

Harvest seen like 1974's

With Garza's 1980 cotton harvest slowly getting under way, county ginners are comparing it to 1974's — which is case you don't remember was the absolute worst in Garza's modern history (20 years).

One ginner reported in his area it was taking dryland farmers 10 acres to get a bale. Irrigated cotton is much better but only average.

Most farmers are waiting for the freeze with the average first freeze day still two weeks away.

Although all ginners agree they are facing a "short crop" most farmers appear determined to harvest the

crop.

In 1974 it was so dry a lot of dryland cotton was never planted and the cotton that did get into the ground withered away with no aiding rains coming before late July.

The total Garza crop that year was only 5,992 bales.

County Agent Syd Conner says he has heard some farmers are needing more than 10 dryland acres to get a bale — a whole lot more.

The only points of encouragement to the farmers this year is the price and the mikes.

Cotton ginned has been selling for 70 to 75 cents a pound, as compared to 42 to 55 cents a pound a year ago when the crop topped 50,000 bales.

As for the mikes, they are good. That wasn't the case last year when low mikes cost Garza farmers thousands of harvest dollars.

Hackberry Gin has been the busiest, having ginned 899 bales to date, but the gin there has only been operating about four hours a day. Ninety-nine percent of the cotton graded has rated base mikes, Hackberry reported.

Out west at Grassland Gin, they ginned 7,982 bales in 1979. They think they will be lucky to gin 2,500 this year. So far they've ginned 169 bales, ginning eight to nine hours daily.

Producers Coop at Grassland reports the harvest "dragging along" with 360 bales ginned to date.

The Graham Gin has ginned 111 bales and had none on the yard Tuesday afternoon. Most farmers in that area are waiting for a hard freeze before starting.

The Southland Gin has ginned 96 bales and had four on the yard. Harvest in the area is not really rolling yet.

The Post Gin didn't answer its phone. The report is it has yet to gin a bale.

The Close City gin has ginned 107 bales with only a few farmers defoliating. The cotton outlook for the area was termed "real bad." The few grades which have come back so far haven't been so bad, however.

Milton rites here Saturday

Funeral services for Doyis Lee Milton, 68, were held Saturday, Oct. 25 in the Hudman Funeral Home Chapel at 2 p.m. with the Rev. Arthur Kelly, pastor of the Pleasant Home Baptist Church, officiating.

Mrs. Milton was born Aug. 12, 1912 in Flatonia, Tex., and died Oct. 24, in Lubbock's West Texas Hospital following a brief illness.

She was married to Burl Milton in 1948 in Post and was a lifelong member of the Baptist church. She was a housewife.

Survivors include her husband, Burl, and her step-father, Eddie Fisher of Slaton.

Burial was in Terrace Cemetery under the direction of Hudman Funeral Home.

Stelzer plans 3 wildcats

J. C. Stelzer of Post has announced locations for three wildcat tests, 11 to 12 miles north of Post.

They are:

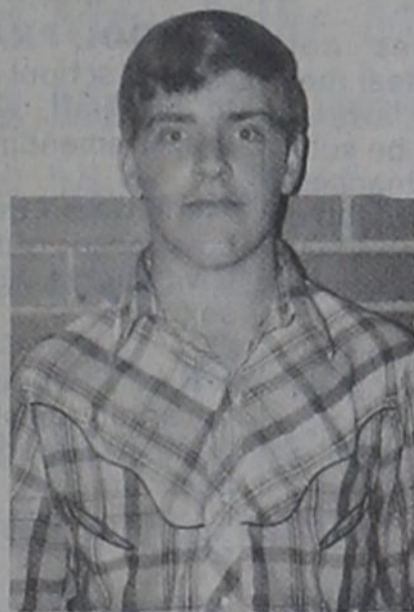

The No. 1 Eubanks, 11 miles north of Post, which will be drilled to 3,900 feet.

The No. 2 Eubanks, also 11 miles north of Post, which will be drilled to the same depth.

The No. 1 Basinger and Ham, 12 miles north of Post, which also will be drilled to 3,900 feet.

Mark Stark named to regional choir

Mark Stark, son of Mr. and Mrs. Bill Terpening, and a freshman at Post High School was selected to the All-Region Choir for grades 7 through 9, in auditions held Saturday, Oct. 25 at Atkins, Jr. High school in Lubbock.

MARK STARK

The grand concert will be held Dec. 6 at Monterey High School in Lubbock with rehearsals being held Dec. 5 and 6.

Mrs. Debbie Clary is choir director.

Also attending the auditions were students from Mrs. Clary's class, Carla Odom, Sandra Abraham, Teresas Bowers, Stacy Bell, Kim Scott, Karen Moore, Golden Capps, Barbara

County in rabies control measures

The Garza County Commissioners Court adopted a resolution Monday for the purpose of controlling rabies and appointed Veterinarian Larry Mills and County Health Officer William Wilson as health officers for that purpose.

The court took no action on adopting written policies or appointing an advisory board for the West Texas Legal Services.

The court voted to deny the request of tax appraisal office personnel to be included in the county's group insurance coverage.

Information by Mike Wright, airport consultant interested in working with city and county in airport repairs will be passed on to

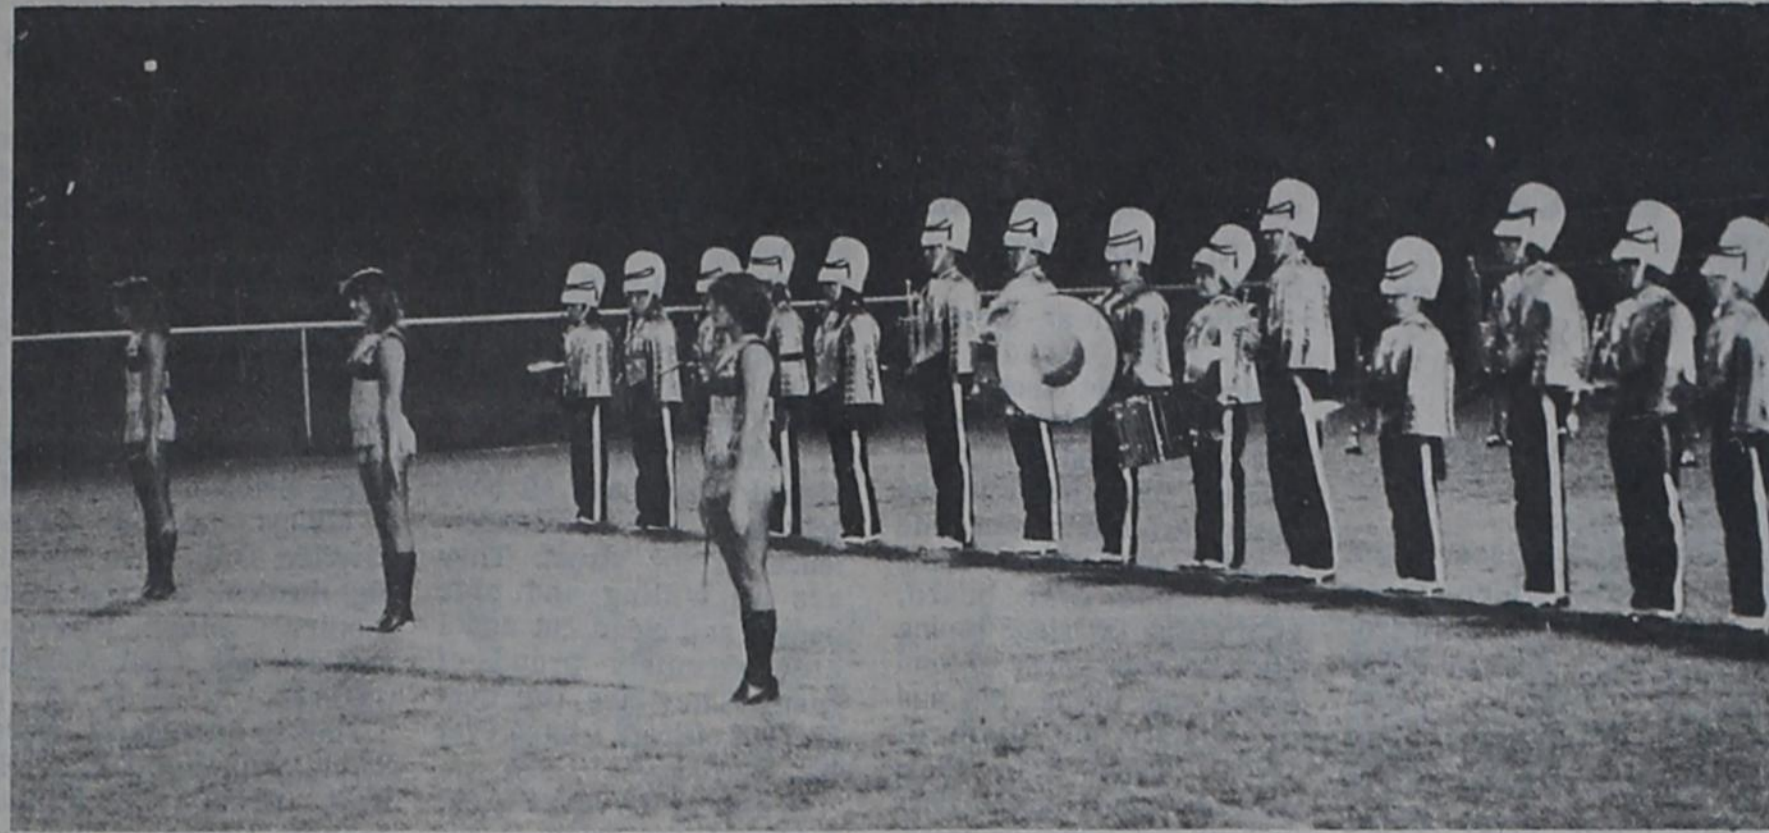

the joint airport board.

