Caustic Soda Fire Alerts Area

by Wes Burnett

What started out as a fairly routine fire call to a truck on fire Tuesday afternoon turned out to be a potentially dangerous chemical fire approximately six miles north of Post on the southbound lane of Hwy 84.

Post volunteer firemen responded to the call...and began to extinguish the fire with normal water procedures.

An ambulance was called to the scene to administer to the truck driver, Bobby Richardson of Lubbock, who suffered minor first degree chemical burns on his arms.

The truck, owned by Southwest Drilling Mud of Lubbock, carried 20 bags of caustic soda, which is considered dangerous when on fire...the resulting smoke caused a series of precautionary measures to be issued by officials at the scene of the incident.

Officials at the Lubbock office of the Air Control Board advised that the fire should be extinguished with a chemical retardant...and that no contact should be made...firemen were advised to keep a safe distance from the burning materials.

Precautionary measures were also taken to evacuate area residents, although the fire department covered the burning materials with sufficient dirt without requiring the issuing of evacuation orders.

The area was declared back to normal at approximately 3:45 p.m.

Post volunteer firemen Raymond Perdue (left to right), Silas Short and Ivan Line work to extinguish the caustic soda fire, which

erupted in a cargo load on a Southwest Drilling Mud truck enroute to a drilling rig near Post.

Rehearing Meeting

The Texas Water Commission notified various local officials this week that the request for a rehearing of the permit to build the Post Lake will be considered at the Monday, Jan. 24 meeting in Austin.

The application for an extension for the permit was denied to the White River Water District by the Texas Water Commission last month.

The commission meets at 10 a.m. Jan. 24 in Room 118 of the Stephen F. Austin State Office Building in Austin.

The commission will determine at the meeting if there is sufficient evidence to hold a rehearing for the permit extension application.

Homestead Exemption

Any person who signed and received a homestead exemption in 1982 will receive the same exemption in 1983 without having to apply for it unless there has been some change in ownership, according to Jean Westfall, Garza County Tax Appraiser Tax Collector.

All homeowners who turned 65 in 1982 should apply for over-65 exemption at the appraisal office in the court house.

Persons who own and live in the home in Garza County should be receiving an exemption of at least \$5,000 value of \$25 taxes off your Post ISD statement and \$44 taxes off your Southland ISD statement.

Anyone who has failed to apply for a mistake made in leaving it off, the appraisal office would like for that person to please inform them at P. O. Box Drawer F or by calling 495-3939 so an application form can be sent.

All land receiving what is now known as Ag Use Exemption will continue to do so until land use is changed.

If anyone feels their land qualifies for this exemption and are not receiving it, to please contact the appraisal office at the above address or phone.

Bank Deposits Increase

Total deposits in the First National Bank of Post as of December 31, showed a healthy increase over 1981 of \$4.79 million.

The actual increase of deposits amounted to \$4,794,968.61, 13 percent more than last year's total of \$37,700,704.85.

The increase in deposits "is indicative of the general economic stability in Garza County," bank president Jack King comments, "and we hope, a sign that the bank is serving its customers well."

Aggravated Assault

Anselmo Rodela, a resident at 402 South Avenue F in Post, was out on \$50,000 bond following a charge of aggravated assault, in a shooting that took place in front of his residence Monday night at about 10:45.

Frank Rodela, supposedly a cousin of Anselmo Rodela, threatened an occupant in the residence and when he was told to go, he returned to his pickup but then turned back to the house and was shot twice in the head with a 38 caliber pistol.

Frank Rodela was transferred to a Lubbock Hospital where his condition was now known at presstime.

Garza County officers were still investigating the shooting early Tuesday morning.

City Council Postpone Decision

GTE Requests Franchise Renewal

O. D. Hearn, division manager for General Telephone Company and Jerry Slaughter, supervisor, met with the city council for two reasons Monday night at the regular session of the council.

The first reason, Hearn noted, was to ask the council for a renewal of the telephone company's franchise which expired some time ago.

