Citizens Still Have Time to Have a Vote

Publisher's Note: The following article was prepared by Post Chamber of Commerce manager Lewis Earl which was the basis of a letter sent to several hundred Post and Garza County residents encouraging widespread community involvement in the Post Economic Development Corp.

At the first of this month the Post Economic Development Corporation (PEDC) received a gift from Burlington Industries of practically all of their remaining properties in Garza County.

This gift included the Postex Mill facility, buildings with 440,000 square feet of industrial space valued at over four million dollars with about 75-80 acres of land, some 23 residential buildings valued at over \$300,000, some reamining maintenance machinery and equipment with an estimated value of about \$400,000 and other valuable property interest.

Early in the summer representatives of Burlington Industries indicated that the company would be interested in making a donation of these properties to the Post community provided that there was a possibility that it could be used to the benefit of the community.

This offer was an alternate to their continued holding the property for sale to some unknown outside enterprise.

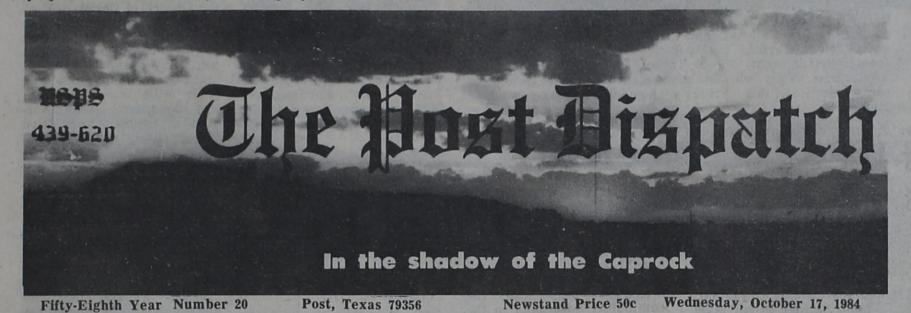

In May, Burlington Industries had donated the waste water treatment facility with about 183 acres of land to the City of Post to remain as a functioning part of the city sewage disposal

system. The reality of this large

gift being made to the Post community became fully known late in August. The most feasible method of handling the Postex mill

property appeared to be to set up a non-profit corporation to receive and and manage the property, to lease, sell and subdivide the properties for economic uses that would provide em-ployment in the community and pay the costs of maintenance and development.

School Board Studies HB 72

Although no decision was necessary, the Post Inde-pendent School District board of trustees discussed the methods of selecting insurance for the district, at the regular meeting last week.

Superintendent Bill Shiver asked for the discussion as a result of a letter that local insurance agent Tom Power had sent as well as the advertisement concerning the board's policy that Power had published recent-

. ...

ly. Shiver explained that the letter implied that the school district was spending as much as \$10,000 too much for insurance, and he wanted the board to review the matter and clarify any

Board members supported the current policy.

The trustees decided not to appoint a member to fill the unexpired term of Dr. Charles McCook, with Royce Hart's motion for a vote on the issue failing for the lack of a second.

Shiver reported to the board that the girl's dressing and shower facilities at the high school gym were scheduled to be repaired and returned to the original condition.

He said that at some point in the past the visitor's shower had been turned into a storage room, but that he is emphasizing to the staff that no facility changes will be done in the future without prior approval from the board.

The trustees also instructed Shiver to review the cost of air conditioning the

shows that it cost about \$100,000 annually to maintain the mill property in an unoccupied condition.

This includes about \$38,000 in local property taxes paid to the city, county, school district and hospital district.

These local property tax revenues from the facility would continue from the non-profit corporation from income generated from leases of the space.

Incidentally, Burlington Industries agreed to pay the local ad valorum taxes on the properties for 1984 and 1985.

The charter to Post Economic Development Corporation was issued by the Texas Secretary of State on September 6, 1984.

On September 20, the Internal Revenue Service recognized the Section 501 (C) (3) status of the non-profit corporation which allows donations to the PEDC as a tax exempt credit to the donor.

Post Economic Development Corporation (PEDC) is a non-profit entity, organized for charitable, educational and scientific purposes.

