Pride No. 1 ingredient

Spring is a season for new plans and fresh hopes of making our surroundings a whole lot nicer.

So it is significant that the Chamber's beautification committee is launching a three-prong campaign here to remove downtown "eye sores" from the distasteful class, to carry through on last year's successful "yard of the week" campaign, and to initiate an overall community clean-up, paint-up, fix-up campaign.

Folks in every town need to take a look at themselves and try to improve their community surroundings.

General cooperation from the public and some business property owners will be required, but The Dispatch is firm in the belief that if a determined effort is made that such cooperation will be forthcoming, one way or the other.

It might be pointed out that downtown improvements are almost continually being made. If the "eye sores" which have been with us so long can be taken out of the

spotlight the whole business area would look a whole lot better.

The automatic containerized trash disposal system which the city now has operating relatively smoothly helps keep the residential areas a whole lot cleaner.

Good looking residential yards are a matter of pride and the "yard of the week" program helps build such pride.

Over the last several years a yearning has been growing among our merchants to beautify the downtown area. As yet there have been no projected plans or cost estimates, but the momentum is slowly building.

The Chamber's beautification committee in its planning session came up with a number of rather practical ideas on beautifying downtown Post. All of which goes to show that its uppermost in a lot of local minds.

The pride is here if we but take the time to nurture it.

Welcome to Post

The Dispatch welcomes Veterinarian Larry Mills to Post on behalf of our entire community.

For years now, a sick animal in this area meant a rush out of town, and when pets were involved they often came at the most inconvenient times.

With Garza having a large and profitable

— at present — livestock industry, this area has been in need of a vet for quite a number of years.

We feel sure that Larry's new practice will grow steadily and within a relatively short period of time he can develop all the facilities a large and small animal practice can require.

All guilty, unless--

There is one essential point which was overlooked in last week's Postings column concerning the state's open meetings law and this newspaper's objection to the recent closing of a city council session at the start of an argument with the sheriff.

That is that all council members are equally guilty of a violation of the open meetings law if they participate in such a closed meeting "without" — and here we are quoting the law — "causing or attempting to cause his dissent to be entered in the record or minutes of the governing body, and shall be guilty of a misdemeanor and shall be fined not less than \$25 nor more than \$200 for the first offense, and shall be fined not less than \$100 nor more than \$500 on each subsequent offense."

In other words, all members of the council must decide whether or not to participate in illegal meetings and whether to ask their dissent to any such action by the chairman be so recorded in the minutes of the governing body.

The Dispatch wants to clear the air in this community on the open meetings law.

Certainly, if local bodies have any real questions on the law they can ask the advice of their attorneys.

School trustees here within the last year have gotten into the habit of shutting their

meeting door to the public about every time they discussed anything with their attorney.

We find nothing in the open meetings law which closes such discussions to public scrutiny.

There are only three reasons permitting a local board to legally close their meetings, as we read the open meetings law.

They are (1) deliberations to consider the appointment, employment or dismissal of a public officer or employee or to hear complaints or charges brought against such officer or employee, unless such officer or employee requests a public hearing;

(2) Deliberations pertaining to the acquisition of additional real property;

(3) Deliberations on matters affecting security.

The open meetings law also provides: "Any interested person may commence an action either by mandamus or injunction for the purpose of stopping or preventing violations or threatened violations of this act by members of a governing body."

We are also presuming any citizen could file a criminal complaint for an illegal meeting, but this point is not covered in the open meetings law.

If The Dispatch gets stirred up enough in the future to consider such action, we will first seek the advice of an attorney before trying "to enter the judicial process."