Harvey Morton, city attorney, told Hearn that there were several items in the old franchise which he did not understand and that there were some items that were not included in the franchise that he felt should be.

Morton told the council and Hearn that one particular item not in the franchise that he felt was quite important was that there was no clause stating that they would provide good quality phone service to the city.

Hearn's reply was that, although they did provide good service to Post and Garza County, this clause was not written into any other franchise that they held in any other city. The phone company answers to the Public Utility Commission on its service and have to report every 30 days to the PUC. Morton said he had tried to obtain an audience with the PUC concerning the quality of service question and that they refused to give him an appointment and did not want to discuss that question.

Morton recommended to the city councilmen attending the session that they not sign the franchise at this time pending legislation towards abolishing the PUC. Jim Jackson made the motion to wait and see with the motion being carried.

Hearn's second reason for meeting with the council was to tell them of upcoming changes in dialing for Post. Effective Tuesday, January 25, Post customers will have to start dialing all seven digits in order to reach the party they are calling. This change is due to adding more facilities in the local office. He said handbills would be sent in this month's telephone bills to customers advising them of the change in using the

seven digits. In other words, beginning January 25, you must use the 495 before the number you are calling.

Morton was asked by Hearn to submit a letter to the telephone legal department concerning his requests that should be included in the franchise.

In other action the council heard fire marshal, Ray Bagby give a report on progress being made on some condemned buildings around Post and was told of two other structures being condemned recently.

The council also authorized city manager, (Continued on Page 2)

Commissioners Discuss Road

A public hearing was held during the county commissioners regular meeting Monday morning, Jan. 10 concerning the Old Sims Road with the county asking that a 12 foot width and a 25 ton limit be set for the road.

Bill Hall, Jerry Tyler and Andy Stelzer all appeared before the commissioners to ask questions concerning the road and were told

Post HS Band Members in Region

With 30 schools participating, Post finished fourth with highest total of qualifiers for the All Region Band tryouts held Saturday, Jan. 8 in Abernathy.

Post had seven students to make the All Region Band including Todd Wilson and Patti McCowen in the trombone section; Todd received 10th chair and Patti sixth. Krishna Mason received first chair in bassoon; Kerry Thuett, 15th in trumpet; Jackie Wartes, first chair in alto clarinet; Raenell Rogers, third in mallet percussion; and Fred Mullings, second in auxiliary percussion.

Todd Wilson and Raenell Rogers were selected in last year's All Region Band also.

The All Region Band concert will be held Saturday night, Jan. 29 at Monterey High School beginning at 7 p.m. with rehearsals being held Jan. 27 through Jan. 29.

Director for the Antelope Band is Steven Ladd. (See Photo on Page 2)

by Judge Dalby and the commissioners that they did not want to penalize anyone from using the road, that all they were asking was a little common sense in moving the heavy rigs on the road during wet weather such as was experienced in the past few weeks.

Those attending the meeting were told that a permit would have to be obtained from the judges' office from now on when heavy equipment was to be moved on the road in question.

The new grievance committee was appointed by the commissioners with members to serve being Wanda Wilkerson, Sharon Clay and W. S. Bevers with Billy McKamie being alternate.

Shelia Melton, newly elected Justice of the Peace, met with the county commissioners to ask for their approval to repaint her office and lay carpet. Approval was given for the project.

A motion carried to advertise for a county depository and monthly reports and invoices were approved. (Continued on Page 2)

Olen E. Adams

Funeral services for Olen E. Adams, 84, former Post resident, were held January 8, in Kingston, Oklahoma.

Adams died Jan. 5, in Madil Hospital, after a year of illness. He was born Oct. 9, 1898 in Brady, Texas and was reared in Wynwood, Okla. He later moved to West Texas, and owned and operated Adams Boat and Shoe repair shop in Post. He had resided in Kingston

for nine years. His wife Allie M. Adams preceded him in death in 1966. Survivors include four sons, Keith Adams of Post, Don of Kansas City, Jimmy of Kingston, Okla., Waymon of California and five daughters, Pat Sondres, Kay Jones and Sandra Dickton all of California, Juanita Stephenson of Kingston, Okla., Shirley Selmon of Kansas City; 27 grandchildren and 22 great grandchildren.