The charter forbids the earnings of the corporation to be distributed to its members, trustees, officers or other private persons. However, PEDC is autho-

rized and enpowered to pay reasonable compensation for services rendered in the management, maintenance and marketing of the properties to produce income to further the purposes of the corporation.

The subdivision and marketing and management of these properties in a manner that will attract industry to Post will require funds immediately plus some talents and skills that are not presently available.

Much of these immediate costs will need to be met from cash contributions to PEDC this year.

These contributions are a charitable contribution for (Continued on P.2)

Attending the meeting to answer questions was the school's agent of record Bryan J. Williams and Bryan Williams III.

Board president Jack Kirkpatrick expressed his satisfaction at the way the agent of record had handled the school's insurance and reminded the board that the policy does not require bids to be let on insurance.

"The reason we have an agent of record," Shiver explained, "is so we will have qualified expertise to make sure we are properly covered at the lowest possi-ble price."

The Way I See It

I find it interesting at this time of the year how friendly and attentive politicians become . . .it seems the closer to election time the more they seem to care about our opinions.

This coming election will set some tough choices for folks . . . and most of us just wished that the ones we vote for, if they get elected, will do what they say they'll do.

The frustrating thing is that all too often our elected officials have so many different folks to answer to that they can't possibly live up to all the things they promise to get elected.

It would be nice if just once in a while candidates would state a clear and simple philosophy and then stick by it when they get elected.

Such is the case, I believe in Phil Graham, who is running for the U.S. Senate. Although I can't agree with him on everything, I can say that he is one politician who goes about the business in Washington sticking pretty much to his (Continued on P2)

The Justices' are shown with Ronnie Metsgar, Lodge Master, and are looking at the picture of Dr. Surman. Dr. Surman is the oldest living member of the Post Lodge and has been a member for 70 years. This was the first remodeling of the building since opening 56 years ago. Approximately 100 guests attended the event.

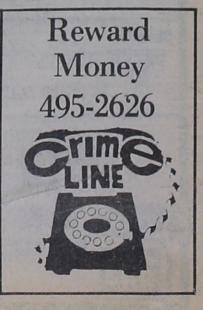

Burglary Solved

With the arrest of a male subject, who remains in the Garza County jail under 50,000 bond, the Frank Tobias burglary has been cleared by the sheriff's office. Most of the stolen property has been recovered. The subject was charged October 10 with burglary with intent to commit theft. In other sheriff's news, a male subject is in the Garza County Jail, arrested-October 8 for revocation of probation;

A male subject was also arrested October 13 for revocation of probation and remains in jail with no bond;

A male subject arrested October 14 for DWI was released from jail on a \$750 surety bond.

Two stolen saddles reported to the sheriff's office last week have been recovered, after being sold to an individual in Lubbock. Two arrest warrants have been issued for subjcts believed to be in Arizona.

Justiceburg Carnival

A Halloween Carnival has been planned at the Justiceburg School House for Saturday night, October 27 at 7 p. m.

MIKE HARPER

I would like to take this opportunity to announce that I, Mike Harper have officially filed as a Write-In Candidate for the office of Constable of Garza County, Precinct 4.

My wife and I are natives of Garza County and have made our home here with our children. I have lived in Precinct 4 for 22 years. My granddad, Cephas Bilberry was a candidate for the position in the democratic primaries. I want you, the citizens, to know that I am not running against him but that he withdrew from the race on August 20.

spending taxpayer's money What I don't like is his myoptic vision about nuclear weapons and fear of the Russians.

I like his "down-to-earth" approach to solving problems and his nerve at standing up to the "power brokers" in Washington.

What I'd like to see in Graham is a more reasonable approach to solving the problem of wasted tax dollars on defense and more nuclear bombs than we could ever expect to use.

Oh well, no one is perfect, and my observation of Graham is that he fits the mood of most Texans and certainly those of us who would like to see less government, not more.

On the presidential scene, I am bored to tears with the hoopla over the debates and so forth.

I think President Reagan is just one more example of "double-talk" when it comes to answering questions and he is really good at dishing out evasive and mostly generalized statements.

Personally I think he is ill-informed and perhaps even not informed on many issues.

But, that is not my main gripe with President Reagan.

I have the same complaint about him that I did about Jimmy Carter.

