

WOW!

Post Chosen as 1987 Main Street City

by Wes Burnett
Wow! Post has been named a 1987 Texas Main Street City.

Mayor Giles McCrary was notified by telephone Monday morning that the Texas Historical Commission selected Post as one of the five official cities during its quarterly meeting Monday in Austin.

The other four cities are Kilgore, Terrell, Weatherford and Wharton. "This is just absolutely great news for Post," McCrary exclaimed.

"We needed this so much," Post Chamber of Commerce manager Lewis Earl added, "this is a real shot in the arm for our growth."

"So many people deserve credit for the success of our application," Post Merchants' Association Main Street committee chairman Don Glidewell emphasized.

Members of the committee who worked for several months preparing the official application were Glidewell, Jan Crawford, Marie Neff, Curtis Hudman,

Loveta Josey, Roy Josey, Robert Wall, Ronnie Gradine and Wes Burnett.

There were 12 communities competing in the application process.

Post and the other four cities will join a network of 34 other Texas towns working to revitalize their central business districts.

Each designated city hires a full time Main Street manager for a three year period to coordinate the project.

Local financial institutions lend support by establishing

low interest loan pools to encourage rehabilitation and reuse of existing historic buildings.

The Texas Main Street Project is primarily a technical assistance program rather than a grant program.

Official cities are provided the design assistance on their downtown buildings, a three day resource team visit and training and supervision for their Main Street manager.

Garza County News Briefs

Election Results

As has been a tradition for several years, The Post Dispatch will again provide election night results by telephone Tuesday, beginning at 8 p.m.

Results will be available as soon as tabulations have been completed at the County Clerk's office and callers are urged not to call the clerk's office.

"Calling the clerk's office creates two problems," Dispatch publisher Wes Burnett emphasizes, "one, it ties up the phone so results from precincts can't get through and two, it slows down the county process."

"That is one reason why we offer this service, call us and we will give you the latest tabulations," Burnett adds.

The Dispatch has two rotary lines, 495-2816 and the results will be available from 8 to 10 p.m.

Christmas Bazaar

"Christmas in November" is the theme of the November 8 Gamma Mu Crafts Bazaar to be held from 9 a.m. to 4 p.m. at the Post Community Center.

Dracula Tickets

Tickets are now on sale for this weekend's play, "Dracula".

The theater box office is located at 226 E. Main.

"we will be giving away three prizes at each performance," says Will McCrary. Make your reservations now for this Halloween treat.

Contest Winners

Simmon Owens and Lynette Galbraith, both of Post, tied in last week's football contest missing only three games each.

Owens came out on top in the tie breaker missing by 21 points while Galbraith was 42 points off.

Owens came out with the \$10 prize by missing the tie breaker by only 21 points.

Galbraith missed by 42 points earning the \$5 second place prize.

Photo Fall Show

The Caprock Photographers Fall Show will be November 6, 7, 8 and 9 at the Algerita Arts Center located at 131 E. Main in Post.

Entry fee is \$4 per photograph and will be accepted from 8 a.m. to 8 p.m. November 6 and 8 a.m. to 12 p.m. on November 7.

Surprise

\$300 Raffle

The Post Merchants Association will have a booth at the Halloween Carnival and will be giving away a surprise package worth over \$300.

Raffle tickets can be purchased from any Post merchant for five for \$1 or 25 cents each.

There will also be a dart throw at the booth for the children.

You need not be present to win.

Judge Dalby Calls for Disaster Tag

by Rodney Marshall

Judge Giles Dalby informed the commissioners at their regular meeting Monday, October 27, that he had sent a letter to Governor White's office asking that Garza County be considered a disaster area for agricultural purposes.

"I contacted the ASCS office and County Extension Agent Syd Conner about my actions," explained Dalby.

In other action the court was asked to pay the remaining \$357 that the Garza County Fair still owed.

The commissioners agreed to pay it but Commissioner Ted Aten abstained from the vote.

Aten commented on his stand in saying, "It is not that I am not supportive of the fair but I wish the city would help out."

Ruth Reno, Garza County Tax Collector and Assessor, brought in the annual report for the court to receive and sign.

Reno pointed out that the hospital came out \$528 long and the county \$638 long.

"We looked for any type of mistake and could not

find one," Reno explained.

Bill Johnson and Larry Johnson, representing the long distance telephone service NTS, were before the court explaining their services and what they could offer the county.

In their offer were new phones for every department in the courthouse.

Larry Johnson explained they the court would pay for the phones within a year with what they would be saving on renting their phones, which they are now doing, and the savings on long distance calls.

The decision was tabled for the NTS representatives to do some more research on the matter.

Dalby told commissioners that he was leaving Wednesday morning for Austin to participate in a 12 county liability group.

This is a self-insurance program designed to save counties money on liability insurance.

Present at the meeting were Judge Dalby with Commissioners Aten, Tommy Young, T.D. Craft and Herbert Wall along with County Clerk Sonny Gossett.

'Dracula' Comes to Post

The Post Caprock Theater will welcome its audience back to an early 20th century style of theater with its pro-

duction of Dracula to be presented in the Post Art Center located in the old Algerita Hotel on East Main Street in Post, October 30-31 and November 1 at 7:45 p.m. each evening.

two act play will be several acts of vaudeville, featuring area favorites in old fashioned songs, recitation and dramatic sketches.

The Algerita Hotel is located at 131 East Main Street in Post.

