

## First 1983 Baby Arrives Thursday Afternoon

### Ashley Lynn Holly

Ashley Lynn Holly, infant daughter of Mr. and Mrs. Raymie Holly is Little 1983 who finally arrived 13 days after the stroke of midnight Jan. 1 to win the title and prizes offered to the winner.

Born in Garza Memorial Hospital Thursday, Jan. 13, at 5:04 p.m. the infant weighed 6 lbs., 2½ ozs., and was 18 ¾ inches long.

Little Miss 1983 and her parents will receive approximately \$500 worth of merchandise from participating merchants including free room and board from Garza Memorial Hospital and a life-time subscription from The Post Dispatch.

Other gifts and merchants include:

Twin's Fashions, a baby blanket; Lott's White Auto, a diaper drying rack; United Supermarket, a case of Luv Diapers, valued at \$35; Hudman Furniture Co., a Rock-A-Crib, valued at \$32.95; The Prescription Shop, an assortment of needed baby products; The First National Bank, a \$50 deposit in a new savings account; Western Auto, \$15 worth of film to take the new baby's photo; Jae's, a \$10 gift certificate; Handy Gifts, a Little Pro Gift Set, which included hooded towel and bib;

Maurine's Flower Shop, a beautiful floral arrangement for mother and baby; Bob Collier Drug, her first prescription and Caprock Gulf, a \$25 gift certificate toward the purchase of gas.

Ashley Lynn is the granddaughter of maternal grandparents, Mr. and Mrs. Bernard Pewitt, and paternal grandparents, Boog Holly and Dora Faye Holly and is the great-granddaughter of Nora Jackson of Post and Mrs. J. R. Middleton of Lamesa, T. V. Hampton and Laura Holly both of Post.

Ashley Lynn Holly (left) gets special arrival as the first Garza County baby for attention from mom and dad, Twila and 1983. Ashley was born Thursday afternoon in Raymie Holly, following the newborn's the Garza Memorial Hospital.

### Game Machine Law

Owners of coin-operated game machines in the city are reminded by the City of Post that they are required to pay an annual occupation tax on each machine.

The tax is due and payable in January of 1983 at the City Hall located at 105 East Main, to Wanda Wilkerson, city secretary.

### Break-In at Vet

The Caprock Veterinary Hospital and Clinic, located on US-84 north of Post, was broken into sometime Sunday night or early Monday morning while Dr. and Mrs. Larry Mills were out of town.

Intruders gained entrance to the clinic by prying open a door.

After gaining entrance into the facility, person or persons unknown apparently went through the facility, taking a few of the doctor's instruments and finding some tools went to the safe.

The safe was beat to pieces until the door could be opened where a sizeable amount of money along with Mrs. Mills jewelry was taken. Also a small amount of money was reportedly taken from the cash drawer in the clinic.

The break-in is still under investigation by Garza County Sheriff's officers.

### WTC Classes

Adult Continuing Education classes from Western Texas College are being planned here if enough interest is shown by local residents.

Registration and classes will begin in early February if enough interest is shown.

Classes being considered are Floral Design, Bridge and Farm and Ranch Spanish.

Anyone interested in any of the mentioned classes are asked to contact Lane Tannehill at Post High School to express which class you are interested in. Tannehill may be contacted at 495-2770.

### Petro Edition Deadline

The deadline is approaching fast for the 1983 Petroleum Industry Salute, a special edition to The Post Dispatch.

The tabloid publication will be a supplement to the Wednesday, Jan. 26 edition of the Dispatch, with a Thursday, Jan. 20 deadline for stories and photos.

"We have been contacting local petroleum industry businesses," Dispatch publisher Wes Burnett explains, "offering space in the publication to tell their stories about services and products offered in the oilfield."

"We want to emphasize that any petroleum industry operation is welcome to provide a story and photos, we're trying to contact everyone, but we might miss a few..." Burnett adds.

"The petroleum industry is one of our main ingredients for such a sound economy here in the midst of national economic bad times," Burnett emphasizes, "and we are excited about telling the story of our friends and neighbors in the oilfield."

### School Board Decision

## Lunchroom Prices Stay at 50¢

Following a review of the first semester's lunchroom program with the reduced fee of 50 cents for full paying students and 40 cents for reduced price lunches required, the Post School Board of Trustees tied in their decision to raise lunch prices back to the old price of 90 cents and \$1.

During the discussion of the lunchroom prices, Superintendent Bill Shiver told the trustees that an average of 73 more students were eating in the facility per day with the 50 cent lunches than before with the full price, and that it is costing the school district \$4,500 a month over and above the set lunchroom fees to subsidize the program now.

Jack Lott and Jack Kirkpatrick both voiced their opinion that they felt double taxation was being paid by those who could afford to pay the full price of a lunch, but board member Don Payne said he felt there should be a community wide meeting to discuss the situation and get the feel of the community on the lunchroom program.

It was decided by board members in attendance that by the time a meeting could be called and held and then to place it back on the school board agenda would take a considerable amount of time with the second semester almost over that they would make the decision then and now.

Don Payne made the motion to keep the lunchroom prices at 50 cents with reduced lunches at 40 cents, with Dr. Charles McCook seconding the motion. Edwin Lewis, Payne and McCook all voted for the motion with Lott, Kirkpatrick and Pru Basquez voting against, with the motion ending in a tie. Board member Royce Hart was not present for the meeting.

## 'Womanless Wedding' Set

A "Womanless Wedding" is in the planning stages by the Post Booster Club.

The event is scheduled for January 29 in the Post Community Center with proceeds going towards scheduled Booster Club projects.

The 'wedding' will have all the necessities including a bride and groom, preachers, wedding music, mothers of the bride and groom and fathers to give the bride away as well as a groom's father.

Lots of bridesmaids and groomsmen will be included in the wedding party as will flower girl and ring bearers and other surprises.

The wedding party is hoped to have at least 30 participants and promises to be very entertaining.

A reception is in the planning stages at this time.

Casting director for the event is Preston Poole and anyone interested in participating is asked to call Preston or attend a meeting at the Garza County court room, Saturday, January 22 at 6 p.m.

With the vote ending in a tie, the school lunches will remain at the 50 and 40 cent level for the remainder of this school year.

In new business during the board meeting, Jack Lott presented his resignation to the board effective March 31. Lott is now serving as president of the Board of Trustees and still has two years left to serve of his term. He asked that his resignation be accepted at the March date to correspond with the spring election of school board places 4 and 5 with a special election to be called to fill his unexpired term rather than to appoint someone now.

Edwin Lewis in position 4 and Prudencio Basquez in position 5 will come up for reelection April 2. In discussing the upcoming election the board voted that the person elected to each position must be elected by a majority vote.

Candidates may begin filing for places on the ballot on January 31st with Mrs. Kay Hays elected to serve as absentee judge.

