

# City adds \$20,000 administrator in new budget

Twenty thousand dollars was added to Post's new city budget Monday night for the employment of "an experienced administrator and municipal planner" to head all city operations as city manager.

Wete Maddox, present city manager who the council termed "over burdened"

with too much to do, is being given an eight percent salary increase and will remain as "director of public works."

Asked twice for his opinion, Maddox told the city council at its September meeting that he "agreed" that the municipality needs a trained administrator to

free Maddox for the wide variety of in the field supervision he has performed for the city for many years.

Councilman Jack Alexander proposed the \$20,000 budget addition, commenting that the city needs a trained administrator with the ability to make long

range projections and plans. He said he thought the city could save such a man's salary in savings in purchasing, direction, and planning.

The vote on the new \$20,000 administrative post was 4 to 1 with Council members Alexander, Maxine Marks, Bill Pool, and Dr. William Wilson voting in

favor and Jim Jackson opposing, saying he didn't see the need as worth a \$20,000 expenditure.

Jackson also voted against approval of the proposed city budget, obviously because the \$20,000 was included.

It was stressed that the city needs to be in no hurry

to the budget for the administrative post, the council approved new pay hikes, exceeding the planned eight percent increase, for many city employees and especially for regular city employees now on an hourly wage.

Mayor Giles McCrary brought up this topic, saying

the city needs to pay a fair return if it wants to retain experienced personnel.

After considerable discussion, the council voted: To increase hourly wage employees as follows: Heavy equipment operators, to \$4.75 an hour; hourly wage office help to

(See City's new, Page 12)

## Pay boosts at hospital

Garza memorial Hospital directors have adopted a new budget totaling \$614,120 for the new fiscal year, beginning Oct. 1, 1979, and officially set the 1979 tax rate again at the 75 cent level per \$100 taxable valuation.

The new budget includes salary increases averaging slightly over 8 percent for all hospital employees but is approximately \$30,000 less than the \$645,000 in estimated hospital expenditures for the current fiscal year.

These actions came at the directors' September meeting last Thursday morning at 7 a.m.

The board held its annual public hearing at noon Monday at the hospital.

Jack Alexander, board president, who has helped supervise the drawing up of the new budget in the absence of a hospital administrator, told the other two directors who were present, Danny Shaw and David Nichols, that the hospital's income in the new budget is based "on very conservative estimates of the hospital's anticipated revenue and taxes."

The budget anticipates \$320,000 in hospital charges collected during the next 12 months period and \$294,000 in tax revenue.

Alexander said after the board meeting that he anticipates having approximately \$35,000 in last year's tax money left over at the end of the current fiscal year due to a much better August financially for the hospital than anticipated with the outlook also for a better final month in September than expected.

He said the board is waiting to approve individual salary increases to members of the staff until a hospital administrator can be hired and his recommendations considered. In the meantime funds are being provided in the new budget for salary increases averaging slightly over eight percent.

The boosts will be considered on an individual basis he told the board at the session.

The current year's budget called for the expenditure of \$583,543, but Alexander said with a month of operations to go, the hospital probably will actually spend about \$645,000 for the year which will end Sept. 30.

No action was taken last Thursday in filling the position of hospital administrator, left vacant Sept. 1 by the resignation of Ed Zintgraff to accept a similar job at Denver City.

Allan Jones, hospital lab technician, asked to be reconsidered for the position at the Thursday session and Alexander read letters of recommendation in support of his candidacy from Dr. William Wilson and Jim Wells.

Jones had been one of the three originally considered for the vacancy last month.

Alexander told Jones that "if at all possible I personally want somebody with hospital administrative experience for the position" and that for the time being the position was being left unfilled "although I assure you the board does not want to operate the hospital itself." Nichols said he wasn't ready to make a decision either, Shaw did not comment. The other two board members, Collie Gatlin and Charlie Brown, were absent.

Curtis Hudman, representing the Emergency Medical Technicians who operate the city-county ambulance service, appeared before the board to ask the board's permission to build

an ambulance shed to house the two ambulances so that ice wouldn't have to be scrapped from windows and windshields for winter runs.

Hudman said all materials are being donated.

Alexander said the hospital will have to check into any possible legal ramifications but foresaw no problem.

Hudman also told hospital directors the EMT's want to operate the service without a salaried director with the \$300 monthly that had gone as Zintgraff's salary to be put into an ambulance equipment fund to maintain the two vehicles. The EMT's president, who is now Jim Jackson, will accept the responsibility for operation of the ambulance service, Hudman explained.

In another action, the board voted to purchase a Pako brand x-ray processor from General Electric of Lubbock for \$5,200. This was the lowest of three bids received on the piece of needed equipment to replace a processor which is costly to maintain but still not operating at full efficiency.

Directors voted for the hospital to pay \$1500, for a third of the sponsor's share with city and county for the emergency radio ambulance system. County Judge Giles Dalby made the request for the hospital district's participation at the last board session.

Alexander announced that effective Sept. 1, the annual premium for the hospital's workmen's compensation insurance had been boosted 1.67 percent.

Among the hospital bills approved for payment was \$2,500 for attorney fees to John Selah of Lamesa, who worked out the out-of-court settlement of the suit against the hospital district on a TV rental contract several months ago.

The August hospital report showed that hospital collections of \$32,619.24 was on \$7,300 short of paying all the hospital bills for the month which totaled \$39,940.39. Normally, summer hospital operation requires a far greater use of tax money to

See Hospital board, Page 12

**Ambulance service into registry**

The city-county ambulance service here recently passed all requirements to be listed in the Texas Ambulance Registry for the first time.

The certification came during an inspection of the service's equipment by the Texas Department of Health. The service has previously passed department of health requirements in equipment, but this is the first time, a spokesman for the service said, that the service has been approved for certification into the Texas Ambulance Registry.

**Morris moving to Spur --**

**Chamber seeks new secretary**

The Soil Conservation Office here will be short a good hand soon and the Post Chamber of Commerce is looking for a new secretary.

Charles Morris, who has worked for the SCS here the last three and one-half years, is being transferred to Spur to head the SCS office there and is being promoted from conservationist to district conservationist.

# The Post Dispatch

Fifty-Second Year Post, Garza County, Texas Thursday, Sept. 13, 1979 Number 15

## County will join

In organization of new equalization district

Garza County will join other local taxing units to form the new Garza County Equalization District.

Counties had the choice of either joining such equalization districts now required under a new law of all other local taxing districts or continuing with a separate equalization procedure.

The county's action came Monday at the Garza County Commissioners Court session on a 4 to 1 vote with Commissioners Herbert Walls, Buck Craft and Mike Cisneros and County Judge Giles Dalby voting in favor and Commissioner Ted Aten voting no.

The county was required to act on the matter by Sept. 15, according to the new law.

Representatives of all the local taxing units are expected to meet in the near future to organize a single tax equalization board with a revaluation of all property within their jurisdictions required by 1982, Judge Dalby told The Dispatch.

The court also approved its \$75,725.25 budget for federal revenue sharing for the new fiscal year beginning Oct. 1.

The court increased the share of the Justiceburg Water District from this fund to \$2,000. The county has been helping both Southland and Justiceburg financially with their water systems.

Other distribution from the revenue sharing budget: \$11,000 to each of the four precinct road and bridge funds, \$7,000 for match paving with the city, \$12,000 for community center operating expenses, \$5,000 to Garza Junior Livestock Association to apply on the

mortgage of the new show barn, \$2,000 to general administration, \$1,500 to Post Special School, \$1,600 to meals on wheels, \$1,500 to summer recreation program, and \$1,000 to Algerita senior citizens center.

The court also gave permission for the Post

Chamber of Commerce to place a lighted Christmas tree on the courthouse lawn this December, and voted unanimously to extend insurance coverage on all county maintainers and loaders to include comprehensive coverage besides liability.

Biggest question now --

## Who gets two votes?

Not much was popping Tuesday night at the September meeting of the school trustees which was mostly talk and routine business. Mrs. Juanella Hays even got a unanimous vote of approval for her request to buy a used popcorn machine for the concession stand for \$375.

Most interesting item of business was a discussion of the upcoming organization of the new Garza County Equalization district with a five-member equalization board authorized to provide a single appraisal for each item of property within the county for all local taxing purposes.

Mrs. Billie Windham, school district tax assessor-collector, explained the new state law which requires such appraisal boards to be ready for operation by next Jan. 1.

Probably the most surprising feature of the state law is that once all property within the district has been reappraised for tax purposes by the board, which must be completed by Jan. 1, 1982, all property will be listed on the tax rolls at 100 percent of real value.

This will greatly increase the maximum tax which could be levied against such property although well advertised public tax hearings are required before local taxes may be raised more than three percent.

First step in the procedure for selecting the new

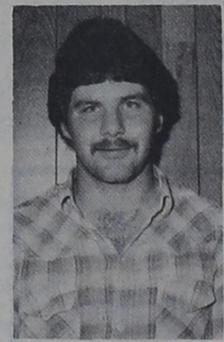

appraisal board will be the selection of a five-member board named from the participating taxing units which will either select or nominate persons to serve on the new appraisal board.

In Garza County, the Post and Southland school districts, the city of Post, and Garza County will each have one of the representatives to this appraisal selection board.

The fifth member will go to the taxing district with the largest taxable valuations as the Garza hospital district will not be represented as the county now collects its taxes.

Jack Lott, school board president, said either the

(See Who gets to, Page 12)

KEVIN WRIGHT

## New SCS man assigned here

Kevin Wright, new range conservationist, assumed his duties with the Soil Conservation Service office here Monday.

Kevin is a Collinsville, Okla. native and graduated from Oklahoma State University at Stillwater, with a BS in range science. He is a member of the Baptist church and is single.

## Inspector says airport appeared 'abandoned'

A Texas Aeronautics Commission inspector has recommended Garza County and the City of Post "consider a level up and a new surface on the main runway" which he reported also had "three bird baths", depressions which collect water.

In a memo from the commission which has been received by City Manager Pete Maddox and County

Judge Giles W. Dalby, Inspector Bill Schnerr reported that it was late in the day of Aug. 22 when he made an inspection of the city-county airport east of Post and he was unable to contact either Maddox or members of the airport board.

As to the maintenance of the airport facilities, Schnerr wrote: "The first impression of

An alert night deputy, Randal Whitlock, surprised a thief preparing to steal a load of groceries out of the back door of the Allsup's convenience store at 419 East Main at 3:45 a.m. Monday.

Deputy Whitlock was driving around the store on night patrol when he noticed a pile of food stacked just outside the back door of the store and saw somebody's head duck back inside the store and the door slam.

The deputy loaded the \$180 worth of groceries in his patrol car and drove around to the front of the store and told the clerk on duty to "lock the store's back door."