Alma Mae Blair

Funeral services for Alma Mae Blair, 87, of Eastland were held Friday, Jan. 7, at 2 p.m. in the Cate-Spencer Funeral Home Chapel of Sweetwater with the Rev. Glenn Reece, pastor of the First Baptist Church officiating.

She died at 12:25 p.m. Jan. 5 in Valley view Nursing Home in Eastland following a lengthy illness.

A longtime resident of both Roscoe and Sweetwater, she was a retired seamstress. She married G. E. Blair June 17, 1915 in Hylton and he died Jan. 29, 1945. She was a member of the Baptist church.

Survivors include two sons, George E. Blair, Jr., of Post, owner of Cockrum Printing, and James E. Blair of Victoria; two daughters, Dorothy Brown of Fort Worth and Mrs. Carlton Clark of Eastland; and two sisters, Ola Harvey of Littlefield and Pearl Armstrong of Abilene; 13 grandchildren, 24 great-grandchildren and three great-great grandchildren.

Pallbearers included Andy Dunagan, Guy Stewart, both great-grandsons; Richard Callaway, Don Brown and Jimmy Clark, all grandsons of the deceased.

A letter was read to the court that a complete jail inspection would be held February 17.

Lonnie Gene Peel, a newly elected constable also met with the court to ask for flashing lights and a radio for his personal vehicle.

Sheriff Jim Pippin was asked to meet with the court to see if any extra lights and radios were available in the sheriff's office with Pippin telling the commissioners that motors were burned up in the lights and that no extra radios were available. Peel was asked to get prices on the lights and radios and to meet with the commissioners at their next meeting.

Sheriff Pippin was asked by the commissioners to sit down with the constables and mutually work together for the betterment of the county.

Rebecca King to advertise for bids on oil and gas leases that are about to expire or have expired and to use the new forms recently drawn up by city attorney, Harvey Morton. Bids will also be let for the city depository.

The two streets in the new housing addition on Avenue S were named Highland and Burlington by the council after pondering several names. These two were chosen because of the many contributions they have made to the city throughout the years.

Before adjourning, the council approved the second reading of the animal code ordinance revision; approved the financial statement and paying of bills and accepted a donation from McCrary & Franklin Charitable Uni-trust Fund in the amount of \$2,000.

The council expected a group from the Omni Television Cable Company to discuss their local franchise but did not appear until after the meeting had adjourned and several council members had already left, therefore the group is scheduled to appear before the council at its next regular session Feb. 7.

Petroleum Edition

The 1983 Salute to the Garza County Petroleum Industry will be published by The Post Dispatch as a supplement to the Wednesday, Jan. 26 edition, according to publisher Wesley W. Burnett.

The tabloid publication is designed to provide Dispatch readers with up-to-date information about the petroleum industry and to give petroleum companies an opportunity to tell their story to the public.

Petroleum related businesses are encouraged to provide stories and photos of their individual operations to be included in the special edition.

The deadline for stories and advertising for the 1983 Salute to the Petroleum Industry will be Thursday, Jan. 20.

Extra copies of the special edition will be made available to tabloid advertisers.

POST, TEXAS 79356

What's Happening By Cheryl Walker

Facing an energy shortage, more Americans are using their fireplaces as an alternate source of home heating. When temperatures inside are kept down, a crackling fire in the fireplace is a cozy and cheery way to keep warm. But these fires, if not carefully tended, could cause tragedy. To use a fireplace correctly, the U.S. Fire Administration offers the following:

Do not use flammable liquids such as gasoline or kerosene to start the fire.

Keep a metal screen in front of your fireplace at all times. Flying embers can start fires.