Architect Duane McQueen met with the

trustees to give a progress report on the building project at the Elementary and Primary schools and the renovation of the auditorium. He said that the project had been delayed about two weeks due to the weather recently and was 20 percent complete as of Dec. 21 with 25 percent of the building in place or done and has used 34 percent of their designated time and had to pick up some time somewhere down the line.

The Post Middle School heating situation was also discussed by McQueen as he told the board that a written chart had been kept by various teachers in different sections of the Middle School and that some control problems needed to be worked out and that repairmen would be here next week to correct the problems.

Superintendent Shiver presented a report to the trustees concerning the Interscholastic League rules concerning the football game between Post and Stamford and noted that UIL rules say than when a school joins the

— Letter to the Editor —

Community Concern Stirs Emotion

Dear Mr. Burnett and People of Garza county,

This letter is in regard to your article in the December 29th, 1982 Post Dispatch titled 'Neighbors Help Shelton Harvest.'

Billy Alexander and I, Robert Baker, are incarcerated in the Coffield Unit, the largest in the Texas

Department of Corrections. Here human emotions are rare and feelings of compassion are null. People are as grains of sand on the beach, and life and death are every day things.

Billy receives The Post Dispatch and letters from Donna Shelton regularly. Donna's last letter

bore news of her mother's death and the help her family received from the people of Garza County. Billy lives next door to me, and showed me the letter upon receiving it. I was overcome with admiration for the strength and acceptance that the Shelton family, especially

Donna has shown in the face of their crisis. I also felt great warmth and respect for the people of Garza County.

Later, Billy and I read the article in the Post Dispatch. We found that it brought us feelings we thought we'd lost the capacity to experience on this callous environment. The love and kindness shown the Shelton family, and their strength and together-

ness touches us deeply and gives us hope. We'd like to thank you, Mr. Burnett, Mr. Morton Smith, the people of Garza County, Donna Shelton and

her family for reaching our hearts. May God show his great love to all of you.  
Sincerely,  
Robert Baker  
Billy Alexander

Ashamed and Embarrassed

By WES BURNETT

Ever since last Tuesday evening we've tried to "sit on our feelings" about the events at the basketball game here.

We tried to brush aside the embarrassment we felt...and tried to tell ourselves we probably ought to just let it alone.

But we just can't do it. We have to spit out how we feel about something when we feel it needs to be said.

We are ashamed and embarrassed about the way a handful of our fans and students reacted following the basketball game with Slaton.

We are unhappy about the way we treated our guests.

We hope the people in Slaton will not find it necessary to be equally immature when we visit there later.

If you weren't at the game and haven't heard about the fuss, you probably should know we are referring to one incident of a fan who threw a cup of snuff juice on one of the Slaton varsity girls.

Shame on you, whoever it is.

And a few of our students, hanging around the parking lot after the varsity boys game, looked for an excuse to start an old-fashioned fight.

"Oh...well, they deserved what they got," was the response of one adult, who we think should know better.

We have spent a lot of space and a lot of our personal time bragging about our students and what a great bunch of youngsters we have in our schools.

For a few to violate this trust, we are truly sorry.

The rest of you, who we know will live up to the fine reputation of Post High School, we commend you for your maturity.

No one is more anxious to see our team win than those of us here at the Dispatch...we hurt just the same as everyone else when we come up short on the scoreboard.

But, we must remember it's not just a game...and how we act off the field is just as important as how we conduct ourselves during the heat of the contest...as a fan or as a player.

We hope this incident will not be repeated and we sincerely trust that those who were guilty of such bad behavior will remember that our reputation as a decent community is at stake.

Hopefully, our guests will remember that actions of a few do not speak for the rest of us.

Girl Scout Cookies Nearing Sale Time

The colorful Kookaburra bird has been chosen as the Girl Scout cookie mascot for the annual Girl Scout cookie sale, Jan. 28 through Feb. 13, according to Mrs. Nolen Swain, President of the Caprock Girl Scout Council.

The Kookaburra symbol will be imprinted upon such awards as T-shirts, posters and patches to be given to girls participating in the two week, fund raising project. Top awards will include camp scholarships towards resident camp fees, or, council events. These awards are given to Girl Scouts who sell 180 boxes of cookies, and 120 boxes, respectively. The cookie sale provides Girl Scouts, ages 6 to 18, with a valuable learning experience. In troop meetings before the sale, girls practice such skills as record-keeping, taking sales orders and making change.

This year, seven varieties of cookies will be sold. Last year's newcomers which sold so well, Kookaburras and Hoedowns, will be offered again.

In addition, five old-time favorites, Thin Mint, Savannahs, Dutch'N Such, Scot-Tea and Chocolate and Vanilla Cremes will be included in the selection of cookies which sell for \$2.00 a box.

Caprock Girl Scout Council and the individual troops benefit from the sale, as well as the girls. All money earned from the project remains in the council for troop activities for assisting girls in participating in special Girl Scout events, for providing services to girls and for acquiring equipment and maintaining facilities as Camp Rio Blanco, the resident camp near Crosbyton.

## Tigers Invade Antelope Gym

Emotions ran high, the Post High School gym was crammed full of people and an uncounted number of folks were turned away at the door due to overcrowding last Tuesday evening as the Slaton Tigers edged the Antelopes 38-37 in the first district contest.

What the fans saw, from both Slaton and Post, was one of the best defensive ball games either team has played all year, as the final score clearly showed.

The Slaton win was only decided in the final seconds as the Tigers came from a 34-30 deficit to score six unanswered points with less than three minutes in the game.

With the score knotted at 36-35...in favor of Slaton and time running out...the Antelopes drew a foul to stop the clock...and Slaton picked up the two most valuable points of the game on free-throws.

Then, with nine seconds left, Bill Black hit a two-pointer...and Milton Williams tried to call time out with three seconds showing, but was ignored by the official...and Slaton left the gym with a one-point win.

Coach Ken Plumlee's comments concerning the game were that it was one of the best defensive games that any of his teams had ever put together.