Later that day, Gary Seals was picked up by officers

and brought to the station for questioning.

Officers found a bag of marijuana stuffed in one of Seals' boots.

On Monday afternoon, Seals was taken before County Judge Giles Dalby where he pleaded guilty to misdemeanor charges of theft and possession of marijuana.

He was ordered to pay a fine and court costs of \$161 and sentenced to 60 days in the county jail.

Allsup's area supervisor, Eddie Swamer, told The Dispatch Monday he wanted to commend the sheriff's department for their effective night patrol and the solution of the theft case.

He said cases of food had been taken from the rear supply room in the attempted theft.

## Water vote by fall maybe

Bill McAlister in a talk before Post Rotarians about television at their Tuesday luncheon said three members of the Lubbock city council want to put the Post-Justiceburg Lake water project before Lubbock voters this fall.

"If the voters aren't asked for a decision this fall on the future of Lubbock water it will come in the spring," the former Post radio man commented. He is a member of the Lubbock city council.

"As you know," he added, "the project is getting more expensive all the time."

At another point he commented he wished Lubbock was in as good a fiscal shape as Post is today.

In the television future, McAlister foresees a real battle between free and pay TV and the battle is going to be political as well as economic, he predicted.

## Real prize breakfast

The 11th membership quarterly breakfast of the Post Chamber of Commerce will be held at 7 a.m. next Friday, Sept. 21 in the Post Community Center sponsored by Bryan Williams & Son Insurance and Terry's Tire Shop.

A cash prize of \$50 will be drawn but the member will have to be present to win.

Door prizes to be given include two barbecue dinners by Jackson's Cafeteria, a blanket from Jae's, a \$10 gift certificate from LaPosta, a hat band from Hundley's, office supplies from Ammon's Printing, a gift item from Hudman's Furniture, a desk mate organizer and message rack from Wacker's, and a thermal pitcher from Handy Hardware.

The breakfast will be catered by Jackson's. Tickets costing \$1 each are for sale from directors or at the Chamber office.

The budget season is just about over here. The school district's budget will have its public hearing next Tuesday evening — and that may end it, although school trustees aren't exactly sure whether their new budget expenditures will be under the three percent increase or not.

The tax rolls for the school district were due here yesterday. If the delayed oil valuations come out as predicted, everything will be okay. But a chance could force a public tax increase hearing here under the new state law if the boost is over three percent.

Anyway, the school district can't legally set its tax rate until several days after its budget hearing as we understand it. So the school tax office, who has had a load of extra work all summer, is far from done.

The Post and Garza area are going to miss Charles and Phyllis Morris when they move to Spur in the near future. For the Chamber of Commerce it means conducting another "secretary search". No one begrudges Charles his promotion though. That's just life and one of the nicer parts of it. Phyllis has made the Chamber an excellent secretary. Enthusiasm is a precious ingredient in any community and Phyllis' enthusiasm for the Chamber job at hand made Chamber work a whole lot more fun for everybody who participated.

This was "meeting week" for us, which included reporting sessions of the (See Postings, Page 12)

## Burglars hit schools

School burglars stole several hundred dollars worth of equipment from the Middle School and the band hall over the Labor Day weekend, school trustees were told Tuesday night.

Middle School Principal Bud Davis said \$450 worth of digital computers, walkie talkie units for field trips, two AM-FM clock radios, and even a dozen Bic pens were taken from the Middle School.

Losses at the band hall included a saxophone and flute belonging to individual students, a stereo and a record player.

No evidence of forced entry was found.

this airport was that it was an abandoned airport. The weeds and grass had not been mowed. The apron had considerable grass encroachment throughout and also grass encroachment on runway 6-24.

"The access road is poor. The hangar and building area are in poor condition. As mentioned, the runways are rough and cracked and (See Inspector, Page 12)

## A tough community chore

The new state law requiring only one tax appraisal district within each county with only the county unit having a choice of coming in or staying out is going to raise the heartbeats of a lot of property owners.

A lot more details of the law unfolded at meetings this week of the county, city and school district.

What is going to scare the taxpayers is that their property is going to be reevaluated. That means double or triple the value of homes and many business buildings on the tax rolls. Next, the true value then will be used as taxable value, not 37 1/2 percent as the city is doing, 75 percent as the school has been doing, etc.

It's easy to see that the potential for doubling or tripling taxes will be within reach of taxing agencies if they can establish their legitimate need.

While the new law provides public hearings to raise taxes over three percent, all this is still going to leave the taxpayer uneasy.

Another misconception to us at least that went down the drain is that the new law was going to provide for consolidation of all the local tax offices. It doesn't. It merely creates one more office — the consolidated appraisal office. The law takes away the equalization portion of the tax assessor-collector duties, but leaves the tax collecting for the present right where it always has been.

We were glad to see the county commissioners court Monday decide to join the tax appraisal consolidation.

Finding five qualified persons to serve on that new appraisal board, though, may not be a selection process but a begging process. What a tough community chore!

## 12,315,620 store thieves

Snitching an item or two from a store in which you are shopping or working without paying for it is considered by most folks as petty crime. When kids do it, parents often remark that it's just "a part of growing up."

Well it's not petty crime. Shoplifting has grown into one of this nation's most expensive crimes — an estimated \$40 billion is lost annually to shoplifters.

What's more it's part of our inflationary cycle, because the shoplifting losses are figured by the store operator into his costs of doing business and means higher prices for his merchandise. As the inflationary spiral goes up, human nature being what it is there is more and more shoplifting to help boost it even higher.

We ran across some very interesting statistics recently about shoplifting that the buying and working public should consider.

It's estimated that one out of every 12 shoppers today is a part of this light-fingered gentry. To put it another way, their soldiers are fighting double digit inflation with the "five finger discount."

The National Retail Merchants Association reported recently that out of 500 shoppers kept under surveillance in a large metropolitan department store, 42 had shoplifted goods by the end of the day.

The astonishing total of 614,781 persons were apprehended nationwide for shoplifting in 1975, according to figures released in the FBI Uniform Crime Report.

The odds on being caught are overwhelmingly in favor of the criminal with department store security firms estimating that no more than one in 20 shoplifters is ever caught which if true means the shoplifting army totals actually about 12,315,620.

No doubt retail prices would be substantially lower today but for the fact that merchants have to account for losing a certain amount of merchandise to people who intend to get out of stores without paying for at least part of what they have collected.

A spokesman for American United to Rediscover America, a voluntary organization dedicated to rediscovery of the traditional values of honesty, integrity and thus leading to crime prevention, said recently:

"For every \$10 theft enough additional merchandise must be sold to pay that \$10 out of profits before the normal cycle can be resumed. If a store makes a five percent profit on that \$10 item, for example, the merchant must sell \$200 worth of additional merchandise to make up the loss. The additional cost is passed along to customers who must pay for the dishonesty of others."

Shoplifting also is one of the nation's fastest growing crimes. In seven years it has increased 50 percent. Forbes Magazine estimates that it is growing at a compound rate of 15 percent a year.

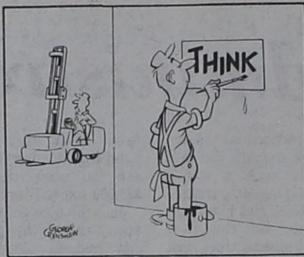

Last year retailers lost \$7.2 billion to shoplifters in this country alone. But that's just the tip of the iceberg.

The Commerce Department says the crime costs American business over \$30 billion a year. The U. S. Chamber of Commerce, which includes white collar crime by employees and executives of business, put the price tag at \$40 billion annually.

Inventory shrinkage, a polite term for stealing from one's employer is estimated at more than \$21.6 billion a year. For every dollar's worth of merchandise that a shoplifter bars, a store employe will take three.

It might shock you to learn that 30 percent of all business failures are attributed to dishonesty by employes.

That's a brief resume of the shoplifters' story. It is not a pretty one — not a "petty one." Don't blame a merchant for getting tough and prosecuting you or your kid when he catches either of you slipping something into a pocket to avoid payment.

## Remember When

### 10 YEARS AGO

Lincoln Addition Park largely due to Earl Chapman, playground equipment made and installed; Donald Windham is selected hospital administrator; Charles Adams is chosen president of Garza County United Fund; Jaycees support 'right to pray' in letter writing campaign; .25 inches of moisture falls here; Miss Teresa Maddox bride-elect of Glen Williams was honored with a bridal shower in the Community Room; 56 girls make up Post's pep squad; Lockney to Antelope stadium for Friday's home opener, both teams winners in first games last week; Lopes open campaign with win over Hale Center Owls; Bill Hall elected Booster club president; rainfall measures 3.06 inches in Graham area; John Bill Hedrick won first in reining and first in the barrel races for 8 year-olds

### HOSPITAL NOTES

Those admitted to the Garza Memorial Hospital since Tuesday of last week were:

Abb Ussery, Medical; Nell Windham, Medical; Matilde Valdez, Medical; Ollie May Allen, medical; Georgian Cazares, Medical; Edna Trull, Medical; Ray Smith, Medical; Mary Lou Jefferson, O. B.; Ida Wheatley, Medical; Mary Romero, O. B.; Lupe Martinez, Medical; E. M. Norman, Medical; Celia Reyes, O. B.; Bonnie McMahon, Medical; Felix Buston, Medical and Linda Hernandez, O. B.

Dismissed were: Wayne Whitten, Janie Loyva, Mickey Haas, Nell Windham, Beulah Tew, Laura Holly, Matilde Valdez, Ida Wheatley, Lupe Martinez, Mary Romero, Ollie May Allen, John C. Patterson and Abb Ussery.

### Johnson quits county post

Director of County Affairs J. R. Johnson, who has been living in Lubbock, has submitted his resignation to the Garza County Commissioners Court effective Sept. 15.

Since he had vacation time coming, he has actually already completed his county duties.

County Judge Giles Dalby told The Dispatch this week he understands Johnson plans to go into business for himself in Lubbock.

### SPORT SHACKS INC.

Exclusive Franchises now available in Texas. Join the multi-billion dollar sporting goods industries with a Sport Shack Franchise.

Start your business right at your home, part-time, full time, and/or open a Sport Shacks Store.

\$1500 minimum Franchise fee depending on the population of area. Over 600 Sport Shacks Franchise owners in 40 states are part of a system that:

- Doesn't require inventory.
- Has factory direct prices with over 200 sporting goods manufacturers.
- Provides central Sport Shacks Inc. buying.
- Provides central Sport Shacks Inc. billing.
- Has many other Franchise support systems.

For more information Write: SPORT SHACKS INC. Birch Lake Professional Building 1310 E. Hwy. 96 White Bear Lake, Mn. 55110 Or Call: 612-426-0072

### EAGLE ROUNDUP

Southland School has added the first home economics department since the 1940's. The home economics building is the renewed cafeteria of the old school behind the new school building. The building has been repainted and carpeted and has new cabinet spaces, sinks, and new appliances.

