

**WHEN TEMPERATURES SIZZLE** — The local swimming pool was a very popular place Tuesday afternoon when the temperature was 104. Shown in the water are l to r, Chris Belongia, Rhonda Storie, Michelle Hill, Carol Holleman and an unidentified youth. (Staff Photo)

We don't know what the hottest temperature ever recorded in Post was, but we do know Tuesday's high came mightily close to it — if it wasn't it.

According to Weather Observer Nick Vukad the thermometer boiled right on up to an official 109 degrees. Nick reported it was "just 101 degrees" here Monday.

Nick took four days off from his duties as weather observer over last weekend to attend the Texas VFW convention in El Paso with Mr. and Mrs. Andy Stelzer, our "thanksgiving neighbors" across the street.

That's the reason you won't find the week's weather at the bottom of today's front page.

While in El Paso, Nick was installed as District 7 VFW commander for 1980-81. That includes posts in Lubbock, Levelland, Lamasa, Slaton, Brownfield, Post, Spur, and Seminole.

What's more this is the second time Nick has served as district commander. His first year in that position was back in 1970-71.

Nick's comment about the convention was spoken like a true weather observer. "It was HOT down there too," he said. "108 degrees hot."

In case you wonder why we call the Stelzers our "Thanksgiving neighbors" it's because when they look across the street on the holiday and see our car in the driveway they call over and invite us to Thanksgiving dinner at their house.

They figure if we're not out of town for a holiday feast with either one of our daughters, they don't want us lonely and hungry at 307 Osage.

You can't have better neighbors than "Thanksgiving neighbors" — and can that Rosemary whip up a holiday feast.

A generation or two ago, community Fourth of July celebrations always featured a fiery, patriotic speech by the leading politician who could be signed up for the assignment. Post's July 4th celebration this year doesn't have any patriotic or political speeches on the program, but it does have a political booth for some

## For July 4th weekend—

# 2 classes plan reunions

Post High graduating classes of 1955 and 1960 will hold their 25th and 20th anniversary reunions here over the Fourth of July weekend.

The two classes will wind up their July 45 reunion with a combined public dance in the community center Saturday night, July 5.

**OH SO RELAXING** — Richie Thompson, son of Coach and Mrs. David Thompson finds the easiest way to cool off is a dip in the swimming pool. (Staff Photo)

## 34% of Garza cotton damaged

Approximately 34 percent of Garza's 55,000 cotton acres suffered damage from either hail or blowing sand last week, County Agent Syd Conner told The Dispatch Tuesday afternoon.

He estimated 10,000 to 11,000 acres of cotton, spread clear across the county but hardest hit is the Kalgary area, where burned by blowing sand last Tuesday night, June 17.

## Moore rites here Tuesday

Funeral services for Mrs. Martha Moore, 86, wife of Joe W. Moore, were conducted at 2 p.m. Tuesday in the First Baptist Church by Dr. Frank Pickett, assisted by the Rev. Ernest Shepherd of Brownfield.

Mrs. Moore died at 10 p.m. Sunday in Methodist Hospital at Lubbock after a two weeks illness.

She was born Feb. 16, 1894 in Dallas County. On Aug. 8, 1915, she was married to Joe W. Moore in Altus, Okla. She was a lifelong Baptist.

The Moores have been residents of Post since 1952, moving here from Ralls where they resided from 1917 to 1952.

Survivors include the husband; one son, Lloyd Moore of Corsicana; one daughter, Mrs. Wanda Cox of Post; two sisters, Mrs. Clara Hudgens of Altus, Okla., and Mrs. Naomi Piercy of Dobbins, CA.; three grandchildren; and four great grandchildren.

Burial was in Terrace Cemetery under direction of the Hudman Funeral Home.

Parts of 12 sections of cotton in the extreme northwest corner of the county were damaged by a Friday afternoon hail storm which also brought about 3 inches of rain to that area.

Both Dr. James Supak, area cotton specialist headquartered in Lubbock, and Conner are advising farmers not to replant if they have "two live stalks per foot of cotton row" due to the late planting date.

Anyway, a shortage of cotton seed is virtually preventing farmers hit by the Friday hail from replanting, although planters already have replanted some 250 acres in that area.

All told, some 19,000 acres of cotton have been damaged by either sand or hail.

A lot of farmers replanted the sand-burned cotton last week because they didn't have to wait for fields to dry out.

County Agent Conner (See Cotton crop, Page 12)

## FFA awards to Post trio

Three members of the Post FFA chapter will be awarded Lone Star Farmer Degrees at the 52nd annual Future Farmers of America convention in Houston July 9-11.

The trio includes Lynn Simpson, president of the local chapter, Drew Kirkpatrick and Adolfo Varela.

E. A. Howard, Jr. and Ray Conner, chapter advisors, also plan to attend the state convention.

John Connally, former Texas governor, will be the keynote speaker at the first general session.

with the exes and the dance that night.

Bob Cato of Denver is the class president and will attend the reunion as will Linda (Hedgepath) Pierce who is coming the farthest distance. Her current home is in Saudi Arabia, but she happens to be back in this country for a visit.

# Oil will pay 88 percent of Post's '80 school taxes

Skyrocketing oil valuations have taken all the sting out of local budget making time for local homeowners and businessmen.

One thing is certain. While budgets will be going up on about an average of 10 percent this year in city, county, and school district, taxes will not be boosted.

Increased oil valuations will take care of that. In fact, despite inflation don't be too surprised to see maybe one small cut in the tax rate.

For the Post school district, oil valuations have jumped \$85,041,510 from last year's \$127,039,680 to \$212,081,190.

Tax Assessor-Collector Billie Windham told The Dispatch total valuation this year is \$239,616,638 with real estate and personal property totaling only \$27,535,448.

Putting a pencil to that oil interests will pay 88 percent of the school district's 1980 taxes, as compared to 80.8 percent for 1979.

Climbing oil valuations also are reported in both city and county.

Taxable oil valuations are believed to have literally doubled for Garza County this year.

County Judge Giles Dalby said Tuesday that he could only guess right now, as he is yet to receive final taxable property valuation totals, but that he would estimate taxable oil valuations in the county virtually

doubled this year.

That means taxable oil valuations (figured at only 25 percent of real value) jumped from \$20,000,000 to around \$40,000,000.

His guess on total county taxable valuation was \$69,

000,000, up about \$20,000,000 from last year.

The big difference between taxable oil valuations for the county and school district is that while the county's is figured at 25 percent, the school takes 75

percent of real value.

The city's oil valuations are up \$3,993,000 this year.

The big increase in oil valuations is due to the big increase in the last 12 months in the price of oil. Valuations of oil properties

are directly related to the per barrel price.

Judge Dalby reported the commissioners court hasn't had a budget work session yet, but information is being gathered for one in the next (See Oil tax, Page 12)

Fifty-Third Year

Post, Garza County, Texas

Thursday, June 26, 1980 Number 4

## Watermelon eating contest too—

# Bike race, frisbee futurity due 4th

The First National Bank will sponsor its second annual Firecracker 500 bike race and Frisbee Futurity during Post's Fourth of July celebration and Rick's Venture Foods again will sponsor a watermelon eating contest.

These three contests were confirmed this week as features of the 1980 holiday celebration in city-county park.

Actually, the Firecracker 500 Bicycle race is scheduled for 10 a.m. in the Post Little League Park, and the Frisbee Futurity will be held at 2 p.m. at the Babe

Ruth baseball park.

Contestants do not have to sign up early for either event.

Frisbee throwing will be judged on both distance and accuracy.

The bank is giving away FNB frisbees, which are the official frisbees to be used in the futurity.

Trophies and ribbons will be given winners in seven age categories in the futurity: 6-7, 8-9, 10-11, 12-13, 14-15, 16-17, and 18 and over.

So if you want to practice your frisbee throwing, best pick up your FNB Frisbee today and get started.

The bicycle race will also be divided into age groups, three to be exact 8-9 year olds, 10-11, and 12-13 with trophies and ribbons to winners in each age division.

Rick's Venture Foods plans to sell ice cold watermelon by the slice, half, or whole in the park as well as sponsor the watermelon eating contest.

Fourth of July Chairman Curtis Hudman said "the last problem" was solved when City Manager Pete Maddox volunteered the city to provide all necessary barbecue wood.

Around 1,200 are expected to eat beef barbecue and all the trimmings at \$2 per plate on the evening of the Fourth.

Bob West again will head the cooks who will put the meat on early for the big barbecue.

Don Ammons, who is in charge of booths and games, reports the Post Volunteer Fire Department again will sponsor a water polo game via fire hoses.

The Post Chapter of the Texas State Teachers Association is sponsoring the bingo game this year, Ammons said. The Antelope Booster Club again will operate its dunking booth.

The Lions Club will sponsor canoe rides again on the lake.

Other booths are planned (See July 4th, Page 12)

**DEE JUSTICE**  
New Rotary President

## Dee Justice heads Rotary

Dee Justice was installed as the new president of the Post Rotary Club at that civic organization's Tuesday luncheon in the community center.

Justice succeeds Henry Wheatley for the new club year beginning July 1. He had served as vice president of the club during the past 12 months.

Other officers installed by Jack Alexander were Danny Shaw, vice president; Charles Adams, secretary; James Mitchell, treasurer; Dwayne Binford, sergeant-at-arms; and Charles McCook, David Newby, Bill Pool, and Everette Windham as directors.

Justice presented Wheatley with a plaque for his service to the club as its president.

In closing the program, Justice outlined his club program for the next 12 months.

## Jay Foster rites Monday

Military graveside services were held at 10 a.m. Monday, for Jay D. Foster, 80, of Post in Terrace Cemetery with Glenn Reece of the First Baptist Church officiating. Services were under the direction of Justice-Mason Funeral Home.

