Perez got in on the scoring with a 40 yard dash following a 67 yard drive

and Willie Osby caught a Greg Storie pass for the two point conversion. The young 'Lopes collected 482 yards total offense and held the Cubs to 131 yards. Marvin Lee was credited with three interceptions and a fumble recovery. "We played well as a team and we are improving every week," coach Lane Tannehill comments. The coach praised tailbacks Anthony Perez, and Adam Perez who had a combined total of 275 yards rushing. "We really have a tough district ball game next week here against Roosevelt," the coach adds.

Freshmen Win 28-6

The Post freshmen football team brought home its first district win last Thursday by defeating Brownfield 28-6, gaining 338 yards total offense. Mike Bartlett scored on a 35 yard run in the first quarter after a six play, 40 yard drive and Eric Reece completed a pass to Brent Jones for the two-point conversion. Brownfield scored its only touchdown on the next series. In the second quarter Ben Kirkpatrick scored on a three yard run after an eight play, 67 yard drive.

Reece threw a pass to Rolondo Armendariz for a 40 yard touchdown spree to end the scoring. "Eric Reece had a good night, completing five for seven for 106 yards," coach Jay Kennedy comments. "The defense had an excellent game, allowing Brownfield only two first downs the second half and 60 yards offense. The Antelopes collected 282 yards rushing and 106 passing. On defense the coach praised the efforts of Brian Gibbs, Michael Ayala, Mark Tyler, Henry Jackson, Roger Martinez, Bobby Gonzales, Ben Kirkpatrick, Brent Jones, Lex Dunn, Blair Didway and Clint Martin. The team hosts Roosevelt this Thursday.

WTC Enrollment Figures

Western Texas College reached a new fall semester enrollment record with a total of 1,319 students, Dr. Duane Hood, Dean of Student Services, said. The figure compares with 1,271 last fall, the previous record for a fall semester. The all-time record enrollment for WTC is 1,414, reached in the 1983 spring semester. WTC traditionally has a higher spring semester enrollment. Part-time students at WTC outnumber full-time students

8th Grade Wins 22-6

A recovered fumble in the end zone by Tyge Payne set the stage for the Post 8th grade football team in its 22-6 win over visiting Brownfield last Thursday. The 'Lopes had driven the ball in eight plays late in the first quarter to the Cubs' one yard line and turned the ball over on downs. The defense held and Brownfield dropped back to punt, early in the second quarter, and the Post line drove into the punters' way, blocking the muffed punt which Payne recovered. The second touchdown also came in the second quarter starting on the Cubs' 39 yard line and in four plays Mark Solis took the ball in for the final 13 yards and Felipe Vargas picked up the two-point conversion. In the third quarter the team scored on a six play drive which started on the

Brownfield 41, capped by a six yard run by Vargas and Solis got the two-pointer. "This is the best defense we've played all year," coach Darrell Radle comments, "mainly because we are starting to hit better." "Some big plays were made by Keith Peel as well as two great interceptions by Kent Ammons and Brook Capps," the coach added. "We especially want to recognize the linebackers and secondary for alert, aggressive play," Radle observes, "including defensive tackles Rodney Carlton, Mark Cruz and Matt Pennell." Solis carried the football 14 times for 79 yards, Vargas 12 for 78, Dale Gonzales four for seven, Trevor Thuet three for 16 and Peel twice for four. The eighth graders travel to Roosevelt Thursday.

7th Grade Trounces B'fld

Lanny Lee returned the opening kickoff 72 yards setting the stage for a 22-0 Post seventh grade win over visiting Brownfield last Thursday. The next touchdown drive was 82 yards with Jaime Perez and Lee doing the running behind blocking by Jim Holleman, Manuel Perez, Matt Holly, Keith Holly and Bobby Blair. Lee was credited with a 60 yard run during the drive. In the second half Lee clipped off another 60 yard dash to set up his six yard touchdown plunge over right tackle.

Blair and Perez also carried the ball during the drive. "This is the team's first shut-out," coach Fred Postell comments, "and the defense allowed only 89 yards on 50 plays." The defense held the Cubs inside the 10 yard line three times and he praised Holleman, Kevin Williams, Galen Martin and Manuel Perez for their work. Other players getting recognition were Jaime Perez, Rance Sappington, Matt Holly, Jake Bustos, Rance Thompson, Mike Traw, Trey Jones, Adam Lopez, Bill Rankin, Chad Overton, Mike Prather, Brent Baloree, Brent McDonald; Corky Saldivar, Robert Lopez, Sonnie Storie, Oliver McDougle, Lance Bagby, Jr. Armendariz, Leroy Garcia, Victor Chapa and Roger Adams.

Lee gained 147 yards on 13 carries and three touchdowns and Perez got 50 yards on 11 tries and two, two-point conversions. The team travels to Roosevelt Thursday.