The building will be used by the home economics students in grades 9-12. Thirty of the students are girls, and 16, are boys. The course will cover family living, child development, food and nutrition, home management and consumer education, clothing and textiles, and housing and home furnishing.

A Southland Chapter of Future Homemakers of America will be formed and will have projects in the community. The sponsor of the chapter will be Jo Ann Martin, home economics teacher.

## PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 6, 1979

### PROPOSITION NO. 1 ON THE BALLOT (H.J.R. 108)

House Joint Resolution 108 proposes an amendment to the Texas Constitution relating to the appointment and terms of notaries public. The proposed amendment would:

- Require the Secretary of State to appoint a convenient number of Notaries Public for the state; and
- Authorize terms of office of Notaries Public of not less than two years nor more than four years.

A temporary provision of the proposed constitutional amendment provides that the amendment would take effect January 1, 1980; that each person who was appointed a notary public before January 1, 1980, would continue to serve as a notary public for the term for which the person was appointed; and that this temporary provision would expire January 1, 1982.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the appointment of notaries public for the state and for a term of not less than two years nor more than four years as provided by law."

### PROPOSITION NO. 2 ON THE BALLOT (H.J.R. 133)

House Joint Resolution 133 proposes an amendment to the Texas Constitution to provide for legislative review of the process of rulemaking by agencies in the executive department. The proposed amendment would enact laws:

- To provide for legislative review of the process of rulemaking by agencies in the executive department;
- To prescribe conditions for rules to take effect;
- To provide for suspension, repeal, or expiration of rules;
- To prescribe procedures; and
- To delegate powers to either or both houses or to committees of either or both houses.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for legislative review of

the process of rulemaking by agencies in the executive department."

### PROPOSITION NO. 3 ON THE BALLOT (S.J.R. 13)

Senate Joint Resolution 13 proposes an amendment to the Texas Constitution authorizing the Legislature to provide for the guarantee of loans used to purchase farm and ranch real estate for qualified borrowers. The proposed amendment would allow the Legislature to provide for, issue, and sell general obligation bonds called "Farm and Ranch Loan Security Bonds" of the State of Texas not to exceed 10 million dollars. All money received from the sale of such bonds would be deposited in a separate fund with the State Treasurer and administered by the commissioner of agriculture without further appropriations. These funds would be used to guarantee loans for the purchase of farm and ranch real estate. The commissioner of agriculture would use these funds, under provisions to be prescribed by the Legislature for the purpose of guaranteeing loans used for the purchase of farm and ranch real estate, to acquire real estate mortgages or deeds of trust on lands purchased with guaranteed loans. These funds would also be used to advance to the borrower a percentage of the principal and interest due. The Legislature may also authorize the commissioner of agriculture to sell at foreclosure any land acquired in the manner authorized by this amendment. The commissioner of agriculture would be required to charge at least 6 percent interest on such loans. The proposed amendment appropriates an amount that is sufficient to pay the principal and interest on the bonds that mature or become due during the fiscal year less the amount in the interest and sinking fund at the close of the prior fiscal year.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide for the guarantee of loans for purchase of farm and ranch real estate for qualified borrowers by the sale of general obligation bonds of the State of Texas."

### THANK YOU

Dear Friends,  
It is very difficult to say good-bye to so many friends and business associates. Charles, Chad, Cory and I have really enjoyed and appreciated our stay in Post.

I would especially like to offer my thanks to the community and to the Chamber's members for their loyalty and support of the Post Chamber of Commerce. You made my association in Post a real enjoyment.

Again, thank you for making my stay in Post a most wonderful and rewarding experience for me and my family.

God bless you all,

PHYLLIS MORRIS

## AVISO PUBLICO

Breves Declaraciones Explicativas De Las ENMIENDAS CONSTITUCIONALES PROPUESTAS ELECCION ESPECIAL 6 DE NOVIEMBRE DE 1979

### PROPOSICION NO. 1 EN LA BOLETA (H.J.R. 108)

La Resolución Conjunta #108 de la Cámara de Representantes propone una enmienda en la constitución de Tejas referente al nombramiento y a los plazos de los notarios públicos.

La enmienda propuesta: —Requerirá que el Secretario de Estado nombre a un número conveniente de notarios públicos para el estado; y —autorizará para que los plazos oficiales para notarios públicos sean por no menos de dos años y por no más de cuatro años.

La provisión temporal de la enmienda constitucional propuesta declara que la enmienda entrará en vigor el 1° de enero de 1980; que cada persona que haya sido nombrada como notario público antes del 1° de enero de 1980 continuará ejerciendo como notario público hasta vencerse el plazo por el que fue nombrado; y que esta provisión temporal se vencerá el 1° de enero de 1982.

La enmienda propuesta aparecerá en la boleta como sigue:

"La enmienda constitucional para el nombramiento de notarios públicos para el estado para un plazo de no menos de dos años ni de más de cuatro años, según lo previsto por la ley."

### PROPOSICION NO. 2 EN LA BOLETA (H.J.R. 133)

La Resolución Conjunta #133 de la Cámara de Representantes propone una enmienda en la constitución de Tejas para proveer una revisión del proceso reglamentario en las agencias del departamento ejecutivo. Esta enmienda propuesta permitirá a la Legislatura el decretar leyes:

- Para proveer una revisión legislativa del proceso reglamentario en las agencias del departamento ejecutivo;
- Para prescribir condiciones para que las leyes sean puestas en vigor;
- Para suspender, revocar o expirar las reglas;
- Para prescribir procedimientos; y
- Para delegar autoridad a cualquiera o a las comités de cualquiera o de ambas cámaras.

La enmienda propuesta aparecerá en la boleta como sigue:

"La enmienda constitucional para proveer una revisión legislativa del

proceso reglamentario en las agencias del departamento ejecutivo."

### PROPOSICION NO. 3 EN LA BOLETA (S.J.R. 13)

La Resolución Conjunta Senatorial #13 propone una enmienda en la constitución de Tejas para autorizar a la Legislatura para que provea una garantía de préstamos, a las personas calificadas, para la compra de bienes raíces agrícolas y ganaderas. De esta manera, la enmienda propuesta podría permitir a la Legislatura el proveer, emitir y vender bonos de obligación general llamados "Farm and Ranch Loan Security Bonds" (Bonos de Seguridad Para Préstamos Agrícolas y Ganaderos) del Estado de Tejas, sin exceder la cantidad de \$10 millones de dólares. Todo dinero recibido de la venta de estos bonos sería depositado en un fondo diferente en la Tesorería Estatal y sería administrado por el comisionado de agricultura, sin más apropiaciones. Estos fondos garantizarían préstamos para la compra de bienes raíces agrícolas y ganaderas. El comisionado de agricultura usaría estos fondos bajo las provisiones prescritas por la Legislatura, con el propósito de garantizar préstamos para la compra de bienes raíces agrícolas y ganaderas; para adquirir hipotecas de bienes raíces escrituras de bienes raíces compradas con préstamos garantizados. Estos fondos serían usados también para adelantar un porcentaje del principal y del interés debido en esos préstamos, a la persona que califique para el préstamo. La Legislatura también podría autorizar al comisionado de agricultura para que venda cualquier terreno adquirido mediante esta enmienda. El comisionado de agricultura requeriría al menos un 6 por ciento de interés en dichos préstamos. La enmienda propuesta apropiaría la cantidad suficiente para pagar el principal y el interés de los bonos que vayan adquiriendo más valor, o que se venzan durante el año fiscal, menos la cantidad del fondo de interés y amortización al final del año anterior.

La enmienda propuesta aparecerá en la boleta como sigue:

"La enmienda constitucional para autorizar a la Legislatura para que provea una garantía para que las personas calificadas puedan obtener préstamos para la compra de bienes raíces agrícolas y ganaderas."

# COTTON TODAY

A NATIONAL COTTON COUNCIL SERVICE

He outlined a program calling for \$4 million to \$6.5 million over and above current expenditures. Dr. Wakelyn said, "There is every reason to believe that a crash research effort over 18 to 24 months would identify a practical means of eliminating or deactivating the causative agent."

Directors also were brought up to date on: farm fuel supplies — tight and expensive; cotton economy — sagging in recession but still bright because of consumer demand for denim, corduroy, and other textile favorites; and exports of U. S. cotton — going strong. Other reports covered legislative developments concerning the reclamation law and crop insurance, clean air regulations, and the Council's campaign for regulatory reform.

### DUST RESEARCH STRESS

A plan for increased funding of cotton dust research was outlined to National Cotton Council directors at their meeting in Little Rock this week. Dr. Phillip J. Wakelyn, staff manager of safety and health technology, said an intensive short-term research effort is needed to eliminate the source of byssinosis.

### OFFICIAL OPENING SET

Cotton Council International President Fred Deans announced this week that CCI's Hong Kong office will officially open Oct. 9. "Having a base for operations in the Far East

demonstrates our commitment to improved service and future development in these important U. S. cotton markets," he said. The Memphis merchant pointed out that the Far East is U. S. cotton's major overseas market and the potential for increasing U. S. market share makes the Hong Kong office a top priority for CCI. In 1978-79, the U. S. shipped more than 5 million bales to the Far East. This represents almost half of the cotton imported by these countries.

John Maguire, director of the new office, said personal contacts will be maintained from Hong Kong with textile leaders and government officials throughout Asia. "By locating here, we can concentrate on even better service to maintain this highly competitive market for U. S. cotton," he said.

### EXPORTS REPORTED

New cotton export sales of 96,700 running bales were reported for the week ended Aug. 26. Chief buyers were China — 25,300; Japan — 12,300; Zaire — 9,600; and Israel — 8,800. The sales brought total commitments thus far to 4,049,100, or 70 percent of USDA's projection of 5,700,000 for the season.

### COTTON YESTERDAY

In 1849, Texas was producing a little over 58,000 bales of cotton. By 1920, however, about one-fifth of the world's cotton was Texas-grown.

## 19 hunting fatalities in 1978

LUBBOCK — The enjoyment of a safe hunting trip cannot be measured by normal standards, but one careless act or misjudgment on the part of the shooter, and the trip will be remembered for many seasons.

The number and type of hunting accidents are monitored annually by the Texas Parks and Wildlife Department since the agency regulates Texas hunting and trains safe hunters through its volunteer hunter safety program.

Comparisons of the number of accidents and fatalities between 1978 and previous years indicate that a small number of hunters are continuing to violate the rules of safe gun handling.

"Texas recorded 83 accidents in 1978 and 19 of those were fatal," said Theron D. Carroll, P & WD hunter safety coordinator.

"Only 30 of the 125 persons involved in these accidents were under 17 years of age which indicates that our volunteer hunter safety program is working," Carroll continued.