The airport drew some heavy criticism from flyers using it over the OS weekend because the main runway was too bumpy at the south end.

The county approved the easement to Southwestern Public Service for right-of-way on the Garza County School land in Bailey County for a fee of \$628.

The court denied a request by Sheriff Jim Pippin to paint all of the law enforcement cars the same color, but approved the purchase of four more chairs for law enforcement use.

The reports of the county extension agents was accepted.

Advance orders accepted on 'Wagon Wheels'—

Second printing begun

Wagon Wheels, the history book of Garza County, has gone into its second printing and the new copies should be here by Dec. 1, well in time for Christmas gifting.

County Historical Commission.

An "announcement party" is planned here when the new copies are ready

for sale.

This printing will be identical to the original book, thanks to the cooperation of Neil Vanzant, owner

of Pioneer Press, who published the original book. Vanzant also has consented to transfer the copyright of the book to the Garza County Historical Commission.

Eakin Press is the largest publishers of Texas history and folklore in the state.

Advance copies may be ordered from the historical commission here for \$20. The retail price after Dec. 1 will be \$25.

The history book contains more than 150 family histories, over 600 photographs, and 344 pages. It will have a hardback cloth binding with a handsome dust jacket.

\$1,830 already received—

14 of 16 UF chairmen set

Garza's 1980 United Fund drive is yet to get into full gear, Drive Chairman Jim Cornish reports, but already there's \$1,830 in the till toward the \$11,175 goal.

While Cornish hopes the drive moves quickly in the next two weeks, the goal is to wrap it up and go over the top by Thanksgiving.

The Garza United Fund hasn't missed its goal in the last 12 years, but with a bigger goal and a poor cotton crop, this could be the year.

Rites Friday for Mrs. Kelly

Funeral services for Mrs. Molly Kelly, 70, of Dallas who is the mother of the Rev. Arthur Kelly, pastor of the Pleasant Home Baptist Church, will be conducted in the church here at 2 p.m. Friday.

Burial will be in the Terrace cemetery under direction of the Hudman (See Friday rites, Page 16)

46 absentee votes cast

With two days still to go on personal appearance absentee voting here, some 29 such absentee votes have been cast.

Seventeen absentee mailed in ballots also have been received to date of the 46 mailed out. There is a possibility of 33 more such mail-in votes by election day Tuesday.

Absentee voting here is about normal for a presidential election.

Absentee voting by personal appearance will end with the close of the county clerk's office at 5 p.m. Friday.

City, county hold session

The city council and the county commissioners court held a joint called session in the Post Public Library last Thursday night to discuss uniform allowances for the sheriff's department.

It seems the city approved the purchase of new uniforms and an increase in monthly allowances, but that the matter never came up before the court and the new winter uniforms were ordered before the court became aware of the situation.

The two governing bodies decided in the future that each would wait on a recommendation from a joint law enforcement committee before taking any action on law enforcement matters.

Several other subjects, including a bumpy runway complaint at the joint airport, were discussed.

Crash fatal to Snyder man

A 44-year-old Snyder man died Friday night from injuries sustained when the pickup he was driving overturned on US-84 between Justiceburg and Post.

Pronounced dead at the scene was Henry Clay Everton, a reverse rig operator for HOMCO in Snyder. He was five miles from Justiceburg heading for Snyder when the accident occurred.

The company pickup went out of control and rolled over two times.

Everton was the only occupant of the pickup. First aid was given at the scene by a nurse traveling from San Antonio but Everton died only minutes after the crash.

The Post Fire Department answered a call to the wreck scene because gasoline had poured over the highway. But it did not ignite.

Can Reagan carry area?

Biggest interest here in next Tuesday's general election is whether or not Ronald Reagan can become the second Republican presidential candidate in political history to carry Garza County.

Twenty-four years ago in 1956, Dwight (Ike) Eisenhower, the World War II hero, carried Garza County over Adlai Stevenson by just four votes, 295 to 291.

Four years ago President Jimmy Carter polled 957 votes to defeat Gerald Ford by 202 votes. Ford received 755.

The political questions this time are (1) how much ground has Carter lost here to oil folks, farmers, and business people since moving into the White House, and (2) will there be a 61 percent turnout of eligible voters as there was four years ago, or will it be less with turned-off voters staying home.

A total of 2,785 Garza Countians are eligible to vote Tuesday.

Actually voters will have the choice of four presidential candidates on the 17 by 20 inch ballot.

Besides Carter and Reagan, there are John Anderson, the independent, and Ed Clark, candidate of the Libertarian party.

Besides the presidential race, there are five other contests on the ballot, including one local one — Republican G. M. (Max) Chaffin challenging incumbent Democratic sheriff Jim Pippin for the county's law enforcement job.

Other ballot contests include Republican Henry C. (Hank) Grover versus Democrat Bubby Temple for railroad commissioner; Republican H. J. (Doc) Blanchard, former state senator from Lubbock, against James E. (Jim) Nugent and Libertarian David Hutzelman for railroad commissioner, unexpired term; Republican Will Garwood vs. Democrat C.L. Ray for associate justice of the supreme court, place 4.

Democrats unopposed here for county office are County Attorney Preston Poole; Ruth Reno, county tax assessor-collector; County Commissioner T. D. (Buck) Craft for reelection in commissioner precinct 1; and County Commissioner Mike Cisneros in precinct 3.

Pat Kitchen is unopposed for justice of the peace, precinct 4; as is Zora Robinson, for justice of the peace, precinct 1.

Democrat Charles W. Stenholm is unopposed for his second two-year term in congress.

Joe Smith is unopposed for reelection as district attorney of the 106th judicial district.

Democrats on the ballot running unopposed for state offices are Sears McGee associate justice, supreme court, place 2; Robert M. Campbell, associate justice, supreme court, place 3; Marvin O. Teague, Mike McCormick, and Tom Davis for judges on the court of criminal appeals, place 1, 2 and 3 respectively.

State Representative W. S. (Bill) Healy is unopposed for reelection. Charles Reynolds, Carlton Dodson and Richard S. Countiss all seek associate justice seats on the court of civil appeals, seventh district.

Also on the ballot, printed in both English and Spanish, are the nine constitutional amendments, The Dispatch has been explaining in editorials during October.

They include (1) authorizing banks to use unmanned teller machines within the county, (2) authorizing the state in a criminal case to appeal pre-trial rulings, (3) requiring a single appraisal and a single board of equalization within each county for all property taxes; (4) legalizing bingo games on a local option election basis with limits placed on sponsoring organizations; (5) granting the governor power to exercise fiscal control over the

Who 'won' the presidential debate Tuesday night? We thought Ronald Reagan had a clear edge over an obvious uptight, humorless Jimmy Carter?

Of course, Carter backers will contend Jimmy had his nose in front, but there certainly was no big grin on his face. He only smiled once — at the last of Barbara Walters' two crazy questions.

We admit we were worried that Reagan might goof up going into the 90 minute give-and-take. But he certainly didn't. He nailed Carter time and again.

Ronnie didn't exactly call Carter a liar when the president tried to paint a variety of hues on Reagan. All Reagan would respond was: "There you go again and that's not true." Into some millions of American living rooms went the debate crowd's collective chuckles at these Reagan sallies.

Carter spent his time trying to say where Reagan stood and ticking off what he called the "accomplishments" of his first four years. He admitted no errors. He wasn't humble. He tried so hard to appear "presidential", but he just looked tired to us like another four years might not be in his own best interest.

We don't know what the "undecideds" thought of the debate because we couldn't judge it that way. Our mind was made up long ago.

When it was over we decided to spend 50 cents and vote in the ABC-TV poll. What happened? Well for the first 30 minutes we got a busy signal on dialing one. That meant a whole lot of Garza countians were "voting by phone too". At least seven of them — because Post has only seven long distance lines out of town.

Thirty minutes later when we did get to dial past one the ABC-TV switchboard was jammed so we gave up. We went to bed without finding out how that "poll" came out because after suffering through the news we would have had to sit through a Mash rerun on channel 12.

Since we get up at 5 a.m. on press day Wednesdays, we didn't want to wait any longer. But regardless of how the poll came out it was pretty obvious that both sides would try to weigh the results. A lot of them tried to vote before the debate itself was finished.

Today's Dispatch is almost an "election edition" with so many ads on various aspects of next Tuesday's ballot.

Halloween falls on Friday this year with the Antelopes playing at Wolforth. So we don't know whether there will be much in the way of hijinks here or whether it will just be a lot later than usual.

Dispatch Editorials

Postively for Reagan

Voters who go to the polls Tuesday will decide one of the most negative presidential campaigns of modern times. Ronald Reagan votes will be anti-Jimmy Carter votes in large measure, and Jimmy Carter votes will be anti-Reagan votes.