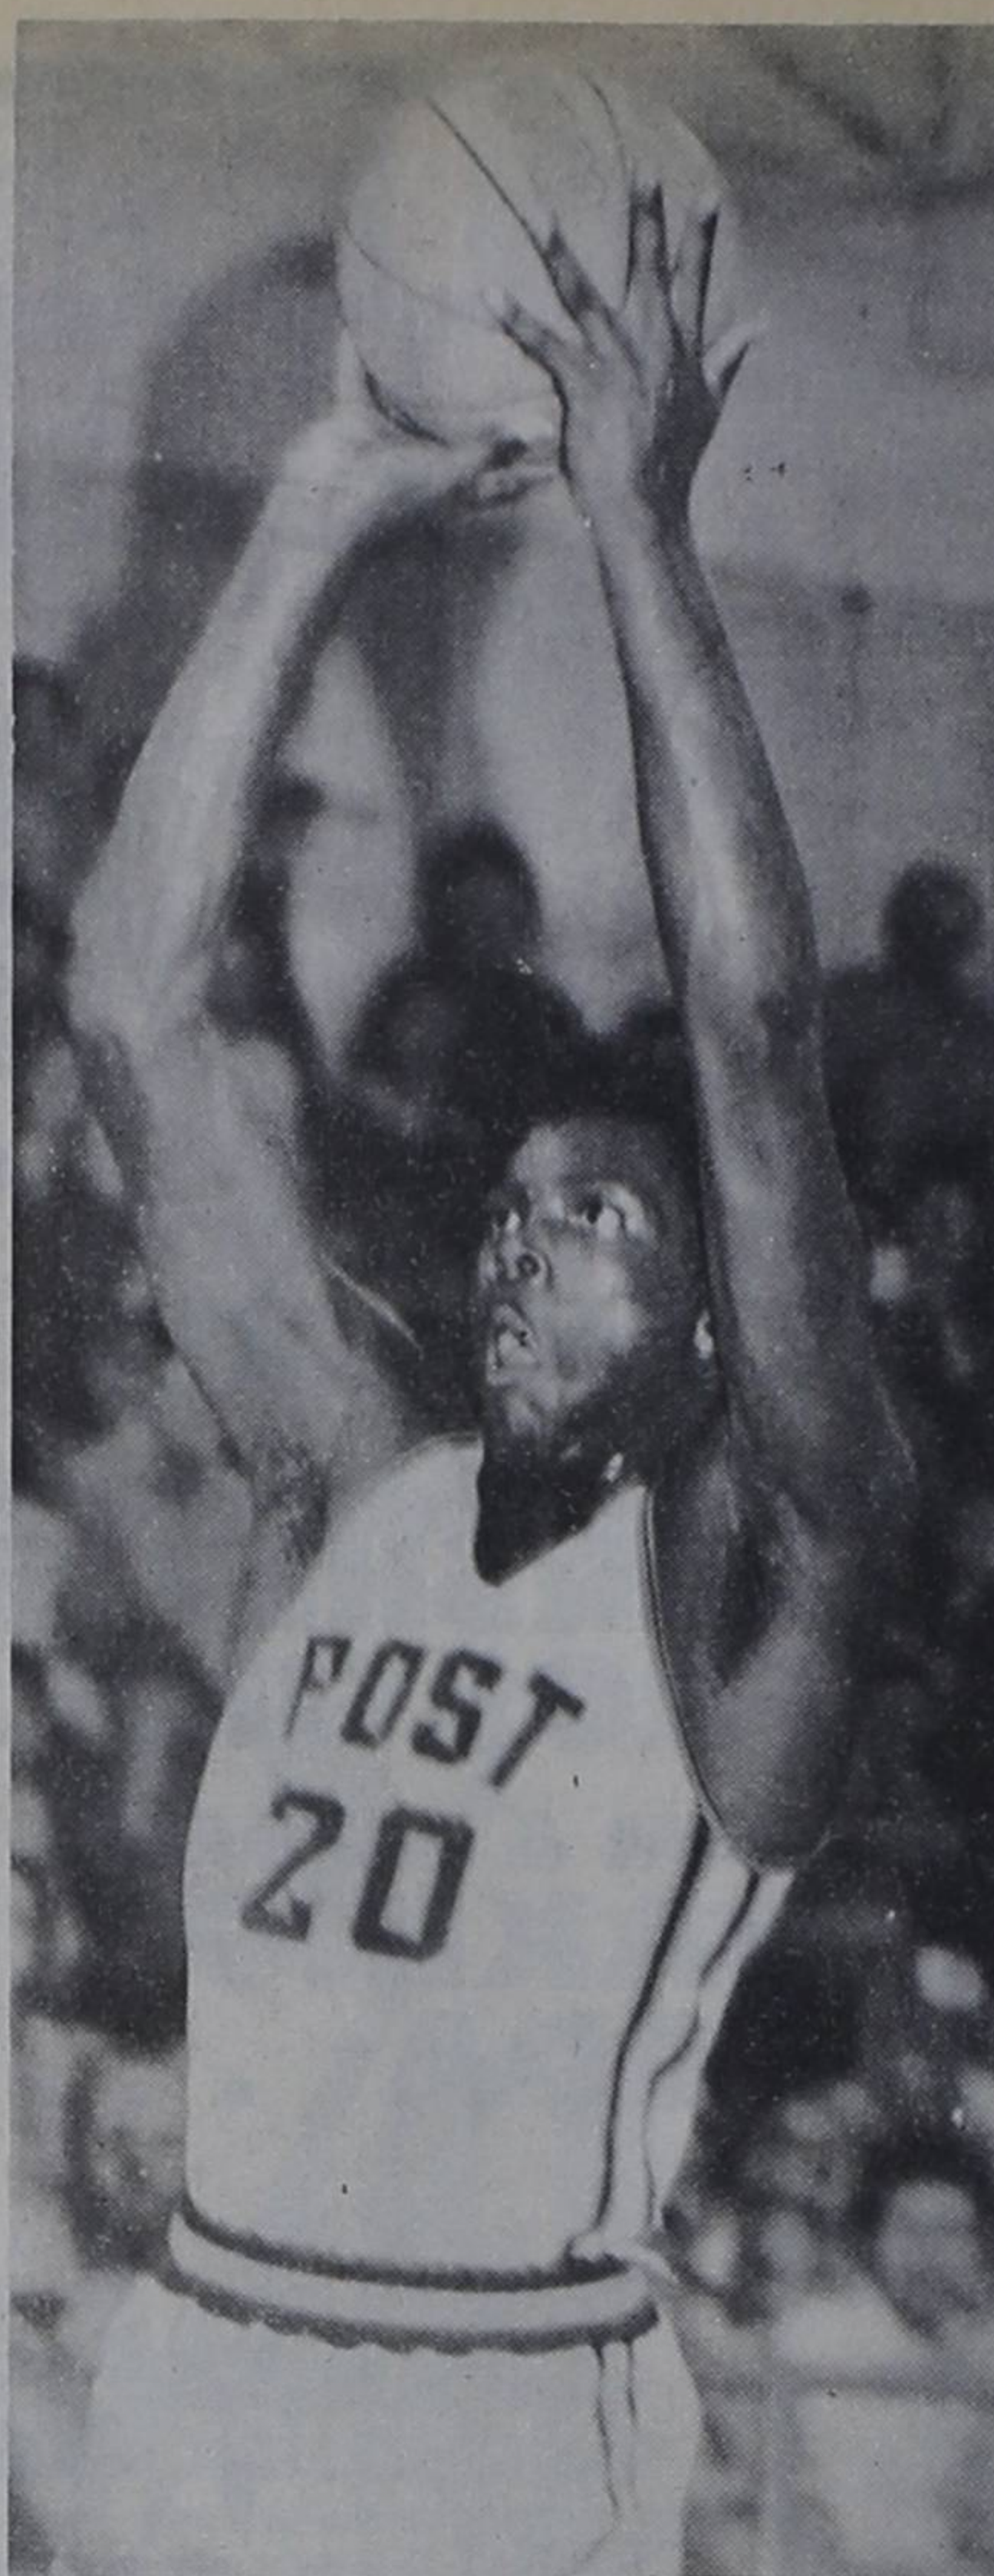

Will Kirkpatrick got into foul trouble early in the first period and set most of the game on the bench.