Foster died Thursday, June 19, in the Veterans Administration Hospital in Big Spring following a (See Foster rites, Page 12)

## Young vandal caught in act

One of the juveniles who vandalized the postoffice lobby here the night of June 17 repeated the act late Saturday afternoon — only this time he was caught in the act.

A box patron stopping to pick up his mail about 5:30 p.m. Saturday found an 11-year-old white boy breaking into the boxes and scattering mail.

He held the boy and called the sheriff's office.

Sheriff Jim Pippin told The Dispatch the boy gave a statement admitting both vandalisms of the postoffice lobby and implicating another boy in the June 17 affair.

The other boy also white, was picked up and also gave a statement admitting his part in the first vandalism.

Sheriff Pippin said the two boys were released by juvenile authorities to their parents and the matter is now pending in juvenile court here.

## Pay hike for city workers

The city council held a five and one-half hour "work session" on the new city budget Monday night and still has considerably more work to do before the budget is ready for any final action.

The council has tentatively approved a 10 percent

across-the-board wage increase for city employees.

The \$20,000 salary for an experienced administrator to be the new city manager was left in the budget, though this item was opposed by City Councilman Jim Jackson.

Jackson did not attend the long work session, which did not break up until after 1 a.m. because he was representing the city at an Emergency Medical Service seminar at the University of Oklahoma in Norman, Okla.

City Manager Pete Maddox also was not present as he was attending a water meeting in Plainview.

The council wants to question Maddox concerning various vehicular requests before approving them for the new fiscal year, beginning Oct. 1 and including them in the new budget.

Among these were \$45,000 for a complete new automatic loading sanitation truck, two pickups, and a car.

The present sanitation truck is three years old and has required some \$11,000 in repairs to date.

Maddox requests a new unit with the present one being kept as a backup so when the truck is down the backup can be used to maintain service.

The council discussed the (See Pay hike, Page 12)

## Goals group meets tonight

A meeting will be held Thursday, June 26 at 7:30 p.m. in the bank community room for the committee setting goals for the '80's with all interested persons urged to attend.

Committees will be named for all major areas of concern for the future of Post.

Such areas of concern include housing, seeking new industry, improved cemetery conditions, beautification, downtown renovations, alternate forms of energy, improved sewer and water lines, recreation, better paving and drainage and auditorium.

Persons serving on the committee are Judge Giles Dalby, Mayor Giles McCrary, Jim Wagers, Jack Alexander, Bill Shiver, Larry Willard, Linda Waldrip, Frances Camp, Everette Windham, Jim Cornish and Maxine Marks.

## Our holiday get-together

Post's annual big get-together is all set for next weekend — the Fourth of July celebration in city-county park.

It will probably be mighty hot, but there are enough events on the holiday schedule to keep just about everybody's minds off the heat. Anyway, just a little breeze and it feels "lazy nice" if you sit in the shade.

The Post Chamber of Commerce does itself proud sponsoring this one and a lot of organizations and churches joint in the fun to sponsor booths as fund raisers.

There will be a whole afternoon and evening of good country music, a beef barbecue in the evening, and a free fireworks display to top it all off.

Make your plans to attend and bring the whole family.

It's not only a fun time for Post folks but a lot of former Post folks like to come "home" for a great day in the park with old friends and acquaintances.

In fact, two Post graduating classes have scheduled 20th and 25th annual reunions for the holiday weekend here. There usually is one or more class reunions every Fourth of July.

If you've been hanging back with your own holiday project, it isn't too late to get a piece of the action. Just reserve you some park space with the Chamber and get going.

It used to take a lot of fund raising to stage the celebration in its early years, but at least for the last couple of holidays the well managed celebration has paid its own expenses.

See you in the park next Friday.

## We're thankful for oil

Probably never before — and also very probably never again — will oil properties pay such a major slice of local property taxes as they will this fall.

That's because oil prices have soared, thanks to the Arabs, and oil valuations have skyrocketed at the same pace.

The reason oil probably never again will foot such a large percentage of the bill is because next year the new county-wide Texas equalization districts will take power.

All property in the county will be revalued at 100 percent of market value. That means that the new property appraisal, which will begin here probably this summer, will mean a lot of homes and business buildings will double or more in value on the tax rolls.

Of course, oil will continue to be the No. 1 local taxpayer. The revaluation of all real estate will only mean that property owners are going to pay a slightly larger slice of taxes than they did before because oil will pay a little less.

Tax rates will of course drop as current rates would not be needed to raise the same amount of property taxes.

The new agricultural use method of appraising rural property will come into play for the first time in a major way. That probably will prevent rural land values from doubling or tripling on the tax rolls.

The change next year is sure to cause a lot of misunderstandings and difficulties because most property owners won't believe their eyes when they see their new appraised values.

A lot of folks will be angry and outraged.

But it will gradually work itself out.

We sometimes wonder if local folks appreciate the local oil wealth if they don't happen to own a piece of the action themselves. Just think your school district taxes this coming year would be 730 percent higher than they will be, if we didn't have a single oil well in the school district.

Now that is a very sobering thought isn't it.

The most sobering thought of all of course is how will the tax bill be paid when our oil is gone, which won't be too many years in the future according to the oil forecasters. We can tell you the answer of course, but you wouldn't like to read it, so we won't.

This year, for example, the county, city and school budgets are all expected to climb at least 10 percent each due to the inflationary spiral alone.

But it won't raise any taxes here because of our large oil base.

When next year comes and the big revaluation is complete, let's remember that we will still have a lot to be thankful for even if our share of the taxes do jump.

Oil is not only bearing the major tax burdens here but protecting us as well from the recession which is having damaging results in most other parts of the country.

"IT SAYS 'WET PAINT, USE SIDE DOOR.'"

## Remember When

**10 YEARS AGO**  
 'Bigger and Better' tag pinned on July 4 event, more fireworks and more barbecue; Cheerleaders Janyce Brockman, Sherry Bird, Nancy Cook, Melvena Stewart, Ryan Thomas and Jan Hall win honors at cheerleading camp; Larry West, Church of Christ Minister arrives; Immanuel Olshan, Houston camera bug, will be in Post to 'shoot' Plains Trail; Dog bounties are getting job done; The Rev. Timothy Schwertner assumed duties at Holy Cross Catholic Church; Tommy Young and wife are in St. Louis, Mo., for Jaycee convention; Miss Jodi Cash in overseas tour; Joe Clary, Jerry Johnson and Rodney King receive Little League awards; Indians are Babe Ruth champ; Undefeated Yankees repeat as Little League titlist.

**15 YEARS AGO**

Winder; Five-pound bass jumps into boat with Guy Floyd and grandsons; New York Yankees sign David Nichols; KPOS jumps power to 1,000 watts; W. C. Stivers takes over duties as new administrator of Garza Memorial Hospital; Glynn Gregg elevated to Post's head football coach, Charles Black returning to be first assistant; Larry Bilberry named double trophy winner in Little League awards) Roy Sappington is batting champion in Babe Ruth baseball.

**25 YEARS AGO**  
 Ira Lee Duckworth, vice president of First National Bank, retires after 36 years association with the institution; Dr. Gerald L. Marable comes to Post to be associated with Dr. John R. Rountree; Joe DeArmon installed as new president of Lions Club; Miss Kathryn Walker and Bill Moore are married; Jimmy Moore named all-around champion at annual Dawson County Rodeo; "Davey Crockett"

## Alcohol fuel meeting set

**COLLEGE STATION** — There's still time to pre-register for the alcohol fuel symposium that will key in on small-scale production of ethanol from grain at Texas A & M University, July 1-2.

Sponsored by two agencies of the Texas A & M University System — the Texas Agricultural Experiment Station and the Texas Agricultural Extension Service — in cooperation with A & M's Center for Energy and Mineral Resources, the symposium is designed to bring participants up-to-date on research progress and latest information available on alcohol-fuel.

Discussions will center around issues relating to the production and use of ethanol, including feedstocks, preprocessing requirements, use as a fuel in engines, by-product utilization as well as legal, economic and financial aspects.

People planning to attend the symposium should contact their local county Extension office for complete program details and registration forms.

**LUBBOCK** — Cotton production from the 25 High Plains counties represented by Lubbock-based Plains Cotton Growers, Inc. in 1979 came to 2,750,600 bales of 480 pounds net weight, according to figures just released by the Texas Crop & Livestock Reporting Service (TCLRS), Austin.

The total was the third highest on record, trailing the 1977 crop of 3,215,400 bales and the 2,888,700 bales produced in 1973.

Planted acreage according to TCLRS was a record 4,565,800, over a half million acres above the 4,043,000 seeded in 1978, which was the previous high. But adverse weather, including one of the most severe hailstorms ever seen in August, cut 1979 harvested acres by 17 percent to 3,789,250. Yield per harvested acre for the 25 counties averaged 348.4 pounds, up from the 274.4 pounds

harvested in 1978 but far below the area high of 513.2 pounds set in 1965. The 10-year High Plains average yield per harvested acre, 1970 through 1979, now comes to 356.3 pounds.

Dawson County, with 243,800 bales, led the area in total 1979 production. In second, third and fourth places were Lubbock (240,600), Gaines (228,700) and Lynn (222,000).

Per-acre yield leaders on the Plains in 1979 were

## Short proposes ag fact finders

Senator E. L. Short told a statewide meeting of agricultural leaders in Austin last week that the status quo for agriculture policies is insufficient and suggested that a fact-finding body be established to explore and recommend policy to the legislature, the railroad commission and the Texas Department of Agriculture, and other regulatory authorities.