Neither major candidate has conducted an attractive, interest-stirring campaign and very little time has been spent on the issues.

Reagan hammers at what a bad president Carter has been for almost four years. Carter has apologized for making some mistakes, says the past four years has given him a real advantage in experience, and then devotes his real energy to viciously attacking Reagan as a dangerous man.

For those who like the historical perspective, this was the very same strategy that Lyndon Johnson used to paint Barry Goldwater with his political tar brush.

The Dispatch's editorial position is that the country has had four years of Carter's mismanagement and should give somebody else a chance to do better.

Ronald Reagan in eight years as governor of California provided \$5.7 billion in tax relief to Californians and at the same time took a state sinking into deficit at the rate of a million dollars a day and in eight years built a \$554 million budget surplus.

Reagan is a true conservative, but he proved in California that he could adapt to the political middle road. He also surrounded himself with crackerjack administrators. His accomplishments came through working with a Democratic controlled legislature.

Although California would be the seventh nation in the world in economic size if it had its own sovereignty, Reagan did not have to conduct a foreign policy. It is on this point that Carter has built his whole campaign, contending Reagan could easily get the United States into war.

Reagan's advocating a strong national

defense and promising to discard the proposed Salt II treaty which gives superiority to Russia are two platform planks which all Americans but our super liberals should support.

Certainly a military strong Aermica will be in better position to live in peace than a much weaker one which gives world superiority to the Soviets.

Although Carter has made so many mistakes in so many fields — mismanagement of the economy being No. 1 — the softening of America's power and purpose during his presidency is the most dangerous.

The age factor of Reagan's candidacy to our thinking is not a campaign issue either because with George Bush as vice president, the man only a heartbeat from the presidency would in our estimation make even a stronger president than Reagan.

Texas has been one of the pivotal states in two of the last three presidential elections. It is almost sure to be again in this one. Whoever wins Texas will get all the marbles.

Garza County is a conservative Democratic county who only once in its history as we understand it has given a majority vote to a Republican candidate for president, that being Dwight Eisenhower.

Tuesday could well be the second time. Hundreds of Garza Countians are incensed by Carter's farm and oil policies.

The Dispatch does not believe Jimmy Carter has learned enough from all his mistakes his first four years not to make more during a possible second term. We believe Ronald Reagan has a good background for the presidency and has proven by performance his ability to govern.

We endorse Ronald Reagan for America's No. 1 job and will be eager to see if Ronnie can slash our heavy tax burden and get the darn federal bureaucracy off the back of the citizens while building America back to its former super power status.

Last 3 amendments

With three amendments voters must decide upon next Tuesday, still to be explained to complete this editorial series, none of the three can be dealt with in detail.

Amendment No. 7 would authorize any county with a population of 5,000 or less to build and maintain private roads if the county imposes a reasonable charge for the work.

While this procedure has been used often throughout Texas' short history, it is still to be legally justified. The basic problem with this amendment is that it limits its use to counties of 5,000 or less. Garza County, for example, probably won't be included unless it suffers additional losses in the 1980 census.

Commissioner courts still would be in control. The amendment is permissive, not mandatory. Counties need not perform private road work unless they choose. The 5,000 ceiling is rigid and artificial. If the amendment is adopted, another constitutional amendment will be required if more populous counties are to be included.

What The Dispatch wonders is how the big city vote will go on this one.

Amendment No. 8 would change the names of the courts of civil appeals and the names and qualifications of the justices of the supreme court and to prescribe the jurisdiction and authority of the appellate courts.

To background this amendment, the state's constitution has been amended

several times to expand the state's appeal courts as the volume of court cases grew. This is one of those and would permit the civil appeals court to hear criminal appeals cases because the criminal appeals court is legally "swamped."

If the average reader carefully studied this long amendment for a couple of hours he or she would still be unsure as to how to vote on it.

On the basis that the amendment undoubtedly had careful scrutiny from the overwhelming majority of the legislature who are lawyers, the public probably can approve it and improve the situation. Authorities have found no objections other than the allowing renamed civil appeals courts handle criminal appeals will simply add another layer to our judicial system and thus slow down and make more expensive our wheels of justice.

Amendment No. 9 relates to the conversion of marital community property into separate property.

Most Texans unless they've been through a divorce proceedings know very little about Texas divorce laws. Of course every year that percentage is continuing to grow.

Texas in 1948 adopted a constitutional amendment authorizing partition of community property into separate property, but the courts have so narrowly interpreted it, this new amendment is now being offered.

LETTERS to the Editor

RUMORS DENIED

Dear Editor: Once again as election time rolls around the rumors and get elected talk begins. I have always heard lots of tales and rumors at election time, but this one going around about the deputies and myself beats all I have ever heard. During the OS steering the tale was going around that I was drunk. Me and the deputy got there at 12:00. When the show started I stood at the door up in the announcer's booth. People came to me with their problems and I took them to the announcer. While there I mingled with the announcer, the time-keeper and others. I was around DPS troops and other people. Me and the deputy went out and tried to unlock a car for some kids that had locked the keys inside. The show was about half over when we got out on the Highway so that we would not be hemmed in to where we could not get out if something happened such as a robbery or such.

I do not see how anything like this can get started. The one about the Deputies going around. This thing they are supposed to be involved in, it's even worse than the one about me being drunk and it is not so. The reason I know, one of them that they are accusing of this was not even here. I approved his vacation on Oct. 13th. He was in Brazoria County at the time this was supposed to be going on. They are saying that one of them was

supposed to have been caught by his wife. He does not even have a wife. I saw him in court on July 7th when he got his divorce. I think they are a good crew of officers, with a clean record. They have all been schooled and have experience on the street. They are all willing and able bodied and clean cut and I am extremely proud of them. They are the best crew of officers I have ever had here.

In closing my letter to the Editor, I am going to say that it is a mystery to me, why the few that seem to be so good at this kind of work, and know so much about how to direct it have not been elected before.

The Freedom of Choice Is Yours

VOTE TUESDAY, NOV. 4

Jimmy Carter

ABORTION: Believes personally that abortion is wrong, but is against a constitutional amendment which would overturn the Supreme Court decision permitting abortions.

ERA: Strongly supports ERA; determined to "do everything within my power" to ratify the amendment. Has used the White House to further the cause of ERA.

SCHOOL PRAYER: Opposes an amendment on school prayer; cites separation of Church and State; feels it would discriminate against atheists.

HOMOSEXUAL RIGHTS: Supports legislation which would remove homosexuality from a list of "sexual aberrations" for which aliens can be denied immigration. According to a White House staff member, gays "have in the White House a President who is meeting with you and respects you."

DRAFT: Has called for draft registration in response to the Soviet invasion of Afghanistan. Supports drafting of women. Carter believes in the Volunteer Army and sees need to upgrade pay-scale and benefits.

DEFENSE: Opposed B-1 bomber, deferred production of neutron bomb, delayed production of cruise missile, Trident submarine, SSN-688 attack submarine, and Trident missile system. Has now asked for authorization for "rapid deployment force," and a 5% increase in defense spending.

SALT II: Supports the SALT process; feels it is "in our nation's interest," but that because of Soviet presence in Afghanistan is "inappropriate at this time."

ECONOMIC POLICY: Plans to continue his policies of wage and price guidelines, regulatory reform, and restraints on government spending. He does not favor wage and price controls. Carter is now seriously considering a tax cut for 1981.

MIDDLE EAST: Brought about the historic signing of a peace treaty between Egypt and Israel in March 1979 following the Camp David Summit. Does not support West Bank settlements or Palestinian Autonomy.

ENERGY POLICY: "We will never be completely strong at home or secure abroad until we have solved our nation's excessive dependence on foreign oil." Proposes stand-by gas rationing plan, converting electric power plants from oil to coal, development of alternative forms of energy and synthetic fuel. Says we must cut our imports of foreign oil in half by 1990.

Ronald Reagan

ABORTION: Opposes abortion-on-demand. Believes that "interrupting a pregnancy is the taking of a human life and can only be justified in self-defense; that is, if the mother's own life is in danger." Suggests a constitutional amendment banning abortion.

ERA: Opposes ERA: "I do not believe that the ERA is the answer. The amendment would not itself redress inequalities in rights, and, by increasing the courts' legislative power, could do more harm than good."

SCHOOL PRAYER: Proposes an amendment to permit voluntary school prayer. "We are a nation under God." Says people are interpreting freedom of religion to mean freedom from religion.

HOMOSEXUAL RIGHTS: Does not advocate "gay lifestyles." Does not feel that any unique lifestyle should be given favored attention. "An employer should not be subject to special laws (such as 'gay ordinances' passed in some cities) which, in effect, would compel him to hire a person because of that person's sexual preference."

DRAFT: Opposes universal service and the drafting of women. Supports all-volunteer army. "Universal service rests on the assumption that people belong to the state, and are simply statistics to be manipulated by social engineers."

DEFENSE: "Thousands of years of human history have demonstrated that the most effective deterrent to armed conflict is military strength, not weakness." Supports development of B-1 bomber, neutron warhead, and MX missile.

SALT II: Sees it as fatally flawed...more of a strategic arms build-up than an arms limitation...should be shelved and the negotiations should go back to the table.