Irvin Price led the scoring for the 'Lopes with 14 followed by Bill Black with 10. Other 'Lopes scoring were James Lee with six, Tim Tannehill had four, Milton Williams three and Kirkpatrick two.

The 'Lopes led in the final period 36 to 30 only to see their lead cut to a tie by the aggressive Tigers and then to go ahead for the win.

The lead see-sawed back and forth throughout the entire game but always with just two or three points separating the two teams.

The Bold Gold took on the Idalou Wildcats Friday night at Idalou in another tough district game with results in next week's Dispatch.

## Lady Lopes Slip in 1st District Game

With only three girls able to score in Tuesday nights game here with the Slaton Tigerettes, the Lady Lopes played a losing cause 56 to 41.

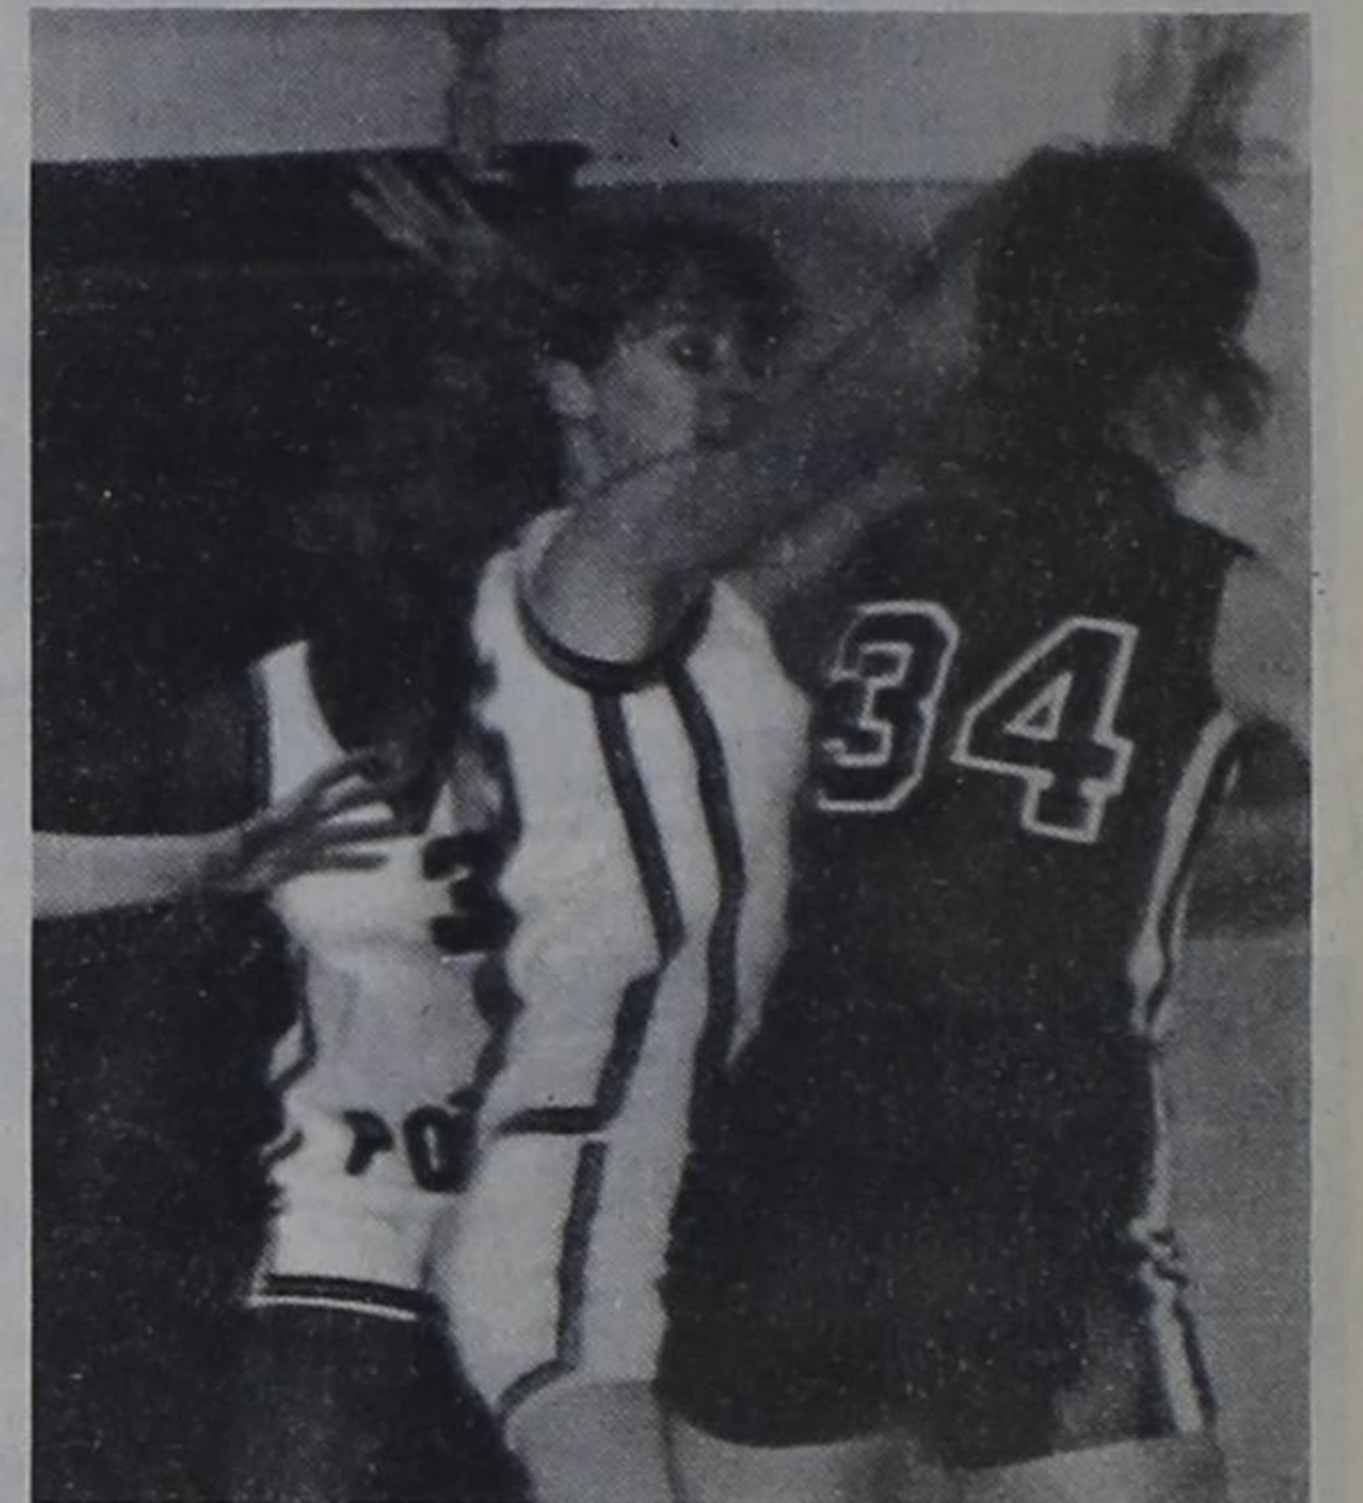

Doris Pringler had one of her better scoring nights with 30 points and 10 rebounds with the rest of the scoring done by Denise Smith with eight and Jean Price three.

Slaton led at the end of the first quarter 15 to eight, adding 13 more in the second with Post hitting for eight.

Post had its biggest quarter in the final period when they hit for 17 and Slaton for 16, but it was not enough to overcome the substantial lead of the Tigerettes.

The Lady Lopes as a team had 22 rebounds, 15 caused mistakes and nine steals and hit three of six charity tosses for a 50 percent average.

The team had its second district outing at Idalou Friday night with results in next Wednesday's Dispatch.

### TO ALL INTERESTED PERSONS AND PARTIES

You are hereby notified of the opportunity for written public comment concerning the Construction Permit Application No. C-9240 by Mid Plains Pipeline Company to construct a Natural Gas Processing Plant in Garza County, Texas.