They both promised that when elected they would fight to remove price controls on oil and gas and would do everything in their power to do away with the "windfall profits idiotic tax."

Not Carter on the windfall profits tax, he was the one who dreamed it up.

But Reagan campaigned in Texas heavily on that issue. Many of us voted for him because of his promise.

What happened? When he got elected that

issue took a back seat and

now he says he's doing the

down on a promise.

But he nor Mondale really have my confidence that when elected they will do what they say they'll do.

Balance the budget? Remember that promise? Now four years later we have the most massive federal deficit this nation has ever seen.

I am still waiting for a politician to follow through on promises.

More on this subject next week.

Bartley, Chancy Exchange Vows in Wilson

Miss Tracy Ann Bartley and Malcolm Ray Chancy were united in marriage Saturday morning at the First Baptist Church in Wilson. Rev. Jim Ray Mos-ley, pastor, officiated the double ring ceremony.

Miss Bartley, escourted by her father, wore a floor length gown of white muslin overlaid with illusion. The off-shoulder bodice featured a gathered ruffle of illusion with scattered orchid silk roses. The illusion overskirt was gathered to a silk ribbon sash, and the full gathered flounce was accented with scattered orchid silk roses. She wore a lace and organza hat with full length train outlined in lace. Her bouquet was white and orchid silk roses with seed pearl and cyrstal fans and white silk ribbons with love knots.

The groom was attired in his military uniform.

Miss Debra Daniells served as maid of honor, and bridesmaids were Cathy Chancy of Tahoka, sister of the groom, and Nita Bartley of Dallas, cousin of the bride. They wore purple tea length dresses and carried nosegays of white and orchid roses. Stephanie Chancy, niece of the groom, of Hobbs, N. M., and Janessa Lee, cousin of the bride, of Loraine, flower girls, wore white satin dresses with orchid trim, and carried white satin baskets.

Mike Lance of Lubbock served as best man, and groomsmen were Steve Chancy of Hobbs, N. M., and Jaybo Chancy of Tahoka, brothers of the groom.

Matt Chancy, nephew of the groom, was ring bearer. Ushers were Mitch Bartley of Levelland and Jayson Bartley of Wilson, brothers of the bride, and Nathan Joy and Ricky Moczygemba of Wilson.

Mrs. Sheryl Massey of Lubbock, pianist, provided traditional wedding music and accompanied soloists, Mrs. Rhonda Thomas, cousin of the bride, of Lamar,

How to Have a Safe Halloween

Much of Halloween safety begins with everyday common sense. Review the following points of safety with your children and others who will be celebrating Halloween.

Costumes

Costumes should be made of flame-retardant materials. They should be large enough so that warm clothing can be worn underneath if it's cold outside.

Be certain that costumes allow children to walk easily without tripping and entangling their feet.

Children should wear comfortable, well-fitted shoes or sneakers. Do not let them wear mother's high heels.

Use light colors, reflective tape or decals so that children are visible at night to motorists.

Masks The mask should be properly ventilated, with holes for nose and or mouth, and large eye-holes for good visibility.

The elastic should be per-

Children should carry flashlights or light sticks to see better and be seen more easily. Never allow children to walk using a flame for a light.

Do not allow children to carry sharp objects. Be certain that knives, swords or other costume accessories are made from flexible materials.

Wigs and beards should be properly attached so they don't get into children's eyes or otherwise obscure their vision.

Pirates Get 'Planked' by 'Lopes in 43-6 Drowning

By Wes Burnett What was billed as a potential tight clash last Friday night in Cooper turned into a Post Antelope 43-6 rout of the Pirates, as both the 'Lope defense and offense put on what probably was their best showing of the season.

Stymied only on the first series of downs, the 'Lopes scored first after getting the ball over on downs at their own 26 yard line with 6:56 left in the first quarter.

The four play drive opened with a 62 yard pass and run effort from quarterback Joel Kirkpatrick to strong end Terry Kennedy.

Kirkpatrick faked to tailback Tracy Price, then rolled to his right and lofted the football downfield to a wide-open Kennedy, who grabbed the ball and was finally hauled down from behind at the 11.

Price got the call three more times and went into the end zone on first down at the one over right tackle.

The Pirates came right back and passing the foot-ball effectively, tied the game with 1:15 left in the first period.