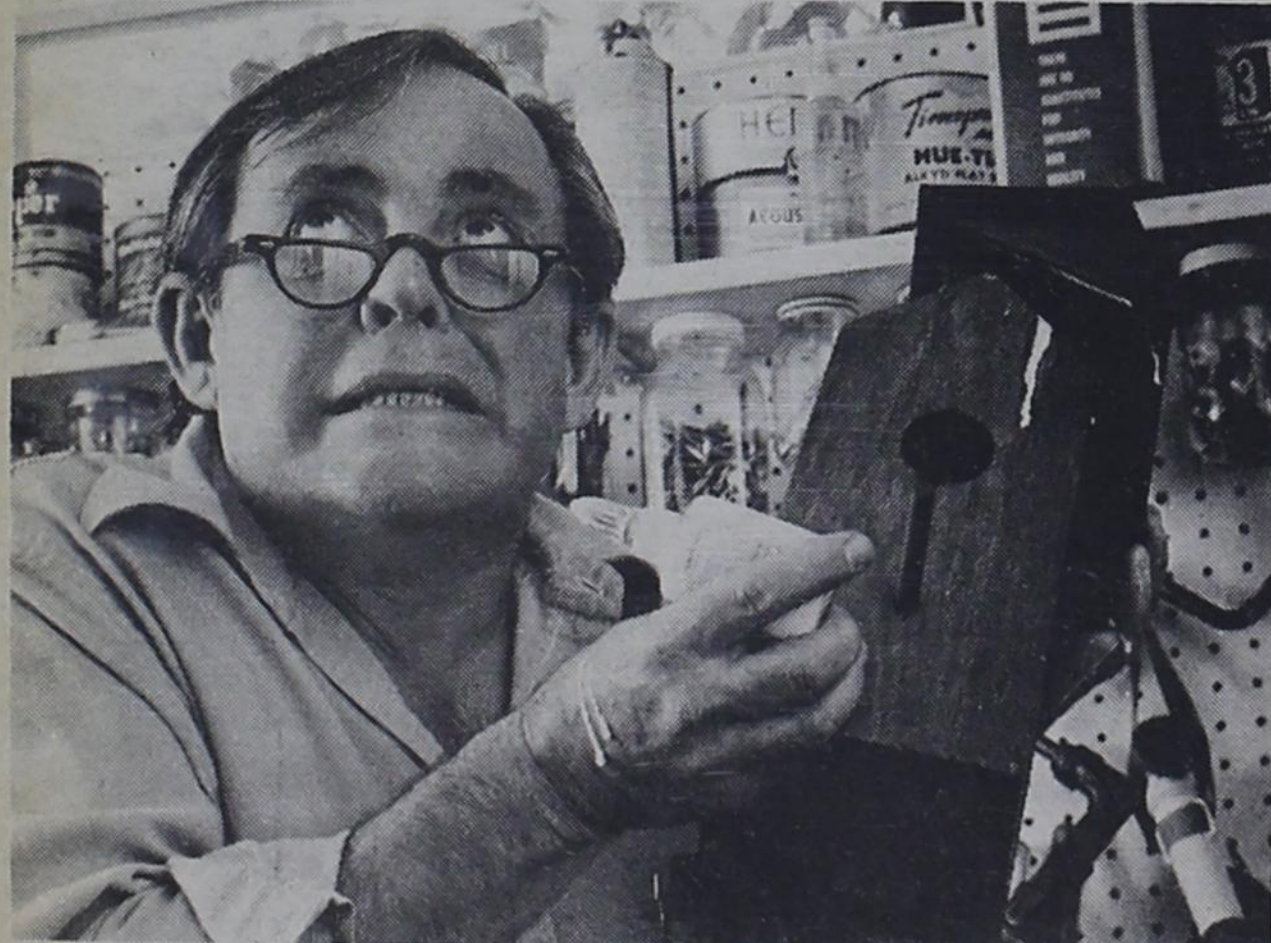

Coming on strong

The Criminal Justice Center of Sam Houston State University recently completed a survey which shows that 80 percent of the "spouse abuse" cases in Texas go unreported — primarily due to fear of reprisal.

While more women were abused by husbands than husbands by wives by a 5 to 6

to 1 ratio, it seems significant to us that the survey indicates 37,000 men have been abused by their wives within the last 18 months here in Texas with 17,000 of these cases rated as "serious physical abuse."

All of this leads us to the conclusion that the women's liberation movement is coming on a lot stronger than we thought it was.

His phone is ringing. Unfortunately it's ringing in the living room.

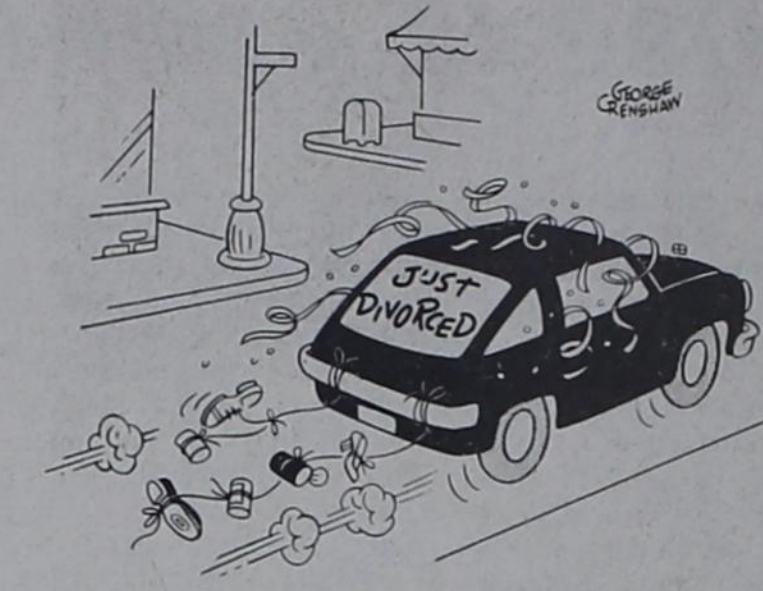

If he had an extension in his workroom, he wouldn't have to work so hard to get to it.

General Telephone offers extensions in a wide range of styles and colors. And each and every phone is backed by all our years of experience.

GTB EXTENSION PHONES

Extension phones are a convenience you deserve and they're not expensive. Just a few dollars per month and think of all the legwork they'll save you.

You can't be in two places at once. But your phone can.

Remember When

10 YEARS AGO

More than 150 band and choir members, directors and chaperons leave for band trip to Enid, Okla.; T5 Joe Sanchez, winner of three Purple Hearts, suffers foot injury in Viet Nam; Post Lions' Club sells \$800 worth of brooms at Annual Caravan Sale; John Beggs inherits fortune in Ireland; Garza Hospital district to be officially created; Mr. and Mrs. Ronnie Graves announce the birth of a son born in West Texas Hospital in Lubbock; Theta Eta chapter of Delta Kappa Gamma presents educational toys to Post Day Care center; Graham community to be judged in community improvement contest for Texas communities; Weldon and Fernie Reed play for rodeo dance at Paducah rodeo; Nancy Norman elected president of Post FHA; Kippy Payne of Post captures regional tennis title, next stop state.

15 YEARS AGO

Elisabeth Tubbs wins outstanding science fair exhibit award; Nine community workshops to be held in Post; James Mitchell and Ansil O'Neal attend district Rotary meetings in Sweetwater; Mrs. Ted Aten installed as new president of Garza Hospital Auxiliary; Shirley Bostick, bride-elect of John Bland, honored with bridal shower; John Bland and Charlotte York win first place in Lions Club talent show; Dozen Post men and women picked to test new 1964 Fords; James Pollard is director of Lubbock Science Fair held in Texas Tech Science Department; Jimmy Hundley is first flight champion at Lamesa golf tourney; Argan Robinson, PHS senior, wins first in persuasive speaking at UIL competition; Camp Post holds first Order of the Arrow conclave in 11 years.

25 YEARS AGO

Post narrowly escapes tornado which hits U Lazy S

Sign okayed for new well

The Garza County Commissioners Court April 9 approved the Post Chamber of Commerce's request to erect a sign on the fence surrounding the new courthouse oil well.

Danny Shaw and Mrs. Phyllis Morris appeared before the court to ask permission for the sign which will salute the county's farflung oil industry.

The court heard a report from J.R. Johnson on the financial situation of the city-county park board which faces a problem in financing necessary work at the park's swimming pool prior to opening for the 1979 swimming season.

Permian Electronics was rented space on the county's radio tower.

In other agenda items, the court took no action on a request from County Clerk Carl Cederholm for part-time help in his office; and approved the bonds on Zora Robinson, justice of the peace for precinct 1, and Mrs. Jean Westfall, tax assessor-collector for Southland.

Sunrise service on Miller ranch

An Easter Sunrise Service was held on the Riley Miller Ranch Easter Sunday morning with approximately 100 in attendance.

The 6:15 a.m. service was officiated by Harold Britton with Jim Jackson leading the singing.

A special duet was sung by Fred and Lucille Myers.