Short said, "Somewhere we have failed in this great land to take care of our business. Without our farm organizations' efforts, our economy could no doubt be worse. But I believe it is time we agree on a few fundamentals: that major policy and laws which are adopted and passed detrimental to our best interests are advocated by people who use agriculture as a sideline. The part-time farmer in many instances is the person serving on

boards and is appointed to policy-making positions, while his counter-part back home is working his fingers to the bone."

Short continued by suggesting that a new system be established which is more equitable and fair in crop estimates. He encouraged agriculturalists to "get our act together as state and work toward needed changes, especially in Washington."

Short was one of five state officials to address the statewide workshop of agricultural lobbyists.

### WEEKEND TRIP

Mr. and Mrs. Wade Terry accompanied by their granddaughter, Jana, visited in San Angelo last weekend with Jana's sister, the Terry's granddaughter, Cincy Terry.

**20 YEARS OF SERVICE** — Howard Kenith Bullard, right, loom fixer in the weave department at Postex Plant, completed 20 years of continuous service with Burlington Industries June 15. He was honored for this service in the plant manager's office and is shown receiving his service pin and awards from Plant Manager Don Smith.

## STATE CAPITAL HIGHLIGHTS

By Lyndell Williams

TEXAS PRESS ASSOCIATION

**AUSTIN**—House Speaker Bill Clayton's hopes for the political future apparently depend on whether he can speedily clear himself of indictments in the Brilab scam before the general election in November.

Clayton was indicted last week on charges of bribery and other charges, along with three other men. Mister speaker expected the indictments and had told reporters weeks ago, that if he were not cleared of charges by around Labor Day, he would step down from the platform which controls the Texas House of representatives.

Following the indictments, Clayton hasn't had the opportunity to say much: U.S. District Judge George Cire issued a gag order to prevent the case from being tried in the press.

Clayton's lawyers indicated that unless the case is thrown out following a series of pre-trial motions, he will not get the speedy trial he desires. Come November, an indicted speaker may well be a political liability to some members seeking re-election in the House.

### Bryant Goes Public

Clayton's nemesis, Rep. John Bryant of Dallas, is seeking to replace Clayton whether he resigns or not, and is taking his campaign for the speakership campaign to the public. His friends are conducting a letters-to-the-editor campaign and were to have introduced pro-Bryant resolutions in the Democratic state convention last weekend. Bryant plans to go on statewide television with an appeal to voters.

However, Gov. Bill Clements said last week that Clayton's indictments virtually assure he will not get another term as speaker, but that his successor will be Rep. Gib Lewis of Fort Worth.

**Texas Highways**  
Texas highways lobbyists are claiming that the highway system is deteriorating and they will seek additional legislative appropriations in 1981.

The state's shrinking tax base is caused by the weight-based motor vehicle registration tax which is now inadequate because of a consumer trend to buy smaller cars. Higher fuel prices which caused less motoring last summer is also often named as a culprit.

### Fuel Tax Hike?

One solution backed by Clements and Lt. Gov. Bill Hobby is an increase in the state's nickel-per-gallon excise tax collected at the service station pump. Texas has the lowest fuel tax of the fifty states. The Gov. has also said he may be in favor of exemption gasohol and alcohol fuels from the excise tax altogether.

### Juneteenth Holiday

Last Thursday state employees took an official holiday to commemorate June 19, Emancipation Day for Texas blacks. The Legislature voted last session to honor the day when slaves in Texas got word from the United States that they were finally free.

### Busy Attorney General

Texas Attorney General Mark White's office let no grass grow under their feet last week.

White filed a federal court lawsuit in Houston to recover costs of cleanup and damages from an oil spill resulting from a tanker-freighter collision off Galveston last fall. In that accident, the Burmah Agate spilled 20,000 barrels of oil into the Gulf.

White's office also sued a group of Beaumont fight promoters to bar the "Texas Tough Guy Boxing Contests" without a license.

Serious physical injuries to participants and questions surrounding the purse prompted that suit.

### Profits Tax Challenge

White also said the chances are slim that Texas will join other states in challenging the new windfall profits tax in court.

Texas and other oil-producing states might be unable to prove they had been harmed by the new law and thus will lack position to sue successfully, he said.

Currently, the state does not have proof that overall petroleum production from fields in the state was diminished by the tax.

### IN METHODIST HOSPITAL

Mrs. Mary Caywood of Huntley Nursing Home is still in serious condition in Methodist Hospital in Lubbock.

Once you master the knack of sharpening tools, it's a snap!

## Hints For Homeowners

HOME IMPROVEMENT, SAFETY AND ECONOMY  
KEEPING TOOLS SHARP

Before you start on this season's fix-up projects, it's a sharp idea to consider this fact: sharp cutting tools are not only faster and easier to use, they are also safer. Because dull blades on cutting tools have to be pushed harder, they are more likely to slip.

These hints on sharpening are from Cooper the Toolmaker, the maker of such quality tools as Boker knives, Wiss snips and Nicholson saws and files.

To sharpen most hand tools you'll need only a ten-inch Home and Garden file. For heavy-duty work, a grinding wheel and an oilstone may be necessary.

The cutting edge on a wood chisel or plane blade has a bevel ground along one edge. When sharpening, the cutting edge is filed or ground to the original shape of that angle or bevel.

Mastering the knack of maintaining a uniform angle against the tool blade isn't difficult, though it may take some practice. Before start-

ing to sharpen the tool, study its bevel! Then, apply the file, or place the tool at the proper angle against the grinding wheel and maintain this angle.

With a sharpening file, you're now done. If using a grinding wheel, next lubricate an oilstone with a liberal amount of oil and let it soak in. Place the beveled face of the blade flat against the stone, then lift the handle slightly until the edge is in full contact with the stone. Move the tool back and forth with even strokes without varying the angle of contact. Do this first on the coarser side of the stone, then on the fine side.

After years of research scientists have developed a true anti-soil nylon fiber, called ANSO IV which repels dirt, soil and stains, unlike soil-hiding fibers which merely mask soil by optical illusion.

The fiber from Allied Chemical rejects dirt (liquids bead up on the pile surface) so the carpet retains its fresh, new look longer and is easier to clean. This patented process is durable and outwears typical finishes which must be reapplied.

## Real Estate

## Patrick-Compton vows read May 23

Wedding vows were pledged between Ann Patrick and Rodney Compton, Friday, May 23 in the First Baptist Church of Albuquerque, New Mexico.

Dr. Morris Chapman, pastor of the First Baptist Church in Wichita Falls, Texas, performed the 7 p.m. double ring ceremony.

The bride is the daughter of Mr. and Mrs. Ulrich Patrick of Albuquerque and the groom is the son of Mr. and Mrs. H. M. Compton of Post.

Presented in marriage by her father, the bride wore a formal length gown of quiana with a lace yoke. Seed pearls adorned the yoke and extended the full length of the tapered sleeves. The gown was gracefully fitted with an empire bodice and a portrait neckline. The bridal headpiece was a chapel length veil with lace motifs and seed pearls matching that of the gown. The bridal bouquet was made of white orchids, blue sweetheart roses and white lace ribbon tied in love knots.

Mrs. Dwayne Batson of Rio Ranch, N.M. served her sister as Matron of honor and bridesmaids were Misses: Leesa Emery of Nevada, Alison Weingarten and Cindy Stevens both of Albuquerque and Mrs. Brent Casey of Abilene, Texas. They wore formal length gowns of light blue quiana with empire waists accented with blue lace cap sleeves. The matron of honor carried a bouquet of blue daisies and ivy. The bridesmaids bouquets were balls of white daisies with streamers of blue ribbon and daisies in each love knot.

Serving as best man was H. M. Compton of Post, father of the groom. Groomsmen were Randy Kennedy of Tahoka, Steve Pearson of Ft. Worth, Gene Luceford and Chris Womack both of Waco.

Ushers were Rick Patrick, brother of the bride, of Albuquerque, and Ernest Gutierrez, brother-in-law of the groom from Almagordo, N.M.

Candles were lighted by Jon and James Gutierrez, nephews of the groom from Almagordo.

The groom and his attendants were in charcoal grey tuxedos.

Mrs. Patrick, mother of the bride wore a beige gown with matching jacket. Mrs. Compton, mother of the groom wore an original

light blue quiana gown by Lillie Ruben.

Wedding music was provided by organist Judy Bradford and soloists Chris Womack of Waco and Steve Pearson of Ft. Worth. "David's Psalm" and "The Lord's Prayer" were sung by Mr. Womack. Mr. Pearson completed a duet as the two sang "New Creation" while the bridal pair lighted the Unity Candle amid the spiral candleabra that graced the altar and was entwined with ivy and white daisies. The altar decorations and the flowers of the bride and her attendants were done by Mrs. Compton.

A reception followed the ceremony in the church parlor. The table was laid with a white lace cloth. Silver and crystal appointments complimented the table. The centerpiece was made of blue and white daisies adding seed pearl hearts and lily of the valley. The three tiered cake was decorated with blue roses and topped with white satin wedding bells. Serving at the table were Misses: Debra Fisher, Margie Bastell, Yolanda Otero and Britt Tibblain. Miss Otero also registered the guests.

Following a wedding trip to Ruidoso, N.M. the couple will be residing in Burleson, Tex. where the groom is minister of youth and music at the Retta Baptist Church.

A rehearsal breakfast was held in the Fiesta room of the Four Seasons Hotel and was hosted by the groom's parents. The breakfast decorations were carried out in the bride's chosen colors of blue and white.

Out of town guests were from Alamogordo, N.M. Rio Rancho, N.M.; Waco, Tahoka; Missouri, Fort Worth and Post.