Of the 10,890 students certified in 1978 by the P & WD, over 57 percent were in the 12-17 age bracket.

Hunting accidents occurred every month of 1978 with December recording a total of 20. Deer, dove, and rabbit were the three species of wildlife involved in the majority of the hunting accidents. These three species require continual judgment on the part of the shooter as to the correct time to shoot, identification of target, and zone or area of fire.

Visible identification in the field is necessary for both the shooter and other hunters. This is normally accomplished by the wear-

ing or displaying of bright colored clothing such as hunter blaze orange.

Of the 23 hunting accidents occurring in 1978 dealing with hunter judgment, none of the victims had any bright colors displayed.

All shooters should review their firearms handling procedures and remember the 12 commandments of shooting safety.

1. Treat every gun with the respect due a loaded gun. This is the cardinal rule.
2. Guns carried into camp or home must be unloaded and cased.
3. Always be sure that the barrel and action are clear of obstructions.
4. Always carry the gun so the direction of the barrel can be controlled.
5. Keep the safety ON until you are ready to shoot.
6. Be sure of your target before you pull the trigger.
7. Never point a gun at anything you don't want to shoot.
8. Unattended guns should be unloaded.
9. Guns and ammunition should be stored safely

beyond the reach of children.

10. Never climb a tree or a fence with a loaded gun.

11. Never shoot at a flat, hard surface or the surface of water.

12. Do not mix gunpowder and alcohol. Drinking alcoholic beverages slows the reaction of the hunter and

affects the judgment of the shooter.

More information and training is available by attending a Texas volunteer hunter safety class. Contact the nearest Texas game Warden, P & WD office, or call Austin at 512-475-4895 for classes in your area.

### STATE SWINE JUDGING

A Swine Judging Clinic, the first of its kind in Texas, will be held Sept. 22 at the Guadalupe County Fairgrounds in Seguin. Beginning at 9:30 a.m., the clinic is designed to help 4-H and FFA youth, county Extension agents, 4-H leaders and vocational agriculture teachers make wise selections of barrows and gilts that will be headed for livestock shows next winter and early spring. The clinic will include actual judging of classes, notes a swine specialists with the Texas Agricultural Extension Service, Texas A&M University System.

The new well was drilled to a total depth of 2,509 feet. On test it produced 106 barrels of water daily as well as the oil from a production level of 1,770 to 2,368 feet.

Alan B. Leeper has announced plans to drill the No. 1 J. R. Shelton in the PHD field, five miles southeast of Southland. The well will be drilled to a planned depth of 4,200 feet.

### New well near Justiceburg

Exxon Corporation has completed its No. 25-G Exxon Fee well, three miles southeast of Justiceburg as a 25-barrel producer in the Durward field.

 2tc 9-6

**FEWER CATTLE FED**  
 Although there are fewer  
 cattle on feed than a year  
 ago, the decrease probably  
 won't be large enough to  
 strengthen prices, says a  
 livestock marketing special-  
 ist with the Texas Agricul-  
 tural Extension Service,  
 Texas A&M University Sys-  
 tem. There will be a lot of  
 potential feeder cattle avail-  
 able during the rest of the  
 year due to these reduced  
 replacements, only a one  
 percent reduction in the 1979  
 calf crop, and a sharp  
 reduction in calf slaughter.

More than half of all the  
 tea drunk in the U.S. is  
 made with tea bags.

## Gov't affairs manager

Berl Springer, president of  
 Southwestern Public Service  
 Company, has announced the  
 appointment of Marshall  
 Pharr as manager of govern-  
 mental relations for the  
 electric company.

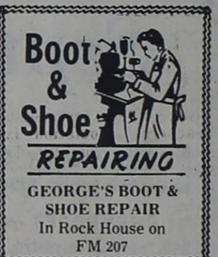

Commenting on the addi-  
 tion of Pharr to the public  
 affairs staff at SPS, Spring-  
 er said, "We are very  
 pleased to have a man of  
 Pharr's experience and  
 background. We feel he will  
 be able to provide the  
 management of Southwest-  
 ern additional insight in our  
 relationships with govern-  
 ment at all levels."

Pharr has been serving as  
 an administrative assistant  
 to United States Congress-  
 man Kent Hance for the past  
 year.

Before joining Congress-  
 man Hance, Pharr served as  
 the city manager of Plain-  
 view for 15 years. Prior to  
 that he was the city  
 manager of Andrews.  
 Larry Milner, director of  
 communications and public  
 affairs, said that Pharr  
 would represent SPS in  
 Washington and also in  
 Austin when the Texas  
 Legislature is in session.

Line the shelves of a  
 medicine cabinet with  
 strips of blotting paper.  
 This will absorb spills  
 and prevent bottles from  
 sliding off the shelves.

All Buyers and Consigners Welcome!

### Amity opens with dinner

A dinner meeting, Tuesday night opened the Amity Study Club year in the Fellowship Hall of the First United Methodist Church.

President Anne Leake welcomed those attending. Yearbooks were presented by the yearbook committee, Janet Peel, Janey Middleton, Linda Linn, Janie Davis and Barbara Babb.

Theme for the 1979-80 year is "It's a Woman's World." New members attending were Peggy Dennis and Betty Binford and other members, Dedra Adams, Margaret Bull, Mattie Collier, Inez Hartel, Iva Hudman, Syan Nichols, Boo Olson, Joy Pool, Carolyn Sawyers, Sue Shytles, Marion Wheatley and Ida Wilks.

### Program is hairstyles

Xi Delta Rho chapter of Beta Sigma Phi met for a regular meeting Monday night, Sept. 10, with Margaret Price presenting the program on "Hairstyles" demonstrated by Ruthell Stanley in the Double R Beauty Bar.

Following the demonstration, the group went to Nancy Shaw's home for a meeting.

A discussion was held on the upcoming West Texas Beta Sigma Phi convention to be held in Lubbock.

The Fall Rush Brunch date was set for Sept. 22 from 10 to 12, and the members decided to sponsor a Read-a-Thon for grades one through 5 with proceeds to go to Multiple Sclerosis with the date to be announced later.

The next meeting has been changed from Monday night to Sunday afternoon, Sept. 23 at 2:30 in the home of Kay Hays.

Refreshments were served to those attending by Mrs. Shaw.

### Discipline workshop set

Garza County Texas State Teachers Association is sponsoring a regional workshop in Post on Discipline and Classroom Management.

The workshop is open for all area teachers — they do not have to be members of T.S.T.A. to attend. It will be held from 5 to 7 p.m. Monday, Sept. 17, at the High School Library.

The workshop will be conducted by John Hill of Austin. Hill is a T.S.T.A. staff member, serving as head of Instruction and Professional Development.

### Hand sewing course here

Paula Cawthon, extension agent, will present a hand sewing course in the Catholic Church at 1:30 p.m. Monday, Sept. 1.

The major emphasis will be on needlepoint and everyone is invited to attend this free course.

### Graham HD club meets

The Graham Home Demonstration club met Monday in the home of Rene Fluit. Roll call was answered with "Plans for a fall wardrobe."

Paula Cawthon, extension agent, presented a program on clothing and energy. Refreshments were served by the hostess to one visitor, Mary Tillman and the following members: Lucille Bush, Viva Davis, Nona Lusk, Sue Maxey, Bernita Maxey, Lucille Morris, Mary Peel, Myrtle Peel and Pearl Wallace.

The next meeting will be held Sept. 21 in the Graham Community center with Viva Davis as hostess.

### Larry Dodson is honored

Larry Dodson, a patient in Health Sciences Hospital in Lubbock was honored with a birthday party in his room Saturday.

Attending were Tina Dudley, his sister from Odessa, Mrs. Zelma Moore, Rex and Mabel Welch, Randy Meeks, Susan Meeks, Jeff and Patty Hall, Jack and Lori Moore, Junior and Jean Meeks, Laverne Meeks, Tennie Meeks, Ivy and Virgie Walker;

Also Jackie Stelzer, Bryan Compton, Yoyo Salinas, Darrell Bailey, Jackie and Charlotte Bailey and Hazel Lovell.

### New Arrivals

Mr. and Mrs. Rusty Conner of Snohomish, Wash., are the parents of a baby daughter, Alexis Kathryn Marie Conner, born August 13 at 2:56 p.m. in Everett, Wash. This is the couple's first child. Grandparents are Mr. and Mrs. Syd Conner of Post and Dr. and Mrs. Harold Muchmore of Oklahoma City.

Mr. and Mrs. Andy Dunlap of Tahoka announce the birth of a daughter, Betty Marie, born Thursday, Sept. 6 at 5:05 p.m. in the home of her grandparents, Mr. and Mrs. C. R. Owen, 116 E. 10th. She weighed 8 lbs., 11 ozs. Other grandparents are Mrs. Gene Hair of Post and Tommy Dunlap of Wichita Falls.

## Wedding vows in mountain setting

The Ozark Mountains with a stream in the background was the setting of the wedding of Marian Witherpoon Walker and Charles Grady Shytles, Sept. 1 at 10 a.m.

The bride is the daughter of Mr. and Mrs. James Wilson Walker of Lonoke, Arkansas, and the groom is the son of Sue and Powell Shytles of Post.

The Rev. Doyle Martin performed the double ring ceremony in the Devils Den State Park at Winslow, Arkansas. The couple continued a remembrance when they had their senior rings made into wedding bands.

Presented in marriage by her father, the bride wore a dress of off white ecru topped by a wedding shirt, a gift from a friend in California.

Serving as maid of honor was the bride's sister, Edith Fletcher Walker.

Best man was Rick Musselman. He and the groom wore ecru linen shirts and the groom's was identical to that of the bride.

Pamela Atha performed a contemporary ballet accompanied by Tim Bull and

then they performed a duet "Coat from the Cold."

A reception followed in the home of the bride's parents.

Following a wedding trip to Eureka Springs, Ark., the couple are making their home in Fayetteville, Ark.

The bride is a graduate of the University of Arkansas and the bridegroom is a Post High graduate and attended Texas A&M, McMurry College and the University of Arkansas.

Out of town guests included Mrs. English, grandmother of the bridegroom, Mrs. James Williams and Ashley, Wellington and Mr. and Mrs. Kent Wheatley of Austin.

### Food processing program offered

Monday Sept. 17 at 4:30 p.m., Xie Cornelius, home economist for Southwestern Public Service will present a demonstration on food processing in the Reddy Room.

The program which will demonstrate food processors and other small appliances is for 4-H'er's or anyone else interested. The program is free.

## Gamma Mu opens new club year

Members of Gamma Mu Sorority met Monday night in the Graham Community Center to reorganize for the 1979-80 club year. The theme was revealed as "The New You of the Eighties" with a program agenda of self-improvement aids and techniques.