Don't use excessive amounts of paper to build roaring fires in fireplaces. It is possible to ignite soot in the chimney by overbuilding the fire.

Never burn charcoal in your fireplace, or in a charcoal broiler or hibachi unit inside. Burning charcoal gives off deadly amounts of carbon monoxide.

Be sure no flammable materials hang down from or decorate your mantel. A spark hitting them from your fireplace could ignite these materials and cause a fire.

When you go to bed, be sure your fire place fire is out. NEVER CLOSE YOUR DAMPER WITH HOT ASHES IN THE FIREPLACE. A closed damper can help hot ashes build up heat to the point where a fire could flare-up and ignite the room while you are

asleep. By following the above guidelines you can provide your home with the heat needed and at the same time create a safe, comfortable atmosphere.

Nutrition Today
Being overweight may be a problem for you but don't think you are alone. Thirty million Americans are overweight and fifteen million Americans are obese to a degree that actually shortens their lives. There is significant correlation between obesity and ill health including cardiovascular disease, hypertension, diabetes and arthritis.

Nutrition Today — Weight Control Tomorrow is the title of an informative letter series to be conducted by Mrs. Cheryl Walker, County Extension Agent. The purpose of the series is to help people analyze their eating behavior; learn how to determine overweight, normal and underweight; learn how to plan nutritionally adequate meals with low calories; and learn why people overeat and how to change eating behavior to lose weight and maintain normal weight.

Too many people are turning to fad diets, pills and gadgets in an effort to take off unwanted pounds. These often lead to poor nutrition, economic loss and bad health. It takes a steady balanced diet and regular exercise to take weight off and keep it off.

Sixty-two persons are currently enrolled in the series. They

have received their first letter and will be receiving another letter in about 10 days.

Call the extension office today to enroll in the six part letter series, 495-2050. Take off the extra pounds by understanding the reasons why we overeat. If you have any questions let me know.

 Cotton Survey**

The National Cotton Council will mail questionnaires this week to a sample of cotton growers to assess their 1983 planting intentions, President Edward Breihan said today.

The Council initiated its own survey last year when the U.S. Department of Agriculture consolidated its January and March surveys into one. This year's USDA survey will be carried out in February, and results will not be reported until late that month.

"The Council survey will provide planting intentions earlier," Breihan said. "Individual cotton growers need this information for planning purposes. In addition, Council delegates will need it for their policy deliberations at our annual meeting early in February."

"We want to encourage every grower who receives a questionnaire to complete and return it promptly," the Council president said. "Results will be made available to all cotton growers through announcements in the media."

The Council's 1982 survey indicated that cotton producers planned to plant 11.8 million acres. Actual planted acres turned out to be 11.5 million, according to USDA.

LUBBOCK HWY. CATERING FOR ANY SIZE GROUP **495-2970**

The Post Lady Lopes finished fourth in the Abernathy tournament held last Thursday, Friday and Saturday following their defeat by Ralls 33 to 28.

Only three of the Lady Lopes did all of the scoring in the game with Jean Price scoring 15, Doris Pringler 10 and Regina Williams had three.

Price also led the team in rebounding with 13 followed by Pringler with six.

The team had a total of 30 rebounds, nine steals and 15 caused mistakes but was not enough to overcome Ralls' lead, a team the Lady Lopes had defeated soundly in their own tournament earlier this season.

In the preceding game for the Lady Lopes on Friday with the Hale Center squad, the girls were again defeated 34 to 27.

Scoring but four points in the first period, they were behind at intermission 16 to 30. Post did outscore Hale Center in the third 11 to four, but Hale Center hit for 10 in the final period to only four for the

Lady Lopes.

Pringler led the scoring with 14 follow-

ed by Price with six, Denise Smith had five and Regina Williams

had two.

The Lady Lopes began their district play here Tuesday

night against the Slaton Tigerettes with full results in Sunday's edition of The Post Dispatch.