Library Corner

by RUTH B. YOUNG

Had a nice visit with Pauline Warren over the phone. Both Mr. and Mrs. Warren are avid readers. Our conversation got around to home improvement and "do it yourself" jobs around the house. Pauline mentioned how much can be learned by reading. One can be well traveled as well as get many ideas for "do-it-yourself" improvements with very little expense.

There are three "do-it-yourself" books put on the library shelves this past week. They are, "Custom Make your Shoes and Handbags" by Mary Wales Loomis; "Easy Going Sewing" — skirts, dresses, beach wear, etc. all given in easy simple patterns and tips for quick sewing; and Dr. Mandell's Five-Day Allergy Relief" this should be a popular book with so many people suffering from sinus and other respiratory disorders.

Other books are "Plain Prayers for a Complicated World" by Avery Brooks. There is much to be learned about prayer. "How to be a Compleat Clown" by Toby Sanders (Compleat is the way the author spelled it). "The Big Red Train" by

Eric Newby; "Neferititi" one of the ancient world's most beautiful women. "Black Powder Hunting" by Sam Fadala, a guide to selecting, mainting and hunting with traditional front-loading weapons. "Against All Odds" by Tom Helms, who had a very devastating accident and was able to triumph over it. "All About Gorillas" by David Willoughby, the history of the gorilla from its first mention in 500 B.C., also gives their status today, whether in the wild or in the zoo. "Two Worlds of Andrew Wyeth" by Thomas Hoving. Mr. Wyeth tells of his many paintings and how he came to paint them.

"The Painters Problem Book" by Joseph Dawley, in this book are 20 problems and how to solve them.

On May 8th from 4 to 6 p.m. in the library, Mrs. Lillian Potts will give a demonstration on her spinning wheel and how to use it. If you are interested put a circle around that date on your kitchen calendar.

4-H tour is explained

A former Swisher County 4-H member, Trent Fink, gave the program on "People-to-People Tour" to the monthly meeting of the Junior Leaders meeting recently.

The tour traveled to England, Russia, Switzerland, Belgium, France and Holland with 4-H members, 17-20 years old eligible to make the tour.

It was not just a sight-seeing tour, but had more emphasis put on good relations with people in other countries.

Held annually, the tour is sponsored by the state 4-H office at Texas A&M University.

The program was presented to make local 4-H members aware of the opportunities that 4-H makes available to them.

Fink is now a freshman at Texas Tech and he highly recommended the tour to the local 4-Hers.

Next meeting of the Junior Leaders will be held May 9 with a picnic and hayride.

TEEN SCENE By Norm

In the believe it or not column: There will be a dance at the Youth Center Saturday night, April 21 from 9 to 12. A newcomer, "DJ Discotheque," of Lubbock will play for the dance and he said he had a good sound and a great light show. \$2 per person and \$3.50 a couple will be charged. See you there.

NOTICE: For all interested senior mothers. There will be a meeting to plan for the senior breakfast and senior trip both in May. The meeting will be held in Miss Morris' room in Post High at 5 p. m. Thursday, April 26. Please attend if possible.

Post City has been somewhat quieter this week due to Spring Break and kids out of town.

Mark, Brad and Curt Greer visited in Dublin, (Tex.) not Ireland with their grandparents, Mr. and Mrs. George Greer.

Barry and Chuck Morris, Cindy and Jana Terry, Ken and Jay Young, Amy Thuet and their families went fishing and skiing at Lake Buchanan.

Dana and Amy Babb, Leanna Davis and Tina Rogers, Kathy Davis and Lisa Kocurek spent their time at Possum Kingdom.

David Poole and sis, Cynthia and family went to Lake Proctor.

Deb Palmer went to Monroe, Louisiana.

Bill and Chuck Black visited in Colorado City with their grandparents.

Chris Belongia visited in Oklahoma with cousins.

Bryan Compton and Eddie Bass visited in Alamogordo, N. M. with Eddie's parents.

Patti and Roxanne McClellan went to Lake LBJ with their grandparents, Mr. and Mrs. Ray McClellan.

Now in next weeks' column, I should have a lot of fish stories to tell you.

I hate to say I told you so, but I did. I knew we were going to have several regional qualifiers. What a great finish for the team in track season and NOW ON TO STATE!!! Good going to the whole team and to Cliff, Bryan, Alonzo, Johnny and

Jackie for their regional berths and to Dale for his third place finish in the pole vault.

The girls regional will be held in Lubbock Friday and the boys will go next Friday and Saturday. See you there.

This is your final notice for the All-Sports Banquet. You do realize it's Monday night at 7 p. m. in the community center. Now get your tongue untied and ask her. All she can say is NO, but I bet she won't.

Jay's car is an 88 too!!!!

The Mother Appreciation Salad Supper last Thursday night was delightful and the salads were delicious. The supper was held at the Homemaking Department in high school in conjunction with FHA week. It was attended well and so well that there were too many to name them all. Thanks for the delightful evening.

Chow

Sales tax up 12 pct. here

City sales taxes here are up 12 percent for 1979 to date over the same period last year.

Post received a check from State Comptroller Bob Bullock for \$8,223.88 covering March recently up from \$3,269.17 for March of 1978.

Payments to date for 1979 total \$32,650.80 compared to \$29,112.52 for the first 1978 quarter.

LETTERS to the Editor

COMMUNITY PRAISED

Dear Editor:
A few weeks ago, we had the pleasure to attend an Open House for the Post Satellite Class. We were most impressed with the newly renovated building and facilities your school has provided to its retarded citizens. It was apparent that without the perseverance of the staff, Anita Tidwell and Thelma Adams, as well as, the cooperative attitude of the Public School Board, County Commissioner's Court, city council and the Satellite Class

IN LEAD ROLE — Tracy McAlister will play the lead as Eddie Kettle in the Lon Morris College production "Very Good Eddie". He is shown above with Lisa Felder who plays the part of Elsie in the musical comedy about two mismatched honeymooning couples. The production will be presented April 26-29 on the LMC campus in Jacksonville.

Gift of Life head named

Pat Heidelberg has been appointed Garza chairman of the 1979 Gift of Life Campaign, beginning April 29, for the Kidney Foundation of the Texas Panhandle.

The First National Bank secretary will head the appeal to raise funds to support the agency's work in the prevention, treatment and cure of kidney disease.

Mrs. Heidelberg announced that volunteers will be recruited to assist the Kidney Foundation by distributing educational material, organ donor cards information and receive contributions from business and industry, civic, professional, community organizations and individuals throughout their neighborhood.