The new officers headed by President Sara Holder are: vice-president, Carol Williams; secretary, Helen Gerner; treasurer, Jana McCallister, and educational director, Kathy Fluit.

Sorority members told humorous episodes and tales of their summer activities. Hostess Kathy Fluit treated

them to sandwiches, chips, dips, brownies, and lemonade. Table colors were bright blue-checked cups and plates with red roses in the center.

Orabeth White won the night's door prize, a perfumed spray. Those present besides the officers were White, Jane George, Sharlot Sparlin, Irene Fry, Janet Justice, and Julie Hudman.

### Church hosts Salad supper

The Post Church of Christ ladies were hosts for a supper held Tuesday night at 7 p.m. in the church building. Ladies of the Graham Church of Christ and guests from the area were treated to a salad supper.

Mrs. Martha Wharton, of Lubbock was guest speaker for the night. Mrs. Wharton is the wife of Ed Wharton, teacher in the Sunset School of Preaching in Lubbock. She also teaches a class for wives of the students in Lubbock.

Approximately 40 attended the supper, and heard a lesson on attitudes and today's philosophies.

Tables in the kitchen were decorated with fall colors and autumn arrangements.

Rayon owes its life to the French naturalist Reaumur, who, in 1734, observed, "Silk is only liquid gum. Could not we ourselves make silks with gums and resins?"

## OUTDOOR ENTERTAINING

### Plan A Quick And Easy Summer Grill Party

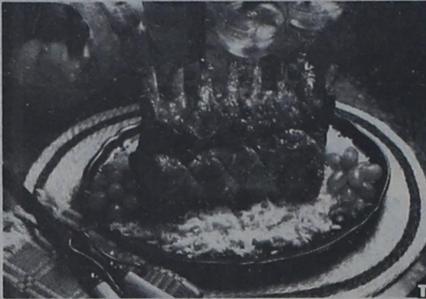

Give an outdoor grill party this summer. It's a fine way to entertain with sizzle. Serve Bacardi Roast Pork, followed by a refreshing Orange Rum Sherbet. Sonora Cocktails will get the party off to a roaring start.

#### BACARDI ROAST LOIN OF PORK

- 1 cup orange juice
- 1/2 cup firmly packed dark brown sugar
- 1/4 cup Bacardi dark rum (80 proof)
- 2 tablespoons soy sauce
- 1 medium clove garlic, minced
- 2 teaspoons ground ginger
- 1 tablespoon cornstarch
- 1 pork loin (about 4 1/2 pounds)
- Hot cooked rice
- Halved green grapes

In saucepan, combine all ingredients, except pork. Cook, stirring until thickened and smooth.

Score fat on pork at 1-inch intervals. Place on grill or fasten to spit. Place drip pan under pork. Grill about 2 1/2 hours, basting with sauce during last 45 minutes of roasting. Serve with rice decorated with grape clusters. Makes about 6 servings.

#### ORANGE RUM SHERBET

- 1 envelope (1 table-spoon) unflavored gelatin
- 3/4 cup water
- 3/4 cup sugar
- 1 cup orange juice
- 1 1/2 tablespoons lime juice
- 1/2 cup Bacardi dark rum (80 proof)

- 1 tablespoon grated orange peel
- Dash salt
- 1 cup orange sections, cut-up
- Mint sprigs

Sprinkle gelatin over 1/4 cup water to soften.

In saucepan, combine remaining 1/2 cup water and sugar. Bring to boil and boil 1 minute. Add gelatin and

stir until dissolved. Add juices, rum, orange peel and salt. Pour into freezer tray or metal bowl. Freeze to mush.

Remove from freezer and beat until smooth. Fold in orange pieces. Refreeze.

To serve, garnish with mint. Makes about 1-quart.

#### SONORA COCKTAIL

- 1/2 cup Bacardi dark rum (80 proof)
- 1/2 cup applejack or calvados
- 1/4 cup apricot brandy
- 1 tablespoon lemon juice
- Shaved ice

In shaker, combine all ingredients. Shake well. Strain into cocktail glasses. Makes 2 drinks.

# Horns win with second half ball control

## Lopes make too many mistakes

The Lockney Longhorns put together 80 and 84-yard touchdown drives in the second half in brightly lit Antelope Stadium here Friday night to score a 20 to 6 victory over a young and inexperienced Post team which simply made too many opening game mistakes.

Held to only 16 yards rushing and 28 yards passing the first half, the Longhorns took the third period kickoff and marched 80 yards for a score on the pitchout sweeps of Tailback Curtis Ford and the passing of Quarterback Steve Warren.

After Post got its td, Lockney came right back for an 84-yard drive to score early in the fourth on a 32-yard pass from Warren to Wingback Arnold Alaniz. Another pass to Alaniz then added Lockney's only conversion points.

Lockney's first touchdown in the second quarter and Post's only one in the third were set up by their opponents' mistakes.

Lockney's Roel Rodriguez, who played fullback on offense and linebacker on defense, intercepted a quick pass over the line by Quarterback Drew Kirkpatrick on the Post 13 and returned it to the Lope five.

Two plays later Ford swept left end for the first of his two touchdowns.

The Lope score came after Lockney's long scoring march in the third period.

The Lopes drove from their 30 to the Lockney 5 — a distance of 65 yards on seven ground plays. Fullback Barry Wyatt got 54 of those 65 yards on five shots up the middle.

At that point, tailback Charles Curtis fumbled an inside handoff from Kirkpatrick, never getting possession of the ball with Lockney coming up with it.

But after a penalty and no gain at the middle of the line, Lockney's pitchout sweep backfired on the visitors. Ford couldn't find the handle on the ball either and Post recovered in a wild pileup at the Lockney three.

Starting Tailback Alonzo Luna then slammed over right guard for the tally on Post's first play.

Kicker Larry Rodriguez never had a chance on his first conversion point try. The center snap was high and Longhorns were quickly in to block the delayed effort.

Neither team could put together any real offensive momentum in the first half, but Post lost a golden scoring opportunity in the final minute of the first half.

A shanked Lockney punt from its own 12 went out of bounds on the Longhorn 32 with three minutes left in the half. Luna was the Lopes' big runner in this drive. He got 11 yards on a first on Lockney's 20 on the second play. Then on a fourth down try from the 12 he squirmed for three and another first on the nine. He got five on the next play to Lockney's 4, but then everything went wrong for the Lopes.

With 42 seconds on the clock, Kirkpatrick lost three on a rollout trying to find an open receiver in the end zone. Post then drew its sixth penalty of the opening half for five yards.

The ball was back on the 12 from where Luna was thrown for a loss trying to

| Post   | Lockney               |
|--------|-----------------------|
| 8      | First Downs 16        |

| 3-1    | Fumbles, Lost 4-2     |

skirt his left end on a sweep as the half ended.

The Lopes tough, gang-tackling defense which was especially effective in the first half, and Post's inside running game spearheaded by Wyatt and Luna were the nights' bright spots for the Lopes who have been working harder the past month under a new coaching staff than any local squad has in years.

That effort was apparent Friday night but so was the wide variety of mistakes a young inexperienced team can be expected to make.

Post was whistled for 85 yards in penalties, including five big 15-yarders, and all of them hurt. Four of the 15-yarders were called in the first half and two of them ended what looked like real scoring threats.

The first came after Raymond Raymundo had recovered a Lockney fumble on the visitors' 39 in the first period. On what would have been a good pass play gainer, Post was called for an ineligible receiver downfield, the play wiped out and Post pushed back to its own 46.

The other one came in the second quarter after Post had driven 32 yards to the Lockney 34. On the next play Wingback Jackie Ayala broke free for 24 yards to the Lockney 10, but Post was whistled for holding and pushed back to near mid-field and out of range.

The weakest part of the Lope attack was virtually the total absence of a passing game. It wasn't all quarterback Kirkpatrick's fault either although his only two completions were to Lockney backs instead of teammates.

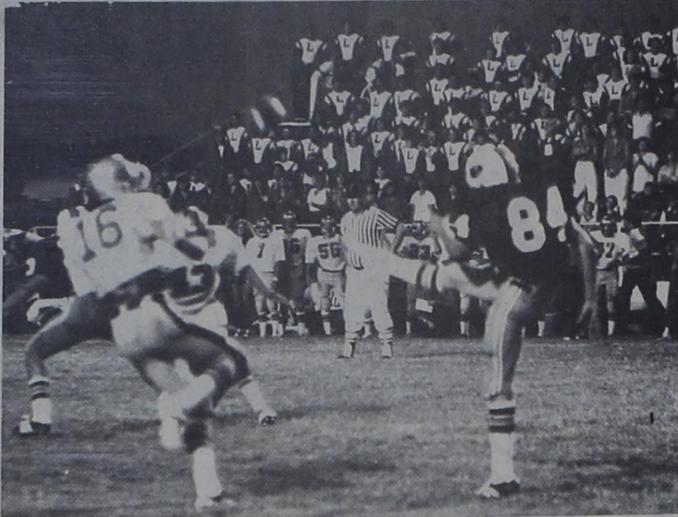

Lope receivers simply weren't coming open downfield and the Lopes blocking protection for Kirkpatrick often broke down resulting in a sack or forcing Kirkpatrick to run for his life.

The Lopes also had trouble running outside. While they broke a couple for good gains, more often than not a wide play resulted in a loss from which the offense couldn't recover.

Despite Lockney's two long scoring drives, the Lopes outgained the visitors in net yards on the ground 141 to 119 for Lockney. Lockney's six pass completions in nine throws for 95 yards and its two pass thefts from the Lopes was the difference between the two teams.

That, and Lockney's finally finding a way to sustain two long scoring drives in the second half and maintain ball control. The Lopes had the ball on only 12 running plays and three passing plays in the second half, compared to 26 running plays and two pass attempts in the first half.

Wyatt was Post's leading ground gainer with 77 yards in six carries. Luna was close behind with 65 yards in 15 carries, 13 of which were

**SHOELESS KICKER** — End Mark Holly, No. 84, punts without a shoe for the Antelopes. He outkicked Lockney's highly touted kicker in Post's home opener last Friday night. Here he gets his foot into the ball as Lockney's 16 arrives too late. — (Staff photo by Norma Baumann)

**Coach Thompson says--**

## 'Inexperience killed us'

"Inexperience just killed our chance to win against Lockney," Coach David Thompson told The Dispatch this week as he looked back on the Post Antelope opener during an off week for the Lopes.

The locals will return to play next Friday night, Sept. 21, at Floydada. Noel Pena, fine junior linebacker, will be back among defensive starters for that one. Pena suffered a dislocated kneecap in the first week of practice and missed the Lockney game.

"We were real disappointed in our passing," Coach Thompson said in commenting on the Lockney game in which the only passes the Lopes completed were interceptions.

in the first half. Ayala got 9 yards in three carries besides having a long one called back.