Lopes Win 3rd

Following their loss to Hale Center in their first game of the Abernathy tournament held last weekend, the Post bold Gold Antelopes came back on Friday to soundly defeat Petersburg 80 to 54 and defeated the Ralls Jackrabbits for the second time this season 68 to 49 to bring home consolation honors for the tournament.

In their Friday game with Petersburg, the old Gold had all around scoring with five 'Lopes in double figures. Tim Tannehill led the scoring with 22 points followed by Will Kirkpatrick who had 14, Irvin Price 12 and Bill Black and James Lee each with 10.

In their consolation game with Ralls, the Lopes again had four members in double figures, this time with Price leading with 19, Kirkpatrick 16, Black and Milton Williams each had 10 and James Lee eight.

The loss to Hale Center on Thursday brought the Bold Gold's season total to 12 and 3.

The Antelopes opened their district play here Tuesday night against the Slaton Tigers which is always an exciting game, with complete results and pictures in Sunday's Dispatch.

Coach Ken Plumlee said the district is expected to be tough with five of the six district teams capable of winning the district crown and the Bold Gold Antelopes figure to be in the top finishers.

Their next outing will be against Idalou there Friday night beginning with the JV girls at 4 p.m. followed by the JV boys, varsity girls and then varsity boys.

It is a district ruling that all four teams will play at each district game beginning with the JV girls.

Coach Plumlee encourages all fans to show up at the district games and support the local teams in their bids for the district titles.

Easter Seal Shootout

Post Junior High students are fired-up and ready for some hot competition under the hoops.

Lubbock area students under the supervision of their coach, will be participating in the 1983 Texas Easter Seal Basketball Shoot-out.

The shootout is open to sixth, seventh and eighth grade students under 14 years of age and will take place January 16 and 17 in the Junior High Gym.

Last year Post had the lowest number of participating students, but turned in the second highest total of donations in the Lubbock area and hope that this year Post will have more participating students and a larger total.

These enthusiastic students will be visiting local businesses and friends in the coming days to solicit community sponsors to pledge optional amounts for each basket made.

The sponsorship money is considered a tax deductible contribution to Easter Seals.

Community support and student involvement in this event will benefit physically handicapped children and adults in Texas.

Two statewide Basketball Shoot-Out winners will be selected: The student who shoots the most baskets in a 3 minute time period, and the student who raises the most in pledge money for Easter Seals.

These winners will receive their grand prize on February 26, 1983 when they and their coach or PE teacher will sit in a prime seat as guests of the UT Longhorn Basketball Team at the UT vs Baylor game in Austin.

These winners will also receive a trophy, airfare, overnight accommodations and dinner at a well-known Austin hotel and restaurant.

7th Girls Lose One

The Post 7th grade girls' basketball team came up on the short end of a 28-7 score following Monday night's contest here with Slaton.

Scoring for Post were Tammi Braddock and Jennifer Owen with two points each and Jayta Ticer and Keitha White with one point.

The next game is Jan. 17 at Idalou.

8th Girls Slip to Tigers

The Post 8th grade girls came within five points of upsetting Slaton in a 35-31 thriller here last Monday evening.

Kim Smith led the 8th grade girls with 19 points, followed by Angie Holleman with eight and Tyra Alexander with four.

"We are proud of the outstanding support Pam Baker gave us substituting from the bench," coach Lu Allen comments.

Tammy Johnson and Laura Crenshaw were the other starters for the team.

The 8th grade girls travel to Idalou Jan. 17.

Freshmen Girls Lose to Slaton

Coach Sonja Curry's freshmen girls found the first half of play 'tough going' in their game with Slaton here Monday night in a losing cause 24 to 32.

Scoring only eight points in the first period to 15 for Slaton, Post added but three

in the second period to 10 for Slaton.

Post hit for five more in the third with Slaton having the cold period, adding but one point to their side and Post again outscored the visitors in the final period with eight points to six for

Slaton.

Golden Capps led the local scoring with 15 points followed by Bunny Miller with four, Marcie Sneed three and Stacy Bell two.

The girls next outing will be against Idalou there Jan. 17.