ECONOMIC POLICY: Tax cuts a priority. Plans to cut taxes by 30% over next 3 years. Hopes to provide substantially less government interference in people's lives. Plans to cut government costs, consolidating some departments and dismantling others, such as the Department of Energy and the Department of Education.

MIDDLE EAST: Strong supporter of Israel. "The crucial element determining the success or failure of American policy is the fate of Israel. Israel is America's natural ally."

ENERGY POLICY: Plans to dismantle the Department of Energy and its allocation rules. By D.O.E.'s own admission, "regulation has compounded any problem arising from imperfect market structures. Allocation formulas were mainly responsible for last summer's gasoline lines."

John Anderson

ABORTION: An opponent of the recently passed Hyde Amendment which gives Congress authority to refuse to federally fund abortions. "As a matter of conscience, I am saddened by the high incidence of unwanted pregnancies." The choice is a matter to be decided by a woman in conjunction with her God and her physician. Poor women should have government assistance to finance abortions.

ERA: Strong supporter. "The ERA is needed to enshrine in the Constitution the moral value judgment that sex discrimination is wrong." Voted against states' right to rescind, for the extension of the ratification deadline.

SCHOOL PRAYER: Anderson voted against school prayer in 1971, and according to his staff, would vote against a school prayer amendment again.

HOMOSEXUAL RIGHTS: Anderson is co-sponsor of H.R. 2074, a bill to amend the Civil Rights Act of 1964 to include homosexuals.

DRAFT: Opposes reinstatement of peacetime draft registration or compulsory service. "I am unalterably opposed to the draft during peacetime in the absence of compelling circumstances. Such circumstances do not exist."

DEFENSE: "Every four years (during presidential elections) there is heightened fear about the Soviets as an excuse to take our minds off domestic problems." Opposes deployment of MX missile. Opposes defense hikes beyond 3%.

SALT II: Strong supporter. Believes SALT process should be continued to include an even more restraining treaty.

ECONOMIC POLICY: Supports holding down government spending, boosting productivity, encouraging personal savings, lessening the burdens of regulation and taxation on business, increasing research and development, and providing meaningful job training and continuing education programs. "Productivity is a vital national issue and should be brought to the forefront of domestic policy. Otherwise, we shall have to accept the resulting economic stagnation."

MIDDLE EAST: Supports an intermediary role for the U.S. without becoming an advocate for either Israel or Egypt.

ENERGY POLICY: Believes that a solution to energy crisis is to increase price of gasoline by fifty cents per gallon. Revenue raised would be redistributed through tax system to the poor and other groups.

Maddox-Griffin vows said here

Wedding vows were exchanged between Nancy Rea Maddox and Billy Don Griffin Saturday evening, Oct. 25 in the Calvary Baptist Church.

Rev. Morgan Ashworth, pastor, performed the 7:30 p.m. double ring ceremony. Two seven tiered candleabras with apricot candles and greenery stood on either side of the altar and pews were marked with white lace.

The bride is the daughter of Faye Maddox and Thurman Maddox both of Post and the groom is the son of Mrs. T. H. Griffin and the late T. H. Griffin of Andrews.

Presented in marriage by her father, the bride wore a formal length gown of white organza fashioned with a high Victorian neckline edged in chantilly lace. The fitted bodice had a sheer yoke and lace motifs with scattered seed pearls. The full Bishop sleeves had lace appliques and a band of lace at the wrist. The full a-line skirt had a deep ruffle at the hemline and a band of lace encircling the skirt that flowed into a chapel length train. The headpiece was a Juliet cap of matching lace that held a waltz length lace edged veil of illusion. The bridal bouquet was a flowing cascade of white silk miniature carnations, apricot baby's breath, white stephanotis, English ivy encloped in a white lace bow. The bouquet was atop a white lace covered Bible given to the bride by Mary Ann Swinford. Carrying out the tradition, the bride wore her gown for something new, something old, pearl earrings, something borrowed, a pearl and gold necklace from Sharron Vaughn and something blue, a garter made by Jeanette Hall and pennies of bride and groom's birthdates.

Matron of honor was Janet Justice and bridesmaid was Sharron Vaughn of Plainview. They wore identical apricot knit dresses fashioned in a princess style with a low V neckline. Soft gathers in the center

front was trimmed with a self belt and pearl button. They carried long stem silk brown and beige poppies with apricot streamers.

Flower girls were Hilary Williams of Post and Heather Wiley of Plainview, both nieces of the bride and ring bearers were Jay and Clay Williams of Post, twin nephews of the bride.

Serving as best man was Rick Loving with Jim Jackson as groomsman.

Acting as ushers were Glen Williams of Post and Mike Wiley of Plainview, brothers-in-law of the bride.

Wedding music was provided by soloist, Mrs. Benson Kennedy of Andrews singing "The Wedding Song," "One Hand, One Heart," and "We've Only Just Begun," accompanied by Mary Margaret Norman.

A reception followed in the Fellowship Hall. Members of the house party were Mrs. W. H. Childs, Mrs. Raymond Rudd, Mrs. Noel White, Mrs. Carter White and Inez Norris. Guests were registered by Sherry McNeely of Tahoka, cousin of the bride. The table was covered in a white cloth featuring a brown basket filled with apricot rice bags tied with brown ribbon. Rice bags were given by Jason Loving and thank you scrolls were given by Christy Loving.

The serving table was covered with a white gathered cloth featuring a white drape gathered at three points with gold rings. Brown candles in crystal holders were used on the table with apricot and brown napkins with "Nancy and Billy". The three tiered cake was white with apricot roses topped with white doves used in both her sisters wedding cakes, setting in a beaded heart with Lily of the Valley at the base. Sisters of the bride, Teresia Williams of Post and Donna Wiley of Plainview served the guests. Apricot punch was served by Cynthia Thurman, cousin of the bride of Plainview.

Following a wedding trip to San Angelo, the couple are residing at 407 NW Ave. C in Andrews.

Kasey Hardin is honored

A layette shower honoring Kasey Hardin, infant daughter of Mr. and Mrs. Charles Hardin was held Saturday morning, Oct. 25, from 10 to 11:30 in the country home of Mrs. Jimmy Mitchell.

Those present to honor Kasey besides her mother were her sister, Holly, and her grandmothers, Mrs. Winelle Hardin of McAdoo and Mrs. Frances Martin of Spur.

Crystal and silver appointments were used to serve guests from a serving table which featured a white ceramic rabbit with pastel yellow and green silk flowers.

Hostesses for the event were Sandra Alexander, Julie Hudman, Cindy Mitchell, Syan Nichols, Margie Pennell, and Dolores Redman. The hostess gift was a white eyelet christening gown and cap.

Needlecraft club meets

The Needlecraft Club met in the home of Linda Malouf, Oct. 24, with Marcie Lee Deming serving as hostess.

Selma Kennedy, president, presided over the meeting with roll call being answered with "What I Like Most in Each of the Presidential Candidates."

Mrs. Malouf read a poem entitled "Now and Where is Love, the Heart is Light," and then dismissed with a short prayer, "Be With Us Oh Lord."

Mrs. Ruth Young was welcomed into the club as a new member. The club also signed a get well card to be sent to Margie Dietrich, a past member of the club who now lives in the Grand Prairie Nursing Home in Grand Prairie, Texas.

Refreshments were served by Marcie Lee Deming to Helen Richards, Gerogia Davies, Katherine Cathcart, Bess Bowen, Katherine Johnson, Lucy Lobban, Eula Evans, Alma Hutto, Lucy Callis, Ruth Young, Selma Kennedy and Linda Malouf.

The club will meet for a covered dish Thanksgiving luncheon on Nov. 14.

LITTLE KNOWN FACTS

It's not unusual for a baby to learn to stand before he learns to sit down again. For a few days or a week he may get stuck on his feet—a frustrating and fatiguing position to be in. Until he learns to "un-stand," try to keep him sitting longer by playing with him and giving him things to keep him occupied while sitting.

Gary Lamb field goal beats Roosevelt 3-0

Two Post tds called back

Gary Lamb booted a 22-yard field goal with 3:48 left in the first half Friday night in Antelope Stadium to provide Coach David Thompson's Antelopes with all their points in a 3 to 0 4AAA district victory over the Roosevelt Eagles.

The Lopes who have had trouble all season cashing in their scoring opportunities saw the officials get into the act this time. They called back two Lope touchdowns in the first period both for having an ineligible receiver downfield.

Post lost two other scoring opportunities in the second half when Sophomore End Bill Black dropped a td toss in the end zone and Tailback Alonzo Luna's 34 yard scamper to the Roosevelt five was called back on a 15-yard holding penalty.

Post controlled the ball most of the game.

The Eagles threatened only twice, and five lost fumbles kept them in trouble. Roosevelt reached the Post 24 just before the half and the Post 25 late in the fourth. Not once did the Eagles penetrate Post 20, although Eagle halfback Ignathius Caraway totaled 122 yards for the night.

The Lopes were called for a total of 115 yards in nine violations, six of them of the 15-yard variety.

Luna had another 100-yard night for the Lopes. He totaled 116 yards on 19 carries that weren't associated with flying yellow flags. Held to 16 yards on seven carries in the first half, he got an even 100 yards in the second on a dozen tries.

Quarterback Drew Kirkpatrick totaled 58 yards on 14 carries, Fullback Barry Wyatt 29 yards on 15 carries, Wingback Will Kirkpatrick three yards in four carries, and David Foster nine in two.