The production has been designed by actor-director Will McCrary to feature a troupe of actors as if they were touring West Texas with their comic "tongue in cheek" melodrama version of the classic horror story.

Preceding the rather short

The Caprock Theater box office at 226 East Main Street opens daily except Sunday from 10 a.m. to 2 p.m. and telephone reservations are available by calling 806-495-4005.

Tickets are \$6 for adults and \$3 for children under 12.

Seminar to Help Producers

Stocker Cattle Seminar
Examines Keys to Profit

A one day seminar is being presented by the Texas Agricultural Extension Service.

The program will be held Tuesday, November 4 at the Dawson County Community Building on the fairgrounds in Lamesa.

The program is designed to be practical.

We want producers to get information they can incorporate into their management program.

The program is being tailored for operators in Dawson, Andrews, Borden, Gaines, Garza, Howard, Lynn, Martin, Midland, Scurry, Yoakum and Terry counties.

The program will begin at 9 a.m. and conclude about 3:30 p.m.

A catered lunch will be served courtesy of program sponsors.

There is no fee for persons attending the program.

Changes in farm programs and crops economy have increased the interest in stocker cattle.

Dr John McNeill, Extension Beef Cattle Specialist, will open the program with a look at cost-effective management of stocker operations.

This will include an update of research and result demonstrations, products and techniques that apply to stocker cattle production.

It also will look at practices such as the use of implant, wormers, vaccines and supplemental feeding programs.

Effective treatment of shipping fever will be addressed by Dr Larry Hollis of Syntex Animal Health in Amarillo. Hollis, former case coordinator at the Texas A&M University Medical Diagnostic Laboratory in Amarillo, will explain vaccination programs and preventive medicine techniques to reduce cattle sickness and death loss.

Marketing tips from a cattle buyer will be provided by Ed Wright, independent buyer from Amarillo. He will explain factors producers should consider when purchasing and selling their livestock, and which can have a great impact on the financial outcome of their operation.

Following lunch, the program will feature a live animal demonstration dubbed, "Do It Right While They're In the Chute".

Here Extension Agents and specialists will join commercial field representatives in showing how to properly administer vac-

cines, implants, wormers, feed additives, rumen inoculants and other products. They will answer questions and discuss products.

During the closing segment, Dr Dee Griffin, staff veterinarian for Pioneer Hybrid International, Guymon, Oklahoma, and Hollis will necropsy cattle that have died from different causes. They will show what producers can learn from a necropsy report and its value in treating problems.

Commerical firms participating in the seminars are Elanco Products, Co., Hi Pro Feeds, Hoechst-Roussel, Immuni-Modulators Laboratories, International Minerals and Chemicals Corp., MSD-Ag Vet, Pioneer Hybrid International and Syntex Animal Health.

This program will be very valuable to Garza County producers as one way of diversification of their farming operation.

Survival in our farming operations will mean change.

This program will help make the most profit available from your beef cattle operation.

Syd Conner, Garza County Extension Agent encourages producers to attend this program to improve their present cattle operation or incorporate

Obituary

Uretha McDougle

Services for Uretha McDougle, 86, were held Wednesday, October 22, 1986 at 2 p.m. in the Calvary Baptist Church with Rev Jim Goodwin, pastor, officiating.

Burial was in Terrace Cemetery under the direction of Justice-Mason Funeral Home.

Mrs. McDougle died Tuesday, October 21, 1986 at 12:15 a.m. in Lubbock's Methodist Hospital after a lengthy illness.

She was born July 15, 1900 in Erath County, Texas. She married O.A. McDougle October 4, 1919 in Erath County.

They moved to Garza County at that time with her family to farm.

In 1944 they moved into Post. She worked for the Postex Cotton Mill and before her retirement in 1972 she sold Raleigh Products.

She was a member of the Calvary Baptist Church.

She is preceded in death by Mr McDougle on May 9, 1978 and by one daughter Viola McDougle.

Survivors include one son, Oliver McDougle of Post; three daughters,

Irene McCommis, Juanita Bilberry and Ila Mae Holleman, all of Post; 14 grandchildren; 24 great-grandchildren; and 19 great-great-grandchildren. Grandsons served as pallbearers.

Letters to the Editor

Dear Sir,

To whom it may concern.

I would like some information on some old oil maps of Post, Texas.

I have one that my mother gave me and I am fifty one years old.

This map is very old and I just wondered if you would know of anyone or any place that would enjoy this map, such as a library or maybe museum.

The heading on this map is as follows: The Post City Oil Development Company, Post, Texas, Map of Holdings, Pres. W.M. Pope.

I thought maybe the Oil Company or someone of that sort may want it.

I don't find a date on it, but my mother passed away this past August, 1986.

She was seventy-five years young.

My Dad worked in the oil fields in and around Post

while we were very small children.

He also worked on the farm.

He worked at one time for a Mr. Duckworth.

We kids went to school with Sam Beavers and Punkin Cash.

My mom and dad's name is Sr. Henry and Ollie Bargsley.

We may still have some relatives in or around Post.

I am suppose to have an Aunt Nannie Greer, either at Tahoka or Grassland.

I would like for someone to reply.

Thank you very much.

Dear Readers:

The Garza County Museum features a different exhibit each month, using things or collections of Garza residents.

This month there is a unique collection of Norman Rockwell Character Dolls.

Taken from the paintings of this famous American artist, each doll has it's own name and unique character.