Announcements

A-1 Public Notices

PUBLIC NOTICE
You are hereby notified of the opportunity for written public comment concerning the Construction Permit Application No. C-9240 by Mid Plains Pipeline Company to construct a Natural Gas Processing Plant in Garza County, Texas.

The proposed location is 10 miles northwest of Post on US-84, approximately 1/2 mile north of the intersection with FM-2282. This facility proposes to emit the following air contaminants: Sulfur dioxide, hydrogen sulfide, sulfur trioxide. The Executive Director of the Texas Air Control Board has made the preliminary determination to issue this permit. Before a permit can be issued for this facility, all emission sources must demonstrate compliance with all Rules and Regulations of the Texas ASIR Control Board and all applicable Federal Regulations. This includes the application of "best available control technology" to each emission source and compliance with all ambient air quality standards.

A copy of all materials submitted by the applicant including the preliminary analysis thereof is available for public inspection at the Texas Air Control Board Region 2 office at 5302 South Avenue Q, Lubbock, Texas 79412, and at the Texas Air Control Board, 6330 High-

way 2980 East, Austin, Texas 78723. All interested persons may inspect these materials and submit written comments to the Executive Director of the Texas Air Control Board. All comments received in writing by February 18, 1983, shall be considered by the board in making its decision on the application. All comments will be made available for public inspection at the Texas Air Control Board office in Austin.

A-3 Card of Thanks

Our many, many thanks to each and everyone for all the kindness shown to us during the loss of my sister-in-law, Gloria Horton. The food, flowers, visits and calls meant so much to us. We are so grateful for all your kindness.
Leon and Jadene Clary and family

The family of Gloria Horton wishes to take this opportunity to thank each and everyone for all your thoughtful deeds of kindness and concern shown to us during the illness and death of our loved one. The flowers, food, calls, cards and prayers will always remain with us as a precious memory of the thoughtful people of Post. A special thanks to the ladies of the various churches throughout the county for preparing the meals for us.
Lloyd Horton
Jackie Horton & family
Kathy Brooks & family
Roxanne Jackson & family

Pleasant Home Baptist Church, Rev. Kelly and Sister Kelly and members would like to thank the kind people of the community, you know who you are, for assisting with the funeral of Mrs. Alberta Dillard. Your kind expressions will never be forgotten. May God continue to bless you all.

I want to thank everyone who called, sent cards and flowers. Also a special thanks to Dr. Chun and all the nurses and everyone at the hospital. I shall never forget everyone's kindness.
God Bless all of you.

Funds Available

USDA has announced that they are making available \$31.5 million during the fiscal year ending on September 30, 1983, to be used for conservation programs in targeted areas including Garza County.

Of the total, \$19 million will be administered through agricultural conservation programs, cost-share assistance.

This \$19 million assistance will be divided as follows: \$13.6 million allocated to erosion control in 305 counties; \$4.3 million for water management in 130 counties; and \$1.1 million held in reserve at the national level.

Another \$12.5 million is dedicated for conservation technical assistance, divided as follows: \$10.3 million for erosion control in 339 counties; and \$2.2 million for water conservation in 153 counties.

The following 27 Texas counties are to receive \$720,000 from Agricultural Conservation payments and \$175,000 from the conservation technical assistance part of the program:

Armstrong, Bailey, Briscoe, Carson, Castro, Cochran, Crosby, Dalham, Deaf Smith, Floyd, Garza, Hale, Hansford, Hartley, Hockley, Hutchinson, Lamb, Lipscomb, Lubbock, Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Sherman, and Swisher.

Research, Economic Recovery Stressed
Under Secretary of Agriculture Frank W. Naylor, Jr., feels the nation has economic recovery in place, but many serious problems such as the growing national deficit still must be solved.

He recently addressed the 1983 Beltwide Cotton Production-Mechanization Conference sponsored by the National Cotton Council.

Assistant Secretary Orville G. Bentley told the conference there is vast potential for strengthening cotton and agriculture through science and technology. He voiced strong support for more effective research and related programs.