Post completed five of 12 passes for 62 yards and had three other completions for another 67 yards erased by penalties — two of them touchdown tosses and another on a 26-yard gainer to Mark Holly on what would have been the final play of the first half. But pass interference was called against the Eagles and the Lopes took the penalty because it gave them one more play as the half can't end on a penalty by the defensive team.

Probably overlooked by most fans was Holly's punting. He kicked off 48 and 42 yards for a 45 yard average with no runbacks.

This is how the game went: Post got its first scoring chance early in the first period when Will Kirkpatrick recovered a fumbled Roosevelt pttout on the visitors' 32.

Quarterback Kirkpatrick on the first play fired a 32 yarder to Holly, wide open in the end zone, but it was called back for an ineligible receiver downfield and 15 yards stepped off against the Lopes.

That didn't daunt the Lopes and from the Eagles' 47 they moved to a first down on the Roosevelt 9

with a 15-yard completion to Foster and a 16-yard pass to Holly included. After two cracks at the line netted only two yards, Kirkpatrick passed to Black in the end zone for another apparent score.

But this was nullified too on an illegal receiver downfield.

The two illegal receiver downfield penalties were called against left tackle Brad Mason and left guard Kevin Craig. Both were just blocking against their opponent on the two plays with the calls "perplexing" the Lope coaches.

Roosevelt held for downs on their 19 and drove out to the Post 46 where Jerry Hawkins recovered the second Eagle fumble.

After an exchange of kicks, the Lopes took over on the Roosevelt 43 and drove 39 yards to the Roosevelt four on 11 plays.

On fourth down, Lamb booted the game-winning field goal.

The Lopes drove 50 yards in the third period before the Eagles held on their own 22.

Moments later, Gary Lamb recovered a Roosevelt fumble on the Roosevelt 43. But this time Luna fumbled the ball away to the Eagles again on the visitors' 36.

Roosevelt fumbled the fourth time three plays later and on the Roosevelt 47.

The Lopes moved to the Eagle 30 at which point Black dropped a pass in the end zone. But the Lopes came right back running and got to the Roosevelt seven before another 15-yard holding call put them back.

Tony Manahan then picked off a Kirkpatrick pass on the Eagle 20 to end the threat.

From there Roosevelt drove 55 yards to the Post 25, which included a 15-yard "spearing" penalty against Post as the longest gain.

On the Post 25, Roosevelt fumbled the ball away for the last time and Drew Kirkpatrick came up from the stack with the football.

The Lopes drove it back downfield with Luna's 34 yard scamper to the Eagle five called back on a 15-yard holding penalty.

Luna fumbled the ball to Roosevelt on the Eagle 24 with 32 seconds left, but Post held for downs and took the ball back on the Roosevelt 28 with seven seconds still on the clock.

Caraway was a tough runner to bring down but there were always enough Lope defenders around the ball to prevent Caraway from breaking away for any kind of a long gainer.

Tannehill on 81-yard run—

Post JVs score 8-0 win over Roosevelt

The Post Junior Varsity scored an 8 to 0 victory over Roosevelt JVs at Roosevelt last Thursday night with the only score of the close game coming on the third scrimmage play.

Quarterback Tim Tannehill on an outside option broke 81 yards for the touchdown. He then passed

to tight end Irvin Price in the end zone for the two-point conversion.

In the second quarter, a holding penalty called back another touchdown, and in the fourth quarter another long gain which would have taken the ball to the Roosevelt 10 yard line was wiped out with an illegal

procedure call.

Roosevelt had its chances too. They fumbled the ball away on the Post eight yard line just before the half, and in the second half a Roosevelt receiver who was wide open dropped a touchdown pass.

Post picked up 198 yards in 41 rushes and another 52 on three pass completions in eight attempts. Roosevelt had 11 first downs to 9 for Post and got 123 yards rushing on 43 carries and 47 more in completing four of 10 passes.

With his long run, Tannehill was the game's leading ground gainer, getting 102 yards on nine carries. Tailback Melvin Wynne had 69 yards on 23 carries, Tailback Dana Scott 17 yards on three, fullback Marvin Wynne 15 yards in five carries; and wingback Roy Gonzales lost five on his only carry.

The JVs will be back in Antelope Stadium tonight to meet Frenship's JVs in the second game of a twin bill starting at 7:30 p.m.

Lady Lopes to scrimmage Ralls

The Post High School girls basketball season will get under way here at 1 p.m. Saturday when Coach Sonja Curry's Lady Lopes scrimmage the Ralls girls

A road game at Wolfforth—

Lopes play Tigers

What worries Coach David Thompson about the Frenship Tigers is that they are a much better club in his opinion than the 60-0 walloping Tahoka gave them at Tahoka last Friday night indicates.

For one thing they are big, like all Post opponents.

The starting tackles weigh in at 231 and 246 pounds respectively. The smallest player in their front four weighs 188 pounds.

The reason for the concern is that the Post Antelopes invade Wolfforth Friday night to meet the Tigers and he doesn't want his Lopes thinking the Tigers are going to be easy.

Frenship is a running team, using the Houston veer offense. Quarterback Pat Gaston, 147-pound senior, leads the attack and Johnny Johnson, a 152-pound senior halfback is their speed runner.

On defense, Frenship plays the 4-3, something like the Lopes do. The defensive platoon is led by Ken Attaway, 165-pound senior linebacker.

Post coaches eased up a bit on practice work this week to keep the squad fresh for Frenship.

Films of the Roosevelt game shows that officials were wrong in calling back the two touchdowns. The players charged with being illegally downfield were right on the line of scrimmage in the two plays.

The Lopes have no injury problems and no lineup changes are planned.

Coach Thompson was particularly pleased with the defensive platoon against Roosevelt and pointed

out while the offense didn't score much they had the

ball for 72 plays for 56 for Roosevelt.

8th graders whip Roosevelt 36-0

The Post eighth grade football team hammered Roosevelt 36 to 0 here last Thursday night as the regulars piled up a 26 - 0 lead by halftime and turned most of the second half play over to reserves.

After the game opening kickoff, Post had a 60-yard, 12-play scoring drive with Mike Ollison getting the six-pointer from four yards out. The drive included a 23 yard run by Curt Greer.

In the big second period, Post moved 62 yards in seven plays with Massey running 23 yards off tackle for the touchdown.

A short time later a blocked Roosevelt kick put Post on the visitors' 14. Massey got seven yards and then Rodney George went the other seven for the score.

Another blocked punt by the Post defensive unit knocked the ball out of Roosevelt's end zone for a two-point safety.

Post climaxed the first half scoring by driving 31 yards for their fourth touchdown in four plays with Ollison going 10 yards off tackle for the touchdown.

Fullback David Redman scored from two yards out in the third period for the final Post touchdown to climax a 34 yard drive in seven plays. Wingback Tony Curtis ran off tackle for the conversion points.

Roosevelt was held to 70 total yards, 42 rushing and 28 passing after being held to a minus four yards in the first half.

Post had 113 yards rushing and nothing through the air.

Outstanding on offense for Post were Guard Terry Steelman, Tackle Keith Osborn, Rodney George, J. Valdez, Chuck Morris, Massey, Illison, Nava, Gill, Greer, Hays, Redman, Storie and Kennedy.

Ollison and Massey had 86 and 83 yards respectively. Greer had 47 yards on three carries.

Outstanding for Post on defense were Javier Valdez, Chuck Morris, Rusty Morris, Osborn, Ollison, Ray Perez, Paul Perez, Tony Soto, Tony Curtis, Dennis Lee, Donald Crenshaw, Ron Mason, Victor Robles, Ricky Benton, Todd Angerer, Mike Johnson and Joe Lopez.

THANK YOU

I would like to take this opportunity to thank the many supporting people we have in Post. My name is Chad Davis, a Weblo in the Scouts. I was able to see one hundred tickets to our annual Boy Scout Expo 80, thanks to your kindness. This is such a worthy organization and I am very proud so many people in Post appreciate the Scouts.

I would like to thank my family, relatives and friends for all their support and words of encouragement.

In the Close City community, I would like to thank Mr. Jack Morris and Mrs. Frank Bostick for buying a ticket.

In the Graham Community, I would like to thank Mr. John Shults, Mrs. Mason McClellan and Mrs. Harley Wallace.

Special thanks goes to Mr. and Mrs. Clarence Gunn for buying my one hundredth ticket.

God bless each and everyone of you that helped me out. Please use your tickets and come see your local Scouts at the Civic Center Nov. 8, from 1 to 5 p. m.

SEE YA THERE!

Roosevelt edges 7th grade 8-6

Post's seventh grade team dropped an 8 to 6 decision to Roosevelt in Antelope Stadium with the visitors getting their points when they took the opening kickoff and marched 80 yards for a touchdown and added the winning two conversion points.

Post didn't score until the final three minutes when the locals moved 65 yards in eight plays with Greg Adams scoring from 36 yards out on a sweep.

The conversion point try failed and only 30 seconds were left on the clock.

kick and moved 20 yards in that last half minute before time ran out.

Adams piled 107 yards of Post's 144 yard offensive total in 15 carries.

Playing well on defense for Post were Joe Charo, Delton Osborn, Willie Osby, Rudy Garza, Tracy Price, and Bobby Redman. Outstanding on offense were Bruce Crenshaw, Steve Gomez, Simon Salinas, Keith Hart, David Shults, Rodney Oden, and Donny Payne. Outstanding both ways were Adams and James Mock.