Pilot injured in light plane crash

A Lubbock pilot, James Strange Jr., 29, was the second man in the last month to crash his airplane near White River Lake.

En route to Lubbock from Fort Worth last Wednesday, it appeared the aircraft had run out of gas and was trying to make a forced landing on a county dirt road when it buried its nose in a field about 20 miles southwest of Spur just inside Kent County.

Strange was already undergoing treatment at Garza Memorial Hospital by the time officials discovered the plane.

The pilot had been picked up earlier by a couple who were checking oil pumps on nearby leases and drove the injured man to the W.W. McArthur ranch near Kalgary, where Department of Public Safety officers and an ambulance from Spur were called.

Mrs. McArthur said Strange was conscious when he was brought to her residence, but that he appeared to be suffering from shock. He was unable to tell them why or when his craft went down.

Wednesday's 40-mph wind gusts, apparently blew the craft off course and the plane landed about 75 feet off the dirt road.

DPS trooper, Gary Briley,

HOUSTON VISIT

Mrs. Bessie Bowen returned to her home Tuesday morning following a visit in Houston with her grandson and family, Mr. and Mrs. Gary Ward and new baby son, Douglas Gregory, weighing 6 lbs., 10 ozs. The new born is the first great-grandson for Mrs. Bowen. Bonnie Ward of Shreveport, La., was also there visiting with her first grandson and is the daughter of Mrs. Bowen.

Citation's a whole new kind of Chevy. Outside, the trim aerodynamic design measures less than 15 feet from bumper to bumper. Yet inside, five adults can sit in comfort. Want cargo room? The rear seat folds easily in hatchback models to provide 41.1 cubic feet of storage area for wagon-like versatility. On the road, you'll

appreciate the traction of front wheel drive. Plus rack-and-pinion steering, a transverse-mounted engine, front disc brakes . . . and much more.

Chevrolet cars are equipped with GM-built engines produced by various divisions. See Citation for yourself.

COME IN FOR A TEST DRIVE

EPA ESTIMATED MPG **24** CITY ESTIMATE
38 HIGHWAY ESTIMATE

With standard 4-cylinder engine and manual transmission

Remember: Compare the estimated MPG to the "estimated MPG" of other cars. You may get different mileage depending on your

speed, trip length, and weather. Your actual mileage will be lower in heavy city traffic, and your actual highway mileage will probably be less than the estimated highway fuel economy. The "estimated MPG" is more likely to reflect actual overall mileage than the "combined estimate". Chevrolet cars are equipped with GM-built engines produced by various divisions.

Tour of four Garza homes on April 26

Four Garza County homes will be toured on Thursday, April 26 with registration set for 1:30 p.m. for \$1 admission fee.

Homes to be toured are those of Lewis Mason, Walter Borens, Jerry Hays and Robert Palmers. Each

home features different life styles.

The Lewis Mason home is a newly built home that has some solar energy features. Walter Boren's home is a historical home furnished with antiques; Jerry Hays has been remodeled this year and features ideas to add to an existing home. Robert Palmer's is a newly constructed home.

The event will end in time to pick up school children.

Members of the Extension Homemakers' Expansion Committee are Orabeth White, Oreta Bevers, Mary Peel, and Mae McMahon.

Mrs. Mason is honored

The home of Mrs. Jerry Epley was the scene for a layette shower recently honoring Mrs. Joe Mason.

The approximately 50 guests called between seventh and nine o'clock.

Special guests included the honoree, her mother, Mrs. Keith Adams; her mother-in-law, Mrs. Jody Mason; her sister, Mrs. Jan Tomlin of Midland; and three grandmothers, Mrs. Willie Mason, Mrs. Opal Williams and Mrs. Willie Goodjohn.

Refreshments of daisy filled cookies, banana punch, nuts and mints were served from a table covered with a white lace cloth over yellow. A yellow silk flower arrangement surrounded with baby toys covered the table. Crystal appointments were used.

The hostesses presented Mrs. Mason with a play pen. Hostesses for the event were:

Mmes. Jennie Cowdrey, Judy Bush, Loveta Josey, LaNell Clary, Juanella Hays, Syan Nichols, Thelma Epley, Orabeth White, Diane Graves, Johnnie Norman, Ruth McClellan, Marcella Hair, Nell Windham and Vada Clary.

Amity attends PHS plays

Amity Study Club members attended the UIL one-act plays at the primary auditorium as their regular meeting, Tuesday night, April 10.

Following the plays, the group returned to the Post Woman's Clubhouse for a business meeting.

Refreshments were served by hostesses Boo Olson and Barbara Babb to Margaret Bull, Janie Davis, Inez Hartel, Anne Leake, Linda Linn, Janey Middleton, Joy Pool, Carolyn Sawyers, Sue Shytles, Syan Nichols and Ida Wilks.

Program on romanticism

The Post Music Club, a member of the National Federation of Music Clubs met in the Woman's Club House on Tuesday, April 3.

Romanticism in music, the fourth part of the program study of the Infinite Variety of Music was presented by Tonya Rudd. Examples of romanticism presented during the program were "Nadia's Theme", a piano selection by Kim Carlisle; "Nocturne in F Minor by Chopin", a piano selection of Rhonda Alford; "Du Lindbaum," and "Aufenthal", vocal selections of Schubert performed by Phil Alford.

A short business meeting followed the program.

Refreshments were served by hostesses Marita Jackson and Sharla Wells to members, Boo Olson, Rhonda Alford, Marita Jackson, Sharla Wells, Sue Shytles, Linda Lewis, Tonya Rudd, Sharlot Sparlin, and Sue Crenshaw and guests, Phil Alford and Kim Carlisle.

Luncheon in Malouf home

A noon luncheon in the home of Linda Malouf was the scene of the Merry Makers Club meeting Tuesday, April 10.

An Easter motif was carried out on the serving tables.

Guests for the meeting were two nieces of the Maloufs from Lubbock and members present were Opal Williams, Pearl Storie, Pearl Crisp, and the hostess. The next meeting will be held with Pearl Storie May 15.

Culture club given program about China

The Woman's Culture Club met at the Woman's clubhouse at 3:00 p.m. Wednesday, April 11 with the president Mrs. Buena Bouchier presiding.