The proposed location is 10 miles northwest of Post on US-84, approximately 1/2 mile north of the intersection with FM-2282. This facility proposes to emit the following air contaminants: Sulfur dioxide, hydrogen sulfide, sulfur trioxide. The Executive Director of the Texas Air Control Board has made the preliminary determination to issue this permit. Before a permit can be issued for this facility, all emission sources must demonstrate compliance with all Rules and Regulations of the Texas Air Control Board and all applicable Federal Regulations. This includes the application of "best available control technology" to each emission source and compliance with all ambient air quality standards.

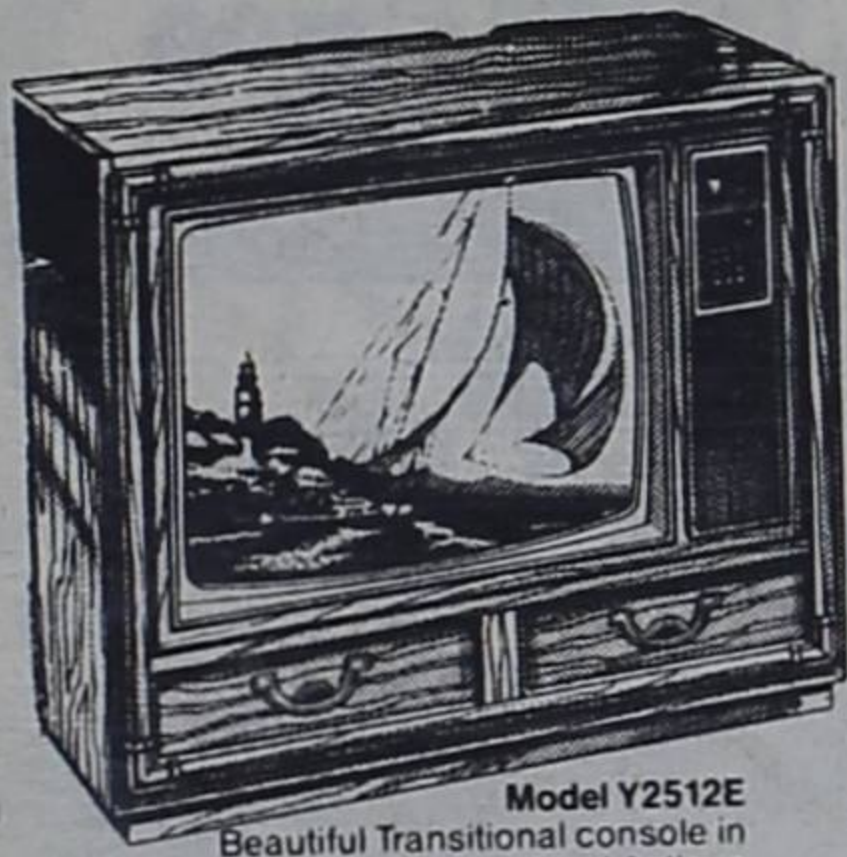

A copy of all materials submitted by the applicant including the preliminary analysis thereof is available for public inspection at the Texas Air Control Board Region 2 office at 5302 South Avenue Q, Lubbock, Texas 79412, and at the Texas Air Control Board, 6330 Highway 290 East, Austin, Texas 78723. All interested persons may inspect these materials and submit written comments to the Executive Director of the Texas Air Control Board. All comments received in writing by February 18, 1983, shall be considered by the board in making its decision on the application. All comments will be made available for public inspection at the Texas Air Control Board office in Austin.

marathon, 30 to 20. "Good defensive play was the key to the win," said Coach Kennedy.

Leading eight to six at the end of the first period, Post led 23 to 14 at the half.

Danny Foster led the scoring with 13 followed by Tracy Price with eight, Greg Adams had four, Greg Storie and Joel Kirkpatrick each had two and Sammy Hardin had one.

Player recognition was given to Tracy Price, Joel Kirkpatrick, Greg Adams, Greg Storie and David Shults who all played well on defense with recognition given to Danny Foster on the offensive end.

The team's next outing was Friday night against Idalou with results in next Wednesday's edition of The Dispatch.

The Junior Varsity girls opened a four team game here Tuesday night against Slaton with a loss of 42 to 25.

