News of Baird PEOPLE & THINGS

IT WAS QUITE A homecoming we had Saturday. Everyone seemed to enjoy it and appeared to be having a good time. The selection of Mrs. Clyde White as homecoming queen pleased everyone, and a lovely homecoming queen she was. We a year and a half, but Mrs. day. White has become one of our favorite people. She is a gracious lady, and our congratulations go to her, and to the ex students who have had the unquestionable priviledge of being in one of her classes throughout the years she taught in the Baird High in 1895. schools

THE COMMUNITY FUND drive is in full swing, and if you haven't been contacted, chances are that you will be soon. It is a good thing, and every citizen of the community should have a part in it. The Community Fund supports a number of organizations designed to help us and our children. One thing that the workers are running into is distressing. A number of Baird people are working in Abilene, and extreme pressure is placed on them to contribute to the Abilene Community Chest drive in order that the company with which they work may be classified among those with 100 per cent employee participation. One thing we need to remember is that the money we contribute to the Abilene drive does Baird no good whatsoever. Abilene does not support a single organization which benefits our youth. Convention meets in the Meth-The money they take in is spent in Abilene. The next meeting will be Oct. 23, 1963 with Mrs. E. J. Hill.

Putnam Youth Is Seeking Word On Gold Dust, Two

Roddy Reynolds is looking any day now for a direct word from Gold Dust II, his internationally famous stick horse.

After some inquiring around and after receiving some disappointing reports like the following from the Foreign Office of the London Daily Mail:

"Sorry but no trace of Gold Dust II. Reckon he's on the last round-up." And a report from Scotland Yard that: "The Commissioner wishes to thank you for your letter, but expresses his regret that the matter is not one which the Metropolitan Police can assist you," it appeared that perhaps Gold Dust II had gone on the "last round-up."

But a word from an official of Alitalia, the Italian Airline at the University of Texas, mathat flew Gold Dust II out of joring in bacteriology. Sydney, gives Roddy some hope that he may be located pretty pronto. The message read:

"This office has no direct knowledge of Gold Dust II at the moment because, as you will appreciate, it passed out of our hands at the time it was sent to Singapore and the various other ports.

"I have written our head office in Rome today, enclosing a copy of your letter and asking them to advise.

"We will be in touch with you as soon as we have heard from Rome."

As a result of the travels of the Gold Dusts, Gold Dust I and Gold Dust II, Roddy has received letters from many people especially those in important positions in government, the latest one coming from the Attorney General Robert Kennedy, who said in part:

"After reading about the extent of this unusual ambassador's travels throughout the world and the encouraging reaction which his appearance has brought forth from people of all countries, I am amazed at your initiative. Certainly you have reason to be proud of your accomplishments as we all are

"I do hope that Gold Dust will have continued success in his travels as an outstanding indication of what one American can do to further the cause of peace and good will in these uncertain days.

"With my congratulations and very best wishes to you." Sincerely,

Robert Kennedy (Signed) Attorney General.

Garden Club of Clyde were honored on October first when Baird Garden Club held a Flower Display Workshop and salad luncheon at the Presbyterian Church in Baird. Hostesses for the occasion were Mrs. J.

given by Mrs. W. A. Fetterly. Mrs. Clyde White, president of the hostess club, welcomed the quest club, whose president is Mrs. Clay Long and other visitors from Clyde and Baird.

Mrs. Lee Ivey introduced the guest speaker, Mrs. Forrest Kendall of Abilene, a nationally accredited Flower Snow Judge, who also is prominent in church and civic activities in Abilene. (Mrs. Kendall, the former Thelma Graham, taught in the Baird Schools a number of years ago.) The speaker outlined the

principles of flower arranging, illustrating them with arrangements made by herself. Following her explanations, guests and members prepared arrangements of fresh flowers and of dried materials for constructive criticism by Mrs. Kendall. The speaker also instructed the audience in the preparation of horticulture specimens for display, emphasizing the importance of groomfully.