Remember The doctor and the doll? Dr Chrisfield makes Mimi's doll all well again, Molly is busy sewing the flag, while Junior is doing what he does best, Crying.

Created by Mary Moline, there are twenty dolls in this unusual series, which I think everyone will enjoy seeing.

They will be there all during October, then we will change to something else different and enjoyable.

Museum hours are 10-12 a.m. and 1-3 p.m. Monday through Friday and 2-5 p.m. on Sunday.

Mike Vyas Opens GM Dealership Here

by Rodney Marshall
Maresh "Mike" Vyas has opened up the Chevrolet car dealership here in Post. Vyas Motors is located at 111 South Broadway. Vyas was born in India in 1943 and came to America in 1970 as a mechanical engineer. "Coming to America was the biggest thing in my life," Vyas explained.

And with his coming to America came his love for cars. In 1976 he became District Manager for American Motors. He held the same position with Fiat Motors in 1978. In 1981 Vyas went to work for Transaverica Delaval as Territory Manager selling medical products. But his love for cars and

his love for dealing with people led him to look for a car dealership which brought him to Post. "When I came to Post I was really impressed by the people and amazed that the dealership was for sale," remarked Vyas. Now he is here and excited to get his business going and getting involved in the community.

"and people will not believe the kind of deals I will make during my first month of business." He says that any kind of proposition will be considered, even those that may sound ridiculous. His philosophy is that the customer is always right and he will strive to provide the best possible service at the most reasonable price. He commented that during the month of November prices will be "astronomically low."

His family is still in India where his wife, Sweaty, is a physician. They have two girls, Tanu, who is 14 years old and Charro who is two and a half years old. His mother and father live in Connecticut where his father is a Civil Servant. He has two brothers and one sister, all are married and have one child. But when Vyas talks of his new car dealership his eyes light up with excitement. "We are open and ready for business," says Vyas,

He also pointed out that sometime in November he will have a "Hot Dog, Apple Pie and Chevrolet Grand Opening." Vyas realized that a lot of work is still ahead of him. "I hope that the people will bear with me as we try to clean things up and get the showroom ready," he says. Vyas commented that

everyone he has talked to has been very kind and helpful, especially the work and help that Harold Lucas has done.

"This is home and I want to make everybody happy and satisfied," Vyas concluded.

Convenience Banking?

What's So Convenient About:

PAYING
higher interest on your loans?

EARNING LESS

PAYING HIGHER

LOSING
local control over banking?

SACRIFICING
service to the big banks' benefit?

YOU WILL HEAR A LOT FROM THE SO-CALLED CONVENIENCE BANKERS ABOUT PROPOSITION FOUR BUT YOU PROBABLY WILL NOT HEAR THIS:

The big banks of Texas hope to create a bank monopoly at your expense. Proposition Four has disguised branch banking as "full service banking." Whatever they call it - Branch Banking is a bad idea for Texas, and Texans will end up footing the bill for the big Texas bank holding companies to get bigger.

You especially don't want this to happen now since the Texas Legislature just passed a law permitting the large banks of New York City to purchase some or all of the large Texas bank holding companies. Not only can this legally happen now, but is almost certain to take place in the immediate future.

For all these years, Texans have never wanted or allowed the big banks of New York City to own and control the Texas Banking Industry. We are sure that this position by the people of Texas still has never changed.

Culture Club Report

by Doll Haire

The Woman's Culture Club met October 22, in the Club House with Buena Bouchier and Lillian Potts serving as hostesses.

Maxine Earl, president, called the meeting to order for a brief business meeting.

Mrs Cora Fleming, program leader for the day, gave a talk on the life of Tabitha Gordan Lamar.

She met Mirabeaum Lamar at a party and Lamar fell in love with her beauty and personality. He proposed before the evening was over but Tabitha refused.

Lamar was very romatic, writing her love letters, songs, and beautiful poems. Soon they were married and later a baby girl was born to this happy couple.

Tabitha was in an accident, in which her face was cut and disfigured. She knew that her husband loved her beauty and she was very concerned that it would affect their relationship.

Her face healed and there were no scars.

Tabitha's health began to fail and after a brief illness, she died at the age of twenty-one years of age.

Lamar lost his daughter a few years later. He was so grief stricken that he destroyed all of the songs and beautiful poems that he had written to Tabitha.

It was Tabitha's influence that inspired him to continue his involvement in politics and later became president of Texas.

Katherine Cathcart gave an interesting talk on the life of Gussie Nell Davis.

Miss Davis was responsible for the Kilgore Drill Team. The college was concerned that most all of the students were men, so she was to create an interest to attract the girls.

In 1943 Miss Davis organized the Rangerettes.

She didn't know how the public would react to their uniforms, that has skirts two inches above the knee. The Rangerettes are now known all over the USA and abroad.

Gussie Nell Davis is now retired, after a very successful career of 51 years.

Calcium - Are You Getting Enough?

At a recent National Institutes of Health conference, it was noted that "the major source of calcium for most Americans is not dairy products, but bone...their own!"

If your body doesn't receive enough calcium, it "robs" it from your bone, to make sure your blood has enough.

If this goes on for a lifetime, the result is osteoporosis, a condition

that causes bones to break easily.

Calcium is a major component of bone and is needed throughout life.

The bones you have at age 20 are not the same bones you have at age 50.

Bone cells are constantly being broken down while others are being formed.

This requires a constant supply of calcium if the bones are going to remain strong.