### HOSPITAL NOTES

Those admitted to the Garza Memorial Hospital since Thursday of last week were:

Glenda Baker, medical; Marical Crider, medical; Kathy Lopez, O.B.; Carol A. Stitche, O.B.; Jerry Conolly, medical; Frank Perez, medical; Michael Flanigan, medical; Anna Byrd, Clifford Haynes and Rose Dunn.

Those dismissed were Johnnie Norman, Matilde Valdez, Glenda Baker, Kathy Lopez, Carol Stitche and Michael Flanigan.

MRS. RODNEY COMPTON

## Granddaughter is wed in Lewisville

Wedding vows were pledged between Britt Elizabeth Aimo and James Reed Greiten recently in the home of the bride's parents in Lewisville.

Parents of the bride are Mr. and Mrs. Joseph Aimo and the bridegroom is the son of Mr. and Mrs. James Greiten all of Lewisville. The bride is also the granddaughter of Mr. and Mrs. Ray McClellan of Post and Mrs. Helen Aimo of Deming, N.M.

The ceremony was performed by Rev. Richard Gibson of the Coppell Baptist Church before the fireplace which was decorated with a large mirror with English ivy, daisies and baby's breath. A floral arrangement of lavender and white daisies and baby's breath in brass candlesticks on each side of

the fireplace completed the decorations.

Presented in marriage by her father, the bride wore a street length white linen dress with lace trimming. She carried a bouquet of white roses and daisies interlaced with baby's breath and trimmed with white lace and satin ribbon. Carrying out the tradition of something old, she wore a string of pearls, new, her dress, borrowed, diamond earrings belonging to her grandmother McClellan and a blue garter.

Maid of honor was Leanne Munger and serving as best man was Charles Fuller. A reception followed the ceremony in the home with the bride's aunts serving in the house party. They were Mrs. Hal Hopson of Silver City, N.M., Mrs. Raymond Thane, Mrs. Kim Cotney and her cousin, Amy Thane all of Lewisville.

The couple are residing in Grapevine, Tex.

### New Arrivals

Mr. and Mrs. James Stitche are the parents of a baby boy, born June 21, at 6:47 a.m. in Garza Memorial hospital. He weighed 7 lbs. 5 ozs.

Mr. and Mrs. Raymond Lopez announce the birth of a baby girl, Karina Jo born June 19 in Garza Memorial Hospital. She was born at 5:45 p.m. and weighed 6 lbs. 14 ozs.

Mr. and Mrs. Ronnie Williams and Jeffery of Brownwood announce the birth of a baby girl, Casey Jo, born June 19. She weighed 8 lbs. ½ oz. and was 21¾ inches long. Grandparents are Mr. and Mrs. Ozell Williams of Brownwood, Mr. and Mrs. Jeral Smith of Brownwood and great-grandparents Mrs. Jessie L. Williams of Post and Mr. and Mrs. W. H. Smith of Amarillo.

## Twin Cedars News

Services this week were brought to us by Rev. Leon Flemmer. We really enjoyed it.

We are pleased to announce that we have two ladies going to Activity Director school in Snyder. They are Claudette Gill and Jerri Reed. We are also glad to have Edna back with us.

Visitors this past week were Toni Secrest, Etha Mae Caswell, Bea Brown, Tammy Macey, Fern Strange, C.A. and Lucille Walker, Bill and Lottie Sanders, Ella Carter of Artesia N.M., Roberta Herron, Inez McGrew of Lamesa, Virginia, Lenny, Gerald and Marie Clayton, Darling and Priscilla Garza, Ronald and Bea Sherrill, Chana Byrns, Thelma Thomas, Elin Greenfield.

We are glad to have Toni back from vacation. We have missed her a lot. She tells us she had a good time.

Winners in bingo last week were Mrs. Roach and Mrs. Shelnut and for the first in a long time, Mr. Waldrip and John Major.

Until next week. . . .

### The Happy Cooker

Kettle Cook On The 4th! This year, celebrate the Fourth of July by unfurling "Old Glory" and kettle cooking a good old-fashioned U.S.A. barbecue! Put The Happy Cooker™ kettle grill to work and simplify the day. The entire feast can be cooked on one of these versatile outdoor barbecues.

If you're inviting a crowd, roast a plump turkey, a choice cut of beef, or a baker's dozen of chops or burgers to juicy doneness. The domed kettle lid reflects the heat, cooking the meat evenly without turning or use of a rotisserie—one of the many virtues of kettle cooking.

To round out the meal, bake potatoes on the grill, along with corn in its husks, tomatoes, squash or eggplant.

ENGAGEMENT ANNOUNCED — Mr. and Mrs. Neal Clary of 315 North Ave. S announce the engagement and approaching marriage of their daughter, Nancy Carol, to Jimmy Charles Norman, son of Mr. and Mrs. Jim Norman of route 3. The couple plan an August 23 wedding in the First Baptist Church. — (Staff Photo)

## TEEN SCENE By Norm

The rumor has it there is a dance Saturday night. NOT SO! I'm working on it, but as of yet no date has been set for it. Will let you know in plenty of time!!!!

Happy Birthday this week goes out to Karen Davis, Lance Dunn and Jeff Riedel. Two of them are in the paper elsewhere and one under an alias as RUG RAT!

Mark Greer visited in Dublin with his grandparents last week and on his way home also visited in Big Spring to look over the college.

Pam Baker of Idalou is visiting in Post this week with Jerri. She is going to take a remembrance of Post home with her as she has one of the worst sunburns I've seen in a long time.

Scott Walker and Rex Cash returned home this week following a tour of Alaska. I wish they could have bottled up some of that cool weather and brought it back with them. They missed the last part of their tour, as the ship they were supposed to take hit an iceberg and had to be dry docked for repairs.

Pat Mitchell is off on a 10 day stay in HAWAII. A graduation gift. He and a

friend from Port Arthur left Monday and I'm sure Pat will have lots of exciting things to tell when he gets back.

Jay Young is driving a new brown firebird. Pretty Jay.

Don't forget the Aerobics and Backgammon lessons at the Youth Center. Sign up now. . . . .

## Common Sense Tips

### Hints For Homeowners

#### AIR CONDITIONERS

When choosing a room air conditioner, it's important to select the right capacity to fit your needs.

According to home economists from Whirlpool Corporation, an air conditioner also dehumidifies the air as it cools. A too-large unit can cool a room quickly and shut off before it can do enough dehumidifying so the room feels cold and clammy. A too-small unit cannot cool adequately. Before you go shopping you should know: how many rooms and connecting halls you want to cool; are the rooms sunny or shaded; how many windows of what size and type are in the rooms to be cooled; are rooms insulated in walls—in ceilings; what electric voltage is available.

Knowing the answers to the above questions will help you select the right air conditioner to beat the heat in the most efficient way.

## mothers and babies

### LITTLE-KNOWN FACTS

Between four and seven months of age many babies have trouble taking their milk because they are teething and the sucking makes the gums more painful. One solution is to give them more, but shorter, feedings.

Babies a few weeks old or so may try to suck their thumbs if they haven't had enough to eat or drink.

People concerned about what to buy for mothers-to-be or a new baby can send Mothercare gift certificates from Mothercare, P.O. Box 3881, N.Y., N.Y. 01063.

From 1970 to 1978, heart disease in the U.S. decreased 21 percent and mortality from stroke, 28 percent.

Congressman

**Charles W. Stenholm**

**Congressional Comment**

WASHINGTON, D.C. — During heated debate on the floor, the House recently approved a \$75 million economic aid package for the government of Nicaragua. The House had, earlier, rejected military aid for that country. While opposing United States military aid to this Central American country, I supported economic aid to Nicaragua because I feel that this aid is, in the long run, in the best interest of our nation. Opponents of the Nicaraguan aid bill argued that the United States should not

supply aid to the alleged "communist regime" in that country. In my opinion, there are definite leftist leanings in the Nicaraguan government; however, there is still a chance that a democratic society will form in that nation, the largest country in Central America. Though this chance may be a slim one, I feel that it is vitally important that the United States Congress take this risk because the potential benefits of preventing the spread of Marxism to Nicaragua are much more important than the possible "loss" of the aid

funds. Others are also helping. Mexico and Venezuela are giving more monetary aid to Nicaragua than we are.

In light of the increasingly expansionist attitudes of Cuba's Fidel Castro, it is extremely crucial that we take every opportunity to prevent the spread of communism to other areas. If we do not take a chance on Nicaragua by giving them this aid, we stand the entirely realistic threat of allowing communism to develop throughout Central America — and very possibly — into Mexico. This aid could very well be just what is needed to stem the tide. Spokesmen in Nicaragua for the church, the press, businessmen, and opposition parties to the Sandinistas have told the Congress that the \$75 million aid loan from the United States is the single most important contribution in the effort toward the establishment of political liberty in Nicaragua, as well as to improving relations between

our two countries.

Our policy of friendly diplomacy stands to enhance the image of the United States in the eyes of all Latin American nations at a time when American prestige in foreign capitals is in dire need of this improvement. In the future, Latin America will probably be the most important area of the world to the United States. This region has the fastest-growing population in the world, and they buy more American products than any other area. They also sell more of their products to us than any other segment of nations.

Admittedly, the chances of a free society in Nicaragua are not as good as we would like, but, at present, opposition parties in that nation still speak out. Also, the press still enjoys a measure of freedom, and the strong middle class remains an important factor in maintaining internal stability and democratic sentiments.

The general conclusion is

Congress is that most of the people in Nicaragua do not want to be dominated by Cuba or the Soviet Union. They want to live in a free society, and I am convinced that this gesture of aid from the United States is the proper move in order to assist the people of Nicaragua at this critical time of decision and to assure a more favorable position for the United States in our relations with Central America.