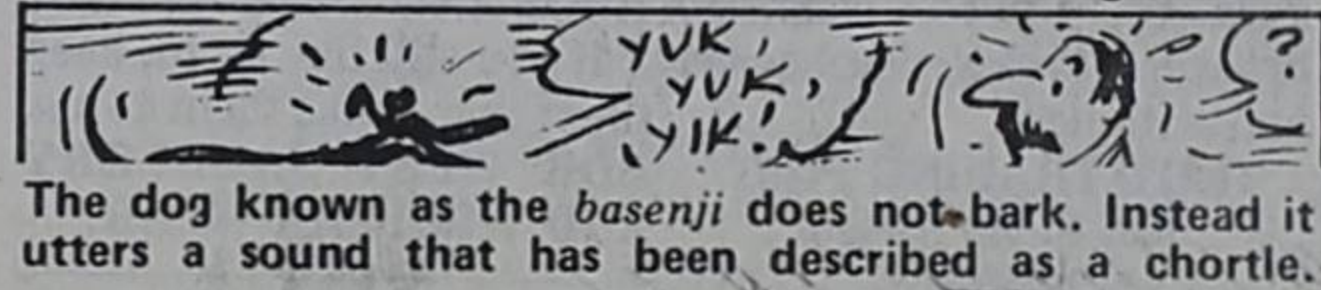

Coach James East-erling's girls had a cold shooting night

from the field only scoring five points in the first period, eight more in the second, four in the third and eight in the final period.

Golden Capps had nine points for the

locals with Jackie Wartes scoring eight, Patricia Price had six and Pam Ehret had

two. The team played Idalou there Friday night with results in next week's Dispatch.

## J. V. Boys Lose

The Post Junior Varsity boys, coached by Lane Tannehill, got too far behind early in the game, and were never able to overcome Slaton's lead to lose 29 to 36 here Tuesday night.

Slaton jumped to an 18 to 8 lead in the opening period of play with both teams adding six each in the second.

Post picked up the pace in the later periods, outscoring

Slaton eight to six in the third and seven to six in the final period but not to overcome the opening period of play.

Adam Mendoza scored 14 points in the losing effort, followed by Charles Johnson with six, James Brown had four and Lynn Allen three and Mike Ollison had two.

The team played the second game of a four game series at Idalou Friday night.

**NOTICE OF APPLICATION FOR FLUID INJECTION WELL PERMIT**

George R. Brown, 800 San Jacinto Building, Houston Texas 77002-6266 has applied to the Railroad Commission of Texas for a permit to inject fluid into a formation which is productive of oil or gas.

The applicant proposes to inject fluid into the San Andres, Montgomery-Davies "D", Well Number 27. The proposed injection well is located Southeast 1 1/2 miles-Post in the Garza Field, in Garza County. Fluid will be injected into strata in the subsurface depth interval from 2,900 to 3,100 feet.

**LEGAL AUTHORITY:** Chapter 27 of the Texas Water Code, as amended, Title 3 of the Natural Resources Code, as amended, and the Statewide Rules of the Oil and Gas Division of the Railroad Commission of Texas.

Requests for a public hearing from persons who can show they are adversely affected, or requests for further information concerning any aspect of the application should be submitted in writing, within fifteen days of publication, to the Underground Injection Control Section, Oil and Gas Division, Railroad

Commission of Texas, Drawer 12967, Capitol Station, Austin, Texas 78711 (Telephone 512-445-1373).

**PUBLIC NOTICE**

You are hereby notified of the opportunity for written public comment concerning the Construction Permit Application No. C-9240 by Mid Plains Pipeline Company to construct a Natural Gas Processing Plant in Garza County, Texas.

The proposed location is 10 miles northwest of Post on US-84, approximately 1/2 mile north of the intersection with FM-2282. This facility proposes to emit the following air contaminants: Sulfur dioxide, hydrogen sulfide, sulfur trioxide. The Executive Director of the Texas Air Control Board has made the preliminary determination to issue this permit. Before a permit can be issued for this facility, all emission sources must demonstrate compliance with all Rules and Regulations of the Texas ASir' Control Board and all applicable Federal Regulations. This includes the application of "best available control technology" to each emission source and compliance with all ambient air quality standards.

A copy of all materials submitted by the applicant including the preliminary analysis thereof is available for public inspection at the Texas Air Control Board Region 2 office at 5302 South Avenue Q, Lubbock, Texas

79412, and at the Texas Air Control Board, 6330 Highway 2980 East, Austin, Texas 78723. All interested persons may inspect these materials and submit written comments to the Executive Director of the Texas Air Control Board. All comments received in writing by February 18, 1983, shall be considered by the board in making its decision on the application. All comments will be made available for public inspection at the Texas Air Control Board office in Austin.

**PUBLIC NOTICE**

In compliance with City ordinance No. 346, every owner of Coin operated game machines is required to pay annual occupation tax on each machine, due and payable January 1983 at City Hall, 105 E. Main, Post, Texas.

## Potholes Appearing in Area Highways

**LUBBOCK** - In Work will continue stormy weather, such throughout the winter as the recent snow months, and because storms, and freezing of cold and wet and thawing weather, weather, only emergency repair can be done. Any extensive the pothole, becomes resurfacing will have a great concern. The to wait until the pothole is always a freeze-thaw cycles are major concern in the spring for the State Department of High ways and Public Transportation maintenance forces. Starting when water seeps into a crack in the road surface, maturing in the freeze-thaw cycles of a cold, wet winter, Texas potholes pop out almost faster than maintenance crews can repair them.

Department crews are taking the offensive by putting in extra efforts on every dry day to repair the potholes so the danger will not be increased. District Five of the State Department of Highways and Public Transportation uses a cold mix to fill pot holes, and sometimes concrete is used in emergency repair.

One method to prevent potholes is through frequent resurfacing of highways. But no state in the nation has sufficient funds to undertake such a program.

Potholes are cursed by the motorist when he examines a bent wheel or ruined tire or when he pays for a wheel alignment. They should also be roundly berated for the extra fuel they cause to be used - motorists slow down or stop to avoid them or take a longer route because of them and make that extra trip to a mechanic.

Texas will have plenty of potholes after this winter, and some are already beginning to pop up. Ice and snow has covered all of the District Five 17-county area of the State Department of Highways and Public Transportation so far this winter. Maintenance crews have been working diligently around the clock to blade the snow and ice and place salt where needed for the safety and convenience of the traveling public.

As soon as weather permits, the State Department of Highways and Public Transportation will start repair on the damaged roadways. In the meantime, the public is urged to be cautious in driving and watch for any damaged roadway that might be a hazard to driving and cause an accident and damage to the traveler and his vehicle.

**Fatal crashes**  
Although the rate of large-truck fatal accidents is declining and large trucks experience fewer accidents per vehicle-mile of travel than passenger cars, the consequences are more severe. In 1981, the National Highway Traffic Safety Administration reports, large trucks were involved in 11.1 percent of all fatal accidents in which 5,779 people died.

**ARIES:** (March 21 to April 19 — Also Aries Ascendant) — You can be convincing in defending your ideas and influencing others to your way of thinking. Just be sure you're completely honest and candid. Social activities are favored — contact old friends and get reinvolved with organizations.

**GEMINI:** (May 21 to June 20 — Also Gemini Ascendant) — Your energy is high and your mind is sharp. It's a good time to begin a practical course of study or educational project. Gain the support of a senior working associate to get your progressive ideas accepted. A new romance is possible.