Current thinking is that adult women need at least 800 milligrams of calcium daily and teenagers need 1200. That's much more

than most of us get now.

Probably the easiest way to increase calcium is to drink milk.

But other good sources of calcium include sesame seeds, salmon, sardines, and green leafy vegetables such as mustard and turnip greens, collards and kale.

If you're not much of a milk drinker, try yogurt and cheese. Also try adding milk, both liquid and powdered, to some of your favorite recipes and foods.

For example, mix a tablespoon of powdered milk with peanut butter or toss some into your morning orange juice.

If you don't enjoy "greens," try mixing them in with soups and stews, or even spaghetti sauce.

Avoiding Too Much Sodium
Four out of 10 adults are trying to cut down on salt or sodium in their diets, and probably more would join them if they knew how.

Americans generally consume more than the recommended amount of 1,100 to 3,300 milligrams of sodium per day.

Sodium has been associated with high blood pressure and an increased risk of heart attack, stroke and kidney disease.

For that reason, the newly revised Dietary Guidelines for Americans recommend avoiding too much sodium in the diet.

Since sodium comes in a number of forms and is used as an ingredient in many foods, simply putting the salt shaker away is often not enough.

The following guidelines for selecting low-sodium foods should be followed:

- Unprocessed grains are naturally low in sodium. Ready-to-eat cereals vary widely in sodium content, so read the labels.

- Fresh, frozen and canned fruits and fruit juices are low in sodium. Most canned vegetables, vegetable juices and frozen vegetables in sauce are higher in sodium than fresh or frozen ones cooked without added salt.

- Milk or yogurt is lower in sodium than most natural cheeses, which vary widely in their sodium content. Process cheese, cheese foods and cheese spreads contain more sodium than natural cheeses. The sodium content in cottage cheese falls somewhere between natural and process cheeses.

- Most fresh meats, poultry, and fish are low in sodium. Canned poultry and fish are higher. Most cured and processed meats such as hot dogs, sausage and luncheon meats are even higher in sodium because it is used to preserve them.

- Most convenience foods are high in sodium. Frozen dinners and entrees, canned soups, dehydrated soup, sauce and salad dressing mixes contain a lot of sodium. Condiments including soy sauce, catsup, mustard, tartar sauce, chili sauce, pickles and olives are also high in sodium.

Many low-or reduced-sodium products are now in the supermarkets as alternatives to foods processed with salt and other sodium-containing ingredients.

But you may find some of these low-salt products unpalatable unless you season them with herbs, spices, lemon juice or other flavorings.

Be careful to avoid seasonings, such as garlic salt or flavor enhancers which are high in sodium content.

Instead, make your own no-salt herb or spice mixtures, or buy a commercially prepared no-salt seasoning.

Cutting back on sodium does not require eliminating certain foods from the diet.

Most people can moderate their sodium intake by choosing lower sodium foods more often and by balancing high-sodium foods with low-sodium ones.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion, handicap, or national origin.

Halloween Safety Tips

by Steven Payton

Here are some more SAFETY TIPS to help you and your child have fun this Halloween while Trick-or-Treating.

- Your child should carry light colored or colorful Trick-or-Treat bags or use a reflective tape design on treat bags.

- Carrying a flashlight or light stick, a child can see better and be seen more easily. NEVER ALLOW YOUR CHILD TO WALK USING A FLAME FOR A LIGHT!

- Do not allow your child to carry sharp objects. Check to be sure that knives, swords, or other costume accessories are made from flexible materials.

- Wigs and beards are fun to wear but should be properly attached so they don't get into your child's eyes or in anyway prevent clear vision.

- Only go Trick-or-Treating in a familiar neighborhood.

- Do not let your young child go Trick-or-Treating unless accompanied by an adult. If your child is older, learn who will be accom-

panying them?

- Your child should be taught to walk not run from house to house.

- Tech your child to walk on sidewalks, not streets, and not to run out between parked cars. If there are no sidewalks, walk on the left side of the road, FACING TRAFFIC.

- Streets should be crossed only at intersections or crosswalks and everyone should look both ways before crossing. Remember to wait for proper traffic signals.

- Be careful when approaching driveways to avoid exiting or entering cars.

- If your child is using a bicycle, adjust the costume and use bicycle clips on clothing so that there is not contact between the clothing and the bicycle's spokes. Bicycles should have reflectors, a headlight, and a horn or a bell.

- Give your child a meal or snack before going Trick-or-Treating. Make sure your child understands: NO TREATS SHOULD BE EATEN BEFORE THEY GET HOME! Have a happy, safe, fun Halloween!

Oil and Gas Report

At a location seven miles northeast of Post, West Texas Petroleum has finaled a new oil producer in Garza County's Northwest Post Field. The well is designated as the No. 2 Post Montgomery "A", showing potential to pump 24 barrels of oil per day, plus 197 barrels of water. Location is in a 40-acre lease in the K. Aycock Survey. Bottomed at 3,617 feet and plugged back to 3,569 feet, the well will produce from perforations in the Glorieta Formation, 3,336 to 3,522 feet into the wellbore.

revealed production figures for the No. 1 Brown, a developmental well in the Huntley Field, Garza County. The well is located four miles northwest of Post. Drillsite is in a lease in the EL&RR Survey. The well indicated ability to pump six barrels of oil per day, plus 30 barrels of water. It will produce from a perforated interval in the Glorieta Formation, 3,326 to 3,415 feet into the wellbore. Bottomhole was at 3,630 feet.