Curtis lost a net of four on seven carries and Kirkpatrick lost a net of five on seven carries with most of his work coming on busted pass plays in which he couldn't get the ball off.

Mark Holly had a good punting night for the Lopes, outkicking his highly publicized Lockney counterpart with a 36.5 yard average on four kicks, one of them rolling for a net 49 yards, while Lockney managed by 30.5 yards average on four tries.

Workmen barely got the stadium's new lights installed for the game and they were not focused, but at that there was plenty of illumination. The public address system was out because unknowingly its line had also been cut during the summer and when a substitute line was laid on the ground it was found too much power had burned out both speakers.

The field clock also was a third quarter casualty and time for the remainder of the game had to be kept by officials on the field.

"We feel we will have a good passing attack before the year is finished," Thompson said.

He gave the offensive line credit "for a good job of blocking" against Lockney, but coaches were not as pleased with the defensive unit as many fans were.

Thompson cited defensive tackles Deb Palmer and Lynn Simpson and Charles Curtis as middle linebacker with playing well on the defensive platoon.

Thompson reported good workouts this week so far.

Coach Thompson is looking a bit trimmer too. He has lost eight pounds since football season started.

"We'll have to play better than we did against Lockney to stay in the game against Floydada," Thompson said.

Fans interested in seeing game films of the game are invited to view them at 7 p.m. Monday nights when the Antelope Booster Club meets in the high school library. "You don't have to be a club member to see the films," Coach Thompson said.

## JVs and frosh open against Lockney

The Post varsity team with their open weekend of the season turn the Antelope Stadium grid spotlight this week over to the Post Junior Varsity and Post freshman squads who will open their season against Lockney here tonight.

Coaches said all the players on both squads will see action in the twin bill.

The frosh of the two schools will kick off at 5:30 p.m. with the junior varsities following, about 7 p.m. or later.

The junior varsity roster includes: David Foster, 10, QB-S 135 pounds; Brad Greer, 20, TB-S, 120; Kraig Peel, 24, WB-S, 100; Mike Sullivan, 33, FB-LB, 155, Phil Tyler,

44, FB-C, 130; Greg Williams, 50, C-DT, 132; Gary Baker, 60, G-LB, 155; Abel Reyna, 62, G-LB, 150; Kevin Craig, 65, G-LB, 150; Mario Luna, 66, G-LB, 165; Brad Mason, 70, T-DT, 147; Mike Anthony, 74, T-DT, 229; Eric Cravey, 72, T-DT, 140; Brent Howard, 76, C-DE, 150; Ronnie Bilbo, 80, E-C, 124; Ralph Mendoza, 81, E-DE, 130; Marty Conoly, 82, E-S 110; Dee Basquez, 84, E-DE, 140; Raymond Mendoza, 85, E-S, 125; Jerry Hawkins, 86, E-LB, 130; and Gary Lamb, 88, E-DE, 140.

The 32-player Post freshman roster includes: Tim Tannehill, 10, QB-S, 115; Melvin Wynne, 11, QB-S, 115; Marvin Wynne, 20, FB-C, 115; Ben Ayala, 22, WB-S, 115; Will Kirkpatrick, 24, TB-S, 135; Mark Odom, 30, FB-LB, 140; Danny Martinez, 33, WB-LB, 125; Irvin Price, 35, B-DE, 130; Alponso Reyna, 40, TB-S, 90; Richard Cisneros, 44, WB-DE, 145; Ricky Saldivar, 50, C-DT, 120; Dickie Odom, 45, WB-DT, 105;

Russell Smith, 60, C-DE, 115; Derrick Walls, 61, G-DT, 130; Arthur Garza, 62, G-DT, 115; Sam Butler, 63, G-LB, 130; Ronnie Reed, 64, G-DT, 120; Chris Bologina, 65, G-LB, 100; Larry Jackson, 66, G-DT, 160;

Henry Dela Rosa, 70, T-DT, 150; Joe Samora, 71, T-DT, 130; Kenneth Bullard, 72, T-DE, 115; Kim Norman, 75, T-DT, 140; Richard Tanner, 76, T-DT, 230; Toby Craft, 77, G-LB, 150; James Lee, 80, E-C, 115; Ray Mason, 81, E-C, 100; Bill Black, 83, E-DE, 135; Keith Bullard, 85, E-DE, 120; Wade Giddens, 87, E-C, 115; Mike Anderson, 88, E-DE 95; and Curtis Clinesmith, 89, E-DE, 120.

Freshman managers are Jerry Pruitt, Scott Lewis, Jimmy Valdez and Pena.

### 3 new locations near Justiceburg

C. D. Black has three new drilling locations in Garza's Post field. They are for the No. 2, No. 3, and No. 4 Black tests to be drilled to 2,850 feet depth each seven miles northeast of Justiceburg.

## Rodriguez is golf champ

Tony Rodriguez is the 1979 Caprock Golf course champion. He won the annual club tournament over the weekend shooting a 149 for 36 holes of play.

His victory margin was just a single stroke over Dwayne (Bobo) Odom who finished second with a 151. Jerry Jolly was third in the championship flight of seven with a 154.

James Ammons shot a 164 to win the first flight with Mike Mitchell winning a playoff with Punk Peel for second after both shot 166s. Peel received the third prize.

Mike Dye was forced into a three-way playoff to win second flight honors over Tony Conner, second, and Gene Martin, third. All three shot 171s for the two rounds.

Sid Pierce was the third

night winner with a 176, one stroke ahead of Jerry Thuett, who was second with a 177. Lane Tannehill and Sexton Huntley tied for third with 181s.

In the fourth flight, Lewis Holly as first with a 197 and Casey Zachary was runner-up with a 204.

John Valdez took the long driving contest with a 285-yard drive, five yards ahead of Ed Isaacs, who was second with a 280-yard drive.

Jerry Jolly won the approaching contest by only half an inch from James Ammons, who was second, on the No. 8 hole. Jolly was closest — 5 feet, 5 inches from the hole, while Ammons was 5 feet, 5½ inches away from the cup.

A large field of 40 palyers participated with 50 to 60

attending the Saturday evening barbecue. The course was in its best shape this year in a number of summers due to more frequent rainfall.

### Hart completes banking course

Sidney H. Hart, president of the Farmers State Bank at Ingalls, Kans., completed the 1979 session of the Colorado School of Banking at the University of Colorado in Boulder. It is one of the five graduate banking schools in the country.

He received two weeks of formal classroom instruction in the summers for three years and augmented this learning with written assignments during the year.

# Tahoka loss is first '79 upset

New Lope coach David Thompson's former team, the Stanton Buffaloes pulled off the AA upset on the first weekend of 1979 football Friday night by upending state AA ranked Tahoka Bulldogs 28-14 with Quarterback Craig Eiland passing for three tds and scoring the other himself.

The junior signal caller also kicked all four of his team's conversion points., Tracy White had 94 of his team's 194 yards rushing and Clifford Oages added 76 more.

Five of the 5AA clubs opened the season with wins and three lost with Frenships Tigers taking a 35 to 14 licking at Littlefield.

Slaton and Seminole scored impressive victories.

Tiger fullback Lance bounds had the "best night" of any back in the district as he pounded out 239 yards in leading Slaton to a 26 to 13 win over Colorado City's Wolves at Slaton. Bounds scored on runs of 30, 46, and 80 yards and in the fourth also got the Tigers other touchdown from close-in.

Colorado City, however, led twice and were very much in the game until the fourth period when Bounds broke it open with his last two.

The Seminole Indians, who are opening with class AAA schools came from behind at home to score in the fourth period and edge Monahans 13 to 7.

Cooper and Roosevelt also opened with wins but not against the same caliber of opposition.

The Cooper Pirates, who are trying to get out of the 5 AA cellar this season, edged Ralls 12 to 6 by scoring on two blocked punts.

Roosevelt's Eagles marched about the length of the field late in the final period to come from behind and squeeze out a 16 to 14 win over Lorenzo.

A second period safety was the actual margin between the two teams. Roosevelt had 163 yards

rushing but only nine in the air.

Denver City, Post's opening district foe, took to the air to beat Crane in a Mustang home opener 26 to 0. This year, the DC passing combination is Quarterback David Miligan to standout end, Mike Ivie. It resulted in all three of the Mustangs air strikes.

Littlefield swarmed over the Frenship Tigers with Wildcat Tailback Rex Freeman running for three touchdowns.

In another game of interest to Post fans, Floydada's Whirlwinds opened with a stunning 40 to 6 triumph over Dimmitt. Highly touted fullback Mac Collins rushed for 131 yards and scored twice in leading the Winds to victory.

Floydada got two other touchdowns on long passing strikes by Quarterback Troy Marquez for 60 and 26 yards.

Two of Post's seasonal opponents will have open dates this Friday night along with the Lopes. They are Tahoka and Roosevelt, the other two first round losers.

Floydada has a toughie in going to Muleshoe. Colorado City, the Lopes' next foe, will be on the road again to face Calss AAA Sweetwater.

Seminole takes on another AAA foe at Brownfield, which fell to Levelland in a close one last Friday. Friona journeys to Lockney, Kermit invades Denver City, Slaton goes to Dimmitt, Cooper will be at Lorenzo, and Spearman will visit Frenship.

**ACCIDENT CONTROL**  
The explosive power of one gallon of gasoline has been compared to 14 sticks of dynamite. Gasoline carried in your car's trunk can build up enough vapors, even if stored in a "safety" can, to result in a fire and possible explosion.

### Former Post resident dies

News has been received here of the death of Dr. Lynn Simmons, 36, in Dublin, South Africa, Sept. 7. Dr. Simmons, who had been in ill health about a year, was born in Post and moved to Dora, N.M., at an early age.

He was a teacher at the University of Natal in Dublin. His wife, the former Guyrene Turner of Lubbock, also teaches in Dublin.

Dr. Simmons obtained his master's and doctor's degrees at Texas Tech University. He had done research during his career at the University of Houston, M. D. Anderson Hospital, Queen's University in Belfast, Ireland and taught at Northwestern State in Alva., Okla.

Survivors besides his wife include a daughter, Heather; his parents, Gene Simmons of Dora and Norma Mason Trueblood of Lake Livingston; a sister, Jan Black of Hobbs; an aunt, Maudie Smith of Post and an uncle, Jim Mason of Slaton.

**New twist to 'crime line'**

**BALLINGER** — The chamber of commerce here has gotten into the "crime line" business which Lubbock is finding so successful in catching criminals, although on a much smaller scale.

The Chamber the other day paid a \$100 reward to two persons for their assistance in identifying persons wanted in connection with a Ballinger store robbery.

