No set-aside or diversion program for cotton in 1979

Joe Barnes, executive director of Garza County's ASC office here announce this week that upland cotton producers will not have to set aside or divert acreage to be eligible for target price, or deficiency payments on their 1979 crop.

Barnes said the final target price for the 1979 upland cotton crop will be announced later, when final yield and cost estimates become available. However, he said, based on the Dec. 1 yield estimate and preliminary estimates of production costs, the target price would be 57.7 cents a pound, up from 52 cents for the 1978 crop.

Earlier it was announced that the seed cotton loan program and loan rate would be 50.23 cents per pound, basis Strict Low Middling one and one-sixteenth inch cotton (micronaire 3.5 through 4.9) at average U.S. location; that the 1979 national program acreage would be 10,634,181 acres; and that there would be a voluntary 15 percent reduction from 1978 plantings.

Barnes said the decision not to have a cotton set-aside or diversion program was based on the following factors:

The big increase in cotton stocks that resulted from the large 1977 crop is being reduced this year as a result of smaller production and larger exports. Stocks on Aug. 1 — the beginning of the 1978-79 marketing year — totaled 5.3 million bales, up from 2.9 million a year earlier. Stocks at the beginning of the 1979-80 marketing year are now estimated at four million bales, but taking into account the uncertainties over the final 1978-crop estimated and domestic use and exports for the balance of this marketing year, stocks on Aug. 1, 1979, could be as low as 3.4 million or as high as 4.6 million bales. A stock level of about 4.5 million bales is generally considered desirable.

U.S. mill use has improved in recent months, and for the marketing year, could range from six million to 6.5 million bales.

Export demand for U.S. cotton continues strong as the projected foreign production to consumption deficit has increased substantially this year. Exports for the year could range from 5.1 million to 6.5 million bales. A recent reduction in the production estimate for the USSR, coupled with the current ban on exports of new crop cotton by Pakistan, could result in U.S. exports somewhat higher than the 5.8 million bales now forecast.

Export demand is expected to continue strong during the 1979-80 season as foreign cotton stocks are expected to be at relatively low levels next August, 1.

A set-aside or diversion program, coupled with another bad weather year, could result in very tight supplies and a further reduction in cotton stocks next year. The resulting higher prices would, in the less competitive with synthetic fibers and foreign grown cotton. The higher prices would also increase consumer costs and contribute to further inflation.

The target price provides income protection to cotton farmers. If the national average price received by farmers for upland cotton during calendar year 1979 falls below the target price, cotton producers will receive a deficiency payment at a rate equal to the difference between the higher of such average market price or the loan level of 50.23 cents. Producers who voluntarily reduce their 1979 upland cotton acreage from that planted and considered planted in 1978 by at least 15 percent will receive any deficiency payments on their total planted acreage. Producers who do not reduce 1979 plantings will receive any deficiency payments subject to any allocation factor times the planted acreage. The allocation factor will be determined later by dividing the final national program acreage by the estimated national harvest acreage of the 1979 crop. The factor cannot exceed 100 percent. The target price is also used as a base to determine disaster payments. The disaster payment rate for 1979 is one-third of the target price. Disaster payments are paid if the producer is prevented from planting upland cotton or other nonconserving crops or if yields are substantially reduced.

For prevented plantings, payment is made on 75 percent of the established farm program payment yield on the smaller of the intended plantings or the 1978 planted acreage including any approved prevented plantings in 1978.

For low yields, payment is made on any production loss below 75 percent of the farm program payment yield multiplied by the acreage of upland cotton planted for harvest on the farm.

If wheat, corn, grain sorghum or barley is planted on the farm in 1979, participating producers must comply with the set-aside requirements for these commodities and, in addition, must limit the total acreage planted in 1979 to all crops included in the normal crop acreage (NCA) to the established NCA for the farm minus the acres set aside or diverted. The NCA includes upland

cotton, corn, grain sorghum, barley, wheat, oats, rye, soybeans, rice, flax, dry edible beans sunflower, sugarbeets and sugar cane, plus such other crops recommended by state Agricultural Stabilization

and Conservation (ASC) committees and approved by the U.S. Department of Agriculture.

The farm's NCA reflects the total acres of the NCA crops planted for harvest on the farm in 1977, adjusted

for abnormal plantings. Failure to comply with these provisions will make producers on the farm ineligible for loans, deficiency (target price) payments and disaster payments on all crops (except sugarbeets and sugarcane) included in the NCA.

BOY IS MY FACE RED!! If any of you bought Sharla Macy a birthday present, save it for a month, cause her birthday is not until February. That just goes to show you can't believe everything you HEAR or READ.

I don't know about you, but I was highly upset when Dallas got beat Sunday. I hear some of you came out rich because of it, though. Rex, Lisa is still waiting for you to pay off.

I'm almost afraid to say this, but Happy Birthday goes to Leanna Davis, Terri Guthrie and Lea Ann Babb and here's your second notice that Daniel Yarbro is 18 this week.

Well, the Sweetheart Contest is in high gear with almost all contestants elected and an MC secured for the affair. DJ Scott Knight with KSEL will host the event this year. So not only will you have PHS's prettiest, but a celebrity on hand to introduce them. Make plans now to attend and Mark Feb. 17 on your calendar.

Barry Morris and Amy Babb attended the Globe Trotters appearance in Lubbock Saturday night. They were a little disappointed since Curly and Geese weren't there with them and Meadow Lark has retired.

For those of you who are interested, Disco Dance Lessons are going to be made available at the Youth Center in the near future with the time, date and cost yet to be determined. But first, we must find out if enough are interested. Let me hear from you on this matter, so details can be worked out.