**CANYON VISITORS**

Mr. and Mrs. Herman Taylor of Canyon is visiting in the home of Mrs. Zora Robinson this week.

**BACKGROUND ON BUSINESS**

**Buying Gold Coins**

An increasing number of American business people and other investors are finding there can be money in money; that is, in gold coins. For those who've considered buying gold bullion coins, The Gold Coins of Mexico can offer a lot to consider.

The Gold Coins of Mexico can provide the convenience, portability and liquidity of owning gold in coin form and offer a range of choices for purchase. With 1.2 ounces of pure gold, Mexico's 50 peso piece,

the Centenario, has the highest gold content of all high circulation gold bullion coins in the world. But if that's more gold than you'd like to consider, The Gold Coins of Mexico offer a variety of sizes for a variety of portfolios. The Azteca, Mexico's 20 peso piece has 4823 troy ounces. The smaller Hidalgo coins, 10, 5, and 2 1/2 peso gold pieces and 2 peso gold coin can make ideal gifts.

Official restrikes of the government of Mexico, they are minted exclusively for the Mexican federal reserve bank, Banco de Mexico.

**Easy-do recipe: 'Fancy flounder'**

**COLLEGE STATION** — "Fancy Flounder," an easy-do recipe for busy chefs, is really baked flounder with a heavenly shrimp sauce — an exciting idea on the Texas cuisine scene from Anette Reddell. Ms. Reddell, a seafood consumer education specialist with the Texas Agricultural Extension Service, The Texas A & M University System, says flounder is one of Texas' most popular fishes marketed on the Gulf Coast. Characteristic of flounder is its mild flavor and very white flesh.

It can be baked or broiled whole or filleted and prepared in a variety of ways. One of the most exciting is "Fancy Flounder."  
**FANCY FLOUNDER**  
2 pounds flounder or other thick fish fillets.  
¼ cup margarine or

cooking oil.  
1 teaspoon salt.  
1 cup sliced fresh mushroom.  
1 can (10½ ounces) condensed cream of shrimp soup.  
¼ cup half and half or milk.

2 tablespoons dry sherry (optional)  
¼ teaspoon rosemary.  
¼ teaspoon paprika.  
Chopped parsley.  
Place fish in shallow two-quart baking dish.  
Drizzle two tablespoons melted margarine over fish and sprinkle with salt.  
Bake at 350 degrees F. for 25 minutes or until fish flakes easily when tested with a fork.

Baste with pan juices several times during baking.  
While fish is baking, cook mushrooms until tender in remaining two tablespoons melted margarine.  
Add soup, half and half or milk, sherry, rosemary and paprika.  
Stir and heat thoroughly. Spoon sauce over fish and sprinkle with parsley.  
Makes 6 servings.

**Scholarships to Garza pair**

**LUBBOCK** — Garza students attending Texas Tech University College of Agricultural Sciences have been awarded two of the 55 scholarships for the 1980-81 academic year.

Erik Howard of route 2, Post, received a \$200 Lubbock Ag Club scholarship and Pamela Warren of Southland will receive a \$400 Stangel scholarship. Scholarship recipients collectively will receive more than \$25,000 for the coming year, according to Dr. Samuel E. Curl, dean of agricultural sciences. Additional scholarships will be announced later in the summer.

# Dodgers win Post Little League crown

## Yank upset of Tigers margin

The Dodgers won the 1980 Post Little League championship this week, thanks to the third place Yankees who upset the Tigers 12 to 2 last Friday night after which the Dodgers went an extra inning to pull out a 6-5 win over the Cardinals.

The results of that pair of games provided the Dodgers victory margin — one game — over the Tigers in a pennant race which has been close since the season opened.

Yankee Pitchers Sammy Bacanegra and Greg Adams combined to throw a one-hitter at the Tigers in the Yankees' pennant deciding triumph Friday night.

Adam Perez's first inning double was the only hit for the Tigers who loaded the bases in the second, fourth, and sixth innings but couldn't get a real rally going because they couldn't get any hits.

The Yankees on the other hand came up with four runs in the first on a walk, a double by Greg Storie, a single by Kenneth Pearson and a double by Simon Salinas.

They added another in the third on Salinas single and two walks and poured seven more clinching runs across in the fourth on singles by Storie and Salinas and a double by Pearson mixed in with walks, and the second single of the inning by Storie.

All of which totaled up three hits each for Storie and Salinas and a pair for Pearson.

The Dodgers weren't exactly knocking the cover off the ball either Friday night as far as the two contenders were concerned. They were held to three safeties by the Cardinals, all of them coming in a three-run fifth inning when a single by Clifford Redman and triples by Lupe Perez and Sammy Basquez, mixed with a walk put the Dodgers ahead 4-2.

But the Cards bounced back with three in the top of the sixth to take a 5-4 lead on walks mixed in with a double by Tony Angerer and a triple by Robert Gill.

The Dodgers sent the game into extra innings in their half when an infield error put Michael Perez

aboard and he worked around to score.

The winning run came in the seventh when Clifford Redman opened with a walk and eventually scored.

The Tigers scored three easy victories during the final week, 19 to 8 over the A's last Thursday, 17 to 1 over the Red Sox Monday night and 17 to 12 over the Cardinals Tuesday night — but there was no way to make up that loss to the Yankees.

The only games for the Dodgers were a pair against the Cardinals and after the extra inning win Friday night they came back Monday night to wallopp the Cards 22 to 6.

The Tigers pounded out 13 hits in their 19 to 8 win over the A's last Thursday night with Keith Tidwell, Danny Payne and Danny Foster each getting three of them.

Keith Craig also got three hits leading off for their Cards in their 14 to 6 win over the Red Sox last Thursday night. He got aboard on an error on his other trip to the plate and scored three times.

The Red Sox got 14 walks in their 22 to 13 win over the A's Saturday night and also were benefitted by seven A errors.

The Dodges proved hits weren't really that important too when they scored 22 runs on only three hits in wallopping the Cards Monday night. The same night the Tigers managed only four hits themselves but converted them into 17 runs in beating the Red Sox.

There were no homeruns in this final week of play.

Only one makeup game remains on the league schedule — that one tonight with the Red Sox battling the Yankees. A Yankee win would push the Red Sox down to share the league cellar with the A's.

Following tonight's final Little League game here, the Little League awards ceremony is scheduled with the presentation of awards and the announcement of the Little League All-Star team which will be formed for post-season tournament play.

On Friday night there will be a swim party for all the Little Leaguers at the city-county swimming pool from 6 to 7:30 p.m.

	W	L	Pct.

## VFW Bucks pull off triple play

Maybe Post's VFW Bucks have won only one out of three starts in the six-team Lubbock Semi-Pro League to date (not counting their fourth start Wednesday night). But they are the only team in the loop to record a triple play so far.

The unusual play came in the sixth inning of their Monday night 7-1 loss to the A's.

With runners on first and second and no one out, third baseman Roy Sappington scooped up Keonny's grounder, stepped on third to get the first out, and threw to second baseman Bryon Compton for the second out. Compton relayed the ball on to first baseman Mike Holly to get the batter for the third out.

"I think I was a whole lot more excited by that play than my players," Manager Boog Holly told The Dispatch.

## Dodgers, Tigers in Lubbock meet

The Dodgers and Tigers, the top two teams in the

Raymie Holly got Post's only run in that game when he singled to lead off the fourth and worked his way around on a ground out and Clyde Cash's single. Holly also doubled to lead off the second.

The Bucks got their victory June 20 when they edged the Lubbock Stars 6 to 5 at Lowry Field.

A double by Compton and singles by R. Holly and Sappington brought three runs home in the first inning. The Bucks got one more in the fourth on Mike Hair's double followed by a single by Casey Zachary, and another in the fifth on Ronnie Bratcher's single.

In their opener, the Bucks dropped an 11-0 verdict to the Lubbock Dawgs June 18.

Both Post teams are scheduled for first rounders Saturday afternoon.

The champion Dodgers will play Northwest No. 2 of Lubbock at 3:30 p.m., and the runnerup Tigers will take on the Northwest No. 1 team at 5:30 p.m.

Both games will be played at Covington field, 24th and Quaker, for fans who plan to make the trip.

The tournament will run through Thursday, July 3.

**50TH ANNIVERSARY**  
 Mrs. Vera Gossett attended the 50th wedding anniversary of her aunt and uncle, Mr. and Mrs. W. C. Maxey in Earth, Sunday.

There wasn't a lot of anything to write about in that one, except that the local club was the victim of a no-hit game with only one runner getting aboard on a walk in a contest held to five innings.

The Bucks were scheduled to play a return game with the Dawgs Wednesday night and to meet the A's

again Friday night.

Lubbock's leading semi-pro club, the Hubbers, are also in the league but the Bucks haven't played them as yet.

Manager Holly has between 16 to 30 players on the local squad. The VFW post here purchased the team all its needed equipment.

## Mets take lead in minor play

A lot of unusual things happened in Minor League play during the past week with the two previous unbeaten league leaders having all kinds of trouble winning.

The Mets and Colts, both unbeaten, finally hooked up against each other and split a pair of games. The Mets beat the Colts 7 to 3 Friday night, but the Colts bounced back Monday evening to win 5 to 3.

Then the Mets could only tie the Rangers 10 to 10 Tuesday evening while the Dodgers were humiliating the Colts 17 to 3.

All of which left the Mets a half game in front of the Colts no matter how tie games are scored (and The Dispatch isn't sure on what to do with tie games).

If all this wasn't enough the last place Texans won two in a row to climb up to fifth and the Astros lost three in a row to fall from third to sixth.

The Dodgers also won a pair to take over third place.