Bright & Co. has given up on its efforts to make producers out of two wildcat wells in Garza County. The No. 1 John Loft was located 15 miles southwest of Post, while the No. 1 L.C. Thuet was located six miles northwest of Post. The Loft well was spudded Aug. 5, and probed to a dry bottom at 8,675 feet. The Thuet well was spudded July 14, and bottomed at 9,120 feet with no commercial potential.

Windham's Surprise Party

Mr and Mrs Donald Windham were surprised with a dinner party on the 40th anniversary of their wedding day. Honoring the couple at the Chaparral Steakhouse Saturday, October 25 at 7 p.m. were their children and grandchildren, Donny and Greg Windham of Post, Mr and Mrs John (Sharon) Langerhands, Ryan and Kelly of Round Rock, and Mrs Russ (Karon) McClead of Ancaster, Ontario, Canada. A fall motif was used throughout the entertaining room with baskets of yellow, white and bronze mums and yellow tapers as center pieces. A special banner made by Mrs Windham's aunt and uncle, Mr and Mrs Elmer Cowdrey, was displayed in the room, which read "Happy 40th Anniver-

sary Don and Billie". The occasion was also Mrs Windham's birthday and grandson Ryan Langerhands presented her with a cake while the group sang Happy Birthday. The anniversary gift from family and friends was the surprise appearance of their daughter, Karon, from Canada. Special guest attending were Mr and Mrs Lonnie Peel of Post, Mr and Mrs Jerald Bowen of Snyder, Mr and Mrs Dale Andres and Laura of Fort Worth, Mr and Mrs Gary Luft and Garrett of Lubbock; Diane Antry of Seagraves, Belinda Copeland of Lubbock, Lester Nichols, Mr and Mrs Bobby Cowdrey, Curt and Clay, Mr and Mrs James Easterling and Brice, Mr and Mrs Elmer Cowdrey,

Kerry Hart, Mr and Mrs Jim Moore, Mr and Mrs Bill Carlisle, and Mr and Mrs George Miller, all of Post.

Antelopes Smother Tigers in 56-0 Rout

by Wes Burnett

From the opening kickoff the Post Antelopes last Friday night left no doubt as to the final outcome at Slaton as they romped to a 56-0 win, leading 37-0 at halftime.

Rebounding from a frustrating 22-20 loss to Denver City the previous week, the 'Lopes put on a scoring clinic for the Tigers, as the Bold Gold defense completely shut down any Tiger plans for an upset.

Tailback Mike Bartlett scored three times, wingback Ben Kirkpatrick ran one in and caught a pass for one, Marvin Lee caught a touchdown pass, Anthony Perez ran in a score and Roger Martinez scored on a pass interception.

Quarterback Jay McCook threw the two touchdown passes.

The scoring onslaught opened early following a squib kickoff by Slaton.

Robert Gill grabbed the slippery football for the Antelopes at the Post 47 yard line.

Six plays later McCook rolled to his right from the 13 yard line and threw the ball to Kirkpatrick who had crossed from the left to the right side, and pounded into the end zone from the five yard line.

The drive featured outstanding blocking from the offensive line and hard running by Kirkpatrick, Bartlett and Lewis.

McCook and Kirkpatrick connected again for the two point conversion.

The defense smothered Slaton on its first offensive series, following a first down at the Slaton 31, when quarterback Jason Bednarz was stripped of the ball by Michael Ayala and Clay Cowdrey, with Ayala getting credit for the fumble recovery at the Slaton 26.

The second 'Lope touchdown took four plays, capped by a 12 yard pass play from McCook to Lee.

On first down McCook found Steve Price over the middle for a first down at the 14.

Two running plays netted two yards...then McCook rolled to his left with good protection and "threaded the needle" as he zipped the ball through two defenders to Lee, who was crossing from his right to left in the end zone.

McCook ran the option to his left, skirting into the end zone for the two point conversion.

The Tigers opened up a 10 play drive before the Antelope defense stopped the effort on fourth down at the Post 33 yard line.

Tony Angerer, Reynolds Camacho, Perez and Michael Ayala were key defenders in stopping the drive.

Seven plays later the Antelopes led 22-0 when Bartlett crashed in from the six yard line behind excellent blocking on the right side.

The drive featured running by Bartlett and Lewis, and a pass completion by Kirkpatrick on second down from the Post 47 breaking two tackles to the Slaton 31.

Derick Dunn kicked the extra point and with 11:36 left in the first half the game was well under control at 23-0.

The Tigers took their next possession to the Post 19 before being shut down by a tenacious Antelope defensive stand.

On first down at the 19 Michael Cone took a pitchout to his right and attempted a halfback pass which was snuffed by Kirkpatrick who sacked Cone at the 21.

Bednarz was sacked by Cowdrey and Angerer at the 28 and on third down a long pass near the goal line was intercepted by Richard Curtis, who brought the ball down his right side line to the Slaton 14.

Another seven play drive put the Antelopes on top 29-0.

Lee took a pass at the 26 to the 30, Bartlett hit twice to the 48, Lewis fell in behind great downfield blocking to the Slaton 27 and Price grabbed a quick toss from McCook to the 13.

Bartlett took the ball over left end to the six and then bulled over right guard to the end zone.

Dunn's kick made it 30-0.