CONSIDER Kirsch Woven Woods

IN YOUR REDECORATING

Warm woods and rich yarns combine in window treatments as practical as they are beautiful, as versatile as they are durable.

Interweave wood with yarns of bright or subtle shades, and you have patterns of texture as well as color. Trim as you will, and the soft textures and irregularities of wood still come through. Whether you use Kirsch woven woods for shades, draperies, cafe curtains, or folding doors, you will find them natural insulators, easy to maintain, long-lived . . . and beautiful.

Members of the city council meeting Monday

Postings-

(Continued From Page One) the worst part of it. "You don't want an ad this week do you?" we'd use as a grumpy opener to a conversation that then led into an even grumpier replay of the game.

Yep, Super Bowl Monday was really bad.

But by Tuesday, like most Cowboy fans our attitude had changed. "Wait till Waters catches Swann next season," we'd grin. Time does heal a lot of pain.

Let's see, who does Dallas open with in August? And when do they hold the 1979 tryouts for those Dallas cheerleaders?

Mrs. Ruth Young, who has been a member of the board of trustees of the Post Public Library since its inception, this week begins a new Dispatch column, The Library Corner, which you'll find on page 3. Ruth volunteered last week to try her hand at a library column the Dispatch has sorely needed for the past year. We sincerely hope it spurs new local interest in all those good books Pee Wee Pierce has at the library. You'll find the column on page 3.

If Congressman Charles W. Stenholm wants to see his name in headlines in newspapers in his congressional district, he is either going to have to come up with a well understood nickname or his headline news is going to have to be big stuff. Stenholm is too long a name to get into a one column headline with room for anything else.

City rescinds-

If no action is taken by Feb. 15, the 26 percent rate hike requested would automatically take effect. Price said he was going to Amarillo Tuesday for a meeting at which time the necessary rate increase ordinances will be drawn and distributed so they can be given to the cities who accept the compromise.

The city council and commissioners court also went on record as publicly expressing their appreciation to the many Garza citizens who joined in Saturday night's and Sunday morning's fruitless search.

Twin Cedars Nursing Home News

By FLETA WALLS
Sunday services were scheduled to be by the Primitive Baptist Church but were deferred due to the pastors' absence. Next weeks services are to be by the Catholic Church with Father Malcolm Neyland.

Esker Stone came and played a new instrument for us called the Melodian. We enjoyed this. Esker also plays the accordion for us at times.

Visitors at Twin Cedars this week were Lottie Sanders, Walter and Myrl Mathis, Virginia Terry, Inez McGrew, Lucille Walker, Fern Strange, Roberta Heron, Alma Daniels, Ruby Kirkpatrick, Arnold and Ruby Sanderson, Mr. and Mrs. J.W. Edwards, and Fred and Bea Porterfield. We have a new adminis-

trator at Twin Cedars and his name is Marlan Young. We are glad to have him with us. Birdie Hood is in Garza Memorial Hospital. We hope her condition has improved by the time of this writing. Our hearts and prayers are with the Charlie Morrow family and Nadine Morrow at the loss of their beloved Aunt Bea Florence. Mrs. Florence was our eldest resident at Twin Cedars and was a joy to all of us and we shall miss her dearly. Until next week...

Rites held in Overton

Graveside services were held Tuesday, Jan. 23 in Overton, Tex., for Beatrice Florence, 97, a resident of Twin Cedars Nursing Home in Post. She was born October 7, 1881 in Overton, Tex., and died Jan. 21 in Twin Cedars Nursing Home where she had resided the past two years. She was a member of the Baptist Church.

Survivors include three nieces and one nephew, Mrs. Nadyne Morrow of Post, Mrs. Isabell Becker of Omaha, Neb., and Mrs. Ann Burden of Deport, Tex., and Charles Young of San Antonio. Services were conducted by Hudman Funeral Home.

JV girls drop pair of games

Coach Chili Black's Post JV girls suffered two district losses to Frenship and Slaton during the past week to bring their season's record to 7-4 but with only one of those victories over a district foe. The girls bowed to Frenship, 39 to 35, here Friday night and to Slaton JVs at Slaton Tuesday night, 30 to 30.

Frenship trailed 10 to 12 at the end of the first but were in front 20-17 at the half, and 29-27 at the end of three. Amy Thuett got 10 to lead Post's scoring, followed by Melissa Tatum with eight, Julie Davis with seven, Holly Giddens with six, and Tricia Craig and Sharla Macy with a pair apiece.

At Slaton Tuesday night, the two teams were tied 6 all at the end of the first period, Post then trailed 15-13 at intermission and 25-19 going into the fourth. Tatum led Post scorers in this one with four baskets for eight, followed by Craig and Thuett with six each, Giddens with five, Davis with four and Macy with one.

County Attorney Preston Poole reported Tuesday morning that the hoaxer or hoaxers were in violation of 37.08 of the state penal code in making a false report "of a crime or incident" to a law enforcement officer. Upon conviction, anyone so charged could be sentenced to up to 180 days in jail and fined \$1,000.

Most officials at the Monday night discussion decried such a hoax as highly dangerous. That's why they want to crack down quickly and make an example of the guilty parties. One hoax could lead to another, it was pointed out, with the result that the day could come when no one would respond to a similar plea for help from an actual plane crash victim.

One similar hoax, involving a car crash, was used not long ago to get all law enforcement personnel out into the country so a burglary could be pulled off in one West Texas town.

The city council and commissioners court also went on record as publicly expressing their appreciation to the many Garza citizens who joined in Saturday night's and Sunday morning's fruitless search.