Retirement seems a long time away. Unless you're 55. Or 45. Or even 35 — and haven't started planning for the day when your income slows down (or stops).

At Sentry Savings we have a series of savings programs designed to build a retirement fund for the future. Whether your need is money to supplement other pension funds or the dollars you will need for support, Sentry can help you save for the future. Savings earn maximum interest — and in many cases, part or all of your savings can be sheltered from income tax to let them grow even faster.

Bring your savings to Sentry. We'll guard them and make them grow.

Burlington Industries in record sales for year

GREENSBORO, N.C. — Burlington Industries, Inc. reports higher sales and lower net earnings for the fourth quarter of its 1980 fiscal year compared with the final quarter of fiscal 1979. For the full 1980 fiscal year, the company achieved record sales and a 6.2 percent gain in earnings per share.

Consolidated net earnings for the quarter ended Sept. 27, 1980 were \$7,743,000 or 28 cents per share on net sales of \$717,008,000.

In the fourth quarter of 1979, consolidated net earnings were \$18,087,000, or 67 cents per share on net sales of \$690,966,000. The translation of foreign currency items resulted in a decrease of 32 cents per share for the quarter thus effectively reversing the gain of 32 cents per share reported in the third fiscal quarter of 1980. In the comparable last quarter of fiscal 1979, foreign currency items resulted in an increase of 2 cents per share.

For the 1980 fiscal year ended Sept. 27, 1980, net sales were \$2,900,649,000 compared to \$2,676,314,000 reported for fiscal 1979. Net earnings for fiscal 1980 were \$81,330,000 or \$2.90 per share on 28,084,000 per average shares outstanding compared to \$76,221,000 or \$2.73 per share in 1979.

The 1980 fiscal year earnings included a 5 cents per share charge due to foreign currency translation compared to a charge of 15 cents per share in 1979.

William A. Klopman, chairman and chief executive officer, noted, "While our sales performance increased to new highs in 1980 the second half of the fiscal year was strongly affected by the recession in the United States. Our home furnishings businesses, particularly carpeting and furniture, were the areas most severely impacted by the housing downturn, high interest rates and declining real income.

"The profitability of the industrial group also was affected as products for automotive, rubber, electronics, and leisure industries experienced reduced activity in the last half of the fiscal year.

"In the apparel products group the most difficult sector was the knit area where changing fashion demand has required major changes in our product mix. Knits are not profitable in 1980, but we believe their prospects are improving for

1981.

"Internationally, the weakening European economy, inflation and intense competition combined to create a severe cost-price problem for our Irish textured woven and Italian Poly-cotton operations. Construction delays, and a stagnant market for denim in Europe toward year end, adversely affected results from our new Irish denim facilities.

"Financially, the company finished 1980 in sound condition with inventories and receivables at acceptable levels. Capital expendi-

tures during 1980 totaled \$215 million.

"Looking ahead at 1981, the general uncertainty that exists concerning the direction of the economy mandates caution in forecasting the future. We believe, however, that any economic upturn in 1981 would lead to a gradual improvement in Burlington's results."

The Board of Directors declared a quarterly dividend of 35 cents per share payable Dec. 1, 1980 to shareholders of record at the close of business Oct. 31, 1980.

LETTERS to the Editor

ON DRAFTING WOMEN

Dear Editor: Within a week we will elect the Commander-in-Chief of our armed forces. Though support of liberal issues, President Carter has plainly shown he favors the drafting of women, whereas, Ronald Reagan has taken a conservative stand stating his opposition to women in combat.

The choice is ours. Do we want our daughters fighting battles for sons who remain at home? Do we want our sons lives endangered by having physically weaker support of women in battle? The removal of women from their God ordained role in the family to a combat role will surely bring about the swiftest destruction of our society. The first duty of government is to defend our country. Any man who is for the drafting of women should be made to feel like the coward he is.

See through the smoke to the fire waiting to consume us. Your vote will clearly decide your future.

Sincerely,
Mary Ann Gordon

Close City 4-H has hobo party

By KAYLA PEEL
The Close City 4-H Club enjoyed a Hobo party Saturday, Oct. 25. It started with a hayride that went by everyone's house to pick them up and ended at the 4-H Barn with a weiner roast. Games were played by about 60 people that

attended. Best dressed Hoboes were: honorary 4-H members, LaBeth Jones and Rynn Sappington; 4-H members, Rance Sappington and Susan Sanders; and adults,

Jim Bob Shults and Dolores Dunn.

About 10,000 species of plants are cultivated for their ornamental flowers alone.

VOTE REAGAN-BUSH

(Pol. Adv. paid for by A. C. Cash)

Overwhelmingly endorsed by 82% of the Texas lawyers.

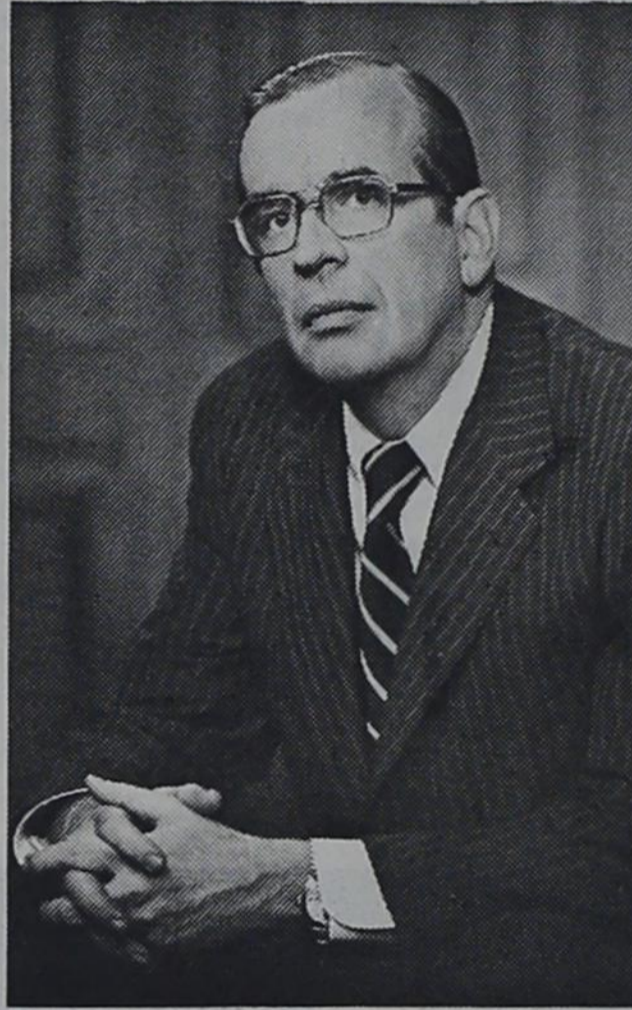

Vote to Keep Judge Will Garwood on the Texas Supreme Court

Judge Will Garwood has widespread support from Democrats, Republicans, Independents, three former governors, four former attorneys general, 11 former Supreme Court justices, 15 Texas Bar presidents.

Texas lawyers endorsed Judge Garwood by 82%. He won local judicial preference polls by 86% in Dallas, 86% in Houston and 80% in Fort Worth.

Judge Garwood is the choice of so many because he's fair-minded, non-partisan and better suited to the job through personal qualifications and superior training.

He has over twenty years experience in private civil law practice. He served with the Judge Advocate General's Corps, U.S. Army, and was first in his class every year at The University of Texas School of Law, receiving his LLB with honors.

"The appointment of Will Garwood to the Texas Supreme Court sounds like a chapter of Texas history repeating itself. The Garwoods have a long record in the judiciary. Will Garwood's grandfather, Hiram Garwood, was county judge of Bastrop County in 1888 and at one time president of the Texas Bar Association. W. St. John Garwood, son of the county judge and father of the new associate justice, was the first Houstonian to be named to the Texas Supreme Court in 80 years... This three-generation record of public service is in the finest Texas tradition"

—HOUSTON POST

"Garwood's legal credentials are, to put it modestly, magnificent."

Vote for Greater Banking Convenience

Passage of Proposition 1 on the November 4th ballot will open the door to even greater banking convenience. This simple change in the law will allow Texas banks to place unmanned teller machines at convenient locations for faster service, night or day. These teller machines are becoming a convenient option for handling routine banking business.

"Round-the-clock banking at unmanned tellers is convenient, safe and a positive step toward avoiding unnecessary credit card use... moreover, it is an energy saver — instead of traveling across town to a bank, an unmanned teller can be built in your neighborhood."

— San Angelo Standard-Times

Proposition 1 "will make life easier for bank customers... (it) will eliminate many, if not all, of the tortuous lines seen clogging drive-in bank lanes."

— Houston Chronicle

Proposition 1 "has gained widespread support as the amendment faces voters Nov. 4."

— Orange Leader

"Off-premises unmanned teller machines should be approved by Texas voters."

— San Antonio Light

People in forty other states already have this convenient banking choice. It's time Texans did, too.

Vote for Proposition 1 November 4th.

D-Day for Democrats

Nov. 4

Voters of the 101st

Legislative District:

You have seen many times the following test sentence for the beginning typist: "Now is the time for all good men to come to the aid of their party."