It was the first payoff since Chamber directors in January voted to offer a donated \$100 reward to any person who offers assistance in the apprehension of anyone robbing or vandalizing a Chamber member's property, whether it be business or personal property.

Now the Chamber is asking for donations to raise another \$100 for the next reward.

## STATE CAPITAL HIGHLIGHTS

By Lyndell Williams  
TEXAS PRESS ASSOCIATION

**AUSTIN**—Governor Bill Clements has reversed his position on history's largest oil spill which so far has washed over a million barrels of goo onto Texas beaches. The Governor last week toured the oil-blackened beaches of Corpus Christi and announced the spill was an "unprecedented problem."

He promised local officials he would do all in his power to provide them economic aid for lost tourist and business dollars on the Gulf Coast.

When the off-shore oil drilling rig in Campeche Bay in Mexican waters blew out five weeks ago, Clements called subsequent ecological warnings and related press coverage "much ado about nothing." Clements stuck to those comments until recently, and his change in position is thought by many to be a real step in cleaning up the giant oil spill and recovering the economic loss to the Gulf Coast.

Several state officials, including Lt. Gov. Bill Hobby, House Speaker Bill Clayton and Attorney General Mark White, have called on the Governor to take all steps necessary to make the economic recovery, including a possible lawsuit for damages against Mexico.

White said he has not ruled out the possibility of suing the Mexican government, PEMEX, the nationally-owned Mexican petroleum industry, and SEDCO, Inc. of Dallas, which supplied the offshore drilling rig being used when the oil well blew out.

Clements was president and chief executive of SEDCO prior to becoming governor, but he has since placed his majority stock holdings in SEDCO into a blind trust.

### Calls for a Lawsuit

Clements has discarded the idea of a lawsuit against Mexico as "not being a good neighbor," but last week other Texans joined the call to keep such an option open, including U.S. Reps. Henry B. Gonzalez and Jim Collins.

Meanwhile, SEDCO officials reject any liability for the spill, saying "gross negligence" must be proven on their part; and State Republican Party Chairman Chester R. Upham Jr. blasted White for "playing politics with the issue."

The United States and Mexican governments have so far not discussed publicly what course they will take once the spewing oil well is capped, probably at the end of September.

### Telephone Increase

In Austin last week the Public Utilities Commission recommended that Southwestern Bell Telephone Co. receive a \$136.7-million-a-year rate increase, but commissioners asked for more time to consider how the increase should be divided among customers. The increase was about \$9 million less than the telephone company's request of \$145.2 million.

### Committees Returning

Several legislative committees met last week to begin preliminary studying of problems and bills to be considered in the 1981 session. Among those holding hearings in Austin were the House Agriculture and Livestock Committee and the House Committee on Intergovernmental Affairs. The House Committee on Environmental Affairs has been holding hearings along the Coast to determine the extent of the bad effects of the oil spill.

**Garza Auto Parts**  
110 W. Main  
Ph. 2888

**Mexican Coal Eyed**  
Governor Clements said Monday he would look into the possibility of several Texas cities buying coal from Mexican mines being developed near Eagle Pass. The Coahuila coal is equal in quality to coal which San Antonio is buying now from Wyoming.

Clements met last week with Coahuila Governor Oscar Flores Tapia to discuss the problems of drug and automobile smuggling. Clements said they agreed to establish a joint commission to discuss mutual interests such as livestock and veterinary problems, exchange students and cultural exchanges.

### New Laws in Effect

Several new laws passed by the recent Legislature went into effect on Aug. 27 or Sept. 1, including the new usury rate hike which raised the ceiling on home mortgage loans from 10 to 12 percent. The lending increase was raised after savings and loans representatives complained of too little money available in Texas to loan to homebuilders.

The new law has a Sunset kicker which causes the new rate to expire in two years, at which time it will be renegotiated through the legislative process.

### Deputy Resigns

Chief Deputy Comptroller and former Plainview state representative Ralph Wayne resigned his office last week because of health reasons. Comptroller Bob Bullock said he valued Wayne's assistance but he valued his good friend's health even more.

### VEGETABLE PRODUCTION

Texas' total vegetable acreage increased almost 11 percent last year over 1977 figures, but the value of vegetables crops dropped 2.5 percent, according to a horticulturist with the Texas Agricultural Extension Service, Texas A & M University System. Some 226,700 acres of vegetables were grown commercially in Texas last year and were valued at \$270.1 million. Top crops, based on acres harvested, were watermelons and onions. Top revenue-producing crops were onions and cabbage.

### EGGS—NATURAL FOOD

An egg is a bundle of nutrition sealed in its own package by a hen and is one of nature's freshest and most nutritious products, contends a poultry marketing specialist with the Texas Agricultural Extension Service, Texas A & M University System. A hen's diet influences certain egg characteristics, such as yolk color, egg flavor and quantity of fat soluble vitamins (A, D, E and K). And the commercial laying hen probably receives a better diet than any other animal.

## Cotton Talks Plains Cotton Growers, Inc.

**LUBBOCK**—The potential for greater U. S. exports to the Philippines, Indonesia and Thailand are excellent; trade teams are an important part of overall marketing strategy for U. S. cotton, and the mix of participants on cotton trade teams is effective and should not be altered.

These three statements were used September 6 by Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc., Lubbock, to summarize his report to the National Cotton Council Board of Directors on a five country trade mission completed in June.

John served as NCC's Producer Steering Committee representative on the six-man team. Others included Bert Kyle of Lubbock, representing cooperatives, two representatives of the American Cotton Shippers Association and one member each from USDA and the sponsoring organization, Cotton Council International.

Of the three Asian countries, Johnson said U. S. cotton should capture an increasing share of a growing market in all three, adding that "this is one of the few areas of the world where a well developed technical service and education program could pay big dividends."

Bangladesh and India, the other two countries visited, fall in another category, he reported. "In Bangladesh, increased sales of U. S. cotton for the near future will depend largely if not entirely on U. S. aid and credit programs, while increased U. S. sales to India will hinge almost totally on India's own cotton crop from year to year."

Johnson's comments on trade team participants apparently came as a response to recent criticism to the effect that producer representatives on such trade teams do no more than "dilute" the effort.

"Trade teams should not be looked upon as sales teams per se," Johnson stated. Instead, primary benefits should come from all segments of the U. S. cotton industry gaining knowledge of business conditions, government policy, textile development and other aspects affecting cotton purchase decisions in the countries visited, he said.

Such knowledge, he continued, can be used to good advantage "in the development of U. S. policy regarding credit, P. L. 480 programs, market development and promotion activities and the U. S. farm program itself."

Johnson conceded that most of the discussions in various countries centered on merchandising subjects, but said there also was a keen interest in U. S. farm policy, production practices and other matters not related directly to merchandising.

The seven-day week was common to ancient China, Peru and Babylon.

# New Middle School 'looked like cave'

By STEVEN FLUITT AND NAN GONZALES

Two and a half weeks ago the Post Middle School returned to school and found a big mess.

"It looked like a cave when you first walked in," said Damita Eilenberger. It was dark because there was no electricity.

First the halls got lighting and then one by one, most of the classrooms got light. However, there were still some rooms without light or electricity, after two full weeks of school.

Other student comments about the first day of school are:

Frances Cendalski:

"When you try to move a chair, it's hard because of the carpet."

Mary Bassinger: "I like it better than last year because the lockers are not icky looking."

James Brown: "Already I love the atmosphere of the building and all the rooms."

Patty Hale: "...a whole different place than before. It smelled like varnish and wet paint. The rooms were very clean and neat. The floor was smushy and soft. It felt good to my feet."

Shannon Adkins: "The rooms are very big and have more space, and that makes it easier to work..."

Robbie Williams: "I think it will be nice once they've finished."

**Mark Holly heads high school choir**

Mark Holly was elected president of the high school "A" Choir in elections held recently according to director Mrs. Debbie Clary.

Elected to other offices were Janet Blacklock, vice-president; Crystal Mason, secretary treasurer and Raymond Raymundo as leading chairman.

**Pictures will be taken Friday**

On Friday, Sept. 14, Middle School pictures will be taken. They are in color, and students are reminded to dress colorfully.

Annual advisor Priscilla Williams asks that there be no sundresses worn as they make the girls look too bare when parts of the picture are trimmed away to be the right size for the annual.

## Jana Terry named Greenhand queen

Thirty-one members of the Post Greenhand FFA Chapter were present at the

regular meeting of the chapter last Monday night, Sept. 10, in the vocational building.

### Lunch Menus

**LUNCH**  
Monday, Corn dogs, cabbage slaw, pinto beans, lemon pudding and 1/2 pint of milk.

Tuesday, Frito pie, lettuce salad, buttered corn, cookies, sliced peaches and 1/2 pint of milk.

Wednesday, Chicken fried turkey with gravy, green beans, whipped potatoes, jello with fruit, hot rolls and 1/2 pint of milk.

Thursday, Lasagna, sweet peas, fried okra, special K cookies and 1/2 pint of milk.

Friday, Stew, cheese sandwich, French fries, pear halves and 1/2 pint of milk.

### BREAKFAST

Monday, Cold cereal, purple plums and 1/2 pint of milk.

Tuesday, Oatmeal, toast, bacon, juice and 1/2 pint of milk.

Wednesday, Cinnamon toast, applesauce and 1/2 pint of milk.

Thursday, Buttered rice, bacon, toast, juice and 1/2 pint of milk.

Friday, Cold cereal, peaches and 1/2 pint of milk.

The members of the chapter elected officers. The new officers are: Larry Rodriguez, president; Jeff Riedel, vice-president; Jana Terry, secretary; Alfred Mullingus, reporter; Ray Mason, treasurer; and Sam Butler, sentinel.

The chapter also elected the Greenhand queen, Jana Terry.

The group decided to set their meetings for the second Monday of each month at 8 p.m.

The next meeting will be held November 12 at 8 p.m. in the vocational building.

## Two church groups in Sunday cookout

Approximately 80 members of the Post Church of Christ and the Graham Church of Christ enjoyed a cookout and get-together at the river bed east of Post following church services Sunday night.

Those present enjoyed a weiner roast with all the trimmings then enjoyed a fellowship and singing.

## Teen Scene By Norm

**YEAH!!** The annuals are finally here and this week has been declared "NATIONAL LIE WEEK." Oh the excitement of it all when you get that certain one to write in your annual and read it over and over. Don't forget the annual signing party to be held in the auditorium Sept. 22 along with a movie sponsored by the Student Council. Sorry but the name of the movie can't be published in the paper according to the rules of the film company, but it is a popular movie suitable for all ages and there will be a \$2 admission charge. I can tell you this, it stars LEE MARVIN AND JANE FONDA. Does that tell you anything???

A belated Happy Birthday goes to Patty McCowen. HB Patty.