Mrs. Lillian Potts was asked by the president to represent the Woman's Cul-

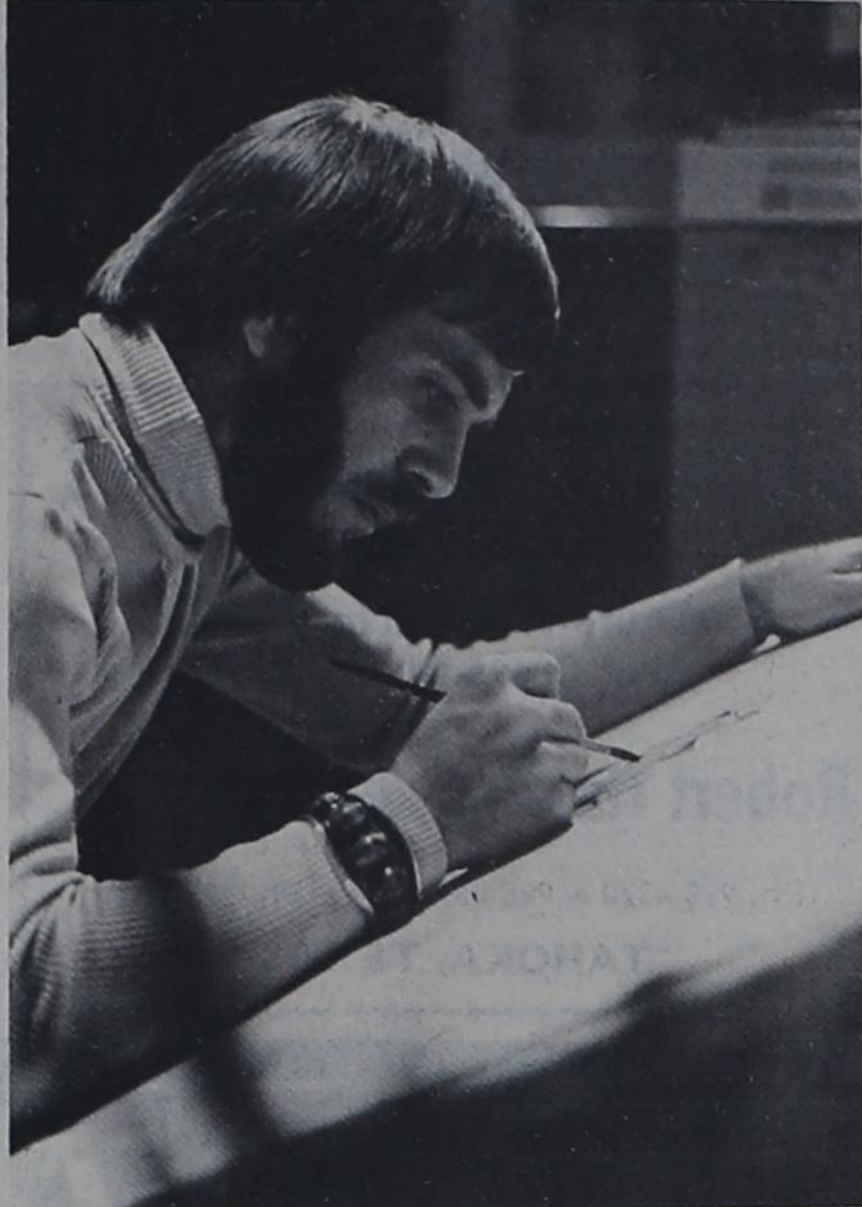

Student honored at SPC banquet

Virgil Morris of route 3, Post, was one of the outstanding students selected by their instructors to be honored recently at the annual South Plains College automotive-diesel mechanics banquet in Levelland.

He is studying diesel mechanics and is the son of Mr. and Mrs. Harlan J. Morris Jr. of Post.

STUDENT HONORED

Shirley Allen, daughter of Mr. and Mrs. Ollie M. Allen of Post is one of four senior business students of Bethany Nazarene College named to the 1978-79 entries in the Who's Who in Phi Beta Lambda in the State of Oklahoma. Ms. Allen is an office administration major.

WORKSHOP INSTRUCTOR — C. Warren Cullar of Bertram, Tex., commercial artist and art instructor, will conduct a drawing workshop in Post April 27-29.

Artist to conduct drawing workshop

Artist C. Warren Cullar of Bertram, Tex., will instruct a three-day drawing workshop at glenda's gallery beginning Friday, April 27 and continue through Sunday, April 29.

Not specializing full-time in transparent watercolor, C. Warren began his career as a commercial artist. He received his Master of Fine Arts from the Instituto Allende in San Miguel de Allende, Guanajuato, Mexico. Following his education he taught art at the college level for eight years. He is a member of the Southwest Watercolor Society and the Texas Watercolor Society.

Because he enjoys traveling as much as painting, Cullar gathers his subjects all over the world.

The workshop here will begin Friday at 7 to 10.

Eaton-Lee vows told

Mr. and Mrs. John York announce the marriage of their son, Gary Gene Eaton, to Terri Kay Lee, daughter of Mr. and Mrs. James Aten of route 3, Post.

The couple was wed in Lubbock April 13.

Both are employed by Postex Plant and are residing in Post.

Saturday, 9 a.m. to 4 p.m. and Sunday 1 p.m. to 4 p.m. A \$35 fee is required and includes all supplies.

Purpose of the workshop is to teach several sketching techniques that will help in the planning of paintings in any medium.

For further information, contact Glenda at glenda's gallery 495-3779.

Close City club meets

The Close City Extension Homemakers Club met April 3 in the community center with nine members present.

The business meeting was presided over by Fannie Wardlow.

The program, "Packing for a Trip," was given by Faye Payton and Inez Ritchie.

Hostess Joann Mock served refreshments to Oreta Bevers, Hooter Terry, Linda Malouf, Thelma Thomas, Inez Ritchie, Virginia Custer, Fannie Wardlow, Dale Nichols and the hostess.

A 19th century doctor recommended sleeping on bare ground, walking barefoot on wet lawns and using clay compresses to cure various diseases.

Mrs. Clayton is honored with party

An anniversary party honored Mrs. Blanche Clayton Thursday, April 5 at Twin Cedars Nursing Home.

The affair marked the 13th anniversary year Mrs. Clayton has been a resident of the home, this being the longest time of any other resident of the home.

Hostess, Mrs. Tom Harmon, daughter of the

honoree, served frosted punch and cookies to the patients, employees and one guest, Henrietta Nichols.