Tuesday, November 4 is it for this year, though it should be amended by substitution "Democrats" for "Men" because everybody 18 years of age and older, regardless of sex, is eligible to vote.

I have two suggestions:

1. Be sure to vote. In case you plan to be away from home on election day, go to your county clerk's office and cast an absentee ballot in the period prior to election day prescribed by law.

2. Vote a straight Democratic ticket. The citizen's of Texas and the United States have prospered more under Democratic administrations.

I appreciate your support in the past and solicit your vote in the General Election. Call on me when I can be of service. I can be reached at my office in Paducah, except during sessions of the legislature when I can be reached at my Austin office.

TEEN SCENE By Norm

The election results are in and Ronald Reagan wins over Carter by 91 to 73. That was the final results in the Post Middle School election last Monday anyway. Maybe that's an indication of things to come. The Middle Schoolers went through the whole voting process first with registration, with students and teachers registering before school began and during the lunch hour and were presented with a little card to show they had indeed registered. Then campaign posters and a survey poll took over. Election Day came on Monday of this week with 68 percent of the student body voting. Anderson got 1 and Clark had 8. Now if only the adult world will follow in their kids

footsteps and take an interest Thanks to Lisa Brown for her information.

Still in Junior High, their pep rally will be held at 12:40 tomorrow (Thursday) and the 7th and 8th graders will journey to Frenship tomorrow night for another district outing. The 8th graders remain undefeated in district play. GO and SUPPORT THEM. GO TEAMS!!!

Congrats to Mark Stark for being selected to the All-Region choir. It's rather confusing when Mark is a freshman but was selected to the Junior High Choir. But in the selection the Junior High consists of 7th, 8th and 9th. Regardless,

CONGRATS.

Kelly Baker is sporting a new Cutlass. Pretty car, Kelly.

Football isn't over and basketball is coming on quick.

The Lady Lope frosh, JV and varsity will have their first scrimmage of the year here Saturday against Falls in the high school gym. The scrimmage will begin at 1 p.m. So for all you roundball fans, come out and see what is in store for you this season. GO LADY LOPES!!!!

Talked to John Bill Hedrick Saturday night and he is all enthused about bronc riding. Seems as if he has taken this past time up in his spare time. He said the first go was something to remember, he said he fell so hard he shook dirt from his pants two days afterwards and that was after he had showered. Hang on next time John.

Rhonda Storie is back in the news again as she is learning to play golf. But friends have dubbed her "Gopher" as she has a tendency to hit the ground just in front of the ball instead of hitting the ball perched on the tee. You'll soon get the hang of it Rhonda.

School pictures are in and I must say that's the best looking group of kids I've seen in a long time. The pictures are fantastic, really. They all look as though they were made in a studio.

Happy Birthday this week goes to Dan Nelson and Danny Nelson and I refuse to go into explanations again, also to Jerry Pruitt, (Now we're even cause I forgot yours last week), Mark Short and Eric Cravy.

Halloween is Friday and no school, thus no pep rally, so to get the student body in the BEAT FRENSHIP mood, Thursday has been designated as FRIGHTEEN FRENSHIP DAY. Everyone is supposed to dress up in some sort of costume, no masks and get in the spirit. Could be a lot of fun if all

participate.

Congrats to the Post High marching band. The suits look super and you put on a good half time show last Friday. Keep it up, you look sharper all the time.

GO LOPES!!! TRICK OR TREAT FRESH UP WITH A WHOPPING DEFEAT!!!

Our best wishes for a speedy recovery to Wes Horton who is in Lubbock's Methodist Hospital with a broken leg and was scheduled to undergo surgery today (Wednesday). Hope he is up and around again real, real soon.

ATTENTION!!! All you fans of Teen Scene and friends of Norm, see if you recognize anyone on Page 4. (Beth)

Drilling mud given reprieve

WASHINGTON, D.C. — The White House said Wednesday that the President has signed a bill by Senator Lloyd Bentsen suspending proposed drilling mud regulations that would have more than doubled the cost of drilling for oil and gas.

The Bentsen bill is included in the Solid Waste Disposal Act which was signed by President Carter on Tuesday.

"At a time of rapidly rising energy costs it is nonsense to contemplate unneeded government regulation of drilling mud that would add to those costs," Bentsen said.

"I am pleased that the President has signed into law my bill which delays for at least two years an Environmental Protection Agency proposal to regulate drilling mud as a 'hazardous waste.' The bill further requires action by Congress on any regulations that may be proposed later."

WANTED

For Sheriff of Garza County! REWARD

For votes and influence leading to election of G. M. (Max) Chaffin. The citizens of Garza County will receive the following reward:

1. Organization and supervision.
2. Fiscal responsibility.
3. Full-time sheriff.
4. Detective Dept. (to solve murders, rapes, burglaries, drugs, etc. at no added expense).
5. Air patrol (at no added expense).
6. Full-time public relations (at no added expense).
7. Law enforcement, not harrassment (arrest them if they are wrong, if not leave them alone.)
8. Equal treatment for everyone, regardless of race, creed, color, economic standing or geographical location of their domicile.
9. No prisoners will be worked on private property.
10. Anyone who needs the sheriff will be able to contact him.

The taxpayers are paying an immense amount of money for law enforcement in Garza County. Get your money's worth. On Nov. 4, 1980 —

Elect G. M. (Max) Chaffin

Sheriff of Garza County — For a Change!
Capable! Conscientious! Concerned! Experienced!

VOTE REAGAN-BUSH

(Pol. Adv. paid for by A. C. Cash)

I'M ASKING FOR YOUR VOTE

I am asking for your vote and influence in next Tuesday's general election.

I would like to have one more term as sheriff.

I haven't knocked on doors, handed out cards, been on the radio, or advertised in the newspaper the past few weeks because I have already been in two political races for this office this year and I cannot afford a third one.

I stand on my record and pledge if reelected sheriff to do the job to the best of my ability.

Bonnie Medlin to be visiting nurse

Bonnie Medlin, LVN, has accepted the position of Garza County LVN for the Visiting Nurse Service, Inc. of Lubbock.

This organization is a private, non-profit home health agency that is owned and operated by registered nurses of Lubbock and is independent and unaffiliated with any other agency.

Mrs. Medlin will serve Garza County and continue to live here.

Bonnie is the wife of Dean Medlin of Post and she has resided in Post since 1963. She has been Home Health Nurse for the last four years until she resigned her position to work at Huntley Nursing Home in May of this year.

The services are provided for community and area and will go into homes on an intermittent basis for injections, dressings, catheter insertion and care, as well as nursing assessment, patient education and nutritional counseling and many other acts of service. Each area has resident nurses directly employed by and responsible to the Lubbock based firm.

Interested persons in the community are welcome to contact Bonnie for further information or the Lubbock office of Visiting Nurse Service, Inc., phone 793-9067.

BONNIE MEDLIN

4-H record book winners named

Keitha Beth White, daughter of Mr. and Mrs. Noel White and Tommy Payton, son of Mr. and Mrs. J. W. Payton were awarded best overall record books for the past year in Garza County 4-H.

Janel Jones and Clay Cowdrey were awarded for having the best first year record book.

These were presented at the annual achievement banquet held recently.

Baptist churches form fellowship

An organizational meeting for the Garza County Baptist Youth Fellowship was held recently in the First Baptist Church.

Meetings of the fellowship will be held quarterly with its purpose being inspiration and fellowship between the members of the different congregations.

Special music was brought by Jim Jackson, and a message by Morgan Ashworth, pastor of the Calvary Baptist Church.

One hundred and twelve persons representing seven of Garza's nine Baptist churches attended.

A potluck dinner was served in the fellowship hall following the service.

The next meeting is scheduled for Jan. 27 at the Trinity Baptist Church with the Rev. Arthur Kelly, pastor of the Pleasant Home Baptist Church, as the speaker.

The nine Baptist Churches in Garza County are the Justiceburg Baptist, Calvary Baptist, Templo Baptist, First Baptist, Pleasant Home Baptist, Bethel Baptist, Trinity Baptist, Pleasant Valley Baptist and Southland Baptist.

STATE CAPITAL HIGHLIGHTS
By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — Texas voters have been promised a lot of attention from candidates, and last week they received a big dose of it.

President Jimmy Carter last week made campaign stops in Beaumont, Texarkana and Waco to appear with Texas Democrats and strengthen his program to capture this "must win" state on Nov. 4.

Meanwhile, GOP nominee Ronald Reagan met in Austin with Gov. Bill Clements and conservative leaders of several farm and ranch groups to discuss ways to promote his election.

Their endorsements, however, were clearly made by individuals and not rank-and-file group members.

Not to be overlooked was Massachusetts Sen. Ted Kennedy, who courted votes for Carter in blue collar areas of Beaumont and Hispanic areas in McAllen.

Rural Texas

As political polls continue to indicate a neck-and-neck horserace, rural Texans find themselves more and more the object of attention.

Clements said he is pushing Reagan to pick a new secretary of agriculture from Texas, an incentive which no doubt helped to fuse the above-mentioned endorsements.

China Grain Deal

And from Carter, Texas farmers gained assurances they will sell millions of tons of grain at market prices to China in a treaty signed Wednesday for more than

\$9 billion in trade. Republicans have charged the grain deal signing near election day is a political ploy, but administration officials explained the signing was delayed by China's displeasure over U.S. news leaks and potential market fluctuation.