Tables for the luncheon were centered with arrangements of red roses, the Baird Club flower He also won first place in the Mrs. Dee Young gave the prayer.

Guests registering from Clyde were Mmes. Clay Long, Roy Klepper, Stanley Miller, W. R. Bone, Jeral Teeters, J. T. Shanks. From Baird were Mmes. Baird High School Band and already named, Mitchell, Ace Hickman, Frank Cunningham, John McGowen, I. E. Warren, Corrie Driskill Davis, D. J. Anderson, W. E. Walls, C. Z. Anderson, B. H. Freeland, D. Millers Mutual Adds Branch

R. Latimer, Mrs. E. H. Leache The Millers Mutual Fire Insurance Company, with home of-Mrs. Ben Ross registered fices in Fort Worth, has anguests and the invocation was nounced the establishment of a new surety and fidelity bond department and the appointment of Bill H. Martin as manager.

"Current plans are to streamline the writing of all fidelity and surety bonds. Simplified procedures will enable us to provide greater service to customers. Initially bond facilities will be offered in Texas. As the department expands, these services will be extended to all Millers agents in other states,"

Recently Martin was elected assistant secretary of Millers Mutual Fire Insurance Company of Texas, one of the three companies comprising The Millers Insurance Group. Others in the group are Millers Casualty Insurance Company of Texas and Miller Life Insurance Company of Texas. Martin formerly was in the bond business in Colorado and prior to that was a special agent with a surety company for a number of years. Jackson and Jackson nsurance Agency is the local Millers representative.

Baird High School Bear Tales By Stephanie Lafon

Homecoming at Baird High came to an end Saturday night with, as everyone knows, the Bears racking up an awesome score against the Gorman Pannumismatic history of each coin. berts, L. M. Members Franke, Ann Smith, Philip Gar-Mexico. Paul is a member of the present were in addition to those cia and many others too numerous to mention.

> The student body and Exes alike were most happy with the choice of Mrs. Clyde White as our Homecoming Queen. Suzee Foy, our band sweetheart and Karen Bearden, our footballsweetheart, both dressed in red, looked like hearts - the sweet variety.

At half time Saturday night, the spectators were entertained ing all the Exes, rendered by Mr. Harper, our band director.

Due to a delay in shipment, Baird Bear Car Stickers did not go on sale until October 16. They will be sold by Beta Club members. The Beta Club grossed \$50 from the sale of balloons Saturday. Thanks to everyone for supporting the Beta Club.

NEWS for truck owners who need a new one now

Things Chevrolet has developed since the last time you bought to give you more for your money:

Double-wall construction. This feature of Chevrolet cabs and the Fleetside pickup body has two advantages. Insulation and sound-deadening material is sandwiched between the two layers of steel in the cab to give you more comfort; in the body, the lower inner wall acts as a buffer against load damage, preserving the outer appearance of the truck.

Suspension to fit the truck. Conventional half- and three-quarter-ton models have independent front suspension with variable rate coils in the rear. Variable rate coils do not "bottom out" as readily.

Mediums and heavies have I-beam suspension with variable-rate leaf springs It automatically stiffens as the load increases—and vice versa. It means a smoother, flatter ride regardless of load, a better handling truck.

The right engine. Chevrolet never has been in better position to give you the type and size you need for maximum efficiency. Today there are many different capacities of gasoline and diesel Chevrolet truck engines-fours, sixes, V8's.

Stronger frames. Every conventional 1964 Chevrolet truck has a ladder-type frame. This type is more resilient, better able to give with the load and terrain. Its simple design also makes it easier to mount special bodies on the truck. Its riveted side rails are stronger.

Greater model selection. This time you're going to find it a simple matter to pick the exact type of Chevrolet truck for the kind of work you do. In delivery trucks, for instance, in addition to regular panels and pickups, we have eleven different sizes of ready-made walk-in vans, some with full-width rear doors.

Quality and value. Chevrolets today are a lot more truck than your money bought the last time, and yet the price tag is just about the same as 5 or 6 years ago. Call your Chevrolet dealer for information or for a demonstration.