That was it for Cooper.

The Antelopes took the kick-off and with 1:09 re-maining in the first quarter, began the second drive at their 25 yard line.

Eleven plays later, with 8:19 left in the second quarter, Kirkpatrick faked to Price, then skirted around his left end on the option for six yards to the end zone.

The two-pointer conversion came on a pass to Kennedy in the end zone.

The drive as highlighted with strong running by Benny Hair, Price and Curt Greer as well as Kirkpatrick's passing to Kennedy.

The big run came on first down at the Cooper 26 when Price busted over left guard, breaking three tackles, pounding to the eight. The Antelope offensive line

took charge early in the game, and with precision movement and blocking opened gaping holes in the Pirate defense.

The Antelope defense, termed the best it's been running and a 20 yard plus pass from Kirkpatrick to Greer, setting up a first down at the Cooper 25.

Price carried the ball five of the last six plays of the drive, with Kirkpatrick getting seven tough yards on an option which was set up by a fake to Price.

Second Half Action

Cooper took the kick-off in the second half and punted after four downs.

The Pirates got the ball back with 9:31 left in the third period and moved consistently downfield to the Post 18 before the Antelope defense held its ground.

Pressure back James Mock and David Shults on the quarterback and good coverage by the defensive secondary blunted the Pirate offensive attempt.

With 6:37 left in the quarter, the 'Lopes began a four-play drive, capped by a 54 yard touchdown run by Curt Greer.

Price opened the drive over right end to the 21, Hair took the ball over left guard to the 39 and Price rammed over right guard to the 46.

Then Kirkpatrick faked to Price and handed the ball to Greer, who cut from his right to left over left guard, broke three tackles, then stiff-armed the last defender on his way to the end zone.

Two penalties on the Cooper defense moved the extra point attempt to the two yard line as the 'Lopes changed from kicking to running and Price went over right guard for the two-pointer, the 'Lopes led 29-6. Ricky Moore picked off a

Pirate pass on the Post 35 and returned it to the Cooper 43 to set up the next touchdown drive.

With 8:50 left in the game, Hair got the hand-off after a fake to Price, and rambled to the Pirate six yard line.

Price blasted over left tackle behind 'excellent blocking and went in untouched to the end zone. Chuck Morris' kick made it 36-6.

Another strong defensive effort gave the ball back to the 'Lopes with 5 minutes left in the game at their own 30 yard line, as Delton

The defense allowed 96 yards rushing and 133 passing and 16 first downs.

Kirkpatrick completed eight of 13 passes for 172 yards, finding Terry Ken-nedy four times for 86 yards, Curt Greer three for 62 and Rodney Hays once for 24.

Tracy Price led the rushing with 139 yards on 28 carries and three touchdowns.

Greer followed with 66 yards on three carries and one touchdown, Benny Hair carried five times for 57 vards, Joel Kirkpatrick picked up 15 yards and one touchdown on three carries and Hays got 18 yards on three tries.

J. V. Shut Out Anton Varsity

The Anton varsity visited Antelope Stadium last Thursday for a non-scheduled meeting with the Post junior varsity and were the victims of a 30-0 Antelope shut-out.

Scheduled to play Cooper, the Post junior varsity took on Anton due to Cooper's lack of a JV team and Anton had an open date.

Eddie Moat scored the first Post touchdown on a 70 yard run and quarterback Jay McCook threw a pass to Danny Foster for the twopoint conversion.

Adam Perez got the next touchdown as he scored on a one yard plunge following a 40 yard drive.

Adam Perez scored again following a 30 yard drive as he went into the end zone from six yards out and Anthony Perez picked up the

two pointer.

McCook found Foster on the end of a five yard pass to complete the scoring after a 35 yard drive and Keith Tidwell scored the extra two points.

The Antelopes collected 401 total yards offense and contained the Bulldogs to 263.

Foster was credited with two intercepted passes, one in the end zone which stopped an Anton scoring threat.

"This was a great victory for our young men," coach Lane Tannehill comments, "it was a great team effort."

Upsets Eagles

The Three Way Eagles upset the Southland Eagles 38-36 Friday, October 5.