Eleven homeruns were hit in Minor play during the week.

David Martinez hit one for the Texans in their 9 to 5 win over the Rangers, and Anthony Perez and Bill Rankin each poked one for the losers in that one.

Rance Sappington and Matt Holly got roundtrippers for the Mets in their 7-3 win over the Colts, and then

## Braves take charge in Babe Ruth play

The Braves took complete charge of the Babe Ruth League standings this week as they powered their way to two easy wins.

The Indians didn't climb out of the cellar but they did win their first game in seven starts when they squeezed by the White Sox 6 to 5.

The loss dropped the Sox to even .500 baseball with a 3-3 record and left the Braves with a comfortable 2½ game lead.

The Braves rapped out 16 hits in their 18 to 9 win over the Indians last Thursday night with Chris Belongia, Milton Williams, Irvin Price, and Daniel Gonzales leading the way with three safeties apiece. Paul Perez and Roy Gonzales each got two to account for the rest of them.

Milton Williams scattered six Indian hits to earn the victory.

The Indians in their 6 to 5 win over the White Sox stood off a four-run closing rally in the top of the seventh by the Sox who stranded the tying run on

	W	L	Pct
Braves	6	1	.855
White Sox	3	3	.500
Indians	1	6	.143

RESULTS

End of Season.	

third base as Pitcher Danny Martinez got a strikeout to finally retire the side.

All told the White Sox got only two hits, both singles.

The Indians got six with Catcher L. D. Harper and First Sacker Curtis Cline-smith each getting a pair. Harper's first hit was a homerun with one aboard in the third.

Four walks, an error and a double by Danny Valdez accounted for the White Sox big rally in the seventh.

The Braves lashed out another 13 hits in their 19 to 6 win over the Indians Tuesday night.

The Braves came up with

a 12-run rally in the sixth in this one to win it. The two teams were tied at 6-6 at the time.

Catcher Belongia got three hits for the Braves in this one, two of them coming in the big rally, to lead the Braves attack. Price had a pair including a triple and Derek Walls and Joe Samora at the bottom of the batting order each hit safely twice with Walls scoring four times and Samora three.

Williams and Roy Gonzales divided mound duties for the winners, holding the Indians to three scattered hits and striking out nine.

## 70 enter All Comers Meet

The first annual All-Comers Track Meet for ages 4-11 was held Saturday, June 21 at the new all-weather track with approximately 70 entrants.

Each entrant received a ribbon in his or her event, thus no times or results were kept of the meet.

The track meet for boys and girls was divided into age brackets with the 4-5 year olds in the Small Fry division. They had a 25, and 50 yard dash, 200 meter relay, standing long jump and bean bag toss;

The Pee Wee division for

6-7 year olds participated in the same events except they had a soft ball throw.

Bantam division for ages 8-9 had a 50 and 100 yard dash with a 400 meter relay, running long jump and softball throw.

The 10 and 11 year olds were placed in the Midget division with their events the same as the Bantam division.

It is hoped that this will become an annual event with the workers and sponsors Saturday picking up new ideas on a bigger and better event next year.

Texas State Library provides—

# 600,000 books last year for blind, handicapped

Texans who can't read ordinary books and magazines because of poor vision or some other physical handicap do read. In the past twelve months, the State Library has mailed them more than 600,000 books recorded on disks or tape, printed in large type, or embossed in braille.

With a wide range of titles from which to choose, these Texans are taking part in a technological revolution that has occurred since the State Library bought and began circulating a few embossed books to the blind in the early 1920's. Today's disks look like ordinary phonograph records, but the play at speeds as slow as 8 and one-third revolutions per minute. Cassette tapes play at fifteen-sixteenths inch per second. Machines on which to play the disks and tapes are furnished.

The titles from which readers can select range from recent best-sellers, through older fiction and non-fiction to the classics. "The requests tell us that readers want the same books that other library users want," says Donald K. Bailey, director of the Division for the Blind and Physically Handicapped.

Most of the books in the collection come from the Library of Congress, which operates the National Library Service for the Blind and Physically Handicapped. As the Regional Library for Texas, the State Library receives an allocation of books based on the number of active readers. In addition, volunteer recording program at the State Library is producing titles that the Library of Congress has not recorded—particularly titles about Texas and the Southwest. As an increasing number of regional libraries produce

titles of interest to their readers and make master cassettes available for reproduction, the number and range of titles are growing rapidly.

"The State Library's program began because State Librarian Elizabeth West felt that blind Texans needed library service just

as sighted ones did," says Dr. Dorman H. Winfrey, director of the State Library. "At that time, the State Library circulated books of all kinds to Texans who did not have local library service. To Miss West, the blind Texans were simply Texans who lacked local library service."

In 1931 federal legislation created the National Library for the Blind at the Library of Congress, which designated the Texas State Library as the regional library for Texas. The program remained small until the mid 1960's when service was extended to include not only the blind

but also persons with physical handicaps that prevent their holding a book or turning its pages.

Rapid growth during the past fifteen years has resulted from a number of factors. With more people eligible after the physically handicapped were added to the list of those served,

there has been more incentive to produce more titles. Improved technology has made it possible to cut the cost of each volume produced. Greater opportunities for younger handicapped persons have encouraged them to improve their educations and to read more. Increased life spans

have resulted in a larger population of older persons with either poor vision or physical handicaps. The recorded books and magazines make it possible for them to continue to read.

"Miss West had the right idea," says Winfrey. "These readers need library service just as other Texans do."

The service today represents a complex partnership. Library of Congress arranges for the recording of most materials. This includes obtaining copyright

clearance from publishers, who forego their profit on the recorded books. The Postal Service provides delivery to and from the homes of readers at no charge. The State Library then maintains the collection of materials and circulates them to readers.

Texans who want more information can call the Texas State Library at 1-800-252-9605 or write Box 12927 Capitol Station, Austin, Texas 78711. as 78711.

## COTTON TODAY

**OSHA Gets Delay**  
The U.S. Supreme Court has granted the Occupational Safety and Health Administration another extension for filing a response to industry petitions in the cotton dust case. OSHA's request said the principal issues in the petitions are likely to be affected by the court's decision in the benzene case and that the agency's response would be of more assistance to the court if it can be framed in light of that case. The deadline was extended to July 7.

**Exports Rolling**  
Cotton exports of 205,100 running bales during the week ended June 8 brought the season's total shipments to 7,755,500. New sales of 97,800 for current year delivery included 71,900 to Canada, 16,300 to Korea, and 12,900 to China. Meanwhile, the total commitments for 1980-81 rose to 2,086,000 with new sales of 99,200 going to Korea, Japan, Indonesia, and Israel.

**USDA Changes Mind**  
The U.S. Department of Agriculture has notified the National Cotton Council that it has dropped its proposal to share its warehouse inspection responsibilities with the states. Director James E. Springfield of USDA's Warehouse Division said 90 percent of the comments received on the proposal opposed the policy change. Without substantial support from those affected, USDA considered it inadvisable to proceed further, he added.

**Extended Loans Available**  
The U.S. Department of Agriculture has announced that the average spot price in May fell below 130 percent of the 36-month average, making extension of cotton price support loans available for an additional eight months. The loan extension option had been suspended in March when the spot price exceeded 130 percent of the 36-month average.

**And Cotton Yesterday**  
Cotton Gin, Texas, the second oldest settlement in Freestone County, was named for a gin built there in 1848 by Dr. J.S. Mills.

BOB UTLEY

## Bible seminar here July 12

"You can understand the Bible" is the title of a seminar of Biblical interpretation that Bob Utley, host of the International Sunday School Lesson, will be teaching at the bank community room here Saturday, July 12, from 8:30 a.m. to 4:30 p.m.

Everyone is invited to attend, especially Sunday school teachers and those laymen interested in studying the Bible for themselves.

The historical-grammatical method of biblical interpretation will be explained and demonstrated. A notebook will be provided.

The cost of the seminar will be a free-will offering at the conclusion.

For further information, call Bob Utley at 806-799-4329.

A sample of the historical-grammatical method can be heard every Sunday on KTEZ (FM 101) radio at 8 a.m. and seen on KLBK (TV 13) at 10 a.m., entitled The International Sunday School lesson.

## 9 3-4 pct. new land bank rate

Jay Dee House, manager of the Lubbock-Tahoka Federal Land Bank Association of Lubbock, announced that effective June 1, 1980, new loans will be closed at the variable interest rate of 9 $\frac{3}{4}$  percent on farm loans and 10 $\frac{1}{4}$  percent on rural residence loans, the same rate now being charged existing borrowers on the variable rate.

This is a reduction from a 12 percent fixed rate on farm loans and 14 percent on rural residence loans which was put into effect earlier this year.

The Federal Land Bank of Texas introduced the variable rate in 1969, which allows the billing rate to increase and decrease with variables in the money market. Earlier this year, faced with unprecedented high money cost, a fixed rate loan was offered on a temporary basis. Improvement in the money market in recent weeks makes it possible to return to the variable rate on new loans.

The Lubbock-Tahoka Federal Land Bank Association of Lubbock makes long-term real estate loans on farm and rural residence property in the counties of Lubbock, Lynn, Garza and a part of Borden.

ATTENDING CAMP  
Leigh and Jay McCook, Lisa Brown, Trasi Craft, Krishna Mason and Karen Moore are attending a two week Church of Christ Camp at Camp Blue Haven in the Sangre de Cristo Mountains outside Las Vegas, N.M.

## Gifts made to Heritage Center

LUBBOCK — A landmark barn from the 6666 Ranch, articles once the personal possessions of the famed Indian Chief Quanah Parker, and furniture once used by the legendary Burk Burnett have been given for display at the Ranching Heritage Center in Lubbock.