Maid Begins Orientation

Janie Lea Taylor, 21-year-old home economics major from Arlington, Tenn., is now participating in a month-long orientation on the cotton industry as the 1983 Maid of Cotton.

Selected Dec. 28 by a Beltwide panel of judges after three days of close-up observation, the Maid is visiting with people representing all industry segments and is touring research facilities.

First alternate Maid is Lisa Dianne Downey of Morrison, Ok., also 21 and a senior at Oklahoma State. Two other alternates are Catherine Ann Bays of Little Rock, Ark., and Cynthia Lynn Harkness of Dallas.

New Crop Cotton Enters Loan

Tanner's  TRENDS for  MEN

Partners map progress.

Lewis and Clark were men of destiny who challenged over 2,000 miles of trackless wilderness west of the Mississippi. Captain Meriweather Lewis, army officer and frontiersman, chose the artist and mapmaker Lieutenant William Clark for his partner. From 1803 to 1806 the two young men combined their skills and talents to search for a northwest passage to the Pacific Ocean.

As partners, Lewis and Clark provided detailed maps and valuable scientific journals which later encouraged rapid settlement and development of the West.

Today there is a new frontier to challenge — an energy frontier. You and Southwestern Public Service Company are partners like Lewis and Clark. Partners working together making energy decisions to make a difference. For instance, when you install a High-Efficiency Add-On Heat Pump in your home, you and SPS work together to better manage electricity. And when electricity is efficiently managed, it makes the difference.

Together, Lewis and Clark charted the maps that made the difference which helped win the West. Together, you and SPS can work as partners, charting progress for a new frontier in electricity management.

You and SPS, partners managing electricity, make the difference.

Ministerial Alliance Victory over Depression

BY DONNY CROWSON
Have you ever been disappointed? Have you ever had hopes and dreams that were seemingly crushed? There is no doubt that everyone of us, at one time or another, has experienced the hurt, let down, or depression of a disappointment.

It is a fact, that in all cases of depression, the person mentally is left in sheer agony. The question therefore is, "How can one go about dealing with the depression that comes from disappointment?"

Let's go back to the story of Job. Here is a man that truly was in agony. Even his

friends that came to console him saw that he indeed was suffering a great deal. Job himself said: "I have no peace, no quietness; I have no rest, but only turmoil." (Job 3:26 NIV)

But even as Job cried out in agony, he still knew the Lord to be God. For the same man found to be in agony in Chapter 3 says later in chapter 42 verse 2: "I know that you can do all things; no plan of yours can be thwarted". (NIV)

That's the secret. No matter what happens, God is still God. We must learn to put our trust totally in Him. That goes especially for the times we find it most difficult to trust God.

In his book, "How To Handle Your Hassels and Your Hurts," Bob Turnbull, the Chaplain of Waikiki Beach, lists Nine positive steps for getting out of depression. They are:

- (1) Accept Jesus Christ as the Lord of your life.
- (2) Be Spirit-led, Spirit controlled, Spirit-filled.
- (3) Forgive those who sin against you.
- (4) Renew your thoughts daily. Romans 12:2 says, "Do not be conformed to this world but be transformed by the renewal of your mind, that you may prove what is the will of God..."
- (5) Accept yourself as you are! Don't be something you are not!
- (6) When you think of yourself know that you are an heir with Christ.

(7) Be positive, not negative about happenings. (Read Philippians 4:8).

(8) Serve God and other people. It is hard to be depressed when you are concentrating on the two-way love affair you have with the Creator.

(9) In everything give thanks. I Thessalonians 5:18 says, "In everything give thanks: for this is the will of God in Christ Jesus concerning you."

Turnbull goes on to say, "If you follow God's principles of spiritual therapy, then I guarantee you, in the name of Jesus Christ our Lord, you will have the VICTORY OVER depression!"

That is my hope and prayer for each of you. Remember, in Christ, We have the victory; even over depression.