The Eagles lead the game until the fourth quarter when with 30 seconds left in the game Three Way threw a touchdown to make it 38-36.

Southland was unable to score again.

Gilbert Armendarez ran back the ball seven times for 145 yards. Dee Farquhar carried the ball 19 times for 167 yards.

Farquhar also made six tackles and 11 assists.

The Eagles are 2-1 in district play and played the Dawson Dragons at Dawson Friday night.

Another win and another shut-out was reported for the Post 7th grade football team as they came home at the winning end of a 12-0 score at Cooper last week.

Running a nine play, 69 yard drive, Jaime Perez, Lanny Lee and Bobby Blair carried the ball down the field with Lee getting the final 30 yards on a scamper around left end for the first touchdown.

The second score was a two-play, 10 yard event which was set up by a 60 yard interception return by Robby Blair.

Perez went over right tackle five yards for the score.

The 7th graders collected

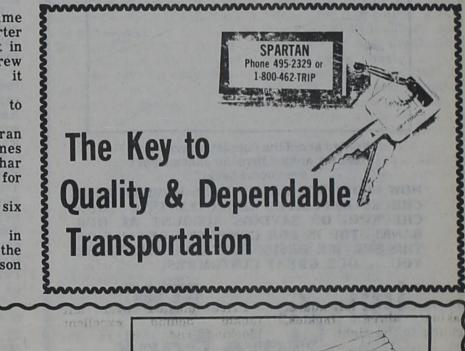

134 yards offense, holding Cooper to 11 yards total offense.

Matt Holly intercepted a pass and "the defense played super, all of them," coach Fred Postell observes. "The defense dropped Cooper runners for losses of 33 yards, and held them to 11 yards offense on 33 plays.

The coach praised Brent Baldree and Chad Overton playing at strong guard for

an ill Trey Jones. "Kevin Williams gave the Cooper tailback fits all night, although the Cooper runner was twice Kevin's size, Kevin tackled him several times for losses," Postell reports.

The team travels to Slaton tomorrow.

Girl Scouts Busy with Activities

This past week has been a busy and exciting week for Troop 67.

Thursday we had a special treat when four varsity cheerleaders came to teach the girls some cheers. The cheerleaders were Golden Capps, Bunny Miller, Heidi Ehret and Mendy Tatum. The girls had a really good time. Thanks girls for the fun.

Then Saturday we all went to Camp Rio Blanco for a day of fun and excitement. All the girls learned new games and songs and had a chance to see the Girl Scout Camp. Thanks so very much for all the help we got from our Brownies mothers. They were Donna Stelzer, Renda Breithaupt, Doylene Shumard. The girls who went

Overcoming Obstacles

Pastor Steve Traw First Christian Church Obstacles can be irritations and the downfall of the best of us. Or these snags along our daily pathway can be used as springboards to success.

Many youngsters find it impossible to overcome real or imagined obstacles. They become disillusioned with life. They are not who they desire to be in physical appearance. Lack of money, the means to material things and a feeling of sub-par intelligence all give feelings of inferiority.

Adults often feel they, too, have been short-changed. Life and its uncontrollable circumstances seem far too unfair.

Some prominent Bible characters found big obstructions in their life as well. Certainly this was the case with Joseph. Even in his youth, he was hated by his brothers. His actions

only aggravated the situation. Against his will he was taken to Egypt to be a slave.

But Joseph chose a proper course. He became an obedient, pleasant, hardworking, and moral young man. Even when greatly wronged and imprisoned falsely he was unwavering. The Lord gave him a new chance and success on many occasions. Joseph's dedication to the Lord was shown in his outpouring of love and forgiveness to his brothers who betrayed him.

One's background of physical appearance, emotions, and circumstances can be used as an alibi for failure. Or the life of Joseph may help point to the Lord's help in overcoming your ob-stacles. Turn those handicaps into assets.

As Joseph, may the obstacles you encounter today, become the opportunities for your tomorrows.

Post Gets Big Jump in Rebate

State Comptroller Bob Bullock recently sent checks totaling \$58.2 million in local tax payments to the 990 cities that levy the one-percent local sales tax.