Jim Humphreys, chairman of the Board of Overseers of the Ranching Heritage Association, made the announcement. Humphreys said that Mrs. B. F. Phillips of the 6666 made the gift to the association, memorializing the contributions made to the ranching industry by Samuel Burk Burnett, his son, Thomas Loyd, and Tom Burnett's daughter, Anne Burnett Tandy.

Mrs. Phillips, the daughter of Mrs. Tandy, now operates the Burnett ranches — the Four Sixes Ranch at Guthrie, the Dixon Creek Ranch in the Panhandle, and the Triangle Ranches.

Humphreys said that Mrs. Phillips' gifts included about \$250,000 for restoration of the barn and establishment of the exhibits. He said he anticipated completion of the project in about one year.

The 3,512-square foot barn, built about 1980

had become a landmark on Highway 82 with the brand prominently displayed. Willard B. Robinson, professor of architecture at Texas Tech University, said it will be restored and used as a small theater at the Ranching Heritage Center.

LUBBOCK VISITORS  
Brad, Donna and Brandon Lott of Lubbock visited in Post over the weekend with their parents, Mr. and Mrs. Grant Lott and Mr. and Mrs. Bill McBride.

### JACK SNEED

Church of Christ  
Jack Sneed is the new minister of the Post Church of Christ.  
Mr. Sneed got into the ministry after 10 years of boys club work when he accepted the position as campus minister at Northeast Louisiana University in July of 1970 at the urging of the elders of the College Town Church of Christ in Monroe, La., which oversees the Bible Chair program at the University in Monroe.  
Both he and his wife, Linda, who were wed in the Haynesville, La., Church of Christ Oct. 12, 1963, received their BS degrees at Louisiana Tech University in Bastrop. Jack also did a year of graduate study at New York University and Linda did a year of internship at Confederate Memorial Hospital in Shreveport.  
Linda was a staff medical technologist at Glenwood Hospital in Monroe and since coming to Post has become associated with Garza Memorial Hospital as a medical technologist on a part-time basis.

# Public Notice

## PUBLIC NOTICE

The Legal Services Corporation is a private, non-profit organization established by Congress to provide financial support for legal assistance to poor people in civil matters. In the near future the Corporation will be allocating limited funds to establish new programs, or expand existing programs, to serve eligible clients in various unserved counties throughout the United States.

Counties in Texas under consideration for this purpose include:

Andrews, Armstrong, Briscoe, Carson, Childress, Collin, Collingsworth, Cottle, Crane, Dallam, Dickens, Donley, Ellis, Floyd, Foard, Garza, Gray, Grayson, Hall, Hamilton, Hansford, Hardeman, Hartley, Haskell, Hemphill, Hutchinson, Kaufman, Kent, King, Knox, Lipscomb, Loving, Montague, Moore, Motley, Ochiltree, Oldham, Reagan, Roberts, Rockwall, San Saba, Sherman, Stonewall, Throckmorton, Upton, Ward, Wheeler, Winkler.

Proposals to provide such services are invited from all interested groups. Such proposals and completed grant application materials must be received by the Corporation on or before Friday, July 25, 1980.

Grant application forms and additional information may be obtained by written request to: Regional Director, Legal Services Corporation, Denver Regional Office, 1726 Champa Street, Suite 500, Denver, Co. 80202.

The public will have an opportunity to discuss the proposals, and the subject of legal services generally, at an open meeting in or near each service area under consideration unless it would be impractical to do so. The time and place of such meetings will be announced at a later date. In all circumstances, the views of all interested persons and groups are earnestly requested and will be carefully considered.

## Host families are needed

The Rev. and Mrs. Don Jeffreys, pastor and wife of First Baptist Church, Roby, have recently been authorized by the Youth Exchange Service (YES) board of directors to serve as representatives in this area to handle all related business of the YES organization, based on the incorporation records, bylaws, and philosophy of YES.

This exchange service, with international headquarters in San Clemente, California, has been designated by the United States Government to increase international understanding through the exchange student program.

The exchange service is currently in need of families all over America to provide a temporary home for students wanting to come to the United States on short cultural VISA's. Host families receive a high school exchange student for three to nine months starting in mid August. They are to be enrolled in local High Schools. Likes, dislikes, hobbies, and personalities of the students will be fit as nearly as possible to the same qualities of the host families. The students bring their own spending money are fully covered with medical insurance. "We do not want them to be guests in your home," the Jeffreys said, "but want them to become a part of your family. We want them to learn about middle income American family life."

If you would consider becoming good-will ambassadors of the United States and missionaries of your faith, please call (915) 776-2159 for more details and benefits. There are students waiting for placement now and unless we have a home by mid July, they must be told they'll have to wait. For some of them, this will be their last opportunity to be an exchange student in the U.S.A.

## AVISO PUBLICO

La Corporacion de Servicios Legales es una organizacion privada de fines no lucrativos establecida por el Congreso para proporcionar apoyo financiero para la asistencia legal en asuntos civiles a personas sin recursos. En un futuro cercano, la Corporacion adjudicara fondos limitados para establecer nuevos programas, o expandir los ya existentes, para servir a la clientela elegible en varios condados de los Estados Unidos, que hasta ahora no han sido servidos.

Condados en el estado de Texas bajo consideracion para tales fondos son:

Andrews, Armstrong, Briscoe, Carson, Childress, Collin, Collingsworth, Cottle, Crane, Dallam, Dickens, Donley, Ellis, Floyd, Foard, Garza, Gray, Grayson, Hall, Hamilton, Hansford, Hardeman, Hartley, Haskell, Hemphill, Hutchinson, Kaufman, Kent, King, Knox, Lipscomb, Loving, Montague, Moore, Motley, Ochiltree, Oldham, Reagan, Roberts, Rockwall, San Saba, Sherman, Stonewall, Throckmorton, Upton, Ward, Wheeler, Winkler.

Se invitan formularios de solicitud de todo grupo interesado. Propuestas y solicitudes deben ser remitidas a la Corporacion no las tarde del 25 de Julio, 1980.

Informacion adicional y formularios de solicitud pueden ser obtenidos de: Regional Director, Legal Services Corporation, Denver Regional Office, 1726 Champa Street, Suite 500, Denver, Co. 80202.

El publico tendra oportunidad de discutir las propuestas y los servicios legales en general, en una reunion publica. El lugar y la hora donde se llevara a cabo esta reunion se dara a conocer a su debido tiempo en la region bajo consideracion para recibir los servicios. En la junta publica se consideraran los puntos de vista de todas las personas y grupos interesados.

## HOME FROM EUROPE

Mayor and Mrs. Giles McCrary, Mr. and Mrs. David Newby, and Mrs. Frances Camp returned home last Wednesday from a two weeks tour of Spain and Portugal. They flew the Atlantic both ways and stopped overnight in New York City enroute home. They reported two weeks of wonderful sight-seeing.

## VISIT GRANDPARENTS

Rolanda and Chuck Gordon of Diana, Texas, children of Charles and Portia Gordon are in Post visiting their grandparents, Mr. and Mrs. Oscar Gordon. They will be here until the July 4th weekend.

## VISITS PARENTS

Mr. and Mrs. A. J. Baumann, Donna and Jerri visited over the weekend with her parents, Mr. and Mrs. J. D. Saffel in Petersburg.

**CELEBRATES 89TH BIRTHDAY** — Mrs. Willie Duncan was honored with a birthday party at Huntley's Nursing Home Saturday, June 21 when her daughter and son-in-law, Mr. and Mrs. Mike Custer brought punch and cake for all the residents to enjoy. (Staff Photo)

## Around West Texas

### Via Our Exchange Papers

#### JULY 4TH ART SHOW

**CROSBYTON** — The second annual Crosbyton Arts festival will be held in the Crosby County Pioneer Memorial Building here July 4-5. Craft items also will be sold on the town square July 5. Danny Gamble will judge the show with purchase awards totaling over \$2,000. Entry fee is \$3 with 20 percent commission charged on all sales excluding purchase awards. Divisions include oil still life, oil landscapes, watercolor still life and watercolor landscapes, portraits in all media, animal portrait in all media, pastels and other media, graphics, sculpture, and photography, divided into black and white and color, portrait and other.

#### QUARTERHORSE SHOW

**STAMFORD** — The 40th Texas Cowboy Reunion Quarterhorse show will get under way here July 2-3. This year marks the 50th anniversary of the Texas Cowboy Reunion. Entries may be made at the arena just prior to show time each day. Further information may be obtained from show secretary, Pat Prewit, 915-733-3684 or 915-773-2385.

#### 4-H HORSE SHOW

**LUBBOCK** — Four-H

members from 20 South Plains counties will compete Tuesday and Wednesday, July 1-2, in the District 2 4-H Horse Show at the Panhandle-South Plains Fairgrounds here. There will be 15 halter, showmanship and performance classes. Twenty horses and exhibitors will qualify to participate in the state 4-H Horse Show July 22-26 at Fort Worth.

#### HUGE GARAGE SALE

**TULIA** — A huge garage sale was held here Saturday at the national guard armory to raise money to purchase \$6,000 worth of radios for civil defense purposes. The town found it needed better communications when a recent tornado caused some but not major damage here.

#### RAISING HER OWN

**DENVER CITY** — A local woman was fined \$200 for marijuana possession after she put a container with here 21 marijuana plants outside her house to get some sun and a passerby spotted the drug plants and turned her in to police.

#### CHANGING TO WEEKLY

**FLOYDADA** — The Floyd County Hesperian, which for a number of years has been a bi-weekly, will become a weekly publica-

tion beginning the first of July. The change is being made "by popular demand" of those readers who prefer one big paper rather than two smaller ones each week.