VISIT CHILDREN

Mr. and Mrs. Joe Williams returned this last week from visiting with Mr. and Mrs. Claude Cranford and family of Texarkana and Mr. and Mrs. Jim Williams of Garland.

Twin Cedars Nursing Home News

By DARLA DAVIS
 Sunday Services were brought to us this week by The First Christian Church with Rev. Frank Pickett officiating. Next weeks services will be brought to us by the Assembly of God Church with Rev. Bert Ryan officiating.
 We would like to thank Mr. and Mrs. Rick Loving for the fruit they brought to us. We appreciated their thoughtfulness very much. Also, a special "thank you" to Don, Phyllis and Kay Neumann for the beautiful Easter lilies they brought in memory of Mrs. Pierce. They are lovely and greatly appreciated.
 We greatly enjoyed Mrs. Peter Cotton Tail from KPOS for the nice and joyful

visit.
 Our love and thoughts are with Howard Withrow during his stay in the hospital. We wish him a speedy recovery and hope he is back with us soon.
 We don't want to forget that National Nursing Home Week is coming up May 13. Please "Light up a Life" and visit Twin Cedars Nursing Home during the week.
 Visitors this week included Lola Pennington, Roberta Herron, Mr. and Mrs. Johnny Cathey and Walt from Waxahachie, Mr. and Mrs. Ken Santiago from Sacramento, Calif., Fern Strange, Jet Puckett, Walter and Myrl Mathis, C.A. and Lucille Walker, Zora Robinson, Inez Grantham, Jewell

SATURDAY GUESTS
 Visiting in the home of Mr. and Mrs. Joe Williams this past Saturday were Mr. and Mrs. Auvy McBride and family and Kevin Norman of Brownfield. Everyone helped Auvy celebrate his birthday.

Steel, Mary Caywood, Joyce Howard, Lester Nichols, Ione Hughes, Jo Ella Sparlin, Mary Sneed, Don, Phyllis and Kay Neumann, Mr. and Mrs. Rick Loving, Mrs. Peter Cotton Tail, Bea Brown, Fred Porterfield, Sybil Cockrum, and C.B. Woodward from Houston.
 Until next week.....

Honorable mention to Shirley Allen

BETHANY, OKLA. — Shirley Allen, daughter of Mr. and Mrs. Ollie M. Allen, of 114 N. Ave. K, Post, recently placed in the honorable mention award category, for competition in the Ms. Future Business Executive area.

A senior, majoring in office administration at Bethany Nazarene College, was one of fourteen BNC students receiving State honors in the PBL competition.

Daniel Webster (1782-1852), the great orator, was so shy as a child he could not stand up in school to recite.

EASTER VISITORS
 Visiting in the home of Mr. and Mrs. Tom Harmon during Easter were their children and grandchildren, Mrs. Ann Johnson, Steven and Susan of Beaumont and Mr. and Mrs. Paul Harmon and Chad of Floydada.

Economists forecast record-sized world cotton crop

A record world cotton crop of 64.4 million bales is in prospect for the 1979-80 cotton year, according to economists at Cotton Incorporated.

If growing conditions continue to be favorable as the year progresses, the crop should exceed the previous record crop of 64.3 million bales in 1974, they say.

Meanwhile, say the Cotton Incorporated analysts, world cotton use should reach a level of about 62.3 million bales in the upcoming cotton year that begins August 1, a 300,000 bale increase over this year's estimated use of 62 million bales.

The world cotton review

is contained in the April issue of the Cotton Summary, monthly Cotton Incorporated publication designed to keep U.S. cotton producers abreast of changing conditions in cotton supply and demand.

Cotton Incorporated is the fiber company of American Cotton producers. It works for each producer through research and marketing programs made possible by producers' per-bale assessments.

Lawrence Shaw, associate director for supply economics, says nearly 14 million bales of cotton are likely to be produced in the United States this year.

"While changes in cotton

prices and the prices of alternative crops have probably reduced the number of acres planted to cotton from the amount likely at the first of the year," Shaw says. "moisture conditions in the Southwest support the likelihood of better-than-average and lower-than-average abandonment."

As of late March, Shaw adds, it appears that 13.8 million acres will be planted to cotton in the United States this year, up 400,000 acres from last year. "All of the increase will be in the West and Southwest," he adds. "Due to the recent strength of soybean prices, producers in Mid-South are now expected to reduce cotton

from 1978 levels while cotton acreage in the Southeast will be little changed."

World cotton supply in the 1979-80 marketing year will also be boosted by a significant increase in foreign crop in 1978-79," he says.

Looking at the picture for cotton consumption, Daniel Troxler, associate director for demand economics, says textile mill production is good at this time, but the likelihood of a downturn in the general economy could dim textile business prospects for the last half of the year and early 1980.

"Even a mild recession restricts fiber use, including cotton, by mills," Troxler

adds. "Consequently, domestic mill consumption of cotton in 1979-80 is likely to decline 300,000 bales, to six million bales."

"This decrease in cotton use may be tempered, however, since synthetic fiber producers recently increased prices and indicated that further increases were likely. The Iranian political situation has spurred oil prices and synthetic fiber manufacturing costs upward. In contrast to a year ago, when cheap prices were being used to encourage the substitution of synthetics for cotton, impending higher synthetic fiber prices could benefit cotton use in 1979-80."

Troxler said foreign cotton use in 1978-79 is estimated at a record level of 55.7 million bales, up 1.2 million bales from last year. Foreign cotton consumption in 1979-80 is expected to show a modest increase of about 500,000 bales, he adds.

"An economic slowdown in the United States would be felt in many parts of the world," Troxler notes. "However, most foreign industrialized nations appear to have the business momentum to withstand most of the effects of a mild recession in this country."

While projected increases in foreign cotton production could cut into demand overseas for U.S. cotton,

Troxler says, another good year of U.S. cotton exports seems to be shaping up for 1979-80. As of now, he says, the potential for U.S. cotton exports in the upcoming cotton market year is seen around six million bales, the same as this year's strong estimated shipments.

The Cotton Incorporated

economist say 1979-80 supply and demand forecasts make it appear very likely that cotton prices at harvest time this year will be lower than current quotations.

In such a year, they say, it is especially important that cotton producers develop marketing plans along with their planting plans.

Lopes are 3rd in district, qualify 5

Sprint team sets new PHS record

Five Antelope tracksters qualified for regional and four of them set a new PHS school record set in winning the sprint relay at the District 5AA track meet held in Denver City Thursday, April 12.

