City Sets Water, Sewer Rates

The Post City Council after considerable discussion at its regular meeting Monday night, set new water, sewer and sanitation rates designed to raise enough revenue so that the water and sewer departments would not need to be subsidized by the general revenue fund.

The new rates will take affect December 15.

Residential and commercial customers will see an increase on the first 5,000 gallons to \$4.50 and each additional 1,000 gallons at \$1.25.

Residential and commercial customers outside the

city limits will pay a slightly lower percent of increase at \$6.00 for the first 5,000 gallons and \$1.40 for each additional 1,000 gallons.

Sanitation and sewer rates will increase also.

The council reviewed the annual audit, presented by A. Arthur Davis, who later announced his semi-retirement.

He has been the city auditor since 1959.

O.D. Hearne explained a new maintenance agreement being offered by GTE for its Post customers and said a new fiber optical line will be established for long distance

calling.

Geraldine Butler presented Mayor Pro Tem Mrs Maxine Earl a special plaque recognizing Mrs Earl's help in organizing the Caprock Cultural Association.

"We want to publicly express our appreciation to you," Mrs Butler explained, "because if it weren't for you and your efforts, we might never have gotten such a great arts program going in Post."

The council approved a recommended slate of Main Street Steering Committee members, whose task will be to provide support and counsel to the Main Street manager.

Attending the meeting were Mrs Earl, council members Charles Wallace, Larry Waldrip, Larry Mills and Jack Alexander, city manager Bill Pool, secretary Wanda Wilkerson and city attorney Harvey Morton.

Theater Needs Old Stuff

Old fashioned odds and ends are needed for the Christmas play, "My Three Angels," according to director Will McCrary.

The Garza Theater seeks to borrow items to lend authenticity to the 1910 settings of the play.

Some of the items needed include an oval dining room table, dining room side board, bamboo curtains, side chair with arms, two pair of wire rimmed glasses (round), inkwell dish with bottles and three old leather valises or suitcases.

The box office opens 10 a.m. to 2 p.m. daily except Sunday for the ticket sales of "My Three Angels," with a gala three day opening December 18, 19 and 20 in the old Garza Theater which is being renovated.

Ticket buyers are being offered a \$1 discount by Jim Jackson at the Chaparral Restaurant.

To take advantage of the discount, purchasers need to buy the ticket in advance and show it to Chaparral cashier. Auditions

Auditions for the February show, Agatha Christie's

murder mystery "The Moustrap," will be held December 10 from 5-6 p.m. at the Garza Theater.

Rehearsals begin Monday, January 5.

There are parts for three women and six men.

Lions Club Begins 'Toys for Tots'

The Post Lions Club is again gearing up for their annual Toys for Tots program this Christmas.

They have already started by sending a package of toys and clothing to Hogar Infantic Cristiano, an orphanage home in San Salvador, El Salvador.

Most children in El Salvador are from homes where the mother was raising the children by herself and had to go to work and could not take care of them.

Some have been made orphans because of the conflicts there and others were just abandoned.

It is reported that there are 53 children in the orphanage ages ranging from three years

old to 15 years old.

In this year's Toys for Tots program the people wanting to receive toys must fill out applications.

These applications can be picked up from the SPS office or Southside Barber Shop.

The toys will be delivered on December 23.

Toys can be donated.

For more information on how you can help with this program contact Jack Chambliss, Joe Harris or Leon Clary.

The Lions are grateful for the response they have received so far and look forward to a great campaign this year.

Letter to the Editor

Dear Editor:

Though we left Post in 1948 to advance my husband's banking career, we never lost our love for our "hometown".

We have subscribed continuously all these years, enjoying the news of folks we knew.

Now there are many we do not know but I get elated over good things and progress there so I need the paper.

Besides, I worked for Ed Warren.

Best Wishes for success.

Commissioners Help Fund SPEMS

by Rodney Marshall
The County Commissioners met in regular session last Monday, December 8, and allocated \$2,574, their annual allocation, to SPEMS, South Plains Emergency Medical Services.

This service helps emer-

gency personal to contact area facilities when needed.

County Treasurer Voda Beth Gradine discussed the need of a co-signer for the bond which Justices of the Peace must have.

The court designated Gradine to co-sign the bonds

and agreed that she was the logical person to co-sign other bonds that are needed.

Gradine also asked if she could go with the commissioner that discussed the annual contract depository agreement with the bank.

The commissioners

agreed that it would be a good idea for her to help.

Judge Giles Dalby sustained from the bank discussion.

Vyas Motors, Inc., of Post, received the bid for the vehicle the county wanted to purchase.

During Our

Open House

December

16, 17 and 18th

The home of Mr and Mrs Jerry Riedel was chosen last week as Best Decorated Home in the Post Merchants' Association sponsored contest.