#### WHEAT HARVEST STARTS

**FLOYDADA** — The recent hot, dry weather is just what is needed for the West Texas wheat harvest now getting under way here and across the upper tier of West Texas. A whopping yield of 83.9 bushels per acre on an experimental wheat field already has been reported here.

#### CLINIC IN LIMBO

**SLATON** — The Mercy Hospital here has a certificate of need to construct a clinic to attract a new doctor to Slaton, but right now the project is in "limbo" without financing. Trustees are divided too on whether to hire an architect or not. A new hospital addition also is planned if FHA financing can be obtained.

#### UNDERGOES SURGERY

Sexton Huntley underwent surgery Friday in Lubbock Methodist Hospital. He is still in ICU, but reported to be doing better.

## Huntley Nursing Home News

It was happy 89th birthday for Willie Duncan June 21st. Mr. and Mrs. Mike Custer, daughter and son-in-law of Mrs. Duncan honored her with a birthday party. The residents enjoyed pineapple punch and banana cream cake. Mrs. Duncan looked very pretty wearing her corsage. Many more happy birthdays to her.

Happy Birthday was also in order for Hank Huntley owner and administrator of Huntley Nursing Home. The employees gave Mr. Huntley a surprise party. A beautifully decorated cake and punch was served. Mr. Huntley was very proud of the shirt the employees gave him.

Our thanks to Morgan Ashworth of the Calvary Baptist Church for our Sunday Devotional. Our services each Sunday are appreciated.

A very familiar face at our home is Patsy Craig. She brings us our Bible Study every week and has been doing this for many weeks. We look forward to seeing her each week.

A beautiful arrangement of daisies was given to us by Mary Margaret and Glenn Norman. We understand that they grew them and their daughter Nancy arranged them. They are beautiful and we thank them.

Corine Brown helped to satisfy our sweet tooth with her donation of peppermint sticks. We liked this.

Game time is fun time. Winners in basketball were Winnie Henderson and Pickles Knowles. Ring toss winner was Grace Jobe.

In arts and crafts last week we made picture plaques and are still sewing. We are making lap robes and quilting.

We have many residents that do helpful things for other residents at our home. Bonnie McMahon is our postmistress. She is very faithful in her job and sees that our mail is delivered to our rooms. Another resident and employee that helps us is Willie Sullivan and also Christine Smith. They see to all the mending of our

clothes. We certainly are lucky to have these people.

Leona Smith made the dietary department happy with the pretty dish cloths she gave to the kitchen.

We welcome our two new residents Dovie Milton and Vivian Barnett. We are always happy to welcome new residents and know they will be as happy at our home as we are.

At the beginning of the 1978-79 academic year, enrollment in journalism schools was 70,601 — up seven percent from 1977-78.

President Herbert Hoover appeared on the first television broadcast between Washington and New York on April 7, 1927.

## Oysters The Year Round

Many seafood fanciers rate oysters as the number one ocean treasure. And well they should! Oysters offer delicious, delicate flavor. They are an excellent source of high quality protein, minerals and vitamins. They are also easily digestible whether eaten raw, steamed, fried, baked, frittered or in stew.

Yet, strangely, this centuries-old favorite is surrounded by misconception. The most common fiction is the so-called "R" rule. This rule says that oysters should not be eaten in the months which do not contain the letter "r," but it has no basis in fact.

As a matter of fact, oysters are available year round. Using the time-tested harvesting methods of their forefathers, Virginia watermen long for oysters season after season to produce the largest supply of fresh shucked oysters in the nation.

Oysters are, however, highly perishable. But because of modern processing, transportation and storage practices, you can enjoy oysters whatever the time of the year.

Oysters are sold live in the shell, fresh shelled, frozen and canned. When sold in the shell, they must be alive

when purchased with shells tightly closed. Fresh shelled oysters should be refrigerated or surrounded by ice. If properly handled, they will remain fresh for a week to 10 days. Frozen oysters should not be thawed until ready to use and they should never be refrozen. Also, be sure to use the liquid content along with the oyster meat for maximum flavor.

For a unique seafood experience sure to brighten breakfast, lunch or dinner, try this outstanding recipe from the collection of Virginia Chef Johnny Lockhart of Lockhart's Gourmet Seafood in Norfolk.

### SUNNY SIDE UP OYSTERS

- 8 large oysters
- 1 large egg
- 2 oz. cream
- 1 pat butter
- 1/8 teaspoon ginger

Melt butter in a small casserole dish. Add cream. Lay oysters side by side at one end of dish. Open egg and place sunny side up on other end. Sprinkle on ginger. Bake at 350° F. for about 5 minutes or until egg firms up. Garnish with parsley, or watercress and lemon wedge or sliced lemon and lime. Serves one.

Happy 18th Love, Marinette

**Cotton crop—**  
(Continued From Page One)

points out that farmers still have almost all the cotton season ahead and how cotton stripped down to the bare stalk will develop will depend a great deal on future factors.

"I've seen bare stalk cotton under the right conditions come back and make a bale to the acre," Conner told The Dispatch.

Much of the replanting on the sand-burned cotton was done in the Kalgary area. Farmers in other parts of the county generally left the stalks and only replanted in spots.

**Pay hike for City—**  
(Continued From Page One)

possibility of working out a cooperation agreement with Tahoka, which has the identical automated sanitation system, of each city using the other's equipment when its own is under repair, thus saving the cost of buying backup equipment.

The city purchased two pickups this year and councilmen want to discuss additional needs for vehicles with Maddox before approving them.

The council also needs to meet with the county

commissioners court before determining city funding next year for such joint projects as the swimming pool, where major repairs will be required, the park, and the airport.

The council hopes to hold such a joint session with the county commissioners court in July to seek agreement on these budget items.

At the start of the Monday night meeting, the council held a public hearing on Revenue Sharing Funds for next year.

No one showed up at the advertised public hearing to make any requests for use of the funds.

The council approved using all available funds for a 1981 street paving project and a continuation of the seal coating of city streets.

City Clerk Wanda Wilkerson had estimated \$45,000 would be available in new federal revenue sharing funds, but Mayor Giles McCrary said he was told at a state meeting of municipal officials to expect an increase in revenue sharing funds, not the 25 percent decrease that Mrs. Wilkerson had been advised to expect.

So the size of the revenue sharing is still up in the air.

All in all, the budget work session got a lot of things agreed upon and after a session with the county and their own city manager the council should be ready to whip their final budget into shape.

City Clerk Wilkerson told the council that taxable oil valuations for the city would be up \$3,993,000 this year.

No tax increase is planned.

Overall, the preliminary budget prepared by Mrs. Wilkerson showed about a 10 percent increase over the current one, reflecting inflationary cost increases and the 10 percent wage boost granted city employees.

The preliminary budget for the city, with comparable amounts for the current year in parenthesis, include:

General fund \$697,812 (\$584,084); revenue sharing \$55,598 (\$79,983); oil fund \$120,860 (\$84,860); and water and sewer \$353,002

**Oil tax—**

(Continued From Page One) couple of weeks.

He said the county hopes to make some put-off courthouse improvements this next budget year and if it can find the available money may be buying up to \$200,000 worth of new road equipment for the county's road precincts.

"It's false economy to spend \$20,000 to \$30,000 a year on repairs of old equipment because you still end up with old equipment," Judge Dalby points out.

"The new equipment we have purchased has proven the point that it saves heavy maintenance costs," he added.

A seven percent salary increase for county employees also is being considered for the new budget.

**Foster rites—**

(Continued From Page One) lengthy illness.

He was a veteran of WWI and was a retired registered locksmith. Foster came to Post in 1961 from California to take care of his mother, Hattie, who preceded him in death in 1971. He was a member of the First Baptist Church. Foster was born in Hood County, Feb. 19, 1900.

Survivors include his wife, Mrs. Stella Foster of Tahoka; one son, Jerry D. of El Paso; and three grandchildren.

Pallbearers were Tom Harmon, Glynn Edwards, E. H. Grant, Rick Loving, Lowell Scrivner and Jimmy Redman.

**BACKGROUND ON BUSINESS**

**Public Relations**

How much money a company takes in can depend a great deal on how much—and what kind of—information it gives out.

Public relations is more important to many firms than they realize. Fortunately, you can learn more about PR from a solid, basic public relations text that emphasizes the application of theory to real-world situations.

A new book can mean new improvements for some businesses.

It features 60 authentic case studies and many interesting, real-world examples, presents numerous useful "tips of the trade" and includes the codes of professional standards and Securities and Exchange Commission corporate reporting requirements.

The easy-to-read text covers such current topics as influencing public policy and uses as illustrations such well-publicized cases as the Three Mile Island nuclear accident.

**July 4th—**

**'This year, I'm taking more of a vacation and less of a trip ...**

**HERE IN TEXAS!**

Howdy, I'm Guich Kook. On TV, I'm likely to turn up in the Far West, the Deep South, or even at Mel's Diner. But in real life, I hail from Fredericksburg, Texas.

These gasoline prices got me thinking about where to take my vacation this year. Know what I decided?

To stay right here in Texas. Why, there's lots of things to see and do in my own backyard. And I can do most of 'em on a tank of gas or less.

Say, when's the last time your family took in Astroworld or Six Flags? How 'bout the Alamo? Or Big Bend or the piney woods? A dude ranch? Spanish missions or the Gulf coast? Or some serious camping and fishing at your favorite lake?

I'll bet ya'll can put together a heckuva list in no time flat. More of a vacation ... less of a trip. It sure makes sense to this ol' boy.

What are you waiting for? Take a look outside your door. There's a whole lot of Texas for the takin'. And it's right in your own backyard.