Following the kickoff, Slaton's Joey Biggerstaff couldn't get a handle on the first down pitchout from Bednarz, and the loose football was covered for the Antelopes at the 15 yard line by Brian Gibbs.

Three quick plays and the 'Lopes took a 36-0 lead with 2:39 left in the half.

Kirkpatrick rammed over right guard to the nine, McCook went around left end to the two and Kirkpatrick slammed over left tackle to the end zone.

Dunn put the extra point on the board for a 37-0 halftime lead.

Second Half Action

The Tigers could not get started following the kickoff and punted on fourth down.

Lee picked the ball off the ground at the 30 and ran down the left side to what looked like a touchdown.

A clipping penalty was called on the 'Lopes, bringing the ball back to the Post 21.

The next touchdown came after a 14 play drive, featuring a fourth down effort at the Slaton 30.

The drive featured Bartlett, Lewis and Kirkpatrick running and passing by McCook to Kirkpatrick.

Lewis picked up a first down at the 16 from the 23, Kirkpatrick took it to the three and Bartlett finished off the drive with 5:09 left in the third quarter.

The extra point went wide as the 'Lopes led 43-0.

Another Tiger drive was killed as the game went into the fourth quarter when Greg Windham, Gibbs and Bobby Gonzales kept pressure on Bednarz.

The fourth down play from the Post 37 ended the drive as Gonzales deflected a pass intended for Jack Robertson.

The 'Lope reserve offense, on its second possession, opened up a three play drive with 7:53 left in the game.

Starting at the Slaton 30 yard line, the 'Lopes took advantage of the field position.

Quarterback Eric Reece handed off to Perez who went 21 yards to the nine, a face mask penalty put the ball at the four.

Lewis went over left guard to the one and Perez got the call over right guard to the end zone.

Dunn's extra point kick put the score at 50-0 with 7:09 left in the game.

Slaton's next possession ended on third down at their own 20 yard line when Roger Martinez stepped in front of a Tiger receiver for an interception and he raced toward the end zone untouched.

'We Played Really Good'

"We just played one really good game," Post Antelope coach David Thompson says about last Friday's win at Slaton.

"It was probably our most physical game all year," Thompson adds.

He pointed out that the team executed well including the kicking game and pointed out quarterback Jay McCook's passing as a strong feature of the offense.

Ben Kirkpatrick and Bobby Gonzales were singled out for praise on defense.

Going into this week's contest with Seminole here, Thompson says that the competition will be fierce.

"They are real quick, and they've been playing well the last three weeks...really, they came close to beating Roosevelt," he says.

"They are very aggressive," Thompson points out.

Both teams are virtually eliminated from post-season play.

The only chance the Antelopes have of competing in the playoffs with two losses is for Roosevelt to lose its next two games.

Roosevelt hosts Denver City this week, closing out the season at Slaton next week.

J.V. Drops

15-14 to Slaton

"We could not take advantage of the chances we had on offense and it came back to haunt us," coach Lane Tannehill reports about last Thursday's 15-14 Junior Varsity football team loss to visiting Slaton.

"We just kind of sputtered on offense, but we played pretty good defense," the coach adds.

He complimented Wade Bridgeman, Mario Ayala and Keith Peel for their defensive efforts and Bridgeman, Richard Johnson and Eddie Slay on offense.

Scoring included a 15 yard run by quarterback Trevor Thuet and a 20 yard touchdown run by Derrick Oden, with Thuet getting the two point conversion.

The team had 204 yards rushing and 63 yards passing.

They travel to Seminole tomorrow.

Clay Cowdrey (62) gets a quarterback sack during last Friday's game at Slaton.

Randy Lewis (42) and Ben Kirkpatrick (30) provide the lead blocking for Mike Bartlett at he crashes in for a touchdown.

Freshmen Clobber Slaton 42 - 18

"We played well both offensively and defensively, everyone who played made a big contribution," coach Jay Kennedy reports about last Thursday's 42-18 Freshmen win over visiting Slaton.

The freshmen racked up 338 yards rushing and 144 passing for a total of 482 yards offense.

Lanny Lee scored first on a 15 yard run, and again on a 10 yard dash.

Bill Rankin scored at the end of a 47 yard pass and run combination with quarterback Rance Thompson and Jimmy Holleman caught a pass for the two point conversion.

Lee scored again on a three yard effort with Jamie Perez getting the two point conversion.

Rance Sappington caught a 52 yard pass from Thompson to score, as Thompson ran in the ball for the two pointer.

The final touchdown came on a one yard dive by Perez.

Defensive highlights included an interception by Ricky Guzman, fumble recoveries by Thompson, Sappington and Junior Armendariz and quarterback sacks by Roger Adams with three, Jimmy Holleman with two and one each by Terry Timms, Brent Baldree and Chad Overton.

The team travels to Seminole tomorrow with a record of five wins and two losses.

8th Graders Undefeated

The Post 8th grade football team continued its two year winning streak last Thursday with an 18-8 win at Slaton.

"This may be the best we have played defensively," coach Darrell Radle comments.

"Great defense was played by Lance Bland, Bobby Curtis and Daniel Freeman," the coach adds.

"The front four of Tony Patterson, Jose Garcia, Benjamin Vargas and Joey Quinones played well," Radle continues. Quinones was credited with a quarterback sack.

"The offensive line played well throughout the game," the coach says.

"We had three good drives to Slaton's end of the field only to fumble the ball," Radle observes.