The team as a whole finished third in the district with 89 points, behind Frenship with 122 points and Slaton 115. Behind Post came Seminole with 73, Roosevelt 44, Denver City 30, Tahoka 23 and Cooper.

The relay team of Jackie Ayala, Johnny Ray Williams, Alonzo Luna and Bryan Compton set the new record with a time of 43.9 breaking the old record of

43.9 set by Alfred Pena, Ed Price, Bryan Davis and Steve Davis. The relay team finished first.

Cliff Kirkpatrick also had his best time of his high school career when he finished first in the 120 hurdles with a time of 15.1 and also had a first place finish in the 330 intermediate hurdles in 42.9.

Bryan Compton had his longest jump and a first place with 22'5" in the long jump compared to his 21'10" last year in district.

The mile relay also qualified for regional when they had a second place finish in 3.38. The relay is made up of Luna, Cliff Kirkpatrick, Williams and Compton.

Dale Redman will go to regional as an alternate due to his third place finish in the pole vault with a vault of 11'6".

Others who scored points for the team were Williams in the 220 with a third place in 23.6; Walter Perez, sixth in the mile run; Mark Holly, fourth, 880 run, 2:08.9; and Compton, fourth, 100 dash in 10.6.

Regional preliminaries and finals will be held April 27-28 at the Texas Tech Track.

Coach Tannehill said he was extremely pleased with the team as a whole as each boy gave his best effort and despite weather conditions, the team did an outstanding job.

What could be an annual weather forecast, the wind and sand was blowing with gusts up to 45-50 miles an hour at Denver City as well as the South Plains.

REGIONAL QUALIFIERS — Coach Lane Tannehill talks to the regional qualifiers shown l to r, Alonzo Luna, Drew Kirkpatrick, alternate, Bryan Compton, Johnny Ray Williams, Cliff Kirkpatrick, Dale Redman, alternate and Jackie Ayala. The boys will participate in the regional meet April 27-28 in Lubbock. — (Staff Photo)

GYMNASTIC WINNERS — This is the younger class of the Jumping Jack Gym School which won first and second places in meets held in Southland and Tahoka. Shown l to r, back row, Mike Wells, Amber Crenshaw, Kerry Thuett, Golden Capps, Kristi Stone, Trevor Thuett and Lance Bagby; second row, l to r, Raelene Bagby, Shelly Wells, Jodi Brownd, Mara Jones, Amy McArthur and Heather Heidelberg; front row, l to r, Crystal McArthur, Barrett Day, Cody Stone and Jay Mitchell. — (Staff Photo)

FIRST AND SECOND PLACE WINNERS — Also qualifying for the WTT meet are the students of these students of the Jumping Jack School. Shown l to r, back row, Risa Willard, Marta Holly, Rhonda Storie, Patti McCowen, Amy Thuett, Rhonda Williams and Channa Williams; second row, l to r, Jeff Lamb, Traci Tannehill, Pam Baker, Keitha White, Kerry Hart, Korri Payton and Keith Hart; front row, l to r, Kenda Williams, Trudy Woods, Matt Holly and Laquetta Redding. — (Staff Photo)

Baumann to jump Friday

Donna Baumann, the only Post Doe to qualify for the regional AA girls track meet at the Texas Tech track in Lubbock this weekend will compete in the high jump.

This event will begin at 11 a. m. Friday.

Jumping Jacks make trophy harvest

The Jumping Jacks Gymnastic team, coached by Jackie and Donna Arwine of Lubbock participated in the West Texas Tumbling Association sanctioned meet in Southland and Tahoka recently.

In the Southland meet, the team won a first place team trophy in the advanced and novice divisions and at Tahoka, also a first in the advanced division and a second in the novice division.

EASTER GUESTS
Mr. and Mrs. Joe Williams had as their Easter guests David McBride and Margie Sullivan of Lubbock.

Those placing first or second in either meet qualified for the WTT finals in May.

Assisting the coaches were Andrea Willard, Eydie Capps, Amy Thuett and Tim Tannehill.

Seminole is net champ

Seminole won the district 5AA tennis crown at Seminole Saturday, scoring 80 points with only four teams scoring points — third place or higher. Post was one of the squads shutout in the varsity competition.

Kim Roberts of Denver City won the boys singles and the Denver City girls doubles team of Suzanne Mills and Kellie Mull won its division.

Seminole won first and third in the girls singles, second and third in the girls doubles, and first and second in boys doubles.

David Foster lost a tough three-setter to the new district champ 6-3, 3-6, 7-6, after winning his first round match.

Melissa and Melinda Tatum finished fourth in girls doubles.

In the junior varsity brackets, Susan Sawyers was fourth in girls singles, and Kevin Craig was second in boys singles.

Holly hurls shutout win

Raymie Holly, 1978 PHS graduate, now attending Ranger Junior College, has probably found his position on the college baseball team.

Ordinarily a third baseman, Raymie pitched a shut-out against Waldorf Junior College of Iowa last Friday, April 14.

This was the fourth time for Ranger to play the school and the first time to defeat them.

This was also Raymie's first chance at pitching a game, having only two innings under his belt in previous action.

His next action will be against a Fort Worth school April 23.

Dora Faye Holly was in Ranger to watch her son pitch the game.

The Post Dispatch

Texas crime climbs 2.7%

AUSTIN — Figures released today by the Texas Department of Public Safety show the state's crime rate rose 2.7 percent in 1978.

There were an estimated 721,581 major criminal offenses in Texas last year, compared to 692,450 major crimes in 1977.

Colonel Wilson E. Speir, director of the Department of Public Safety, said the largest increases occurred in the rape and motor vehicle theft categories. Both offenses posted crime rate increases of 11.5 percent.

Speir said robbery was up 7.9 percent, and murder up 6.8 percent. Aggravated assault rose 4.8 percent, larceny-theft was up 2.4 percent, and burglary increased 0.3 percent.

Of the 721,581 estimated crimes, at least 648,704 occurred in urban areas. Rural counties accounted for 72,877 major offenses.

Statewide, only 22 percent of the reported crimes were cleared by an arrest. Texas law enforcement agencies, however, cleared 79 percent of the murders, 68 percent of the aggravated assaults, and 54 percent of the rapes. At least 36 percent of the known robberies were cleared.

Lower clearance rates were posted for crimes against property including burglary, theft, and motor

vehicle theft. These property offenses account for 92 percent of the state's total criminal activity.