Yard Full of History

by Rodney Marshall

The spirit of Christmas can be seen at 801 W 6th in the way of Santa and his reindeer, the Nativity Scene, a church with a crowd of people singing Christmas carols and a family of snowmen, all in one yard.

The scene belongs to Mr and Mrs Ray Wagner of Snyder and is set up in the yard of Mr and Mrs Jerry Riedel of Post.

The Wagners are going to be gone to Wisconsin for the holidays and are leaving it with their daughter to display for the people in Post and Garza County.

The scenery started about 10 years ago when the Wagners decided to build a Nativity Scene to put in their yard for the Christmas season.

The next year they added angels to the scene and the list grew on and on.

The decorations have built quite a reputation for the Wagner's through the years.

"We always have had a line of cars come by our house every year just to see the set up," says Mr Wagner.

Many people get out of their car to see the set up, especially that of the church which has several pews filled with people and music being heard from it.

"One night we forgot to turn on the lights and we sure heard about it," recalls Mr Wagner in explaining why he bought a timer for the lighting system.

But since they are leaving for the holidays they wanted to leave the scenery in good hands.

"We hope the people of Post appreciate it," stated Mr Wagner.

In listening to the Wagners tell of their work and love for this project I cannot help but feel that many people will enjoy this decoration this Christmas season.

The Wagners are not finished, wanting to build Santa's workshop for next year.

You will be able to see this scenery through New Years.

This may be the last time for a while since it will probably be back in Snyder next year.

The children will enjoy it and the young in heart will be thrilled also.

So take time this Christmas season to take a

look and marvel at the hard work and love that is being displayed at 801 W 6th in Post, Texas.

Manna for Main Street

by Jan H. Crawford
"Yes, Virginia, there is a Santa Claus."

The famous editorial written by Francis P. Church first appeared in The New York Sun in 1897 at the request of eight year old Virginia O'Hanlon.

She had been told by some of her friends that there was no Santa Claus.

SANTA EXISTS!
If not, the world would not be as dreary as if there were no Virginias!

Santa has already visited Post.

Our big present this year is MAIN STREET.

To keep you posted (no pun intended) I will bring you up to date on this project.

The program is moving ahead rapidly and I like that!

To date, a committee, Mayor Giles McCrary, city manager Bill Pool, Vice-President Post Merchants

Association, Jan Crawford and local merchant, Curtis Hudman have been interviewing applicants for Project Manager.

This position will be the key figure to the SUCCESS OF MAIN STREET and all applicants are carefully screened.

The decision of selection will be extremely difficult as all applicants are highly qualified and enthusiastic about working for the city of Post.

Post is ripe for new industry.

When Burlington closed it left behind RESOURCES in terms of Labor and Management that could be used by start-up companies.

These talents COULD and SHOULD be used.

In a forest one will not find a lot of new trees growing beneath the tallest one.

It is in the areas where the big trees have fallen and where there is the most sunlight that the new growth occurs.

Check Safety To Make The Holidays Bright

- Before hanging strings of lights, spread them on the floor and check for frayed or bare wires, cracked insulation, loose connections, and damaged plugs or light sockets.
- Check extension cords for wear or damage and don't run them across walking areas.
- Test lights before putting them on the tree. Unplug them before making repairs or replacing bulbs.
- Overloading circuits with too many lights can cause fire. Follow manufacturer's instructions about the number of lights allowed on one circuit.
- Choose a fresh, green tree, trim its base and keep it in plenty of water. If the needles are brown and break off easily, it could be a fire risk.
- If you buy an artificial tree, make sure it has been tested for flammability by Underwriters Laboratories (UL).
- Place your tree away from the fireplace or other heat sources and out of the traffic pattern.
- Never string lights on a metallic tree. Light strings with damaged insulation can electrically charge a metallic tree. Instead, shine unattached colored floodlights or spotlights on the tree.
- Always turn off lights before leaving home or going to bed. You'll save money and be safer, too.
- Never use lighted candles on a tree or near evergreens. And don't burn evergreens in the fireplace.
- Do not use inside lights on the outside. All outside lighting equipment, including lights, cords and plugs, should be waterproof and made for outdoor use. Also, hang sockets downward and don't leave a socket empty.
- When hanging lights on the rooftop or in tall trees outdoors, stay clear of electrical lines. Make sure you or your decorations don't come in contact with them.
- Should you receive a CB radio or television this Christmas, let a qualified serviceman install the CB base unit or television antenna for you. This delicate job is best left to the professionals.
- Be sure electrical toys are tested for safety. Look for the UL mark.

Wishing You A Safe, Happy Holiday