**TAURUS:** (April 20 to May 20 — Also Taurus Ascendant) — You can adopt new routines, systems and methods in your business world with the advice of authorities in the field. Be loyal and responsible in relationships with mate or partner and working together, your financial situation improves.

**CANCER:** (June 21 to July 22 — Also Cancer Ascendant) — You are reaching out for new opportunities and knowledge. You have the support of mate or partner and can move ahead with confidence. Your artistic talents are highlighted and home beautification projects turn out extremely well.

**LEO:** (July 23 to Aug. 22 — Also Leo Ascendant) — Feelings of frustration could have you somewhat "up tight." Avoid confrontations and arguments if at all possible. You can convince others to go along with your strong beliefs and convictions if you use subtle persuasion. Be practical about finances.

**VIRGO:** (Aug. 23 to Sept. 22 — Also Virgo Ascendant) — You are serious about finances and business goals. A responsible attitude could encourage you to make commitments and possibly form partnerships. Have serious discussions with mate or associate and make necessary financial changes.

**LIBRA:** (Sept. 23 to Oct. 22 — Also Libra Ascendant) — You have the need for more independence and may end an unfulfilling relationship now. Step out on your own — promote and advertise your abilities. Investigate new methods for dealing with old problems. Assume a broader, objective view.

**SCORPIO:** (Oct. 23 to Nov. 21 — Also Scorpio Ascendant) — This is a romantic time and you're in the mood for love. Your appearance adds to your self-confidence and you are in the spotlight at social gatherings. Follow your intuitions about making changes and renovating your home environment.

**SAGITTARIUS:** (Nov. 22 to Dec. 21 — Also Sagittarius Ascendant) — Set routine chores aside for now and use your inventive creativity to break new ground — especially around the home. You have lots of bright ideas

about improving and renovating your domestic environment. Finances to do it are available.

**CAPRICORN:** (Dec. 22 to Jan. 19 — Also Capricorn Ascendant) — You're strongly motivated to work and fulfill your ambitions. Just be sure you organize your time and stick with a schedule. Increased income could dissipate rapidly if you don't curb your extravagance. Celebrate, but don't go overboard!