Speir said the incidence of crime was fairly well distributed throughout the year, but noted increases in the summer months. The lowest numbers of crimes were reported in January and February.

Overall in Texas last year, there was one major crime every 44 second. Property valued at over \$417.8 million was stolen, with property recovered valued at just over \$158.9 million.

Firearms were used as the murder weapon in 71.3 percent of the 1,839 murders, and white males accounted for 51.9 percent of the victims. In nearly 40 percent of the murder cases the killer was acquainted with the victim, and was a family member in 18.9 percent of the cases.

DPS reports show that eight Texas law enforcement officers were killed in the line of duty by felonious criminal action in 1978, compared to four in 1977. In addition, four officers died in duty-related accidents.

"When people are shopping for homeowners insurance, I'm usually their last stop..."

It's true, I can save a lot of people money on their homeowners insurance. And I can also assure them of the kind of first-class service that has made State Farm the largest homeowners insurer in the country. Add to that our Inflation Coverage that can automatically keep your protection up to date, and it's no wonder so many people stop shopping right here. If you're insurance shopping now, be sure and check with me.

Garza Extension Agent

Cotton Weevil Resistant

The relative boll weevil resistance of cotton lines produced from the Texas A&M University Agricultural Extension Experiment Station Multi-Adversity Resistance Program (MAR) has been under evaluation for the past two years. During 1977, Experiment Station scientist found that TAMCOT CAMD-E had significantly less square damage from boll weevils than SP-37 (63 percent less). The level of damage was almost as low as that of the Station's best frego bract. It appears that the boll weevil, if given a choice between SP-37 and CAMD-E, prefers to lay eggs in SP-37. Scientists speculated this egg-laying non-preference (now termed antixenosis) was caused by certain components in the normal bacteria living on or in CAMD-E. In two experiments in 1978 at Corpus Christi both TAMCOT SP-37 and CAMD-E were inoculated with two bacteria, a *Pseudomonas* sp. and *Bacillus* sp. at predetermined rates in distilled water. Check plots got only distilled water. CAMD-E seems to have a genetic disposition to favor larger populations of the bacteria which provide resistance to the boll weevil. There was an increase in resistance to egg laying and feeding.

The reduction in preference was 17 percent. There was a 13 percent increase in the number of open bolls at 130 days and a 31 percent increase of total open bolls. Yield increase was 177 pounds of lint per acre, a 40 percent increase over the check. TAMCOT SP-37, a commercial cotton in the Corpus Christi area, was inoculated to find if it is possible to increase resistance of a susceptible cotton by inoculating with these bacteria. Boll weevil-damaged squares were reduced 72 percent and 69 percent, compared to the check plot, at one-time and two-time rates, respectively. Yields were increased 100 pounds of lint per acre, a 15 percent increase over the check. Before this resistance can be utilized in the field, scientist must find what its long-term impact is on boll weevil numbers. It is hoped that this non-preference reflects some antibiotic characteristic, because if behavioral preference for feeding and egg laying is not reflected in suppression of population growth, it will be ineffective in field-size situations where boll weevils have no choice between varieties of cotton. The only way it might be used in that situation would be in a trap-crop system. Source: John H. Benedict, Corpus Christi, L.S. Bird, College Station.

Mildew Control

Now is the time to treat your ornamentals for powdery mildew. Powdery mildew, the most destructive disease of roses, crape myrtles, Photinia and zinnias, is unlike other fungal diseases. It occurs under conditions of low moisture on the plant surface and relatively low humidity.

The disease attacks growing portions of the plant, thus weakening it and reducing yield. Young leaves develop slightly raised blister-like areas that soon become covered with a grayish-white powdery growth. As young leaves grow, they become curled and distorted.

Older leaves, however, develop large, white patches of the fungus with no leaf distortion. Tiny, black, fruiting fungal bodies are embedded in the mildew patches, especially late in the season.

Sometimes buds are attacked. They either fail to open or open improperly. A flower blight is caused when the infection spreads to mature flower parts.

Powdery mildew fungus is most common when warm days follow cool nights. It occurs where air circulation is poor, such as in crowded, low areas. The fungus overwinters in diseased plant material on the ground and on young, growing points of plants. Several steps can be taken

to control powdery mildew. In the fall, remove and destroy all diseased annuals. Also, prune diseased parts of perennials to reduce the source of infection in the spring. Avoid crowding plants and planting ornamentals in damp, low areas.

In the Spring, begin fungicidal applications when new growth develops or at the first sign of powdery mildew. Applications can also be made during the flowering period to avoid blossom blight.

Apply one of the following fungicides at 7-10 day intervals or as needed: Acti-dione PM (cycloheximide), Benlate (benomyl), Karathane (dinocap) or sulfur (dust or wettable powder). Use sulfur at temperatures below 85 degrees F. or it will burn the plant. Be sure to follow the instructions on the products label.

'88 grads are sought

The graduating class of 1948 of Post High School is still seeking the names and addresses of various class members to inform them of the reunion being planned July 7-8 in the Graham Community Center.

The people being sought are Betty McElroy, Wilbur Shelton, Billy Scarborough, Faye Morris, Imogene Nickens, Audrey Lee Harrison, Earl Wheeler, Ozie Doan, Rogene Lane, Loraine Gowan, Audra Mae Thompson, Rudolph Easley, Artie Faye, Smith Warshaw, Grady Porter.

If anyone knows the addresses of these people, please contact Ted Aten, Luther Bilberry, Maxine Cummings, Marie Neff, Punk Peel, or Lois Childs.

Wordsworth

Brahms' kindness was often revealed in unusual situations. During a concert tour with Joachim, a famous violinist, on a stormy night the audience consisted of a solitary man. The violinist was for giving the man his money back and not doing the concert at all. "No," said Brahms, "our unique patron does not deserve such disrespect, particularly after braving the elements. Let's go on with the concert. So they began and soon were playing, enthusiastically, whatever their fortunate solo listener requested."

SPRING PAINT SALE

Another reason besides price...
Bute Paint is manufactured in Houston by the James Bute Paint Company. The Bute Company is family owned and operated, and was founded in 1867. Through innovations in science and technology, our knowledge has grown over the years — but not so large that we have, or will forget you — our customer. Please remember you are buying a quality product from an experienced company who cares about you, the homeowner.
Thank you.
John Bute
John Bute, President