As if to underscore that point, last week a \$10 million class action lawsuit was filed against the nation's largest grain company and a former Nixon agriculture official by 294 farmers in 35 Panhandle counties and two New Mexico counties.

The suit alleges that Continental Grain Co. and a former federal official, now a Continental vice-president, conspired to keep U.S. wheat prices artificially low prior to the controversial 1972 Soviet grain deal.

An Active Chairman

Newly-installed Texas Democratic party chairman Bob Slagle, accompanied sometimes by former U.S. Agriculture Committee chairman Bob Poage, completed his first week of scattered rural courthouse speeches across the state. Slagle is intent on clarifying President Carter's support and building the Democratic party in rural Texas.

At Carter's request, Slagle flew to Texarkana to appear on the program, where he reportedly advised the President to let more Texans know about the administration's endorsement for reform of the Windfall Profits Tax.

Known as the Bentsen Bill, after the authorship of U.S. Sen. Lloyd Bentsen, D-Texas, the reform would include an annual \$1,000 tax break for small oil and gas royalty owners.

Carter's windfall profits program, much retolored by Congress before final passage, has proved to be a sore point for the small royalty owners, particularly the elderly on fixed incomes.

With Carter's support the Bentsen Bill, if passed, will provide relief for some 75 percent of the royalty owners now affected, especially those who collect \$200 or less a month.

Slagle then returned to West Texas to throw himself back into the breach of political battle, using personal contact to combat the massive and active Republican phone banks.

Second Rail Line

Texas Atty. Gen. Mark White said last week Texas may benefit if a rail line is built from the coal-rich Powder River Basin in Wyoming to this state. Currently, the high-priced coal is transported by Burlington Northern Railroad, which operates the only rail line from the basin.

White, long upset with the high price of Wyoming lignite, said rail competition may drive down the cost.

A federal judge has given approval to Chicago and Northwestern Railroad to build a second line to transport Wyoming coal to Texas.

The ruling will become final unless it is appealed to the Interstate Commerce Commission this month.

Costume party for Jackie Wartes

Mr. and Mrs. Delbert Wartes were hosts for a costume party in honor of their daughter, Jackie, held in their home Saturday night from 7 to 9 p.m. The Halloween theme was carried out in decorations.

During the evening the group was "surprised" by a visit from "Egore."

Those attending were Andra Cox, Missie Helton, Vicki Green, Channa Williams, Rhonda Williams, Cathy Davis, Jana Middleton, Kayla Peel, Roxanne McClellan, Melissa Striblin, Lisa Hundley, Raenell Rogers, Cynthia Samora, Jan White, Marta Holly, and Lena Wartes.

4-H cooking group makes sloppy joes

Sloppy Joes, fruit salad and Rice Krispy treats were the foods studied and baked by the Graham 4-H Cooking

class when it met in the home of Mr. and Mrs. Jack Sneed, Oct. 25.

Those attending were Kerry Hart, Sherry Hawley and Leigh Ann Sneed.

Morgan-Hopkins vows in Arlington

Marci Mel Morgan and Richard Lynn Hopkins, both of Arlington, were united in marriage in a double ring ceremony held Friday, Oct. 24 in the Pleasant Ridge Church of Christ in Arlington. Chauncey Bradford, grandfather of the groom, performed the ceremony.

The bride is the daughter of Mr. and Mrs. Bryan Morgan of Arlington, former residents of Post, and the groom is the son of Mr. and Mrs. H. Wayne Hopkins also of Arlington.

Maid of honor was Miss Debbie Beebe of Abilene with Misses Darci Morgan and Varina Morgan, sisters of the bride, serving as bridesmaids.

Best man was Terry Hopkins, brother of the groom, of Grand Prairie with John Black of Arlington and Scott Souder of Abilene, serving as groomsmen.

Flower girl was Miss Shelli Allison and ring bearer was Kimmi Allison, both cousins of the bride, of Phoenix, Arizona.

Serving as candlelighter was Jessie Morgan, cousin of the bride of Austin. Ushers were Bryan Morgan, brother of the bride, Robert West, Bill Black and Glen Williams, all of Arlington.

Following a wedding trip to the Mount Pleasant area in East Texas the couple will be at home at 707 Glynn

Oaks, Arlington, Texas.

The bride is a former resident of Post and attended Post Elementary School. Her father formerly was in business in Post. She graduated from Lamar High School in Arlington, and attended the University of Texas in Arlington and is employed by Sears in Arlington.

The groom is a graduate of Arlington High School and is attending the University of Texas at Arlington and is employed by Vought Corp.

Grandparents of the bride are Mr. and Mrs. Ewell B. Morgan of the Justiceburg community and Mrs. Ruby Lobban Ellison of Brownwood, former resident of Post.

CELEBRATE ANNIVERSARY — Mr. and Mrs. David Pequeno celebrated their 25th anniversary Thursday, Oct. 23. They were honored with a dinner party. Guests attending were Rev. Troy Smith and family, Mr. and Mrs. Isaac Morales, Mr. and Mrs. Raymond Rivera, Mr. and Mrs. Joe Medina, Mike Cisneros and family and Mr. and Mrs. Jesse Martinez.

Cotton harvest still expanding

LUBBOCK — Favorable weather all week allowed High Plains cotton harvest to continue expanding. Sample receipts per day averaged about 13,000 this week against around 6,000 per day last week, according to Mack Bennett, Area Director of USDA's Marketing Services Office in Lubbock. Field stored seed cotton in modules appeared in north eastern counties just after the rains last week, Bennett

said.

Lubbock's office classed 37,900 samples during the week ended October 23 as the classing staff increased to 24 from 17 a week earlier. This brought total samples graded for the season to 55,300. About 3150 samples had been classed by the same date one year ago.

Predominant grades during the week were grade 42 and 48 percent, grade 52-29 percent and grade 51-five percent. About six percent of the samples were reduced one grade because of bark, according to USDA's Agricultural Marketing Service.

Micronaire readings of 35-49 accounted for 86 percent. Three percent miked higher while 11 percent were lower. Average mike for the week was 41, down from 42 one week earlier.

Average breaking strength was 89,000 pounds per square inch against 91,000 PSI the week before.

Growers sold small mixed lots of mostly grades 42, 52, and 43; staples 30 and 31; mike 35 - 49 at around 74.00 cents per pound.

Gins paid growers \$100 to \$125 per ton for cottonseed, mostly \$110 to \$115.

expenditure of appropriated funds; (6) authorize the governor to remove appointed officers with the advice and consent of the senate, (7) authorizing counties with a population of 5,000 or less to perform private road work; (8) to make a lot of state court changes to spread the docket burden; and (9) allowing spouses to agree that income on property arising from separate property is to be separate property.

Polls will open at 7 a.m. and close at 7 p.m.

The Dispatch will remain open to a reasonable hour election night to give county election results by phone.

The nine Garza voting places remained unchanged this year.

They are precinct one, Presbyterian Church; two, Southland school; three, bank community room; four, Justiceburg school house; five, Close City community center; six, Graham community center; seven, Post high school library; eight, Post Middle School library; and nine, Lorenzo Alexander community center.

Both the county clerk's office and the tax assessor-collector's office in the courthouse will be open election day solely to provide election information. No other business will be transacted Tuesday in either office.

Elect
G. M. (Max) Chaffin

of Garza County
For A Change!

(Pol. Adv. paid for by G. M. (Max) Chaffin)

TO THE CONCERNED TAXPAYERS OF GARZA COUNTY

We would like to express our views on Amendment No. 3 to be submitted at the General Election on November 4, 1980.

The Amendment will appear as follows: "The constitutional amendment requiring a single appraisal and a single board of equalization within each county for ad valorem tax purposes."

This amendment No. 3 would cement the dangerous and innovative Peveto Bill (Texas Property Tax Code, Senate Bill No. 621 of the 66th (1979) Legislature) into the protection of the Texas Constitution.

Article VIII, Section 18, of the Texas Constitution now provides generally for the equalization of property for state and county taxation with the Commissioners Court (an elective body) as a board of equalization. This Amendment No. 3 would eliminate the Commissioners Courts as boards of equalization. Amendment No. 3 would set up one appraisal tax board and one tax board of equalization for all taxing units in a county. Both tax appraisal and tax equalization boards would be appointive by the county commissioners, city councils, school trustees, etc. on a weighted vote. Your tax appraisers and equalization boards would, thus, not be elected by or responsible to the voters. THE RESULT WOULD BE TAXATION WITHOUT REPRESENTATION.

This Amendment No. 3 delegates to the Legislature general powers to prescribe the methods, timing, and administrative process for implementing taxation and appraisals. This is too much power. The power to tax is the power to destroy.

Bureaucratic planners are working to impose more and more nonelective, regional political boards to control and tax the public. Voters should reject such power and taxation structures at every opportunity.

The assessment of taxes is now a constitutional part of the Oath of Office; if a taxpayer is unhappy with his taxes, he has the right to appear before a Board of Equalization, composed of elected County Commissioners. Senate Bill 621 provides for an appointed Central Appraisal District to determine tax rates and assessments. Such a law is designed to raise taxes.

WE URGE THE TAXPAYERS TO VOTE NO on AMENDMENT NO. 3 at the General Election on November 4, 1980.