Darren Brown had 22 carries for 173 yards and one touchdown, Curtis carried four times for 71 yards and a touchdown, Patterson got 60 yards on six tries with one touchdown and Dustin Massey got 51 yards on nine carries.

"Patterson set up some good plays with his excellent blocking," the coach adds.

The young 'Lopes got 361 yards offense and held Slaton to 182 yards.

The team hosts Seminole tomorrow.

7th Grade

Loses 20 - 16

The Post 7th grade football team lost 20-16 at Slaton last week.

"The defense played good except for giving up two big plays in the second half," coach Chili Black comments.

He praised quarterback Jay Mitchell's passing, wingback Chip Flemmer's receiving, running

back Brandon Bird and Shane Horton, offensive linemen Aaron Davis, Hiram Guiterrez, Marion Valdez and Vernon Quintana.

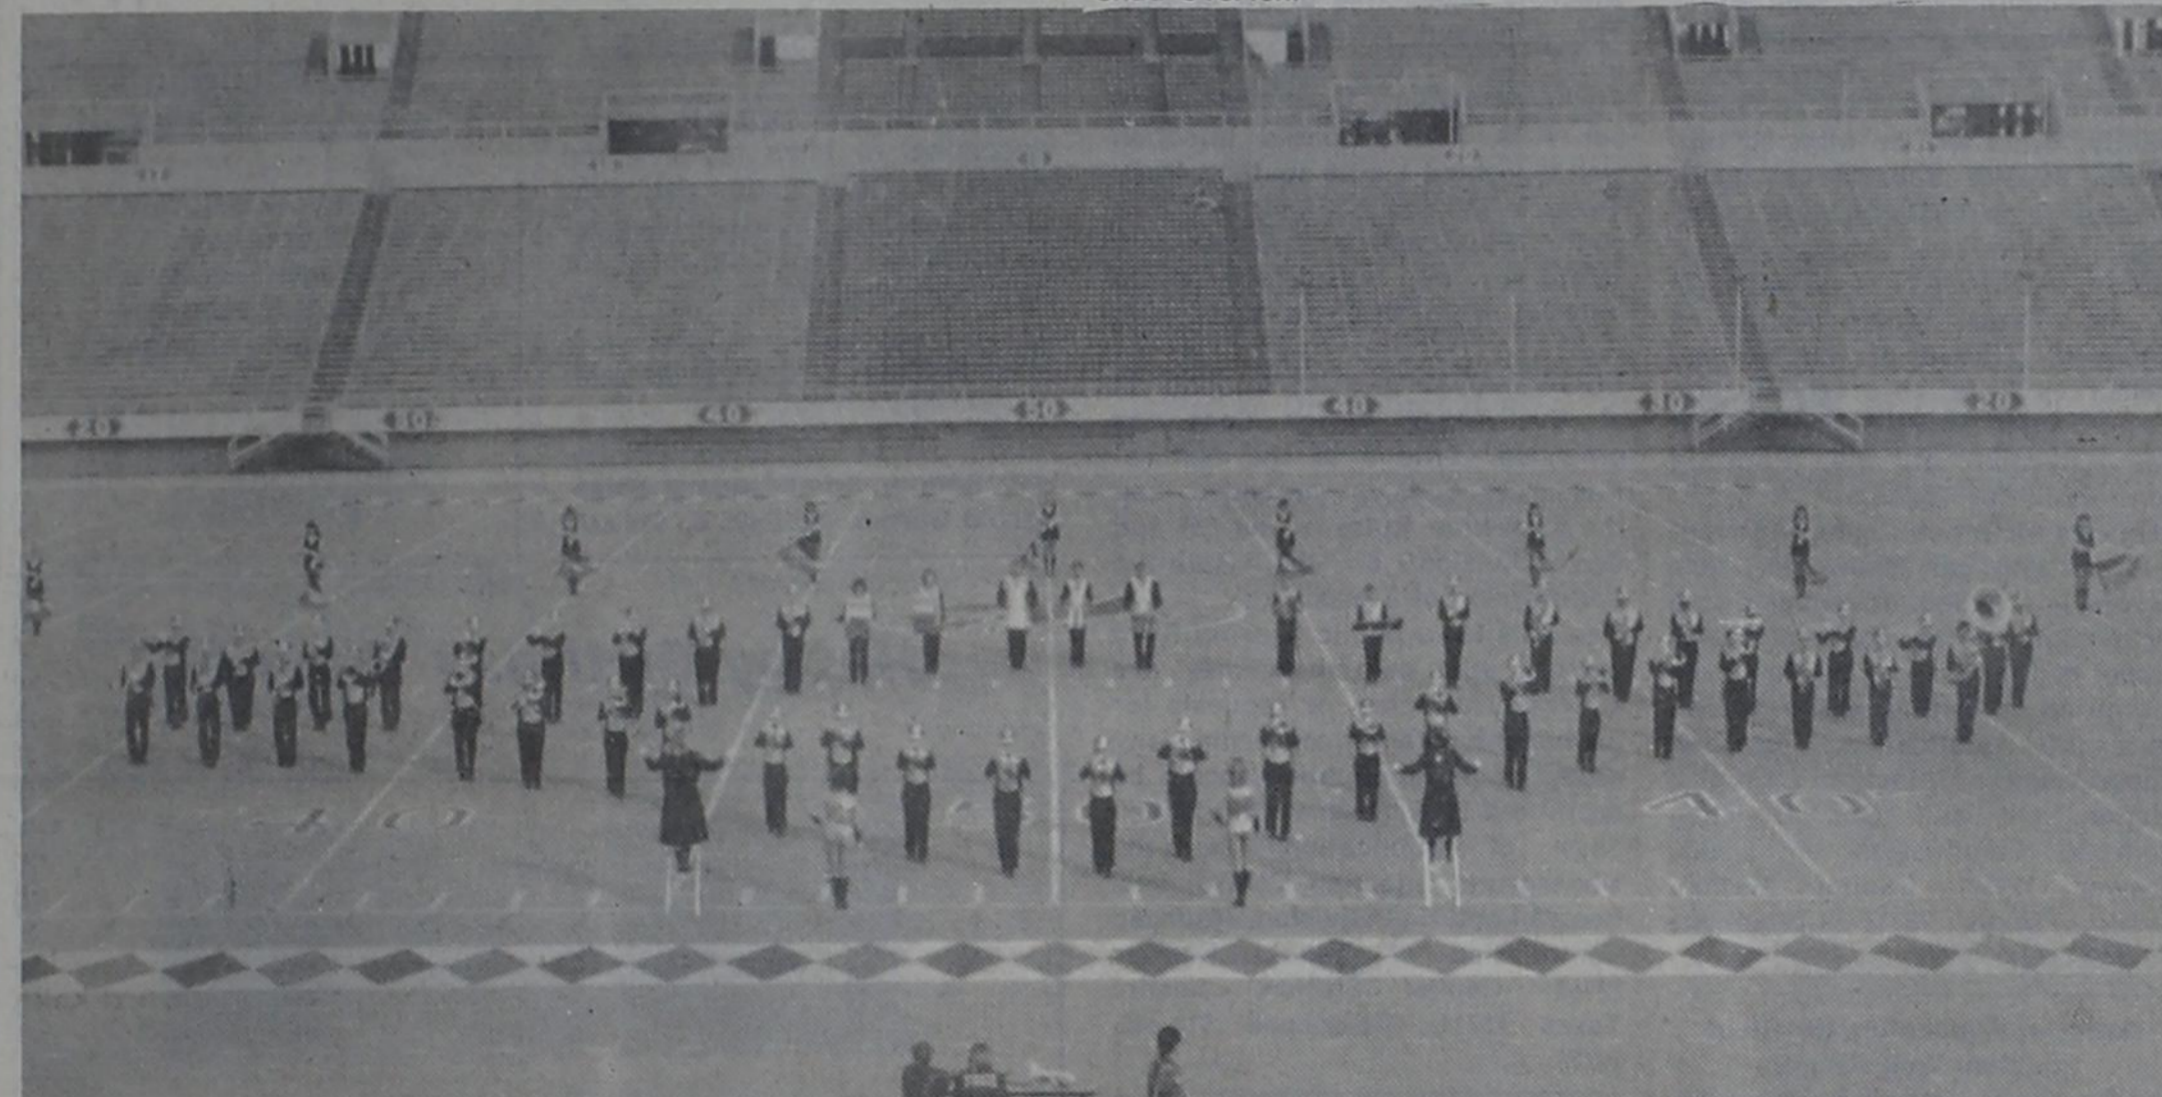

The first touchdown came on an 85 yard kickoff return by Brandon Bird. Horton ran in the two point conversion.

The second Post touchdown followed a 56 yard drive with tailback Horton getting 24 yards and fullback Bird collecting 14 yards. Mitchell hit Flemmer on a 12 yard pass. Horton took the ball into the end zone from six yards out and tailback David Dean got the two point conversion.

The team hosts Seminole tomorrow.

Tony Angerer (76) chases Slaton's quarterback Jason Bednarz, getting credit for a quarterback sack.

POST ANTELOPE MARCHING BAND - Competing at the U.I.L. Marching Contest at Texas Tech University's Jones Stadium last Saturday afternoon, the much improved band performed it's best show of the year. The band, which has been practicing long hours the past few months was disappointed when the judges announced a Division III rating.

A-1 Public Notices

United States Department of Agriculture

Rural Electrification Administration Statement of Nondiscrimination
The Dickens Electric Cooperative, Inc. has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D.C. 20250, or the Rural Electrification Administration, Washington, D.C. 20250, or this organization, or all, a written complaint. Such complaint must be filed not later than 180 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complaints will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations.

Public Notice

Poka-Lambro Rural Telephone Cooperative, Inc., hereby gives notice it has filed with the Public Utility Commission of Texas for authority to detariff mobile telephone (radio telephone) equipment, establish unbundled rates for mobile service, offer mobile service in the Southland Exchange and offer wide area mobile service. The changes are proposed to become effective 35 days after filing, which will be approximately November 5, 1986. These changes will eventually affect all of the approximately 380 mobile customers of the Cooperative.

Within this filing the Cooperative is proposing to detariff mobile equipment. The result of this change will be that the Public Utility Commission will no longer set rates or other regulations for this equipment.

The proposed detariffing will cause a reduction in regulated revenues of approximately \$67,000 per year. Revenues to be generated from the new services are not known. Rates and services to local exchange members will not be affected by this filing. Persons with questions or who desire more information about the requested rate changes are encouraged to contact the Cooperative at (806) 924-7234 or at P.O. Box 1340, Tahoka, Texas 79737. A complete copy of the filing is available at the

offices of the Cooperative. Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223, (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.