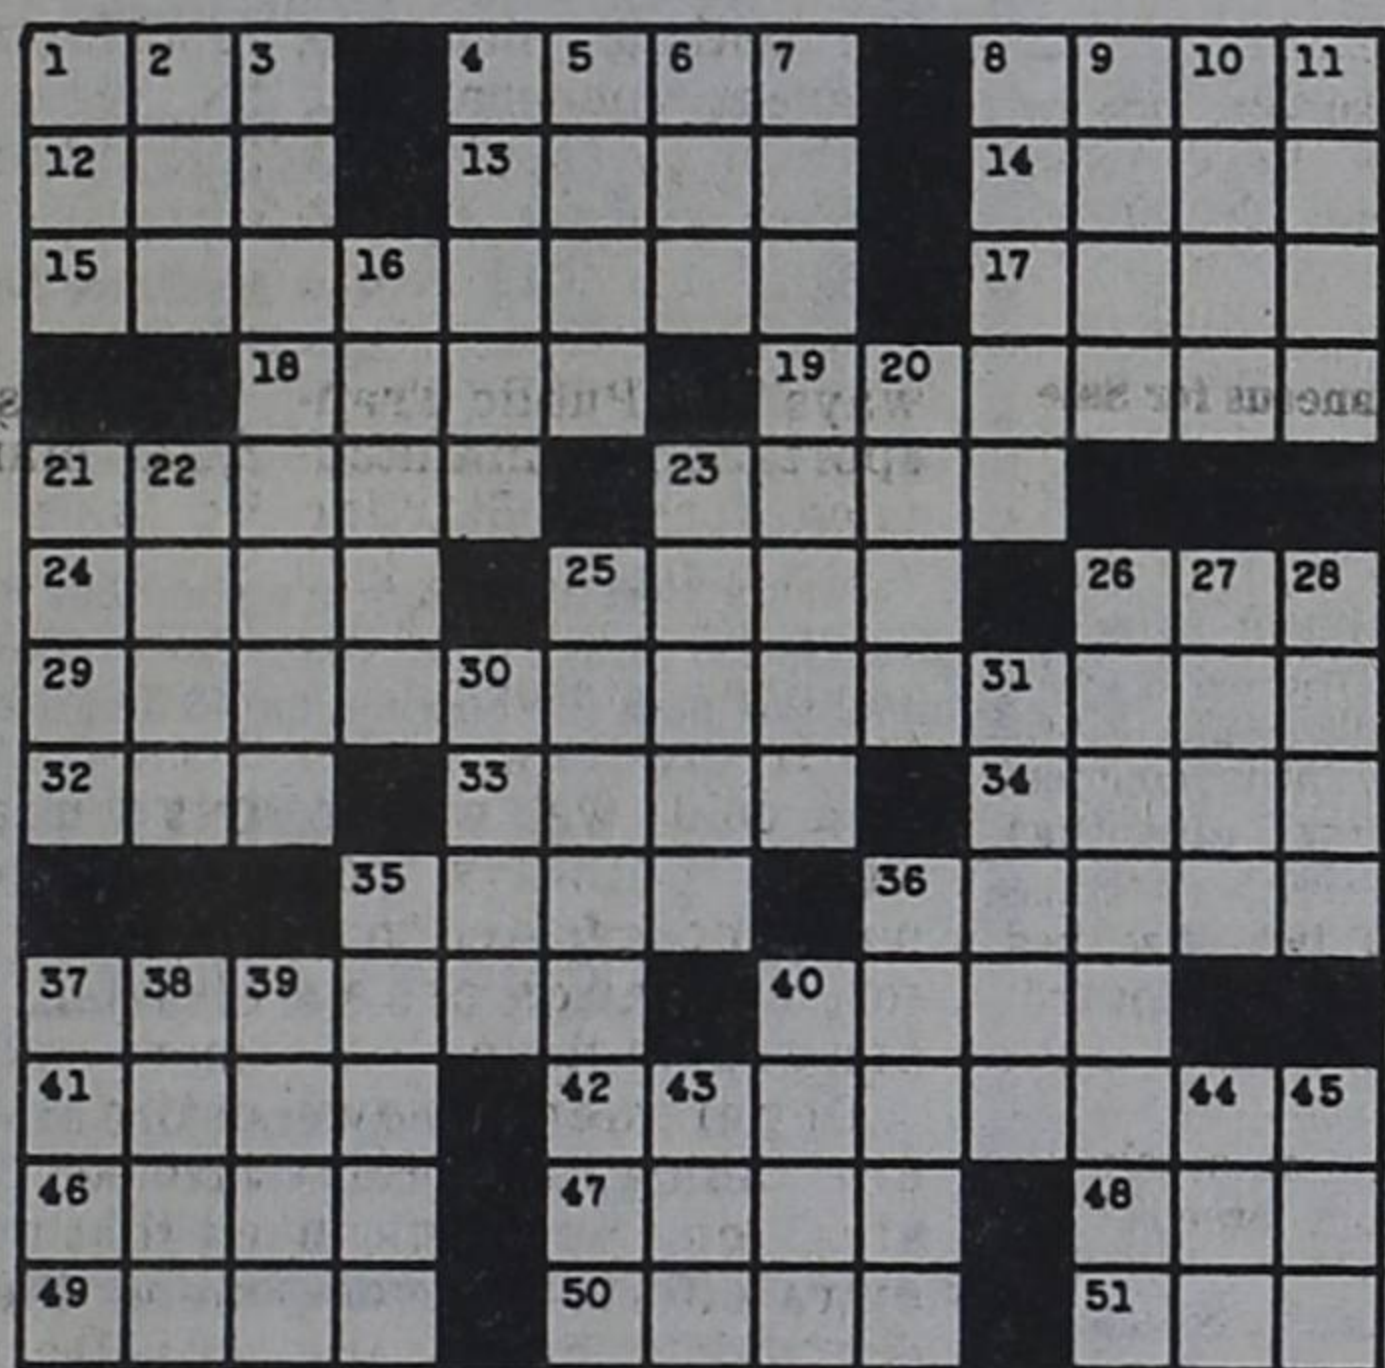

**AQUARIUS:** (Jan. 20 to Feb. 18 — Also Aquarius Ascendant) — Your judgment is especially good now, so it's a good time to get your business and personal affairs in order. Lay the groundwork for future financial security by making wise investments. Travel and/or foreign interests may be involved.

**PISCES:** (Feb. 19 to March 20 — Also Pisces Ascendant) — Travel, communications, writing and creative thinking are accentuated now. Make contacts, get out and about — you're in the limelight! Go over your finances and make any changes that are necessary. It's a good time to make a necessary major purchase.

### Answers in Wednesday Dispatch

## Illegal arrest and search

**By DAVID A. SELLERS**  
Copley News Service

Two police officers receive a radio dispatch regarding an assault. The assailant is described as a black male with closely cropped hair and wearing a T-shirt and jeans. The suspect is last seen heading north.

The two officers are in the process of responding to another call when they see Ross and believe he fits the description. The officers continue with their first case, a domestic dispute, and 25 minutes later relocate Ross.

They stop Ross, search him and find a pistol and some marijuana. Ross is charged and convicted of possession of a firearm by a convicted felon and possession of marijuana. Ross appeals his conviction be-

cause of what he claims is an illegal arrest and search. How would you handle this case?

The court said the officers did not have sufficient enough reason to stop Ross. The description of his clothing was hardly unusual or distinctive and could have fit many people in that area at that time of the night. Further, Ross' hairstyle and the direction he was walking did not fit the information broadcast over the police radio.

The court found that the arrest of Ross was illegal and his conviction should be overturned.

Sellers is currently court reporter for The Washington Times and former editor of the District of Columbia Bar Association newspaper.

## Points On Pets

**By R.G. ELMORE**  
D.V.M.  
Copley News Service

**Q.** What are the signs of strychnine poisoning in dogs? There is a rumor that someone in our neighborhood has threatened to poison all the dogs in this area. Can a dog be treated for strychnine poisoning after showing signs of being sick?

**A.** Dogs usually become poisoned by strychnine by ingesting it. Strychnine is commonly used as a very potent poison for rodents and birds. The strychnine remains in the carcass of the dead animals for very long periods of time. The dog's intestinal tract absorbs the strychnine after the dog has eaten the poisoned carcass.

Of course, the other way dogs become poisoned by strychnine is by someone intentionally poisoning meat scraps. It would take someone extremely cruel to do this.

Signs of poisoning may appear as soon as 10 minutes following ingestion of the strychnine. Signs include: apprehension, nervousness, uncontrollable shaking, shivering and convulsions. One of the most characteristic signs of strychnine poisoning is that any sensory stimuli, such

as touch, sound or light can initiate a convulsion. Between convulsions, intermittent periods of relaxation may occur. As the condition worsens, there are fewer periods of relaxation. If not treated, a poisoned dog may die in less than two hours from the time of onset of signs. The time of onset of signs in relation to the time of ingestion varies with the amount of strychnine eaten and or the amount of food in the stomach. Convulsions may be delayed for as long as four hours if the stomach is full of ingesta.

Any dog thought to have ingested strychnine should be taken to a veterinarian as soon as possible. Heavy sedation or anesthesia is usually used to control the convulsions. The stomach is usually washed out using special oral gastric tubes and drugs are given to help prevent further absorption. Uncomplicated cases treated soon after poisoning usually recover well.

People who poison dogs usually do so because the animals are a nuisance. Therefore, anything you and your neighbors can do to make sure that your pets are not nuisances will help decrease the chance of them being poisoned.

## POTATO NUGGET NESTS

CLIP 'N' COOK  
Copley News Service

- 2 lbs. ground beef
- 1/4 cup soft bread crumbs
- 1/2 cup milk
- 1 egg, beaten
- 1/4 cup frozen chopped green pepper
- 1 small grated onion
- 2 tsp. salt
- 1 tsp. Worcestershire sauce
- 1/2 tsp. poultry seasoning
- 3/4 cup steak house ketchup
- 1/4 cup water
- 1 pkg. (1 lb.) french fried potato rounds

Combine ground beef, bread crumbs, milk, beaten egg, green pepper, grated onion, salt, Worcestershire sauce and poultry seasoning. Divide into 8 patties; form a 1-inch-deep well in each patty. Place in a 13x9x2-inch pan; bake at 375 degrees F. 15 minutes. Mix ketchup and water; spoon over the meat. Place potato rounds in nests, continue baking for 20 minutes. Remove meat from pan; stir ketchup and meat juices to blend, adding water if necessary. Serve sauce with nests. Makes 8 servings.

## Inflation - Fighting FOOD IDEAS

### Bacon & Tomato But No Sandwich

A hearty casserole meal—bacon, tomato and rice.

Most people love the flavor of bacon and tomato. Try it in this economical dish that teams flavorful, nutritious rice, onions, green pepper and zesty garlic. Round the meal off with a wedge of cheese and a crisp salad and fruit.

### BACON AND TOMATO RICE

- 5 slices bacon, diced
- 1/2 cup chopped onions
- 2/3 cup chopped green pepper
- 1 clove garlic, minced
- 3 large tomatoes, peeled and cut in eighths
- 3 cups cooked rice
- 1 teaspoon salt
- 1/4 teaspoon ground black pepper

In a large skillet cook bacon until almost crisp.

Pour off fat, reserving 2 tablespoons. Add reserved fat to skillet. Stir in onions, green pepper, and garlic. Cook until vegetables are tender crisp. Add tomatoes, rice, and seasonings. Heat thoroughly. Makes 6 to 8 servings.