"So far this year, these payments are running better than 16 percent ahead of last year, and most Texas cities can expect even bigger checks for the rest of 1984," Bullock said. The Comptroller explained next month's checks will reflect payments from sales tax permit holders who report quarterly and the December checks will reflect the first increases from new goods and services taxed for the first time beginning October 2.

October checks represent taxes collected on sales made in August and reported to the Comptroller by September 20.

The City of Post received a check for \$9,656.05 up from \$5,698.78 last year at this time and brings the total to \$121,062.43 for 1984 which is down from 1983 payments totaling \$122,581.35, a 1.24 percent minus in change.

Neighboring Slaton received \$13,272.05 for the period and totals \$151,468.38 for the year which is up 12.61 percent while Tahoka received \$3,813.27 for this period bringing its years total to \$48,699.83 for an 8.55 percent increase.

NOTICE OF PUBLIC MEETING

The State Department of Highways and Public Transportation will conduct a public meeting on November 20, 1984 at 10 a.m. in the County Court Room of the Garza County Courthouse in Post, Texas, for the purpose of discussing the construc-tion of F. M. 2008 from F. M. 651, 15.0 miles northeast of Post, south to F. M. 2008 at Verbena.

This proposed improvement will consist of the construction of a farm to market type pavement consistent with other farm to market highways in the area. Proposed right of way width will be 100 feet.

Maps and other drawings showing the proposed location and geometric design will be displayed at the public meeting and together with environmental studies and any other available information about the proposed project are on file and available for inspection and copying at the District Office of the State Department of Highways and Public Transportation, 601 Slaton Highway, Lubbock, Texas.

Personnel from the State Department of Highways and Public Transportation will be in attendance at this meeting to answer questions and give information concerning the design, the State's Relocation Assistance Program and right of way acquisition.

All interested citizens are invited to attend this public meeting.

A-5 In Memoriam

I want to express my deep appreciation and thanks to Hudman Funeral Home, Trinity Baptist Church and the ladies who not only brought food, but stayed to serve dinner for mine and Frances' families. I can think of nothing that went undone. I also want to thank each and everyone for your expressions of sympathy, flowers and prayers during the illness and death of our loved one. May God bless each of you.

Hays Selected Top Youth Coach

William R. "Randy" Hays of Clovis, N. M., has been selected to receive the 1984 Gatorade Youth Coach Award as one of the nation's top youth baseball or softball coaches.

This is the inaugural year of the national awards program designed to honor those volunteer coaches who care more about kids having fun than only about winning ballgames.

Hays was selected from among the estimated 920,000 baseball and softball coaches across the country, many of them parents. They have volunteered their time to instruct some 9.3 million boys and girls from five to 16 years of age. The coaches were nominated by their fellow coaches, players or local league administrators.

Each recipient will receive a plaque from Gatorade Thirst Quencher and the National Youth Sports Coaches Association, a United Way agency committed to making sports a more enjoyable and fulfilling experience for youngsters.

The association has also selected one outstanding volunteer coach from each of its six U. S. districts who, with a guest, has been invited to attend a World Series game October 13.

Hays was recognized for his 14 years of coaching in the Clovis National Little League. He started coaching when his younger brother entered Little League. Hays and his wife, Cindy, are foster parents and are very active in the community.

In addition to his duties as news director at KMCC TV, Hays coaches baseball, foot-ball and basketball and serves as vice president of the league. Dedicated to helping youth, he is admired and respected by his players and their parents. Hays was nominated by Jeanie-Bondery of Clovis.

Hays is a 1972 graduate of Post High School and is the son of Mr. and Mrs. Eugene Hays of Post.

Hays coaches year around including girls sports and has been elected president of the Clovis Little League.

4-H SWEETHEART - Tyra Hart was named as 4-H Sweetheart during the 4-H banquet last Saturday evening.

J B state legislature mandated an uninterrupted academic day," Shiver said, "and the affects of this law are just now being noticed

by parents." One of the changes includes no recess time for elementary students.

"A morale problem is developing among teachers," Shiver added, "due largely to the administrative workload this law is placing on them."

The law requires teachers to report on the amount of time spent on each subject as well as other requirements.

The board devoted the last part of the meeting discussing the problems of meeting the new state law and board member Royce Hart summed up the feelings by saying:

"We might as well just turn over the whole thing to the state and let them worry about it."