The Way I See It

(Continued from P. 1) would invest millions of dollars on land in the vast emptiness of West Texas to build a town from nothing? And even more serious, who would be ignorant enough to move to that isolated spot to live? If C. W. Post had listened to all the sage advice of financial counselors, economic forecasters and the like, this town would never have been. I say the C. W. Post people of today are still here and all it takes to see his dream alive is to have those folks come out from behind the curtain of criticism and walk bravely into an unknown future. I've said it before, but I mean it, dare we dream of what can be . . . dare we

take the frowns and sneers of the "doomsdayers" and jump headlong into dreaming of a town fashioned the way we want it to be. The alternative is to sit back and let our town fade into history . . . another spot in the road like so many other "towns that used to be" you can see as you travel across Texas. I choose to be among those who believe we can be what we want to be. I refuse to allow my enthusiasm for a brighter tomorrow be dampened by those who prefer to leave things as they are. I see a time in the near future when we will be scrambling to find additional housing to take care of all those folks who want to come and be a part of our shared dream with C. W. Post. I see new apartments, condominiums, housing additions, new schools, new stadium, gymnasium, paved streets and plenty of jobs for everyone who wants to work. All those things . . . they are at our reach . . . all we have to do is to join together in a unified effort and believe in one another. I salute the men and women who have worked so hard the past months making this transfer of Burlington property possible. I urge the citizens to either get behind this enthusiastic movement or get out of the way. **WESLEY W. BURNETT** Publisher

Church Commitment

Pastor Steve Traw
First Christian Church
 There are those objects of great value that we give to others for safekeeping. These tangible and intangible things are given in charge or trust. A pledge or binding engagement is implied by the overseer.

The promise of trustworthiness was found in the Old Testament. It was portrayed in the word meaning to roll. Burdens and cares were to be rolled onto the trust of the all-powerful and all-knowing Father.

Commitment is lived out in the person of Jesus before the New Testament Christian is charged with such a duty. The Lord made the supreme commitment on the cross. His subjects for whom He died, are only then called to commit their lives to God the Father through Him. The Christian life that follows is to be a life of faith and commitment.

The apostle Paul twice uses the word to give charges to Timothy, his son in the faith. It becomes our charge as well in giving the Christian message to others. It becomes our standard of faithfulness in carrying out all the duties of the Christian life.

The New Testament language is illustrative in giving us commitment. It describes the depositing or entrusting, literally to place alongside. We are to endure through the exercise of Christlike faith. Christ trusted Himself to His Father who is just. So should believers lay their cares and burdens alongside the feet of the Master. Elsewhere the Christian is called to deposit or entrust concerns to their Creator, using a term from accounting.

To place our burden at the feet of our Lord, to bring before His throne of grace for deposit, does give us illumination to our precious duty and privilege of Christian commitment.

FIRST COLD FRONT of the year raced across the Caprock last Thursday, blowing in a good measure of rain and colder temperatures.

Motto: The church where everybody is somebody.

Yes, thank God here we are again, Holy Greetings everyone this nice day which the Lord has made for us to see and enjoy as his children. I'm still living for our Lord and Master with a mind made up to forever be a Christian and my mind made up to be what God would have me be.

Rev. Kelly, pastor; Rev. James, Associate Pastor and Sister Gilbert, reporter.

The lesson subject was "Life in the Spirit" Romans 8: 1-8, 31-39. Golden Text: The law of the spirit of life in Christ Jesus hath made me free from the law of sin and death. Romans 8: 2.

What a beautiful lesson, all at their post of duty. Worship devotion conducted by Deacons Willie Burleson, Jim Osby and Sister Fisher Wynn who read the entire number 15 Psalms.

Altar call very spiritually prayed by our pastor from his soul and heart to our loving Father. Choir's presentation to our Lord and Saviour Jesus Christ.

During the a. m. service,

our visiting minister delivered a most wonderful message from the Book of St. John 3: 15-18. His subject "He didn't have to but he did and I'm glad about that." He truly preached as God was still here in the very midst as always here in His holy temple. Oh, thank you, Lord. As he preached from his heart and soul.

Our visitors, Rev. Slaughter and family and members of Rev. Armstead Church in Lubbock, very lovely visitors. Please feel free to visit anytime you are always welcome to Pleasant Home Baptist and you truly made our day.

God is not through with us yet. Let's pray for one another always, amen and amen.

Our sick and shut in list includes Sisters Lizzie Milo, Sirloma Steel and Brothers Harry Trueblood, Raymond Latson who are patients in Golden Plains Care Center. Also others not mentioned in our community.

Thought: "Let us not love in word, neither in tongue, but in deed and trust." (I John 3: 18).