Larry Dodson also celebrated his birthday last Friday and was given a party in his room Saturday by a host of visitors. He had quite an enjoyable time. In fact, Health Sciences Hospital will probably never be quite the same. (Just kidding). Larry thoroughly enjoys having company and is in room 318 at Health Sciences Hospital in Lubbock. Get well soon Larry.

Good news in the fact that Jimmy Ticer was released from the hospital last week and is recuperating at home. Hope to see you up and around soon Jim.

Saw several college kids home last weekend for the ball game. Danny Nelson, Carlos Varela, Johnny Morrow, Jody Palmer and roommates and others. Talked to Carlos for a while and his life is never dull with Rex as a roommate.

The Youth Center hours have been changed what with school starting. It will be open on Tuesday and Saturday nights with the Tuesday hours 7:30 til 10 and Saturday night 7:30 til 11. It will not open on Thursday nights as everyone needs to go out and support the 7th, 8th, frosh and JV football teams.

The frosh and JV will be opening their season here Thursday night against

## Band boosters meet Friday

Jim Jackson, newly elected president of the Antelope Bank Boosters, has announced that the first organizational meeting will be this Friday, Sept. 14, at 7:30 p.m. in the band hall. This is open night for the Antelopes.

This is a very important meeting and each band parent and anyone interested in becoming a band booster is urged to attend this meeting. Committees will be appointed and projects for the coming year will be discussed.

Lockney starting at 5:30. See ya there.

Congratulations to Arnie Palmer (Alias Ronnie Bilbo) for getting a hole in one at the local golf course.

And to Jana Terry for being selected Greenhand Queen, congrats. Jana also wanted me to announce that she has a black and white cat to give away to a good home. If interested, call her.

See ya at the game Thursday!! BEAT LOCKNEY.

Chow .....

## 'Old' annuals here at last

The Post High School annuals have arrived! They can be picked up at the journalism room of the high school between 8:15 and 10:30 every morning.

The Student Council of Post High School will be showing a movie at 8 p.m. in the primary auditorium on Saturday, Sept. 22. The admission charge will be \$2.00. The seniors of '79 are encouraged to attend as well as any other students, Junior high or high school, or parents.

Seniors of '79 are invited to bring your annuals and have them signed by your former classmates. Time will be allowed for you to have them signed. This is a chance for the Seniors of '79 to get together and have an annual signing party as well as enjoy a good movie.

## 4-H clubs set meetings

Several of the area 4-H clubs have announced meeting dates this week and are planning for their new year of projects. Among those who have set meeting dates are the Graham 4-H club which will meet Tuesday Sept. 18, at 7:30 p.m. in the Graham Community Center. Also, Southland 4-H club will meet Tuesday Sept. 18 at 3:34 p.m. in the Southland School. Close City will meet each third tuesday of the month.

This time of the year is when anyone interested in beginning their work in 4-H should contact their leaders in the area in which they live and begin working in this worthwhile organization.

Information concerning clubs and meeting dates and any other information can be gotten by calling the County Agents office.

Boys and girls of the area are encouraged to attend these meetings.

### Who gets two—

(Continued From Page One) school district or the county will get the fifth member. While the county has the largest full value valuations, the school district uses a larger percentage of full value and thus may have the largest taxable valuation of the four districts involved.

The state law provides County Clerk Carl Cedarholm is to notify participating taxing districts of the size of its representation on the selection board by Oct. 1 and by Oct. 15 the county clerk is to provide each taxing district with a list of nominees for the appraisal board.

By Nov. 15, the law requires the participating taxing districts to vote on these nominees. The county clerk is to count the ballots by Dec. 1 and announce the results.

Then on Jan. 1, members of the single appraisal board begin serving two-year terms.

Lott also pointed out there are two ways to select members of the appraisal board.

The participating taxing agencies can agree to each name as many appraisal board members as they have representatives on the selection board. If there is no agreement there, then nominees are proposed and the taxing districts will vote on the list of nominees to determine the composition of the appraisal board.

To clear up a public misconception, the new state law does not require present consolidation of all local taxing offices into a single office, but only a consolidated office for appraisal not tax collection.

If such a new appraisal board undertakes a professional re-evaluation of all taxable property within the county, Lott said such costs would be charged to participating taxing districts. The state also has appropriated a few million dollars to help with the re-evaluation costs and for setting up single equalization board offices in each county.

The counties can remain out of these consolidated county-size appraisal districts if they so choose, the state law provides. But a decision whether to get in or stay out has to be made by Sept. 15.

Garza county's commissioner court voted Monday to include the county in the appraisal district.

In other actions, school trustees set pay for substitute teachers, approved bus driver contracts for the school year, authorized Supt. Bill Shiver to begin procedures to sell two old school buses, took action on workmen's compensation insurance, and decided to hold the school district's public budget hearing at 7:30 p.m. Tuesday, Sept. 18, in the high school library.

Joe Hall appeared before the board to report that the junior high remodeling and expansion project is not "88 to 90 percent complete."

He discussed whose fault Electrifying beef promotes tenderness

COLLEGE STATION — Six hundred volts of electricity jolt the beef carcass 15 times over a one-minute period. The result is pure tenderness. The cost is 25 cents a steer.

Called electrified beef, the process tenderizes meat without chemicals, says Dr. Gary Smith, a Texas A&M University animal scientist. Smith is a member of a team of Texas A&M researchers who developed the meat tenderizing process.

Smith notes the electric shocks change the acid base of the muscle tissue, which makes up 60 percent of the total carcass. Under normal conditions, the muscles shorten as the beef cools, and short muscles mean tough meat. If the shortening can be stopped, the result is tender meat.

There are now 25 electrical beef tenderizing machines in operation in the United States, with seven of the largest in Texas. Smith says, however, that the number should soar to some 300 in this country and by an equal number abroad once the machine is officially cleared by the Occupational Safety and Health Administration, which began an investigation of safety features on the machine in April.

it was that a floor buckled in the old gym building, mud in the school boilers, and a bad fly problem in the school lunchroom. He advised the board to have blow down fans installed in the in the lunchroom doorways to discourage flies from entering the lunchroom. He said this was the most effective method.

He even nailed the scoreboard failure at Friday night's opening football game in Antelope Stadium to putting in scoreboard bulbs with too much wattage.

On the new pay scale approved for substitute teachers, such teachers with a degree will receive \$25 per day, those with some college training \$22 a day, and other such teachers will continue to receive \$20 per day.

### City's new budget—

(Continued From Page One) \$3.75 an hour, field employees on the payroll at least six months to \$4 an hour, and lab technician to \$4.25 an hour. New employees under 6 months employment will receive \$3.67 and be eligible for an increase to \$4 an hour after serving six months and being recommended by the city manager.

Monthly salaried increases, above the eight percent were voted for water superintendent to \$925 monthly, city secretary to \$850, and maintenance foreman to \$800. All other monthly salaried employees will receive eight percent salary increases.

The city's new general fund budget calls for the expenditure of \$529,618.60, compared with the \$545,769 budgeted for the current fiscal year.

The city also budgeted the expenditure of \$67,000 from its federal revenue sharing. This includes \$27,000 for seal coating and \$40,000 toward the purchase of a rubber tired loader.

After approving the two budgets and conducting a public budget hearing unattended by the public, the council voted to lease-purchase a John Deere 444 diesel loader from Yellowhouse Machinery of Lubbock for \$2,300 a month lease.

All the lease money will be applied on purchase of the \$49,500 machine with an \$11,000 trade-in making the net price of the new loader \$38,500.

The council again set the tax rate at \$1.50 with property valuations again net at 37 1/2 percent of true valuation.

In other actions, the council: Heard a request from the law enforcement for city and county to share leasing a radar unit at \$70 monthly. The council decided to first

### Morris move --

(Continued From Page One) club, is campaign chairman of the American Heart Association chapter here, and a member of the First Baptist Church. Phyllis is vice president of the American Red Cross chapter here, secretary of the Women's Division of the Chamber, and vice-president of the South Plains Association of Chamber Executives. Both are members of the First Baptist Church.

Chamber president Larry Willard asks that applications for the open position to be submitted to the Chamber office.

### 802 books are checked out

Post Public Library patrons checked out 802 books during August to boost the library's 1979 circulation to date to 6,841 volumes.

The adults outread the youngsters 2 to 1 during the last summer month, 547 to 255.

Twenty-five new books put were on library shelves during the month to bring acquisitions for the year to date to 284. The library as of Sept. 1 contains 13,337 volumes.

Five film strips were shown in the library during the month and two story hours held.

A total of \$17.75 was taken in through book sales, fines and donations to bring miscellaneous income for the year to \$196.71.

### Feeder cattle are down 2.4 million

COLLEGE STATION — Total U. S. feeder cattle numbers are down about 2.4 million head from a year ago.

"However, the decrease probably won't be large enough to strengthen prices," believes Dr. Edward Uvacek, Jr., livestock marketing specialist with the Texas Agricultural Extension Service, Texas A&M University System.

"Feeders placed 1.6 million head fewer cattle on feed through the first half of this year, which partially accounts for the large numbers of feeder cattle still left," explains Uvacek.

These reduced placements, along with only a one percent reduction in the 1979

calf crop and a sharp reduction in calf slaughter, mean there will be a lot of potential feeder cattle available during the rest of this year, reminds the specialist.

"Cattlemen indicate that this year's calf crop is later than usual. Therefore, calves born in the summer will be added to the total feeder animal supplies available this fall and winter," Uvacek points out.

He adds that feedlot losses have become more common with the lower fed cattle prices. This could further reduce the demand for feeder animals, just when supplies are increasing.

"So, cattlemen hoping for stronger prices this fall may be sadly disappointed," says Uvacek.

EVANGELIST HATHAWAY

Among the high livers is *Stellaria decumbens* — a plant that has been found growing in the Himalayas at more than 20,000 feet.

### Revival is being held

The Grassland Church of the Nazarene opened a revival Tuesday night which

will run through Sunday. Services are at 7:30 p.m. each week night and Saturday with Sunday services at 11 a.m. and 6 p.m.

The Rev. Ken Hathaway, originally from Texas who now lives in an Oklahoma City suburb, is the evangelist.

### Hospital board

(Continued From Page One) make up the operating deficit from regular hospital income.

Sixty-two patients were admitted to the hospital during the month for a total of 281 patient days with the average patients per day of 9.1 far above the yearly average of 6.9 patients and the average hospital stay of 4.5 days well above the yearly average of 3.9 days.

Eight babies were born during the month, no deaths were recorded, and 194 outpatients were treated in the hospital's emergency room.

### Immunize pets now against rabies threat

COLLEGE STATION — Be careful. Your cat, dog, even your horse, can be hazardous to your health.

Texas A&M University researchers report a 175 percent increase in the incidence of rabies in domestic animals in Texas in the first six months of this year.
